Slaton Public Schools Open Sept. Seventh

The 1932-33 session of the city schools will open at nine o'clock on the morning of September seventh. Teachers will attend institute at Lubbock the fifth and sixth of Sepember. High School students will be enrolled at the High School Building on the first and second of September. All Seniors are to be enrolled on the morning of the first, Juniors on the afternoon of the first, Sophomores on the morning of the second, and Freshman on the afternoon of the second. All Seniors are especially urged to be present and enroll on the morning of the first, so if there should be some schedule trouble it might be worked out.

The fifth, sixth, and seventh grades will report to Junior High School on the morning of the seventh. All students East of Tenth Street in fourth grade or any grade lower will report to East Ward, and all West of Tenth Street will report to West Ward on the morning of the seventh. Students in wrong school will be sent to right school the first thing when school opens, although it may become necessary to transfer some if crowded conditions arrise in some places. If the school can keep from employing another teacher by making a few transfers we should all be willing to cooperate by accepting the transfer with out complaint.

All grades will be enrolled, assigned to rooms, and have books issued them the first thing. As soon as this work is completed all grades will run through all classses. Lessons will be assigned, and the work in general will be discussed. All students must be prepared to spend the day in school. The old idea that it takes two weeks to strat school will be abolished this year. It is hoped by the superintendent to have all schools running smothly the second day of school.

Thirty regular teachers with one part time teacher for white schools, and one colored teacher for colored school have been employed. This is ten less teachers than the school employed year before last, and the same number as were employed for last year. The first general teachers meeting is called for the afternon of the fifth of September at the Institute at Lubbock. In addition to reducing the number of teachers the Board has reduced salaries from 15 to 33 1-3 percent in order to reduce the budget. While salaries are about the only thing that can be reduced, we have about $30,000.00 fixed charges such as, payments on bonds, interest, and insurance that can not be reduced any lower. The School Board has done and is doing every thing possible to reduce the cost of the school. A glance at the money spent for the year 1930-31 and for the year 1931-32 as compared to the budget for this year will show any one that some very radical reductions have been made.

From the records we find that for year before last, 1930-31, the total amount spent by the school was $70,709.53, of which $41,660.44 was for teachers salaries. Last year the total was $59,450.00 of which $35,000.00 was for teachers salaries. A reduction of about 16 percent in salaries.

The budget set for this year is $49,819.35, of which another reduction of about 21 percent iu salaries from the last year salaries which had already been reduced 16 percent. This reduction has been made and The Board is still mantaning a fully accredited Class A school, which is far above the average school in towns the size of Slaton. A detailed statement of the budget manager, F. A. Drewery, in City Hall, and the public is invited to come in and look same over at any time.

List of Teachers and Subjects Taught:

A. R. Ellis, Supt.; David Lemon, Principal High School, math; P. W. Wright, Math and Coach; Jo Hestand, Spanish and English; Mrs. J. S. Tekell English and History; Miss Irene Armes, English; Miss Ruby Catching, Latin and Math; R. M. Nash, Commercial work; Mrs. R. M. Nash, Commercial work; Miss Maude Dean, History; Miss Lila Allred, Home Economics; J. C. Jenkins, Principal Jr. High and West Ward; Milton Sanders, Math; Mrs. P. W. Wright, Math; Miss Cora Sealy, Geography; Mrs. Oscar Killian, Reading; Mrs. J. G. Wilhite, English; Miss Edith Marrs, Spelling and Writing; Miss Addie Lee Morrison, History; Mrs. Allen Ferrell, Second grade; Mrs. H. Frye, Third grade; Miss Evelyn Stallings, Fourth grade; Mrs. Otis Gunter, Second grade; Miss Minnie Lee McMurray, First grade; Mrs. E. N. Pickens, Principal East Ward, Third grade; Miss Faye Colthorpe, Fourth grade; Miss Eunice Florence, Second grade; Miss Nan Tudor, High first and low second grades; Miss Inez McClenney, First grade.

J. T. Pinkston

IS ASKING FOR RE-ELECTION TO THE OFFICE OF

County Commissioner, Precinct No. 2

ON THE MERITS OF HIS PROVEN QUALIFICATIONS, HONESTY AND FAIRNESS AS A PUBLIC SERVANT.

YOUR VOTE WILL BE APPRECIATED

Funeral Services For Mrs. Berry

Funeral services for Mrs. J. S. Berry were held Wednesday afternoon at four o'clock at the Baptist Church wth Rev. Turner, pastor of the Baptist church, in charge assisted by Rev. James Rayburn, of the Presbyterian church. Special music was furnished by J. L. Gassoway.

