Claude Cox Family Boasts Graduations By Threes

Graduation became a family affair for a Hart family this year. Three members of the Claude Cox family earned the title of graduate.

The Mother and Sons story began May 6 when Irene Cox received her bachelor of science degree from West Texas State University. Steve, 18, received his high school diploma from Hart High School Thursday evening and Larry, 14, was a member of the junior high

graduating class Friday night. Mrs. Cox was named Best Student Teacher of the Year this year by field representatives from West Texas State. Since receiving her degree, she is qualified to teach English, social studies and speech.

A member of the Texas State Historical Association and a professional writer, she plans to continue study for a masters and doctorate in English. She will extend her teaching fields

to include mathematics and physics.

President of his senior class, Steve plans to enroll in his mother's alma Mater this fall but has not chosen his major field.

Steve was selected most valuable basketball player and was named to the All District basketball team. He was a candidate for Most Handsome.

Larry participated in junior high athletics, including basketball, football and track. He plans to continue his interest in sports this fall and is pre-registered for algebra, English, vocational agriculture, typing, world history and physical science.

Class historian, Larry was Student Council representative this year.

Memorial Day Rites Conducted

Memorial Day services were held Monday morning in Hart Cemetery with members of the American Legion and Cub Scouts participating in the program.

Buglers were Kelly King and Jackie Davis.

Participating were Legionnaires Bud Steiert, Percy Hart, W. A. Hawkins Jr., R. A. Futrell and Ed Bennett. J. V. Wescott, Webelos leader, and Mrs. Leonard Griswold, den coach and den mother, were joined by Leslie Reed, Scott Jones, Clay Barnes, Matt King, Bill Warren and Jay Wescott. Den chiefs Bart Bruington and Johnny Newsom also took part. Approximately 60 attended.

1972 Graduates Receive Awards

Outstanding graduates were recipients of numerous awards at graduation exercises Thursday evening.

The American Legion

awards, presented by Elmer Six in the absence of Bud Steiert, were given to Amelia Castillo and Keith Lemons.

Cindy Dyer and David Haw-

kins were recipients of the "I Dare You" awards. Miss Dyer also received a certificate from the Texas Council of Church Related Schools and the West Texas Chamber of Commerce.

Voters To Choose Between Run-Off Candidates June 3

Voters will make a second trip to the polls Saturday in an effort to name the Democratic candidate for governor. Locally, a commissioner of precinct one is to be named.

Dean Sanders and Ed Bennett are seeking the commissioner's post. Frances "Sissy" Farenthold and Dolph Briscoe are competing for the Democratic bid for the State's top office.

In yet another run-off race, Barefoot Sanders and Ralph Yarborough are challenging each other for the Senate spot.

Voters in the June 3 runoff elections were warned Tuesday by Secretary of State Bob Bullock to "stay in the party primary where they voted on May 6."

"Judging from reports several county clerks are receiving, it looks like many Republicans are being tempted to switch over and vote in the Democratic runoff on June 3," Bullock said.

"Every voter needs to know that if they voted in the Republican primary on May 6, they cannot vote in the Democratic runoff. And if they voted Democratic the first time, they cannot switch and vote Republican on June 3.

"We want the public to know that this action violates Article 240 of the Texas Election Code and is punishable by a fine of from \$100 to \$500.

"We know that this type of voting has taken place in the past. A survey by State Senator Oscar Mauzy in 1968 showed that there were some 1,300 crossover voters in his district alone.

"Certainly, any crossover voting would distort the true strength of a candidate in the other party. I think the low-key campaign by the Republicans lends itself to making a Republican want to switch over, if only for excitement's sake.

"We hope that public awareness will discourage this type of voting. If we find that it still takes place, we will have no alternative but to pass this information, along to the proper

prosecuting authorities," Bullock said.

"We want election officials to know that there is a law behind them and they should not permit this practice. This will be the only way we can preserve the integrity of the Texas election process."

Bullock said he wanted the voter to know that it is also against the law for a voter to cast a ballot in two different precincts, even within the same party.

"We know that there were instances of this reported during the May 6 primary. Like crossover voting, this dual voting practice is against the law and simply cannot be tolerated.

"I want the local election officials to bear down and make sure this doesn't happen in the runoff," Bullock said.

Rev. Taylor Appointed To Church In Darrouzett

The Rev. Thomas H. Taylor, pastor of the United Methodist Church the past two years, is moving to Darrouzett. The Rev. Ray Forbes of Cotton Center has been appointed to the local church. Appointments were read at the Tuesday evening session of the Annual Northwest Texas Conference meeting in Lubbock.

A native of Roscoe, Rev. Taylor came to Hart from Cotton Center. He and his wife, Irene, are the parents of five children. James, the youngest, is a 1972 graduate of Hart High School.

Rev. Taylor attended Howard County Junior College, South Plains College, Southern Methodist University and Perkins School of Theology.

A veteran of World War II, he served three and a half years in the U. S. Air Force and flew 54 missions in the South Pacific.

