Supreme Court Sets Special Session

Faubus Has 3 Segregation Bills Ready

By ROBERT E. FORD

LITTLE ROCK, Ark. (AP) — Gov. Orval Faubus today had three segregation bills ready as Arkansas State legislators gathered for tomorrow's special session. The key one would close Central High School to further racial integration, subject to public referendum.

As the U.S. Supreme Court in Washington called its own special session for Thursday on the Central High legal crisis, a legislative source said Faubus has outlined three measures for immediate submission to the Legislature.

They are: A bill to postpone the opening of Central from Sept. 2 to Sept. 8, apparently to give the Legislature a little added time for maneuvering;

A bill authorizing the governor to close Central High rather than mix Negroes and whites in its classrooms. Once closed, a public school district referendum within 30 days would decide whether to integrate the school or keep it closed;

A bill to let any white student displaced from a closed school carry his state aid allotment with him to another open district.

The Supreme Court decided to interrupt its summer vacation for a rare special session. It has before it the appeal of the National Assn. for the Advancement of Colored People to order an immediate reopening of Central to seven Negro students who attended its classes last year.

Atty. Gen. Bruce Bennett, in the forefront of the state's legal fight to stall off further Central integration, said it is difficult to guess a Supreme Court decision in advance. But he added: "It is my thought that they will grant the petition of the NAACP. For this reason, it is all the more important that this special session of the Legislature enact such legislation that will preserve the peace at Central High School and roadblock those organizations attempting to force integration on the people of Arkansas. That is our best insurance against an adverse decision."

Faubus has called the special legislative session in a race against time. He said his aims are to preserve peace in Little Rock.

He also said last week that information he has received indicates any effort to integrate this fall will spark more violence than a year ago.

White demonstrators rioted last fall when nine Negroes entered classes. They battled police until the Negroes were removed. President Eisenhower sent in 1,000 paratroopers, who bayoneted one man and smashed another's face with a rifle butt while driving the demonstrators away.

The NAACP last week petitioned Justice Charles Whittaker of the U.S. Supreme Court to reverse lower court decisions and open the school to Negroes opening day, Sept. 2.

Present federal court orders do not require the school to integrate until well after school opening, and then only if the Supreme Court rules it must do so.

However, Justice Whittaker says he alone can issue an order for immediate integration. He indicated he did not plan to act before next Thursday afternoon, but could do so earlier.

Faubus said the Legislature could not wait for a last-minute ruling by the justice but must pass measures in advance to prevent violence.

Applications In Norfolk Are Returned

By HARRY NASH

NORFOLK, Va. (AP)—A federal district judge today returned to the Norfolk school board for further consideration the applications of all 151 Negroes who sought admission to white schools.

Judge Walter E. Hoffman referred the applications back to the board "for such further consideration, if any, as you may deem proper and legal" by reason of his interpretation of the board's duties as related to principles of law.

He instructed the board to report the results of its "actions, if any," Aug. 29. Norfolk schools reopen Sept. 8.

The board's decision is due one day after a special U.S. Supreme Court session, called today, to consider the Little Rock, Ark., segregation case. Judge Hoffman has said he would not order desegregation of Norfolk schools if the Supreme Court upholds a district court's 2½-year delay—since overturned by the U.S. 8th Circuit Court—in Little Rock.

The judge instructed the board it is not required to admit a Negro child whose scholastic qualifications have been determined by tests and interviews to be insufficient.

Hoffman said the board would not be required to reconsider the applications of these 26 Negroes and also of those 63 who did not take the tests.

The board may defer enrollment of a Negro applicant for one year if the board is certain enrollment now would necessitate unnecessary transfers.

Hoffman told the board it is not required to admit, though it may do so in its discretion, any Negro to a previously all-white school who resides nearer a Negro school attended by the child during the prior school year.

IMMUNIZATION SLATE CHANGED

Residents here who have return engagements for immunizations at the Snyder-Scurry County Health Unit for Friday have been asked to be there on Thursday morning.

Miss Leah Davis, senior health nurse at the unit, will be leaving to assume a position at Carlsbad, N. M., and asked that those scheduled for immunizations on Friday come Thursday morning.

There will also be a clinic at the health unit on Wednesday afternoon.

Immunizations offered at the health unit include polio, smallpox, typhoid, and triple toxoid, which includes diphtheria, whooping cough, and tetanus. Blood tests are given for pre-natal, pre-marital, and food handlers.

Close Watch Is Kept On Red China Action

WASHINGTON (AP) — The White House said today the government is keeping a very close watch on Communist China's attacks on the offshore Quemoy and Tan Islands.

Press secretary James C. Hagerty told of the close watch as President Eisenhower conferred with Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff.

The conference took place against the background of reports from the Far East that the Red Chinese attacks on Big and Little Quemoy and the Zan group had slacked off after a week of massive bombardment and air and sea activity. Those attacks on the Chinese Nationalist islands stirred concern that they may be a prelude to Communist invasion.

Hagerty said that Eisenhower and Twining usually confer about every two weeks. Referring to the regular periodic sessions, Hagerty described today's conference as nothing more than that.

Earlier two House foreign affairs specialists viewed Secretary of State Dulles' new warning to the Chinese Reds as indicating probable U.S. action if the Communists try to seize the islands.

Both Representatives Clement Zablocki (D-Wis) and Walter H. Judd (R-Minn) backed Dulles' stand as an aid to peace in the Far East.

Dulles said in a statement any Communist Chinese attempt to conquer the tiny Nationalist-held islands off the Chinese mainland would be regarded as a threat to peace in the region.

He did not spell out what, if anything, the United States would do in event of an all-out Communist attack on Quemoy and Matsu, which have been under intensive aerial and artillery bombardment for the past few days.

The Defense Department said last night that in the light of the increased activity in the Formosa Straits the U.S. 7th Fleet and other naval forces in the Far East have been ordered to take normal precautionary defense measures. A department spokesman declined to say what such measures involve.

Zablocki, chairman of a House Foreign Affairs subcommittee on the Far East, said in an interview he considers Dulles' statement as marking an extension of a 3½-year-old policy under a congressional resolution authorizing President Eisenhower to fight, if necessary, to defend Formosa, Nationalist Chinese stronghold, and related areas.

"I concur with it," said Zablocki, adding that chaos would result if this policy were not extended to include Quemoy and Matsu.

Judd, senior Republican member of the Far East subcommittee, voiced a similar view.

He said in a separate interview that the Communists are continually probing for soft spots in one or another part of the world. Where the free world doesn't stand firm, he said, the Reds move in.

He interpreted Dulles' statement as a warning to the Chinese Reds that "you're playing with fire if you start things over there."

Racial Violence Spreads In London

BY EDDY GILMORE

LONDON (AP) — Emergency squads of policemen patroled sections of London and Nottingham today in the wake of Britain's worst race violence in years.

With trained police dogs at their sides, police moved to head off the stabbings, slashings of beatings that terrorized two communities over the weekend.

Newspaper headlines mirrored how the savagery between the races staggered the British public.

More than 200 white men and women and West Indians, Africans and Pakistanis battled for 90 minutes Saturday night in Robin Hood's city of Nottingham.

The trouble spread Sunday to London's Notting Hill section. A carload of white youths toured the area, attacking West Indians. Three Negroes were hospitalized. Eight whites were arrested.

In Nottingham, an industrial city of 300,000, eight Englishmen were taken to a hospital, six of them with stab wounds. Dozens of others were cut and beaten.

Eight of the West Indians, Africans and Pakistanis were jailed — "for their own safety," the police said.

"Trouble has been going on for months," said Eileen Byatt, an Englishwoman who narrowly escaped injury, "but we've never had such a night as this one."

She said a Pakistani hit an English woman in the back as she came out of a bar with her husband. Then fighting seemed to break out for a hundred yards up and down a street.

Britain may be in for serious trouble between the races.

More than 40,000 West Indians arrive in the country annually to look for jobs. Hundreds also pour in from Africa and Pakistan. As citizens of the British Commonwealth, there is no restriction on their immigration.

Parliament members constantly ask if this unregulated immigration should not be halted.

As long as Britain has full employment, everything should be all right, but when unemployment comes and the British working man sees jobs being held by foreigners, resentment builds up.

Dedication Of School Today

Dedication services were to be held at 4 p.m. today for the new Katherine A. Ryan Parochial School, which is between Avenues A and B, on Thirty-first Street.

Presiding will be Auxiliary Bishop John L. Morkovsky. Those on the program will include the Rev. Edward Chrisman, pastor of the St. Elizabeth's Catholic Church, which is sponsoring the school; Mrs. Katherine Ryan, a benefactor, for whom the school was named; and Mayor Harold Bennett.

Among some 200 out-of-town guests will be 50 to 60 priests from other parishes.

A banquet was to follow the dedication service, with the meal served by the St. Elizabeth's Altar Society, headed by Mrs. C. O. Holder, Jr. A report on the banquet in yesterday's Daily News erroneously listed the Society's leader only as Mrs. C. O. Holder. Men of the Knights of Columbus will serve coffee and tea.

The school, just completed, is scheduled to open Sept. 3 with an expected 120 students in first through sixth grades. A kindergarten is planned later.

To Consider Racial Question Thursday

WASHINGTON (AP)—The Supreme Court today called a special session Thursday of this week to consider the Little Rock school segregation case.

The high court, convening in the extraordinary session at noon will deal with the application of the National Assn. for the Advancement of Colored People for cancellation of the desegregation delay granted by the 8th Court of Appeals at St. Louis.

The announcement, issued by Chief Justice Warren after consultation with the other members of the high court, said:

"The petitioners have filed with Mr. Justice Whittaker an application for vacation of the order of the United States Court of Appeals for the 8th Circuit staying the issuance of its mandate, and for a stay of the order of the United States District Court for the eastern district of Arkansas of June 21, 1958.

"Mr. Justice Whittaker deeming it more appropriate for the full court to pass upon such a motion, the chief justice, after consultation with other members of the court, has called a special term of the court for Thursday, Aug. 28, at noon, to consider this application.

"The solicitor general of the United States is invited to file a brief and to participate in the oral arguments if he is so advised."

Special terms are a rarity.

The most recent one was called to pass on the appeal of Julius and Ethel Rosenberg, later executed as Soviet spies.

Only an issue rated as tremendously important, or as presenting a question which must be settled before the expiration of a time limit, calls the Supreme Court back from summer vacation.

In the Little Rock case the time of the new school term.

As the session of the high tribunal was called, members of the Arkansas State Legislature streamed into Little Rock prepared to empower Gov. Orval E. Faubus to close Central High School if the federal government tries to integrate it for a second year.

