HEADLINES TELL OF PERON'S OFFER—A woman worker in Buenos Aires, freed from her job by a general strike called by the Central Labor Federation, displays a front page headline telling of Juan Peron's offer to resign the presidency of Argentina. Peron's announcement, made through the labor group, was followed by the federation calling a general strike to protest Peron's offer. He later withdrew the offer.

Peron Cancels Offer To Resign His Post

By BRUCE HENDERSON

BUENOS AIRES, Argentina (AP)—President Juan D. Peron tightened a firm new grip on Argentina today, warning grimly that opposition violence will be met by "action still more violent."

He told a well-organized demonstration of many thousands last night he was withdrawing his offer to step down as president. Earlier yesterday, he had announced he would resign if it would guarantee "pacification" of the nation.

Speaking before the wildly cheering throng in the central Plaza de Mayo, he said it was clear his opponents "do not want the pacification we have offered them."

"There remain only two roads: for the government, a repression adjusted to the subversive actions; for the people, an action, a struggle which matches the violence to which they want to carry us," he said.

"We have to answer violence with greater violence. And when one of our people falls, five of them will fall."

Dominating the 10-hour demonstration were Peron's General Confederation of Labor (CGT)—the popular basis of this strength—and the men's and women's Peronista parties. The army, which had saved Peron from the unsuccessful June 16 revolt and kept him in office, was conspicuously absent from the vast crowd.

The first announcement that Peron had offered to resign was broadcast yesterday morning by Hugo di Pietro, CGT secretary. The announcement touched off a general strike by the labor group and a call for mass demonstrations.

The resignation offer was not submitted to Congress—the normal procedure—nor was there any announcement of it from any government office.

There were no reports of major violence during or after the demonstrations. Near the city of Tucuman, however, a low-hanging electric cable sliced through a crowd of Peronistas riding on top of a train to a party rally. Seven were killed and 37 injured.

The Plaza de Mayo demonstration—obviously prepared to reject Peron's resignation offer—thrust the powerful CGT into the spotlight again. The labor organization had appeared to take a back seat in top-level political affairs since the abortive June revolt.

There was little doubt that the June 16 uprising weakened Peron's control, but with yesterday's show of strength, he appeared as strong as ever.

After the June revolt, Peron issued an appeal for "pacification," and representatives of the tiny opposition parties recently were permitted to speak over the government radio.

In his speech last night, Peron did not name his enemies, except for an occasional reference to "the oligarchs." He made no mention of the Roman Catholic Church, with which the government had been feuding since last November.

Wiping tears from his eyes as he started to speak, Peron accused his opponents of breaking a truce of two months "with acts of violence."

"Their political leaders have answered with speeches as superficial as they were insolent," he declared. "Instigators with their perpetual hypocrisy, their rumors and their pamphlets . . . executioners shooting at the poor policemen in the streets.

"With our exaggerated tolerance we have won for ourselves the right to repress them violently," he asserted. "And from now on, let us establish as permanent conduct for our movement: he who in any place tries to disturb order in opposition to the constituted authorities or contrary to the law or the constitution may be slain by any Argentine.

"The order of the day for every Peronista, whether individually or as a member of an organization, is to answer a violent action with another action still more violent."

School Opens Here Friday

The Snyder schools were rapidly registering students this morning, and while most ot the students expected have enrolled, more will enroll tomorrow and Tuesday.

Tomorrow is the first full day of school, while Monday, Labor Day, will be a holiday.

The elementary schools in town had registered 2,107 students by noon today. That is almost up to the expected 2,145, and indications are that the enrollment will be more than the estimated. By schools, enrollment figures were 270 Central Elementary, 331 at Central Primary, 467 at East Elementary, 430 at North Elementary, and 609 at West Elementary. All those schools expect more students.

The Lincoln Elementary School had 78 registered this morning, compared to 69 at this time last year, according to principal Daniel Johnson.

Herman Trigg, junior high principal, said at least 400 junior high school students had been accounted for by noon and that it appeared junior high enrollment will be 550 to 600. All bus students and those whose names started with A through M registered this morning, while the remainder of students were to register this afternoon. Last year the junior high started with an enrollment of 480.

At the high school, Clois Henry, assistant principal, reported more than 700 students are registered and that quite a few more are expected tomorrow and early next week.

Escapee Is Charged By Federal Officers

The Federal Bureau of Investigation has filed a charge of unlawful flight to avoid prosecution for burglary, against Billy Jack Bennett, escapee from the Scurry County jail, local officials said this morning.

The charge was filed by the federal district attorney in Fort Worth the officers said. This action can only be taken when there is reason to believe that the subject has crossed a state line in his flight.

Bennett and his cell-mate Richard Crawford escaped from the county jail here sometime Tuesday between the hours of 10 and 12 p.m., by sawing or filing through a crossbar and then cutting the hasp off the lock of a service door.

Salk Polio Vaccine Lots Are Released

WASHINGTON (AP)—The Public Health Service today released 3,348,000 cubic centimeters of Salk Polio Vaccine for children ages five through nine.

This was the third and largest allocation to the states and territories of new vaccine under the voluntary control plan started on July 31.

The two previous released totaled 2,023,000 c.c. Thus 5,371,000 c.c., or shots, now have been released for use outside the program of The National Foundation for Infantile Paralysis. This program is for the free inoculations of last school children.

Under the voluntary control plan each state decides how much of its share of vaccine it will distribute through public agencies and how much through commercial channels.

The allocation to each state is based on the number of its unvaccinated children five to nine years old.

Body Of Hoodlum Is Found

FORT WORTH, Tex. (AP)—Police found the body of gunman-gambler Leroy (Tincy) Eggleston, 49, in a shallow well six miles north of here last night. He had been shot in the back of the head.

His death left alive only two of the principals in the slay-for-pay murder of wealthy oilman William P. Clark, 61, found dead in his expensive home May 22, 1953.

The remaining principals are Clark's blonde widow Mary, 46, and Harry Huggins, the 47-year-old mobster-informer who said Mrs. Clark offered a $10,000 reward for her husband's death.

Eggleston's body was found less than a week after his blood-stained sedan turned up on a parking lot here.

Another mobster named by Huggins and the police in the Clark killing, Cecil Green, 49, was slain in a gangland ambush last May 4 when he and Eggleston drove up to a highway rendevous. Eggleston shot his way out of the trap and was found, scared and shaking, hours later in a nearby building. He had been reported in hiding until his disappearance but underworld sources said he "was still busy."

Eggleston, the source said, stayed busy milking gamblers, burglars, safe men and others of part of their hauls, giving them the alternative of losing all of their take.

Oilman Clark was found May 22, 1953, shot to death in his palatial 22-room home. Police first called it suicide but Huggins broke the case wide open in April 1955 with his story of Mrs. Clark's reward offer.

Just 12 days before his body was found, the oilman had petitioned for annulment of his marriage to the shapely blonde, saying she had "lured me into marriage for my money."

Huggins, Eggleston and Green were charged with murder and later indicted. Mrs. Clark was charged as an accomplice. She has maintained she had nothing to do with her husband's death.

Huggins said he went to the Clark residence in the belief that the job was only robbery.

While he searched the house for valuables, he told police, one of his accomplices took Clark into another room. He said he heard a shot and returned to find Clark dead, a bullet hole behind an ear.

"That was part of the job," he said the triggerman—believed by police to have been Eggleston—told him.

SEC To Start Action Against Firm In Texas

WASHINGTON (AP)—The Securities and Exchange Commission announced today it has begun stop order proceedings against American Republic Investors, Inc., of Dallas, who propose to offer 800,000 shares of common stock for sale to the public.

SEC said it has scheduled a hearing here Sept. 12 into "various items" of information in the firm's registration statement and prospectus, to determine whether the company has complied with requirements of the Securities Act.

If it is determined that there is non-compliance, the commission said, it will decide whether a stop over should be issued barring the proposed sale of the stock until "all material facts have been accurately and adequately disclosed."

At Dallas, company officials were unavailable for comment.

SEC said American Republic Investors was organized under Maryland law on March 28, 1955, for the purpose of offering stockholders an opportunity to become charter members of a new legal reserve stock life insurance company, called American Old Line Life Insurance Co. and organized under Texas law.

Stockholders would be asked to invest on the prospect of capital gains and dividends through long term rise in the value of common stocks of legal reserve life insurance companies in which the new company would invest.

Proceeds of the proposed stock sale, at $10 per share for $1 per common stock, would be divided 60-40—60 per cent being used to organize and operate the life insurance company, and the balance to be invested in a fund to be used for the acquisition of common stock of other insurance companies.

SEC said the commission's order for proceedings raised the following questions, among others:

1. Statements with respect to transactions between the new company and its promoters.

2. The character or type of securities in which 40 per cent of the assets of the new company were to be invested.

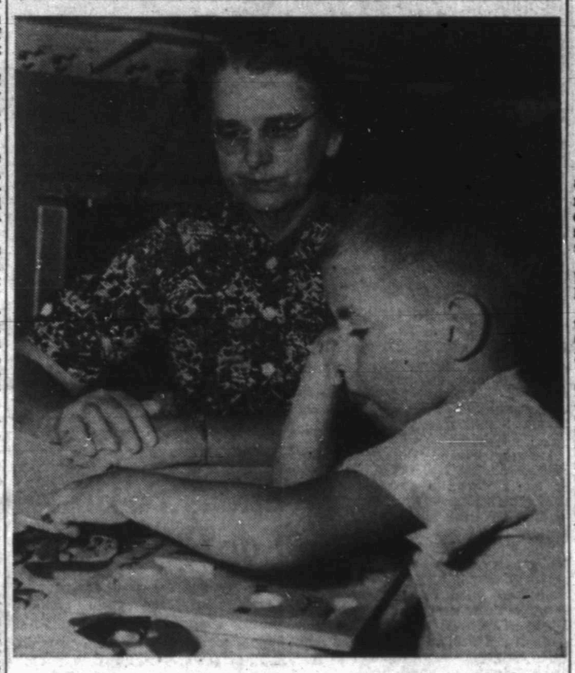

3. The method of offering the securities for public sale.

4. Questions as to when the new company will begin operations as a life insurance company and others concerning the plan to distribute stock of the subsidiary life insurance company to stockholders of the parent American Republic Investors.

WEATHER

WEST TEXAS: Partly cloudy, isolated thundershowers in Del Rio-Eagle Pass area this afternoon and tonight and Pecos River eastward Friday. Otherwise, clear to partly cloudy. No important temperature changes.

Chrysler, Union Agree To Settlement Of Strike.

LONG ROAD AHEAD—Terry Lee Stone, son of Mr. and Mrs. Lee Dan Stone, 500 Twenty-ninth Street, puts a puzzle together as Mrs. P. W. McPherson, his first grade teacher watches. Terry Lee is one of hundreds of first graders beginning school for the first time here today. (Lee Watson photograph)

Union Orders Men To Return To Jobs

By GLENN ENGLE

DETROIT (AP) — Chrysler Corp. and the CIO United Auto Workers reached a contract settlement today, six hours after widespread strikes hit Chrysler plants in six states.

The UAW immediately sent out back-to-work orders to all union locals.

There were indications, however, that work disruptions among Chrysler's 139,000 employes would mar production throughout the day.

The settlement was modeled closely after Ford and General Motors agreements reached in early June. It completed the line-up of the auto industry's "big three" companies on revolutionary, new layoff pay plans.

Like the Ford and GM plans, the Chrysler agreement will guarantee laid off workers 60 to 65 per cent of regular take-home pay for up to 26 weeks of idleness.

It also provides wage increases of six cents an hour to all employes for each of the three years in skilled classifications.

Also included in the new agreement were clauses to:

1. Boost pension benefits up to a maximum of about $250 a month, including social security.

2. Eliminate wage differentials between the Detroit area, biggest concentration of Chrysler workers and other parts of the country. Chrysler said it thus became the first big auto company to do this. Chrysler has plants in Michigan, Indiana, California, Delaware, Kansas and Georgia.

3. Improve hospital-medical and insurance coverage.

4. Liberalize non-economic portions of the contract, which among other things gives the union for the first time the right to strike over production standards.

A dispute over the effective dates of the layoff pay plan and other economic benefits snagged the settlement beyond the midnight strike deadline and until dawn.

This is how that dispute was settled:

Chrysler will begin paying into a layoff pay plan trust fund as of today, three months after Ford and General Motors started their contributions. But benefits will become available next June 1, the same as at Ford and GM.

The first of the 6-cent "annual improvement factor" raises will be payable as of today, the second next April 1, and the third on June 1, 1957.

The company had asked that all economic benefits become effective as of the midnight ex..piration of the old contract. The union had insisted on making them retroactive to last June 1 to put Chrysler workers on a par with Ford and GM employes.

The new contract will expire June 1, 1958. This will bring the union's contract negotiations to a head at all "big three" companies at virtually the same time.

Neither Chrysler nor the UAW would put a specific price tag on the settlement. But Robert W. Conder, Chrysler vice president, said it would be in proportion with the Ford agreement, which was estimated to cost 55 million dollars for each of the next three years. The Ford and GM settlements were labeled as 20-cent an hour "packags" by the UAW.

All three companies had an average hourly wage of about $2.10 when the current round of negotiations began.

About 8,000 Chrysler office workers who are UAW members will be covered by a separate layoff pay plan similar to the one which will cover 131,000 Chrysler production workers.

Picket lines had been set up at many Chrysler plants before the settlement was reached. With the new Chrysler-UAW contract, came assurance of peace for the major segment of the auto industry. The "Big Three" now have signed three-year pacts, leaving only the independents to deal with the UAW.

Negotiations headed toward a climax at American Motors with the Chrysler signing. The UAW's contract there expires at midnight tonight. There have been reports that a showdown at American Motors was held up pending developments at Chrysler.

The Studebaker division of the Studebaker - Packard Corp. was shut by a strike in South Bend, Ind., today. Members of Studebaker Local 5 of the UAW overrode recommendations of their officers and voted against extending their contract past last midnight. Union leaders had recommended day-to-day extension during negotiations. South Bend Studebaker plants employ 9,000.

Bendix Aviation Corp. and the UAW were continuing negotiations in Detroit, with 20,000 out in Bendix plants in five states.

Israel Claims Jets Shot Down Fighters

JERUSALEM (AP)—Fighting flared furiously along the Gaza front today. Israel said two of her jets shot down two Egyptian fighters. A Cairo broadcast said the Egyptian planes crashed during a reconnaissance flight.

Amid the fighting and disputed claims, an Egyptian spokesman declared Egypt had received an Israeli message urging an end to hostilities all along the tense border line.

The spokesman said the message was delivered through U.N. Truce Supervisor Maj. Gen. Edson L.W. Burns and came from the Israeli Foreign Ministry.

