WEDNESDAY

World Greets New Year With Traditional Hope

NO ONE WAS HURT when this 1960 Falcon rolled over at about 4:30 Tuesday afternoon just south of the underpass on Highway 84 north of Snyder. Driven by Mrs. Barbara Burton of Muleshoe, the car was owned by a passenger, Mrs. H. K. Thornton, also of Muleshoe. Other passengers were Jay Harrell Murphree of Snyder, grandson of Mrs. Thornton, and Sheryl Burton, 10. A witness told the Texas Highway Patrolman who investigated that the car was traveling north when it attempted to turn left onto a side road, sheared off two guard posts and overturned.

De Gaulle Sets H-Bomb As '64 Goal

By PATRICK McNULTY

PARIS (AP) — President Charles de Gaulle has urged France to make development of a hydrogen bomb a prime goal in 1964.

In a New Year's Eve radio and television broadcast to the nation, De Gaulle said France can meet the threat of aggression and achieve the independence worthy of a great nation only with the might of the H-bomb.

He said France's other goals in the new year are European unity, helping underdeveloped nations and contributing to the cause of world peace.

In this way, De Gaulle said, France is taking back into its hands the destiny it lost when it capitulated to Nazi Germany in 1940. He said France had gained peace and political stability in the past year.

He described European unity as a condition for "a truly concentrated political, economic and strategic understanding with America."

He also defended his decision to keep Britain out of the Common Market, saying he opposed "the admission of a new member which could not go by the rules."

De Gaulle expressed hope that the Soviet Union and other Communist bloc nations in Europe would continue to improve relations with the West. His failure to mention Communist China, which has been seeking closer French ties, was regarded as a pointed omission.

By HENRIETTA T. LEITH
Associated Press Writer

Fireworks burst over the Berlin wall, Premier Khrushchev raised a toast in the Kremlin, Italians tossed crockery out windows and President Johnson danced as the world greeted 1964.

The holiday was observed with a mixture of revelry and tradition, and with renewed hope for peace and unity.

President Johnson in a New Year's statement called on Americans to give thanks "for the providence and for the blessings that are ours."

Japan's Prime Minister Hayato Ikeda sent greetings to Soviet Premier Khrushchev hoping for "further efforts in 1964 toward realization of world peace and security."

There were a few jarring notes.

French President Charles de Gaulle spoke of building thermonuclear armament, and Chinese Nationalist President Chiang Kai-shek spoke of "military and political moves" to regain China's mainland from the Communists.

A Boston hotel called off its New Year's Eve party because of the assassination of President John F. Kennedy.

President Johnson partyhopped among four celebrations at Austin, Tex. Midnight found him at a Headline Club party in a hotel. Just before 12 o'clock he waltzed with a woman who asked him to dance. Less than an hour later he was back at his ranch near Johnson City, Tex.

Khrushchev sent Johnson a message expressing hope for further progress in bettering relations between the two countries.

As Khrushchev toasted 1964 at a Kremlin party of some 2,000 of Moscow's elite, he appealed for further easing of world tensions—but said his only difference with China's Communists was on how to bury capitalism.

In Berlin, the Communists in the east lifted a ban on fireworks for the first time since World War II—and in the west a similar ban as usual was ignored.

Colorful flames swept across the wall in both directions as nearly 60,000 West Berliners celebrated with relatives and friends on the east side of the wall through special holiday entry permits.

Throughout Italy, the tradition of throwing out old dishes, jugs, bottles and glasses set up a New Year's Eve clatter and symbolized the world's desire to forget the past and turn to the hope-filled future.

On Paris' Champs Elysees, a horn-honking salute to 1964 carried out another tradition. Spaniards observed still another by eating 12 grapes at midnight in Madrid's Puerta del Sol Square.

In Buenos Aires tons of ticker tape, pages out of 1963 calendars and shredded newspapers were thrown out of windows.

Deepest Snow Of Century Hits South

By The Associated Press

Snow such as many Southerners had never seen blanketed the South Wednesday from the Gulf of Mexico to Virginia, paralyzing traffic and communications at many places and causing at least seven deaths.

The snow and sleet storm turned to rain in some sections overnight, adding glazed highways to the already dangerous driving conditions. Numerous highways were closed to traffic.

Almost four inches of snow, the most this century, fell on New Orleans, leading to snowmen in the usually torrid French Quarter and an occasional flying snowball on Canal Street.

The Weather Bureau said the snow clogged highways in 10 Southern states. The snow reached a depth of 16 inches at Huntsville, Ala., and 14 inches at Meridian, Miss. High winds of the blizzard caused the snow to pile up in drifts of 2 to 3 feet.

Hattiesburg, in southeast Mississippi, had 12 inches of snow and Chatom, in southwest Alabama, reported 10 inches. Both towns are near the Gulf in an area where even a snow flurry is a rarity.

Unequipped to deal with accumulations of snow and slick streets, most larger Southern cities suffered monumental traffic jams. Temporary loss of power and telephone lines was reported throughout the South.

Factories and stores closed early in most cities Tuesday so employes could get home before streets became impassable.

Two persons died in Alabama traffic accidents attributed to the snow.

Fresh northeasterly winds tore a small boat from its moorings on a marsh island off the southeast Georgia coast, marooned two men and their three sons on the island and then pushed high tides over the island. Two of the boys died from exposure. The others were rescued after more than 30 hours.

In Mobile, Ala., two children died from gas fumes from an unvented stove. In Atlanta, a gas explosion shattered one floor of an apartment building, killing one person and injuring two.

The snowstorm blew northward from the Gulf, reaching Tennessee, the Carolinas, and Virginia before threatening the nation's capital with several inches of snow.

More than six inches fell in Asheville, N.C., more than seven at Halleyville in north Alabama, and six inches in much of Tennessee. The Great Smoky Mountains in Tennessee were expected to get up to 14 inches before the snow ended.

As the snow storm headed into the Northeast, gale warnings were extended northward from Savannah, Ga., to Portsmouth, N. H.

Subzero cold again stung areas in New England and temperatures a few degrees below zero were reported in parts of Michigan.

Shot Kills Policeman

AMARILLO (AP) — A young Amarillo policeman was shot to death early today after a scuffle with a man he chased into a back yard.

Jerry Cawthorn, 24, father of three, was shot once in the mouth. Police found his .38 caliber revolver lying five feet away and theorized that the murder weapon may have been the policeman's own gun.

Officers were questioning five youths.

An Amarillo nurse, Patricia Hulst, said she found the policeman's body lying on the back porch of a residence near where she works. She said she investigated after seeing the officer chase a car into the yard and hearing loud voices, followed by gunshots.

Won't Attend Cotton Bowl

DALLAS (AP) — A flight by the Secretary of the Navy and a number of other dignitaries who planned to attend the Cotton Bowl football game in Dallas was cancelled today.

Cmdr. Paul Trahan said the trip was cancelled because of icy runways in Washington and a tight schedule because Navy Secretary Paul H. Nitze must swear in Lt. Gen. Wallace Greene as commandant of the Marine Corps.

The troup of 39 was to fly to the game, pitting Navy and Texas, in a C135.

There was no immediate indication whether some of the party might take commercial flights to Dallas.

Among the party were to have been several U.S. senators and representatives.

Youth Charged In Slaying Brother

DIMMITT, Tex. (AP)—A teenage boy has been charged with murder with malice in the shooting of an elder brother early Sunday.

In jail in lieu of $5,000 bond is Elis Sandro Nova, 17.

He was charged in the death of Wallie Torres Nova, 21, who died of a bullet wound in the heart.

Investigators said the shooting climaxed a family quarrel.

LBJ Commends School Campaign

By FRANK CORMIER

JOHNSON CITY, Tex. (AP)—President Johnson applauded today an experimental campaign to discourage young people from dropping out of high school. "The results are far better than expected," he reported.

