

ANNUAL CELEBRATION AT ALPINE IS ATTENDED BY RECORD MAKING CROWDS

ALPINE, Texas, July 11.—The fact that Alpine was the site of the biggest crowd of humans ever gathered together at one time, with around 10,000 people, during the annual celebration, and every available space in the town was filled with the sixth annual celebration, there was not an accident, a drunk or any untoward incident during the event.

The celebration just closed was the biggest thing ever pulled off in this section. We often hear talk of the splendid parade of West, but the last few days of celebration which has just ended, and which has just ended in a big-heartedness and West-ward hospitality frequently of is not merely a pipe or flight of somebody's nation.

The celebration was handled in an efficient manner that only thing necessary for off- to do to keep perfect order was to ask the people in a general way to be sure and have a good time and celebrate to their hearts' content. The happy result was that there was not an accident of any kind, not an accident of any kind during the dances, rodeo, horse racing, barbecue, and all that goes along with it of this kind. It is no wonder that the splendid high-spirited and accomplished crowd that here in Alpine, when the country is set with a hardy citizenry of all sterner character.

The inquiry from Argentine state- d that money had been raised to purchase a field across the South Atlantic via Brazil and Dakar, Senegal, Africa. For this trip it is proposed to use an American ship and quotations were asked of I. K. Hughes Aircraft on the same type as were used by the two American Transoceanic flyers. These quotations were obtained within twenty-four hours after receipt of the inquiry.

In connection with Argentine aviation, it is said that the president of the Republic has requested congressional authorization to spend \$1,000,000 for a national aviation school at Buenos Aires, an air port and various operations of the new civil aviation Bureau.

Big Spring Gets New Phone System
BIG SPRING, July 12.—The Southwestern Bell Telephone company has purchased a lot on corner of East Fourth and Runnels street and will erect a modern fire proof building in which to house the new flash light system they are soon to install.

The residence on this lot has been sold to Johnny Miller who will move it to a new location. There is a stimulus for more tele- phones but with the old system no more can be added. The installa- tion of the system will be needed to take care of the growing demand for more telephones and better service.

Production In Southwest Boosted
DALLAS, Texas, July 12.—(AP)—Production in Southwest territory during May was 44,878,554 bushels as compared with 42,554,700 bushels in the same month in 1926, according to figures released by R. C. Anderson, Dallas district manager of American Railway, associate general.

They embraced in Texas, Oklahoma and North Louisiana. — Texas: North Texas, 131.1 per cent; West Texas, 52.2 per cent; Texas coastal, 84 per cent; Texas, 52.4 percent. — Kansas: East Central Texas, 100 per cent; Southwest Texas, 100 per cent; North Louisiana, 14.1 per cent.

Building Activity Records Decrease
DALLAS, Texas, July 12.—(AP)—Building activity in May in portions of the eleventh federal district decreased 28.7 per cent under the same month of 1926. Andrews, of Dallas, district manager of the American Railway, reports.

Reports, however, were shown with, Beaumont, Corpus Christi, Port Arthur, San Antonio and Shreveport, La. he said, total in the tenth reserve was about the same as in 1926 but a 13.3 percent increase was seen in the eighth dis-

Big Spring Hotel Will Be Enlarged
BIG SPRING, July 11.—Due to the constant demand for hotel accommodations, A. J. Crawford, build- ing contractor, five story hotel is being built in Big Spring. It is to be added to this building a two additional stories. Crawford promises this hot- el one of the most modern and equipped hotels in West Texas. Work on this building will be set as fast as possible according to contractor Crawford. Back- ground is the rate of one and one-half stories per week.

Malone Will Study Coast Irrigation

PLAINVIEW, July 12.—Charles A. Malone of Plainview, prominent South Plains farmer, and founder of the first public utilities power plant in this part of West Texas, will leave Saturday to join a special train at Wichita Falls sponsored by J. A. Kemp conveying a party of Texas business men to California and the Pacific coast where a study of irrigation methods will be made.