The current litigation over integration at Central High stems from the action of the U.S. District Court in Little Rock in granting a 2½-year stay of a previous order for desegregation.

The 8th Circuit Court of Appeals threw out that order, and then on the application of the school board stayed the execution of its own ruling pending action by the Supreme Court.

Last week, Justice Whittaker, who has jurisdiction over appeals from 8th Circuit matters while the Supreme Court is in recess, voiced the opinion that one justice could pass on the NAACP application for cancellation of the integration delay.

There would be no doubt of one justice's authority to stay an affrimative order of a lower court.

But until Whittaker set forth his opinion there had been a question among Supreme Court observers as to whether one member of the court could cancel out a lower court's order delaying application of the lower court's own ruling.

The wording of Warren's announcement made it clear the matter had been taken up with the other justices and that the conclusion was that it was a proper matter for the full bench.

Five Supreme Court members are on the West Coast, four of them attending the American Bar Assn. meeting in Los Angeles. All five are expected to fly back to Washington. Two justices are in Washington now, one as at a summer home in New York and another on the way back from Europe.

New Storm Grows Into Hurricane

MIAMI, Fla. (AP) — Tropical storm Daisy developed into a full-fledged hurricane today with top winds of 85 miles per hour. Residents of the Florida, Georgia and North and South Carolina coasts were warned to keep in touch with advisories.

The Miami Weather Bureau said Daisy does not appear to offer any serious threat to the nation's lower East Coast at present, but residents along the shoreline should stay on the alert until the hurricane takes its expected northward turn.

At 11 a.m. (EST) Daisy was practically stationary at a point about 280 miles east of Palm Beach. Hurricane winds extended outward about 30 miles to the east of its center. Gale winds are blowing in an area 125 miles east of the center and 60 miles to the west.

The hurricane is expected to start moving north northwest or northward tonight. No marked intensification is forecast for the next 12 hours.

Import Plan Changes Due

WASHINGTON (AP)—Secretary of Commerce Weeks announced today that proposed changes in the nation's voluntary oil import program will be made public early next month.

The revision will affect all of the industry except in California, Washington, Oregon, Arizona, and Nevada.

Weeks said the domestic industry will be asked to comment on recommended changes in the program by which imports are voluntarily restricted.

New Street Segment Is Opened By City

Thirty-sixth Street west from Avenue V to El Paso Avenue has been opened by the city street department, Roy Dunlap, city manager, said.

The street was opened to help relieve Thirty-seventh Street of some of its heavy traffic load.

Although the street is unpaved, it is expected to carry a large volume of traffic, especially after school opens next week.

Hospital Proposal Accepted By Court

The county commissioners court this morning accepted a proposal for a master building plan for Cogdell Memorial Hospital.

The master plan was adopted by the county hospital board upon recommendation of Ross Garrett of Chicago, hospital consultant who recently completed a survey of hospital facilities here for the board. Garrett's proposed plan covered probable building needs through 1975 and at five-year intervals until that time.

A part of the proposal was to begin planning immediately for 20 additional beds at the hospital, which now has 50 beds. Garrett suggested a wing which would house a total of 40 beds in two floors, with only the ground floor, holding 20 beds, to be completed first.

The commissioners court, in accepting the proposal this morning, did not elaborate on how it would proceed on making plans on the building.

The court did, however, agree to accept the proposal generally and to go into the matter, beginning plans for a building program.

Meeting with the court this morning were Pat Falls, chairman of the hospital board, and two board members, Hugh Taylor and M. L. Wilson. With the three were Bill Newsom, superintendent of the county's Cogdell Memorial Hospital.

The court and board members briefly discussed the possibility of federal money to help in the program through the Hill - Burton Funds, which are administered by the State Health Department. Several members of the court and board plan to go to Austin within the next few days to determine possibilities of Hill - Burton participation.

No definite plans will be made concerning a bond election for the first phase of the hospital expansion program until the possibilities of federal participation have been determined. There was Hill-Burton participation on the construction of the hospital originally.

Garrett's master plan, as accepted by the board and court, calls for expansion of the hospital to 70 beds as soon as possible, to 90 beds in the next phase of construction. The plan also calls for additions to central supply and kitchen facilities as the hospital gets into its second phase of expansion. Total acceptable hospital beds here should be 120 to 125 by 1975, according to Garrett's findings, based on a projection of normal growth of the county's population.

In other action this morning, the court authorized Forrest Beavers, county school superintendent, to apportion $3,008.54 in county available school funds. The number of Scurry County youths in the census for various school districts in this area, and the amounts to be apportioned, are: Hobbs, 42, $25.73; Colorado City, 17, $10.42; Roscoe, 12, $7.35; Ira, 232, $142.15; Hermleigh, 333, $204.03; Fluvanna, 88, $53.92; Snyder, 4,186, $2,564.94.

That is a total of 4,910 scholastics in the county.

Autumn Weather In Preview Here

Fall weather prevailed in the Snyder area today, following passage of a cool front which produced brief showers Saturday night.

The lowest thermometer reading of the season was registered here this morning when the mercury dipped to 60 degrees, according to David Strayhorn, official weather observer. The low reading came on the heels of a mild Sunday which had a maximum of 80 degrees. This represented a drop of some 15 degrees from the high mark recorded Saturday.

Skies were expected to be clear to partly cloudy over the area today and Tuesday, with mild temperatures continuing through today.

By The Associated Press

Chill autumn-like weather greeted early-rising Texans Monday and continued showers apparently had broken the back of summer over most of the state.

At dawn, Dallas recorded its coolest temperature on record, a shivery 63 degrees. It was 56 at Dalart, but just to prove that summer was still around Laredo recorded an 82 at daybreak.

Forecasts called for little change in temperatures.

Mammoth thunderheads built up Sunday as the cool front moved across Texas and dumped deluges on sections of Central Texas. James Connally Air Force Base at Waco reported 8.16 inches of rain while the city itself measured 5.38 inches and the weather bureau gauge recorded 4.19 inches. Reports of from 6 to 7 inches in rural areas around Waco were common.

An airplane was believed downed by the turbulent weather in the Central Texas area and CAP planes from the Dallas-Fort Worth region were to search for the craft Monday morning. The small private plane was en route from Shreveport to Austin when last heard from.

Streams in the Centex area went surging from their banks in flash floods soon after the heavy rains but receded quickly. No flood damage was reported.

Late Sunday night Galveston was the only point reporting rain although there was thunderstorm activity around Kingsville and Corpus Christi. Monday morning, the weather bureau said, lightning flashed off the Texas coast from the Beaumont-Port Arthur area to Corpus Christi along the line of the cold front.

Sunday's maximum temperatures ranged from 82 at El Paso up to 101 at Alice. Generally they were in the 80s.

Explorer V Disappears In Space; Fate Still Mystery

By JACK KING

CAPE CANAVERAL, Fla. (AP) —What happened to Explorer V?

The fate of the latest potential American satellite still was an apparent mystery today despite another stellar performance by the Army's "old reliable" Jupiter-C rocket.

Explorer V—the heaviest U.S. moon launched at 37½ pounds — transmitted its signal only briefly after liftoff at 1:17 a.m. yesterday.

Army scientists studied telemetry data received from the spectacular flight in an effort to determine what happened.

They know that the launching ran smoothly. All four stages of the complex Jupiter-C functioned normally, boosting the satellite to the 18,000 m.p.h. velocity needed to plot it into orbit.

A clear Explorer signal was monitored for seven minutes at Ft. Monmouth, N.J. It gradually faded away six hours later. The Defense Department announced the satellite was not in orbit.

U.S. scientists hoped Explorer V would tell them more about a dense expanse of deadly radiation starting about 600 miles up. It extends far into the unknown. Man must be adequately protected against this radiation before starting adventures in space.

The radiation band is being investigated by Explorer IV, which blazed into an Orbit July 26. Preliminary information shows that the intensity and energy of the rays are much more severe than was expected.

The equipment in Explorer V was changed slightly from its predecessor to take a closer look at this radiation phenomena at higher altitudes.

Scientists speculate that the radiation—type still unknown — could kill an unprotected man in from 4½ hours to a few weeks' time.

The Defense Department announced that despite the failure, the Jupiter-C has earned the nickname of "Old Reliable" because of its performance in five satellite launchings.

The 70-foot rocket now has a record of three complete successes in five attempts to put a satellite into orbit. It appeared to perform satisfactorily on all five shoots.

Two of the Explorers—I and IV — still are whirling around the globe in the company of the Navy's Vanguard sphere and the Soviet Sputnik III.

Road Crashes Hike Violent Death Toll

By The Associated Press

Another in a recent rash of multiple-death automobile accident killed five persons in El Paso Sunday night to bring to at least 18 the number of weekend violent deaths in Texas.

Last week end 15 persons died in three separate automobile crahses, six in one accident, five in another and four in the third.

Of this week end's violent deaths, 12 of the 18 died in traffic accidents.

Three persons from Oklahoma died in the nighttime crash at El Paso. They were Mr. and Mrs. Claude E. Brown and their 10-year-old daughter, Claudia, of Aline, Okla. The other two killed were John C. Cathey and Alfred St. John, both of El Paso. Three persons were injured in the same street intersection accident.

A former Mineola, Tex., resident, David Hanson, 25, was shot to death at Temple. Willie Jackson, 78, was charged with murder. Both are Negroes.

Other weekend fatalities from violence included:

Concepcion Carrasco Gomez, 17, of Barstow was killed and five other persons were injured in a collision between a car and a a truck near Pecos Sunday.

Herbert Lack, 19, of Victoria, was killed Saturday in a traffic crash near Port Lavaca.

James Claire, 47, of Texas City was killed Saturday near Dickinson when his car crashed.

Dino Escobar, 59, of McAllen, was killed Saturday when the car he was driving collided with a freight train.

Thomas Stevens, 32, of Dallas, and Joe Ferris, 45, of Glendale, Ariz., were killed when their auto hit a tree Saturday.

Talmeg Crecy, 41, was burned to death at Seagoville Saturday when the small home where he was staying caught fire.

Albert Ford, 22, of Fort Worth, drowned while water skiing in Eagle Mountain Lake Saturday.

Johnny Harwood of Andrews was killed in a highway crash near Odessa Saturday.

Mrs. Altie Hailey, 77, burned to death when fire destroyed her home at San Antonio Saturday.

Joe Slobodnik, a retired Army sergeant, was found shot to death at his San Antonio home Saturday. A pistol was found near the body.

Davis Frazier, 17, was found dead at his San Antonio home Saturday. Suicide was ruled.