Valedictorian David Bass received a scholarship from Texas Council of Church Related Schools and the Perry Foundation \$250 scholarship for the highest average in science. He also received a year's subscription to the Reader's Digest. Presentation of the Perry Foundation scholarship was by Mrs. Max Marble.

Mrs. Bob Lacy made the Beta Sigma Phi scholarship presentation. Donors of the scholarship, Chi Psi and Xi Mu Iota Chapters, selected Roy Coronado as the recipient of the \$200 scholarship.

Cathie Warren was presented the \$200 Zealot Club scholarship. It was presented by Mrs. Helen Mitchell.

J. V. Wescott, CTA president, presented a scholarship of \$100 to Roy Coronado. The CTA scholarship is given annually to a student planning to enter the field of education.

Lisa Lacy received the \$200 Parent-Teacher Association scholarship. It was presented by Mrs. Marble.

Rev. Taylor has contributed to the Moments of Meditation column in the Hart Beat during his pastorate here.

REV. THOMAS H. TAYLOR

'Heroin Hotline' Founded To Help Stop Pushers

Announcement was made April 7 by President Nixon of the establishment of the "Heroin Hotline," a nationwide, toll-free telephone number to provide American citizens with a quick and convenient way to report information on heroin pushers.

"Heroin Hotline" is (800) 368-5363. Telephones are manned at the Washington D. C. center around the clock, seven days a week. Trained operators

on duty are under the supervision of experienced Federal agents.

Callers need not identify themselves and rights of all callers will be fully protected.

Myles J. Ambrose, Special Assistant Attorney General, states "We believe this national 'turn in a pusher' program has tremendous potential. We need your help in our crackdown against heroin trafficking now underway across the country."

Savings Bonds Purchases Cited By Castro Chairman

During April there were new purchases of Series E and H United States Savings Bonds amounting to \$2,968, according to Judge R. E. Wilson, Chairman of the Castro County Savings Bonds Committee. Sales for the first four months of 1972 totaled \$13,169 -- 22 per cent of the 1972 goal of \$60,000.

Texas sales during the month were \$17,331,291 -- while

year-to-date purchases totaled \$74,258,429 for 37 percent of the 1972 goal of \$202.3 million.

National sales of E and H Savings Bonds amounting to \$502 million were reported for April -- 8.4 per cent above 1971 sales of \$463 million. Sales for the four-month period totaled \$2,142 million -- 40 per cent of the National goal of \$5.3 Billion.

Any erroneous reflection upon the character, firm or corporation which may appear in the columns of The Hart Beat will be gladly corrected upon being brought to the attention of the publisher.

Sue Cannon.....Manager
Alva Henderson...News Editor
and Adv. Mgr.

Mr. and Mrs. Jim Dalton and Terry Myers visited relatives Friday in Pittsburg and Minneola and then went on to Cooper to visit other relatives.

Mrs. Jewel Kennady spent the weekend in Plainview with her daughter. Mrs. Ellen Cox visited Saturday night with her son. Mr. and Mrs. Miles Cox.

"We cannot always win. Sometimes we must fail. We must take our share of losses, our portion of defeats. The big thing is to be a good loser, not to whine when we are licked. Even though it hurts, we should smile. We should remember that one lesson is not all there is to school, or that one game is not all there is to the season. We must cultivate patience for the next chance. In the defeat of today we can learn the path by which we can win through tomorrow."

White men cannot vote in
Liberia.

Tump and Bertie McLain

Perrin stated that the local association makes and services loans in Castro county and at the present time has 539 loans outstanding for approximately \$16,000,000 dollars.

A broken or weakened step could result in a bad fall. Be sure to check the front and rear steps and landings as part of your spring fix-up campaign.

Oskar Davidson's restaurant in Copenhagen has what is probably the world's longest menu. It lists 177 separate dishes and is one yard 9½ inches in length!

ENTERPRISE STUDIO

OLTON, TEXAS

'Texas' Preparations Begin For Seventh Season Opener

Sunday afternoon, May 28, saw the beginning of preparation for the new "Texas" company. About 150 people gathered at the Branding Iron Theatre in the Fine Arts Building on the campus of West Texas State University in Canyon, to become acquainted in preparation for the season. Eighty from the cast are singers, actors, dancers, riders. Ten are technicians: stage managers, stage hands, light and sound control people. Another sixty man the front of the house working to greet the people, serve barbecue, control the parking, clean the theatre, take tickets and act as ushers, and to work in the concession building.

