Beware of Street Pullers!

And the merchants who offer to pay you ¼ to ½ cent more for your cotton, provided you trade with them. These little would-be competitors resort to all kinds of methods to gain trade from "Mistrot." They go out on the street and buy your cotton, provided you agree to trade with them. They agree to pay you ¼ to ½ of a cent more than the market price for your cotton, "provided" you agree to trade with them, and spend a certain sum of money. That's their trick; they pay you $1.25 to $1.50 more than the market price for your cotton—you in turn pay them on overcharges on a bill of goods $5 to $10 more than you can buy the same goods at Mistrot's. These are facts! These are actual facts! Comparison of goods and values will convince you. These fellows depend on the talk and salesmanship of their clerks to sell their goods at a big profit—they tell you their prices are higher, but their goods are better than Mistrot's. They will try their utmost to keep you from pricing goods at Mistrot's. If you do, they know their "cake is dough."

I say, BEWARE of the street PULLERS, but come to Mistrot's for high standard quality goods and honest prices, where you will save money on your purchases. We depend on the intelligence of the public and judgment of the trade, with the best goods and lowest prices for comparison. All goods sold strictly as advertised on their own merits. Strictly one price cash to everybody, always the lowest.

WE KNOW there are some few weak-minded people who will allow themselves to be pulled around by these Street Pullers, and believe their scary tales and prevarications about Mistrot's, and take it all in as a fact; we feel sorry for them; we know that the majority and masses of the trade will not allow themselves to be pulled around, and would consider it an insult to their intelligence. We say to those, come to Mistrot's price goods, examine the quality; if we don't save you money we don't want your trade. All goods sold strictly as advertised; bring this price list with you and compare the goods; you will find them just AS ADVERTISED AT MISTROT'S.

Col. Hamilton Denies Rumor.

A Waco special of the 4th says: After an absence of fifteen days, Col. Charles Hamilton, vice president and general manager of the Texas Central Railroad, returned to-day and immediately gave orders for additional betterments, some of which will involve large expense and will require several months to carry out. The correspondent called to inquire into the report that the Santa Fe system has enlarged itself by the purchase of the Texas Central, and was informed that no such transaction has taken place. Col. Hamilton said however, that several of the great railways having lines in Texas have examined the Texas Central, among them the International and Great Northern, the Atchison, Topeka and Santa Fe, the Southern Pacific and the Chicago Rock Island and Pacific.

"The Texas Central will be sold," Col. Hamilton said, "when the right parties come forward with the right sort of an offer."

Continuing his remarks, Col. Hamilton said that the Texas Central, being comparatively a short line, extending into the region most of the extensive systems of the Southwest are seeking, causes much interest to attach to any reports sent out concerning it, making it a tempting subject to newsgatherers.

"It is well known," he said, "that we are willing to sell and that the road may in future change owners, therefore close watch is kept and sooner or later, no doubt, a good news item will be forthcoming. For the present everything is just as it has been except our new improvements."

Startling, but True.

"If everyone knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at Overton Drug Co.

Ringling Bros. Sued.

A special from Austin of last Tuesday says "In the District Court here to-day J. D. Cunningham, State Revenue Agent, acting in behalf of the State of Texas, filed suit against Ringling Bros., proprietors of the circus of that name, for the recovery of $3,600 alleged to be due the State in occupation taxes, and for writ of injunction restraining them from giving any further exhibitions or performances of their circus and menageries in any county of the State, and that they be enjoined from removing any effects of the circus and managerie until they have paid to the State and to each of the counties in which they have given exhibitions or performances the respective sums due and owing to the State and counties referred to. The counties in which the circus has appeared on its present tour are named in the petition to be Smith, Hunt, Denton, Grayson, Erath, Ellis, Lamar, Navarro, Parker, Hill, McLennan, Dallas, Fannin. Kaufman and Travis.

The case was set down for a hearing at 9 o'clock tomorrow morning. The circus gave its usual performances here to-day and leaves for Brenham after to-night's performance. The point involved in this case is whether the two performances which are given each day are continuous performances under the law. If they are continuous but one tax of $150, of which $100 goes to the State and $50 to the county, can be charged, while if they are construed under the law to be separate performances the $150 tax must be paid for each, making a total of $300 per day. The amount paid heretofore has been but $150, covering both performances as continuous."

One Minute Cough Cure.

Is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, la grippe and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Fenner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended OneMinuteCoughCure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. OneMinuteCoughCure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children.—Overton Drug Co.

John McDaniel, who resides east of Stephenville was arrested at Stephenville some dsys ago on a charge of having broken into and burglarized the store of Maloney & Co. at Stephenville on the 28th ultimo. A number of articles were found in the possessioh of the prisoner which were identified as some of the stolen goods. A case is pending against McDaniels in Comanche county on a charge of fogery and he was out on bond. It is believed that one or more other parties were also involved in the burglary at Stephenville.

Arrested for Burglary.

A fifteen year old boy by name of Sewell was arrested Wednesday at Hico on a charge of burglarizing the house of Geo. Palmer in the Altman community early this week. The family was away from home at the time and the boy got $70 from a little box in the kitchen. He at once went to Hico and bought a quantity of goods. When arrested however these were returned and all the money recovered except fifty-five cents. The boy acknowledged to the crime and was taken to Stephenville Thursday by Justice Mayes of the Alexander precinct.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian evangelist of Filey, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by Overton Drug Company.

Master Robert Earle Hutchingson entertained his young friends last Friday afternoon, in honor of his birthday. A large crowd of the little people were present to celebrate the occasion. All kinds of "goodies" were provided and the participants went home wishing that Robert's birthdays were more frequent occurrences.

Death of Captain John Roch.

Capt. John Roch, a pioneer citizen of this portion of Texas, died at his home nine miles southwest of Dublin last Tuesday, November 4th, at the age of 58 years, 7 months and 12 days. He was buried at the Proctor Grove cemetery the following day. His last illness was of only a few days duration and was stated by his physicians as being a complication of pneumonia and serious lung troubles, the latter due to an old gun shot wound in the left breast received during the civil war at the battle of Gettysburg.

Capt. John Roch was born of Irish parentage March 22nd, 1844 at Portland, Maine. His parents were natives of county Roscommon, Ireland, where they were married and in 1844 crossed the Atlantic to the United States and settled in Portland, where his father became prominent as the inventor of what is known as the Blasedell brick machine. Capt. Roch was reared and educated at Taunton, Massachusetts, whither his parents had moved, but never attended school after he was eleven years of age. In his youth he was apprenticed to a machinist, but all thought of this was put aside in 1861, when in response to President Lincoln's call for volunteers he enlisted for three months service in the Taunton Light Guards. At the expiration of this service he was mustered into service in the Twenty-Second Massachusetts Infantry, with which he was connected for the period of three years, serving with the Army of the Potomac. His duties were often arduous and he was wounded five times in three battles; at Gaine's Mill he was shot through the neck, at the charge of Fredericksburg he was shot through the left leg and at the memorable battle of Gettysburg was shot through both thighs and the left breast. He entered the service as a private and was mustered out a captain, but later breveted a major for bravery.

In 1866 Capt. Roch went to Little Rock, Arkansas and from there crossed the plains to New Mexico as wagon master of a freighting train and a year later moved to Comanche county, Texas, where he has since resided and been engaged in agricultural pursuits on his farm which he purchased shortly after settling.

In 1869 he was married to Miss Mary A. Marshall, a native of Arkansas, whose father was at that time a prominent farmer in Comanche county; about the same time he established and began operating the first steam mill in Comanche county, located at Hazel Dell. In 1870, while with three others repelling an attack by a band of twenty-eight Indians he received a wound inflicted by an arrow, which struck under the right shoulder blade and came out in front. Only one of his little band escaped serious injury, from which one of them died.

In the seventies he served variously as justice of the peace, commissioner and tax assessor in Comanche county and has since been prominently connected with the democratic organization there. He has also since been honored with election to many positions, chief among them Commander-in-Chief of the Grand Army of the Republic for the department of Texas, in which organization he took great interest. His parents were staunch Catholics, but he was a member of the Methodist church for some years but not connected with any denomination at the time of his death. He leaves a wife and several children in Comanche county, besides a brother Ed Roch, who is a well known citizen of near Proctor.

Election Echoes.

The election of last Tuesday was in Dublin and Erath county fraught with little interest, in view of the fact that there was comparatively no opposition to the democratic ticket. The apathy was general throughout Texas except in very few instances where the race was close between local candidates. The interest at Dublin was, aside from the poll tax amendment, principally centered in the races for constable and justice of the peace and the vote at this box only reached 564 as against 697 cast in the democratic primaries last March. The amendment was defeated at the Dublin box by a vote of 229 to 271 but in the county the unofficial returns show that it carried by one vote, the totals being 1637 against and 1638 for. The amendment throughout the state met with comparatively little opposition and was carried by a very large majority.

The unofficial but practically correct returns of the the total vote in Erath county are given in another column.

The vote in Dublin justice precinct was as follows: For justice W. R. Able democrat, Dublin 365, Kikers Gin 65, total 430; D. P. Lester independent, Dublin 170, Kikers Gin 14, total 184.

For constable E. L. Bradley independent, Dublin 416, Kikers 82, total 498; G. W. Hickey independent, Dublin 130, Kiker 0, total 130.

At Kikers Gin box G. R. Fagan independent for tax collector received 36 votes as against 35 for Riggs Roberts democrat.

J. T. Christian populist was elected justice in the Lingleville precinct over Mr. Stripling, democrat. Both were running independently.

STRIKE COMMISSION.

**Considerable of the Lehigh Valley Wa
Traversed on Special Train.**

Hazleton, Pa., Nov. 4.—The anthracite coal strike commission arrived in the Lehigh valley region from Scranton. The commissioners passed Sunday night and ate breakfast on a special train. The party were met at Pond Creek, about 12 miles north of here, by District President Duffy of the United Mine Workers, who represents the miners while the commission is in this region. The operators are represented by General Superintendent Warriner of the Lehigh Valley Coal company and General Superintendent Richards of the Lehigh and Wilkesbarre Coal company. The program was an extensive one, and made up so as to cover the entire Hazleton region. The greater part of the territory was viewed from the special train. Upper Lehigh, Sandy Run, Highland, Freeland, Drifton and Jeddo, the latter place the home of John Markle, an individual mine operator, were visited, and the train was then run to Ebervale, Milnesville and into Hazleton. Visti to one mine took up some time.

IN FRONTIER STYLE.

**A Boy in a Brooklyn Hospital Says He Is
a Victim of a Holdup.**

New York, Nov. 4.—A story has been told by Eugene Stegemann, 10 years old, who is in the Kings County hospital in Brooklyn, in a serious condition. He was the victim of a holdup in true frontier style in a clump of woods near his home.

