March of Dimes Fund Campaign Ends Jan. 31

The March of Dimes in Dodson has brought the drive approximately $70 to date, Mrs. Luther Gribble, chairman, announced this week.

The March of Dimes will continue through Sunday, Jan. 31.

Two special events were held Wednesday, the school drive, and the Block of Dimes, sponsored annually by the 1924 Study Club. The money raised in these has not been tallied.

Work is not yet completed in the Quail and Samnorwood areas, and in some sections of town.

The Mothers' March, held on Sunday, Jan. 17, brought in approximately $350, Mrs. Gribble said.

Money raised in the March of Dimes this year goes toward research and treatment in the field of birth defects. A percentage is retained in the county to be used for treatment of local persons if the need arises, Mrs. Gribble reminded.

W. H. Goforth Dies Tuesday in Amarillo

W. H. (Bill) Goforth, district clerk of Collingsworth county for several terms in the 1930s, died Tuesday morning, Jan. 26 in Hillhaven Convalescent Hospital in Amarillo, following a long illness.

He and Mrs. Goforth had lived in Amarillo since 1941.

Mr. Goforth was 65.

Born in Arkansas, he came to Wellington while he was still young, and from the time he was a young man, he was a vital part of Wellington's life and growth.

He was associated with the telephone company a number of years, and later he entered the real estate business. In the early 1930s Mr. Goforth was elected district clerk of Collingsworth county and held that office until 1940.

The following year, he and Mrs. Goforth moved to Amarillo, where he again engaged in the real estate business until his health failed and he retired.

Mr. and Mrs. Goforth were married here in 1911.

He was a member of the Primitive Baptist Church.

Funeral services for Mr. Goforth were held at Blackburn-Shaw Memorial Chapel Wednesday at 2:30 p.m. with Elder Cy Denton of the Primitive

Saturday Poll Tax Deadline

County voters are reminded that Saturday, January 30, is the final day to pay poll taxes.

Rita Owens, county tax assessor and collector, said her office will remain open until about 8 p. m.

Only 600 poll taxes had been bought Wednesday morning.

NEW LOOK IN LICENSES

1965 motor vehicle license tags go on sale Monday, Feb. 1, reminds Rita Owens, county tax assessor-collector. Here she holds the new tags which for the first time have three letters and three numbers. Collingsworth also will have three sets of letters this year, rather than the one set as was the case in the past.

Deskins Wells Recovers Rapidly After Surgery

Deskins Wells, editor and publisher of The Wellington Leader, underwent surgery Friday, Jan. 22 in the University of Texas M. D. Anderson Hospital and Tumor Institute in Houston.

Tuesday evening, Mrs. Wells said his doctors termed the operation a success and he is recovering rapidly.

The operation, described medically as a "left commando," was in the area of his left jaw.

He was able to be up Tuesday and that evening was in high spirits, Mrs. Wells said. It is not yet known when he

Annual Meeting of Translator Members Called

The annual meeting of the Greenbelt Translator System will be held Saturday, Jan. 30 at 7:30 p.m. in the Farm Bureau building meeting room.

Bill Colvin, system engineer, will discuss the year's operation here and from the Clarendon tower, along with the possibility of securing an additional channel, according to Elvis White, secretary.

The financial report will be presented and directors for the coming year will be elected.

Religious Census Set for Feb. 21

The Ministerial Alliance will sponsor a city-wide religious census on Sunday, Feb. 21.

The Rev. A. B. Earnest, Jr., pastor of First Baptist Church, is chairman and he will be assisted by other clergymen in the Association.

Members of the various churches will act as census takers.

Additional plans will be announced later.

John Sherman, Ray Toff

Area Men Have Works in Amarillo Art Show

John Sherman of Wellington and Ray Toff of Childress, students of Dord Fitz in his art classes here, are among the 55 business men whose paintings will be exhibited in Amarillo beginning Feb. 7.

The exhibit will be in Dord Fitz Studio, 1709 Polk Street, and will be up for about a month. The studio is open from 10 to 5 each day except Monday, and from 2 to 4 on Sunday.

It will include all types of attitudes — visual through romantic to abstract.

The artists whose work will be shown are leading business men of an area covering the Texas Panhandle, Eastern Oklahoma and Kansas.

"These men are doing professional work," Fitz said. "Some have been studying as long as 10 years. Others, two or three, others only one year.

"Some of the finest work in the country is being done by these men—leaders, men who are doing things. They are leaders culturally and businesswise."

Besides Fitz, Sherman has studied under Elaine DeKune, Leon Smith and Louise Nevelson of New York.

His paintings in the exhibit include several x-ray studies, abstracts, still life and landscapes.

The Wellington area is seen in Sherman's landscapes, for many of them are of actual places near town and around his farms in the Arlie community.

Toff's landscapes also picture the area he knows best—Childress county.

Industry Development Plans Shaped; County Meeting Set

Wellington business leaders can "hatch their own ideas" for industrial development, they were told Tuesday night, in the first of a series of meetings that will be climaxed by a public meeting and dinner Thursday, Jan. 28 at 7:30 p.m.

Here to discuss industrial development and prospects with the Collingsworth group are Gerald F. (Gerry) Albright, specitl assistant in the office of area operations of the Area Redevelopment Administration; Raymond C. Morrison of Fort Worth, field coordinator for Texas of the ARA, and Neal Blantant, assistant field coordinator. All are from Fort Worth.

The Thursday dinner meeting is open to anyone, both men and women, interested in the development of Collingsworth and who wants to attend, said Henry Sullivan.

Tickets are on sale at the Chamber of Commerce office and local drug stores, and those wanting to attend should pick them up by 10 a.m. on Thursday.

Ideas that have come out of the three days of meetings, and the general plan of operation as it is developed up to that point will be up for discussion.

"We are going to bring industry to Wellington and Thursday night we will talk about it," Sullivan declared, "because all of Collingsworth county will be involved in this development.

"It is your meeting and we want you to come and bring your own ideas of industrial development. You'll have a chance to talk about them."

