General Rain Falls Over Foard County

Crowell Drum Major Wins Honors

General rains fell over this section of Texas late last week and brought some much-needed moisture to the area and also much cooler temperatures.

The rain, which fell slowly Wednesday night and Thursday, totaled 1.43 inches and with the .57 inch received week before last, brought the total rainfall here since September 2 to two inches.

Skies remained cloudy Friday and very light rain fell intermittently.

A norther blew in this area early Sunday morning and dropped the temperature to a low 58 degrees early Monday.

A report from Truscott stated that that community received 7 inches of rain last week.

The moisture will bring up some early-planted wheat and oats and Foard farmers will begin sowing wheat in a very short time.

Nine New Vehicles

Nine new vehicles were registered here last week:

Sept. 4, Harry L. Wilhelm, 1962 Ford pickup; Sept. 4, T. R. Hough, 1962 Chevrolet 4-door; Sept. 6, Howard K. Bell, 1962 Chevrolet pickup; Sept. 6, Billy Everson, 1962 Ford 4-door; Sept. 6, Peggie Rake, 1962 Ford 4-door; Sept. 6, E. B. Patton, 1962 Ford 4-door; Sept. 6, D. L. Campbell, 1962 Ford pickup; Sept. 7, Floyd Poer, 1962 Oldsmobile 4-door; Sept. 7, J. H. Traweck, 1962 Chevrolet 4-door.

Mrs. Annie Ayers Died September 5 in Scottsville, Ky.

Mrs. Annie Ayers of Scottsville, Ky., a former resident of the Riverside community and step-mother of Roy Ayers, died in a hospital in Scottsville Wednesday, Sept. 5, following an extended illness. She was 83.

Funeral services for Mrs. Ayers were held in the Crow Funeral Home in Scottsville last Friday, Sept. 7, at 10:30 a. m. Mr. and Mrs. Roy Ayers and Mr. and Mrs. H. L. Ayers Jr. attended the services conducted by her pastor, Rev. W. Woodson of the Scottsville Methodist Church, assisted by Rev. Bob Fletcher of Frankfort, Ky.

She moved to Vernon with her parents from Kentucky at an early age and attended school there as a young girl. The family moved back to Allen County, Ky., where she grew to young womanhood. She taught school for many years in Kentucky, Oklahoma and Texas. On Oct. 9, 1915, she was married to J. H. Ayers, a pioneer Foard County resident. He preceded her in death on Nov. 28, 1937.

Mrs. Ayers lived a consistent Christian life and was an active member of the Methodist Church at Margaret and also the Methodist Church in Scottsville.

Survivors include two sisters, Miss Edith Crow of Scottsville and Mrs. A. H. Dorsey of Horse Cave, Ky.; one brother, T. W. Crow Sr. of Scottsville; one stepson, Roy Ayers; two aunts, Mrs. C. S. Davis of Vernon and Mrs. Ida Richards of Bowling Green, Ky., and several nieces and nephews, and other relatives.

Margarito Torrez Reyna Buried at Gilliland Thursday

Funeral services for Margarito Torrez Reyna, 79 year old Gilliland resident, were held at Gilliland Baptist Church last Thursday conducted by the pastor, R. D. Williams.

Mr. Reyna died in a Wichita Falls hospital Wednesday of last week.

Mr. Reyna moved to the United States from Old Mexico in 1908, and moved to Truscott in 1927. He had lived in Gilliland since 1935. He became an American citizen several years ago.

He is survived by one son, Ysidoro Reyna.

Bobby Evans of Wichita Falls was a visitor.

Wildcats Lose to Iowa Park 18-0

The Crowell High School football team lost its opening game of the season to the Iowa Park Hawks at Iowa Park last Friday night by the score of 18 to 0. This is the first time Iowa Park has defeated Crowell in six years. However, the light Crowell team deserves much credit in holding the Hawks to such a low score in this mud battle, as the Wildcats were outweighed by 25 pounds per man and Iowa Park is considered to be one of the better 2A teams on the entire State.

The first downs were 14 to 4

Mother of Mrs. C. L. Cavin Died Monday in Littlefield Hospital

Mr. and Mrs. C. L. Cavin went to Littlefield Wednesday where they attended the funeral of Mrs. Cavin's mother, Mrs. J. W. Hukill, 83, who died Monday in a Littlefield hospital.

Funeral services were held at 2 p. m. Wednesday at Fieldton Baptist Church near Littlefield. Interment was made in a Gainesville cemetery Thursday.

Mrs. Hukill was a former Foard County resident.

Representative of Social Security to Be in Crowell Tuesday

A representative of the Social Security Administration will be in Crowell at the court house on Tuesday, Sept. 18, from 1:30 until 4 p. m., to assist Foard County residents in filing claims or giving information or assistance concerning social security matters.

Down Town Bible Class

Thirty-two men attended the Sunday morning meeting of the Down Town Bible Class. The class' new pianist, Miss Ella Ann Cates, was present for the first time and played accompaniment for the group singing led by Bill Bell. Mike Rasberry presided and Rev. Clarence Bounds brought the lesson.

Singing Sunday

The third Sunday singing will be held at the Free Will Baptist Church next Sunday afternoon beginning at 2 o'clock. Everybody is invited to attend.

Sunday afternoon, September 16, is the date that Crowell doctors are hoping to see that every Foard County residents is immunized against polio with the new Sabin Oral vaccine.

Sufficient vaccine for 2,000 separate doses has been ordered by the doctors which will be administered from 1 to 5 p. m. at the Community Center next Sunday, September 16.

The clinic is one of three scheduled here as a part of a 15-county effort to wipe out polio in the North Texas area.

Dr. Martin Kralicke and Dr. Walter Stapp, in an effort to completely inform the public about the vaccine, has submitted the following questions and answers concerning the vaccine.

Is polio always caused by the same virus? There are three different known types of polio virus which cause poliomyelitis. In order to be protected against polio, an individual must be protected against all three types. There are separate oral vaccines against all three types of polio virus.

What is the oral vaccine? It is a live virus vaccine which helps the body develop immunity. Unlike many other vaccines, however, it can be taken by mouth.

What is the difference between Sabin oral vaccine and the Salk vaccine? The Salk vaccine is a killed virus vaccine. Although the three types are combined into one vaccine, four shots are given over a period of 9 to 15 months. With Sabin oral vaccine, each type is given separately by mouth, four to eight weeks apart. The vaccine works fast, usually within a week.