Mrs. Lydia Alvilia Berry was born January 1, 1858, and died August 16, 1932. She was 74 years of age. She leaves a husband and nine children, twenty-five grandchildren, 12 stepgrandchildren, and one adopted grandchild to mourn her death.

Those present during her illness and death were: Mrs. J. P. Simmons and family, of Spur, Mrs. R. D. King and family of Point, Mrs. O. N. Alcorn and family, of Slaton, Lester Berry, of Quanah, Mrs. T. O. Petty and family of Slaton, a nephew, O. L. Berry and family, of Seagraves, and J. S. Walker and family of Slaton.

Mr.and Mrs. Berry were old settlers of Slaton, having moved here when Slaton was only a few month old. Their home was at 105 north 3rd street, but Mrs. Berry was with her daughter, Mrs. T. O. Petty, at the time of her illness and death. Mrs. Berry lived a consecrated Christian life and had many friends to mourn her passing.

Active pallbearers were: Messers Shelton, W. T. Brown, C. A. Hannah, Joe Teague, Sr., G. H. Orr, and C. V. Young. Flower girls were the workers in the beginners department of the Baptist Church, Mesdames E C. Foster, G. W. Bounds, G. J. Catching, Dennis, and Charles Garren.

Interment was made in Englewood cemetery, with Dr. Foster officiating.

Miss Hatcher Electioneers Here

Miss Frances Hatcher, daughter of W. Gregory Hatcher, candidate for railroad commissioner is in Slaton and vicinity campaiging on behalf of her father. She is combining business with pleasure in that she is also visiting with her school friend, Miss Elizabeth Lanham.

CARD OF THANKS

We sincerely thank our many friends who so kindly assisted during the illness and death of our mother, also for the floral offerings and especially do we thank Dr. Huckabay for his tender care and untiring efforts.

Mr. and Mrs. J. L. McKinny and family
Mr. and Mrs. J. E. McKinney and family

Mrs. S. F. McKinny Buried Sunday

Funeral services for Mrs. S. F. McKinney, affectionately known as Grandmother McKinney, were held last Sunday at the graveside by Rev. Albert Smith, of the Church of Christ. Mrs. McKinney died Saturday, August 20, at the home of her son, J. E. McKinney, at 1305 south 7th street, after an illness of some time.

Mrs. McKinney was born in Alabama. She had lived in Slaton for about three years. She was seventy-seven years of age at the time of her death. She is survived by two sons, J. E. McKinney and J. L. McKinney, both of Slaton.

She was buried at Englewood cemetery.

Preparation Key To Success In Fall Gardening

COLLEGE STATION Aug. 25,—Pointing out that fall gardens should furnish fresh vegetables from the middle of September to Christmas anywhere in Texas, J. F. Rosborough, horticulturist in the Extension Service at Texas A. and M. College emphasizes the importance of thorough preparation as the biggest single factor in success.

"Most fall gardens that fail do so because they were plowed and diced only once, leaving big clods," he says. "The ground should be plowed shallow, disced several times, and allowed to settle. Weeds should not be plowed under but cut and raked away. Fertilization is more important in fall gardening than in the main spring garden. Better than well-rotted manure at this time is a mixture of 50 pounds nitrate of soda and 100 pounds high grade acid phosphate to one-tenth acre, or a 6-8-4 fertilizer at the same rate. This holds for all parts of Texas excepts the Blacklands and the heavy soils of West Texas. Since germination of seed is poorer in the fall, one-fourth more seed should be planted than in the spring.

"Slower maturing vegetables suitable for planting from August 10th to September 1st are cucumbers, cream peas, pinto beans, Irish potatoes and winter squash. If not planted during that period these vegetables should not be planted at all. For September plantings are suggested cabbage, radish, cauliflower, carrots, beans, onion sets, beets and Swiss Chard."

Suprise Party For Mrs. Warder

A surprise birthday party planned by Mrs. C. E. Warder, whose birthday was August 13, for her husband, whose birthday was August 23, was cleverly changed about by friends to honor Mrs. Warder, thus making the surprise complete for everybody.

Mrs. W. H. Vermilion and Miss Ethel Holdren acted as hostesses, and served refreshments to the guests. Mrs. Charles Williams and sons, of Lubbock, mother and brother of Mrs. Warder, were out-of-town guests. Several nice gifts were received by Mr. and Mrs. Warder.

Mr. and Mrs. J. M. Cullar, and Mr. and Mrs. Gale Jenkins and son, of (Fannin County) visited last week with Mr. and Mrs. C. E. Warder.