The Tuesday night meeting, while it covered a wide area of discussion, hammered home the idea of "do-it-yourself" to the Wellington leaders. Albright built a national reputation in the field of industrial development while working with North Carolina towns and cities, not by bringing them industry, but by helping them develop industry with their own leadership.

He urged the group not to give up the outside prospects for plant locations in Wellington which local leaders already have, but he emphasized consistently that Wellington has potential industries within itself.

"The industry you develop will start as an idea in somebody's head, but as to the type of industry you develop—you'll have to hatch it yourself."

Albright pointed to four M's in industrial development.

Material: "Ask yourself 'what do we have here'?" Albright said.

Manpower. This, he told the group, covers management, know-how and technical skills, and he warned that those developing industry must pay well for these vital ingredients. Included in this also is the labor force necessary for the industry under consideration.

Marketing. Here Albright discussed briefly the mechanics of exploring markets which are open to a town developing its industries.

Money. Don't worry about it, the group was told. When sound industry comes along, there is always money available.

"You are not sitting out here by yourself. We (ARA) will be here to help you," Albright de-

Cases Tried in Civil, Criminal District Court

Seven indictments were returned by the 100th district court grand jury in a session last week, and in the same session, a number of civil and criminal cases were disposed of.

Judge Charles Reynolds of Childress presided, with John Gillham of Clarendon beginning his duties here as district attorney.

Jimmy Haywood was indicted by the grand jury on a charge of forgery and received a two-year sentence in the state penitentiary.

Three indictments were returned against Edward Rodriguez-Redondo. He received a three-year prison sentence on a forgery indictment and two years on a burglary charge. He also was indicted for escaping from jail.

George Perkins, who escaped from jail along with Rodriguez-Redondo, was indicted by the grand jury on that account and also for breaking and entering and removal of mortgaged property. He was serving a term in prison when he was brought here to face the latter charge.

He has been returned to the state prison, Deputy Troy Marsh said.

A settlement by agreement was reached in the civil suit of Betty Fern Emmert, joined pro forma by her husband, J. C. Emmert, next of kin for Craig Foster Emmert, a minor.

A continuance at the request of the plaintiffs, was granted in the suit of Leo Thomas, Jesse Williams and husband, Gus Williams vs. Virgie Thomas Evans.

Four-H Calf Meeting Called

All boys and girls who are interested in feeding 4-H calves for the coming year are urged to attend a meeting in the county courtroom at 7:30 Monday night, Feb. 1.

Wayne Martin and other local leaders have agreed to assist club members in finding calves to be placed on feed.

Methodist Pastor

Rev. J. F. Michael Dies Friday Night

The Rev. J. F. Michael, Wellington's beloved clergyman who would not bow to illness and handicap, died at 11 p.m. Friday, Jan. 22 in St. Joseph's Hospital. He was in his 50th year as a pastor of the Methodist Church, and his 40th year as a member of the Northwest Texas Conference.

He was 74. The family home is 1109 Childress Street.

Rev. Michael continued his pastorate of the Dodson Methodist Church and his activities in Wellington until less than a week before his death.

He first came to Wellington in 1951 as pastor of First Methodist Church and remained six years, the longest tenure a pastor has served in that church's history. But long tenure had been his record in the churches he served, and in his 40 years in the area, he was assigned to only eight.

So much had he and his wife endeared themselves to the members of the church here, and the townspeople, that when he retired in 1958, the Methodist Men's organization bought the home for a retired preacher, and offered it as a home to the couple as long as either should live. This has become affectionately known to Methodists and Wellington generally as Michael House.

Retirement to Rev. Michael had no relation to the general meaning of the word. He asked and received permission from the Bishop of the Northwest Texas Conference to serve as pastor of the Dodson-Kelly Methodist Churches, then without a pastor. He continued the work at Dodson until his death.

He was an active member of the Wellington Rotary Club, the Ministerial Alliance, and was chaplain of the Masonic Lodge. He also had served as chaplain of the Wellington Volunteer Fire Department.

Joseph Fredrick Michael was born at Campbell, Mo., Sept. 5, 1890, the son of Fred and Tiny Wright Michael.

He entered the ministry of the Methodist Church in 1914, at the age of 24, in the St. Louis, Mo., conference. His first pastorate, in 1915, was at the Zelma Circuit, four church-

Burglars Enter Rural Homes, Business Houses

Burglarizing of two rural homes and one Wellington business, entering of another business, was reported this week by the sheriff's department.

Entry into Owens Super Service at Lucky Corner was gained Wednesday night, Jan. 20, where one section of an overhead door had been knocked out, Sheriff Rainey reported. Approximately $15 was reported taken from the cash register, and the burglar left the building through a side door.

That same night, Melvin Green reported that four hub caps were taken from his car parked on a down-town street.

Mrs. Robert Hoffman reported that all groceries, an electric food mixer and sheets were taken from their home southeast of town in a day-time burglarly Friday, Jan. 22.

The home of Horton Kutch, in the Kelley community was ransacked Saturday night and two electric blankets, a wool blanket, an electric heater and several sheets were taken.

Contents of drawers were emptied and Sheriff Rainey said apparently the burglar was hunting money.

Mr. Kutch was in California, but returned early this week. The burglarly was discovered by members of the family.

Neither of the homes was locked, Rainey said.

Deputy Troy Marsh reported that Dairy Mart was entered Tuesday night, Jan. 19, but nothing was taken and the burglar apparently was scared away as officers approached.

Meetings This Week Give Know-How on Industry Search

Collingsworth leaders this week are receiving instruction in the do-it-yourself method of securing industry. They could have called on no better instructor, Gerry Albright, a man who put his idea of industrial development to work in North Carolina and gained nation-wide recognition for it. With him are Ray Morrison and Neal Blanton.

The three are with the Fort Worth Office of Area Redevelopment Administration and that is how a Wellington group got to know them.

In one of their earlier meetings, Albright said: "There's two ways to get industry: Hire someone at $20,000 a year and give him an expense account to go out and get industry for you. The other way is to do it yourself."

"We have no choice," one Wellington man remarked."

Those who are taking the leadership in this work to secure suitable industries for Wellington are already well informed on do-it-yourself, from their collective experiences in various fields.

