USO Wheat Broadcast Closes Wheat Festival Week

Wheat Yield Estimate Up as Harvest Gets Under Way

Region Chairman E. B. Germany To Speak to the Nation from Perryton Saturday Evening

E. B. Germany of Dallas, Texas state chairman of the Democratic party and regional chairman of the USO for Texas, Oklahoma, Arkansas and Louisiana, will be the principal speaker on the Wheat Festival program Saturday evening concluding Perryton's first Wheat Festival Week. Mr. Germany's address will be broadcast over the Texas State Network which includes over one hundred radio stations in Texas and adjoining states. His talk will start promptly at eight o'clock, from a platform to be erected on Main Stree.

rants in Wheat Queen Contest

tured above are five of the entries in the Wheat Queen con- to be held in conjunction with Wheat Festival Week being d in Perryton. On Saturday evening the queen will be crowned gigantic spectacle and program. In connection with the Festival e drive for wheat donations tor Ochiltree County's quota for United Service Organizations. In the upper picture, reading o right, are: Margaret Benton, on the ground; standing on ine, Magdalena Vermillion, Joan Dillingham; sitting on combine, Lou Herndon, Marcelia Frittz. In the middle picture are the five girls, together with W. H. Lance, secretary of the Perry- Chamber of Commerce, who is directing the activities of the al. In the bottom picture appear the members of the Wheat n committee, who are, left to right, Elizabeth Huffhines, Bette , Opal Foglesong, chairman, and Sara Robinson. These scenes taken in wheat fields in the Perryton area.

Is Averaging Fifteen to Twenty Bus.

Amos Schuster Sells First 1941 Wheat to Perryton Elevators

With more combines getting into the fields every day, crop yield reports indicate that the yield is going to exceed estimates of last week when some placed damage from worms, rain and wind as high as fifty percent. Among the big scale operators that are now cutting are Audie Conley, O. A. Schuster, Carl Ellis, John Pletcher, L. L. Swink and S. L. Brillhart.

Most of the wheat now being cut is Early Black Hull and the yield is running from 15 to 20 bushels although some fields are going better than 30 bushels to the acre. The test is low, 51 to 58, with 12 to 16 per cent moisture content.

Barring general and continued rains, the harvest will be in full swing by July 1. All wheat coming into Perryton elevators is going into storage.

To O. A. Schuster of the Huntoon community goes the honor of marketing the first 1941 wheat in Perryton. He delivered wheat to the Perryton Equity Exchange and Ellis Grain Co. last Thursday afternoon. Several cars of 1941 wheat have been shipped from county elevators.

Last Half '40 Taxes Due

The last half of 1940 Taxes are due on or before June 30. The last half of 1940 taxes may be paid at a considerable saving, provided the first half has previously been paid. After July 1, penalty and interest will be added.

Also your delinquent 1940 taxes may be paid at a saving this month. It will be to your advantage to make arrangements to pay your taxes on or before June 30. Statements of taxes will be furnished to property owners on request, stated Fred Huston, deputy assessor and tax collector of Ochiltree County.

Wheat Festival and USO Wheat Campaign Gets Perryton Area Nation-wide Publicity

Perryton will be before the eyes of the nation whenever wheat is discussed following the publicity campaign given America's first Wheat Festival to be held Saturday.

Not only will every USO committee in the nation know of Perryton's unique idea of donating one bushel of wheat for each man, woman and child in Ochiltree county, but every newspaper reader will have had the opportunity to associate Perryton, Texas with wheat and the USO. Press releases were fed the nation through Associated Press, United Press and International News Service leased wires not only from Perryton but through the USO publicity headquarters.

Realizing the Wheat Festival publicity will benefit Ochiltree county long after the festival program Saturday, the publicity committee realized the southwestern area would be most impressed with

Second Draft Registration On July 1

Men Reaching 21 Will Register at Courthouse

Every man in the State of Texas, who has attained the 21st anniversary of the day of his birth subsequent to October 16, 1940, and before midnight July 1, 1941—with a few specific exceptions made by Congress—must register with his local Selective Service board on July 1, General J. Watt Page, State Director, said today.

Ochiltree County young men will register at the local Selective Service office, which is located in the jury room of the Courthouse, in the southeast corner, the second floor.

Aliens, as well as American citizens, who are 21 years old on July 1 must be registered, General Page emphasized. He pointed out that aliens between the ages of 21 and 36 years, who have come to the United States since the first registration on October 16, 1940, and

Moisture Totals .47 This Week

Rainfall during the past week amounted to .47 inch, bringing the total precipitation for June today to 1.64 inches. On Sunday morning, June 22, moisture measured .39, and on Wednesday, June 25, the rainfall was .08. These figures were furnished by the Soil Conservation Service.

Everyone is hoping that the moisture will hold off until after harvest as each shower damages the wheat. This week's rainfall, brought the total for 1941 to 13.20 inches. During 1940, the total rainfall was only 15.02, with 8.34 inches for first six months.

Many Violate Traffic Laws

Despite the fact that city officials served notice that the license numbers of all cars violating U-turn and stop sign regulations at the intersections of Main street and Second and Third Avenues, 358 violators were listed by checkers Saturday.

This was not much of a decrease from the Saturday before when more than 400 cars failed to observe regulations. Of the violations last Saturday, 232 were Ochiltree county cars, 44 carried Oklahoma plates and 83 were commercial licenses and from other states.

A list of those that violated the rules governing U-turns and stop signs is published elsewhere in this issue. The City is giving final notice that hereafter, offenders will not get off with merely taking their number but that they will be arrested and fined.

The city officials point out that traffic laws are safety measures and for safety's sake they are going to be enforced.

Employment Service Opens Office Here to Assist Farmers and Workers

The Texas State Employment Service opened Monday morning a temporary office in Perryton for the third year. Clay Beaver, manager of the Borger area, announces that the purpose of the Service is to assist farmers in the vicinity of Perryton in securing labor, machinery and equipment that will be needed in harvesting this year's wheat crop.

The office, located in the County Welfare Office, 523 South Main street, is in charge of P. R. House, whose telephone number is 289 or 377.

All farmers, grain operators or others, needing workers in harvesting wheat or other farm crops, are requested to place their orders with Mr. House by telephone, mail or personal contact. He will immediately begin the selection and referral of qualified workers.

Workers seeking employment in the harvest, or owner-operators of combines, trucks and tractors, who are seeking employment for their equipment, are also requested to let Mr. House know about it, and he will refer them to farmers needing their services.

If one of the three methods of making your wants known quoted above, is inconvenient to you, contact any of the elevators in the Perryton vicinity. They will be glad to contact Mr. House for you.

Mr. Beaver points out that there is no charge for this service to either the employer or to the worker. The Texas State Employment Service is affiliated with the United States Employment Service.

Hopper Poison Being Used

Approximately 30 tons of grasshopper poison has been mixed and distributed from the mixing station at Perryton. Generally satisfactory kills have been reported by the farmers using the bait. The hoppers are present in enormous numbers along the edges of many fields and in some cases have hatched out and are distributed over entire fields. The insects have reached the adult stage in some cases and may be expected to inflict heavy damage to barley and some late wheat by clipping off the heads. Severe damage to feed crops may also be expected after the small grain is harvested if the hoppers are not controlled by poisoning.

The mixing plant which is located at the southeast corner of the Court house square will remain open as long as there is a demand from the farmers for the poison. However, the demand ceased last year as soon as harvest started and it is possible that the plant will be closed down entirely during harvest.

KFDB Mobil Unit Here Saturday

Many visitors to Perryton Saturday will have their first opportunity to see a mobil unit radio truck in operation when KFDB, mobil unit, of KFDA, Amarillo broadcasts the address of E. B. Germany to the nation, commemorating the Perryton area's wheat donations to the USO.

The mobil unit is a complete broadcasting unit itself. It carries a high wattage transmitter, several hundred feet of microphone cable, and its antenna reaches skyward some 100 feet above the truck.

So compact is the unit that broadcasts are made while moving.

Kim Kimmell, popular roving re-

Story Hour at Library Two Mornings Weekly

Two mornings each week, the Children's Story Hour will be conducted at the Perryton Library in the City Hall. Until further notice, Mrs. R. L. Duke and her helpers will tell stories to the children on Tuesday and Saturday mornings at 9:30. Mothers are urged to send or bring their children to this educational entertainment.

USO National Publicity On "Perryton Idea"

That the nation will have its eye on Perryton Saturday night to learn of the first Wheat Festival ever staged and one that is being given for the USO, was made a fact Wednesday when E. B. Germany, principal speaker here Saturday and regional chairman for the USO of Texas, Oklahoma, Arkansas and Louisiana, told Mayor W. H. Lance, in a telephone conversation from Dallas, that the national headquarters of the USO in New York had released press stories on the Perryton idea to all the nation by the major leased wire services including AP, UP and INS.

White House Opens 'Texan' Home Sunday

The public will be given an opporunity Sunday, June 29, to inspect the "Texan" Home, built by the White House Lumber Company of Perryton. It is a six room house, built on the FHA plan, and will be open Sunday afternoon, states T. R. Murray, manager of the White House Lumber Co.

This beautiful little Texan bungalow has two bedrooms, a combined living and dining room, roomy kitchen with built-in cabinets and sink, special trimmed bathroom and a garage. It boasts a linen closet in the hallway in addition to regular bedroom closets.

Visit this new modern home at 804 Southwest Seventh street on Sunday afternoon.

Edwards' Toggery Remodeling Sale

Edwards' Toggery is holding a remodeling sale, which opens Friday, June 27. The sale will continue thru Saturday, July 12. Mrs. Edwards, owner of the Toggery, announces that she has sold an interest in the business to Mrs. Blansit Carter.

During this sale, Mrs. Edwards and Mrs. Carter are offering merchandise at real bargain prices in order to reduce the stock preparatory to completely remodeling and redecorating the store. Much new merchandise has been added to the stock the past two weeks.

Both owners will be active in the business. Edwards' Toggery, popular ladies store since the founding of Perryton, has, always specialized in high class merchandise, and will continue the same policy. Mrs. Edwards and Mrs. Carter invite the people of this community to make their store headquarters for ladies' ready-to-wear.

See their advertisement in this paper for prices and details of the sale.

Greys Meet Fast Amarillo Team Tonight

After winning one and losing one game over the week end the Perryton Greys are in fine mettle for their game tonight with the Dalby Truckers, Amarillo's fastest semi-pro baseball club. The Dalby team is under the management of "Skeet" Gibson, veteran Amarillo sportsman, and Gibson's ability to pick 'em and train 'em is well known in these parts.

His 1941 team is a smooth running aggregation and Bill Cayler and his fighting "Greys" will have their hands full tonight taking the measure of the boys for the Panhandle metropolis. The game will begin promptly at 8:45 p. m. under the lights at Fairgrounds Park.

Lose to Chicago Team

The Greys lost to the Palmer House, a colored team from Chicago, in a 12 to 6 game Saturday night. The negro team was probably the best baseball club that has ever appeared on a Perryton diamond. Johnson, Palmer House pitcher, with Patway catching, blanked the Greys for the first six innings, letting them have two runs in each of the 7th, 8th and 9th innings. The Greys garnered a total of 10 hits off the Chicago colored twirler.

Lefty Blair was on the mound for the Greys with Muir behind the plate. Blair was touched for 19 hits by the hotel boys. The Greys made three errors while four were chalked

JUST HERE and THERE

As we have said before in this department, we leaned toward Lyndon Johnson in the Texas United States Senatorial race but that when June 28 come around we were going to cast our ballot for the man who appeared to have the best chance to beat O'Daniel.

For several weeks Gerald Mann seemed to be the man that had that chance. But from the best information it now looks like Mann has slipped, that Dies hasn't a chance and that Lyndon Johnson with his great gains in all parts of the state is the only man that has a fighting chance to defeat the Governor.

So we are going to cast our ballot for Lyndon Johnson not only because we think he has a chance, but from the start we've honestly thought he's the best qualified of the whole bevy of candidates. So

Attend Conference

Rev. Leon Berry, Miss Polly Freeman, and Miss Winona Allen left Monday to attend a weeks conference for the young people of the Christian Churches from throughout the state. The camp is being held near Happy.

Perryton's Wheat Festival will begin at 1:30 o'clock Saturday afternoon with a band concert by the Perryton High School band under the direction of Glenn A. Truax. From that hour until late at night the people of the Perryton area will pay homage to the important role that wheat plays in national defense.