How extensively has the Sabin oral vaccine been used? The Sabin vaccine has been given to more than 100 million people throughout the world with satisfactory results reported. Millions of doses have been given in the United States.

How effective is the Sabin oral vaccine? The oral vaccine acts to produce an intestinal barrier against polio virus as well as antibodies in the blood stream. Thus, it is expected that the vaccine will help prevent vaccinated persons from carrying the disease as well as help protect them against polio virus.

Should you have oral vaccine if you have already had Salk vaccine? Yes, it is wise to take the oral vaccine. It will increase your protection and help you protect other persons in the community.

How is it given? A dose of vaccine can be mixed with distilled water and taken by cup or spoon; it can be given to infants by dropper or put on a sugar cube for older children and adults.

Who may take the oral vaccine? The vaccine may be given to persons six weeks of age or older. In this immunization program, vaccine will be given to (6 weeks) of age and up.

How much will it cost? Residents are being asked to contribute 25 cents or more for each dose, but the vaccine will be made available free of charge for those who cannot contribute.

Who is supplying the vaccine? Pfizer Laboratories, division of Chas. Pfizer & Co., Inc.

Any money contributed in excess of the expenses incurred in the program, will be used to buy a suite of furniture for the local hospital.

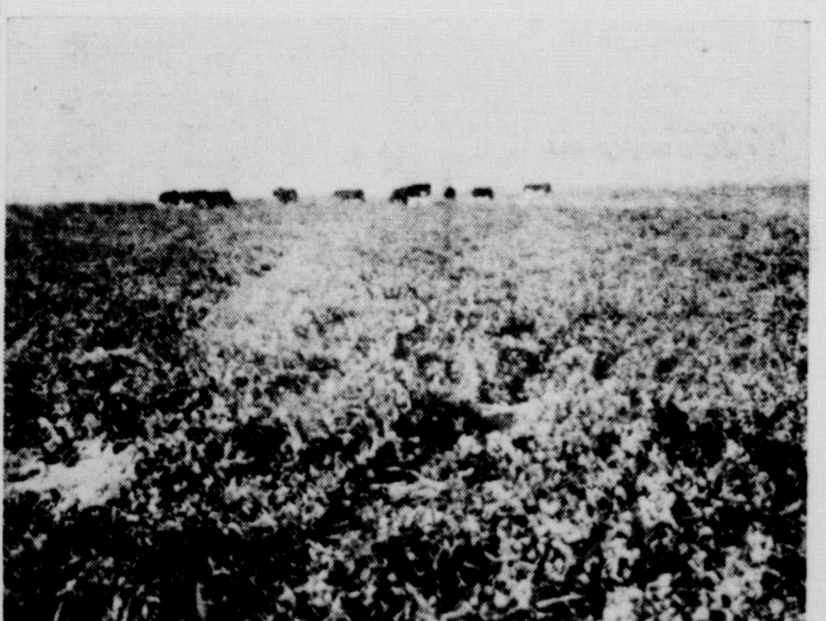

First PTA Meeting Will Be Held on September 25th

Because of conflicting events, the first meeting of the Crowell P. T. A. has been postponed from the regular meeting date of the third Tuesday until the fourth Tuesday, Sept. 25, at 7:30 p. m. President Loraine Carter, in announcing the change in meeting date, added "Please make plans to attend. The PTA needs you, and you need the PTA."

Evelyn Jones to Teach in Quanah School

Miss Evelyn Jones of Crowell will teach in the Quanah School this year. She will continue to make her home here.

Miss Jones, a first grade teacher, has taught in the Abilene Schools for the past several years.

EDITORIAL

Hello!

Hello, everybody. How does it feel to be back in the halls of CHS, to be studying again, to have played the first football game, to

be reading the first edition of the '62-'63 Wildcat? It feels good to me, and, I hope, to you, too.

The halls seem different this year, as they do at the beginning of every school year. Faces of freshmen and other new students smile at you as you pass down the halls, and yet, many old, familiar faces are gone. I want to welcome the new students to the CHS family. I hope you will grow to feel that you have been here always and really are one of us. And to the 1962 graduates and other last year's students who aren't in school here this year, I want you to know that you may be gone, but you're surely not forgotten. My wish for you is that you will be happy and successful wherever you are.

Next, I want to remind you seniors that you are starting on the last lap of your high school years; and I urge you to do all that you can to make it a memorable one.

I also want to welcome the teachers. I hope you enjoyed your summer vacations and are ready to begin the battle of educating our, perhaps, not too willing minds. I hope that Mr. Washington, a new teacher in the English Department, will like us too.

In other words, "welcome back everybody!" Let's all work together to make this year a year worth remembering.

New Responsibilities Have Been Assigned

Not only has the 1962-63 school year begun, but also many responsibilities that go with it have already been assumed.

Class officers and mothers were elected last Wednesday, Sept. 5. From the senior class the following were elected: president, M. L. Speer; vice president, Bill Fitzgerald; secretary, Linda Mechell; reporter, Gena Adeock, and treasurer, Charles ten Brink. Mmes. Ekern, Sandlin, Traweck, McClain, Fairchild, Wehba and Borchardt are the class mothers and Mr. Black and Mr. Welch are sponsors.

The junior class officers are: president, Philip Welch; vice president, Woody Lemons; secretary, Patricia Cates; treasurer, Carolyn Hickman; and reporter, John Schilling. Their class mothers are Mmes. Welch, Hickman, Bell, Ekern, Garrett, Carroll and Sanders. Sponsor is Mrs. E. C. King.

Sophomore officers are president, Mike Gamble; vice president, Toy McCurley; secretary, Mary Sue Speer; treasurer, Mary Ann Ramsey, and reporter, Ella Ann Cates. Mmes. Smith, Harris, Cates, Ramsey and Goodwin were chosen for the mothers and Mr. Hesse was chosen sponsor.

Officers of the freshman class are president, Karen Shirley; vice president, Carole Priest; secretary, Jackie Eddy, and reporter, Larry Wright. No class mothers were elected at this time, but Mr. Myers was elected sponsor.

A Word of Sympathy

The student body and teachers wish to express their sympathy to you, Marie Hill, and your family in your recent sorrow. We hope that in some way we may be able to comfort you.

Sports

Last Friday night, the Iowa Park Hawks swamped, milled, and drowned the Wildcats by 18 points. However, anyone who should tell you that the Cats didn't play a fine game is all wet. In fact, if he watched the game he's all wet anyway.

