Vol. 59 — McLean, Gray County, Texas, Thursday, March 29, 1962 — No. 13

GOLF COURSE IMPROVEMENT PLANNED HERE

Snake-Bite Kits To Be Placed At Each T-Box

The McLean Lions Golf Association board of directors has voted to improve the greens at the local course and to purchase snake-bite kits for installation at each T-box.

These and several other items of business were acted on by the board at a meeting last Thursday night in the Methodist Church basement to improve facilities at the local course.

The greens are to be improved by a gradual process of working in new sand and continual oiling of the greens in order to be ready for spring and summer play.

A new tractor and brush cutter are to be purchased to keep the fairways in proper condition, and committees also are working on the possibility of providing electrical power for the course in various areas to make available an adequate water supply.

Cold Drink Box

In the event the electricity can be supplied, the club will purchase a cold dirnk box for the convenience of players.

It was decided to purchase the snake-bite kits to be prepared in case a player is bitten while on the course.

Prices of golf T-mats for each hole are to be investigated by the board.

Board members explained that they were taking this action to give each member of the association more playing enjoyment during the coming season. The board also expressed the hope that all members will continue to keep the rules of the club in force in order that the organization may function in the future at the same low membership rate.

Amendment Adopted

The following amendment to the membership rules was adopted by the board:

A member must pay his monthly dues within a three-month period. When a member becomes delinquent for a three-month period, he is automatically placed on probation, which does not entitle him to play as other members.

If he desires to continue to play golf while dues are still unpaid, he must pay regular green fees. Green fees for adults are 75 cents and for children under 12 they are 25 cents.

All non-members are expected to pay at all times. When a member becomes delinquent, it is hoped that he will spend the next three months trying to re-instate his membership.

In the event that back dues have not been paid in full by the end of the sixth month, the member is automatically suspended from the golf club. In order to reinstate his membership then he must pay the original $25 plus monthly dues.

R. D. (Sonny) Back is president of the association's board. Other officers and members are Elmo Whaley, secretary-treasurer; Don Blair, vice president; E. J. Windom Jr., Mrs. Billie Haynes, Mrs. Mary Tom Riley, Hershel McCarty, Harvey Taylor and Don Alexander.

George Rice Dies

George D. Rice of Granite Pass, Ore., former resident of McLean, died Saturday, March 24. He is survived by his wife, three children and eight grandchildren.

McLEAN STUDENT HONORED: Joe Melvin Dwyer of McLean (third from left) was recently recognized as the top Texas Tech agronomy student scholastically in the junior class. Shown with him are Dr. Clark Harvey of the agronomy department, who made the presentations, and Kenneth Gill of Bellvue (second from left) and Jimmy Mabry of Friona, top sophomore and senior, respectively. Dwyer is the son of Mrs. John W. Dwyer, McLean, and a member of the Aggie Club, Agronomy Club and Phi Eta Sigma, freshman honor society for men. He resides in Lubbock with his wife, the former Janice Page of McLean, and 10-week-old daughter, Jana.

DRY PERIOD CONTINUING

Weather records kept in McLean explain the reason grass fires are on the increase and that frightening word "drouth," is bobbing up occasionally here.

Through Wednesday McLean had received only .89 inch of moisture all year, barely one-fourth of the amount to this date in 1961.

Almost all of the moisture which has fallen on the city since the first of the year come in January. That month saw .80 inch.

There was no measurable moisture all through February and showers on March 9 and March 20 have deposited .07 and .02, respectively.

3.41 Inches

Through March 29 in 1961 Weather Observer Pete Fulbright's records show 3.41 inches. March had a total of 3.22 inches, January .16 and February .62.

Through March, 1960, rainfall and snow totaled 4.50 inches.

Temperatures were warming up here and all across the Panhandle this week.

The thermometer reached 89 degrees in McLean Wednesday afternoon before starting to drop.

Light Bulb Sale Sponsored by Seniors

The senior class of McLean High School is sponsoring a light bulb sale as a money-raising project. This is the sale that the Lions Club has had in the past.

The bulbs are sold in packs containing two 60-watt bulbs, two 75 watt bulbs and two 100-watt bulbs for $1.53, including tax.

The bulbs are guaranteed against any manufacturing defects.

Members of the class will be conducting a house-to-house sale soon, but persons missed are asked to contact any of the seniors for the bulbs.

Mrs. Rice Returns Home From Hospital

Mrs. C. C. Rice, pioneer McLean woman, returned home Wednesday afternoon from St. Anthony's Hospital, Amarillo, where she had been undergoing treatment for a broken hip.

Mrs. Rice, who is 89, suffered the injury in a fall at at her home.

Canadian Winner In District Track Meet; McLean Places 5th

Canadian tallied 145 points to win the District 2-A track meet in Lefors Tuesday, with McLean finishing last in the field of five.

Lefors came in a close second with 131½ points; Clarendon third, 83½; Memphis fourth, 58½, and McLean fifth, 57½.