The meetings this week are work meetings, and in them, the three ARA men are giving Collingsworth the benefit of their experiences. They present facts and methods, not theory. They are far better acquainted with this county and its problems than most of us realize and are in a position to make some suggestions that will be pertinent to our situation. Albright built his fine reputation on helping towns like Wellington locate industry. The problems of small town North Carolina and small town Texas are much alike.

The Chamber of Commerce, the Builders Club and the OEDP committee are using the do-it-yourself method of seeking out potential industries. The sessions this week with Albright, Morrison and Blanton are to help these Collingsworth men acquire more know-how.

Vaughan Gets Scouting Award

John Vaughan, a Sherman business man, recently received the Silver Beaver Award for outstanding contribution to Boy Scout work. The award was made at the annual meeting of the Sherman area council.

The presentation was made by John Biggerstaff, postmaster at Whitewright.

The Silver Beaver Award is the highest given an adult worker in the Boy Scout movement.

Vaughan is the son of Mr. and Mrs. Ed Ward of Wellington, and the son-in-law of Mr. and Mrs. Chester Fires.

He has served as president and vice president of the Sherman Area Boy Scout Council.

CROSSROADS REPORT

Dear Editor:

It has been mentioned in recent news coverage that Mr. L. B. Johnson got duly sworn in as President of the U.S.

My high philosity neighbor says a couple of weeks ago Mr. Johnson made a speech wherein he mentioned how weighty and how lonely is the job of Head Man, like maybe he felt like somebody had city-slicked him into taking it.

And judging from the size of the headlines when he finally took the vow, it must have been widely considered as newsworthy that he didn't change his mind at the last minute and back out of the job.

Supreme Court says there is maybe a limit to how far it will go in the matter of turning people out of jail who get therein for breaking laws they don't agree with.

Which my high compos neighbor says, leaves the situation a little foggy, and the Court had ought to make a list of just what laws it is OK to break if we feel like they are unjust.

He says this would keep sincere civil rioteers from making the mistake of thinking they can get away with civilly disobeying any tax laws.

And I see where the new billion-dollar TFX warplane made another test flight the other day, but had to cut it short because a door fell off.

My highballic neighbor says he reckons the coffee-break whistle must have blown right when the door craftsman had got this item only partly put on.

But he says man's inability to put together any mechanical device without a few bugs in it, is a provision by Providence to keep us from ever building machines that can entirely replace humans.

You've also noticed, if you have been watching, that it has been decreed from on high that giving students a tax credit for their college expenses is not a fair way to help escalate higher education.

A better way, it's said, is to take their money for taxes, and then loan it back to them, if they can meet certain anti-Republican standards.

My consensusarian neighbor says he can see how it would be cruel to let young people go out of college into the working world, debtless, and not properly inoculated with gratitude for government grace.

I see where President Johnson says he is going to end all of this dissension over the State right-to-work laws by abolishing same.

My snap-hunter neighbor says this had ought to make the union-boss business much more lucrative, as soon as it can be arranged so nobody at all can work unless he pays union dues.

And he says this same principle could be expanded so as to make all other kinds of organizational activity pay better, too, like, for instance, pass a law that nobody can buy any groceries legally unless he joins the John Birch Society.

And how about this Great Society program, which has got more for everybody. More comforts for the kept, and more withholding for the keepers.

My self-feeder neighbor says he's impressed with how the professional people-pluckers are so fired up to give of his sweat-fruit to people who don't work.

Says he would feel much better about being nicked for more social greatener every payday, if more of it got down to the underdogs, and less of it went to fatten up the Washington overdogs.

Texans Get More Mobility Per $

In 1964 the Texas Highway Department continued to give Texans more mobility per tax dollar. About 92 cents of every Texas highway income dollar went for construction and maintenance of roads, the remainder going for equipment, Department of Public Safety support, research and administration.

(Among all states, 63 per cent of highway funds are spent for construction; in Texas, this figure is 78 per cent. Highway maintenance averages 25 per cent of total expenditures among all states. In Texas it averages just 15 per cent.)

Cancer Research Progress Made, But Need Grows

"Every year we seem to be making more progress in our efforts to control cancer", said Bill Mosley, Crusade Chairman for the Collingsworth County Unit of the American Cancer Society, "but every year we seem to realize more and more that we have a long way to go."

In a year end report of the activities of the local Cancer Group, Mr. Mosley pointed out the fact that at the close of 1964 thirty-eight per cent of the people who develop cancer were being cured. "If we can enlarge our educational program of Cancer's Seven Danger Signals, we can save fifty per cent with the knowledge and treatment that science has developed so far; therefore, we hope to reach at least half the population of Collingsworth County with our educational films and materials in the coming year," continued Mr. Mosley.

"We must expand our attack on smoking. The mounting evidence shows that three-fourths of all lun cancer, the most deadly cancer, could be prevented if people would recognize the facts and stop smoking. We'll be showing our films on smoking more and more," said Mr. Mosley.

Summarizing the Cancer research program, Mr. Mosley pointed out that the American Cancer Society, through its voluntary contributions, is spending almost twelve million dollars on research with over $700,000 being spent in Texas Research Institutions. Two very promising areas of research at this time are in chemotherapy, or drugs, and against leukemia. There are now some twenty-four drugs which are effective in cancer treatment, and scientists are expecting a major break-through against leukemia in the next five to ten years.

"We want everyone to make a New Year's resolution that they will have a complete physical examination early this year. And we want them to learn Cancer's Seven Danger Signals: unusual bleeding or discharge, a lump or thickening in the breast or elsewhere, a sore that does not heal, change in bowl or bladder habits, hoarseness or cought, indigestion or difficulty in swallowing, and a change in a wart or a mole. If any of these symptoms lasts longer than two weeks, the individual should consult his physician immediately."

"We'll be hammering this message in 1965 and every year until cancer is controlled," concluded Mr. Mosley.

1954 Study Club Hears Speakers on Area Water and Soil Conservation

The 1954 Study Club met on January 21 in the home of Mrs. James L. Richardson for its regular meeting. The club collect was led by Mrs. Sam Adams.