The air action came a few hours after Israel's Foreign Office disclosed that tanks and troops blew up an Egyptian military headquarters inside the battle-scarred coastal area.

An Israeli army spokesman said the Egyptian Vampire jets were patrolling over Israeli territory when the Israeli pilots engaged them near the Jewish settlement of Yad Mordeohai, three miles north of the northern boundary of the Egyptian-held Gaza strip. He said one Egyptian plane blew up and the other crashed.

But a Cairo broadcast quoted an Egyptian spokesman as saying the two Egyptian planes collided in heavy clouds during a dawn reconnaissance. The spokesman denied that the warplanes were shot down.

The Israeli army spokesman claimed that the Israeli pilots attacked after the Egyptians "entered inside Israeli air space." He planes came down on Israeli territory. Both pilots were killed.

Eyewitnesses on the Israeli side said the Egyptian planes were flying south along the Israeli coast toward Gaza when they turned in over the shore to carry out "victory dives." They apparently did not see the two Israeli fighters coming up from the east and their dives enabled the Israeli pilots to gain a height advantage before they attacked.

It was the second reported air encounter between Egypt and Israel since the 1948 Palestine War.

Two Israeli planes clashed briefly Monday with four Egyptian Vampires. An Israeli spokesman said one of the Vampires was hit, but authorities in Cairo said there were no casualties.

The Israeli Foreign Office described last night's ground raid against Egypt's Khan Yunis encampment as defense against "active warfare" by Egypt. A spokesman said armor and troops punched through the frontier lines to wipe out a base "Egyptian terrorists" were using to launch attacks against Israel.

"After blowing up the headquarters building, our forces returned toward Israel. Our casualties were one killed and eight wounded," a statement reported.

The attack came after the Jews said they would not join Egypt in a U.N.-sponsored cease-fire unless the Egyptians shouldered blame for the past week's stepped-up vi-

UN Meeting Winding Up

UNITED NATIONS, N.Y. (AP)—The U.N. Disarmament subcommittee headed into its last meeting of the week today with Western delegates pressing for a clearer idea of Soviet arms inspection proposals.

The five-nation committee planned a weekend recess stretching over Labor Day next Monday, partly in hopes Russia's Arkady A. Sobolev would get clarifying answers to their questions from Moscow.

The long recess also will allow Harold E. Stassen, the U.S. disarmament negotiator, to review with President Eisenhower the broad general agreement Stassen said yesterday the subcommittee has reached on the principle of stationing ground inspection teams in the Soviet Union and the United States.

Canada's Paul Martin pressed Sobolev closely in the closed session yesterday to explain more fully the meaning of the Russians' May 10 proposal for ground inspection teams stationed at key ports, railway and road junctions and airfields.

France's Jules Moch and British Minister of State Anthony Nutting joined in to ask what facilities specifically Russia considers the ground teams should inspect. Should not ordnance factories be included? Moch queried.

AWOL Soldier Nabbed By Posse Of 30 Men

LAWTON, Okla. (AP) — James Albert Walker, 18, reported AWOL from Lackland Air Force Base, Tex., was arrested yesterday shortly after he escaped the wreckage of the car he was driving. A posse of 30 officers made the arrest.

Earlier, he was pursued at 80 m.p.h. through Lawton's west side by three detectives who pumped seven bullets into the car. The car was wrecked but Walker escaped and was arrested later at a home. A police car also was wrecked.

He was questioned concerning a church burglary and a car theft.

Low Of 51 Registered

September, 1955, bowed into Snyder last night with a 50-degree temperature. That was considerably cooler than recent overnight low marks. By 7:30 this morning the temperature had risen to 61 degrees. Yesterday closed out a hot August with a maximum temperature of 92 degrees, David Strayhorn, weather observer, said.

Waco Transit Strike Called By Workers

WACO (AP)—Members of the CIO Transport Workers Union went on strike at 12:01 a.m. today against the Waco Transit Assn.

The strike was called after union and company officials broke off negotiations on a new contract last night. The old contract expired at midnight.

The union asked an 8½ - hour working day instead of a 9½-hour day with no reduction in pay. The drivers now make $1.30 an hour.

The company said it couldn't afford to reduce the working hours.

No pickets were seen, but bus line employes festooned their cars with signs.

Six busses had to be parked by company officials. The drivers usually leave the buses at the sheds and mechanics check, service and clean the vehicles. But the mechanics walked out promptly at 12:01 a.m. and the busses had to be parked by non - striking executives.

Seismograph Gone

SAN FRANCISCO (AP)—Someone has stolen an 80-pound $5,000 seismograph from an underground crypt in Golden Gate Park. The machine is to provide engineering data in case of a severe earthquake.

Racial Traditions In Texas Crumble

By CLAYTON HICKERSON

The Old South tradition of segregation of the races appeared broken in Texas today with Negroes attending public school with white children for the first time in Bexar County.

But there remained stiff opposition to integration of white and Negro children as directed by the U.S. Supreme Court in a 1954 decision.

A judgment of denials in last week's school segregation case at Big Spring, Tex., was entered yesterday by Dist. Judge Charlie Sullivan of Big Spring. He ruled in effect that Texas schools could go ahead with integration without the loss of state school aid. Portions of the state's school financing laws, he ruled, were null and void.

Ross Carlton, Dallas attorney who is general counsel for the Texas Citizens Council said the group would fight the Sullivan ruling to the U.S. Supreme Court if necessary.

The Texas Citizens Council was formed specifically to fight desegregation of the public schools.

Two Negro girls and one Negro boy enrolled and attended classes Wednesday in South San Antonio High School. Another Negro child, a boy, went to his classes at a South San Antonio elementary school.

A reporter who visited the school reported no trouble among the students and said he saw no discourtesy from either whites or Negroes. White pupils, he said, told him they didn't mind and posed for photographs with their new classmates.

When school was out, the two Negro boys were given a ride home by white boys who drove a small truck.

In another development yesterday the Yoakum school board said it would forfeit its high school's football game with Robstown High School rather than allow its all-white team to play with eight Negro youths on the Robstown eleven.

Robstown Supt. B. C. Banks made the announcement of the Yoakum forfeit. Later he said that the Corpus Christi Ray High School B team would replace Yoakum as the Robstown opponent for the Friday night game.

In Austin, interscholastic league Director Rodney Kidd said he did not think enough high schools had integrated white and Negro classes to make the football scheduling problem widespread this year.

"We have some 900 members," Kidd said, "and only about 60 schools have announced they will integrate this year, so the chances that a Negro boy will be on the team are small."

However, said Kidd, in those instances where a segregated school is scheduled to play a team with Negro players, "They'll either have to play or forfeit."

The Interscholastic League announced yesterday that Negro high school athletes are not ineligible under the league's "one-year transfer rule," if they are reassigned to a formerly all-white school by the local school board.

The Negro student will be ineligible, Kidd said, if he has a choice of returning to his former all-Negro school.

Meanwhile, Highland Park, Dallas suburb, announced it would keep its schools on a segregated basis for the 1955-56 school year. The board of education said a "study of problems relating to integration" would be made.

Woman Fails Test For Drivers Permit

ATLANTA (AP) — Mrs. Maude Pierce took a road test for a driver's license yesterday.

Two cars were smashed, the state patrolman giving the test was injured, and Mrs. Pierce got a traffic court summons for failing to remain in the proper traffic lane and for being involved in an accident.

Police said the 42-year-old housewife became excited while making a curve, stepped on the accelerator instead of the brake and crashed into a parked car and a utility pole. State Trooper Lloyd P. Hataway, who was giving the test, was hospitalized for head and hip injuries.

Mrs. Pierce didn't get the license.

Board Is Set Up To Postpone Pennsylvania Railroad Strike

DENVER (AP) — President Eisenhower, moving to avert a strike tomorrow at midnight, today created an emergency board to investigate a dispute between the Pennsylvania Railroad and 35,000 nonoperating employes.

Creation of such a board under the Railway Labor Act invariably has the effect of postponing strike action for at least 60 days.

Members of the board, which was created by the President after the National Mediation Board had asked him to intervene, will be named shortly.

Eisenhower signed an executive order saying that in the judgment of the National Mediation Board the dispute between the railroad and its employes "threatens substantially to interrupt interstate commerce to a degree such as to deprive a section of the country of essential transportation service."

The White House was expected to follow the Mediation Board request and name an emergency board sometime today.

The CIO Transport Workers Union said yesterday its members voted overwhelmingly to strike the nation's largest railroad over a series of old grievances coupled with new wage and hour demands.

The union is "sorry" to disrupt travel plans of the thousands over the Labor Day weekend, said TWU President Michael J. Quill, but he added that the workers "are sick and tired of management's refusal after six years to solve countless grievances."

The main brake remaining to halt the walkout is invocation of the National Railway Labor Act by President Eisenhower. The Act calls for a 30-day period during which a dispute is considered by an emergency fact-finding board. If that fails, there is an additional 30-day "cooling off" period.

The union said old grievances included a dispute over graded work classifications, a demand for paid holidays and a health and welfare plan.

Recently the TWU demanded a 25-cent across-the-board wage hike, a short differential, and reduction of the work week from 40 to 30 hours.

A union spokesman said the largest category of workers involved are carmen-mechanics, who now receive $1.96 an hour for a 40-hour week. mechanics get $2.09½ an hour, carmen-helpers $1.86, and laborers $1.62.

AREA OIL ROUNDUP

Wildcat Watched In Nolan County

Honolulu Oil Corp. has encountered indications of a discovery from the Ellenburger at the No. 1 Dennis, east Nolan County wildcat 15 miles southeast of Sweetwater.

Top of the Ellenburger was at 6,388 feet. The section from 6,369-699 feet was tested for three hours. Recovery was 4,950 feet of free gas, 180 feet of heavily oil and gas-cut mud and 250 feet of mud. A two-hour test from 6,396-408 feet recovered 15 feet of drilling mud with no shows of oil, gas or water.

A third test, open four hours, was run from 6,395-410 feet. Recovery was 1,860 feet of free gas, 50 feet of heavily oil and gas-cut mud and 120 feet of oil. A test from 6,409-424 feet recovered 4,875 feet of salt water. There were no petroleum signs. The test lasted four hours.

Operator was coring deeper at last report and is expected to continue until the Cambrian is found and tested.

The No. 1 Dennis is in 312-64-H&TC, a mile northeast of the Divide-King sand field.

FISHER FAILURE

General Crude Oil Co. has abandoned and plugged the No. 1-A Kate Davenport at total depth of 7,330 feet in lime.

A drillstem test from 7,230-330 feet with the tool open two hours recovered 4,125 feet of slightly salty sulphur water and 10 feet of drilling mud. None of the upper formations logged any shows of production.

The No. 1 Davenport was 17 miles west of Longworth and six miles northwest of the Claytonville field in 172-3-H&TC.

SCURRY COUNTY

Robinson Drilling Co. has reported completion of the No. 3-B and the No. 4-A C. N. Thomas in the Sharon Ridge-Clear Fork field of Scurry County.

The No. 3-B Thomas pumped 75.32 barrels of 29-gravity oil with no water on the potential test. Production is through perforations at 3,006-034 feet, where 10,500 gallons of fracture material had been used. Top of the pay was at 3,006 feet. Drillsite is 990 feet from east and 330 feet from south lines of 141-97-H&TC.

The No. 4-A Thomas, 990 feet from east and 330 feet from south lines of the northwest quarter of 141-97-H&TC, pumped 76.89 barrels of 29-gravity oil with no water. Production is from the perforated zone at 3,092-114 feet where 24,780 gallons of fracture material had been used. Pay was topped at 3092 feet, with casing cemented at 3,144 feet.

Phillips Petroleum No. 1-A Dan Whatley is drilling ahead below 7,750 feet. Sun Oil No. 1 Broadus is drilling in sand, lime and shale below 5,755 feet.

COKE DISCOVERY

A discovery from the Palo Pinto lime has been completed in the northeast Coke County side of the Fort Chadbourne area at Currie & Wylie No. 1 Mrs. C. H. Wylie and Mrs. J. F. Currie.

The well pumped 119 barrels of 42.1-gravity oil in 24 house from perforations at 5,559-571 feet. It is located five miles southeast of Blackwell and 330 feet from north and 538 feet from the most westerly east line of section 431, Jose Maria Martinez survey.

RUNNELS STRIKE

Henson Drilling Co. of Abilene completed the No. 1-A E. V. Fisher as a flowing discovery from the Morris sand 16 miles southeast of Winters in east Runnels County.

The well flowed 198.24 barrels of 41.6-gravity oil in 24 hours through perforations at 3,470-482 feet. That zone had been treated with 250 gallons of acid. Gas-oil ratio was 1,600-1. This well is a twin to Henson's No. 1 Fisher, the opener and up to now the only producer in the Henson-Jennings sand field.

TONIGHT IS FAMILY NIGHT 80¢ Per Car

TWINS GIVE BIRTH TO BABIES TWO HOURS APART—Identical twins, Mrs. Robert L. Heien, left, and Mrs. Edward L. Bennett, gave birth to babies two hours apart at a Dallas, Tex., hospital. Mrs. Heien holds her son Roy Gene, and Mrs. Bennett, her daughter Julie Ann. Each twin now has a family of a girl and a boy, both live in Grand Prairie, Tex., and their husbands both work for the same aircraft company.

Political Pot Starts To Boil For Phillips

By The Associated Press

Galveston feted state Senator Jimmy Phillips Thursday in what appeared to observers to be the buildup toward Phillips' expected announcement as a candidate for governor.

Galveston County sponsors of the event said they hoped to have a crowd of about 5,000 at the Phillips shindig. A parade was to precede the eating and Phillips was to receive an engraved plaque. A resident of the Angleton, Tex., area, Phillips has been a state senator since 1947.

Other developments:

1. At Pampa, Rep. Walter Rogers said Republicans are making plans to run Milton Eisenhower for President if President Eisenhower decides not to seek a second term. Rogers, who said the GOP wanted to capitalize on the Eisenhower name, also said that indications were strong that Ike would not seek re-election.

2. In Dallas, Republican Rep. Bruce Alger, said he believed Eisenhower would seek a second term. He said he intended to campaign for another term himself on his old slogan, "Back Ike, vote for Alger." But, said the Dallas congressman, "I'll never be a rubber stamp."

3. State Republican Committeeman Jack Porter of Houston told the same luncheon group to whom Alger spoke that Texas would elect a Republican governor in 1956. Porter has made similar predictions in other years.

4. Associated Press political writer Jack Bell reported from Washington:

"There is some suspicion among his colleagues that Gov. Allan Shivers of Texas who has called for a 'revolt' against the renomination of Adlai Stevenson for President, would like to be the rallying figure of such a revolt.