Clyde Windom and Jim Watson went to the finals of the Panhandle Relays Wednesday afternoon, where they had made good showings in the preliminaries last week.

Weather forced postponement of the finals until Wednesday.

Windom qualified for the finals in the 100-yard dash and Watson for the 220 and 440-yard dashes.

McLean tracksters also will see action Friday in the Amarillo Relays, which annually attract hundreds of participants.

Windom to Regional

Windom, by winning first in the 100-yard dash and second in broad jump in District 2-A at Lefors Tuesday, has qualified for entry in these events at the regional meet in Lubbock April 13 and 14.

McLean placings in the 2-A meet were:

440-yard relay—fourth place.

880-yard dash—3. Skip Willough by.

120-yard high hurdles—6. Don Wods.

100-yard dash—1. Clyde Windom with a time of 9.8.

440-yard dash—3. Jim Watson.

220-yard dash—4. Jim Watson.

Mile run—3. Gene Bench; 4. John Bible.

Shot put—4. Clyde Windom; 6. Jim Watson (tie with Wayne Crosier of Canadian).

Broad jump—2. Clyde Windom.

Mile relay—fourth place.

E. A. Ware Dies In Clovis Hospital

E. A. Ware of Bovina died in a hospital in Clovis, N. M., at 7:30 p. m. Tuesday, March 27, of a heart attack.

Funeral services will be held at 2:30 Friday afternoon in the Methodist Church in Bovina.

He is survived by his wife, three sons and seven grandchildren, all of Bovina, and his mother, a brother and sister who live on a ranch close to Mobeetie.

Mr. Ware was reared between McLean and Mobeetie.

Mrs. Ware is the former Geraldine Windom, formerly of McLean and the daughter of T. B. Windom and sister of E. J. Windom Sr. of McLean.

To Conduct Revival

Rev. Dan Beltz, pastor of the First Baptist Church, will conduct revival services April 1-8 at Higgins. Jerry Day, McLean High School teacher and member of the local church, will preach for services here in the pastor's absence.

PRORATION IS DUE AIRING

The Texas Railroad Commission will hold a hearing pertaining to the allowable for gas wells in the East Panhandle Field at 10 a. m. next Thursday in the Herring Hotel at Amarillo.

Every person interested in the economic welfare of Gray, Wheeler and Collingsworth Counties—where the East Panhandle Field is located—is being urged to attend the hearing.

The Railroad Commission's notice of the hearing is printed in its entirety on Page 3 of today's McLean News.

Result of Petition

Signed by Chairman W. J. Murray Jr. and Commissioner Ben Ramsey, the notice states that the hearing was called "to consider the petition of numerous parties having an interest in the East Panhandle Field . . ."

The petition asks that the commission amend its special order prorating the production of gas from the field in order to provide a "minimum allowable of 250,000 cubic feet per day for each well in said field having 160 acres attributable thereto."

Leaders of the effort to get the order changed charge that the present proration is forcing gas production to a "very low ebb."

Volunteer Firemen Answer Five Alarms

McLean volunteer firemen answered five alarms during the past week, beginning with a Friday night grass fire in Collingsworth County, apparently touched off by lightning.

First alarm for the Collingsworth fire, 15 miles southeast of McLean, was sounded at about 11:45 p. m. Friday. Firemen were called back again at 5:30 a. m. when the fire flared up again.

Saturday afternoon, a grass fire in northeast McLean was extinguished in short order.

On Monday, a stubborn asphalt blaze at the state maintenance building east of the city kept firemen busy for sometime, and Tuesday a fire between the railroad and Highway 66 west of Alanreed was battled from 11:45 a. m. to about 4 p. m.

Lefors firemen also were called to help fight the latter blaze.

While at the scene west of Alanreed, firemen received a call from near Kellerville where a grass fire was raging on the D'Spain lease.

Residents of that area were able to control the flames near Kellerville before firemen reached the scene.

TWO ELECTIONS SET NEXT WEEK

CITY, SCHOOL VOTING AHEAD FOR RESIDENTS

Two elections are ahead for McLean residents next week.

On Tuesday, they are scheduled to elect three city aldermen and the following Saturday three members of the board of education will be chosen.

The single polling place in both elections will be the city commission meeting room in city hall.

Balloting will be from 8 a. m. to 7 p. m. in both elections.

Only a sufficient number of candidates to fill the vacancies occurring this spring face voters in the city election.

The three candidates are Martin M. (Joe) Burroughs and Creed Lamb Jr., incumbents, and Jack B. Shelton.

The retiring alderman is Roy Barker, who did not file for re-election.

2-Year Terms

S. A. Cousins will be election judge.

Aldermen serve two-year terms.

Attracting far more attention is the school election, since nine candidates are in the race for the three positions to be filled.

Only one incumbent school trustee is seeking a new term. He is Faris J. Hess.

Others seeking election to three-year terms on the school board are:

Ernest Watson, Jack R. Lisman, Guy Beasley, Bob Willoughby, J. M. Hathaway, Arthur Dwyer, Ted Simmons and Orphus O. Tate.

Trustees not seeking re-election are Spencer Sitter and Dr. Joe Suderman.

Mr. and Mrs. Homer Abbott and Mrs. E. L. Price have been appointed as officials for the school election.

Services Today For Mrs. Ola F. Roberts

Funeral services for Mrs. Ola Fannie Roberts, 708 Kibler, were scheduled at 2:30 p. m. today in the McLean Assembly of God Church.

Rev. L. R. Green, pastor, officiated, and interment was in Hillcrest Cemetery under the direction of Lamb Funeral Home.

Mrs. Roberts died at about 8 a. m. Monday in Highland General Hospital, Pampa, where she was admitted the day before for treatment of pneumonia and a heart condition.

She was born on July 17, 1884, in Mineloa, and was married to J. F. Roberts on April 14, 1945. They moved to McLean from Pampa in 1959.

Mrs. Robrts is survived by her husband; two sons, Wylie McDonald, Shawnee, Okla., and Walter Bethel, Farmington, N. M.; three grandchildren and five great-grandchildren.

Father-Daughter Banquet Is Tonight

The annual McLean High School Future Homemakers of America father-daughter dinner will be held at 7 p. m. today in the school cafeteria.

Honored at the event will be the beau, Jimmy Kingston, and chapter fathers. Bob Green is chapter father of the freshman class; Clyde Magee, of the sophomores; Wayne McIlroy, juniors, and Woody Wilkerson, seniors.

A highlight of the dinner will be entertainment in the style of the "Sing Along With Mitch" television program.

Mrs. Amos Page, high school vocational home economics teacher, is FHA sponsor sponsor.

5 Others Injured

Utah Man Dies In Auto Mishap

A 49-year-old Kaysville, Utah, man was killed instantly Sunday afternoon in a one-car accident 3.6 miles west of McLean on U. S. 66.

Melvin Edward Atwood, Utah fruit and vegetable farmer, died and his wife, Vester, and four other relatives in the car were injured when Atwood lost control of his 1955 Oldsmobile.

The vehicle, traveling east, failed to negotiate a curve, ran off the roadway, struck a culvert and overturned two times before coming to rest.

Highway Patrolman R. C. Parker of McLean investigated the mishap.

Injured, in addition to Mrs. Atwood, who suffered a broken back, were the Atwoods' daughter, Mrs. Lanette Taylor, 22, her husband, Carl Gene, and their two children—Juley Ann, 10 months, and Kenneth Gene, 23 months.

All the injured were first brought to McLean for treatment and then were admitted to Groom Hospital, where they remained Wednesday afternoon.

The dead man was brought to Lamb Funeral Home in McLean and the body transported by train to Kaysville Wednesday morning for funeral services and interment.

Mr. Atwood was born in Emory County, Utah. He is survived by his wife, four sons and four daughters.

Patrolman Parker also investigated a minor traffic accident which occurred at the scene of a grass fire west of Alanreed Tuesday afternoon.

Involved in the crash were a 1957 Ford driven by A. L. Newcomb of Richmond, Calif., and a 1959 Chrysler driven by Edwin A. Dahlgren, Denver, Colo.

Parker said Newcomb's car struck the rear of the other vehicle when the latter slowed because of the smoke and fire.

Damage to the two vehicles was minor.

PREACHER IS NO STRANGER

HARDCASTLE minister, now living in Dallas, is no stranger to persons who have lived in McLean 20 years or more. He spent a total of four years as minister of the local Church of Christ in the early 1940s.

Jack Hardcastle, currently conducting "Gospel of Christ" services at the McLean Church of Christ, is having the opportunity this week to renew acquaintances.

At present, Hardcastle is serving as president of Christian Schools, Inc., a system of private elementary and high schools in Dallas. However, even though he isn't a minister of any one church now he does still do evangelistic work, such as the local meeting in progress.

Christian Schools, Inc., is non-denominational and operates under a charter from the state of Texas. It was started four years ago and now has five schools in two new buildings the organization owns and in leased buildings.

Complete System

Hardcastle said Christian Schools is working toward a complete system of schools throughout Dallas County.

The minister left McLean for the last time in 1944. He served churches in Long Beach, Calif., Jacksonville, Fla., and Lubbock before going to Dallas seven years ago.

He had never stopped in the city since leaving, but passed through on U.S. 66 a few times.

The evangelist said he has recognized the faces of many former friends since arriving in McLean early this week, and he is pleased with the progress of the church

(See PREACHER, Page 2)

'Work Day' Saturday For FBLA Members

"Work Day" is scheduled Saturday for members of the McLean High School Future Business Leaders of America.

Local business people are invited to hire the students at $5 for an eight-hour day. Money raised will go to the FBLA chapter fund to pay expenses of representatives to the national FBLA convention in Cincinnati, Ohio, in June.

Mrs. Mary Tom Riley, chapter sponsor, invited business people interested in hiring the students to contact her at school or at home.

City Band Students Win 9 Division I Ratings in Contest

Musicians from McLean High School won nine Division I ratings at the solos and ensembles contest at Amarillo College last Saturday.