During the business meeting, Mrs. Paul Spillman, president, reminded club members that department reports were due February 15. Mrs. A. J. Fires, district crafts chairman, reported there would be a Style Show at the luncheon at the district meeting in Dumas in March, and also a crafts display.

Mrs. Calvin Hurst, program chairman, introduced Henry Sullivan and Douglas Lowe, guest speakers. They spoke on "Our Area's Solution to a National Problem."

Mr. Sullivan pointed out how much water consumption had increased in the past few years. In Wellington last year the per capita for each person was 135 gallons per day. About seven years ago the per capita was 85 gallons. We can expect our water consumption to increase because of the standard of living, he said, and explained about the exhaustion of the water wells, and about the water shortage we experienced last summer, and plans for our water supply in the future. If we have a population growth in the county, something will have to be done about the supplying of water, he said.

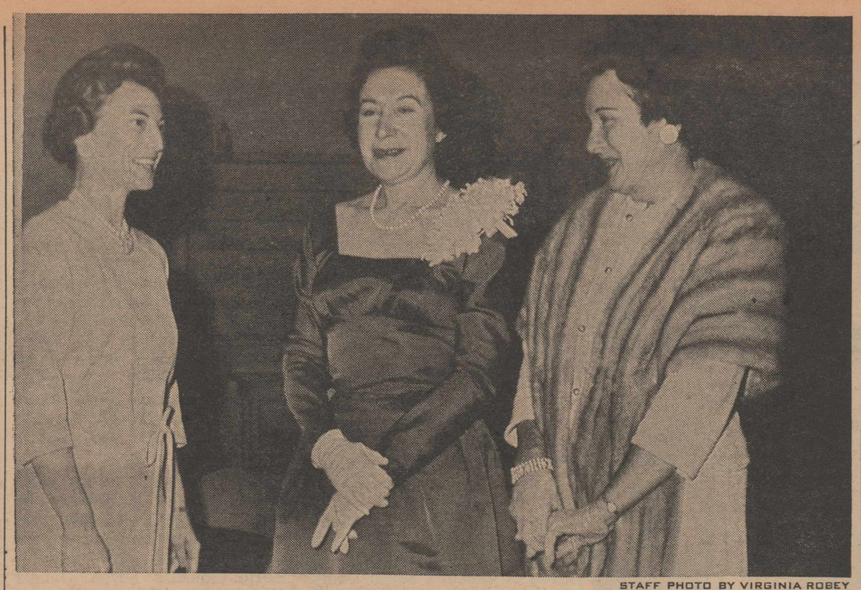

Mr. Lowe gave the background of the Soil Conservation Service, its origin, principles and objectives—conservation of the soil as well as water, as the two go hand in hand. Since organization of the SCS in 1935, he said, it has been the technical arm of the Department of Agriculture. The primary objective is to dispense information to the landowners to take care of their water and land resources, he explained.

An inventory was made in 1957 of different land problems that existed and this has been invaluable as a planning tool for the districts applying practices to meet those needs.

"The main problem we all face, not only in SCS, but as citizens of the United States in not having a solution is by educating the people to the needs we have and to become aware of the problems. People must realize that from the soil and water resources we have comes everything we have materially, and something has to be done to conserve these," Lowe explained.

After the program there was a question and answer period.

Members attending were Mrs. Lynn Courtney, Mrs. A. J. Fires, Mrs. R. L. Templeton, Mrs. E. W. Clement, Mrs. Bill Hatch, Mrs. Lynn Wright, Mrs. L. B. Bratten, Mrs. Eddie Slay, Mrs. Sam McGill, Mrs. Sam Adams, Mrs. Paul Spillman, Mrs. Calvin Hurst, and guests, Henry Sullivan and Douglas Lowe, and Mrs. Richardson, hostess.

Mrs. Hunter greeted the guests and presented them to Mrs. Bowen, the honoree, her mother, Mrs. Ralph Martin, and Mrs. Hubert Bowen, mother of the groom.

Miss Kay Chandler presided at the bride's book.

The serving table was laid with a white net cloth and centered with a beautiful arrangement of white carnations in a silver compote, flanked by four candles. The appointments were silver. Miss Vicki Mayhugh and Miss Patricia Thomas served the guests.

Guests called between 7:00 and 9:00 p.m.

FTA Holds Salad Supper

The Wellington high school chapter of the Future Teachers of America entertained with a salad supper Wednesday, January 20 at 5:30 p.m. in the school library.

During a panel discussion, directed by Don Sweat, FTA president, several teachers were questioned about their experiences, and all agreed that their love for teaching kept them in their profession.

FTA members also gave their experiences as teachers' aides. They, too, agreed that a love for teaching develops. This group included Connie Null, Carolyn Christian, Lewis Watkins, Henry Wells, Anna Kay Kelso and Beverly Singley.

Mrs. Bill Roberts, a retired teacher, concluded the program by telling of her own feelings for the teaching profession.

Other guests were Mr. and Mrs. E. W. Clement, Mr. and Mrs. J. L. Harper, Mrs. Denzil Lacy and Mrs. Rufus Sweat.

Approximately 30 members attended, along with the sponsors, Mrs. Bernice Welch and Mrs. Denzil Lacy.

Mr. and Mrs. R. L. Templeton had as their guests last week Mr. and Mrs. J. W. Secrist of Wheeler. Another visitor in the Templeton home is her nephew, Bobby Harris of Palestine. Bobby is also visiting other relatives.

HD Trio Attends Design Meeting

Three Wellington Home Demonstration Club members attended the "Be Your Own Designer" school in Amarillo on Monday, Jan. 18. The Potter County Home Demonstration Council was host.

Miss Helen Wright, representative of a pattern company, was the guest speaker. Dresses made from her patterns were modeled, and she pointed out decorator touches that gave each garment individuality.

She also discussed patterns and materials and touched on new fashion trends.

Going from here were Mrs. W. E. Colson, Mrs. Cecil Masten and Mrs. Eugene Morrow.

Altar Society Meets Monday

Members of the Altar Society of Our Mother of Mercy Catholic Church met Monday evening, January 25 in the home of Mrs. Chas. B. Jones, with her daughter, Mrs. Rosemary Langford as co-hostess.

