TEXANS LETS TALK TEXAS

The Scurry County Times

WEST TEXAS' LARGEST WEEKLY NEWSPAPER — AND SNYDER SIGNAL — OFFICIAL NEWSPAPER FOR THE CITY OF SNYDER AND SCURRY COUNTY

SNYDER, TEXAS, The busiest small city in West Texas; inhabited by the busiest people living and the best in the world.

VOLUME XLIII — SNYDER, TEXAS, THURSDAY, JUNE 27, 1929 — NUMBER 2

CONGRATULATIONS TO PALACE THEATRE

Sweetwater Is Ready For Big Press Meeting

Wonderful Program All Set For West Texas Editors And Publishers

All preparations have been made for the fourth annual Booster Membership meeting of the West Texas Press Association to be held at Sweetwater July 12 and 13 with headquarters at the Blue Bonnet Hotel.

According to Luther M. Watson of the Nolan County News, who is acting chairman of the program committee, this meeting will eclipse any former gathering as in addition to a group of common sense round table discussions with outstanding leaders to get them started, with entertainment that would do credit to a national meeting, aviation is to be stressed with a free plane ride to be given every registered guest who displays the official insignia of the organization. Entertainment includes the opening day luncheon Friday noon, golf match and shooting tournament that afternoon, ladies' tea at the country club, banquet and dance Friday night with the free plane rides to take up the afternoon session. A sunrise tour that morning of the city and inspection of the U. S. Gypsum plant is another pleasure that is being offered. During the opening day luncheon a musical pageant, "Texas Under Six Flags," will be given by twenty Sweetwater ladies.

A silver trophy cup offered by Bill Parker of the Olmsted-Kirk Paper Company will feature the golf tournament. Thirty-one publishers have already been entered in this match and will be in charge of Mr. Parker and a Sweetwater committee.

Among those to appear on the program and banquet include Judge R. C. Crane, Sweetwater; H. H. Jackson, Coleman; George Hill, Winters; debate between State Press Joe Taylor, Dallas News, and Buttermilk Jim Lowry, Honey Grove Signal; President Harry F. Schwenker, Texas State Press; Wm. C. Edwards, Homer D. Wade, Max P. Bentley, Clarence E. Gilmore, Andy Bourland, J. M. North Jr. and Col. R. H. McCarty, orator Texas State Press; Silliman Evans, vice president Texas Air Transport; and T. Paul Barron.

Paul T. Vickers of Midland will be toastmaster at the annual banquet which promises to be one of the most colorful events ever given in Sweetwater.

Reservations at the Blue Bonnet Hotel have been averaging ten a day, while the Macie and Wright Hotels also have been receiving their equitable shares.

Officers of the West Texas Press Association are:

President: Bowen Pope, Hamlin Herald.

Vice President: Eddie Warren, Post Dispatch.

Secretary-Treasurer: George F. "Jimmy" Smith, Scurry County Times-Signal.

Program Committee: Luther M. Watson, Sweetwater; George Hill, Winters; Eddie Warren, Post; Herschel Colbert, and Monte E. Owens, Sweetwater.

Constitution and By-Laws: E. I. Hill, Tahoka; J. W. Roberts, O'Donnell; D. M. West, Bronte.

Resolutions: J. W. Smith Sr., Lamesa; J. W. King, Roscoe, and Frank P. Hill, Tahoka.

Membership: Harry Adams, Lockney; W. E. Reid, Colorado, and Earl T. Williams, Loraine.

Nominating: T. E. Jordan, Big Spring; George Hill Winters, and Frank Grimes, Abilene.

Abilene, Stamford and Colorado have already filed their invitations for the 1930 meeting.

FIRST ARMY SHIP LANDS IN SNYDER

Lt. J. J. Keough of San Antonio with U. S. Army Douglas Observation plane arrived at Yoder Field Tuesday noon with one passenger en route to Amarillo. Lieutenant Keough after re-fueling with 76 gallons of gasoline, remarked to a Times-Signal representative: "Your service here at the field was wonderful, and you should feel proud of this airport. We also want to commend your pilot, Mr. Lowry, for the fine treatment and good fellowship accorded."

Lieutenant Keough also remarked that the nation-wide publicity that had been given Yoder Field had not been exaggerated and that he was happy to be the "first army flier to 'sit down' at Snyder." After remaining at the field for 30 minutes, the plane took off on its way to Amarillo.

BUILDING NEW HOME

Construction of a new $5,000 brick veneer residence has been started for Charles E. Kelly of the Piggly Wiggly store. The home is located north of the Bell Flower Shop.

Andy Bourland Is New W.T.C.C. Acting Manager

Will Hold Place Until Fall When Permanent Head To Be Chosen

A. M. Bourland, Vernon, president of the West Texas Chamber of Commerce, Thursday was named acting manager until the annual convention at El Paso. The action was taken by 70 members of the chamber's executive committee, the advisory board and vice presidents who met at Abilene to name a successor to Homer D. Wade, resigned.

An advisory committee including J. A. Wheat, Seymour; C. B. Jones, Spur; R. W. Haynie, Abilene; and Ray Nichols, Vernon, was named to act with Bourland.

The Times-Signal surely believes the directors used very wise judgment in not rushing the matter of selecting a permanent manager, and their selection of "Andy" Bourland was one of the finest bits of conconstructive thought possible. "Andy" is a hard-working farmer, banker, and keen business man and will bring to the office of manager mature judgment and analytical horse-sense. So far as the Times-Signal, personally, is concerned, we would enjoy running "Andy" Bourland for governor, for he has a personality, brain and working sense that would bring honor and glory to the greatest state in the union. We're for "Andy" Bourland first, last and all the time.

District Court Opens July 8

The grand jury and petit jury have been called to get into action Monday, July 8, according to a list furnished the Times-Signal by District Clerk Louise E. Darby. With Judge Fritz R. Smith in charge, it is expected that a lot of work will be in readiness for the jurors when they get in session.

The grand jury will be composed of the following gentlemen:

G. H. Leath	C. H. West
O. P. Thrane	M. A. Glass
J. O. Leach	Emmett Trevey
J. E. Murphy	Perry Echols
J. M. Hunnicutt	C. C. Harless
R. L. Lightfoot	R. E. Adams
J. L. Fields	W. E. Clarkson
W. A. Wade	Joe A. Merritt

Petit jurors for the first week:

Jno. Spears	W. B. Stiles
J. H. Rollins	W. A. Perry
Mitchell Minyard	Holly Shuler
Lynn Henderson	R. W. Woody
Melvin Newton	Jake W. Smith
Ira Riley	A. L. Wren
Lewis J. Smith	W. R. Shultz
Edgar Wilson	L. D. Sturgeon
Charlie Hill	J. E. Sorrels
Ira Sturdivant	W. M. Scott
J. H. Nunn Jr.	Doc Kelley
J. P. Pitner	E. F. Sears
O. M. Miller	R. Lee Sanders
O. C. Maule	R. C. Huggins
A. Rhoades	R. W. West
Earl Sheppard	J. B. Scott
W. E. Doak	W. B. Werner
Tom Hailey	J. R. Wilson
	R. W. West

Petit jurors for second week:

Howell Harpole	Edgar Curry
R. E. Gray	F. B. Russell
J. T. Weller	Dan Gibson
I. H. Walton	Jno. L. Webb
Ed. J. Thompson	Wade Winston
H. P. Winter	D. C. Teague
D. P. Yoder	H. S. Musgrove
Henry Hart	W. R. McFarland
Andy Trevey	M. Brownfield
B. M. Strickland	Geo. McCuan
R. J. Randals	Ernest Taylor
Roy Taylor	Homer Jenkins
J. S. Horsley	A. K. Huckleberry
E. F. Parker	Jesse Koonsman
J. G. Whatley	C. E. Trussell
S. G. Lunsford	D. L. Nipp
I. M. Prather	J. S. Golden
Joe York	Hubert Robinson

Petit jurors for third week:

G.G.Hollingsworth	R. O. Von Roeder
Jno. A. Stavely	C. W. Popnoe
R. H. McCurdy	G. M. McDowell
W. T. Murphree	J. M. Pagan
H. F. Rogers	J. W. Leftwich
J. C. Witherspoon	G. W. Parks
W. V. Jones	Joe Graham
O. P. Tate	A. C. Preuitt
Charles Noble	T. J. Gilmore
C. M. Wellborn	Ivan Gatlin
Jno. Keller	O. S. McCormick
J. W. Jackson	J. G. Landrum
Henry Rosenberg	M. C. Witten
R. H. Mitchell	Albert Leach
T. E. Greer	D. E. Glover
C. W. Morton	H. B. Patterson
Jesse Hinds	C. B. Gleastine
H. L. Williamson	De Witt Belk

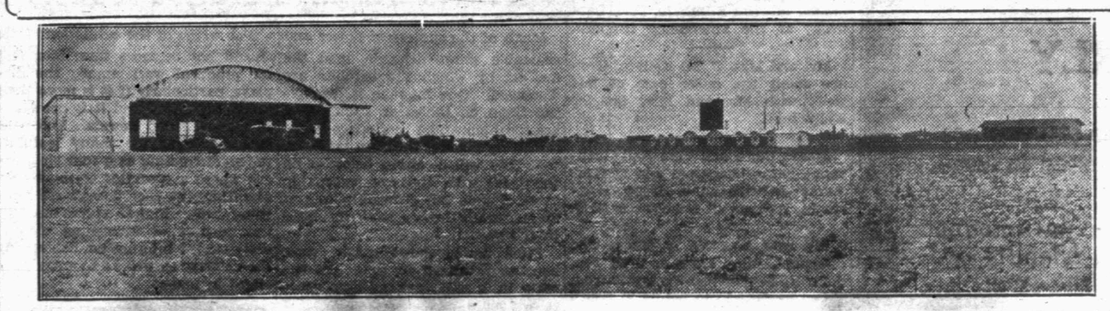

FIRST COTTON BLOOM

The first cotton bloom of the season was registered Friday when George Lindsey on the Ernest Taylor farm brought to the First State Bank & Trust Co. the first he had discovered.

We are wondering who will bring the first bale and how much the money prize will be.

Scurry County is after 50,000 bales this year.

Here's Proof of the "Airmindedness" of Snyder's Citizenship

The arrival here of R. L. (Slim) Lowry, government licensed transport pilot, has been creating more "air-mindedness" on the part of local people than any other one happening since the airport got under way. Practically every night Mr. Lowry has been soaring aloft with one or more passengers, and the keen delight shown upon the part of passengers leaves the impression that they are wonderfully well satisfied and will take some more trips.

With a licensed pilot in charge of the government licensed plane, Yoder Field is stepping along in its endeavor to bring to Snyder a stopping point on one of the many interstate airlines that are being fostered and placed.

Yoder Field today is known wherever aviators gather. The field has been written up in every well-known aviation journal and daily newspaper in the country. Pilots who come anywhere close to Snyder enjoy "sitting" down here if only to re-fuel and be on their way. Pilot Loy Mitchell of Big Spring stayed over night Friday and declared to a Times-Signal representative that it was a pleasure to come to Snyder and land at Yoder Field. "I like the good fellowship to be found in Snyder, and I like your field and your new pilot," he said.

A flying school will soon be started at the field. Within the next two weeks "Slim" Lowry expects to bring his American Eaglerock biplane back here from Fort Worth where it is now being completely overhauled and will be an addition to the school. Later on, with the addition of special machinery, every service that a plane would need will be provided for Yoder Field, which today ranks along with any field in the country of a city less than 100,000. Think it over, Snyder folks, when our present population strives hard to reach the 5,000 mark.

Organization of Bar of District Is Completed

Snyder Attorneys Appear on Program and Honored With Offices

Law enforcement, educating the public to respect the laws, and the proposed nine-member Supreme Court amendment to the Constitution of Texas were the main topics discussed at the organization meeting of the Bar Association of the Thirty-second Judicial District at Colorado Monday evening.

The newly organized Bar Association, composed of forty charter members from Nolan, Scurry, Borden, Howard and Mitchell Counties, indorsed the plea of Judge J. E. Hickman and Judge W. P. Leslie of the Court of Civil Appeals for observance of the laws and respect for the laws of the state and nation.

Judge C. H. Earnest of Colorado presided at a business meeting, and Thomas R. Smith of Colorado presided at the banquet as toastmaster.

Judge Earnest was chosen president of the permanent organization; Judge S. H. Morrison of Big Spring, vice president; and Judge C. C. Thompson of Colorado, secretary-treasurer. Directors are: Judge Fritz R. Smith of Scurry County, C. S. Perkins of Nolan County, Jas. Little of Howard County, Thomas R. Smith of Mitchell County, and John E. Sentell of Scurry County.

The permanent organization of the Bar is the outgrowth of recent meetings held in Sweetwater and Colorado.

Judge C. C. Thompson of Colorado delivered the welcome address. Judge R. C. Crane of Sweetwater responded and gave a complete history of the Thirty-second District. Other speakers of the evening were W. W. Hamilton of Snyder, J. H. Beal Jr. of Sweetwater, Judge Charles Klaproth of Midland and Dr. P. C. Coleman of Colorado.

NEW MISSIONARY UNION IS FORMED

A new district of the Baptist Women's Missionary Union of West Texas has been formed out of the Abilene District No. 7. It includes Baptist women workers of the Mitchell-Scurry, Big Spring and Lamesa Baptist Associations. The new district is known as No. 8.

The following officers of the new district were elected at a meeting of delegates from the various associational missionary units in Colorado recently: Mrs. B. Reagan, Big Spring, president; Mrs. B. H. Dunnigan, Big Spring; Mrs. A. L. Whipkey, Colorado, and Mrs. Gentry Lamesa, vice presidents; Mrs. T. H. Duff, Snyder, recording secretary; Mrs. Travis Reed, Big Spring, corresponding secretary; Mrs. W. D. Thompson, Big Spring, treasurer.

SCURRY LODGE NO. 706, A.F.&A.M. ELECTS OFFICERS

A. C. Alexander was elected Worshipful Master June 15 at the annual election of officers of Scurry Lodge No. 706, A. F. & A. M. Other officers elected were: Warren Dodson, Senior Warden; Sam Wilborn, Junior Warden; G. W. Brown, secretary; and O. P. Thrane, treasurer.

These officers were installed Monday night.

Wilbur Keith of Dallas lectured at the Masonic hall Tuesday night.

"Once a scrub, always a scrub" may be said of an individual cow, but not of a dairy herd. Use a good purebred dairy bull in a scrub herd and the daughters will be productive grades, and the granddaughters will be high grades of larger production.

Hermleigh Man Makes Money by Diversification

Editor Norman Makes Slight Slip in Philosophy of Farm Program

Scurry County has many fine boosters for a dairy and poultry program with diversification in other lines following. The Hermleigh Herald with Editor R. S. Norman can always be counted on to boost the good farmers in that section. In a recent issue he stressed the strides that had been made in his section and of what five years hence would show.

To get down to brass tacks, Editor Norman recited the experiences of A. E. Snowden, well known not only in Hermleigh but in Scurry County as well. The Herald stated that Mr. Snowden would be readily recognized anywhere as the average man in any community. That Mr. Snowden has 700 chickens, old and young in his yards. In his cowpen he has three good milch cows. In his pig pen he has sufficient hogs to make his meat for the year. With this, he also has 37 turkeys in face of having had a bad streak with them this year.

From the cows and chickens Mr. Snowden sells an average of $25 worth of products a week. According to his own figures, he is clearing about $70 a month on his hens and cows. "This about clears the expenses of home and farm," declares Snowden.

In addition to the above, Mr. Snowden farms 160 acres of land, 80 acres of which is in cotton and 40 of it looks very pretty for this season. This gentleman incidentally grows his own feeds.

Completing his nice write-up of Mr. Snowden, Editor Norman philosophizes as follows:

"Just five years of this type of farming, Mr. Scurry County Man, and our county will be well on the industrial and agricultural map of Texas; our farm homes will be fit to live in; our towns will be fit to trade in; and our people will be holding high heads and acting like real Texans."

The only criticism the Times-Signal has to offer Brother Norman is that many fine rural homes are NOW in Scurry County, and that no finer town for trading can be found in West Texas than in Snyder, but his contentions regarding the diversification are 100% right.

SNYDER COUPLES SHY OFF FROM NEW LICENSE LAW

Texas' new marriage license law is not too popular in Snyder and vicinity, if records at the county clerk's office can be taken as evidence.

The law requiring the filing of "intentions" three days in advance, accompanied by a health certificate of the bridegroom, has been in effect since June 13, and only two applications had been filed last night, and only one of the two certificates applied for had been issued.

The first license was issued to Raymond Burt and Mozelle Owens on June 19, that being the day they applied. The second application was made the same day by Roy Clarence Cooper and Mabel Jimmie Conro.