Bridge At Home Of Miss Jo Hestand

Miss Jo Hestand entertained a few friends last Wednesday afternoon with an enjoyable bridge affair. Those present were Misses Maggie George, Hazel Mansker, Elizabeth Lanham, of Austin, who is visiting her mother here, and Mesdames Allen Ferrell, and A. J. Bulter. During the afternoon's play, high score was won by Mrs. A. J. Butler, and low score by Miss Maggie George.

The hostess served a delicious ice course to the guests.

Miss Eloise Houston, of Tatum, New Mexico, is visiting friends and relatives in Slaton.

A New Flour Is Introduced Here

J. H. Roberts, of Amarillo, represenative of the Kell Mill and Elevator Company of Vernon, was in our city the last of the week interviewing our merchants in behalf of his company. Mr. Roberts is a West Texas booster, representing a West Texas firm that uses West Texas products. The Kell Mill and Elevator Company are manufacturers of the famous Carnation flour which is taking the day in this section of the state. The manufacturers of this flour aside from being a West Texas firm are among the largest milling concerns in the South and have forwarded the idea of using West Texas raw products and at the same time manufacturing them in West Texas.

Mr. Roberts informed the Slatonite office that the Texas grocery and Hokus-Pokus will be distributors of the products of the Kell Mill and Elevator Company including the famous Carnation flour.

Broadway Comic In Fair Revue

DALLAS, Aug. 25— With the addition of Julius Tannan, widely known Broadway comedian to the cast of the "Dream Girl Follies," auditorium attraction at the 1932 State Fair of Texas, the huge revue will be a three-star production it has been announced by Turnie Young, producer of the musical show.

Tannen is widely known for numerous Broadway successes, as well as his work as master of ceremonies in night clubs and on the radio. He will act as master of ceremonies in the "Dream Girl Follies," and will direct the comedy unites of the production.

The other two stars who have been previously announced are Alice Joy, musical comedy star and radio crooner, and Henry Santrey's 17 piece stage band.

The selection of Tannen as the master of ceremonies will give producer Young, the strongest all-star cast ever seen in the auditorium. These three outstanding stars will headline a company of stars—the company numbering 100 people.

One of the outstanding features of the "Dream Girl Follies," will be the beatuy chorus of fifty girls, who are now being rehearsed in Mr. Young's Chicago studio, where the revue is being put into shape ready for its premiere at the 1932 Texas exposition.

Among the numerous headline features in the "Dream Girl Follies," are Moss and Manning, the Thomas Saxtette, Kirby and De Gage, Isabel Mohr, Fay Wells, Lillian Lawson, Val Vestoff, and many others. Mr. Young is still dickering with Kosloff, internationally famous dancer and teacher to stage his ballet numbers.

Tech To Open September 21

LUBBOCK, Aug. 25—The seventh annual session of Texas Technological College wil open Wednesday, Sept. 21, with all first year students required to be present on that day for freshman orientation exercises. The next three days, Thursday, Friday, and Saturday, will be given over to registration.

Students who find it necessary to take entrance examinations may report September 19, 20, and 21.

Catching's Drug Moves To Corner

G. J. Catching, who has for about eight years served the people of Slaton in his capacity of druggists, is moving his stock from his present lacation to the building formerly occupied by the City Drug Company on the corner of Garza and 9th streets. Mr. Catching wishes all his patrons to come to this new location, and he will continue to give the best of service, as he has tried to do at the old place.

Mrs. J. M. Lemmons having moved to Lubbock for the Tech term would like two more Boys for rooms for the school term. Would like Slaton boys. 1633 S. 18th. St. Lubbock, Texas 2tp

For Commissioner

SLATON VOTERS!

This paper will be in press before I can make my speech 3:30 P. M. Thursday, but to those who can't attend I wish to say I am ready with black and white proof that:

My taxation articles and speeches have not been "mis-information" as published by my opponent.

They have influenced taxation cuts" and therefore my campaign expense has been goood economy.

My opponent has stood for too high valuations that increased his salary and our taxes.

Taxes can be much reduced without further legislation. I have not proposed to make "card and dance hall" but to encourage" wider and more valuable use of Park, library, and club house.

That my election will make a mapority of commissioners in harmony on taxation because it is known that all the candidates in precincts 3 and 4 stand as I do.

As to whether the "Park" at all times has been "open to people from any community for clean and wholesome entertainment" read the letter from Mrs Sanky Johnson of Union.

These parties are fostered by the government and state with our taxes for Rural Community building. I believe they are taught in our teachers normals and even in our religious, schools.

As your commissioner I would be a valuable asset to you as a community builder instead of a liability.

Elect me and I will prove it.