Young Stegemann is the son of a wealthy electrical manufacturer. He was gathering mineral specimens in the woods at the rear of his home, according to his story, when he was seized by two boys carrying small rifles. Pointing their guns at him, Stegemann says, the boys threatened to "blow his head off" if he did not leave the neighborhood.

Before he could utter a word or get out of the way there were two reports. A bullet whizzed by Stegemann's cheek and a second bullet lodged in his left shoulder. The boy fell to the ground with a groan and the two boys responsible for the injury fled.

Stegemann was found by a passer by and carried home, where it was found a bullet had penetrated his left lung and that he was in a serious condition. The police were notified and arrested two boys, who declare they were shooting at a target.

INDIAN ROBBED.

**A Flathead Is Relieved of Twenty-Two
Thousand Dollars.**

Missoula, Mont., Nov. 4.—A wealthy Flathead Indian, named Matchell, has been robbed of $22,000 in cash, the money consisting of $100 bills and $20 gold pieces.

Matchell visited the town of Plains, and during his absence at night a man dressed as a squaw visited his home on Camas Prairie and engaged in conversation with Matchell's squaw. Mrs. Matchell noticed that the visitor was not an Indian squaw, but a white man, and her suspicions were aroused when she saw two men run from an out building where the wealth had been stored, carrying something with them.

The robbers jumped on their horses, which were nearby, the man that had been talking to the squaw joined them, and the three hurried away, leaving no clue.

Three Men Killed,

TRAPPED AND KILLED.

**Bert Casey and Jim Sims, Outlaws, Slain
by Two Deputy Sheriffs.**

Guthrie, Okla., Nov. 4.—Bert Casey, an outlaw, and Jim Sims, one of his lieutenants, trapped by two deputy sheriffs in a rendezvous near Glen Springs, in Woods county, Monday, were shot and killed. They put up a strong fight, firing several volleys, but neither of the deputies was hit. Two deputies in disguise had secured the confidence of the outlaws, and being with them at the time gave the signal to their fellow-officers that started the fight. Casey and Sims were planning the release of George Moran, another of their number, now on trial at Lawton for murder.

ANSWER FILED.

**Reply of Colorado Relative to Use of
Arkansas River Water Received.**

Washington, Nov. 4.—The answer of the state of Colorado in the suit of the state of Kansas vs. Colorado for the restriction of the use of the water of the Arkansas river by the latter state was filed in the United States supreme court Monday. In general, all the allegations of the bill of the complaint are denied and it is set forth that the appropriations of water complained of "were in accordance with the reliance upon the doctrine respecting the appropriation of the water from the natural streams for beneficial uses which by usage and custom prevailed in the arid region of the United States at the time of said appropriation, and which, by the approval of the United States, have at times made the law applicable to the public lands in said arid region."

It is urged that the people of Kansas have themselves recognized the necessity of the use of the water of th strams for the purpose of irrigation by so using th water themselves.

CHILDREN DETAINED.

**Eleven Little Cubans Booked for Califo-
nia Cannot Go There.**

New York, Nov. 4.—The board of special inquiry reported to Commissioner of Immigration Williams that it had voted unanimously in favor of excluding all children who came from Santiago, Cuba, to this country to join the Universal Brotherhood institution at Point Loma, Cal.

It is expected an appeal will be taken from the decision.

Mr. Williams directed that they remain at Ellis island, but that they be placed in his own private suite rooms in the Ellis island building. There under treatment they will remain until the case is settled. The first appeal taken from the decision of the board of special inquiry is to Commissioner Williams and the next is to the treasury department at Washington where the commissioner expects a decision will be rendered.

Responsibility to Be Looked Into.

Washington, Nov. 4.—The treasury department has received information of the arrival at New York of thirty Cuban children enroute to the Universal Brotherhood school at Point Loma near San Diego, Cal. Assistant Secretary Taylor has decided that the children be detained in New York until the character and responsibility of the school can be ascertained.

Rice-Corbett Fight Off.

Waterbury, Conn., Nov. 4.—Austin Rice, the pugilist, who was arrested Saturday on a charge alleging intent to break the peace by engaging in a boxing match with "Young Corbett" on next Thursday night was Monday bound over in $100 bond to keep the peace.

Later Wm. L. Crowley, of Hartford, manager of the proposed exhibition, announced that both the Corbett-Rice bout and the preliminary bouts were off.

"Young Corbett," against whom a warrant was issued, did not put in an appearance, but was represented by an attorney. A bond of $500 was provided for him by Manager Crowley.

No Federal Question.

Washington, Nov. 4.—The United States supreme court Monday dismissed on the ground that no Federal question was involved in the writ of error in the case of Fred Baker vs. Stephen Baldwin, both of Michigan, involving the constitutionality of the Bland-Allison coinage act of 1878 providing for the coinage of silver dollars. The case arose out of a refusal on the part of Baker, to whom Baldwin owed $330, to accept silver in payment. The case was decided in Baldwin's interest by the supreme court of Michigan, and Baker brought it to the United States supreme court on a writ of error The former decision was sustained by Monday's decision, but the court did not enter into the merits of the controversy.

Trolley Line Constructed.

South McAlester, I. T., Nov. 4.—At a meeting of the board of directors of Indian Territory Traction company the contract for road work on the street railway line from South McAlester to Halleyville was let to Donald G. Grant of Faribault, Minn. Mr. Grant is one of the original incorporators.

The system equipped with elctric cars will cost $450,000. Active work on construction will begin next week.

In Hands of a Receiver.

Huntsville, Ala., Nov. 4.—Judge Shelby of the United States circuit court has placed the Southern Building and Loan association of Huntsville, one of the largest concerns of the kind in the south, in the hands of Lawrence Cooper as receiver. This action was taken as a result of petition of Mrs. Barker of Massachusetts.

RACE RIOT IN ALABAMA

Eleven Persons Reported Dead and the Trouble Still Serious.

NEGROES CAUSE RIOT

**They Shove a While Woman from a
Trestle Severely Injuring Her
and an Explanation Being De-
manded a Fight Ensued.**

Birmingham, Ala., Oct. 20.—Three white men and eight negroes are reported dead as the result of a race riot at Littleton, twenty-three miles from this city.

The citizens of Littleton have appealed to Sheriff A. W. Burgin for assistance, and a possee of deputies left here on a Southern railway train for the secene of the trouble.

The riot was precipitated by several negroes pushing a white woman from a trestle, and it is said severely injuring her. Several white men armed themselves and apprehended the negroes, demanding an explanation of their conduct. The answer was a volley from a winchester rifle, which killed one man instantly and mortally wounded another. Another white man is missing, and it is supposed he is dead. The white citizens then fired into the ranks of the negroes and several are reported to have been killed.

The following telegram was received by Sheriff Burgin at 9:30 o'clock Sunday night:

"Littleton, Ala.—White man shot dead and one missing. Negroes armed and highways blocked. Things are serious. Send posse here on 10 o'clock train without fail."

The message was signed by S. F. W. Barnes, Rev. F. P. Skeleton, W. F. Lane, M. J. Marshall and C. J. Loangston.

A message received later says three white men and eight negroes were dead.

A newspaper man, who has just arrived in Littleton, reports the situation fully as serious as previously reported. So far he has obtained the following list of casualties and says there are many more to come:

Unknown man, shot dead.

Joe Thompson, white, shot in the bowels, serious.

Ira Creel, white, missing, was with Thompson.

John Baer, negro, shot in heel.

Will Tolbert, who shot Thompson, shot in the chest, serious.

Later report from Littleton says that three white men and eight negroes are dead as a result of the race riot. The negroes outnumber the whites ten to one, and are in complete possession of the town. The negroes have captured a powder magazine belonging to a coal company. A reign of terror exists.

Captain Pat Galvin Dead.

Chicago, Oct. 20.—Captain Pat Galvin, for several years connected with the police department of New Orleans, died here at the home of his sister, of fatty generation of the heart. Galvin came into prominence twelve years ago during the Mafia riots in New Orleans. When Chief of Police Hennessy was killed, Galvin was put in charge of the police department. He resigned his position on accounting of failing health. Captain was 62 years of age.

Fatal Fire in a Compress.

Hamlet, N. C., Oct. 20.—Fire broke out at the cotton compress at noon Sunday, destroying property valued at $225,000 and causing the death of J. M. Wilson of Clarksville, Ga., bookkeeper for the compress company. The compress was owned by the Sea Board Air Line company. The Pee Dee ice plant, one of the largest in the state, 2400 bales of cotton and a quantity of burlaps and bagging were also burned.

Killing in Ellis.

Ennis, Tex., Oct. 20.—News was received here Friday afternoon that a young man by the name of Grammer had killed himself with a shotgun on the Rankin farm, seven miles west of Ennis. No further particulars could be learned. Justice of the Peace J. B. Overall is on his way to the scene to hold an inquest.

Report Confirmed.

Kingston, Jamaica Oct. 20.—Word has been received here confirming previous reports that the provisional government of Hayti has crushed the Firminist revolution and that the election of Senouque Perre to the presidency is assured.

Another Factory for Hillsboro.

Hillsboro, Tex., Oct. 20.—A pants factory is the latest acquisition to Hillsboro's industrial enterprises. The arrangements for it are about completed. It will manufacture pants for boys and youths only, but on a large scale.

National Livestock Officers.

Pittsburg, Oct. 20.—At the meeting of the National Live Stock association the following officers were elected: President, J. B. Douds, Chicago; secretary, G. W. Walker, Chicago, and M. F. Wiley, Sioux City, treasurer.

Charged With Whitecapping.

Paris, Tex., Oct. 20.—Luther Downs and Will Chamliss, living in Boggy Bend, on Red river, were arrested and lodged in jail here on grand jury indictments charging them with whitecapping.

New Yorker Dead.

New York, Oct. 20.—Joseph A. Dean, president of the Northfield Oil Refining company and a director in many corporations, is dead at his home in

THREE MEN KILLED.

**D. B. Thomason, Will Rutherford and
Bob Rutherford Dead.**

Groesbeck, Tex., Oct. 21.—A party came to town late Monday afternoon for Sheriff Gresham, saying three men had been killed about four miles east of this place. Sheriff Gresham and some deputies hurried to the csene. On arriving there they found D. B. Thomason, Will Rutherford and Bob Rutherford dead.

A witness told that Will Rutherford shot D. B. Thomason, then Wallace Thomason, son of D. B. Thomason, shot both Will and Bob Rutherford. Pistols were the weapons used. Wallace Thomason made his escape and had not been captured at that time. The trouble was over some land.

D. B. Thomason was the father of Will Rutherford's deceased wife. He was a man 60 or 65 years of age and leaves a wife and five children. He was shot once in the breast.