The President urged that the pilot program, conducted in 63 communities, be expanded.

Johnson, spending New Year's Day at his ranch home, issued a statement that gave highlights of a report from U.S. Education Commissioner Francis Keppel on the 1963 back-to-school drive.

"The 1963 results show that where local effort was made, one out of two actual or potential drop-outs returned to school —and nine out of 10 are staying in school," Johnson said.

Declaring that "any community in America that wants to lick the drop-out problem can do so if a real effort is made locally," Johnson said he hopes 1964 will see programs inaugurated in at least half of all school districts.

The late President John F. Kennedy initiated the pilot program, using $250,000 of federal funds.

Johnson said the money "will be repaid many times over in the more productive lives of these young men and women who are continuing their education."

Education matters were one of Johnson's concerns Tuesday too, as he ordered Keppel to hold January seminars in five cities to acquaint educators with education laws enacted at the 1963 session of Congress.

Johnson said Congress made "a distinguished and unparalleled record in the education field." He said it was imperative that the new laws be put into operation quickly and effectively.

Keppel will visit Atlanta, Ga., Dallas, Tex., New York, Chicago and San Francisco.

On other fronts Tuesday, Johnson:

—Signed a $4.4-billion public works bill, although he said one provision is unconstitutional. The President said a section requiring the Panama Canal Co. to get advance approval for property transfers from appropriate congressional committees will be interpreted as a request for information.

In other words, the committees will be kept "fully informed" but the executive branch won't give them veto power over property transactions.

—Exercised a pocket veto that killed a bill to require that all imports of wood products and sawed lumber be stamped with the name of the exporting country. Canada had objected strongly to this measure.

—Conferred with a four-man team he had sent to Kansas City, Mo., to brief former President Harry S. Truman on national and international affairs.

—Proclaimed 1964 as United States Customs Year, February as American Heart Month, and the week of March 1 as "Save Our Vision" Week.

—Urged an extension of the 1963 campaign to raise $50 million for Negro colleges. The United Negro College Development campaign has raised $20 million so far.

Transit Strike Deadline Extended

NEW YORK (AP)—The Transport Workers Union extended its 5 a.m. deadline for a strike against New York City's subways and buses twice today—to 7 a.m. and then to 9 a.m.

In announcing the first 2-hour extension, 35 minutes before the original deadline, a union spokesman said: "Serious negotiations are going on."

Six minutes before the 7 a.m. deadline the spokesman announced another extension and told newsmen only: "No other questions."

Mummer's Parade Is Postponed

By GEORGE ESPER

PHILADELPHIA (AP) — The annual New Year's Day Mummers parade, threatened with demonstrations to protest planned blackface comic participants, was postponed today until Saturday because of threatening weather.

Some 1,800 policemen had been braced for possible violence if the parade went on but snow began falling about 5 a.m. and the forecast called for possibly up to three inches mixed with sleet and freezing rain.

The postponement thus gave officials additional time to work out some solution to the threatened demonstrations.

Louis Smith, northeast regional chairman of the Congress of Racial Equality had said Tuesday night that CORE planned to have pickets at the parade.

TRAGIC YEAR DOESN'T ERASE FUTURE HOPES

(AN EDITORIAL)

All the world will remember 1963, for in many respects it was a sad and tragic year. It was the year when many of the world's great nations lost their leaders. Britain's Prime Minister Macmillan, shaken by the shocking admissions of one of his most trusted cabinet ministers, was stricken by illness and forced to relinquish the reins of leadership of his country. Chancellor Konrad Adenauer resigned his office in West Germany because of advancing years.

But the most disturbing news of 1963 came from Dallas when it was announced on Nov. 22 that President Kennedy had been assassinated. The world was thrown into a state of shock by this announcement, and we in the United States felt it most keenly, for regardless of political affiliation, all Americans were confronted with the fact that we had lost our elected leader.

The Christian world had mourned earlier in the year the death of Pope John XXIII, the "people's Pope," as he was called, and regarded as truly one of the great leaders of the Christian movement.

These events of 1963 affected all of us.

Yet, despite the losses suffered by the world and by our nation, some of us will remember 1963 as the year when other men died. This was the year when Nolan von Roeder, one of Snyder's finest citizens, passed away while on safari in Africa. It was the year when Matt Bavousett of Camp Springs, long a leader, died, and the year when Jimmie Greene, for over half a century a "friend to man" and a promoter of West Texas through Chamber of Commerce work in Colorado City, Big Spring and all across the state, passed from the scene. It was the year when Dr. John H. Hicks, a former pastor of First Methodist Church in Snyder and for over 40 years a "teacher of preachers" at Perkins School of Theology in Dallas and at McMurry College in Abilene, was taken from the world scene by death.

There are many more. The list could go on and on. For 1963 was the year when wives said last good-byes to husbands, husbands said farewell to lifelong companions and children came to understand that they would speak no more to their parents this side of heaven. Not only have nations lost their leaders during the past year, but so have communities and families.

If this were all that could be said for 1963, it would go down in history as one of the saddest and most tragic years of all.

While all this has happened, babies have been born, young people have matured, and older people have put their shoulders under the burdens that others have laid down. And so there is hope for the future.

It may well be that while 1963 will forever be remembered as the year when great men died, it will be even better remembered as the year when great men were born. It stands to reason that those born this past year will be great because they have the foundations laid by men like those mentioned here and others of equal stature to build upon. That gives the babes of 1963 the finest springboard to greatness we could imagine.

So we launch a new year saying: "Hats off to the past. Coats off to the future."

Nation Awaiting Decision As Barry Turns 55 Today

PHOENIX, Ariz. (AP) — Sen. Barry Goldwater has his family at home, his right leg in a cast and the nation on edge for this, his 55th birthday.

The two-term Arizona senator is surrounded by all his immediate family in this dual Goldwater-New Year's Day celebration.

He is spending the day in his hilltop Phoenix home with one foot propped on a cushion chair, a necessity since an operation to remove a calcium deposit from his right heel.

The nation awaits his announcement two days hence on whether he'll seek the 1964 Republican presidential nomination.

In the Goldwater home for the birthday festivities will be his wife, four children, a son-in-law and a son-in-law soon to be.

Brother Bob Goldwater, a Phoenix department store executive, and his family will make a brief call later today to drop off a present.

With Bob will be the senator's 88-year-old mother, Josephine, who makes a point of never missing a birthday party or New Year's celebration.

Goldwater planned to watch the football bowl games on television. An aide said the senator is especially interested in the Cotton Bowl battle between Texas and Navy.

Barry Morris Goldwater was born on a clear, cold New Year's Day of 1909 in Phoenix, the territory of Arizona. This was the second anniversary of the wedding of his parents, Baron Goldwater, a struggling Phoenix merchant, and Josephine Williams, a nurse who had come to Arizona eight years earlier because of tuberculosis.

It was also on a New Year's Day and a Goldwater birthday that the Republican conservative leader proposed to his wife, the former Peggy Johnson in a crowded telephone booth near the ballroom of the Roberts Hotel in Muncie, Ind.

Goldwater selected the site for his proposal after Peggy had stepped into the booth to telephone 1933 New Year's greetings to her mother in Phoenix.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: During a disagreement, my husband broke my nose and gave me two black eyes and I couldn't go to a family Christmas get-together because I didn't want my people to see me looking like that. He's really not a bad guy, Abby. He's a steady worker, drinks only on week-ends, and he's good to the kids. But when he loses his temper, I'm the one who gets it in the neck. Don't tell me to leave him because I've tried it and I'm the one who crawls back. I love this guy, but I need a few pointers on how to keep him from slapping me around.

SLAP HAPPY

DEAR HAPPY: Any woman who gets "slapped around" more than once either figures she has it coming, or she likes it. Practice your foot work and learn to duck.