Mr. Malone is especially interested in obtaining information relative to small tract irrigation, and in addition, he expects to make a study of alfalfa threshing methods employed on the western coast. He is a director of the Plainview Chamber of Commerce and Agriculture and expects to write his report of findings for dissemination among the people of the Plainview territory. Upon his return home an effort to encourage small-tract farming in the shallow-water section of the Plains around Plainview.

TO DARKEN HAIR APPLY SAGE TEA
Look Young! Bring Back Its Natural Color, Gloss and Attraction!

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and lustrous. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe, improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and lustrous.

Prompt Delivery Of Your Sick Room Needs
We're fully equipped to serve you in every drug store need. A complete prescription department, complete stock of quality drugs, prompt, courteous delivery service.

READY TO SERVE

IN OUR NEW LOCATION
CORNER OF SEVENTH AND AVE. J

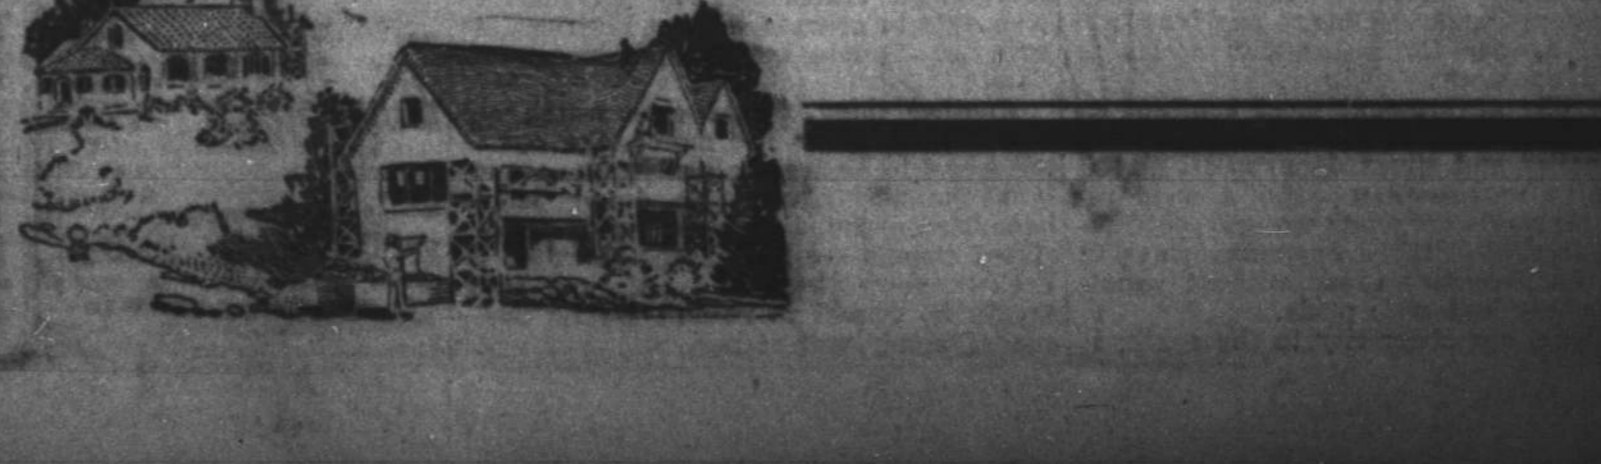

With this announcement of our new location, we desire also to impress upon prospective builders, the advantages that we offer in building service.

Years of experience and the unusual resources of this organization, have made it wonderfully active in the construction industry for many years. Upon rigid investigation, many of those whom we have assisted, were largely influenced by these factors, and how well we have served is best indicated by the fact that we serve again and again those whom we have served in the past.

In addition to securing the highest quality materials for your structure, you also avail yourself of the resources of an organization whose personnel knows the construction business from beginning to end, a feature that is of inestimable importance in satisfaction obtained and economy of construction.

We'll be glad to assist you in any manner possible with your building problems, for we know that the superiority of our service offers advantages that you will surely desire to take into consideration when you build.