If they can dry their suits out in time, the Wildcats will journey to Memphis this Friday to play the whatever-they're-called. When we win, we'll make the column longer.

Library Line-Up

President Pat Brown and vice president Marolyn Denton will lead the CHS Library Club through the coming year. Judy Sandlin will keep the minutes; Yvonne Wheeler, the money. The reporter, Nelda Chappell, completes the list of officers. Mrs. King will have the biggest job of all—being the sponsor.

"Friendly service" will be the theme of the librarians who are: Faunecine Fairchild, Nancy McCurley, Judy Traweck, Teresa Wright, LaRue Gidney, Ronnie Oliphant, Terri Thomas, Ruthie Doyal, Delores Eubanks, Saunna Martin, Sue Ella Smith, Betty Ann Welch, and the previously mentioned officers. Freshman girls will be trained later by the V. F. W.'s. (Veterans of Fiction-and-Non-Fiction Wars).

Student Council Meets

The Student Council met Monday, Sept. 10, for the first meeting of the new school year. The year's program was discussed with President Bob Borchardt introducing ideas for several new worthwhile projects.

The council decided to sponsor the election of the CHS Student Personality as its first activity. Watch next week's issue for the results of this election.

Harmony in Discord

The Crowell High School band was inactive Friday night because of weather conditions, but they have been very active the past 3 weeks, practicing, practicing, practicing for football games.

Some of the students have been active during the summer months in preparation for bigger and better performances for this school year. Foremost is drum major Faunecine Fairchild who attended the nationally famous Dixie Baton Twirling Institute at the University of Mississippi. She as well as head majorette Paula Sparks and majorettes Ruth Sanders, Ella Ann Cates, Sandra Weathered and Karen Shirley, attended the SMU twirling school at Dallas.

Last May the band elected the following officers: M. L. Speer, president; Bobby Bond, vice president; Carolyn Hickman, secretary; Ruth Sanders, treasurer; and Elaine Crowell, reporter.

They lost four seniors last year, but gained seven new members, making a total of 43 band members for 1962.

"Hurrah" for the Cheerleaders

Head cheerleader Elly Wehba is a veteran, this being her fourth year to be a cheerleader.

Useful Jo Wynn Ekern, a junior, is hoping to cheer the team to victory for her second year.

Red-headed sophomore Scherry Goodwin is back for her second year cheering the Wildcats to victory.

Raspberry, Shirley Mike, that is, is joining the ranks of cheerleaders this season.

Another junior cheerleader, Barbara Bell, is back for her third year.

Happy go lucky Judy Sandlin, senior, is a valuable newcomer to the squad.

These six girls were chosen by popular vote by the girls of the student body. They attended SMU cheerleader school during the summer. The cheerleaders will lead the Wildcat fans in cheering the team to victory. Mrs. Manard is the pep squad sponsor for this year.

Annual News

Part of the '62 edition of the Roundup has been received. The others will be received at a later date and will be distributed to those who have not received one.

The annuals are gold with black lettering; they are very distinctive. We want to thank the last year's staff and their sponsor, Mrs. Ruth Kenner, for a job well done.

Officers for the '63 staff were elected Tuesday, Sept. 4: Gena Adeock, editor; Carolyn Eubanks and Linda Mechell, assistant editors; Pat Brown, secretary; Judy Howard, reporter; and Mrs. Kenner, sponsor.

FHA Organizes

The Crowell FHA chapter will meet Sept. 25 at 3:30 p. m. in the auditorium. All officers and members are urged to attend. The dues are \$1.00 and are to be paid to Gena Adeock.

Officers for 1962-63 are president, Judy Sandlin; 1st vice president, Pat Brown; 2nd vice president, Judy Howard; 3rd vice president, Betty Kajs; 4th vice president, Betty Ann Welch; 5th vice president, Lynda Mechell; secretary, Beverlie Gray; treasurer, Gena Adeock; parliamentarian, Jean Burkett; historian, Carolyn Eubanks; and sergeant-at-arms, Scherry Goodwin.

FFA Enrollment at 43

Forty-three boys have enrolled in F. F. A. this year. Marvin Myers, FFA teacher, has stated that the chapter plans to buy at least six head of cattle to feed for the project show. Last year, with money received from Sears, Roebuck & Co., the chapter bought several head of sheep. Mr. Myers says if things go as planned, the chapter has a good chance of making some money this year.

Spanish Club Organizes

The 1962-63 Spanish Club organized Sept. 6 and the officers which were elected are Bob Borchardt, "el presidente;" M. L. Speer, vice president; Patricia Cates, secretary; Beverlie Gray, treasurer; Joe Drabek, reporter. The mothers elected to help with this year's activities are Mmes. Willie Garrett, Charlie Drabek, Fred Gray, Carl ten Brink, Merle Wright and Ab Dunn. This year's Spanish Club consists of twenty members.

The Flapping Lip

Hi, folks, we're back. Seen water skiing off the field Friday night were Jon Lee and Barbara, Dale and Elaine, Bill and Frances C.

At the Plaza Saturday night were Chuck - Faunecine, Wendell C. Lynda Mechell, Boob - Elly, Barbara - Jon Lee, Otis - Mary Ann, Jo Wynn - Billy W., Beverlie - John, Judy S. - Winston, Linda Mc-Bill.

Does Otis still write letters to New Mexico or did he quit when he started going with a girl with the initials V. S.

Why does Paul Bax have a big V on his shirt. The Flapping Lip doesn't believe it is for victory. Why is Corder going to ask T. T. to marry him? The Lip knows. Were people from Wichita Falls to walk Bob off the field Friday night?

Who were the unexpected visitors Sunday, Faunecine? New teen age idol of Crowell - Toye McCurley.

Three cornered square of the week: Mary Sue, Mike G., and Arcina.

Why did Otis Smith quit going to see Arcina? Could it have something to do with V. S. or M. A. R.?

M. L., what did the initials L. S. mean to you Saturday night? Why is Corder's new nickname "Flint Flint"? And what is all this about his height? Ask Judy S.

Whose presence makes lunch more enjoyable to Merietta T.? Report of the Live Wire: setting, Saturday at Lubbock; char-

acters, Carloyn and Ruth; summary, fun, fun, fun!

Don't let the Lip see anything you don't want printed because we'll print it.

Menu—Sept. 17-21

Monday: light rolls, baked ham, creamed potatoes, English peas, fresh tomatoes, pineapple ring with marshmallows.