Will Rutherford was between 20 and 30 years of age, and was shot five times. He leaves two children, grandchildren of D. B. Thomason.

Bob Rutherford was shot three times. He leaves a wife and one child.

Wallace Thomason was a brother-in-law of the Rutherfords.

CHURCH AND STATE.

**Bill Proposing Such in France, but the
Measure Virtually Killed.**

Paris, Oct. 21.—In the chamber of deputies Monday Ernest Roche, Nationalist, introduced a bill for the separation of the church and the state, the abolition of the budget of public worship and the suppression of the French embassy at the Vatican. The bill was presented as a challenge to the government to carry out the radical program. The deputy demanded that the chamber declare urgency of the measure but Premier Combes refused to accept the motion.

The urgency motion was lost by 285 to 179 votes, but ordered an early discussion of the counter proposition referring all bills dealing with the separation of the church and state to a special committee, which means defeat.

Cotton Mill Combine Assured.

Huntsville, Ala., Oct. 21.—It is authoritatively announced that the Southern Textile company, better known as the Frie's mill merger, will become effective December 1. Seventy cotton mills enter the combine.

BRIGHT'S DISEASE.

The largest sum ever paid for a prescription changed hands in San Francisco, August 30th, 1901. The transfer involved in coin and stock $112,500.00 and was paid by a party of business men for a specific for Bright's Disease and Diabetes, hitherto incurable diseases.

They commenced the serious investigation of the specific Nov. 15, 1900. They interviewed scores of the cured and tried it out on its merits by puting over three dozen cases on the treatment and watching them. They also got physicians to name chronic incurable cases, and administered it with the physicians for judges. Up to Aug. 25, eighty-seven per cent of the test cases were either well or progressing favorably.

There being but thirteen per cent of failures, the parties were satisfied and closed the transaction. The proceedings of the investigating committee and the clinical reports of the test cases were published and will be mailed free on application. Address JOHN J. FULTON CO., 420 Montgomery St., San Francisco, Cal. 29-tf

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

Who can direct, when all pretend to know? —Goldsmith.

Many are satisfied to live in Northwest Texas, having proved the value of the land in that region as a good Crop Raiser. Not only Cattle, but Wheat, Cotton, Corn, Feed-Stuffs, Cantaloupes, Garden Truck and Good Health flourish here—in a district where Malaria is impossible and very little doing for Jails and Hospitals.

Land, which is being sold at really low figures—tho the constantly increasing demand is steadily boosting values—is still abundant; and Farms and Ranches of all sizes, very happily located, are being purchased daily.

We will gladly supply all askers with a little book, published by the Northwest Texas Real Estate Association, which contains an interesting series of straightforward statements of what PEOPLE HAVE ACCOMPLISHED along the line of

"THE DENVER ROAD."

Passenger Department, Ft. Worth, Texas.

N. B.—We find our passenger patronage very gratifying. It is necessary to run three trains daily each way as far as Wichita Falls, and two clear thru. We continue, the year round, the excellent Class A service that insures the preference of Colorado and California Tourists, Winter and Summer. By the way, we offer now more than half a dozen routes to California, the newest being via Dalhart (also good for Old Mexico), with first-grade Eating Cars all the way.

THE DUBLIN PROGRESS

J. S. DALEY,....PUBLISHER AND FOUNDER.

DUBLIN, TEXAS, FRIDAY, NOV. 7, 1902.

STEPHENVILLE.

From the Empire.

Oct. 30th.—A new boy has arrived at the home of Joe Lockhart.

Misses Willie and Minnie Davies of Dublin were with friends in this city from Saturday morning until Monday evening. They are very amiable young ladies, and are quite popular with their many friends here.

Dr. J. S. Turner, several years ago a citizen of Stephenville, who is now superintendent of the insane asylum at Terrell, was here this week.

Press Snow and family who left this county in July, moved to Meridian, Oklahoma, and were living for the present in a tent. Last week their tent was burned with all their household goods, and their little child just one year old, was so badly burned that it died within two hours.

The game of foot ball played here last Friday between the Houk-Grants and the Cisco teams resulted in a score thirty-one to nothing in favor of the home team. Our home team now has challenges out for Ft. Worth and Cleburne.

Miss Mary Potts, one of the most popular of the summer normal students here last summer, was with friends in this city Sunday.

Clyde, the little four year old daughter of Alex Barham and wife, who reside in the Smith Springs community, died Saturday night with a complication of meningitis and paralysis.

So far during the present term of district court the nearest the state has come of losing a case was one which resulted in a mistrial.

F. Faulkner, formerly a citizen of Stephenville, writing from Tulia, Swisher county, to friends at this place, tells of lamentable accidents which have befallen his two little boys, Irving and Virgil. On the 4th inst. Irving got one of his legs broken below the knee. Both bones were broken and the flesh torn off for about five inches. Three doctors set the broken bones, and stated that it was the worst case of the kind they had ever known. On the 16th, Virgil was run over by a wagon heavily loaded with lumber, the wheel starting at his hip and running over his body to his shoulder. Two or three of his ribs were broken, and his lungs so compressed as to produce pneumonia. His shoulders are badly mashed and it is feared that his spine is injured. He was twenty-five miles from home when the accident occured. Mr. Faulkner and family have many friends here who will very much regret these sad misfortunes.

CALLED RIDDLE A LIAR.

In the district court Tuesday night, in the course of the trial of The State vs. J. I. McLeod, suit on liquor dealer's bond, Clarence Nugent, attorney for the defendant, in his speech charged District Atty. Lee Riddle with unwarrantably dismissing a case against one of the witnesses in order to have him testify in this case. He dwelt upon this at length and in a way to reflect upon the purposes and honor of Mr. Riddle. Riddle in his rejoinder branded these charges as "false as hell," Nugent began to renew his charges. The court attempted to quiet him, but he persisted in calling the district attorney a liar, whereupon Judge Oxford imposed a fine of $100 and three days in jail for contempt of court.

The deputy sheriff took Mr. Nugent in custody and kept him the remainder of the night, but did not take him to prison. Early Wednesday they called on Judge Oxford and Nugent plead for clemency of the court. The judge, however refused to remit the fine and ordered him taken to jail.

Later in the morning, Wednesday, Mr Riddle interceded with the court to have Mr. Nugent released; he had not stopped his speech at the interference the night before and did not know until the next morning of the action of the court in the matter. About 1 o'clock yesterday evening Mr. Riddle apologized for the last word in his charge—the falsity of Mr. Nugent's claims, but held to the other. Nugent apologized and was released from prison and his fine remitted.

Mrs. Martha Riggs of Claremore, I. T. was met here last Monday evening by her son-in-law, Capt. V. A. Roberts of near Clairette. She will visit with his family during the winter.

Fred McAnally, who was recently sentenced to four and one-half years in the penitentiary for theft escaped from jail at Stephenville last Monday, but was apprehended in Dublin that afternoon and taken back to jail.

Don't forget the old man with the fish on his back.

For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.

To the consumptive he brings the strength and flesh he so much needs.

To all weak and sickly children he gives rich and strengthening food.

To thin and pale persons he gives new firm flesh and rich red blood.

Children who first saw the old man with the fish are now grown up and have children of their own.

He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

TOLAR.

Regular Correspondence.

Nov. 5th.—The election here yesterday was very quiet and the vote was light. S. E. Davis was elected justice of the peace and Wash McStrog constable in this precinct.

Quite a number went from here ta Granbury today to attend Gentry Bros. show.

Mrs. R. D. Mugg and Miss Nell Jackson visited in Stephenville Saturday and Sunday.

Frank Curl and S. E. Dunnman returned Tuesday evening from a weeks visit in Hamilton county.

J. A. McCarty is in Oklahoma on a prospecting tour.

Dr. Dunn accompanied a patient, Mr. Flake, to Ft. Worth today to have an examination made and probably an operation performed for an acute stomach trouble.

Jesse Nutt and lady entertained a number of the young people last night.

Miss Gray from Elm Flat is visiting Mrs. Marion McIlroy.

Miss Lucile Gaston, daughter of Editor Gaston of the Granbury News, returned home Monday after a week's visit with friends.

POINT LOOKOUT.

Regular Correspondence.

Nov. 3d.—A rain that very greatly benefitted wheat and rye fell last Sunday.

Cotton is opening slowly on account of the cool weather.

A baby girl was born last week to John Timberlake and lady.

An apple drawing party was enjoyed by the young folks at the home of M. L. Stephen Thursday night.

Most of our farmers will have plenty of fat hogs to kill this season to make their own meat supply. Fat beeves have been also butchered extensively in the community this fall.

Willie McNeill from near Lingleville visited with this scribe and others in this community last week.

The grass here is fairly good and cattle are in good condition to go through the hard winter that we may expect.

The fall fights opened at Alexander recently with an affray between Walter Turnbow and John Deisher over some sort of a race. Both used knives and we understand were rather badly used up. Such matters are greatly to be regretted.

A fine boy was born on the 20th ultimo to Sam Walker and lady.

SCIENTIFIC FOOD

That Cures Patients Quickly.

"My experience with food has been considerable.

"For twenty years I suffered with chronic indigestion and bowel complaint which brought on general debility," says a gentleman of Danville, Ills. "I was very poor in flesh and everyone thought I had consumption. I was treated by the best doctors of several cities but to no benefit.

"At last, I went to the hospital and while there began using Grape-Nuts, the physician giving me permission and from that day I commenced to gain. By careful diet and using judgement, I gained in flesh and strength, my lungs got better and today I consider myself as well as men in general at my age of sixty years.

"The other patients noticed that I gained faster under the same treatment and care and I told them to add Grape-Nuts to their diet and be careful not to eat meat, nor warm bread and starchy food. I can now eat anything in reason; I sleep well; bowels are regular and I have gained twenty-two pounds in flesh. Grape-Nuts food saved my life.

"It adds to the health and comfortable living, makes the mind clear and prolongs life." Name given by Postum Co., Battle Creek, Mich.

Cured of Piles After Forty Years.

C. Haney of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts burns, bruises, sprains, laceration, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits.—Overton Drug Co.

Dr. B. F. Archer, who left with his family last week for their new home at Sweetwater, writes us from that place that they are well pleased with their new location. He says a very large crop of feed was made thereabouts this year, though but about half a crop of cotton and it very late. He says business is moderately good at that place and a large amount of building improvements are being made, including a number of brick business houses and a great many cottages. The Orient railroad being built to that place has reached her nintieth mile north and will finish to Red river by January 1st, and a Santa Fe extension from Coleman to Portales, N. M. via Sweetwater is being talked of and these prospects are having a tendancy to boom the town.