To Thresh Wheat on Street

Committeemen report that all arrangements are complete. There will be timely and colorful displays on the street and in the show windows of leading stores, using wheat as the principal decoration. Also on Main Street will be a display of the wheat harvesting methods from the scythe, on to the binder and header and then the modern combine of today. Actual threshing operations will be in progress.

America's Wheat Queen

Next comes another featured highlight in the crowning of the nation's Wheat Queen, a regal young lady to be selected from Panhandle royalty of gorgeous girls. This winner will have undisputed claim to the title of the nation's Wheat Queen and her picture will

See No. 1, Back Page

Wheat Queen Of America to Be Crowned

Everyone loves a beauty revue but when the contestants are from the Panhandle of Texas it becomes a headache for the judges to determine a winner. Such will be the case in Perryton Saturday when actual wheat farmers will judge the winner of a contest to determine America's Wheat Queen.

These farmerettes will be attired in any type costume they elect to wear. They will consist of gingham dresses perhaps; farmerette shorts, sports attire, and even brief overalls. You may wager these girls are as original in ideas as they are beautiful.

Late Wednesday twelve girls had entered the revue, and if you doubt for a moment how hard it will be to judge a winner, let's review the entrants.

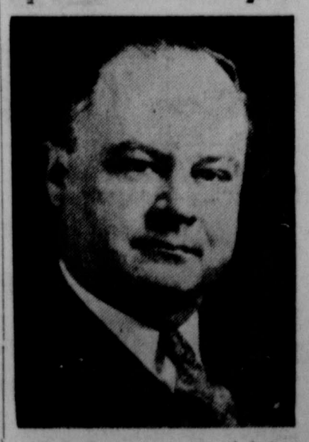

Miss Marcelia Frittz, winner of the Shamrock Colleen contest early this year, is one of the contestants.

Miss Margaret Farnsworth, winner of Miss Perryton title last August, Miss Buffalo Lake—1940 and Miss Lake Marvin—1941, will also compete.

Miss Patricia Arnold will be Miss

Speaks Saturday

E. B. Germany, regional chairman of the USO for Texas, Oklahoma, Arkansas and Louisiana, will make the principal address at the nation's first Wheat Festival to be held in Perryton, Saturday, June 28. Mr. Germany who is also state chairman of the Democratic party in Texas, will talk on Main Street at eight o'clock in the evening. His address will be broadcast over more than 100 Southwestern radio stations.

swers to Your Questions Regarding Purses, Organization and Operation of USO

the organization of the Ochiltree county chapter of United Service Organizations for National e and the announcements concerning the national drive for a $10,765,000 fund for the first operation, many are wondering just what itis all about.

Individuals will be given an opportunity to share in the forthcoming campaign in Ochiltree County during the Wheat Festival. Wheat donations are being asked for the Ochiltree County quota for the United Service Organizations. Wheat growers are being asked to donate wheat. Persons who do not raise wheat are asked to buy bushels of wheat to donate.

Perryton's first wheat festival is being sponsored by the Perryton Chamber of Commerce. All benefits go to the USO. Tom Ellzey ty chairman of USO. This campaign for the USO may raise certain questions: What is this cooperative body known as the U. S. O.? By whom is it backed? What are its plans, its aims, cies?

County Purchases Three Mowers

Weeds will be cut within a short time along all main roads in this county. The County Commissioners Court last Saturday purchased from the Perryton Implement Co. three John Deere tractors with mowers attached. Delivery was made to the county Wednesday.

This equipment will enable the county to keep the weeds under control along the highways. Operators have been secured and the mowers will be put into use immediately.

Fine Printing at reasonable prices at Stewart's.

Parity Checks Are Arriving

Ochiltree county farmers are receiving their 1941 parity payments Within the past eight days, 575 checks, amounting to $93,477.32, were received at the office of E. W. Thomas, county agent.

These checks are paid farmers for 1941 compliance in the AAA program. Approximately one-half of the checks for this county had been received on Wednesday evening.

Texas Voters Will Elect United States Senator, Saturday, June 28

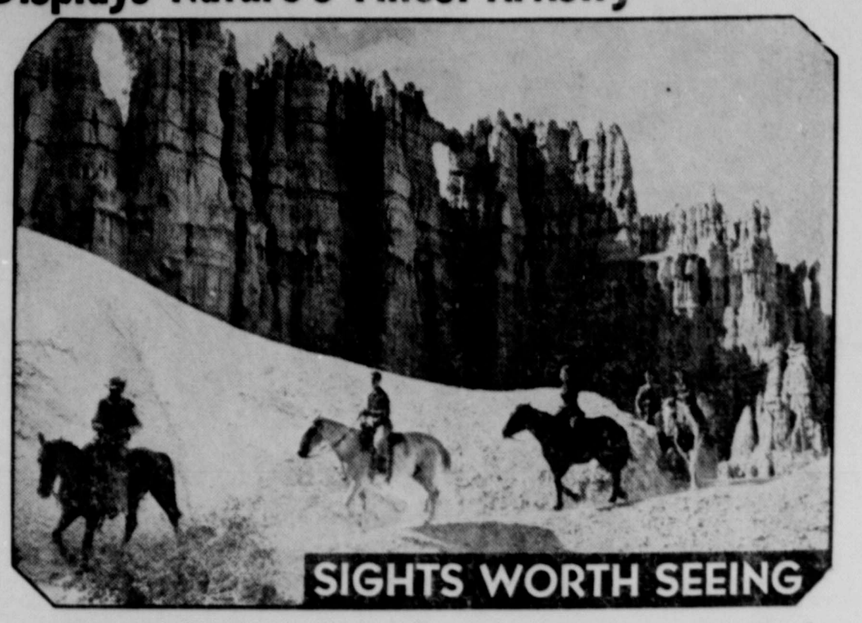

Texas will select a man Saturday, June 28, as United States Senator to fill the unexpired term of the late Morris Sheppard. Absentee voting colsed today with few casting an absentee ballot, according to County Clerk I. R. Buchanan.

The official ballot contains the names of 27 candidates. However, from all reports and polls taken, four candidates will receive the bulk of the votes. The four major contenders for the office are: Lyndon B. Johnson, Gerald C. Mann, Martin Dies and W. Lee O'Daniel.

Polls will be open in every precinct in the county from 8 a. m. to 7 p. m. All rules and regulations pertaining to regular elections apply to this special election. Election precincts and judges are as follows:

1, Courthouse: G. I. Horne, R. H. Daley; 2, Huntoon: D. D. Hummer, B. B. Hurter; 3, Lone Tree: John Pletcher, R. H. Francis; 4, Alfalfa: W. H. Dutcher, Sam Handly; 5, Notla: W. M. Good, A. A. Stone; 6, Taz: Tee Parnell, R. L. Flowers; 7, McMillen: Audie Conley, G. B. Mears; 8, Black: Dennis Reed, W. R. Greever; 9, Farnsworth: Herman Hargrove, Dean Conner; 10, Waka: D. W. Hart, Harley Elledge; 11, New Hope: A. R. Hoghland, C. R. Cudd; 12, Schoolhouse: J. N. Conley, A. K. Wooten.

Alluring Bryce Canyon National Park Displays Nature's Finest Artistry

Brilliantly silhouetted against the blue sky, the famed Wall of Windows towers high above the floor of Bryce Canyon National Park. Its varying shades of red, yellow and brown decorate its minaret-like top, and the slender ridge of rock is pierced at a number of places by large openings.

BY WINIFRED CLARK

NATURE'S mastery of the art of sculpture has never been displayed to better advantage than in glorious Bryce Canyon National Park, in southern Utah. Of all our great national parks, Bryce Canyon holds the most surprises and is most unusual.

Thousands of American tourists visit Bryce Canyon each year. Many come to spend just a few minutes, but stay to spend hours in exploring its vast areas. The park area covers more than 23 miles of beautiful scenery.

Bryce Canyon National Park is a tremendous amphitheater, filled with beautiful colors and odd shapes. Everything is hidden until you reach the edge of the canyon. Then the vista that spreads before you takes your breath away.

Here nature has carved strange stone figures. Erosion dating back to the days of the dinosaurs has created fantastic and beautiful domes, spires, and temples—decorated in all the colors of the rainbow — with reds, pinks, and creams predominating.

One of the fascinating rock formations is Osler's Castle, the most attractive part of which is a beautiful natural bridge. The famous Giant's Boot is another unusual formation. Natural bridges, walls of windows, figures that look for all the world like stone people, are abundantly scattered through the park, for tourists with eyes and imagination.

Bryce Canyon is truly a glorious, alluring sight.

Machines Protect America

Machines play the leading role in modern defense. Shown above are machines for soil defense and national defense. The cannon is one of a number of U. S. guns capable of long-range destruction. The earth-moving equipment at top is of a type used by many farmers in building dams and reservoirs. In 1939 farmers moved more than 11 million cubic yards of earth in performing this conservation practice, equivalent to the volume of material going into Columbia river's huge Grand Coulee dam.

Adventures of THE TOTTIES

(READ THE STORY, THEN COLOR THE PICTURE AND PASTE IN YOUR SCRAPBOOK)

Poor Duncy! He was filled with fright.
That's why he ran with all his might.
The giant was surprised also
To see the lad so swiftly go.

"I must have been a sight to see
To that strange little lad," said he.
"He'll find he's in an awful mess.
He'll try to hide from me, I guess."

The giant stomped across the floor
And now and then he stopped to roar,
"Come forth, young man, I won't hurt you,
I like to play with Totties too."

Wee Duncy heard him, but he thought,
That's just a trick so I'll be caught.
Much closer calls than this I've had.
If I am found, 'twill be too bad.

He peeked out of his hiding place.
A frown was on the giant's face.
He walked up to a cupboard where
He shouted, "Hey, are you in there?"

"I'm wrong again. This puzzles me.
I wonder where that boy can be?
At hiding he is very good,"
The monstrous giant understood.

(NEXT WEEK: Duncy sees Dotty and Goldy again.)

New Registration Day Set July 1

State Director of Selective Service, General J. Watt Page, in announcing the second registration of young men eligible for military training on July 1, said today that local boards and their assistants would handle the registration in most sections of the State.

General Page added, however, that additional assistance will be required in some of the densely populated sections, and that all local boards are authorized to enlist and accept, if necessary, any volunteer assistance in handling their registration problems. He said:

"Most of the local organizations, as well as individuals, who assisted in the first registration last October have volunteered their services for the second registration. Texas has been fortunate in the patriotic response of both organizations and individuals in this connection."

General Page emphasized that "all local boards are authorized to make their own arrangements for registration, and permission or approval from State Headquarters in this instance will not be necessary." Many of the counties having more than one local board will arrange for joint registration at some central point, he said. Other counties having more than one local board, but each board having a well-defined geographical area within the county, will provide separate registration places.

New forms are being sent to all local boards since slight changes have been made in the procedure since the first registration last fall.

General Page indicated that there would be approximately 65,000 men registered in Texas on July 1. Registration will be conducted between the hours of 7:00 a. m. and 9:00 p. m., he said.

Retired Workers Back on Jobs

Retired workers drawing benefits under the Federal old-age and survivors insurance program who take jobs available to older people as a result of the national defense program will be entitled to their benefits when they again quit work, Dewey Reed, manager of the Social Security Board office at Amarillo, said today. He explained that under the law monthly benefit payments are discontinued during the time when a worker has a job in covered employment at $15 a month or more.

A worker past age 65 who has retired and is receiving his monthly old-age insurance payments is required to notify the Social Security Board if he should at any time work for wages of $15 or more a month in employment covered by the law, Reed said. He added that the worker is not entitled to an insurance payment for any month in which he is so employed, and that if he fails to notify the Social Security Board he may lose more than one month's benefit. However, when he stops work or loses his job he should notify the Social Security Board at once, and his monthly retirement benefits will begin again.

The retired worker taking a job is required to notify the Social Security Board only when the job is one of those covered by the law. He may work in other types of employment—such as farming, domestic service, or odd jobs not connected with his employer's business—or he may have a business of his own, and continue to receive his monthly payments.

The Amarillo office has post-card forms which workers can obtain to use in notifying the Board if they go back to work in any covered employment. Mr. Reed urged workers to call on his office for information concerning this or any other phase of their old-age and survivors insurance.

● Blue Mound

The Blue Mound Bible School closed Friday afternoon. Miss Nora Grossenbauch was in charge and had an enrollment of eighteen children.

Mrs. J. B. Butler and daughter left Friday for Slaton, Texas where they were called by the illness of Mrs. Butler's brother, Delmar Hodge.