Tuesday: corn meal muffins, pinto beans, hominy, deviled eggs, cheese slices, carrot strips, peach half and cookies.

Wednesday: hot biscuits, fried pork, corn, candied sweet potatoes, lettuce and tomato salad, apple cobbler.

Thursday: hamburgers, baked beans, peanut butter on Hi-Ho crackers, banana pudding.

Friday: tuna fish sandwiches, potato chips, cheese and crackers, butter cake with cream and strawberries.

Wild Game Quality Depends on Care

Hunters who enjoy hunting and dislike the gamey flavor of the catch will find good news in a publication. B-987, "Wild Game—Care—Cooking," put out by Extension Service, Texas A&M College.

The quality of game meat depends to a large extent on the care the hunter takes in the field. The bulletin written jointly by specialists in wildlife conservation and foods and nutrition.

The new publication describes with detail and illustrations proper care of small game, game, and game birds while in the field, in camp and at home.

Methods of cooking big game are given along with tricks for tenderizing mature and tough game. Small game cooking is also explained. The bulletin also explains the proper care of many kinds of game birds and is discussed and all types of game are given.

The bulletin comes to a delicious conclusion with a list of wild game menus calculated to convince the hunter that the wild game is good for more than tracking and hunting.

"Wild Game—Care—Cooking" can be obtained from your county agent or write the Agricultural Information Office, College Station.

**"Imitation" No More
Used on Hams**

The label "imitation" need no
longer be placed on hams which
contain less than 10 per cent ex
cess water, according to Ed Uva
cek, livestock marketing special
ist, Texas Agricultural Extension
Service.
The USDA has modified the
former regulation that applied to
hams and similar pork products
and allows the packer to print on
the product the words "water ad
ded" and to state the amount that
is added, says the specialist. An
injunction by the U. S. District
Court restrained the USDA from
requiring that such products be
labeled as imitation, he adds.
The regulations prescribe the
manner of application of the re
quired terms and the size and style
of the lettering in order to be eas
ily readable by the buyers, points
out Uvacek.
Only products prepared under
the USDA jurisdiction are covered
by the regulations, according to
Uvacek. All meats and meat pro
ducts shipped in interstate com
merce must be prepared in es
tablishments operated under the
terms of the Federal Meat Inspec
tion Act, he adds.

Enough Problems

The Fond du Lac, Wisconsin,
Commonwealth Reporter says:
"The government has enough busi-
ness problems without trying to
sell electricity. The yearly post-
office deficit is just one exam-
ple. Private enterprise has been the
mainstay in our country's growth.
We see no reason why the govern-
ment should try to take over a
successful private enterprise
like the utility industry."

Their Wishes Will Eventually Be Granted

"Medicare may be something
the people want. If that's the case,
eventually their wishes will be
granted. But there seems to be
something wrong with blaming de-
feat of one proposal after another
on the lack of a big enough ma-
jority in Congress. The thing that
defeated bills have in common
is that they call for more govern-
ment direction of the lives of
American people." — Riverton,
Wyo., Ranger.

McBeath Leads in Capture of Liquor in Paris Last Week

Paris, Texas—A high-speed auto
chase Monday night resulted in
the apprehension of a liquor viola-
tor and the confiscation of the
largest number of bottles of bond-
ed liquor in Lamar County in quite
awhile, announced Sherman Mc-
Beath, State Liquor Board Super-
visor here.

McBeath and Harry Hubbard,
an inspector for the board, began
chasing the subject, Albert Jones
of Rt. 1, Powderly, near Reno.
The chase proceeded west from
Reno and continued through down-
town Paris and ended at Petty.

On highways, speeds of well
over 100 miles per hour were
reached, and through town their
speed was 60 to 70 miles per
hour, the officers said.

The chase ended when a hole
was shot into the gas tank of
Jones' 1957 Chevrolet and his en-
gine also began to overheat.

The liquor was in lugs of from
three to six bottles.

Charges of possession of liquor
for sale in a dry area were filed
against Jones, and he is out on
bond.

Highway Patrolmen and Sher-
iff's officers headed for the area
with the thought Jones might turn
off the highway and head another
direction, but the hole in his fuel
tank and the hot engine brought
an end to the incident. One wit-
ness who saw the two cars zip
through town said they were sepa-
rated by about 100 yards.

USDA Discovery May Aid in Control of Boll Weevils

Cotton boll weevils will feed
on almost anything that has been
dipped in a newly discovered ex-
tract of the cotton plant. Accord-
ing to Joe Burkett, County Agent,
the substance that makes the cot-
ton squares appetizing to boll weevils
was found in a water extract
for the first time by two U. S.
Department of Agriculture ento-
mologists.

The extract, when applied to
cork stoppers, green beans, wood,
and other unlikely substances at-
tracted the weevils that normally
feed on only cotton squares and
bolls. The scientists call the sub-
stance an "arrestant" and say that
though it will not draw weevils a
long distance, they feed on any-
thing close to them containing
the extract.

Tests are now underway to see
if the substance can induce the
weevils to feed and to lay their
eggs on plants other than cotton.
If this can be done, it may be
possible to substantially reduce the
boll weevil population, because
weevils have rarely been known
to survive on any plant except
cotton.

Also, chemists are carrying on
research to identify the arrestant
chemically which might make it
possible to produce a synthetic
substance or breed cotton which
does not contain the substance.

Scientists believe that this dis-
covery could lead to a new method
of controlling this insect that an-
nually adds 5 to 7 cents per pound
to the price of producing cotton.
The number one pest of cotton,
it has caused an estimated \$10
billion worth of damage since it
first entered the U. S. in 1892.

Texas Personal Income at Record High in 1961

Personal income, the most com-
prehensive gauge of consumer pur-
chasing power available on a state
basis, totaled \$414 billion for the
country as a whole in 1961, a
rise of \$15 billion, or 4 per cent
over 1960 according to Harry C.
Meyers, manager of the Dallas
field office of the U. S. Depart-
ment of Commerce.

Nationally, per capita income
last year amounted to \$2,263 or
2 per cent above the previous re-
cord of \$2,215 attained in 1960,
Mr. Meyers stated.

In Texas, the rise in personal
income was up 6 per cent in 1961
over 1960, against the rise for
the nation of 4 per cent. Total
personal income for Texas in 1961
was \$19.5 billion, up a billion
dollars, from \$18.5 billion in 1960.