Preaching as usual at the Methodist church Sunday at 11 a. m. and 7:30 p. m. Morning subject "Go Forward," by the pastor; at night Bro. Boone will preach the last sermon of his four years' administration as presiding elder of the Dublin district. As this will be the last Sunday before conference, all members are expected to be present. At morning service Miss Gertrude Andruss will sing "The Plains of Peace" with violin obligato by Mr. Edmonds. Sunday school at 9:30 a. m., Junior League 4 p. m., Senior League 6:45 p. m. A cordial invisation is extended to all.—Robt. E. Goodrich, pastor.

Col. W. L. East of Wilson, La., who came in last Sunday to spend a few weeks with his brother J. C. East at Lingleville, was in Dublin the first of this week, the guest of Capt. Ike Pipes, with whom he soldiered throughout the civil war in the 27th Louisiana Infantry. Capt. Pipes was proud of the visit and the opportunity afforded two former comrades in arms to go over and revive many tender memories of the bloody days of the early sixties. He says the story of eating mule meat, was an actual experience with himself and Col. East and that they were very glad at the time to be able to get that.

It is thought than an attempt was made to wreck a train on the Texas Central railroad, west of Whitney, last Sunday. A cross-tie was thrown across the rails at about half way between the mile posts 35 and 36, which would make it about three miles west of town. The passenger train from the west due here 3:55 p. m., ran against the obstruction and knocked it off without mishap. The officials of the road reported the matter to the sheriff's office at Hillsboro, and Deputy Sheriff Clifton came over Monday and investigated, but could find no clue, whatever.—Whitney Messenger.

Mrs. M. E. Nolan died at the family residence in southeast Dublin last Wednesday with a complication of blood poisoning and pneumonia extending over a period of about two weeks. She leaves a husband and five small children, the latter ranging in age from two to fourteen years. Burial took place at the Old Dublin cemetery yesterday.

There's neatness and finish in the Buckskin Breeches that is not found in other makes. The reason they are the best is because we make more pants, know how better and don't waste any time in manufacture. That's why the price is as low as that asked for common pants.

The Hico Leader of last week says: J. C. Cosby, who lives near Carlton carried cotton to Dublin one day last week and the price did not suit him so he drove down to Hico and sold it for a better price. Mr. Cosby says that he always gets better prices here and finds that he can buy goods as cheap as any place.

Reports from Brownwood says that track laying on the Frisco extension west from that place to Brady began last week and already over three miles of steel track had been put down. The road bed for the entire route is said to be completed and within a few weeks trains are expected to run into Brady.

B. B. Spruance of Ft. Worth spent Sunday here with his wife and her parents Mr. and Mrs. S. H. Grizzell. He was en route home to Ft. Worth from a prospecting trip through western counties, in some of which he expects to buy a large ranch and enter the stock business.

Grant Humble has purchased a half interest in the Ideal Steam Laundry. We are authorized to say however, that the laundry will continue with the same management as heretofore. J. Lewis Newcomb has also purchased a half interest in the Dublin Laundry.

The populists elected Smith for county attorney by 170 majority and also elected the justice of the peace in Comanche precinct, justice in the Proctor precinct, justice, constable and commissioner in the Gustine precinct.

Sam R. Bryant populist, was elected county judge in Eastland county over J. B. Stubblefield by a safe majority. All other democratic county officers elected.

S. T. Davis populist, was elected justice in the Tolar, Hood county, precinct, balance of officers all democrats. Granbury voted 275 as against 491 cast in the democratic primaries last spring.

Jumped on a Ten Penny Nail.

The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by Overton Drug Company.

The chasm between the Boers and the British is growing wider. All the Dutch women in Cape Colony wear the Transvaal colors. A generation is being raised up which will be more difficult to handle than the present one. The blacks have taken possesion of the majority of Boer farms and refuse to hand them over to the repatriated owners. British officials invite the Boers to regain possession by force, but the latter decline to do so. the disbanded colonial forces are thoroughly disaffected owing to the non-fulfillment of the promises made by the authorities who enlisted them. Insufficiency of native labor prevents the expected mining developments, while the mine owners have to face threats and heavy taxation for the war. the national scouts dare not venture outside the British military posts. Four were found one morning recently laid out dead at the foot of the Kruger monument in Pretoria, their heads split open.

Utterback & Harris Co. are headquarters for all kinds of shoes—Hamilton Brown, none better, few as good. Why buy cheap worthless shoes when you can get good shoes just as cheap.

J. H. Newborn, a prosperous farmer who resides about five miles south of Dublin, was in town during the past week and straightened his account with the Progress. The success that has been achieved by Mr. Newborn since 1896 is an object lesson in the possibilities of agricultural effort when intelligently directed with necessary energy. Mr. Newborn was raised in this part of Texas and was doing only reasonably well until he moved about the year 1894 to Louisana and attempted farming there, where he quickly learned by comparison, the immense possibilities and advantages in favor of the planter in Texas. In 1896 he returned practically stranded financially and went to work in earnest. Since that time he has purchased a fine farm of 257 acres within less than six miles of Dublin and does not now owe one dollar on it and it is easily with all kinds of implements and plenty of stock and is entirely out of debt. This year he has made 1087 bales of oats worth 75c a bale and 10,000 bales of hay worth 26c a bale, all of which he is holding. His success has been due to untiring energy and good management, the latter of which has led him, as the saying is, to "live at home and board at the same place." His smokehouse he always keeps on his own farm, besides being able nearly every year to supply some meat to his less fortunate neighbors. It is a pleasure to note the prosperity of such men as Mr. Newborn and in doing so further emphasize the value of diversified farming.

Abstract of Land Titles

Pepared—everyone buying or selling land needs to know the title. Money loaned on farm lands. Farms, ranches and city property for sale and exchange. Office in court house, Stephenville, Texas—Established in 1880—King & King.

The money volume of the United States is now reckoned by the Secretary of the Treasury at Washington to be $28.43 per capita, an increase for the year of $1.45 for each man, woman and child. Of the aggregate $72,000,000 was locked up in the treasury vaults July 1st and twice that sum was held to the credit of the government in national banks that were government depositories. This is to say nothing of the sums held in banks and private vaults at the same time, all of which should most certainly not be counted as being in circulation and would therefore materially reduce the per capita.

T. D. Key of Topaz was here the first of the week en route home from Granbury, where he attended the annual conference of the Colorado district of the Methodist Episcopal church, to which he was a delegate. He reports a very good attendance from all parts of the district. Rev. F. H. Corbell of Bunyan was re-elected president of the conference and G. W. Guinn of Topaz secretary.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty

Methodist Episcopal Conference.

The forty-second annual conference of the Methodist Episcopal church met at Granbury October 31st. Those present were ministers F. H. Corbell, J. S. Perry, G. W. Guinn, A. S. Miller, J. P Seward, A. West, R. H. Denny, T. B. Lane, J. L. Nash, Wm. Tucker, H. Watkins, S. G. Hanks, M. P Tucker, J. S. Fine; Lay delegates T. D. Key, W. R. Price, W. N. Price, J. T. Snellgram, A. B. Bender, H. S. Shellnut, W. H. Roberts, J. H. Price and J. Hines.

The conference was called to order at 10 a. m. Friday, with Rev. F. H. Corbell in the chair and G. W. Guinn secretary.

Peace and harmony prevailed throughout the session, and business was carried on in a way that has never been known in the history of the conference, but the work was thorough.

Thanks were expressed by the conference to the people of Granbury for their kind help in caring for the members.

There was preaching every night, and the power of the spirit was manifested at every service. The conference was held in the Cumberland Presbyterian church house.

The conference adjourned Saturday night, to meet at Lampasas Friday before the first Sunday in November, 1903. The members returned sunday to their respective homes.

Reported Sale of Texas Central.

An Austin special of recent date says: "In connection with the report that there is to be a change made in the management of the Texas Central railroad, it was stated here today on trustworthy authority that the Santa Fe is negotiating for the purchase of that line and that the deal, which is already practically consumated, will probably be approved and confirmed at a meeting of the stockholders of the Santa Fe to be held at Topeka, Kans., on December 11th.

It is said that the Texas Central is to be acquired by the Santa Fe with the view of extending it from Stamford, its present northwestern terminus, to Bovine, near the border of New Mexico, where connection will be made with the Pecos and Northern Texas, which is also a Santa Fe property. The distance between Stamford and Bovine is approximately 200 miles.

It has been officially announced that the holdings of the Eastern railroad Company of New Mexico have been acquired by the Santa Fe and that road is to be built from Al- this road and the extension of the Texas Central would give the Santa Fe a new and direct line between the port of Galveston and Texas points and the California and Colorado territory.

The Texas Central is an independent road, 225 miles long, which was built principally by Connecticut capital. The Santa Fe makes connection with it at Morgan, north of Waco."

An affirmation of this report cannot be obtained from any of the Central officials.

The reason Utterback & Harris Co. are selling furniture is because they are satisfied with smaller profits than their competitors.

The Mexican Boll Weevil.

A very interesting and instructive article by Fred W. Mally, state entomologist, treating upon the question of disposing of cotton insects, appears in the Texas Farm and Ranch for October 25th. Among other things he says: "It is well known that cotton keeps on growing and produces squares until severe frosts cuts it down. It is also well established that squares which do not bloom within six weeks of frost have but little chance of maturing bolls. The immense crop of squares produced during this period serves no other purpose than that of food and places for egg laying for the great numbers of weevils which have developed. These facts put us face to face with the problem: How to dispose of these squares and destroy the weevils, and at the same time lose as small a quantity of maturing bolls as possible. This problem has been most happily solved by inaugurating the practice of turningin herds of cattle and grazing the cotton. The stock will eat the tender growing tips, where are found the young squares. These are the portions of the cotton first eaten. With them go eggs, larva, and adult weevils. There is practically no escape. The all important point to note is that this grazing must be done before the first frost. The first danger from freezing starts the weevil out in search for hibernating quarters, and they gradually leave the cotton. The fact that the weevils are yet in the cotton when grazing begins makes it impossible for many to escape, and the boll weevil fight can be won by practicing this grazing process thoroughly. One difficulty which sometimes arises is that occasionally a planter allows a heavy crop of crab grass to grow in his cotton field late in the season. This is excellent forage and when stock is turned in to graze the animals feed upon the crab grass first, and but lightly upon the cotton until the former has been consumed. Clean culture is therefore essential to the greatest success of this method. If clean culture cannot be maintained this grass should be set fire to and burned before the stock is turned in. This rubbish affords winter protection to many insect enemies of cotton, and in any case should be burned on general principles.

Another difficulty in securing a general acceptance of this method lies in the fact that there is a small per centage of immature bolls which might yet open, but which the stock eats. Again, the scarcity of pickers sometimes results in the planters being far behind with their picking. This is the planter's misfortune and not the fault of the method suggested. As for the small quantity of immature bolls which the stock eats, their loss, when contrasted with the benefits derived in the way of practical immunity from weevil attack for another crop, must seem too insignificant to seriously militate against the general application of the method.

