Answer Line

How can a city organization take over a concession at the county-owned facility and forbid any club or other organization from selling drinks, food or anything else, and tell them where they can put their fair booths? Did the county commissioners grant them that right?

The county allows the use of the ag barns to various groups and organizations, but the sponsoring organizations are the ones who set their own rules and regulations.

As the sponsoring organization for the county fair, the chamber of commerce has the authority to set its own rules and decide what kinds of booths will be allowed and where they will be placed.

'I Care' program started

By the time Tony Overman graduated from high school, he had attempted suicide three times.

Overman, founder of the national youth I Care Hotline, presented a sobering message to Colorado High School and Middle School students last week.

His message?

There is help for students who are facing problems such as drugs, depression, pregnancy and abuse.

The Colorado ISD has instituted the I Care Program this year in hopes that it will make a difference to teens who are experiencing problems and who feel they have no one to talk with or turn to.

Overman, who has traveled to over 33 states and who speaks to an average of 100,000 students per year, presented an in-service program to CUSD teachers earlier this year.

Overman counsels with thousands of young people about self-esteem and peer pressure. As a four-time collegiate national qualifying hurdler and president of three companies, he accepted pressure as a challenge which is something he spoke to students about.

Overman said as a teen he was abused, both verbally and physically, by his alcoholic stepfather.

"I didn't know what to do, I didn't have anyone to talk to," he said. "I didn't know how to get help, to get away from the pain I was experiencing."

He said teens experiencing problems can call the I Care Hotline 24 hours a day by dialing a toll-free number. He said the callers, who can remain anonymous, are able to talk to trained counselors. The counselors can refer the callers to local counselors if needed, he said.

He said most of the counselors are college age persons who are trained to work with young people.

"If you just need to talk with someone, you can call the toll-free number," said Overman.

THEY'RE HERE - The 1990 Colorado High School yearbook, *The Lone Wolf*, has arrived. A portion of the book was dedicated to retired math teacher Bo Merket, right. Merket was presented the first copy at Friday's pep rally by editor Gracie Franco.

Over 15 contestants missed five games, but Rivera and Leija were the two with the closest tie-breaking scores. Each predicted New York would beat Dallas, 24-10. Both Rivera and Leija were awarded \$15 in football bucks.

This will be the last session to held in Mitchell County in 1990 where you can be trained and tested in the same day. The fee is \$50.

Marine Pvt. Gerald J. Alvarez, son of Anastacio and Lydia Alvarez of Loraine, has completed recruit training at Marine Corps Recruit Depot, San Diego.

During the 13-week training cycle, Alvarez was taught the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

A 1989 graduate of Loraine High School, he joined the Marine Corps in April 1990.

A get well card was signed by members to Mrs. Iva Prescott who has been in the hospital near her daughter, Denna Thomason, at Savoy.

Mrs. Neva Harmon was welcomed as a new member.

Club officers for 1991 were elected. They are Lou Ella Hall, president; Angie Harris, first vice president; Etta Lee Gibson, secretary-treasurer; Lonnie Pruitt, council delegate; Iva Prescott, reporter; Madge Shepherd, alternate delegate.

Mrs. Gibson had charge of the program. The topic was ways to lower your grocery bill.

Tips given include:

- try to shop once a week
- avoid shopping when you are hungry, tired or in a hurry

- some of the best meat buys are chicken, turkey, ground beef and pork shoulder

The hostess served sandwiches, snacks, cake and punch to 11 members - Eddie Barclay, Lena Bullard, Etta Lee Gibson, Lou Ella Hall, Angie Harris, Ruth Holman, Ruth Myers, Lillie Raschke, Linnie Williams, Neva Harmon.

The next meeting will be Sept. 26 with Eddie Barclay as hostess.

Letters to the Editor

Connett wrong

TO THE EDITOR: Free advice is usually worth what you pay for it.

This old adage was reaffirmed when I read in the *Colorado City Record* that Paul Connett was able to render a free opinion about our project in Mitchell County without knowing anything at all about it. He knows nothing about the site, the facility design, the waste to be disposed of, or the facility operating plan. He didn't even make one phone call to learn the basic facts about the project.

If a professional such as a doctor, lawyer, engineer or accountant rendered an opinion before knowing any facts his conduct would be scorned as unprofessional and irresponsible.