Network TV Quiz Show Under Probe

NEW YORK (AP) — State district attorney's investigators today were probing the reasons behind the abrupt dropping of a popular nationwide television quiz show, "Dotto."

The show was taken off the air a week ago, without explanation, by both the Columbia Broadcasting System and the National Broadcasting Co.

Executive Asst. Dist. Atty. David S. Worgan, of the Manhattan office, disclosed today that a probe was under way. He said the inquiry may lead to investigations of other quiz shows.

"We are investigating the circumstances behind the canceling of this program and the charges that a contestant has been fed answers," Worgan said.

Worgan declined to discuss reports that a stand-by contestant on the show had filed an affidavit with the Federal Communications Commission charging a contestant on the show was given answers to questions in advance.

However, Worgan did say a complaint had been received from a participant on the show.

At the district attorney's office, it was said that other TV quiz programs might be investigated, if the "Dotto" inquiry provided any information warranting it.

Mr. and Mrs. Johnny Hall, China Grove, are parents of an eight-pound, four-ounce daughter, born at 5:25 a.m. Friday at Cogdell Memorial Hospital.

CAP Hunts For Plane

BRYAN (AP)—Civil Air Patrol searchers investigated a report today that a farmer at Wheelock, about 10 miles north of here, heard an explosion about the time a light plane disappeared in this area.

In the air covering a 75-mile radius were planes of the local CAP unit, from Gary Army Air Base at San Amarcos, from San Antonio, Dallas and Longview.

The lost plane was en route from Shreveport to Austin.

The pilot, Paul Green Pearrow 25, presumably went down early yesterday. He had radioed that his fuel was nearly exhausted.

Persons familiar with this area said it might take months to find the plane if it crashed in the brushy Navasota River bottoms, an area mostly east of here in South Central Texas. Otherwise the vicinity is largely open farm country.

Perfect weather permitted searchers to get back into the air. Heavy clouds and rain storms hampered them yesterday.

New Teachers Report Here On Tuesday

Thirty-nine teachers and other personnel who are new to the Snyder school system will gather tomorrow at the high school cafeteria for the opening of an orientation program.

On Wednesday the remainder of the school's personnel will join the new members for the rest of the orientation program, which will last through Friday. The school system's total staff, which includes administrators, teachers, and maintenance and cafeteria workers, totals about 350.

In tomorrow's program for new personnel, the teachers will gather for a coffee period at 8:30 a.m. at the high school cafeteria, followed by a general session at 9 a.m. T. E. McCollum, superintendent of schools, will preside at the meeting, in which the new teachers will be acquainted with various parts of the school program.

In addition to several general meetings and subject area and grade level meetings throughout the week, the school personnel will be treated to a breakfast at 8 a.m. tomorrow with the school board as hosts.

At 7 p.m. Thursday the Snyder Classroom Teachers Association will have a get acquainted party at the high school cafeteria.

In a Wednesday morning general session, there will be an address by Dr. D. M. Wiggins, executive vice-president of the Citizens National Bank of Lubbock.

Carpenters In Houston Idle

HOUSTON (AP)—About 5,000 carpenters were idle today as the result of a strike called by the Houston Area Carpenters District Council.

The strike was called after failure of the council and the Houston Chapter of the Associated General Contractors of America to agree on a new contract.

Carpenters in Houston, Baytown, Bay City, Freeport, Texas City and Conroe struck at 8 a.m., curtailing some phases of construction in the area.

Fred Lucas, secretary-treasurer of the carpenters' council, said a meeting has been scheduled with AGC officials today in an attempt to reach a settlement.

Optimist Clubs In Zone Session Here

Optimist clubs from the surrounding area were in Snyder yesterday for the Zone F, Optimist International, meeting held at the Village Restaurant.

Eight of the nine clubs in the zone had representatives at yesterday's meeting of which the Snyder Optimist Club was the hosts. Only the Big Spring club was absent.

Clubs represented were the Abilene Breakfast, Abilene Noon, Midland Breakfast, Midland Noon, Odessa Breakfast, Odessa Noon, San Angelo and Snyder.

The Zone meeting opened by a Welcome Address from V. T. Tracy, president of the Snyder Club, at 9:30 a.m. An invocation and devotional followed by Rev. Ralph Odom, pastor of the Union Methodist Church.

Clarence Collins of Abilene, Lt. Gov. of Zone F, conducted the remainder of the program that lasted until 2:30 p.m.

W. S. (Sol) Lanham of Dallas, governor of District 7, Optimist International, of which Zone F is a member, delivered the main address at the noon luncheon.

Topic of Lanham's speech was "Optimism."

Giving reports on their clubs were presidents Andy Hogue of Abilene Noon, Jimmy McKeever of Abilene Breakfast, Phil Adams of Midland Noon, L. C. Locke of Midland Breakfast, Curtis Winn of Odessa Noon, Louis Brahn of Odessa Breakfast, Herb Emery of San Angelo and V. T. Tracy of Snyder.

7 Persons Pulled From Flaming Bus

DALLAS (AP)—Seven persons were pulled from a flaming bus after it overturned south of nearby Lancaster early today.

One of four women passengers taken to a hospital was reported paralyzed from the neck down. She is Mrs. Louise Young, 41, of south Dallas.

Others hurt were Mrs. George Butler of Dallas; Mrs. Margaret Bell, 67, and Mrs. Ida Whitehead, 78, both of Fort Worth. None of the latter injuries were believed serious.

All were Negroes in a church delegation who had been to a Waco religious meeting.

Fire destroyed the 5-passenger bus which overturned at an intersection at 1:30 a.m.

W. E. Christian, who lives near the crash scene, said he and his wife were awakened by the screech of the bus tires on loose gravel. They went to the rescue.

A passing motorist, Willie Harris of Waco, stopped and helped Christian get the last few victims from the bus.

Deputies said the bus overturned when the driver started to turn right off Highway 342.

Dunn Event Set Tonight

Tickets will still be available until early this evening for the farmer-businessman supper scheduled for Dunn-China Grove area farmers tonight.

The event, which will be held at the Dunn Methodist Church, will begin at 7:30 p. m. It is being sponsored by the agriculture committee of the Chamber of Commerce.

Snyder businessmen, who are paying for the supper by purchasing $3 tickets, enough to cover one businessman and one farmer, have been asked to gather at 7 p. m. at the chamber office for car pools to Dunn. Tickets will still be available until that time. By this morning, about 40 tickets had been sold.

The program will include singing and guitar playing of Dr. John Hamblen, Snyder dentist, and a pantomime show arranged by Clinta Blackard.

Masters of ceremonies will be Martin Murphy of China Grove and John Boren of Snyder. Supper chairmen are Hack Billingsley of Dunn and Henry Burchett of Snyder.

There will be drawings for door prizes to be given to farmers attending the supper.

Mrs. J. S. Bradley Dies In Fort Worth

Mrs. J. S. Bradley, 1723 Sixth Avenue, Forth Worth, mother of Mrs. W. T. (Bill) Long, former resident of Snyder, died at 10 o'clock this morning.

Funeral services for Mrs. Bradley will be held at 4 o'clock tomorrow afternoon with the Robertson-Muller-Haper Funeral Home, 1500 Eight Avenue, Forth Worth, in charge.

Mrs. Bradley had been ill for some time.

Definite Schedule For Schools Set

A definite schedule for the opening day of school, which will be Sept. 2, has been announced by Pat Falls, director of instruction.

All junior high students are to report to the junior high auditorium at 8:30 a.m. that day.

High school students will report to the high school auditorium at 8:30 a.m.

Elementary students are to go to the buildings where they will attend school, and if they have registered their names will be posted on the doors of the proper classrooms. Those who have not registered at elementary schools are to report to the offices.

ITALIAN FASHIONS GO TWEEDY

FOR GLOBE TROTTERS: This is the newest Italian suit silhouette, designed by Eleanora Garnett in light-weight pepper-and-salt tweed. The knee-length jacket buttons in back and is worn with a slim skirt and black Persian lamb turban.

By SUE CARDOZO

ROME (AP) — What are fall fashions made of? Sugar and spice, the Italian designers answer. Spun - sugar yarn, and peppery tweed.

From the edict laid down at the Rome and Florence fashion openings, every fall wardrobe this year should have something of filmy, basket - weave yarn, if only a pink collar on a purple jersey coat.

And every woman should have a tweed daytime combination composed of a collarless empire sheath and a short semi - fitted jacket with a separate choirboy collar.

What else will the wardrobe need? Judging by the Italian style openings, there should be one straight - skirted suit with a high-belted three - quarter - length tunic. The well - dressed woman will want a crushable silk and wool high - waisted Bopeep dress, and a rose printed velveteen for Sunday tea.

Then there are the new purple coats. They can be martingaled, mohair, and mount a muffling collar which rises from the shoulder and sits away from the neck. They are lined in bright lime, tangerine or strawberry.

Italian designers also like high necked cocktail dresses, pinched at the shoulders, with a back decollete reaching down to a high-inset cummerbund.

FLAT FURS: Here are two new fur coats with the important sleek look. At left, an Empire coat in Kitovi Alaska fur seal; at right, a chesterfield in beige-dyed Brazilian river otter, with mink collar.

Furs Star Sleek Look

By DOROTHY ROE
Associated Press Women's Editor

FLAT FURS as supple as fabric assume new importance in this fall's fur coat lineup, often trimmed with the fluffy long-haired furs for contrast.

You'll be seeing many lightweight, sleek coats of Alaska fur seal, leopard, Southwest African Persian lamb, American broadtail and otter this season, in coats for all occasions.

New silhouettes reflect dress fashions, with emphasis on the Empire, Directoire and Trapeze lines. There are plenty of simple, tailored coats, however, conservative enough not to be outmoded.

Teen Life Different In Ireland

By VIVIAN BROWN
AP Newsfeatures Writer

WHAT IS IT LIKE to be a teen-ager in Ireland?

"It's a lot different from America," says Peggy Foley, who left her home there recently to live with an uncle in Ansonia, Conn.

Peggy, whose six brothers, three sisters and parents live on a farm in Meen-Kiskean, County Cork, Ireland, felt that opportunities there were limited, so she came here to try her luck.

At 18, she wants to learn shorthand and typing, two subjects that are considered special courses in Ireland and taught only in convent schools.

High school is a six-year course in Ireland. The girls are taught to sew, knit and study Gaelic, the Irish language.

In Ireland, says Peggy, "it is walk or ride a bike." She was overwhelmed to see teen-agers here with their own cars. She used to ride six miles on her bike to school.

"We would think nothing of cycling four or five miles to a dance at night," says Peggy.

She misses the dances. There were three or four a week, a major source of recreation. Fast stepping jigs and curry sets were the order of the day, no rock 'n roll.