At the gathering Sunday afternoon, the directors discussed their plans and hopes for the summer with the new company members. Members of

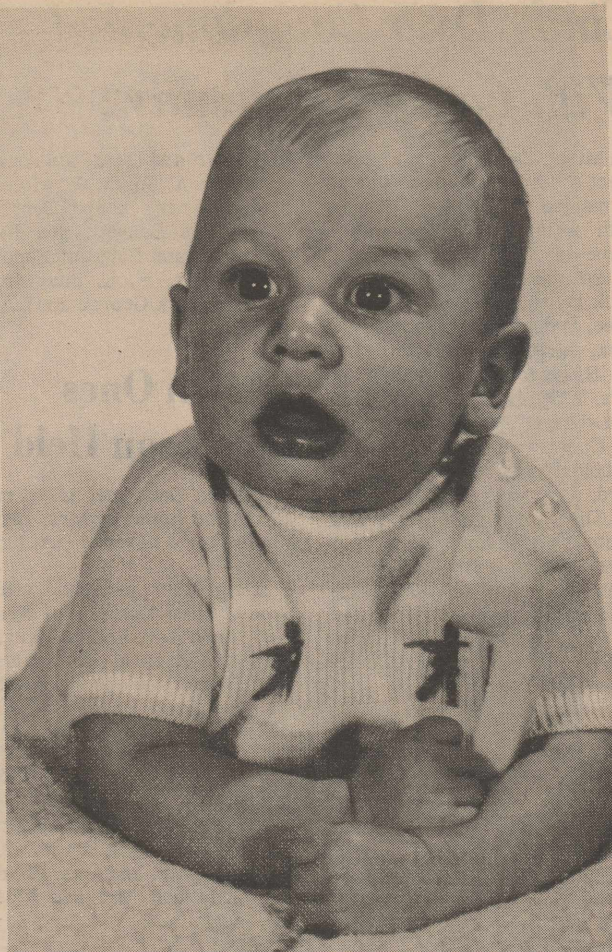

the staff were introduced and Raymond Raillard, the executive vice president who manages the show, and Margaret Harper who is in charge of the publicity, explained the staff work needed before the opening of the show.

The cast and company comes from homes in 24 cities. They bring training to the show from 38 universities, located on both coasts and in many localities in between.

One dancer has just returned from Edinburgh University.

After almost four weeks of intensive rehearsal, "Texas" will open its seventh season of gait and valor in the Pioneer Amphitheatre in the Palo Duro Canyon State Park Thursday, June 22, at 8:30 p. m., CDST.

For information and tickets write Box 268, Canyon, Texas 79015 or call 806-655-2182.

HART BEAT PRESENTS - Ryan Scott Heller, son of Mr. and Mrs. Gary Heller of San Angelo. Maternal grandparents are Mr. and Mrs. Dorit Smiley of Dimmitt. Mr. and Mrs. Everette Heller are paternal grandparents. Mr. and Mrs. H. A. Stelplugh of Meadville, Mo. are great-grandparents.

Tower Introduces Proposal To Protect Cotton Growers

U.S. Senator John Tower has introduced legislation in Washington to protect cotton growers against complete or partial crop losses which occur through no fault of their own.

The proposal would amend the Agricultural Adjustment Act to allow victims of crop loss to use the average per acre yield of other farms in the county for that crop year in figuring participation levels in the USDA's cotton program during the three succeeding years.

Tower said his proposal should prove to be of valuable assistance to cotton producers both in Texas and throughout the country.

"The struggle of today's farmer is very difficult indeed," Tower said. "Farm operations are expensive and the profit margins are small."

Tower said his new proposal would provide protection of the established yield of cotton on farms "when the crop is destroyed by means other than natural or intended causes, beyond the control of the producer."

"Passage of this bill will provide the needed protection of yields from accidental causes," Tower said. He pointed out that loss by natural causes is protected in present regulations.

LORE AND ORDER

Catalog house employees of the 1920s learned to expect the unexpected. It was incidents like the one involving R.D. Argerbright of Great Falls, Montana, that made it so.

One morning at 8:30 a resident of St. Paul, Minnesota, telephoned Montgomery Ward's mail order house in that city and said he had received a wireless message from Argerbright. The message asked anyone in St. Paul who heard him to contact Wards and have some merchandise shipped to him in Montana.

The message contained complete details regarding catalog numbers, sizes and prices. Before 9:30 a.m., the order was on its way to Argerbright.

Chicken Macaroni Salad — A Thrifty Choice

Chicken Macaroni Salad

- 1 (8-ounce) package elbow macaroni
- 1 to 1 1/2 cups Hellmann's/Best Foods real mayonnaise
- 1 1/2 cups cubed cooked chicken
- 1/3 cup chopped celery
- 1 to 2 tablespoons chopped onion
- 1 1/2 teaspoons salt
- 1/4 teaspoon pepper

Cook macaroni according to package directions. Drain; rinse with cold water and drain again. Stir in real mayonnaise; chill. Add chicken, celery, onion, salt and pepper. Chill before serving. Makes about 5 cups or 6 servings. Vary by adding 1/4 cup shredded carrots, 1/4 cup chopped green pepper, 1/2 cup cauliflowerets or 1 chopped apple.

HART OIL

Cindy Dyer Complimented With Courtesy Tuesday

Miss Cindy Dyer, bride-elect of Lonnie Davis, was complimented Tuesday afternoon with a bridal courtesy in the home of Mrs. Max Stephens.

Special guests were Mrs. Jack Dyer, mother of the honoree, and her grandmothers and aunt, Mrs. Judd Davis, Mrs. W. B. Dyer of Hale Center and Mrs. W. C. Hoffman and Debbie of Lubbock.