Details on personal income for
1961 are presented in the August
issue of the Survey of Current
Business, copies of which may be
obtained from the U. S. Depart-
ment of Commerce, Dallas Field
Office, 500 South Ervay Street,
Dallas 1, Texas.

Census Figures

The latest U. S. census figures
show that 79 per cent of farm
operators own all or part of their
land—a record high since the
government began gathering such
information in 1880.

Miss Danny Callaway Becomes Bride of Stanley Price Hulen

Double ring wedding vows were exchanged Friday evening at 6 o'clock in the Colonial Hill Baptist Church in Snyder by Miss Danny Darlyne Callaway and Stanley Price Hulen.

Dr. Jimmie Nelson officiated before an altar centered with a brass arched candelabra holding 15 cathedral tapers. Palms and bursts of greenery were used in the background. Also accenting the archway were brass floor standards filled with gold and bronze fugli mums. Other burning tapers in crystal cups were on either side of the altar.

Cocoa satin bows with green and yellow croton leaves accented the pews.

Mr. and Mrs. Dan E. Callaway, 2311 42nd St., and Mr. and Mrs. S. P. Hulen, 2214 41st Street, Snyder, are parents of the couple. The bride is a granddaughter of Mr. and Mrs. Claude Callaway of Crowell.

Ralph Wesson, organist, accompanied Mrs. Willard Dellis who sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a white satin full-length sheath, fashioned with

long sleeves ending in points over the hands, chapel length train, rounded neckline trimmed in Chantilly lace appliques and seed pearls. The train was accented with seed pearls. The gown was made by the bride's mother.

Her shoulder length veil of silk illusion fell from a crown of pearls and orange blossoms. For something old she wore a watch belonging to her grandmother, borrowed, a wedding handkerchief belonging to Mrs. Willard Dellis, and a blue garter the groom's mother made. She wore a penny in her shoe minted the year of her birth.

She carried a cascade of queenly white stephanotis and green accents of ivy with a center of ivy florets and white Cattleya orchid, on a prayer book.

Mrs. Billy Murphy of Abilene was matron of honor. She wore a brown satin street-length dress fashioned with scoop neck, elbow length sleeves, briefed bell skirt and matching shoes. Her pill box hat of brown satin held a bouffant veil.

She carried a bronze and gold crescent bouquet of Peruvian lilies and fugli mums backed with a contrast of greens and yellows of croton leaves.

Bridesmaids were Miss Pamela Haigwood and Miss Sherene Gladson, both of Snyder. They wore dresses fashioned as the matron of honor only in deep gold satin with matching headpieces and shoes. They carried flowers identical to that of the other attendant.

Mr. Hulen attended his son as best man. Terry Lee of Lubbock and Jerry Fleming of Snyder were groomsmen. Ushers were Bubba Fleming of Snyder, Bax Callaway and Kinne Callaway, brothers of the bride, and Billy Murphy of

Abilene.

The bride's mother wore a beige silk suit with brown patent accessories. The groom's mother wore an avocado silk shantung dress with black accessories. Both wore corsages of fugli mums and croton leaves.

A reception was held in the home of the bride's parents. The table was laid with a beige cloth over brown underlining. Appointments were in crystal and silver.

Miss Sherene Gladson presided at the three tiered wedding cake topped with wedding bells, and Miss Pam Haigwood, ladeled punched. Miss Frances Billingsley registered guests at the wedding.

The couple will make their home at Lubbock Mobile Lodge, 2232 Auburn, Lubbock.

The bride is a 1960 graduate of Snyder High School and attended Draughon's Business College, Lubbock. The groom is a 1959 graduate of Snyder High School and a senior at Texas Tech, majoring in geology.

Out-of-town guests were from Crowell, Amarillo, Richardson, Big Spring and Turkey.

Mr. and Mrs. Clyde Self of Thalia Honored on 40th Anniversary

A dinner was given in the home of Mr. and Mrs. T. R. Cates Jr. in Thalia Sunday, Sept. 9, honoring Mrs. Cates' parents, Mr. and Mrs. Clyde Self, on their 40th wedding anniversary. The occasion was also honoring the 18th wedding anniversary of the Cates' brother-in-law and sister, Mr. and Mrs. Dalton Ralback of Amarillo, and the birthday of her brother, Coleman Self of Amarillo, the three anniversaries falling on Sept. 9.

Guests included the entire family of the W. C. Sells and also a sister of Mr. Self. They were Mr. and Mrs. W. C. Self, Mr. and Mrs. Dalton Ralback, Barbara, Bill and Scott, Amarillo; Mr. and Mrs. Garnet Gilbert and children, Toni and Cheryl, Sherman; Mr. and Mrs. Elmer Laurance and Lauri, Wichita Falls; Mr. and Mrs. Coleman Self and son, Mark, Amarillo; Mr. and Mrs. Marshall Messick, Vernon; Mr. and Mrs. T. R. Cates Jr., Mike, Terri and Pat, and Mrs. Maggie Capps.

The table was lovely with its centerpiece, an arrangement of pink roses, and its beautifully decorated anniversary and birthday cakes.

Movie cameras and Polaroids were in action throughout the afternoon. All visitors were week end guests except the Ralback family, who came Sunday morning, and Mrs. Capps of Thalia.

Other visitors in the afternoon were Mr. and Mrs. Duane Capps, Harletta and Marshall, of Vernon and Buzze Gamble of Lockett.

Bridal Shower Compliments Mrs. Jimmy Dean Werley

Mrs. Jimmie Dean Werley, formerly Miss Patricia Ann Prosser, was complimented with a lovely bridal shower Friday afternoon, Sept. 7, at the Community Center.

Mrs. Andrew Calvin greeted guests and presented them to the honoree; her mother, Mrs. J. C. Prosser, Mrs. Alice Werley, mother of the groom, and Mrs. Henry Ross, maternal grandmother of the bride.

Mrs. Werley wore a black shantung box jacket suit and a white carnation corsage, gift of the hostesses.

The serving table was beautifully decorated with silver and crystal appointments on a white cut-work table cloth over blue. The silver candelabra with white mums and silver blue grapes carried out the chosen colors of the bride. Serving the punch were Miss Roxie Adkins and Mrs. Bill Dedek.

Mrs. Bob Martin of Abilene presided at the register table with the white and blue color scheme carried out with candles and mums. Guests registered in a white guest book accented with silver lettering.

The honoree was presented a Corning Ware skillet set from the hostesses.