Young people in Ireland play records, but there is no Elvis Presley or Pat Boone. It's the songs the Irish love, rather than the singer, Peggy says.

They gather for song fests and fun, as nearly all young people play some musical instrument. The most popular is the melodian, which looks and sounds like a small accordion.

Girls wear dresses or skirts and blouses for most occasions. Blue jeans and Bermuda shorts are out of order.

Peggy likes her new life, and has had little difficulty in adjusting to it. She looks and acts like other American teen-agers. She does miss her family and her home and would like to have her sisters with her, but she definitely would like to stay here.

Once she decided to come to America, it took a lot of determination to board the plane.

"I was shaking and very scared," she says. "It's quite a jump from a bike to a plane, but after a while it didn't make too much difference."

IN PARKISTAN:

Fashion Involves Only The Color Of Saris

NEW YORK (AP)—Housewives of Pakistan, even as their American sisters, are receiving the latest tips in fashion, food, child care, and how - to - keep - your - husband-happy by newspaper and radio.

Mrs. Fatima Mansuri, Pakistan's first lady of broadcasting and woman's page editor of Karachi's weekly Dawn, a newspaper printed in the Pakistani dialect called Gujrati, is now on her way back home after attending the ninth International Congress on Home Economics held recently at the University of Maryland. Here on a travel grant from the Asia Foundation, she is loaded down with material on food and nutrition. But she wonders just how she can use most of it for Pakistan housewives have slightly different problems than those in the United States.

Take, for one example, the editor's problem of keeping her women readers informed on the last word in fashion. In this country, housewives are fighting the battle of the sack, the chemise, and the trapeze. In Moslem Pakistan, women—as they have for centuries—wear saris, long cloths draped and wound around their bodies and covering them from shoulders to ankle.

Dress Never Changes

"The saris themselves never change," explanied Mrs. Mansuri, "but the color combinations do. Some time ago, it was the vogue to wear printed saris over printed blouses. Then that changed, and we were wearing plain blouses and printed saris or vice versa. The latest is plain colored saris and plain blouses—of any number of colors, of course, and sometimes with a little embroidery on them."

A Pakistani newspaper writer and broadcaster has problems of communication never encountered by Americans. For one thing, about 80 per cent of the population is illiterate — hence, unable to read newspapers—and too poor to afford radios. Mainly, she says, she is writing and broadcasting for urban housewives.

"When we talk or write about food, we can't emphasize recipes, because there are scarcities of many things. And, of course, women do not have the equipment available here — electric refrigerators, for instance, or automatic stoves. We still use charcoal, wood or oil for cooking. And most things except rice and wheat—particularly the cereals—are very expensive."

Recently, says Mrs. Mansuri, bits of marital advice have begun to creep into newspaper columns and broadcasts: even suggestions that the housewives think about keeping or getting slim.

"Our women are becoming doctors, nurses, teachers, college professors," she said. "A few are lawyers, a few business women and fewer still are newspaper women and broadcasters. More and more are becoming secretaries, typists and clerical workers. There is no resistance by our men: they know the women are necessary. And, of course, we have had the vote from the beginning."

Many Pakistan husbands and wives work together. Mrs. Mansuri is one of them. Her husband, Ghulamnabi Mansuri is editor of Dawn.

Don't throw away the frame from that old lampshade. Cover it with cotton muslin and use it for covering platters of food when eating outdoors. Draw string the muslin across the top of the frame and lightly tack the material along the bottom.

Apricot Cake Frances

Ingredients: 1 can (1 pound) unpeeled apricot halves (in light syrup), 1 tablespoon butter or margarine, ¼ cup firmly-packed dark brown sugar, ½ cup sifted flour, ½ teaspoon doubleacting baking powder, salt, 2 eggs (separated), ½ cup sugar, ½ teaspoon vanilla, 4 teaspoons water, apricot sauce, heavy cream.

Method: Drain apricots, reserving juice. Melt butter in heat-resistant glass baking dish (10 by 6 by 1¾ inches); sprinkle brown sugar evenly over melted butter; arrange drained apricots, cavity side up, over sugar. Sift together the flour, baking powder and a dash of salt. Beat eggs with rotary beater (hand or electric) until foamy; beat in ¼ cup of the sugar, 1 tablespoon at a time; continue beating until peaks will stand straight up when beater is slowly withdrawn. Without washing beater, beat egg yolks and remaining ¼ cup sugar until thick and pale colored; beat in vanilla and water. Fold sifted dry ingredients into egg yolk mixture; fold in egg whites. Spread over apricots. Bake in moderate (350 degrees) oven until cake tester inserted in center comes out clean—30 to 35 minutes. Place pan on cake rack for 10 minutes so sugar will set; turn out on platter. Serve warm with Apricot sauce and garnish of whipped cream. After turning out, cake may be reheated on foil; place in slow oven until warm through and slightly toasted

APRICOT SAUCE

Stir 1 tablespoon cornstarch, ¼ cup sugar and a dash of salt together thoroughly in a 1-quart saucepan. Gradually add reserved apricot juice, a little at a time, stirring until smooth after each addition. Add 2 tablespoons strained orange juice and 1½ teaspoons strained lemon juice. Cook and stir constantly over moderately low heat until clear and slightly thickened. Stir in 1 teaspoon grated orange rind.

Cake Squares

Ingredients: 2 cups sifted cake flour, ¾ teaspoon baking soda, ½ teaspoon salt, 2-3 cup shortening, 1¼ cups sugar, 1 teaspoon vanilla, 2 eggs, 3 tablespoons white vinegar and enough milk added to make ¾ cup, any desired butter frosting, finely chopped nuts.

Method: Sift together cake flour, baking soda and salt. Cream shortening, sugar and vanilla. Add eggs one at a time, beating thoroughly after each addition. Add dry ingredients alternately with milk mixture in 4 additions; begin and end with dry ingredients and mix only until smooth after each addition. Turn into 2 greased and floured baking pans (each 8 by 8 by 1½ inches). Bake in moderate (375 degrees) oven until cake tester inserted in center comes out clean — 25 to 30 minutes. Let pans stand on cake racks 5 minutes; run spatula around outside edges of cakes and turn out on racks; turn rightside up. When cold cut in squares, frost tops and sides, dip in nuts.

New mix and match sets for the kitchen include cotton terry cloth dish towels and aprons in coordinated colors and patterns. The towels and aprons may be purchased together as a set or separately.

OUR VIEW

Trade Policy Sound Theory

THE SAN ANGELO EVENING STANDARD:

The free nations are now assured a continuity in United States trade policy that will make possible new international negotiations to promote mutually advantageous commercial exchange and increased world productivity.

So said President Eisenhower in signing the reciprocal trade program adopted by Congress. The program substantially reflects the national wish that the program be on a solid footing.

The four-year extension of the act which Congress finally voted is not as generous in promise as the bill the House voted for a five-year renewal. But four years is a sufficient span to give our friends abroad encouragement that our policies are stable and reasonably enduring.

The approved proposal in other respects comes fairly close to what the President sought. In other words, Mr. Eisenhower is assured of substantial authority to engage in a mutual lowering of tariff barriers with other nations, toward the end of greater and more profitable trade for both sides.

This is the fundamental of this program, which has endured in one form or another since 1934 and beyond question has the wide backing of the country's voting majority.

The legislation which the President signed this week fortunately did not bear too sharp a resemblance to the measure first produced by the Senate's committee. That bill would have limited the extension to three years, and so severely curtailed the President's authority in trading matters as to defeat the real aims of the program.

The Senate as a whole, sensibly jealous of its reputation as basically a wise deliberative body, decided it could not endorse what the committee had done in the name of "renewing" the reciprocal trade program. It restored the proposal to reasonable health, and thereby delivered a tart rebuke to the committee majority.

If fuller international trade is one of the stout necessities of broader economic health for ourselves and our friends, then one beckoning avenue has now been made available to a heavier, steadier flow than ever before.

It remains simply for those who believe in the soundness of this pathway to better trade to encourage the traffic in goods whose increased volume they see as so hopeful for all the free peoples.

Bitterness Curbed By Jovial Judge

NORFOLK, Va. (AP) — It is largely the result of the mood set by Federal Dist. Judge Walter E. Hoffman that current hearings in the vital Norfolk desegregation suit have been devoid of bitterness.

The stakes are high. An order that the school board admit Negro pupils to white schools would close these schools under state law.

Yet, there have been few, if any acrimonious exchanges. Hoffman 51, a regarious person, has been relaxed on the bench, sometimes jovial. The feeling has spread to opposing counsel, witnesses and spectators.

Hoffman is no stranger to decision making. As a football umpire he had to be escorted from the University of Tennessee stadium in Knoxville under guard in 1948 after he called back an 85-yard touchdown because of clipping. North Carolina won the game by a touchdown.

Pictures afterward showed Hoffman made the correct call. A week later, after he had been beaten in a race for Congress, Hoffman got a letter containing a clipping from a Knoxville paper about his defeat.

Scrawled across the top was: "Ha! Ha! You got clipped, too. A Tennessee Fan."

Hoffman's hefty build and forthright way of settling disputes on the gridiron won him the nickname "Beef."

Persons close to him say Hoffman has an almost religious regard for the law. His court is not pompous. He once held it in the front yard of a home when the owner was physically unable to appear at the federal building.

During the present hearings on the Norfolk case, Hoffman has said he is charting his own course, with no particular buoys to guide him.

He has made frequent remarks from the bench about his determination to uphold the law. One day last week he said he would do his duty if it cost him his last friend.

Last week he said: "I think almost everyone knows what my personal feelings are, but that is neither here nor there" — the law must be upheld.

Shortly after Hoffman became the key figure in desegregation suits, he had the telephone company install a private number at his home because the family was receiving so many anonymous telephone calls from persons using abusive language. Hoffman said he could take it, but it was rough on the family.

Hoffman, a Republican, and Gov. J. Lindsay Almond Jr. were opponents for state attorney general in 1953. Almond Won. Hoffman was appointed to the federal bench the next year.

The judge is a native of Jersey City. He moved here in 1926. He was graduated from the University of Pennsylvania in some notable company.

Voters To Rule On Session's Success

WASHINGTON (AP)—It's up to the voters now to judge how good a job the 85th Congress did in coping with problems of the dawning space age, the recession and other issues.

This year's session ended in the predawn hours yesterday, sending senators and representatives homeward after nearly eight months of work on Capitol Hill.

Most of them will get little vacation. They'll be starting to campaign in earnest for the fall elections which will fill all 435 House seats and 34 of the Senate's 96 seats.