After the business session, directed by Mrs. Jesse Peters, president, the group heard a recording by the Sacred Heart Academy Glee Club, "It's Time for Christmas," in which Mary Helen Langford is one of the soloists. This record was released during the Christmas season but did not reach here until late in the holiday period. More than 2,000 records were sold in Chicago alone as soon as it was published.

Father Patrick Burke showed slides which he had made in and around Dublin, Ireland, his home for 15 years. He revisited that city in August and September.

These included historic spots, as well as points of popular interest.

Dan Henard, student in Texas A&M at College Station is visiting his parents, Mr. and Mrs. Dan Henard Sr.

Scout Troop 39 Reorganized at Samnorwood

Boy Scout Troop 39 of Samnorwood was re-organized recently under the sponsorship of the Lions Club and with Robert Dwight, superintendent of schools, as Scoutmaster.

Donald Coleman is assistant Scoutmaster.

The institutional representative is Donald Coleman and the troop committee chairman is W. R. Breeding. Members are J. H. Oldham, Albert Oldham, and J. C. Breeding.

Nineteen boys are now members of Troop 39.

The Tenderfoot investiture will be held at a meeting of the Lions Club Thursday, Feb. 25, and other activities planned are a camp-out in the near future and the Comanche District camporee in April.

The boys will earn money for their own uniforms. Already one group was hired by Breeding for a Saturday of ranch work.

VHTA Directors Plan Convention

Mrs. Monty Mitchell was one of three Panhandle teachers to attend the directors meeting of the Vocational Homemaking Teachers Association of Texas in Austin Jan. 16.

Going with her were Mrs. Perry Mack Scott of Shamrock, formerly of Dodson, and Mrs. Clara B. Long of Canyon.

The purpose was to plan the program of the state meeting, to be held in Dallas during the week of July 26 to 30. Business of the organization was also conducted.

Elaine Peeples on Prairie Staff

Elaine Peeples, a Wellington high school graduate, is feature editor of The Prairie, newspaper of West Texas State University, Canyon.

She is the wife of Kent Peeples, also a student in WTSU, and the daughter of Mr. and Mrs. Elvis Crawley.

Memphis and Stamford PCA's Will Merge

A merger of the Stamford and Memphis Production Credit Associations was approved by the stockholders of the two agricultural credit cooperatives in meetings held recently in the two towns.

The new organization being created by the consolidation of these two PCAs will be known as the Rolling Plains Production Credit Association, with the headquarters office to be located in Stamford.

All other offices presently serving the membership of the two associations will be maintained as they now are. These offices are located in Anson, Haskell, Matador, Memphis, Munday, Paducah, Spur, and Wellington.

The official date of the merger has been set for Feb. 28, 1965 and when it becomes effective will create one of the largest production credit associations, area-wise, in Texas. The counties making up this area are Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Haskell, Hardeman, Jones, Kent, King, Knox, Motley, Shackelford, Stonewall and that portion of Briscoe lying below the Caprock.

The boards of directors now serving the two associations will be consolidated into a 10-man board upon merger and will serve until the next annual stockholders meeting, which will be held in 1966.

C. G. Burson Sr. of Haskell is president of the Stamford board of directors, and J. C. Emmert of Wellington is president of the Memphis board of directors.

The personnel presently in each office will continue: Billy Ray Jones, assistant manager; Edna Richardson, assistant treasurer; Beatrice Baker and Vada Tidwell, clerks, Memphis; Herbert Bearden, field manager and Janella Nall, clerk, Wellington.

James Van Pelt, who had been manager of the Memphis Association, resigned as of Jan. 15, 1965, to take a position with the Amarillo PCA. J. L. Hill, Jr., general manager of the Stamford association, has also assumed active management of the Memphis PCA and will continue as general manager of Rolling Plains PCA when the merger is completed.

Using Dec. 31, 1964 figures, total assets of the combined institutions was in excess of $9,000,000, with capital structure of $1,647,000, completely owned by 1687 farmers and ranchers in the area served by the new institution.

Nogales, Mexico, has almost 40,000 inhabitants, while Nogales, Arizona, has only 7,500.

Shamrock Women Hurt in Accident

Two Shamrock women were injured seriously enough to require hospitalization, while a third escaped apparent injury when the car in which they were riding swerved off the road, across a bar ditch and came to a stop in an orchard, Sheriff John Rainey reported.

The accident occurred Wednesday, Jan. 20, about 10 a. m., three miles north of Wellington on US 83.

The three were Mrs. Bedford Harrison, Mrs. B. F. Holmes, and Mrs. Rosie George.

Sheriff Rainey said the car came up behind a slower moving pickup, and in an attempt to avoid a collision, the driver swerved to the left and the car went out of control. It did not overturn, but the passengers were thrown out, he said.

After receiving emergency treatment at St. Joseph's Hospital, Mrs. Harrison and Mrs. Holmes were transferred to an Amarillo hospital.

Damage to the car was not extensive and Austin Deger, who was traveling behind the trio when the accident occurred, drove their car on to Wellington, according to Sheriff Rainey.

Wellington Boys Win Two

Rockets Conference Records Stands 4-0

The Wellington Rockettes played a strong Reed, Okla. team in a non-conference game Friday, Jan. 22. The date was open because Memphis does not have a girls team. The Rockettes lost by a score of 49-61.

"Reed is the best team we have played this year," Coach Stavenhagen said. "We were particularly impressed with the size and heighth of the team. They have a 6'2" forward and a 6' guard and they are both real active."

The 1st quarter was tight with Wellington leading most of the time. After the 1st quarter, though, Reed took over the lead and controlled the rest of the game.

Considering Reed's height, Coach Stavenhagen felt that guards Susan Sullivan, Karen Childress, Jan Glenn, and Regina Ferguson did an exceptional job.

"Our girls hustled," Stavenhaven said, "but our timing and shooting was off.'

Scoring by quarters:

	1st	2nd	3rd	4th
Wellington	15	22	32	49
Reed	16	26	48	61

High pointer for Wellington was Betty Courtney with 35.

Highpointer for Reed was Helen Fisher with 27.

