

Briefly

Telephoning

A Young Mother's telephone committee will be calling upon residents this week soliciting donations for the Pool and Park Fund, according to Mrs. Joy Piland.

The Parks Board is hoping to raise \$125,000 to match a state grant to be used for a new pool and other improvements at Ruddick Park.

New hours

The Loraine City Hall will have new office hours starting Sept. 5. The hours will be from 8 a.m. to 3 p.m. Monday through Friday.

Loraine boosters

The Loraine Sport Boosters will meet Monday, Aug. 19 at 7 p.m. at the school cafeteria for the election of new officers.

All booster club members, parents and football players are invited to attend.

Phil Ryan, president of the Southern Football Officials Association, had originally been scheduled to speak, but had to postpone until the Aug. 26 meeting at which time he will talk about new rules regarding football.

Dance set

The C. City Dancers will have a dance Tuesday, Aug. 20 from 7-10 p.m. at the Civic Center.

The Porky Proctor Band will be playing.
The public is invited.

Work finished

The renovation work at the Colorado City post office has been completed.

Postmaster Charles Greer extends a thank-you to everyone for their patience and understanding during the remodeling.

B&PW meeting

The Loraine Business and Professional Women's Club will meet Monday, Aug. 19 in the Lions Club building.

County extension agent Debbie Christian will present a program on Seminole patchwork.

All members are urged to attend. Visitors are welcomed.

Senior pics

Colorado High School senior pictures will be taken Tuesday, Aug. 20, Wednesday, Aug. 21 and Thursday, Aug. 22 in the high school auditorium.

Students with last names beginning with "A-I" will have their pictures taken Tuesday. Students with last names beginning with "J-R" will be taken Wednesday. Students with last names beginning with "S-Z" will be taken Thursday.

The photographer will be at the high school from 8:30 a.m. until 3 p.m. All seniors are to have their pictures made on these dates.

If there is a conflict, contact Jerry Reynolds, principal, at the school at 728-3424.

Around Town

It's time for GRETCHEN RAMSEY to become a football widow again...GAY HOUSTON worries about some up-coming events...Happy Anniversary TOM and KIT LOVELL...IDA KEITH gets congratulations from Nancy and Ronald Reagan on her 83rd birthday Aug. 16...Welcome to town RICHARD MATHIS.

12 Pages - 1 Section Vol. 80 No. 66 Pub. No. 122800

Sunday, August 18, 1985

GARY DENNIS, left, Tim Cook and Margaret Baum, pianist, go over some of the music the men's singing group "Colorado" will be performing for a "Day in the Park" on Saturday, Aug. 24. The newly formed group has already performed locally and has several engagements on its calendar for the next several months.

Singing group combines 'wonderful blend of voices'

By Ray Mayo
Editor

From Dvorak to Jim Croce, music is the universal language when "Colorado," Colorado City's men's singing group, rehearses and performs in West Texas.

Just barely two months old, "Colorado" is comprised of some 27 men, ranging in ages from 17 to 75 who know no generation gap when it comes to singing.

Rehearsals are held once a week, ordinarily; however, with the city's "Day in the Park" coming up, "Colorado" is rehearsing extra to be ready for the August 24th event when they will perform in the amphitheatre.

President of the group is Tandy Curlee, with Carl Beery Moore, vice president, Porter

Richardson, secretary-treasurer and serving on the board of directors, Joe Freeman, Sherman Hart and John Merritt. Gary Dennis is "Colorado's" director.

Musicians to complement the group are Margaret Baum, pianist; Doug Baum, percussionist; Bill Baum, bass guitarist and Doyle Mitchell, steel and lead guitarist.

"Colorado" has performed locally and has several engagements on its calendar for this month and into fall out of town, as well as in Colorado City.

From such a complement of men, the entire group can perform, or a quartet can be pulled for a performance...even a lead singer with "back-ups" is utilized for selections such as Simon and Garfunkel's "Scarborough Fair" with piano and guitar accompaniment. "Sing this one

as though you were singing through Saran Wrap," the leads were told. They did...and got the right "sound."

"We're getting a wonderful blend of voices," according to accompanist Margaret Baum. "It's like a new baseball team working out...they learn to play together. We're learning to sing together. The group loves to perform, loves to sing and, probably the ones who get the most out of the efforts are the members of 'Colorado,'" although according to Tandy Curlee, following a recent Big Spring performance, the president of the organization for which a segment of "Colorado" had performed commented, "After listening to 'Colorado,' I can see why Colorado City is bustling."

Welcome to Colorado City, "Colorado."

SOME OF THE MEMBERS OF "Colorado", Colorado City's men's singing group, rehearse a member, Front row from left are Tim Cook, Eldon Smith and Joe Freeman. Back row, from left, are Gary Dennis, Everett Stagner, Porter Richardson and Sherman Hart. The group has some 27 members, ranging in age from 17 to 75.

'Crazy' Ray coming here

Kids of all ages should get their autograph books out and get ready to have their picture taken with "Crazy" Ray Jones, the Dallas Cowboys mascot who will be here on Saturday, Aug. 24 for a "Day in the Park."

Billed as the world's greatest whistler, "Crazy" Ray is also a whiz at making animals out of balloons. His slight of hand

"Crazy" Ray Jones

Bluegrass music set

Bluegrass music fans will have a treat in store for them when Roy Thackerson, the "Fingerless Fiddler" from Ranger, warms up his fiddle and guitar for "Day in the Park" scheduled for Saturday, Aug. 24.

Thackerson, father of Rex Thackerson of Colorado City, has agreed to perform at the event at no charge to help raise

Loraine city taxes lowered

The Loraine City Council, meeting in regular session Thursday, voted to drop the 1985 tax rate to 80.80 cents per \$100 valuation, down from last year's tax rate of 84.08 cents.

In other business, the council accepted the resignations of city secretary Kaye Nell Cornutt and water superintendent Adam Merket.