Unless some big emergency requires a special session, the House and Senate will not meet again until Jan. 7 for the opening of the 86th Congress.

One of the most important bills passed the last day was a compromise $3,298,092,500 foreign aid money measure. It also was one of the last.

The Senate took it up for the first time during the daylight hours and passed it after beating back efforts by Sen. Allen J. Ellender (D-La) to cut the Senate total of $3,518,092,500.

The bill then was rushed to conference with the House, which some time ago had passed a bill carrying $3,078,092,500. After nearly five hours of haggling, the conferees agreed on the compromise that just about split the difference.

The final product, passed after midnight, totaled 632 million dollars less than Eisenhower asked originally for economic and military aid to friendly nations in this fiscal year ending next June 30.

As generally happens, the last day of the session was a busy and a long one. The House adjourned at 2 a.m. The Senate followed at 4:11 a.m., ending an 18-hour session.

Interspersed with legislating, there were final bursts or oratory and exchanges of pleasantries between the usually contending Republicans and Democrats.

In the House, Republican Leader Joseph W. Martin Jr. of Massachusetts offered a resolution praising Speaker Sam Rayburn (D-Tex) for the way he presided over the House. Rayburn returned the compliment.

A committee that notified President Eisenhower Congress had finished its business brought back the President's "best wishes to Mr. Sam," as Rayburn is called.

In the Senate, Republican Leader William F. Knowland of California got a warm sendoff. He is retiring from the Senate to run for governor of his home state.

Senate Democratic Leader Lyndon B. Johnson of Texas called Knowland "a man of integrity — one of my best personal friends." Knowland spoke of his "great personal affection" for Johnson.

In the final hours of the session, Congress finished work on two other big money bills.

One provided $6,080,156,900 for a variety of independent federal agencies. Eisenhower had vetoed an earlier version which contained 589 million dollars earmarked for the civil service retirement fund. Eisenhower said this was not needed, particularly in a year in which the government faces a heavy deficit.

The bill repassed by Congress is without the civil service allotment, but has several new items approved by the administration. One of these is a 40-million-dollar fund to finance the start of a four-year, 900-million-dollar aid to education program which got final congressional approval earlier in the day.

The other money bill sent to Eisenhower was a $1,354,000,000 measure for military construction projects.

Some legislation fell by the wayside.

The House killed a Senate-passed bill that called for a 10 per cent increase in retirement benefits for railroad workers.

Left stranded when the Senate adjourned was a compromise bill designed to modify the impact of a Supreme Court decision which reversed the conviction of a confessed rapist here because of police delay in arraigning him.

Another controversial bill that died in the Senate had proposed diversion of additional Lake Michigan waters into the Chicago sanitary system.

Ralph Howser Wins Round Robin Title

Ralph Howser captured the "Grand Championship" of the 2nd annual Snyder Country Club Round Robin Golf Tournament yesterday with a net of 64.

Howser, who won the First Flight in regular tournament play, fired a 74 and had a 10 stroke handicap.

Defending champion Donald Ray Scott was unable to participate in the finals yesterday because of illness.

Howser's actual 74 was also the low gross in yesterday's finals. Howser received a combination trophy — electric clock as Grand Champion.

Three players tied for runner-up honors with net scores of 68 each. They were O. K. Fletcher, L. T. Autry and Buck Francis.

These three will meet next Sunday in a special 18-hole playoff for the runnerup prize, a combination trophy—desk set.

Trophies were awarded to the winners and runnerups of each flight following yesterday's Grand Championship matches.

Receiving the trophies were Scott and Dr. R. J. Kidd in the Championship Flight; Howser and Fletcher in the First Flight; John Lynch and Jeston Corbell in the Second Flight; Francis and Roy Sallee in the Third Flight; and Gene Knight and Autry in the Fourth Flight.

Following are the results of yesterday's Grand Championship matches: (Figures listed are gross, handicap and net in that order):

Howser	74-10-64.
Fletcher	79-11-68.
Autry	83-15-68.
Francis	81-13-68.
Corbell	80—9-71.
Sallee	84-13-71.
Knight	84-13-71.
Kidd	78—6-72.
Lynch	83-11-72.
Scott (withdrew because of illness).

Hermleigh, Tigers In Twinbill Tonite

Hermleigh and the Tigers will clash tonight in a doubleheader at Towle Park, both of which will be make-up games in the City League.

First game of the doubleheader will start at 7. The second game will follow immediately.

The regular play in the Second Half ended last Friday but four make-up games remained to be played. Hermleigh is involved in all four make-up games.

One of the make-up games was scheduled for last Saturday night between Hermleigh and Sun but the game was rained out after one inning of play.

The date for making up Saturday's game hasn't been set.

After tonight's doubleheader, Hermleigh will meet the Blue Sox tomorrow night. This will conclude the Second Half of play with exception of Saturday's rain-out.

At the moment, three teams are tied for the lead on the loss side of the ledger. Sun, Hermleigh and the Tigers have each lost two games in the second half. Sun, however, is leading with 6-2 followed by the Tigers with 7-2 and Hermleigh with 3-2. The Blue Sox are in the cellar with a 0-8 mark.

Winner of the Second Half will play Sun, the First Half winner, for the season championship. If Sun wins the Second Half, there will be no playoff.

Following are the Second Half standings to date:

CITY LEAGUE

TEAM	W	L	PCT.
Sun	6	2	.750
Tigers	5	2	.714
Hermleigh	3	2	.600
Blue Sox	0	8	.000

This week's schedule:

MONDAY: Hermleigh vs. Tigers (2).

TUESDAY: Hermleigh vs. Blue Sox.

Bears, Lions, LA Unbeaten

The Los Angeles Rams, Chicago Bears and Detroit Lions are the only undefeated teams in the National Football League's exhibition season today despite the fact that the pros have been going at it only two weeks.

The Rams and Bears show 2-0 records, while the Lions have won their only game.

The Bears chalked up their second triumph Sunday, a 3-0 decision over the Philadelphia Eagles in Columbus. It was the only game of the day. George Blanda kicked a 19-yard field goal in the second period for the only score.

The San Francisco 49ers edged the Washington Redskins, 20-19, at Portland, Ore., and the Baltimore Colts and Chicago Cardinals tied, 31-31 at Austin, Tex., Saturday night.

Quarterback John Brodie completed 19 out of 26 passes for the 49ers, but it was Gordie Soltan who pushed 'Frisco in front when he kicked a 32-yard field goal with a minute and a half remaining.

Harvard's baseball team of 1870 posted an 18-8 record on a 43-day ... trip during which all of its rivals, but one, were professional teams. The 11-man squad beat the Chicago White Stockings that season.

Parker Wins Round Robin Bonus Prize

Sterling Parker won the special bonus prize, a $100 set of woods, in an extra curricular activity of the 2nd annual Round Robin Golf Tournament yesterday.

Parker defeated Doc Weaver in a playoff after both carded net scores of 62. The two hooked up in a 9-hole playoff match following yesterday's regular play and Parker won out by a stroke.

In regular play, Parker had a 74-12-62 (gross, handicap and net) while Weaver had a 75-13-62.

Next in line was Ralph Howser with a 64.

Shelby Coker, who had the low gross of the day with a 72, had a 7-stroke handicap and finished with a net of 65. Hollis Jones had a 65 that included a 11-stroke handicap.

All entries in the Round Robin Tournament were eligible to compete for the set of woods.

The woods were a parting gift of pro Shanty Hogan.

Following are the results in the "bonus prize" phase of the tournament: (Results of those competing for the Grand Championship are shown above):

Parker—x	74-12-62.
Weaver	75-13-62.

Santone Loses In Colt World Series

ONTARIO, Calif. (AP) — San Antonio, Tex., lost its first round game in the Colt League World Series yesterday.

The Texans took an 8-1 thumping from Anniston, Ala., committing six errors to help the Alabamans along. Charles Parks held San Antonio to five hits.

SAD SAM HAPPY—Pitcher Sad Sam Jones (center) of the St. Louis Cardinals, joins in dressing room celebration after he set a strike out record for night baseball by fanning 14 hitters during the Cards' 9-1 victory over the Philadelphia Phillies at St. Louis. Stan Musial, right, also had something to smile about. He had two doubles and set a National League record for extra bases on long hits with 2,167. Gene Green, Jones' battery mate contributed a three run homer. (AP Wirephoto)

Friend Nears 20-Win Mark

Pittsburgh's youth-minded Pirates, en route to their first finish in the first division in 10 years, are almost certain to have a 20-game pitcher this season. He is Bob Friend, the oldest Pirate in point of service.

The 27-year-old right-hander has 17 victories, more than any other National League hurler. He was credited with the Pirates' 3-4 first-game triumph over St. Louis yesterday although he gave way to Elroy Face after seven innings. St. Louis won the second game 12-8. The Pirates are one percentage point behind the second-place Giants.

A workhorse, Friend already has pitched 215 innings, second only to Milwaukee's Warren Spahn. Although he has lost 13 games, most in the league, he already has equaled his top winning mark (17-17 in 1956). In seven previous years, he has had only one winning season — 14-9 in 1955.

In other games, Milwaukee increased its first-place margin over San Francisco to seven games, defeating the Giants 8-5 in 10 innings. Cincinnati nipped Los Angeles 6-5 and Philadelphia swept a double-header from Chicago 13-8 and 5-3. The second game was called after eight innings because of darkness.

Bill Mazeroski and Hank Foiles drove in two runs each for Pittsburgh in the opener. In the nightcap, Stan Musial's pinch single in the eighth ignited a five-run inning and enabled the Cards to overcome an 8-7 deficit. Joe Cunningham and Irv Noren drove in runs with singles. Gene Green doubled in another and Frank Thomas' wild throw added two more for St. Louis. Ken Boyer hit a three-run homer earlier for the winners.

Hank Aaron smashed a two-run homer in the 10th as Milwaukee snapped a 5-5 tie. The Braves added another run off Red Worthington on Joe Adcock's double and singles by Andy Pafko and Johnny Logan. Leon Wagner hit his third homer in four days for the Giants.

Frank Robinson's two-out home run in the ninth, after Johnny Temple had led off with a double, gave Cincinnati a come-from-behind 6-5 victory over Los Angeles. Don Zimmer hit a three-run homer for the Dodgers.

Ed Bouchee slammed a home run in each game in Philadelphia's double triumph over the Cubs. His first came with the bases loaded to high-light a seven-run outburst in the seventh inning.

Pinch hitter Rip Repulski also homered in the opener with two on. Wally Post and Willie Jones batted in two runs apiece as the Phillies came from behind in the second game with four tallies in the eighth to give relief pitcher Jack Sanford his eighth triumph.