"John Mitchell: The Labor Leader and the Man" is the subject of a sketch in the November Review of Reviews by Frank J. Warne. The president of the United Mine Workers represents the new type of labor leader, as contrasted with the "agitator" of a few years ago. Mr. Mitchell's masterly conduct of the miners' cause has made every one eager to know more about the man and his record than the newspapers have told. This sketch by Mr. Warne well repays a reading.

Good Health

and pure blood are inseparable. If your blood is bad, your health must suffer. Poor blood allows the body to lose vitality just as a poor fire under the boiler allows the steam to run down. From poor blood to impure blood is but a step, and impure blood is mother to a large percentage of human ills. Dr. Harter's Iron Tonic is an antidote for both poor and impure blood, for it is both a builder and purifier—a food and a medicine. It is the best combination of the kind known to medical science, and its success for nearly half a century has led to its endorsement by thousands of medical men who have been unable to find a substitute.

Dr. Harter's Iron Tonic

will insure you against the many evils resulting from impure blood. Scrofula, pimples, blotches, kidney disorders, rheumatism, gout, dyspepsia, female weakness, anæmia, chlorosis, etc., are a few of them; but the greatest evil, the greatest danger, is the general weakening of the whole system, which affords an opening for every passing disease.

The following is only one of the thousands of testimonials we have received:

Detroit, Mich., Jan. 10, 1901.

"I commenced using Dr. Harter's Iron Tonic when prostrate from a severe attack of rheumatism. After using three bottles all traces of this disease were completely eradicated from my system, and my general health was restored.

As a blood purifier Dr. Harter's Iron Tonic has no equal, and I most sincerely recommend it to all persons suffering from indigestion, fatigue, rheumatism, and the many weakened conditions of the system produced by impoverished blood." Margarite F. Yeazell, No. 249 Second Ave.

($5,000 guarantee that above testimonial is genuine.)

Every bottle of Dr. Harter's Iron Tonic has our "Crescent" trade-mark on the label. Don't accept a substitute—insist on Dr. Harter's.

White Man Turns Black.

A peculiar case is reported from New York in the press dispatches of the 3rd inst which says:

"Patrick McGrath, an employ of the sewer department, is believed to be dying at Bellevue hospital from a mysterious disease, the cause of which leading physicians have been unable to determine. McGrath is turning black. Cases of a similar nature have been frequent in medical history, but the victim's color generally turned very slow. McGrath's case is entirely new. He was taken to the hospital on Thursday. The discoloring began soon afterward in his lower extremities and already has risen to his abdomen. The doctors thus far have been unable to afford him any relief. He has grown steadily weaker.

The architects who designed and superintended the construction of the new office building for the President omitted to provide heating arrangements, or even a place where they could be installed. Perhaps they thought Mr. Roosevelt such hot stuff that any artificial heat would be surperfluous.

A Startling Suprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, improve digestion and give perfect health. Try them. Only 50c at Overton Drug Co.

It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c 50c and $1 at Overton Drug Co.

Best Liniment on Earth.

I. M. McHany, Greenville, Texas, writes, Nov. 2nd, 1900. "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and $1 at Overton Durg Co.

To Whom it May Concern.

Stephenville, Texas, Sept. 12, 1902.

This is to certify that I have been taking Magnetic treatment from Dr. Wm. Hager, who has just returned from Nevada, Mo., where he graduated in the S. A. Weltmer school of magnetic healing and I feel it my duty to state for the benefit of those suffering, and to make a statement of my case and my fast and wonderful improvement under his treatment. For some time I have been suffering from nervous prostration, rheumatism and neuralgia of the heart and derangement of the kidneys. In fact I was not able to attend to my business. After a few treatments from Dr. Hager, I feel greatly relieved and feel that I am rid of most of my trouble. I began improving from the very first treatment he gave me and feel that I am about well and am satisfied that with a few more treatments I will be restored to my health. I will cheerfully answer all inquiries about this marvelous magnetic treatment. I am now attending to my practice, something I had not done for six months. J. T. DANIEL.

Later—I made a statement Sept. 12, 1902, that I was taking magnetic treatment from Prof. Wm. Hager for nervous prostration, rheumatism, neuralgia of the heart and derangement of the kidneys. Now I will say in connection with my previous statement that I feel sound and well and I take great pleasure in recommending Prof. Hager to those sick and afflicted that they may try this harless but wonderful power in treating disease.—J. T. Daniel Oct. 7th, 1902.

Office of Prof. Wm. Hager is up stairs in Maloney building, Stephenville, Texas. 23-4t

NOT SATISFACTORY.

Colombian Government Gives Her Side of Canal Treaty Cession.

Washington, Oct. 28.—The long expected response of the Colombian government to the proposition made by the state department for the negotiation of a canal treaty on the lines of the Spooner act, has reached Washington and was presented to the state department. It is difficult to learn the exact nature of this communication, but it is known that it is not altogether an acceptance of the state department's propositions. It is friendly in tone and does not close the negotiations by any means, though it unquestionably sets back the date of final agreement by opening new topics for argument. For one thing, the Colombian government is entirely dissatisfied with the small amount of the payment to be made it by the United States under the protocol which it is proposed to use as the basis for the treaty. This sum is $7,000,000. Colombia wants $10,000,000.

Locomotive Explodes.

Oklahoma City, Okla., Oct. 28.—A terrific explosion, caused by the blowing up of Frisco engine No. 351, occured here Monday. The firebox portion of the boiler and end of the engine were blown to pieces. Engineer Patton and Fireman Monaghan were blown through the window of the cab and the latter was badly hurt. The head brakeman, who was standing on a boxcar, was blown fifty feet. Fragments of the engine struck houses a mile away.

Woman Shoots Herself.

Oklahoma City, Ok., Oct. 28.—While talking to a number of friends in the postoffice at Brittain, five miles north of here, Inez Goss, aged 19, pulled a revolver from under the folds of her dress and asked the crowd if she had better pull the trigger. Believing the woman was jesting, Charles Weir said, "Yes." She pulled the trigger and sent a bullet through her body near the heart. She is still alive, but it is thought she can not recover.

Run Over by a Car.

Houston, Tex., Oct. 28.—William Taylor, a contracting painter was run over and instantly killed by a Fannin and Travis street car at the beginning of the second curve on Fannin street. At the inquest proceedings the motorman who was running the car testified that he had seen a man lying all doubled up a short distance ahead on his rounding the curve, but that the speed of the car was too great to allow stopping it.

Bogota Reaches Panama.

Panama, Oct. 28.—Colombian cruiser Bogota formerly the steamer Jessie Benning, arrived here Sunday from San Francisco. Capt. Marmaduke said the vessel made a slow trip because the crew exercised at target practice all the way down the coast. She stopped at Magdalena bay for about three hours tightening parts of her engines. The Bogota made very good time after that, taking outside course, reaching here in fine condition.

Paget Accidentally Shot.

London, Oct. 28.—Almeric Hugh Paget, who married Pauline Whitney of New York, has been accidentally shot by a friend while shooting in the country. After the accident Paget was hurriedly sent to London, where it was found necessary to take out one of his eyes. It is believed the sight of the other will not be effected.

Three Boys Killed.

Oklahoma City, Okla., Oct. 28.—Hugh Morrow, Dan Carnahan and Joe Rogel, Oklahoma City newsboys, were run over by a Santa Fe train Monday and literally cut to pieces. The boys had been hunting, and it is presumed that they laid down upon the track and were overcome by sleep. The remains were brought here.

Big Steel Plant for Gadsden.

Birmingham, Ala., Oct. 28.—George H. and E. T. Schuler have decided to locate a steel plant and two blast furnaces at Gadsen, involving an expenditure of $10,000,000. It is also said that their mills now in operation at Ensley will be moved to the new plant though as yet this has not been verified here.

Bartender Suicides.

Charlie Fulks of Big Sandy, Tex., died from a shot from an unknown party at Hawkins, Tex.

J. W. Taylor, aged 67 years, was instantly killed on the Missouri Pacific track in Coffeyville, Kan. He was cleaning up wheat at the side of the track when he was struck by a wheat chute that came in contact with a moving car.

Train Crew in Mexican Jail.

Bisbee, Ariz., Oct. 18.—Two Mexicans were run over by a train at Gua Pieta across the international line from Douglass, Ariz. One was killed and the other badly injured. The trainmen were immediately arrested and placed in a Mexican jail. They are: Ed Patterson, engineer; Fred McDonough, fireman; George McGorse, yardmaster, and E. H. Kidd, switchman. Excitement is intense at Douglass. Superintendent Morgan has persuaded a party of railroad men not to cross the line and liberate the Americans.

Opposing the Consolidation.

Louisville, Oct. 20.—The state railroad commission has forwarded to the interstate commerce commission at Washington a formal complaint against the alleged consolidation of the Louisville and Nashville, Southern railway and other railroad lines in Kentucky.

Henderson Withdraws.

Paris, Oct. 17.—Travis Henderson, has withdrawn from the congressional race to succeed the late Congressman Sheppard. The friends of Col. J. G. Dudley will announce him as a candidate.

Offices Michigan Fills.

Detroit, Nov. 3.—Voters of Michigan elect State officers and a new legislature, which will elect a successor to the late Senator James McMillan, 12 congressmen and county officers throughout the state. They also pass on a constitutional amendment providing for intermediate sentences of convicted criminals. Several cities, including Detroit, elect city officers. The Republicans are confident of the success of their entire state, legislative and congressional tickets, while the Democrats are predicting the election of their candidate for governor, L. T. Durand, and at least three congressmen.

In Illinois.

Chicago, Nov. 3.—Illinois elects a state treasurer, other minor state officers and congressmen. Both parties have made a very active campaign, but the Democrats devoted particular attention to close congressional districts. Under the new apportionment Illinois will have 25 congressmen. The Republicans claim they will elect at least 16, if not 18, while the Democrats believe they are sure of 12, if not more. Both parties claim they will have a majority for their state ticket.

Perfunctory Affair.

Atlanta, Nov. 4.—The election in Georgia is merely a perfunctory affair, as there is no considerable opposition to the Democratic congressional canrdidates.

California.

San Francisco, Nov. 4.—California is claimed by both Republicans and Democrats.

Little Interest in Tennessee.

Nashville, Nov. 4.—Little interest is manifesed in Tennessee in the election.

NEW FAST MAIL.

The Southern Pacific's Flyer Made the Run in Thirty-Three Hours.

