Private Talks At Geneva In Peace Attempt

GENEVA (AP)— Top diplomats at the Geneva conference held a series of private talks today which may determine the fate of the deadlocked Indochina parley. The United States was reported ready to write off the negotiations as a failure unless the Communists drastically change their line.

Formal negotiations were suspended for the day. The latest snarl was due to continued Red demands that the Communist "resistance governments" of Laos and Cambodia be invited to Geneva. The Western powers regard these as phantom regimes with no following and no right to representation.

One high Western source acknowledged Western diplomats had given some thought to the question of breaking off the talks. The source said it was impossible at this stage to see any sign the Communists were going to agree to anything.

The U. S. delegation was represented as feeling the Indochina discussions were getting nowhere. The Americans were said to be reluctant to break up the conference, however, until the French feel all possibilities have been exhausted.

Negotiations dragged to a complete standstill last night after three long secret sessions between the nine participating delegations. A proposal by Eden for a one-day "cooling off" period was accepted, and the talks were suspended until tomorrow afternoon.

During the layoff in formal talks, Eden—representing the Western Big Three—hoped to find a solution in conferences with Soviet Foreign Minister V. M. Molotov and Communist Chinese Premier-Foreign Minister Chou En-lai.

When the Cambodia-Laos issue first threatened to stall the conference 10 days ago, Molotov agreed in a private talk with Eden to get on with the negotiations without acting on the Red demands to invite the resistance groups.

The Vietminh Communist leaders raised the question again this week. Western delegates, anxious to get the discussions back to ways of ending the fighting in Indochina, flatly refused the renewed Red proposal.

Conference spurces said Molotov also expressed hope yesterday the delegates could soon get down to a study of the actual drafts of armistice proposals, particularly their military aspects.

the Communists might again drop

The Western Powers tried to limit discussion to key points at the opening of the secret sessions. Bidault, however, touched off the controversy over Laos and Cambodia by demanding that Communist forces be withdrawn at once from the two Indochinese kingdoms.

A major provision of the French plan for ending hostilities in Indochina is that the problem of Laos and Cambodia be completely separated from the proposed armistice in Viet Nam.

The Communist plan, on the other hand, calls for an armistice for all three states to take place after political agreements have been reached. Molotov has declared this plan must be taken as a basis for peace negotiations.

New Wildcat, Two Stepouts In Nolan Set

Locations for a new wildcat and two stepouts to Cambrian production have been set for Nolan County.

Texas Pacific will drill the wildcat as the No. 1 Nettie Clayton one and five-eighth miles northwest of the White Flat Cambrian multipay field. It is 660 feet from south and 1,100 feet from west lines of section 27-20-T&P.

The location is about nine and one-half miles east of Sweetwater. Projected depth is 6,500 feet.

James A. Snowden and others and Kilroy Oil Co. of Texas will drill the No. 2 C. J. Roberts one location northeast of production in the EA Cambrian field of Southwest Nolan County. It is 1,110 feet from south and 1,296 feet from west lines of section 13-Z-T&P, eight miles northeast of Blackwell. Contract depth is 6,150 feet.

British American Oil Producing Co. of Midland No. 1-H TXL is to be drilled one location south of production in the EA field. Drillsite has been set 467 feet from north and 330 feet from east lines of the southeast quarter of section 15-Z-T&P. It is to dig to 6,300 feet, with operations beginning at once.

WILDCAT SET

Texas Pacific Coal & Oil Co. No. 1-C account 1, J. M. Gholson is to be drilled as a 6,450-foot wildcat in Northeast Stonewall County.

The drillsite is 660 feet from south and west lines of section 68-D-H&TC, 10 miles northeast of Aspermont. Operations are to start immediately.

TEST TO DEEPEN

Honolulu Oil has filed application with the Railroad Commission requesting permission to continue drilling to 8,000 feet on the No. 1 Newman, a project in the Casey Canyon field of Northwest Kent County.

Originally slated for a 7,000-foot bottom, the well was drilling below 7,472 feet on last report. The new depth is planned to allow a test of the Canyon lime. Location is in section 2, J. B. Ward survey, 15 miles northwest of Clairemont.

NOLAN WELL FLOWS

Cameron No. 1 Kathleen Baker, outpost to the Rowan & Hope field of Northwest Nolan County, is flowing oil from perforations at 6,326-330 feet and 6,338-368 feet.

The flow began after the well had been shutin for an unreported length of time. The project flowed 22 barrels of oil in 75 minutes through a 24-64th-inch choke. Flowing tubing pressure is from 200 to 250 pounds.

Ramsey Claims Highest Level Of Prosperity For State Of Texas

ORANGE, Tex. (AP)—Lt. Gov. Ben Ramsey today claimed for Texas the nation's highest level of prosperity among the nation's more populous states.

In a speech prepared for dedication of the Allied Chemical & Dye Corp.'s new five million dollar Orange plant, Ramsey said, "The test of all prosperity is employment, and right now Texas has less unemployment than any other state of large population."

He credited this to Texas' "wealth of resources and the capacity of its people for teamwork."

The first venture of Allied on the Texas chemical manufacturing scene will produce ethylene oxide, ethylene glycol and diethylene glycol, all used in production of a number of plastics, insecticides, explosives and other products.

FARM MOBILIZATION

Plowing their acre tract of land in Worth, a suburb southwest of Chicago, Frank Hasenfang (left) and his wife, Lillian, use a 1929 Overland, which has undergone many alterations, as a tractor. A 30-year-old plow is hooked to the ancient vehicle.

KIDNAP, EXTORTION PLOT UNCOVERED IN LUBBOCK

LUBBOCK, May 20 (AP)—A Dallas man and a Lubbock woman were identified today by a wealthy Bloomington Negro rancher as two of the four persons he says kidnaped him, forced him to pose in the nude with a white woman, and used the photograph to extort $30,000.

The rancher, Pete Rydolph, claimed he was taken prisoner at his ranch near Victoria last Friday and held overnight.

The man, Sidney Miller, 47, was arrested here yesterday by Ranger Capt. Raymond Waters. Frieda Ashley, 35, the woman, was arrested in Lovington, N.M., last night and returned here today.

Both have been charged in Victoria with kidnaping and extortion. Lubbock officers said the man has a previous record of participating in extortion plots.

Rydolph, 66, arrived early today with Victoria Sheriff J. C. Durant and Chief Deputy M. W. Marshall.

Rydolph identified the two out of a lineup of other men and women.

The rancher said he was threatened with a charge of rape if he failed to pay. He said the four also threatened him with death if he reported the incident within two days. Officers learned of the incident Monday.

A three-state alert has been broadcast for the other two suspects.

Rydolph had no trouble identifying the two held here. "I'm glad it's all over," he said.

Winchell Put Match To His Copy Of Letter

NEW YORK (AP)—Columnist Walter Winchell said today he had burned a copy of the secret "FBI letter" given to him under mysterious circumstances at the time it set off an uproar in the McCarthy-Army hearings.

Winchell, who trmed it "very dull reading," said he destroyed the copy after consulting various government officials, and after the attorney general ruled it contained security data.

However, he said he had been informed that about 35 copies of the so-called 2½-page "letter," summarizing a classified FBI memorandum, were in circulation.

He said he understood that newspaper people have most of them.

Winchell earlier had related in his syndicated column how someone handed him the copy during a recess in the Washington hearings.

Asked about the whereabouts of the letter today, Winchell said he destroyed it since "no one asked for it back."

"There was just nothing to it," he said. "After all the fireworks, if it were made public, the result would be quite a letdown, I assure you.

"In my opinion, it was pretty routine stuff. There was nothing to it but a list of names. If I were told right now that I could print the text, I don't think I would even use it."

Negroes In San Antonio Serve Notice They Will Use Public Facilities

SAN ANTONIO (AP)—Representatives of San Antonio's Negro population have served notice they will seek "unlimited free use" of all municipal parks, swimming pools and other public recreational facilities.

A delegation from this city's branch of the National Assn. for the Advancement of Colored People conferred yesterday with City Manager Ralph Winton and parks and recreation director Alvin Schmidt.

Reporters were present at the meeting, the first such move locally since the Supreme Court decision Monday which eliminated segregation in schools.

Winton told the NAACP group that the matter would be taken under advisement and indicated a reply to its request after a legal opinion is obtained.

Demonstrations To End Cleanup Drive

The cleanup campaign here will be wound up tomorrow when residents will see demonstrations on garbage collection with packer-type trucks and on the sanitary land fill.

Five packer trucks, owned by different firms which sell the trucks, will make the rounds in the downtown area tomorrow, then go to the city dump grounds. The loads on the trucks will be used for the demonstration of the sanitary land fill at 2 o'clock tomorrow afternoon.

City officials from towns within a 100-mile radius have been invited by the state Department of Public Health to come here and watch the demonstrations. Those include 20 communities and six county health units. Snyder is one of 11 cities in the state having the demonstration during May and June.

The sanitary land fill, not presently in use here, is rapidly becoming the method of many cities for disposal of refuse. The land fill operation consists of digging a trench and burying the garbage and rubbish in the trench.

Also included in the completing of the cleanup drive is regular city pickup of trash and garbage today. City sanitation workers will still pick up open-type containers, if they are turned upside down. June 1 is the deadline for use of such a container. After that time a closed metal container, with a tight-fitting lid, must be used.

Ernest Sears, chairman of the Junior Chamber of Commerce committee heading the cleanup campaign here, reported that workers of civic clubs and various firms here made the city cleanup drive a big success. Working in the drive were members of the Rotary, Lions, Optimist, Kiwanis, and Jaycees, as well as other individuals and employes of businesses here. There were more than 50 workers throughout yesterday during the concentrated pickup of trash, and the workers used about 20 trucks and pickups. Many barrels were picked up.

Sears asked that any persons who may have been missed yesterday call the chamber of commerce, and pickup will be made as soon as possible. The trash must be boxed, bundled, or in cans. A few calls had come in this morning.

Showers Are Possible Here

By The Associated Press

The Weather Bureau said again that widely scattered showers and thunderstorms were possible for Texas Thursday and Friday.

But the nearest thing to such a prediction was a shower in Ardmore, Okla., shortly after dawn. No rain had been reported in Texas temperatures were mild, ranging from 75 at Corpus Christi to 58 at Dalhart and Amarillo.

There was some ground fog, most of it light. Brownsville had one mile visibility, Corpus Christi 4 miles, Houston 5 miles and Dalhart 3 miles a short time after the sun came up.

Thin, funnel-shaped clouds were seen dancing harmlessly over the Gulf of Mexico off Galveston Wednesday, but the Weather Bureau said they never touched the water.

A dark storm Wednesday night dropped light rain and hail in the El Paso area, with one-half inch of hail falling in the airport area. There was no report of damage.

San Antonio had a light thundershowers early in the night. Galveston heard some thunder, but had no precipitation. And lightning flashed from thunderheads around Marfa.

Heaviest rainfall Wednesday was San Antonio's .27 of an inch. The warmest weather was a summerlike 96 at Presidio. Similar temperatures and rainfall could come Thursday, the weathermen said.

Submarine Said Lost But Shows Up Later

LONDON (AP)—The British submarine Scorcher was reported lost for a short time in the English Channel today but came to the surface under its own power and signalled "all is well."

The scare occurred after surface vessels and other submarines lost contact with the Scorcher in the course of manevers off Portland Bill, a cape near Portsmouth.

The signal "sub smash" used when a submarine is in distress, was flashed to ships and naval stations.

110 Wounded Are Removed

HANOI, Indochina (AP)—Evacuation of wounded from Dien Bien Phu had climbed today to 110 men as helicopters and light planes kept up their steady shuttle to the captured fortress.

(A French Press Agency dispatch received in Paris said about 120 more wounded were expected to arrive in Hanoi today.)

Despite the slowness of the helicopter lift, the French hoped to complete in less than two weeks the removal of the 753 sounded the Vietminh said they would release.

French military sources said they knew nothing about rebel plans to release Dien Bien Phu's lone French air force nurse, Miss Genevieve de Galard Terraube, as announced by a Vietminh spokesman in Geneva yesterday.

In Saigon, the Cao Dai religious sect's tough private army, estimated at more than 10,000 men, was formally integrated today into the growing Vietnamese national force.

Meanwhile, the French stepped up their air assault on Provincial Highway 41, over which the rebels are shifting troops from Dien Bien Phu to the Red River Delta.

79-Degree High Here

Temperatures reached a high of 79 degrees yesterday and low of 58 last night, Mrs. D. P. Strayhorn, weather observer, said this morning. The 7:30 o'clock reading this morning was 62.