CANYON'S JERSEY HERD IS INSPECTED

COLLEGE ANIMALS WILL BE USED TO BUILD UP ALL PANHANDLE HERDS

CANYON, July 12.—T. C. Bennett, breeding specialist of the American herd of Jersey cattle, spent most of the week in inspecting the dairy herd of the West Texas State Teachers college...

To Aid Panhandles

It is the opinion of Bennett and Phillips that the college herd, which is maintained primarily to furnish milk for the college dormitories, can be of great help to the people of the Panhandle by helping them to build up their dairy herds.

CRUDE OIL PRODUCTION SHOWS INCREASE

TEXAS FIELDS PUMP OUTPUT WHILE BREAK EVENERS

NEW YORK, July 12.—The daily average crude oil production in the United States decreased 600 barrels for the week ended July 9, totaling 2,534,950 barrels, according to the weekly summary of the American Petroleum Institute.

DAILY AVERAGE PRODUCTION DIFFERENCES

Table with 2 columns: State, Production Change. Includes Oklahoma (increase 9,600), Kansas (increase 1,850), Pennsylvania (decrease 1,550), North Texas (decrease 350), West Central Texas (decrease 2,000), West Texas (decrease 300), Central Texas (decrease 750), Southwest Texas (decrease 420), North Louisiana (increase 4,900), Arkansas (decrease 700), Coastal Texas (decrease 1,400), Coastal Louisiana (decrease 200), Eastern (no change), Wyoming (decrease 1,700), Colorado (decrease 50), New Mexico (increase 1,050), California (increase 10), Totals (decrease 2,000).

DUSTERS AND DUSTERS ARE USED AT HIGHWAY OFFICES

Dusters and dusters are used in the offices of the State Highway Department five at the courthouse yesterday, and the quarters were placed in such and such condition by employees who explained they were doing their regular spring house-cleaning, and also trying things up a bit on account of change in division engineers.

Live Ball Will Be Talked At Meet

STATE PRODUCES EIGHTEEN MILLION BUSHELS THIS SEASON SAYS REPORT

(By Associated Press) DALLAS, July 12.—Texas will produce more than 18,000,000 bushels of wheat this season and the Oklahoma harvest will be around 10,000,000 bushels, U. C. Andrews, Dallas, railway manager of the American Railway association, estimates.

Prelims Arranged For Dempsey Bout

NEW YORK, July 12 (AP)—Four six-round preliminaries, all involving heavyweights or lightweights, were announced today for the card of July 21, in which Jack Dempsey and Jack Sharkey will furnish the feature.

Lewis Switched To Angelo Territory

(Special To The Avalanche) AMARILLO, July 12.—Host Lewis, who for the past 26 months has been chief scout for the Marshall Oil company in this area with headquarters in Amarillo, has been transferred to San Angelo in a similar capacity. It was announced by Marshall officials today.

After a 48-hour search of Mrs. Randolph Winthrop, of Dalhart, a well box had its bottom and a water that had been hidden for 20 years came to light.

Seeking a location for a district distributing bottling plant, a large company has requested facts and figures about Lubbock with intentions of placing such a plant here. It was announced yesterday from the chamber of commerce office.

Joseph Nowell, 29, and Edith Hoodless, 14, of Hull, Eng., got married during the school holidays and returned to their studies as usual.

TEXAS PRODUCES HUGE WHEAT CROP

STATE PRODUCES EIGHTEEN MILLION BUSHELS THIS SEASON SAYS REPORT

(By Associated Press) DALLAS, July 12.—Texas will produce more than 18,000,000 bushels of wheat this season and the Oklahoma harvest will be around 10,000,000 bushels, U. C. Andrews, Dallas, railway manager of the American Railway association, estimates.

At the end of the fiscal year, 1936-37, 51,512,000 bushels of wheat had been received at Galveston and 47,894,122 bushels had been exported, as compared to the 32,125,000 bushels received and 22,518,000 bushels exported during 1924-25 heavy production year, Mr. Andrews' report showed.

One million and sixty thousand bushels of wheat still are in the elevators here.