New Orleans, Nov. 4.—The Southern railway's new mail flyer from New York to New Orleans which left New York Sunday morning at 2:30 a. m., and due here at 11:50 came into the city fifteen minutes ahead of time. The distance is 1374 miles, covered in 33 hours and five minutes, and New York morning papers of Sunday were on sale here. In addition to serving the rest of the south this new mail service will enable Texas get eastern mail 24 hours earlier after Nov. 15, when the new daily schedule of the Southern Pacifi's Sunset limited goes into effect. Two trains will make close connections. The train brought 20,000 pounds of mail and nine passengers.

Wants to Die at Home.

New York, Nov. 4.—Bishop Thompson of the Protestant Episcopal diocese of Mississippi, who has been undergoing treatment in this city for cancer of the throat since August, has been under the care of the foremost specialists of the east. The malady is pronounced incurable, and he expressed the wish to await the end, which is said to be not more than a month or two distant, at his home in Jackson. Bishop Thompson was born in Ireland in 1830 and was a classmate of former President Cleveland in the Camden, N. J., high school. He was rector of Christ church, this city, in 1871.

Found Dead in a Room.

New York, Nov. 4.—After years of hard work and saving, Antonio Gazirone and Giueseppe J. Luigo of Newburg, N. Y., decided to return to their homes in Italy. Between them they had $790, and on this they expected to live comfortably the remainder of their lives.

They came to this city and engaged a room in an Italian lodging house. They retired and apparently blew out the gas. Both were dead when other lodgers broke in the door.

Will Have Little Effect.

New York, Nov. 4.—Local coffee importers express the belief that the recent volcanic outburst in Guatemala, which wrought havoc on the coffee plantations, will have little effect on the general markets. Last year the yield was 600,000 bags, but in view of the fact that the visible supply of coffee is about 13,000,000 bags, the loss, of even the whole production would not be considered serious.

Dr. Rawson Passes Away.

New York, Nov. 4.—Dr. Albert Leoghton Rawson, known in this country and Europe as a writer and illustrator of biblical works, is dead at his home in this city at the age of 74. He spent many years of his life in the Holy Land, and received degrees from number of institutions of learning. In 1872 Dr. Rawson married the daughter of Laura Keene, the actress, who came into fame through being the leading woman on the stage of Ford's theater in Washington on the night President Lincoln was assassinated.

Fatally Wounded His Bride,

New York, Nov. 4.—Abraham Scherr, a cloak salesman, has shot and fatally wounded the woman who was married to him Oct. 8. The shooting occurred in an East Side tenement. Scherr declares that his wife refused to cook his meals and that he had eaten nothing but bananas during the day.

Becoming enraged from hunger, he told the police, then procured a revolver and, seeking his wife in the flat occupied by friends in another building, he fired four shots at her, all of which took effect.

Dropped Dead in the Street.

Beaumont, Tex., Nov. 4.—A. E. Gilbert of Pelican, Tex., died at the hospital under mysterious circumstances. Dropped on street Sunday morning, and died twenty minutes after taken to the hospital.

AZTEC PRINCE.

Young Man Claiming Royal Lineage Visiting at Galveston.

Galveston, Nov. 4.—Prince Nanzeta Montezuma, court of Inca, is the title claimed by a young man about 25 years of age who arrived in this city Monday and who is attracting considerable attention with his long hair and condescending ways. He claims to be a lineal descendant of the old Aztec and heir to the throne of his country. He further claims to be a graduate of the Leland Stanford university and that he is at present unable to go to his people, as he is obliged to pass through Mexico, which country has a price set upon his head, owing to some past difficulty between his people and the Mexican government.

The prince in his statement for publication gave an account of his numerous adventures, among which was a duel with a German army officer, and when telling the story proudly exhibits wounds received in the contest. He leaves this city in a few days for Florida.

SPECIAL COMMISSION.

King Edward Will Name One to Attend World's Fair.

Washington, Nov. 4.—Major General Corbin has received a letter from Sir Thomas Lipton, in which the general is informed that Sir Thomas has greatly interested himself in the St. Louis exposition. He informs the general that he has had an interview with King Edward and that his majesty has indicated that he will name a special commission to attend the exposition and that the English government will take steps to interest the people in the exposition. It is expected that the Prince of Wales will be named a member of the special embassy. The matter has become a matter of diplomatic correspondence between the British foreign office and Ambassador Choate, who will, no doubt, communicate with Secretary Hay.

Streetcar Law in Effect.

New Orleans, La., Nov. 4.—The new state law requiring the street car companies to provide separate accommodations for whites and blacks has gone into effect and is being enforced with difficulty. The company has reserved the rear seats for negroes and placed screens in the cars, but since the recent strike the decreased number of cars operated is so great that all of them are gradually crowded to the guards. The whites are consequently insisting upon riding in the seats set aside for the blacks, and overwhelmed by superior numbers the conductors are finding it practically impossible to make the law effective. Negroes in many instances had difficulty in getting aboard cars. There have been some wordy disturbances resulting from the attempt to enforce the law, but no arrests have been reported at police headquarters.

Molders Out Again,

Beaumont, Tex., Nov. 4.—The molders who walked out of the Beaumont iron works, Neches iron works and the Southern Car Manufacturing and Supply company's shops last Saturday night week and who went back to work last Wednesday pending a settlement of their differences are again out, with the exception of the shops of the last named, which have agreed to pay the molders the price demanded, which is $3.50, an advance of 50c.

The molders claim that they are being paid less than molders receive in other Texas cities and the cost of living in Beaumont is greater than at any other point.

Probably Fatal Fall.

Navasota, Tex., Nov. 4.—The 9-months-old daughter of Mr. and Mrs. C. C. Chinski was probably fatally injured by a fall from the second story of the family residence in this city. The nurse was holding the little one on the banister and accidentally let it fall to the ground, a distance of eighteen feet.

The child is still alive, but there is little chance for its recovery.

Theatrical Treasures.

New York, Nov. 4.—At the annual business meeting of the Theatrical Treasurers' Club of America, just held here the follying officers were elected: J. Max Hirsch, president; vice president, James H. J. Scullion; treasurer, Earl S. King; financial secretary, Edward Fletcher; recording secretary, A. J. Faber; governors, Arthur Sheldon, Gilbert Gordon and David Mayer.

Bonnie Hoyt Buried.

Gainesville, Tex., Nov. 4.—The remains of Bonnie Hoyt, the actress who died at a sanitarium in Chicago a few days ago, were brought to this city and laid to rest in the East Hill cemetery.

The deceased's mother, Mrs. Will Grigsby, who resides in this city, had the remains brought here for burial.

Created Interest.

New York, Nov. 4.—A report that J. P. Morgan is about to buy up a share in the Staffordshire coal fields has, according to the London correspondent of the Tribune, created lively interest in that district.

Back from Virginia.

Washington, Nov. 4.—President Roosevelt arrived here from his trip to Virginia at 11:15 yesterday morning, and at 11:45 o'clock left for New York.

Shot Through the Head.

Atlanta, Tex., Nov. 4.—W. G. Wall, 60 years old, a farmer, living four miles west of this place, was found dead, having been shot through the head with a revolver.

Departments Closed,

Austin, Nov. 4.—All of the state departments closed on account of the election, as it is election day. The

WILL STILL CONTROL

Republicans Will Have a Working Majority in the House.

WIN IN THE WEST

The Dominant Party Have Made a Tremendous Gain in a Number of the Commonwealths of the North and West.

Washington, Nov. 6.—Late returns show that the Hepublicans (including in this description the fusionists elected from the Pittsburg-Allegheny districts in Pennsylvania) will control the next house by a vote of 204 Republicans and 179 Democrats, with one district. The Eight Tennessee, and two California districts remaining so much in doubt that the official returns will be needed to decide the result. The totals given are believed to be correct, although there are afew districts, such as two in Colorado and one in Minnesota, where the Republican and Democratic party managers respectively do not concede defeat, but the general result can not be affected, even should their claims prove well founded.

RHODE ISLAND DEMOCRATS

They Elect Their Nominees for Governor and Lieutenant Governor.

Providence, R. I., Nov. 6.—Substantial gains for the Democrats are shown by the complete returns for the state ticket. They elected their candidates for governor and lieutenant governor and their congressional candidate in the First district, besides they cut down the Republican lead i nthe lower house of the legislature by securing thirty-six members as against a like number for the Repubicans. The senate, however, remains overwhelmingly Republicans.

CONTEST IN COLORADO.

The Republicans Will Seek to Unseat Democrats from Arapaho County.

Denver, Col., Nov. 6.—The Times says The Republicans are prrparing to contest the election of the Democraticf legislative ticket in Araphoe county. They say the control of the lower house of the legislature depends on the result in this county. They will ask the secretary of state to refuse certificates to eDmocrats, and if Mr. Mills, who is a Populist, refuses to entertain the scheme, they are planning to organize a rump legislature.

Edward O. Wolcott is already informed of the situation and will come to Denver to enter the sensatorial race against Teller.

PARDEE ELECTED.

Republicans Have Lost Two Congressmen in California.

San Francisco, Nov. 6.—Complete returns from San Francisco and partial returns from all over the state indicate that Geo. C. Pardee, the Republican nominee for governor is elected by a majority of 2000, or 3000. The plurality of 9000 given by San Francisco to F. K. Lane, the Democratic nominee has been almost wiped out by Republican majorities in the interior counties. The Republican vote for Pardee in southern California is justifying the estimates of the Republican campaign committee and has undoubtedly elected Pardee.

Large Vote for Pennybacker,

Philadelphia, Nov. 6.—Practically complete returns from the state indicate a plurality for Sam'l W. Pennypacker, Republican, for governor, of about 135,000.

Of the 32 congressmen elected twenty-eight are Republicans. The incoming house of representatives will be made up of 157 Republicans and 47 Democrats and the senate will contain 39 Republicans and 11 Democrats.

American Had Place of Honor.

Paris, Nov. 6.—At a dinner given Tuesday night by Foreign Minister Del Casse to King Charles of Portugal, Mrs. Porter, wife of the American ambassador, occupied the place of honor on the right of M. Del Casse. Madame Del Casse was seated on the right of the king.

[Marquis Instead of Count.

Paris, Nov. 6.—The opponent of M. Gerauld Richard of the Petite Republique in the duel fought Tuesday at Neuilly was the Petite Marquis De Dion, vice president of the Automobile club, president of the Aero club and not the Count De Leon.

Fusion Prevails in Nevada,

Reno, Nev., Nov. 6.—It is conceded that the fusion party has elected Sparks for governor. Van Dusen for congress and the entire legislature. Newlans will have clearly a two-thirds vote on joint ballot of the legislature for the United States senate.

Surpassed Expectations.

Cheyenne, Wyo., Nov. 6.—Republican majorities in Wyoming have surpassed all expectations. Mondell for congress will have 6000 majority. The entire Republican state ticket is elected by from 3000 to 5000. The legislature is overwhemingly Republican.