Mundt Expects Boycott Of Hearings Monday By Senator McCarthy

WASHINGTON (AP) — Sen. Mundt (R-SD) voiced a "guess" today that Sen. McCarthy will not boycott resumption of the McCarthy-Army hearings now scheduled for Monday.

Mundt had just come from a closed door talk with McCarthy, but he said this had not been discussed between them.

McCarthy himself has left in doubt what course he might follow. He contends his side faces a "stacked deck" situation because of President Eisenhower's ban on testimony from government officials about confidential talks within the administration on the McCarthy-Army row.

Mundt said he plans now to go ahead Monday with hearings and that "I wouldn't anticipate any more recesses" as long as the current week is a recess.

A reporter asked Mundt about speculation that McCarthy might refuse to participate in the resumption.

"Do you expect McCarthy will be there Monday?" the reporter asked.

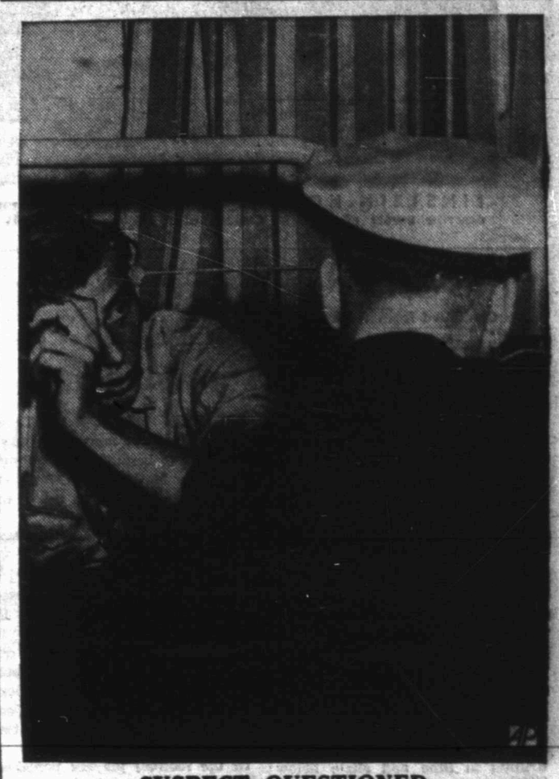

"If I were going to guess, I'd guess yes," Mundt said, but emphasized he was not basing that on any commitment from McCarthy.

McCarthy himself told reporters after the talk with Mundt that he still is "at a loss" about his next move.

McCarthy, who calls the presidential order a "gag" said of it:

"It is ridiculous beyond comprehension to have the President and the Secretary of the Army say they want all the facts on the table in these hearings and then have them support this order."

Sen. Potter (R-Mich.) said he knows of no way McCarthy could be forced to take the witness stand in the investigation if the senator should decide to walk out.

SUSPECT QUESTIONED

William J. Phillips, 22, Tulsa, Okla., is questioned by an Oklahoma Highway Patrol trooper in the Chandler, Okla., jail after he and a companion were captured following gun battles at Chandler and Oklahoma City. Police said Phillips and Bill James Beets, 24, Tulsa, admitted robbing an Oklahoma City tavern. The two also were questioned about a Mansfield, La., shooting.

Reds Announce Spy Execution

MOSCOW (AP) — Red Star announced today the conviction and execution by shooting of a Ukranian exile allegedly parachuted into the Soviet Union by U. S. Intelligence and the U. S. Air Force for spying and sabotage.

The announcement in the Soviet armed forces newspaper said Vasily Ostapovich Ochrimovich confessed at a trial in Kiev that he belonged to a group of Ukranian exiles and was trained at an American "espionage and subversion school" at Kauf-Bayern, near Munich.

Red Star's account said Ochrimovich named accomplices in the Ukraine but it did not specify whether any other persons had been arrested.

"The military tribunal of the Kiev Military District sentenced Ochrimovich to the highest penalty—shooting," Red Star added. "The sentence has been executed."

The military newspaper account said Ochrimovich was one of the leaders of a Ukrainian nationalist organization "which is known to have supplied German Fascists with spies, murderers and provocateurs before World War II and during the war this organization actively helped the Hitlerites in their monstrous crimes directed at destroying the Ukrainian people."

Pastor Brings Infants To U.S. For Adoption

NEW YORK (AP)—A Methodist pastor from Lockhart, Tex., has arrived from Europe with three German infants for adoption by two Texas families.

The babies included 6-month-old twins, a boy and a girl, and a 3-month-old girl.

The Rev. Lawrence K. Brown declined to say who will adopt the children. He said his wife will arrive next week with four more children.

PROTESTS RED PROPAGANDA

Nicaragua Breaks Relations With Guatemala Yesterday

WASHINGTON (AP)—Nicaraguan Ambassador Guillermo Sevilla Sacasa said today his government broke relations with Guatemala yesterday, charging that Guatemala had violated an agreement by spreading Communist propaganda in Nicaragua.

The ambassador's statement confirmed earlier word from other sources here that the diplomatic break was not directly related to a recent arms shipment from Communist Poland which President Eisenhower described yesterday as "disturbing."

But it obviously provided additional backing for the view that the Nicaraguan move would help speed up a showdown on the whole situation in Guatemala, for months the target of accusations of pro-Communist activity.

Sevilla Sacasa told a reporter his government handed passports to the Guatemalan ambassador in Managua at 5 p.m. yesterday, along with a note explaining the action.

Nicaragua's government long has been at odds with the regime in Guatemala, accusing it of pro-Communist activities. The reaction here has not been greatly different. The State Department has often accused the government of President Jacobo Arbenz of clearing the way in Guatemala for full cooperation with the Communists.

The State Department has sent reports of the "important" arms shipment to every American nation, apparently to feel out sentiment about calling the countries of this hemisphere into consultation on some course of action.

First reports here gave no details on Nicaragua's move but dispatches from Guatemala said the whole Nicaraguan diplomatic delegation flew home suddenly yesterday on orders from Managua.

Meanwhile, U.S. authorities said Russia apparently has put a high priority on arms aid to Guatemala to promote strife in Central America.

Depletion Allowance Cut Defeated In Panel

WASHINGTON (AP)—An attempt to cut the oil and gas tax depletion allowance to 15 per cent was defeated in a closed-door session of the Senate Finance Committee yesterday, a member reported.

Oil and gas operators are allowed to deduct 27½ per cent of their gross income from oil and gas properties in figuring their income tax. Supporters of the allowance say it is necessary to encourage search for oil and gas.

WEATHER

NORTH CENTRAL TEXAS: Partly cloudy and mild this afternoon, tonight and Friday with widely scattered showers or thundershowers mostly in southwest portion.

WEST TEXAS: Partly cloudy and mild with widely scattered showers and local thunderstorms this afternoon, tonight and Friday.

EAST TEXAS: Partly cloudy and mild this afternoon, tonight and Friday with widely scattered showers and thundershowers mostly in south portion. Cooler to moderate variable winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy and mild this afternoon, tonight and Friday with widely scattered showers and thundershowers, mostly in north portion. Moderate to locally fresh mostly east to southeast winds on the coast.

Bridges Wants Probe Of New Trade Pacts With Red China

WASHINGTON (AP) — Chairman Bridges (R-NH) said today the Senate Appropriations Committee will make a "searching inquiry" into the extent to which free world allies have agreed to relax bans on trade with Red China.

Bridges' plan for an investigation of this issue came after Sen. McCarthy (R-Wis) told the Senate yesterday it would be "criminal folly" not to cut off U. S. financial aid to nations which ship the "the sinews of military and economic strength" to the Communists.

McCarthy had barely finished his floor address before Foreign Aid Administrator Harold E. Stassen shot back with a statement that what the senator said was "fantastic, unbelievable and untrue."

Stassen, who has tangled with McCarthy before, said, "We are steadily building for peace under President Eisenhower's leadership." And in an obvious reference to McCarthy's televised tangle with Army officials, Stassen declared, "Sen. McCarthy is frantically reaching for diversionary headlines after the sorry spectacle of his record in recent hearings."

McCarthy, in what he said was a "painful and unpleasant" discussion of Republican "shortcomings," called for the listing by Stassen of "every type of material which we have agreed that our allies can ship to our enemies."

Bridges said in an interview today that the appropriations group, which passes on foreign aid funds, "already has taken cognizance of Stassen's statements indicating a weakening of the ban on trade with the Reds."

"We will want to go into this matter very thoroughly and see that the aid we are giving, or its equivalent, is not directly or indirectly filtering into Communist hands," he said.

Stassen's statement said a full accounting of the administration's "successful administration of trade controls" was given in a report to Congress made public Sunday.

In that report Stassen portrayed free world trade with the Communist bloc as a whole as declining in 1953. While commerce with Red China crept up at least temporarily, he said, "the glittering prospect of a vast and lucrative trade" which traders envisioned with the Chinese mainland "was not materializing."

McCarthy told reporters his Senate speech was no "one-shot affair" — that he intends to pursue the subject further.

He said Congress should withhold foreign aid funds until the administration enforces what he said would be a practical "blockade" on the coast of China by telling American allies "they will not get one cent of American money so long as they either ship goods to Red China or allow their ships to be used to carry cargoes to Red China." The United States has barred its traders from shipping to the Chinese Communists.

In response to a question by Sen. Chavez (D-NM), McCarthy said it was "correct" that he was criticizing policies of the GOP administration. He said Eisenhower had "taken many steps in the right direction" but hadn't gone far enough.

"It may be painful and unpleasant to discuss the shortcomings of one's own party," he said, "but as long as I am in the Senate, I'm never going to refrain from exposing what is wrong merely because it might be in my party."

He said that while he disagreed with some policies, he had supported Eisenhower in 1952 and would do so "if he were running now, because I think his batting average is high."

"I am painfully aware—very painfully aware—of the facts that today's suggestions for a general plan of action by the United States in the Far East will be hailed by some as 'an attack upon the Eisenhower administration,'" McCarthy said.

"However, with the world going up in flames and our civilization facing the imminent threat of further Communist enslavement, every senator and every congressman has a duty to add whatever contribution he may have—hoping that if all suggested courses of action are freely discussed and carefully considered we may arrive at the proper solution."

Indochina Alliance Without British Seems Almost Certain

WASHINGTON (AP) —Any initial coalition formed to deal with the war in Indochina probably will be set up without the British, and officials here fear this will impose new strains on American-British relations.

U. S. authorities said today this government would not under any circumstances cease to hope and work for an active British role in the united front which President Eisenhower and Secretary of State Dulles are trying to create.

But present British policy bars any commitments until the outcome of the Geneva conference on an Indochina armistice is known. That may be many weeks away.

The United States, and apparently France and several other interested nations, are not willing to wait that long. If other problems can be solved, it is possible that some kind of informal coalition can be set up in the next three or four weeks.

Eisenhower told a news conference yesterday he thought that a workable united front could be arranged provided the proper Asian nations and Australia and New Zealand would join.

State Department officials are confident those qualifications can be met, once various preliminary events are out of the way.

One of these is the development of an unerstanding with the French as to the conditions under which the United States might intervene in the Indochina war as a member of an alliance. Another is the forthcoming election in Australia (May 28, American time), after which the Australian government may quickly harden its own policy lines.

Today, after his meeting with the National Security Council, Eisenhower was due to receive New Zealand's foreign minister, T. Clifton Webb, on his way home from the Geneva conference, together with Secretary of State Dulles and New Zeland's envoy here, Ambassador Leslie Knox Munro.

That conference afforded the President an opportunity to use a little personal diplomacy in behalf of the coalition project, to which New Zealand so far has appeared to give sympathetic interest.

One of the Indochina problems which worries U.S. policy makers and is at the root of American difficulties with Britain is the speed with which the enemy's military pressure in northern Viet Nam is developing. If the United States' purpose of creating an area of strength to offset the Communist-led rebels' move toward Hanoi is to be effective, Dulles reportedly believes they must be taken fairly fast.

The United States has not yet guaranteed any intervention in the war. Conditions which would have to be met first are congressional approval and the existence of a united front, perhaps even United Nations action. Even so, American diplomatic and military officials consider the need for some kind of outside action to be much more urgent than the British government obviously considers it to be.

EINSTEIN HONORED— Albert Einstein, left, hears Attorney Gen. N. L. Goldstein describe model of Einstein College of Medicine, being built by Yeshiva College, New York.

OIL

Continued from Page 1

Borden exploration, is at total depth of 8,280 feet and running logs after a drillstem test from 8,340-380 feet.

The tool was open one hour, with recovery 7,070 feet of salt water. Flowing pressure was 2,500 pounds, with 15-minute shutin pressure 3,300 pounds.

Texas Pacific No. 1-A W. D. Johnson is running five and one-half-inch casing. Seaboard No. 1 Simpson is drilling in lime below 7,205 feet. Phillips No. 1-B Clayton is rigging up a well servicing unit. Trans-Tex No. 1 McKee is drilling in lime below 4,940 feet.