First baseman Jim Marshall, purchased from Baltimore Saturday, kept the Cubs alive in both games. He hit two homers and a single in the first game and came through with a home run and single in the second.

Milwaukee 9 Looking Like Champs Again

SAN FRANCISCO (AP) — The Milwaukee Braves are safely out of Los Angeles, and to the dismay of San Francisco Giant fans, are playing like champions again.

The world champs looked like anything but champions when they dropped four while winning only one from the Dodgers in the Coliseum.

But they flew here yesterday for a five-game set and pushed their National League lead to seven games over San Francisco and Pittsburgh with a 10-inning 8-5 victory.

Hank Aaron's 28th homer with Ed Mathews on base was the key blow in the 10th. Del Crandall hit a three-run homer, his 17th, in the second.

"We got the first one and that's the big one," said Braves Manager Fred Haney. But he wasn't predicting the outcome of the crucial series.

The Braves didn't get the first one in the Coliseum. In fact, they've lost eight. Overall the Dodgers lead the Braves 13-7.

The Seals Stadium decision was the fourth here against three defeats. The last time the Giants played in Milwaukee they lost four straight.

Crandall cracked his home run off starter John Antonelli, and Aaron hit his off Al Worthington, the loser and second of three Giant pitchers.

Rookie Leon Wagner got his 10th of the season and third in four days in the first off Braves starter Carl Willey, who gave up five runs in 2 1-3 innings. Bob Rush relieved Willey and gave only two hits in the next 5 2-3 innings. Don McMahon finished up and was credited with the victory, his seventh.

Austin Wins State Softball Crown

BROWNWOOD, Tex. (AP) — Adams Mobil of Austin repeated with the State Amateur Softball championship last night and will now try for the national title at Lake Jackson.

Adams beat Reasonover of Corpus Christi 6-1 in the finals last night, emerging as the only undefeated team in the double-elimination tournament. Reasonover got into the finals by taking out Lone Star Beer of Beaumont 2-1.

Both Adams and Reasonover go to Lake Jackson Thursday for the regional tournament that will decide a representative in the world's softball tournament at Minneapolis. Other teams in the field will be Lake Jackson, as host, and champions of Houston, Dallas, Fort Worth and San Antonio.

Alpine Still In Running

WICHITA, Kan. (AP) — The Hampton, Va., Royals remain in contention in the national non-pro baseball tournament because of an error.

Hampton scored the winning run in the top of the 11th inning last night and downed Stockton, Mo., 5-4 in a third round game. The victory was Hampton's second against a single defeat. Stockton was ousted from the double eokmination tournament.

Hampton had a runner on second, via an infield hit and a sacrifice, when Stockton second baseman Dean Daws erred on a ground ball allowed the runner to score.

In other games yesterday, the Wichita Weitzels eliminated Colorado Springs 6-3; Cherokee, Okla., whipped Jasper, Tex., 9-6 in a third round game; Fort Smith, Ark., ousted Anderson, Ind., 2-1; and Grand Rapids Sullivans knocked Milwaukee out of the tourney 9-4. Drain, Ore., defeated Milwaukee 4-1.

Yanks Bow To Lary 6th Time

By JOE REICHLER
Associated Press Sports Writer

Frank Lary laughs at the moaners who are constantly howling "Break up the Yankees."

Lary's only complaint is that he doesn't see enough of Casey Stengel's American League champions.

The stocky Detroit right-hander faced the Yankees yesterday for the seventh time this season and for the sixth time he beat them. The score was 8-3, enabling the Tigers to gain a split in their doubleheader as the Yankees won the nightcap 3-2.

Not since 1944 has a pitcher whipped the Yankees six times in one campaign. It was done by a pair of Detroit hurlers, Hal Newhouser and Dizzy Trout.

The split enabled the runaway Yankees to widen their lead to 12 games over Chicago, which was beaten 5-2 by Baltimore. Boston's third-place Red Sox swept a doubleheader from Kansas City 14-3 and 3-2 in 11 innings. Cleveland swamped Washington 9-1.

Detroit outhit the Yankees 12 to 6 in the opener. Charlie Maxwell led the Tiger attack with a pair of singles and a three-run homer. Art Ditmar was the loser.

Norm Siebern's ninth-inning home run snapped a 2-2 tie for New York in the second game Herb Moford, who had held the Yankees hitless after the first inning, was the victim. Winner Bobby Shantz went the distance for the first time since April 27.

Jackie Jensen's run-producing single in the 11th broke up a tight pitching duel between Boston's Murray Wall and Kansas City's Ray Herbert in the second game of their twin bill. The Red Sox bombed four Athletics pitchers for 16 hits in the opener, with Don Buddin and Pete Daley driving in three runs each on as many hits. Wall, coming to the relief of starter Ted Bowsfield in the fourth inning of the nightcap, allowed only one hit in 7 2-3 innings.

Billy Gardner drove in three runs with a pair of doubles in Baltimore's triumph over Chicago. Two other Billies—pitchers O'Dell and Loes—held the White Sox to three hits with O'Dell posting his 12th victory.

Jim (Mudcat) Grant hurled his fifth victory over Washington as Cleveland belabored four Senator pitchers for a dozen hits. Larry Dobby drove in three runs for the winners with a single, double and his eighth home run.

Yes, Boss, I'm Ready

CHICAGO (AP) — Jim Marshall walked into the Chicago Cubs dressing room Sunday and Manager Bob Scheffing asked:

"Are you ready to play?"

Marshall's answer to the surprise question was "Yes sir."

Then the 26-year-old first baseman, purchased from Baltimore Saturday, went out and proved it. He socked three home runs and a pair of singles to celebrate his greatest day in the major leagues.

Twice he put the Cubs ahead with his lusty hitting only to have the Philadelphia Phils come back with late inning rallies and win both games, 13-8 and 5-3.

"At Baltimore," said Marshall, "I was just a sub. I went in to pinch hit once in a while but seldom had the opportunity to play regularly."

Marshall, a left-handed hitting first baseman, crashed a pair of homers and a single in the first game and then hit a homer and a single in the nightcap.

He came to the Cubs with a .215 average and five homers with 19 runs batted in. He cost the Cubs "a little more than the waiver price."

FW Cats Seek Title Clincher

By The Associated Press

The Texas League race enters its final two weeks Monday night with Fort Worth able to clinch a tie for the regular season pennant by beating Tulsa but the other three places in the first division very much undecided.

The Cats, holding a 14-game lead with 15 games to play, could sew up the pennant should second - place Houston lose while the Cats are winning. Nobody expects Fort Worth to miss.

A gap of two games opened between the first and second divisions Sunday night but second place still is only three games over fifth - place Dallas and San Antonio.

Dallas lost its fourth straight and San Antonio took another trimming to create the gulf between the two divisions.

Dallas was licked 5-1 by Austin while San Antonio was downed 7-4 in 10 innings by Corpus Christi.

Corpus Christi and Austin continued in a tie for third place.

Fort Worth split a double-header with Tulsa. The Oilers won the first game 5-2 on Bob Green wood's 7-hitter but Ben Johnson piloted the Cats to a 5-1 triumph in the nightcap with a 4-hitter.

Houston gained a half-game on Fort Worth by beating Victoria 2-0 as Howie Nunn bested Glenn Mickens in a mound duel. Nunn allowed eight hits and Mickens nine.

Sophomore League Heads Down Stretch

By The Associated Press

Artesia and Hobbs open the most crucial series of the Sophomore League race Monday night.

Tied for first place in the Western division, they begin a 3-game melee at Hobbs that could settle the title. Artesia has 10 games to play and Hobbs eight and both are 2½ games ahead of third-place Carlsbad, which has 11 to go.

Midland already is champion of the Eastern division and will meet the Western division winner in the playoff series.

Hobbs pulled into a tie with Artesia for first Sunday when the Cardinals split a double-header with Midland while Artesia was taking a 5-3 thumping from San Angelo.

Hobbs won the first game 12-10 with John Ahrens posting his 16th mound triumph. Midland copped the second game 4-3 with Les Bass also getting his 16th victory.

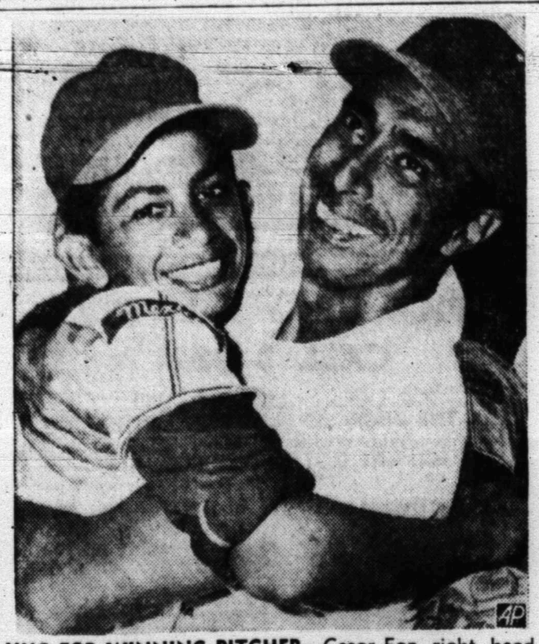

Don Miller fanned 12 and left the same number stranded in pitching San Angelo to victory over Artesia 5-3.

Plainview blasted Carlsbad 15-6, throwing in a triple play in the process. It was the second 3-man killing this season for the Athletes.

SNYDER BUSINESS NEWS

ONE OF THE MOST RECENT floor covering jobs of Baldwin Floor Co., East Highway at the traffic circle, was the laying of this asphalt tile flooring in the cafetorium of the new Katherine A. Ryan School here. In the flooring Baldwin effected shuffleboard and badminton courts with feature strip. This is only one of the design tricks Baldwin can do in his speciality work with Armstrong floor covering. (Lee Watson photograph)

Specialists Operate Baldwin Floor Co.

One of Snyder's newer businesses, but one of its busiest, is Baldwin Floor Co., which has offices and store located on the East Highway at the traffic circle.

Clyde Baldwin, head of the company, and his staff have been busy ever since they opened here installing floor covering and doing other floor service work in the Snyder area. The floor covering department offers complete service.

One of the largest of recent floor covering installation jobs done by the firm is that on the cafetorium, offices, and library at the new Katherine A. Ryan Parochial School, which is having dedication this afternoon and which will begin classes on Sept. 3.

Baldwin laid asphalt tile on floors in those parts of the building, and the cafetorium floor includes feature strip which was used for a built-in shuffleboard court and badminton court.

The built-in designs are a part of the specialties of Baldwin Floor Co., which stocks and installs only Armstrong floor covering.