Guests were registered by Debbie Hardy and Kathy Crawford.

The party table, laid with white lace over yellow, was centered with a floral arrangement in yellow and white. Appointments were crystal and silver. Mrs. L. D. Williams and Dee Clevenger served pineapple punch and cake.

Hostesses presented the honoree with cookware, canister set, roaster and iron.

Assisting with hostess duties were Mmes. Cleve McLain, Bob Berry, L. L. Swindle, Ronnie Farris, Hubert McLain, Ricky Farris, Edd Bennett, Perry Barham, A. D. Crawford and Kathy, Lloyd Farris, Darrell Lacy and Lisa, Deryl

IN PLAINVIEW

Sharon Brooks and nieces Cindy, Sheila and Ronda Brooks spent Monday night in Plainview visiting Neoma Brooks.

PLACES THIRD

Gary Six placed third in the Missouri Valley Conference held in Memphis, Tenn. He jumped 6'8".

SUMMER SCHOOL

Seniors who will be going to summer college will be Lesa Lacy, Debbie Hardy and Keith Lemons at West Texas State University and David Bass to Texas Tech. Kathy Crawford is enrolled in Beauty School in Plainview.

Clevenger and Dee, Paul Armstrong, F. A. Smith, Glyn Reed, Terry Hardy and Debbie, George Ed Bennett, Joe Edd Carson, Frank Bowman, Harold Bob Bennett, F. L. Bass Jr., Bill Hill, Jack George and L. D. Williams.

Golden Ones Luncheon Held

Golden Ones met last Friday in the home of Mrs. Lena Maples for a covered dish luncheon.

Members present were Mmes. Ellen Cox, Jewel Kennady, Nora Ray, Lucille Myers, Nora Lee Zybura, Zella Rice, Myrt Loman and special guests Mr. and Mrs. Hubert McLain and Karen Myers.

IN TULIA

Mr. and Mrs. R. G. Henderson visited in Tulia Sunday with her aunts, Mr. and Mrs. Charlie Hardy and Mr. and Mrs. Joe Vaughn.

FROM QUAIL

Mr. and Mrs. David Knox and Cindy of Quail visited part of last week with her parents, Mr. and Mrs. R. G. Henderson and Nelda. Nelda returned home with them for a few days visit.

RETURN HOME

Mr. and Mrs. Larry Griffin of Dallas have returned home after visiting her parents for the past week.

FROM CALIFORNIA

Mr. and Mrs. Tom McDonald of Plainview and their daughter, Mr. and Mrs. Butch Vaughn and children of Paramount, Calif. visited last week in the home of Mr. and Mrs. Ernest Martin.

MRS. LUCILLE MYERS

Cook Of The Week

Cooking is a hobby with our Cook of the Week, Mrs. Lucille Myers. She shares recipes for a luscious pie, French dressing and sour pickles.

Lucille has lived in Hart 19 years. She is the mother of a son and daughter, both married and both residents of Hart. Aubrey Myers and Nelda Jean Featherston.

She is the proud grandmother of six.

Lucille is a member of the Church of Christ, Good Neighbors Club and Golden Ones. In addition to cooking, Lucille also likes to sew.

PINK LEMONADE PIE

1 can (6 oz.) pink lemonade
1 can Eagle Brand milk

Piano Students Give Recital

Piano students of Mrs. Dewey Hukill were presented in recital Tuesday, May 23 in the United Methodist Church.

Performing were Melissa Snitker, Diane Davis, Clay Barnes, Tamra Bowden, Sheila Brooks, Cindy Brooks, La Glenda Wilson, Dana Craig, Lori Barnes, Lana Tucker, Lesa Higgins, Vic Hart, Laurey Franks, Janet Black, Marci Wescott, Stacey Averitt, Teresa Kittrell, Tammy Hill and Reatha Aven.

Mrs. Ellen Cox Feted Sunday

Mrs. Ellen Cox was honored Sunday with a dinner observing her 90th birthday. The occasion was also in honor of the honoree's grandson and great-grandsons, Claude and Steve Cox, who share their grandmother's birthday.

Attending were Mrs. Claude Cox, Roni, Mike and Larry, Mr. and Mrs. Bob Bowden and girls and Mr. and Mrs. Hubert Newman. Callers that afternoon were Mr. and Mrs. Tump McLain and Mr. and Mrs. Willis Hawkins Sr.

GA's Present Play Wednesday

Mrs. Curtis Snitker met with GA's Wednesday after school in the Fellowship Hall of the First Baptist Church.

Doniece Clark gave the opening prayer and Lori Barnes led in group singing accompanied at the piano by Lana Tucker.

Rev. C. T. Cunningham, special guest, was introduced by Doniece Clark.

Stacey Averitt and Lana presented the play "Margarito Liu." Melissa Snitker read the prayer calendar and Janet Black gave the dismissal prayer.

Refreshments were served by Doniece Clark.

HIGHEST AVERAGE

Steven Hanes, son of Mr. and Mrs. C. C. Hanes, was named the Junior Judging Team member with the Highest Placing Average during a recent chapel service at Lubbock Christian College.