DRILLING UNIT

Union Oil No. 1 J. D. Boone, Northeast Scurry wildcat, is at total depth of 7,430 feet in lime and drillstem testing.

Ralph Lowe No. 1 Golden-Sun in Southwest Scurry is at total depth of 2,506 feet and fishing. Lone Star No. 1 H. H. Eiland is drilling in lime and shale below 2,885 feet.

In Northwest Scurry, Superior No. 8-536 Lanham is drilling in shale and lime below 5,343 feet.

Fred Goodstein No. 1 E. G. Browning, also in Northwest Scurry, is continuing to test after flowing 130 barrels of oil in 13 hours. The flow was through a 10-64th-inch choke with tubing pressure 940 pounds. The oil was cut .4 of one per cent basic sediment.

Maner-Graham No. 1 Millie Van Horn, Mitchell tester, is pulling rods. Operator was unable to make a pumping gauge because the pump sanded in. The project is plugged-back to 3,137 feet.

J. D. Wrather, Jr., No. 1 Franks, Southeast Nolan wildcat, is shut-down waiting on orders after a 30-minute drillstem test in the Cambrian from 6,270-291 feet. There was a very good blow of air throughout. Recovery was 30 feet of mud and 3,050 feet of sulphur water. Flowing pressure ranged from 320 to 1,360 pounds. Shut-in pressure after 30 minutes was 2,435 pounds.

In Kent County, Arnold Bruner No. 1 York is drilling in shale below 5,190 feet. Robert S. Lytle No. 1 Stewart is drilling below 2,394 feet in dolomite and shale. Superior Oil No. 1 Reed is drilling in lime below 4,191 feet. Southern Minerals No. 1 Girard Trust is drilling below 5,335 feet in lime and shale.

Some fast train in England carry "slip" coaches which are dropped of at stations where the trains do not stop to permit passengers to get off.

Guam, the largest of the islands in Micronesia has only 215 square miles.

Secret Society At A&M Gets Punishment

COLLEGE STATION (AP)—Texas A&M College has moved to punish 17 students, including five members of the football team, for their membership in "TT," a secret organization.

Secret societies are a violation of college regulations.

Penalties were assessed by a faculty committee of six appointed by college president David H. Morgan.

Involved were five senior degree candidates in Friday's commencement exercises, two seniors not candidates for degrees, six juniors, two sophomores and two graduate students.

Of the football players punished only two were slated for graduation.

What effect, if any, the development would have on next season's Cadet football team was not clear.

Names of the students have not been announced.

President Morgan said penalties assessed graduating seniors included deleting their names from the list of candidates for degrees and requiring them to take final examinations next week and then leave the campus.

The graduating seniors, Morgan said, may apply at a future date for degree clearance.

Non - graduating students, the President continued, were suspended indefinitely. However he said they will be permitted to finish out the present term which ends next week.

Interior Dept. To Sell Power

WASHINGTON (AP)—The interior secretary would have responsibility of marketing the U.S. share of power generated at Falcon Dam in Texas under a bill passed by the Senate yesterday.

The bill was backed by both Texas senators. It has been approved by the House Interior Committee and awaits action of the whole House.

Opponents said new laws on sale of power enable non-preference customers to enter 20-year contracts with the government with no withdrawal clause. They said this could work hardship on preference customers such as rural electrical cooperatives who find they need more power than originally contracted for.

Paving Protest Is Worked Out

Some minor engineering adjustments have been agreed to by all parties concerned in the paving plans for the 200 block of Thirty-second Street, B. J. Shelley, city manager, said.

The previous plans for paving of the block had been protested by R. T. Howard, 210 Thirty-second Street, a resident of the block.

Nine other residents of the block had submitted a petition to the city council urging continuing with the paving project on the street.

"The paving project will be carried out, and the changes will not affect any of the residents adversely," Shelley said.

Howard had protested that a difference in the curb levels on the north and south sides of the street would cause water to drain from the street into yards along its south side.

The paving project was studied Tuesday by a committee of residents and city officials. Th ecommittee recommended the engineering changes.

Grasshopper Glacier in southern Montana contains millions of dead grasshoppers which failed in attempts to migrate across the ice during the past 600 years.

Bankrupt Insurance Firm Investigated

BEAUMONT (AP)—Atty. Gen. John Ben Shepperd and Ramie Griffin, district attorney in Jefferson County, have projected a joint study of the bankrupt Texas Mutual Insurance Co.

Shepperd and his administrative assistant, John Davenport, met with Griffin yesterday after the attorney general spoke before the Beaumont Rotary Club.

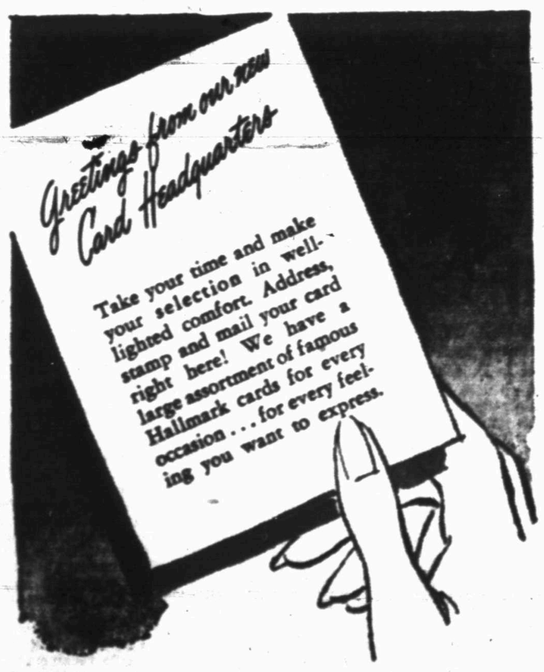

Griffin said his office and the attorney general's staff would work jointly in presenting material to the Jefferson County grand jury, probably next month.

An associate justice of the Third Court of Civil Appeals said last week evidence of fraud and "gross if not criminal laxness" in enforcement of state insurance laws was evident in a civil action involving the bankrupt Beaumont insurance firm.

Man Remains In Jail On Fraud Charges

Joe E. Sandoval, 21, Pueblo, Colo., remained in the county jail today in lieu of bond set at $250 when he pleaded innocent yesterday to a county court charge of swindling by worthless check.

He is charged with only one misdemeanor offense although several complaints have been made. He was returned here Tuesday night from his home at Pueblo.

De Valera On His Way Out

DUBLIN (AP)—Former Premier John A. Costello's coalition appeared almost certain today to tumble Prime Minister Eamon de Valera from office. Counting of ballots in Ireland's parliamentary elections entered its final phase.

De Valera's Fianna Fail (Men of Destiny) party was still the republic's largest faction, but in the voting yesterday it polled about 10 per cent under its showing in the last general election three years ago.

In 1951 the forces of the 71-year-old, nearly blind "Dev" just squeezed into office. In recent months they had only a two-vote majority in the 147-seat Dail (Parliament).

It appeared that Costello's coalition, if victorious, would not command much more of a majority.

With 144 seats at stake in the voting, the count by mid-morning had given 66 to the coalition, 59 to Fianna Fail and 4 to independents.

This was the standing in the coalition: Costello's Fine Gael (United Ireland), 43; Labor, 15; Clann Na Talmhan (Farmers), 5; Clann Na Poblachta (Republicans) 3.

Polling for three seats was put off until May 26 following the death of a candidate.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals

BATTENFIELD HOSPITAL

Admissions — Thomas E. Peterson, Hermleigh; Mrs. Thelma Coleman, Dermott; Mrs. Bud Maynard, route 1; Charles Edward Clemons, route 1; Linda Hill, 309½ Twenty-ninth Street.

Dismissals — Mrs. Vera M. Westmoreland, route 3; Mrs. Claude Hensley, Snyder.

COGDELL HOSPITAL

Admission — Mrs. B. J. Hart, route No. 3, obstetric.

Seal Coating Of Area Highways Planned Soon

Seal coating work will be done on various state highways and farm roads in this area, according to the State Highway Department, which opened bids this week on 83 proposed projects in the state.

Low bids on all the projects totaled $14,336,090. Low bidder on a big project in this area was C. Hunter Strain of San Angelo with a bid of $166,482. That will include 166 miles of seal coat and asphalt concrete pavement on U. S. Highway 180, State Highways 350 and 92, farm roads 601, 605, 576, 1083, 1085, 1228, and 1584, and ranch road 33, all in Scurry, Borden, Fisher, Shackelford, Calahan, Jones, Howard, Taylor, Mitchell, and Kent Counties.

Although white men learned only in comparatively recent times that malaria is carried by mosquitoes, the Masia, a tribe in Central Africa have known it for so long that their word for malaria means literally "I have been bitten by a mosquito."

Steel men use a pencil which will leave a mark on white hot ingots.

Burgess Anthony Herman of East Mauch Chunk, Pa., hands Burgess James Walker of Mauch Chunk, Pa., at right, a new road sign bearing the name "Jim Thorpe," chosen by voters as the common name for the two communities. The body of Thorpe, immortal Indian athlete, was recently moved to a new burial place in the joint community.

Steel Sessions In Third Day

PITTSBURGH (AP) — U. S. Steel Corp. and the CIO United Steelworkers get down to brass-tacks bargaining today as contract talks open with three other basic steel producers.

Getting under way are negotiations with Jones & Laughlin Steel Corp. at Pittsburgh, Wheeling Steel Corp. at Wheeling, W.Va., and Crucible Steel Co. of America at New York. Other basic producers begin bargaining later this month.

Headed by President David J. McDonald, USW negotiators met with officials of U.S. Steel for the second straight day yesterday to discuss 1954 contract demands on the nation's No. 1 steel producer.

It is expected the sessions will continue for the rest of the week and then adjourn to permit the company to study union proposals and prepare its answer.

Objectives of the USW include a guaranteed annual wage and an unspecified pay increase for some 600,000 members in basic steel now averaging between $2.14 and $2.24 an hour.

Slasher Runs Loose In East

GOSHEN, Md. (AP)—A knife-wielding man, believed to be an escaped Army mental patient, was reported today to have held a farm tenant family hostage for six hours before slashing the mother and a child and escaping in a stolen truck.

Montgomery County police said Mrs. Adele Thomas, 32, reported that a man clad only in blue pajama pants and horn-rimmed glasses entered her house yesterday and slashed her across the stomach and chest when she couldn't keep her five children quiet.

She said the intruder also slashed her 5-year-old daughter Barbara Lee above the eyes. Charles Thomas, 33, father of the family, was away at the time. He returned later and took his wife and daughter to a hospital.

Police said they believed the intruder was Pvt. Fred C. Pjerrou, 24, of Silver Spring. Officials of the Army's Walter Reed Hospital in nearby Washington reported that Pjerrou scaled a 10-foot metal fence yesterday morning and escaped from the exercise court of the hospital's neuropsychiatric ward.

Within a short time after his escape, police said, Pjerrou slugged two motorists with a pipe. They said he commandeered a laundry truck after hitting the driver and that he later transferred to a passenger car after slugging its owner into unconsciousness.

CHILDREN IN REAL JAIL SEE POLICE AS FRIENDS

By The Associated Press

KALAMAZOO, Mich. — Police Chief Howard Hoyt thinks it's a good idea to lock up youngsters at the city jail — but only as part of a program to fight fear of policemen.

"We encourage teachers and parents to bring children's groups to the police station so we can show them, first hand, what we do and how we live," Hoyt says.

The youngsters are shown the entire police setup.

"It's the fear angle we want to fight," Hoyt says. "You watch any group of youngesters playing cops and robbers and you'll find as many who want to be robbers as cops.

"And the kids who play the cops reflect their ideas of how real policemen act. Sometimes it's not very complimentary."

Patrolman Leland Marks shows the guests around and says officers "always make a point of telling the children that we policemen aren't hired to put people in jail."

Chief Hoyt puts it this way:

"It's usually their first trip to a real jail for most of these kids. We hope our tour and talk help make it their last."

NEW BATTLE PLANS

Pacific Islands Don't Have Big Arsenals And Defenses

By WILLIAM J. WAUGH

PEARL HARBOR (AP) — Western Pacific islands form America's front-line defense against communism in the Pacific today but the only guns you find there are the rusted relics left by a beaten Japan.

The reason is the old military dictum that the best defense is a good offense.

Millions of dollars are being poured into key islands but it isn't being spent on shore defenses or combat troops.

In nearly a month of travel from the Marshalls north to the Bonin Islands I didn't see one shore-based fighter plane or infantry unit.

These islands once bristled with shore guns of an imperialistic Japan. America uses them today as military transport airports and supply depots.

