

Exes Gather At Loraine

Three days of activities will highlight Loraine's annual homecoming this weekend.

Festivities begin tonight (Thursday) with a bonfire following the junior high football game which begins at 6 p.m.

The bonfire and pep rally will be held on the southwest corner of the school grounds.

Then tomorrow night, the Loraine Bulldogs begin district competition with a game against Forsan, with the kick-off scheduled for 7:30 p.m.

During halftime ceremonies, Royce Beights, current president of the Loraine High School ex-students association, will crown the ex-student king and queen.

Also during halftime, the high school homecoming queen will be named.

Candidates for homecoming

queen are Nancy Graham, senior, daughter of Mr. and Mrs. Clay Graham, Belinda Sheffield, junior, daughter of Mr. and Mrs. Atwood Sheffield, Dacia King, sophomore, daughter of Mr. and Mrs. Melvin King, and Yolanda Munoz, freshman, daughter of Mr. and Mrs. Pablo Munoz.

Loraine Superintendent Tom Harkey will crown the high school homecoming queen.

Homecoming ceremonies will continue Saturday with registration at the school cafeteria beginning at 9:30 a.m. with visitation until the noon meal for which reservations are not necessary.

At 1:30 p.m. Saturday, a business meeting of the ex-students association will get underway with new officers to be elected. Beights is now president, Harkey is vice-president by virtue of being superintendent, and Mrs. Beights secretary-treasurer.

After the business meeting, the program will get underway. Melvin King is program chairman. Guest speaker for the program will be Dr. J. Wayland Bennett, a member of the Texas Tech faculty.

The 1941 class of which Bennett and King are members will conduct this year's business meeting and program.

Queen Candidates

Three of Loraine High School's four homecoming queen candidates are, left to right, Nancy Graham, senior; Dacia King, sophomore, and Yolanda Munoz, freshmen. Not pictured is Belinda Sheffield, junior candidate. The four will be presented during half-time activities during homecoming game Friday night in Loraine and one will be revealed as 1971 Homecoming Queen.

Schools' Districts Changed

The University Interscholastic League this week announced changes in the districts in which Colorado City and Loraine compete in scholastics and athletics.

There had been speculation that Colorado City would drop to AA as UIL was thought to be considering increasing the minimum number of students for a AAA school.

However, this did not come about and Colorado High School remains in District 3-AAA along with Brownfield, Lamesa, See DISTRICTS Page 9

Bonfire, Parade, Scheduled

The 1971 version of Colorado High School homecoming celebration gets underway tonight (Thursday) with a bonfire and pep rally.

Highlights of the weekend include the giant bonfire planned for Ruddick Park at 6:30 p.m. Thursday, followed by a pep rally, a parade at 4 p.m. Friday through the downtown area and the football game between

the Wolves and the district powerhouse Lamesa.

Other highlights of the week end will be a dance and reunions.

For Thursday's bonfire, each Wolverine is to bring a pickup load of wood for the fire, according to Marsha Ginzle.

A pep rally will be held in

conjunction with the bonfire and then again Friday at 2:30 p.m. the weekly pep rally will be held in the high school gym.

Then at 4 p.m. Friday, a parade, led by the Black Knights will trail the streets of the city. Also participating in the parade will be the junior high bands, new cars, compliments of Colorado City new car dealers, and seven floats.

The floats, built on the theme of cartoon characters, are in competition for cash prizes of \$50, \$25 and \$15.

The freshmen class float theme will be Dennis the Menace. The Sophomore's float will depict the Wizard of Oz.

The Junior Class float theme is the Flintstones, and the Senior class float is Snuffy Smith. The float by the Wolverines is their Wolf and the Art Club's float will be Rick O'Shaw Rabbit.

City and county dignitaries also will participate in the parade.

Then that night during half-time ceremonies at the game between Colorado and Lamesa, the Homecoming Queen will be crowned.

Candidates for homecoming queen are seniors Patty Bodine, daughter of Mr. and Mrs. Truman Bodine; Barbara Boyd, daughter of Mr. and Mrs. Dee Boyd; Connie Carter, daughter of Judge and Mrs. Bill F. Carter; Sharon Hutchins, daughter of Mr. and Mrs. David Hutchins, and Sherry Williams, daughter of Mr. and Mrs. Jimmy Williams.