W. P. Florence

Slaton Aug. 24, 1932

Dear Mr. Florence:

In answer to your request for information about the Bi-Centennial party in memory of Geo. Washington at the County Clubhouse last March.

We reserved the clubhouse telling them what we were going to do. We invited guests from Shallowater, Posey Canyon, New Hope, Countyline and Acuff to play folk-games and marches that had been taugh to four different ones from this place in school at Lubbock, with about sixty others, under the direction of W. P. Jackson of the National Recreation Association (Fostered by Texas A. and M. College.)

But we were forbbiden to carryout any of our program.

We now take our children to Lubbock Park for picnics.

We have had all our parties in other communities since, as we don't feel welcome at our own home park and clubhouse.

Yours truly,
Mrs. S. V. Johnson
Union Community

W. A. Marr Buys Woolever Plumbing

I twas learned this week that W. A. Marr, of Big Spring, had bought out the Woolever Plumbing Company. He will keep the present location of the plumbing company.

Mr. Marr formerly had charge of a filling station at Big Spring. Before that, he ran a plumbing shop at Lubbock.

4-COMMUNITY SINGING

At Slaton, 3 P. M. Sunday, at Baptist Church the singers of Slaton, Posey, McClung, Union, and other communities are to have their monthly singing convention. Everybody invited.

Job Printing Neatly Done Here.

New Librarian Visits Branch Library Here

Mrs. Rutillia Eubank Branch, whose resignation from the office of county librarian takes effect the last of August, visited the local library here last Tuesday. She was accompanied by her husband and Miss Lola Mae Rozzell, who will be her successor, beginning the first of September.

Before leaving office, Mrs. Branch has replinished the stock of children's books that are required by their school work, and has placed in the library here the New World Book, which will doubtless be of great servic to the students during this school year. besides that, Mrs. Branch has recently bought new adult fiction for the grown-ups.

Mrs. Branch has greatly developed the service of the county library since taking office, and her untiring and unselfish efforts have inspired more paintaking service on the part of her subordinates in the different branch libraries. She has inaugurated the service which is attempting to reach every corner of the county. Her successor, Miss Rozzell, will take up the work that Mrs. Branch has built up, and carry it on in the same efficient manner.

400 Graduates In Commencement

AUSTIN, Aug. 25—Approximately 400 graduates will participate in commencement exercises to be held by The University of Texas Monday evening, August 29, in Gregory Gym., according to announcement of Registrar E. J. Mathews. No formal commencement address will be made, in accordance with a precedent set a number of years ago by President H. Y. Benedict upon his accession to office. Because of the extremely large number of candidates for degrees, aggregating between 600 and 700 in June and 350 and 400 in August, several hours are required at each commencement for them to cross the platform and receive their certificate of graduation. In view of this fact, it has been deemed advisable to dispense with lengthy commencement address, the president instead delivering a few words of commendation and advise to the graduates prior to conferring on them their respective degrees. No exception will be taken to this rule this summer.

The baccalaureate services will be held on Sunday evening, August 28, with Dr. Frank L. Jewett of the Texas Bible Chair preaching the sermon.

Teachers Institute September 5 To 7

LUBBOCK, TEX. Aug. 25—The South Plains Teachers Institute which has been held annually at Texas Technological College since 1925 will meet September 5 to 7. It will be conducted under the auspices of the College but all sessions will be held in the new Lubbock high school building. Dr. A. W. Evans, head of the department of education in Tech, is conductor. The institute has the approval of the state department of education.

The faculty for the institute is composed of Dr. A. W. Evans, Supt. M. H. Duncan, Miss Bonnie K. Dysart, Prof. W. P. Clement, Dr. F. B. Pettenger, Miss Lillian Peek, and others. Among special lectures listed are Dr. Bradford Knapp, now president of Texas Technological College, Dr. J. A. Hill, president of West Texas State Teachers College, Supt. W. A. McIntosh of Amarillo, Roy B. Henderson of the Interscholastic league, Dean J. M. Gordon, Dr. W. C. Holden, Dr. A. B. Cunningham, and Dr. R. C. Goodwin.

Teachers from sixteen counties will attend the meeting, as follows: Andrews, Bailey, Borden, Cochran, Dawson, Dickens, Gaines, Hale, Hockley, Lubbock, Lynn, Midland, Martin, Motley, Terry, and Yoakum.

Mrs. L. B. Thornton, L. B. Thornton Jr., Larry, and Margaret Taylor returned last week from Tinnie N. M. where they have been visiting relatives for the past ten days.

THE TWIN HELPERS

Not so very long ago, when electricity first began to find general usage, gas was spoken of as a "going" industry. But it fooled the forecasters. It has been, and is, a "coming" industry that is becoming more and more indispensable to American homes and industries.