The council agreed to hire Lynn Morris as water superintendent at a monthly salary of \$1,209.33. He will begin work Monday.

County commissioner Bill Preston met with the council and pledged his support in helping rebuild some streets and in tearing down the remnants of a building downtown. The council agreed that the street work is the first priority and Preston said he will be able to assist in

the project with county equipment and manpower.

The council approved a request from the Loraine Volunteer Fire Department for \$1,020 worth of supplies including boots, hats, gloves, flashlights and a battery charger. There is \$1,500 in the budget for supplies.

In other business, the council:

- agreed to drop the \$1 charge on water bills for land fill use;
- canceled a contract with Brum Pinkerton for cemetery work;

- canceled an agreement with the school system concerning school tax collections, and;

- agreed to hire part-time help for the city hall office and to change the city hall hours from 8 a.m. to 3 p.m. daily starting Sept. 15 although Christine Britton, water clerk, will still be working eight hours a day.

Cities receive sales tax rebates

State Comptroller Bob Bullock has sent checks totaling \$38,674.76 to Colorado City, Loraine and Westbrook as their share of the local sales tax.

Colorado City's check was for \$35,716.93, \$10,000 more than the \$25,406.29 received for the same period last year. The 1985 payments to date total \$180,817.69, up 8.74 percent over the 1984 payments to date of \$166,277.50.

Loraine's check this period was \$986.83, down from \$1,303.02 received for the same period last year. Loraine's payments to date are \$3,666.14, down 22.79 percent from the 1984 payments to date of \$4,748.

Westbrook received a check for \$1,971 compared to last year's check of \$1,714.94 for the comparable period. The 1985 payments to date total \$10,896.60, up 33.69 percent from the 1984 payments to date of \$8,150.45.

The Mitchell County checks were part of checks totaling

\$112.3 million in local sales tax payments to the 1,005 cities that levy the one-percent city tax.

Houston's check was the largest—\$18.6 million—bringing total payments in 1985 to \$104.8 million, up 5 percent over 1984. Dallas received \$13.3 million for a total payments of \$77 million this year, an increase of 15 percent.

San Antonio's payment of \$7.1 million increased that city's 1985 payments to \$38.1 million, up 14 percent over last year. Austin's check for \$5.4 million pushed payments to \$30.2 million, a 25 percent increase over 1984 payments.

Fort Worth received \$4.2 million for a 1985 total of \$22.9 million, up 12 percent.

August checks represent taxes collected on sales made in June and the second quarter and reported to the comptroller by July 20.

Insect problem grows

For the past two weeks Mitchell County farmers have been scouting fields and often spraying to control the cotton bollworm which has already done considerable damage to this year's crop.

"It is becoming increasingly important for farmers to scout fields in order to stay on top of the insect situation," says Mike Mauldin, county extension agent.

The Mitchell County Pest Management Steering Committee will sponsor a turnrow meeting on Aug. 22 at the Travis Turner Farm. Dr. Tom Fuchs, extension entomologist, will be here to

evaluate the current situation and train producers in scouting techniques.

The Turner farm is located two miles east of the Robert Lee Highway on County Road 131. The meeting will begin at 9:30 a.m. All producers are urged to attend.

Pool, park fund grows

Contributions this week of \$1,320 have pushed the Pool and Park Fund for Ruddick Park to \$44,564.49. The goal is \$125,000.

Following is a list of the latest contributors, except for those who wish to remain anonymous:

Mr. and Mrs. Clay Strange
Eddie and Joy Piland
Max and Carolyn Shaw
Woody and Susan Anderson
Mr. and Mrs. Elmer Martin
Earl and Sheila Plagens

Roy Thackerson

ARCHIE FEASTER, long-time resident of Mitchell County, shows off these two 100 pound watermelons grown on his place near Buford. One melon weighed in at 108 pounds and the other weighed 102 pounds. The melons measured about 3 feet long.

Fiddler

From Page 1

money for the Pool and Park Fund.

Thackerson, who lost the fingers on his left hand while playing with a dynamite cap as a child, has appeared on ABC Television's "That Incredible." A close friendship with country music king Roy Acuff has allowed the "Fingerless Fiddler" to appear on WSM's "Grand Ole Opry" over a dozen times. Most recently he was featured at the Buffalo Gap Bluegrass Festival held at Buffalo Gap.

Thackerson has won many old time fiddling contests and has served as fiddling contest judge for the National Fiddlers Con-

test at Weiser, Idaho and a judge for several years at the Grand Masters Fiddling Contest held in Nashville, Tenn.

Aside from being a great fiddler, he is also an accomplished guitar player, reports his son who works at Landmark Cablevision in Colorado City and who is a guitar player himself.

"All of this despite the loss of the fingers on his left hand that are generally needed to play these instruments," reports the younger Thackerson.

Thackerson and his backup musicians will be performing in the amphitheater on Saturday afternoon. The times will be announced in Thursday's RECORD.

'Crazy' Ray

From Page 1

tricks made him a fantastic magician as well.

The colorful character started as a shoe shine boy and later began moonlighting, helping a friend sell pennants at Dallas Cowboy football games. His popularity has become so great that a football game would not seem right without him to many Cowboy fans.

"Crazy" Ray makes appearances all over the country for conventions, grand openings, rodeos, fairs and parties. These appearances have included places such as Los Angeles, Las Vegas, Chicago, New York, Mi-

ami, San Francisco and Hawaii.

He represents such clients as IBM, McDonalds, Coors, Dr. Pepper, Coca Cola, EDS Banking Systems, Datsun and Pontiac.

"Crazy" Ray will be visiting with park-goers during a two-hour period Saturday afternoon with the times to be announced in Thursday's RECORD.

Auxiliary meets

The Ladies Auxiliary to the VFW District Eight held a called meeting in the Abilene VFW Post 2012 on Sunday, Aug. 11.