Wolves Face Lamesa

Colorado Hoping To Repeat Upset

The Colorado City Wolves Friday night will be looking to repeat last year's surprise upset of the powerful Lamesa Golden Tornadoes.

The Wolves will have a tough time taking the wind-out of the Tornadoes.

Lamesa is highly ranked in the state AAA circles and has won four of its five games this year, being upset by Dunbar in the District opener two weeks ago.

The Tors were preseason favorites to take the 3-AAA district crown.

But the Wolves are making other plans for the Tornadoes, as can be seen if you take a look at the windows of business establishments throughout Colorado City.

This is homecoming weekend and the Wolves are hoping to make it a happy homecoming.

The Wolves are still contenders for the district title and they intend to play that way, says Coach Weldon Brevard. Thus far in district competition, Colorado has lost one (to Estacado) and last week's game against Lakeview ended in a 7-7 tie.

Lamesa has a lot of talent and while Lakeview had one good runner, Lamesa has two. The Tors run out of the wishbone formation with two tall quarterbacks alternating as generals of the attack.

Colorado, in an effort to get its offense going, probably will make a few changes.

Brevard said David Matthews, a tall senior with a good passing arm probably will start at quarterback with Bob Benson as fullback. Melvin Jackson, the fastest man on the team, See WOLVES Page 9

Sluefoot And CHS Candidates

Football helmets were put to use this week by these five homecoming queen candidates and Sluefoot (Wolverine mascot) as well as Colorado High School Wolves. The five seniors will be presented during Thursday's downtown homecoming parade and again Friday during half-time activities of C-City - Lamesa game when the homecoming queen will be revealed. Candidates, shown among the an-

tics of Sluefoot, are from left, Patty Bodine, daughter of Mr. and Mrs. Truman Bodine; Sharon Hutchins, daughter of Mr. and Mrs. Dave Hutchins; Sherry Williams, daughter of Mr. and Mrs. Jimmy Williams; Connie Carter, daughter of County Judge and Mrs. Bill Carter, and Barbara Boyd, daughter of Mr. and Mrs. Dee Boyd.

Christmas Seals Arriving Soon

Envelopes containing traditional Christmas Seals will be arriving at local homes later this month.

Announcement of the forthcoming campaign was made this week by Mrs. A. H. Jackson, a member of the board of directors for Big Country Area of Texas Tuberculosis and Respiratory Disease Association.

"This year we are asked to return out contribution to Austin," Mrs. Jackson said, "allowing more of each contribu-

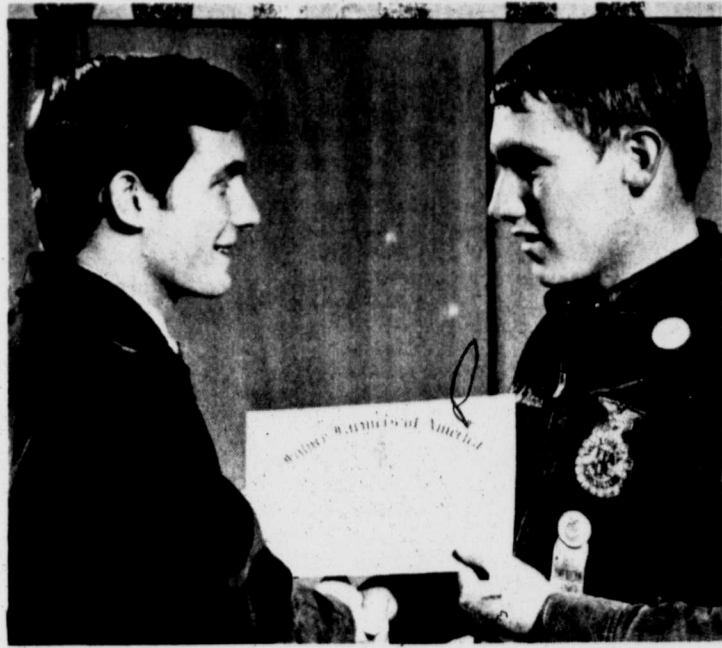

tor dollar to be spent on the association's basic aims - control of emphysema and respiratory diseases, eradication of tuberculosis and elimination of air pollution and smoking."