Gas and electricity are not really competitors, but partners in progress. Both are playing essential parts in the future of America.

SAPPING THE NATION

In a recent address, Harold McGugin, Representative from Kansas, held that taxes are draining the life blood of the nation.

In 1913 the total annual tax burden of the country was $2,900,000,000. At present, our ability to pay is less than it was then. Yet in 1930 the total burden reached $12,200,000,000, and it is appreciably higher now. Where, in 1913, the total public debt averaged $43,33 per capita, it now averages more than $255.00.

Congressman McGugin, like other qualified observers, lays the principal blame for exorbitant taxes on the continual widening of government activities. More and more states. The great bulk of these appropriations can benefit but a small part of the country, and must be paid for by people who get little or nothing in return.

In concluding his address, Mr. McGugin quoted an editorial from the alena, Kansas, Times, which criticized the habit of many persons, who are opposed to increased governmental acticity in general, to ask for it when they believe it to be in their interest, and said: "Let every weekly newspaper in the United States expreas that thought and sooner or later the people in every nook and corner of this country will be awakened to the need of reducing these governmental activities. . . ." That is true, and it should be remembered. The country papers of the nation are well fitted to lead in a campaign that will stem the rising tide of taxation and prepare the way for renewed industrial activity and stimulated employment.

THE FIVE DAY WEEK

The five day week in industry has been tried for a year or more in a number of important manufacturing establishments of different kinds and sizes, and the general verdict is that it works to the advantage of everybody concerned. We think it is something which was bound to come sooner or later. The period of depression fro m which we are now emerging has merely hastened it along.

In almost every kind of business in these days the Saturday half holiday is generally observed. It is not generally the case, however, that a full day's work is done on Saturday morning. Some of the large organizations, like the big life insurance companies, which have had a five day week for their clerical staffs for a long time, say that just as much work is done in five days as used to be done in five days and a half. Also, that their employees get such a definite physical and spiriual bentfit from having their time to themselves from five o'clock Friday until nine o'clock Monday morning, that it has proved and actual economy to cut down the working week without reducing salaries.

We have too much of a tendency in America to make a virtue out of work for its own sake. A sounder philosophy of life is that work is a necessary evil, and should be regarded an merely a means to the end of achieving more leisure which to enjoy the really valuable things of life .If the world's work could be done in three days out of every week, we think that this would be a much happier world in which to live.

How Modern Woman Lose Pounds of Fat Swift —Safely

Gain Physical Vigor — Youthfulness With Clear Skin and Vivasious Eyes That Sparkle With Glorious Health

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast — cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished.

Get a bottle of Kruschen Salts—the cost is trifling and it last 4 weeks. If even this first bottle doesn't convince you his is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic— vigorously alive — your money gladly returned.
But be sure for your health's sake tha you ask for and get Kruschen Salts. Get them at any drugstore in the world.

Posey Paragraphs

It has been some time since we have been represented in the column of the Slatonite. We admit that we have not been as diligent as we should have been, but for various reasons it has been impossible to have the regular weekly column.

J. B. Darland, prominent and energetic young farmer of our community has maintained for a number of years that sorghum syrup can be made as successfully here as in number of east Texas plantations. This spring young Darland several acres of the Texas seeded ribbon cane variety, and last week approximately 100 gallons of a high grade syrup was made. To W. P. Florence goes the honer of being the first customer. In the coming week several more acres of the cane will turned into syrup. Those who have never seen the making of home made "molasses" should avail themselves of the oppertunity to see this rare sight in this part of the country.

P. G. Meading has recieved word from his father to the effect that he had survived the hurricane that ravaged on the coast country two week ago, but he stated that nearly all buildings were demolished, windmills were leveled and trees were uprooted. P. G. stated that several boys that grew to man hood with him had lost ralotives from the direct result of the storm.

Mr. and Mrs. Sid Hart from Loraine who have been visiting thier son L. K. Hart have returned to their home last week. Mr. and Mrs. Neal Harris also of Loraine visited several days at the same place. Mrs. Harris is an aunt of Mrs. Hart.

Joe Morrison and family have returned from Arkansas, where they have spent the last three weeks visiting with friends and relatives.

Rev. O. A. Garden of Lubbock has just finished a revival meeting here last week. Rev. Boyd Milburn of Lubbock concluded one the week before.

The writer is of the opinion that more home grown produce has been put up in tin cans this year than ever before. It has been entimated that several thousand cans have been canned in this community, with corn, peas and snap beans leading the list, followed by pickles and other vetatables some fruits.