During the first twelve days of June under the old law, County Clerk Mabel Y. German issued four licenses.

Advice to Girls

When a young man proposes and you feel obliged to refuse his offer of matrimony, always tell him you admire and will remember his good taste.

Milk Plant To Be Built Soon In Lamesa

Forty West Texans Trek to Tyler to Witness New Plant Opening

Snyder was honored Friday by forty West Texans who were en route to Tyler to attend the opening of a new powdered milk plant there. Traveling in two large buses, the forty men represented seven towns that have banded together seeking further knowledge to aid them in erecting a milk plant at Lamesa. Other towns besides Lamesa whhich were represented included O'Donnell, Tahoka, Brownfield, Seagraves, Seminole and Stanton.

Speaking for the visitors, Wm. A. Wilson, secretary of the Lamesa Chamber of Commerce, said the party of 40 West Texans weighed over 6,000 pounds and were representative business men and farmers. All are interested in dairying, as shown in the long trip they were making to East Texas for inspiration and knowledge. The plant at Lamesa, he said, will be started in about 30 days, and be patterned largely after the plant at Tyler. The Lamesa plant will entail an expenditure of approximately $200,000 and is to be financed by the business men and farmers of the territory and by the Douthit Engineering Company of Chicago, the contractors, on a half and half basis. The plant will have a capacity of 110,000 pounds of powdered milk and by-products per day.

Those in the visiting party were: R. E. Shaver, Tahoka, Lynn County agricultural agent; R. F. McFatridge, Jr., Seminole, Gaines County agricultural agent; A. H. Merrick, Lamesa, Dawson County farmer; Joe M. Peterson, Lamesa, breeder and farmer; Hardy Morgan, Lamesa, ranchman and capitalist; Eric Cheape, Memphis, Tenn., Breeders' Gazette; W. A. Bell, Brownfield, merchant; J. M. Barrett, R. L. Meyers, Lamesa city commissioners; T. A. Kellum, Lamesa, farmer; R. W. Pittman, Seminole, county judge of Gaines County; R. L. Bowers, Brownfield; C. W. Stubblefield, O'Donnell, Lynn County farmer; W. L. Marr, Lamesa, merchant; W. N. Hatch, Lamesa, merchant; H. J. Woodul, Lamesa, farmer; Joe Snellgrove, O'Donnell, farmer; Roy D. Smith, O'Donnell, farmer; E. W. Hester, O'Donnell, breeder and farmer; J. L. Shoemaker Jr., O'Donnell banker; Elvis Clements, Stanton, Martin County, merchant; Milt Yater, Stanton, farmer; J. Trammell, Lamesa, farmer; M. E. Parker, Stanton, farmer; E. P. Whitson, secretary Stanton Chamber of Commerce; W. W. Evans, Lamesa, Dawson County agricultural agent; C. C. Williams, secretary Tahoka Chamber of Commerce; Sam H. Stamps, Stanton, dairyman; E. R. Yates, Lamesa, merchant; L. T. Middleton, Lamesa, farmer; J. M. Peterson, breeder and farmer; R. E. Echols, Lamesa, farmer; J. E. Shelton, secretary Brownfield chamber of commerce; Pat Williams and Bill Watson, Red Star Coaches, Lamesa; W. R. Dale, Seagraves, Gaines County, farmer; W. H. Huse, Sparenburg, Dawson County, farmer; and A. A. House, O'Donnell, grain dealer.

Snyder and Scurry County need some pep to get a milk and creamery plant here.

We Want Rain

Commissioner H. G. Flournoy stated with neither of his fingers crossed: "We will have a good rain within one week, because we cannot do without it much longer."

Who will be the next prognosticator?

Snyder Should Have American Legion Post

Who Will Start Preliminary Plans For Organization of Service Men?

That Snyder and Scurry County do not boast of an American Legion Post is one of the most regretable facts in connection with the activities of our city. There are but very few towns in West Texas who do not boast of a post as well as an auxiliary to which mothers, wives, sisters and daughters are eligible.

The many good things that the American Legion provides, together with the hearty support of the U. S. government should make it expedient on the part of every ex-service man in Scurry to get into the traces and "pitch" and see to it that we do have a regularly organized American Legion group. Benefits that are provided by the organization and Uncle Sam are fine helps. Of 112 counties from Dallas west more than $400,000 is paid out every month to disabled veterans. Service men who die are given a head-stone by Uncle Sam with $107 burial benefit and flag.

The American Legion is an organization of World War veterans who served honorably in the armed forces of the United States. First steps toward organization were taken at a caucus at Paris, France, March 15 to 17, 1919. A similar conference was held at Washington, D. C. A temporary constitution was adopted, temporary officers elected and general policies formulated at a caucus at St. Louis May 8-10, 1919. A national charter was granted by Act of Congress on Sept. 16, 1919. Permanent organization was effected and a constitution and by-laws adopted at the first national convention at Minneapolis, Nov. 10-12, 1919.

The nucleus to start the organization in Snyder and Scurry county work within a stone's throw of the Times-Signal, and the list we have in mind includes Roy Brown, Porter King, Sam Hamlett, Forest Sears, Boss Baze and Capt. John E. Sentell. There are many, many more of whom we have no record at this time. But the Times-Signal would like to know how many ex-service men in Scurry County want to see an American Legion post here.

JOHNSON GRASS DEMONSTRATION WILL BE HELD

July 9th is the day the Farm Bureau Johnson grass demonstration truck will be in Scurry County. There will be three demonstrations given in Scurry County, one more than is usually given in a county.

Interest is growing and many are interested, so watch for further announcements of places where the demonstrations will be held.

ROTAN PLANS JULY 4TH CELEBRATION

Rotan will entertain on July 4 and 5 with an old settlers reunion and picnic. The picnic grounds are one-half mile west of the business section of town and afford splendid shade.

Among the amusements for the the two days will be polo and ball games, rodeo, horse races and dances at night in open air pavilion.

To get an even stand of alfalfa, it is best to sow half the seed one way across the field and the other half at right angles to the first sowing.

The yearbook of the Altrurian Club is now being printed at the Times-Signal.

Tournament To Get Under Way Tuesday

First Local Handicap Affair Will Hasten Building of Club House

Members of the Snyder Country Club are looking forward with keen anticipation to the first Handicap Golf Tournament that will get under way Tuesday, July 2. Registrants thus far who have qualified include Marshall Higgins, C. E. Fish, C. W. Harless, Ivan Dodson, G. A. Hagan, Wayne Boren, O. O. Harris, A. A. Bullock, P. M. Chambers, W. H. Ritzenthaler, Dr. J. G. Hicks, Hugh Boren Jr., Creston Fish, Austin Erwin Jr., W. T. Raybon Cleve Blackard, Burgess Brown, Maurice Brownfield, Joe Stinson and Lee Stinson. Five rounds must be played before Monday, July 1.

Prizes will be given for low score, runner up, long distance driver, consolation and winner.

The following prizes have been offered:

Winner secures one driver donated by Stinson Drug No. 1, and one pair of golf hose by J. H. Sears & Co.

Runner up gets one pair knickers from Snyder Tailoring Co. and $7.50 in merchandise from Burton-Lingo Co.

Long distance driver gets half dozen golf balls from Snyder Insurance Agency and pocket knife from Snyder Hardware & Implement Co.

Consolation, pair of golf shoes from Chatbers & Rogers.

Putting contest, thermos bottle from Stinson Drug No. 2.

Low score qualifying round, half dozen golf balls from Snyder Insurance Agency and one tie from Davis-Harpole Co.

Greatest number of birdies qualifying, one golf cap from Caton-Dodson Dry Goods Co. and box assorted lamp globes from Texas Electric Service Co.

Low score played with one club, half-dozen golf balls from Higginbotham-Bartlett Co.

Highest medal score qualifying, a pipe, from Warren Bros.

Interest in the forthcoming tournament is at fever heat and will pave the way for other tournaments at the country club which will soon have the erection of a fine club house under way. Officers and members are boosting the sport in Snyder and are to be congratulated for their sporting spirit and booster enthusiasm.

FEDERAL SURVEY MAN TO BE HERE AROUND JULY 1

Mr. R. J. Powell of the United States Biological Survey will be in Scurry County about the first of July. Mr. Powell will be here for the purpose of assisting in the control of jackrabbits, prairie dogs, gophers, ground squirrels or rats. According to County Agent W. O. Logan, several fellows are being bothered with rabbits and rodents and will be glad to have the suggestions and counsel of Mr. Powell.

Anyone wishing information along control measures of these pests should see County Agent W. O. Logan at once, and he will get Mr. Powell in touch with them when he arrives.

EXPECTING PUMPS FOR SEWAGE DISPOSAL PLANT

The two pumps ordered by the city council for the sewage disposal plant are expected to arrive any day. Following their installation, Mayor Towle should invite the city of Snyder to inspect the marvelous system that they are providing for our citizenship as well as inspecting the irrigation project that has been worked out by County Agent Logan. The land is already planted to cotton and looks fine.

When fully completed, the city of Snyder can boast of as fine a sewage disposal system as can be found in the state. Mayor Towle and the city council are entirely responsible and should be commended for the fine work and service they have given our citizenship.

CATON-DODSON MID-SUMMER SALE OPENS TOMORROW

Tomorrow morning marks the opening of the Mid-Summer Clearance Sale of the Caton-Dodson Dry Goods Company, and they have a full page of bargains in this issue that will interest every reader of the Times-Signal. The store is closed today, but the doors will open at 8 o'clock in the morning, ready to give customers the benefit of a large group of bargains.

"Twenty-two years in Snyder is our record," said Mr. Caton this morning, "and we are reducing our stock at this time to give a lower price help to our customers."

"You'll Like Snyder."

"Talkies" Will Be In Snyder Tomorrow Nite

Palace To Show Vitaphone Pictures For First Time In Scurry County

Within 24 hours Snyder and Scurry County will have witnessed one of the most significant events in the history of motion pictures in Snyder—the introduction of singing and talking pictures. In announcing the opening Friday night, June 28, Mrs. T. L. Lollar, owner of the Palace Theatre, stated that all-talking and singing pictures would be reproduced in Snyder just as successfully as in the largest cities in the United States.

"We feel that Scurry County citizens can be justly proud of our newly arranged theatre," Manager P. W. Cloud stated. "We have spared no expense in securing the best that money can buy, and we feel that we will be justified in our heavy expenditure by the liberal patronage of the Scurry County public," he stated.

The introduction of talking pictures to Scurry County theatre-goers will bring the marvel and wonder of the scientific age to this city. Snyder will receive identically the same singing and talking pictures that the largest cities will receive. The machine will reproduce any singing and talking picture, and the production will rank in the same class with the highest priced machines on the market. Every type of sound synchronized pictures may be shown now in the Palace.

Talking pictures, "talkies," sound pictures, or whatever you may wish to call them, represents, perhaps, the greatest invention of the century. Certainly they have revolutionized not only the movie industry, but the lives of many who see and hear them. Many towns having many more thousand population than Snyder have not yet installed the expensive machinery necessary for synchronization of the voice, the picture and action.

Not only will feature talkies of several reels be brought here regularly, but a number of other equally worth-while phases of entertainment will be headlined.

Outstanding operatic and light operatic singers such as Titta Ruffo, William O'Neal and Frances White will be in the weekly menus. Vaudeville teams such as Van and Schenck, Bernard and Henri, and Miller and Lyles, many of whom are radio artists as well, will also perform.

Soloists and dancers whose reputations are nation wide, choral singers of renown, and the greatest leaders and orchestral organizations are also to be in action. Vincent Lopez and the Pennsylvania orchestra are included in the latter group.

These nationally known artists may be seen and heard on the screen in Snyder now that the new vitaphone equipment has been added, Mr. Cloud says.

In speaking of the history of talking pictures, Mr. Cloud pointed out that, first shown in August, 1926, at the Warner Theatre in New York City, talking pictures created a furore in the theatrical and scientific worlds. For years science has been trying to synchronize the speech and actions of characters upon the screen, and it was not until scientists discovered the secret about three years ago that the invention was accomplished—all of which is now being made available in Snyder.

Acoustics in the theatre will be perfect, since the theatre building has been relined with a special insulating material. Machinery for the talking pictures arrived last week, and the equipment has been fully installed and has been thoroughly tested out.

The Times-Signal wants to join in a wholesome bit of congratulations to Mrs. Lollar, the Palace Theatre and Manager Cloud. They are bringing the best to be had in the world to our very front doors.

FOLKS, WE NEED HELP

When you know a good thing about Snyder—or a good thing about Scurry County—why not cooperate with the Times-Signal editor that the matter may appear at once in the daily newspapers as well as the Times-Signal. We have been striving for months to get every possible good bit of publicity into the Abilene Reporter-News, Star-Telegram, Dallas News, Lubbock Avalanche-Journal and Amarillo News-Globe, but sometimes our friends overlook the tip that could give us the opportunity to "shoot both barrels" for keeping Snyder and Scurry County into the date lines. So folks, if you want to help, please get in touch with the Times-Signal editor as quickly as anything happens that is news.

Vegetables are important in diet, not merely for vitamin content, but for minerals and cellulose.

Miss Evelyn Smith and Ted Dudley of Abilene were visitors of Miss Lucille McCaleb Sunday.

Miss Dorothy Erwin left Monday to visit several weeks with relatives and friends in Pampa.

Mr. and Mrs. R. S. Sullivan and little son, Charles, spent the week-end with relatives in Stanton.

Walter Scott and Harrie Winston left yesterday morning on a several days fishing trip to San Saba.

Leslie Davis left today for San Benito where he will be connected with a cotton buying firm.

Misses Pauline Owens and Thressa Locie of Slaton are house guests of Miss Charline Ely this week.

Mr. and Mrs. Sam Larue and Mr. and A. E. Harvey were visitors in Abilene Sunday and Monday.

Mrs. J. W. McCoach, who has been suffering with the flu, is reported to be getting along nicely.

Mrs. Dale Warren and daughter, Miss Dale, went to Abilene Saturday and are visiting with friends there.

Mr. and Mrs. C. C. Eager visited Mrs. Eager's parents, Mr. and Mrs. R. L. Howard, in Abilene Sunday.

Ralph Odom and Gaither Bell were in Cross Plains Tuesday to be with Mr. Odom's father, who is ill.

H. A. Harmon of San Antonio was a business visitor in the city Tuesday looking after his oil interests.

Mr. and Mrs. Clarence Whitaker of Breckenridge were guests of Mrs. T. L. Lollar Monday and Tuesday.

Mr. and Mrs. A. M. Curry and two daughters, Ruby and Aline, were week-end visitors at Miles.

Mr. and Mrs. E. F. Wicker left Tuesday for Eureka Springs, Mo., where they will spend the summer.

Mr. and Mrs. Charles Scalling of Dallas were week-end guests in the home of Mr. and Mrs. W. D. Beggs.

Mrs. W. E. Doak and son, Herman, visited Mrs. Doak's sister, Mrs. J. B. Peddy, in Ralls one day last week.

Mrs. E. M. Deakins and daughter, Miss Margaret, visited relatives in Stamford the latter part of last week.

Mr. and Mrs. Sam Larue and Mr. and Mrs. A. E. Harvey were business visitors in Abilene Sunday and Monday.

Miss Ola Lee Cauble returned home Friday from Albany where she has been visiting relatives and friends.

Mrs. J. A. Stallings of Post is spending the week with Miss Catherine Stallings and Mrs. J. W. McCoach.

Editor and Mrs. J. L. Suits and three children of Lorenzo were here over the week-end visiting with relatives.

Mrs. Will Lollar and daughter, Juanita, of Clyde were week-end guests in the home of Mrs. T. L. Lollar.

Mr. and Mrs. J. C. Patrick are the happy parents of a baby girl born Monday at the Emergency Hospital.

Mrs. R. L. Howell and family spent last week in O'Donnell visiting with friends.

J. M. Mosley and daughter of Dallas came Friday and are guests in the home of Mr. and Mrs. W. H. Cauble.

Percy McFarland and Curtis Larue went to Abilene Saturday. Curtis will attend Draughon's Business College.

Mr. and Mrs. Harvey Shuler and children and Mavis Shuler returned Sunday from a trip to the Carlsbad Caverns.

Miss Frances Denson of Mineral Wells is the house guest in the home of Mr. and Mrs. H. J. Brice this week.

Mrs. Charley Howard was able to leave the Emergency Hospital Monday and return to her home in Hermleigh.

Miss Mary Inez Kennedy of Fort Worth arrived Monday and is a house guest of Mrs. J. E. Sentell this week.

Mr. and Mrs. A. A. Bullock and daughter, Mary Frances, returned Sunday from a ten days trip to New Mexico.

Mr. and Mrs. A. N. Hamrick and little son left last Thursday for Graham to be with Mr. Hamrick's father, who is ill.