Our project will not cause a buildup of toxics in the food chain. Our facility will not handle, create, or release dioxin. If anyone has proof to the contrary, let's see it.

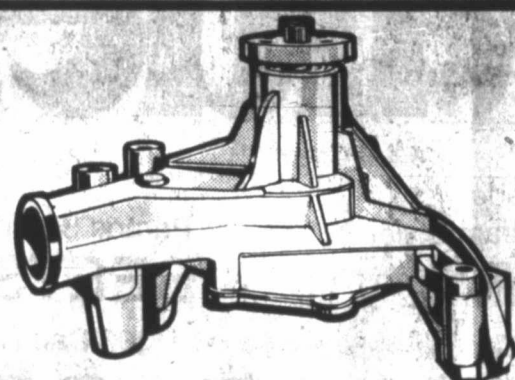

Waste disposal facilities, including landfills and incinerators, are presently being permitted and operated in states with the most

stringent environmental regulations in the world, including California, Pennsylvania, Florida, New Jersey and Texas. Current regulations and control technologies ensure these facilities will operate in a safe manner.

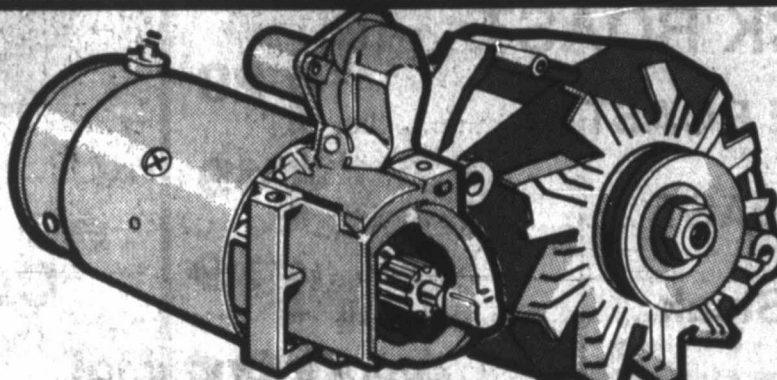

It's possible that all of the local, state and federal officials

responsible for defining and implementing regulatory policy are wrong and Connett is right but from what I've seen so far I believe it's the other way around.

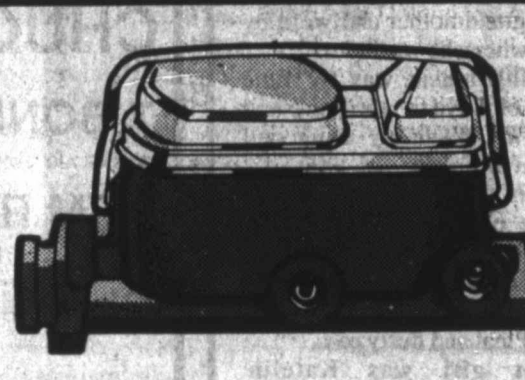

Very truly yours,
James T. Cronin

Pack a Safe Lunch for School

By Dana Davenport

Mitchell County Extension Agent - HE

More than 23 million American children take their lunch to school each day and whether the food is safe to eat may depend on how it's prepared.

Food-borne illness is a bigger problem than most people think, between 24-81 million cases of this disease are reported each year. The best defense against food-borne illness is safe food handling practices. This means taking precautions every time food is prepared.

Following are some tips for those who pack lunches for school, work, trips or other events:

- Keep everything that touches food clean. Stop and wash utensils, bowls and counter tops - everything that touches food - in between working on each dish.

- Use a fork, not your hands to mix meat, macaroni, egg, tuna or green salad. Your hands continually pick up bacteria and other germs that get into fingernails and in the creased skin of the hands. Only vigorous washing with hot, soapy water prepares hands to safely deal with food.

- Cook food thoroughly. For complete safety, raw meat, poultry and fish should be thoroughly cooked, following package or cookbook directions.

- Refrigerate lunch fixed the night before. Pack your bag with perishables - meat or poultry sandwiches, hard-boiled eggs - and refrigerate it. Add chips and cookies and cold drinks the following morning.

- It is always best to refrigerate your lunch, but since most children have no way to refrigerate their lunch at school, here are some tips to keep food cold:

- Put something cold in the lunch bag. This could be a frozen cold drink, a small, plastic refrigerator dish filled with water and frozen, or one of the new commercial gels. Also, some lunch boxes now come with freeze pack inserts.