Mr. and Mrs. J. B. Darland intertained Mr. Bert Darland of Amarillo on last Sunday. Bert incidently, took with him a quantity of south plains sorghum syrup to be sold in the retail trade in Amarillo.

Mr. and Mrs. Ewell Cole who are attending Tech at Lubbock spent Sunday with relatives here. Cole who is quite a player and lover of croquet indulged in several games of the sport in the afternoon.

J. C. Shutte who has been ill at the Lubbock Sanitarium for the past week has returned home. Mr. Shutte is recovering following an operation for some throat ailment.

Several Poseyites went over to Lubbock on last Tuesday to be in attendance for the Sterling for Goyernor rally.

Homer R. Winston of Brownfield candidate for representative was in this part of the district campaigning in his behalf. While in the community he called on P. G. Meading an old time crony of his. They had not seen each other in over 18 years. and neither knew that the other was in the same part of the country. Meading stated that the candidates name was one he knew, but did not know that it was the man he knew as a boy.

Quite a number of our citizens went to Lubbock to attend the arrival of the airminded Cord cup contestants, last Tuesday afternoon. Some went back Wednesday morning to watch the take off for Abilene.. In their flight toward the east some of the fliers seemed to fly dangerously low. We were standing in our front yard when several of them came over. We could have touched theid landing wheels had we tried. Instead we ducked.

ONE SPOKE .

Chamber of Commerce News

By A. J. PAYNE, Secretary

J. S. Edwards, Chairman of the Banking committee of the Board of City Development and Chamber of Commerce, called a mass meeting for Tuesday night to go over the Banking situation in Slaton.

J. W. Hood was elected as Chairman and E. R. Legg Secretary of the meeting.

Mr. Hood after stating the object of the meeting, called on volunteer talks, and at the suggesting of May T. M. George the Chairman appointed a committee of three to rtire and nominate a committee to canvass the City in he interest of organization a Bank at once.

Mr. J. S. Edwards stated the ball to rolling by subscribing to $10,000 in stock of the new bank, others followed in quick succession, and it looks like there will be no trouble now in getting the desired amount for the capitol stock of $25,000. It is very important, and essential that Slaton have a Bank this fall for the coming crops that are now looking so good, a place to cash the checks that will be issued by the different gins in the payment of cotton, and the merchants will find it a great advantage to them to have a bank here, as they will more than make the money with which they might be called on to subscribe, the stock is only $50.00 a share and most any business man should be able to take from one to two or three shares at the least, as they will make more than that amount two or three times over in the way of business, so when the committee calls on you, don't hesitate one minute but just sign up for all you can take. SLATON NEEDS AND MUST HAVE A BANK.

After the adjournment of the mass meeting the Directors retired to the Chamber of Commerce office to attend to the regular rotine of business. as called for at their regular meeting.

The subject of the Highway between Slaton and Idalou, and Slaton and Tahoka came up for consideration, and after some discussion, this subject was turned over to the Highway Committee of the Board of City Development and Chamber of Commerce, E. R. Legg is Chairman of that committee with O. Z. Ball, R. D. Hickman, D. H. Hatchett, J. H. Teague jr., W. R. Wilson, H. C. Maxey.

Next, was a letter read from the Texas Cottonseed Crushers Association relative to the importations of Oils as being a great injustice to our farmers producing cotton seed and soy beans, and to our cattle, hog, and sheep raisers, as well as to our dairymen This subject was referred to the Agriculture and Livestock Committee of which Fred H. Schmidt is chairman, with J. S. Edwards, H. G. Stokes, R. C. Ayers, E. N. Pickens, F. B. Tudor, and J. T. Pinkston to write up the proper resolutions to be sent to our Senators and Congressmen.

The Farmers and Merchants Produce Exchange which was moved over to E. L. Hicks place, reports increasing business last Saturday, and he is anxious to meet and wants the customers who formerly traded in the baginning with the above company to come and let Mr. N. C. Dickson test their cream. The highest market price will be paid by Mr. Hicks at any and all times, and the same co-operation is asked by the merchants as before.

BATHING is part of the care that keeps Baby Well!

Children make essential a dependable supply of hot water. Proper bathing is part of the tender care that keeps babies well and lively. Your children are your dearest possessions; you want them to have the best that you can afford to buy, you want them to be happy, and as healthy as you can make them.

Give that little mite of yours every chance of being a good baby. See that he is comfortable and clean. Bathe him as often as you can.

But shall it be

AUTOMATIC HOT WATER SERVICE

or wait and worry till the water gets hot? Shall hot water be an extra task for the busy mother?

Automatic Hot Water Service in your home means continual, carefree hot water service. Let us tell you more about it.