Miss Winona Prescott of Big Spring is the house guest of her cousins, Lucille and Johnny Lee Green, this week.

Mrs. Dixie Smith and daughter, Miss Dixie Ruth, left Sunday for Fort Worth. They expect to be gone about a week.

Mrs. Howell Harpole left Sunday for Pampa where she joined her husband. Mr. Harpole is connected with a lumber firm there.

Mrs. O. S. Williamson and two daughters, Misses Lila Mae and Hilda Gene, and Miss Jonnyle Shaw returned home Friday from a visit in Comanche and Goldthwaite.

Mrs. Tom Gates and Mrs. Bob Warren accompanied W. A. Merrill to a ranch in Nolan County last week. They returned home Friday.

Mr. and Mrs. Charles Smith of Wingate and Mrs. Jack Wells of Stephenville were guests of Mrs. Lela Ellis Friday.

According to the Hermleigh Herald, the city waterworks there are now on a paying basis, and congratulations are in order.

Winfrey Giddens, who is attending school at Texas Tech, spent Sunday with his parents, Mr. and Mrs. T. J. Giddens of Ira.

D. P. Yoder returned home Sunday night from the Methodist Laymen's Assembly at the Methodist Camp Grounds in Ceta Canyon.

T. J. Shaw and Mrs. H. S. Hart accompanied Mrs. T. J. Shaw to the Lubbock Sanitarium Sunday when she underwent an operation.

Mrs. R. E. McClain of Plainview arrived in Snyder Tuesday and is a guest in the home of her sister, Mrs. O. D. Carter.

Mrs. F. M. Clarkson returned to her home in Gail Tuesday from the Emergency Hospital where she had undergone a minor operation.

Miss Lake Howell left Sunday for Phoenix, Arizona.

Mrs. J. E. Minor and children of Roby are guests of Mrs. W. R. Minor here this week.

Mr. and Mrs. C. E. Walker spent Sunday with Mr. and Mrs. Ben Thompson at Ira.

Mr. and Mrs. Erle Grantham and two children visited Mr. and Mrs. W. F. Bertram in Sweetwater Sunday.

Mr. and Mrs. G. A. Hagan, Mr. and Mrs. R. H. Curnutte and daughter were week-end visitors at Midland.

Mrs. J. H. Kidd and daughter, Miss Evelyn, arrived Thursday from Kingsville for a visit with Mrs. Kidd's sister, Mrs. W. R. Johnson.

Mr. and Mrs. J. R. Jenkins are the happy parents of a baby girl named Martha Elizabeth, born Saturday at the Emergency Hospital.

Mr. and Mrs. C. M. Kelly of Texaco spent the latter part of last week with Mr. and Mrs. Charley Kelly here.

Misses Edith and Vera Nell Grantham, Doris Buchanan and Herbert Bannister visited the Misses Grantham's parents in Lubbock Sunday.

Mr. and Mrs. W. D. Beggs and daughter, Miss Dorette, and son, John Billy, returned Thursday from a two weeks trip to points in South Texas.

Mr. and Mrs. H. G. Towle and daughter, Mary Margaret, were guests of Mr. and Mrs. John Carmichael in Vernon the first of the week.

Mr. and Mrs. L. T. Stinson and Billie Joe accompanied Mrs. Stinson's father, C. W. Ladwig, to Ballinger last week where he will visit with relatives.

Mr. and Mrs. John Eoff of Lubbock and Mr. and Mrs. Elvin Harkins and their mother, Mrs. H. P. Harkins of Sweetwater, were guests in the home of Mr. and Mrs. Jesse Eoff Sunday.

Mr. and Mrs. Charles Garrett and Mr. and Mrs. Odis Bates of Lubbock spent Sunday with Mr. and Mrs. T. J. Giddens and Mrs. Emma Barnett of Ira.

Laurice Garrett, little daughter of Mr. and Mrs. Charles Garrett of Lubbock, after having spent ten days with her aunt, Mrs. Emma Barnett of Ira, returned to her home Sunday.

Mrs. Merchant of Los Angeles, who has been visiting her daughter, Mrs. Hefiry Ware, is visiting another daughter, Mrs. Charles Cleavenger, in Cisco this week.

Miss Hazel Cauble returned home last week from Lubbock where she has been attending a nurse training school. She will spend her vacation with her parents here.

Mr. and Mrs. O. E. Eastham and son and Mrs. J. J. Price returned to their home in Baird last week after a several days visit with Mr. and Mrs. B. G. Johnson.

A. E. Koon and C. B. Roberts of Gainesville, representing the Baptist Mutual Benefit Society of Texas, were business visitors in Snyder the first of the week.

Mr. and Mrs. W. P. King and two children and Mother King left Friday for San Angelo and Christoval where they are spending their vacation. Mother King will remain for an extended visit in San Angelo.

J. W. Whitman and Mr. Chapman of Bowie were business visitors in the city Friday, and while here they signed the Business and Professional Women's pledge for the numbering of the eight Dane houses.

Misses Nell Harper Green, Virginia Stonerode, Katherine Price and Margaret Mann, who were house guests in the home of Mr. and Mrs. H. G. Towle several days last week, returned to their home in Colorado Friday.

Mrs. R. Medlin Sr. of Roaring Springs, Mrs. R. Medlin Jr. and three children of Crosbyton, Mrs. A. B. Cranston of Abilene and Miss Marie McDonald of Lamesa have been guests in the home of Mr. and Mrs. W. J. Ely during the past week.

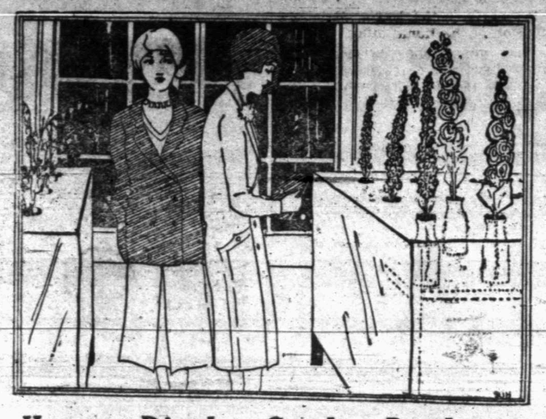

Mr. and Mrs. J. H. Byrd and daughter, Miss Louetta, returned home Friday from a several days visit with their daughter, Mrs. L. C. Ochsner, of Abernathy, and they also were business visitors in Plainview. Mr. Byrd reports a good crop of wheat on the plains.

"Shorty" Bell of the Bell Tire & Rubber Company officially notified the Times-Signal that one of the Galveston beauties was on display at his place of business. He did not state just how he purloined said picture away from Nolan Von Roeder, but there is a deep, dark mystery in the Fire Department that may some day be fully disclosed.

Mr. and Mrs. J. M. Denson and Robert Smith of Mineral Wells came Tuesday and are guests in the home of Mr. and Mrs. H. J. Brice.

Mrs. Will Clark and children attended a birthday dinner in honor of Wright Huddleston given by Mrs. Huddleston at Knapp Tuesday. Twenty-four guests were present on this occasion.

Judge Fritz R. Smith opened district court at Sweetwater Monday.

How to Display Garden Products

Much of the success of flower and vegetable shows depends upon the method by which the exhibits are displayed. One mistake is displaying them on tables or stands that are too high. The best effect is obtained by placing them on tables so that they will be either below or on the level with the eye, except in cases of such tall growing plants as are naturally higher than the head in the garden.

Some flower shows have show benches arranged in tiers like the seats in a ball park so that spectators get a close view only of the first rows and have to look up at the higher exhibits. Tables with the surface two and a half or three feet from the floor are best for intimate views of the exhibits. A plan has been worked out for the construction of trestles and frames for show tables which may be stored from year to year which has proved very satisfactory and contributed greatly to the artistic effect of the show.

This table or bench had a double surface and was planned with the fact in view that milk bottles were used to hold the flowers. The lower table top of planks accommodated the bottles. The upper one of Bristol board was placed over the bottles, holes having been cut at regular intervals to correspond with the mouths of the bottles. The flowers were thus shown without the obtrusive appearance of the bottles. The sides of the table were draped with green and the cardboard of which the upper surface was made was painted green.

Another detail of importance in staging a garden club show is to provide aisles of sufficient width between the tables. If the club has a successful attendance at its show, the crowding of spectators in narrow aisles is very likely to disarrange the exhibits. Six feet as a minimum and a wider space if the hall accommodates it has been found practicable.

The width of the exhibition tables should not be more than four feet for practical work among the displays, particularly if it is more than a one-day show, and it is necessary to replace faded flowers. Too wide tables holding too many exhibits are as distracting as a four ring circus where a spectator trying to see everything at once doesn't see anything well. Flower shows are for the purpose of furnishing closeup and detailed information concerning the displays as well as to show their effect in mass.

JUSTICEBURG BOASTS OF FINE ORCHARD

That a real orchard can be raised in this country is shown at Justiceburg where E. M. Woodard has one of the finest 13-acre tracts that can be found anywhere. Mr. Woodard sent two samples of plums to the Times-Signal yesterday morning, a cherry and green gage, that were as fine as we have ever seen. In addition to plums the orchard boasts of peaches, pears, apples, apricots, 100 cherry trees, and many other fruit trees that refute the statement that fruit cannot be grown in remarkable profusion and with success anywhere in this country.

Getting closer to home, the Times-Signal editor was a guest at the P. L. Fuller Ranch yesterday where Mr. Fuller showed us canned peaches and plums by the dozens and dozens of cans that were wonderful to behold.

But getting back to the Woodard orchard. It is six miles east of Justiceburg and worthy of a trip up there to see what this gentleman has made possible. The force also thanks Mr. Woodard for the fine bunch of plums sent in to the Times-Signal.

E. S. Dorsett of Big Spring, who is connected with the Crawford Hotel there, is the guest of his family here for a week. Mr. Dorsett, incidentally, was a new Times-Signal subscriber yesterday.

WHOA! BACK UP

Backward, turn backward, oh time in your flight.
Make me a girl again, just for tonight.
Give me the long golden curls that were worn
Back in the days before tresses were shorn.
Give me the skirts that brought many a laugh
When boisteorus winds flipped them over the calf.
Give me the roses our cheeks sported then
Without touchings up from old Five and Ten.
Give me the petticoats; give me the lace;
Give me the modesty; give me the grace;
Give me the power to blush when I'm kissed.
Give me the things that I lately have missed.
I have the gimmies. Oh time in your flight,
Give me my girlhood, please—just for tonight.

Old Fashioned Parent—No, I will never recognize an actress as my daughter-in-law.

Lovesick Son—But she isn't an actress; she only thinks she's one.

Summer Army Of Tourists Gets on Move

Will Spend $160,000,000 a Day on Trips. Snyder Well Prepared

The tourist traffic is rapidly commencing to open up on the Dal-Paso Cavern Highway, as well as State Highways Nos. 7 and 101, as noted in the rapidly filling tourist camps of Snyder. The traffic is also bringing to mind that hard-surfacing of the highways through Scurry County must be done, and that putting off this necessary improvement is going to hold up increased traffic on the Dal-Paso Cavern Highway, shortest route from Dallas and Fort Worth to the west coast.

The tourist traffic that is coming through Snyder demands hospitality, and they have found here a spirit that breathes of friendship and wholesome comradeship. According to an official bulletin sent out by the J. C. Penney Company, Manager H. H. Thomas of the local store says that nearly 24,000,000 automobiles carrying from one to eight or ten passengers each, are stopping at the gas stations long enough to fill up and then starting for the day.

Not less than 10,000,000 people a day, for the next two or three months, will be cross country cruising by automobile, according to a statement just received here by Mr. Thomas from the Public Relations division of the hume office.

Last winter one southern city alone took toll of $2,500,000 a day from the 150,000 visitors who packed the city limits. This figure is an actual one. At the same rate of slightly in excess of $16 a day, which is not high when food, fuel, housing, clothing and general expenses are taken into consideration, the summer army will spend $160,000,000 a day away from home.

An investigation recently made carried the man who was making the trip of 9,000 miles on highways covering 24 states. With the exception of not more than 100 miles, the entire trip was made over concrete, oiled macadam, excellent gravel and other hard surfaced roads. This was despite the fact that oftentimes there were distances of fifty to one hundred miles between hamlets, that the deserts and mountains of Arizona, New Mexico, Colorado and the plains of Kansas were included.

Good hotels were found all along the route—ready for the army.

Well informed chambers of commerce were at hand to give necessary information. Garage men and gas station men were ready. But the local merchants were not quite ready.

Somewhere along the road, every day, for the next ninety to one hundred and twenty days, $160,000,000 is going to be spent. Which towns are going to get this normal return which the summer tourist pays for his trip?

The answer may be seen all over the country. The town where the local merchants are alive, awake to the value of the summer tourist crop, will receive prosperity at the friendly hand of the travelor. Snyder merchants are fully prepared to handle their end right now, and they appreciate this business.

Other towns will take it out in complaining of the dust that the cars raise on their way through. But hard-surfacing of Snyder's streets invites the tourist who finds a real welcome here.

The towns which on the one hand awake the friendly patronage of the traveler or which, on the other hand, send him through hurrying, may not be fifteen miles apart in many sections of the country.

It won't take long for the word to spread as to which is the best town. Eastward bound tourists will carry back the westward bound complaints. Northern bound will post verbal welcome signs for the southern bound to read as they come into the town limits.

Here is a subject for consideration by every one in Snyder: "What can we do to make our town the one that this summer's tourist army remembers with the greatest amount of pleasure?" The answer is worth a highly satisfactory portion of the $160,000,000 a day that the tourist is willing to spend.

Business Rushing

From the way the Curtiss-Robin plane is flying nightly, everybody in Snyder is taking a ride. Folks who have ridden with Pilot "Slim" Lowry enjoy the way he handles a plane, as he practises no stunt stuff but gives passengers a real ride in a real plane.

Lions President

RAY L. RILEY
Sacramento, Calif.

Ray Le Grande Riley of Sacramento, controller of the State of California, was elected president of the International Association of Lions Clubs at the thirtieth annual convention at Louisville Friday. He took oath immediately, succeeding Ben A. Ruffin of Richmond, Va., as head of the second largest service organization in the world, with 1840 clubs and 70,000 members in every state of the union and every province of Canada, and in China, Mexico, Cuba and Hawaii.

Mr. Riley is descended from pioneers of Massachusetts and Pennsylvania. He was born at Vicksburg, Mich., was educated there, and at the age of 17 was a licentiate in pharmacy. He was a pharmacist in Michigan and later at Dillon, Mont., and Colton, Calif., until ten years ago.

For thirty years Mr. Riley has been in the public service. He was justice of the peace before he left Michigan; he served two terms as alderman of Dillon, Mont.; he was for two terms a city trustee of Colton, Calif.; he was twice elected county supervisor of San Bernardino County, California; state water commissioner 1917-19; state real estate commissioner 1919-21. He was appointed state controller in 1921, was elected to that office in 1923, and re-elected in 1927.

Mr. Riley has also rendered long and faithful service in Lionism. After serving as a club president he was elected district governor of California, and in 1923 was chosen on the board of international directors. He was elected third vice president in 1926, second vice in 1927, first vice iln 1928, and now president.

Mr. Riley was married in 1894 to Miss Winifred M. Jebb of Battle Creek, Mich. They have one daughter, Mrs. Thelma Marie McKim.

FINE SALES REPORTED

The Yoder Electric Company is having a fine response to its selling activities on Frigidaires. Recent sales include J. Wright Mooar, John E. Keller, A. J. Towle and R. L. Gray.

Demonstrations are being given with free refreshments up to July 3rd, so readers should avail themselves of the opportunity to see this great machine in actual operation. Mrs. Yoder served the Times-Signal editor with three helpings of frozen desserts yesterday, and to say it hit the spot would be saying it only too mildly.

NEW SNYDER ARRIVAL

Customers at the J. C. Penney store yesterday morning were wondering at the munificent way Manager H. H. Thomas was waiting on folks, when he would wrap up their bundles and just wave them away, apparently not interested in accepting their money at all. The truth of the matter is this:

"Born to Mr. and Mrs. H. H. Thomas, June 25th, at 4:30 p. m., a baby daughter, weight seven and one-half pounds, with red hair n'everything. The little cherub has been named Jo Ann."

The Times-Signal surely congratulates the Mrs. and the baby girl, while we never did see a father that didn't finally live through it all, for we have had a little experience along that line ourselves. But here is another good citizen for Snyder, arriving in plenty of time for the census takers to count.

There is plenty of room at the top, but the distance from the bottom to the top is much greater than the distance from the top to the bottom. Euclid overlooked this.

"You'll Like Snyder."

"WEDGE" REMEMBERS THE OLD "HUM" PAPER

2331 12th Street,
Boulder, Colorado.