FROM LUBBOCK

Rev. Lyman Wood of Lubbock, former pastor of Hart Methodist Church, visited with Mr. and Mrs. E. E. Foster Saturday afternoon.

TEACHERS RESIGN

Resignations have been accepted for four teachers. Mr. and Mrs. Barry Hughey will be teaching in Whiteface. Vance Bradford will be going to Plainview and George Carroll is moving to Lubbock.

MRS. RALPH BRUCE JEPPESON

Mr. Jeppson-Miss Armstrong Pledge Double Ring Vows

Wedding vows were solemnized Saturday in the First United Methodist Church for Miss Brenda Marian Armstrong and Ralph Bruce Jeppson.

The Rev. Lyman P. Wood of Lubbock officiated the double ring ceremony before an altar decorated with greenery and white carnations with accents of white ribbon. Spiral candelabras completed the setting.

Parents of the bride are Mr. and Mrs. Paul W. Armstrong Jr. Mr. and Mrs. Joseph H. Jeppson of Pocatello, Id. are parents of the bridegroom.

Mrs. David Willis of Red River, N. M. presented nuptial selections and accompanied Robert L. Hawkins, soloist.

Presented in marriage by her father, the bride wore a traditional gown of white alencon lace and silk peau de soie. Fashioned with all-over lace

applique, the bodice featured a wedding band neckline of lace petals and long candlestick sleeves with button-and-loop closure. The skirting of pure silk softly shirred at the back was scattered throughout with appliques of lace and a wide border of lace encircled the hemline and chapel length train.

A matching alencon lace capulet of scalloped lace tipped in tiny hand-rolled organza rosebuds held her bouffant veiling. She carried a cascade of feathered carnations centered with a white orchid atop a white Bible.

The bride wore a blue garter and carried a penny in her shoe which were worn and carried by her mother at her wedding. Her only jewelry was a wedding band worn on a gold chain which had belonged to her deceased grandmother.

Carol Armstrong was her sister's maid of honor. Cindy Dyer was bridesmaid and Mrs. Jerry Breneman of Pocatello, Id., sister of the bridegroom, was bridesmatron.

They wore gowns of mint green and white dotted polyorganza styled with Victorian bodices yoked in Guipure lace

braid. Small self-fabric buttons accented the yokes and lace accented the high necklines and cuffs of the long shirtwaist sleeves.

Leigh Armstrong of Lubbock, cousin of the bride, was flower girl. She wore a gown fashioned of identical silhouette.

Feminine attendants wore matching mint green organza garlands in their hair and carried nosegays of white feathered carnations edged in mint green.

Richard Jeppson of Pocatello, brother of the groom, was best man. Groomsmen were Mike and David Armstrong, brothers of the bride. They also lighted candles and assisted Jerry Breneman of Pocatello, Id., brother-in-law of the groom, in seating guests.

A reception was held in fellowship hall. The bride's table was laid with a lace edged white cloth. Traditional three-tiered wedding cake and punch were served from crystal and silver appointments.

Members of the houseparty were Mmes. Glyn Reed, Jack Dyer, Ed Bennett and Theron Morrison, all of Hart; Mrs. Al Little of Dallas; Miss Launa Bullock of Tye; Miss Beth Rayburn of Roscoe; Miss Carol Tucker of Booker; Mrs. Neil Baldrige of Lubbock and Mrs. Richard Jeppson of Pocatello, Id.

After a wedding trip to Red River, N. M., the couple will be at home at 5241 Alamo, Apartment 217, Abilene.

The bride is a graduate of Hart High School and attended McMurry College.

Jeppson graduated from Pocatello High School and attended Idaho State University. He is stationed at Dyess Air Force Base, Abilene.

Out of town guests included Mr. and Mrs. R. B. Bistline of Pocatello, Id.; F. E. Kelley, Mr. and Mrs. Clinton Kelley, Sherry and Jimmy, all of Fort Worth; Mr. and Mrs. Al Little of Dallas; Miss Elma Miller, Mr. and Mrs. Carl Miller, Mr. and Mrs. J. Murl McCasland, all of Amarillo; Miss Kaye McCasland of Happy; Miss Lee Evers of Abilene; Rev. Bullock of Tye; Mr. and

Mrs. Ray Diekemper, Mr. and Mrs. P. W. Armstrong, Mr. and Mrs. W. D. Armstrong and Leigh, Mr. and Mrs. Gene Johnson, Julie and Gene Ann, and Mr. and Mrs. Neil Baldrige, all of Lubbock; Mr. and Mrs. Shirley Garrison of Hereford and David Willis of Red River, N. M.

Mrs. C.R. Jones Leads Program

Mrs. C. R. Jones was program leader Monday and gave tips on being a good hostess at the regular meeting of the Zealot Club. Hostesses for the meeting in the community room of Farmers State Bank were Mmes. W. T. King, Deryl Clevenger and Jones.