Wellington Skyrockets played the Memphis Cyclone in their second meeting of the season, Friday, Jan. 22. It was the 1st conference game against Memphis and the Skyrockets won 85 to 62.

The win leaves Wellington boys with a 4-0 record of conference play and tied with Clarendon who also have a 4-0 record. Rockets meet Clarendon at Clarendon Tuesday night for one of the real showdown games of the season.

"The ball game quickly turned into a scoring duel with both teams hitting the basket accurately," Coach Stavenhagen said. "For a while it looked like the team who got the last shot would win."

"In the second half Memphis colled off and we built up a comfortable lead," Stavenhagen stated. "The victory over Memphis was sweet because we felt that Memphis is one of the stronger teams in the district.

"Our boys played one of their best games."

Scoring by quarters:

	1st	2nd	3rd	4th
Wellington	22	43	66	85
Memphis	20	36	48	62

High pointers for Wellington; Bill Spillman — 18, Freddy Petters—17, Roger Weems—17, Phillip Hughey—15.

High pointers for Memphis Hoot Jones—20, Jim Odom—18.

Wellington Rockettes met the Canadian girls at Wellington Tuesday, Jan. 19. In the 1st conference meeting of the teams, Wellington won 69 to 49.

"We didn't know what kind of team they had but it wasn't as strong as we had expected," Coach Stavenhagen said.

The early part of the game was close but the Rockettes pulled away in the last half for an easy victory.

"Jan Glenn and Regina Ferguson did real well in this game," Stavenhagen declared.

Scoring by quarters:

	1st	2nd	3rd	4th
Wellington	20	33	53	69
Canadian	9	26	38	49

Scoring for Wellington: Betty Courtney 29, Joyce Holton 21, Beverly Singley 17.

High pointer for Canadian was Dixie Tetree with 24.

Wellington Rockets played Canadian at Wellington Tuesday, Jan. 22 and won 77 to 48. The teams were evenly matched in the early part of the game, but after the 1st quarter the Skyrockets began to work the ball better. Playing better defense, Rockets limited Canadian to 6 points in the 2nd quarter. Wellington built up a 20 point lead and the last half was not close.

This was the third conference win for Wellington.

Scores by quarters:

	1st	2nd	3rd	4th
Wellington	16	37	54	71
Canadian	13	19	32	48

The last half was not close and the 2nd team played and did a good job.

High pointers for Wellington: Freddy Peters 21, Gary White 14, Roger Weems 16.

High pointer for Canadian was Benny Eckles 24.

Discount Prices and Discount Dollars

THE word DISCOUNT is kind of magic . . . it tends to make us sharp-buying Americans reach for our checkbooks. We may rush miles out of our way to get a DISCOUNT PRICE.

But DISCOUNTING can work both ways, and may be good or bad for our budgets, depending on whether we're actually GETTING a discount, or GIVING a discount.

And we're GIVING about a 30% DISCOUNT on our DOLLARS any time we let the Discount bait lure us away from neighborhood business houses.

Because . . . when we buy away from home, we're GIVING somebody else's Community Economy the near one-third of our trading dollars that naturally goes for the upbuilding and maintenance of the community in which they are spent.

It pays to take advantage of Discount Prices, Sale Prices, or Special Prices offered here at home. Anywhere else, we're losing money, whatever the price may be, because we're paying with DISCOUNT DOLLARS.

It Pays to Buy Where You Live

Wellington B Team Downs Shamrock 41-40

Jimmy Black's free toss that went straight to the basket with one second left in an overtime period gave the Wellington Skyrocket B team a 41 to 40 victory over the Shamrock Irish B Thursday night, Jan. 21.

The game was played at Shamrock.

Shamrock B Lassies defeated the Rockette B team 29 to 9 the same evening. then the boys dropped their Friday night game to Reed, Okla., varsity team.

The Rockets led Shamrock until late in the fourth quarter, when the Irish pulled ahead. A Shamrock foul sent Jimmy Black to the free throw line with only two seconds left in the game. He missed the first shot but made the second to tie the score.

Neither team scored in the three-minute overtime until Black again got a free toss and made it, with only one second left on the clock.

Mike Smith of Wellington and Danny Taylor of Shamrock tied for top scoring honors with 17 each. Steve Trapp and Paul Jones of Wellington, and Larry Flowers of Shamrock had 8 each.

The Shamrock B Lassies won the girls game 29 to 9.

Shamrock took an early lead and increased it as they went along.

Terry Deck of Shamrock was high scorer with 18 points and Katie Stone of Shamrock had 9. Vicki Bergvall led Wellington scoring with 4 points.

The girls B team has only two sophomores and one junior, Ginger Earnest, who enrolled for the first time here this year and is not eligible for the varsity. The remainder of the squad is freshmen.

Starting for the girls were Vicki Bergvall, Nell Tarver, Brenda Bobo, Ginger Earnest, Mitzi Hartman and Vicki Wade.

Rocket B starters were Mike Smith, Steve Trapp, Andy Henard, Jimmy Black, and Paul Jones.

The Friday night game between the Skyrocket B team and the Reed varsity was one of three played on the Wellington court. Reed won 46 to 27.

The Oklahomans led through the entire game.

Allen of Reed led the game scoring with 16 points. Mike Smith and Andy Henard had 7 each for Wellington.

Norwood Girls Lead

Quails Lead District, Beat Hedley, Groom

The Quail Quails took over sole possession of first place in the District 11-B basketball race this past week with victories over Hedley and Groom, to boost their district record to three wins and no losses. Samnorwood took the lead in the girls division by beating Dodson and Hedley to take a 3-0 district record.

Quail at Hedley

The Quail Bobwhites took an early lead over the Hedley girls and were leading by 7 points at halftime only to see the Hedley girls come roaring back in the third quarter to score 18 points while the Bobwhites were scoring 5. This was the story of the game as the Bobwhites were unable to overcome this in the final period. Shirley Horton was the outstanding forward for Quail, while Mary Lindsey was the leading defensive player.

The Quails wanted this victory very badly as it has been some time since anyone beat Hedley at Hedley. The Quail boys therefore had the confidence and determination it took to beat about anybody this night as they never trailed and were leading by 6 points at the half. The Quails, realizing the lead was slim, really hooked up in the third quarter and outscored Hedley 21-9 in this period.