Grain situation in other parts, where bushels received since July 1, 1936, amount exported, and amount on hand respectively: Houston, 5,451,520, 3,785,412, 20,456 (June 1, 1936 or 1936); Texas City, 2,091,750, 2,091,750, none (previous year's figures unavailable); Port Arthur, 692,361, 624,170, 23,191 (during same period in 1931, 2,126,292, 2,144,374, 22,549).

Wheat harvesting in the Panhandle was reported about 75 percent completed, reports are reaching heavy percentages.

It is reported that a large percentage of interior available storage either has been filled up or contracted for, indicating a disposition by producers and dealers to hold for higher prices.

Now that the heavy movement

The NUT CRACKER by Joe Williams

Canyon Picnics To Baffle Old Sol

CANYON, July 12.—Continued hot weather is making picnicking and swimming the favorite sports of pleasure seekers in Canyon at this time.

The Ballades, eight miles northwest of Canyon was chosen as the place for a picnic by the faculty of the West Texas State Teachers college; nearly 100 persons attended.

Dr. J. Adams Puffer was the honor guest at a big stag picnic given by the men of the faculty of the college Monday.

All students of the college will be guests of the faculty at a picnic to be held in Coyle Canyon, July 14. There will be about 1,200 people in attendance. This picnic will be the last special event of the first half of the summer session. The second half of the session will open July 19.

Mrs. Martha Thompson of Chicago was fined \$50 for gossiping about Mrs. Elizabeth Gillmore.

Employment statistics say there are 2,000,000 idle men and women in the United States... not counting the girls.

A series of good lies during the game will improve your score... and the same goes after it.

Speaking of mixed foursomes, He who banks on a woman's name is a poor financier.

REALLY RECEIVERSHIP IS ASKED FOR FLORIDA FIRM JACKSONVILLE, Fla., July 12.—Receiver's bill was asked for the Home Steaks, Realty company of Hollywood, Fla., in a suit filed by the Highway Construction company of Ohio, Inc., in United States district court here today.

DAILY MARKETS

NEW YORK, July 12. (AP)—Reports of less favorable weather conditions in the eastern belt stimulated buying in the cotton market today. Prices made new highs for the season on new crop positions. October contracts selling up to 17 1/2, or 25 points net higher. Offerings increased at this figure and there were reactions later under resting. October closing at 17 1/2 and the general market steady at net gains of 4 to 8 points.

The market opened unchanged to 2 points lower, but very quickly firming up on reports of rains in the eastern belt and prospects for showers which were thought likely to increase the boll weevil danger. December contracts, which had sold off to 17 1/2 early, advanced to 18 1/2, while January sold up from 17 1/2 to 18 1/2, net advances of about 19 to 25 points on active months.

The detailed weather reports showing considerable rain in Georgia, with precipitation of slightly over 5 inches at one point in that state, caused a spurt of activity during mid day, when there was covering and a broadening commission house demand. The market met increased offerings as October approached the 18 cent level, however, and after the more urgent demand had been supplied by this selling, trading became quieter.

Exports today 2,945, making 14,987,460 so far this season. Port receipts 8,626. U. S. Port stocks 1,104,958.

COTTON GOODS STRONGER NEW YORK, July 12. (AP)—More interest was shown in cotton goods buying today, flannels, domestics and gray cloths attracting more buyers. Prospect worried opened for spring showing advances ranging from 1 to 2 percent over last season. Raw silk was stronger, and the local markets were 5 cents a pound higher. Burlaps were stronger at Calcutta and unchanged here.

COTTON OIL IRREGULAR NEW YORK, July 12. (AP)—The cottonseed oil market was irregular today, with the firmness of cotton and the steadiness of lard offset by the weakness of the grain. The market closed 30 points higher to 14 lower. Sales 6,800 barrels. Prime crude \$25; prime summer yellow spot 9.20; July closed 9.47; September 9.69; October 9.91; December 10.14; January 10.69.

Wool stronger BOSTON, July 12. (AP)—Quarter-blood 48-50's combing fleece wool continues strong, the asking price of Ohio quarter-blood 48-50's strictly combing is 44 cents. Michigan quarter-blood is selling for around 42 cents in the grease, and the same price is being paid for Missouri quarter-blood.