This compares with only one such rating received at the same contests last year.

Band director is Jim Boyd.

The Tiger Band will go to Canyon next month for the Interscholastic League sight-reading and concert competition at West Texas State College.

Winning I ratings at Amarillo Saturday were:

Saxophone ensemble—Jim McCarty, Janice Saunders, Joan Flowers and Janelle Hall.

Flute solos—Toni Mertel and Marilyn Magee.

Clarinet solo—Joyce Beasley.

Alto clarinet solo—Sharon Sitter.

French horn solo—Linda Guill.

The Tiger Band had previously won II ratings in both sight-reading and concert at the regional band festival in Borger.

Sale Saturday

The MYF of the Methodist Church will hold a bake sale Saturday. The sale will start at 9 a. m. at McLean Hardware.

Marilyn Williams was admitted to Highland General Hospital in Pampa Sunday with pneumonia.

Mrs. Fred Ray of Greenville is visiting with Mr. and Mrs. Loyd Bybee and family.

THE QUACKER BARREL

By DUCKY

SCUSE ME . . . BUT I'M A BREATHLESS DUCK THIS WEEK . . . been to all the track meets . . . I didn't get anything . . . except a dirty look from some guy who was running . . . I've practiced all week . . . running around fast . . . so I saw lots of people . . . Joyce Haynes in a pretty brown checked suit . . . and more brown with Mrs. Harvey Taylor in a tweed suit . . . quite striking with her blonde hair . . . a busy lady around town is Alma Weaver who is most attractive in a dark print silk dress . . . I'll tell you . . . I didn't have to run much . . . the wind blew me all over town . . . where I saw LaRue Hambright in plaid lavender dress and matching sweater . . . spotted pleasant lady Mrs. George VanHuss . . . and say, doesn't little Marilyn Ballard have pretty red hair . . . while practicing my hundred yard dash . . . I ran smack dab into a pair of polka dot gloves . . . on the hands of Vera Back . . . and a pretty suit of red plaid was worn by Marjorie Fish . . . A FIFTY YARD DASH IS NOTHING . . . you should see me in the seven mile dash up to Alanreed . . . made it in seven minutes . . . dashing up and down I saw . . . Mabel Worsham in a pretty turquoise dress . . . Mrs. Frank Crisp in a turquoise dress and white sweater . . . and Lela Sherrod looking very striking in complete black and white . . . Nelda Richards in a lovely royal blue dress . . . visitors at Alanreed were Lawrence and Margie Lee of Pampa . . . Margie wore a very tailored gray dress and silver jewelry . . . I broke all records on my return trip to McLean . . . yep . . . made it in three minutes . . . with the assistance of a big black dog (he chased me all the way) . . . Billie Sue Moore has the prettiest lilac colored skirt and weskit . . . and Alberta Fry gave unusual treatment to a black suit with light pink scarf and gloves . . . very nice effect . . . and Loree King wore a stunning hat with tones of brown and orange . . . another busy club lady is Myrt McCoy wearing a striped dress of many all season colors . . . and Ada Simmons in a deep orchid plaid dress and matching jewelry . . . bet you wonder when DUCKY sees so much . . . just watch for me and you'll see me . . . Gotta go now . . . and practice running . . . the last thing I saw was Marie Brown in a deep orchid colored suit . . . guess this is the day for orchid . . . see you later

SEN. GRADY HAZLEWOOD IS CANDIDATE FOR RE-ELECTION

I think my voting record is the best index as to whether I should be re-elected. Anyone can make promises, but the written record is unchangeable.

Merit Rating Insurance Plan

"The so-called merit rating plan must be amended where it will be a safe driving plan instead of a premium collecting plan for the casualty insurance companies. Otherwise, it should be abolished. It is time to find out whether the Board of Insurance is going to operate for the benefit of the people. If we have got to have such a plan, then this premium penalty money should be given to the cities and counties where the fines are paid in. Why should a motorist who unintentionally drives 22 miles per hour in a 20 mile zone pay a $5 fine to the city and 12 times that amount to enrich the treasuries of these casualty companies when they have not been out one red penny by way of losses? This type of trivial and unintentional speeding violation costs the motorist three times the amount of tax paid by the average family under the recently enacted sales tax.

The Recently Enacted Tax Bill

"I was not priviliged to be one of the 'hand picked' members of the Free Conference Committee which wrote that last minute tax bill, and therefore, had no choice as to language and terminology used. The Comptroller has already made 39 different interpretations on this tax bill. Free conference reports cannot be amended by members not on that committee. The rest of us are compelled to accept or reject as handed us. House and Senate conferees announced agreement shortly before midnight adjournment, and the Senate, as a body, had no opportunity to study this 25,000 word, $65,000,000 tax bill. IF THE HOUSE EVER PASSES A CORRECTIVE BILL SO THAT THE SENATE CAN CONSIDER IT IN FLOOR DEBATE, I INTEND TO SEE THAT SOME COMMON, EVERYDAY, UNDERSTANDABLE LANGUAGE IS USED TO CLARIFY THIS CONGLOMERATION OF CONFUSION.