UNEQUAL REGULATION IN TRANSPORTATION CAUSES DISORDER AND CONFUSION

● The instability, confusion and disorder which unrestrained truck transportation has brought about is responsible in large measure for much of the distress in which all business finds itself today. Texas has moved to find a remedy and all concerned in the welfare of this state and its institutions should cooperate in the effort to restore stability and order to our transportation systems.

The Texas Railroads, in these advertisements, have endeavored to place before the people of this state some of the reasons why the existing laws, regulating motor transportation, should be upheld and enforced.

1. The railroads are necessary for the successful marketing of the enormous production of this state, which is used and consumed in every other state in the union.

Uniform, published, non-discriminatory transportation service rates are essential to the orderly conduct and welfare of business.

Unregulated truck transportation inevitably results in discriminatory charges and practices, rebating, unfair and unbusinesslike competitive methods, bringing about losses and commercial insecurity.

The wholesaler, jobber, retailer and local merchant suffer from the unfair competition of truckers and peddlers who, for the most part, are non-residents, pay no taxes and contribute nothing to the community welfare.

The farmer and agricultural producer must have at his command facilities adequate to transport crops and produce which move long distances in large volume, at low cost, by rail.

2. The railroads build and maintain their own roadways, pay heavy taxes for the support of state and municipal governments and institutions, and expend millions of dollars for payrolls, materials and supplies. Railroad workers are substantial citizens, home owners, and valued members of their communities.

3. Rail transportation is the most efficient and economical in existence for the movement of traffic in volume by land.

4. Texas highways belong to the people and are built and maintained at heavy cost. Their use for commercial purposes is a privilege, not a right. They should be kept safe for general use and not prematurely destroyed by heavy trucks.

5. The stability, security and orderly conduct of business require reasonable control and regulation of all transportation agencies.

THE TEXAS RAILROADS

CLASSIFIED ADS

Classified ad rate, 2c per word for each insertion, payable in advance.

The Slatonite can not accept advertising for this column over the telephone, as the rate does not justify the expense of bookkeeping and collecting.

When placing an ad in this column, leave instructions as to the number of issues in which the advertisement is to appear, remitting the regular rate of 2c per word for each issue.

This column has, on a number of occasions, proved justifiable to patrons, and the Slatonite feels justified in conducting it on a strict and fair business basis.

All classified advertisements not paid for at the time of going to press, will be omitted.

Customers will kindly comply with these rules and avoid embarrassment and disappointment.

ROTARY

Cheer up Program Friday Aug. 19th 1932.

Good Music is the thing: Musical program arranged by and presented by Miss Lorene McClintock, Chas. Fike Jr., and Howard Hoffman.

Optomistic bits of news of recent about any thing: Dr. Gordon Loveless, Jim Elliott, Abe Kessel, Pink Pinkston. And any others that the Chair may wish to call on if time permits.

Program for Friday Aug. p6. 1932.

Texas a san oil and gas producer, its most important fields, its probable future known and unknown supply.

Is it true that millions of cubic feet of natural gas are wasted each week, and has there been any thing done to conserve our present supply?

Is there any possibility of our supply of petroleum becoming exhausted, and if so where do experts say we will go to find more, and other phases of the oil industry —Bill Cates—10 min.

The development of Dallas as a Dry Goods and Ready to Wear Jobbing and Marketing center for retailers of the Southwest.

The compartive advantages or disadvantages to the buyer of the Dallas mrket over its nearest competing center.

Something as how one would go about stocking up a first class Dry Goods or Department Store, and how the deal would be handled—Abe Kessel 10 min.

A brief history of the development of advertising as an item of salesmanship, in the United States, and something of its magnitude today.

Give your opinion of the justification of present scale advertising—Al. Payne. 10 min.

Howard Hoffman, Program chairman, Al Payne Editor.

MISS DOCIA TUCKER IS HONORED WITH SHOWER

Miss Docia Tucker was honored with a handkerchief shower in her home 605 S. 11th. St. Wednesday.

Refreshments were served to Trixie Jackson, Gerrie Wicker, Edith Ellis, Myrtle Teague, Frances Gillies, Lea Beth Drewry, Evelyn Mansker, Virginia Sanders, Gertrude Legg, Frances Sealy, of Littlefield, Docia Tucker and the hostess, Almo Garland.

BLUE BONNET CLUB PICNIC

Tuesday evening, August 16, the members of the Blue Bonnet Club and their families motored to Shannon Park at Lubbock for a picnic. Every year at this time the Club provides this particular kind of entertainment for the children. Some of the members went early in the afternoon allowing time for their children to enjoy a refreshing swim at Tumble Inn. They later joined the other members at Shannon Park where a picnic supper was spread at 7:30 P. M. After all appetites were appeased, a social hour was enjoyed in the noonlight on the grass by the lake, while the children plyed on the ployground equipment.