The firm also specializes in sanding and finishing, cleaning and waxing. While the Armstrong materials speak for themselves, so does the quality workmanship of Baldwin Floor Co.

Baldwin sells and installs every kind of floor covering material other than carpet. And in Armstrong materials there is a wide variety of stick, including linoleums of both inlaid and sheet types, and vinyl and asphalt tiles.

A new Armstrong feature is a cushionese back on linoleum which cushions the floor. While it has been made on the back of linoleum, the cushion will be sold separately now. While a person usually gets some jar from walking on wood or concrete floors, the cushioned floor takes that out and makes walking just like that for a person wearing foam rubber soles. This will be in stock at Baldwin's later this month and will be displayed at the Baldwin store.

Baldwin's now has in stock the new Armstrong vinyl wax for all floors which is becoming very popular. Baldwin said he had several inquiries about this product before he got it in stock.

Also in stock in the store are drain boards, cabinet tops, counter tops, and other products, all of which are sold and installed by the company.

Personnel of the firm are Baldwin and Bob Hardy, who work on floors throughout the area, and Mrs. Baldwin, who manages the store.

Gulf Stations Give Complete Service

"When a motorist drives into a Gulf Service Station driveway for fuel and service, he may not realize just how much service he is really getting," Herman Doak, Gulf products distributor here, said.

"To the motorist, it appears that the routine of filling the gasoline tank, wiping the windshield, and checking under the hood of the car is a quick, almost automatic action of the attendant," he said.

"And that is partly true—the attendant is trained to do the important things which cars need automatically—but there is much done each time that the motorist never notices," he said.

For instance, then the hood of the car is lifted and the attendant checks the crankcase oil level and water level; he also makes a quick check of the fan belt or belts which drive power equipment to see that they are not badly worn and likely to break or cause trouble while the motorist is on a trip. Many other trouble spots are given a quick check, and many times troubles are spotted before they happen, giving the car owner opportuniay to make corrections before he has a breakdown and costly repairs.

"The quick check of water level in the car's battery will not only insure that the battery continues to function properly when called upon, but will prevent damage which requires replacement of the battery," Doak said.

"If any troubles are spotted by the attendant, he informs the car owner of them so that he will have an opportunity to get them repaired before trouble starts," Doak said.

Even a much closer check, one which reveals a beforehand knowledge of serious troubles, is made when a car is completely serviced at a Gulf Service Station.

When the car is on the grease rack, the attendant not only lubricates all the lubrication points by following the manufacturer's lubrication chart, but checks tires for cuts, rocks burried in the treads which could eventually eat through the tire, and for metal metal objects in the tires which can cause punctures.

"Steering joints and mechainisms and brake and wheel parts are checked to see that none are about to cause trouble," Doak said.

All of these things are expected of the Gulf Service Station attendant, but they are not all automatic, Doak added.

"Each attendant is trained to give these services and to do them quickly and efficiently so that each motorist may get not only the most service, but the most driving pleasure from his car," Doak added.

MODERN GULF FACILITIES SERVE motorists of the Snyder area and tourists passing through here. There are seven modern Gulf Service Stations here similar to the one above. In addition, Herman Doak, Gulf products distributor, has a complete line of industrial and farm petroleum products including butane and propane. (Lee Watson photograph)

Chimp Takes Wind Blast

DAYTON, Ohio (AP)—A chimpanzee has survived a wind blast tougher than any jet pilot faces in an emergency ejection.

That word came Sunday night from Col. John B. Stapp, chief of the aeromedical laboratory at Wright Air Development Center near here.

Stapp said the test took place at Holloman Air Force Base, N.M., early this month.

A special pressurized suit of dacron sailcloth, which enabled the chimp to survive, may help pilots escape safely from ultra high-speed aircraft, Stapp said.

Three other chimps which took the test died because their suits blew apart, he added.

The Holloman spokesman said all the animals were anesthetized before the tests.

Stapp, who said he thinks humans could survive the same test, told of the fourth chimp surviving a wind blast of 4,000 pounds per square inch at speeds of 1,400 m.p.h.

Pilots ejecting from the fastest jet in use would experience a wind blast of about 3,500 pounds per square inch, he said.

Carr Claims Enough Pledges For Victory

DALLAS (AP)—Waggoner Carr of Lubbock claimed yesterday he had enough votes pledged to him to assure a second term as Speaker of the Texas House of Representatives, the Dallas News said.

The House has 150 members, and a majority of 76 is required to elect a speaker. Carr claimed 80 written pledges either in hand or on the way, and said he was ready to challenge Rep. Joe Burkett of Kerrville, his opponent.

If Burkett continues to claim victory, Carr said, he will ask the Kerrville member to lay out his pledge cards for public inspection. At the same time, Carr said, he would reveal the identities of those who have signed pledges to vote for him.

Five Persons Perish In Three-Car Crash

MADISONVILLE, Tenn. (AP)—A three-car collision on a straight stretch of U.S. 411 Sunday left five persons dead and seven others injured, two critically.

The dead: Mr. and Mrs. Joe E. Bowles Jr., 26 and 25, and their 2-year-old daughter, Becky Jo; Mrs. Nora Walker Stucker, 56, and Mrs. Chandler Connors, 52, all of Shelbyville, Ky.

State Trooper Wallace Mills said the five occupied the Miami-bound Bowles' car. He said the mishap occurred when the one vehicle attempted to pass another and collided headon with the Kentuckians.

The first professional rodeo was held July 4, 1883, near the courthouse at Pecos, Tex. It was to settle an argument between rival groups of cowboys as to who was best at wrestling steers and riding broncos.

Recluse Is Held After Gun Battle

EDMONTON, Alta. (AP)—Jim Alex, a 65-year-old bearded recluse who said someone was out to get him, was charged with murder last night after killing a prominent businessman and wounding a fire chief in a five-hour gun battle. He was held in a mental hospital for observation.

Police said Alex first fired with a rifle for no apparent reason at a nearby parked car and passers-by, then took cover in a trench system he had dug in front of the converted boxcar in which he lived.

Before authorities drove him from his fortification, Richard Butler, 44, a businessman and councilman of suburban Jasper Place, was killed by two bullets in the chest. Fire Chief Barney Waygood was wounded in the ribs when he tried to rout Alex with a hose.

Police finally drove him from his trenches with a bulldozer and captured him. He had two rifles and a shotgun. The old man told the police he had dug the trenches so he could shoot at people.

Neighbors said Alex had told them Saturday somebody was out to get him. They described him as quiet but said he had "queer ideas." They said he began digging his trench network when he moved into the boxcar 12 years ago.

San Antonio Woman Slain

SAN ANTONIO (AP) — Mrs. Thelma Wright, 40, San Antonio State Hospital cook, was shot to death early today she she sat in her car outside a cafe.

Police sought a second woman who fled in another car after the manager of the cafe heard Mrs. Wright cry out.

Eugene Boyd, night manager of the cafe, said the women drove up to the cafe in separate cars about 5 a.m. and talked for some 20 minutes, each in her own car.

"They talked back and forth," Boyd reported. "I kind of watched them.

"After about 20 minutes I noticed one of them get out and stand by (Mrs. Wright's) car on the opposite side from the driver's seat."

Boyd said Mrs. Wright was sitting behind the wheel of her car.

"I saw the woman turn away from the car and the one in the car raised up and shouted. I went out and found blood on the woman's white uniform."

John I. Sullivan was heavyweight boxing champion from 1882 until 1892.

Junior Editors Quiz on MARINES

QUESTION: Why are Marines called Leathernecks?

• • •

ANSWER: In 1775, the Continental Congress created the Marines to fight in the Revolutionary War as the land fighting force of the Navy. Since then they have served with distinction on land and sea in all of America's wars, and they have conducted several historic campaigns of their own.

Through the years, the Marines have built several traditions, including that of rigid training and discipline. The Marines' Hymn, "From the Halls of Montezuma to the Shores of Tripoli," is one of the most stirring battle songs of the armed forces. Their insignia, shown at the upper right, includes a globe, anchor and eagle, symbolizing the Marines' preparedness to serve on land, sea and in the air. The motto, "Semper Fidelis," means "always faithful."

Another tradition that has prevailed since their beginning is the nickname, "leathernecks." This name was given them because the original Marine uniform had a high leather collar for protection against knives and bayonets. This picture shows an old time Marine with such a collar. He is taking part in the invasion of a British base in the Bahamas in 1776, the first Marine attack on a foreign shore.

Alaskans To Vote Tuesday On Statehood

JUNEAU, Alaska (AP)—A generation of debate on the merits of statehood for Alaska will be settled tomorrow at the polls.

A "yes" vote on three separate referendum propositions — would mean creation of the new state probably in late December or early January. Actual admission will come with the issuance of a presidential proclamation after the results are in from a general election in November.

Most forecasts were that statehood would carry by at least a 2-1 majority of the more than 35,000 ballots that are expected to be cast. For the first time in Alaska, 19 and 20 year old residents will be among those voting.

Opposition to the end of territorial status has come largely from residents who fear new and higher taxes to support a state government.

Many federal employes in the territory also have expressed fears that statehood would bring an end to a 25 per cent cost of living allowance they now receive for working in Alaska.

For the first time, Alaskans will be voting for officials seeking elective offices of governor and secretary of state. In addition, candidates will be nominated for two U.S. Senate seats and one seat in the U.S. House.

If statehood carries in the referendum, a general election to name the first state officials will be held Nov. 25.

Teachers On Spot, Says AFT Chief

MILWAUKEE (AP)—The president of the American Federation of Teachers said today that the teaching profession is "in an intolerable situation in which the final analysis, schoolchildren are the victims."

Carl J. Megel of Chicago made the statement in a speech prepared for the organization's 42nd annual convention.

"Ten to 15 per cent of the nation's qualified teachers now quit annually," Megel said, "many to have their places taken by the unqualified."

He said it is time to stop experimenting with "teach-saving nostrums and panaceas, mass education by television and staff-disrupting merit rating for teachers."

Convention delegates were urged by Megel to make salaries, tenure and bargaining their major objectives this coming year.

"No other profession is subjected to so little protection and security as now given teachers," he said. "We must start improving our teaching staffs by requiring that every new teacher have at least a four-year teaching degree."

Record Set By Nautilus

NEW YORK (AP)—New York gives a hero's welcome today to the atomic submarine Nautilus and its crew, first men to cross under the arctic icepack.

Last night, the submarine passed Ambrose lightship, outside New York Harbor and off the southern coast of Long Island, with a new transatlantic speed record of 6½ days for underwater craft.

This cut almost 2 days off the old record of 8½ days set by her sister atomic submarine Skate.