On Kwajalein, for instance, the 6,500-foot airstrip on the 2½-mile-long island is a major link in our military global air route. In event of war it and the strip on Roi Island, 60 miles to the north, could in a matter of days be operating bases for bomber and fighter craft.

The only planes operating from Kwajalein today are patrol craft. The only guns are small arms.

Guam, obviously the key island in the central Pacific defenses, has many shore guns — but all rusting weapons put there by the Japanese during World War II.

Only two of Guam's airfields—Anderson Air Force Base and Agana — are operational. Orote, Northwest and Harmon fields have been abandoned but the strips are usable.

Supply and ammunition areas on Guam cover miles and miles. The island is capable of supplying and servicing all types of ships and aircraft.

Tinian, with its two huge airports, is virtually unmanned from a military standpoint. Two enlisted men are there.

But those airports — one with 10,000-foot runways from which the Hiroshima and Nagasaki A-bombs were flown — are immediately usable.

Saipan has only a small force, about 100 men.

Iwo Jima is manned by the Air Force. But the force, except for one plane used in air-sea rescue work, is entirely maintenance. Military planes use it as a stopping place on transocean flights.

Japan built its strongest island fortress in the Bonin Islands. Chichi Jima, main island in the group, was not invaded. Today amid the shambles of the once powerful Japanese outpost the Navy keeps a small unit of three officers and 14 enlisted men.

As long as there's peace in the Pacific no larger weapons are needed. If war should come, the United States plans to be swinging so hard and so fast it won't have to worry about island invaders.

TV Dealers Looking For Sales Angles

By SAM DAWSON

SYRACUSE (AP) — Television's troubles are being tackled today on three fronts.

In Washington some senators are looking into the sad plight of certain TV stations who say they're losing money because they can't get the good network shows, and of about 70 would-be TV stations who say they dropped their grants because of programing difficulties.

In Chicago several groups of set manufacturers, parts and equipment makers, and distributors are meeting jointly today to diagnose the ills of an industry beset just now by price cutting and periodically by sprees of overproduction.

On the producing level — as here in Syracuse, where a lot of TV sets are made — they're talking confidently of progress in color but concentrating more just now on a new idea or two in black and white to stimulate sales next fall, when they expect business to pick up.

Dr. Walter R. G. Baker, General Electric vice president and general manager of its electronics division, says the industry's main problem just now is price instability rather than any trouble with coy customers waiting for color sets. He expects a good-as-usual pickup this fall in production and sales of black and whites — but with the big question: Who's going to make the sales. Competition was never keener.

Color TV sets will be too expensive for most folks pocketbooks and too small for most folks tastes for some time yet, he says.

One new black-and-white idea you may see in your TV store this fall will be a set "with the picture on the floor"—a slanted screen that rests on the floor instead of a table. You view the program with your head at the same angle as when you read your newspaper.

TV engineers already have put screens on the ceiling for hospital patients, and think some chairborne customers are going to be intrigued by the down-look idea.

The Radio-Electronics-Television Manufacturers Assn. reports that, even at the start of the slack TV season, sets are being turned out at a rate of better than 100,000 a week, and home and car radios at better than 167,000 a week.

This association, along with the National Electronic Distributors Assn. and the Association of Electronic Parts & Equipment Manufacturers, is meeting this week in Chicago to discuss the problems of this traditionally boom-or-bust industry.

Mr. and Mrs. Joe McLaughlin, of SACROC No. 2 camp, are shown above at a farewell party held at the Country Club last night. They are to move to Vanderbilt, Tex. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

A farewell party was given for Mr. and Mrs. JOE McLAUGHLIN at the Country Club last night.

The McLaughlins, who live in the SACROC No. 2 camp five miles north of here on the Lubbock Highway, are being transferred to Vanderbilt, Tex., where Mr. McLaughlin will become superintendent of the Vanderbilt district for Magnolia Petroleum Co.

The party was given by friends of the McLaughlins who have been associated with him in the oil industry since he came here as assistant superintendent of Magnolia's Snyder district over a year ago.

Mr. and Mrs. McLaughlin have three children, Joe, 11 years old, Jan, nine, and Patty Lee, one year old.

The STEVE BIRDWELL orchestra played for the party last night.

Out of town guests at the party included Mr. and Mrs. Frank Montgomery, and Mr. and Mrs. George Montgomery, all of Midland. The Montgomerys are owners of the Frank Montgomery dirt contracting firm which has an office in Snyder.

* * *

BILL BALLARD, county juvenile officer, became ill Tuesday night and discovered yesterday that he had the mumps on both sides.

He said he doubted the nature of his work had much to with contracting the disease, but add that some juveniles might have caught the mumps from him before he became aware of the illness.

* * *

Out-of-town relatives who were here this week for the funeral of James Arthur Woodfin and to see his wife, Mrs. PEARL WOODFIN, 2804 Avenue V, included two daughters and a son, two grandchildren and nieces and nephews.

The daughters and son and their families were Mr. and Mrs. A. H. Prichard of Canyon, Mrs. Myrtle Coil of San Jose, Cal., and Joe Woodfin of El Paso.

A grandson and his wife, Lt. Col. and Mrs. A. H. Prichard, Jr., of Biggs Air Force Base in El Paso and a granddaughter, Diane Prichard of Canyon, were also here.

Nieces and nephews included Glenn Akers and Jot Akers, both of Brownfield, Lloyd Burrow of Los Angeles, Cal., Mrs. Lora Martin of Fort Worth, Mrs. Glenn Bailee of Rule, Mrs. Madison Daughtery of Canyon, Ira Greenfield of Post and Mr. and Mrs. Johnny Kidd of Abilene.

* * *

Newcomers to Snyder are Mr. and Mrs. PETE THOMAS, who are now living at 2312½ Twenty-ninth Street. The Thomases, who were married April 29, are former residents of Morton. Mrs. Thomas is the former Miss Merita Wilson. Mr. Thomas is employed by Short Drilling Co.

* * *

Mrs. J. L. CROW was hostess for a coffee session Monday morning. Pictures made at a recent formal tea honoring Miss Gwendolyn Grow, who is to be married soon, were shown during the coffee. Guests were Mrs. J. E. LeMond, Mrs. Walla Fish, Mrs. E. N. Baker, Mrs. Wayne Short, Mrs. H. W. Cargile, Mrs. Cecil Osborne and Mrs. J. C. Fish.

* * *

A blue ribbon and silver plate will be among the college treasures brought home by JOAN COCKRELL this year. The ribbon and plate were her rewards for a first place rating in the hunter class at a recent horse show at Stephens College. Miss Cockrell is to ride May 29 in a horse show which will be among closing activities at the college. Mrs. Cockrell plans to drive to Missouri for the festivities, which will begin when classes end on May 29 and continue through the following day.

* * *

Mr. and Mrs. JAMES ROSSER have returned from a week's business and pleasure trip to Colorado and New Mexico.

They went first to Salida, Colo., and from there on to Colorado Springs. They crossed snowy mountains, visited trout farms and ate lots of fish.

On their way home they stopped at Albuquerque to visit Mr. Rosser's relatives.

WOMEN'S CALENDAR

THURSDAY

AAUW tea honoring high school senior girls, 4:15 p.m., homemaking department.

OES stated meeting, 8 p.m., Masonic hall.

FRIDAY

Altrurian Club breakfast, 8 a.m., with Mrs. J. C. Dorward, 1908 Thirtieth Street.

Ladies' Day, 9:45 a.m., Country Club.

Beta Sigma Phi Party Night, 6:30 p.m., with Mrs. Arel Faver, Lamesa highway.

Box supper sponsored by Trinity Methodist Church, 7 p.m., Towle Memorial Park barn.

Stumble and Fall Square Dance Club, 8 p.m., Ballard's Cafe.

SATURDAY

May Breakfast, Business and Professional Women's Sunday school class No. 1, 7 a.m., with Mrs. S. L. Terry, 3604 Avenue V.

Saturday Duplicate Club, 8 p.m., with Mr. and Mrs. Ike Snead, Sun Oil camp.

PERSONALS

Mr. and Mrs. Alva Boren of Petersberg and Mr. and Mrs. H. E. Hooper of Big Spring visited in the home of Mr. and Mrs. Skeet Jones, 2800 Avenue X last Sunday.

J. A. Duckett, 412 Twenty-ninth Street, is attending a manager's convention in Kansas City this week and will return Saturday.

Mr. and Mrs. E. R. Fogel, 801 Twenty-third Street, attended the funeral of a relative in Austin and will return today.

Mr. and Mrs. R. B. Ross, 2700 Avenue R, spent the week end in San Angelo and Possum Kingom.

Winford Beard returned from overseas and landed in California Tuesday. He is the son of Mr. and Mrs. L. L. Beard, 708 Twenty-eighth Street, and will be coming home around June 7.

Mr. and Mrs. Bobby Goldsmith of Olney visited in the home of Mr. and Mrs. Oscar Boyd, Jr., 1700 Twelth Street.

Mrs. R. L. Duck, 804 Twenty-sixth Street, Mrs. J. W. Lefler, 2703 Avenue F, and Mrs. L. L. Beard, 708 Twenty-eighth Street will attend the Wayland College graduation exercises in Plainview May 24.

Mrs. Ollie Holt, 909 Avenue E, is visiting her son and daughter in Bridgeport, Tex.

Mr. and Mrs. A. N. Surratt and son, 203 Twenty-fifth Street, spent last week end in Fluvanna with Mr. and Mrs. Will Thorn.

A guest of Mr. and Mrs. Billy Lavender, 2309 Twenty - seventh Street, is Mrs. Lavender's mother from Canyon.

Friday Night Party For Beta Sigma Phi

Plans for a party to be held tomorrow night were made at the Tuesday night meeting of Beta Sigma Phi.

Mrs. Arel Faver will be hostess for the party at her home on the Lamesa highway.

Mrs. William Roland Canon was hostess for Tuesday's meeting, the final study program of the year. Mrs. Ernest Donner and Miss Jo Ann Lumpkin were program speakers, taking as their subjects portions of the general theme "Happiness Through Literature and Travel."

VANILLA WAFER LIME SWIRL
. . . frothy lime filling

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-3488.

Fresh as a spring morning is this vanilla wafer lime swirl, and really easy to make. You can make it in a nine-inch pie pan or individual tarts as you prefer.

1½ teaspoons gelatin
1/3 cup cold water
4 egg yolks
¾ cup sugar
1 tablespoon grated lime rind
¼ cup lime juice
4 egg whites
¼ teaspoon salt
vanilla wafers (about 30)
½ cup heavy cream, whipped

Add the gelatin to the water and set aside. Put yolks in the double boiler and stir in ¼ cup of sugar, the lime rind and juice. Cook and stir over boiling water for five minutes or until thickened. Stir in gelatin until melted. Remove from heat.

Beat egg whites and salt until they form peaks when beater is raised. Slowly add the remaining half-cup of sugar, continuing to beat until stiff. Gently fold the egg white mixture into the hot lime mixture. Turn the mixture into a pie pan or custard cups which have been lined with vanilla wafers. Swirl whipped cream through the filling and top with a sprinkling of lime rind.

* * *

If the edges or your carpets or rugs become worn, it is safest to have them rebound by a professional rug cleaner. Trying to trim them with your own equipment may only cause further raveling.

* * *

Leftover chicken or turkey goes well in this casserole, tastes almost as good as at the original meat.

Thicken a No. 2 can of stewed tomatoes with a blend of two tablespoons each butter and flour. In a greased casserole, arrange layers of whole kernel corn, bite-sized pieces of cooked chicken and the thickened tomatoes. Repeat the layers, over and bake in a moderate oven about 30 minutes.

Mrs. Keeble Honors Patty Lee McLaughlin

A party to mark the first birthday of Patty Lee McLaughlin, the daughter of Mr. and Mrs. Joe McLaughlin, was given Tuesday by Mrs. M. M. Keeble.

The birthday cake was decorated to form the skirt for a china doll. Individual cakes iced in pink and white were topped with one candle each. Favors were balloons and guns.

Guests were Moriaty Schware, Jay and Stephen Hamlin, Stevie and Chris Young, Pamela Shoopman, A. J. and Mike Sieker, Joe and Jan McLaughlin, Mrs. Owen Schware, Mrs. John Hamlin, Mrs. Jerry Young, Mrs. Lloyd Shoopman, Mrs. A. J. C. Sieker and Mrs. McLaughlin.

Art Guild Studies American Defense

"American Defense" was the study topic of the Art Guild at its closing meeting of the season Tuesday night.

Mrs. C. W. Popnoe was program leader. A round-table discussion on personal ideas for defense projects and other phases of defense work was included. The program was closed with the reading of "America" by Mrs. Ben Thorpe.