District Eight president Ann Ingram opened the meeting at 1 p.m. for the purpose of electing officers for vacated district chairs. Officers elected were Estelle DeFoor, junior vice president; Jeanene Bell, conductress; and Rose Guerra, guard. The installing officer was Mary Pat Dytri, past state president.

A meal was served by the host post and auxiliary.

Taking part in the floor practice which followed were Estella Rivera, color bearer No. 3 and Dorothy Clark, color bearer No. 4. The next District Eight convention will be held in Colorado City on Oct. 5-6.

Those going to Abilene from Post 9178 were Frank and Ann Ingram, Andrew and Estella Rivera, and Charles and Dorothy Clark.

Scramble

An ABCD Scramble golf tournament will be held at the Colorado City Country Club Sunday, Aug. 18. Tee time is 1:30 p.m. with a sign-up deadline of 12:30 p.m.

Fees will be \$5 for club and golf association members, \$8 for club members and \$10 for non-members. Golf balls will be awarded to the top three finishers.

Bible club

The First Baptist Church in Loraine will be sponsoring a backyard Bible club at the home of Rick Alkire, pastor, Aug. 19-23.

Designed for children ages 4-11, the time each day will be from 10-11:30 a.m. All children will be meeting together instead of separate classes. There will be Bible stories, games, refreshments, plus more.

Band selling subscriptions

The Colorado High School Wolf Band members are now selling subscriptions to the RECORD.

The subscription drive is an annual fund raising event for

the band.

The band earns money for each new and renewal subscription they sell. They have earned up to \$1,500 a year on the promotion.

A FAVORITE PAST-TIME for children in Colorado City is feeding bread to the ducks at Ruddick Park. Colorado City councilman Don Webb and grandchildren, Laura and Johnny Webb, enjoyed the outing this past week. The children's parents are Mr. and Mrs. Donald R. Webb, Jr. of San Angelo.

Improvement in cattle market prices seen

COLLEGE STATION—It may still be some time before cattlemen see some improvement in market prices, but all indicators point in that direction.

The number of cattle on feed as of July 1 is the lowest since October 1983, and the number of cattle and calves on farms and ranches in the U.S. at mid-year is down 4 percent from a year ago.

Feedlot placements during the April to June quarter were down 7 percent from a year ago, which means cattle placed on feed during the first half of 1985 were 5 percent below year ago levels.

"Current figures confirm that liquidations of breeding herds began last year and are continuing to some extent," points out

Dr. Ed Uvacek, livestock marketing economist with the Texas Agricultural Extension Service, The Texas A&M University System. "Until market conditions turn around, there is no reason to believe that cattlemen will change their philosophy regarding herd reductions."

The nation's calf crop for 1985 is estimated at 3 percent below that of 1984, and that figure may be high, according to Uvacek, since the beef cow herd at mid-year is down 7 percent and heifer replacements are down 11 percent.

"All this suggests that beef supplies should be down some in the second half of 1985, which, in turn, should help market prices," says Uvacek.

New phone directories delivered in C-City

The 1985 Colorado City directory was distributed through the week of August 9, 1985 through August 16, according to Jim West, Manager-Community Relations for Southwestern Bell Telephone Company.

West said a total of 4,001 directories were delivered to area residents. Each residential customer is to receive one directory. For additional copies, customers may call their Southwestern Bell business office during business hours Monday through Friday, West said.

West requested that customers not call right away. "If your friend across town gets a directory before you receive yours,

please be patient since all directories are not delivered on the same day," West said.

This year 27 white pages and 61 Yellow Pages make up the Colorado City telephone directory. There are 3,901 white page listings.

Emergency telephone numbers have been placed on the inside front cover of the new directory. In the "Customer Guide" at the front of the directory, customers will find tips on how to save money on their phone service and a new map illustrating long-distance service areas within Texas.

The directory contains listings for Colorado City, Westbrook and Loraine.

Shipp attends "Future" program

LUBBOCK—Gifted and talented youth from throughout the nation participated in the fifth annual "Shake Hands With Your Future" at Texas Tech University this summer.

"Shake Hands With Your Future," a summer enrichment program, exposes participants to advanced learning opportunities and to living in a university setting. The three 1985 sessions involved 450 students in the fifth through 12th grades.

Participants included Tara Shipp, daughter of Bill and Jamie Shipp, former residents.

Participants select courses such as biochemistry, leadership, physics, math, engineering, fine arts, agriculture, law, musical comedy performance, time and money management and experimental music.

Classes are taught primarily by faculty of the University and the Texas Tech Health Sciences Center. Supplementary activities include field trips, lectures, counseling-communication sessions, mentor sessions, recrea-

tion and social activities suited to each age group.

"Shake Hands With Your Future" is an integral part of the Division of Continuing Education's Institute for the Gifted. To participate in the program, students must be nominated by a

parent, teacher, school administrator, counselor or themselves. If accepted by the selection committee, they are invited to attend. Selection is based on high achievement test scores, high IQ and creative or exceptional skills.

For more information about the Institute for the Gifted and its programs, contact Dr. Mary Tallent, Division of Continuing Education's Institute for the Gifted, Box 4110, Texas Tech University, Lubbock, TX 79409-4110, 806-742-2353.

CADE AND KYLE HAMMOND recently enjoyed an afternoon of fishing at Ruddick Park. The youngsters came up empty handed that day. Looking on are parents Jerry and Barbara Hammond of Colorado City.

Obituary

Ross

Robert H. (Bob) Ross, 80, of Abilene, father of Mrs. Charlene Reily of Colorado City, died Tuesday at Humana Hospital-Abilene.

Memorial services were at 11 a.m. Thursday at Aldersgate United Methodist Church with Dr. Kenneth M. Lambert, pastor of the First United Methodist Church of Nacogdoches, officiating, assisted by Rev. H. Floyd Dunn, retired Methodist Minister.