Proper accounting procedures will credit all gifts to the county from which they come.

Mrs. Jackson expressed hope that all who receive appeal letters containing Christmas Seals will respond generously this year as "there is more to do".

"Remember, just because the gift is sent to Austin does not mean that Mitchell County will not get credit for the gift.

"Actually, we will receive more benefits since the cost of soliciting the gift will be reduced," Mrs. Jackson explained.

National FFA Degree

Tommy Morris, right, of Colorado City, last week received the American Farmer degree, highest degree presented by the national Future Farmers of America. Tommy, son of Mr. and Mrs. Preston Morris of Culbert Community, received the award from national president Dan Lehmann during the national FFA convention in Kansas City.

CONVERSATION CORNER

THAT MOST amusing writer and philosopher named Mark Twain once opined "Few things are harder to put up with than the annoyance of a good example."

He was telling a half-truth, of course. People who go through life setting a good example can make the rest of us feel fairly inadequate some of the time.

But wouldn't this be an awful world if nobody ever tried to set a good example? We'd all be a bunch of heathens, that's what.

Not all good examples have to be gloomy. They can be as joyous as sunlight slipping through the darkest cloud.

Love the good example set by people who smile a lot, laugh a lot, and love a lot. Love the ones set by people who live by high standards tempered with tolerance.

SOMETIMES, thinking it over, setting a good example can be hard on the natural inclinations.

Sometimes you can spend a whole lifetime trying to set a good example by rising above your human weaknesses and yielding not to temptation, and still fall flat on your face too many times.

It begins in early childhood if you happen to have brothers and sisters hanging around for you to set good examples for.

Once heard a young mother say to her older little boy, "You must set a good example for your little brother by being a little gentleman yourself."

The older little lad yelled piteously, "He can set his own good example, Mother, 'cause I'm not even sure I WANT to be a gentleman. I'd rather hit him back."

GOOD PARENTS are the world's best good example setters, though it does not work out too well every time as you very well know. Good parents are the truly brave just the same, even if their good examples are hard for the children to put up with.

And don't think it ends when your children get grown. First thing you know there'll be a crop of grandchildren to set good examples for and you're almost back where you started. And you're still what Mark Twain called, tongue in cheek, an annoyance. It can be a fearful challenge.

BUT wouldn't it be a wonderful world if setting a good example somehow made a better person of you and some of the people whose lives you touch?

You do not know and you never can tell how much influence

you have in little but important ways.

Wouldn't it be a wonderful world if the good example of just being kind--never deliberately cruel--could affect at least some of the people some of the time?

Wouldn't it be a wonderful world if good examples were not hard to put up with but became the source of comfort and a blessing to all us non-good examples?

Mark Twain did not really mean a word of it. He probably felt, like the rest of us, that good examples are pretty hard to live up to.

Wouldn't it be a wonderful world if we could...or TRY, anyhow? Chances are that the shoe is on the other foot. Good examples could be annoying at the non-good examples all around them. Good examples strive not to let it show, that's all.

SEEN LATELYS included Pauline (Mrs. Leon) Light who has an infectious way of laughing. Wilma Reynolds of the laundry office.

Shared a refreshment break with Bill Erwin, district clerk, whose wife Gloria is back in San Angelo as an out-patient for x-ray therapy. Bill was saying Gloria is much improved and treatments now are a precautionary measure, to make sure she is soon completely well.

Saw Don Banta...Lloyd McKee, Colorado City's superintendent of schools. Caught a glimpse of Dorthea (Mrs. Paul) Hunter...Bill Franklin...Willie (Mrs. Will) Womack, flower-lover...Bea (Mrs. Cap) Smith...John Billings...Gladys Howard...Mrs. H. D. Womack working in her yard...T. J. Goss II strolling along Second St.