Mrs. W. P. King, 3008 Avenue U, was hostess for the meeting, which was attended by 19 club members. Mrs. Jimmy Sharp, Mrs. King's daughter, was a guest. Refreshments were served by the hostess following the program and business discussion.

Mr. and Mrs. Stanley White, 2301 Avenue I, visited in Velasco over the week end. Mrs. White's mother, Mrs. H. C. Gleason, who accompanied them to Velasco, remained for a longer visit.

SUN-LOVING!

Feminine and stylish swallow-tail tied shoulders are cool and fashion - wise for the summer months ahead! Sew this dress in all one fabric; or with bodice and skirt contrasting for the important "separates" look!

No. 2067 is cut in sizes 10, 12, 14, 16, 18, 20. Size 16: Dress in all one fabric takes 5¼ yds. 35-in. or 4⅝ yds. of 39-in. Skirt, 3¼ yds. 35 or 39-in. Contrasting bodice and belt, 2 yds. 35-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsa Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

INTERNATIONAL DESIGNERS PATTERN

Simonetta of Italy

Chic and figure-flattering is Simonetta's princess silhouette. The skirt's sudden swooshy fullness is achieved with box pleats spring up from a series of gores. The laced midriff is open at top and under the lacings. Finally, the bodice is pleated in a manner to make the most of the bosom. Simonetta made the dress first in pure silk print, but you may prefer it in paisley cotton, linen shantung, taille or taffeta. Size 12 requires 11⅛ yards of 36-inch material for the dress and a quarter-yard of 25-inch material for the interfacing. To order the pattern, No. S-219, send $1 to International Designers' Paterns, P.O. Box 993, Dept. SX-13, G.P.O., New York 1, N.Y. Add five cents for handling if paid by check or money order. Select your pattern size from this guide:

Take-it-easy oxfords are cool 3.98

Breeze - inviting cotton duck uppers . . . step-cushioning crepe soles. Brown, blue, maroon; men's 6 to 12.

WOUNDED BROUGHT BACK

A stretcher-borne casualty of the fighting at Dien Bien Phu is taken from a helicopter to a hospital at Luang Prabang in Indochina after being flown out of the fallen fortress. So far, the French have been allowed to evacuate only a few of the many wounded in fighting against the Communist-led Vietminh rebels before the fortress fell to the Reds.

WORD OMISSIONS BRING FORTUNE TO CANADIANS

EDMONTON, Alta. (AP) — Omission of two words from a land title deed 46 years ago spelled out a fortune today for Anton Turta and his son Nick, who farm in the heart of Alberta's Leduc oil field about 20 miles south of here.

The two hold title to 160 acres of land on which mineral rights have been valued at more than one million dollars.

After a two-year lega' fight, the Supreme Court of Canada yesterday dismissed claims by the Canadian Pacific Railway (CPR) and Imperial Oil Ltd. for the oil rights on the land.

Also benefiting from the ruling were the Montreal Trust Co., which holds a lease on Anton Turta's portion of the land, and William Sereda, who holds a lease on the other half.

Turta acquired part of the land in 1911 and the remainder in 1918 from Mike Podgorny, who had purchased the tract in 1908 from the railway. A clerk in the land title office here erred in drawing up Podgorny's title, reserving to the railroad the rights to "all coal" subsequently found but omitting the words "and petroleum."

The error went unnoticed until Alberta's oil boom. In 1943 the deed was changed to read: "Reserving unto the CPR all coal 'and petroleum.'"

The CPR leased the land to Imperial Oil in March 1951. Turta went to court.

In May 1952, the Alberta Supreme Court ruled in the farmer's favor.

Justice W. G. Egbert held the land titles office did not have the authority to change the deed.

The Appellate Division of the Alberta Supreme Court upheld Justice Egbert's ruling and the Supreme Court of Canada agreed yesterday.

Big Elections In South Korea

SEOUL (AP)—Koreans from crowded, bomb-wrecked cities and shell-pocked farms trekked to polling booths today to vote for a new South Korean National Assembly.

The election has been called an off-year test of President Syngman Rhee's popularity.

Rhee and his wife were among the first to cast ballots in Seoul this morning.

An estimated eight million ballots were cast before the polls closed at 5 p.m., and it may be two days before complete returns are in. Good weather helped bring out a heavy vote.

Despite cries from the independent and opposition blocs of police intimidation and interference and equally strong denials by government authorities of such activity, the voting appeared to be peaceful. The nation is under an emergency police alert.

Rhee's Liberal party says it expects to win 110 of 203 Assembly seats. The major opposition Democratic Nationalists are pessimistic. They look for only 20 of their men to be elected.

Rhee's forces hope to capture enough seats to gain a working majority in the legislature—something they have not had since 1952.

SPORTS

Pony League Season Is Opening Tonight

Play will get underway in the 1954 Pony League schedule at 7 o'clock tonight on the baseball field at Towle Memorial Park, where two games are scheduled.

Playing tonight are the Lions Clubs Phillies vs. Courthouse Tigers and Scurry Butane Dodgers vs. Von Roeder Red Sox.

The Tigers last year finished the season as champions of the first year of Pony League here. The champs had a 7-2 season record, while the Dodgers and Phillies had 5-4 and the Red Sox 1-8.The Pony League all-stars last year were downed in district playoffs 14-0 by an Abilene team. The all-star team from here was made up of members of all the four teams.

Games had been set for a Tuesday night opening, but they were postponed because of a wet field. Pony League includes boys 13 and 14 years old, just above Little League age. Many of the boys now in Pony League have already played here in Little League.

Bill Wilkinson manages the Phillies. Team members include Maxey Carey, Max Ware, Mickey Craig, Dickie Martin, John Ward, Jackie Tucker, Carol Wylie, Jerry Amison, Leon Thomason, Gene Bruton, Ronnie Price, Jim Henry, Dale Cates, Kelly Clarkson, Homer Ray, Jerry Springer, and Kelton Pinkerton. The Tigers, managed by Eddie Hight, include Dean Staton, Jimmy Allen, Roger Hensley, Tony Anger, Gary Vice, Jerry Procter, David Shepherd, James Patterson, James Snowden, Jesse Allen, Gale Courtney, Coleman John, Simpson Cumba, Charles Johns, Mike Ridley, and Bobby Rodgers.

Managing the Dodgers are Arel Fayer and Bill Morgan. Team members are Ronnie Baker, Roe Lashaway, Skipper Moore, Jimmy Crowder, Harley Merritt, Dwayne Overman, Ed McDaniel, Bill Crowell, Eldon Fowler, Chuck Warren, Neil Boyd, Johnny Griggs, Mickey McGrew, Harold Brown, Jr., Lewis Blount, and Dennis Holmes. Members of the Red Sox team, managed by Justin Corbell, are David Hale, Bud Morgan, J. T. Myers, Roger Kerbow, Earl Burleson, Dick Pickett, Hollis Chandler, Billy Phillips, Sammy Spikes, John Drake, Kenneth Drake, Dick Hayes, A. L. Minica, George Williams, Danny Tankersley, James Minor, and Mike Stipe.

The Pony Leaguers will play a schedule of 18 games each, with games set for Tuesday and Thursday nights. First games start at 7 o'clock, and last games at 9 o'clock. The schedule will last through July 20.

Texas League Is Bunched At Standings Top

By The Associated Press

Texas League clubs were still closely bunched Thursday and space was at a premium at the top of the standings. Just three games separated the first five teams.

Beaumont's Exporters—in last place—possibly could go on an eight-game winning streak and take over the league leadership.

Houston, the seventh-place club, made it two in a row Wednesday night over the league-leading San Antonio Missions, winning 6-4.

Shreveport, which started the season like a house afire only to slump badly in mid-spring, thumped Beaumont in both games of a twin bill, 7-0 and 6-4, to go into a virtual third-place tie with Dallas' Eagles.

The defending champion Eagles, still playing like champs one day and schoolboys the next, lost the rubber game of a three-game set to Oklahoma City 4-3 in 10 innings.

Tulsa blanked Fort Worth 2-0 in the first game of a doubleheader but the big Cat bats slammed out a 9-1 victory in the nightcap for a split.

The Eagles outhit Oklahoma City in Dallas 14-12 but they couldn't muster the power when runners were in scoring position, leaving 11 men straned. Hoot Gibson got his first setback of the Texas League season for tossing the last three innings. Chris Nicolesi was the winner to gain a 4-2 season mark.

Houston gave Willard Schmidt a five-run first inning and he coasted to his fifth victory without a loss for the Buffs. The Missions pounded him hard in the seventh and Pat Patrick went in to finish the game without difficulty.

Ed Mickelson clubbed three home runs and three singles in the two games at Shreveport to lead the Sports at home plate. Billy Muffett, in the first game, and John Andre, in the second, were the winners over the Exporters. Burt Smith and Paul Hoffmeister drew the losses.

In the first game at Tulsa, the Oilers scored in the second on a single and in the third off an infield grounder and a Fort Worth error. Pete Mallory, Cat hurler, and Tulsa pitcher Norman Camp each pitched four-hit ball but the Cats lacked a punch in the pinch. Mike Lemish went the distance for the Fort Worth nightcap victory as his mates slammed three Oiler pitchers for 12 hits and the win.

Tulsa and Fort Worth play a day-and-night doubleheader Thursday. Beaumont is at Shreveport, Oklahoma City at Dallas, and San Antonio still at Houston.

Santee Being Watched While At Boulder

BOULDER, Colo. (AP)—The spotlight is focused on miler Wes Santee of Kansas in the Big Seven Track and Field Championships here tomorrow and Saturday but several other top-flight athletes may set new conference records.

Competitors in the meet at mile-high Folsom Field have equaled or surpassed this season seven of the records on the conference books. Only marks made in the league meet are accepted as conference records.

Santee, fastest miler in U. S. history, has registered better-than-record time in the 880-yard run, the mile and two-mile. But track experts figure the rarefied air will keep him from setting conference records in the mile and two-mile runs.

Santee's best chance, veteran coaches say, is in the 880-yard run. It is in the longer races that the thinner air begins to tell. Glenn Cunningham, another great Kansas distance runner, holds the Big Seven 880 mark of 1:52.2. Santee has been clocked this season in 1:51.5 in an official 880-run and was timed in 1:48.3 as part of a relay run.

Other record-breaking prospects: Neville Price, Oklahoma's senior broadjumper from East London, South Africa, who will be defending his 1953 championship when he set a record of 24 feet 11¼ inches. He's jumped 25 feet 3 inches this season.

Harry Lee of Oklahoma, who's been clocked in 48 seconds flat for the 440-yard dash this year. That is the same as the record set in 1942 by Bill Lyda of Oklahoma.

Second Round Of Little Loop Games Tonight

The Holder Construction Indians will attempt to hold their lead in Little League tonight as they go into their second game of the season.

The Indians are scheduled to meet the American Legion Yankees, champions for the last two years, in tonight's second game. Meeting in the first game at 7 o'clock are the Quarterback Club Giants and the Kiwanis Club Braves.

None of the teams playing tonight, except the Indians, have played before this season. The Yanks were scheduled to meet the Cubs Monday night, but that game was rained out. The Indians in the early game that night shut out the Rotary Club Cardinals 7-0.

Larry Patterson, Ronnie Jones, Tom Roberts, and Ollie McKeown so far lead batting for the Indians. Jones was winning pitcher in the Tuesday night game. The Yanks are made up of Norman Gladson, Lloyd Brown, Richard Mahan, Don Martin, Bobby Wilkerson, Ronnie Wylie, Richard Samuelson, Lane McKinney, John Weaver, Mickey Hale, Jerry Guthrie, Steve Free, Spencer Dyer, Roger Cumba, and Eddie Kirby. Skipper Joyce manages the Yanks, Bill Roberts the Indians.

The Giants are managed by Wayne Harwell, while Charles Baker pilots the Braves. Giant teamsters are Barry Walker, Morris Noah, Doug Brunson, Richard Robinson, Jerry Wayne Harwell, Reginald Scarborough, Stanley Crouse, Joe McLaughlin, Roland Key, Butch Niedecken, Gilbert Merritt, Wayne Key, Dalton Walton, Richard Williams, and Kenneth Roach. Braves are Jerry Fleming, Billy Foree, Phillip Johnson, Ronnie Martin, Charles Popnoe, Roger McMennamy, Jerry Minor, Billy Harliss, Larry Smith, Glenn Dixon, Bubba Fleming, Ed Carl Foree, Ronnie Turner, John Pickering, and Richard Smith.

Scheduled for tomorrow night are Cards vs. Giants and Braves vs. Cubs.