• • •

DEAR ABBY: What time do you think an eleven-year-old girl should go to bed? This will settle an argument between my mother and me.

THE GIRL

DEAR GIRL: She should go to bed whenever her mother says she should. And THAT should settle the argument.

• • •

DEAR ABBY: When a boy asks me to a night movie, my mother gives me money and tells me to buy my own ticket because then I won't feel like I have to kiss him goodnight. I really try to pay my own way, but the boy never lets me. I have kissed a few boys goodnight but it wasn't because they paid my way to the movies. Do you think I should put up a harder fight when a boy wants to buy my ticket? And is it okay to kiss him goodnight if I had an especially good time?

FIFTEEN

DEAR FIFTEEN: When a boy invites a girl to the movies, he expects to buy her ticket, and he shouldn't have to put up a fight to do so. Don't confuse a "thank you for a lovely evening" with a kiss. A kiss means "I like you." And "thank you" means I enjoyed myself.

• • •

DEAR ABBY: Why are so many people shocked when they put "R.S.V.P." on invitations and two days before the wedding or party or whatever it is they have to start calling up the invited guests to see if they're coming? I'll bet if you stopped 100 people on the street and asked them what "R.S.V.P." meant, they couldn't tell you. It stands for "Respond, if you please," in FRENCH, and how are we supposed to know French? If they had put down, "CALL US UP AND TELL US IF YOU CAN MAKE IT, and then the phone number, it would make a lot more sense.

PLAIN TALKER

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS"

Shriver Preferred By President Johnson

GARDEN CITY, N. Y. (AP)—Newsday, Long Island newspaper, says President Johnson's choice as of now for his vice presidential running mate is Sargent Shriver, a brother-in-law of the late President John F. Kennedy.

Shriver is director of the Peace Corps.

Officials at the holiday White House in Johnson City, Tex., declined comment on the report, contained in a copyright story Tuesday from Johnson City.

Cardinal Requests More Love, Charity

GUADALAJARA, Mexico (AP)—Cardinal Jose Garibi Rivera, archbishop of Guadalajara and Mexico's Roman Catholic highest prelate, called on all Mexicans today to show "more love and charity" towards everybody.

Cardinal Garibi expressed "pain and anguish" for the ills affecting the world, but said people should pray for the necessary strength to overcome them.

Exhibition Set In Mexico City

MEXICO CITY (AP) — An exhibition of photographs, documents and paintings related to the life of Hindu poet Rabindramath Tagore will be inaugurated today at the independence housing unit of the social security institute.

Ambassador P. L. Bhandari of India and other diplomats as well as Mexican government officials will attend.

Great Salt Lake's water is eight times saltier than the ocean.

HOSPITAL NOTES

COGDELL HOSPITAL

ADMISSIONS: Charlotte Pearl Riggins, 1106 Thirty-seventh; Nova May James, 2008½ Thirtieth; Betty Patchell, 2314 Forty-first; Billie Nichols, 1500 blk. DISMISSALS: Shirley Stewart; Vesta Herod; Jean Cavender; Billy Jack Pierce; Patsy Sitton; Evelyn Barnett; Angela Partain; Gary Calvert; Vina Chitsey; Stanley Martin; Roy Wesley Hines; Terry Brown.

Police Investigate Two Mishaps

The Snyder police department reported two mishaps on Snyder streets Tuesday night.

The first occurred at 11:40 p.m. and involved a large trailer-truck driven by Anthony F. Friesenhahn of New Braunfels. The truck struck the cement wall of the Safeway store driveway, causing about $500 damage to the truck and $150 damage to the wall.

Another large trailer truck was involved in a mishap at 1:50 a.m. today. The truck, a 1958 Autocar driven by Kenneth Dean Waide of Portales, N. M., was in collision with a 1963 Comet driven by Woodie C. Newton of Snyder. The car received an estimated $125 damage. The truck was not damaged.

There were no injuries in either mishap.

Strength Not Set By Money Spent

DALLAS (AP) — The chief of naval operations said Tuesday. "Our strength is not determined by the amount of money we spend in any one year."

The comment from Adm. David L. McDonald came in defense of President Lyndon B. Johnson's cuts in the defense budget.

In town for Wednesday's Cotton Bowl game, the admiral attended budget conferences with President Johnson this week at the President's ranch near Johnson City, Tex.

McDonald is president of a committee formed to study possibilities of reducing unneeded shipyard operations. He said for several years the Navy has put more of its ship repair work into private yards, and the study was to determine if this was enough.

The United States meat and poultry industry plants employ 308,500 persons.

MRS. MARLIN OVERMAN
(Photo by Wolfe Studio)

Miss England, Mr. Overman Wed In Baptist Church

The Greenhill Baptist Church was the setting for the marriage of Miss Linda Joyce England, daughter of Mr. and Mrs. Bud England, 3728 Austin Ave. and Mr. Marlin Overman, son of Mr. and Mrs. Fred R. Overman, Clairemont Road.

Mr. R. W. Poynor, Jr., Church of Christ minister from Slaton, officiated for the double ring ceremony which took place at 5:00 p.m. Dec. 25th before an altar flanked with candelabra and flowers of white stock.

Music for the wedding was presented by Mr. Ralph Wesson, organist, and Mrs. Ralph Wesson, soloist, who sang "Whither Thou Goest" and 'I Love You Truly."

Given in marriage by her father, the bride chose a chapel length gown of bridal satin with fitted bodice of rose point lace featuring a scalloped neckline edged with seed pearls and full length sleeves which came to petal points over the hands. Her veil of nylon tulle fell from a crown of bridal satin and rosepoint lace with clusters of seed pearls. The veil was edged with lace appliques.

She carried a bouquet of Frenched mums and white gardenias atop a white Bible. For something old she carried a silk handkerchief belonging to her great grandmother. She also wore a string of pearls which were a gift from the groom.

Glenna Kay England, sister of the bride served as maid of honor. Karol Ruth England, sister of the bride, and Docena Howarton were bridesmaids. Their dresses were of red velveteen similiar to that of the bride except for three - quarter length sleeves. The bridesmaids wore hats of white fur while the maid of honor wore one of red velveteen. They all wore white gloves and white shoes and carried bouquets of white roses.

Sherri Overman of Phoenix, Arizona, niece of the groom, was flower girl and wore a dress like that of the bridesmaids and a hat of red velveteen. Rudy England, brother of the bride, was ring bearer. The ring was carried on a [illegible] shaped pillow of white bridal satin and rose point laced in net. Candle lighters were Debbie Bynum of Wh[illegible] Texas, and Leroy Perkins of Abilene, cousins of the bride.

Best man was Tommy Rogers and groomsmen were Ralph Trevey and Junny Ivison, all of Snyder. Jackie Stewart, Gail Reed, David Davis and Melvin Lewis, all of Snyder, served as ushers.

The reception following the ceremony was in fellowship hall of the church.

Following a short wedding trip to Lubbock, the couple will be at home at 718 Victoria in Abilene where he is employed by Gooch's Packing Co. and she plans to continue her studies in Abilene High School. For her wedding trip the bride chose a blue suit with black accessories.

Out of town guests were from: Dale Center, Lubbock, Whiteface, El Paso, Petersburg, Dallas, Eola, Midland, Abilene and Wheeler, Texas and Phoenix, Arizona.

The bridegrooms parents were hosts for the rehearsal dinner Tuesday evening in their home on the Clairemont Rd.

The bride was honored with a lingerie shower on Thursday, Dec. 12th in the community room of Snyder Saving & Loan. Hostesses were Karen Tuetschlander, Linda Fuller, Raye Herring, Barbara Savage, and Phyllis Smith.

On Saturday, Dec. 14th., Mesdames Ralph Wasson, Garth Boyles, Joe Ellington, Buster Anderson, Roy McCloskey, Dale Johnston, Robert Mitchell, Roy Pilgrim, Selby Johnson, W. E. Loyd, James Taylor and Bentley Baize were hostesses for a gift tea given in the home of Mrs. Bentley Baize.