Attending were Mmes. W. D. Bell, Thomas Brooks, C. T. Cunningham, Jimmie Ray Davis, C. C. Hanes, Jerry Kittrell, Lorenzo Lee, Hubert McLain, L. C. McLain, Howard Mitchell, Charles Nelson, Eldon Shive, Elmer Six and Preston Upshaw.

FROM DIMMITT

Mrs. Lela Gallion of Dimmitt spent Saturday night visiting Mrs. Myrt Loman.

SUNDAY GUESTS

Sunday visitors in the home of Mr. and Mrs. F. A. Smith were her sister, Mr. and Mrs. Buford Peterson of Morton; Mr. and Mrs. Dale Huggins and Kim of Dallas; Jerry Smith and Rex Henderson of Lubbock; Mr. and Mrs. Wayne Beavers and Connie and Mr. and Mrs. Jack Dyer.

AMARILLO GUESTS

Mr. and Mrs. Gene Brooks and Terri of Amarillo visited his uncle and aunt, Mr. and Mrs. Robert Brooks, Sunday night.

HIS FEET ARE ON THE GROUND!

This man can see for many, many miles, but he's not up in the clouds; his feet are on the ground!

The Church gives man stability too—a broader vision. It lifts up his eyes to see God and the eternal values of love, truth, justice and service which God inspires. It gives him a divine perspective from which to view his job, his family, his country—his life!

But the Church always keeps that man's feet on the ground! It accepts him for what he is—regardless of the clothes he wears or the job he holds. It looks evil in the face and sees it for what it is—a devilish cancer which only God can cure. It keeps a man's feet on the ground while it lifts up his eyes to see beyond the horizon.

And this is what the Church can do for you! It can give you greater vision. But it's not up in the clouds. It keeps your feet on the ground!

SOIL EROSION

Talmadge Porter

When rain falls or water from any source runs downhill on bare soil, it moves the soil particles, and organic material with it. This is soil erosion. Soil erosion by water may occur anywhere there is enough rain to cause runoff or where land is flooded by irrigation.

In short, to avoid erosion the soil must be protected from moving water. There are several things that can do this job, such as dense vegetation, or grass on areas that have a critical slope. Other things which help control water are cover crops and mulches.

Where tillage leaves the soil exposed, such things as terraces or sown strips of different crops can help control runoff. Otherwise tillage needs to be confined to nearly level soils where water moves slowly.

Land used for grazing also may be eroded by water if harvesting leaves the soil exposed. Heavy grazing or burning of stubble can cause this. A combination of conservation practices with good crop rotations is needed to prevent erosion and keep the soil permanently in cultivation.

Grassed waterways are very useful on sloping fields. Sown crops and deep-rooted legumes are needed to keep the soil in good condition for plants to grow. Actually poor physical condition of the soil such as gullies, rather than loss of mineral nutrients, is the chief cause of declining yields as erosion advances.

Moments Of Meditation

BY ALLEN JACOBS

Unity in Christ unto God is necessity. Every effort should be put forth until this relationship is realized. God's revelation in the Spirit brings one message.

"Giving diligence to keep the unity of the Spirit in the bond of peace. There is one body, and one Spirit, even as also ye were called in one hope of your calling; one Lord, one faith, one baptism, one God and father of all, who is over all, and through all, and in all."

-Ephesians 4:3-6
The apostle guided by the Spirit gives to us the seven ones of unity. There cannot be two bodies, two Spirits, two Lords, two faiths, two hopes, two Gods,

VISIT MOTHER

Mr. and Mrs. Robert Sanders and daughter of Lubbock spent Sunday with his mother, Mrs. Grace Sanders.

LEAKY MEAT PACKAGES -- "Why can't meat be packaged without dripping?" consumers often ask. Dripping can result from meat warming during the cutting and packaging process, from the refrigerated display not being cold enough, or from the package warming between the time of selection and refrigeration at home.

nor two baptisms.

All must find the one God, obey the one Lord, be filled with one Spirit, have the one faith which brings the one hope, by one baptism be baptized in the onebody. Herein is the unity of the Spirit.

SOMETHING TO THINK ABOUT--The American Dairy Association says that by the time he is 70, the average American will have used 16 million tons of water, 10,000 pounds of meat, 14 tons of milk and cream, 9,000 pounds of wheat and other great quantities of products from the earth. And who says agriculture is a declining industry?

TRUCKS ARE SAFER

Statistics compiled by The Travelers Insurance Companies suggest its safer to ride in a truck than in a car. In 1970, Over 54,000 passenger cars were involved in fatal accidents compared to 12,400 commercial vehicles.

Castro Cancer Society Unit Elects New Officers Monday

Castro County Unit of the American Cancer Society met in regular session, Monday night at Lamar Fellowship Hall of the First Methodist Church in Dimmitt. Officers for 1972-73 were elected, a report on the Annual Crusade was made and tribute was given all crusade workers who have given so unselfishly of their time in an effort to conquer cancer through fund raising and public education.

New officers elected were Mrs. Harry Kleman of Nazareth, president; Harry Kleman, vice-president; Mr. and Mrs. Ed Drerup of Nazareth, third and fourth vice presidents; Mrs. Gladys McLain, secretary and Mrs. W. A. Epperson, treasurer.