McQuillan Back To Stetson As Coach

HONOLULU (AP)—H. R. (Hub) McQuillan, former Texas Christian basketball coach and assistant football coach who has been coaching at a high school here, will be going back to the United States soon to become head football coach at Stetson University in Deland, Fla.

McQuillan served 12 years as coach at Stetson early in his career.

Falsies Get 'Hot'

DALLAS (AP)—A woman sued a variety store for $2,800 yesterday, charging she had been "burned" by a set of "artificial rubber bust forms."

She claimed the articles contained chemicals which became soluble when she perspired and caused her to become "poisoned, burned and injured."

The average per capita wager at Monmouth Park race track in 1953 was $95.66. More than $85,-898,106 was bet during the 50-day meeting.

Outsiders Taking Shot At Preakness

BALTIMORE (AP) — Ring King, a Raggedy Ann little colt even to the trainer who made him whatever racehorse he is, typifies entries being made today for Saturday's Preakness in the face of knowledge that the formidable Correlation and Hasty Road already are down to start.

Trainer Tommy Kelly is full of doubt that Ring King belongs in such a high-caliber race as the $100,000 middle leg of the triple crown. But there's only one way to find out for certain and that's to try, he admits.

This is the attitude of almost all the others who will pay $500 today to enter.

This is the first time in recent history of the Preakness that horses have been entered before the regular opening of the entry box on the day before the race. Scratch time for the race is 5 p.m. Friday.

Robert S. Lytle, owner of Correlation, and Allie Reubens, owner of Hasty Road entered their favorites yesterday. So did Howard A. Jones with For Free and Sunny Blue Farm's Admiral Porter.

Still expected to dare to come in besides Ring King are Maine Chance Farm's Jet Action, Walmac Farm's Hasseyampa, Woodvale Farm's Goyamo, Joe W. Brown's Gigantic and maybe T. A. Sears' Nirgal Lad and E. M. O'Brien's Galdar.

Some of the enticement is that after the first prize of around $90,000 there is $25,000 for second, $15,000 for third and $7,500 for fourth. Mrs. Ada L. Rice put up the equivalent of fourth prize money just to make Ring King eligible and pays another $1,000 to enter and start.

It all seemed worthwhile after trainer Kelly suddenly began making Ring King tick. Last year, Ring King failed to race because he had a funny leg action that suggested knee trouble.

Kelly, a 35-year-old native of Pikesville, Md., became trainer for the Rices last November. In January, they sent him Ring King in Florida and told him, "Either make him run or break him down."

"I did what the boss told me," relates Kelly. "I made him run. Every time the colt went on the race track I had the exercise boy carry a stick."

At first nothing appeared to result. Ring King ran three times and failed to win. Then he came north to Laurel and won three straight, including two stakes, the Cherry Blossom and Chesapeake.

He ran for the first time since March 27 in the Preakness Prep on Monday and finished third behind Correlation and Hasty Road.

Ring King still throws his legs around instead of striding forward straight so "that he looks like he's crippled," Kelly said. "I never saw a horse like him."

RENAL B. ROSSON

For State Senator:
HARLEY SADLER

For Representative 90th. Legislative District of Texas:
ROBERT R. PATTERSON

PRIVATE BULLS HIRED TO WATCH BASEBALLERS

PHILADELPHIA (AP)— Second baseman Granny Hamner of the Philadelphia Phillies demanded a showdown with owner Bob Carpenter today over what he termed the "Gestapo tactics" of having players trailed by a private detective.

Carpenter disclosed yesterday he had hired a private detective to check on the aftergame habits of some of his players. The owner spoke up after a private investigator was arrested Tuesday night when Hamner reported to police he was being trailed.

"I resent this and I intend to do something about it," the 27-year-old player said today. "This stuff of treating me and other ball players like two-year-olds is going to wreck our club. We can win the pennant. We have a better team than in '50 when we won.

"But this uncalled for Gestapo tactic will ruin our chances if they're not cut out right away," Hamner asserted.

The second baseman, who came to the Phillies in 1944 as a 17-year-old recruit and developed into one of the National League's top infielders, was bitter about the incident.

Sitting in his North Philadelphia home with his pretty wife, Shirley, the Richmond, Va., native poured out his feeling about being trailed by a private detective to see if he went to bed on time.

"I'm a ballplayer," he said. "I make $25,000 a year. I've got seven or eight good years ahead of me. I keep myself in shape and never, at any time, has it been necessary to have me followed by a private detective."

Carpenter said yesterday it was a normal major league procedure to keep tab on players by means of private investigators. He added that he had been using this tactic for a number of years. He said he wanted a baseball team physically and mentally prepared to face the rigors of a major league pennant race.

"I want to be cleared of the implications and inferences that being followed shows something wrong in a person's private life," Hamner said.

"I know I am of some value to the team. If what I have to say means they're going to trade me, I'm going to speak my piece. I don't like this sort of stuff."

Hamner already has felt the reaction of the episode. The barbs of sharp-tongued fans and some of the bench jockeys on the opposition —the Milwaukee Braves last night —opened up on him. He went hitless in four times at bat and dropped to second place in the National League batting average race with .365.

Several fans shouted, "Who's trailing you tonight, Granny?" "Going out on the town after the game?" "Got a date for tonight, fella?"

Meanwhile, Charles Leland, 36, of St. Georges, Del., an investigator for the Brandywine Investigative Agency in Wilmington, was held in $500 bail for a further hearing Monday by Magistrate William Hagan on charges of violating the firearms act. Leland is the investigator arrested by police on Hamner's report. A revolver and a target pistol were found in Leland's car.

8-4 Victory Off Of Two Hits For Owls In Sooner League

By The Associated Press

The Gainesville Owls got only two hits against the Shawnee Hawks Wednesday night but scored an 8-4 victory to retain first place in the Sooner State League.

The Owls held a half-game lead over the Seminole Tri-City Oilers, who blasted the Lawton Braves, 10-4. Gainesville's triumph over Shawnee came at the expense of pitcher Derald Wooten who walked 16 men and hit two others. Four errors also helped in the Gainesville scoring.

Ardmore's Cardinals moved into third place with an 11-10 decision over the McAlester Rockets. Catcher Chuck Staniland's eighth-inning homer proved to be the winning run.

J. L. Rhodes, the Ada Herefords' ace southpaw, struck out 12 as his mates edged the Pauls Valley Raiders, 3-2. Bruce Lane's seventh inning homer was the winning blow for the Herefords.

Waxahachie Tourney

WAXAHACHIE (AP) — Qualifying rounds for the eighth annual Waxahachie Country Club invitational golf tournament end tomorrow. The three-day event will be limited to the low 96 qualifiers.

Blount To Houston U

HOUSTON (AP)—Sammy Blount, All-State quarterback from Deer Park High School in Class A, said yesterday he plans to enter the University of Houston next fall.

Ed Dudley To A&M

PAMPA (AP)—A Pampa High School football and track star, Ed Dudley, yesterday said he has signed a letter of intent to go to Texas A&M.

The last major league player to hit four doubles in one game was Al Zarilla of the Boston Red Sox on June 8, 1950.

CALIFORNIA REFINERY FIRE

A vast churning mass of flames boils skyward from a petroleum tank at the Rothschild Oil Co. refinery at Santa Fe Springs, Calif. Firemen believe the half-million dollar fire started with an explosion of vapors in the refinery's storage section after a natural gas line broke.

Easily Convertible Currency Basic Goal Of Free Traders

WASHINGTON (AP)—One of the major objectives of U.S. postwar economic diplomacy — a return to freely exchangeable currencies in international trade — is now economically possible but unlikely to take place in the immediate future.

This is the consensus here among economists dealing with the problem of persuading this nation's allies to cut currency control hobbles off their money in international trade and thereby get back to a more natural competitive way of doing business across borders.

But the threat of large-scale western involvement in the Indochina war, according to opinion here, has stepped in to hold off any general move toward convertibility that may have been near to taking place.

Nevertheless, it was learned, steps are being taken to keep the European Payments Union—a kind of international clearing house of debts and credits for Western Europe — from cracking under the strain of big debts and big credits for another year. And, it is hoped here, before the year is out convertivility will have made the union obsolete.

The problem faced by merchants engaged in international trade is this: To make purchases in another country, they must obtain a sufficient amount of the currency of that country. They do this by exchanging for it currency of their own nation. But there are numerous restrictions on such an exchange. Free convertibility would eliminate those restrictions so that, for instance, the British merchant wishing to make purchases in the United States would have no difficulty converting pounds in his possession into dollars.

Asst. Secretary of the Treasury Andrew Overby and a number of other administration spokesmen scattered over the country making speeches on world trade this week — World Trade Week. They put convertibility high on their list of developments which must take place if the free world, in their opinion, is to have a stable, secure economy.

Overby, whose specialty is international finance, called convertibility "the most basic" plank in President Eisenhower's foreign trade program. Overby emphasized that a big change has taken place in Europe in the past four years. He said, in a Milwaukee speech Monday:

"As we look abroad today, we find good reason for increased hopefulness for the freer and healthier and more unified trading and financial world we want. Strange as it may seem in the face of continuing political tensions and large defense expenditures, the free world is in much improved and very good shape in purely economic terms — in levels of production, of trade, and of real income.

"Balance of payments deficits of most foreign countries have been eliminated or reduced. . . . As the result of improved conditions abroad and our continuing aid programs and large overseas expenditures, gold and dollar assets of foreign countries have increased in the last four years . . . by more than eight billion dollars, a gain of more than 50 per cent, and the growth seems to be continuing.

"The United Kingdom and other members of the Commonwealth have met twice to consider plans for the convertibility of sterling and they and other important nations of Europe, such as the federal republic of Germany, have discussed their aims with us."

Overby, and the other administration speakers, indicated that in their opinion conditions have changed so radically in Europe that there is no longer good economic reason for keeping major currencies coddled in protective controls.

Nevertheless, it was learned, opinion here is that progress toward reconvertibility has been halted until the Indochina crisis has been resolved one way or another. Also, uncertainty about the U.S. economic situation is a deterrent.

Why then, do administration spokesmen keep hammering away at the thesis that conditions have improved, economically, to the point where convertibility is a practicality?

One answer can be found in their speeches. Eisenhower administration spokesmen link convertibility to the defense of the free world. They emphasize the thesis that the United States and its allies are involved in a crisis to which no end can be seen.

And, they say, part of Russia's pressure is an attempt to force on the free world the strains of emergency.

If crisis is to be a normal way of life, they say, some way must be found that is normal and livable to deal with it. Thus, they are prepared to wait out temporary uncertainties like the present Indochina situation and the U.S. business situation. But they are reportedly prepared to insist that the objective should nevertheless be as normal an international life as possible, including commerce unfettered by currency controls.

Snyderite's Kin Dies

Funeral services for Vollie J. Cox, 59, the father of Vollie Cox, Jr., of Snyder, were held Tuesday in Brownwood.

Mr. Cox, a native of Comanche, died Monday of a heart attack on his farm near Brownwood. He had lived in the Salt Creek community for the last four years. Burial was in Comanche Cemetery.

Statue Is Covered

EL DORADO, Ark. (AP) — The statue of a Confederate soldier here was draped with a white flag yesterday.

Who did it, or whether it had anything to do with the U. S. Supreme Court's abolition of public school segregation, remained a mystery.

FEW GRAVES IDENTIFIED

Jail Volunteers Are Working On East Snyder Cemetery

An old cemetery, believed to be Snyder's oldest, is being cleaned up by a voluntary team of three Negro prisoners from the county jail.

Homer Whisnand, sheriff, said the three volunteered to work in the cemetery after he told them of the need. They are Tommy Sylvester, Eddie Reed, and Anderson Davis, Sr., all serving sentences for bootlegging.

The cemetery is between Avenues E and F and Twenty-fifth Street and East Highway. "Many residents fairly familiar with this section of the city do not even know there is a cemetery here," Whisnand said. It is almost a city block in size, but tall weeds, bottles, junk, etc., had hidden most of the large markers as well as all the small ones.

Most markers in the cemetery are small native stone bearing no names. Whisnand and Bill Love, chief deputy sheriff, agreed in estimating that less than 15 per cent of the graves could be identified. A few of the larger stones are clearly engraved, some having been placed there about 100 years ago. The cemetery is enclosed by a chain-link fence.

The sheriff said about three days would be required to clean the cemetery and either sod it or sow it with grass. The work began yesterday afternoon.

"The prisoners would rather be working than idle at the jail," Whisnand said, "and this kind of work is for the benefit of the public rather than for any particular group or single individual. On charity or public works, prisoners may participate on only a voluntary basis."

Kiss Attempt Causes Death Of Young Woman

LANCASTER, Pa. (AP) —An attempt to avoid being kissed by her brother-in-law cost Mrs. Dorothy Walton, 24, her life yesterday, said Police Chief Frank Horner.