Mr. George F. Smith,
Snyder, Texas.
Dear Jimmy:

Just to show you that I will keep a promise, here comes a letter. We have just ended a very delightful two weeks vacation. The first day's drive landed us in Carlsbad where we spent a couple of days. We visited the famous Carlsbad Cavern, and what I am trying to tell you it well deserves all the fame attached to it. We enjoyed it very much. After leaving Carlsbad we journeyed over to Santa Fe, N. M., where we spent two or three days. Here we found a very interesting and antique looking old city, perhaps one of the most historical old towns in the Southwest. I say "town" because it is not a city. I was a bit surprised to find Santa Fe no larger than it is. From Santa Fe we came to Denver where we spent several days. Well, we did stop over in Colorado Springs for a day or two. Didn't get to see the old boy pushing the peanut up Pike's Peak, however he landed it up there while we were in Colorado Springs.

Now that I have told you something about the beauty and glory of our vacation, I'll say I am right down at hard work now. School opened this week. I am doing some very extensive research work on a master's theisl for my Master of Arts degree.

Say, by the way, I haven't received a single copy of "THE WORLD'S WORST WEEKLY" (Wedge put it in red caps.) since I left Snyder. I thought I told you where to send it to: better get busy now and get it over to me. Can't afford to miss more than two in a row.

Mrs. Wedgeworth is still enjoying her vacation, since she is not taking any work this summer. She joins me in sending best wishes and kind personal regards to all.

Sincerely yours,
C. WEDGEWORTH.

Taken to Sanitarium

Albert Norred, head of the mechanical force of Yoder-Anderson Motor Co., was rushed to a Lubbock sanitarium Monday suffering from an infected tooth which he had had pulled and which was causing him untold agony. Word from the hospital yesterday was to the effect that he was resting easier.

CHURCH OF CHRIST
at
Scarborough & Faught Sts.

Now and then we come in contact with people who do not understand why we do not baptize infants. Even some of our own people do not understand, yet every one should know the why and the wherefore of his faith and practice. There are fathomless depths to this important question which none may never have reached, even of those who attempt to practice. And many points which all should by all means know and understand. At our Sunday evening service we shall study the theme, "Why We Do Not Baptize Infants."

This study will be based upon the Scriptures throughout, will be non-critical, accusing none, but considerate of the most sensitive feelings of all. "Well," says one, "I am satisfied as I am." True. You may be right, also. But do you know you are right. "No," you say, "but I believe I am." But if you do not know that you are, what if you should be wrong? Why not study the other side from the viewpoint of another. I am willing to listen to your side of it, and if convinced I am wrong, am willing to teach like you do. That is our fundamental proposition, that all churches should teach the same in fundamentals. "Come, let us reason together," say the Scriptures.

The Sunday morning study will be on this, "Jesus Heals the Centurion's Servant."

SIMPLIFYING SUMMER

WHAT is this summer going to be like for you—laborious or livable, a period of ease or hard work? That all depends on how you plan it. Here are some hints which will help enable you to while away the long carefree days out on the front porch with the rest of the family rather than painfully perspiring over an inadequate stove in your summer cottage or bungalow.

The first of these hints is to take along plenty of canned foods when you migrate for the summer season. The second is to leave your address with your grocer so that you can renew your supply from a source in which you have confidence.

What to Take Along

The first essential to right living in summer is an adequate milk supply. There may be one or many cows at the place where you elect to stay, but did you know that many farmers themselves are taking advantage of the established safety of dried, evaporated and condensed milk which comes from cows whose [illegible] has been tested and certified by Government experts? The great mail order houses are now distributing vast quantities of these products in rural districts.

For vegetables that can be quickly prepared for the table, you should, of course, take along some peas, corn, tomatoes and beans. Asparagus, beets, sauerkraut and sweet potatoes are a little more fancy products, but they will add variety to your menu at little cost.

Peaches, pineapple, pears and apricots should head the list of the canned fruits with which you provide yourself, but don't forget that apples (including apple sauce) cherries, plums and the various berries in cans will also save you a lot of time and labor.

Finally you should have some fish—salmon, tuna, codfish, mackerel, sardines—for their iodine content, and you'll find that a few cans of meat will not come amiss.

What to Do With It

When you come in hungry from a long hike, a fishing trip or any other appetite producing exercise, it's mighty nice to have a can of Irish stew, sausage, liver with bacon or onions or one of the five different beef dishes on hand ready to heat in a jiffy and to eat more slowly if you're wise.

Or, if the weather seems too warm for meat dishes, you can prepare any of several main courses by combining the vegetables you have brought along with fresh vegetables. Try, for instance, these:

Tomato and Pea Cutlets: Combine one cup of canned peas, drained, with one-half cup of very thick White Sauce and two slightly beaten egg yolks. Drop by spoonfuls into hot, buttered skillet, and fry brown, turning over once. Dip eight slices of ripe tomato in flour and sprinkle with salt and pepper. Sauté in the fat in which the cutlets were cooked. Serve a cutlet on each slice of tomato. This recipe will serve eight unless you happen to be very hungry.

New Potatoes with Stringless Beans: Choose very tiny new potatoes, scrape and boil or steam until tender. Toss with melted butter and finely chopped parsley and pile in center of a hot platter. Heat a can of small stringless beans, drain and season with butter, salt and pepper. Pile in a border around the potatoes. Hard-cook several eggs, cut in halves and dredge cut side with paprika. Insert at intervals in the border of beans.

Of course, it's possible to mix meat and vegetables and thus get a balanced summer menu. Here are a couple of recipes which show how:

Meat and Vegetables

Indian Corn: Dice one green pepper and sauté with two tablespoons butter until brown. Cut the contents of one 4½ ounce can of Vienna sausage in slices, add to pan and sauté a few minutes more. Add one teaspoon salt, one-eighth teaspoon pepper, a No. 2 can of corn, one-half cup milk and two slightly beaten eggs. Pour into a buttered baking dish and bake about thirty minutes in a moderate oven (350° F). This serves six.

Lima Beans Italienne: Dice four slices of bacon and fry to extract fat. Add one chopped onion, one green pepper, cut in rings, and two cups diced celery. Add the juice from a No. 2 can of lima beans, and simmer until the celery and green pepper are tender. Then add two cups of canned tomato pulp and the beans and heat well. Pour in center of platter and surround with one-fourth package of boiled spaghetti. Serve as a main dish with quince jelly. Serves eight.

PLYMOUTH
AMERICA'S LOWEST-PRICED FULL-SIZE CAR

TOLER-CRABBE MOTOR CO.
SNYDER, TEXAS

More per Gallon *but* LESS per Trip

***That's the economy of* CONOCO-ETHYL GASOLINE**

DURING the summer, when long motor trips are in order, a most important cost factor is wear and tear.

Every time the motor knocks, it is undergoing unnecessary strain. Its life is being shortened—its resale value reduced.

That's why we say, that in the long run, Conoco Ethyl Gasoline will cost you less per trip. Conoco Ethyl absolutely eliminates knocks. It delivers full power with every stroke of the piston. It gives lightning pick-up in traffic driving. In short, it provides a surge of power—up the hills or on the level—which keeps your motor gliding along with practically no effort. That's economy!

Give Conoco Ethyl a trial. See how cool it keeps your engine, and experience the real satisfaction of having your car run as the manufacturer intended it should.

You'll find a convenient Conoco Ethyl pump ready to supply you.

Conoco Ethyl is a proper admixture of Conoco, the extra-miles motor fuel, and Ethyl Fluid, developed by General Motors. All Ethyl Gasoline is *not* Conoco Ethyl. To be sure you are getting Conoco Ethyl, fill only at those pumps which display the Conoco Ethyl sign.

Editorials

BOUQUETS! THANX

Editor Harry F. Schwenker of the Brady Standard, who was elevated to the position of president at the Texas State Press meet at Wichita Falls several weeks ago, in giving a resume of the newspaper boys that he met, had the following to say about the editor of the Times-Signal in this manner and fashion:

"While at the convention, we met many newspaper folks whom we knew only by reputation. F'instance, George F. (Jimmy) Smith, volatile and versatile editor of the Scurry County Times-Signal at Snyder. Jimmy proudly boasts that he publishes the biggest weekly newspaper in West Texas—and it is literally that—an eight-page, eight-column paper chuck full of news and ads every issue. After meeting Jimmy, you know at once why he publishes the "biggest" paper—nothing else would adequately portray the marvelous personality of this here now Jimmy Smith."

Blushingly we read that bit of nice thought and did not feel equal to the good things he said, but we are re-printing it just the same that our home-folks may see what one Texas editor thinks of our efforts, and to further please our own vanity. It's just natural in life to read nice things about one's self, or to hear them in person, and so, Harry Schwenker, we thank you. One of these days we intend playing a trick on you by returning the bouquet of flowers you laid at our door, and we don't mean maybe.

THANKS TO YOU, BOYS

Our esteemed contemporary, The Snyder News, with Editor J. C. Smyth pitching, editorially commented on our forty-second birthday last week. Both Chubby and the writer and the entire force want to thank you boys right back for saying so many nice things in the following fashion:

CONGRATULATIONS

The Snyder News is glad to rejoice, with the Times-Signal publishers, on the forty-second anniversary of their paper's birth.

When a newspaper, or any other public servant, survives through the lean years and the fat ones, through the wet ones and the dry ones, for more than 40 years in a comparatively new country, it deserves a word of praise from the community it serves.

Newspapers are public servants in a sense over and beyond that ascribed to the office holder and the merchant, whatever services these agencies may render; for a real newspaper keeps in touch with every phase of community development and lends its columns to every movement that has progress as its foundation and aim.

The anniversary of the Times-Signal reminds the old timers that the tone of newspapers has changed considerably in 42 years. Once an editor was known by the vitriolic verbs and adjectives he used, by his ability to use cutting sarcasm and bitter irony against political enemies. Today an editor is known for the service he renders—in news gathering, in community interest, in fair dealing, and in lack of hypocrisy.

May the Times-Signal publishers continue to render unselfish service to Snyder and Scurry County for at least another 42 years is the wish of The Snyder News.

To both Messrs. Smyth and Jones the Times-Signal extends thanks, for we have no "axes to grind" nor spleen to shoot. We absolutely believe in a fair, square way of shooting, whether it be with a competitor or non-competitor. This great zone of living has within its boundaries sufficient for every living soul, be he editor, farmer, citizen or merchant.

Mr. and Mrs. Tommie McDonnell and daughter, Julia Mae, returned here from Temple Monday. Mrs. McDonnell expects to return there later for medical treatment.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

ARTICLE XXV

BEATIN THE HEN AT HER OWN GAME

Incubators When Properly Handled Provide Many Advantages While Improper Handling May Cause Serious Loss; Adequate Methods Are, Therefore, Extremely Important.

Editor's Note—This is another story in a series of 52 stories on poultry raising written by the well known national authority, Dr. L. D. LeGear, V. S., of St. Louis. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

Because an incubator is of a more or less mechanical nature, there is undoubtedly a temptation to treat it as if it were almost entirely automatic in its action. A good incubator will accomplish much with astanishingly little attention, but it must have a reasonable amount of the right kind of care if the best possible results are to be obtained. Quite often I have seen an incubator condemned as a failure when the operator was really at fault. Proper attention is just as essential in the artificial incubation of eggs as it is in any other mechanical operation. I shall, therefore, give a few pointers which I hope may show at least a few of my readers how to get better results than they have been able to obtain heretofore.

First of all, I want to say a word to those who have not yet used incubators but expect to do so. Above all things, don't select your first machine with price as the principal consideration. Poor construction almost always goes hand in hand with a too cheap price and the first saving is soon lost many times over.

Secondly, I advise getting a machine that is plenty large enough for present needs and those of the immediate future. One big machine is cheaper to run and gives better results than two small ones. When making your purchase, therefore, take future needs into consideration. Of course, it would be foolish to buy a machine out of all proportion to your needs.

I have no special preference as to the brand of incubators, nor do I consider that it makes any difference in results whether the hot air or hot water type is used. Either, if properly tended, will prove entirely satisfactory.

Caring for the incubator is not a hard task, but it does require attention to details, good common sense and judgment. The machine should be visited at least three times a day to be sure that whatever source of heat may be used is functioning properly, that temperature remains constant and that conditions generally are as recommended by the manufacturer.

Large hatcheries usually have specially constructed houses or cellars for their incubators. Smaller operators cannot afford the expense of constructing such quarters, and, indeed, do not require them. An incubator should, however, be placed in the most favorable position possible to secure best results. The room or cellar used should be well ventilated, but free from draughts, should be so arranged that temperature can be kept even at all times, and must have a goodly amount of moisture. The temperature where incubators are operating should never fall below 40 degrees: between 50 and 70 degrees is good, and an unvarying temperature of 60 degrees is ideal.

Incubators should never be operated in a room where there are odors of gases such as come from oils, vegetables or decaying matter, nor dust nor dirt of any kind should be permitted. Baby chicks should never be brooded in an incubator room or cellar. The shells of eggs are porous and their contests would rapidly absorb odors with harmful results.

An incubator must be absolutely level to secure an even distribution of heat within. Eye judgment should not be trusted. Use a spirit level and be sure to secure a level in all directions—not merely from front to back or from side to side.

When all details of installation are completed, a good dip and disinfectant should be sprayed into every portion of the inside of the machine to kill all disease germs. Then the machine should be closed up and operated for a day or two at about 102½ degrees before eggs are placed in it. The next step is to get the temperature up to the point recommended by the manufacturer and regulate the thermostat so it will keep the temperature constant.

Any incubator will be accompanied by detailed instructions for operating, maintaining heat, regulating the source of heat, what heat and moisture to maintain at various stages, and all other details of operation. It is not necessary, therefore, to give minute instructions to these points. I receive hundreds of letters from people all over the United States asking how they should operate their incubators. My answer is always the same, "Follow the manufacturer's instructions closely and you will be successful." The manufacturers of each machine should know more about the minute details of operating their machines they make than I do, therefore, their directions should be followed closely in every detail.

An incubator is a real convenience and a wonderful time saver when properly operated. One attendant will consume on more time caring for an incubator containing 2,000 eggs than would be necessary to give adequate attention to a dozen hens. On the other hand, because individual hatches are quite large, carelessness or lack of proper understanding may cause material losses. It is easy to see, therefore, why the manufacturer's instructions should be carefully followed in every detail.

THE TOWN DOCTOR

(The Doctor of Towns)

—SAYS—

GO SOME PLACE THIS YEAR

At this time of year there are several hundred thousand people throughout the length and breadth of the land who are thinking about vacation, and vacation to most of them means going some place.

That is the way it should be. This is the greatest nation in the world for "going places", and may such never cease.

To travel is to live. To sit sloth-like in one place is to see nothing, be nothing, feel nothing and next thing to knowing nothing. Travel is education—the most pleasant form of education known to man, for it "peoples the heart and mind with pictures that never fade." Travel gives a character of experience to our knowledge and brings the figures upon the tablet of memory into strong relief.

Get away from the surroundings with which you are so "contemptuously familiar". Get away from the daily grind—go places, see things and learn, by contact with those of a different clime. If you live South, go North—if your habitat is East, go West. If you live on the plains, go look at an ocean; if you have never seen a mountain, go gaze at one before you are a day older. And in the going, see what there is to see. Study how towns do things—how others who make their living as you make yours conduct their affairs. What you learn depends solely on your natural powers and gift of conception, but regardless, you can't be the loser for such a venture.

There are in America so many worthwhile places to go—places that every American should see and know about, that lack of destination is no excuse. The National Capital, the national parks, historical points, prominent in America's history—in every section of the United States, in your very own state, there are places to go.

But whatever you do, wherever you go, remember that you are an ambassador of the place where you live, and as such "sell" it to all those with whom you come in contact. Don't "gush" about it, don't overdo it, don't lie about it—just sell it.

This Town Doctor Article, one of a series of 52, is published by the Scurry County Times-Signal in cooperation with the Snyder Lions Club.

Note: These articles are written by The Town Doctor, without prejudice or malice and are impersonal. They treat each subject as applied in general—not to a particular town. Opinions favorable or otherwise on subjects covered are solicited and may be addressed to the paper in which these articles appear, or to The Town Doctor, Suite 350, McCormick Building, Chicago, Illinois.

a committee of the town boosters are telling the world, with an old-fashioned West Texas barbecue.

NOTE—The above appeared in the Long Beach (Cal.) Press and was mailed to Hugh Boren by his brother, Lee Boren.

ONE YEAR AGO

From the Times-Signal, June 25, 1928

Celebrating the turning on of gas in Snyder mains, a huge 75-foot torch was turned on in the public square with officials of the Lone Star Gas Co. participating in the ceremony.

Company G. leaves for Camp Palacios July 7.