Swapped hello's with Isabelle (Mrs. Alton) Robertson of Loraine...and "Happy" Williams (Mrs. Dr. J. D.)...Perry Barber...Mac McKinnon...The Fullers, Raymond and Virginia.

HAD the pleasure of meeting for the first time Joy (Mrs. Billy) Culwell, the charming lady who presents the "Joy to the World" morning program over the local radio station, KVMC. Found her fun to talk to and genuinely friendly.

Met, too, attractive Mary Ann Santerson wife of Ken Santerson, one of C-City's newest young businessmen. Mary Ann hails from Waco but she is already a C-City enthusiast.

DASHED by for a short little visit with Isabel (Mrs. Harry) Ratliff who is just back from a visit in the home of second son Hubert, his wife Caroline, and their small son Brad.

Found she had as houseguests

her brother Guy Smith and his petite wife Ruth. Guy, attorney, has just retired from the legal staff of the big insurance firm in Maryland which formerly had Spiro Agnew on its staff.

Guy and Ruth recently moved from New Orleans to Kerrville and are planning a Mediterranean cruise, then a visit with their son who lives in Sussex, England. They were finishing a bridge game in Isabel's den with Henry and Luna Silberry.

THE BILBERRYS, by the way, are happy over return from Vietnam of Captain Arthur Barnes, husband of the Bilberry second daughter Judy.

The young couple are currently in Norman, Okla., where Judy has been studying library science courses. They expect to visit Henry and Luna before the captain goes to England, Nov. 4, for four years duty. He will be stationed at Brentwood AFB, north of London. Judy will join Art in England as soon as he can find a suitable place for them to live.

Elaine Claxton, Robert Fugate Exchange Double Ring Vows

Miss Wanda Elaine Claxton became the bride of Robert Collins Fugate Saturday evening in a six o'clock ceremony in Central Baptist Church.

Mr. and Mrs. Clarence Audave Claxton are parents of the bride.

The bridegroom is son of Mrs. George C. Fugate of 129 West 11th Street and the late Mr. Fugate.

The bride's father read double ring wedding vows. Mrs. H. G. (Jack) McCown sang "The Wedding Prayer" and "Whither Thou Goest". Accompanists were Mrs. Leroy Culbertson, pianist, and Mrs. Bob McClure, organist.

The bride was given in marriage by her grandfather, C. W. Claxton.

For her marriage she wore a formal gown of white organza. Heavy cutwork lace banded the portrait neckline, trimmed full sleeves and formed wrist-length cuffs. A full Watteau train extended from the fitted waist.

Her finger-tip veil of white bridal illusion was attached to a heavy lace and pearl cap, worn by the bridegroom's sister, Mrs. Karen Burson, in her wedding.

The bride carried a slender cascading bouquet of white fea-

thered carnations with accents of apricot and trailing English ivy. Tucked into the back of the bouquet was a tiny "blue bird of happiness."

Mrs. Sandy Clark of Lubbock was her sister's matron of honor. Mrs. Burson was bridesmaid.

They wore identical floor-length gowns of apricot organza with sleeveless coats of apricot raw silk. Matching beadwork trimmed rounded necklines, empire waists and wrist-length sleeves of attendants dresses as well as coat collars.

Their cascading bouquets of lemon leaves, leather leaf and English ivy were centered with large eucalyptus roses.

Their headpieces were of matching flowers.

Nita Bryant was flower girl and Terry Culbertson was ring bearer.

Candlelighters, Kathy Oden of Bowie and Angie McCown, wore street-length apricot dresses fashioned with rounded necklines and puffed sleeves for their empire bodices.

Their headpieces were of lemon leaves and eucalyptus roses.

Best man was Robert J. Bullock. John W. Clark, bride's

brother-in-law, served as groomsmen.

Ushering were Gerold Bulard of Big Spring and Ronnie Claxton, brother of the bride. Rev. H. G. (Jack) McCown, church pastor, welcomed wedding guests.

Marriage of the couple took place before a golden heart-shaped arch entwined with greenery and apricot carnations made by the bride and her sister. Seven branched candelabra with white tapers flanked either side of the arch and three-branched candelabra marked altar rails.