Private graveside services preceded the memorial service with burial at Elmwood Memorial Park.

Born April 13, 1905 in Decker, he was the son of pioneer Methodist minister the Rev. David Asa Ross. He attended school in Eagle Pass and graduated from Tuscola High School in 1923.

He then attended McMurry College for a year as a member of the school's second graduating class.

On April 25, 1926 he married Velma Taylor, daughter of pioneer settlers Mr. and Mrs. A. B. Taylor Tuscola. A longtime Taylor County resident, he had lived in Abilene since 1936.

A former bank clerk and Taylor County deputy sheriff, Mr. Ross was elected district clerk in 1954. He served as district clerk for more than 14 years, until his retirement in June 1969.

Survivors include his wife; two daughters, Mrs. Charlene Reily of Colorado City, and Mrs. Betty Lambert of Nacogdoches; his mother, Mrs. Deletta Ross of Lubbock; three brothers, Albert

of Lubbock, Carl of Albuquerque, N.M. and Emory of Carrollton; a sister, Mrs. Nettie Pickett of Karnes City; and four grandchildren, Patrick Ross Reily of Edens, William Robert Reily of Fort Worth, Karen Elaine Lambert of Houston and the Rev. Steven Ross Lambert of Fairbanks, Alaska.

Defensive driving course scheduled

A defensive driving course has been planned for Aug. 21-22, or when 20 persons enroll. The classes are held at the Wallace Center in Colorado City sponsored through Western Texas College in Snyder. The classroom sessions offer pointers in preventing accidents in spite of the incorrect actions of others and adverse driving conditions. Instructor will be Barbara Gray.

The course will have two sessions Wednesday and Thursday nights from 6-10 p.m. Films

and other visual aids will be used to demonstrate how to improve driving skills.

Persons completing this course will be eligible for a reduction in insurance premium rates, also for possible ticket removal. The fee for persons 65 and over is \$15. Others will pay a fee of \$22.

You may register at the Wallace Center or WTC by August 19, at noon. For more information, call 728-2392, Community Education Office in Colorado City, Texas.

Cook's Corner

Edwards learned to cook on her own

When Myrtle Edwards was growing up, she didn't have a chance to learn to cook by watching her mother, because she worked in the field and then got married when she was 14.

"I learned to cook on my own after I got married and my husband was a better cook than I was."

"I had baked cookies when I was home and after I started cooking meals, it wasn't too bad."

She likes to cook and loves to collect recipes.

"I try new recipes and maybe add something to it, but that's about it."

Mrs. Edwards prepares balanced meals, but doesn't prepare too many casseroles.

"My husband will eat casseroles, but he's not very fond of them."

Her family are not picky eaters and supper is the main meal at the Edwards home.

Mrs. Edwards doesn't cook as much now, but prepares supper every night.

Sweets are her favorite things to prepare and she does cook from scratch. She also tries to keep a few sweets for her husband.

Mrs. Edwards and her husband Charles, have one son, Charles Jr., of Colorado City.

Today she is sharing three of her recipes with RECORD readers.

EIGHT-EGG POUND CAKE
1½ cups Crisco shortening
2 cups sugar
2½ cups sifted flour
1 teaspoon baking powder
8 eggs
1 teaspoon vanilla
1 teaspoon lemon flavoring
1 cup milk

Cream sugar and shortening together. Add 1 egg at a time. Sift together flour, salt and baking powder, add to cream mixture. Add vanilla and lemon flavoring and mix until smooth.

Add milk a little at a time to mixture. Bake in 10-inch tube pan in slow oven, (325), 70-80 minutes or until brown.

"BEST QUICK PINEAPPLE PIE"

2 cups sugar
1 stick margarine
4 eggs
2 tablespoons flour
½ cup milk
One flat can pineapple

Cream margarine and sugar, add four eggs, beat well. Add other ingredients, mix well. Pour into two-8 inch pie pans lined with unbaked pie crust. Bake at 450 degrees for the first 10 minutes and reduce to 325 to finish cooking until set. If pie browns too fast, place a large pan of water in top rack over pie.

COCONUT CREAM PIE
¾ cup sugar
3 tablespoons cornstarch
¼ teaspoon salt
2 cups milk
3 slightly beaten egg yolks
3 tablespoons butter
1 teaspoon vanilla
1-9 inch baked pastry shell
1 cup flaked coconut
Meringue

In saucepan, combine sugar, flour and salt; gradually stir in milk. Cook and stir over medium heat until mixture thickens. Remove from heat. Stir small amount hot mixture into yolks; return to hot mixture,

cook and stir 2 minutes. Remove from heat, add butter, vanilla, coconut, cook to room temperature.

MERINGUE
Beat 3 egg whites with ¼ teaspoon vanilla and ¼ teaspoon cream of tartar until soft peaks form. Gradually add 6 tablespoons sugar, beating to stiff peaks. Spread over filling, sealing to pastry. Sprinkle ¼ cup coconut over meringue before browning. Bake at 350 degrees about 12 to 15 minutes. Cool.

compton named

All-American

Kaci Compton, granddaughter of L. W. Compton of Colorado City, and daughter of Buddy and Carol Compton of Canyon Lake, has been named an Academic All-American by the National Secondary Education Council.

Kaci, who attends Smithsonian Valley High School, was nominated for the award by Joe Rogers, principal. Her name will appear in the Academic All-American Scholar Directory, which is published nationally.

The award program is designed to recognize superior students who excel in the academic disciplines. The scholars must earn a 3.3 or better grade point average.

The council selects Academic All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors and other qualified sponsors.

GIANT STEP 12

If you are an adult who did not finish high school, here's your chance to prepare for the GED test in your own home by completing the 12 lessons which are appearing in the RECORD each Sunday for 12 weeks.

SOCIAL STUDIES

Five specific areas in social studies are covered on the GED test. These are U.S. history, political science, economics, geography, and behavioral science. It would take many years of study to become an expert in each area, however, you can pass the GED social studies test if you have some basic knowledge in social studies, and the ability to read carefully. The same basic skills for reading comprehension that were discussed in the Reading Skills and Science sections also apply to Social Studies. Note: There may be some questions that require prior knowledge of the social studies area.

DISCRETE ITEMS

Major cities tend to develop near which of the following geographic features?

- (A) mountain ranges
(B) bodies of water
(C) deserts
(D) tropical rain forests
(E) tundra
- PROBLEM 2
In disagreements with management, labor can use all of the following except:
(A) picketing
(B) boycotting the goods sold by a particular company
(C) striking for higher wages
(D) lockout of the plant
(E) calling in sick for many days

- PROBLEM 3
Which of the following would be a common reason for a drop in the prime interest rate to businessmen?
(A) in order to boost demand for loans
(B) to decrease the national debt
(C) to slow down the demand for money
(D) a cold war tactic against Russia
(E) to improve the balance of payments

SOME OF THE SOCIAL STUDIES TEST consists of short passages of less than 100 words. You will be asked to read a passage and draw conclusions based on statements and implications used in the passage. The questions on

the short passages will most likely require you to do one of the following:

- (A) make inferences—covered in lesson on "Reading Skills."
(B) choose the main idea of the passage—covered in "Reading Skills."
(C) choose the best title for the passage
(D) select the identity of the person who might have spoken or written the passage
(E) apply your knowledge (recall) in social studies by selecting the correct cause of an event
(F) prior knowledge

EXAMPLE
Wife: Every time I go shopping, the prices are higher. I wonder if this inflation will ever end.
Husband: Prices go up and my salary is buying less and less. If this continues, we'll have to start cutting back on our food and clothing.
Wife: I don't know how much more I can cut out of our weekly food shopping. Let's face it, I've got to go out and get a job. Maybe with two salaries we can finally start to pay off some of our bills.
Husband: I don't like the idea at all, but

what else can we do?

- The statement that best expresses the idea of the passage is:
(A) The husband feels that his wife should not work.
(B) Complaining may not help, but it makes you feel better.
(C) Inflation means that more money may be the only solution.
(D) You can't win over inflation.
(E) Careful budgeting is the only way to fight inflation.

The best answer is (C) inflation means that more money may be the only solution. It is the best answer because the husband and wife believe that earning more money may be the only answer. Choice (A) is a possible answer; however, although the husband is unhappy that his wife must find a job, he realized there is no other choice. Choice (E) is also a possible answer, but as the wife says, she already has been budgeting and it hasn't helped.

EXERCISE 1
Education, then, beyond other devices of human origin, is a great equalizer of the conditions of men—the balance wheel of social machinery. It gives each man the independence and the means by which he can resist the selfishness of other men.
Horace Mann, 1848

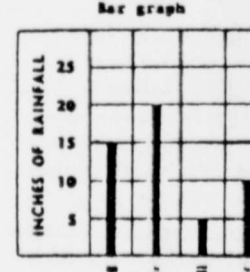

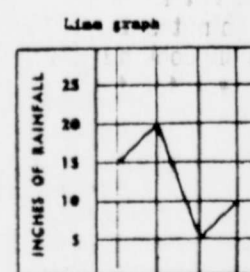

PROBLEM 1
Which of the following is the most accurate statement regarding the quotation?
(A) Education will solve all of an individual's problems.
(B) Without education, a man means little in our society.
(C) Education gives a person an opportunity to rise above his condition.
(D) A wealthy man must receive an education in order to remain ahead of a poor man.
(E) The man who wrote the quotation is a dangerous individual and should not be permitted to say such things.

EXERCISE 2
Africa's political heritage indicates that a one-party democracy is a possible, even attractive, choice. Even though it does not imitate the multi-party systems of most western nations, it does satisfy the African's need for a voice in the control of their country. It gives people a chance to be heard at the lowest levels of political organization, the village council. Then their needs and views are brought up through an ever narrowing structure of administration until they can be reviewed and implemented on a national scale.
This is not to suggest that multi-party democracy does not also exist in Africa. Some nations, such as the Gambia, Upper Volta, Nigeria, and Mauritius, have two or more parties that represent different viewpoints on national development and political philosophy. Nevertheless, in countries that have a more or less unified sense of where they are going, and have only a limited amount of resources to call upon, support for one-party rule is very strong.

PROBLEM 1
An appropriate title for the passage would be:
(A) How People Live in Africa
(B) One-party Government in Africa
(C) Democracy Comes to Africa
(D) African Unity
(E) Operation of Democracy in Africa

PROBLEM 2
According to the passage, all of the following are logical conclusions about governments except:
(A) African democracies are not based on the same model as the United States democracy.
(B) Having only one political party does not mean that the opinions of minority groups are not heard.
(C) Nations that have more than one political party don't have a sense of where they are going.
(D) Many African nations have no need for a two-party system.
(E) Africans have developed governments tailored to the unique characteristics of Africa.

GRAPHIC SELECTIONS
The Social Studies Test includes charts and graphs since they are an important device in social studies research. Much information can be gained from graphs. Graphs are simple if you remember that a graph always compares two kinds of information. Interpreting the graph requires that you identify the subject of the graph by reading the title and then note how one kind of information is compared to the other. On the line graph below, note that the quantity is compared to time. The line shows inches of rainfall in relation to the season of the year.
Bar graphs are similar to line graphs. The only difference is that bars rather than lines are used to show the information. Compare the bar graph to the line graph. If the information is the same, a line connecting the top of the bars would appear the same as the line in the graph.

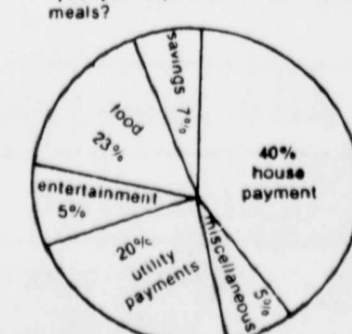

EXERCISE 1
Refer to the graphs above and answer the following questions:

- PROBLEMS
1. The greatest amount of rainfall fell during the _____.
2. The total rainfall for the year was _____.
3. The driest season of the year was _____.
4. How much more rain fell in winter than in fall?
5. Which two seasons combined produced most of the annual rainfall?
6. Judging from the information presented by these graphs, which season is probably the poorest for outdoor sports?

EXERCISE 2
Pie or circle graphs show in what proportions something is divided. The pie graph below shows a graph of a family budget and each of the monthly expenditures. Keep in mind that all the percentages must add up to 100%.

- PROBLEMS
1. The second most expensive item in this budget is _____.
2. An equal amount is spent for entertainment as is spent for _____.
3. Under which category of spending would you put expenditures for restaurant meals?

LORAIN HIGH SCHOOL sophomore Edward Garza, left, and junior Eddie Benitez work their necks during stretching exercises at the Bulldogs one-a-day work-out last week. LHS begins full contact workouts in pads tomorrow.

Loraine football team looking forward to season

By Tony Franco
Sports Editor

It's said that success breeds success.

If so, then keep an eye out for the 1985 Loraine High School football team.

Last year the Bulldogs jumped out from obscurity by posting a 5-5 record. The wins accounted for more than the past several years combined.

Not just one but two running backs on that team enjoyed a 1,000 yard season. The 5-5 record also earned coach of the year honors for head coach Sandy McSpadden.

What can we expect from the 1985 squad?

Gone are the two 1,000 yard rushers and the quarterback, but the offensive and defensive lines return almost intact.

"There's no doubt our line will be strong," said McSpadden. "Our backfield is not near set. We're still dog fighting for positions."

There are those who say the 1984 squad might have snuck up on unsuspecting opponents. Not so this year.

"They're going to be ready for us," said McSpadden. "The people we had not beaten before last year are really going to be ready for us."

"Every season is a new season," said McSpadden, whose club began one-a-day workouts the past Monday and goes to full pads tomorrow.

"How much do they want it? Their competitiveness. That's what we're trying to find out."

"We have the potential to be very good. It all depends on the kids. We'll get tested pretty quick."

The 21 players out for the new season begin it with a scrimmage against ranked Santa Anna this Friday night. There was some problem with Santa Anna's field and the possibility arose for playing on a neutral field.

The regular season has the Bulldogs opening against two more ranked teams in Irion County and Robert Lee. District foes Roscoe and Forsan are also

ranked and always tough.

Who has the inside track for the starting positions in the backfield?

Looking to take the quarterback slot are junior brothers Freddie and Eddie Benitez and freshman Sonny Hernandez. The three will also be in the defensive secondary.

Seniors Billy Mayes and Duane Linam will be trying to fill the big question mark at running back along with junior Ector Castro and sophomore Edward Garza.

McSpadden said Mayes has equal if not better speed over 40 yards than last year's ball carriers.

Senior Ben Esquivel and sophomore Apple Sanchez have the center and defensive nose guard positions.

Going both ways in the tackle positions are senior Phillip Sanders and Armando Castro, a 220 pound junior.

Also providing some weight

for the line will be Charles McPeters, a 225 pound quick guard and defensive end, Freddie Lopez and Ricky Bailey, a muscular 225 pound junior that will handle guard and linebacking duties.

Senior Dell Haltom is touted as the strong end and also competing for that job are junior Joe Vasquez and sophomores John Preston, Quinten Merket and Don Bradford, a transfer from Alaska.

Those some players are fighting for the cornerback positions along with junior Berto Garcia, who is another possibility for the offensive backfield.

Garza joins Bailey as the leading linebackers while Mayes and Linam look to be safeties. Do the Bulldogs still have believers?

"Yes," said McSpadden, "but, we've incorporated to T-shirts," referring to last year's bumper stickers which proclaimed—I Believe, Loraine Bulldogs.

Richard R. Alkire - Pastor First Baptist Church

A classified ad once read, "Lost-One dog. Brown hair with several mange spots. Right leg broken due to auto accident. Rear left hip hurt. Right eye missing. Left ear bitten off in dog fight. Answers to the name 'Lucky'."

Lucky? Of course! That was a very lucky dog. He was lucky because with all those things wrong with him, somebody still wanted him and was willing to pay to get him back. Isn't that the story of the Gospel? With all of our sin and rebellion, God still loved us enough to pay the ultimate price to win us back to Himself. Roman 5:8 says it best, "But God commendeth His love toward us, in that while we were yet sinners, Christ died for us."

FRESHMEN AND JUNIOR VARSITY Wolves wait to defend against the varsity's next play during Colorado High School football workouts last Thursday night. The defending area champs begin the season with a scrimmage at Stanton Friday.

CHS Wolves could prove to be powerful underdogs

By Tony Franco
Sports Editor

What a difference a year makes!

At this time a year ago, everybody was touting the Colorado High School football team as the team to beat.

The Wolves didn't let them down.

They jumped to a 7-0 start and concluded the regular season with a fine 9-1 mark and a playoff berth—the first in six years.

Once in the playoffs, the Wolves marched past Gatesville and Abilene Wylie before bowing out in a third round, regional contest against Littlefield.

The final 11-2 record was the best CHS had posted in a long, long time—if not ever.

Is there not a spark remaining from that fire?

This season's experts think not.

Critics and soothsayers say don't expect the Wolves in the playoffs this year.

How does CHS head football coach Tom Ramsey feel about the predictions, now that they are not as favorable as last year's? One publication went as far as to say the Wolves are to be humbled.

Ramsey feels the same as he did last year.

"We don't go with predictions. If you got any points for it, it would be alright."

"Everybody's got to play 48 minutes," said Ramsey.

"Some look at press clippings and think they don't have to do anything. A lot of good teams will be at home come November."