Rev. H. J. Manley has accepted the call of the Presbyterian church at Canadian.

Scurry County Home Demonstration clubs will banquet here July 12.

Sec'y M. G. Evans of the Chamber of Commerce broadcasted over KFQB, Fort Worth, last night and shot plenty of his "native" bull.

J. L. Martin, former Times-Signal editor, has started a daily at Waco.

The "M" System store has been sold to J. J. Taylor by Lloyd Thompson, who will move to Colorado state.

With the detour season here, we will have to begin believing in signs, regardless of whether we want to or not.

"You'll Like Snyder."

SMALL TOWN IN TEXAS CREATES BIG AIRPORT

Little Snyder, Texas, with a population of only 5,000 westerners, steps out proudly and claims to have the most modern and best fitted airport of any city in the country less than 20 times its size.

Three thousand feet of landing area, an iron hangar to accomodate six planes, an electric service refueling pump, a well marked field, cabin inns with shower bath, telephone, telegraph, light, water, radio, and gas—these are some of the things Snyder says she has to offer the air tourist.

Soon the field is to be opened,

LEE ENJOYED THINGS

Lee Stinson, who attended the Texas State Pharmaceutical convention at Fort Worth last week, returned home very enthusiastic over the celebration that was made, the fiftieth anniversary of the group. Mr. Stinson gave one of the opening addresses and according to the Star-Telegram handled himself in a most efficient manner. Such happenings are what keeps the fair name of Snyder in the city date lines, and we know of no better booster than Lee Stinson.

BABY GIRL DIES

Emma Jone Jourden, the 10-month-old daughter of Mr. and Mrs. E. W. Jourden, died Sunday afternoon at the residence. Funeral services were held on Monday afternoon at two o'clock, Rev. W. F. Ferguson having charge. Interment was made in the Snyder cemetery. The community grieves with the family in the loss of this baby daughter.

INFANT DIES

The infant son of Mr. and Mrs. J. H. Rollins died Friday, June 21, and funeral services were held Saturday morning at 10 o'clock at the family residence, with Rev. W. F. Ferguson, pastor of the First Baptist Church, officiating. Interment was made in the Snyder cemetery.

The community grieves with the parents in the loss of this son.

Warren Boosting Eggs

The second set of questions offered by Warren Brothers in a prize contest on eggs appears in this issue. Get in on this contest that the store is conducting in an effort for increased egg production and better poultry in Scurry County.

RACE HORSES RETURN

P. L. Fuller's race horses were returned to the ranch for their summer vacation last week and to be placed in readiness for the fall campaign. The runners enjoyed a most successful season during the past few months, one horse winning nine first of eleven starts and two seconds—a remarkable record.

SUNDAY SCHOOL MEETING BE HELD AT HERMLEIGH

The Mitchell-Scurry Associational Sunday School meeting will convene with the Hermleigh Baptist church Sunday afternoon, June 30, at 2:30. The program is as follows:

2:30 Devotional, J. C. Parks, Roscoe.

2:45 Inspirational address, John W. Cobb, Colorado.

3:00 "Solving the Absentee Problem," Supt. A. A. Bullock, Snyder.

3:15 "The Young People's Department, J. Q. Woodward, Roscoe.

3:30 "Organized Class Demonstration by eight men from First Baptist Sunday School, Colorado.

3:45 Reports.

4:00 Round table discussion led by J. E. McDermett, Westbrook.

"WHOOPEE" AT ABILENE JULY 4

ABILENE, June 26.—Some of the best known and most talented thrill-provoking automobile race drivers in the United States will participate in the speed classic to be held in this city on July 4 under sanction of the American Automobile Association.

Earl Hoveden, Duncan, Okla., recognized as the ace daredevil among race drivers in the Southwest, has sent in his formal entry for the Independence Day program, which will be one of the seven biggest races offered in the United States this year by AAA.

Other prominent racers already registered with the race committee of the West Texas Fair Association, sponsors of the big sport presentation, are Sam Jewell, also of Duncan, Okla.; "Slim" Harper of Longmont, Colo.; and Rex Edmonds of San Antonio.

"Three Nuts" From Levelland Here Yesterday

Unique Non-Stop Run Going Strong as Plainsmen "Hesitate" Here

The automobile, "Miss Levelland," carrying three citizens of Levelland, county seat of Hockley County, that is out to set a new world's record for continuous running, passed thru Snyder Tuesday and re-fueled at the Bell Tire & Rubber Co., with a short visit to the Joe Strayhorn Ford agency.

The automobile, carrying three Levelland men, H. C. Gore, W. C. Breedlove, and Walter Wright, left Levelland Thursday morning, June 20 on a non-stop trip that will take them to each of the 252 county seat towns in Texas. Already, the car has carried the party to each of the Panhandle and north plains county seats, making a total of 51 counties when it arrived here.

The first night out a heavy rain and hail storm was encountered that slowed up the journey, and at Borger, water in the gasoline gave engine trouble. Determined to not stop the motor until the 50,000-mile journey is complete, one of the mechanics took the bottom from the carburetor off long enough to drain the water out without killing the engine. The party has been named "the three nuts," and this is only one of the many incidents that is a typical example of their determination to make the non-stop trip.

Turkish historians say last winter was the worst in Constantinople since 1620.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Church Affairs

All regular services were held last Sunday at the Presbyterian church. The pastor received at least one compliment on the morning service—that is, he closed at one minute past twelve o'clock. You know, Mr. Editor, there are a good many people who feel that the stomach must be fed promptly and abundantly, but they are not so careful about the feeding of the soul. Rather strange, isn't it?

We understand that on Thursday of this week a fifth Sunday meeting will begin at the First Baptist Church of this place and will continue both day and night over Sunday. Several visitors are expected and dinner will be served at the church each day, beginning Friday. Now there will be a change for both kinds of feeding.

On Monday night women of the Missionary Society of the Methodist Church entertained their husbands in the home of J. I. and Mrs. Boren. There were both kinds of feeding again. The fact is, a good Christian woman makes a better wife than she would otherwise be; and we are inclined to the notion that a good Christian man makes a decidedly better husband than the other sort.

About the School

Our school building is getting a general overhauling—it is being newly plastered, new windows and doors are being put in and other repairs made as necessary.

It should be remembered that July 10 is the day set for voting on the new building bond question. As previously stated in this column, this is a very important matter, and every legal voter in this school district should get to the polls on that date. Not only is it a question of whether or not the bond proposition will carry; we believe it will; but the vote should do more than carry the bond proposition; it should show a real live interest in the matter. Even if every vote cast should be for the bonds, still the vote should be large, manifesting a real interest. This alone means much. Surely there are not very many people who would vote against the bonds. A first class high school is absolutely essential to the best interest of this entire community—this whole consolidated school district; but such a school cannot be had here without an adequate additional building. We must give our young people a fair chance to become intelligent, accomplished men and women. This, together with what the churches are trying to do for our young people, will be the best legacy that we can possibly leave to them. Important as this is, there is still another consideration involved here. If ample school facilities are not provided here, from time to time some of our best families—families which we cannot afford to lose—will be going to other communities in quest of educational advantages. On the other hand, if we provide and maintain the needed school facilities here, then desirable families will from time to time be coming to our community in order to live in the country and at the same time enjoy first class high school advantages. Thus, when this question is fairly and intelligently considered, we find that it goes far beyond and entirely overshadows the small matter of a few extra dollars in annual taxes. The extra taxes we will be called upon to pay will not hurt us, but the failure to provide and maintain the kind of school here indicated will hurt us exceedingly bad, and the mischief done will be repeating itself every year and ultimately bear its drawfed fruitage in future generations. In view of these considerations let every good citizen carefully weigh the importance of this matter, talk it over with his neighbor and go to the polls July 10th.

Sickness and Accidents

We understand that Mrs. Effie Boles, who recently underwent a serious operation in the Lubbock Sanitarium, is getting along nicely.

J. B. Bley is again suffering from his old trouble—rheumatism.

We understand that Mrs. Clark, some three miles southwest of town, is in a bad state of health. Let the good women take notice.

Two of E. W. Lemon's young folks received painful injuries last Wednesday while cranking a car. The crank became a kicker (kickers are usually trouble-makers), the result being that Herston received a broken arm and Alma a strained shoulder.

We find that "Buster" Robison is nursing a broken arm, but we have not learned particulars.

Jess Hale departed for Dallas Monday with his small son who is receiving special treatment at the Scottish Rite Sanitarium.

Miscellaneous Notes

Elmer Long shipped two cars of two-year-old fat steers to Allen, Kan., last Friday, sold to Mr. Corbit.

A group of Ira people put on a play here last Saturday night which was well attended.

Fluvanna people will learn with regrets that Miss Ruth Hardy, who has endeared herself to many as an efficient teacher and a most worthy young lady, has recently resigned her position with our school. We understand that she will teach expression in Brownwood, her home town.

Mr. Cole invites the people to inspect his new clean ice depository and cold storage meat vault.

Visits and Trips

Tom Matlock and family, accompanied by Houston Jones, departed a few days ago for the wheat fields of Kansas.

J. B. and Mrs. Sneed and Elijah Smith and family, all formerly of this community but now of Winters, are spending a few days visiting here while on their return from a visit to Portales, N. M.

Haley Haynes of Big Spring, now of the aviation corps, spent last Wednesday night here with home folks.

Emmet Boren and family of Lamesa spent the week-end here with home folks.

W. R. Craft and family of Southland were here last Sunday visiting a daughter, Mrs. John Stavely, and family. Miss Agnes has remained over for a more extended visit with her sister and old friends.

Mrs. H. Lanham is now on an extended visit to relatives in Clay County.

Mr. and Mrs. Casstevens spent the week-end in the T. A. Paver home here.

W. Sweatt and family of Post visited relatives here last Sunday.

F. J. Moore and W. B. Hood are said to be fishing on the Concho this week. No telling how many bites they may get, though some of them may be chigger bites.

JAS. H. TATE.

The Very Best Time

to take Dr. Pierce's Golden Medical Discovery is now. This herbal alterative ... makes the blood redder—improves and repairs your system, rouses organs into healthy action and builds up needed flesh and strength. Read this:

Mrs. George Geren of 1133 N. Detroit St., Tulsa, Okla., said:—"I was in a general run-down state of health, my stomach was weak, my liver was torpid and my blood was in an impoverished state. The only medicine that gave me any help was Dr. Pierce's Golden Medical Discovery. It enriched my blood, corrected my liver and stomach trouble and was a great improvement to my general health."

Ask your nearest druggist for Dr. Pierce's Discovery, in tablets or liquid, or send 10c for trial package of tablets to Dr. Pierce's Clinic, Buffalo, N. Y.

DERMOTT NEWS

We are having some hot, dry, windy weather the past week and are very much in need of rain.

Several of the young people of our community attended the singing at Polar Sunday night.

We are glad to report that Everett Scrivner, who has been sick the past month, is able to be up again.

Mr. and Mrs. Alford Browning and daughter, Cora Nell, spent the week-end with relatives near Loraine.

Mrs. C. A. Rankin and children of Snyder spent Sunday with her sister, Mary Hulsey.

J. W. Edmonson and cousin of Snyder spent the last of the week with their grandmother, Mrs. Joe Wilson.

Mr. and Mrs. Fletcher or near Bethel and Mr. and Mrs. Dan Blair of O'Donnell spent Sunday with their mother, Mrs. Will Reynolds.

Mr. and Mrs. Smith and children, and Mrs. Bob Browning were in Snyder Saturday shopping.

J. A. Scrivner has purchased the Edgar Scrivner land three miles north of Dermott.

Bethel played Dermott a game of baseball Sunday, Dermott winning 14 to 1. Ira is to play here Sunday.

Thell Browning and Charlie Browning of Spur were in Dermott Monday.

H. C. Greenfield, Mrs. May Sanders, Miss Inez and May Jean made a business trip to Snyder Monday afternoon.

Mr. and Mrs. W. K. Reagan and daughter, Margaret, of Post spent a while Sunday night with their friend, Mary Hulsey.

M. J. H.

POLAR NEWS

Wedding bells have rung at Polar again. On Monday, June 10, Mr. Bernice Clanton and Miss Gladys Vick slipped away to Snyder and were united in marriage by Rev. W. F. Ferguson. A number of people celebrated the occasion with a chivaree the following night in the Vick home. Both Mr. and Mrs. Clanton are young people of high character and good reputation, and although both are still in their teens, we feel that they will succeed.

All church services were well attended Sunday. Polar's singing class has improved wonderfully since the contest has begun. It seems that our singing services have been threatened for the past few Sunday nights with characters of no reputation, some drinking, some trying to lead our young singers away. We sincerely hope that our community work will not be hindered by such characters as it has in days gone by.

On last Friday night Mr. and Mrs. Bernice Clanton were honored with a party and shower in the home of Mr. and Mrs. J. A. Martin. Those present were divided into two groups, "The Uglies" and "The Pretties." The Uglies took the young couple around the yard and as they started in the house they received a shower of shoes and peas. As they entered the door "the pretties" met them with a number of useful gifts. A short program was given by Aletha Vicks, Mr. and Mrs. B. A. Moore, Mr. and Mrs. Johnny Hoyle and Zula Carlile. After playing several games, refreshments of pink ice cream and cocoanut cake were served to about twenty-five people by Ina and Inace Craig and Aletha Vick and Lois Lovelady.

The Intermediate and Senior classes of the Polar Sunday school enjoyed a good time at the Lovelady home after Sunday school last Sunday in the form of an outdoor supper. A fire was built and supper spread under a big willow tree. Then the 23rd Psalm was quoted by Ina Craig and prayer led by Mrs. J. A. Martin. The good supper consisted of weenies, sandwiches, soda pop, fried chicken and ice cream and cake.

Miss Stella Smith attended the Epworth League meeting at Abilene week before last.

Mrs. Sam Mitchell, Mrs. H. H. Mitchell, Mr. and Mrs. W. H. Courington and children and S. O. McFalls and family returned home from Winters last week where they attended a family reunion of the Mesdames Mitchell and Courington.

Miss Lurline Louderdale and brother of Brownfield have been guests in the Ford home for the past few weeks.

Miss Pearl Carlile has returned home from a visit at Knapp.

Mr. and Mrs. R. O. Von Roeder of Snyder were guests of Mr. and Mrs. Scott Lovelady Sunday.

Ivan Elkins, who recently underwent an operation at Lubbock, returned home last week. He is reported doing nicely at present.

Mrs. Bettis of Lubbock is visiting her parents, Mr. and Mrs. G. M. Elkins, and other relatives this week.

A. C. Elkins branded and vaccinated several head of calves Saturday. In connection with the branding he gave a good barbecue in honor of Herman Elkins' 14th birthday.

A. C. Cargile attended commissioners court last week.

Miss Dell Marie Cumbie is on an extended visit with her sister at Lowe, Texas.

Mr. and Mrs. A. C. Cargile and W. D. Sanders left for a vacation trip to Oklahoma last week. Mr. and Mrs. Dan Blair are occupying their home during their absence.

OLD GAIL SETTLER DIES

Mrs. Lizzie Kincaid, aged 89 years, residing at Gail, Borden County, passed away Friday, June 14, and was buried at the Gail cemetery Saturday.

The deceased lady had resided in Borden County for many years and well remembered the flourishing days at Gail when it was the headquarters for large ranching interests.

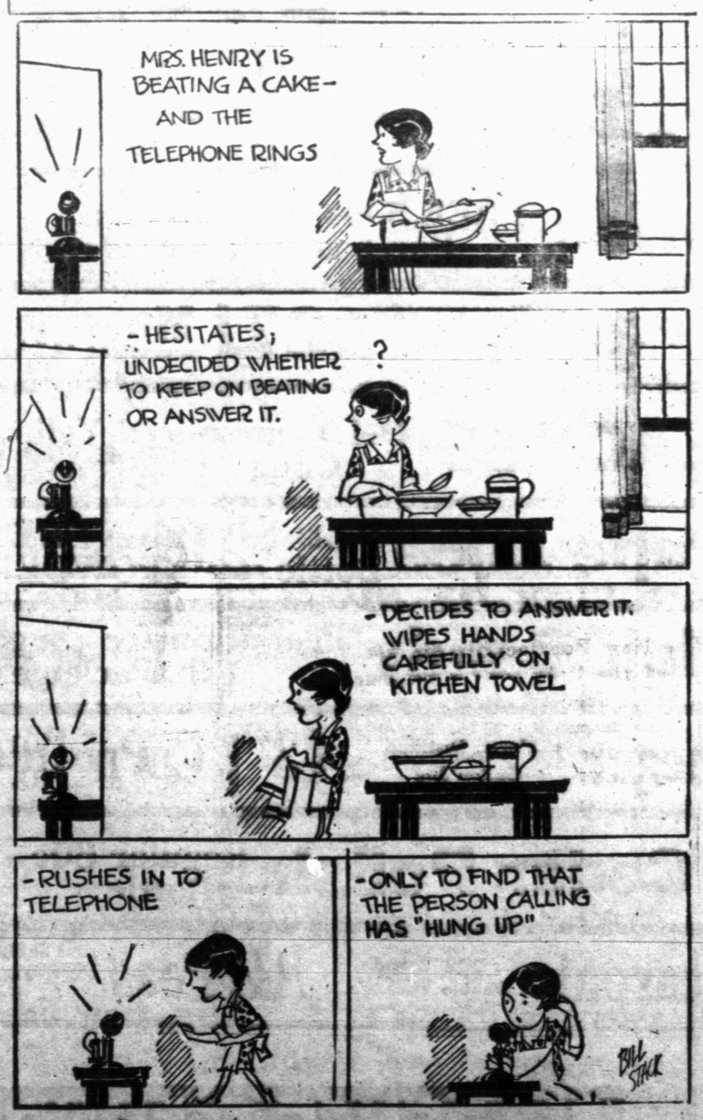

A man whose heart is in his boots naturally hesitates to put his foot down.