Add a pinch of ginger and one of nutmeg plus sugar for sweetening to a half pint of heavy cream that is to be whipped and served atop a mildly-flavored pumpkin pie.

Etching In Acid

THE WAPSHOT SCANDAL. By John Cheever.

The author of "The Wapshot Chronicle" has done this second book about the Wapshot family with a typewriter ribbon dipped in black acid.

His principal characters are nutty old Honora, who gets herself into a well-deserved mess with the Internal Revenue Service; her two nephews, Coverly and Moses; their families, and Coverly's boss, a scientist of monstrously blind principles.

Crusty Honora takes to the high seas to escape her rightful doom, and capers off to a foolish end.

Moses' wife Melissa lets the approach of unwanted middle age drive her to a lustful, degrading alliance with a crude grocery boy named Emile, thus wrecking another of those marriages in the togetherness-suburbs.

As for bumbling Coverly, he and his maladjusted spouse live in a secret city surrounding a nuclear installation, which is a burlesque of a modern leper colony.

The administrator of the doom factory in which Coverly pretends to work is a character known as Dr. Cameron. By the time you have reached the latter chapters of the book, you are amazed at the grotesque, inhuman dimensions of this science-fiction villain.

There are incidents that have all the garish irrationality of a nightmare which follows the reading of a medieval book on alchemy. Yet the nightmare flickers through scenes that are thoroughly of the 20th Century.

Cheever has a powerful writing style. He uses it like a death-ray gun against many of the social and intellectual obsurdities of our day. If you have a streak of viciousness in your makeup, you probably will revel in his venomous portrayals.

But perhaps it might occur to some readers that unsublety palls, that unrelieved bitterness galls.

TO WED—Mr. and Mrs. Robert D. Stewart, Colorado City Highway, announce the forthcoming marriage of their daughter, Linda Jane, to Nolan Lee Treadway, son of Mr. and Mrs. Lloyd Goswick. The couple will exchange wedding vows in the home of the bride-elects parents on January 5th, at 11 a.m. Rev. Jerry Stewart, Baptist minister from Grand Prairie, brother of the bride-to-be will officiate.

Stamps In The News

By SYD KRONISH

SEVEN stamps honoring the Winter Olympic Games to be held in Innsbruck, Austria, from Jan. 29 to Feb. 9, 1964, will be issued by that country, reports the Austrian Information Service. The stamps, ranging in value from 1 schilling to 4 schillings, depict various Winter Olympic contests.

The 1 schilling features a slalom skier, The 1.20 schilling shows a contestant in the Biathlon. The 1.50 schilling depicts a ski jumper. The 1.80 schilling portrays a girl figure skater. The 2.20 schilling illustrates an ice hockey player. The 3 schilling shows a sledge team. The 4 schilling has an etching of a bobsled team.

Austria is proud of the fact that her Olympic teams have participated in all of the games of the modern series with the exception of those held in Antwerp, Belgium, in 1920.

* * *

Ghana plans to issue a set of four stamps in memory of Eleanor Roosevelt. It is expected that these stamps will simultaneously honor the 15th anniversary of the Declaration of Human Rights. Mrs. Roosevelt was known as a prime mover in this program. Featured on the stamp will be an oval portrait of Mrs. Roosevelt with the torch of human rights and the inscription, "The defender of human rights, Eleanor Roosevelt."

* * *

The Republic of China has issued a two - stamp set commemorating the second Asian Basketball Championship, reports the World Wide Philatelic Agency. One stamp shows a basketball player in action and the other stamp depicts the gymnasium where the tournament is held and the Asian Cup.

* * *

Colombia has issued a 55 centavos airmail stamp commemorating the recently held South American Tennis Championship. The design shows the emblem of the games and a tennis player.

* * *

Sweden has announced that it will issue three new stamps to commemorate the 300th anniversary of the National Swedish Board of Health. The values are 25 ore, 35 ore and 200 ore.

The story behind this set had its beginnings in 1663 when four doctors in Stockholm applied to the Queen to be allowed to form a "Collegium Medicorum." The application was granted by royal resolution of Queen Hedvig Eleenora. From this group, the Central Medical Amdinistration has grown into such organizations as the National Swedish Collegium of Soundness and the present National Swedish Board of Health.

All three stamps bear a portrait of Dr. Gregoire Francois Du Rietz who was the first president of the Collegium.

* * *

Brazil has announced that it has great plans for celebrating the 400th anniversary of the city of Rio de Janeiro in 1965. A special set of commemorative stamps will be issued at that time to mark the event. The new stamps will be a part of an elaborate program to commemorate the city's founding in 1565 by Portuguese colonists. The Philatelic Club of Brazil has been authorized by the government to hold a contest for the selection of designs for the new stamps.

Cooking Frozen Roasts

Frozen roasts should be cooked in the same manner as roasts that are not frozen: 300 degrees to 325 for fresh beef, veal, lamb or cured pork; and 325 to 350 degrees for fresh pork. However, frozen roasts require approximately 1-3 to ½ again as long for cooking as thawed roasts.

When you are boiling a chicken it's safe to use a teaspoon of salt to a quart of water. For rich broth, boil down the broth after the chicken is cooked through and has been removed from the liquid and seasonings.

Eyes Hospital's Speciality

By PHIL ORAMOUS

BIRMINGHAM, Ala. (AP) — The vision of a dedicated few eventually will save the vision of many.

"This hospital will have equipment to make possible the saving of many eyes that previously would have been lost," said Dr. Alston Callahan, president of Eye Foundation Inc.

The 55-bed Eye Foundation Hospital will accept its first patients soon.

It will be the first hospital in this region, one of less than 10 in the country, devoted entirely to treatment of the eye.

"The hospital will place tools never before used in Alabama in the hands of local ophthalmologists for use in repairing eyes damaged by injury or disease," Dr. Callahan said.

Some of the specialized equipment is yet to be purchased. Money for it will come from private donors.

Donors already have contributed $1 million toward the construction itself. Total cost, including equipment, will nudge $1.5 million.

The Eye Foundation will not only provide adequate bed space for eye patients, but will free beds for general patients in hospitals where eye cases were treated in the past.

There will be two operating rooms; in emergenices two operations can be carried out simultaneously in each.

New equipment used in eye treatment here for the first time includes a light coagulator, operation microscope and pleoptic aids.

The light coagulator focuses a thin, powerful light beam on the back of the eye. It is used in cases where the retina has become detached. It causes tiny burns whose scar tissue reglues the retina to the eye wall.

The operation microscope gives surgeons a highly magnified view of tissue during operations, permitting exact placement of grafts.

Pleoptic equipment is used for training so-called "lazy eyes."

Eye Foundation Hospital was the idea of the late Dr. Roy Kracke, first dean of the University of Alabama Medical College.

Drs. Kracke and Callahan persuaded the late Robert I. Ingalls Sr. to make the initial gift 13 years ago. Ingalls' $25,000 purchased the land in the heart of what is now the Birmingham Medical Center.

At least 75 persons will staff the facility. Two resident eye doctors will be on duty at all times. There will be a resident training program.

The two-story, poured concrete structure is designed with a fountain in the covered entrance way. A large mural, lighted at night, will adorn the entrance.

Adjustable louvres, on three sides of the second story, will adjust the light in rooms, and add a distinctive architectural touch.

Walls of patients' rooms will be covered with pastel fabric. Special tinted window glass cuts down the glare.

"We've been asked to add a wing for ear patients," Dr. Callahan said. "That might be in the future. Meanwhile, if our facilities are available, the ear surgeons are welcome."

A charity clinic for out-patients is included in the overall plan.