Miss Vama Nickleson, Balko, has been spending a few days visiting with Winnie Morris.

Mr. and Mrs. Sylvester Buch served supper Wednesday evening in the home of Mr. and Mrs. Lewis Rorabaugh. Those present were Mr. and Mrs. C. E. Presnell, Mr. and Mrs. Lonnie Bull and children, Mrs. A. M. Morris and Winnie, Vama Nickleson and Mr. and Mrs. H. E. Pattison and Charles.

Mrs. A. M. Morris and Winnie called on Mrs. Archie Sagar Friday afternoon.

Mr. and Mrs. Walt Clark spent Sunday in the home of their daughter, Mrs. Marion Organ.

Shirley Butler, Slaton, visited Monday night in the home of his aunt, Mrs. John Morris.

Mrs. L. V. Noe and Nora Grossenbauch called in the Pattison home Monday evening.

Mrs. Hazel Fagean and son Clifford and daughter Mildred drove to Clayton, N. M. Sunday.

Mrs. Lola Rorabaugh called on Mrs. H. E. Pattison Monday afternoon.

Mrs. Walt Clark and Mrs. Jimmie Clark visited Thursday with Mrs. Rex Clark.

Buel Morris returned Friday night from South Bend, Texas, where he has been taking mineral baths. He is improved.

Mrs. Earl Enterline underwent a major operation at the Shattuck hospital Wednesday.

Okla. New Tag Law Effective

Oklahoma's new tag law went into effect on Saturday, June 21, it was announced this week by Willis Lansden, Beaver county tag agent.

This new law will be beneficial to the schools of the state as the law as passed by the legislature, provided that 90 per cent of the money derived through the registration of cars and farm trucks will be returned to the schools of the county in which they are registered. Ten per cent of this money is retained by the state treasurer to finance the Oklahoma Tax Commission.

The remaining total amount of taxes collected from other sources shall be apportioned out to the counties for improvement and repair of highways and to the cities and incorporated towns for the construction, repair, mainetnance, improvement and lighting of streets and alleys.

The new tag law raises the cost of tags on all vehicles with the exception of Farm Trucks which will be based on the same rates as in the past.

The nice part about this law is that it assures the county schools of money by which to operate and puts money in the hands of the county commissioners who know the road situations of their county and will more than likely result in better road conditions, especially in Beaver county, Lansden said.

This new law provides also that residents of this state who purchase cars or trucks from a foreign state, either new or used, must register such vehicle on the same day of purchase or pay a penalty of ten cents per day. And that after a period of 30 days the amount of penalty will equal the license fee due. This new law provides that following this period these foreign vehicles may be seized and sold for the amount of taxes due.

There are many "foreign tagged" vehicles operated in this state which will come under this heading and the Tax Commission will check this county to locate these vehicles, it has been announced.

Special warning is issued to all dealers that the law provides that no foreign tagged vehicles may be sold without first being properly licensed. — The Herald-Democrat, Beaver, Okla.

● Boyd, Oklahoma

Most crops are planted and rye and barley are in shock. A nice little rain fell Saturday night.

Mr. and Mrs. Orvill Black and Mrs. Jess Stump were up from Perryton Friday.

Mrs. Paul George and Patsy Coleen were visitors last week in the W. A. George home.

Denver Henline is spending a few days with his uncles Bill and George Henline.

Mr. and Mrs. Emanuel Davenport and children are visiting in the Frank Davenport home.

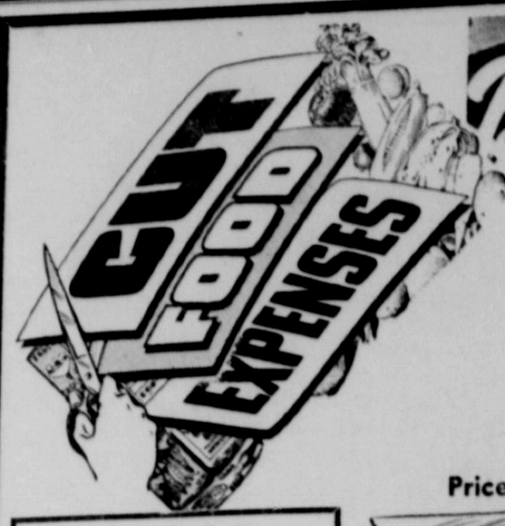

Johnnie Sillars and Archie Campbell of Texas county were callers in our neighborhood Sunday.

Mr. and Mrs. O. H. Black and Mr. and Mrs. Ed Claybrook made a business trip to Beaver Saturday.

Mrs. J. A. Simmons, Bartlesville, Okla., is visiting in the home of her daughter, Mrs. Charley Kent.

NOTICE...

TO WHEAT PRODUCERS

WET WHEAT
CANNOT BE ACCEPTED FOR
STORAGE!

WHEAT MUST BE DRY BEFORE IT CAN BE ACCEPTED AT ELEVATORS THIS YEAR!

The government's Commodity Credit Corporation has made the ruling that wheat containing more than 14 per cent moisture content cannot be accepted for government loans.

This ruling by CCC has caused terminal elevators to give notice that wet wheat shipments will be returned to the point of origin or the elevator making the shipment.

As a matter of protection to our farmer friends and customers, we are joining in this cooperative movement and warning that ALL WHEAT MUST BE DRY BEFORE IT CAN BE ACCEPTED FOR STORAGE.

This means that wheat producers must be double sure this year that wheat is not only ripe but also completely dry before combines are started. The acceptance or rejection of wheat is not a matter of choice, it is an absolute ruling of the government acting through the Commodity Credit Corporation.

WHEAT CONTAINING MORE THAN 3 PER CENT RYE AND BARLEY IS NOT ELIIGIBLE FOR A GOVERNMENT LOAN, BUT WILL BE PURCHASED AT A DISCOUNT OF 1 CENT PER BUSHEL FOR EACH 1 PER CENT OF RYE AND BARLEY

We, the undersigned. elevator and grain buyers, request the full and complete cooperation of all farmers in this all important announcement. The protection of everyone concerned lies in the fact that wheat is absolutely dry before delivery to elevators. Wet wheat may be a loss to producer.

THIS ANOUNCEMENT IS SENT OUT BY THE UNDERSIGNED GRAIN-BUYING INSTITUTIONS IN A SPIRIT OF HELPFUL COOPERATION AND IT'S TO BE HOPED THAT IT WILL BE ACCEPTED IN THE SAME SPIRIT.

Do You Know Texas?

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

MEMORABLE PASSAGE: "The best method of perpetuating the throbbing fervent patriotism of any great democracy is for its people, each generation, to know the simple facts of history from which the great democracy has grown and which have sustained it time and again."—from Knowledge and Patriotism in Texas by Ben B. Hunt.

Q. What is the most highly prized document in the Spanish Archives of the General Land Office? L. D. G.

A. Bascom Giles, Commissioner of the General Land Office, says the most highly prized document in the archives collection is the newly-discovered original rough-draft of the constitution of the Republic of Texas.

TEXAS PARK BOARD: The Texas Park Board was created in 1923 in response to a special message delivered by Governor Pat M. Neff in which he proposed a six-member board.

Q. Is the number of schools requesting and establishing vocational training programs increasing or decreasing? W. T. P.

A. There has been a decided increase in the number of schools giving vocational training to their students in the past few years.

SPORTS: University of Texas football games were played on Clark Field, where the University's engineering plant is now located, before the erection of Memorial Stadium.

CENTENARIAN: Mrs. M. A. Zumwalt of Columbus, Texas, recently celebrated the hundredth anniversary of her birth. The mother of Mayor Zumwalt of Columbus, Mrs. Zumwalt was present at the flag raising ceremony when Texas joined the United States in 1848.

Q. Who is called "The Sage of Boerne?" G. V. G.

A. E. B. Kuehne answers this question. "Joachim Besen, poet and philosopher, is known as 'The Sage of Boerne.' He is a member of the Spanish War Veterans, Disabled American Veterans, Veterans of Foreign Wars, and the American Legion. Born in Austria within 30 miles of the birthplace of Hitler, Besen came to the United States in early manhood and is a grand American patriot and a gifted writer."

HOUSTON'S HORSE: General Sam Houston got the first horse he rode into Texas from one Elias Rector of Arkansas.

Q. When was the first shot of the Texas Revolution fired? L. D. B.

A. October 2, 1835.

HISTORICAL HIGHWAY: Highway 219, one-half mile in length, is of significance because it is the shortest officially designated highway in Texas and of special historical significance because it leads from highway 75 into General Sam Houston's home at Huntsville and because Houston's body lies buried at one end of it.

County Farm Bureau Membership Drive

A membership drive is being put underway by officers of the Ochiltree County Farm Bureau this week. One of the biggest memberships per capita is the goal of W. M. Deck and Earl Waide, president and secretary respectively.

It is pointed out that every person in this county is indebted to the organization and should support it.

The 92 cent wheat loan was put over by the National Farm Organizations, led by the American Farm Bureau, the largest of the three important farm organizations.

The support of every farmer is essential if the gains made in a legislative way are to be retained.

Farmers are asked to join hands with the 12,000 other Texas farmers in supporting agriculture through the Farm Bureau. Dues are $2.00 a year.

Mr. and Mrs. Giles Miller, veteran newspaper editors, of Guymon, Okla., were in Perryton for a short time Saturday morning. They were enroute to visit their daughter at Higgins, Mrs. Eckl Coulson and Mr. Coulson, who recently purchased the Higgins News.

Petroleum Taxes Help Pay Pensions

AUSTIN, Texas.—The Texas petroleum industry will pay new taxes almost equivalent to the additional funds for old age assistance raised by the omnibus tax bill, figures obtained from the State Comptroller's office show.

New taxes imposed on the Texas petroleum industry by the bill total $10,990,617, it was estimated. The Texas old age pension fund will get an additional $11,253,121 from new taxes levied by the omnibus bill. Of course, not all the new petroleum taxes go for old age assistance, as teacher retirement, dependent children, needy blind and the general revenue fund all get their share.

Although the petroleum industry will be paying much of the increased cost of the new Texas pension program, its employees will receive virtually no benefit. Its workers are beneficiaries of the Federal old age insurance law with benefits which usually disqualify them for any State assistance. Furthermore, approximately half of the petroleum workers of Texas are employed by companies already maintaining pension plans for their employees.

Of the total of $22,087,501 in new taxes which the bill is estimated to raise, the peroleum industry will pay $10,990,617, or almost half. Most of this falls on Texas oil producers who are expected to pay $8,536,000 more in gross production taxes alone, or a total of $23,536,000 in this one tax. Gas producers are due to pay $700,000 more, or a total of $1,400,000, and carbon black producers are due to pay $700,000 more or a total of $600,000. Petroleum's share of the new franchise tax is estimated at $750,000, while a new gross receipts tax of 2.2 per cent on oil and gas well servicing is expected to raise $825,000.

The $10,990,617 added to the $39,419,222 already paid in State taxes by the Texas petroleum industry will make a State total of $50,409,839 a year for this one industry. This is 48.8 per cent, or practically half, of all State business and property taxes paid by all classes of business and property in Texas, including the new levies of the Omnibus bill. This does NOT include gasoline taxes paid by the individual motorist on the peroleum industry's principal product.

In addition to its State taxes, petroleum pays $36,470,211 in local taxes and approximately $20,000,000 in Federal taxes, or a total of $106,880,050 a year, NOT counting gasoline taxes paid by the motorist. The total of nearly $107,000,000 is equivalent to an annual tax of $483 for each of the 221,150 employees of the Texas petroleum industry.

Novel Published In Great Britain

Many persons in this area will be interested in an item which appeared in the Panhandle, Texas, Herald, last week, regarding Lorraine Carr's novel. Mrs. Carr, her husband and son lived in Perryton several years. She still has many friends here. The following appeared in the Panhandle Herald, June 20:

"The Herald editor met Lorraine Carr, former Panhandle resident and author of the novel, "Mother of the Smiths," at the Texas Press Association's convention in Galveston last week-end. She asked to be remembered to many friends she made in Panhandle 10 to 15 years ago.

"Mrs. Carr's novel was published by MacMillian's last year and is a New Mexico story. The theme was published in the American magazine a few years ago and she was asked to expand it into a full length novel.