Hostesses in the display room for the many lovely gifts were: Mmes. Henry Borchardt, Milburn Carroll, James Sandlin, Archie Campbell, Marvin Myers, Ed Huskey, Hulen Monks, Percy Taylor, John Cogdell, Milton Hunter, Andrew Calvin, Grover Cole, Cecil Carpenter, John Wright, and Miss Roxie Adkins.

Methodist M. Y. F.

The Crowell Methodist M. Y. F. met Sept. 5 at 7 p. m. Mrs. Howard Ferguson led in a number of songs. M. L. Speer gave the program. Refreshments were served to 11 members, 2 new members, 2 visitors.

M. Y. F. will meet every Wednesday night at 7 o'clock in the Men's Sunday School building. Everyone is invited.

Adelphian Club Has Annual Gentlemen's Evening Thursday

The annual Gentlemen's Evening of the Adelphian Study Club was held at the Community Center Thursday, Sept. 6. Mrs. Bob Thomas, president, presided, and Bert Ekern gave the invocation. Henry Black, Principal of Crowell High School, spoke on some highlights "interesting to women" of his recent tour of Europe. He toured ten countries this past summer. He did not go under the auspices of a guided tour, but traveled on his own agenda and found most interesting traveling companions along the way.

Mr. Black's flight over was by jet, and then he went by train, boat and bus when visiting the countries of Holland, Belgium, France, Italy, Switzerland, Austria, Germany, England, Spain and Portugal. He did not find too much of a language barrier, as he said the majority of people he met could speak English; but he did say the money exchange was quite a problem. Two rather interesting points he made was that it was very difficult to find water to drink, as the Europeans "think water is only for bathing" and that soap was really scarce. The weather was cool and he wore his winter-weight suit until he got to the Southern countries. Everything was green and there were beautiful flowers everywhere. He found Western Europe's industries flourishing and there were few or no signs of World War II devastation remaining.

Whenever the opportunity presented itself, Mr. Black would inquire of the Europeans what they thought of the United States, and was pleasantly surprised that those he talked to liked America and even had hopes of living here. He received the impression that though the Berlin wall is a terrible thing, it is bringing out pointedly the tyranny of communism, and that the impacts and ideology of democracy are stronger than ever because of it.

In conclusion, he summed up what it meant by being an American and traveling in Europe by quoting part of the Star Spangled Banner.

Hostesses for the event were Mmes. Henry Borchardt, Gordon Erwin, DuWayne Elliott and Bert Ekern. About fifty members and husbands were present.

Columbian Club Begins New Study Wednesday, Sept. 5

On Wednesday, Sept. 5, Mrs. R. J. Thomas entertained members of the Columbian Club at its first meeting of the calendar year. The president, Mrs. Gerald Knox, presented each member with a yearbook and Mrs. N. J. Roberts asked the group to give the calendar committee a rising vote of thanks.

Following the pledge of allegiance, Mrs. Thomas gave the devotional which, together with the program under the direction of Mrs. Grady Halbert, aptly introduced the new course of study, "Facing the World Today."

The first number on the program was a report on the Oklahoma Christian College Citizenship Seminar held at Oklahoma City in July. Miss Pat Brown, a student in Crowell High School, represented the Foard County Farm Bureau at this seminar. She was chosen for this honor by the school faculty because of her outstanding scholastic and character qualifications. Miss Brown gave a most interesting and enlightening discussion of the lectures and activities of her five day meeting at the college. It is to be hoped by the Columbian Club that other clubs and organizations will be privileged to hear this talk by Miss Brown.

Mrs. Halbert concluded the program with an excerpt from Harry Emerson Fosdick's book, "Dear Mr. Brown," in which the author explained why he refuses to be pessimistic despite present tormented world situations. Dr. Fosdick listed several thought-provoking points which were encouraging, especially in view of recent uprisings in Berlin and current events taking place in Cuba.

The hostess served refreshments to Miss Brown and club members following adjournment of the meeting.

Lingerie Shower Honors Recent Bride

Mrs. Ann Wishon and Mrs. Charlie Wishon were hostesses for a lovely lingerie shower in their home for Miss Patricia Prosser, recent bride of Jimmie Dean Werley.

The table was laid with a white cut work table cloth with crystal appointments. The centerpiece of white and blue carnations on a white tree featured miniature lingerie articles. Guests were served

punch and cookies by Mrs. Ed Roark.

Registering guests was Miss Diane Roark in a white gift book with silver letters. The book was presented to Miss Prosser as a gift from the hostesses.

Many beautiful articles were displayed in the gift room by the hostesses. A lovely nylon pajama set was given the honoree by Mrs. Wishon and Ann.

Pioneer Circle

The Methodist Pioneer Women's Society of Christian Service met Monday afternoon, Sept. 3, in the home of Mrs. Clarence Bounds as hostess.

Mrs. R. J. Thomas was in charge of the program. She read as her devotional from Psalms, Luke and Mark. The hymns sung were "Oh Happy Day" and "Wonderful Words of Life." Mrs. John Fitzgerald then led in prayer.

Mrs. Thomas' program subject was "Missions in the Modern World." This was presented in a group discussion in the most interesting way. The women taking part were Mrs. Allen Sanders, Mrs. J. N. Ribble, Mrs. Fitzgerald and Mrs. Bounds.

The closing prayer was led by Mrs. Ribble. Refreshments were served to eight members.

Lydia Class

The Lydia Sunday School Class of the First Baptist Church met in the church basement for a social September 4 at 7:30 p. m. The president, Mrs. A. L. Tanner, presided for the opening session. Then the program was presented by Dr. and Mrs. Walter H. Stapp. As slides were shown on various parts of Germany, interesting comments were made by the Stapps.

Delicious refreshments were served by the hostesses, Mrs. Ed Gafford and Mrs. Tanner, to class members and their families.

Referendum on
Lamb and Wool
Agreement Set

Secretary of Agriculture Orville L. Freeman, July 27th announced a referendum among wool and lamb producers during the period September 10-21 to determine their approval or disapproval of a new agreement with the American Sheep Producers Council, Inc.

This agreement would continue the financing of the Council's advertising, promotional, and related market development activities on lamb and wool through deductions from wool payments for four more years, as authorized in last summer's extension of the National Wool Act.

Secretary Freeman announced that if producers approve as determined in Section 708 of the act, he will sign the agreement with the Council. Similar referendums were held in 1955 and 1959, in which producers approved agreements with the Council, providing for deductions from wool payments for the 1955 through 1961 marketing years.