He said the brother-in-law, Warren N. Sharpe, 31, of Lancaster, was walking Mrs. Walton to her home when he tried to kiss her and she darted into U.S. Route 72 and was hit by a car.

Dist. Atty. William C. Storb exonerated the motorist. Sharpe was arrested on a charge of intoxication.

Editor Dies In Amarillo Of Heart Illness

AMARILLO (AP)—T. E. Johnson, 54, editor of the Amarillo Globe-Times, died here today at 6:25 a.m.

Johnson had been in Northwest Texas Hospital for a month. Death was reported due to a heart ailment.

Johnson was a leading newspaper personality in the Panhandle area since World War I. He was an active leader in civic and American Legion affairs.

He had been editor of the Globe-Times since 1951. Johnson was widely known as a political writer and columnist.

He was born in Cooper, Tex., Sept. 24, 1899, and was raised in Hall County.

Johnson attended the Memphis Business College in Amarillo, and started his newspaper career on the Pueblo, Colo., Chieftain in 1917. The war interrupted his work there, but he returned after serving in the 104th Army Engineers in 1918.

He joined the Wichita Falls Times in 1919 and stayed until 1921.

In 1921, he moved to the Amarillo News, where he held several positions, including that of managing editor.

He became editor of the Amarillo Globe in 1937.

In December, 1937, he helped found the Amarillo Times, and was editor of that paper until it merged with the Globe in 1951.

He was also at one time co-publisher of the Moore County News, a weekly paper, and a director of the Dalhart Publishing Co.

Johnson wrote the column, "These Times" for many years.

His final column was one he "snuck out" of the hospital, urging people to vote for a proposed expressway in Amarillo.

The measure was passed with a record vote.

Johnson was a past president of the Panhandle Press Assn., and a member of the board of directors of the Canadian River Water Authority.

He is survived by his widow, Mrs. Nelle Johnson; three daughters, Mrs. J. D. Woodell, Mrs. Hapton Stennis and Miss Marianne Johnson, all of Amarillo, and one son, Tommy, a Marine at Coronado, Calif.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

THE SNYDER DAILY NEWS

VOL. 5, No. 17 — SNYDER, TEXAS, THURSDAY, MAY 20, 1954 — SECTION B

Have Variety Of Cookies To Satisfy Everyone's Tastes

Filling the cookie jar seems to be a year-round project. Cookies make the perfect snack to feed children when they come in from play, to put in lunchboxes, whether a school child's or working person's and to pass to company with afternoon coffee. Cookies also go fancy and are served at the most formal teas.

As a result, the cookie jar is often empty. Fortunately, few desserts are easier to make than the versatile cookie which requires few ingredients and takes little time or trouble.

To make cookie baking even simpler, it is possible to make different kinds of cookies with one basic cookie mix. The cookies made from carousel cookie mix, a brown sugar oatmeal cookie, go round from drop cookies, bars, chewie cookies, ice box cookies and back to drop cookies with an orange flavor.

This recipe makes 12 cups of basic mix from which the amount of cookies needed may be baked and the rest of the mix stored for future use.

CAROUSEL COOKIE MIX

4 cups sifted enriched flour
2 teaspoons baking powder
2 teaspoons soda
2 teaspoons salt
2 cups brown sugar
1½ cups hydrogenated shortening
4 cups rolled oats

Sift together flour, baking powder, soda and salt three times. Mix in brown sugar. Cut in shortening until mixture resembles fine crumbs. Add rolled oats, mixing thoroughly. Store in covered container at room temperature.

Among the many variations that may be made with this basic mix are daredevil drops.

DAREDEVIL DROPS

2 cups cookie mix
¼ cup melted butter
½ teaspoon almond flavoring
Chocolate shot

Mix together cookie mix, butter and flavoring thoroughly. For each cookie, drop a teaspoon of dough into chocolate shot. Place chocolate side up on ungreased cookie sheets. Bake in a moderate oven (375 legrees F.) 12 to 15 minutes. Makes two dozen cookies.

RIBBON BARS

2/3 cup pitted cooked prunes
2/3 cup cooked dried apricots
1/3 cup water
1/3 cup sugar
2 cups cookie mix

Cook prunes, apricots, water and sugar together in saucepan until thick, stirring frequently.

Sprinkle one cup cookie mix over the bottom of ungreased 7 x 11-inch pan. Cover with even layer of fruit mixture. Sprinkle remaining cup of cookie mix evenly over fruit layer and press down. Bake in a moderate oven (350 degrees F.) 35 to 40 minutes. Cool and cut into squares. Makes 25 bars.

CONFETTI CHEWS

2 cups cookie mix
2 tablespoons milk
1 egg
½ teaspoon vanilla
½ cup gumdrop pieces.

Mix together all ingredients thoroughly. Drop by teaspoon onto greased cookie sheets. Bake in a moderate oven (375 degrees F.) 12 to 15 minutes.

CHOCOLATE WHIRLS

2 cups cookie mix
1 ounce (1 square) unsweetened chocolate, melted
1 egg
1 teaspoon vanilla

Mix together all ingredients thoroughly. Shape dough into long rolls and wrap in waxed paper. Chill several hours. Slice one-quarter inch thick and place in greased cookie sheets. Bake in a moderate oven (350 degrees F.) 10 to 12 minutes. Makes two dozen cookies.

Refrigerator and pan-type cookies may take less time to make but the good old fashioned filled cookies are the ones that seem to taste the best.

The filling for this cookie is a sweet combination of dates and orange juice with a little of the grated orange rind added for extra goodness.

COOKIE DATES

1½ cups chopped dates
2 tablespoons water
½ cup sugar
2 tablespoons orange juice
1 tablespoon grated orange rind
1 cup shortening
1 cup brown sugar
3½ cups sifted flour
2 teaspoons baking powder
¼ teaspoon salt
½ cup water
½ teaspoon vanilla
2 cups whole wheat flakes

For the filling combine dates, the one-half cup sugar, water, orange juice and grated orange rind; cook until soft paste is formed. Cool.

Blend shortening and brown sugar thoroughly. Sift flour, baking powder and salt together and add alternately with water and flavoring to shortening mixture. Stir in whole wheat flakes. Chill. Roll dough to about ⅛ inch in thickness. Cut with floured cookie cutter; spread one round with filling and put a second round on top, pressing edges together. Bake on greased baking sheet in moderately hot oven (425 degree F.) about 12 minutes. Makes three dozen cookies.

Baked in your smallest muffin pans, black magic toffee is a take-off on the Scotch Toffee you love so well. There's voodoo magic in its dark chocolate topping. Try it and see

BLACK MAGIC TOFFEE

1/3 cup melted butter
2 cups rolled oats
½ cup brown sugar
¼ cup dark corn syrup
½ teaspoon salt
1½ teaspoons vanilla
1 six-ounce package semi-sweet chocolate pieces, melted
¼ cup chopped nutmeats

Pour melted butter over rolled oats and mix thoroughly. Add brown sugar, syrup, salt and vanilla, blending well. Drop by teaspoons into well-greased small muffin cups. Bake in very hot oven (450 degrees F.) five minutes or until a rich brown.

When thoroughly cool, loosen edges of each. Invert pan and tap on table to loosen toffee. Spread melted chocolate on top of each. Sprinkle with nutmeats, store in refrigerator.

Every cook has her favorite chocolate chip cookie recipe but here are a few suggestions for variations.

Ripple cookies are made by swirling one package melted chocolate bits through the cookie batter, giving a marbled effect.

To make snow capped cookies divide the batter in half. To one half add one-half package melted chocolate bits and drop from teaspoon on greased cookie sheet. Make a slight indentation in top of each cookie and fill with small amount of plain batter.

Add one-half cup chipped dates and one package chocolate bits to batter to make Hawaiian crisps.

A cup of shredded coconut added to the batter with the chocolate bits makes delicious chocolate chews.

Another recipe with many variations is Pecan Delights.

PECAN DELIGHTS

¼ lb. butter
1 cup sugar
4 egg yolks
1 teaspoon vanilla
1½ cups sifted flour
1½ cups flour
1 teaspoon baking powder
¾ cup pecans, finely chopped
1½ teaspoons cinnamon.

Cream butter and sugar until light and fluffy. Beat egg yolks until very thick and lemon-colored, add to first mixture. Add vanilla and mix thoroughly. Sift flour and baking powder together; add to mixture and blend well. Shape into three-quarter inch balls. Roll each ball in mixture of pecans and cinnamon. Place on greased baking sheet 3 inches apart. Bake in moderate oven (375 degrees F.) 12 to 15 minutes. Makes two dozen cookies.

Refrigerator cookies come in assorted flavors to please every taste. Chocolate and butterscotch refrigerator cookies have always been popular, but those who like the mild, distinctive flavor of honey will be pleased with crisp honey cookies. These honey crisps have nuts added for crunchiness.

HONEY CRISP COOKIES

5 cups sifted flour
3 teaspoons baking powder
¼ teaspoon soda
1 teaspoon salt
1 cup shortening
1 cup brown sugar
2 eggs, beaten
cup chopped nuts
1 cup honey

Sift together flour, baking powder, soda, and salt. Cream together shortening and sugar. Add eggs and beat well. Add honey and mix well. Add flour mixture and nuts to creamed mixture. Mix well. Form into rolls. Wrap in waxed paper and chill. When wanted, cut into slices ¼ inch thick. Bake on greased cookie sheets in moderately hot oven (400 degrees F.) 10 to 12 minutes. Makes 15 dozen cookies.

For a simple but effective decoration, melt sweet or semi-sweet chocolate and spread a little on the center of each cookie. Then top with a blanched almond half. Or, put a date slice atop a circle of confectioners' sugar icing.

Another flavoring often added to cookies is coffee and these coffee-coconut cookies have this tempting flavor in both the cookies and topping.

COFFEE-COCONUT COOKIES

½ cup butter
½ cup sugar
¾ cup cold strong coffee
¾ teaspoon vanilla
1⅛ cups sifted, flour
½ teaspoon baking powder
⅛ teaspoon baking soda
⅛ teaspoon cinnamon

Topping

¼ cup sugar
1½ tablespoons dark corn syrup
2 tablespoons strong coffee
Toasted coconut

Cream butter and sugar until light. Blend in coffee and vanilla. Sift dry ingredients together, add gradually to creamed mixture and chill. Roll out in floured board about ⅛ inch thick; cut with scalloped cookie cutter. Bake on greased cookie sheets in moderate oven, (350 degrees F.) 10 to 12 minutes. Cool. To make topping, combine sugar, corn syrup and coffee in saucepan, boil rapidly for about five minutes and cool. Brush tops of cookies with syrup. Sprinkle with toasted coconut. Makes about four dozen cookies.

Here is a cookie baked to a delicate crispness which can be shaped into dainty rolls.

GOOD LUCK ROLL-UPS

1 bar (½ cup) butter
1 cup brown sugar, firmly packed
2 eggs, well beaten
1 teaspoon grated orange rind
4 tablespoons cake flour
½ teaspoon salt
½ cup pecans, finely chopped

Cream butter, add sugar gradually, beating until light. Add well beaten eggs and orange rind. Blend well. Add flour and salt and mix thoroughly. Fold in nuts. Drop from teaspoon onto baking sheet which has been coated with butter, leaving four-inch space between each spoonful. Spread mixture as thinly as possible with back of spoon. Bake in moderate oven, 325 degrees, 10 to 12 minutes. Remove from oven and let stand one minute. Loosen cookies from pan with broad spatula. Working quickly, roll warm cookies, one at a time, around the handle of a wooden spoon. Place on rack and let cool. To keep cookies crisp, store in a container which can be covered tightly, placing cookies between layers of waxed paper.

Fasting Poet Hopes To Bring Peace To His Country, Indochina

GENEVA (AP)—Vo Son Thiet, 45-year-old Vietnamese poet, was taken to a hospital early today in the 16th day of his "death fast" for Indochina peace.

Vo agreed to removal from his tent after police threatened to take him to the hospital by force.

But he announced in a thin voice that he is determined to continue his fast wherever he is taken.

Vo retired into his flimsy canvas tent May 4 and said he was entering a "fast unto death" which he hopes would be an influence for peace in the Indochina war.

Ad Ban Called Step Toward Prohibition

WASHINGTON (AP)—A liquor industry spokesman today called a bill to impose a nationwide federal ban on interstate liquor advertising "a step to the return of national prohibition."

As opponents of the proposal took their turn before the House Commerce Committee, R. E. Joyce, vice president of the Distilled Spirits Institute, appearing as an industry spokesman, declared in prepared testimony:

"This bill should be recognized for what it really is—a clever attempt to erect a sizable obstacle in the path of orderly sale of alcoholic beverages as a step to the return of national prohibition by a minority who, if they had their way, would completely prohibit the manufacture and sale of the product."