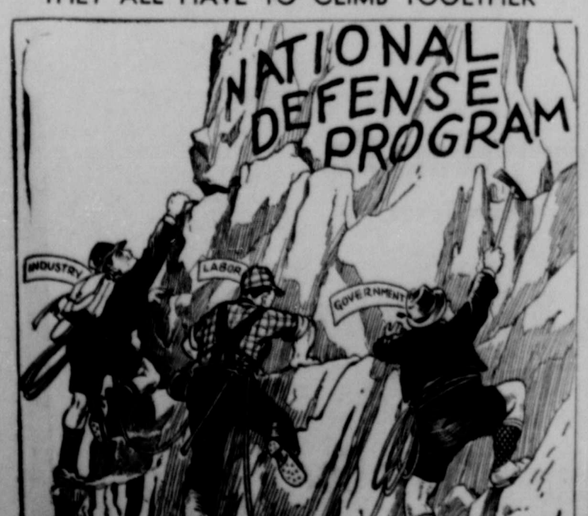

"Just nine American novels have been re-published in war-torn Great Britain this year, and Mrs. Carr's novel is one of them.

"A goal of 20 pages a day has been set by Mrs. Carr for a new novel. The schedule is difficult to maintain because of many interruptions, said Mrs. Carr, who now lives at Galveston with her husband Dr. Middleston.

"Jimmie Fidler, Hollywood columnist, was on the Press association's program. Mrs. Carr's novel is making the rounds of Hollywood now. Fiddler told Mrs. Carr that she had selected a competent agent."

Phone 67 when company comes!

"THEY ALL HAVE TO CLIMB TOGETHER"

REMODELING Sale

SALE STARTS FRIDAY MORNING AT 9:00 a. m.

I wish to announce to my friends and patrons that I have sold an interest of The Edwards' Toggery to Mrs. Blansit Carter. JUST A MINUTE

By PAT FLYNN

Below we present a pre-view of Pat Flynn's column, "Just a Minute," that will be released tomorrow to every newspaper in the Southwest.

PERRYTON, Tex.—June 26—Always seeking the unusual in West Texas we had to travel no farther this week than Perryton, a city in the northeastern Panhandle that has suddenly gained national spotlight position over a Wheat Festival to be staged here Saturday. Not only is this festival the first such celebration ever to be presented in America but it also marks a beautiful tie-in of wheat, the major crop of this area with the United Service Organization (USO) drive for contributions throughout America. This city of some 3,000 population has just about gained all in the way of publicity that even Governor O'Daniel could desire.

First came the announcement this city would donate one bushel of wheat for each man, woman and child in Ochiltree county, a neat sum of grain as the 1940 census figures reveal there are 4,213 people calling Ochiltree county home. Now the boys here will be just fairly well contented for this many bushels for they have set themselves a quota of 5,000 bushels by Saturday night and Mister, if you have a speaking acquaintance with these Perrytonites you know how they usually get what they go after. Not only are they getting donations of the wheat but come Saturday night John McCarty and Mason King, a couple of well-known Amarillo Globe-News boys are going to auction this wheat to the crowd and that money, my friends, will go to the USO funds to provide recreational facilities for the Army and Navy boys.

All of that sounds like an excellent idea, doesn't it? The national wire services such as AP, UP and INS thought so too, so here started the publicity for Perryton, the "Wheat Capital of the World" where the 130,000,000 Americans could learn that this area not only grows the best wheat in the world but 100 per cent native born Americans raise that grain. This type of people are never contented with less than the best and fulfilling their ambitions Saturday the nation again will learn that Perryton DONATED THE LARGEST USO CONTRIBUTION PER CAPITA OF ANY COMMUNITY IN THE UNITED STATES. That, is somethin'.

Do you think Perryton was satisfied with all of this set up? Not on your life. They reasoned if you were going to do a thing to do it right, so Saturday night E. B. Germany, regional chairman of the USO for Texas, Oklahoma, Arkansas and Louisiana will be here to be the principal speaker at the donation ceremonies. Furthermore, his address will be carried throughout the nation over the Texas State Network stations, presenting facts, figures and statistical data to more millions on the merits of Perryton and Ochiltree county.

This broadcast iwll go on the aerial hook-up at 8 o'clock Saturday evening and will be fed the chain of stations by KFDA, Amarillo, a member of TSN.

But what is a celebration, fiesta or even a wheat festival without beauty? Exactly, my friend, nothing. Therefore, Perryton committee members have combed the countryside seeking "farmerettes" to lend color to the golden grain celebration and they have come up with the following: Twelve gorgeous girls that if placed on one farm any spot in America would cause a shortage of harvest hands in all other spots in the nation. These girls are going to give the judges more headaches Saturday than a three-day spree near Christmas time just picking a winner. Furthermore there will be no "city judges" in this contest for the winner will be the real McCoy when crowned "Wheat Queen of the World," so nothing but dyed-in-the-grain wheat farmers will be on the judges stand. They can chew on wheat straw as Marcelia Frittz, winner of the Shamrock Colleen parade, passes in review. They can pass the plug-tinsley as Margaret Farnsworth, winner of Miss Perryton title of 1940, Miss Buffalo Lake—1940 and Miss Lake Marvin—1941, walks before their honors. They can settle a dispute in Spearman in determining between that city's two contestants Betty McKay and Gene Dixon, and before they can even half-way recover their thoughts they are going to be gazing at Patricia Arnold, better known as Miss Lipscomb County; Ruby Thrasher as Miss Booker, and then, students, in rapid succession Maxine May, Joan Dillingham, Ann Lou Herndon, Magdelena Vermillion, Lena Maye Wilson, and Marguerite Benton, all Perryton girls capable of winning any beauty contest anywhere. Yes, sir, its difficult.

Who thought up all of this idea? Why, none other than Bill Lance who in his spare time is just the Mayor, secretary-manager of the Perryton Chamber of Commerce, arrangements chairman for the annual birthday celebration and, when he has any spare time commendable work with the Shrine and sometimes attends to his private duties of insurance and real estate activities.

If all of the above isn't enough to induce you to Perryton Saturday, maybe the massed band concert, the carnival, the threshing of wheat on the main street, display of harvesting impements from the original scythe to the modern combine and a score of other highlights, each with an appeal. We thought so—we're going to be here, too.

So you've been overeating again! Things looked so good you kept right on. And then gas. Stomach and intestines feel inflated like a balloon and breathing becomes an effort. If your bowels are lazy they, too, object. Well, for such occasions there's ADLERIKA. An effective blend of 5 carminatives and 3 laxatives for DOUBLE ACTION. Gas is quickly relieved and gentle bowel action follows. Get ADLERIKA from your druggist TODAY.

County Agent Is Securing Samples

E. W. Thomas, county agent, is collecting samples of wheat, barley, oats and rye this week to be used in the Ochiltree County exhibit at Amarillo Tri-State Fair in September. Bundles of the small grain are being selected at this time. Later on after harvest threshed grain will be selected.

Fine Printing at reasonable prices at Stewart's.

In the Service of Our Country

Following is a directory of patriots from the Perryton area that are now serving in the armed forces of the United States. Relatives and friends are requested to furnish the Herald with names and addresses, also changes in address. We want to make this directory complete. Let's do not miss a single boy or girl.

JOHN L. SCHOLLENBARGER, Weapons Troop, 2nd Cavalry Brigade, Fort Bliss, Texas.

Kim Kimmell Will Announce Program

Kim Kimmell, popular commentator and roving reporter for KFDA Amarillo and the announcer who will tell the nation at 8 o'clock Saturday evening that "Perryton is on the air!", is also a good showman.

Those present for the broadcast on Perryton's main street will be told by Kim all about the handling of such a major broadcast prior to going on the air and all of his instructions tend to make the broadcast more interesting for the hundreds of thousands that will be listening in to the Perryton program.

Kim uses hand signals to his audiences for applause, cheering or for silence and to the listener this makes a perfect reception when timed right.

So when Kim asks for a cheer Saturday night, everyone present should yell his head off to show a radio audience that the Wheat Capitol of the world has something to shout about.

Fine Printing at reasonable prices at Stewart's.

Give Wheat to Help Our Service Boys!

Realizing that there will be many persons desiring to give wheat to the USO who will not be contacted personally, the committee is asking for voluntary donations. Just cut out and fill in this pledge card and mail to the Perryton Chamber of Commerce. If you are a wheat raiser, either resident or non-resident, make arrangements to have the wheat you pledge delivered to the elevator you designate on the pledge. If you are not a wheat producer, designate the elevator from which you will buy the wheat on or before July 15.

United Service Organizations Pledge

I, or we, pledge this wheat to the United Service Organizations, same to be _____ Bu.

Delivered At _____ (NAME OF ELEVATOR)

_____ (LOCATION OF ELEVATOR)

On or Before July 15, 1941.

Dated _____, 1941 _____ (NAME OF DONOR)

(It is understood that any wheat delivered under this pledge is eligible for marketing without penalty.)

Smith Rites Held Saturday

Impressive funeral services were held in the Methodist Church Saturday afternoon for A. C. Smith, who passed away at his home east of town Thursday, June 19, after a lingering illness. He was 82 years, 9 months and 12 days old.

Rev. William E. Fisher, Methodist pastor, conducted the final rites and the body was laid to rest in the Ochiltree Cemetery. Members of the Masonic body acted as pall bearers and had charge of the services at the grave.

Mr. Smith had been in this county 26 years and much of that time was spent on his farm three miles east of town. After retiring from active work, Mr. Smith has resided in Perryton.

Andrew Calhoun Smith was born September 7, 1856 in Carrolton, Ga. He came to Texas in 1884 and has since lived continually in Texas and Oklahoma. He was married three times. Seven children were born to the first union, five of whom are now living; four were born to the second union and two are living; the third marriage was on August 10, 1902 to Martha Leona Sherrill of Clarksville, Texas. She and their two children survive.

In early life Mr. Smith united with the Presbyterian Church. About three years ago he united with the Methodist Church and has been a faithful, consecrated worker.

Survivors are the wife; six sons, Jas. C. Grover Cleveland, and Dock Sayeres of Cheyenne, Okla., Andrew and J. B. of Perryton; Robert E. Lee of Pampa; a stepson, Henry Clemmons, Pampa; three daughters, Mrs. Henry McDaniels, Cheyenne, Okla., Mrs. Price Wood, Stephenville and Mrs. Jim Brown, Amarillo; 43 grand children; 35 great grandchildren and a host of other relatives and friends. Mr. Smith's passing was the first death in the family for 39 years.

County Judge and Mrs. Dave Shanks went to Shamrock Wednesday afternoon to meet Mrs. Shank's mother, Mrs. D. W. Alsbrook of Bristow, Okla., who will spend the summer in the Shanks home.

Funeral Rites For Mrs. Long

The sudden death of Mrs. J. J. Long, 76, mother of Mrs. M. R. Coffee, from a heart attack at her home Monday evening, came as a shock to her friends and loved ones.

Funeral services were held Wednesday afternoon, 1:30 p. m. by Rev. S. R. McClung in the Baptist Church of which Mrs. Long was a member. The remains were taken overland to Mobeetie for burial in the family plot by the side of the husband, who died in 1925. Short services were held at the cemetery, where relatives and many early day friends had gathered.

Mrs. Long, or "Mammy" as she was known to old and young alike, was of the true pioneer stock, never turning away a stranger or friend from her door. Her father was a famous buffalo hunter in the early days of the Panhandle and her late husband, prominent banker and merchant of Mobeetie during their 43 years of married life, participated in three Indian expeditions. Rev. McClung paid her fitting tribute in his sermon.

A quartet, Mrs. L. T. Tucker, Mrs. Howard Holt, I. R. Buchanan and A. K. Wooten, with Mrs. Herbert Key at the piano, sang her favorite selections: "Old Rugged Cross," "Asleep in Jesus" and "Rock of Ages." Flower bearers were Mrs. G. D. Holt, Mrs. Ferd Funk, Mrs. J. W. Richardson, Mrs. Sam Hergert, Mrs. J. N. Conley, Mrs. Ecton Lawrence, Mrs. J. C. May and Mrs. J. B. Nash. Pall bearers were Geo. Clennan, G. A. Rupprecht, Carl Ellis, Sam Hergert ,A. P. McCelvey and Howard Holt.

Obituary

Mary Frances, daughter of John and Polly Richardson was born May 1, 1865 at Sharron, Mo. In 1878 the family moved to the Texas Panhandle and located at Mobeetie.

In 1882 she was united in marriage to J. J. Long of Mobeetie and to this union six children were born, three died in infancy and the oldest child, Harry, passed away in 1924. The husband died in 1925 and Mrs. Long then moved to Perryton where she has since made her home.

She was active, energetic and of a cheerful disposition, which gathered about her many friends. After a brief illness, she passed away unexpectedly June 23 at 6 p. m. in her home, 410 SW Third street.