Pews were accented by white tapers set in greenery and apricot carnations.

Special chairs for mothers were marked by candles arranged in apricot and white carnations with greenery.

Fellowship Hall of the church was setting for a reception following the wedding.

Presiding at the registry was Mrs. Robert Bullock. A refreshment tables were Mrs. Aaron Oden, Mrs. Richard Wallace, Mrs. George Bryant, Mrs. James Payne and Mrs. Homer Hart.

Bride's table was covered with a white fitted cloth and full ruffled skirt and matching net overlay. Apricot carnations accented table edge and seven-branch candelabra centered the setting.

An apricot cloth, covered with lace, marked groom's table. Groom's cake was made as an open Bible inscribed with the

Biblical scripture "Where Thou Goest I Will Go."

Apricot carnations highlighted ceiling lights in reception hall.

For a honeymoon trip to Ruidosa and Carlsbad, N.M., the bride changed to an apricot dress complimented by white accessories and a corsage from her bridegroom.

They will be at home in Colorado City after their wedding trip.

The bride was graduated from Colorado High School last spring. Fugate, a 1969 graduate of Colorado High, is employed by E-Z Way Superette.

Out-of-town guests were here from Andrews, Lubbock, Ralls, Midland, Odessa, Robert Lee, Silver, Big Spring, Bowie, Dallas, Waco and Roscoe.

The bridegroom's mother hosted a rehearsal dinner Friday evening honoring the bride couple and their wedding party in Cattleman's Restaurant.

Head dining table was complimented by a bouquet of apricot gladioli, centered with a nosegay of white carnations and gold wedding bells. Apricot tapers in milk glass candle holders completed the setting.

CONGRATULATIONS

Tommy Morris is now a member of an elite group of which only seven other Colorado City residents are members.

Morris, now a student at South Plains Junior College in Levelland, last week during the national FFA convention in Kansas City, Mo., received the American Farmer Degree, highest degree presented by the National FFA.

This well-deserved honor was earned by Morris for his work in feedlot cattle, cotton, milo production and for his participation and leadership in all activities of his FFA chapter at Colorado High.

The degree is not to be taken lightly. To qualify, an FFA member must progress through the ranks of FFA and be awarded his Lone Star degree, which goes to no more than two per cent of the state's FFA membership.

The national degree is presented to only one-tenth of one per cent of the total 427,000 FFA members in the nation. It is presented only to members who have demonstrated "exceptional agricultural and leadership ability."

To Tommy Morris, we say, "Well done."

Clay Models For Science Classes

Eighth graders at Colorado Junior High School have been mixing a taste of art with their study of the timetable of earth's history.

Under direction of science teacher, Mrs. Bob Mitchell, students studied the earth's geologic history divided into eons, eras, periods and dinosaurs.

And along with written reports of dinosaurs, 36 students made clay models of various types of dinosaurs which are now on display in science laboratory at Junior High.

Another recent highlight for eighth grade science classes was a visit by Seth Lobdell, district production geologist for Sun Oil Company.

He spoke to the entire grade about geology of the local region and displayed corals from his scuba diving off the coast of the Bahamas.

Model Dinosaurs

Mrs. Bob Mitchell, center, talks with two eighth grade students, Lesa Wilkinson and Robert Rivera about their clay models of dinosaurs made as a part of their study of the Jurassic Period of the Mesozoic Era of "Age of Dinosaurs". Lesa's model is of Stegosaurus; Roberts, Brontosaurus.

MAKE WATER DO MORE FOR YOU

- By using less detergent and water that has solids removed, your dishes and surfaces will be bright and clean.
- By using water without harmful solids and fewer cleaning compounds, your laundry will be soft and bright.
- With refined water, there are no solids to make soap curds; the skin, hair and body are truly clean. Soft, clean skin is the first step to beauty.
- Refining your water will remove these solids before they reach your water heater, plumbing lines and appliances.
- It is not what you put in the water, but what you take out that counts.

Miss Barbara Rivers Becomes Bride Of Willie M. Hopkins

St. James Baptist Church Oct. 9 was setting for the marriage of Miss Barbara Rivers of Paducah to Willie M. Hopkins.