- Freeze sandwiches. This works best with coarse, textured breads that won't get soggy when thawing. The sandwich thaws in time for lunch, and it keeps everything else cool in the meantime. Sandwich extras - lettuce, tomato and mayonnaise - don't freeze well. Pack them separately.

- Use a thermos to keep milk or juice cold, or try the new fruit juices in wax paper cartons that need no refrigeration.

- Keep your lunch in the coolest place possible. Never leave it in direct sun or on a warm surface.

Some foods are safer to take along for lunch than others. Commercially prepared and ready to eat meats, such as corned beef, salami and bologna, are good lunch box choices because they keep well.

Canned meat and poultry, which can be opened and eaten immediately, are also good choices. Before you buy these, make sure the cans are properly sealed and not rusted, bulging, or badly dented.

Fruits and vegetables go well with any lunch. Wash them before packing to remove soil, bacteria, viruses and insecticide sprays.

It's also important to take care of your lunch container. Wash lunch boxes and laminated totes thoroughly every night to keep bacteria from growing inside. A weekly wash with baking soda eliminates odors.

Use only new, clean, bags. Bags that have carried groceries can pass insects or bacteria from other food to your lunch. Wet or stained bags carry a lot of germs.

Hardin family reunion held

The annual Labor Day Reunion in memory of the late Henry and Belle Hardin was held at Camp Pearl, about five miles southwest of Reeves, La. and was sponsored by their five living children who are Thelma Hardin Norris of Reeves, La., Evin Hardin Denton, Verline Hardin Long, Thomas R. Hardin, all of Groves, Tex. and Archie C. Hardin of Cleveland, Tex.

There were 99 in attendance. They enjoyed music, singing and games of all kinds including volleyball, tennis, baseball and swimming.

A family auction was held

featuring all kinds of gifts and souvenirs.

Families of the five deceased children attended as did grandchildren, great-grandchildren and great-great-grandchildren.

The five deceased children are Berry L. Hardin, Iva Hardin Coldwell, Ida Mac Hardin Miller, Hale and Marie Donnuhoo and James Carl Hardin.

There was lots of picture taking of each family group as well as video movies. Some took sight seeing tours and visited old home places.

Moody elected vice president

Marci Moody, who along with her husband Clark own and operate Kristi Lee Manor Nursing Home, has been elected vice president of the Big Country Chapter of Social Rehabilitative Directors Organization.

Other officers elected at the Sept. 11 meeting in Abilene were Karen Lou Graham, president; Jeri Maves, secretary; and Pat Mather, treasurer.

The Big Country Chapter of Social Rehabilitative Directors is an organization of social/activity directors. The objectives are to promote a better understanding with whom they come in contact, whether they be residents, visitors, volunteers, family members, or employees, and to strive for a common goal of restoring the resident's abilities, interest and physical well being to his or her highest level of capabilities.

Wolves to travel to Slaton to face explosive Tigers

The Colorado City Wolves will face one of the most explosive offenses on the schedule this season in the Slaton Tigers tomorrow night at Slaton.

Slaton returns 11 athletes from their 3-7 record last season. Five of which started on offense and 6 on defense.

On the offense, Slaton possesses several skill-position athletes. The number one position is held by All-District QB, Tracy Starkey. As a junior, Starkey passed for 835 yards on 58 completions; 10 of those accounted for TDs. One of Starkey's big targets this season will be Hays Davies. Last year,

Davies used his speed and quickness to grab 12 passes for 143 yards.

On the defensive side of the ball, the Tigers will have defensive backs Kirk Maberry and Joe Williams who are pre-season All-District selections.

"They average 31 points a game," said Coach Tom Ramsey, "we'll have to score more than three times to win."

Coach Ramsey would like to hold the ball as much as possible, but will open the game plan a little more as he intends to include the Wolf passing game this week.

Wolf QB George Ramsey has already thrown 11-30 for 194 yards

and just 1 interception this season, and will look to increase his numbers against a fine secondary in the Tigers.

Coming off huge defensive efforts for the Wolves, DT Bobby Silva, who was in on 18 tackles and had 1 blocked punt last week, and teammate, LB Cade Proctor, recorded 7 tackles and 2 blocked punts, will have to produce the same type of results for a chance of a Wolf victory.