In early girlhood, Mrs Long united with the Baptist Church in Mobeetie and brought her membership to Perryton with her. She was an active member of the Perryton Eastern Star Chapter.

She leaves to mourn her passing, her daughter, Mrs. M. R. Coffee; one son, J. J. Long, Los Angeles, Calif.; one brother, Walter Richardson, Adrian, Texas; nine grand children; six great grand children and a host of friends.

J. H. Brashears, John Greer and Curtis Roach, members of the Perryton Rotary Club, attended a meeting of the Liberal, Kansas, club on Tuesday noon.

Here Is An Official Warning That Has Been Released:

Civilians Are Given a Warning To 'Go Slow' On Rubber

WASHINGTON, June 20—An official "go slow" warning was posted today for tire buyers all over the nation, gasoline users in the east, and electricity consumers in the southeast.

To meet the demands of rearmament, stock piles of rubber must be built up with imports largely from the East Indies, so defense officials ordered a reduction henceforth in the amount of rubber available for civilian consumption.

Hydroelectric power in the drought ridden southeast is essential for the manufacture of vital aluminum, so the federal power commission announced yesterday that it was ready to urge adoption of daylight saving time throughout the entire area.

And with scores of tankers transferred from domestic runs to British use, eastern motorists got an official hint that it might be necessary to ration gasoline until new ways could be found to bring in petroleum from mid-continent oil fields.

America's 30,000,000 motor vehicle owners appeared destined to feel the first major effects of civilian sacrifices.

The motorists, however, got some encouragement in a move by the price control administration to "freeze" the price of gasoline, as a barrier to unwarranted increases.

Moreover, the government itself received encouragement in its effort to meet the pressing problem of supplying the east with oil. Some 800 representatives of America's $12,000,000,000 petroleum industry, meeting here in emergency session yesterday, voted unanimously to cooperate every way possible in grappling with this and any other problem that may arise out of the preparedness and aid-to-Britain efforts

Birth Records of Vital Importance

Individuals are beginning to realize the importance and need of having birth certificates put on record. The government and many firms now require employees to furnish copy of their birth certificate. Hunderds of persons do not have a birth certificate.

Every state has its regulations and rules for filing and recording birth certificates. Mrs. Ernest Allen, at the County Clerk's office, has forms for Texas and all other states. She will furnish the blanks and fill them in and take care of correspondence necesary for recording your birth certificate for a small charge. Your birth certificate should be of record in the county and state in which you were born.

In Texas, all delayed forms or certificates are filed with the County Clerk. For correction of birth certificate and all present births, see Dewey R. Allen, Justice of the Peace.

CLUBS PARTIES WEDDINGS PERSONAL MENTION

MYRTIE MAE CONLEY, Editor — OFFICE PHONE 67—RESIDENCE PHONE 257

Miss Ruth Stump Attractive Bride Of Mr. Hoover for Sunday Ceremony

A wedding of interest to Perryton friends took place Sunday afternoon, four o'clock, in the Waka Church of Brethren when Miss Ruth Stump, daughter of Mrs. D. B. Stump, became the bride of Mr. Samuel Glenn Hoover of Plattsburg, Mo. The Reverend Dan Blinkenstaff, pastor, officiated using the lovely double ring ceremony. About fifty friends and relatives were present for the vows.

Preceding the ceremony Miss Shirley Spawn, McPherson, Kans., sang "I Love You Truly" and "Because." She was accompanied by Miss Wilma Leicht, niece of the bride, who also played the wedding music.

The bride, entering on the arm of her brother-in-law, Mr. Allan Dennison, was lovely in a charming dress of white silk embroidered organdy, made floor length with a full skirt and fitted bodice. Her finger tip veil was held in place by a halo of sweet peas. She carried a white prayer book and a single white gardenia.

Miss Bernetta Denny and Mr. Gerald Denny, McPherson, Kans., attended the couple. Miss Denny was attired in an attractive Alice blue gown and carried a bouquet of gladioli.

Mrs. Hoover grew to womanhood in this county and attended school in Waka and in Perryton. She graduated from P. H. S. and this spring received her degree from McPherson college, McPherson, Kans. The bridegroom is a son of Mrs. A. Smith, Plattsburg, Mo. After graduating from high school he attended McPherson college where the romance with his chosen mate began.

A reception in the home of Mr. and Mrs. Allan Dennison followed the church ceremony. The lace covered refreshment table was centered with the bride's cake, made in three tiers and decorated with pink roses. After the bride had cut the first piece of cake, her three sisters, Mrs. Dennison, Mrs. Roy Leicht and Mrs. G. A. Burger took charge and served punch and cake to the guests.

The newly weds left that evening for a weeks trip after which they will be at home on a farm near Plattsburg. For traveling, Mrs. Hoover chose a navy blue sheer, made tailored with white collar and cuffs. Her accessories were of white.

Farnsworth Club Met in Morgan Home

The Good Deeds club of the Farnsworth community met Thursday in the home of Mrs. J. M. Morgan and enjoyed the afternoon visiting and working on a quilt top.

Mrs. Edwin Greebe was chosen vice president during a short business meeting. Dainty refreshments were then served by the hostess to Mrs. Leslie Willis and daughters, Rena Jane and Betty June, Mrs. Bob Pilkington and Marjorie, guests and Mrs. Mary Fronk, Mrs. Ezra Simpson, Mrs. F. P. Rogers, Mrs. Edwin Greebe and Mrs. J. G. Powell.

Rainbow Assembly Enjoy Social Eve

Members of the Perryton Rainbow Assembly Number 132 entertained with a dance in the Hotel Perryton Friday evening. Members of the DeMolay group were special guests. Mrs. H. C. Sanford, Mother Advisor, was present and assisted the girls in serving punch and wafers throughout the evening.

Enjoying the affair were Mary Jane Frittz, Wilma Holland, Dorothy Jean Crisp, Lavern Crowe, Sudie Records, Betty McKay, Betty Graham, Francis Mae Dodson, Rosie Barnes, Lois Todd, Marcelia Frittz, L. Louise Pugh, Ona Grace Francis, Louise Flowers, Betty Lamb, Amarillo, Eulene Wade, Neida Beth Dodson, Nadine Enterline, Mary Francis Crowe, Lena Mae Wilson, Margaret Jeanne Orrill, Betty Jean Pugh, Arline Truax, Margaret Hearn, Jane Rogers, Carmenita Wright, Carolyn Chase, Mary Kathryn Allen, Kathleen Allen, Nelda Fay Lewis, Stinnett, Doris Jines, Mary Frances Calhoun, Winona Allen, Ann Lou Herndon, Trixie Lee Travis, Follett, Rowena Murray, Follett, Jimmie Lee Landrum.

Jimmie Woodworth, Dick Thomas, Charles Patton, Sidney Jines, Emil Reimer, Doc Patton, Clyde Flowers, Edwin Thomas, Bob Schuster, Charles Linville, H. D. Hearn, Bob Holt, Clarence Morris, Billy Herndon, Linn Hulsey, Donald Schuster, Clair Brillhart, Billy Dunlavy, H. G. Evans, Hal Chase, Robert Werneburg, Tom Calhoun, Newton B. Dodson, Bill Hamman, Woodrow Brillhart, Irvin Williams, Finley Hamman, G .K. Rupprecht, Clarence Lewis, Robert Power, Kenneth Glasgow, Follett, Bobby Travis, Follett.

Mason Motor Co. Improves Service

Improvements now under way at the Mason Motor Co., Perryton Ford-Mercury dealers, will better their service to the motorists of this community.

The motor company has taken over the operation of the Phillips service station located in the front of the garage. This station has been closed for several months. The old concrete slabs in the station have been taken up and new concrete is being run. Other improvements will make this a station that can offer every modern filling station facility.

The lubricating department with hydraulic car lift has been moved from the shop to the front and a special lubricating room cut off in the rear of the salesroom.

Miss Ruth Stump Honored With Lovely Shower

Miss Ruth Stump, bride-elect of Mr. S .G. Hoover of Plattsburg, Mo., was the honoree for a surprise shower held Friday afternoon in the home of Mrs. Allan Dennison, Farnsworth. Mrs. J. R. Stump, Mrs. Van Earl Steed, Mrs. Dan Manning, Mrs. H. N. Elledge and Miss Nadine Barber were the hostesses.

Dainty pink roses and orchid larkspur were the chosen flowers which decorated the appointed rooms. The large living room was filled with friends when the honoree entered. After recovering from the shock, the bride-to-be was led to a seat of honor. Several games in keeping with the occasion were played. Each guest wrote her favorite recipe and these were presented the honoree in a cabinet. She was informed of hidden treasure which she could have by following instructions placed at the end of white streamers entwined about the room. She was well rewarded as her search led her to many bautiful and useful gifts.

Miss Wilma Leicht, niece of Miss Stump, presided over the guest book, which was a dainty, handmade taffeta and paper lace creation.

The favors of tiny old-fashioned nosegays created much comment. They were placed on each refreshment plate, which contained frozen salad, tea cakes and spiced punch, served to Mrs. D. B. Stump, mother of the honoree, Mrs. W. H. Jennrich, Mrs. Marvin Groves, Mrs. Dan Teater, Mrs. Fred Butler, Mrs. C. B. Barber, Mrs. Ray Grabeel and Nancy, Mrs. Roy Leicht, Mrs. G. A. Burger, Lois, Fay Gene and LaVerne, Mrs. T. E. Miller, Mrs. R. G. Burger, Mrs. Walt Preston, Mrs. D. W. Hart, Mrs. John Luthi and Peggy, Mrs. W. A. Elledge, Mrs Norman Crum and Karen, Mrs. C. A. Igou, Mrs. D. W. Dunnihoo and Carmen, Mrs. Dave Dunnihoo Jr., Miss Darlene Teater, Miss Wilma Leicht, Miss Bonnie Elledge, Miss Josephine and Miss Martha Mae Blickenstaff, Mrs. Dennison, the honoree and the hostesses.

Tejas Patrol Have Tuesday Outing

The Tejas Patrol of Girl Scouts met Tuesday afternoon at the City Park and enjoyed a swim. Later a business meeting was held in the park and refreshments served.

Those present were Naomi Ruiger, Alverna Records, Mary Kay Evans, Helen Marie Hudson, Ruby Ann Patton, Mary Lou Rupprecht, Shannon Daniels, Joan Kutch, Vicia Boren, Colleen Epp, JoLayne Allen, Mrs. G. A. Rupprecht and Mrs. Claud Allen.

During the summer, the scouts are meeting every other Tuesday afternoon instead of each week.

Class Entertained In Teachers Home

Mrs. J. S. Slaughter entertained her Sunday School class of junior girls in her home northeast of town Friday evening from four to seven o'clock.

Outdoor games were enjoyed and refreshments served to Carol Lawrence, Ruth Wade, Wilma Doggett, Barbara Jines, Rose Daniels and Joan Brown.

Methodist Ladies Have Weekly Meet

The Womans Society of Christian Service met last Thursday in the parlors of the Methodist Church for the monthly social. Mrs. Max Boyer, Mrs. W. H. Lance, Mrs. H. A. Finch and Mrs. M. L. Brillhart served as hostesses.

The program numbers were: opening song, "America The Beautiful"; meditation and prayer; responsive reading; song, "Onward Christian Soldiers"; topic discussions, "Stewardship of Citizenship," Mrs. C. A. Zirkle, "Narcotics," Mrs. E. W. Witt; closing prayer, Mrs. E. W. Fisher.

A delicious refreshment plate was served to those on the program and Mesdames J. H. Neufeld, Chas. Garrett, J. M. Bull, D. A. Caldwell, Ralph Headlee, W. E. McMillen, F. C. Spencer, W. C. Herndon, D. D. Shanks, Quentin Williams, E. E. Perkins, Ferd Funk, J. W. Richardson, C. B. Rogers, C. F. Jones, Chas. Orr, J. C. Russell of San Antonio, Miss Nellie Perry, Miss Francis Finch and the hostesses.

Rainbow Assembly Postpone Meet

The regular meeting of the Rainbow Assembly scheduled for Thursday evening, has been called off and no meeting will be held until Thursday night, July 10. Miss Ona Grace Francis is Worthy Advisor of the Assembly and Mrs. H. C. Sanford is Mother Advisor.

Lake Fryer Fishing Season Opens July 1

There are going to be some new candidates for the Ananias Club, that great group of liars, after Tuesday, July 1, for on this day Lake Fryer opens for the 1941 fishing season.