The bride is daughter of Mr. and Mrs. Willie Austin of Paducah.

Mrs. Mary Hopkins of 128 College Circle is mother of the bridegroom.

Rev. Robert Bracy, church pastor, read single ring vows in an eight o'clock ceremony. Mrs. Velma Lindsey presented the wedding march. Soloists were Miss Pamela Johnson who sang, "Lord's Prayer" and Mrs. Betsy Walthall Williams who sang, "Because."

Church altar was set with a heart-shaped arch decorated with white and lilac roses, Candelabra, holding lilac tapers, flanked each side of the arch.

Given in marriage by her step-father, the bride wore a street-length gown of lilac whipped creme tulle. Empire bodice was styled with a scooped neckline and triple-puffed sleeves of white and lilac polka-dot.

Her wedding attire was completed by white patent shoes and a shoulder-length veil of illusion attached to a purple and white floral headpiece.

The bride carried a bouquet of lilac and white roses and pom pom chrysanthemums. Lilac streamers tied in love knots fell from the arrangement.

Miss Annie Wilder of Paducah, and Ranger Junior College, the bride's sister, was maid of honor. Miss Jayzenita Hopkins, sister of the groom, and Miss Wanda R. Holland of Midland, groom's cousin, were bridesmaids.

They wore street-length dresses of purple tulle knit fashioned with empire waists and gathered skirts. Bodices had scooped necklines and single-puffed sleeves. Added to the maid of honor's frock was white lace which defined her waistline.

Bridal attendants wore white leather shoes and carried nosegays of pink and purple lilies backed by white lace and tied with purple streamers.

Flower girl, Paula Williams, was dressed identically to bridesmaids and carried a white basket of purple flower petals.

Rings were carried by Michael Williams. Lighting candles and seating guests were Rodney Robinson of Crosbyton and Cisco Junior College and Nicky Bell of Midland.

Victor E. Hopkins of Midland served his brother as best-man.

Groomsmen were Robert Bender of Colorado City and Cisco Junior College and Michael Reed of Stamford and Cisco Junior College.

The bridal couple was hon-

ored at a wedding dinner at Wallace Neighborhood Center following their marriage.

Miss Pamela Johnson registered guests. Presiding at bride's cake were Miss Linia Faye Campbell and Miss Diane

James, both students at Cisco Junior College. Miss Martha Williams of Wichita Falls and Ranger Junior College served groom's cake.

Registry table was laid in white lace linen and was mar-

Michelin Makes One Grade Of Tires THE BEST

Michelin's Warranty for X Radial Highway Tubeless Whitewall Tire shown here covers 40,000 mile tread life defects in workmanship and materials and normal road hazards (excluding repairable punctures) when tire used on domestic passenger vehicles in normal service in continental United States. Credit or refund (at Michelin's option) is equal to original retail purchase price multiplied by per centage of warranted mileage not run on tires.

This steel belted Radial Tire carries the Michelin Warranty* for 40,000 miles of tread wear. (Many owners get much more.) Puncture resistant Michelin stop faster, corner better, give more traction on wet surfaces. Yet they cost less per mile of driving than any tire you can buy. Construction Conference Today

There will be a Pre-Construction Conference covering the plans of proposed construction of a 7.2 mile stretch on State Highway 208 by Jaygoe-Public Co. at 10 a.m. today (Thursday), at the Resident Engineer's office at Colorado City.

The contractor is now crushing material and work should begin Sunday.

The purpose of this meeting is for Highway Department personnel and Contractor's personnel to discuss phases of work involved and measures to be taken in regard to traffic control, safety, and any other pertinent items of the contract.

The Highway Patrol, Mitchell County Sheriff's department, Commissioners court and any interested citizens are invited to the meeting.

The Texas Highway Department has awarded a contract to Jaygoe-Public Co. of Denton for grading, asphalt stabilized base and hot mix asphaltic concrete pavement on 7.2 miles of State Highway 208 in Mitchell County.

The low bid by the Denton firm was \$314,953.03.

The project extends from U.S. 80 to 6.7 miles south. The project will take about 140 working days.