Tom E. Bradford, chairman of the Eye Foundation finance committee, summed up the hospital's purpose:

"We will never have to say again: 'The child's sight could have been saved, if we only had the necessary equipment.'"

No Argument On Date Of Wedding

TRINCHERA, Colo. (AP) — After their engagement was announced, there was never any question when Elaine Doherty and William Jackson Jr. would be married.

Mr. and Mrs. William H. Doherty, parents of Elaine, were married on Dec. 30. So were Jackson's parents.

The young people were married here Monday—Dec. 30.

Romney To Appear For Press Club

LANSING, Mich. (AP)—Gov. George Romney will appear Jan. 7 before the National Press Club in Washington to speak on Republican national goals, he said today.

"I will speak of the opportunity we have as Republicans to establish the right programs to meet the nation's need," he told his news conference.

He said he is stepping up his acceptance of invitations to speak on national topics as part of his effort "as an individual who wants to see the right things done nationally."

The announcement touched off questioning on whether he was moving closer to presidential candidacy or to a position in the top policy-making echelon of the party.

He repeated a statement he first made 18 months ago: "I will not be a candidate for the nomination — I won't seek it." He said his position in this had not changed.

Romney earlier announced he would attend a dinner in his honor at Salt Lake City Jan. 17 and speak at a Jan. 24 fund-raising event for the party in Washington D.C.

Rare Disease Claims Lad

SHREVEPORT, La. (AP) — The rare blood disease that put 7-year-old Danny King in the hospital Oct. 26 claimed his life Monday.

Danny was stricken with purpura, which destroys vital coagulating agents in the blood called platelets.

In the first week of Danny's fight to live, his father made repeated desperation dashes to Tyler, Tex., to get platelet serum for his son.

Tyler was the nearest place with a refrigerated centifruge, necessary in extracting platelets from blood for use in transfusions.

Because the serum was perishable, King flew by private plane between cities with police cars standing by to clear a path through traffic when he stepped from plane to auto.

The trips ended when money left over from a Shreveport police vaccine program was used to buy a refrigerated centrifuge for the city's blood bank.

Danny received 420 transfusions during his bout with death. A physician said the more than 450 blood donors in Shreveport and Tyler nearly won for Danny —but too many complications set in.

Wheat Exports Expected To Gain

DENVER (AP) — The U. S wheat industry, almost certain of a record exporting year, will ship a billion bushels overseas if deals with Russia and eastern European countries goes through.

That was the estimate made ere Monday by the Colorado heat administrative committee. Russia has indicated it hopes o buy 150 million bushels, and eastern European nations are expected to take 100 million.

In the record 1961-62 marketing year, the United States shipped 720 million bushels abroad.

They Might Call It 'Stork Day'

AURORA, Colo. (AP)—Mrs. Florine Cherry became a mother Dec. 29, 1939. She gave birth to her second child on the same date 12 years later.

The first, a daughter was named Jackie Sue, became Mrs. Roger Deal and her first child, a boy, arrived on Sunday, Dec. 29.

Rep. Roberts To Seek Re-Election

MCKINNEY (AP)—Rep. Ray Roberts, D-Tex., will seek re-election.

Roberts was elected in 1962 to succeed Speaker Sam Rayburn.

"I believe that our interests lie in wholehearted support of President Lyndon B. Johnson, and I intend to work for his nomination and election in 1964," Roberts said.

Bill Results In Special Control

MEXICO CITY (AP) — Companies with state participation, known as "decentralized enterprises," will come under special control resulting from a bill just approved by the Chamber of Deputies.

Around 400 companies representing investments of $320 million will be affected.

Among these are the Mexican government oil monopoly, the Social Security Institute, the government warehouse system, and the government's distributor of basic staples.

The bill calls not only for a tight control of federal investments in these firms but also a close check of investments and activities of the companies themselves.

An hour's factory work in 1962 would buy 3.8 dozen oranges compared with 2.4 dozen in 1942 and 1.5 dozen in 1932.

Machines Are Cosmopolitan

MIAMI (AP) — The visitor feeds coins into a Miami vending machine and yanks its lever.

His Canadian, Venezuelan or Dominican money tinkles unchallenged into the coin - box. Out drops his chosen pack of cigarettes. The Canadian, Venezuelan or Dominican lights up and strolls away, grinning perhaps at the dismay he thinks his money will provoke when it's found among the American quarters and nickels.

He's mistaken, even though almost every country's coins that will fit are being poked daily into the parking meters and sales machines of this international resort and cross-roads of Latin America.

Instead of flipping at the assortment of alien coinage found in the meters and machines, the collection people calmly sell it as close to face value right in town.

Clarence Grant says some of the foreign coins get home from Miami before the visitors who spent them. Grant should know. He manages the Miami branch of a foreign exchange firm (Perera Co. Inc.) which buys the coins and regularly ships them back to issuing nations.

Quite a chunk of change is involved. Grant estimates that in winter, 2,000 nickel and dime-size foreign coins are fed weekly into Miami parking meters.

He said vending machines digest another 600 quarter - size coins that vary all the way from English Shillings to Panamanian two-bits but total $600 just as they would if they said "quarter dollar" instead of "25 centavos" or some such exotic denomination.

"By far the bulk of the nickel, dime and quarter-size foreign coins pushed into Miami slots are Canadian," Grant said.

"Canadian visitors are numerous here and, of course, they spend a lot of American money too. They convert their bills into U.S. currency but they apparently keep finding coins of their own country in their pockets and purses."

Other nations whose coinage turns up often in Miami, because it fits local slots, are shillings — from the Bahamas — and the nickel, dime and quarter versions of the Dominican Republic, Venezuela and Panama.

From Same Mint

No wonder the Panamanian and Dominican coins fit. They're made in the Philadelphia mint which produces U.S. coinage.

So were Cuba's coins before Castro monkeyed with them. Grant said that coins from Cuba dominated the foreign treasuretrove pushed into Miamo slots until 1961.

"Then Castro changed everything," said Grant. "He called in silver coins for their worth in metal. He issued substitute coins — made probably in Czechoslovakia — of a cheaper nickel alloy.

"Apparently in a move to draw farther away from American influence, he abandoned the 25 and 50 centavo pieces, retained 5 and 20 centavo pieces and revived the 40 centavo coins of an earlier day."

Thus today, only the Cuban five-centavo pieces will fit an American slot.

Bills May Be Bad

In contrast with hard money, foreign bills are much harder to spend in the ordinary channels of trade.

An American who has an 1863 U.S. dollar bill has a collector's item but if he chose, he could spend it in 1963 at face value. This is far from the case in some countries where the "currency" may or may not be current.

Currency issues of Cuba, Germany, Greece, Japan, France, and Russia have been repudiated at various times.

Grant has to be able to tell at a glance whether bills offered for exchange are valid. He said that not only individuals but banks often appeal to him for solid word on whether a foreign bill still is honored in its own country.

"Sometimes the difference is pretty tricky," Grant said. "The Dominican Republic, bent on wiping out every rememberance of Generalissimo Rafael Trujillo, threw out large-denomination bills of his regime and issued new ones—pink in color with 'Santo Domingo' in place of the seal's 'Cuidad Trujillo.' On the other hand, the old regime's 1,5, 10 and 20 peso bills still circulate — with the exception of some 20s.

"If the 20-peso bill carries the picture of a building, it passes. But if it's the issue that was engraved with a portrait of Trujillo, it is no longer accepted."

Mexican Officials Are Imprisoned

MEXICO CITY (AP) — Two Mexican government officials have been imprisoned on charges of illegal issuance of passports.

Press reports said 4,000 passports had been illegally issued.

The men are Emiliano Hinojosa Rochin, chief of department responsible for issuing passports to persons not residents in the Federal District, and Luis Navarro, representative of the State of Jalisco in the Federal District.