Anglers this week are busy checking rods and reels, testing lines and starting arguments about the best type lures to use for casting, trolling or fly fishing and one minute after milnight Tuesday morning the roads leading to the lake will be in need of traffic cops handling the stream of "great fishermen" bound on a new adventure that may lead to nothing greater than a new yarn unbelievable by anyone but another fisherman.

Yes, on this day anglers of the Panhandle are going to gather at the lake to test the theory that no matter what day the Government lakes open officially, that is the day fish bite the best in the Panhandle.

Stocked by the government more than two years ago, Lake Fryer offers bass, crappie, perch, bream and catfish from which to choose a specie although expert casters are predicting that surface baits will be the lucky lures Tuesday. Trollers will tell you that deep diving lures will be best to trail behind the "kicker" while fly fishermen won't tell you anything but, by watching his fly box, the anglers will note the large bass flies being petted and fondled like a new baby.

Anglers are warned to secure their permits before fishing and adhere strictly to the Government regulations thereon. Good sportsmen will aid the Bureau of Biological Survey by properly filling out the permit reports and returning to the Concessionaire when their fishing day is over. This information aids in determining when lakes need restocking, what fish are best adapted to the region and other valuable data for both federal and state Game and Fish Commissions.

Bridge Club Met With Mrs. Werneburg

Mrs. W. L. Werneburg was hostess for her bridge club in her home Friday afternoon. After a pleasant round of play, scores were tallied and high score award won by Mrs. Earl Miller.

The hostess served a tasty refreshment plate to Mrs. Miller, Mrs. Oscar Flowers, Mrs. R. L. Duke, Mrs. Dean Blank, Mrs. J. H. Stephenson, Mrs. Hugh Shotwell, Mrs. Wendel Lehman and Mrs. W. L. Herndon.

● Hospital Notes

Norma Flowers is convalescing nicely following an appendectomy on Monday.

Scott Amend underwent an operation on Sunday.

Mrs. Grover Butler, Waka, is a medical patient. She entered the hospital Sunday.

Shirley, daughter of Mr. and Mrs. Wesley Rice, is improving. She has been receiving hospital treatment since June 14.

Mrs. Annie Teague had her tonsils removed Wednesday.

Miss Lucille Rupprecht is improving following an operation on June 17.

David Lee, three and one-half pound son of Mr. and Mrs. Joseph Johnson is being kept in an improvised incubator. He was born at the Johnson farm home in Beaver County, Thursday night, June 19, and then brought to the hospital.

Miss Christene McDonald, Higgins, is assisting in the hospital.

Resolutions

Whereas, It has pleased our Supreme Master to call our worthy brother, A. C. Smith, from labor here to rest in the Celestial Lodge on high, therefore be it

Resolved, That in the death of Brother Smith we lose a worthy member of our lodge, a just and upright Mason, and a good citizen.

Brother A. C. Smith departed this life full of years—ripened with age and experience; he was worthy and well qualified and duly and truly prepared for admission into the Celestial Lodge on high where our Supreme Grand Master presides; and he was properly vouched for by his Lord and Master, whom he loved and served on earth.

We sympathize with his widow and children, and his friends and neighbors who mourn his departure; but we can only remind them that he is not dead, he is only asleep—resting after a long and well spent life here; he cannot, and would not return to us; we can, if we will, go to him. Let us so live and perform our duties here as to insure a joyful reunion with those who have gone before, and a happy life in the great hereafter.

Military Men Hurt In Car Accidents

AUSTIN.—Soldiers in Texas are meeting death now in preview of man against mechanized monster.

Forty-seven persons were killed and 358 injured in Texas traffic collisions involving military personnel during the first four months of this year.

In 445 accidents involving soldiers either as drivers, passengers or pedestrians, damage to vehicles alone amounted to $65,271. But the total economic loss—including lost life and expense to the injured—amounted to $2,115,000.

These facts were announced today by Col. Homer Garrison Jr., State Police Director, who revealed completion of a statewide survey designed to provide information upon which preventive measures may be based.

"The defense traffic problem in Texas falls into three separate phases," Garrison said. "Cities are coping with the urban accidents. The Highway Patrol has been worked out a method of controlling accidents in areas immediately adjacent to military establishments, and the results have been highly satisfactory. This survey reveals the third phase—rural accidents occuring on Saturdays and Sundays, an average distance of 60 miles from any army camps, and caused by the 'rush to get home' on week-end leaves.

"Principal violations figuring in these collisions are driving too fast for conditions, driving on the wrong side of the road or passing without sufficient clearance, and driving while drinking.

"The significance of speed is shown by the fact that, out of 176 rural collisions, 31 resulted in deaths and 90 in injuries."

Garrison said the State Police are working with Eighth Corps Area officials at Fort Sam Houston "toward a mutual solution to these problems." As an example of army co-operation, he pointed to Camp Bowie, Brownwood, where these regulations have been set up: cars must be inspected for safety before making trips; the number of passengers is limited; no trip longer than 300 miles from the camp may be undertaken on a 72-hour leave.

Observing that neither all the victims nor all the violators involved in these collisions are military men, Garrison declared that "it is as much the civilian's duty to compensate for increased traffic hazards as it is the soldier's."

Methodists Offer Unified Services

The Methodist Church, beginning the first Sunday in July, will hold unified, shortened morning services. Sunday school and the worship service will be combined. This unified service begins at 9:30 and close at 11:00.

Rev. William E. Fisher announced Tuesday this new order for Sunday mornings. "The board of education and the board of stewards voted to try this plan out during July," stated Rev. Fisher. "We are asking that all pupils and those who worship with us be present and on time at 9:30 and stay for the entire program, which will close at 11 o'clock."

Cactus Changes Time For Its Blooming

At least one cactus plant has decided to be different, and bloom out of season. Mrs. Johnny Wilson of Gray has a Christmas cactus, which is 18 years old. For the first time in nine years, it took a notion to bloom—just six months off schedule.

True to its name in the past years when it bloomed this cactus always bloomed at Christmas time. Mrs. Wilson could offer no reason for the cactus changing its blooming season, or you might say its mind.

Playsuit Sisters at Play

Sister playsuits of red and white striped cotton are charming for beach wear. Lastex shirring through the midriff and buttons down the front add to their beauty.

A Prize Catch

Although 15-year-old Louis Williams weighs only 120 pounds, he pulled in this 122-pound silver king in the Tarpon Roundup at St. Petersburg, Fla. The tussle lasted only 20 minutes.

Former Resident With Government

H. W. Yorke, for a number of years auditor for the Oklahoma Electric and Water Company here, has accepted a position as construction cost auditor for the United States government and left this morning for Dallas, Texas to report for duty.

Yorke has been active in civic work here and will be missed as an active worker in the Chamber of Commerce, Lions club and a civic booster. He was secretary of the Lions Club, a post he had held for several years and was the only delegate from Guymon to the state Lions convention at Enid this month. He was recently awarded a plaque by Lions International for his work in securing new members to the club.

Yorke received a wire Friday morning, notifying him of his appointment to the new position and asking him to report immediately. He had taken an examination for the job several months ago.

Yorke will travel from place to place, auditing construction jobs made necessary by the defense program. He will maintain his home here and his family will remain in Guymon. He was born in England, coming to America when he was a small boy. He has many relatives in England and is naturally interested in the defense program and the governments attitude in aiding his native country. — Panhandle News-Herald, Guymon, Okla.

Mr. and Mrs. W. E. McMillen, Mrs. F. C. Spencer and Miss Grace Spencer were Sunday dinner guests of Mr. and Mrs. C. B. Rogers and his sister, Mrs. J. C. Russell, San Antonio, who is spending the summer here.

Ray McWilliams, who has been in camp in Cheyenne, Wyoming, was transferred last week to Camp Bowie, Brownwood, and spent the week-end with home folks. He is the son of Mr. and Mrs. J. A. McWilliams, 205 SE Second street.

Mr. and Mrs. Ray Phelps and son, Howell Ray of Spearman visited Sunday in the home of their uncle and aunt, Mr. and Mrs. B. J. Phelps.

Mr. and Mrs. W. I. Spence, Oakland, Calif., will be here two or three weeks visiting relatives and friends, and looking after their harvest interests.

Mr. and Mrs. Wesley L. Voth and daughter are now living in Denver, Colo. Mr. Voth, who is with the government, was transferred to Denver from Amarillo, this month. Mrs. Voth is a daughter of Mrs. A. S. Brillhart, 214 S. E. First St.

Mrs. Euell Wright and son, Buddy of Amarillo and daughter, Mrs. Bill Krause of Borger were week-end guests in the home of Mrs. Wright's brother, Dr. Manse Wood. Buddy remained for a longer stay.

Mrs. Lettie Whaley left Sunday for Akron, Ohio, to look after business matters. She is a sister of Mrs. R. H. Holland and has been working in the City Drug.

Mr. and Mrs. F. A. Ruth and daughter, Miss Betty, and granddaughter, Carlene of Cunningham, Kans., visited from Wednesday until Saturday with Mr. and Mrs. J. O. Young, daughter of the Ruths.

Mrs. O. W. Dunkle, accompanied by her mother, Mrs. C. R. Patton, Higgins, left Monday for a weeks visit in the home of their sister and daughter, Mrs. Harold Hogan, Texline.

Morgan Jones is here from Venturia, California, looking after his wheat harvest.

Mr. and Mrs. J. S. Slaughter and Lloyd Dean had as their guests for Sunday dinner his brother and family, Mr. and Mrs. J. M. Slaughter, Stanly and Patty Ann of Medford, Okla., and Mr. and Mrs. Emmett Oquin and Colleen of Stratford.

Fine Printing at reasonable prices at Stewart's.

Minors Granted Drivers' Licenses

Young Texans between 14 and 16 years old are taking full advantage of the new drivers' license law provision which permits them to secure drivers' licenses under authorization of the county judge, according to a bulletin released in Austin last week.

All such applicants are being given a driver examination, Col. Homer Garrison Jr., State Police Director, said today. Approximately 15 per cent of them have been refused licenses because thy were not properly qualified as safe drivers, he said. From June 2 to June 12, 138 licenses were issued to such minors.

The only minor in Ochiltree county receiving a license during this period was Arline Truax, 914 Southwest Fourth, Perryton.

Guymon Man Buys Higgins Newspaper

Last week's issue of The Higgins News was published by Mr. and Mrs. Ed W. Coulson of Guymon, Okla., who bought the News from Ash and Ada Henderson. The Coulsons have had many years newspaper experience and were interested in The Panhandle Herald, daily paper at Guymon. The Hendersons, who have operated the Higgins paper for the past two years, made no statement of their future plans.

Mrs. J. E. O'Hare and son, Edward, Chicago, Ill., is visiting in the home of her mother, Mrs. J. M. Cummins.

Miss Patsy Flynn, Amarillo, is a guest this week in the home of Mr. and Mrs. Harry Cayler.

Mr. and Mrs. Tom Wolford, his sister, Mrs. F. O. Blue, Clayton, N. M., and Mrs. H. J. Boisdorf were Amarillo visitors Tuesday.

Mr. and Mrs. Leroy Hartman and Verlin, Mr. and Mrs. S. P. Whippo and Mr. and Mrs. Claud Shearer and son Claud III of Booker were Sunday dinner guests of Mr. and Mrs. R. M. Lemon of Booker.

Miss Virginia Correll, who works in Dumas, spent Saturday night and Sunday with home folks. Her parents, Mr. and Mrs. R. T. Correll went for her Saturday afternoon.

Mr. and Mrs. Jerome Woods, Montrose, Colo., who are visiting with his parents here spent the week-end in Wichita, Kans., with relatives.

Johnny Holland, employee of the Sanford Drug, returned Sunday from a ten day vacation in Calif., and other points of interest in the west.

Mr. and Mrs. E. W. Thomas and Bennett will make a business trip to Marfa over the week-end.

Mr. and Mrs. A. F. Cutter came in Thursday from Mineral Wells, where they spent the winter months and will be here during the summer.

Diane and Mollie Kate Clark, Gruver, are visiting this week in the home of their aunt, Mrs. A. C. Niece.

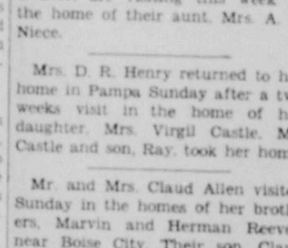

Mrs. D. R. Henry returned to her home in Pampa Sunday after a two weeks visit in the home of her daughter, Mrs. Virgil Castle. Mr. Castle and son, Ray, took her home.