At your service:

Enough electricity for today... and tomorrow.

Planning and building ahead to provide our customers with enough reliable electric power to meet all their needs is the challenging responsibility being met by Texas Electric Service Company. It's what we mean by being "at your service."

To be sure plenty of electricity always will be on hand at the flip of a switch, we will nearly double our generating capability within the next five years. Additional strength and dependability throughout our system comes from our high-voltage transmission interconnections with

other power sources. We must continue to plan and build ahead because we serve a growing area of the nation, and because

our customers continue to use more electricity. For example, 25 years ago the average residential customer served by Texas Electric used around 1,000 kilowatt-hours a year. Today, the average residential customer is using about 8,500 kilowatt-hours a year. During this same period, the average selling price per kilowatt-hour has decreased about 43 percent, in spite of continuing inflation.

To us, "at your service" is not only a responsibility and a challenge. It's our commitment to you, our customers.

Dunbar, Estacado, Lakeview and Sweetwater.

The eighth member of the existing district, Snyder, was moved up to AAA classification and will be in the district along with three Lubbock High schools, Plainview and Hereford, which is considered to be an easier district in which to compete in athletics than is District 3-AAA.

Lorraine's District was changed from 5-B to 3-B and will include two additional teams, Bronte and Hawley. Other members of the district are Forsan, Roby and Jayton.

The realignment of the district of which Colorado City is a member will allow the Wolves to play an additional non-district game.

Members of realigned UIL districts held meetings yesterday with 3-AAA representatives meeting in Snyder.

Colorado Coach Weldon Bre-

vard has arranged a schedule that calls for a scrimmage against Haskell and one other team, possible Stamford, before the season gets underway.

Next season's schedule for Colorado City goes like this: Sept. 8, Monahans, here; Sept. 15, Coahoma, there; Sept. 22, Ballinger, there; Sept. 29, Hamlin, here; Oct. 6, first district game against Dunbar, here; Oct. 13, Brownfield, there; Oct. 20, Estacado, here; Oct. 27, open date; Nov. 3, Sweetwater, there; Nov. 10, Lamesa, here, and Nov. 17, Lakeview, there.

The schedule is a good one, Brevard believes, as Colorado will play district powerhouses, Dunbar, Estacado and Lamesa at home.

However, he pointed out that Lakeview probably will have a good team next year and the Wolves will have the disadvantage of playing away from home.

Odessa Ector was dropped from the schedule as well as Snyder.

Angelette

Gaye Green, daughter of Mr. and Mrs. Billie Don Green of Lorraine, is serving as a member of the Angelettes, a girls precision drill squad at Angelo State University in San Angelo. A junior at ASU, Miss Green is an English major. She is a 1969 graduate of Lorraine High School.

WOLVES
From Page 1
is expected to see more action than usual on offense.

And, Brevard said, Rickey Parks, last week's defensive standout in the game against Lakeview, is again healthy after playing several weeks with injuries.

Parks intercepted a pass and made Colorado's only touchdown last week, enabling the Wolves to salvage the tie.

Regarding last week's game, Brevard said it was a good defensive game. On the 16-yard play on which Lakeview got its only score, Brevard said there was a team breakdown on the part of the Wolves, allowing the long run.

The coach pointed out that the film of the game will be excellent for spring training next year.

Regarding the lackluster offense displayed by the Wolves Brevard said the ball handling

was the key to the Wolves failure to generate scoring drives.

Colorado lost three fumbles during the game and two Colorado passes were intercepted.

Although the Wolves didn't have a real good workout Monday, everything went real fine Tuesday, Brevard said.

Reservoir Almost Finished

City Manager J. A. Sadler Jr., and Buford Rich, city water and sewer superintendent, look over a reservoir 50-feet by 200-feet by 5-feet deep, which is being built by Hammond Brothers adjacent to city sewage treatment plant on city's south side. The Hammonds have contracted for use

of the plants treated discharge for irrigation purposes. The discharge will flow into the holding reservoir pictured and then be pumped through an 8-inch line to a second reservoir which will cover 5 to 6 surface acres.