They increased the lead to 20 points early in the final quarter and then eased up slightly and won the game by II points.

The Morris boys, Dale and Don, and Joe Harris, played outstandingly throughout the game. Smokey did a fine job on defense and hit some clutch baskets.

Bruce Ward, in foul trouble early, played well but this was not one of his better games. The other two Quails that saw action, Royse Mitchell and Paul Gollihugh, came off the bench and did a real fine job.

Quail at Groom

The Quail girls took the lead early and held it throughout the entire game until the last minute of play when Groom went ahead by one point and this is the way the game ended.

Lonetta Neeley was Quail's outstanding forward, and Linda Sue Peters, although normally a forward, was the outstanding guard for the Bobwhites. In this game, 54 fouls were called, 32 against Quail and 22 against Groom.

The Quail boys were not up for this one the way they were for Hedley, but nonetheless played good enough to win.

The game was very close throughout with the widest margin the 9 points at the end. Quail led all the way except for the first period, but the Groom boys never gave up and tied the score at 40-all early in the fourth quarter.

The Quails did not panic however, and regained the lead and never were tied up again. With only a 2-point lead, and three minutes to go, the Quails went into a stall and Dale Morris was fouled four straight times by the desperate Groom boys, and Dale made seven straight free shots to ice the game away. Dale Morris had one of his finer nights, both defensively and offensively. After a mediocre Hedley game, Bruce Ward came back and played a real fine game. Joe Harris played well but this was not one of his better games. Smokey Mitchell did not play to his capabilities, however he had a fair night especially on defense.

Don Morris and Paul Gollihugh each had a pretty good night but have done better. Overall, the Quails played good enough to win but not up to par.

Scores by quarters:

Bobwhites	9	22	27	39
Hedley	9	15	33	47
Quails	21	39	60	76
Hedley	15	33	42	65
Bobwhites	11	22	31	41
Groom	9	19	29	42
Quails	11	28	40	57
Groom	12	21	38	48

The Quails' record for the season is 26 wins and 5 losses, and the Bobwhites have won 12 and lost 14.

Quail Season Ends January 31 in County

AUSTIN.—The quail season continues in many Texas counties through Jan. 31, although the season ended in most of the general law counties on Jan. 16, according to P. B. Uzzell, wildlife coordinator for the Parks and Wildlife Department.

"The quail season will continue until the end of this month in roughly half of the state's counties, all of which are subject to regulation as prescribed by the Parks and Wildlife Commission," Uzzell said.

The counties where the season extended beyond Jan. 16 closing include those in the Panhandle, Possum Kingdom, South Central Texas, Edwards Plateau, Trinity-Brazos, Oak Prairie and Southeast Texas regulatory districts.

Uzzell advised hunters interested in pursuing the season to consult with the official department guide available where hunting licenses are sold or with local department personnel.

1924 Study Club Holds Traditional International Luncheon Thursday

"Abundant Living in Today's World" was the theme of the 1924 Study Club's traditional international luncheon on Thursday, January 21 in the home of Mrs. Velman Warrick. Co-hostesses with Mrs. Warrick were Mrs. Howard Riggs and Mrs. Bob Goforth.

The Diamond Jubilee of the General Federation of Womens Clubs was spotlighted as guests and members shared the buffet with an international flair. The president, Mrs. Edward White, recited Ecclesiastes 3:13 as the luncheon began.

So elaborate and authentic were the foods and decorations that those attending felt truly transported to various countries and continents of our planet. Mrs. Goforth designed the centerpieces for the quartet tables from individual dolls and/or groups of dolls which had come from the designated countries, respectively. Each one was in a setting typical of its original habitat — floral, foliage or miniature architectural structures.

A 12-inch Pilgrim couple, flanked by a globe with American Beauty roses in partial orbit centered the serving table, which was laden with world delicacies ranging from canapes to desserts. From the Far East came Hawaiian pork, chicken chow mein, Polynesian gelatin; from the Near East came kmay, fataier-iblahum, pickled turnips (all prepared by Mrs. Mack Saied Sr.); from Europe came fiche speziati, chicken cacciatori, pastries, beef stroganoff, meat sauce with rigatoni; and from the Americas came enchiladas, arroz con pollo, cafe, contempor-ary carrot cake.

In greetings to members and guests Mrs. White elaborated on the GFWC's theme, "Diamond Jubilee of Service to Freedom and Growth," as she said that the passage of these 75 years can be measured in accomplishments as well as in years. As the GFWC is not limited in endeavors to these United States alone, this local group chose its international affairs day as a time for rededication and restatement of purpose to establish "service for freedom and growth." Mrs. White concluded that the best gift a person can give is the gift of self.

A "Passport to Hospitality" was given by Mrs. Jack Moreman to those present as she traced the development of hospitality and its customs from pre-historic times, through the splendid banquets of the Greeks and Romans and the many-coursed dinners of the Victorian era, down to the informal modes and manners of modern party-giving. Mrs. Moreman's topic also included accounts of entertaining at the White House —past and present—as well as tips on how to be a successful hostess.

Attending this fifth international luncheon were Mmes. Bill Bradley, Dale Ratliff, Robert Owens, Mack Bush, R. R. Crawley, Goforth, Bill K. Hall, Neal Gray, Moreman, Cecil Regier, Scott Neill, Paul D. Bell, Riggs, Eldon Wildman of Dallas, Donald Settle, Douglas Lowe, B. M. Sims, Bura Handley Don Van Pelt, Tommy Lewis, Warrick, White, John Coleman, Hershel Tyler, Luther Gribble, Don Nunnelley, J. R. Ross, Henry Vaughan, Carthel Lewis and Miss Sara E. Jones.

History of Church Music Traced in Music Club Program January 19

On January 19 the Wellington Music Club met in the home of Mrs. Velman Warrick with Mrs. Bernice Welch as co-hostess.