TOWN PROGRESS TAKES

A merchant once so disliked his fellow townsmen that he sold out and moved to another city, where he presently grew to hate his new associates. Looking for a new location, he met a stranger who said, "Move to my town, the finest little city in the United States, where God's own people dwell." Thinking his wanderings were over, the merchant inquired the name of this earthly paradise, only to learn that it was his old home town. Moral, if you don't like your neighbors, maybe it's your own fault. Extend the hand of fellowship to your neighbor and you'll be surprised what a good fellow he is. Good fellowship between townspeople breeds co-operation, and that insures success.

IT HAPPENS EVERY DAY by Stack

SOMETIMES it's difficult for the persons you call to answer the telephone right away. It's a good idea to wait *a minute or so* before "hanging up."

Laundry Washed Clothes are Cheaper than THIS

HAVE you ever figured out what it actually costs to launder your clothes at home? . . . One woman figured she actually saved 21 cents (and no one has yet saved more), with her two days of tiresome toil. Cost experts, however, say that the modern laundry saves a woman from $1.00 to $2.10 on the average bundle . . . . but, really, what difference does it make whether it is 21 cents or $1.00 gained or lost? Can you really afford to labor in the heat and wet of the home-washing for even 21 cents a day? Millions of other home-managers have found that laundry washed clothes are cleaner, sweeter, and longer-wearing. To them washday is forever gone. They have gained a whole day each week . . . one-seventh of a lifetime free for enjoyment and living, and have saved money, too.

SOCIETY

HOME OF DR. AND MRS. J. T. WHITMORE SCENE OF GALA EVENT

On Thursday of last week Dr. and Mrs. J. T. Whitmore entertained relatives with a day-spending.

The spacious rooms gaily decorated with spring flowers were thrown open and at nine o'clock the guests began to arrive one by one and two by two until the number reached eighteen.

At 12 o'clock the dining room became the focus of brilliance where all were served family style. No delectable viand was lacking in the menu, and no taste, however epicurean, could fail to be satisfied.

After the noon hour the radio and Brunswick were pressed into service. Games of 42 followed, and at four o'clock an iced course was served.

Then came time for departure, all acclaiming a glorious day. Those present were Mr. and Mrs. W. H. Hale, father and mother of Mrs. Whitmore; J. W., J. C. and S. B. Hale and families, brothers of Mrs. Whitmore, all of Colorado; Mr. and Mrs. J. M. Young, daughter of Dr. and Mrs. Whitmore, Rotan; Mrs. A. J. Barry, Mrs. Whitmore's sister, and son, Arl Barry, and wife of Chickasha, Oklahoma.

COMPLIMENTS GUESTS WITH SWIM AND PICNIC

Mrs. H. G. Towle complimented her house guests, Misses Nell Harper Greene, Virginia Stonerode, Katherine Price, Margaret Mann and Messrs. William Greene and Sherrod Smith of Colorado with a picnic and swim Wednesday evening.

The happy crowd gathered at the home of Mr. and Mrs. Towle at 6:30 and then departed for their chosen picnic spot, Ennis Creek, where they enjoyed a delightful picnic.

Later they went to the Country Club where they enjoyed a swim in the club pool.

Those present on this happy occasion were Misses Dixie Ruth Smith, Mary Lynn Nation, Eloise Scott, Dorothy Strayhorn, Ida Sue Wallace, Floye Brownfield, Dale Warren, Bobby Chambers, Audra Jenkins, Frances Stinson, Mary Margaret Towle; Messrs. Sam Jenkins, Cleve Blackard, J. P. Strayhorn, Holley Lewis, Charles Cooper, Marshall Higgins, W. O. Logan, Brud Boren, Travis Reed, Glen Wilsford, J. D. Scott, Billy Grayum of Lubbock, J. D. Mitchell, Mr. and R. L. McKnight of Lubbock and Mrs. J. C. Stinson.

BILLIE JOE STINSON HONORED

Mrs. L. T. Stinson entertained her little son, Billie Joe, Friday afternoon with a party, the occasion being in honor of his fourth birthday anniversary.

Various games were played after which refreshments were served. The little guests who celebrated with Billie Joe on this occasion were John William Leftwich, Virginia Preuitt, Jean Taylor, Mary Sue Sentell, William Hamilton, Dorothy Winston, Eddie Richardson, E. J. Richardson, Sarah Dodson, Mary Ellen Williams, Billie Gray, Jimmie Randals, Patty Joyce and Bobby Hicks, Ernest Taylor Jr., La Frances Hamilton, Frances Boren, Frances Stinson, Evelyn Ladwig, Frances and Weldon Neeley, Mary Louise Taylor, Patsy Dodson, Howard and Sims Bradley Taylor and Margaret Gray.

DANCE

Charles Cooper and Travis Reed complimented a number of their friends with a dance Friday evening at Wolf Park.

Those enjoying this affair were Misses Bobbie Chambers, Evelyn Pratt of Stephenville, Eula Pearl Ferguson, Lucille Brown, Ann Ware of Honey Grove, Evelyn Kidd of Kingsville, Ozella Squyres, Doris Buchanan, Ida Sue Wallace, Dale Warren, Floye Brownfield, Audra Jenkins, and Messrs. Stanfield Cooper, Brud Boren, Percy McFarland, Errol Taylor, Harold Brown, Clayborn Pirtle of Justiceburg, N. R. Clement, Curtis Larue, G. L. Huestis, Fred Merrill, J. T. Jenkins, Bob Gray, Glen Wilsford and Grady Ferguson. Mesdames Charles Cooper and P. M. Chambers and Mr. and Mrs. R. H. McCurdy were chaperones on this occasion.

MISSIONARY SOCIETY MEETS

Mesdames Sed A. Harris and R. E. Gray entertained the Women's Missionary Society of the Methodist Church Monday afternoon at the home of Mrs. R. L. Gray. Twenty-two members and two guests, Mrs. Stokes of Fort Worth and Mrs. P. M. Bolin, were present.

Mrs. J. G. Hicks led the devotional, and Mrs. C. C. Higgins led the discussion on "Broken Homes Rebuilt," with Mesdames Wayne Boren, R. H. Curnutte and W. W. Hamilton taking part. Mrs. W. W. Smith gave a discussion on "Christian Stewardship."

The next meeting will be held Monday.

MRS. O. D. CARTER ENTERTAINS

Mrs. O. D. Carter entertained the members of the Christine Coffee Circle of the Baptist Women's Missionary Society Monday afternoon at her home.

During the business meeting the circle voted to have a visitation day every week to visit the sick and shutins.

A study of the book, "Ann of Ava," was led by Mrs. T. H. Duff.

A delicious salad course was served to Mesdames Henry Brice, J. M. Newton, LeMond, Huestis, T. H. Duff, W. F. Ferguson, Collie Fish, Willard Jones and Rev. W. F. Ferguson.

SWIM AND PICNIC GIVEN BY MRS. L. T. STINSON

Mrs. L. T. Stinson complimented her niece, Evelyn Ladwig of Ballinger, with a swimming party Tuesday evening at the Country Club.

After the swim the guests returned to the Stinson home where they were served a dainty picnic lunch on the lawn.

Those enjoying this occasion with the honoree were Mary Margaret Towle, Frances Stinson, La Frances Hamilton, Virginia Wills, Frances Boren and Frances Northcutt.

MISS MILDRED STOKES IS HONOREE AT PARTY

Miss Mildred Stokes of Ft. Worth was named honoree at a delightfully planned party Tuesday evening at the home of her sister, Mrs. Warren Dodson.

Following the play of various games, delicious refreshments were served to Misses Hilda Gene Williamson, Vernell Bradbury, Dixie Lee Davis, Frances Lewis, Dinaween Bridgeman, Louetta Byrd, Eva Nell Arnold, Ada Nell Teague, Hazel Bannister and Messrs. Buddy Martin, George Eoff, Dawson Bridgeman, Albert Carlton, Bob Hamilton, and E. J. Bradbury.

BREAKFAST AND SWIMMING PARTY ENJOYED

Mrs. H. J. Brice entertained in honor of her niece, Miss Frances Denson of Mineral Wells, with a breakfast and swimming party at the Country Club Saturday morning.

Those present were Misses Ida Sue Wallace, Gwendolyn Gray, Frances Lawlis, Jeanette Lollar, Roberta Raybon, Pauline Banard of Pampa, Mary Ellen Martin, Maurine Stinson, Mrs. Guy Stoker, Richard and Wylie Brice and the honoree.

"You'll Like Snyder."

FORMER IRA SCHOOL HEAD RAISING POULTRY

Instead of Supt. W. F. Brown of the Ira schools, it is now Poultry Booster W. F. Brown, since he has decided to quit teaching and go into the poultry game, already having more than 800 fine white leghorns. Mr. Brown has leased a farm southwest of Ira and intends getting into the poultry business on a heavy scale. He will also sell insurance in idle moments, and let it be said that he can sell that, too.

Middle Life Troubles

"ABOUT twenty years ago, my health was very bad," says Mrs. Mat Howard, of Terrell, Texas. "I was passing through a critical time in my life, and I suffered a great deal. I was not at all strong, and my nerves got all upset. I had hot flashes, and sometimes would get suddenly so faint I could not stand up. My head would whirl, and I could not see a thing. I would have to lie down for hours at a time.

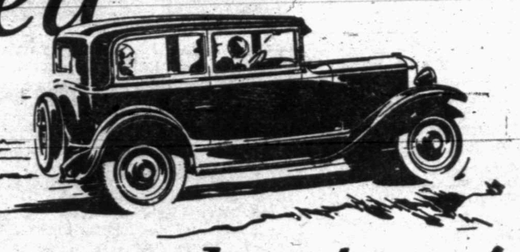

"I improved so much after I had taken Cardui for a while. I continued the medicine for some months, until I had passed the critical period. Since then, I have given Cardui to my five daughters. All of them have continued the use of Cardui in their homes. We have all been better for having taken it."

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Among all the delightful performance characteristics of the Outstanding Chevrolet—none is creating more widespread enthusiasm than its thrilling speed and flashing acceleration!

The great new six-cylinder valve-in-head engine responds to the accelerator with an eagerness that is literally amazing. Touring speeds are negotiated with such smooth, silent, effortless ease that you almost forget there's a motor under the hood. And when the throttle is opened wide—the pace is faster than the most experienced driver would care to maintain!

Back of this exceptional performance is a brilliant array of engineering advancements—typified by a high-compression, non-detonating cylinder head . . . automatic acceleration pump . . . hot-spot manifold . . . semi-automatic spark control . . . and a heavier crankshaft, statically and dynamically balanced.

Come in and drive this car. Learn for yourself, at the wheel, that no other car can approach it in the price range of the four!

EGGS EGGS EGGS

YOU EAT EGGS—YOU LIKE EGGS
WHAT DO YOU KNOW ABOUT EGGS?
CONSTRUCTION OF AN EGG

13. At which season of the year are eggs at their best?
14. Why are eggs produced during the summer months rarely of the same quality as eggs produced in early spring?
15. Can the air cell in an egg be considered as a guide to the age of an egg?
16. What is the food value of an egg?
17. Is the energy value of an egg due to the yolk or the white?
18. Does the yolk contain any iron?
19. What is the name of the protein found in the white of an egg?
20. What is the substance known as "lecithin" in an egg?
21. Is Vitamin D, which promotes the development of normal bone and teeth, present in eggs?
22. Which of the five principles is absent in an egg?
23. Are eggs easily digested?
24. What the methods of preserving eggs?

Here are the second 12 questions of 48 to be asked in four weeks. To the one giving the most out of the list we will give one 25-lb. bucket of Dr. LeGear's Poultry Preparation. Send or bring in your answers.

CLARENCE SAUNDERS SOLE OWNER OF MY NAME

COMMUNITY PROJECTS

SCHOOL IMPROVEMENT CLUB WORKS A MIRACLE

The spring of '27 found a few ladies gathered together with the idea of forming a Woman's Club. Its name was determined by the great need of the hour: that of equipping a new brick school building, which had just been completed. Hence the name: "School Improvement Club." The new building was the result of the consolidation of two rural communities, so that our boys and girls might be better equipped for life.

First we had to consider our biggest problems: the curtain for the stage and a piano must be bought. To do this, a committee was appointed to canvass the surrounding towns and secure advertisements to pay for the curtain, which cost about $400. Another committee was to take up a public subscription to pay for the piano. As the funds for the latter were insufficient, a play sponsored by the club was given. This, together with the sale of two quilts made by club members, finished paying for a slightly used piano that we purchased from a responsible party.

Two more problems now arose: buying seats for the auditorium and securing lights. These were easily solved when "Uncle Billy" Johnson came and told us that he would buy the seats and have the building wired and connected with his individual plant.

September arrived and school began. The teachers joined us and became interested in our plans. We found that the library and home economics rooms needed equipment. Then, too, furniture for stage was needed, all of which called for more money.

To partly cover these needs a Hallowe'en party and a faculty play were given, as well as a book and kitchen shower.

Our County Demonstrator then put on a cake baking contest. The cakes were sold after a musical program to the highest bidder.

Again the faculty helped out by giving a negro minstrel, the proceeds from which helped to pay for more library books.

During this time the club had been divided into two sides for a "hen" contest. These were to be given by people of the school district. From their sale, the club realized a goodly sum which paid for playground equipment. Last but not least was the high school commencement play, whose proceeds were used to pay three commencement speakers.

We now have $50 in the treasury and though our greatest aims have not accomplished, in this our first year of existence, we are still working to ever better equip our school.

Summary of money raised and equipment purchased:

Curtain for stage	$400
Piano	300
Seats for auditorium, lights	300
Library books	250
Domestic Science equipment	150
Stage furniture and rug	100
School room equipment	50
Playground equipment	50
	$1,600
Cash in treasury	50
Total	$1,650

ADVICE TO MERCHANTS

In a recent radio talk, a well-known speaker had the following to say to the merchants of the small towns:

"To any merchants who may be listening in—I have a word of advice. Do not GIVE your local newspaper a dollar. Instead—BUY twice as much advertising as you think you can afford for a period of one year, then watch your business grow.

"The newspaper is an accurate mirror of the town in which it is published. If your town is a live town, one that can meet the intense competition of today, the newspaper will be filled each issue with money invitations to trade at the various business places of that town. Your newspaper is your daily or daily contact with the people of your trade territory. Use it liberally and you will be surprised at the results. The merchants in every town where a real newspaper is published could afford to pay the subscription to the paper for every resident within 30 miles—they would get their money back many times over by increased contacts for their advertising messages.

"Boost for your newspaper—it is always boosting the community—and the boost you give will pay you big dividends."

Friend—What style?

Bride—One of those where it is legal to cook.

ADMISSION PRICE

Admission prices for the July 4 automobile races to be held in Abilene will be as follows: Adult, grandstand, $2.00; Child, grandstand, $1.25. Adult, bleachers, $1.50; Child, bleachers, 75 cents. Reserved seats in boxes, Adult, $2.50; Child, 1.75. Reserved seats are on sale at the Abilene Chamber of Commerce. A limited number of cars will be admitted to the south side of the track. Each adult in such car will be charged $2.00; each child $1.25.

Never Saw Its Equal, He Says

"I believe I had about the worst case of stomach trouble in Texas, but after taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills, I am in the very pink of condition.

W. H. NEWBY

"Right after every meal I would have sour stomach. I suffered day and night. I was at dinner one day and a sharp pain hit me right under my liver and extended to the pit of my stomach and almost 'knocked me out'. I was dizzy for hours afterwards and the pain just stayed in my side.

"My kidneys were acting so freely I had to be up four or five times every night. Loss of sleep made me weak and nervous and my whole system was badly run-down. My liver was out of order, I was badly constipated, and was continually taking laxatives.