Kick-off time to see whether or not the Wolves can "hold that Tiger" will be Friday, 8 p.m. in Slaton.

She was a music-performance major and graduated cum laude (grade point average 3.50-3.74).

Lady Wolves win second place in Miles tournament

The Colorado City Lady Wolves participated in the Miles Volleyball Tournament on September 15 and walked away with the second place trophy.

In game one of the round-robin tournament, the Lady Wolves faced Panther Creek. The Lady Wolves had no problem whatsoever as they defeated Panther Creek, 15-2, 15-0.

Game two was more or less the same as the Lady Wolves played tournament host, Miles. The Lady

Wolves again won in two straight matches, 15-8, 15-9.

In the Championship game, the Lady Wolves faced an opponent that had already defeated them prior to tournament play, Watervalley.

In match one, Watervalley and the Wolves had long rallies and volleys, but Watervalley hit the big shots to win, 15-11. Match two was a little less dramatic as the

Lady Wolves could not hold serve to lose, 15-8.

Coach Sharma-Smith was pleased with the overall performance by the Lady Wolves and was impressed with the play of Lisa Martinez, "She has set and served consistently this season."

The Lady Wolves continue their season this weekend at the Lone Wolf Volleyball Tournament.

CHIEF LONE WOLF

Be fair now. One of our town's largest employers is polluting our community. In addition, the same company has created a situation that amounts to a threat to our very health! To correct the situation will probably force the company out of business. What would you do?

That's the dilemma the Colorado City Council found itself facing back in March of 1907. The town had just re-organized and became incorporated, after going bankrupt in 1897. Now, ten years later, a hot potato was dropped in the council's lap.

Before we get ahead of ourselves, let's attempt to put events in perspective. After citizens overwhelmingly voted to re-incorporate the city government, a mass meeting was held to select a mayor and five aldermen. Those persons named would stand for election, but only serve a couple of months, at which time the regular bi-annual municipal elections would be held.

The citizens first choice for mayor was a popular physician, Dr. Willis R. Smith.

Unfortunately, serving as mayor was not the docs desire, so citing "professional duties," Smith declined the offer. Those in attendance at the convention took stock of other possible candidates and decided their second choice was a man who was not present at the meeting. He was the Reverend W. K. Homan, pastor of Colorado's First Presbyterian Church.

Homan was a well known and avowed prohibitionist who traveled the state overpreaching about the evils of alcohol.

A petition was circulated by the citizens assembled at the meeting and 94 persons quickly affixed their signatures to the document. The next day it was delivered to Reverend Homan.

After reading the message, ("recognizing your ability, honesty and fitness"), the Reverend found it impossible to turn down friends who were such good judges of character. But, a simple "yes" wasn't sufficient.

"Gentlemen, I thank you most sincerely for the kind expression in your note handed me today," he wrote back. Saying he would be more than pleased to be of service, Homan pledged to help Colorado have a government built "upon a sound and healthful basis." (Remember that word healthful).

Meanwhile, five aldermen were recruited to serve with Homan and the six were, easily elected to office. Joining the mayor were F. M. Burns, John T. Johnson, M. C. Knott, W. H. Moeser and J. E. Pond, as the first modern day council.

On election day, Reverend Homan received 204 out of 212 votes cast. The eight persons who didn't vote for him were probably the only eight persons in Colorado who drank.

At the first council meeting, mostly routine business was taken care of. There was an ordinance passed which limited the time a person could spend addressing the council (20 minutes), and another ordinance was approved which forbid children from jumping off of, or hanging from trains. And, the council banned spitting on the floor in public places.

The Colorado Record praised the council for passing the expectorating ordinance. The paper noted that crowds of men "were squirting tobacco juice until a lady can hardly pass along. It is not only unhealthy, but ruins many ladies garments."

Oh, there was one other ordinance approved at that time. The council made it illegal to have feed pens for cattle within the city limits of Colorado. And that's when the pollution hit the fan, so to speak.

The Colorado Oil Mill kept some 500 head of cattle for local residents in the company's pens, which were in the city limits. The mill's manager, Joe Stokes, threatened to take the city to court.

And that's when the Colorado Oil Mill's attorney, C.H. Earnest, got involved.