Just what has people considering the Wolves dead and buried and no better than next to last in district 7-AAA?

Maybe it's because just one starter returns among a total of six returning lettermen.

What does a coach do in this situation?

"We tell them where we're picked," said Ramsey. "It's who wants it the most that counts. Getting into the playoffs is what you work for. Once there, anything can happen. All we're worried about is Slaton (whom the Wolves open against September 6.)"

"Rankings are like weather predictions. Sometimes it will rain, sometimes it won't."

"Lower rankings sometimes give a psychological advantage. They're not happy with the ranking and want to do something about it. We don't want to be known as a fifth place team."

The one returning starter from the defending area champions is All-West Texas running back Sam Rivera. Joining him are returning lettermen Adam Alvarez, Stu Howell, Mike Ligon, Raymond Martinez, Albert Rivera and Ruben Rivera—all seniors.

The rest of the 1985 varsity roster—like the new season—depends on who wants to be there the most.

The following is a position by position depth chart for the new Wolves, beginning with the offense.

Ramsey said the coaching staff is leaning toward Ligon as the starting quarterback, but sophomore Cary Ritchey "is doing a good job at practice."

Sam Rivera is the running back when the Wolves line up in the one back set. Rivera got 1,000 yards last year and those 1,000 will go a lot farther this year.

When not in a one back set, Rivera can look to junior Ralph Gonzales and sophomore Larry Mayes for company in the backfield. Pete Rosas, Marty Cleckler and Moises Molina provide backup.

Ruben Rivera and junior Da-

nny Salazar are the center prospects. Strong (right) guard is Eduardo Melendez with R. Martinez also fighting for the job. Quick guards are junior Wylie Dakan and A. Rivera.

Tackles are senior Cody Stice on the right and sophomore Corey Flanagan on the left. Others are senior Andrew Pineda and Dale Craghead and sophomore Bill Dossey.

At the ends are juniors Michael Swann and Reggie Gardner ahead of seniors Jimmy Thompson, Howell and Robert Lemons.

A. Alvarez and Guy Compton are the wide receivers.

On defense will be middle linebackers Swann and Melendez. Gardner and Dakan are listed as strong side linebackers while R. Rivera and Thompson handle the weak side.

The defensive tackles are Stice on the right and Dossey on the left with backups Flanagan, Craghead and Pineda. A. Rivera and Lemons are the right ends while Martinez and Salazar handle the left side.

Howell and R. Gonzales are battling for the strong cornerback position and Ligon, Rosas and Molina will take the weak side cornerback position.

Alvarez, Mayes and Cleckler will get a shot at free safety while S. Rivera is listed at strong safety ahead of Ritchey and Compton.

The Wolves begin preparations with a scrimmage at Stanton Friday, then another one at Snyder the following Friday.

The annual Pigskin Preview is scheduled for Thursday, Aug. 22 at 7 p.m. for the ninth grade, J.V. and varsity teams. Colorado Middle School's preview is set for Sept. 10 at 7 p.m.

The faces will be new and underdogs, but then again who had heard of Medina Valley?

Farmers using more crop insurance

LUBBOCK—Farmers are using record levels of crop insurance in 1985 according to Tom Buchanan who is a member of AACI (American Association of Crop Insurers) Educational Committee. In 1985, the amount of protection in force in the U.S. is expected to reach about \$25 billion.

The most significant growth for 1985 is with the Multiple Peril Crop Insurance Program (MPCI). Under this program, farmers can insure about 40 different crops against most of the risk of production loss.

In 1984, on a national basis, it's estimated that farmers were paid over \$825 million in claims. Of this amount approximately \$185 million was Private Crop Hail-Fire losses and approximately \$638 million was for MPCI claims with the major cause of loss being drought.

Crop insurance remains the best and most cost effective risk management tool available to farmers. It's the only vehicle that can assure a crop farmer of adequate "Cash-Flow" so that he can farm again next year... even when crop yield losses happen Buchanan said.

The Multiple Peril program is a cost effective tool from the farmers viewpoint. This is because:

1. The Farmers Premium cost for MPCI is reduced by about 50 percent because of government participation.
2. Coverage can now be based on the growers individual yield history.
3. Premium rates on most crops decrease for grower with high yield performance, and
4. It is available through local, professional, and licensed insurance agents...often the same ones that handle the farmers other insurance needs.

Many of these features are new or improving for growers. For example, beginning with fall seeded wheat and barley, the primary method of establishing coverage will be based on the grower's individual production history. If the grower does not have yield records there is an alternate coverage method to allow him to secure protection. These improvements in the

MPCI Program have been brought about by the efforts of the private insurance industry which has worked to make the crop insurance program more functional so that it would meet the needs of farmers. For example, this spring the Administration proposed to eliminate the government subsidy in the program for farmers. This would have greatly increased the cost to farmers. The private sector working through the American Association of Crop Insurers (AACI) was able to win this battle in the farmer's favor.

AACI is continuing to work to improve the MPCI Program for farmers. Three items at the top of the current AACI agenda are: (1) Obtaining funding for the FCIC Program so that there is no delay in servicing claims, (2) Streamlining the Actual Production History Program to make it less cumbersome for farmers to utilize, and (3) Getting USDA to modify their initial action that over consolidates insurance units for 1986 Spring crops and all crops for 1987.

Loan collateral is one of the reasons for the crop insurance growth (MPCI has almost tripled from 1980 to 1985). Many farmers are now using crop insurance to increase their collateral for their operating loans. From the bankers viewpoint, crop insurance works for crop loans similar to the way a Homeowners Policy secures a home mortgage, or an Auto Policy secures an auto loan, according to Buchanan.

Farmers should now be thinking about insuring their fall seeded wheat and barley. Since there is a sales deadline that occurs about 30 days before seeding, they should contact their agent immediately so that he can assist them in efforts to obtain coverage based on their individual yield records.