Outcome of the referendum will not affect continuation of the payment program under the four-year extension last summer of the wool act to producers on marketings of shorn wool and unshorn lambs during the 1962 through 1965 marketing years.

The new agreement provides for a continuation of deductions from incentive payments on shorn wool and from payments on unshorn lambs made to producers under the National Wool Act for the 1962, 1963, 1964 and 1965 marketing years.

Under the previous agreements, deductions have been made from payments at the rate of 1 cent per pound for shorn wool and 5 cents per hundredweight for lambs. Under the new agreement, the deductions cannot exceed these rates. Funds obtained from the deductions from wool program payments will be used as in the past to finance the council in its activities to enlarge or improve the market for products of the industry.

All producers who have owned sheep or lambs, six months of age or older, for any one period of at least 30 days since Jan. 1, 1962, will be eligible to vote. Each producer will report the number of sheep and lambs on his ballot.

Ballots will be distributed to producers by mail prior to the voting period. Ballots may be voted during the period, Sept. 10 through Sept. 21. The two-week period of voting is aimed at encouraging participation in the referendum by as large a number of sheep producers as possible. Preliminary referendum results will be announced late in September.

Producers who have owned sheep or lambs, six months of age or older, for any one period of at least 30 days since January 1, 1962, who do not receive a ballot by mail may call at the ASCS office and receive a ballot.

"All business entertainment in the home must be substantiated with fact. Acceptable records should show the type of entertainment—cocktail party, cook-out, dinner, and even the business connections of all guests entertained. Invoices or checks for liquor for home consumption will not support a deduction unless business connection and full details of actual entertainment are recorded," he said.

Campbell emphasized that home entertainment like other forms of entertainment expense, must be "ordinary and necessary for production of business income."

And how about membership in the Podunk Country Club and the proper recording of its attendant expenses for entertainment purposes?

To meet the strict record keeping requirements of Uncle Sam's tax collection agency, club dues are deductible only to the extent that a business connection can be proven.

Adequate records of business entertainment expenses at the club should be kept along the lines of "why," "who," "when," "how much," "where," and "how paid."

Indictment to the
American People

J. Edgar Hoover of the FBI reports: "The massive avalanche of crime sweeping our nation today is a shocking disgrace and a broad indictment of the American people. The recently released Uniform Crime Reports reveal some 1,926,090 serious crimes were committed in 1961, topping the all-time high record of the previous year by 3 per cent. During the past five years, crime has outstripped the growth of population 5 to 1."

They Met the Boat

From the Hardy, Arkansas, Independent: "What your ancestors did is not what counts. It's not what they were, but what you are. A snooty old lady once asked Will Rogers, who was part Indian: 'Did your parents come over on the Mayflower?' 'No, Mam,' Will replied, 'they met the boat'."

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin, Tex.—Texas' new sales tax was one year old on September 1.

First year's income averaged some \$2,870,000 a week, or a total for the first 12 months of approximately \$149,000,000.

Robert S. Calvert, State Comptroller, says "I think the general public has accepted it quite well." Despite years of pro and con arguments in the legislature and by political candidates, concerning the sales tax, the first year's operation was generally harmonious.

One of the exceptions is a court ruling that Calvert cannot collect the 2 per cent tax on total receipts from sales of less than 25 cents. This ruling is on appeal.

Legal Notice

THE STATE OF TEXAS
TO: DAVID EARL RUSH.
GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 22nd day of October, A. D. 1962, at or before 10 o'clock A. M., before the Honorable District Court of Foard County, at the Court House in Crowell, Texas.

Said plaintiff's petition was filed on the 17th day of October, 1961. The file number of said suit being NO. 3230.

The names of the parties in said suit are: Barbara Rush as Plaintiff, and David Earl Rush as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce and custody of minor child.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 3rd day of September, A. D. 1962.

Given under my hand and seal of said Court, at office in Crowell, Texas, this 3rd day of September, A. D. 1962.

CORNELIA McDANIEL, Clerk, District Court, Foard County, Texas.

(SEAL) 9-4tc

Another court has ruled that natural gas and electricity used in laundry and dry cleaning businesses should not come under the sales tax. This too is on appeal.

Calvert says that even though the collections for the first year are some \$10,000,000 to \$12,000,000 shy of the expected \$160,000,000 he was pleased with the success of the first year's program. "We ended with a cash balance of \$21,851,694.00 in the general fund, anyway," he pointed out, "but we were back in the red within a few days."

Reason was that the very next day \$40,000,000 went into the Teachers' retirement fund—and the state's main bank account went into the red again. This time to the tune of \$19,459,359.00.

He indicated that audits of the various businesses responsible for collection of the tax would be in full swing before long. Then auditors would help clarify a lot of misconceptions.

TEXTBOOK CONTROVERSY

—Texas State Teachers Association has broken its silence on the textbook controversy to warn that the next session of the legislature may bring attempts to put the burden of school book purchases back on the individual parent.

Some school leaders regard the attacks on textbooks as essentially an attack on the public school system, says TSTA.

Texas furnishes textbooks at a cost of less than \$4 a year for each child. If parents bought the books, the cost would be approximately \$30 for each child.

NEW AUTO STICKERS—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, says the new car inspection stickers released this week are of a new type.

Garrison described them as "dry mount decals which we believe will adhere regardless of weather conditions."

More than 5,000,000 vehicles will need safety inspections between now and April 16, 1963.

DRY TIMES—The U. S. Department of Agriculture and the Weather Bureau hailed the rains which finally came to some sections of Texas last week.

Scorched pastures in East Tex-

as, the Northern Blackland and Low Plains counties got a drink, and some greenness was seen again.

But the range situation is described as "critical" throughout South Texas, the Edwards Plateau and the Trans-Pecos regions, where it remains very dry.

POLIO FIGHTERS—There are signs that the polio epidemic is abating.

Only three new cases of paralytic polio were reported last week. They were in Cameron, Harris and Lubbock Counties.

Anti-polio treatments continue to be applied on a mass scale, with the opening of schools, in an effort to completely wipe out this scourge.

However, there have been 193 cases in Texas this year. During the first eight months of last year there were only 50 cases.

WILSON SAYS NO—Published reports that Atty. Gen. Will Wilson would run in 1964 for the Railroad Commission, against Commissioner Ben Ramsey, were scotched.

The man who should know—Wilson himself—said he plans to open a law office in Austin. He said he had no future political plans, and that he positively will not be a candidate for railroad commissioner.