CATTLE STEADY FORT WORTH, July 12. (AP)—The cattle division of the live stock market here today was generally steady with cows recovering some of Monday's loss. An advance of from 10 cents to 15 cents was recorded in the hog trade and the sheep market was fully steady.

CATTLE STEADY CHICAGO, July 12. (AP)—Cattle: 5,000; killing capacity steady; bulls strong to 25 higher; steers 50 higher; best steers 14.45; stockers 72.50; 55's 72.50; 125's 74.50.

Hogs 25.00; uneven, steady to 10 higher; 100's 10.10; 125's 10.10; medium 9.90; 150's 9.80; 175's 9.70; 200's 9.60; 225's 9.50; 250's 9.40; 275's 9.30; 300's 9.20; 325's 9.10; 350's 9.00; 375's 8.90; 400's 8.80; 425's 8.70; 450's 8.60; 475's 8.50; 500's 8.40.

Sheep 14.00; fat lambs steady; natives 14.00; sheep steady; fat ewes 13.00.

COFFEE ADVANCES

NEW YORK, July 12. (AP)—Coffee futures opened today at a decline of 1 point to an advance of 7 points and advanced later to 12 1/2 for September. Closing quotations: July 12.08; September 12.38; December 12.65; January 11.95; March 11.85; May 11.72; July (1926) 11.68.

Spot coffee steady. Rio 7a 14 1/2 to 14 1/4; Santos 4a 16 3/4 to 17.

WHEAT SELLS OFF CHICAGO, July 12. (AP)—Big selling today on the part of holders of future deliveries of wheat brought about sharp breaks in price. Most of the selling was associated with the United States government crop report showing wheat yields much larger than were looked for. Closing quotations on wheat were unsettled, 2 1/2-3 cents to 3 1/2-4 cents off, oats 1 1/4-2 cents to 1 1/2-3 cents down, and provisions varying from 2 cents decline to a rise of 15 cents.

Corn derived strength from official confirmation that the 1927 prospective corn yield is the smallest since 1903 and that the crop condition at present is the lowest on record. Government figures on oats were construed as bearish. Provisions tended upward, influenced by firmness of hog values.

SUGAR EASIER NEW YORK, July 12. (AP)—There was an advance in the raw sugar market today, but the underlying was easier, and while spot prices remained unchanged offerings were more liberal at 4 1/2 for Cuban duty paid.

Raw sugar futures were easier, reflecting the unsettled tone of the refined sugar market, easier London advices and increased offerings in the spot market. The close was 4 to 5 points net lower, the July position showing the maximum decline. Approximate sales 40,500 tons. July closed 2.87; September 2.76; December 2.84; January 2.79; March 2.70; May 2.78; July (1926) 2.76.

The refined sugar was unsettled and list quotations now ranging from 6.00 to 4.25 for fine granulated.

COTTON BULLISH NEW ORLEANS, July 12. (AP)—A slump in the late trading today cut 20 points from the early cotton market gains which had carried December prices across the 18 cent line. The close was steady with net gains of 6 to 9 points.

Floor cables and good weather reports brought an opening decline which set the day's lows when cottons traded at 37.5 and December at 17.75, six to eight points below the previous close.

Good trade buying and short covering included a rally in mid session that carried October to 17.50 and December to 18.00, 32 to 33 points above the low, and 20 points above yesterday's close.

Absence of rain in the belt brought a closing hour slump which sharply cut down the gains of the day. Exports totaled 10,117 bales.

Wheat Production For Year Boosted

HEREFORD, July 12.—The Hereford country will harvest more wheat this year than was marketed in 1926, regardless of the huge crop of last year, and regardless of the light crop report for this section, according to E. W. Harrison, local grain man.

Mr. Harrison has already received over 200 cars of wheat, besides the amount other elevators of the county have received. He reports that the bulk of the wheat crop has already been received, and that only a few scattering crops are yet to be harvested.