A SIZE SMALLER, BUT IT'S POPULAR JUST NOW

Stuffed Animals Are Put In Their Natural Settings

By William C. Harrison
Associated Press Science Writer

SAN FRANCISCO (AP) — Taxidermist Toshio Asaeda puts a peaceful expression on his animals "to discourage the shooting of live ones."

His kingly lions almost smile. So do all his other mounted animals on exhibit at the California Academy of Sciences in Golden Gate Park.

Tokyo-born Asaeda belongs to an almost vanished breed — the artist who has mastered all phases of working up an animal group in its natural setting.

He has exercised his skills in taxidermy, photography, painting, sculpture and scenery crafting at the academy for 14 years. A wiry 69, he seems tireless, a fact academy officials note with pleasure.

"He can't be replaced — there's no other Asaeda," says one.

Asaeda came to the United States in 1923 as a student. Nature art had been his hobby from childhood. When an earthquake in Japan wiped out the family fortune, the young man landed a job in a New York taxidermy shop. Photography claimed his spare time and meager savings.

His brilliance with camera and paint brush led to a job with adventure novelist Zane Grey, whose hobby was fishing. Asaeda served as artist and photographer on a Grey expedition in the South Pacific.

Similar assignments followed on a number of scientific cruises to distant parts of the world in the 1930s. Between expeditions, Asaeda made his home in California.

After the bombing of Pearl Harbor in World War II, Asaeda and his wife, along with others of their race on the West Coast, were uprooted. The Asaedas were interned in Utah.

"I was paid $19 a month and lectured on geology in the relocation camp," the artist recalls.

After the war, he accepted a post in the paleontology department of the California Institute of Technology, Pasadena, working with fossils. He moved to the Academy of Sciences in San Francisco in 1949 and became assistant curator of the department of exhibits.

Working up an animal group for exhibit starts with a painstaking on-the-scene study of the natural habitat, Asaeda explains.

Hundreds of photographs are taken. Artists capture various settings on canvas. Botanical specimens, rocks and other environmental samples are collected and shipped to the museum.

Then Asaeda goes to work with plaster of paris, wax, cement, papier-mache and other construction materials, fashioning a realistic setting that brings admiring gasps from onlookers. He blends structured foreground so skillfully into a curving background — which he paints — that illusions of almost limitless depth are achieved.

The process for one diorama, including mounting of the animals, may take six months or more, says Asaeda, pointing out that every leaf of an ersatz tree must be meticulously constructed and attached.

Arsenic used in tanning and other preservatives protect the glass - fronted display from insects and bacteria at first. The protection is maintained by daily surveillance and occasional spraying with insecticides, plus concealed moth balls.

Asaeda's extremely lifelike creations have won wide acclaim, but he says there is no secret involved. "One must know nature itself, that's the main thing," the artist comments.

Impact Of Death On 10-Year-Old

By HAL BOYLE

NEW YORK (AP) — As the new year dawns the blackboard in my daughter's room looks strangely bare.

It hangs on a wall opposite her bed, and Tracy Ann uses the blackboard as a kind of school away from school. As do many 10-year-olds, she loves to play teacher herself—and the blackboard lends the game the semblance of reality.

One day last November, just before school let out, she and her classmates learned that the President of the United States had been shot.

Tracy Ann hurried home to tell her mother, and they switched on the television set. My daughter wept uncontrollably for nearly an hour.

In the crowded days that followed so swiftly she could not get the event out of her mind, any more than grownups could. Sometime during those four tragic days she went alone to her blackboard, picked up a piece of chalk and neatly printed this bulletin:

"In history: John F. Kennedy died Friday, Nov. 22, 1963. Flags to fly at half staff for 30 days in mourning."

A relationship is sometimes best defined by its loss. So only through the death of President Kennedy did the nation come to realize how manifold a meaning he had.

He had become during his short term in authority a symbol of many things. He was a symbol of a dutiful son, a symbol of conscientious leadership, light - heartedly exemplifying that true mark of the champion —"grace under pressure"—and he was a symbol of proud and happy parenthood.

Probably because of the prevalence of television, the tragedy affected children almost as much as it did adults. It took away their innocence of death.

Burial of John F. Kennedy raised disturbing issues in the heart of my daughter, who has never seen a dead person and to whom until then death was largely a matter of hearsay. She asked me long and searching questions about mortality and immortality, some of which I found difficult to answer.

"After they covered President Kennedy with earth and flowers she asked, "did everybody just go away and leave him there all by himself?"

To her it seemed almost like an act of treason.

In the days that followed she was extraordinarily kind and thoughtful to both her mother and me. Other parents I have talked to also have reported improved conduct in their children.

From this I gather that to children the message of President Kennedy's death spelled less the loss of a national leader than a breach in the security of the family, the only certainty children really know. It made millions of people fully aware of how bewilderingly dependent they are on family ties they usually take for granted, and this realization is the only good I can see that came from the whole sorry happening.

Sometime after Christmas, Tracy Ann went to the blackboard and erased the lettering, and since then has written nothing on it.

Junior Editors Quiz on ICE CREAM

QUESTION: Who invented ice cream?

• • •

ANSWER: Ice was a great luxury for the ancient peoples, especially for those who lived in warm climates. They could not make ice; but they could and did bring blocks of ice down from mountains. It is known that the Romans made water ices and that Marco Polo, coming home from his famous trip to the far east, is supposed to have brought a receipe for adding milk to water ices, making a kind of ice cream.

But it was the Italians who really started ice cream on its way. For a long time they had used ice brought down from the mountains; until, about 1550, someone discovered that if salt was added to ice it would become colder, and that milk and flavoring could be frozen by it. At first, this delicious dish was reserved by European chefs for the nobility, but the secret soon leaked out.

In America, ice cream was known in the early 1700's but its use was rare until Dolly Madison served it in the White House in 1809. After 1900 it became America's favorite dessert. The first ice cream cone appeared in 1904, at the Louisiana Purchase exposition in St. Louis.

• • •

FOR YOU TO DO: Try some of the less usual forms of ice cream, like soft ice cream (taken from a freezer before it's hard), frozen custard (with eggs added) and parfait (a rich ice cream less solid than the regular kind.) 1-1

(Annette Alberth of Ellwood City, Pa., wins todays grand prize of a 20-volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Wade's Imitations Vital To Longhorns

By MIKE RATHET
Associated Press Sports Writer

Tommy Wade could turn out to be the most important player on the Texas football team, ranked No. 1 in the country.

In the Longhorns' practice sessions for today's clash with second-ranked Navy in the Cotton Bowl, Wade has tried to imitate the inimitable All-America and Heisman Trophy winner of the Middies—Roger Staubach.

"We want our boys to realize that when Staubach is going east, the boys on the west side can't relax, because he'll be coming back their way in a minute or two," explains Texas Coach Darrell Royal.

How well the Longhorns and Wade, Texas' No. 2 quarterback have succeeded will become evident today when eight of the classiest teams in the nation meet in the annual four-game New Year's Day bowl program.

Here's the line-up, with season records, national rankings, expected attendance and television coverage, Eastern Standard Time:

COTTON BOWL—Texas, 10-0, No. 1, vs. Navy, 9-1, No. 2, 75,504, CBS, 1:45 p.m.

ROSE BOWL—Illinois, 7-1-1, No. 3, vs. Washington, 6-4, unranked, 100,000, NBC, 4:45 p.m.

ORANGE BOWL—Auburn, 9-1 No. 5, vs. Nebraska, 9-1, No. 6, 72,600. ABC, 1:45 p.m.

SUGAR BOWL — Mississippi, 7-0-2. No. 7, vs. Alabama, 8-2, No. 8, 82,500, NBC, 1:45 p.m.

The year-end program got under way Tuesday at El Paso, Tex., with Oregon's Bob Berry passing for two touchdowns and leading the Ducks to a 21-14 victory in the Sun Bowl against a Southern Methodist team stricken with intestinal disorders a few hours before the game.