Rear Adm. Hyman G. Rickover, a pioneer in the development of atomic submarines, was President Eisenhower's personal representative for the arrival ceremonies. Navy Secretary Thomas S. Gates was among the official welcoming party for the dockside ceremonies.

Tomorrow, sightseers will be able to get a lok at the sub at the navy yard.

On Wednesday — officialy "USS Nautilus Day" in New York City — Rickover and the 115 officers and men of the sub will be honored in a traditional ticker-tape parade up lower Broadway.

Four Texans Die In Crash

PORTLAND, Ore. (AP) — A head-on auto crash on an express highway detour here yesterday killed four Texans, a youth from Canada and another from Washington. Two persons, one a Texan, were left critically hurt.

Two members of a Dallas, Tex., family just starting home after a visit with a daughter in Portland died in the auto wreckage. They were Howard D. Nelson, 51, and his daughter, Patricia, 22. Nelson's wife, Irene, was thrown from the car and critically injured. Another couple died in the Nelson car—Henry Browning, 73, and Della Browning, 71, of Keller, Tex.

In the second car the dead were Robert W. Fouts, 22, Vancouver, B.C. and Ronald Gene Thompson, 18, Yakima, Wash. James H. White, 17, Yakima, was critically hurt.

CIVIC MUSIC DRIVE SLATED

Plans are now underway here for the annual membership drive of the Snyder Civic Music Association.

The drive will be held during the second week of September, according to Bob Clinton, president. Mrs. Bill Atwood, general chairman of the drive, is now in the process of completing her list of workers.

Last year the organization had about 750 members. Membership dues this year will be $7 for adults and $3 for students. Clinton said those who want to mail their checks now may do so, mailing them either to Mrs. Atwood or Clinton.

In a meeting last April, the Civic Music Association board of directors voted to become independent and not use the services of Civic Concert Service for the next year. It was felt, the board said, that there could be a greater variety of programs obtained by use of all the booking services in the country, not just one.

"When Civic Music was notified of this, they brought to our attention a contract stating that when either party wished to dispense with the services of the other, a letter of notification to that effect should be sent before the first of January," Clinton said, adding that since this was not done it was felt the local organization should use services of Civic Concert Service for another year.

"However, we have been assured that his year and in coming years, we may book any program from any booking agent we wish, through Civic Music. You may be assured that if you and your directors are not satisfied with this arrangement, this will be our last year with Civic Concert Service," Clinton said in a letter to members.

"I think you will agree that the programs last year were the best we have ever had," the president said, adding, "We are still seeing Miss DaTimini on the Arthur Godfrey Show, and the Houston Symphony proved that it really is one of the ten leading symphonies in the nation."

Nevertheless, the directors feel the local organization can help increase membership, Clinton said, if more variety is placed in programming. Every effore will be made to add drama to the list of concerts. The Civic Music president said the organization hopes to bring to Snyder people who are seen in the movies and on television. The more memberships the organization has, the finer programs it can buy, he said.

Warren Raps Court Delays

LOS ANGELES (AP) — Chief Justice Earl Warren sair today that interminable and unjustifiable court delays are compromising the basic legal rights of thousands of Americans.

These delays, he said, are corroding the very foundations of constitutional government in the United States.

The chief justice, delivering the keynote address at the American Bar Ass.'s 81st annual convention, said that realization of legal remedies is painfully slow for many people.

"And to the extent that this is so, there is created a disrespect for law at a time when everyone should be continually conscious of the fundamental principle that it is primarily the law and its adequate enforcement which makes libert possible," he said.

"Our entire system of government is on trial," he said, "not only as to its ability to meet problems to the satisfaction of our people but, also, to convince the world . . . that under free institutions which grow and develop without compulsion, there can be efficiency and dispatch in the handling of all the far-flung controversies involving human affairs.

"Therefore, I urge that we make the improvement of justice the great central cause of our profession. . . ."

The former California governor said lawyers and judges must relate their responsibilities to the orderly and effective administration of justice in its broadest terms.

U. S. district courts are saddled with a backlog of 70,000 cases, Warren said—enough to keep all district judges busy for more than a year even if not another case is filed.

"And the situation is rapidly growing worse."

Nearly 40 per cent of all civil cases in federal courts are subject to from one to four years' delay between dates of issue and trial, Warren said.

"The principal reason for these problems," he said, "is that our judicial systems—both state and federal—have 'just growed up like Topsy'—without proper organization and administration planning."

The basic structure of the United States judiciary is sound, Warren said.

"But, in striking contrast there is the hodge-podge development of the managerial aspects of handling the business of the courts and the snail's pace at which we have devised sound administrative techniques to meet new demands and changing conditions," he said.

"The result, quite candidly, is that our federal judicial system is largely barren of the modern concepts which are so familiar and so much in use in the executive departments of government and in private business," he said. "Much of the same type of development has characterized our judicial systems."

As a consequence, Warren said, some state courts report five-to six-year trial delays.

The chief justice said he does not advocate mass production in courts.

"On the coatrary it is precision that is desired," he said. "The precision that flows from improved methods designed to meet drastically changed conditions."

A buck deer which had eluded hunters in Nova Scotia during the entire open season wandered into the town of Bridgewater. It was immediately killed in a traffic accident.

MY SINCERE THANKS AND APPRECIATION...

To the voters of Precinct 4 and to all the people of Scurry County, that supported me in any way during my campaign.

I am very grateful for the confidence you have placed in me. I shall strive to serve as your public servant to the best of my ability.

Swart Expected To Succeed Strijdom

By LYNN HEINZERLING

CAPETOWN, South Africa (AP) — South Africa's Cabinet is expected to name stern-faced Justice Minister Charles R. Swart to succeed white supermacist Johannes G. Strijdom as prime minister.

Strijdom died early yesterday of a heart ailment. He was 65 and had been ill for some weeks.

Swart, now acting prime minister, was seen as the logical choice to take over. He was considered a certainty for leader of the ruling Nationalist party — champion of segregation — which he helped found.

An uncompromising segregationist, Swart became justice minister 10 years ago. Since then, he has put through Parliament some of the most controversial legislation in the country's history.

In 1950, he rammed through the Immorality Act, which bans African-white sexual relations, and the Suppression of Communism Act. Recently, he set up a tribunal to hear the mass treason trial of 92 persons accused of trying to convert South Africa into a Communist state. the defendants claimed they only sought an end to apartheid—the policy of white supremacy and strict segregation.

Swart also won approval of a bill which makes armed robbery punishable by death.

Born in the Orange Free State in 1984, Swart spent the Boer War in a British concentration camp with his mother. After graduating from Grey University in Bloemfontein with a law degree at 20, he spent some time in the United States. In America he worked as a reporter, Hollywood film extra and teacher.

Strijdom led his Nationalist party to victory last April's general elections, giving it another five years in power.

Strijdom's segregationalist and nationalist policies were certain to continue.

Snyder Sergeant Is Serving In Lebanon

Army Sgt. David E. Smith of Snyder is serving with Task Force 201 in Lebanon.

Smith, 26, is the son of Mrs. Ottna Smith of Snyder. His wife, Ingrid, presently lives in Hoechst, Germany.

The task force is made up of airborne elements of the 24th Infantry Division in Augsburg, Germany, and support command troops from Army units throughout Europe. They were airlifted in two phases by cargo-type aircraft from Augsburg via Adana, Turkey, to Beirut.

Housefly Is Able To Shed Most Germs

By JOHN BARBOUR
Associated Press Science Writer

BLOOMINGTON, Ind. (AP) — The house fly, bred in flight, has the peculiar ability to shed the disease-causing germs it lived with at birth, a University of Illinois researcher said today.

For this reason, the importance of disease carrying by flies born in refuse and other dangerous bacteria havens is probably slight, the researchers reported.

Dr. Bernard Greenberg, Illinois zoologist, traced the numbers of bacteria present in the house fly at various stages of its growth.

His report was presented at the American Institute of Biological Sciences meeting at Indiana University.

Flies lay eggs in such places as garbage, manure and sewage. The maggots which soon hatch carry tens of millions of bacteria in their systems, Dr. Greenberg said.

But by the time the larva has formed its hard outer case, it has rid itself of about 90 per cent of this bacterial load.

When the fly finally emerges, it carried with it about 1,000 bacteria—five hundred on its surface and a similar number internally.

Nehru Regime At Odds With Reds

By WATSON SIMS

NEW DELHI, India (AP) — A widening gulf has opened between Prime Minister Nehru's administration and India's "constitutional" communism as administered by the state government of Kerala.

Two of Kerala's top Communist leaders, the chief minister and party Secretary, have come to New Delhi for conferences amid indications the Nehru government may be preparing to kick out the only Communist administration among India's 14 states. It is empowered to do so under a constitutional provision authorizing the President's direct rule whenever a state government fails.

Kerala Chief Minister E. M. S. Nambudiripad conferred with Nehru and other Cabinet ministers in an attempt to show that church leaders and opposition political leaders were responsible for recent disturbances in Kerala. There have been several killings in the state.

The mission appeared to have failed. Nambudiripad said later that relations with New Delhi were not what he would like, but refused to comment further. A government source disclosed Henru told Nambudiripad the government could not remain silent to the growing sense of insecurity of large sections of the people.

Nehru told Nambudiripad the disturbances must be brought under control. He left no doubt that otherwise action could be expected from New Delhi.

The Communists hold 65 of 125 seats in the Kerala Legislature. They won the most recent by-election April 18 by a thumping majority. The Communists claim the Congress party opposition has turned to violence since then, convinced it could not regain power by the ballot.

Janet Leigh Is Shaken Up In Collision

HOLLYWOOD (AP) — Actress Janet Leigh, who expects her second child in November, was shaken up in a three-car traffic pileup.

Also jarred in the accident Sunday were hur husband, actor Tony Curtis; singer Dean M ratinand Curtis; singer Dean Martin and his wife Jean, and songwriter Sammy Cahn and his wife Gloria.

Following in another car were Frank Sinatra and comedian Ernie Kovacs and his wife, actress Edie Adams. The group was returning from a dinner party at the Santa Monica home of actor Peter Lawford.

Miss Leigh was treated for shock. She rested at home today.

Polise said Robert Seddon, 39, Santa Monica, caused the mishap when he used his car as a battering ram against an auto in which he thought he saw his wife with another man. Seddon's car caromed into the Curtis convertible, officers said.

When police arrived, Sinatra was standing up in his convertible calling, "May day, may day," over his auto telephone. His friends said he was contacting UCLA Medical Center to arrange treatment for Miss Leigh.

"May Day" is the international voice radio distress.