CMS Lady Wolves split games with Snyder

The Colorado Middle School Lady Wolves began their volleyball season against the Snyder Tigers on September 17. The Lady Wolves played four games and split the decisions with the Tigers.

In game one of the Seventh grade B-team, Jennifer Lawson and Adria Rivera led the way in game one with 5 points each to take the victory 15-6. Lawson also led the way in game two with 7 points for the win, 15-7.

The A-team was not as fortunate as the B-team as their efforts were in a close losing cause. In match one, the Lady Wolves were beaten, 15-10 with Betsy Myers scoring 5 points in the loss. Match two was also, 15-10 as Krissy Crawford came up with 5 of her own points.

The eighth grade B-team suffered defeat in three matches. The first match was dominated by the Wolves as the girls won 15-1 with Tracy Scott and Critia Carpenter

combining with 14 of the 15 points. With such a large margin of victory, the Lady Wolves seemed as if they might put the series away in two, but the Tigers got their stuff together and won, 15-10 with Bonnie Jernigan scoring 5 points. In the last match, the Lady Wolves played much better as Misty Sullivan and Lori Dockery scored 3 points each, yet were defeated, 15-12.

The eighth grade A-team went three matches to decide a victor. In match one, Emma Molina's 5 points was enough to rock Snyder, 15-3, but match two was a different game. Snyder took a while to get going, but when the young Tigers played together, they upset the Lady Wolves, 15-13 in a game where Amanda Alvarez and Molina scored 4 points each. As they moved to game three, Bethany Bridgford had a big game scoring 9 points to lead the Lady Wolves to victory, 15-6.

Bulldogs lose, 50-0 against Sands squad

The Loraine Bulldogs were shut out as they lost their second game of the season on Friday night, September 14, against Sands, 50-0. Looking for a bright spot, the Bulldogs will play Aspermont this weekend to go for win number one.

This is the first year for Aspermont to play 6-man football, but they return 6 offensive starters and 6 defensive starters, including QB Paul Page. Last season, Page passed for

1,070 and 14 TDs. Eleven of those TDs went to WR returnee, Albert Castenada who accounted for 815 yards on just 33 catches.

Although Aspermont has moved down to 6-man, the pre-season polls, for what their worth, have been selected to finish second in District 9.

Coach Bob Loy was unavailable for comments and statistics on last week's game, but results will be in Sunday's issue of The Record.

Tomorrow is not promised us, So let us take today, And make the most of it The once we pass this way. Hogan

Well, after all, this is past mid-September and it is supposed to be fall weather. The rain has been very nice at our house and we have enjoyed it, but then we are not cotton farmers. I have three nephews who are and they are having the same problems every other farmer is. We hope you make lots of cotton and get a good price for it.

Farming is not the only thing that gets busy come fall. School starts and all the many things that go along with it. Ballgames, homecomings, studying, tests, a trip or so to Foshue's office and lots of other things like band practice etc.

We lost both of our games last week. Hope it will go better this week.

Glenn and Shirlene Sanders went to the game Friday night and on to Midland to visit their daughter and family who live there. The grandson plays tennis and the granddaughter is a soccer player. Of course they enjoyed catching up on the kids latest games.

The Sanders went to Alpine on Saturday planning to see Sul Ross play football on Saturday night but it came a severe West Texas rain storm with lots of wind, real bad lightning and a flood of rain so the game had to be called after everyone got frightened out of their wits. They spent the night there and came home Sunday.

Bill Scarber and Kenneth Jackson were in town this week on

telephone business.

Mary Coffee had surgery in Dallas on Monday and at this report she is doing great and we hope she continues to do so. I have an address for her if you would like to send her a card. It is: Mary Coffee 1418 Dumond Drive Richardson, Texas 75080

This is Mary Lee's home address, but Mary probably will be there a good while when she leaves the hospital.

Audrey Beights told me that her daughter, husband and family were being transferred to McClellan Air Force Base in California. I don't know what that might mean but I hope he can stay there a while.

The husband is Chief C. E. Watson. They have a son who is also in the service and I believe I have been told that he has already shipped out but maybe you should take that with a grain of salt.

Last week I told that Wylene Brown Kemper wanted her classmates to know that they were the 50 year class this year. Homecoming is October 12 this year and you don't have much time if you 50 year people want to get together. I also have an address for Wylene.