The Cotton Bowl match-up that brings together the top two teams in the country figures to be the No. 1 attraction on today's program. Navy suffered a jolt when fullback Pat Donnelly pulled a hamstring muscle in his left leg during a practice session Monday.

Nevertheless the game figures to be a contest between Navy's wide-open offense that revolves around the multiple talents of Staubach and a stingy Texas defense anchored by All-America lineman Scott Appleton.

Staubach's partners in a backfield Coach Wayne Hardin says is the best he's had, are Donnelly, halfback Johnny Sai and Flanker Ed Orr. If Donnelly can't make it, the Middies have a problem because his replacement, Nick Markoff, has been troubled by a similar injury.

The Texas attack centers on quarterback Duke Carlisle, hard running Tommy Ford and shoeless kicker Tony Crosby, who has provided the decisive points in many of the Longhorns' close games.

At Pasadena, Calif., where Illinois and Washington meet in the granddaddy of the bowls, it figures to be a similar battle. The Illini rely heavily on a rugged defense led by All-America Dick Butkus. The Huskies usually potent attack may be severely handicapped by the loss of Junior Coffey, the injured fullback, and quarterback Bill Douglas is expected to go to the air.

The Auburn-Nebraska game matches two heady exponents of the option play, the Tigers All-America, Jimmy Sidle, and the Cornhuskers' Dennis Claridge.

Alabama, which suspended first-string quarterback Joe Namath, will hand the signal-calling chores to Steve Sloan. Mississippi's offense centers on two able passers, Perry Lee Dunn and Jim Weatherly.

Oregon built a 21-0 halftime lead on Dennis Keller's nine-yard run and touchdown passes by Berry of 23 hards to Dick Imwalle and 20 to Paul Burleson. SMU struck in the fourth quarter when John Roderick hauled in a three-yard touchdown pass from Danny Thomas and a seven-yard scoring flip from Mac White.

With 24 seconds left, the Mustangs made a bid to pull it out with an onside kick, but it went out of bounds.

SPORTS

Defensive Units Picked At Mobile

MOBILE, Ala. (AP) — North and South coaches have named starting defensive line-ups for the 15th annual Senior Bowl football game Saturday.

Sleet, snow and rain forced both teams off the practice field Tuesday and made coaches switch tactics. The teams were scheduled for drills on pass patterns and wide plays, but they had to settle for gymnasium work instead.

Signal drills were conducted by North Coach George Wilson of the Detroit Lions and South tutor Tom Landry of the Dallas Cowboys.

Wilson named four men averaging 246 pounds as his probable defensive starters.

They were Buffalo's Gerald Philbin (231) and Muskingum College's Roger LaLonde (255) ends; and Pacific University's Don Shackleford (250) and Nebraska's Lloyd Voss (247), tackles.

Voss will report after the Orange Bowl game with Auburn today.

Landry listed four defensive linemen who averaged 241 pounds.

The South defenders are Bill Traux (225) of Louisiana State and Jake Adams (225) of Virginia Tech, at ends; and Ken Kortas (288) of Louisville and Whaley Hall (224) of Mississippi, tackles. Hall is playing in the Sugar Bowl game against Alabama today.

The South's linebackers will average 225 to the North's 213. The Southerners will have Miami's Dan Conners (245) as middle linebacker and Georgia Tech's Ted Davis (225) and Louisiana State's Buddy Soefker (215) on the outside.

Wilson picked Boston University's Bill Budness (210) for the middle linebacker, and Kansas' Ken Coleman (210) and Nebraska's John Kirby (220) at the outside spots.

Alabama's Benny Nelson and Auburn's George Rose were listed as defensive halfbacks for the South. Landry said they probably would be assisted by Mississippi State's Ode Burrell and West Texas State's Jerry Richardson.

North defensive backs will be Glenn Holton of West Virginia and Vince Turner of Missouri.

Georgia Tech's All America Billy Lothridge was listed as the South's starting safetyman, although there was a good chance he also would see offensive action. Richardson will open at safety for the other side.

Dick Hoover of Iowa State and Dick Drummond of George Washington were picked for the Yankee safety berths.

Lakers Hold On To Division Lead

By The Associated Press

The Los Angeles Lakers held on to their National Basketball Association Western Division lead today after downing the St. Louis Hawks 132-119.

Led by Jerry West, the Lakers scored 26 points in a six-minute salvo in the third period Tuesday night.

Despite the defeat, the Hawks still are second to Los Angeles, 3½ games behind.

In the only other NBA game New Year's Eve, San Francisco's Warriors walloped the New York Knicks at New York 101-79 on the 42-point effort of Wilt Chamberlain.

The Warriors played without No. 2 scorer Guy Rodgers.

1897 All-America John Minds Dies

PHILADELPHIA (AP)—John H. Minds, a Walter Camp All-America in 1897 and a member of the Football Hall of Fame, died Tuesday at his home. He was 9?

Minds, a lawyer, played tackle and fullback on four University of Pennsylvania football teams that won 55 out of 56 games from 1894 through 1897.

Fullback Pat Donnelly of Navy was the top ground gainer in the classic Army - Navy game. He carried 17 times and gained 103 yards. He scored the Middie's three touchdowns in a 21-15 victory.

Michigan State has two brother combinations active in the Spartan sports program. Football has Dick and Jim Proebstle of Canton, Ohio and cross country has Ray and Russ Pletcher of Ashtabula, Ohio.

San Diego Best Against East Teams

SAN DIEGO, Calif. (AP)—The San Diego Chargers will be principals in next Sunday's American Football League championship game because they won the 1963 Western Division title.

But it seems unfortunate, from the San Diego viewpoint, that the Chargers won't be playing the team with the best record against Eastern Division competition. If they were, the Chargers couldn't possibly lose the title game.

They'd be playing against themselves.

Instead, they'll play the Boston Patriots, who won the Eastern Division championship in a playoff with the Buffalo Bills.

The Chargers, strangely, had only a .500 record in their own division. They beat Kansas City twice, but split two games with Denver and lost twice to Oakland.

Against Eastern Division teams, on the other hand, the Chargers won eight games and lost none. They won two from Boston, two from Buffalo, two from New York and two from Houston.

In fact, the Chargers are champions of the Western Division only because their victories over Eastern Division clubs counted in the Western Division standings. Among Western teams, Oakland had by far the best record—six victories and no losses—against clubs in its own division.

Hula Bowl Squads Drill

HONOLULU (AP)—North and South football squads, both warming up in chilly, wet weather for Saturday's Hula Bowl, are almost at full strength with the arrival of more players from the U.S. mainland Tuesday night and today.

The North squad was particularly looking forward to seeing Coach Len Casanova and four of his Oregon players fresh from Tuesday's 21-14 victory over Southern Methodist in the Sun Bowl.

With halfback Larry Hill, end Dick Inwalle, tackle Milt Kanehe and guard Dave Wilcox showing up, the North was near full strength for the first time.

Kickoff time Saturday will be 7:45 p.m. HST (12:15 a.m. EST Sunday).

Halfback Johnny Sai and center Tom Lynch, playing for Navy in the Cotton Bowl, were the only North stars unavailable for today's practice.

Two South stars—tackle Scott Appleton and halfback Tommy Ford of Texas — also are missing. They won't be in Honolulu until Thursday following Cotton Bowl duty.

Stephen F. Austin Wins Own Tourney

NACOGDOCHES (AP)—Stephen F. Austin won its own New Year's Basketball Tournament Tuesday night, with a 93-82 victory over McMurry.

In the consolation game, Louisiana College outscored Southwestern University 86-58. Gerald Woodard dumped in 25 points for Louisiana, and Dave Denny was high scorer for Southwestern with 18 points.

James Hahn was high scorer for Stephen F. Austin with 24 points. McMurry trailed throughout the game, despite 35 points by Max Cabe.