"Since taking the wonderful Sargon treatment my only trouble is to keep from eating too much, and I never have a sign of indigestion. All the pain is gone from my side, my nerves are in fine shape, and I sleep fine. I'm no longer constipated. Sargon Soft Mass Pills certainly are wonderful for they do their work thoroughly without griping like other laxatives.

"I had read a lot about Sargon, but I never had the slightest idea I would get such remarkable results from it in so short a time."

The above statement was made by W. H. Newby, well-known resident of Dallas. He owns the Live and Let Live Barber Shop at 3906-A Holmes St.

Sargon may be obtained in Snyder at Warren Bros. 2-1tc.

PLAINS BAPTIST MAKES COMMENT ON MEETING

The church at Portales, N. M., has just had one of the most gracious refreshings from heaven they ever had. Joe Grizzle, the pastor, and his whole church are rejoicing and praising God every day for the meeting. W. F. Ferguson, the good pastor at Snyder, Texas, did the preaching. There were 35 professions and accessions to the church. The pastor said it was one of the happiest meetings of all his life and that the numbers was not the only large result. The spirit and fellowship and vision that came were something to be coveted indeed. Lee Stulce of San Angelo church led the song services, and he did it well. God graciously blessed his work also.—The Plains Baptist.

The height of a small boy's ambition is usually about six and a half feet.

Money will buy a mighty good dog, but it won't buy the wag of his tail.

DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Okla.

THAT the business concerns who study the preferences and demands of their community and who advertise consistently in local papers are the concerns who have an ever increasing volume of business?

Quality, up-to-date goods and newspaper advertising are the prime requisites of success.

Women like to read the advertisements. In fact, they usually read the ads before they shop in order to know where the best bargains are to be found.

With men, time seems to count more. When it comes to shopping they are always in a hurry. They know what they want, look over the ads, find who has what they want, go right there, buy it, and then on their usual business.

People today are busier than ever, accomplishing more and having more fun doing it, and appreciating more and more what the service of newspaper advertising is doing for them.

Newspaper advertising offers every business concern an opportunity to increase profits by increased sales.

Newspaper advertisements offer every citizen an opportunity to save money, as everything worth having is advertised.

Leading business concerns know that newspaper advertising is essential to success.

Fortune has smiled on those concerns who have been continuous advertisers. They have shown an amazing progress as a result of advertising.

WOODPECKER TELLS A TRUE STORY

A woodpecker pecks
Out a great many specks
Of sawdust when building a huf.
He works like a nigger
To make the hole bigger—
He's sore if his cutter won't cut.
He don't bother with plans
Of cheap artisans,
But one thing can rightly be said;
The whole excavation
Has this explanation:
He builds it by using his head.

MAKES MONEY FEEDING STOCK

J. F. Craft, manager of the Bush-Burnett Farms and Ranch of Knox County near Knox City, visited County Agent W. O. Logan Tuesday and met Mrs. Bush, who was returning from California. Mr. Craft has fed out his calf crop, pig crop and a few cars of lambs he bought for feeding at the suggestion of Mr. Logan while Logan was county agent over there. Mr. Craft says by following approved feeding methods he has made several thousand dollars out of a large amount of rent feeds. They run several thousand acres and have one-third planted to feed. They formerly sold the rent but found feeding pays. Mr. Craft is now adding White Leghorns to the livestock. He said the calves made an $18.85 profit per calf, the sheep $3.15, the hogs $11.10. He is thinking of rushing a car of hogs for August market or grazing them through summer and feeding out in the fall. He decided to feed while and be ready for the high market.

WITH THE PRESS GANG

The Scurry County Times had the biggest kind of a birthday cake on its front page, last week. It was a gorgeously decorated affair and was alluringly displayed by a pretty young lady—but the gang wasn't invited in to have a slice! Nevertheless, they aren't going to be peevish and will send the heartiest good wishes to the Times and its publishers. The wonderful cake boasted 42 candles which is more than most Plains newspapers can lawfully display on their birthday cakes. George F. Smith and W. H. Ritzenthaler have been running the Times a little more than a year and have given their patrons a live, up-to-date publication which makes an excellent impression wherever it goes.—Southwest Plainsman, Amarillo.

For all these kind words we thank you, brother publishers.

COTTON MAN, HURT IN WRECK, CRITICAL

Dan Ripley, cotton buyer of Sweetwater, and well-known in Snyder as being the partner of L. J. DeLatte, was badly injured in an auto accident Friday, having his jaw broken. He was still serious Tuesday, when Mr. DeLatte called the hospital at Sweetwater where information was given out that a slight infection prevents an operation.

Mr. Ripley and Oscar Pate, cashier of the Sweetwater City National Bank, were returning home from a fishing trip when the accident occurred. Mr. Pate suffered a broken arm and minor injuries.

MARRIAGE UNITES TWO WEST TEXAS FAMILIES

COLORADO, June 22.—Two prominent families of this section were united Friday evening when Miss Dale Hall, daughter of Judge and Mrs. J. H. Hall of Loraine, and Mr. A. L. Geer, son of Mr. and Mrs. L. J. Geer of Sweetwater, were married at the bride's home in Loraine.

Judge Hall, father of the bride, is a former county judge of Mitchell County and also former member of the House of Representatives at Austin.

L. J. Geer, father of the groom, is general manager of the Texas Electric Service Company of West Texas.

The bride finished work for a degree at Simmons University, Abilene, this year.

BUSINESS MEN PARTNERS WITH THE 4-H CLUB BOYS

Texas dairying is being promoted in many counties on a partnership between business men and 4-H club boys, the former financing the purchase of good registered calves and the boys raising them as demonstrations in care and management under the supervision of the county agent.

In Shelby County twenty Jersey calves have been bought by business men for the boys, each boy getting a heifer and a male calf. The boy puts the calves on nurse cow and at the end of 30 days starts with a commercial feed. The man pays half the feed cost until the end of six months when the boy keeps the heifer and the bull calf is turned over to a farmer to keep for one year. The bull remains the property of the business man to be used for breeding up the dairy cows of the vicinity.

A registered Jersey heifer club of 15 members has been organized in Grayson County by the county agent in co-operation with the Sherman Lions Club. Each boy signed a note for his bred heifer calf, costing from $125 to $150, and the note was endorsed by the parent and two members of the luncheon club. Each boy grows two acres of a cash crop to aid in meeting the note. A similar plan has been worked out in Fisher County with the Lions Club of Rotan.

FREEZING DESSERTS QUICKLY

Quick freezing of a wide variety of entirely new desserts and salads never before possible in the home is brought to the kitchen with the perfection of a device for the regulation of low temperatures in the ice trays of the household refrigerator.

This cold control, when installed on a household cabinet, enables the housewife to set the temperature in the ice trays at any one of six freezing speeds, ranging from a point slightly below freezing to near the zero mark. With this appliance she has the same control over the temperature in her refrigerator as she has in the use of her oven heat regulator on the gas range.

A dial with six stops, regulating the degree of cold, is the only machinery necessary for her to operate. It is as simple as turning the radio dial.

Not only can ordinary desserts be frozen in a shorter time than ever before, but this device makes possible the home preparation of scores of ices and salads that could not be made with former household equipment. Ice cream bricks may be preserved against the arrival of the unexpected caller. Freezing time of ice cubes is cut nearly in half.

Fires in cotton gins cause a large annual loss in the United States in some seasons amounting to $1,250,000. The U. S. Department of Agriculture has recently published Circular 76-C, Fires in Cotton Gins and How to Prevent Them. This publication can be secured by writing to the Department of Agriculture, Washington, D. C.

They're Always Dangerous

First Cannibal—The chief has hay-fever.

Second Cannibal—Serves him right. I told him not to eat that grass widow.

The first cargo sent back to London from Virginia was cedar logs.

WHAT'S DOING IN WEST TEXAS

PADUCAH has broken ground for a new hotel. Charles Pruden of Bowie will build a three-story fireproof hotel on some lots on the northeast corner of the public square. The hotel is expected to be ready for occupancy early in the fall.

HASKELL is planning a big July 4 celebration, and is expecting the largest crowd ever to assemble in the town. A variety of entertainments have been planned including a barbecue and a series of motorcycle races.

SWEETWATER building permits for 1929 neared the half-million mark recently with the May permits standing at $123,095. May building permits were more than one-third the total for the entire other four months of 1929, and strengthened indications that this would be a banner year for Sweetwater building.

FLOYDADA'S recent building permits have been $10,000 with the announcement of a lease of a building to J. C. Penney on which will be spent $2,000. H. P. Watson Variety Company will occupy a building on which will be spent $2,600 remodeling. The Olympic Theatre will move to its new $40,000 home this month.

TUSCOLA has started ditching on Main Street preparatory to laying concrete curbs and guttering from the Santa Fe depot to the Abilene & Southern tracks, a distance of six blocks. It is intended to top the street with gravel and asphalt.

PETERSBURG High School's library will be left open during the summer on stated days. Magazines and books will be loaned, and as much time as desired may be spent in the reading room.

LAMPASAS is making plans to build a bandstand for their Gold Medal Band, which has $100 of the approximately $600 necessary. The band has gone under the name of the Gold Medal Band ever since it won the title in the contest at the West Texas Chamber of Commerce convention.

CROSBYTON has a farmer in Owens community who has marketed over one thousand dollars worth of home raised hogs each year. The farmer, Sam B. Anthony, allows his boys to finance their schooling by working on the farm.

VERNON is the home of the new manager of the West Texas Chamber of Commerce. A. M. Bourland, president, will act as manager until during the annual convention at El Paso on October 24, 25 and 26. Former Manager Homer D. Wade will continue to officiate until July 15 when he will become manager of the Dallas Chamber.

WEST TEXAS TODAY for June will be mailed to more than 10,000 members of the West Texas Chamber of Commerce this week. Some material for the publication is sent in by commercial executives, county agents and others, and some written by its editors and staff members of the regional organization.

SPEARMAN'S intensive sidewalk building campaign will keep the citizens from wading through mud, mire, sleet and snow next winter. Churches, schools and other public buildings will be connected by sidewalks to every part of the town. Sand and gravel are being hauled at this time.

TURKEY acquired its first unit of a chain of parks when two and one-half acres were recently purchased for a recreation center. The Turkey Enterprise and the Lions Club have co-operated in getting the park, and the equal of the park's cost is soon to be installed in equipment.

VAN HORN and ROSWELL, N. M. will entertain the Big Bend and Pecos Valley-Inter Mountain district conventions, respectively, of the WTCC during the fourth annual motorcade, the dates of which are from July 10 to 20. Approximately one hundred towns in the West Texas country will be visited by the motorcade.

DID YOU EVER STOP TO THINK?

By Edson R. Waite, Shawnee, Okla.

THAT Corpus Christi, Texas, is both a summer and winter resort, in addition to being a city of much importance in a commercial way?

The Corpus Christi Daily Caller, in a recent article, tells what the Chamber of Commerce is doing in placing the glories of a summer vacation in that city before the people of Texas.

Realizing that Texas is the best market for summer business, they are using display advertising in many Texas papers, making a strong appeal to the people to spend their summer vacation there, pointing out the various outdoor sports—tarpon fishing, the bathing beaches, the scenic drives, etc. They also tell of adequate hotel, apartment and cottage accommodations. In winter, people go there from all over the country.

In Corpus Christi they know what they have and know if they get the message to the people, through the advertising columns of the newspapers, there are untold thousands who will visit them. They realize that if they can get the people there they can make them glad they came and want to come again.

Corpus Christi says, "If you want to come among us and live, we can show you many rare opportunities in agriculture and manufacturing."

The slogan, "See Your Own State First" seems to be dying out in many places, but not in Corpus Christi. Everyone should see his own state first, then the rest of America. Every state has plenty of resorts and places of interest to see, and people will visit them in ever increasing numbers if they will advertise the facts in the papers of their own state.

Therefore, if you want to get your city before the people, place the facts about your city in the advertising columns of the newspapers.

You are always sure of a return on your investment when you use newspaper advertising!

CANTALOUPES ARE EASILY GROWN

Very few people really know the full delight of a properly ripened cantaloupe which has now become the trade name for all varieties of musk-melons. There formerly was some difference between a true cantaloupe and a muskmelon, but that difference has long since been lost. Very often there is complaint that the fine looking fruit bought in the market is insipid and of poor flavor. The time honored test of the condition of a muskmelon by smelling it doesn't operate in market melons with any degree of certainty.

TO GET THE DELICIOUS SAVOR THE MELON SHOULD RIPEN ON THE VINE WHEN DEAD RIPE THE SKIN CRACKS.

It is infallible in the garden, and it isn't necessary to put your nose on the melon to get the fragrance. It will rise up to salute you when the melon is fragrantly ripe and demanding to be eaten. Properly ripened cantaloupes are practically an impossibility in the market because they could not be kept and shipped should the grower wait until they were ripe. They must be picked green and shipped in that condition to ripen in the stores. Dealers keep them until they ripen insofar as they will.

To get the true delicious savor of a melon it must ripen on the vine, and when it is fully ripe its keeping quality is of short duration. The only way to obtain the finest flavored melons is to grow them at home. They are no more difficult to grow than cucumbers and want precisely the same treatment. They can even be grown as climbers just as the cucumber can but in that case it will be necessary to give the melons support. Abroad they are grown in greenhouses trained up to the roof as they do not get proper heat to ripen them outside.

When ripe the skin of the melon turns yellowish in the light varieties and it cracks away from the vine at the stem and is easily picked. Its aroma is strong at this time. For the home garden pick out seed of early fruiting varieties, and if the garden space is limited select varieties that are known to have less vining tendency than others. Give them a sunny spot, in warm well drained soil, and the old method of sinking a tile for subirrigation as is often done with cucumbers is an efficient way to grow them. Early varieties may be planted now for an early fall crop.

ARAH ROUTE BOOSTER

Optimist F. I. Townsend of Arah Route, accompanied by Master J. W. Day, Jr., who with his little sister, Miss Dorothy, are guests in the Townsend home, dropped into the Times-Signal office Tuesday, breathing optimism at every step.

"While our cotton is late, the same as last year, it is looking better," Mr. Townsend said, "at this time than it did last year. Our feed crop could not look finer, and you mark my word, we are soon to have rain."

Died-in-the-wool booster, that's Mr. Townsend, who with his family have been living here for 24 years.

ROTAN FAMILY HOST TO SNAKE DURING WINTER

Mr. and Mrs. L. R. Weems, living near Rotan, kept a large rattlesnake in their home through the winter, but they did not know it. A few days ago they found a large rattler in the house when they came home in the evening. The next day Mrs. Weems unpacked a box in which clothing had been stored for the winter and found the snake's skin that it had shed in the spring. It had evidently been sleeping in the box all winter.

Beauties Use Mello-glo Powder

They would not be without new wonderful MELLO-GLO Wace Powder because it prevents large pores ... stays on longer ... spreads more smoothly and is famous for its purity. No irritation. Never gives a pasty or flaky look to the skin. Its new French process gives a youthful bloom and keeps ugly shine away. Try MELLO-GLO today!—Warren Bros. Drug Co. 7

HAD A REAL RADIO

A group of traveling men were swapping lies about their radios in a Smith Center drug store, as Tom Kiene tells it. An old man had been listening silently.

"Got a radio, old man?" asked one of the drummers.

"Yeah," replied the old fellow. "I got a little two-tube affair. It's a pretty good one though."

"Can you tune out these little stations with it?"

"Well, I was listening to a quartet the other night, an' I didn't like the tenor, so I just tuned him out and listened to the three of them."

Whence Our Food

Delicatessen dealers have increased three times as fast as the population. Restaurants have increased four times as fast as the number of families.

A tourist can now travel from Dan to Beersheba, the length of Palestine, in a day.

The first Spanish bull fight on record was in Seville in 1405.

1p The M. W. Risinger Children.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon W. T. Skinner and Katie Skinner and the unknown heirs of W. T. Skinner and Katie Skinner by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the second Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of June, A. D. 1929, in a suit, numbered on the docket of said Court No. 2551, wherein Ernest Taylor is Plaintiff, and W. T. Skinner and Katie Skinner and the unknown heirs of W. T. Skinner and Katie Skinner are Defendants, and said petition alleging: Plaintiff would show to the Court that on the first day of June, 1929, Plaintiff was and still is the owner in fee simple of the following described premises situated in the County of Scurry and State of Texas and described as the North One-Half of Lot No. 1, in Block No. 24, of the Blankenship Addition to the Town of Snyder in Scurry County, Texas.

That on such day the Plaintiff was also in possession of said premises; and afterward on the 3rd day of June, 1929, the Defendants unlawfully entered upon and dispossessed him of said premises and with-hold from him the possession thereof.