Mr. and Mrs. Claud Allen visited Sunday in the homes of her brothers, Marvin and Herman Reeves, near Boise City. Their son, Claud Jr. has been staying there the past month.

Mrs. Nina Mitchell and daughter, Veva Jo, of Amarillo were guests Saturday night and Sunday of Mrs. Mitchell's sister, Mrs. Jessie LaMaster.

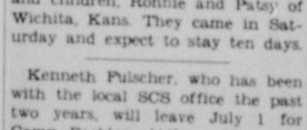

Mr. and Mrs. A. K. Wooten are enjoying a visit from their children, Mr. and Mrs. Ira Hutchens, Crossville, Ill., and Mrs. Gene Reynolds and children, Ronnie and Patsy of Wichita, Kans. They came in Saturday and expect to stay ten days.

Kenneth Pulscher, who has been with the local SCS office the past two years, will leave July 1 for Camp Barkley, Abilene. Mr. Pulscher is a Reserve Officer and holds rank of 1st Lieutenant. He will be stationed in Ft. Huachuca, Arizona.

Bright Sayings of Children

Hal Yorke, Formerly Of Perryton, Enlists

Hal Yorke, son of Mr. and Mrs. H. W. Yorke of Guymon, has enlisted in the Air Corps of the United States Army, his parents were advised this week.

Hal enlisted at Seattle, Washington, and has been stationed at Jefferson Barracks, in Missouri. He is taking training in ground work in the air corps.—Panhandle News-Herald, Guymon, Okla.

Texas Oil Pays Big Tax

DALLAS, Texas.—If your boy or girl went to public school in Texas last year, one-fourth of the cost of his or her education came from the Texas petroleum industry.

In terms of school children, that is what a report just compiled by the Texas Mid-Continent Oil and Gas Association shows. Or to put it another way, if a family has four children, the entire expense of schooling one of them last year was paid by Texas oilmen. On a Statewide basis that means that one-fourth or nearly 390,000 Texas school children out of the State's 1,536,910, were educated last year entirely by taxes paid by the petroleum industry.

The association's report, compiled from official records of the State Comptroller and assessor-collectors of Texas independent school districts, shows that last year petroleum paid $22,652,912 in taxes used for school purposes. That's 25.36 per cent, or slightly over one-fourth, of Texas public school taxes amounting to $89,320,415.

Petroleum's percentage was even higher in the matter of the State's special contribution to the public schools. Thirty-two percent, or virtually one-third, of the entire State apportionment for each child was borne by the petroleum industry, the report shows. Petroleum paid the same percentage of rural aid funds and about one-fifth of rural high school funds.

"Every school child in Texas is able to get a better education today because of Texas petroleum," the association report points out.

Although the figures show that the average cost of educating a Texas boy or girl last year was $58.12, many independent school districts in or near oil fields spent several times this amount. Some of these expended as much as $185, or $246 or even $271 for each pupil.

Results prove that people read Herald want ads.

Robert R. Peetit, who is stationed at Ft. Bliss, El Paso, is home on a five day leave and is visiting in the A. B. Pease home.

Home-Stretch Spurt Any Time You Say

PLENTY of men can run a mile around a cinder track.

But those who win races—and championships—are the ones who can turn on the *plus* when it's needed.

Probably that's why you hear so much these days about Buick's exclusive Compound Carburetion.†

It gives you an engine that will cruise right along with the distance runners and pile up plenty of miles for your gasoline money.

But any time you want plus-performance—a home-stretch spurt—just step down on the gas treadle.

Instantly, you send an *extra* carburetor into action. You step up the supply of both gasoline *and air*—and virtually give yourself a *bigger engine* to get you places in a hurry.

That means thrills—plenty of them.

It means, also, efficiency—proper use of every drop of fuel without useless waste.

It bears out the Big Point about this 1941 Buick—that on size, style, comfort, room *and* ability, it's far and away the top *value* of the year.

To see how true that is, just go size one up against the low delivered prices your nearest Buick dealer is asking.

$930 for the Business Coupe (illustrated above) including Compound Carburetion, delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices and specifications subject to change without notice.

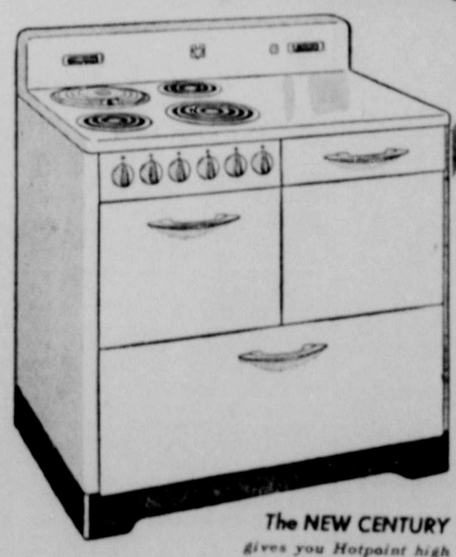

†Available on Buick SPECIAL models at slight extra cost, standard on all other Series.

COMMUNITY PUBLIC SERVICE CO

INTERNATIONAL SUNDAY SCHOOL LESSON

Founders Sought Perfection

International Uniform Sunday School Lesson for June 29.
Text: I Corinthians 3:1-15

• • •

THERE are some very real lessons to be learned from the church. We can learn a great deal from our own times such studies as this lesson posts.

The idea that the primitive Christian church was a fellowship or institution of unsullied purity and integrity is quickly dispated when one studies the Epistles of the Acts and the Epistles of Paul, Peter, James and

On the contrary, if the church was divine in its origin, we see marred by the imperfections its members.

• • •

PAUL formerly suggested that a great deal can be derived from the reading of the Book of Acts, and particularly the missionary journeys if one reads the book with a map of the ancient Bible lands near at hand.

To this suggestion I would add especially in connection with a lesson like this further benefit can be derived if one reads with the book of the Acts the Epistles of Paul.

Take, for instance, this lesson from Paul's first epistle to the Corinthians. When Paul visited Corinth, which was called "the Athens of Greece," note for how long he stayed there on his mis-sionary journeys, how his relationship to the church that he founded was that of a pastor who was instructing and guiding the new converts.

• • •

IN spite of this, the church at Corinth particularly manifested the imperfections that I have stressed. How like modern Christians were these Corinthian Christians in their attitude toward those who ministered to them and even toward Paul himself! Divisions arose among them because of their preferences concerning their preachers and teachers.

This is the one thing that stands out in all our pictures of the early church. We see the weaknesses, imperfections, the actual moral lapses and the things that seem so entirely out of harmony with the life and teaching of the One whom these early Christians professed to have accepted as their Master.

Along with that, however, we see no lowering of the supreme standards of Christian life on the part of any one of the apostles or teachers whose writings have come to us in the New Testament. The church as a human fellowship may have the imperfections of its human members, but its ideals and standards are the ideals and standards of perfection, conforming to the words of the Master.

New 'Life Saver' for Premature Babies

FORD ENGINEERS HELPED DEVELOP THIS PORTABLE INCUBATOR

Through the combined efforts of Ford Motor Company engineers and Henry Ford Hospital officials at Detroit, a new-low-cost portable baby incubator has been developed after 12 years.

Small and easy to handle, this "pigmy" life-saving outfit is expected to bring about a sharp reduction in the high infant mortality rate in rural areas. The portable incubator can be moved easily into isolated homes to help save the lives of premature babies.

Physicians all over the nation are looking with interest on the new unit because—compared to bulky incubators usually available only in large hospitals—it is small enough to be transported quickly in any emergency to isolated rural districts.

The outfit (shown above) is hardly larger than a clothes basket and fits easily on an automobile seat. It works when plugged into an ordinary light socket and can be set upon a kitchen table.

As a life saver for premature babies, this compact unit has been remarkably successful in Michigan. Twenty of the tiny incubators are strategically located in communities not able to purchase the larger ones and in sections not served by hospitals. Results are attracting wide attention.

As soon as arrangements can be made with a hospital supply company, the units will be manufactured and marketed on a larger scale, a Ford official said. The price will be kept as closely as possible to cost—approximately $

This Week's Birthdays

June 28 to July 5

Peter Paul Rubens, left, famous artist, was born on June 29, 1577. King Henry VIII of England was born on June 28, 1491.

Christian Science

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 29.

The Golden Text is: "The Lord hath made bare his holy arm in the eyes of all the nations; and all the ends of the earth shall see the salvation of our God" (Isaiah 52:10).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "To him that overcometh will I grant to sit with me in my throne, even as I also overcome, and am set down with my Father in his throne" (Revelation 3:21).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The understanding of Truth and Love, the Principle which works out the ends of eternal good and destroys both faith in evil and the practice of evil, leads to the discernment of the divine idea" (page 561).

• The Library Corner

The Library Board is pleased to announce an additional Children's Story Hour each week during the summer. From now on until further notice, Mrs. R. L. Duke and her helpers will tell stories to the children on Tuesday and Saturday mornings at 9:30. Send or bring the children to this valuable entertainment.

The following was contributed by one of our most constant users of the library, who has shown a great deal of constructive interest in its services to the public.

Reference Books at the Library

True, this is the harvest season, rurally speaking. But for gleaning information the Perryton Library is available at all seasons. For instance, the "Music Lover's Encyclopedia" is indispensable, not only to students, but to all who love fine music, it is a storehouse of information to the layman, and a useful reminder to the expert. Rand McNally's World Atlas is recommended for business, student, or home as the number one reference book, full of thousands of interesting, valuable facts. "Birds of America," beautifully illustrated, presents a complete review of what is known today about American birds. "A Book of Wild Flowers" is a lovely portrayal of the flowers which make each season memorable in its glowing procession. "Animals of America" is written for all ages of those interested in animals and as a reference book for the expert as well.

Appleton's New Spanish Dictionary contains six thousand or more modern Spanish words and twenty-five thousand acceptions, idioms, and technical terms with pronunciations and fundamental tenses of irregular verbs.

"Familiar Quotations" compiled by John Bartlett is an invaluable collection of passages, phrases, and proverbs traced to their sources in ancient and modern literature.

No group of reference books is complete without the Student's Standard Dictionary, the Holy Bible, Smith's Bible Dictionary, and the other numerous reference books quite complete at our library.

Christians-Methodists In United Services

During the months of July and August, the Christian and Methodist churches of Perryton will hold joint services on Sunday evenings, at 8:30. The first united service will be Sunday evening, July 6, at the Christian church, with the Methodist pastor preaching. Plans for these services were released last week by the two pastors, Rev. Leon Berry and Rev. William E. Fisher.

T. W. Johnson is in Floydada this week looking after harvest.

TO YOU WHO SWEAR BY OIL-PLATING....

Still less engine wear—still more oil Economy—from this proved New oil that still brings OIL-PLATING

Single 5-quart fill defies Death Valley for 13,398 miles...Certified

IMPARTIAL
Latest available products of 5 leading competitors bought retail by Referee.
Identical new cars broken-in alike, after engines had been taken apart for Referee to check uniformity.

The celebrated Conoco Germ Processed oil patent first made it possible for Conoco to bring your engine OIL-PLATING—lasting lubricant with magnet-like attraction for inner engine surfaces. Thus OIL-PLATING can't all quickly drain down—fry up—"rub out" fast. And this same Germ Processed oil patent still assures an OIL-PLATED engine, after you change to the sensational new oil by Conoco . . .

Its name is CONOCO Nth MOTOR OIL—Brings new Economy aid, besides OIL-PLATING

This popular-priced new Conoco *Nth* oil that OIL-PLATES, can protect itself against today's worst cause of rapid consumption.

How? . . . Just consider one truth about latest oil refining methods. Ridding oil of bad things may sacrifice some of Nature's best life-givers! The same happens, you know, in processing some foods. But today that loss is often made up by vitamin *synthetics* . . . man-made. And today the vigor otherwise sacrificed in any proper refining is more than made up by patented Conoco *Thialkene inhibitor* . . . man-made . . . in Conoco *Nth* oil.

Lasted 74% to 161% longer than 5 other big-name oils in fierce fair test

Across the Death Valley desert Conoco *Nth* wrote E-C-O-N-O-M-Y. Locked in the engines of 6 new everyday cars—all alike—were 6 prominent oils, including Conoco *Nth*. One 5-quart fill per car. Never another drop. No mercy. 57 miles an hour under impartial observation—under sun that'd singe you—till each fill gave out and the engine was junk.