Plurality Claimed by Dick.

Columbus, O., Nov. 6.—Chairman Dick of the Republican state committee has complete returns from 86 of the 88 Ohio counties showing a Repub-

Hicky Chosen Governor.

Lincoln, Neb., Nov. 6.—Complete returns from enough counties to accurately forecast the result shows that Mickey, Republican has been elected governor, by not less than 3000 and probably by 5000 plurality. The rest of the eRpublican state ticket is elected by an increased plurality.

New York's Official Figures,

Albany, Nov. 6.—The official plurality for gevernor in the various counties of the state as reported to Governor Odell by the county clerks officials, show a total plurality for Odell of 135,972 and a total plurality for Coler of 123,085, Odell's plurality over Coler being 12,887.

Fraud Charged Everywhere.

New York, Nov. 6.—The defeat of Coler for governor in the face of the unprecedented Democratic majority in Greater New York is accepted with good grace by the Democratic leaders. All sorts of fraud up the state are charged, and threats of a contest are rife and yellow extras were scattered broadcast Wednesday announcing that Coler had been elected.

Farewell Dinner.

Berlin, Nov. 6.—Admiralty Secretary Von Tarpitz gave a farewell dinn r to Ambassador and Mrs. White Wednesday evening. Foreign Secretary Von Richthoffen, Finance Minister Von Rheinbaben and Secretary Jackson and Mrs. Jackson were among those present.

Republican Congressman,

Sioux Falls, S. D., Nov. 6.—Reports from 37 out of 53 counties in the state give the Republican congressional ticket a plurality of 19,666. The remaining counties will increase this plurality by 2000.

Landslide in Montana.

Helena, Mont., Nov. 6.—Late returns indicate that Holloway, Republican, will have about 10,000 plurality, and Dixon (Rep.) for congress about 5000. There appears to have been a Republican landslide all over the state. The Republicans will have a safe working majority in the house, but on joint ballot the labor people will hold the balance of power.

Three Burned to Death.

London, Nov. 6.—The Vernon cotton mill at Stockport was destroyed by fire Wednesday. Three operatives were burned to death and several were injured.

Only Five Collieries Idle.

Scranton, Pa., Nov. 6.—Only five collieries in this region are still idle. Four of these will resume during the week. The fifth has been abandoned.

Peru's New Cabinet.

Lima, Peru, Nov. 6.—The members of the new cabinet organized by Eugenie Larraburne-Hnanue took the oath of office.

Cook County, Illinois.

Chicago, Nov. 6.—Practically complete returns from Cook county give the Republicans the entire county ticket with the exception of sheriff and four county commissioners. Healy, Republican candidate for sheriff, was defeated by Narrett, Democrat, by over 7500 plurality. In the congressional districts Lorimer and Boutelle were elected while Madden was defeated by Martin Worich.

Faubain Thought Elected,

Austin, Nov. 6.—Additional returns received in the senatorial race in this district between Faubon and Rountree show that Faubion has been elected by possibly 300 or 400 majority, and the majority in other counties in the district cannot overcome this number. The entire local Democratic ticket has been elected.

Overstreet's Claims.

New York, Nov. 6.—Congressman Overstreet of Indiana, secretary of the Republican Congressional committee says the Republicans have the next house by at least 206 members, probably by 208 and possibly several more. Republicans in Eight Tennessee, Ninth Virginia and Seventh Alabama claiming a victory. With 206 members the Republicans will have a majority of 26.

Democrats Safe in Missouri.

St. Louis, Nov. 6.—While complete returns from all parts of the state have not been received, there is nothing to indicate any change from Tuesday night's figures, which shows the election of the Democratic state ticket. A safe Democratic majority in the legislature that will select a successor to United States Senator Vest and the election of fifteen Democrats out of sixteen congressmen.

Washington

Seattle, Nov. 6.—The Republicans have carried the state of Washington by a majority that may run high, 12,000, though indications are it will be nearer 10,000. The Democratic state committee does not claim the election of any of its state ticket, though insisting meager returns received justify the belief of a chance for Democratic control of the legislature. Chairman Mordis of the Republican committee holds the Republicans have a majority on joint ballot of fully forty. The three congressional nominees run very close.

Riots Over Porto Rico Registration.

San Juan, Oct. 30.—Registration for elections in Porto Rico was finished on Tuesday. In spite of the strictest precautions serious riots took place in a few towns. Five policemen and several citizens were killed in San Lorenzo. It is reported that several persons were killed in Patillas. Further trouble is expected.

Fears Are Entertained.

San Francisco, Oct. 30.—The whaling schooner Altair, which has arrived from the Arctic, reports having sighted the schooner Olga, Captain McKenna, in a gale off Herschall island. The Olga was nowhere in sight when the storm passed

WONDROUS CHANGES

Some Interesting Figures Furnished by the State of New York.

THE LOSERS GAINED

Democrats in Greater New York Had Remarkable Increase in Vote, but Lost in the Districts North of the Harlem.

Albany, Nov. 6.—Since Roswell P. Flower in the Democratic landslide defeated Fassett for governor on the face of Republican claims of an easy victory there has not been such an overturning of votes from the Republican to the Democratic party in this state as that which occurred Tuesday. With the exception of Erie, Albany and Rennselaer counties, every Democratic prediction of sweeping majorities was carried out and amplified. Especially was this true below Bronx. The claims of 152,000 for the Greater New York districts were more than verified, but the claims for Erie, Albany and Rennsalear wer not responded to, and the failure to realize Democratic hopes in these counties removed all chance of Coler's election. Figures, both in totals and in detail, are extremely interesting. With registration 4 per cent below that of two years ago, the Democratic party in Greater New York districts showed a gain in voting power in a majority of the counties of over 40 per cent, and this tremendous gain was met and defeated, for the Republicans averted by the also quite remarkable fact that several of the Republican upstate counties gave Odell larger pluralities than in 1900, while several others equalled the pluralities of that presidential year over its combined vote in the state two years ago.

Over its combined vote in the state two years ago the Democratic party gained at least 35 per cent and the Republican party lost 40 per cent. From plurality of 111,000 Odell drops to below 1000, a loss of over 100,000. On the face returns, while Judge Werner, the Republican candidate for judge of the court of appeals, has run ahead of his ticket in many counties up the state, the fact that Judge Gray, Democratic nominee, ran 18,000 ahead of the ticket in New York City would seem to indicate the latter's election, but it may take the official canvass to decide the matter.

In case of Cowan, Republican nominee for attorney general, almost the same condition prevails, it not being possible to determine as yet whether the Prohibition ballots upon which the name of John Cunneen, Democratic nominee, were printed, are sufficient in number to elect Cunneen. This also may have to be determined by the official count. While the Democrats have gained three and possibly four members in the senate and about 1 5in the assembly, the legislature is safely Republican, insuring the election of a Republican to succeed United States Senator Platt.

Revised returns show Odell's plurality to be about 10,000. Odell come to Bronx with 132,000 plurality; Greater New York gives Coler 120,000 plurality. The Democrats gain five congressmen.

RESULT IN CALIFORNIA.

The Republicans Have the Legislature as Well as State Officers.

San Francisco, Nov. 6.—Latest returns from the interior of California and from this city, where the count is progressing very slowly, indicate the election of the entire Republican state ticket. The plurality of Dr. Pardee for governor is not estimated at over 5000, and the Democratic managers do not concede his election. There seems to be no doubt of the success of other Republican nominees for state offices. The contest in the First and Second congressional districts is close, and it may require complete returns to determine the results. Among the successful Republican candidates are Metcalfe in the Third and McLachlin in the Seventh. Eugene Loud, Republican, is beaten by William Wynn, Union Labor and Democrat, in the Fifth. The legislature will be Republican by a good working majority.

San Francisco gives Lane, Democratic candidate for governor, about 10,000 plurality, there being a Socialist candidate in the field, but this probably will be more offset by pluralities for Pardee in other parts of the state.

OUTCOME IN OHIO.

The Republicans in she Buckeye Stase Have Large Plurality.

Columbus, O., Nov. 6.—With more complete returns the Republicans say the plurality on the state ticket will approximate 100,000; that Ohio congressmen stand 17 Republicans to four Democrats, as in the last congress. Pluralities of all four Democrats are greatly reduced, and in the Republican districts increased. Only changes in the Twelfth and Thirteenth districts, and they offset each other. The Democrats gained the former by electing Judge DeWitt C. Badger over Cyrus Huling and lost the latter by the defeat of Dr. James A. Norton, who has been in congress many years. Plurality of A. H. Jackson over Norton is less than 400, but the result is not close in other districts.

The statement of Henry C. Garber, chairman of the Democratic state committee and congressman-elect, charging John R. McLean and followers, headed by Lewis G. Bernard of Cincinnati, with Democratic defeat, caused a sensational agitation, since Chairman Garber follows up charges by stating that Mayor Johnson and friends had the organization of the Democratic party everywhere in the state except Cincinnati, and they seek to secure the control of the Hamilton county committee this year. It has been recognized that Johnson was an opponent of McLean for the Democratic caucus nomination for United States senator and Hanna for the election of senator next year, and then for the Democratic national committeeman following year. The declarations of Garber are accepted as meaning the friends of Johnson will contend for supremacy in the organization, at least until after the next Democratic National convention.

Trolley Car Casualties.

Kansas City, Mo., Nov. 6.—A heavy trolley car on the Broadway line jumped the track at Fifth and Broadway and crashed into a saloon. Two persons, a woman and a negro were killed, and six others injured, none fatally. The dead:

Mrs. Margaret Crist, Olathe, Kan., and Chas. Johnson, Kansas iCty, Mo.

The motorman lost control of the car at the top of the hill two blocks away, and ft descended at a terrific speed. At Fifth street, where the track turns, the car continued straight ahead. It struck a wagon driven by Johnson and pushed it, with Mrs. Crist and daughter who were on the sidewalk through into the saloon. The store front was completely demolished and the car badly damaged landing with its passengers half way through the saloon room. Mrs. Crist and Johnson were instantly killed.

Struck a Schooner.

Boston, Mass., Nov. 6.—The United Fruit company's steamer Admiral Sampson, which arrived here today, reports that she collided with the three masted schooner Charley Bucki, bound from Eddyville, N. Y., for Boston about ten miles off the Cape Cod light ship at 2 o'clock yestrday morning. The schooner was struck and Capt. Huntley of Jonesport, Me.; Mate Ulmer Huntley and two seamen of the Bucki were drowned.

Socialist Was Shot.

Denver, Nov. 6.—William D. Haywood, secretry-treasurer of the Western Federation of Miners, and a candidate for state senator on the Socialist ticket, at 6:15 o'clock Tuesday night shot James Braemer, a special policeman, at Eighteenth and Champa strets. Haywood fired two shots, one taking effect in the face and the other in the arm. Neither wound is serious.