Wildcats In Close Shave

By HAL BOCK
Associated Press Sports Writer

The lights nearly went out for top-ranked Kentucky Tuesday—literally and figuratively.

The Wildcats, down 10 points to Duke at halftime of the Sugar Bowl basketball tournament's championship game, staged a second half comeback and pulled out the title 81-79. Terry Mobley's set shot with seven seconds left produced the deciding points.

Duke, No. 9 in this week's Associated Press poll, rolled to a 47-37 halftime margin before Kentucky's Cotton Nash got hot. Nash, who led the Wildcats with 30 points, scored 20 after intermission.

With less than a minute to go and the score tied, Kentucky stole the ball and went into a freeze to set up one shot. Randy Embry dribbled most of the time away before feeding Mobley whose 10-footer hit the backboard and fell in.

Auburn took third place in the tournament 62-52 over Loyola of New Orleans in a game delayed 45 minutes when a power failure left the Loyola Field House without lights. But they stayed on for the Kentucky-Duke game.

Nash, who scored 58 points in two games, was named the tournament's outstanding player.

Seventh-ranked Davidson won the Charlotte Invitational in a 102-68 romp over Princeton. The Wildcats shot a phenomenal 62 per cent and ran up a 55-36 halftime lead winning their ninth straight. Texas took third place in the tournament, coming from behind to whip Penn 69-61.

The nation's longest winning streak remained intact as Vanderbilt dumped Virginia Military Institute 87-71. It was the 15th straight victory over two years for the No. 6 Commodores.

Fifth-ranked Michigan broke its home court scoring record in a 117-87 waltz over Detroit. Cazzie Russell scored 36 points and Bill Buntin added 29 and grabbed 21 rebounds as the Wolverines won their ninth in ten starts.

Loyola of Chicago, upset in the Quaker City Tournament, regained its scoring touch with a 105-92 victory over Indiana in the feature game of a Chicago Stadium doubleheader. Skip Thoren's 33 points and 21 rebounds helped Illinois to its second victory of the season over Notre Dame, 87-78, in the opener.

The Ramblers, No. 3 in the poll, were paced by 6-foot-7 Les Hunter, who scored 37 points before foulding out midway in the second half and Ron Miller who hit 32. Dick VanArsdale had 36 for Indiana.

In other games, St. Louis nipped Ohio State 91-89 in double overtime and Georgia Tech stopped Navy 88-73.

4 Inducted Into Texas Sports Hall

DALLAS (AP) — The Texas Sports Hall of Fame had 41 members Wednesday with the induction of a coach, trackman, football player and baseball manager.

Ray Morrison, 40 years a coach; Earl Meadows, pole vault champion of the 1936 Olympic Games; Dr. Wilson Elkins, athletic great the University of Texas, and the late Jake Atz, most famous manager in Texas League history, were enshrined Tuesday.

With their induction, the hall had 14 football players, eight baseball players, eight coaches, four trackmen, one polo player, four golfers, one tennis player and one diving champion.

A crowd of 1,100 turned out for the 12th annual Hall of Fame luncheon with Bill Whitmore of Rice University, president of the Texas Sports Writers Association, as master of ceremonies.

Dr. Harry Ransom, chancellor of the University of Texas, inducted Dr. Elkins, now president of Maryland; Gerald Mann, former Southern Methodist football star, presented the plaque to Morrison; Bobby Morrow, sprint champion of the 1956 Olympic Games, inducted Meadows, and J. Alvin Gardner, for many years president of the Texas League, presented the plaque for Atz to Jake Atz III, grandson of the late manager.

Harmon To Try Again

MUNCIE, Ind. (AP)—Randall Harmon, former 10th District representative, is going to have another try at politics, although he says, "I'm not a politician but more of a statesman."

Harmon said Tuesday he will seek the Democratic nomination for congressman in the coming campaign. He was nominated and elected as a Democrat in 1958, after several unsuccessful campaigns in both parties. He was renominated in 1960 but lost to Republican Ralph Harvey.

As a congressman Harmon attracted considerable attention by renting the front porch of his Muncie home to the government as his district office.

Termites Delay Band Performance

HONOLULU (AP)—The Royal Hawaiian Band's Sunday afternoon concerts at Kapiolani Park are being called off until Jan. 19 because of termites.

The bandstand's termite-eaten stage is being replaced, explained a statement announcing the concert cancellations.

WANTED!

Someone to take up payments of $55.00 per month on two bedroom house. Fenced back yard, carpet on living room and one bedroom. Recently redecorated inside. Possession January 2nd. Phone HI 3-5308.

Buyer For Estes Land

PECOS (AP)—Ceres Ranches of California has contracted to purchase approximately 13,215 acres of former Billie Sol Estes land in Pecos and Reeves Counties, it was announced Tuesday.

The announcement came from Ronald J. Herrmann, vice president of the American Grain Corp., which was set up by Morris Jaffe of San Antonio in 1962, after Jaffe purchased the Estes holdings.

Hermann said the price was over $2 million.

The purchase includes all of Estes' former farm in the two counties, except a half section in Reeves County and a farm known as Agriculture, Inc., in Pecos County.

Unfinished Count Nears Half Million

DALLAS, Tex. (AP) — Dallas police said Tuesday they have counted over $464,937.18 in contributions to the widow of Dallas patrolman J. D. Tippit in the 39 days since he was slain Nov. 22.

The policeman was shot to death as he attempted to arrest a man for questioning about the assassination of President John F. Kennedy. Lee Harvey Oswald, who was later shot to death by Jack Ruby, was charged with murder of both Tippit and the President.

Police say they still have about five and a half sacks of mail to go through in counting donations to Mrs. Tippit and her three children.

Krush Begins '64 In Cheery Mood

By GEORGE SYVERTSEN

MOSCOW (AP) — Soviet Premier Khrushchev toasted in the new year today with an appeal for further lessening of cold war tensions in 1964. But at a convivial Kremlin reception, Khrushchev said his only difference with Communist China is "on how to bury capitalism."

Sitting next to a suprise guest, ex-Premier Nikolai Bulganin, who fell into disgrace after a Communist party power struggle in 1957, Khrushchev was in an expansive mood as he proposed 13 toasts.

His face clouded, however, when he recalled the demonstrationin Red Square two weeks ago by several hundred African students protesting the alleged murder of a medical student from Ghana.

Warning the African students, Khrushchev said: "At home if they want to stand on their heads and shake their legs in the air, then they can do so if the government permits it. But we will not allow it.

"If they don't like it here, they can have their passports and we can give them a good send off."

The cheerful Soviet leader led the Kremlin gathering of 2,000 persons, including foreign diplomats and newsmen, after releasing texts of messages to President Johnson and Cuba's Prime Minister Fidel Castro.

Upon Johnson, he urged continued improvement in Soviet-American relations and a lessening of world tensions.

To Castro, he pledged to support Cuba in the event of an attack by "United States aggressive circles."

Khrushchev also took note that this is the fifth anniversary of the Cuban revolution. "The Soviet people fulfilling their internationalist duty, will continue to render all-round assistance to their Cuban brothers in their struggle for a new life," he added.

Khrushchev's message to Johnson, cited the ban on nuclear testing in the atmosphere and added:

"We should like to hope that the coming year will see further and more substantial progress both in adjusting the key world problems and in bettering relations between our two countries for the sake of the Soviet and the American people and for a more lasting world peace."

Bell Ringer Ball In Grand Central

NEW YORK (AP) —Revelers instead of travelers jammed Grand Central Terminal's main concourse Tuesday night.

The information booth in the center of the concourse sold tickets for drinks. Bars were located at the four corners.

Tables were set up along a long row of ticket windows. The orchestra was at the eastern end of the marble-floored concourse.

The occasion was the first Bell Ringer Ball, sponsored by the National Association for Mental Health.