Appropriations and Spending

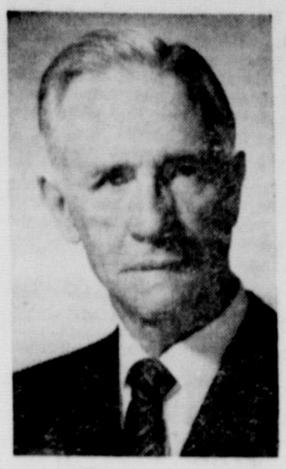

"With the rapidly growing Texas population, we have corresponding population increases in our insane asylums, schools for the deaf, schools for the mentally retarded, the penitentiary system and elsewhere. The same is true of our public schools and higher educational institutions where additional teachers and professors are a must for this rapidly increasing scholastic population, and will call for additional spending. But such frills as building a $1,500,000 parking garage for state employes and that sort of thing must be postponed until our state is on a more sound fiscal basis. I was privileged to be on the Sub and Free Conference Committees on appropriations in 1961, and my Senate sub-committee 'lopped' off $24,000,000 from the spending bill passed by the House.

"I voted against the general, all-purpose appropriation bills at two different regular sessions, 1957 and 1959, in protest of some of this 'frill' spending, and because they were definitely discriminatory to the Panhandle. During the last six years, I have voted for only one spending bill out of the four that passed.

Legislation I Have Opposed

"I believe in cooperation, but I have not been, nor will I ever be a member of any 'follow-the-leader-play-on-the-team' group to push through legislation favorable to the political careers of some of our ambitious leaders. I opposed efforts to put a 1c a gallon tax on gasoline; a 10% increase on irrigation gas; a double the tuition hike on college students, and many others. I personally assumed the lead in killing a House-passed insecticide and 2-4D spraying bill which would have compelled every farmer or other user to set up minimum observation stations, fill out blank forms as long as automobile mortgages, putting the time of day spraying was performed, the direction and speed of the wind, etc., and then sign and mail these reports to an Austin bureau. I also took the lead in defeating a House-passed bill by members from El Paso and Harlingen which put all underground water in the hands of still another Austin bureau—compelling farmers to file applications to drill irrigation wells. But the prize provision of that bill was that which compelled irrigation farmers to make proof before this Austin bureau that his underground water supply was being replenished as fast as he was using it. Only water for household and livestock use was exempt under its terms. I repeat—I intend fighting legislation like this which is adverse to the interests of the people of my district—I don't care who is pushing it."

SEN. GRADY HAZLEWOOD

SEN. GRADY HAZLEWOOD

Visiting in the Luther Petty home last weekend and helping Mr. Petty celebrate his 77th birthday on Sunday were Francis L. Petty of Midland, Mrs. Nora Loveland of Dallas, Mr. and Mrs. Calvin Pickett, Carolyn and Patsy Pickett and Vernon Kennedy of Tucumcari, N. M., and Miss Dorothy Jackson of Roswell, N. M.

Mr. and Mrs. Martin Mitchell and children of Quanah visited Mrs. Lillie Johns and other relatives here Thursday night of last week.

YOU ARE URGED TO ATTEND THE RAILROAD COMMISSION HEARING AT 10 A. M. APRIL 5 IN AMARILLO

* * * * * *

FIRST—READ THE FOLLOWING NOTICE OF HEARING

THEN—MAKE EVERY EFFORT TO ATTEND!

RAILROAD COMMISSION OF TEXAS
OIL AND GAS DIVISION

OIL AND GAS DOCKET No. 108
No. 10-47,823

IN RE: CONSERVATION AND PREVENTION OF CRUDE PETROLEUM AND NATURAL GAS IN THE EAST PANHANDLE FIELD, GRAY, WHEELER AND COLLINGSWORTH COUNTIES, TEXAS

Austin, Texas, March 16, 1962

NOTICE OF HEARING
PERTAINING TO THE MATTER OF ALLOWABLES FOR WELLS PRODUCING GAS IN THE EAST PANHANDLE FIELD
GRAY, WHEELER, AND COLLINGSWORTH COUNTIES, TEXAS

NOTICE IS GIVEN HEREBY to the public and all interested parties that the Railroad Commission of Texas will hold a hearing at 10 a. m. April 5, 1962, in the HERRING HOTEL, in AMARILLO, TEXAS, to consider the petition of numerous parties having an interest in the East Panhandle Field, Gray, Wheeler and Collingsworth Counties, Texas, as quoted:

The undersigned, all of whom are interested in the economic welfare and the prevention of the physical waste of gas in the East Panhandle Sweet Gas Field, respectfully petition the Railroad Commission of the State of Texas to amend, with or without a public hearing, its present Special Order No. 10-44,633, dated November 22, 1960, which amended Special Order No. 10-32,363, prorating the production of gas from said field, so as to provide for a minimum allowable of 250,000 cubic feet per day for each well in said field having 160 acres attributable thereto, for the following reasons:

1. A large part of said field is situated in a low pressure area, and the production of gas therein is largely a salvage operation, and under the present allowable the owners and operators are unable to produce a sufficient amount of gas to make such operation economically sound;

2. That as a result of the present allowable some of the wells have been abandoned and others will be abandoned within the near future, resulting in economic loss to all of the producers, the royalty owners, and the State and Counties, School Districts and Cities, through the loss of the values;

3. That under the present allowables the owners of large lease acreage and many gas wells can, through low nominations, reduce the allowables for the smaller operators to an extent that their continued operation will be economically unsound and impossible;

4. That the present allowables is not working toward the conservation of the gas in this field but is actually contributing to the physical waste, in that wells are being abandoned, and more will be abandoned within the near future, resulting in a permanent loss of recoverable gas;

5. That some of the operators in the field are now operating below capacity and are threatened with greater reduction of production, resulting in reduced profits and possible operating losses, which will result in physical waste in the field;

6. That many of the wells are old and producing from a type of sand that makes it necessary that they maintain a constant and steady production to avoid sanding in and caving, and, after being shut in or greatly reduced, cannot again become productive to the point that the maximum production can be obtained;

7. That under the present allowable it is economically unsound and unprofitable to drill and equip new wells in fringe areas where production is possible, which areas will never be developed unless at this time, while there are still pipe line connections and markets for the gas;

8. That the present allowable makes it economically unsound to lay new gathering systems connecting new wells with available markets, thereby jeopardizing the chances of large amounts of gas ever being produced, which will result in permanent physical waste;

9. That in event the present wells, pipe lines, gathering systems, processing plants and markets are abandoned, or greatly damaged, they will never be reestablished or recovered, because the present operation is largely one of salvage and the supply of gas in most of this area is not sufficient to justify the cost of a new development operation, resulting in the physical loss of a great amount of available gas;

10. That the 250,000 cubic feet minimum allowable for each well on 160 acres with proportionate reduction based on acreage requested therein will enable the present operators to continue operation on an economically sound basis, will not damage or drain the reserves of any owners, outside the low pressure area, and will make possible a small amount of expansion in certain areas, thus contributing to the economic stability of the East Panhandle Field, and will make possible the ultimate maximum recovery of gas therefrom, and thereby prevent physical waste.

Dated this the 26th day of January, 1962.

PURSUANT to said hearing, the Commission will enter such rules, regulations, and orders as in its judgment the evidence presented may justify.

RAILROAD COMMISSION OF TEXAS
W. J. Murray Jr., Chairman
Ben Ramsey, Commissioner

A crisis faces our communities. The present proration order is forcing gas production to a very low ebb. We urge every person that is interested in the economic welfare of Wheeler, Gray and Collingsworth Counties to be present at this hearing at 10 o'clock the morning of April 5 at the Herring Hotel in Amarillo. We need your presence at this hearing. We urge you to attend. Do your duty to your community.

Marcelee Austin To Marry Orphus Tate

Mr. and Mrs. Raymond Austin of Enochs announce the engagement and approaching marriage of their daughter, Marcelee, to Orphus Tate, son of Mr. and Mrs. O. O. Tate of McLean .

The double-ring ceremony will be preformed on May 25 at the Baptist Church in Bula.

The bride-elect is a graduate of Bula High School and Texas Tech. She is now teaching at New Deal.

The prospective bridegroom is a graduate of McLean High School, has attended Clarendon Junior College and is now attending Texas Tech.

Friends are invited to the wedding.

Mrs. Lillie Johns, Miss Sue Jones and Maurie Brown were Shamrock visitors Saturday.

Mr. and Mrs. Andy Goodwin moved to Lefors Monday. Mr. and Mrs. George Sanders of Shamrock, former residents of McLean, have bought the Goodwin home and will move here.

Eddie Grigsby of Amarillo visited his mother, Mrs. Versie Grigsby, Sunday.

Keith Goodman of Texas Tech in Lubbock is visiting his parents, Mr. and Mrs. C. O. Goodman, during spring vacation this week.

Mrs. Bonita Hudson of Pampa visited Mr. and Mrs. Bryan Burrows last week.

Mrs. Jess Roberts Hosts Quilting Club

Mrs. Jess Roberts was hostess to the Busy Bee Quilting Club when it met last Thursday for a day of quilting and pot-luck dinner at noon.

Present were Mrs. Aubrey Barton of Pampa, the former Fayttie Belle Copeland, and Mrs. Buster Swift, guests; and Mesdames Ola Hendorson, Irene Ledbetter, Joe Willis, Ross Collie, Luther Petty, John Biggers, Leon Waldrop, Earl Brooks, Edgar Smith, Raymond Smith, Hershel Smith and the hostess.

Two quilts were completed.

BIRTHDAYS

April 1—Richard Lee Everett, Shannon Barker, J. R. Glas.

April 2—Milton Carpenter, William Banks Davis, Ronnie Giesler, Kenneth Don Ferguson.

April 3—Charles Williams.