Utah Legislature Republican.

Salt Lake, Nov. 6.—Additional returns indicate the Republican majority on the joint ballot in the legislature at least 31. This insures the election of Apostle Reed Smoot to the United States senate. The Republican victory was almost complete, twenty-one of the thirty-seven counties being carried for that ticket.

Thirty Thousand Majority.

Indianapolis, Nov. 6.—Returns do not change result, Republicans carry state about thirty thousand. Congressional delegations remains unchanged.

Sweeping Republican Victory.

San Juan, P. R. Nov. 6.—There were no serious disorders anywhere in Porto Rico Tuesday. The election, which resulted in a sweeping Republican victory, passed off quietly.

Griggs Sanguine of Success.

Washington, Nov. 6.—Chairman Griggs still claims the election of a Democratic house by 12 majority; claims the election of two Democrats in Rhode Island.

Democratic Gain in Boston.

Boston, Nov. 6.—For governor: Boston complete gives Bates, Rep. 32,049; Gaston, Dem., 45,144, a plurality for Gaston of 13,095. Last year Grane, Rep., had 31,465; Quincy, Dem., 39,075.

Jumped to His Death.

Chicago, Nov. 6.—With a helpless and awe-stricken crowd standing in the street, I. Atroline, 30 years old, jumped from the roof of a four story building at 76 East Madison street Tuesday night and was instantly killed.

Justice Roberts Dead.

Corsicana, Tex., Nov. 6.—Judge H. G. Roberts is dead. He was re-elected justice of the peace. He was well known by the inquest in the burning of the rape fiend here when the verdict said, "Came to a just death at the hands of an outraged people!"

Prohibitionist Was Slain.

Effingham, Ill., Nov. 6.—Hon. Hale Johnson, a Prohibition leader of national prominence and vice presidential candidate on the Prohibition ticket in 1896, was shot and killed by Harry Harris Tuesday afternoon at Bogota, a village in Jasper county, thirty miles from here. Harris committed suicide in the jail by taking poison.

Alleged Bribery Arrests.

Butte, Mont., Nov. 6.—George H. Casey, chairman of the Democratic county central committee, and C. E. Alsop candidate for the legislature, were arrested for bribery. A report gained circulation that Charles W. Clark, son of Senator Clark, had also been arrested, but this is untrue. Young Clark happened to be with Casey at the time of the arrest and thus the story started. The two men have been placed under bonds of $10,000 each.

FIREWORKS EXPLODED

Terrible Accident at Madison Square Garden, New York.

TWELVE ARE KILLED

Thirty Thousand Persons Were in the Throng and the Scene Was One That Will Not Be Forgotten by These Present.

New York, Nov. 6.—By a series of explosions of fireworks Tuesday night among the vast multitude gathered in Madison Square Garden to witness the ascension of an airship and the display of election returns, 12 persons were killed.

At least 50 persons were injured, some very seriously.

It is estimated 30,000 persons thronged the square at the time of the explosion, which were succeeded by a frightful panic in which hundreds were thrown and trampled under foot. Five hundred policemen and all the ambulances in the city were instantly summoned and the dying and those most seriously injured were removed to the hospitals. Many wounded were taken away by friends. Nine men in charge of the fireworks display were placed under arrest immediately after the explosion.

The greatest portion of the throng that packed the square was gathered along Madison avenue close to the place reserved for the discharge of fire works. Along the border of the square facing the avenue were arranged three groups of cast iron mortars, twenty in each group, loaded with heavy bombs. A few minutes after 10 o'clock the first row of mortars was touched off but before the discharge took place one of them fell over on its side and the next instant the bomb was shot into the thickest part of the crowd and exploded. The fall of the mortar and the concussion of the explosion knocked down the rest of the row of mortars and a thundering volley of huge projectiles ploughed through the crowd. Almost instantly the second group of mortars about 100 feet further up the avenue discharged their contents into the crowd and a moment later, the third group evidently ignited by the showers of falling sparks, exploded.

After the smoke had cleared away 16 persons were found dying on Madison avenue between 23rd and 25th streets. Scores of injured were scattered about the avenue and the square. Among the dead was a policeman, who was standing close to the first mortar and whose body was frightfully mangled.

Accidental Killing.

Leoti, Kan., Nov. 6.—Robert J. Traver, president of the First State bank of Leoti, accidentally shot and killed himself at a supper given by the Order of Royal Neighbors. He lifted the overcoat belonging to a deputy sheriff from a chair and a revolver in one pocket was discharged. The ball entered the right nipple and the wound caused his death in less than an hour. Mr. Traver was wealthy and prominent in business and social life, a native of Clinton, Iowa, and 40 years old.

Wyoming Goes Republican.

Cheyenne, Nov. 6—Republicans claim Congressman F. W. Wondell is re-elected by a plurality of about 7500, Governor Richards by plurality 3500, and entire Republican state ticket by pluralities 4000. They assert the legislature overwhelmingly Republican and credit Democrats with three members at most. The above is the substance of a statement of Republican Chairman Vanorsdel. Democratic Chairman Hammond had no statement to make. Congressmen elected: California, 8th district, M. J. Daniels; Republican, 4th district, Julius Kahn, Republican; 6th district, J. C. Needham, Republican.

Six Collieries Resume.

Scranton, Nov. 6.—Six more collieries have resumed in this district after repairs in completion which prevented them from starting when the general resumption took place. Only five collieries in this region are still idle. Four of these resume during the week. The output is now close to normal, and about 95 per cent of the men at the collieries in operation are back at work. Pea coal is selling here for $3 a ton, and larger domestic sizes for $3.75. Five years ago pea coal sold for $1.50 and larger sizes $2.50.

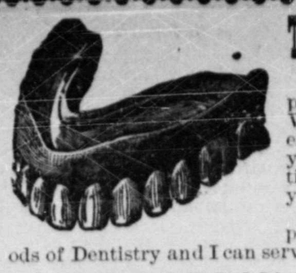

GOVERNMENT WINS.

Forces of Revolutionists Evacuate Last of Their Strongholds.

Caracas, Nov. 6.—The Government troops have gained a decisive victory over the revolutionists in the past week. The government forces dislodged the rebels from their last stronghold at Pipe, near San Mateo and six miles from La Victoria. The revolutionary leaders Mendoza, Matos, Rolando, Crespo, Terres and others, according to government reports have been scattered and the disbanded rebel army passed through Villa De Cura last Sunday night. The rebel general, Riera is reported to have been killed. The victory claimed by the government was celebrated in Caracas with salvos of artillery, fireworks and the ringing of church bells.

Sam Reams of Navarro county, Texas, committed suicide.

BLAST FROM MARIE CORELLI

She Calls American Millionaires Illiterates Dabbed With Wealth.

Marie Corelli has an article entitled "Vulgarity In Wealth" in the new English magazine King and Country. In bitterly attacking millionaires she writes:

"As a nation of bombast and swagger the United States is a kind of rare show in the world's progress, but her strength is chiefly centered in dollars, and her influence in the social world teaches that dollars are the only ware. English society has been sadly vulgarized by the American taint."

Miss Corelli does not approve of either Morgan or Carnegie, says a London cable dispatch to the New York American. "We see J. Pierpont Morgan," she writes, "a moneyed octopus stretching out his greedy tentacles in every direction and striving to grasp the British shipping industries and interests. Everywhere it is devouring everything in its deadly grip, which, if it is permitted to hold, would mean mischief, though no doubt it might create rejoicing in America."

Mr. Carnegie is freely abused for his generosity in donating libraries. He is called a "poor human biped," is accused of patronage, ostentation and swagger. "The masses" under Miss Corelli hear of Carnegie strewing free libraries all over the surface of the country as if they were so many lollipops thrown out of a schoolboy's satchel. They follow the accounts of his doings with mingled wonder and derision. With many of the more independently thinking classes the millionaire Carnegie's money pitched at the public savors of a patronage which they resent and of an ostentation which they curtly call swagger. Once wealth could not purchase an entrance into society; now it is the only pass key.

"Men and women who have the privilege of personally knowing and frequently associating with the royal family are known to accept payment for bringing otherwise obscure persons under the immediate notice of the king, and it is a most unfortunate and regrettable fact that throughout the realm the word goes that no such obscure persons ever dine with their sovereign without having paid a middleman for the privilege.

"Wealth in excess," Miss Corelli says, "wealth in chunks, wealth in great, awkward, unbecoming dabs, is plastered, as it were, by the merest haphazard toss of fortune's dice on the backs of uncultured and illiterate Americans who, bowed down like asses beneath their golden burden, are asininely ignorant. In very few cases does immense wealth go hand in hand with refinement, reserve or dignity. Millionaires are for the most part ill mannered, illiterate and singularly uninteresting in conversation."

NOTES FROM MANILA.

Philippine Capital to Have the Largest Theater In the Orient.

The difficulties with which the hea officers have to battle in Manila shown by the following incident ported in the Manila American:

The court of customs appeals rece ly handed down the sentence in case of Alfred S. Wilson. Wilson the ex-customs officer who was structed to place certain condem articles of food on the garbage s and who instead sold them to a Chi man for 300 pesos. The showed that he did place t on the scow, but rescued sold them. The check which naman gave was seized, and the were eventually recovered. The fense urged that the man was not ing as a customs official when he the goods, but as a private person, was not therefore responsible to customs act. The decision, which by Judge Arellano, holds that he in a position to know better than private person that the goods were fit for use and that the customs had not for that reason collected duty upon them. The sentence is Wilson be confined for six months that the check for 300 pesos be cated.

According to reports recently ceived from Manila, that city will have the largest theater in the orie says the New York Tribune. It is ing erected on the old circus groun north of Calzada de Bilibid, near center of the city. The architect's scription of the new National thea states that the seating capacity will about 2,000. There will be 500 orch tra seats, 100 persons may be acco modated in the boxes, 200 in the chestra circle, 300 in the family cir and 1,000 in the gallery. A stock co pany has been organized, and $25, will be spent in decorating and furn ing the new place of amusement.

A New Appendicitis Theory.

Dr. H. C. Howard of Champaign, I ascribes the increase in the number cases of appendicitis to the change the methods of milling flour, says New York Commercial Advertiser. to 1875 cases of this trouble were ceedingly rare, and he asserts that modern process of milling very whi fine flour, which takes from the gra nearly all the phosphates and leav only starch and gluten, is chiefly sponsible for the disease. He asser that wherever a community has aba doned the old fashioned coarse flou appendicitis has very soon made its a pearance, the latest illustration bei among the negroes of the south, wh while their bread diet was solely co flour, did not know what the disea was. As the use of fine white flou has increased appendicitis has mad its appearance among them with m disastrous results.