The year's theme, "A World's Fair of Musical Progress," gave great opportunity to develop this program on music and religion. With "The Serenity of the Pieta" as this month's theme, the commentary was presented by Mrs. Hiram Cudd. She verbally unfolded a synopsis of hymnology from the earliest known religious tunes to present day tunes and texts. She explained briefly the development of hymns from chants to polyphonic tones in simplicity by voice alone to the modulating harmony patterns with instrumental accompaniment in this century. Vocal illustrations to parallel this summary were given by club members.

From 163 B.C. came "Hanukkah Hymn," an old synagogue tune sung by Mrs. Mack Bush.

"Kyrie," a 10th century liturgy of the church, was presented in its original Latin form by Mrs. Jesse Peters, Mrs. B. M. Sims, Mrs. Dale Ratliff, Mrs. Orville Vaughan. Mrs. Peters served as chanter.

The same four club members sang as Chorus I and Chorus II the original Latin and musical form of Giovanne Palestrina's "Gloria Patri." History accords Palestrina as the first composer to improve the harmony of the religious chants and modes. It was in the 15th century that Palestrina wrote "Mass for Pope Marcellus," which the club members heard as a recording by the Regensburg Catholic Choir.

The religious reformation brought forth by followers of Martin Luther gave the world many of his great hymns. One of the best known, "A Mighty Fortress Is Our God," was sung by the group with Mrs. Bush as director.

The January hymn of the month was led by Mrs. John Holton with Mrs. John Harper at the piano. Commentary on the hymn's composer was by Mrs. Holton.

Presented as junior musicians of the month were David Lynn Groves and Regina Ferguson. "Serenade" was performed by David Lynn, cornetist, with Regina as piano accompanist.

The son of Mr. and Mrs. Claude Groves, David Lynn is a freshman in Wellington high school where he is one of the freshman representatives on the student council. He plays cornet in the high school band and the stage band. For two years he has played in all-region band. This year he sat first chair, first cornet in the regional band. He has received first place on two solos and was a member of a first place trio which enabled him to participate in the state contest in Austin where the trio received a second place rating. David Lynn is an active member of First Baptist Church and is a member of the Young People's Choir.

Regina, daughter of Mrs. Tom Ferguson, is a 15-year-old sophomore at Wellington high school and has had four years with the National Piano Guild. A member of the Methodist Church, she is pianist for its Junior Choir. As a WHS band member, Regina has been playing the French horn since the fifth grade. The past two years she has been pianist for the stage band. A member and treasurer of The Vibratos, Regina takes active part in other than music circles; she is a member of Beta Club, FHA, Ti-i-ca, and the A-string basketball Rockettes.

Both David Lynn and Regina were presented certificates by Mrs. Sam Thompson to mark this honored presentation.

In attendance were Mmes. Bill Bradley, Bush, Cudd, L. P. Durham, Groves, Harper, Holton, Ratliff, Sims, Thompson, Vaughan, Warrick, Welch, Mrs. Ferguson, Regina and David Lynn.

The next meeting is to be February 16 in the home of Mrs. Vaughan.

Jack Aaron President of Burkburnett Bank

The board of directors of the Burkburnett Bank at Burkburnett announced the election of Jack Aaron as president of the bank during their annual meeting of stockholders held Wednesday, Jan. 13. Aaron was also elected to the board of directors. He came to the bank five months ago as vice president and cashier, before the bank opened for business, while it was still in the organization stages.

Before going to Burkburnett, he was with the City State Bank here for nine years, serving as cashier at the time of his resignation.

In addition to attending the Graduate School of Banking at Southern Methodist University, Aaron has studied extensively with the American Institute of Banking. In Wellington he was active in the banking industry, having served as chairman of the Greenbelt Bankers Study Group and as treasurer of the Greenbelt Bankers Association.

Aaron was active in the civic life of Wellington, where he was vice president of the Kiwanis Club, active in the county fair, a member of the executive board of the Adobe Walls Council of the Boy Scouts of America, and a Little League baseball commissioner, in addition to serving in various capacities in the First Baptst Church Sunday school.

In the five months that he has lived in Burkburnett, he has served as chairman of the Boy Scouts financial drive and was recently elected as a director and assistant treasurer of the Chamber of Commerce.

Aaron is residing at 1009 Janlee Drive in Burkburnett, with his wife, Jeaunell and their three children, Randy, 10, Kris, 8, and Kim, 7.

clared.

This meeting, and the others that follow it, are work sessions and much of the discussion and many of the ideas grow out of the years of practical experience of Albright, Morrison and Blanton in industrial development.

A number of suggestions for industries, all lying within the county, and some already operating on a small scale, were brought out in the meeting.

Albright and Blanton came Tuesday and Morrison arrived Wednesday.

Norwood Girls Defeat Hedley; Lead District

The Samnorwood Eaglettes defeated the Hedley girls team 49 to 27 on the Norwood court Friday, Jan. 22. This gives them leadership in district 11-B girls play with a 4-0 record.

The same evening, the Eagles lost to Hedley boys 64-50.

For the first time recently, Coach Loyd Stephens had all three of his starting forwards on the court at one time. Suzy Bentley led the scoring with 15 points and Jo Nell Breeding had 14.

The Norwood boys led until half way through the third quarter. They held a 3-point margin at half time and increased it to 5 points in the third before Hedley started moving up.

This gives Hedley second place in District 11-B behind Quail, while Samnorwood dropped to fourth with a 1-2 record.

In the Hedley game, the Eagles were without Billy Wischkaemper, who was reported hospitalized with a throat ailment. It is not definite when he will be able to return.

Norwood to Play Lefors, Groom

The Norwood Eagles and Eaglettes will host the Lefors teams in non-conference games Friday, Jan. 29.

They return to conference play against the Groom teams Tuesday, Feb. 2.

This game also will be at Samnorwood. Play both evenings will start at 7 p.m.

Wellington Meets McLean There, White Deer Here

Wellington Rockettes and Skyrockets play McLean at McLean Friday, Jan. 29. Rockets and Rockettes previously won on their home court. "We beat them here, but the games will be more evenly matched playing at McLean.

On Tuesday February 2, Rockettes and Skyrockets meet White Deer here. "These games should be ones that no one would want to miss," Coach Stavenhagen said.

And anyone that went to the games at White Deer knows this.