April 4—Anna Mae Hill.

April 5—Mrs. Bob James, Kirk Webb, Troy Smith, Joe Don Evans, Noah Cunningham.

April 6—Mrs. Mary E. Harlan, Mrs. Jack Bailey, Mrs. Doris Jean Dorsey.

April 7—Marlinda Kim Howard, John Kalka, John Charles Williams.

Peggy Sharp of Texas Tech in Lubbock is visiting her parents, Mr. and Mrs. Arnold Sharp, this week.

New Arrivals

Mr. and Mrs. Loyd Bybee announce the birth of a boy, Michael Ray, born on March 19 in Shamrock Hospital. The baby weighed 8 lbs.

Grandmothers are Mrs. Pearl Bybee of McLean and Mrs. Fred Ray of Greenville.

Mr. and Mrs. Forrest Switzer and John visited Saturday evening with their daughter and sister, Laura, at Plainview.

Mr. and Mrs. E. H. Kramer of Oklahoma City and Mr. and Mrs. Peb Everett visited Mr. and Mrs. Josh Chilton Sunday.

District Manager

Mrs. Betty West of Groom visited Mrs. J. P. Alexander Sunday.

After scoring zero in one of the frequent disputes with her teenage daughter, a mother set out for a P-TA meeting feeling decidedly depressed.

"I wish you'd tell me," she said to the mother of another 15-year-old, "whether you can still talk to your daughter."

"I can," said the other, "but not civilly!"

If you can no longer speak civilly to your family because the family car is giving you trouble, why not bring it to us? We'll check it over—make adjustments, rotate or repair tires, etc.—and recommend an expert mechanic if you need one. Fill up today with that good Chevron gas!

Bunch Gets Stipend To Attend Institute

Harold E. Bunch, former principal and math teacher at McLean High School, has been awarded a National Science Foundation stipend to attend a summer institute in mathematics for college teachers at the University of Illinois.

Bunch, a member of the Stephen F. Austin State College faculty the past two years, will be off the campus during the summer to participate in the institute from June 18 to Sept. 8.

He will be accompanied to Illinois by his wife and three children.

Mr. and Mrs. Gene Switzer and Mr. and Mrs. Ray Switzer of Leedy, Okla., visited Friday with their cousin, Forrest Switzer, and family.

Mr. and Mrs. Billy Clay and Kim and Karen of Abilene visited Mr. and Mrs. Earl Eustace over the weekend.

Cancer Crusade Will Be Held in April

April has been designated as "Cancer Control Month" by President Kennedy, and a campaign will be conducted to raise funds in McLean.

Mrs. Guy Beasley, chairman of the local drive, has appointed 10 women to assist her, and they in turn will ask others to help them.

The appointees are Mrs. Hickman Brown, Mrs Clyde Magee, Mrs. Bob Ayres, Mrs. E. J. Windom Jr., Mrs. Claude Powell, Mrs. S. A. Cousins, Mrs. James Barker, Mrs. R. D. Back, Mrs. Finis Dalton and Mrs. J. B. Roach.

Mr. and Mrs. David Wilson of Lubbock visited Mr. and Mrs. Homer Wilson this week.

Visiting with Mrs. R. N. Ashby over the weekend were Mr. and Mrs. Carl Ashby of Fort Smith, Ark., Robert Ashby and family of Chicago, Ill., and Mr. and Mrs. Paul Ashby of Amarillo.

Mrs. Bob Black returned home Monday after visiting for two weeks with her mother, Mrs. H. R. Webb of Deport. Mrs. Webb underwent eye surgery recently.

BE PROTECTED AGAINST
HAIL

AN IMPORTANT MESSAGE TO THE FARMER FOR 1962

The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84c of each premium dollar over the last 3 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any token dividend or deviation.

TEN REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

1. All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
2. All liability is mapped and limited by section and township.
3. Approximately FOUR AND ONE-HALF MILLION dollars paid to West Texas farmers for losses the last five years.
4. A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT."
5. Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
6. The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
7. We do offer the FB-10 and FB-5 cotton coverage (with replant) at reduced rates for late cotton.
8. The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tascosa and beardless wheat, only 48 hour waiting period instead of 120 and a premium saving in most counties.
9. Free cancellation on crop failures (See Dates) . . . arbitration clause.
10. Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE."

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know which policy fits your West Texas farming conditions the best.

personal extension phones

RELIEVE THE PRESSURE OF ONE-PHONE HOMES

They bring step-saving convenience, more personal freedom and pleasure to your telephone talk. Often let you do two things at once by taking calls in the room where you are. Economical, too. You can have three extension phones in your home—in the living, sleeping and working areas—for just pennies a day!