Committee chairmen named included Mrs. Claude Forson, public education; Mrs. James Kennedy, service; Mrs. Trent Downing, public information; Mrs. Leonard Welty, memorial; and Mrs. L. C. McLain, campaign. Serving on the nominating committee were Mrs. W. A. Epperson, Mrs. Ruby Stone and Mrs. Donald Schilling.

Mr. and Mrs. Pete Steiert were presented a plaque in

honor of their outstanding efforts as Crusade chairman and co-chairman the past two years. Under their guidance, Castro County responded, last year, with over \$4000. This year, with the goal set at \$4500., approximately \$3500. has already been contributed. It is believed the goal will be reached when all workers have completed their assignments.

Mrs. Trent Downing presented Mrs. L. C. McLain, retiring president, a plaque in honor of her work as a Cancer control volunteer. Mr. and Mrs. M. J. Reed, although not present to receive their award, were similarly honored for their outstanding service during Crusade.

Approximately ninety workers will be given certificates of appreciation. The news media of the county, Castro County News, Hart Beat and radio station KDHN, will be honored. Also to be honored are the members of Town & County H. D. Club who turned out in force to help with the Dimmitt residential drive; Bethel H. D. Club whose members have helped in the drive for two years and also contributed to the service and

public education programs, and the Sunnyside Lions Club for their contribution to Crusade.

Mrs. Ed Brock's team of volunteers and Al Jackson's team have reported approximately \$1700. contributed thus far by Dimmitt residents. The memorial program reports over \$400. received in memory of loved ones who have lost their lives to this dread disease.

If any when cancer is conquered it will be due, in large part, to the loyal, selfless dedication of volunteers like these who have worked so diligently through the years.

IN LACY HOME

Mr. and Mrs. George Bates of Amarillo and Mr. and Mrs. Steve Lewis of Fremont, Neb. visited in the home of Mr. and Mrs. Darrell Lacy Monday.

FROM NASHVILLE

Mr. and Mrs. D. W. Cantrell of Nashville have been visiting in the home of their daughter, Mr. and Mrs. Darrell Lacy for the last several days. Darrell Jr. will return home with his grandparents and spend several weeks this summer.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Noise comes in many forms, and it is described by many people as unwanted sounds. But whatever the definition, noise is a problem--one that has been creeping up on all of us over the years.

Noise pollution is fast becoming recognized as great a public health problem as is air or water or land pollution.

The increased use of machinery has resulted in a growing assortment of industrial situations which threaten the hearing capabilities of workers. But noise goes far beyond the confines of plant sites.

The sounds of our cities are the result, not only of elevated plant noises, but of the roar of traffic, the blare of horns and sirens, construction noise-makers such as jackhammers, and the roar of jet airliners. No one anywhere is immune to these noisy, irritable influences.

Noise can actually surround you. It travels in pressure waves from its source, like the ripples caused by a rock tossed into a pond. Invisible, it is usually carried by air, but it can also be conducted by the wood walls of a home, the steel floors of offices, by the glass in windows, and by the metal bodies of autos and airplanes.

The federal government requires that the environmental impact--including noise effects--be assessed before proceeding on federally funded construction projects.

Within our own state, members of the legislature have

asked the State Health Department to study measures available for control of noise in the general environment.

The State Health Department's Industrial Hygiene Program has long been involved in noise control. Operating out of the Division of Occupational Health and Radiation Control the program has routinely worked with members of industry to implement recommended noise control measures.

The Health Department Program's involvement in community noise control is just beginning to delve into this phase of noise control, and requests from local governments for assistance in forming ordinances have been received.

The Program is assisting in the research of legislation enacted by and under consideration in other states. On the basis of exposure and experience on noise problems, consideration may be given for expanding the legal support for the Department to include environmental noise control with the industrial responsibilities.

Emphasis on noise pollution is bringing results, and sometime in the future Texans may be able to enjoy that "silence that is in the starry sky" about which Wordsworth once wrote.

POTATO SALAD

Here's a tip for making potato salad -- add the dressing while the potatoes are slightly warm so they can absorb the flavor.

SCOUT

NEWS

Awards were presented at Wednesday meetings of Cub Scout dens 1 and 2 and Webelos.

Mrs. Leonard Griswold made the presentations. Leaders meeting with the groups were Den Mothers, Mmes. Lynndall Warren and Jerry Cotton, and Webelos leader, J. V. Wescott.

Den 1 Cubs earning awards were Phil Foster, Phillips Hawkins and Derek Rich, silver arrow for Wolf badge; Clay Barnes, two silver arrows for Wolf badge; Melvin Washington, silver arrow for Bear badge; Maxie Craig, two silver arrows for Bear badge and Ronaldo Longorio, three silver arrows for Bear badge.

Awards presented to Den 3 Cubs included Benny McLain, gold arrow for Bear badge; Matt King, Benny McLain, Russell Clevenger and Marlin Marble, silver arrow for Bear badge; Leslie Reed, Tracy Rich

and Bill Warren, two silver arrows for Bear badge and Brad Hill, one silver arrow for Wolf badge.