Plaintiff further alleges that he and his predecessors in title have held, used and enjoyed said premises for more than ten years prior to June 1, 1929, and that by reason of such possession, use and enjoyment Plaintiff is vested with a fee simple title to said property by virtue of the 3, 5 and 10 year statutes of the State of Texas.

Wherefore, Plaintiff prays that the Defendants be cited to answer this petition and that Plaintiff have judgment for the title and possession of the above described premises, for his damages, for costs of suit and for such other and further relief as he may be entitled to at law or in equity.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this, the 5th day of June, A. D. 1929.

(Seal) LOUISE E, DARBY,
Clerk, District Court,
51-5tc Scurry County, Texas.

NOTICE TO BIDDERS AND CONTRACTORS

Bids will be received by the Commissioners Court of Scurry County at any time up to 10 a. m. Monday, July 15th, 1929, on furnishing materials for and construction of a bridge on Rough Creek about 20 miles northeast from the town of Snyder, Texas, said bridge to consist of one steel span 70 feet in length, three 20-ft. spans. All material and labor to be furnished. All material to be delivered at Snyder, Texas, Scurry County to haul all material to location for bridge.

Said bid shall be sealed and delivered to the County Clerk of Scurry County and shall be accompanied by a certified check in the amount of 5 per cent of the amount of said bid.

HORACE HOLLEY,
Presiding Officer,
52-5tc Commissioners Court.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to summon A. S. Williamson, Minnie Williamson, J. B. Bush, Beulah Bush, J. P. Sims, J. B. Moorhead, and D. S. Goble, and the executors, administrators, heirs, and the heirs of the heirs of said A. S. Williamson, Minnie Williamson, J. B. Bush, Beulah Bush, J. P. Sims, J. B. Moorhead, and D. S. Goble, the places of residence of all of whom is unknown, and the names of said executors, administrators, and heirs is unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to be and appear at the next regular term of the District Court of said Scurry County, to be holden at the Court House thereof, in the City of Snyder, on the second Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of July, A. D. 1929, in a suit, numbered on the docket of said Court as No. 2563, wherein W. M. Walton is Plaintiff, and A. S. Williamson, Minnie Williamson, J. B. Bush, Beulah Bush, J. P. Sims, J. B. Moorhead, D. S. Goble, their executors, administrators, heirs, and the heirs of their heirs, are Defendants, and said petition alleging suit in trespass to try title, and pleading tion and five years limitation, alleging that on January 1st, 1929, plaintiff was in peaceable adverse possession of 160 acres, more or less, of the East ½ of Section No. 183 in Block 97 of the H. & T. C. Ry. Co. surveys in said Scurry County, Texas, and being all of the E. ½ of said section 183, except 40 acres in the form of a rectangle 800 varas long, north and south, by 282¼ varas wide, east and west, and lying in the S. W. part of said East ½ section; also the S. W. ¼ of Section 184 in said block 97 of the said H. & T. C. Ry. Co. surveys in said Scurry County, Texas, containing 160 acres of land more or less;

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this the 5th day of June, A. D. 1929.

(Seal) LOUISE E. DARBY,
Clerk, District Court,
51-4tc Scurry County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Scurry County—Greeting:

You are hereby commanded to summon the executors or administrators, of the estate, and the heirs, and the heirs of the heirs, of Joseph W. Orpe, deceased, whose names and places of residence are alleged to be unknown to plaintiff, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the 2nd Monday in July, A. D. 1929, the same being the 8th day of July, A. D. 1929, then and there to answer a petition filed in said Court on the 5th day of June, A. D. 1929, in a suit, numbered on the docket of said Court No. 2552, wherein Tiny Ormon, joined pro forma by her husband, T. E. Ormon, is Plaintiff, and the heirs and the heirs of the heirs of Joseph W. Orpe, deceased, and the executors or administrators of his estate, whose names and places of residence are alleged to be unknown to plaintiff, are defendants, alleging:

Trespass to try title and possession of South 240 feet of Block No. 107, in town of Hermleigh, Scurry County, Texas, as shown by plat of said town, in Book 19, page 432, deed records of said Scurry County, said land shown in deed from G. W. Mayo and wife to Joseph W. Orpe, recor(ded in Book 28, Page 394; AND Farm Lots 117 and 118, Subdivision A, of Homeville Association sub. of part of Porcion Number Seventy-seven, as per plat thereof, recorded in Vol "O" at page 203, deed records of Hidalgo County, Texas, as conveyed to said J. W. Orpe, shown recorded in Book "O" deed records of Hidalgo County, Texas; title to which lands plaintiff holds in fee simple;

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Snyder, Texas, this, the 5th day of June, A. D. 1929.

(Seal) LOUISE E. DARBY,
Clerk, District Court,
51-4tc Scurry County, Texas.

Court Holds Tenant's Land Law Is Void

Measure Passed During The Ferguson Regime As Principal Plank

The tenant's land law, enacted at the instance of former Gov. James E. Ferguson in 1915, after he had been elected to office with it as the principal plank in his platform, was declared unconstitutional and void by the supreme court today, says a dispatch Thursday from Austin.

It provided that a landlord should not charge rental to exceed one-third of the grain crop and one-fourth of the cotton crop, where the tenant furnished everything but the land, or more than one-half where the land owner furnished everything except the labor.

The provision was attached to the landlord's lien law, enacted in 1874, which provided that a landlord should have a preferential lien on the property of a tenant to secure rental due.

The court held the amendment "void and of no effect in its entirety." It violated both the state and federal constitutions, the court said.

The decision was based on certified questions asked by the third court of civil appeals in the case of Sham Culverson vs. B. G. Ashford, appealed from McLennan County. Culberson rented lands from Ashford and claimed Ashford was endeavoring to collect rental in excess of the worth of the crops.

GUY GREEN CLOSES SERIES OF LECTURES

The final service of the Green series at the First Presbyterian Church was attended Sunday night by a crowd which made the walls of the auditorium bulge and necessitated the use of extra chairs in the back of the church and in the aisles. Both the Methodist and Baptist Churches dismissed their Sunday night services and the members of those congregations affiliated with the Presbyterians.

A large crowd was present, also, at the morning service. During the day 19 persons united with the Presbyterian Church. As three had come the preceding Sunday, the total accessions to the church during Mr. Green's stay in Snyder numbered 22. Of these, 13 came on profession of faith.

The speaker's morning subject was "The Supreme Gift." He spoke at night on "The Greatest of These."

The music during the meeting was under the direction of Rev. E. C. Lambert, who has had many many years of experience in handling choirs and choruses.

At the final services Mr. Green thanked all those who had assisted in making the meeting a success. He made special mention of the Snyder newspapers, calling attention to the fact that they had been free with their space and that the publicity received through them had been of great value.

In speaking of the meeting, Rev. Lambert said: "I feel that this special effort which has been in progress during the last 13 days has marked a high point in the history of our church. The services have been of a high and dignified type. That they have been appreciated is proved by the additions to our membership which have resulted from them. When we began this meeting we felt that if we added 10 members to our church we would be doing well. We actually added 22, and there are many more yet to come as a result of these services. We already have the promises of not less than half a dozen."

Mr. Green left for Post Monday. He will be with the First Presbyterian Church of that city for two weeks. Many of the Snyder folks plan to visit Post during the meeting.

ENCAMPMENT APPEALS TO YOUNG PEOPLE

The Lueders Baptist Encampment is making the greatest appeal ever for the attendance of the young people. A great B. Y. P. U. program has been planned and will be led by Miss Grace Conn of the State B. Y. P. U. Department of Dallas. Other parties on the program will be: Rev. C. A. Baskin of Aspermont, M. B. Sassee of Sweetwater, Mrs. Jack Mosley of Electra and Mrs. H. R. Whatley of Haskell.

Among the recreational features that will be especially appealing to young people will be the daily swimming program, basketball, tennis, croquet, golf, picnics, hikes, and miscellaneous stunts.

Walter Jackson of Abilene is president; R. L. Penick of Stamford is business manager; C. M. Caldwell of Abilene, assistant business manager; Rev. J. H. Littleton, chairman of program and finance committees; Mrs. J. E. Burnam, Abilene, secretary; and Joel V. Grimes of Avoca, treasurer.

Y. P. Kuhn, Abilene; Taylor McCasland, Midland, and Mrs. Chas. T. Whaley of Sweetwater are the recreational leaders, and it will be hard to find a group more capable of putting over a program of this kind.

Claude W. Lawson of Breckenridge will lead the singing, accompanied by Mrs. L. B. Howard of Stamford and Mrs. Claude W. Lawson at the pianos.

A special feature of the encampment is the West Texas Sanitarium booth at which one or more nurses will be stationed to take care of any emergencies that might arise.

Rev. W. E. B. Lockridge of Graham will be general dean of study work; J. Lee Tarpley of Abilene, dean of Sunday school work; J. M. Martin of Stamford dean of B. Y. P. U. work, and Miss Lilias Penick of Stamford, dean of W. M. U. work.

TWO MILES OF IATAN FLATS OPENED; DETOUR CLOSED TO WESTBROOK

With two miles of concrete paving through Iatan Flats opened to traffic last week and the newly graded dirt road from Colorado to Westbrook opened to traffic Thursday, Mitchell County is beginning to see appreciable results in her state highway program.

Three more miles of the Iatan Flats road have been paved and will be opened to traffic as soon as the concrete cures, according to information given by W. J. Van London, division highway engineer. Van London stated that the remaining is being paved as rapidly as possible. four-mile stretch across the Flats

New Game Laws Now in Effect

Snyder and Scurry County anglers had best look after the new game laws that are now in force, as State Game Warden W. T. St. John of Abilene was in conference with local nimrods Friday explaining the various sections to a large and interested crowd at the Snyder Hardware & Implement Company. The two Georges were kind and thoughtfull enough to call a Times-Signal representative over, and we are herewith citing the more particular phases that will be of local interest.

H. B. 278 (Effective June 15, 1929) A bill prohibiting the use of trout lines and throw lines or set lines equipped with more than two hooks. This law does not limit the number of hooks on dowakiac or other artificial bait. This law applies in the following named counties: San Saba, McCulloch, Gillespie, Blanco, Kendall, Kerr, Llano, Mason and Kimple.

Effective June 15, 1929—A bill providing for open season on prairie deer west of the Pecos river from the 16th day to the 30th day of November, inclusive, of each year and providing a bag limit of one pronged horn buck deer during this open season.

Effective June 15, 1929—A bill viding for an open season on prairie chicken from Sept. 1 to Sept. 4, both days inclusive, of each year, and providing that there shall be no open season on wild prairie chicken in Collingsworth and Wheeler Counties for a period of two years; providing a daily and seasonal bag limit of 10 prairie chickens.

Effective May 23, 1929—Prohibiting the use of trout flies, and prohibiting the use of throw lines or set lines equipped with more than two hooks in San Saba, Gillespie, Blanco, Kendall, Kerr, Llano, Mason and Kimble Counties, making it unlawful to have in possession any bass less than 11 inches, crappie and white perch less than 7 inches, or any catfish less than 9 inches in any of the above named counties. (2) Repealing all laws in conflict on a dowagiac or other artificial bait.

September and October only months open for mourning doves in northern zone of which Scurry County is a part.

Safe this copy of the Times-Signal for future reference.

OPPORTUNITY FOR THE SMALL HOME FARMER

Robert Estes of Baird, sole agent for the P. W. Reynolds Ranch lands was in Snyder Friday and is endeavoring to sell off two and three hundred acre plats of the ranch for the small farmer who wants to come to Scurry County and get a real start.

Mr. Estes has a classified ad in this issue and would be pleased to hear from any reader regarding a small farm plot.

JUNTEENTH QUIET AND SOBER HERE

Followers and descendants of Ham, the second son of Noah, were sober and quiet in Snyder last Wednesday, celebrating June 19th. Aside from a program at their church and a picture being taken of the group, there was no celebration of any particular nature.

PALACE THEATRE

Monday and Tuesday, July 1 & 2

A written guarantee covers every McClaren tire we sell.

Yoder-Anderson Motor Co.

COSMOPOLITAN CORN

THE word "corn," specifically applied in this country, refers to "Indian corn," or maize. It is native to tropical America and was used as food by the Indians centuries before the era of Columbus, and probably even by the civilization which ante-dated the Red Man.

In the early days of the English colonies, corn was not confined to yellow and white ears, with an occasional red variation, as it is today. Though yellow and white were even then the most common, they were interspersed with red, blue, olive, greenish, black, vari-colored, speckled and striped ears. Today its consumption has become so universal in this country that this grain can fairly be called cosmopolitan, and practically all of it is packed in sanitary enamel lined cans.

Corn is lower in protein than wheat and oats, but it is fully equal in that respect to other grains and it surpasses many in the proportion of fat and oil. The starch of corn, its main food component, is of excellent quality, and it lends itself to combinations with so many other foods that it has been called by many first-aid to the housewife.

With Meats and Fish

There are many combinations, for instance, of corn with meat and fish. Here are some recipes which will undoubtedly suggest more:

Corn Chowder: Dice and fry one-fourth pound bacon; add one small onion and one green pepper, diced, and continue sautéing until brown. Add four cups of diced boiled potatoes and allow them to fry until

can of corn, five cups milk, two and one-half teaspoons salt and one-fourth teaspoon pepper, bring to scalding, and serve. This recipe will make sufficient chowder for ten people.

Hamburg and Corn Scramble: Sauté one medium chopped onion in two tablespoons butter a few minutes, add three-quarters of a pound of Hamburg steak, and stir until well browned. Add one No. 2 can of corn, two teaspoons salt and one-fourth teaspoon pepper, and heat. This will serve eight.

Corn and Salmon Pudding: Mix one No. 2 can of corn, one tablespoon melted butter, one-half teaspoon salt, one-eighth teaspoon pepper, one small can of salmon and one tablespoon heavy cream or evaporated milk in the foregoing order, being careful not to break up the salmon too finely. Bake in a buttered baking dish in a moderate oven (350° F.) thirty minutes. This, too, will serve eight.

With Fresh Vegetables

Canned corn combines excellently with fresh vegetables that are in season. Here are some sample recipes:

Escalloped Corn and Eggplant: Sauté one coarsely chopped green pepper, two coarsely chopped pimientos and one-half a medium eggplant, diced (about three cups) in three tablespoons butter until slightly brown. Add one No. 2 can of corn, one cup of thin cream or rich milk, two teaspoons salt, one-fourth teaspoon pepper and one-fourth teaspoon celery salt, and pour into buttered casserole. Cover with buttered crumbs, and bake, covered. Remove cover at last to brown the crumbs. This recipe will serve from six to eight.

Summer Squash with Corn: Sauté one sliced onion in three tablespoons drippings, add one pound of white "button" squash, peeled and thinly sliced, and sauté a few minutes longer. Add one cup water, cover and cook gently until tender. Add one cup of corn, one teaspoon salt and one-eighth teaspoon pepper, and bring to boiling. This serves eight.

All By Itself

Baked Stuffed Eggs: Cut eight hard-cooked eggs in half lengthwise and mash yolks. Sauté one-half cup chopped mushrooms in two tablespoons butter till tender and add yolks. Add one teaspoon salt, one-eighth teaspoon pepper, one-eighth teaspoon prepared mustard and two tablespoons cream, and refill whites with this mixture. Place in a shallow buttered baking dish. Add one-fourth cup cream and seasonings to one No. 2 can of corn, and pour around the eggs. Cover with buttered crumbs, and brown in a hot oven. This serves eight.

But canned corn all by itself makes a delicious dish, and here is one of the most delectable ways to prepare it.

Cream of Corn Supreme: Simmer one No. 2 can of corn, one-half cup celery, a slice of onion and two cups of water together for twenty minutes. Rub through a sieve. Add to two cups of thin white sauce, and season highly. Just before serving add one slightly beaten egg mixed with one cup of cream, and heat in a double boiler. Serve in bouillon cups with a spoonful of whipped cream on top. Serves eight.

Very Special! This week only.

COMMUNITY PLATE

On Club Purchase Plan

68 Piece Dinner Set

29 piece set of famous Community Plate.
32 piece set of beautiful china.
1 genuine linen table cloth.
6 genuine linen napkins to match.

at $39.95

Club Payment Plan.
You select any one of the beautiful Community Plate patterns you desire.
You pay only $5.00 now and $2.00 weekly.
You receive the silverware, linen, and dishes at once.

There are many other sets of Community Plate and Tudor Plate from which you may choose, ranging in price from $22.95 to $47.95.

There is no more finely made silverware than Community Plate. It is guaranteed to give at least fifty years of superb service. In the beauty of its designs it is unequaled. Four charming patterns are offered for your choice. Only in Community can you get the marvelous DeLuxe Stainless Knife with a steel blade sharp as a carver, impervious to stain or tarnish and at the same time bright as silver.