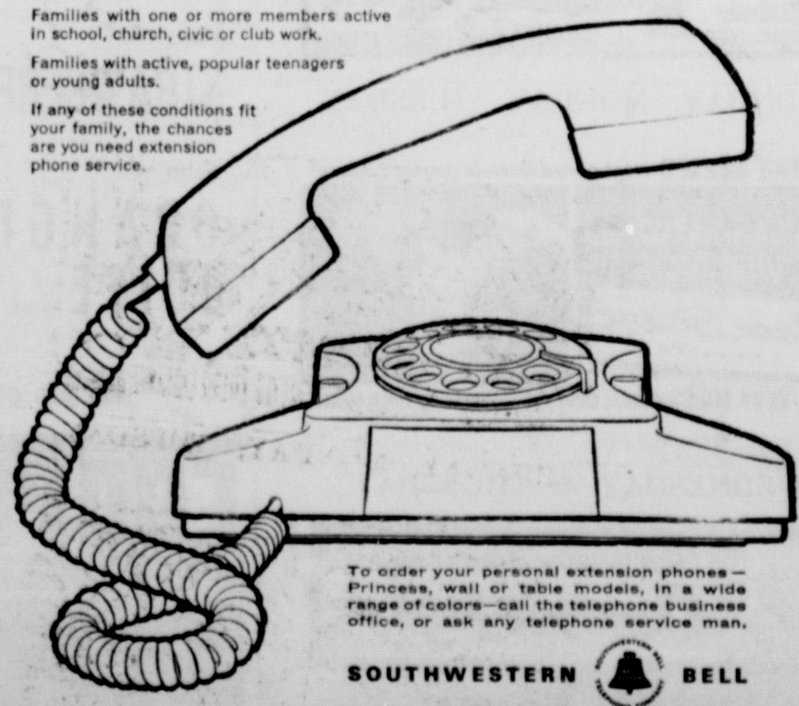

Who needs extension phone service most?

Families that make or receive five or more calls a day.

Families with one or more members active in school, church, civic or club work.

Families with active, popular teenagers or young adults.

If any of these conditions fit your family, the chances are you need extension phone service.

To order your personal extension phones—Princess, wall or table models, in a wide range of colors—call the telephone business office, or ask any telephone service man.

NEWS from your County Agricultural Agent

Texas A & M. College Extension Service

By FOSTER WHALEY

WEATHER

Brown wheat mites, a dry weather insect, are playing havoc with the wheat up on the High Plains.

Some spraying with parathion has been done. However, most farmers have a wait-and-see attitude on just what to do. They have until May 1 to decide whether to sell Uncle Sam 10 per cent of their 1961 allotment or the full 40 per cent, if they elect to place an additional 30 per cent in the program.

They are hesitant to spray the 60 per cent which they will attempt to harvest or the full 90 per cent of their 1961 allotment. A good rain would encourage many of them to take their chances on making a fifth crop in a row that has averaged over the county well over 22 bushels.

If the drouth continues, no doubt many will plow back to gain the maximum payment. As it is, there are too many decisions to make at one time.

On one side, the farmer is weighing green bugs, brown wheat mites, cost of spraying and harvesting operations and drouth against another potentially good crop.

A slow four-inch rain in the next 30 days and a good spray program could yield us another bumper crop.

FINAL SIGNUP DATE

March 30 is the last day you can sign up under the 1962 feed grain program. If you have not signed up and intend to, you had better scamper off to the ASC office in Pampa and get this done.

HEEL FLIES

I've never seen heel flies as bad as they have been this year. I've heard several beef cattlemen say they hoped the next thing the Southwestern Animal Health Research Foundation did is to start a program to eradicate this very costly pest.

LET'S TALK POLITICS

Lester A. Jones
Democratic
Candidate
State
Representative
87th District

INSURANCE

I am a Democratic candidate for State Representative from the 87th District. This is the fourth in my series of newspaper columns and radio speeches.

The basic function of the State Board of Insurance is to see that policy holders are fully protected. We are all familiar with Hurricane Carla and the disaster caused to the residents in this hurricane's path. Many of those citizens were deprived of their policy rights by the adjuster ruling that damage was caused by wave and not wind. Our State Board of Insurance has ignored these people in their demand for just treatment.

The inequities of the Merit Rating System or so-called Safe-Driving Law are so numerous and well known by all of us as individuals that further discussion of this point would be repetitious. Therefore, I will point out some of our Constitution which the State Board of Insurance ignored in forcing this law upon us. Sec. 1, Article II, provides for three departments of government — the Legislative, the Executive, and the Judicial—and further provides that no person, or collection of persons, being of one of these departments, shall exercise any power properly attached to the other. The State Board of Insurance in imposing the Merit Rating System, invaded the rights of the Legislative. The State Board of Insurance in attaching a penalty or excess cost invaded the rights of the Judicial.

There are two other constitutional provisions which were violated by the State Board of Insurance pertaining to the Merit Rating System, but space prohibits discussing them here. I strongly recommend that you listen to my radio address, Friday morning. The principles involved in allowing the Merit Rating System to become active are fully covered in this radio talk.

We are all concerned with Highway Safety, but applying this law as a Safe-Driver law is a farce. Highway Safety should remain in the Highway Department, Department of Public Safety, Local Police Officers and our duly constituted courts of law.

A detailed discussion will be made on radio, Friday of this week.