Webelos receiving showmanship awards were Keith Newsom, Scott Jones, Russell Davis, Glen Snitker and Kyle Gleghorn.

Following the program, Mrs. Griswold and Wescott assisted the boys in making hamburgers and cooking them on candlestoves made in meetings last week.

Mrs. Weldon Jones was a special guest.

ACCIDENTS

Too many accidents that could have been avoided happen in the bathroom. One way to help eliminate falls, is to keep a rubber mat in the bath tub. And when bathing be sure never to touch any type of electrical appliance.

FIXUP TIME

Spring cleanup-fixup time is with us again. It is a busy time and an enjoyable time. But unless we are careful it can be a time of tragedy. Too many people are injured and killed each Spring because of carelessness. Liberty Mutual Insurance Companies suggest we make safety a way of life this Spring, because that is what safety is - a way of saving lives.

MEDICINE

Medicines are designed to cure, or at least to make you feel better. But, if they have been in the medicine cabinet too long, they may lose their effectiveness. Their use then might make you feel a lot worse than you did before taking them.

ELECTRICAL CIRCUITS

Be careful when using multiple electrical circuits. Their misuse could result in a dangerous overload. Also be sure to replace or repair frayed wires immediately. They represent too much of a fire hazard to be neglected.

SHOT AT CONCORD

The shot fired by the American colonists at Concord was the "shot heard round the world."

Irene Keating Writes

Castro Co. H.D. Agent

We returned from a trip to Colorado last Thursday. It sure was pretty up there. We went to my folks at Paonia for a short visit. We had an interesting time - there is still much snow on the mountains. We went to a marble quarry and it certainly was an interesting experience - we even saw an avalanche! I hope those of you who took trips this past weekend had a nice time. I am ready to work again after being away for a while.

Here is some interesting information about the many uses of baking soda. If you're vacationing or weekending this summer aboard a boat, in a home-on-wheels or a cottage, pack baking soda. You'll be caught in a space squeeze, and baking soda is a superlative space-saver for it can replace virtually your entire roster of cleaning aids.

But its virtues don't end there. It is a uniquely safe cleaner especially for food service areas, for unlike so many of today's cleaning agents which list a string of unpronounceable ingredients on their labels, baking soda is pure bicarbonate of soda U.S.P., the traditional acid indigestion remedy. It is also phosphate free. And since it occurs naturally in the waters of our lakes and streams, it is the ecologist's dream cleaner. And finally, it is free of harsh fumes or a sweet, lingering after-fragrance, a definite plus when you're working in close quarters. Although odorless itself, it absorbs the unwanted smells you're out to conquer and leaves an honest freshness in its wake.

Here are some of the ways you can put this pure, natural, odorousting product to use this

summer saving precious storage space while protecting your family's health and your country's waterways.

Use a solution of three tablespoons of baking soda to a quart of warm water in place of liquid cleaners or one of those powdered cleaners you mix with water. Just sponge the solution over the surface to be cleaned, and rinse.

Dry baking soda on a damp sponge or plastic scouring pad can substitute for the scouring powder you normally use on your sink, chopping board, stove, even the oven. And it doesn't scratch, most conventional scourers eventually scratch surfaces, making cleaning progressively more difficult. For easier sprinkling of the soda, transfer a supply of it to a flour-dredger or a plastic container with holes punched in the lid. Or fill one of those red, plastic ketchup dispensers with baking soda, and cut off a snip of the nozzle to make the hole larger. One squeeze of the dispenser and out squirts the soda, right on target.

Not even the commercial metal polishes can give a brighter shine than baking soda to chrome and stainless steel. Just rub it on dry with a damp sponge and wipe with a soft cloth.

And here's an invaluable use for baking soda. Keep an open package of baking soda stored in the refrigerator or ice chest. It is an odor-eater. Stray food smells or sour or musty smells are neutralized by the soda which absorbs them. Just shake up the package weekly to expose a fresh layer of soda, and when your nose tells you the soda is saturated,

it is time for a new package.

A few open boxes of baking soda left around your home-away-from-home when it is not in use, likewise helps absorb dampness which contributes to that musty, closed-up smell.

And remember, before that long-awaited first outing of the season in your recreational vehicle, to freshen the water tanks by first draining, filling with fresh water and a pound of baking soda. Drive around a bit, so the solution sloshes. Then drain and rinse by running the tanks at least once through the faucets. This cleans lines and valves.

Finally, wherever you spend your vacation or weekends make sure you have an empty coffee can filled with baking soda strategically located as a stand-by fire extinguisher by throwing handfuls of baking soda at the base of the fire. It won't harm the engine. Burned food can simply be rinsed, dried, reheated and served. The only effect from a little soda residue -- a sweet stomach.

BACKYARD BARBECUES

Backyard barbecues are always a summer hit. If yours is rained out, don't bring the charcoal broiler inside unless you are planning to use it in the fireplace. If used in an enclosed area, carbon monoxide poisoning, not steaks, might be on the menu.