MORE MACHINES—If you don't like the way your new highway is built, there's nobody you can blame it on.

A machine probably figured it out.

State Highway Department has added a computer to work out problems of highway design, hydraulics, earth work, land measurement and traffic signalization. The gadget can read and interpret 8,000 cards a minute from a tape.

Things were simpler in Austin when people ran the government.

EXPERT SPEAKS—Austin MacCormick of New York, the expert on penitentiaries whose recommendations led to reform of the Texas Prison System a decade ago, came to Texas to take a look at the Texas Youth Council's reorganization.

He headed for New York full of praise for improvements at Gatesville and Gainesville State Schools.

MacCormick particularly praised the new Mountain View School at Gatesville, where the toughest boys are separated from the first offenders. He said it was an "Alcatraz," but a place where the boys with more problems can be given special attention. At the same time, their influence is removed from the younger boys.

But the expert warned that Texas needs a place for boys who are dependent and neglected, but not yet delinquent, to save them from becoming delinquent.

Too many boys who belong in foster homes are being committed to schools for delinquents, giving them an undeserved stigma, MacCormick said.

He particularly urged the establishment of a State home for Negro boys in this category.

SEED LAB—A third official seed testing laboratory has been established in Texas.

John C. White, Agriculture Commissioner, reports that the State Department of Agriculture and Stephen F. Austin College jointly have set up a new laboratory on the college campus in Nacogdoches.

Other laboratories for testing seeds to determine purity and germination time are operating at the Agriculture Department's main office in Austin and at Lubbock.

More than 60,000 samples of seed are tested yearly by White's agency, as a means of assuring Texas planters that they are getting what they pay for when they buy seeds.

Tags on the bags show the content in weed seed and the percentage of the seeds which germinate.

TREASURY AUDIT—Although one part of the state treasurer's office in the Capitol has bars on the entrances, the state does not keep its \$2,500,000,000 annual income there.

Jesse James, State Treasurer, has sent an audit to Gov. Price Daniel showing that the state's money is on deposit in 1,619 separate accounts in 840 banks.

Capitol vault contains only petty cash and time warrants held by the treasurer.

LAW OVERHAUL—A State Bar of Texas committee is recommending to the 1963 legislative session the first full-scale revision of criminal court procedure in Texas history.

If the Legislature proves receptive, the state's criminal law, as well as procedure, may undergo extensive legislative scrutiny.

as a result of scandals which have shaken the state this year.

STILL UNDER FIRE—Five top state officials are still under fire from Giles E. Miller, Dallas attorney, who seeks to stop payment of their salaries.

Miller says he will appeal an adverse state court decision in his effort to compel more equal legislative redistricting in Texas.

DEMO FUND-RAISER—Clyde Johnson, executive director of the State Democratic Executive Committee, has announced the appointment of Marvin Watson of Daingerfield to head the party's fund-raising dinners in El Paso on September 17. Watson is a member of the SDEC.

Short Shorts
State Parks Board has approved working drawings of an amphitheater planned for Palo Duro Canyon State Park.

Legislators looking to the work of the next regular session say prospects are favorable that the 1963 Legislature will ratify the proposed constitutional amendment to eliminate the poll tax as a requirement for voting.

A tour by Texas insurance officials, to study other state's automobile coverage plans, may pay off in helping Texas draw up a new plan soon, says the State Insurance Board.

A 1960 opinion by Attorney General Will Wilson that taxing agencies cannot seize a family car for delinquent taxes, on the ground that the car is part of the homestead, has been reaffirmed by his office.

Texas collected \$9,056,161 in cigarette, liquor and wine taxes during August, reports Jesse James, State Treasurer.

Attorney General Wilson has announced the resignation of two of his top staff aides. Both Henry G. Braswell, head of the escheat division, and Houghton Brownlee Jr., executive assistant, will enter private practice of law.

Texas residents should check financial statements of insurance companies not licensed in Texas before buying from them, William Harrison, Texas Insurance Commissioner, has warned.

Predictions are that Sen. Chas. F. Herring of Austin probably will be chairman of the important Senate Finance Committee next year if Sen. Preston Smith, the Democratic nominee, wins the Lieutenant Governor's race in November.

The much "shaken up" State Insurance Department is now experiencing a case of nerves for different reasons. Sonic booms from supersonic jets have generated pressure waves which have blasted out several glass panes in the modernistic new building near the Capitol.

As of now, not considering the possibility of some Republican victories in House races next November, there will be 59 new members of the lower branch of the 58th Legislature which convenes in regular session next January.

A committee of the Texas Branch of the American Society of Civil Engineers proposes that farmers and ranchers be required to get permits from the Texas Water Commission to build small stock ponds of less than 200 acre feet capacity.

Two Minutes With the Bible

"All for Us"

Have you ever thought how much God has done for us in Christ?

In Rom. 8:32 we read that to save us from sin, God "spared not His own Son, but delivered Him up for us all." In Tit. 2:14 we are told that Christ "gave Himself for us, that He might redeem us from all iniquity. . . . In Rom. 5:8 the apostle declares that "while we were yet sinners, Christ died for us." Gal. 3:13 says that Christ was "made a curse for us."

Heb. 9:12 states that "He en-

tered . . . into the holy place (the presence of the Father) and obtained eternal redemption for us." And if we trust Him for "eternal redemption" we may further in Heb. 9:24 that "He is not entered into the holy place made with hands . . . but into heaven itself, now to appear in the presence of God for us."

8:34 asks who can condemn a believer in Christ since He is "at the right hand of God?" "maketh intercession for us."

Heb. 6:20 declares that Lord entered the Father's presence "for us as our Forerunner, that we should follow Him."

Heb. 10:19,20 therefore encourages believers to come to the Father, boldness to enter the holiest by the blood of Jesus, a new and living way.

Just think how much God has done for us in Christ. He died for His beloved Son to death, us, Christ gave Himself for us, as our Forerunner, to enter the throne of grace to "have mercy, and find grace to have time of need" (Heb. 4:16). God be for us, who can be against us?" (Rom. 8:31).

Business Plagued by Internal Dishonesty

American business is experiencing the most shocking wave of internal dishonesty in the history, according to Norman Pan, head of a New York management engineering firm and author of "The Thief in the White Collar." Employees are stealing more than \$4 million in cash and merchandise from their companies working day, and this is only a small part of the overall loss. The major reason, Mr. Pan says, lies in failure of top management to keep informed of what is going on.