Wylene Kemper Brown 1314 Tucson Big Spring, TX 79720

Jim Bob, you and I were mixed up on our game day but we'll get it fixed. Tell Jennifer hello for me.

The Ken Grahams and sons the Stan Hackfelds, daughters and the Webbs and the Bryan Limmers were in Odessa over the weekend for the steer show. They did well with them and are real happy for them.

Sue Finley took her mother Wilda Price to Louisiana to see her doctor. She is not doing so well and we are sorry.

Homer Hart is in the Mitchell County Hospital real sick. Hope he is doing much better and I think Gladys Hart and Juanice Butler deserve our thoughts and prayers also. Kenneth is back in the hospital also.

Deanna Graham is also in the hospital as of this writing. She hoped to go home yesterday but I don't know if she did.

The Lorraine Independent School Board of Trustees are going to Houston for the board and superintendent convention. Their wives will accompany them. Glenn Sanders will also attend and Shirlene will visit their daughter in Sweeny and her family. They are Mitch, Carol and son Nickie and daughter Heather Hale.

Just a reminder to all you PTO members! The meeting will be Monday, September 24 at 7 p.m. at the school cafeteria.

We have many projects to discuss and vote on Monday night. We need your input so please be there!

Mabel Graham is in a San Angelo hospital following hip surgery last Friday. I hear she is doing nicely. Keep it up.

Irene Kidd's sister has been visiting her since last Friday. She lives in Abilene. They were in Lubbock on Sunday visiting a brother who is very ill from heart surgery last week. They found him in a bad condition.

They went back on Monday and found him no better. This family needs your prayers as they lost another brother six months ago. Irene you have our sympathy and remember we love you and will help anyway we can.

The Fire Department met last night and decided on the Christmas party day. It will be Monday, December 3 at the Senior Citizens building at 7 p.m.

Hello from Finland!

Moi! (Hello) from Finland
In my last letter I didn't get to tell you about my second host family, the Ali-Matlia's, so I will do that now. The Ali-Matlia's live in Selki, which is in south Finland near Helsinki. The family has eight dairy cows and about 150 hectares of forest, which is about 370 acres. Since the farm is small, my host father Seppo, does most of the work himself. My host mother Piris, is a social worker in Selki. I have two host brothers, Petri who is a policeman and Teppo who is a musician. I also have two host sisters, Sarianne is a nurse and Salla is a junior in high school. Salla is a 4-H member and she raises sheep, of which she has two and rabbits. All of her animals are actually pets.

This far into my trip, I have only found two major differences between the USA and Finland. They are the language and the food.

The language is very difficult to learn because the alphabet is different. I have managed to learn a few words. Lucky for me most Finnish people speak English well. English is the number one foreign language studied in Finland.

As for the food, it is mostly potatoes, rye breads, and cheeses. Coffee is also used by most. Meat is not eaten very often and if it is on the table, it is in the form of luncheon meat or sausage.

Overall Finland seems quite Americanized. I never realized how much other countries look up to the United States of America until now. It makes me very proud to say I am an American.

I am now with my third host family, the Lehtine's, in the village of Ristina. My host father is a taxi driver, but he is also the Mayor and a 4-H leader for the village. My host mother works at a center for cancer patients. I have one host brother, Kimmo, who is 17 years old and a host sister, Riitta, who is 13.

Since school has started here, I have been able to visit the school and attend some of the classes. There is a very active student exchange program in this school, there is one student here from Australia and at least three other students in high school have lived a year or more in another country. One major difference that I have found in the school system is that a student is required to attend school for only nine years. Once a student reaches high school, the country no longer pays for his education, he must buy his own books.

While staying here in Ristina, I was able to take a cruise of lake Saimaa, which is the largest lake in Finland. Just to give you an idea of how large the lake is my trip started at 10 a.m. and ended at 5:30 p.m. and we were only able to see part of the lake. It really is a large lake! Watching the sun rise on the lake was one of the most beautiful sights of the day.

I recently saw the Astuvamsalmi Rock Paintings. These paintings are said to be about 5,000 years old. It is said that they were painted to bring hunters good luck.

I have learned so much about this culture and am looking forward to sharing it with you.

Sincerely,
Sherri Webb,
IFYE to Finland