Local elevators have paid much better prices for wheat this year, than in 1926, and of course farmers will realize more money. At least twice the number of farmers in this section will benefit from the sale of wheat this year, than ever before. There were some large patches over the territory, but many put in a patch of wheat as a part of their diversified farming program. Poole Cunningham of the Spring Lake community in Castro county reports the largest yield with 45 bushels per acre on his patch.

CLAIM EMBEZZLEMENT

IRA PEARSON, former treasurer of Lake county was held today on a \$5,000 bond, facing charges of conspiracy to embezzle \$100,000 of the county's funds. He waived a preliminary examination. Three others have passed their case to the grand jury which convenes next month.

Ray Brasche, county treasurer, C. C. Nye, Wilburt, Kans., and Caleb Busiek Wilmette, vice-president of the Barrington Oil company have waived hearings. Harold Martin, Brownsville, Texas, will demand a hearing if preparations to defend him can be completed by July 15, the date of his arraignment, his attorneys said.

Mr. and Mrs. E. E. Halley, Misses Tyler Lee and Elizabeth Klicht, and Frances Wilson are leaving to attend vacation in Colorado, the Yellowstone National park, and other western states. They expect to be gone about three weeks.

AIRPLANE TOUR ENDED

THIRTEEN Planes Complete Trip Over Fifteen States To Show Safety Of Aviation

DETROIT, July 12.—Riding a lightning wind, rain and hailstorm, the 13 planes of the "National Air Tour" landed safely at the Ford Airport here today, completing a 6,000 mile voyage which took them to 25 of the 48 states, with a total distance of 4,189 miles covered during the trip.

Eddie Stinson, pilot of a Stinson-Detroler monoplaner, was announced winner of the first prize of \$2,500 and the Edsel Ford trophy following a checkup of the points made during the long flight. Stinson maintained a comfortable lead throughout the trip. A slight accident at Grand Rapids this afternoon threatened to throw him into second place, but he made temporary repairs and flew through the rain to Detroit.

Randolph G. Page, in a Hamilton-moane, pace-4 second, closely followed by Purvey C. Mummet in a mercury.

Following the close of the tour, Henry Ford and Edsel Ford, the latter sponsor of the flight and donor of the trophy, made an inspection of all the planes. "The fact that these planes weathered the severe storm, and made the long Good Will voyage without serious accident shows the increasing reliability of the modern airplane," Henry Ford stated. "It is also clear testimony of the reliability of the pilots who directed the planes over the course."

POTASH FOUND IN WELL

Formations Encountered in The Landreth Well Near Town Of Big Spring Are Rich

ABILENE, July 12.—Formations drilled in the Landreth Production corporation's test for oil on the Houston ranch, 25 miles southwest of Big Spring, and in Martin county, show an estimated potash content of 50 percent from a depth of 1,695 to 1,735 feet.

The first potash showing was found at 1,450 feet and was continued to the present total depth of 1,566 feet. This is perhaps the richest potash strike at a shallow depth yet uncovered in West Texas.

DEGREES AT OHIO UNIVERSITY

COLUMBUS, Ohio.—Of 20,253 degrees granted in 50 years by Ohio State university more than half have been conferred since the world war.

Community Gives Triplets Home

A little more than a year ago twins were born to Mr. and Mrs. John Johnson of Knoxville, Tenn. The next time the stork came he must have carried a little less gasoline, for he brought triplets. The people of Knoxville chipped together and bought the home shown here for the little family, land, materials and labor being donated. The triplets are Archie, Kermit and Teddy. Teddy is having a bite from his luscious flat. If you can tell us which of the other two is Kermit and which is Archie, let us know.

WIELDS AXE ON WOMAN

Injured Woman Found in Home By Husband Says Negro Attacked Her During His Absence

BIRMINGHAM, July 12.—Returning to his home at Sparks Gap, 25 miles south of Birmingham today, Hutt Howell found his wife unconscious and suffering from wounds she later said had been inflicted with an axe. She said a negro had attacked her in her husband's absence. She was brought to a hospital here where it was stated recovery was doubtful.