"But Shivers' declaration that he would support 'practically anyone'—including a Republican—in preference to Stevenson is not expected to endear him to Democratic leaders in Dixie."

5. Speaker Sam Rayburn of Bonham, which the Paris News called "possibly the most influential Democratic party leader in the nation," scheduled a speech at Paris Nov. 10, at a Democratic fund-raising dinner. Rayburn will make a Labor Day speech at Denison.

6. Rep. Omar Burleson of Anson, Tex., chairman of the House Foreign Affairs subcommittee on national security, warned against what he called "a too hastily reached disarmament agreement." He said it could be disastrous to this country.

Two Assessed Fines Totaling $275 Here

Two persons received sentences of fines totaling $275 plus costs here yesterday.

Jasper Little Gibson, 57, of Brownwood, pleaded guilty to a charge of driving while intoxicated and was assessed a fine of $100 and costs and 10 days in jail.

Edith Childers, 36, of Post, paid a $175 fine plus costs after she pleaded guilty to a charge of transporting liquor in a dry area.

Fred Auforth, local attorney presided over the court in the absence of County Judge Edgar Taylor.

Just Park, That's All

BOISE, Idaho (AP) — The State Land Department placed signs yesterday around the new asphalt surface of the government parking lot near the statehouse in downtown Boise. They read: "State land keep off. Remove no timber. Graze no stock without permit. No mining."

Italics are 2.7 per cent more difficult to read than roman type, says the Better Vision Institute.

ISRAEL

Continued From Page 1

olence along the Gaza frontier. At least 26 Israelis and 10 Egyptians have been reported killed since last Thursday.

They agreed to the cease-fire Tuesday night.

A spokesman for the U.N. truce chief, Canadian Maj. Gen. E. L. M. Burns, yesterday described the situation as "very serious." He said Burns still hoped to achieve a cease-fire.

The Israeli Foreign Office statement said last night's raid was aimed at stopping an Egyptian "campaign of aggression" which had made the 1949 Palestine agreement "virtually inoperative."

"Egypt's violations of the armistice have ceased to be an exception—they have become the daily rule," the statement declared, accusing the Egyptians of 14 attacks in the past 10 days. The statement continued:

"Egypt has openly embarked upon a course designed to destroy security and subject the Israel defense army to a constant challenge, to drive terror into the hearts of a peaceful, hard-working population over a wide area.

"From a claim to rights of belligerency, Egypt has gone over to active warfare. Warnings of the effects of this course conveyed by Israel to Egypt through all conceivable channels having proved fruitless and the scope and range of acts of aggression having assumed threatening proportions, Israel has no choice but to resort to self-defense."

Skies Mostly Clear In Texas Thursday

By The Associated Press

Texas skies were mostly clear Thursday with some cloudy to partly cloudy weather along the Gulf coast.

Only Laredo, on the Mexican border, had rain at dawn. It was described by the Weather Bureau as a "rain shower."

Temperatures were, for the first day of September, mild. They ranged from 76 at Galveston, Beaumont and Corpus Christi to 50 at Lubbock. Most were in the high 60s or low 70s.

Forecasts called for scattered thundershowers through the central part of the state from the Gulf to the Red River at least until Friday. No important temperature changes were expected.

Wednesday rainfall reports included Mercedes 1.50, Laferia 2.90, Raymondville .75, Santa Rosa 1.00, Lagrulla 1.00, Rio Grande City 1.00, Roma 2.00, Zapata 2.50, Houston 1.50, Beaumont 1.34, College Station .75, Victoria .82, Galveston .68, Palacios .29, San Antonio .15, Brownsville .14, Junction .07, Laredo .04, Alpine .02, and Del Rio .01.

Austria Move In Full Swing

By RICHARD O'REGAN

VIENNA (AP)—Some Russian soldiers are reported killing themselves or deserting . . . Long military trains are pulling out through the night to east and west . . . Austrian girls are hurrying to wed their departing American boy friends.

The evacuation of Austria by the armies of the Big Four is in full swing.

In the five weeks since Austria finally won her independence July 27, the occupation powers are estimated to have pulled out more than half of their 60,000 soldiers.

The French will all be gone by Sept. 10, the British by Sept. 19. Russian operational forces will be out by Oct. 1 and the Americans about the same time.

Austrian police report several Soviet soldiers are believed to have committed suicide. Unconfirmed reports say about 10 deserted to the Western armies. Other unconfirmed reports speak of deserters caught and shot before assembled Soviet troops.

One of the busiest little resorts in the country today is Baden, a few miles from the capital in the Vienna Woods. For 10 years it has been the Russian headquarters, with Soviet offices in elegant hotels, billets in fashionable villas and the officers' mess in a gambling casino.

Now much in the town has been returned to the Austrians. Property values are soaring.

Salzburg's American consulate reports a marriage boom. The office is working overtime to clear the records of Austrian girls the soldiers want to marry.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD - JONES

Admissions: J. J. Henry, Hermleigh; Mrs. W. F. Mearse, 2604 Avenue K; Mrs. B. W. Turnage, 2806 Avenue D; Melton Lowe, Cosy Courts; Mrs. Dorothy Cox, 1601 avenue Q; Ivan Gatlin, 3006 Thirty-ninth Street Jane Hernandy, Roscoe.

Dismissals: Mrs. Bernice Keller, Snyder; Betty Mivan, Snyder; Bobby Dale Wright, 1902 Coleman; Carl Lawrence, 3800 Muriel Drive; Randy Wooldridge, 906 Twenty-ninth Street.

Admissions: Jan Timmons, 323 Thirtieth Street; Mrs. W. R. Johnson, 2800 Avenue U; Danny Tankersley, 3104 Thirty-ninth Street.

Dismissals: Mrs. W. M. Cunningham, Vincent; Mrs. Richard Krause, Snyder; Andy Trevey, Snyder.

Studebaker Workers Close Down Big Plant

SOUTH BEND, Ind. (AP) — Members of the Studebaker local of the CIO United Auto Workers shut down the Studebaker plant of Studebaker-Packard Corp. today by refusing to extend their contract, which expired last midnight.

The Union membership overrode its leadership last night in voting the walkout. Local officers, who had recommended a day-to-day extension of the contract while negotiations continued, said the action was "unexpected."

Three U.S. Prisoners May Be Turned Loose

VIENNA, Austria (AP) — Austrian war prisoners arriving from Russia said today three Americans confined in a Soviet camp near Moscow would leave for the West Monday.

The Austrians, who arrived today at Bad Voeslau, near Vienna, said Pvt. Wilfred C. Cumish of Amesbury, Mass.; Frederick Charles Hopkins and a man called Grishman were at Bikova Camp awaiting return home.

The Austrians said they did not know the whereabouts of Cpl. Murray Fields, of 43 Carmie St. New York, also scheduled to be released soon by the Russians.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills...get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

Birthday Party Given For Girl In Snyder

Ginger Faye Williams celebrated her fifth birthday Tuesday afternoon at a party given by her mother, Mrs. Don Williams, in the Williams home at 509 Thirty-third Street.

Balloons and yellow flowers were used in decorations, with the birthday cake centering the refreshment table. Guests were Rebecca and Jerry Beth Crawford, Tim and Becky Tipton, Joey Wood, John Vernor, Jr., Cathy and Linda Davis, H. B. Walker, Bill and Diane Bernson, Ricky Holladay and Cindy Williams. Mrs. S. W. Trevey and Mrs. Truman Davis assisted Mrs. Williams.

Brownfield Resident Celebrates Birthday

A. J. Stricklin of Brownfield celebrated his seventy-fifth birthday Sunday with a dinner in the home of his daughter, Mrs. Herman Trigg, 909 Twenty-seventh Street. Mr. Stricklin has recently retired after having been owner and publisher of the Terry County Herald for 46 years.

Present for the dinner in addition to Mr. and Mrs. Stricklin were Mr. and Mrs. Jack Stricklin, Jr., Robert and Mary Anno of DeLeon and Mr. and Mrs. Trigg and daughter, Sara.

Tunics Are Tops For Fall Wear

BY DOROTHY ROE
Associated Press Women's Editor

Firstest with the mostest is a fine old American tradition, and women who sew have made it their own special motto.

Thanks to pattern companies which adapt the latest trends into tissue paper terms, women who stitch their own often can beat their store-buying sisters in the fashion race.

The tunic is fall's biggest fashion news, adaptable to all sorts of fabrics and designs. A bold and bright suggestion is a tunic in gold and black corduroy over a versatile sheath dress in black corduroy.

Local sewing center experts give you a few tips on stitching this sort of outfit, with suggestions on adapting the tunic line to your own figure requirements.

An easy printed pattern solves such problems as directional stitching, grain lines and types of stitching and gives you a marked alteration line for pre - cutting adjustments. In an ensemble of this sort, perfect fit is essential, for the waistline must be exactly at your natural waistline to make the most of the flaring tunic skirt, and the sleeves muct be shorter than wrist length for good proportion.

The tunic silhouette is best for a tall girl. However, even if you are short, the tunic can be becoming if you remember your rules of proportion. For the tall or average figure, the tunic line is exactly half-way between the shoulder and the floor. To give the illusion of extra height, make your tunic line stop about two-fifths of the distance between your shoulder and the floor. This will give you a long-legged look. For example, if you are 5 feet tall your tunic should reach about 10 inches below your waist. If you are nearly 5 feet tall, the tunic can reach to as much as 15 inches below the waist.

The tunic is made like a coat, with complete lining and a skirt interfacing of a stiffened fabric, to insure a permanent stand-out look. To simplify matters for the home seamstress, the patter piece used for the tunic also is used to cut the lining. A bold line is printed on the pattern, marking the outline of the lining. If you have found it necessary to shorten or lengthen your pattern piece, the same adjustment will be taken as you cut the lining, without remeasuring or repinning.

If you select a plaid fabric for the tunic, remember that you will need a quarter to a half yard additional fabric to match the plaid exactly at seams, the amount depending on the size of the plaid. Exact matching of plaid is essential in a garment of this type, and the wise home seamstress takes advantage of several sewing ricks to match her plaid. Use the notches on your pattern piece as guides for layout. When a notch falls on a colored stripe, make sure the corresponding notch falls on the same colored stripe. When the notches are joined, the remainder of the seam falls automatically into place.

Try to get a line of plaid running down the center back and front of the collar, bodice and skirt for balanced effect. And remember—the smaller your size, the smaller the plaid should be. Only very tall, slender girls can get away with big, bold plaids. If you are short, pick a small scale, dark plaid such as the Black Watch, and team your dress to one of the colors in the plaid.

For complete free directions for sewing plaid fabrics, with cutting and matching suggestions, yardage tips and notes on other directional fabrics, send stamped self-addressed envelope to: PLAIDS, Department PYN, PO Box 4, Murray Hill Station, New York 16, N. Y.

FINISHED PRODUCT — Black-and-gold plaid corduroy tunic over black corduroy sheath, new for fall.

Birthday Party Given For Kenny Lee Riley

CANYON — Kenny Lee Riley was honored with a party on his fourth birthday given in Welch recently. A western theme was carried out in decorations.

Guests were Linda, Lona and Michael Shipman, Joyce and Carolyn Riley, Sydney Ann Bill of Littlefield, Larry Parks, Bruce, Sherry and Ronnie Mack Schooler, Kenny Jones, and David and Delphine Gonzales. Assisting Kenny's mother, Mrs. Margaret Riley, were Mrs. Tom Ford, Mrs. Wallace Shipman, Mrs. Lillie Gonzales, Mrs. Trudy Bill and Mrs. Mutt Rogers.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 2-5486

Do you avoid making a particular dish simply because it calls for using just the whites or yolks of eggs? You say to yourself, "What will I do with that leftover yolk or white?" It's not so much that you don't know where your next egg is coming from, as the principle of the thing. Have you got the heart to throw out a perfectly good half of an egg, simply because you don't know what to do with it? Of course not. Instead, you probably put it in the refrigerator with the idea that you'll wait until something comes along" and about a week later when defrosting time rolls around, and nothing has come along, out goes the poor old egg white or yolk.

In the first place if you do store part of an egg, here's the way to do it: Place egg yolks in a cup, and add just enough water to cover. Put egg whites in a jar or dish and cover tightly. Be sure to keep them cold.

To help you with the egg yolk problem here is a list of recipes covering the one to 5 yolk situation. WITH ONE EGG YOLK, make Salmon 'a la Mornay, coconut cream pie, potato croquettes, or use yolk as a glaze for breakfast breads. WITH TWO EGG YOLKS, make caramel ice cream, chess pie or mayonnaise. WITH THREE EGG YOLKS, try fried cream pie, or lobster 'a la Newburg. WITH FOUR EGG YOLKS make rice tarts, or praline ice cream, and WITH FIVE EGG YOLKS, try Nesselrode Pudding.

Here's the recipe for Salmon 'A LA MORNAY

4 cooked potatoes
½ cup grated Swiss cheese
1 egg yolk
1 cup Medium White Sauce
2 cups flaked canned salmon
Buttered crumbs

Mash potatoes and line greased baking dish with them. Add cheese and egg yolk to the white sauce and pour ½ of it over potatoes. Add fish and cover with remaining sauce and buttered bread crumbs. Bake in moderate oven (350 F.) 20 minutes. Serves 6.

CARAMEL ICE CREAM (with 2 egg yolks)

½ cup sugar
1 cup milk
⅛ teaspoon salt
2 egg yolks, beaten
1 cup heavy cream
1 teaspoon vanilla

Heat 1/3 cup sugar slowly in heavy skillet, until melted and slightly brown, stirring constantly. Scald milk and add to melted sugar. Cook until sugar is completely dissolved. Add remaining sugar and salt to beaten egg yolk and add hot sugar mixture gradually. Cook slowly until thickened. Chill. Whip cream until thick enough to hold a soft peak, add vanilla and fold into chilled mixture. Pour into freezing tray of refrigerator and freeze until firm.

Line tray with broken nuts to make it even better.

CHEESE CREOLE (with 3 egg yolks)

¾ cup minced onions
¾ cup chopped green peppers
3 tablespoons butter
¾ cup milk
¾ cup condensed tomato soup
1½ cup grated pimiento cheese
1½ cups grated American cheese
3 egg yolks, well beaten
Hot thin toast.

Cook onions and green peppers in butter until tender. Add milk and soup and stir until thoroughly heated. Add cheese and stir until melted. Add to egg yolks, stirring constantly. Return to heat and cook 1 minute. Serve on hot toast. Serves 6. (Chopped olives or celery may be used in place of the peppers. Also make DRIED BEEF CREOLE by boiling beef 5 minutes and adding to cheese creole.

If you want any of the recipes listed in today's HELPS, just let us know. And watch for LEFTOVER EGG WHITES in tomorrow's paper.

You'll *enjoy* the Labor Day weekend *more* if you follow these simple rules for

SAFE DRIVING

Safety Associations recommend that you follow these simple rules to make your Labor Day weekend not only happy, but also *safe.*

Observe all posted speed limits. Don't hurry ever. Enjoy the scenery . . . and the feeling that you and your family are out for fun.

Regulate the speed of your car to highway and traffic conditions. Enjoy taking your time . . . enjoy relaxing from traffic tension.

Don't drive too long — stop when you're tired. That you'll surely enjoy a lot.

Observe all highway caution warnings — slow down for curves, when descending steep hills, etc. Enjoy the freedom from fear that these precautions give you.

Don't drink when driving. You'll enjoy your trip the more.

Follow the golden rule of traffic courtesy: give other motorists the same consideration you'd like for them to give you. Enjoy the good feeling that you're helping others to have a good time, too.

Enjoy this Labor Day weekend— please drive safely!

HUMBLE

HUMBLE OIL & REFINING COMPANY

SLOW DOWN and LIVE!

Last year in Texas, 29 people lost their lives and 500 were injured in 1400 traffic accidents over the Labor Day weekend. This year, let's bar tragedy from our holiday.

Bible Thought

And many shall follow their pernicious ways; by reason of whom the way of truth shall be evil spoken of (II Peter 2:2).

EDITORIALS

Frustrated By Cats?

There was a little story in the paper yesterday that said a man whose home was in Columbus, Ohio, wrote from Mayfield, Ky., to send his canary by express. When the bird arrived he paid $3.70 in express charges—through the bars of a jail, for it turned out he was in the jug on a bad check charge, and was just lonesome for his pet.

Robert C. Ruark recently teed off on cats, and we herewith remind our cat-loving readers that Mr. Ruark is careful to keep out of harm's way for he lives up the coast a piece from Barcelona, Spain, and is clearly out of the jurisdiction of American friends of cats who might wish to do him bodily injury. Please address all communications to the New York syndicate that handles Mr. R.'s column, United Features.

A lot of people don't like cats, just as many don't like dogs. We have nothing against felines, except that they are so dog-goned independent they give us the impression we're something one of the tribe has just drug in. We like them least when they're on the backfence making the night hideous with their caterwauling, and most when they are just being their normal dignified selves.

We regret that they sometimes kill birds but so do young boys with airguns—but we don't hate young boys just because they haven't been taught to leave songbirds alone.

It is normal to love some kind of pet, be it dog, cat or bird. But even a much-loved pet can become a nuisance to others, and most people recognize that fact and make every effort to keep their pets from disturbing the neighbors. They are not always successful in this, and a minority never even tries.

As cited by Ruark, Westbury, Long Island, has placed a curfew of sorts on cats, holding the owner responsible for any nocturnal wanderings they may indulge in, with a fine of $25 for infractions. It will be interesting to see how this direct frontal assault on a nighttime nuisance comes out. Cats have been around a long time, and if we were given to making bets, we'd bet Westbury gets itself frustrated by the cats.

You Believe In Signs?

Quoted from John Bartlett's Familiar Quotations: "This is the grave of Mike O'Day / Who died maintaining his right of way. / His right was clear, his will was strong, / But he's just as dead as if he'd been wrong."

Mike was dead right, of course, but he was just as dead as if he'd been dead wrong.

Patrolman J. Ross Kemp, safety director in this District of the State Highway Patrol, passes along another saying that fills out the thought expressed in the jingle. "The cemetery is full of drivers who had the right of way."

State and city spend a lot of money marking streets and highways for the information and safety of motorists and pedestrians. If drivers and pedestrians don't familiarize themselves with these signs and symbols and learn to obey them as a matter of course, they may wind up under anaesthesia in a hospital or under a shroud in a morgue.

You have to know the rules in order to violate them with impunity, as any good bridge player will tell you. That may mean the difference between making a grand slam or going down three tricks. At worst the loss of points is the only penalty.

But the driver or walker enjoys no such easy out. He may disobey the rules with impunity to himself, but cause the other fellow misery or death. Or as often happens he disobeys a rule and pays the full penalty for his folly.

The wise motorist gladly yields his right of way to fools and nincompoops rather than risk an accident. He knows you can trust a sign just as far as you can trust another driver or pedestrian, and no further.

Congressmen

COLUMBUS, Ohio (AP)—Our nation's lawmakers are so busy taking care of the country they often fail to take care of themselves, says Dr. R. W. Gifford, assistant attending physician to Congress.

He terms life in Congress a "process of natural selection" with voters retiring lawmakers who become senile or lose their agility and drive. He says congressmen have hard, tough jobs, physically and mentally.

"Our biggest problem is to get them to take care of themselves," he says. He cites long, tiring sessions of Congress as conducive to heart ailments. Overweight is a major problem; there are too many banquets—they eat on the run, and their habits are irregular."

And, he adds, congressmen generally are reluctant to admit they are under medical care. He says many of them won't even admit they're on a diet.

Dr. Gifford spoke during a visit here.

Needs More Than An Annual Booster Shot

U.S. Farm Production Casts Shadows On Foreign Affairs After War-Time Records

By WARREN ROGERS JR.

WASHINGTON (AP) — America's farm production was coaxed to new heights during the war years. Today it bestrides the delicate field of foreign affairs like Frankenstein's monster.

Butter, cheese, cotton, rice, wheat—these are unmentionables in polite conversation with certain of America's allies. And for very grave reasons.

Dumping the huge U.S. surplus in rice and cotton on the world market, for example, could drive Asia and the Near and Middle East into the Communist camp.

Burma is the chief rice supplier in Southeast Asia. If the United States started shipping rice into that area, the Burmese would be outraged, perhaps driven into trade and tight liaison with rice-hungry Red China. The lives and fortunes spent to keep the Reds out of the area would be lost—and possibly all of non-Communist Asia as well.

With cotton, it's principally Egypt, although Mexico and Brazil are concerned too. The Egyptians are the world's champion growers of fine long-staple cotton. It is practically the only thing they export. Dumping the U.S. cotton surplus into Egypt's markets would play havoc with Egypt's economy.

Egypt is a key to Arab-Israeli peace and to continued cold-shouldering of Communist attempts to muscle in on the Middle East.

The milk-producing Scandinavian countries might be alienated if American dairy surpluses showed up cheap on the world market. The grain-growing Canadians never cease to fret that America's billion-bushel wheat surplus might be dumped.

How can this five-billion-dollar of U.S. surpluses be tamed before it tramples its owner's hard-won foreign friendships?

The Eisenhower administration is reviewing the whole monumental question at this time.

The warm wave flowing from this summer's Geneva summit conference might melt through the East-West trade barriers and thereby bring a solution, for the short run at least. Hardly a week goes by that some member of Congress doesn't propose selling wheat to Russia or dropping it by the bagloads on Red China.

Meanwhile, the government chips away with the tools it has and plans hopefully for the long haul.

Its chief tool for disposing of farm surpluses abroad is Public Law 480. This permits their sale, barter or giveaway to "friendly countries." Russia and Red China are specifically barred. The law would have to be changed to bring them in.

As of last June 30 a total of 21 agreements involving nearly 470 million dollars in goods had been signed with 17 foreign governments under this legislation. To avoid dumping, the amounts are limited and controlled.

A major provision is that sales may be made for foreign currency. This money never reaches the United States, however. It is simply plowed back into economic development of the country, gift of Uncle Sam, or used to pay off U.S. bills, such as for troop camps in Japan.

A Hoover Commission task force took a swipe at a companion law in a report made public this month. It complained:

"The earmarking of dollar aid for surplus agricultural commodities leads to the appearance if not the reality of pressure on recipient countries to take American surplus commodities.

"This is hard to distinguish from dumping, in its effect on world prices, world trading relations, and the distribution of agricultural production worldwide."

But officials who administer the law defend it as a way out of the shortage of dollars abroad. They see the long range solution in ultimately getting enough dollars in the hands of foreign buyers so they can pay the high price of U.S. farm goods.

There's Money To Be Made Minding Business Of Others

BY INEZ ROBB

Ever since I first made the acquaintance of Mrs. Emily Post, an acquaintance strictly limited to the limpid, authoritative prose of her massive compendium on etiquette, I have felt that the high priestess and I are tuned to different wave lengths.

Granted at that time, tide and international tribulations have softened some of her dictates and played hob with others, nonetheless, the laws of the Medes and the Persians are as flabby elastic compared with some of Mrs. Post's ukases.

In Mrs. Post's world (one I never made, in any sense), it is still as gauche, crude and nouveau-riche in 1955 (nine editions and eight-two printings later) to hire a servant with any kind of hirsute adornment as it was way back in 1922 when the first edition hit the American people like an atom blast. Certainly, we haven't been the same since, equipped as we are with her ready reference for all social emergencies from artichokes (how to eat) to zoo (how to tell your friends from the primates).

Anyway, ever since I latched onto Mrs. Post (or maybe it's vice versa) I have wondered from time to time why no well-bred person could or would hire a servant with facial foliate whether guardsman's moustache, full or spade beard, mutton chops, Van Dyke or Rip Van Winkle.

"It should be unnecessary to add," says Mrs. Post circa 1955, "that none but the unwitting ("none but vulgarians" was the phrase in 1922) would employ a butler or any house servant who wears a moustache."

This shows the sort of dream world in which Mrs. Post has always operated. "Unwitting" or "vulgar" I may be, but if I or my generation of housewives could get our mitts on a house servant in this year of grace, he—or she, for that matter—could look like Santa Claus, or a member of the House of David.

Such is the problem of domestic help in my world, a milieu obviously alien to Mrs. Post, that if the bearded lady is tired of circus travel and wishes a good, steady, well-paid position, with a pleasant room, private bath and Sundays off, in a private home with a working couple she's got a job, Chez Robb.

Despite my willingness to hire a whiskered domestic, even one that looks like Father Time, this fact does not solve the reason WHY such a house servant could never hope to achieve a position in Mrs. Post's world. Having wondered about this ukase for 25 years, I finally decided to do something about it the other day.

So I called Mrs. Post's publishers, Funk and Wagnalls, and asked to speak with the authoress. If I had asked to speak with His Holiness it would have caused less consternation

Three members of the firm explained that it was IMPOSSIBLE.

"She does not even speak to us!" one of them confided. "And we do not press the issue since she has paid the rent and met the payroll at Funk and Wagnalls for 33 years.

"It is rumored," he said, sotto voce, "That she has cleared the company some $2,000,000. So you can understand——"

So I understand that there is an awful lot of money to be made in minding other people's manners and that Mrs. Post has made it. But I still don't understand why a house servant mit a beard is verboten.

Cold Dredge Moved

HELENA, Mont. (AP) — The first of the modern floating fold dredges to be erected in the Helena mining area has been transferred to placer workings in the Boise, Idaho, Basin. It required fifteen 20-ton trucks to haul the dismantled 300-ton giant. There still is one gold dredge in the Helena area. It is on a creek 15 miles south of Montana's capital city.

Littering Contagious

RICHMOND, Va. (AP) — Highway Department experts say litterbugging begets litterbugging. Most people hesitate to throw trash on the clean shoulders of a highway. But when once somebody starts tossing out paper and empty beer cans others follow suit.

BUCKLEY

Perjury Is Only Charge U.S. Can Bring Against Icardi Despite Italy Conviction

By JAMES MARLOW

WASHINGTON (AP)—In every way except one Aldo Icardi, a former Army lieutenant, was safe from court trial in the death of his commanding officer during World War II in Italy. Now the one has been used.

The Italian government wanted him returned there to face trial for murder. A U. S. court ruled he could not be forced to go. An Italian court tried him—without his being there—and sentenced him to life imprisonment.

It's a sentence he will never have to serve unless he returns to Italy. Icardi, who all along has said he's innocent, seemed safe from trial.

But now a federal grand jury has charged him with committing perjury in testimony about the death of his wartime commanding officer, Maj. William Holohan. But, ironically, the government can't prove he lied on these charges unless it implicates him in Holohan's slaying.

The worst punishment he faces is jail for perjury, not murder. If found guilty he faces a stiff stretch. He was indicted on a total of eight counts. Each carries a maximum penalty of five years.

Holohan, the Defense Department thought for a while, had been lost in action. After the war it began investigating. Finally in 1951 the department gave this account of what had happened:

Maj. Holohan of New York, then 40, Lt. Icardi, then 23, and Sgt. Carl Lo Dolce, then 22, were all members of the Office of Strategic Services.

Icardi, from Pittsburgh, Pa., and Lo Dolce, from Rochester, N. Y., both spoke Italian. The three men were parachuted late in 1944 behind the German lines in northern Italy to arrange the delivery of arms and other supplies to the Italian underground fighters—both Communist and non-Communist. Holohan was suspicious of the Communists. Icardi wanted the Communists to get arms.

Icardi hatched a plot to get rid of the major. Holohan was fed poison in his soup one night. Icardi, fearing it wouldn't finish him, drew cards or tossed a coin with Lo Dolce to see which would kill him. Lo Dolce lost and shot the major in the head. His body was dumped in 30 feet of water in Lake Orta.

Holohan's body was found in the lake in 1950, well preserved by the icy water. It had two bullet holes in the head.

Meanwhile, there were these events:

1. Icardi and Lo Dolce left the Army with honorable discharges. Icardi is a salesman in Pittsburgh now and wants to be a lawyer. Lo Dolce is a tool designer in Rochester.

2. Two Italians admitted they had a part in the killing and dumping the body in the lake. They were tried in Italy and acquitted.

Icardi, back in Pittsburgh and confronted with these charges, denied them and said the last time he had seen Holohan was during a skirmish with German troops. Lo Dolce also has continued to affirm his innocence.

In 1953 a House Armed Services subcommittee investigated the case and called Icardi and Lo Dolce as witnesses. Lo Dolce avoided going. Icardi testified.

The subcommittee later reported there were enough evidence to indict Icardi and Lo Dolce. But it agreed with the Defense Department that there was no way to prosecute them in the U. S. for a crime in Italy.

This week a federal grand jury indicted Icardi—but not Lo Dolce, since he didn't testify in 1953—with committing perjury before the committee two years ago when, among other things, he denied:

Holohan was murdered, that he and Lo Dolce drew cards to determine which of them would kill the major, and that Icardi ordered an Italian partisan working with him to poison the major.

Get Yourself A New Worry If You Want To Be In Style

By HAL BOYLE

NEW YORK (AP)—Now is the time to get yourself a fresh new worry.

To be in style you have to be a phobophile—that is, a worry wart, a guy who likes to find things to be afraid of. But this isn't as easy as it used to be.

Everyone, for example, is plumb tired of fretting about the atom bomb. Now that the Russians are acting like graduates of a charm school the proper attitude toward them seems to be one of dubious suspicion rather than of downright worry.

"Times are too good," says the average man, unhappily. "There just isn't anything more left to worry about."

This is a ridiculous attitude.

The chances are you have a bunch of worries you don't even realize. Look within yourself and find them. Bring these hidden troubles out. Learn their scientific names. Then you can worry about them openly and happily.

Housewives, for example, are beginning to get that fall housecleaning look in their eyes. They don't realize it, but they are suffering from mysophobia, or the fear of dirt, as well as ataxiophobia, the fear of disorder.

Do you hate to make up your mind? Poor fellow, you're a victim of gephyrophobia, the fear of crossing bridges.

Are you a pedestrian? Well, if you are sensible at all, you are often in the throes of agyiophobia, the fear of crossing a street. And if you are a really careful pedestrian you suffer both forms of this common disease—levophobia, or fear of objects on the left side of the body, and dextrophobia, or fear of objects on the right side of the body.

Does your job bore you? Let's face it, kid. You've got taphephobia, the fear of being buried alive.

Do you hate to get up in the morning and face another day? Don't just laugh at this feeling. You're sick, sick, sick. You are afflicted with basophobia, strasiphobia, and stasibasiphobiphobia—all of which mean you're afraid to stand upright.

Are you weary of television commercials? You've come down with onomatophobia, the fear of hearing certain names.

Are you angry at your husband because he comes home late? He may have either domatophobia, fear of being in a house, or (depending on your temper) amycophobia, the fear of being clawed. Maybe it would help if you shut up and contracted phonophobia—the fear of hearing one's own voice.

Nothing to worry about? Why the world is full of wonderful fears—from hadeophobia, the fear of hell, to apiphobia, the fear of being stung by a strange bee.

If you can't worry about anything else, you can at least succumb to cherophobia.

Cherophobia is the fear of being happy, and who isn't afraid of happiness?

WASHINGTON LETTER

Capital Society Hits Slack Period In Its Party Season

By JANE EADS

WASHINGTON (AP)—Capital society, keyed to a maddening pace for beyond its usual party season, has slumped at last, not without a long sigh of relief, into the doldrums.

With Congress closing up shop and its top hostesses away, there's little going on and folks remaining in town can now kick off their shoes, let their hair down, gather in their patios, and carry on a decent conversation, or even read a book.

Hostess with the Mostes' Perle Mesta, who moved into the handsome new home she purchased here with her brother-in-law and sister, Mr. and Mrs. George Tyson just before taking off on her Far Eastern tour of 17 countries, does n't expect to return till late in the fall.

She's been sending back some exciting and detailed accounts of her experiences, especially the Saigon incident and the tear gas assault on her party staged by youthful rioters, but she's saving her best stories for the lecture platform and publication on her return. She also is planning to do a TV series with other prominent figures in her home here.

However, she told me she will resume her hostess role and is planning some parties to start off the new season with a glamorous push.

Hostess Gwen Cafritz, wife of the wealthy Washington realtor, whose spectacular parties in her modern house overlooking the capital have drawn together most of the town's headliners, is pulling an Elsa Maxwell abroad. At least that's what she said she planned to do when she took off recently for Europe. She said she expected to hire a boat and entertain her friends on the Continent abroad, in a small-scale interpretation of the more ambitious pleasure cruises staged the past two seasons by the famous, internationally-known party giver.

Another of the capital's more famous hostesses, Mrs. Merriweather Post, wealthy divorced wife of former U.S. ambassador to Russia, Joseph E. Davies, has left Washington for the summer, too. She has gone to her fabulous Camp Topridge in the Adirondacks where it is her custom to entertain a continuous string of notables from here and abroad.

Money Tightening Expected To Slow Debts Of All Kinds

By SAM DAWSON

NEW YORK, (AP)—Another round of money tightening is under way. The goal: to slow down the increase in the total of debt of all kinds which proceeded at a rapid rate in the first eight months of this year.

The debt total has been growing in 1955 at an annual rate of almost 30 billion dollars. The Federal debt hasn't swelled much this year. But state and local government debt, corporate debt, mortgage and consumer debt have been making notable gains.

The money managers have been letting the supply of money tighten and interest rates rise to discourage the continuance of the rapid rate of debt growth.

Latest moves are:

Three Federal Reserve Banks—Cleveland, Atlanta and St. Louis—now charge member banks 2½ per cent on money they lend the commercial banks for use in making loans to business or consumers. The other nine reserve banks still charge 2 per cent, but their directors will be meeting this week and next.

The U. S. Treasury is paying more than 2 per cent on its short-term borrowing—for the first time since August 1953, the previous period of tight money that preceded the recession.

Banks financing Commodity Credit Corp. price support loans are to receive 2¼ per cent per year, which is one half of one per cent more than they got last year. The rate charged farmers remains at 3½ per cent.

Three of the leading national finance companies are increasing by one fourth of one per cent the rate they will pay on short-term commercial notes in the open market.

All of these pressures for higher rates are building up behind the interest that banks charge businessmen when they borrow.

And the really big season of demand for business loans is just ahead. Loans are sought to move and process the crops, and to stock the stores for the big Fall and Christmas trade.

The money managers hasten to assure the nation that there is no intention of making money so tight that it will hamper businessmen. If the shortage really begins to hurt, the Federal Reserve System has ways of easing the supply quickly.

The tightening so far has been aimed at discouraging the more speculative forms of borrowing, which many bankers as well as the money managers fell have been increasing too fast. They fear that this increase in total debt has been playing too large a role in in business boom in recent months.

LITERARY GUIDEPOST

MARJORIE MORNINGSTAR. By Herman Wouk. Doubleday.

'She gets what she wants,' says Mom Morgenstern of her beautiful daughter Marjorie. But the father retorts: 'In this world? Not even in America. She'll get what she deserves.'

Marjorie then starts out to show, with Wouk like a kindly old Dutch uncle holding her hand, how maybe she can get both. Her father, by spending all his money, sets his family up in an apartment on Central Park West, gives the girl riding lessons, lets her have expensive dresses.

Seventeen in 1933 when this novel opens, and in Hunter College, she dreams of being an actress. She has a part in an amateur play, she's invited to be dramatic counselor at a camp, she decides Morgenstern has no future and christens herself Morningstar. Boys flock around, for she's witty and courageous as well as beautiful. Among her followers is Noel, though with him she's as much follower as followed, and this long-novel tells the story mainly of their troubled, torrid attachments and separations.

The heart of this book, however, is not one love affair, but a girl's schooling for life, her tentative rebellious steps beyond her mother's reach, her acceptance of the challenge of her generation, her pride, her ambition, her eventual and definitive shaping. It's a story of risking a little and gaining a lot, of rubbing a little off this boy and off that until a girl grows into a woman. So this is about love, but even more, about life; it's an old, old story that becomes brand new again in every generation. The novel has none of the overpowering tensions of 'The Caine Mutiny.' This harks back rather to the cosmopolitan, sophisticated 'Aurora Dawn' and 'The City Boy.' But this is more mellow, more sympathetic.

W.G. Rogers

Hollywood Today

By JAMES BACON

HOLLYWOOD (AP)—Gloria McMillan, the pretty blonde whom television audiences know as Harriet Conklin, the principal's daughter on the Our Miss Brooks show, is giving up TV for a poker-playing role as a minister's wife.

But Gloria, 22 and a bride of six months, has no regrets about following in the footsteps of Colleen Townsend. Miss Townsend chucked a promising career at 20th Century-Fox five years ago to become the wife of a seminarian.

At the moment, Miss McMillan is working in the movie version of the famed Eve Arden starrer at Warner Bros. When the movie "Our Miss Brooks" winds up, Gloria and her husband take off for San Francisco.

The husband is Gilbert Allen, a graduate of the University of Southern California, who intends to enter San Francisco Theological Seminary for Presbyterian ministers on Sept. 17.

The two met at Beverly Vista Community Church in Beverly Hills where both were interested in youth work. They were married there, too.

"We've both had a good taste of church work and we love it," she added.

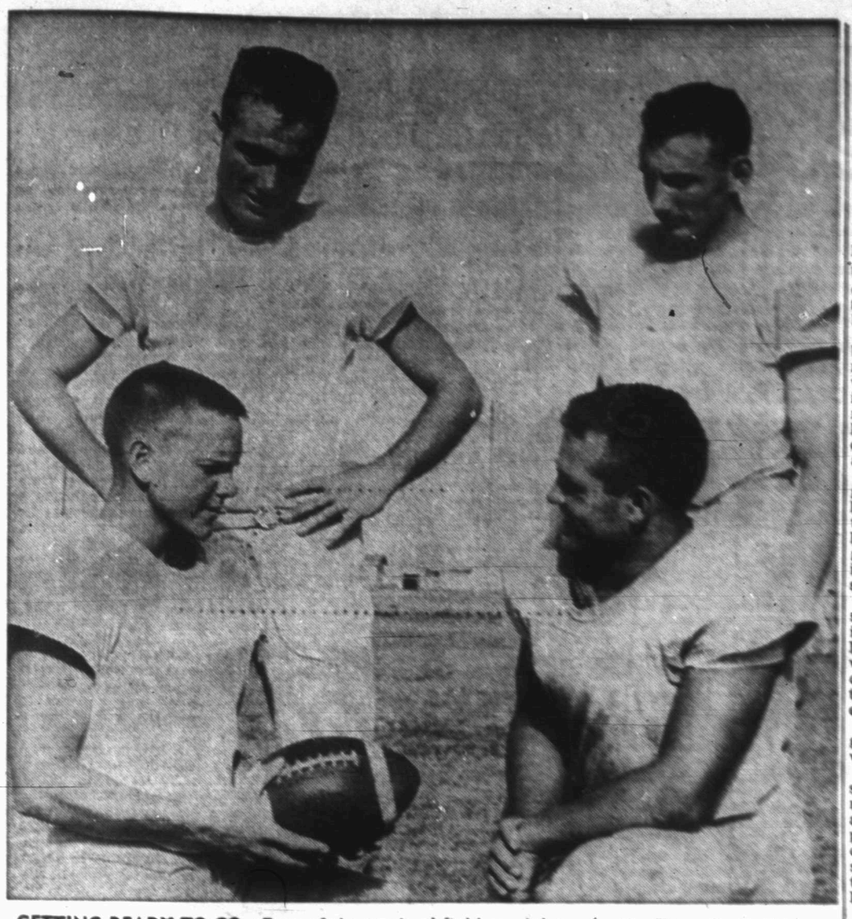

A veteran of radio since she was four years old, Gloria believes that her long acting career will be a big help in her husband's work.

She also plans to put some of her background to use to help pay the freight while her husband is studying.

"Ive already talked to some of the CBS executives there and they like some ideas I have for Sunday programs. They will be mostly Bible readings for children—sort of a Sunday School of the air."

"Once we get established, we plan to adopt four children and have four children of our own. Ours is going to be a big family when we get our wish."

Gloria has averaged between $300 and $400 a week in her acting career.

GETTING READY TO GO—Four of the top backfield candidates for the Tiger football team pause during the workouts to catch their breath and to discuss the prospects of the team. They are, standing, from left, Alan Snead, 180-pound halfback, and Jack Spikes, 190-pound fullback, kneeling, Jerry Taylor, 140-pound quarterback, and Joe Baxter, 175-pound halfback. The team ran through its last two-a-day workouts yesterday and will settle down to the regular afternoon session today, Coach Conley said. The team is getting set to open the season at Breckenridge, Sept. 9, against last year's Class AAA state champions.

Cards Set For First Tussle

After dropping eight men from last year's regional championship team, Ray Isaacs, Hermleigh coach, will not say too much about this year, but emphasizes, "They'd better watch us next year."

He can quote you the figures to back up his hopes, too. Of the 33-man squad which he is working with this fall, only four are seniors, and only two of the four are regular starters, he said. That leaves a nucleus of 29 experienced boys, to which will be added about 15 freshmen.

The freshmen will not be all green concerning football either, he said, for he is coaching them this year as eighth graders and has about six games on tap to give them some on-the-field experience before they get into high school.

But what about this year? Until somebody sees somebody else play it still looks like a toss up between Loraine, Bronte and Hermleigh to win the district. The district play doesn't start until Oct. 14 when they tangle with Bronte on the enemy field.

Before that time they have five games slated with teams, all of which figure to be plenty rough.

The Cardinals are all set to square off with Leuders Friday night for the first football game among area teams. Leuders is picked to rank second behind Rochester in their district, Isaac said. They have about eight of their starters back while Hermleigh lost eight.

The Cardinals pulled a scrimmage with their exes Tuesday night and came out on the little end of a 26-19 score, but the exes team carried about five local boys who are currently playing for college teams. They also took a beating in a practice session with Rotan last Friday night, but the boys are getting experience, Isaac says, and experience is the main thing his boys need.

They had their last workout with pads for this week Wednesday afternoon.

The times of the B-team schedule are not definite, but it will include about six games, Isaac said. They will probably be two each with Roby, Rotan and Sweetwater. His B squad is made up primarily of freshmen he said.

He also will arrange an eighth grade schedule, he said, including two games each with Roscoe, Loraine and the Sweetwater seventh grade.

Powell Tarter, Jackie Roemish, the only senior starters on the team were elected captains for the year this week.

ROBBIE ROBINSON
. . . Cardinal quarterback

TERM TICKET SALES TO RESUME TUESDAY

Sale of 1955 season tickets was discontinued until next Tuesday morning when they will again be available in the Chamber of Commerce office, according to an announcement by Art Nicholas this morning.

Both the local season tickets and tickets to the Breckenridge game will go back on sale next Tuesday and remain available until 5 p.m. Thursday, he said.

Amarillo Looses Part Of WT-NM Lead

By The Associated Press

Third-place Pampa bounced Amarillo, leading the West Texas-New Mexico League, 5-3 last night with a two-run outburst in the top of the ninth.

Second - place Albuquerque, meanwhile, downed Pampa 8-3. The results left Amarillo still 1½ games in front.

In the other games, fourth-place Plainview rolle' over Lubbock 17-3, and Clovis outlasted El Paso 14-10 in 12 innings.

Colts Clinch Title

By The Associated Press

The San Angelo Colts moved to one game of cinching first place in the Longhorn League last night with a 7-4 victory over the Odessa Eagles.

They widened the gap between them and second-place Artesia to 4½ games when Roswell, in third place, beat Artesia 9-0.

In the other games, Hobbs beat fourth-place Carlsbad 5-0, and Big Spring defeated Midland 7-4.

Hogs Work On Defense In Training

FAYETTEVILLE, Ark. (AP)—The Arkansas Razorbacks opened training for defense of their Southwest Conference championship today taking a philsophical attitude toward their selection to finish sixth in the coming football race.

It's tradition—a champion seldom repeats. The Razorbacks can look at their own post-championship fate and verify it.

Arkansas has wound up first four times in 40 years of Southwest Conference gridiron competition and in the three post-title seasons now past finished third, fifth and sixth.

In four decades only five teams have been able to go through two straight championships in this conference and two of those settled for ties.

The most serious challenge to the Razorbacks this season will be the away-games. While the 1954 Razorbacks were setting records in Texas it was the first Arkansas team to win every game on Texas soil, the 1955 outfit must face its three strongest rivals in the Lone Star State — Baylor, Rice and Southern Methodist. The experts in picking the finish of this year's race placed Rice first, SMU second and Baylor third.

Chicago Leads League With Veteran Pitchers

By ED WILKS
The Associated Press

Chicago's old folks pitching staff reclaimed Bob Keegan today and the White Sox shoved off for Cleveland to put their half-game lead in the American League to a showdown test against the Indians.

Manager Marty Marion's been getting a lot more mileage than anyone expected from his mound veterans, riding on top with the likes of Virgil Trucks, 36; Sandy Consuegra, 35; Millard Howell, 35; Morrie Martin, 33; Connie Johnson, 32; and Harry Byrd, 30. And now Keegan, 34, is back in good standing.

The big right-hander, a 16-9 help to the White Sox last season but a bust thus far in '55, came back with an eight-hitter yesterday to beat Boston 4-2. It was his first victory and first complete game since Sept. 12, 1954.

Jim Rivera contributed a pair of two-run homers.

With a sweep of the two-game Boston series, Chicago stayed five percentage points ahead of New York and Cleveland, deadlocked in second. The Indians kept the pace as rookie Herb Score three-hit Baltimore 5-1 and fanned 13, overcoming eight hitless relief innings by the Nats' Hec Brown. New York made it past Kansas City 11-6, but Tommy Byrne needed help to gain his 13th victory when the A's scored five in the ninth.

Boston fell five games behind. Brown arrived too late to help the Senators. Cleveland scored five in the first with five hits off Bill Wight before Hec came on the scene. Jim Hegan and Hoot Evers each drove in two Tribe runs.

Byrne, 35, was breezing along on a four-hitter, behind home runs by Irv Noren, Gil McDougald and Mickey Mantle, and had retired 13 in order when the A's went to work in the ninth. Don Larsen finally called the rally to a halt. Arnie Portocarrero was the loser as the Yanks belted 17 hits.

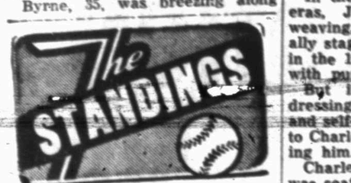

In the other AL game yesterday, Earl Torgeson pinched a three-run homer in the seventh as Detroit edged Washington 7-4 and rookie Frank Lary won his 13th.

In the National, Milwaukee brought six Brooklyn pitchers to the mound in a 13-8 pasting of the league-leading Dodgers. New York made it three straight over Cincinnati 5-0, Philadelphia clobbered Chicago 13-2 and Pittsburgh edged St. Louis 4-3 on Johnny O'Brien's single in the 10th inning.

George Crowe hit two home runs, Eddie Mathews banged his 35th and Del Rice walloped his third in the Braves' attack that started against loser Carl Erskine. Lew Burdette, in relief of Bob Buhl, won his 11th.

The Phils had 12 hits against the Cubs' Jim Davis and three relievers, while Murry Dickson won his 11th on a four-hitter. Stan Lopata and Jim Greengrass homered for the Phils.

Ruben Gomez shut out the Redlegs on seven hits while backed up by four double plays. The Giants chased loser Art Fowler with three runs in the first, then got two more in the eighth on rookie Gail Harris' homer.

St. Louis at Chicago, 1:30 p.m.

Charles Takes Loss No. 2 From Jackson

CLEVELAND (AP)—Tommy Hurricane) Jackson, the fantastic young fighter who had just battered Ezzard Charles into helplessness, walked up to the 34-year-old ex-champ in the dressing room last night and told him, "That was one fight I hated to win."

The tall, 24-year-old youngster from Far Rockaway, N.Y., with his second unanimous 10-round decision over Charles in less than a month, had spoiled the Cincinnati boxer's hopes for another crack at the world's heavyweight crown.

In the ring before the TV cameras, Jackson was a dancing, weaving, cocky jack-in-the-box, finally staggering the baffled Charles in the 10th round and hitting him with punches from everywhere.

But in the Cleveland arena's dressing room, Jackson was shy and self-conscious as he walked up to Charles and apologized for beating him.

Charles, just out of the shower, was seated on a stool with a towel around his midsection, talking to reporters. His right eye was swollen nearly shut from the beating he took in the final minutes of the bout, but he wasn't seriously hurt.

Jackson, without a mark on him, walked up, leaned over the older man, and also whispered his apologies. He straightened up as Charles responded with some advice to a young boxer.

"Take care of yourself and keep trying," Charles said. "You've got a lot of ability that most fellows haven't got. Put your heart in it."

Tears well in Jackson's eyes as he listened to Charles, and he broke in with:

"But I don't want to fight."

"Oh, if you don't want to fight, that's a different story," said Charles. "With me it was different, I wanted to fight—"

"I fight because there's nothing else I can do," interrupted Jackson and walked away.

Asked if the defeat meant his retirement, Charles told reporters he'd have to think about it for a few days.

Muskogee Takes Win

By The Associated Press

The Muskogee Giants posted their fifth straight Sooner State victory last night with a 13-inning 34-3 triumph over league-leading Lawton.

Paris scored four runs in the ninth for a 9-6 victory over McAlester, Shawnee trimmed Ponca City 6-4, and Ardmore defeated Seminole 9-6.

In the Paris triumph over McAlester, the Orioles staged their uprising in the ninth on four hits, all singles, plus a passed ball. They used two walks for good measure. The tying run came in on a walk and the winning tally on the passed ball.

A study of typing operations shows that an average typist has about 268,000 carriage returns a year to return the machine to the left hand margin.

Football Teams BeginSquaring Off Tomorrow

By The Associated Press

A smattering of games Friday and Saturday start the Texas schoolboy football campaign on its way.

From Panhandle to Gulf the lower divisions of the Texas Interscholastic League will play more than a dozen contests but none of them are of any particular importance.

Robstown and Yoakum, two Class AA schools, were to have met at Robstown in the first game in which Negroes participated with whites. But Yoakum decided not to make the trip and the B team from Corpus Christi Ray was substituted. Robstown has a number of Negro boys on its team.

Classes AAAA and AAA, which also go through to state championships, can not start the campaign until next week.

This week's schedule:

Friday—Class AA—Seagraves at Tahoka, Van Horn at Alpine, Shelbyville at Kirbyville, Ray B at Robstown, South San Antonio at Jourdanton, Rio Hondo at Mission; Class A—Sudan at Denver City, Matador at Petersburg, Baird at Cross Plains, Joaquin at Logansport, La., Alto at Garrison, Alvarado at Gorman, Tatum at Cushing, Sealy at Hallettsville Sacred Heart; Saturday—Class A—Rochester at Munday.

More than 14,000 farm residents are killed by accidents annually and more than a million injured.

WIN! A YEARS SUPPLY OF CHOICE BEEF! FOR ONE PERSON

CONTEST CLOSED SEPTEMBER 30, 1955

Guess!
1. Weight of beef (left) on hoof.
2. Weight of same beef after cut for sale.

That's all there is to it! Come into any Furr's Super Market anytime and drop your entry blank in the box available for you.

HERE ARE RULES OF CONTEST

Any person, other than personnel of Furr's, Inc. and their immediate families, is eligible to enter the contest. Only one entry may be made.

Winner will be named in this area by a group of judges who will determine victor by closeness of two guesses.

In case of tie, like prizes will be awarded.

A person can win only one prize. (Five awards will be made in Furr's trade area.)

Winner will be given half of U.S. Govt. Graded Choice Beef, cut for the freezer, within a week after winners are named.

Furr's suggests some research before dropping entry blank in box. All entries will become the possession of Furr's.

Drop Noted In West Texas Drilling During 33rd Week

A decrease in West Texas drilling activity was noted during the 33rd week of 1955. A total of 93 applications, including 17 wildcats, was filed in Railroad Commission Districts 7-C and 8.

The total compares with 116 applications, including 18 wildcats, staked the preceding week.

Totals for the year now include 582 wildcats and 2,789 field tests for oil. The grand total now is 3,371 fnd the weekly average is 102.2 compared with an average of 102.4 for the previous week.

Seven counties in District 7-C shared 17 applications, including five wildcats. Twenty counties in District 8 shared 76 applicaions, including 12 wildcats.

District 7-C wildcats were: Crockett, two; Reagan, Runnels and Tom Green, one each.

District 7-C field tests were: Runnels, three; Crockett, Reagan and Sterling, two each; Schleicher, Tom Green and Upton, one each.

District 8 wildcats were: Crane and Scurry, two each; and Andrews, Ector, Gaines, Garza, Mitchell, Pecos, Reeves, Sterling and Ward, one each.

District 8 field tests were: Crane, 150 Mitchell, 10 Scurry, 7; Howard, Andrews and Gaines, 6 each; Terry and Ward, 5 each; Sterling and Midland, 4 each; Garza, 3; Borden, Ector, Glasscock, Hockley and Pecos, 2 each; and Hale, Kent and Winkler, 1 each.

Adlai Planning Political Talks For This Fall

By JACK BELL

WASHINGTON (AP) — Adlai E. Stevenson returns to the political platform this fall with Wisconsin and New York appearances which may precede a November announcement in Chicago that he wants the Democratic party presidential nomination again.

A Democratic National Committee spokesman said today Stevenson will resume party activity after a self-enforced layoff since last year with a speech at the Wisconsin Democratic State Convention in Greenbay Oct. 7-9.

The 1952 nominee will then join former President Truman and New York's Gov. Averell Harriman for what may be a significant appearance at a $100-a-plate Democratic dinner in New York City Oct. 31.

Stevenson also has been booked as one of the speakers, along with Truman and other party leaders, at a meeting of national committee members and state chairmen in Chicago Nov. 17-19.

A Stevenson supporter said that while there might be some "raised eyebrows" at the choice of a party committee dinner for the occasion, he sees no reason why the former Illinois governor should not announce in the Stockyards Amphitheater site where he was nominated in 1952 that he is available again.

Stevenson's New York appearance took on added significance when it was learned that he, Harriman and Truman had been selected personally as speakers by Carmine DeSapio, Democratic national committeeman and Tammany leader.

DeSapio has given all the signs that he is running Harriman for president. Harriman has said he is for Stevenson but few party associates have any doubt he would become quickly available for the nomination if he thought Stevenson couldn't make the grade.

DeSapio's inclusion of Stevenson among the speakers was interpreted as indicating he isn't ready yet to go all out for Harriman and isn't cutting his lines to the Stevenson camp.

Hunt Still Going On For That Lost Pipe

MERIDEN, Conn. (AP) — The plumber came to the rescue and 250 families were expected to get water back today. But that little lost pipe is still lost.

Buried somewhere in Meriden, the pipe has had city officials in a frenzy since Monday, when a construction crew rammed a drill into a main water line.

Somebody forgot to put that little pipe on the map of the city's water system some 80 or 90 years ago and Water officials haven't yet been able to trace a shutoff valve that will close off the pipe.

A six-foot gash in the line cut off water to 250 families. Other families got only trickles.

So yesterday, a fellow from Worcester, Mass., who is an expert on broken water mains came to town with his crew. They started clamping on a couple of sleeves to cover the gash.

But the Water Department's job wasn't finished.

Its order: Find that little pipe.

Robber Just Doesn't Live Up To His Name

FAYETTEVILLE, N.C. (AP) — In French his name means "without worry."

But Raymond A. Sans Souci, 17, of Pawtucket, R.I., had something to worry about today.

He began serving a 10-year prison term for the June 30th robbery of a dancing school operator here.

People whose grandparents were all born in one area are more apt to be near-sighted or farsighted than those whose grandparents were born in communities far distant from each other, says the Better Vision Institute.

TUNA FILLING FOR STUFFED POTATOES
. . . mushroom sauce for final touch

Potatoes, Old And New, Still Provide Many Possibilities

That simple-seeming staple, the Irish potato, really is as complex a food as the vegetable's history. The proof lies in the variety of ways of preparation.

The old rut of putting the potatoes on to boil an hour before mealtime is all too universal. On of the easist ways to avoid such a dilemma is to combine potatoes and meat to create main dishes.

POTATO STUFFED FRANKFURTERS

8 skinless frankfurters
1 cup finely diced cooked potatoes
⅛ teaspoon ground black pepper
4 slices bacon

Heat oven to 450 degrees F. Split frankfurters, lengthwise, almost through to the opposite side. Lay open. Combine potatoes, and seasoning and spoon over split frankfurters. Top with another split frankfurter, sandwich style. Hold in place with toothpicks. Wrap a strip of bacon around each serving. Bake 15 to 20 minutes or until bacon is crisp. Yield: 4 servings.

TUNA STUFFED POTATOES

6 medium size baked potatoes
2 tablespoons butter, melted
1-3 cup dry milk
¾ cup water
1 tablespoon grated onion
1 teaspoon salt
⅛ teaspoon pepper
1 cup flaked tuna fish

Cut ½-inch lengthwise slice from top of each potato. Scoop out potatoes, saving shells. Mash potatoes, add melted butter and blend well. Beat in dry milk powder, adding water gradually. Divide potatoes in half. To first half, add onion, salt, pepper and tuna fish, mixing well. Fill half of each potato shell with this mixture. Spoon remaining potatoes on top of tuna mixture to fill shells. Sprinkle with paprika. Place potatoes in oven until lightly browned. Serve with mushroom sauce. 4-6 servings.

MUSHROOM SAUCE

1 1-3 cups milk
3 tablespoons flour
1 teaspoon salt
⅛ teaspoon pepper
2 3-oz. cans sliced mushrooms, sauteed

Pour milk into top of double boiler. Sprinkle flour, salt and pepper over surface. Beat with rotary beater until blended. Cook over hot water, stirring constantly, until slightly thickened. Stir in mushrooms. Serve hot over tuna stuffed potatoes. Yield: 1½ cups sauce.

STUFFED BAKED POTATOES WITH CORN AND BACON

4 potatoes
¾ cup hot milk
1 tablespoon butter or margarine
1 teaspoon salt
⅛ teaspoon pepper
1¾ cups drained whole kernel corn
2 tablespoons minced onion
2 tablespoons minced green pepper
4 slices bacon

Bake potatoes in hot (400 degrees F) oven until done, about one hour. Cut in half lengthwise and remove pulp from skins. Put potato through ricer. Beat in milk, butter, salt and pepper until light and fluffy. Stir in corn, onion and green pepper. Spoon into baked potato shells. Cut bacon slices in half. Place one piece of bacon on top of each potato half. Arrange in baking dish and return to oven for about 15 minutes. If prepared ahead and refrigerated, reheat at 400 degrees for about 25 minutes. Makes 4 to 8 servings.

BOLOGNA MOUNTAINS

6 bologna slices, ¼-inch thick
2 tablespoons fat
2 cups leftover mashed potatoes
1 teaspoon minced onion
1 teaspoon chopped parsley
2 tablespoons chopped green peppers
1 tablespoon melted butter or margarine
½ teaspoon salt
Dash pepper
2-3 cup grated cheese

Leave casing on bologna slices. Heat fat in a skillet and add bologna slices. Heat until the slices form cups? Combine remaining ingredients except cheese and beat until fluffy. Spoon into bologna cups and sprinkle with cheese. Broil until cheese melts and potato is hot.

SCALLOPED SALMON AND POTATOES

½ 1-lb. can salmon
3 medium-sized potatoes, thinly sliced
½ teaspoon minced onion
4 tablespoons flour
Salt
Pepper
2 cups milk

Drain oil from salmon, reserving ¼ cup. Flake salmon. Arrange layer of potatoes in greased baking dish. Add half of the salmon, onion, flour and salmon oil; sprinkle with salt and pepper. Make another layer of potatoes; add remaining salmon, onion, flour and 1 tablespoon oil. Cover with remaining potatoes. Pour on milk, then pour remaining tablespoon of of oil over top. Bake in a moderate oven at 350 degrees F. for 1¼ hours. 4 servings.

Potatoes can be served as salads as well as a main dish.

HOT CHEESE POTATO SALAD

6 medium potatoes, boiled in skins
½ cup chopped celery
1-3 cup chopped celery
2 tablespoons finely chopped green pepper
1-3 cup vinegar
1½ teaspoons salt
¼ teaspoon pepper
1 teaspoon dry mustard
2 hard-cooked eggs
¼ cup hot bacon fat
2 cups grated American cheese

Peel potatoes and cube. Combine with chopped vegetables, vinegar, seasonings and eggs. Toss gently. Pour bacon fat over mixture. Spoon into greased baking dish. Sprinkle with cheese and broil until cheese melts. Serve at once.

MOLDED POTATO TOMATO SALAD

1 envelope unflavored gelatin
¼ cup cold water
1½ cup cold water
1½ cups hot chicken broth
¼ teaspoon ground black pepper
1 teaspoon salt
1 hard-cooked egg, sliced
4 slices fresh tomato
1 cup diced cooked potatoes
1 cup diced celery
1 teaspoon minced onion
1 cup cottage cheese
Radishes for garnish

Soften gelatin in cold water. Add to hot chicken broth along with black pepper and salt. Stir until dissolved. Pour a ⅛-inch layer in a 9x5x3-inch loaf pan. Chill until firm. Arrange slices of hard-cooked egg and tomatoes in any desired pattern over the chilled gelatin. In the meantime, chill the remaining gelatin mixture until slightly thickened. Fold in remaining ingredients. Pour over the egg and tomato slices. Chill until ready to serve. Just before serving, turn out onto a serving plate. Garnish with salad greens. Arrange mounds of cottage cheese and radishes around salad. Yield: 6 servings.

The versatile potato adapts to many seasonings beside the overworked parsley.

CHIVED POTATOES

Cook four or five small potatoes in boiling salted water until just tender. When the potatoes are almost done, melt cup of butter or margarine using gentle heat. Add two tablespoon minced chives. Drain the potatoes when done, and over them pour the chive-flavored butter or margarine. Toss the potatoes lightly in the margarine, so each becomes well-seasoned. Serve in a warm bowl.

POTATOES MARGARET

3 tablespoons fine bread crumbs
1 pint light sour cream
2 tablespoons flour
2 tablespoons finely minced chives or onions
6 medium - size cooked potatoes, sliced
3 hard-cooked eggs, sliced
¼ cup butter

Lightly sprinkle a buttered 12x7½x1-inch casserole with 1 tablespoon of the bread crumbs. Combine sour cream, flour and chives or onions. Place a layer of potatoes on bottom of casserole; cover with one-half of the egg slices. Dot with 1 tablespoons of the butter and one-third of the egg slices. Dot with 1 tableespoon of the butter and one-third of the sour cream mixture. Repeat, ending with a third layer of potatoes. Top with remaining sour cream mixture, sprinkle with bread crumbs; dot with remaining butter. Bake in a moderate oven 350 degrees F.) 20 to 25 minutes or until thoroughly heated.

POTATO SCALLOP

6 medium sized potatoes
2 tablespoons flour
1½ teaspoons salt
Pepper
2 tablespoons fat
2 cups hot milk

Peel and slice the potatoes. Put a layer of potatoes in a greased baking dish. Sprinkle with part of flour, salt and pepper. Dot with fat. Repeat until all the potatoes are used. Pour in the milk—use very fresh milk or it may curdle. Bake in a moderate oven (350 degrees F.) for 1 hour or until the potatoes are tender and browned on top. Add more milk if the potatoes get dry.

POTATO AND ONION KABOBS

6 uncooked potatoes
6 uncooked onions
Dash salt
Dash ground black pepper
4 teaspoons margarine or butter
Paprika for garnish

Heat oven to 450 degrees F. very hot). Wash, peel and cut potatoes in half, crosswise. Peel onions and cut in half, crosswise. Peel onions and cut in half, crosswise. String potatoes and onions, in kabob style, on skewers. Place on 6-inch piece of aluminum foil. Sprinkle with salt and black pepper and place 1 teaspoon margarine or butter on each. Wrap and place in a baking pan. Bake 30 to 40 minutes in a very hot oven (450 degrees F). Garnish with paprika. Yield: 4 servings.

POTATO FONDUE

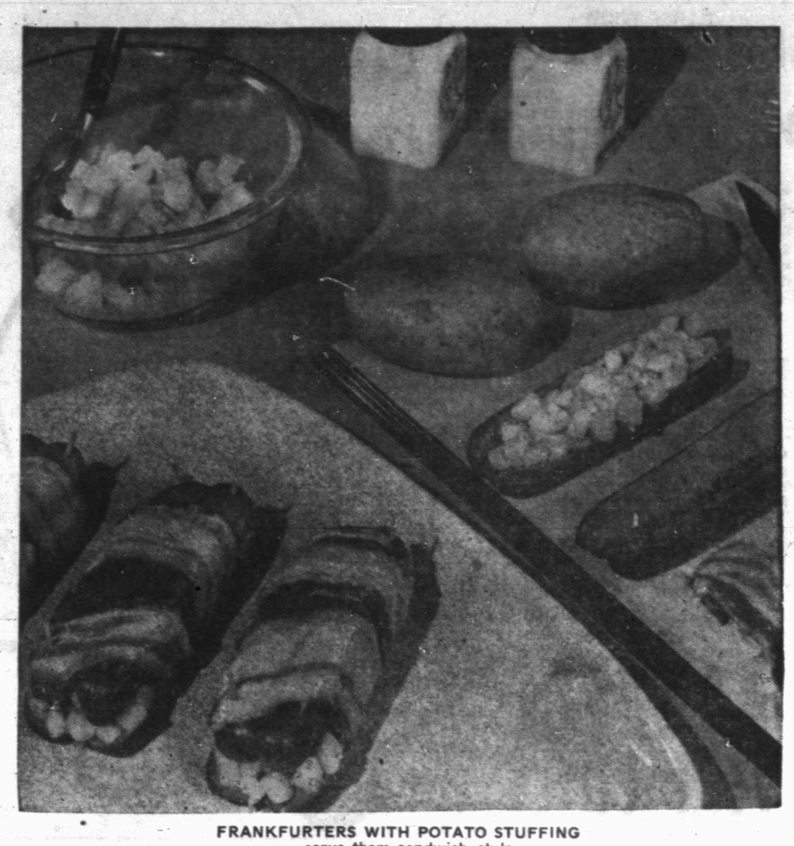

3 cups diced cooked potatoes
6 ounces grated cheese
3 tablespoons fat
4 tablespoons sifted flour
1 teaspoon salt
½ teaspoon dry mustard
2½ cups hot milk
3 well-beaten eggs
¼ cup fine dry bread crumbs coated with table fat

Mix potato and cheese. Place in baking pan. To make white sauce, melt fat. Sift together flour, salt, and mustard. Blend with fat and add to milk. Cook until thickened, stirring constantly. Cool. Add the eggs, pour sauce over potatoes and cheese. Spread evenly through mixture. Sprinkle crumbs. Bake in moderate oven (325 degrees F.) about 30 minutes.

POTATO PANCAKES

2 cups grated raw potatoes
¼ cup milk
1 egg, slightly beaten
2 tablespoons flour
1 teaspoon salt
1 tablespoon finely chopped onion, if desired

Drop from tablespoon onto greased griddle. Cook until well browned and crisp on both sides. Serve hot. Makes about eight, depending on the size.

Lt. Bumpas Tells Of Talk With Reds

By MURRAY FROMSON

TOKYO (AP)—Air Force Lt. Guy H. Bumpas today said he was forced into "friendly chats" with his Communist captors and finally signed a letter before leaving North Korea more than a week ago.

But he insisted the letter was not a "confession," nor did it contain any references to "fictitious American propaganda," as alleged by Communist propaganda broadcasts, he said.

"I gave them the type of answers I knew wouldn't do any harm—I tell you I gave them nothing that was going to hurt the United States," he said.

"I stuck to beating around the bush."

Bumpas, 23, of Jackson, Miss., and Army Capt. Charles W. Brown of West Louisville, Ky., were shot down over the demilitarized zone in Korea Aug. 17 in an unarmed American training plane. Brown was killed, but Bumpas said he did not know whether by gunfire or in the crash.

Bumpas insisted he was over friendly territory near the truce line when Communist antiaircraft batteries opened up on him. His plane then veered to the north and crashed in North Korea.

He denied all Communist statements attributed to him in an hour-long news conference at an Air Force hospital near Tachikawa Air Base, West of Tokyo.

He will undergo further surgery to help correct a severe skull fracture.

Pyongyang radio reported Bumpas said he had "been filled up until my ears ached about Communist atrocities by American propaganda."

Actually, he explained, the North Korean interpreter wanted him to write a letter of appreciation, which he did.

"He wanted me to thank him for the food and medical treatment I received, and wanted me to wish the lieutenant colonel in charge a successful future."

Bumpas said he signed the letter.

One newsman asked if Bumpas read the letter carefully before signing.

"Well, I wasn't exactly up to par," he said.

Asked if he was threatened with physical torture, Bumpas replied: "Negative."

He said sarcastically they only used the "friendly chats," the first of which lasted almost six hours after his capture.

Although ancient ice sheets did not reach as far south as Washington D. C., floods from melting of the ice did much to form the terrain around the city.

Suit Is Filed On Parenthood Of Youth, 17

LOS ANGELES (AP)—The grandmother of a 17-year-old boy, saying she wants to have his identity established, has filed a suit asking the court to declare that A&P grocery chain heir Huntington Hartford II, 44, is his father.

The suit, filed yesterday, says Hartford refused to acknowledge parenthood publicly. The mother of the boy, Edward Barton Colt, was Mary Phillips, a New York dancer who died in 1941, the action alleged.

The suit was brought by the boy's maternal grandmother Mrs. Florence Barton Brangenberg, Los Angeles, with whom young Colt has lived since he was 10 days old.

Colt seeks the establishment of parenthood so he may obtain a passport for foreign travel and may enter the armed forces under his rightful name, the suit said. It said Hartford established a $295,000 trust fund for the boy on April 3, 1939, with proceeds of the trust payable to the grandmother in the boy's behalf and amounting to $800 monthly. The suit said the sum is adequate "at this time."

The action identifies Hartford as a major stockholder in the grocery chain and says he has a yearly income of a million dollars.

In 1949 Hartford was married to Marjorie Steele. In 1939 he was divorced from the former Mary Lee Eppling, now Mrs. Douglas Fairbanks Jr.

Mrs. Brangenberg's attorney Bernard B. Cohen said New York newspaper clippings show that the boy's mother died of sleeping pills.

Neither Hartford nor his attorney could be reached for comment.

Six Japanese Missing

KOBE, Japan (AP)—Six Japanese are missing after a collision today between a British freighter and a Japanese boat about 27 miles of Kobe, the Maritime Safety Board reported. A spokesman said one crewman of the 200-ton Tohoku Maru was rescued by the 8,297-ton freighter Cape York.

Senator Visits Soviet Russia

MOSCOW (AP) — Sen. George W. Malone of Nevada, a leading member of the Republican party's right wing, swapped toasts to peaceful coexistence last night with several Soviet Union bigwigs.

At a Yugoslav Embassy reception, the senator proposed a toast to Minister of Power Stations Georgi Malenkov and First Deputy Prime Minister L. M. Kaganovich, saying: "You have your system. We have ours. Nobody should try to interfere with the other."

Malone said today he had a "very friendly visit" with the two Soviet officials.

"We had quite a conversation, half joking and half serious," he said.

Malone, an engineer, said he told Malenkov and Kaganovich about a booklet he had compiled on strategic metals in the Western Hemisphere. He said he described its wealth of statistics and told them it is better for everyone when more statistics are published.

He reported they agreed and Kaganovich remarked, "You can get information here too."

Malone said he has asked the Soviet travel agency Intourist to try to arrange trips for him to see Soviet mining, petroleum and manufacturing facilities.

He said he had "no comment" on Washington reports that he had visited Bulgaria against the advice of U. S. diplomats in Hungary. The United States does not recognize Bulgaria.

Experiments with deer show that even when plenty of food is available, they cut their consumption of food about half in winter and lose about 20 pounds in that season.

POLICE ATTEMPT TO GAS GUNMAN—Two policemen cover a third officer (dark uniform) who moves into position to fire a tear gas blast through the window of a home where a gunman identified as Charles Luther Rollins, 44, was holding 200 policemen at bay in Detroit, Mich. Rollins was shot and killed as he attempted to escape through a rear door.

Former Local Resident Dies

W. M. Scott, 76, a former resident of Snyder and father of J. D. Scott, 3600 Avenue U, died at 9:15 a. m. today in Methodist Memorial Hospital in Lubbock.

Mr. Scott, who had been living in San Angelo and Ruidoso, N. M., in recent years, had been hospitalized for the past 10 days.

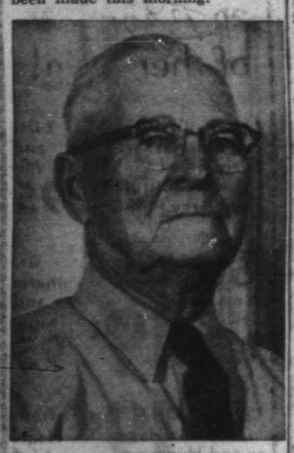

Earlier, while a resident of Snyder, he had been engaged in ranching on the Colorado City highway, operating what is now known as the Donaldson Ranch. After moving to San Angelo he operated the Scott-Ely Gin Co.

He had maintained his home in San Angelo, but recently had spent considerable time in Ruidoso. He was in Ruidoso when he became ill several days ago.

Mr. Scott was a member of the Methodist Church and was a Mason.

He is survived by his wife; one son, J. D. Scott of Snyder; a daughter, Mrs. O. D. McCoy of Lubbock; a brother, Leonard A. Scott of Dallas; two sisters, Mrs. Rosa Wynn of Lancaster and Mrs. Emma Gee of Dallas; three grandchildren, and four great-grandchildren.

Funeral arrangements had not been made this morning.

W. M. SCOTT

Eisenhower Portrait Will Be Given Guide

RANGELEY, Maine (AP)—Donald Cameron, 63, is scheduled to receive what he says will be his most prized possession—a portrait of himself in oil by President Eisenhower.

Cameron guided the President on the latter's recent Maine fishing trip.

The President took several snapshots of Cameron. Since then he painted Cameron's portrait.

Cameron will be given the portrait at a luncheon tomorrow.

Psychiatric Exam Sought For Killer

GALVESTON (AP)—A psychiatric examination is being sought for Ellis Euclid Lauhon Jr., confessed killer of three, attorney Jean Hosey announced yesterday.

Hosey, a state representative retained by the man's father, said he would arrange for the examination.

The 26-year-old Lauhon, of Altus, Ark., is an AWOL airman. He is accused of shooting to death three members of a Dickinson, Tex., family, June 22. Lauhon has been held in the county jail here since he was returned from Nogales, Mexico, where he was arrested July 2.

Dist. Atty. Marsene Johnson Jr. said he would seek the death penalty. Hosey said the defense will be based on a plea of insanity when the case comes to trial in November.

Lauhon, held on three charges of murder, is accused of killing Mrs. Ruby McPherson; her mother, Mrs. Zola Norman, and Mrs. McPherson's 12 - year - old son, George, as they slept at home.

Japan Food Combine Hands Out Apology

TOKYO (AP)—Morinaga Milk Co., affiliated with one of Japan's largest food combines, today offered its "humblest apologies" for the 50 deaths reported caused by arsenic in its dried milk product last week.

In a black-bordered, four-column advertisement carried in all Japanese and English-language papers, the company said:

"We are filled with a sense of black guilt, particularly on learning that the cause of the disaster was neglect on our part to subject the stabilizer (arsenic) used in the milk to careful chemical analysis. . . . All we can do is to take every possible action by way of indemnification and pray for the souls of the dead. . . ."

Government To Give Out 'Treaty Cloths'

SALAMANCA, N.Y. (AP) — The government will make its annual distribution of "treaty cloth" tomorrow and Saturday to Indians of the Seneca Nation.

Each inhabitant will receive two yards of unbleached sheeting.

These yearly payments are required by a 1794 treaty between the United States and the Seneca Nation. The Indians twice have rejected government offers to settle the account with a lump-sum payment.

Corpus Christi Bank Shortage Is Reported

CORPUS CHRISTI (AP)—Mrs. Dorothy Ellen Ray, 34, was charged yesterday with embezzling $5,197 from the Corpus Christi National Bank.

Mrs. Ray, released on $2,000 bond, was arrested by special agents of the FBI. The agents refused to discuss the case.

MISS LOUISIANA—Jan Johnson, 18-year-old Louisiana Tech Freshman, is in "high cotton" having been selected in Shreveport, La., to represent the state of Louisiana in the 1955 Miss America contest. She is a blonde, five feet, eight and a half inches in height and weighs 135 pounds. Her measurements are 35 bust, 24 waist and 35 hips.

Sheep 600; slaughter lambs and yearlings steady to weak; slaughter ewes steady; feeders scarce. Utility and slaughter spring lambs 17.00-18.00.

Formosans Celebrate Their Ghost Festival

TAIPEI, Formosa (AP)—Neither rain nor official reminders of austerity dampened a big binge by Formosans today on the occasion of the Ghost Festival.

The day was dedicated to the spirits of the dead, who were supposed to return to earth. Their living kinfolk prepared big feasts in honor of their visitors from the nether world—then, very practically, ate the food themselves.

Long strings of firecrackers were popped off and thousands of lanterns were lighted to guide the spirits.

Dog's Life Is Not So Bad For Mickey

SPRINGFIELD, Ill. (AP) — Jackie Sue Miles, 12, gave a birthday party for her 3-year-old Brittany spaniel Mickey yesterday.

Dog candy favors were distributed to the guests—14 neighborhood dogs accompanied by their young masters and mistresses.

Everything went smoothly enough until it became time to serve the birthday cake, made of dog food and topped with three candles.

Then Mickey, dropping the role of the perfect host, took a hostile stand in front of the cake to keep her guests away from it.

Jackie put a leash on Mickey and took her into the house. Then the guest dogs were served.

Power Of Industry Boards Is Limited

WASHINGTON (AP) — To forestall charges that big business "dominates" its peacetime atomic energy program, the Atomic Energy Commission last night acted to limit the authority of its industry advisory boards.

The AEC ruled that businessmen and other board members may only act as advisers and can't set policy. It also directed that the boards be representative of "large, medium and small" business. Wherever practical, full-time government employes will head the advisory groups.

Italian Singer Has Concert With Lions

FLORENCE, Italy (AP) — Gino Bechi, well-known Italian operatic baritone, gave a short but successful concert last night in a cage with five lions.

Observers said there was a slight tremolo in his voice at the start, but he settled down nicely as the program progressed. The lions appeared confused.

Bechi said the 12-minute performance won a bet providing dinner for 10 friends.

He declined encores.

Gulf State Buys Hotel In Beaumont

BEAUMONT (AP)—The 22-story Edson Hotel was purchased by the Gulf States Utilities Co. yesterday.

Roy S. Nelson, Gulf States president, said the building will be converted into a headquarters office for the firm. Nelson said the firm paid $750,000 for the building.

Trade Policy Is Changed

MANSFIELD, Ohio (AP)—Westinghouse Electric Corp. today disclosed it will discontinue immediately "fair trade" list prices on electric housewares and automatic bed coverings.

John J. Anderson, manager of portable appliances, said Westinghouse however will continue to have suggested retail prices and suggested dealer prices.

"It is our belief," said Anderson, "that the public will recognize the value of a quality product displayed attractively and priced fairly.

"Actually we believe in fair trade but under the present conditions it is not workable. As conditions change in the future our price policy may also change."

Electrical housewares in the announcement include: Roaster oven, fry pans, cook & fryers; mixers, toasters, coffee makers, grill and waffle irons, hot plate rotisserie, and heating pads. Also automatic bed coverings include three deluxe automatic blankets, three standard automatic blankets and an automatic sheet.

Under the Fair Trade Law if one dealer agrees to abide by it, then every other dealer is automatically bound not to sell the product for less than the fair trade price.

General Electric Co., the nation's largest electric manufacturer, said it would continue to fair trade its products.

William H. Sahloff, vice president and general manager of GE's small appliance division, said:

"We intend to continue our vigorous fair trade policy as far as is legally practicable in all states where the laws permit. This division has already invested a considerable amount of money in its fair trade program and has filed 1,274 legal actions against alleged violators of our fair trade prices."

Sahloff attributed a part of the substantial sales gain of his division this year to the "effectiveness" of its fair trade program.

Man And His Wife Killed By Gunfire

SAN ANTONIO (AP)—A violent burst of gunfire killed a man and wife and sent bullets whizzing by a police officer yesterday.

Dead were Mr. and Mrs. Fay Steen. Mrs. Steen, 49, was found mortally wounded in the dirt street in front of her home. Steen, 51, died at a hospital shortly afterward.

Patrolman Eddie Guerra arrived on the scene and found Mrs. Steen in the street. He was shot at twice from the house.

He was joined by Sgt. Manuel Martinez and Deputy Sheriff Tony Lobello. The officers rushed the house while Lobello fired into the frame dwelling.

The officers said they heard two shots inside the house and when they entered they found Steen, an unemployed railroad worker, shot in the jaw and chest. A rifle lay nearby.

Justice of the Peace Robert R. Murray, acting as coroner, returned a verdict of murder and suicide.

Effect Of Television Reported In Survey

WASHINGTON (AP) — Televising such things as national political conventions doesn't necessarily stimulate viewers to a more active part in political affairs, the American Sociological Society convention was told today.

On the contrary, reported Kurt Lang of the Canadian Broadcasting Corp. and Gladys Engel Lang of La Groupe de Recherche, a private survey group, TV viewers sometimes get a false impression they have been present at a televised event, and wind up with a feeling they have done all that is expected of them.

WITH THIS RING—Band leader Ray Anthony places a wedding ring on actress Mamie Van Doren's finger in a simple ceremony at one of Toledo, Ohio, downtown hotels. The matron of honor is Mrs. Edward Arenson. Officiating is Judge Frank W. Wiley.

Pickets Posted At Radio Plants

BALTIMORE (AP)—A strike early today halted production at six Bendix radio plants here where work is mostly classified electronics equipment for the armed forces.

Picketing began at midnight, when the company's one-year contract with the AFL International Assn. of Machinists expired.

The union represents about 3,000 employes, but the company said about 3,000 others not on hourly wage scale also were affected.

E. K. Foster, vice president and general manager of the firm, said Bendix had offered a three-year contract including 6-cent increases at the start of each year, a seventh paid holiday and improved vacation plan for employes of 10 to 15 years service and other benefits.

John Mays, president of IAM Local 156, refused to say what the union's wage demands were but said "seniority and better all-around working conditions" were the major blocks to agreement.

The company said the average hourly rate was $1.80.

Mays said last night negotiators, who had last met Tuesday, were scheduled to make another try at 1 p.m. today, but a company spokesman said he knew nothing about further negotiations.

The spokesman said about 77 per cent of Bendix production involves radar units for the armed forces. It also turns out automobile radios and airplane parts.

Sultan Creates New Problems

RABAT, French Morocco (AP) — Sultan Mohammed Ben Moulay Arafa's continued insistence he will retain his throne posed another problem today for France in its effort to set up a new government in Morocco.

The ouster of Moulay Arafa has been a basic demand of Moroccan nationalists for participation in a new government in the protectorate. The French reportedly have agreed that he will be replaced by a three-man regency.

Last night, however, the Sultan's vizier of protocol, Abder Rahman el Hajoui, said in an interview: "His Majesty considers that he has a divine mission to perform and he intends to perform it to the very end."

The Sultan made a similar declaration last week while French leaders were conferring with nationalist representatives at Aix les Baines. His stand apparently was not regarded then as a serious threat by the French.

However, an absolute balk by Moulay Arafa would be highly embarrassing to the French, who installed him two years ago. Some observers believed Moulay Arafa's stand represented an attempt to gain a better bargain for his supporters in the Moroccan political field.

Officer Turns Down Detective Promotion

NEW YORK (AP)—Early this week Patrolman Julius A. Horai, 52, turned down a promotion to detective. He said it wasn't worth the extra $215 a year, considering he would have less time to spend with his family.

A detective is on call around the clock, while a patrolman works specified hours.

The word got around in Wall Street, which has been Horai's beat for most of his 23 years on the force. Folks in the area, remembering the policeman's past kindness and consideration, passed the hat.

Result: contributions totaled $1,200—equal to six years of the pay boost Horai turned down.

Man From Houston Has Double Trouble

HOUSTON (AP)—Ned P. Oliver got two tickets from the cops.

He got his first ticket when a radar unit showed him to be exceeding the speed limit.

The second came after he drove back up the street, stopped his car and started waving down oncoming automobiles, warning them of the pitfall ahead.

Officer Doug Wilson took Oliver off to jail where he was released on $25 bond after being charged with interfering with a peace officer.

Red Flier To Become United States Citizen

ALEXANDRIA, Va. (AP) — Peter Pirogov, a Russian flier who risked his life to hop the Iron Curtain in 1948, will become an American citizen.

The last major barrier was cleared yesterday with the announcement that the Immigration and Naturalization Service has approved Pirogov's application for citizenship.

Pirogov, a navigator, and pilot Anatole Barsoff landed in a Russian bomber at an airport in the American zone of Austria, seven years ago with a scant two minutes of fuel left.

Barsoff became homesick and returned to Russia, but Priogov, now 35, settled in Fairfax County, Va. He is now a consultant to the Air Force.

Charges Against Man Dropped, He's Dead

HOUSTON (AP)—The state dismissed arson charges yesterday against a man who died before he could be brought to trial.

The dismissal form, signed by asst. Dist. Atty. Joe Jamail, contained this explanation:

"This defendant has been tried in a perfect court in the land above the sun, where the weak are strong and the poor are rich, where the oppressor's rod is broken and all earthly distinctions fade away."

Auto Collision Aids Merchant

RIVERHEAD, N. Y. (AP)—A 61-year-old cigar stand operator, blind for 10 years, says his sight is returning, thanks to an auto collision last Saturday.

William Francis, whose cigar stand is in the Suffolk County Courthouse, was riding with the courthouse superintendent when a car behind rammed into them at a stop light. Francis cracked his head against the windshield.

"I felt as if something went into my left eye," he said yesterday. "I began to see out of it Saturday night in Mather Hospital.

"I went home Sunday and all Sunday night I kept turning on lights. I could see them."

Francis, who began to lose his sight when a shell burst near him in Belgium during World War I, was overjoyed.

"I'm so happy I'm almost crazy," he said. "I can see the customers light matches. I can see the white shirts. Faces look like blobs, but I can see. I can see."

A Riverhead eye specialist who examined Francis said it is possible that the blow on his head helped sight, but "only time will tell if his sight is fully restored."

GIs In Korea Cited

WASHINGTON (AP) — GIs who checked South Korean demonstrations against Communist truce inspectors have been commended by Secretary of State Dulles for "firmness and strength under very trying conditions." A letter from Dulles was relayed yesterday by Secretary of the Army Wilber M. Brucker, who added his own commendation.