CHRISTIAN SCIENCE CHURCHES

The lesson-sermon subject was "MIND" in all Churches of Christ, Scientist, Sunday, August 21.

"The Lord hath been mindful of us: he will bless us," was the golden text, from Psalms 115:12.

Included in the service were the following passages from the Scriptures: "Who hath known the mind of the Lord? or who hath been his counsellor? . . . For of him, and through him, and to him, are all things: to whom be glory for ever"—Romans 11:34,36.

Citations read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, embraced the following from page 143:

"Mind is the grand creator, and there can be no power except that which is rerived from Mind. If Mind was first chronologically, is first potentially, and must be first eternally, then give to Mind the gory, honor, dominion, and power everlastingly due its holy name."

JUNIOR CULTURE CLUB MET IN HESTAND HOME

Miss Jo Hestand was hostess Thursday evening Aug. 18 for the last summer social meeting of the Junior Civic and Culture Club.

On account of the inclement weather only six members and one guest were present.

The new year's work was discussed, and a general round table conversation enjoyed.

The hostess served a delicious salad and ice course to Misses Gertrude King, Inez Tunnell, Hazel Mansker, Ruby Catching, Maggie George and Lessie Head.

$45.00 Electric pewter coffee urn set, with large tray, sugar and creamer (new). $25.00 Elgin pocket watch. Boy's $20.00 12 yr. size, good as new overcoat. Five-hatch rabit pen with two rabbits. Will swap any or all for household furniture or for new vacuum cleaner. Phone 81.

A quad Gas Heater to swap for open-face living room gas stove—Box G.

FIRST METHODIST CHURCH

Our Sunday services start at 9:45 with Sunday School conducted in 3 divisions.

The morning worship starts at 11:00 and the pastors subject will be "The One Thing Needfull." There will be special music.

There will be no evening preaching service. All Methodists are urged to attend the Baptist revival.

The study class on "How Shall I Learn to Teach Religion" will meet in the Garage at 7:30. Mrs. C. E. Fike is the teacher.

The Senior Young People will meet in the auditorium at 7:30 with Miss Hazel Mansker as sponsor.

C. E. FIKE

THREE STAR REVUE

The "Dream Girl Follies" Auditorium attraction at the 1932 State Fair of Texas, will be a three star revue, being headlined by Alice Joy, radio crooner; Henry Santrey and his famous 17 piece stage band, and Julius Tanner widley known Broadway comedian. These three stars will be assisted by a company of 100 which includes a chorus of fifty beautiful girls.

Relieved By Taking Cardui

"I was weak and run-down and suffered quite a bit with pains in my side," writes Mrs. Nick Barranco, of Beaumont, Texas. "I was nervous. I did not rest well at night, and my appetite was poor.

"My mother had used Cardui with beneficial result, so I decided to take it. I surely am glad I did, for it stopped the pain in my side and built up my general health. I took seven bottles in all."

Cardui is sold at all drug stores.

YOUTHFUL STRENGTH

Dr. Magnus Hirschfeld, the world-known authority on Sexology and Director of the Institute for Sexual Science of Berlin, Germany, created

TITUS- PEARLS

to help the millions of men and women who have lost or are losing their vital physical power. In his 35 years of practice and research, however, he realized that the weakening of man's glands was also responsible for other troubles: High blood pressure, hardening of the arteries, physical exhaustion after work or exercise, dizziness, depression neurasthenia, etc.

All these troubles can be removed with Titus-Pearls. Numerous cases were treatd by Dr. Herschfeld in his Berlin Institute.

L. S. (State Official; 60 years old, married) complained of physical exhaustion, dizziness and tremors. Was easily tired. Mental powers dull and slow moving. Physical powers had been incomplete for previous 5 years. Blood pressure too high. Given 2 Titus-Pearls 3 times a day. 2 weeks later the medical report on this man was:—General health better, more vigor; dizziness much less and returning of power. Treatment continued and 2 weeks later L. S. reported again, this time to say that all weariness and exhaustion had gone; he felt fresh and buoyant. His blood pressure had fallen, and at 60 years of age he had regained the physical power and virility that he had known in the prime of his life.

Start regaining your youthfulness now! To-day! In 2 weeks time you will be aware of the new, virile force within you. Send $5.00 (cash registered or money-order) for 2 weeks treatment.

To avoid mistakes please fill out the following coupon:
