VINCENT COX

Vincent Cox received the University of New Mexico medal showing that he is the most valuable student of the senior class of the Portales high school.
He was selected by the faculty of the high school.
Vincent has also been chosen as one of the New Mexico representatives to the Annapolis Naval Academy, and has taken the required examinations, given by the N. M. M. Institute at Roswell.
Vincent is the son of Mr. and Mrs. J. G. Cox, and has many friends among the student body and the citizens at large, who are pleased with his record and appointment.

R. H. Grissom Reports Real Estate Changes

R. H. Grissom reports the following changes in real estate in the past week.
The brick building on State st. now occupied by the Portales Chamber of Commerce, was purchased by Spear Brothers.
B. F. Thompson, of Sayre, Oklahoma, purchased 490 acres of unimproved land near Floyd from Spear Brothers, consideration \$15 per acre.
Homer Barnett has purchased a lot on Montana street and has let the contract for the erection of a new home.
B. F. Prater has purchased two lots on Montana and has contracted for the erection of a new home.

Portales Witnessed Fox Chase Sat.

Few people in Portales have enjoyed the royal sport of a fox chase, but on last Saturday, this sport held the spot light for about thirty minutes.
Ooe Howard was in his office Sunday morning when he saw a grey fox looking into his back window.
A crowd of boys soon gathered and the fox was chased into the ware house of Ed. J. Neer, and an effort was made to pen it up, but it escaped through a hole in the rear.
Then the merry chase began and boys and fox played hide and seek through the alleys of the business section until the fox ran into the lumber sheds of the Kemp Lumber Company and made its escape.

Priddys to Leave For Vacation

Mr. and Mrs. J. B. Priddy will leave about the first for a vacation to Oregon.
While there Mr. Priddy plans making a trip into Canada and up to Alaska.

FOOT SPECIALIST

On Tuesday of next week a highly trained foot expert of the personal staff of Dr. Wm. M. Scholl will be at the Joyce Fruit Company store in Portales and will be prepared to make a scientific analysis of feet.
This service will be free and any person suffering with foot trouble of any nature is invited to call at the store on next Tuesday and learn the remedy for these foot ailments.

Mr. and Mrs. G. A. Lee from Paducah, Texas, spent from Thursday until Saturday in the D. A. Lee home. They said that things looked better here than anywhere they had been.

Contract Let for Completion of Junior High

On last Friday the Portales Board of Education let the contract for the completion of the Junior High School Building to G. H. Forbes, of Portales.
This building was used during the last term of school, but a portion of it remained unfinished.
The growth of the Portales schools have made it necessary to complete this building before the fall term of school opens.

Portales Valley Land Becoming Popular Buys

That the eyes of the world are on the Portales Valley is demonstrated by the changing of hands of Portales Valley real estate.
The Western Land Company report the following real estate deals in the past few days.
Luther C. Morgan has sold 80 acres of improved irrigated land to A. C. Woodward of Clovis, at a consideration of \$12,000.00.
J. G. Smith, sells 10 acres of highly improved irrigated land to J. R. Patton of Clovis, at a consideration of \$6,000.00.
W. F. Miller trades a rooming house at Panhandle, Texas, to W. O. Summers for 160 acres of shallow water land.

Anti-Chicken Thief Ass'n. to Organize

A meeting is called for Saturday afternoon at 2:30 o'clock for the purpose of organizing an anti-chicken thief association.
All poultrymen who are interested are urged to be present at this meeting.
Steps will be taken to offer a stiff reward for the conviction of chicken thieves.
In past years the chicken thieves have taken a heavy toll from the poultrymen of the county, and it is thought that an association of this sort will do much to put a stop to these depredations.

ELZORA VOLGAMORE
Miss Elzora Volgamore was the Salutatorian of the Senior class of the Portales high school, making an average of 90 plus for the past two years.

Farmers Report Live Stock Damaged by Snake Bites

Tuesday E. E. Nelson of Redlake reported that C. C. Price had two horses bitten by rattlesnakes in the past week.
The horses were saved, but a calf belonging to Mr. Nelson was bitten and died.
Snakes are reported as numerous at this time and it is wise to have an emergency remedy handy.
One remedy found in every home is table soda, salt and coal oil, which the editor has found very good for emergency treatment.
Another remedy which is more effective is blue vitrol. Cut between the wound and apply a lump of this vitrol, and chances are good to save the life of the animal bitten.

SEVENTH ANNUAL STATE WIDE B. Y. F. U. CONVENTION CLAYTON, N. M. JUNE 3, 4, 5, 1933

Open Session 1:00 p. m. June 3
Every one is requested to register upon arrival at the Baptist church. All adults-seniors are required to pay \$1.00, intermediates 75c, and juniors 50c and all under nine years of age free.
Entertainment will be in the hands of the Clayton B. Y. F. U. and every messenger and visitor will be furnished a free bed. You furnish your own meals but they will be very reasonable.
We are to have our annual B. Y. F. U. banquet and have a real banquet hall with 400 plates. This is the biggest event ever had in New Mexico.
All who can go from Portales see Bro. Ball or Mr. Starkey as soon as possible.
Mrs. C. R. Findley from Elida was shopping in Portales, Thursday.

PROCLAMATION

Whereas May 30th, is a National Holiday designated as Memorial Day at which time it is our custom to stop our business pursuits and decorate the graves of our dead heroes and of our own loved ones,
NOW THEREFORE, I, J. N. McCall, Mayor of the City of Portales, New Mexico, hereby proclaim Friday, May 30th, 1933 a holiday within our city and ask that all business houses close their doors between the hours of 2:30 and 5 o'clock p. m. on the above mentioned date.
Witness my hand this 27th day of May, 1933.
J. N. McCALL, Mayor.

Lawrence Nickles Kicked by Horse

On Tuesday afternoon while doctoring a sick horse on the farm of Jim Bateman, Lawrence Nickles was kicked by the horse cutting through the upper lip and loosening several teeth.

Portales Loses Basketball Game To Ralls, Texas

Friday night the high school basketball team of Ralls, Texas, played the local Rams a very close game, the final score being 23-25.
The visiting team was returning from a trip to Santa Fe, and asked for a game with the locals when they passed through Portales. The Portales team was complete with the exception of Lloyd "Red" Vaughn.
The game was a very close one, Portales being in the lead up to the third quarter when Ralls rallied and made their score three points ahead of the Rams. At several moments Portales brought their score within one point of the visiting team only to have them "get hot" again and make another basket. Interest ran high through the last few minutes of the game as the score hung in the balance and when the final gun was fired the score was: Ralls 25, Portales 22.

BRESHEARS COMPLETES WORK FOR MBA DEGREE

Raymond W. Breshears, graduate student, has recently completed his requirements for his M. B. A. degree to be awarded this spring. It was announced yesterday, by Dean David E. Paville, of the school of business administration.
"An Accounting System and a Financial Plan for Campus Living Organizations" was the title of Breshears' thesis. He will receive the only master's degree to be given out by the business school this year. He received his bachelor's degree in 1928 from the University of Oregon.—Oregon Daily Emerald.
Raymond is the son of Mr. and Mrs. J. H. Breshears of Portales and is alumnus of the Portales high school. His achievements are greeted with pleasure by his many friends of the county and with supreme satisfaction by his parents.

MAKES IMPROVEMENT AT JUDEVINE CREAMERY

W. K. Judevine is having some improvements made at his creamery in Portales.
A double entrance door is being made in the alley side of the building and this will furnish additional space for the reception of cream on Saturdays when business is the heaviest.
The handling of a great number of cans through the front door was a great inconvenience to the rapid transaction of business when speed was most necessary.

FORD SALESMAN

Lacy Armstrong has accepted a position with the Universal Motor company and took up his new duties Monday morning of this week.
Mr. Armstrong was with the Ford people several years ago when Allen Brown was manager of the Universal Motor company but when Mr. Brown organized the Brown Motor company, which later grew into the Portales Motor company, Mr. Armstrong went with him into the new company and became a salesman of Chevrolet cars. He remained with this company until the first of May when he resigned and has now returned to his favorite line of selling Ford cars.

Eggs ————— .13

Mr. and Mrs. Grover Whitmire and Miss Vada Anderson of Tatum came to Portales Saturday afternoon and remained until Sunday afternoon with Mrs. Whitmire's mother, Mrs. Nora Johnson.

M. E. Stout Again Arrested on Charge Of Selling Whiskey

On last Sunday morning R. L. Neal, special prohibition agent, and Sheriff Jernigan, and one of his deputies arrested M. E. Stout and R. F. Coffey, filling Federal complaints against them on four counts:
One for selling whiskey,
One for possession of whiskey for sale,
One for committing a nuisance
One for conspiring to violate the prohibition act of the United States.

On going to the bottling works on the Lovington highway Saturday night, R. L. Neal and one of his deputies bought three pints of whiskey, Sunday morning they went back and bought another pint, after which Sheriff Jernigan and deputies searched the place and found seven half gallons of whiskey in fruit jars in a secret place in the barn, resulting in the arrest of Stout and Coffey.
Defendants were arraigned before Justice Kerr, who was acting for and in the absence of the U. S. Commissioner, where they plead not guilty, and their bonds were set at \$2,000.00 each. Failing to make bond they were still held in the county jail on Monday morning.

On Tuesday Stout made bond in the sum of \$2,000.00 and was released from jail.

Quarantine Violator Lands in Jail

On last Thursday night the sheriff's force caught a Mr. Schriber, who had violated the health rules by jumping quarantine.
He was caught at Clovis, and when hailed before Justice Kerr, was given a fine of \$10.00 and 15 days in the county jail.
But that was not all, on entering the jail he was given a creosote bath and his clothing thoroughly fumigated.
Officers have been having considerable trouble with parties placed in quarantine for the past few weeks, and announce that all violators will be given stiff penalties.

Chamber Commerce Assist Commish in Broadening Right Of Way

Tuesday it was brought to the attention of the Portales Chamber of Commerce the necessity of broadening the right of way on 366 between Portales and the Curry county line.
The state is now ready to take up the proposition of repairing this highway, but will not touch it until this right of way is secured.
Commissioner Little stated that arrangements had been made with H. A. Hunter to secure the land necessary for this movement, and that lands that could not be secured otherwise would be condemned.

POPPY SALE

The sale of Poppies sponsored by the American Legion and the Ladies Auxiliary, in Portales last Saturday was the most successful sale financially, those two organizations have ever enjoyed in Portales.
The proceeds total an amount of a few cents more than \$87.
Of this sum 10 per cent is sent to the state headquarters and 10 per cent to the National treasurer and the remaining 80 per cent is retained in Portales to be used for disabled ex-service men or their families. There is no other purpose for which this money can be donated, thus insuring aid for the Legion families when distress comes upon them.

The poppies are made by the disabled soldiers in the Veterans' hospitals of the Nation, and on a stated day throughout the nation, these little red flowers are sold for any sum which the purchaser feels prompted to give. No price is set upon them by the seller.
In New Mexico where disabled soldiers come, hoping to regain their health, but often find themselves too ill to provide for their families the American Legion has many calls for help and it is always with a heart of gratitude that they can go to their treasurer and give this much desired aid.
The Legion and Ladies Auxiliary are most grateful to the people of Roosevelt county for their very liberal purchases last Saturday, thus increasing the local funds about \$70.

DR. OWEN TO PREACH

Dr. R. L. Owen, pastor of the Presbyterian church in Big Springs, Texas, and chairman of the fellowship building fund will be in Portales Monday and will hold services Monday evening in the I. O. O. F. hall at eight o'clock.
Dr. Owen is an interesting speaker and will have an interesting message for his hearers.
Everyone is cordially invited to this service.

Otha Blanton and Frank Warrick of Hobbs were week end visitors in Portales.

Chamber Commerce Take Band to Abilene

Wednesday morning the Portales high school band left for Abilene, Texas, to contest in the West Texas Chamber of Commerce Meet.
Thirty five members of the band left in a chartered Safeway Motor Bus, the balance travelling by private autos.

On Tuesday the band marched into the Chamber of Commerce rooms to the tune of "Hot Time in the Old Town" and were presented with a handsome silk banner, donated by some of the Portales business men and made by Portales ladies.

This banner is a handsome affair and is being used in the parades at Abilene.
The Chamber of Commerce sponsored the trip to Abilene, financing the same, which is a real treat for the band.

The Portales band is one of the leading bands in the state and by another year, will rank as the leading band.
Many Portales people accompanied the band to Abilene as follows: Mrs. McCarty, Miss Naomi McCarty, Miss Mabel Morrison, Miss Norene Yoachim and Mrs. Wright Coe Howard, J. H. Bond, Mrs. W. H. McDonald, Mr. and Mrs. E. N. Smith, Mrs. Pat White, Mr. and Mrs. A. F. Jones, Geo. Chumbley, Ray Bonner, W. F. Shaw and Mrs. J. L. May.

The band in a body consisting of 50 members and band master Pough, 35 of the band boys riding in the big Safeway bus, eight private cars carrying the balance of the band boys and other visitors.

Dairy Association Contracts Cream

The Roosevelt County Dairymen's Association have contracted their entire output of cream to the Mid-West Dairies for the coming year, and same will be manufactured into butter right here in Portales.
The cream of the association has been going to northern points since the organization over two years ago. It represents a good part of the cream produced in Roosevelt county.

JIMMIE YOUNG SMITH

The boy making the highest average grade of the boys in the senior class of the Portales high school for the past two years.
MELVIN SCHUMPERT IN HOME TOWN CONTEST
Melvin Schumpert has been selected by the Portales Chamber of Commerce to represent Portales in the Home Town contest which will be held at Abilene in connection with the West Texas Chamber of Commerce convention.
This contest consists of orations given by representatives from each town in which the merits and the attractions of the home town are given.
A very liberal cash prize is given to the city, whose representative wins the decision of the Judges.
Melvin has had public speaking in high school and has a very pleasing delivery, therefore he fine points about his home town of Portales, even though he should fall to win the prize.

ACCEPTS POSITION WITH PORTALES MOTOR

Clyde Florence has accepted a position with the Portales Motor Company as salesman of Chevrolet cars and moved with his family to Portales on Tuesday of this week.
For the past two years Clyde has been salesman with the Chevrolet company in Sudan, Texas, but as Portales is his old home, he accepted the position made vacant by the resignation of Lacy Armstrong at the Portales Motor company and will again be a resident of this city.
Mr. and Mrs. Florence are having difficulty in finding an unfurnished house for rent and are with Mrs. Sam Florence until they are able to find a residence.

Mrs. Roy Baker of Amarillo is visiting her parents, Mr. and Mrs. Harrigan at Floyd.

Messrs. Henry and Clarence Barrett are building a new cottage on Montana street just east of the Livingston home.

Roosevelt County Dairy & Livestock Show Set for September 18, 19, and 20

MISS MILDRED DISNEY

Miss Mildred Disney was the valedictorian of the senior class of the Portales high school for 1930. Miss Disney made an average grade of 91 plus for the two years past.

Organizes Bootleggers S. S. Class

H. C. McCowan, of Elida, was a visitor to the News office one day last week and stated that the week before he organized a bootleggers Sunday school class for Elida, which had the endorsement of the majority of the bootleggers.
Sunday came. McCowan rented a hall for the class. He was on time to officiate as teacher.
He waited and waited, but nary a bootlegger showed up.
Another good move gone blooey.

Eldridge Mears Second Lieut.

Eldridge Mears graduated from the New Mexico Military Institute in Roswell on Tuesday of this week and with other honors received was advanced to the rank of Second Lieutenant.

The commencement exercises were held on Tuesday morning and diplomas were presented to 75 college men and about eighty who were finishing the high school department of the institute.
In addition to the other honors conferred upon young Mears, he was awarded a Certificate of Excellence for his outstanding grades in trigonometry.

The New Mexico Institute is the second ranking Military school in the nation, being surpassed only by the Culver (Ind.) Military Institute, and this year there were more than six hundred boys enrolled. More applied for admission to the school but the barracks accommodations made the acceptance of more students impossible.

Judge and Mrs. Mears and their sister, Miss Kate McManaway were in Roswell attending the activities in connection with the closing of the college year. Many of these events were the social functions of the year in that city.

On Saturday night a pageant was given in front of the Cahoon Armory. The steps leading to the building being used as a stage. The lighting effects used in this were gorgeous and the program was a most colorful and spectacular affair. This was followed by a prettily arranged tea in the natatorium, which for the evening was converted into an inviting hall.
Sunday morning Dr. Crile, chaplain of the Institute, delivered the baccalaureate sermon, taking for his subject "Faith". The years of affiliation Dr. Crile has had with the school and his present poor health made the morning service very impressive and touched the hearts of the older members of the audience with a sadness.
Monday morning was given over to inspection; the afternoon to the polo game, in which the Institute men were the victors, and Monday night the Military Ball which was the crowning feature of the day.

Prior to the ball, Colonel and Mrs. D. C. Pearson entertained at dinner in compliment to Governor and Mrs. R. C. Dillon. Judge and Mrs. Mears were invited guests at this function.
Tuesday morning at ten the commencement exercises were held in the chapel of the Institute and by afternoon the boys had been given their discharge orders and were leaving for their respective homes.

Eldridge returned to Portales with his parents Tuesday evening and will spend the summer at home. The winning of these Military honors is evidence of his splendid scholarship during his college work at the Institute.

Mrs. C. L. Carter returned Sunday night from a weeks visit with her son Powhatan Carter and wife in Roswell.

Miss Grace Smith and H. W. Worrell and Miss Thelma spent Sunday in Mulshoe visiting with friends.

On last Saturday afternoon about 40 farmers and a number of business men met at the court house to discuss the holding of the dairy and livestock show for Roosevelt county this fall.

It was decided to hold the show on the 18th, 19th and 20th of September, and not to make it a dairy show alone but a general livestock show.

The following officers were elected:
Ralph R. Will, president.
Tom Haslip, vice-president.
R. A. Young, secretary.
Arthur P. Jones, treasurer.
Jim Hatch, superintendent.
Chairmen of the various committees were elected as follows:
Don C. Foster, finance committee.
W. E. Reynolds, premium committee.
A. D. Ribble, advertising committee.
Coe Howard, entertainment committee.

J. H. Bond, parade committee.
Jim Hatch tendered the facilities of the Young and Hatch feed yards for the show, and stated that they would be in much better shape this year than they were last year.

The association also went on record as opposed to a CARNIVAL IN CONNECTION WITH THE SHOW, AND INSTRUCTED THE concession committee to issue concessions for rides and refreshment booths only.

The show last September was one of the most successful ever held in this section of the state, and by beginning early it is expected to have a greater exhibit this year.

The show will contain exhibits of dairy cattle, hogs, sheep, goats, and beef cattle, and will be advertised to such an extent that it will attract exhibitors from all over the county, and some from outside counties.

Portales will begin at once to push the show, and give every aid to the farmers at the head of the movement.

City Attorney and Marshall Caught By Traffic Law

One day last week, Marshall Bond found a car parked in front of the post office straddling the parking line. He placed a ticket on the car, and later it developed that it was the car of the City Attorney.

The same night Justice Kerr found the Marshall's car parked in violation of the ordinance and tagged it.

Dr. C. Q. Smith Conducting Revival At Methodist Church

Dr. C. Q. Smith arrived from Ft. Worth, Texas, Wednesday and is assisting Rev. Sowell in the Revival at the Methodist church.
Revival services began Sunday morning and the auditorium was filled at both Sunday services.
Rev. Sowell preached Sunday and at each service until the arrival of Rev. Smith.

Services are now being held each night at 8:00 o'clock and on Sundays at 11:00 a. m., and 8:00 p. m.
Rev. Sowell states that he wants 400 at Sunday school Sunday morning, and requests that all come and bring their children, and promises a good time to all.
For the convenience of the mothers a nursery has been provided, and the babies will be in competent hands while they enjoy the services.

Dr. Smith is a very forceful speaker and will have something for the interest of everyone.

Mr. and Mrs. Floyd Pendergraft of Amarillo came Saturday to visit his parents. Both mother and son celebrated their birthdays together.

HABITUAL CRIMINAL LAW

New Mexico has such a "habitual criminal" law, and it has teeth in it. Here is the clause, if it is upheld by higher courts, that bootleggers and other regular offenders may well fear:

"Any person who, after having been convicted within this state, of a felony, or, WHO SHALL HAVE BEEN CONVICTED UNDER THE LAWS OF ANY OTHER STATE, GOVERNMENT, OR COUNTRY, of a crime which, if committed within this state, would be a felony, commits any felony, within this state, shall be punished upon conviction . . . etc."

That "any other state, government, or country" part is due to make it hard on persons leaving fingerprint records on the "guest register" of other state penitentiaries.

The above quotation is from the laws of the State of New Mexico, specifically from section 1, Senate Bill No. 76, approved March 11, 1929. The third section of the same bill reads in part:

"A person who, after having been three times convicted within this state of felonies, or under the law of any other state, government, or country, of crimes which if committed within this state would be felonious, commits a felony within this state, shall be sentenced upon conviction of such fourth, or subsequent offense TO IMPRISONMENT IN THE STATE PENITENTIARY FOR THE TERM OF HIS NATURAL LIFE."

—Clovis Evening Journal.

BETTER DAIRY HERDS

Visitors to Roosevelt county are impressed with the high quality of the dairy herds of the county. These herds have been improved from year to year, until today they rank favorably with any section in the Union.

But there is still room for improvement. There are many herds in the county which should go to the slaughter, and be replaced with producers.

The dairy industry is one of the most important to the farmers of Roosevelt county, and better herds mean better cream checks each week.

Think it over.

PORTALES VALLEY CROP PROSPECTS BRIGHT

Prospects are good for the crops of the Portales Valley. With the unlimited water supply available to the farmer with his own pumping plant, there is no reason why his crops should suffer for moisture.

There are a number of farmers in the Valley who make money each year. These farmers are alive to the necessity of proper cultivation and irrigation. Water used at the wrong time or in insufficient quantity will curtail the production of the crop, and result in a real loss to the farmers when harvest time comes.

LAW ENFORCEMENT

Law enforcement rests largely with the courts. When a criminal is brought before the courts and given a light fine or jail sentence, he is encouraged to continue his depredations against society.

A severe penalty will do much to put the fear of the law into the hearts of the violators, and will tend to increase the respect for the law. Especially in the liquor violations, where the man is caught with a still and say 8 barrels of mash. This cooked off will bring the distiller around \$450.00. A fine of two hundred dollars or a jail sentence of thirty days will mean little in the life of this man, but if the extreme penalty was applied, he would receive a life term for the third offense, which would do much to bring about real enforcement.

You might say that this was too hard on the criminal. But stop to think. Ninety per cent of the crimes committed are indirectly traced to the use of intoxicants. In enforcing the prohibition laws, much of the present crime wave would be obliterated, and society would soon have a healthy respect for the law.

"CONSISTENCY, THOU ART A JEWEL"

We have a Federal Farm Board charged by congress to discover the cause or causes of the illness of Agriculture and to apply a remedy. We have a Department of Agriculture of many Bureaus and Extension workers in every state in the Union. We have Experiment Stations and costly laboratories and are spending hundreds of millions of dollars annually in an effort to develop a permanent and prosperous agriculture the dairy farmers and to improve their market and methods of marketing and county agents and dairy specialists, tax paid employees of the Government, are encouraging dairying as a means of balancing the farm program. "As agriculture goes in this country, so goes business," is generally conceded to be a terse statement of fact. But, in governmental matters, the right hand knows not what the left hand is doing.

In the late year book issued by the Department of Agriculture, we find the following statistics:

	Pounds
Production of oleomargarine, 1924	215,403,000
Consumption per capita	1.87
Production of oleomargarine, 1928	333,122,000
Consumption per capita	2.74
Cottonseed oil used in manufacture of margarine, 1927	36,450,000
Cottonseed oil used in manufacture of margarine, 1928	28,173,000
Cocount oil used in manufacture of margarine, 1917	61,773,000
Cocount oil used in manufacture of margarine, 1928	171,412,000

These figures show a decrease in the use of cottonseed oil, a domestic product, and nearly 300 per cent increase in the use of cocount oil in the manufacture of oleomargarine. This cocount oil is produced by foreigners who have obtained cheap concessions in the Philippine Islands, and who send their product to the United States free of duty.

We find in a recent Congressional Record, a statement from Congressman Blaine, of Wisconsin, a few more interesting facts on how the Federal Government offers help to farmers with one hand and takes away from him with the other.

For the fiscal year ending June 30, 1929, the Federal hospitals consumed:

502,407 pounds of butter substitutes.
91,356 pounds of butter.
The Federal penitentiaries consumed:
196,627 pounds of butter substitutes.
20,199 pounds of butter.

The managers of the State Veterans' hospitals are to be congratulated on serving butter to their soldier guests, they having consumed 979,918 pounds of butter as against 187,073 pounds of substitutes, the substitutes being used altogether in cooking.

In this report of Congressman Blaine, we find that St. Elizabeth hospital for the insane, near Washington, served no butter to its patients; that in the eleven hospitals or homes for disabled volunteer soldiers only 91,356 pounds of butter was served as against 502,407 pounds of substitutes. The Veterans' bureau hospitals, the Marine hospitals, and the United States Army hospitals are all serving butter.

Butter substitutes are not without merit. Many of them are uniform in quality, and are a tasty food. From a food value standpoint, however, none of them equals butter. But that is not the point. If this Government is anxious to serve American farmers, why not patronize them instead of increasing the consumption of vegetable oils imported free of duty?—Farm and Ranch.

Cattle Growers To Meet at Lordsburg

The first quarterly executive board meeting of the New Mexico Cattle Growers Association will be held in Lordsburg, June 14, 1930. This is the first executive board meeting that has been held at Lordsburg since 1920.

Two of the committees appointed at the convention of the association in March, viz., the committee to investigate the advisability of forming a cooperative marketing association in New Mexico in order to take advantage of the Federal Farm Board program, and the committee to investigate conditions at El Paso where complaints have been made that beef and hides are being trucked across the state line from New Mexico, without inspection, will give reports and further action will be decided upon.

Report will be made of the Freight Rate Hearing in El Paso, relative to increase in freight rates on hides, skins and pelts from El Paso and intermediate points in New Mexico to eastern markets.

National Forest and Public land committees of the Association will give reports as to the progress made by them.

The Predatory Animal and Rodent committee will have important problems to be discussed and decision will be made as to steps to be taken by the Association. Many other problems will be discussed which are of interest not only to the Association members in that locality but to all livestock men. All are invited to attend the meeting and take part in the discussions.

Persons Who Sell Barrels, Bottles and Corks be Prosecuted

WASHINGTON, May 5.—Persons who sell barrels, bottles, corks and labels are subject to prosecution under the prohibition law, the supreme court held today, when the articles are offered in such a way as purposely to attract purchasers who intend to manufacture intoxicating liquor illegally.

Sustaining the lower courts, the highest tribunal held that the government was justified in seizing 57 truck loads of bottles and other equipment belonging to the Fetler Bottle Company at Pittsburgh.

The Danovitz, surviving partner of the firm, had protested that the government was following a policy under which it could raid all places selling bottles, corks and other containers.

The government contended that the prohibition against manufacture was broad enough to include every step taken in preparing the bootleg liquor, including bottling.

Another Important Case
WASHINGTON, May 5.—Whether the sellers of illegal liquor may be prosecuted under both the prohibition and internal revenue acts is to be determined by the supreme court. An appeal involving that question was granted today.

THE LOCAL NEWSPAPER

The greatest vital force for the prosperity of a community is its local newspaper. A progressive newspaper awakens a sleeping town and arouses it into becoming an active city. It will implant civic pride where civic indifference grew. It will treat with kindly tolerance a community's few inherent weaknesses, and advertise to the world its many virtues. It will guard the honor of its city, and defend any attack that may encroach upon its domain. The government, church, schools, industries, social and business activities are all embraced in receiving the benefits of its fostering support.

Yet revenues may lag, depressions may come, ingratitude or non-responsiveness of those he so valiantly serves seem apparent. And what does the editor do about it? "Why bring that up? He's a newspaper man!"—Jerome, Ariz., News.

Mr. and Mrs. Elmer E. Nelson of the Red Lake community were in Portales shopping Saturday on their return from Clovis where they had consulted Dr. Miller concerning Mr. Nelson's foot which has been giving him much trouble. The X-ray picture shows a broken arch and this is, in all probabilities, the occasion of the suffering.

DAWES GETS PERMISSION TO START HOME JUNE 7

WASHINGTON — Ambassador Dawes was granted permission by Secretary Stimson today to leave England June 7 to visit Chicago. Dawes had informed the state department he wanted to make the trip to transact some business in connection with the Chicago world's fair of 1933. He expects to remain away from London for a month.

Ferguson's motion for a rehearing on his application for a mandamus to compel the state Democratic executive committee to place his name on the ballots as a candidate for governor in the party primaries.

FLOATS 25,000 FEET TO EARTH FOR NEW CHUTE RECORD

LOS ANGELES, Calif.—Bert White, 27, today held the unofficial world's parachute jump record as the result of his leap yesterday from an airplane as it soared 25,000 feet above the Mojave desert near Lancaster, Calif. Trusting his life to the silken fabric, White "sailed out" of the plane piloted by Earl Gordon and hurtled through the air from the highest altitude ever attempted by man. He said he was unconscious from the time he leaped until

somewhere in midair, and that he landed 20 minutes after regaining his senses. His parachute was clipped automatically by a cord attached to the plane. He suffered no ill effects, except temporary loss of speech.

TWO EXCELLENT REASONS Every little while somebody inquires why country papers don't give as much news as city papers. There are two reasons. First, rural readers don't want that much news. Second, the publishers object to getting lynched. Suppose, for instance, the Appeal should chronicle the fact that Mr. and Mrs. Wood, leaders in local club circles—supposing also that your imagination is capable also of such a supposition—were expecting the stork in May, as the city papers do about people of prominence, how long would it be until there was a hurry call for the editor's favorite undertaker?—Paris (Mo.) Appeal.

Mr. and Mrs. W. C. Brown from East Valley View were Portales visitors Saturday.

Jim Hunter is at home from Hobbs for a few days, his sister, Mrs. S. L. Maynard who is well known here is located at Tuscon for awhile.

THE NEWSPAPER

Kent Cooper, general manager of the Associated Press, in discussing that organization at a New York luncheon, said some things that have been said many times before by newspapermen.

He said: "You know that many readers of your newspaper are convinced that they could edit your newspaper better than you. Well all of this class in every community combined feel individually and collectively that they could manage the Associated Press better than I can."

Again he said: "Men consumed with the passion of partisanship can never believe that an institution which deals so intimately with human conflicts can remain free from intentional bias."

Those statements are true, not only in the broad vision of the general manager of the Associated Press, but in the view of every newspaperman.

Try as they may to avoid the charge, the editors are every so often said to be violently biased about something.

Yet the greatest effort of the average newspaper editor of today is devoted to trying to keep his news columns free of bias, and to trying to keep his news columns accurate. It is something that cannot be done completely. Extremely careful as the Associated Press is, libel suits are brought against it occasionally.

Flying The American Flag. Frank Goldsborough, 19, is shown here arriving in New York from Los Angeles after he established a new junior transcontinental flying record of 25 hours and 18 minutes. He is the son of the late Brice Goldsborough who lost his life in a trans-Atlantic attempt.

Accuracy, bias and libel are closely linked, for the best defense in libel is that what was printed was true.

And what is true of the average news columns today is true of the editorial columns, for editorials usually are written from an extremely broad viewpoint, some-

times approving and sometimes disapproving what is going on in the world, trying to interpret accurately, trying to be sane, trying to display ing to be not to dub.

Press dispatches announce that the new styles in mens summer suit will be knee length pants. That means a saving for the man who's summer flannels have shrunk in washing.

Junior golf is now the craze in Portales. C. J. Whitcomb and Dr. Hancock, are among the golf enthusiasts who meet daily on the humming bird course.

But the Junior course will not take the place of the country club for the man who is looking for an excuse to get away from the lawn mowing. The Junior course is too handy to the missus.

Golf season is now here and you will usually find G. W. Carr trying to break his record.

By the way, the News editor and Judge Hatch are scheduled for a golf match, provided the rules can be changed to make 150 par for the Country Club course.

It is reported that the Lino-Op made a record on the junior course, in making the round in 250 strokes.

In connection of a raid in Portales last Sunday Sheriff Jernigan was accused of being the biggest liar in the state. On being asked if this was a fact, Jernigan said that Sam J. Stinnett weighed more than he did.

The high school banner has a background of white, so that it can be distinguished from the red necktie of Coe Howard, which will also have a place in the parade.

One light drivers will have a rest this week, as Marshall Bond is heading the Abilene delegation.

A raid was made on Texas tags Tuesday of this week. Officer Gallages of Santa Fe, was in town and as the result sales of New Mexico tags was brisk.

The News is short of an office devil on account of the band going to Abilene. That puts us in one "devil" of a fix.

It is reported that Monday's rain covered most of the Portales pavement.

The editor will put one over on the bill collectors Monday as he will be in Albuquerque "assisting" his daughter in securing her sheep skin from the University. Have

a heart and do not bring the bills in too thick, 'till he recovers from the trip.

Reports are that pad locks may be applied in Portales, where home brew flows too freely.

WON'T BE GOAT
When a questionable situation arises in a town it is quite the fashion to remark that the newspapers ought to say something about that. The average citizen feels quite certain he could run a newspaper better than the editor does, and if he were publisher of that sheet, he'd show 'em, you can bet. As a matter of fact if he has horse sense he would do just as the editor does—put the soft pedal on any family row, church squabbles, scandals not involving major principles, and such matters of ultimately minor importance as will adjust themselves with the passing of time. The newspaper critic ought not to expect the newspaper man to advocate or attract any proposition which he himself lacks the courage to support or assent over his signature. The editor is willing, even eager, to push any project in the public interest, but is not willing to pull chestnuts out of the fire for individuals or minorities.—Eaton (Colo.) Herald.

For High Court

Here is the latest photo of Owen J. Roberts, noted Philadelphia lawyer, who was nominated by President Hoover to succeed the late Edward T. Sanford as an associate justice of the United States supreme court. His selection followed the Senate's rejection of Judge John J. Parker of North Carolina, who was previously nominated for the post.

individual producer at one time in Roosevelt county, and possibly in several counties, if not in the entire state of New Mexico.

Sometime last week, when Robertson Produce gave Mrs. Morgan a check for \$415.26 for Rhode Island Red hens.

This only represents a part of the Morgan's poultry receipts, as they sell hundreds of dollars worth of eggs and fryers each year, and hundreds of dollars worth of hens besides.

Mrs. Morgan told Robertson Produce, on accepting this enormous check, that she expected to do better than that this next year, as she has 2,000 baby chicks, which will make more than 600 heavy hens to sell in 1931.

Every farmer in Roosevelt county has as much room as the Morgans, and if they only had the nerve, courage and will power, that the Morgans have, they could sell at one time \$415.26 to \$600.00 worth of hens in 1931.

Study it over farmers, there may be more money made in the chicken business, yet, than you had really thought.

Charge Seth Carroll With First Degree

Held in Roswell Jail for Killing Taximan

ROSSELL.—Seth Carroll was charged with first degree murder here recently in connection with the fatal shooting here Saturday night of Dude Steed, local taxi driver.

Carroll has refused to make any statement in connection with the case, and is being held in jail here without bond pending a preliminary hearing which will be held the latter part of the week. District Attorney J. G. Osburn announced.

Speed was killed instantly, being shot through the heart. Carroll following the shooting, said that the pistol was discharged accidentally but later retracted this statement saying that immediately following the fatal encounter he was too excited to know what he did say.

Local officers said that differences over a married woman in this city had led up to the killing. Officers, however, refused to divulge the name of the woman whom they said was the indirect cause of the shooting.

ADD WHAT'S NEWS

"Is stealing a hedge fence news?" Inquired Judge J. F. Gnuse, Wednesday, as he came to the Indicator office to report a most unusual theft. Across the front of the lawn, abutting on highway No. 61 at the handsome old Gnuse home south of town, an ornamental hedge fence was set out last spring. One night this week some thief dug up eight feet of this hedge, taking up some fifteen or sixteen plants and removing them to parts unknown. The family would like to know who took the shrubs and why. What will they steal next?—La Grange (Mo.) Indicator.

AND SO another Memorial Day comes around, nor have we forgotten what it means . . . More poignant through the Great War with its fine Americans who gave their lives for the Flag, May 30th will find us pausing from the swift tempo of the business and social world, to pay allegiance to the memories of Americans of all wars. . . .

The ranks of Civil War veterans, sadly thinning to a feeble few, the stalwart veterans of more recent wars—these we will see in the usual Memorial Day parades.

But the things we will not see, is the Memory in the hearts of the millions who enjoy the sanctity and peace that was bought with blood—memory manifested only through our Memorial Day conduct.

Let us visit the graves of the departed warriors . . . Let us visit the graves of our own dear departed.

Memory Is a National Obligation - - - Let us Treasure It!

INTRODUCES NEICE

Dr. and Mrs. E. T. Hensley opened their home last Thursday evening to a number of friends, invited to meet their neice, Miss Loretta Ramsey, who is a guest in Portales.

Forty-two and music furnished the happy evening's entertainment. No prizes were given for scores but at each progression the ladies were rewarded with pleasant musical selections.

A color plan of red and white was carried out in both the house decorations and the menu. Refreshing punch was served during the evening, and after the game the hostess assisted by Mrs. J. W. McMinn and Mrs. E. H. Hudson served a plate lunch which was attractively arranged.

The guests spending the happy evening with Miss Ramsey were: Mesdames Floyd Golden, C. F. Brown, J. P. Steiner, Jay Stone, N. T. Watson, Luther Thomas, Misses Naomi and Loretta McCarty, Mahel Morrison, Lucile and Mildred Rowley, Kate McManaway, Kenneth Bell, Marion Jones, Iris Ribbie, Sybil Lyons, Lucile Wurster, Mae Watts, Vada Mae Jackson, and Bernice Hayes.

SLUMBER PARTY

Misses Ada and Florence Chandler invited a number of friends to spend the night with them on Friday, as a compliment to Miss Josephine Morrison, a guest in the home of her sister, Mrs. Fred Taylor of Dora.

The young ladies spent the early hours of the evening playing games of various kinds and at mid-night a delicious supper was served. The remainder of the night was spent in slumbers.

The guests included Misses Josephine Morrison, Luna Mae Preston, Sara Louise Creighton, Eula and Mabel Grimmer, Martha Evelyn and Frances Hodges, Averil and Pansy Richards.

FRIDAY BRIDGE CLUB

Mrs. E. L. Wright has hosted to the members of the Friday Bridge Club last week in her home in the Bee Doherty residence.

To complete the two tables of players, Mrs. Coe Howard, Lucile Cumble and Mrs. Dave Isenberg, were invited to substitute. Mrs. Cumble held the high score for the non-club members while the club prizes were won by Mrs. H. B. Buchanan and Mrs. E. N. Neer.

The serving of refreshments during the social hour closed the pleasant afternoon.

BIRTHDAY PARTY

The children of Mrs. L. H. Heckathorn planned a birthday surprise for her on Friday evening of last week which was complete in every respect.

A married daughter, Mrs. Earnest Owens, had arrived from her home in Texas for her mother's birthday but did not advise her parents of her coming. She was taken to the home of her sister, Mrs. Verner Jones, and there remained until Friday evening at about 7:30 when a number of friends, who had congregated at the Jones home, drove to the Heckathorn farm.

Mrs. Heckathorn was away from home at the time and when she returned she found the house filled with friends. After a very cordial greeting she was given a string and told to follow where this might lead. She went through rooms and behind pieces of furniture and finally was taken to the clothes closet and there she found Mrs. Owens and little daughter hidden under a sheet. This

daughter had not been home for almost two and one half years and it is needless to say the happiness of Mrs. Heckathorn was complete.

Mr. Heckathorn came in to enjoy the reunion and all were so intent upon the events claiming immediate attention that they were unaware of the entrance of the two grandchildren of the family, Lo Dema Owens and La Vella Jones. These carried and set before Mrs. Heckathorn a tub filled with pretty and useful gifts, tokens of love from the friends.

At 9:30 a two course refreshment was served, but it had been such a long time since the ladies had seen Mrs. Owens that many remained for a longer stay and at midnight refreshments were again served.

Mrs. Heckathorn was frank in saying she had never had a more enjoyable birthday than this one had been. The party was composed of Mesdames Heckathorn, Robert Compton, W. W. Ratcliff, I. K. Morrison, Homer Miller, B. F. Thompson, A. L. Baker, Milton Key, Marshall McClosky, Paul Haragan, Verner Jones, Earnest Owens, Misses Cleo Heckathorn, Lillie Thompson, Ruby Bacon, Lo Dema Owens and La Vella Jones.

Use Foundation Recipe for Cakes

Just why we are burdened with so many different recipes for practically the same kind of cake is difficult to understand, says Miss Grace Long of the New Mexico Agricultural College. By a careful summary we can reduce the working recipe to practically two kinds of cake, viz., butter and sponge cakes.

The varieties that can be made of these two kinds of cakes are legion. The successful cake maker is one who studies conditions in general; the recipe, the degree of freshness of the materials to be used, the utensils employed, the temperature of the oven and last but not least, remembers that altitude plays an important part.

Before trying a new recipe, read it over and compare it with one that is known to be reliable. Frequently errors are made in typing or printing, and if a person has learned to decide readily as to what constitutes the proper proportions for a cake, errors will be easily detected. "Exact measures should be used and no guessing indulged in. Contrary to the usual belief that cooks are born, not made, it is the careful, methodical cook that is usually successful.

The appearance and flavor of a cake may be changed by adding

chocolate, fruits, nuts, spices, coconut, or other flavors or colorings. The same recipe can be used with these variations. A plain white cake can be made into a layer cake and put together with chocolate icing, caramel, plain icing, jelly, whipped cream, lemon cream filling or many other fillings equally as tasty, or the same cake may be made into a loaf and left plain.

What is really needed is not a lot of new recipes, but a better understanding of the ones on hand. If recipes are given intelligent consideration, many failures can be avoided.

Back Quit Hurting

"I was in a very weak condition from a serious sickness," writes Mrs. I. Leonard, of 871 Joseph St., New Orleans, La. "I was so weak, I wanted to sleep all the time. I did not have strength to do anything. My back ached nearly all the time. I was just in misery."

"My mother told me I must arouse myself from the sleepiness, and take something to help get my strength back. She had taken Cardui and had been helped, so I decided to take Cardui, too. After my first bottle, I could see that it was helping me. I took four bottles at this time. My strength came back and I gained weight. Pretty soon, I was my old self again. My back quit hurting, and I haven't had any more trouble since I took Cardui."

Locals and Personals

Mar. Hall from Baileyboro spent the past week with Miss Una Mae Copeland at her parents home near Arch.

Mrs. Boyd from Long Beach, California and Mr. and Mrs. Boyd from Lubbock, Texas, arrived Tuesday to visit in the A. E. Chambers home.

Mrs. Bill Lancaster from Childress, Texas, is visiting the J. C. Hullum family.

James Russell and wife from Oklahoma City were visitors of Mr. and Mrs. C. W. Varney one day the past week.

Mrs. F. E. DeGuire and two children, and Mrs. L. E. DeGuire are having a short visit in Hollis, Oklahoma.

Marie Dendy has been quite sick, but is some better.

Mrs. J. L. Machen from Big Springs, Texas, is visiting in the N. W. Kiker home this week. Mrs. Machen taught here a number of years ago and has many friends here. She came in Friday and will remain for a number of weeks.

Mr. and Mrs. J. B. Priddy and Mr. and Mrs. Carl Case return Thursday from a 1400 mile trip through Texas and Oklahoma. While away they visited Mr. Priddy's sister at Nacona and other relatives. In Abilene they attended the opening of the New Paramount Theatre, which is very beautiful.

Mr. Priddy says that he thought that the sandstorms we had here were pretty bad but that they are mild to compare with the sandstorms and cyclones they encountered in Oklahoma and Texas. Fortunately they were not in a cyclone but just missed several. New Mexico is a pretty good place after all.

WITH THE CHURCHES

A revival meeting is in progress at the Missionary Baptist New Hope Church. Rev. Scott of Portales is the pastor. The Sunday school is growing rapidly and they are in need of more seats to accommodate those attending. Coleman Rice is holding a singing school there and the community is enjoying the week.

Mr. and Mrs. J. P. Steiner are planning to leave this week for Lawrence, Kansas. Mrs. Steiner will go on to Missouri to spend the time with her mother and Mr. Steiner will attend the University during the summer.

Joe Foster was brought to Portales the last of the week from Colorado by his two daughters, with whom he has been spending the past months. Mr. Foster's condition of health is very alarming and the two daughters felt he might improve with a series of treatments at Hot Springs and after a short stay with Mrs. Foster and the smaller children in Portales they left Monday for Hot Springs. Sinus trouble was the beginning of Mr. Foster's ill health.

FOXES HAVE A CHICKEN FEAST

Quite a bit of fun and excitement was aroused when the three foxes which Willis White had caged for sometime escaped. They were out from Sunday night until the last of the week. On Thursday night they made their presence known in a very unpleasant way. They burrowed under the chicken coops of Mrs. I. E. Ray next door and killed 32 chickens. The boys of the neighborhood have had quite a bit of fun chasing them from place to place, but Sir Reynard was always too cunning for them until Sunday afternoon when the last one was rounded up and caught.

Mr. White had sold them to the zoo in Albuquerque and was planning on shipping them Monday morning after they escaped on Sunday night.

All three are safely back in their pen now.

Parking spaces have been designated around the square in Portales and the autoist who fails to recognize the locations as the proper place to park his or her car will doubtless find a small card fluttering from the steering wheel requesting appearance before Justice Kerr. The city has been made richer by a few fines and first offenders have been given due admonition minus the fines but no leniency will accompany the second appearance before the judge.

SEEVING JAIL SENTENCE

Bert Miller was brought to Portales by Sheriff Jernigan and placed in jail to serve a sentence for violation of the liquor law. Miller was arrested and tried in the District Court last year. He was convicted and given a jail sentence. He appealed the case to the Supreme Court and last week a decision was received from the higher power sustaining the sentence given in the District Court. Miller was brought to Portales and placed in custody of jailer Robinson.

REBEKAH LODGE

The Rebekah lodge met in a call meeting Thursday evening to initiate the candidate Miss Drew Bellamy. A very interesting meeting resulted.

Traffic Signals

Promote Safety

SYRACUSE N. Y.—That traffic signals which are operated by the vehicles themselves constitute the chief hope of cities and villages for solution of their traffic problems was the contention of William B. Powell, traffic engineer and chairman of the Signs, Signals and Markers Committee of the National Conference on Street and Highway Safety, in a recent address here. Mr. Powell spoke before the Technology Society of Syracuse.

Mr. Powell, who is one of the foremost traffic authorities of the country declared that traffic control is one of the greatest needs of the municipalities. The tremendous strides in automobile registration and use have rendered the old forms of cheap and inefficient control entirely inadequate and the vast cost to communities from unnecessary delay and congestion, although difficult to estimate in actual figures, is far beyond the cost of cure.

The devices of which Mr. Powell spoke are already at a stage of perfection and are actually being used by numerous cities and villages throughout the United States to handle some of their most troublesome situations. Mr. Powell pointed out that, with "demand" signals, the light always is shown where it is needed and never holds up vehicles to give the "go" to empty streets, which is the greatest and most costly flaw in the arbitrarily timed variety of apparatus. The modern device allows cars to operate the lights by passing over "detectors" in the pavement.

Traffic engineers contend that municipalities soon must extend traffic officer control or adopt "demand" signals. It is being claimed that some forms of the latter control are more efficient.

even than traffic officers, without imposing such heavy cost penalties.

Figures were cited from the Department of Commerce showing that unnecessary traffic delay and congestion is costing the United States more than two billions of dollars annually. A simple arithmetical calculation that the overhead for each motorist thus is \$80 per year.

HE KNOWS HENS ARE PROFITABLE

Mr. O. H. Wilson, who lives in the Center Plains community, southwest of Tulla, has submitted a 12 months report on his 320 hens showing a profit of \$551.65. The total expense of feed and labor was \$365.35. This shows the profit on each hen to be \$1.72.

Wilson fed a home-mixed ration made-up of:

1100 lbs. shorts.
100 lbs. wheat bran.
50 lbs. meat scraps.
50 lbs. alfalfa meal.
300 lbs. mlo chaps.
5 lbs. salt.

This record on poultry is outstanding, and is proof to the

farmers of Swisher county that poultry raising is profitable.—Tulla Herald.

Friends from Portales calling in the home of Mr. and Mrs. Zack Campbell in Elida during the past week report Mr. Campbell's condition very grave. He has been unable to leave his bed for the past several weeks.

Miss Ruby Jenkins has closed her school at Artesia and was a week end guest in Portales with Mrs. Guy Cross. Miss Jenkins will spend the summer on the Pacific coast with her parents. Mr. and Mrs. Jenkins plan to return to Roosevelt county for the winter.

Portales Valley News,
Portales, New Mexico.
Gentlemen:

We're certainly sold, and sold strong, on your paper as a result of our advertising. We are now convinced, as never before, of the pulling power of News advertising. The results of our Inventory Sale today have already been extremely gratifying, and with a few hours of the regular business day still to come. The crowds that have attended our sale today prove beyond a doubt that the News has both the quantity and quality of circulation, and the reader confidence and interest that insure good results to the advertiser.

Considering the fact that our very gratifying volume of business today has come altogether from News advertising (no circulars or direct mail being used), we know that the News is competent to do the job alone, and we are going to depend more and more on you, henceforth, to tell the people of our quality and values.

Yours very truly,

FAMILY REUNION

Mr. and Mrs. Lester Balfors of Clark, entertained with a dinner on Sunday which also was a family reunion party.

The arrival of Mr. and Mrs. I. G. Trimble from Lubbock, grandparents of Mrs. Balfors, was the inspiration for this family gathering.

Mr. and Mrs. Trimble have celebrated their golden wedding anniversary but they do not impress a person as being aged. They are interested in all the activities surrounding them and are alert to every advancement.

To have the day with this splendid couple was indeed a treat for the entire family.

Those present for this happy reunion were Mr. and Mrs. Trimble, Mr. and Mrs. Roy Smith, Mrs. Maud Smith, Misses Irma Belle and Leta Smith, Miss Ella Brown and Mr. and Mrs. Bayless.

ENTERTAINS WITH SUPPER

Mr. and Mrs. H. H. Buchanan entertained very informally on Monday evening with supper for a few of their very close friends.

The delicious meal was enjoyed at seven o'clock and the remainder of the evening devoted to pleasant conversation and radio programs. The guests included Mrs. Maud Smith, Clifford Deen, Misses Irma Belle Smith, Leta Smith and Pearl Stone.

BIRTHDAY PARTY

Mrs. E. R. Black entertained a number of little friends at the home of her parents, Mr. and Mrs. J. J. Spires on Monday for her son John Garth. This was "Bud's" birthday and the friends were delighted to assist him in the celebration.

Each little guest brought a gift that their young host might have pleasant reminders of the date, and the taking of these from the several pretty packages was a real pleasure.

The big swing in the yard was the popular place during the afternoon and while most of the little folks fell from it during the afternoon it lost none of its attractions as a play place.

At refreshment time the birthday cake with three pink candles was placed before the children and they were thrilled with the excitement of blowing out the lighted candles.

The individual favors for the boys were candy filled submarines while automobiles filled with sweets were given to the girls.

The party consisted of Bettie Gene Caperton, Dolly Gene Luna, Edwanda Jones, Paul Junior Jones, Jack Gordon Loris and Gloria Fay Richardson.

JUNIOR B. Y. F. U. PICNIC

The boys of the Junior B. Y. F. U. had a very jolly half day at the H-Ranch Monday. They went out about the middle of the morning and stayed until the middle of the afternoon. Marvin Beach assisted Mr. Davis in entertaining the boys and helping them to have a good time.

Quite a variety of sandwiches and cakes satisfied appetites at the noon hour. The boys who were present were: Charles Kirkland, John, Robert and Hugh Cronshaw, Archie Haddock, Jack Clay, M. C. Elsel, Bennie Compton, Harold Brasel, Flake and Frank Burke, Chester Bostick, Henry Bell, Charlie Beech, Lynn Green and Joe Coe.

S. S. CLASS PICNIC

The Intermediate department of the Baptist Sunday school had a delightful picnic in the sandhills Friday evening. Mrs. Golden's class were the honor guests. There were about 45 intermediates present comprising the 4 classes. The picnic was sponsored by Mr. Steiner, Supt. of the department, Mrs. Golden, Mrs. Gibbons, Mr. Bruce and Mr. Case.

All enjoyed the games played and the lunch consisting of sandwiches, salad, fruit and cookies.

HOME MAKERS CLUB

Mrs. C. A. Loris invited the members of the Home Makers Club to hold their meeting with her last week and the same proved a very interesting and helpful session.

Mrs. Loris, Mrs. J. H. Breshears and Mrs. J. W. McMinn gave several demonstrations of iced desserts. Some of these were very simple for the busy-up meal and others more elaborate, thus giving the ladies several valued recipes for many occasions.

F. A. C. Woodburn was elected to membership and will be a real asset to the club as she has been interested in this work for several years.

There were seventeen ladies present for the afternoon.

The next meeting of the club will be June 4th and will be held in the home of Mrs. John Clem. Miss Oakley will have this program in charge and will choose her own subject.

Mrs. C. O. Estes entertained a number of friends Monday night with a dance. Cooling punch was served during the evening.

Those enjoying the hospitality of the Estes home were Mr. and Mrs. Claude Estes and Mr. and Mrs. Clifford Estes of Clovis, Mr. and Mrs. Ted Forbes, Mr. and Mrs. Leonard Westerman, Mr. and Mrs. Martin Douglas, Mr. and Mrs. Ed Copeland, Miss Eby Dendy, Mr. Clyde Roper, Mrs. Otho Blanton, Mr. Leroy Cranford, Miss Sadie McCarty.

Mr. and Mrs. G. W. Privett reached Portales this week from their present residence in Elko, Oklahoma, and will spend the next few days looking after property interests in Roosevelt county.

Mr. and Mrs. Privett own the former Lindsey home north of the city but have it rented at present.

WITH THE CHURCHES

Rev. and Mrs. C. E. Ball returned Saturday morning from Strawn, Texas. Rev. Ball took a very severe cold Friday which rendered him unable to preach Sunday evening.

The morning services were well attended, and all enjoyed his report on the Southern Baptist Convention which he attended in New Orleans. Many outstanding speakers of the Baptist church were present in New Orleans and rendered the Convention very interesting.

The attendance was good at Sunday school, 264 being present.

There was no prayer meeting Wednesday evening due to the Revival meeting which the Methodists are having.

Rev. Ball went out to Floyd Sunday afternoon to preach, but was unable to preach on account of his severe cold.

The ladies of the W. M. U. transplanted flowers to the beds in front of the church Monday afternoon before the rain. Chrysanthemums, daisies, larkspur, zinnias, and petunias all were given a place. Every year the ladies have had very beautiful flower beds there and this year will be no exception.

Christian

On Sunday morning the children will take charge of the morning services at the Christian church. There will be a special Junior choir and a number of readings. Mrs. McCrary is assisting in the training of the children. Everyone is invited to attend this special Children's Day program, which is to be as follows:

Song, Junior choir
Reading, Dolly Jean Luna
Song, Junior choir
Reading, Wynema Whitcomb
Pianologue, Ibers Rhyne
Exercise, Primary class
Reading, Marie Neer
Song, Junior choir
Reading, Mardell Scott
Exercise, 12 Intermediate girls
Duet, Mardell Scott and Ibers Rhyne
Sermonette, Rev. Loris
Closing song.
The Christian Ladies Aid will meet Thursday with Mrs. W. R. Means.

Presbyterian

Mrs. Lacy Armstrong took her Sunday school class to the H Ranch for a picnic Monday afternoon. They cooked bacon and ate the plentiful lunch around the camp fire, having a delightful time in spite of the rain earlier in the evening.

Rev. Johnson will be here Monday afternoon bringing with him the man who is head of the finance board for this district of the Presbyterian church.

Rev. Barnhill from Winters, Texas, preached at the Church of Christ both night and morning to a well filled house. Rev. Barnhill is a former pastor of this church and all enjoyed hearing him once more.

Rev. and Mrs. Barnhill spent Sunday night and Monday in the H. W. Rowley home, and Monday night in the Drinkard home.

FRANCES ESTELLE BRYANT

BUILDS TENNIS COURT
Frances Estelle Bryant is having a nice tennis court built for the use of her young friends.

She has had her father to rebuild his garage and move it back to give sufficient room for the court, and through the summer months her young friends will enjoy many happy hours with this popular sport, as guest of Miss Frances Estell.

FLIDA

Mrs. Berryhill and children, Hazel and Albert and Miss Lena Bell O'Neal spent Sunday in Portales visiting with Cecil Berryhill and family.

Mr. Lewis Cooper was in Portales Monday having some dental work done.

L. B. O'Neal and Buford Rogers were in Portales Monday morning on business.

Mr. and Mrs. E. E. Lee and little daughter, Margaret of Kenna were Portales visitors Saturday.

Mr. and Mrs. W. J. Rogers, and Mr. and Mrs. Otis Rogers were shopping in Portales Saturday.

Miss Helen McDowell of Kenna is visiting in Portales this week.

N. B. O'Neal was a Portales visitor Saturday.

Mrs. Rufe Finley and children and Mrs. H. C. McCowan were shopping in Portales Monday.

Floyd Sturman has bought the old Tusha place where Mr. and Mrs. J. J. Grimshaw have been living for several months. Now they have moved in the house where the Sturman family moved from.

Mr. and Mrs. S. E. Stevenson were Portales visitors Tuesday afternoon.

Mr. and Mrs. B. F. Cook and son Jr. were shopping in Portales Monday of this week.

Mr. and Mrs. S. H. Owen and daughter Ruby Pearl from Oklahoma are visiting in the W. D. Owen home. After Mrs. Owen recovered from the small pox Mr. Owen had it, but his case was very light due to the fact that he had been vaccinated, even though too late to keep him from having it. Helen, who was sick so long is able to be up and in town Saturday.

Mr. and Mrs. J. D. "Jack" Turner will leave about the first of Kentucky where they will visit Mrs. Turner's relatives, then they will go to North Carolina to visit Mr. Turner's people. They will also spend some time in Washington, D. C., Philadelphia, New York, Niagara Falls and in Canada, returning by way of the northern route through Chicago and St. Louis.