For additional information on Cash-Flow Crop Insurance, farmers should contact their local crop insurance agent or Buchanan at Texas Branch Phone 306-763-2323 or the American Association of Crop Insurers at 2501 M. St., NW, Suite 430, Washington, D.C. 20037 or call (202) 463-0541.

Lorraine High School names Cox as coach

By Tony Franco
Sports Editor

Ronnie J. Cox, 40, will be the newest face at Lorraine High School this coming year as an assistant football coach and head basketball coach.

Cox, single and a 1970 graduate of Eastern New Mexico University in Portales, New Mexico, brings 10 years of coaching experience to the Bulldogs.

The Anson native stepped out of the coaching field last year and last coached at Knox City for two years—ending his stint there in 1983-84.

Prior to that, Cox coached at Clovis, New Mexico for eight years.

Cox, who will also be teaching physical education, said he le-

Ronnie Cox

arned of the "opening through an ad in a newspaper."

"I was in Aspermont at the time," said Cox.

"I didn't personally know him (LHS head coach Sandy McSpadden), but I had seen him around."

"I like it here. The people are very friendly. Just about everybody in town has introduced themselves."

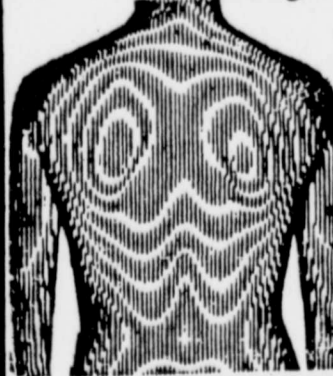

Cox and McSpadden have already been busy with one-a-day workouts for the 1985 Bulldog football team.

"They're likeable kids," said Cox. "They appear to be very competitive. I've enjoyed working with them."

Faith Edwin

Granddaughter of localite is Cotton Maid

Faith Edwin, granddaughter of Mrs. W. H. Boney of Colorado City, has been named 1985 Southwest Maid of Cotton.

Miss Edwin is a blonde from El Paso who attends a fashion college in Arlington.

A graduate of Burges High School, she is the daughter of Dr. John R. and Fanelle B. Edwin of El Paso. She was sponsored in the competition by the Woman's Department of the El Paso Chamber of Commerce.

Miss Edwin was selected from a field of 12 contestants. She wore the same long white cotton gown that her sister, Elizabeth Hope Edwin, wore in winning the 1979 Fabens Cotton Queen title.

She is a senior at Bauden Fashion College, studying fashion merchandising with an emphasis in modeling.

Miss Edwin will be competing for the national Maid of Cotton who reigns over the Cotton Bowl in Dallas on New Year's Day. Besides the right to compete at Dallas, she won a \$500 cash prize and prizes donated by local merchants.

The finals are scheduled in Dallas during the week between Christmas and New Year's. The winner will reign over the Cotton Bowl football game and take a year off from school to represent the cotton industry in the country and abroad.

Mrs. Boney attended the coronation at the El Maida Shrine in El Paso.

CPR course slated

An eight hour CPR Course (Cardio Pulmonary Resuscitation) will be offered at the Wallace Center on Monday and Tuesday, Sept. 9-10, from 6-10 p.m. You will learn one on one life-saving procedures for children and adults. This is a good course for parents, teachers, and all child care workers.

Instructor will be Sheila Lawhon, R.N., from Sweetwater. The course is through the American Red Cross. A certificate

will be given upon completion of the course.

New legislation effective January, 1986 required this course for all workers in licensed child care providing facilities. Tuition for the course is \$15 which

includes a \$10 book fee.

You must pre-enroll by September 4 to participate. For information, call the Community Education Office at the Wallace Center in Colorado City.

Skate-a-thon set at Westbrook Skating Rink

The Second Annual Jerry Lewis Skate-a-thon benefiting the Muscular Dystrophy Association will take place over the Labor Day weekend at the Westbrook Skating Rink on West Hughes in Westbrook.

This year's event will be a 12-hour marathon beginning at 1 p.m. Saturday, August 31 and ending at 1 a.m. Sunday, Sept. 1.

Trophies will be given to the first, second and third place high money raisers and every skater turning in over \$50 will receive a free digital watch.

Anyone interested in participating in this year's skate-a-thon can pick up sponsorship forms and details at KVMC

radio on West Hwy. 80 or at the Country Store in Westbrook. Call Pam Melton at 644-2653 for additional information.

Loveless to celebrate 102nd

Ila Loveless, a resident of Mitchell County since 1905, will be observing her 102nd birthday today (Sunday).

A resident of Root Valley Lodge, Mrs. Loveless was born in 1883 in Erath County. She married Jim Loveless in 1900 and moved to Mitchell County in 1905. Her parents, Jesse and Dora Northcutt, had moved to the Spade Community in 1904,

where they resided until their deaths.

After Mr. Loveless died in 1966, Mrs. Loveless moved to California for about seven years, moving back to Colorado City in 1973, living with a daughter until her move to the rest home.

There were four children born to the Loveless family, three boys and a girl.

During World War I, Mrs.

Loveless nursed people during the flu epidemic. She had signed up to join the armed forces, but the war came to an end.

She has seen many changes during her lifetime, the most impressive to her being the airplane because, as she noted in previous interviews, she loves to fly.

Her favorite president through the years was Franklin D. Roosevelt.

New session of body control to begin Aug. 26

A new session of body control will begin Monday, Aug. 26, at the Administration Gym. The six week course will be instructed by Joanne Sanderson.

Classes will be held on Monday, Tuesday and Thursday nights from 6:30-7:30 p.m. Tuition for the three night classes will be \$30. Two night classes will be \$25. Exercises are set to a variety of music and makes for a lot of fun while you work off those unwanted pounds.

To pre-register come by the Wallace Community Education Center office before the first class begins. For more information, phone the Community Education Office, 728-2392.