The current hearing represents the fifth time since 1947 that Congress has considered measures to bar interstate dissemination of alcoholic beverage advertising in newspapers and magazines, and over radio and television.

Spokesmen for temperance and church groups gave the proposal their solid backing yesterday.

Joining Joyce in attacks on the bill were Clinton M. Hester, speaking for the U.S. Brewers Foundation; Arthur P. Bondurant, a vice president of the Glenmore Distilleries Co. of Louisville, appearing for the Distilled Spirits Institute and the Kentucky Distillers Assn.; and Patrick Cavanaugh of Philadelphia, vice president of the National Licensed Beverage Assn., trade organization of retail dispensers.

Hester's prepared testimony accused "professional drys" of "undermining confidence in government authority" and of trying to pressure Congress into passing "unconstitutional and discriminatory" prohibition legislation.

Bondurant's statement said distilled spirits advertising is ethical and does not influence liquor consumption, which he said is declining on a per-person basis.

Cavanaugh said in prepared remarks that the proposal not only discriminates against an industry "specifically authorized to exist by vote of our entire people," but that it also would discriminate against establishments selling both food and alcoholic beverages in favor of places serving only food.

This huge plastic balloon rises slowly with its cargo of secret instruments upon being launched near Minneapolis by the Office of Naval Research scientists. The ballon, made for the Navy by General Mills, Inc., will rise many miles for study of the upper atmosphere. Officials in charge declined to give any details for several hours after the launching. However, a source declining use of his name, indicated the balloon is similar to one that failed in 1952. When fully inflated at altitude it would have been about the height of an 18-story building.

A-Scientists Are Backing Oppenheimer

CHICAGO (AP) — The Bulletin of the Atomic Scientists lashed out today at the government's suspension of the security clearance of Dr. J. Robert Oppenheimer as "a breach of faith."

The Bulletin, sponsored by a number of scientists who pioneered development of the atomic bomb, took the unprecedented step of adding 16 pages to its May edition for a thorough discussion of the Oppenheimer case.

Nearly two score of Oppenheimer's colleagues or friends expressed faith in his integrity and loyalty.

Oppenheimer is chairman of the Bulletin's Board of Sponsors.

Oppenheimer, who guided the work of scientists contributing to the development of the A-bomb, was denied further access to classified material on the ground he associated with Communists in the early days of World War II and later opposed development of the hydrogen bomb.

The Bulletin's editorial board said in an editorial:

"It seems to us a breach of faith on the part of the government to call upon a man to assume such heavy responsibilities in full knowledge of his life history and then, after he has demonstrably done his best and given the most valuable services to the nation to use the facts to cast aspersions on his integrity. . . ."

Albert Einstein commented that "the systematic and widespread attempt to destroy mutual trust and confidence constitutes the severest possible blow against society."

Gastonia Has Real Problem With Dogs

GASTONIA, N. C. (AP)—City Manager James Carter complained that people are bringing dogs from near and far "to dump them on the edge of the city limits." He estimated Dog Catcher Bob Terrell nabs about 100 stray pooches a month in this city of 23,000.

"The city's stray dog population is growing faster than the dog catcher can catch them," the city manager said.

But worse, reported Councilman A. D. Davis, the dogs now know Terrell and run when they see him coming."

Corinne Calvet In Rome

ROME, (AP) — Corinne Calvet, French-born American movie star, arrived here by plane last night for a brief visit in Italy. She was met at the airport by her fiance, Jeff Stone.

Thanks, Folks

FOR THE WONDERFUL RECEPTION YOU GAVE OUR NEW STORE LAST WEEK

We couldn't let this week go by without a word of sincere appreciation to the folks whose attendance during our store's opening days made the event such a big success. The nice things people said about the store made us feel very proud to be able to bring to the shoppers of the community this finer food service. For those who haven't yet visited the store, we're calling attention below to some of the outstanding features designed to make shopping easier, faster, and more fun. And we've another big line-up of values this week. The address? Oh yes, it's

1507 25th Street, Snyder

It's Treasure Chest Time at Safeway

25 WONDERFUL PRIZES

Your Key May Open A Lock! **Your Key Will Fit The Locks!**

Here's all you have to do to participate:
Stop by Safeway and ask the attendant for a key. Then try your key in the lock on each of the 5 magic TREASURE CHESTS.

If it opens a lock, you receive the valuable gift inside the TREASURE CHEST.
A key that opens a lock must match the duplicate held by the Manager . . . and must be surrendered immediately upon opening one of the Treasure Chests.
NOTHING TO BUY OR COMPLETE! JUST DROP BY, ASK FOR A KEY, AND TRY YOUR KEY IN THE LOCK ON THE MAGIC TREASURE CHEST.
(Safeway personnel and members of their families are not eligible.)

TSCW BEAUTIES

These four students have been picked by a panel of stage and radio personalities as the most beautiful at Texas State College for Women, Denton. The announcement of their selection was made in the Daedalian Annual, TSCW yearbook. The four top beauties are, left to right, Marilyn Smith, El Paso, junior; Teresa Benavides, Laredo, sophomore; Martha Jane McBrierty, Ennis, senior; and Sue Hussey, Talladega, Ala., freshman.

SEGREGATION STATES

The dark area of this map includes states requiring segregation of pupils, while the shaded portion locates three states where segregation is permissive. The Supreme Court in Washington voted unanimously against segregation. The court ruled separate educational facilities are inherently unequal and do not provide privileges guaranteed under the 14th amendment.

Jewish Group Protests German's Appointment As UN Observer

UNITED NATIONS, N. Y. (AP)—Peter Pfeiffer, criticized in the United States as having a Nazi record, will not become West Germany's observer at U. N. headquarters.

A U. N. announcement last night said Pfeiffer's appointment had been withdrawn. Presumably Dr. Hans E. Riesser, present West German observer, will continue in the post.

The Jewish Labor Committee of New York and Rep. Javits (R-NY) were among those who protested after Pfeiffer's appointment was announced last February.

Pfeiffer held diplomatic posts under the Nazis in Prague, Moscow, Paris and Rome. He was classified after the war as only a nominal member of the party, who joined to hold his government job.

Republican Gives HST Credit For Tying Up Communists 3 Years

SWAMPSCOTT, Mass. (AP) — Here's one Republican who wants to give Democratic former President Harry Truman "credit for tying up the Communists for three years in Korea."

Rep. Walter Judd (R-Minn), chairman of a House Foreign Affairs subcommittee on the Far East and a onetime medical missionary in Asia, told the Massachusetts Federation of Women's Clubs convention last night:

"If the Communists hadn't gotten tied up in Korea they would have gone directly to Indochina and, by this time, they would have it. During the Korean War, the truth of communism leaked out."

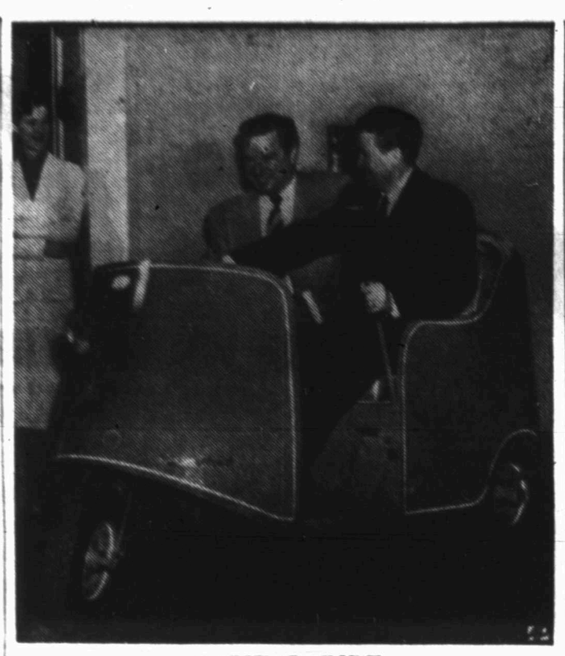

Alarm Working Well

SALAM, Mass. (AP)—Officials of the North Shore Bank and Banking Co. were showing their new quarters to a group of visiting bankers yesterday when police rushed up with riot guns and pistols.

Police said the new type burglar alarm which does not sound in the bank had gone off at police headquarters.

Bank Manager T. H. Millea Jr. explained with some embarrassment the visitors probably set it off accidentally.

However, he said he was pleased to learn the alarm worked so well.

CAPITAL RIDE

Rep. Kenneth Roberts (D-Ala), right, propels himself around the capitol in his electric automobile while recuperating from leg wounds sustained when Puerto Rican nationalists fired wildly in the House chamber, hitting five Congressmen. Riding with Roberts is a friend, E. E. Cox, secretary to Rep. Albert Rains (D-Ala). The girl at left is Betty Cooley.

Atoms Measure Power

CHICAGO (AP) — Atomic radiation is being used to measure the power potential of oil and gasoline. A new instrument developed by Dr. Robert B. Jacobs and Dr. Lloyd G. Lewis engineers for a major oil company determines the percentage of hydrogen by a process that utilizes the absorption of beta rays.

The meter does in five minutes what previously took four hours. Used mainly in the petroleum industries, it also can be used to control the processing of pharmaceuticals, chemicals, plastics, food, and in hydrogenation processes.

To use the meter, a tiny container is filled with a sample of the hydrocarbon to be tested. It then is subjected to radiation in the meter and the amount of radiation the sample absorbs is measured.

Lesson In Spelling

ASHEVILLE, N. C. (AP)—A 7-year-old first-grader here confided to his teacher that his parents were expecting a b-a-b-y.

"What is that?" he asked. Teacher told him.

"And Daddy told me," the lad exclaimed, "It was just another brat."

More Advice Is Given By Nehru

NEW DELHI, India (AP)—Prime Minister Nehru declared today an Indonesian cease-fire should be the priority business of the Geneva conference, with haggling over the war-torn country's future deferred until after the fighting is halted.

Speaking in a foreign policy debate in Parliament's lower house, the Indian Premier urged a loose union of Communist and anti-Red factions in both Korea and Indochina, with full unification to be worked out gradually.

Korea, he declared, must be united to prevent a renewal of the war there and "unity cannot be imposed by one side on the other."

He recommended that the North and South Korean governments preserve their separate functions but join in a temporary authority for the whole country. This, he said, would at least be a forum for discussion of common problems, and eventually such efforts at working together might result in a broad ground of understanding and some agreement.

Without elaborating, Nehru said the same principle could be applied in Indochina once a cease-fire was obtained there. But the primary business in Indochina, he insisted, was to stop the fighting.

Hollywood's favorite
Lustre-Creme Shampoo
Never Dries—
it Beautifies!

It never dries your hair! Lustre-Creme Shampoo is blessed with lanolin . . . foams into rich lather, even in hardest water—leaves hair so easy to manage.

It beautifies! For soft, bright, fragrantly clean hair—without special after-rinse—choose the shampoo of America's most glamorous women. Use the favorite of Hollywood movie stars — Lustre-Creme Shampoo.

C & H RACK SERVICE

Dry Petition In Bandera Is Cause Of Row

BANDERA, Tex. (AP)—An attempt to circulate a "dry" petition in Bandera stirred things up.

One citizen called for help from the Texas Rangers after a downtown fight Monday afternoon involving a Baptist preacher.

In Austin yesterday, Col. Homer Garrison Jr., head of the Department of Public Safety, said he had asked the Ranger regularly assigned to the area to investigate.

The preacher, the Rev. Joe R. Townsend, pastor of the First Baptist Church, said he had 100 signatures so far on a petition to call for an election to see whether Bandera would be wet or dry on the liquor issue.

Beer is sold in Bandera now. It's in the ranching hill country northwest of San Antonio and many dude ranches are in the area.

The Rev. Townsend said he was at a downtown cafe Monday. He said he was ordered out of the cafe and in leaving he had his glasses jerked off, his clothes ripped and had been thrown or pushed through a plate glass window.

The cafe owner, H. H. (Buddy) Richards, said he had never had a fight in his place until then.

Richards' father, George Richards, said he runs two places here, adding "I've sold beer here in Bandera for 20 years, and I have never had any fights in my places."

Sheriff A. L. Faris told a reporter the preacher was "just stirring up trouble."

Faris said he saw no reason for a Ranger to be sent here.

Youngsters Good Risks

STURGEON, Mo. (AP) — C. L. Harper, bank president, lends money to youngsters from 6 to 15 years old for their 4-H projects. He's been doing it for 12 years and hasn't had to foreclose yet.

"I've been a little leery about a few cases," he said, "but they never have let me down. In fact, I've loaned money to a few youngsters when I wouldn't have given their folks credit."