Before resigning as a deputy clerk at Charleston, W. Va., Miss Helen H. Phillips wrote a marriage license for herself and Norman Douglas of Pittsburgh.

Five policemen were injured when they tried to quell a family row among a band of gypsies at Dover, Eng.

ROADS IN GOOD SHAPE

Highway Work in This Division Being Conducted in Number Of Counties Now

With crews at work in almost a dozen counties, condition of roads on the Plains is now excellent. Highway maintenance by the state highway department has been aided by showers which have fallen in various sections during the past 50 days, it was stated.

A crew working two rigs is now located in Dawson county south of Lamesa constructing grade and drainage structure on Highway number nine, a crew working two rigs is located on Highway three between this city and Brownfield, in Terry county, near the city of Meadow, and three rigs are busy on the Shallowater road, working on the grade there.

On Highway 28 in Hale, Motley, and Cottle work is being done by the grading crews.

The new approach over the caprock in Crosby county on Highway 53 will be completed within the next 40 days, it is estimated. A large crew of men is now at work on the job and good progress is being made.

WHITE DEER MAN'S CAR IS STOLEN IN LUBBOCK

Parking his car for only a few minutes while he made a small purchase in a local business house, Tony Dick, of White Deer, came back to discover it gone shortly after 11 o'clock yesterday morning. The car, a Ford roadster, bears the license number 11401109 and has the initials TD stamped in several places on the body. It contained a suit case and several small articles.

Local police officers were notified and a thorough search of this section of the country instigated. No trace had been found of the car late yesterday.

BARBERS AS NEWSPAPERS

GRAND FORKS, N. D.—Governor A. G. Corlie of North Dakota has asked barbers to talk to their patrons about state industries, improving opportune moments between the scrape of the razor and the snip of the shears.

"Barber shops," the governor says, "are practically newspapers in their dissemination of news."

American Golfers Favored To Annex The British Title

(By Associated Press)

ST. ANDREWS, Scotland, July 12.—Any one of four Americans—Bobby Jones, Bill Mehlhorn, Jim Barnes and Joe Kirkwood, among eight entrants from the United States and an even 100 others who qualified today for the British Open—figures as a likely winner of the golf championship now in Jones' possession, and which Americans before him have held five times in the last six years.

That was the opinion of British golfers who at the close of 36 holes of the wedding cut process tonight were searching the qualifying lists for a man to restore the British championship to its native land.

RESERVE PRESENT

Besides the quartet of crack Americans whom the British fear most there is a reserve of four more from the United States to halt any ambitious English assault. This group is comprised of Larry Nabholz, John G. Anderson, Walter Kennett and Tom Stevens. Nabholz attracted so much attention today, chiefly by his long accurate driving, that he is ranked by many experts close to the American "big four."

Jones, after a fine 71 today, remained the outstanding favorite. Mehlhorn added his second 73 today for a 144, one stroke better than Jones, and led the American contingent of qualifiers.

MANLY FALL OUT

There are several famous names in British gold missing from tomorrow's starting list in the championship flight. George Duncan, for instance, who holds the St. Andrews course record with a 68, and who all last week in practice was shooting with a stroke or two of that figure, will not be there, for he took four putts on the first green, three shots in a bunker at the second, and altogether too many at other places for a day's total of 82 and an aggregate of 165. Roger Wethered, another golf personality carrying British hopes, passed out with a 161.

The honor of leading the qual-

SHERIFFS HOLD MEET

Law Enforcement Is Keynote Of Convention Now Being Held At City Of Laredo

LAREDO, July 12.—Approximately 300 Texas sheriffs and deputies got down to business here Tuesday in their annual state convention at which law enforcement will be the keynote.

District Attorney John Valls delivered the address of welcome this morning, and after the morning session the visitors went over to the Grande to Nuevo Laredo, where they were guests at a banquet. At the afternoon session a discussion was held concerning laws governing fees.

James McCready of St. Paul, Minn., was the keynote speaker at the banquet. He had a "perpetual-tongue."