Conoco *Nth* outlasted the next-best oil by 5,683 miles; outlasted the worst by 8,268 miles; outlasted the average of all 5 others by 7,057 miles. All certified. But you don't put your car through torture-tests. For authorities warn you to change oil at regular intervals. No quarreling with that! Now, however, as you change to Conoco *Nth* . . . the greater new oil that OIL-PLATES . . . set your speedometer-trip at 000. Keep track—and certify Conoco *Nth* economy for yourself. Continental Oil Co.—*Pioneers in Bettering America's oil with Synthetics*

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

HOME DEMONSTRATION CLUB NEWS

Hints on Proper Freezing of Foods

Fruits and vegetables stored in freezer lockers should be of the highest possible quality. Freezing does not improve either color or flavor but only preserves, with careful preparation, the flavor and color already there.

Vegetables should be chosen for freezing when they are young and tender. More vegetables have a disagreebly woody flavor. Save the mature ones for canning or immediate use.

Much is done toward saving food value in vegetables if they are prepared and frozen as soon after picking as possible. This is especially true of English peas and sweet corn because within 24 hours, after picking, the sugar turns to starch. The same thing is true if, within one hour after shelling, they are not in the quick freeze unit. This makes it important that foods for freezer lockers be grown at home and prepared as quickly as possible.

All vegetables should be blanched in boiling water for 2-4 minutes before packing the length of time depending on the maturity of the vegetable. This retards enzyme action that will destroy color, flavor and texture, even after freezing, if it is not stopped. When blanching has been completed, vegetables should be cooled in ice water from 2-3 minutes.

Frozen foods should be packed in air tight containers. This means that only containers of air tight materials should be used. Glass jars of reputable quality, tin cans, or cellophane lined packages are recommended.

Vegetables are packed in containers either dry or in solution of 1 t. salt to 1 cup water. If brine is used it should be very cold before pouring over the cold vegetables. Dry packs are very satisfactory however.

Thawing at room temperature is not recommended for vegetables. A pint of vegetables placed in their frozen state in ½ cup boiling water and cooked until tender will give much more satisfactory results.

Some varieties of vegetables are better than others for freezing. Others can or store best. Before planting your fall garden find out this information and plant accordingly. This and other information on freezer locker storage may be obtained at the office of the County Home Demonstration Agent.

Notla H. D. Club Will Meet July 17

The Notla Home Demonstration club will meet with Mrs. W. E. Tandy on Thursday, July 17, three o'clock. The program will be on Hooked Rugs.

Motor The Co-Op Way. 50-tf-c

Notla Demonstrator Improves Her Yard

Mrs. W. C. Cotner, yard demonstrator for the Notla Home Demonstration club, has fenced her yard and put out four chinese elms, six cherry trees in the back yard, beds of violets and dahlias as well as a nice sod of native grass, three rose bushes, asparagus, rhubarb and hedges of peonies, dusty miller and iris.

Three club members, Mrs. Guenn Blackwell, Mrs. W. E. Tandy and Mrs. Earl Schwalk visited and inspected the yard Wednesday. They were well pleased with the progress made by the demonstrator and feel that much has been accomplished under the handicap as Mr. and Mrs. Cotner are improving a new place and living at another location for the present.

Mr. Cotner is painting the house white which adds much to the beauty of the place.—Reported.

● Notla Club

At the last meeting of the Notla Home Demonstration club in the home of Mrs. L. F. Waggoner on Thursday, June 19, 2 o'clock, Mrs. Errol Flathers gave the lesson on insects.

She said, "It must be kept in mind that insects feed on the substance of a plant or animal either by biting off and swallowing particles of the solid food or by sucking the fluid from within. Therefore insects are clased as the biting and chewing kind and the sucking kind. For controlling the insects there are three kind of insecticides: stomach poisons, fumigants and contract insecticides." Mrs. Frank L. Hamilton assisted Mrs. Flathers with the discussion.

Those present were Mesdames Calvert Norris, W. E. Tandy, Guenn Blackwell, Flathers, Hamilton, Earl Schwalk, the hostess and Gary Blackwell and Earlene Schwalk.

● Black Club

Mrs. E. D. Clement gave the story of her yard improvement at the meeting of the Black Home Demonstration club in the home of Mrs. Roy Carter on Thursday, June 19, three o'clock.

Mrs. Clement started as yard demonstrator in 1939 and since that time has added many shrubs, trees, a lawn and flower beds to help beautify her yard.

Mrs. D. R. Daniels read an article "If You Live Where the Wind Blows." A landscaping quiz was also enjoyed.

Those present were Mrs. C. U. Pope, Mrs. C. F. Moses, a new member, Miss Lucille Jackson, Dorothy Daniel, Shirley and Bonnie Moses, Mrs. Luther Tackenhorst, E. D. Clement, D. R. Daniel and the hostess.—Mrs. Edward Klein, reporter.

PICTURE FRAMING at Daley Glass Shop. 18-tf-c

Mrs. Clement Adds Yard Improvements

Mrs. E. D. Clement, yard demonstrator for the Black club, has added a number of improvements to her yard this spring. Miss Elizabeth Huffhines, county demonstrator, helped her with the plans and held a demonstration at her place.

With the help of other members of the family, Mrs. Clement put out 20 trees and shrubs: eight red barberry; two crepe myrtle; one red twig dogweed; one red bud tree; one honeysuckle; one mock orange; one pink spirea and three white spirea. Four new flower beds are a part of the improvements; one bed being sweet williams and pinks with a border of pansies; one plot for African and chasta daisies; one bed of mixed snapdragons and forget-me-nots; the bed on the north of the house will bloom all summer. it has chrysanthemums, petunias, four o'clocks and marigolds bordered with nasturtiums.

The house has had a new coat of stucco, painted white with a blue roof and blue screens. Venetian blinds were added to the front windows. An old discarded chair was rejunivated and painted blue and two new chairs purchased for the lawn.

Modern, up-to-date furniture will be found in every room of the house. One new piece, a Mothers day gift, is a beautiful coffee table with a glass top.

● Ochiltree Club

Undulent fever may be contracted by drinking infected milk or germs may be carried by a person caring for infected hogs or cattle or by dressing the carcasses.

Studies of the disease show that undulent fever occurs four times as often in men as in women and very rarely in children. This greater occurance among men is due to the fact that they are more closely associated with the diseased animals. The best protection is to use pasteurized milk.

The foregoing information was given by Mrs. Dell Wilson at the meeting of the Ochiltree Home Demonstration club in her home on Friday, June 20. Prevention and eradication of the disease was discussed by Beryl Dodson. Round table discussion followed. Beryl Dodson won the quiz prize.

It was decided to go on an inspection tour to Woodward soon. Present for the meeting were Mrs. Leonard Wright a new member Mrs. Kirt Williams, Mrs. Robert Thurman, Mrs. Jack Dodson Misses Vivian and Virginia Williams and Beryl Dodson and the hostess, Mrs. Wilson.

Black H. D. Club Will Meet July 3

Mrs. Edward Klein will be hostess for the meeting of the Black Home Demonstration club on Thursday, July 3, three o'clock, in her home.

The program is "Canning Brought Up-to-date." Mrs. Luther Tackenhorst will discuss both the pressure cooker and water canning.

Hurrah for the Umpire

It is a pleasure to meet a person who really knows where he is going. So many people seem to be merely drifting; they apparently have no purpose or plan in their work.

A real salesman does not try to sell anything. He tries to convince others that he is doing them favors.

The person who is not ambitious, not acquisitive, not jealous, not envious, not concerned about opinions of others, not afraid—that person is on the highroad to being a philosopher.

GLASS for your home or car at Daley Glass Shop. 18-tf-c

If you have not learned how to smile and enjoy each day as it comes, you have not learned how to live.

The gnawing fear of poverty, fear of illness, fear of old age, and fear of death should be driven out of one's life.

WPA Workers Available for Farm Help

WPA District Manager A. A. Meredith, Amarillo, today reiterated his reminder to farmers and other private employers that all WPA workers are listed with the Texas State Employment Service and are available for private employment.

WPA workers will be released from projects wherever needed to make farm help available, Meredith declared. "Prospective employers should consult local representatives of the Texas State Employment Service," he explained, "As this is the duly-constituted agency for referring WPA workers and other persons seeking private jobs to employers."

Rolls of the WPA are constantly open to private employers, Meredith emphasized, and no worker who refuses a bona fide offer of employment will be retained by WPA. This regulation is based on the following section of the WPA appropriation act:

"No person in need who refuses a bona fide offer of private or other public employment under reasonable working conditions which pays the prevailing wage for such work in the community where he resides and who is capable of performing such work shall be employed or retained in employment on work projects under the funds appropriated in this joint resolution for the period such private or other public employment would be available."

Currently employed on WPA projects in this district are 2,594 men and women and an additional 1,033

RAILWAY LABOR UNION DEMANDS WOULD COST 900 Million Dollars A YEAR

THE labor unions have made their demands upon the railways of the United States—and through the railways upon the PUBLIC. These demands are vastly larger in proportion than any they have ever made. The economical and efficient operation of the railways is vital to the nation's defense effort. Therefore, the Western Railways present to the public the following facts:

The labor unions representing engineers, firemen, conductors, brakemen and switchmen are demanding a 30 per cent increase in wages, amounting to 190 million dollars a year—although their present rates of pay are the highest in history.

Other unions representing a greater number of railway employees are demanding wage increases ranging as high as 95 per cent—averaging 47 per cent—and amounting to 580 million dollars a year—although their present rates of pay also are the highest in history.

Thus the wage increases being demanded by the labor unions amount to 770 million dollars a year, an average increase in excess of 41 per cent.

In addition, certain of these labor unions have demanded advances in their pay not included in the above figures, and more rules for the creation of unnecessary jobs.

The situation, then, is this: The total cost of complying with all the demands made would be approximately 900 million dollars a year.

The average weekly earnings of railway employees are now 15 per cent higher than in the peak year 1929, while the cost of living is 12 per cent ...

The demands of the railway labor unions are being made when the entire nation has just been asked to make a supreme effort for National Defense.

The railways cannot meet these demands without a great increase in the cost of transportation. They exceed by more than 700 million dollars the income that the railways had left after paying their annual expenses, taxes and charges in 1940.

The railways have a vitally important job before them. They need all their resources to continue adequately to serve you and contribute effectively toward the National Defense Program.

THE WESTERN RAILWAYS
Union Station, Chicago, Ill.

Do Not Dump Trash On the Higways!

NOTICE

Notice is hereby given that it is unlawful to dump trash, refuse or debris of any nature whatsoever on any highway or road in Ochiltree county.

You are also notified that by the term highway or road is meant any and all parts of the highway or road, including the graded road bed, borrow pits and right-of-way from fence to fence. The laws governing dumping of trash, etc. on the highways will be strictly enforced and all parties violating such will be arrested and prosecuted to the full extent of the law.

That Reminds Me

BY RALPH HERBERT

KING COTTON, so long the ruler of the crop farms of the states of America's south, may be toppled from his throne if Brazil keeps coming up in the world as a producer and exporter of raw cotton.

The latest figures produced by the U. S. Department of Agriculture bear cold comfort to southern cotton growers and once more have for them the lesson that it is no longer wise to put all their work and hopes on one staple product.

During the first eight months of the season that began Aug. 1, 1940, exports of cotton, except from British India for which figures are lacking, totaled 2,400,000 bales, compared with 7,800,000 bales the preceding year. This is a decrease of 69 per cent and is largely attributable to the new World War. Egypt, Peru and Argentina all suffered reductions in cotton exports, but the chief cotton victim of the war was the United States.

It exported only 878,000 bales, compared with 5,637,000 in the preceding year, or a reduction of 84 per cent. Britain, as usual, was the best customer of America. Soviet Russia took no American cotton after December, 1940, and Japan took only 59,000 bales, the lowest in three decades.

THE fact is that Japan turned to Brazil, as have some other countries. Brazil's cotton exports reached very closely to the figures for the United States—745,000 bales compared with 531,000 a year earlier. That is a gain of 40 per cent and an incentive to the farmers down there to grow more cotton. Their best customers were Japan, China, Canada, Spain and Sweden. Japan took 243,000 bales, or one-third of all the exported Brazilian cotton.

America has declared its purpose to aid the democracies, the British Empire and China, in their war against aggressors. But China and Canada have turned to Brazil rather than the United States for their cotton. Shipments from Brazil to China were more than double those of last year and Canada's purchases beat all former records.

Brazilian shipments to Europe largely declined, as did those of the United States. Two European countries, however, made new records in buying from Brazil, Spain taking 73,000 bales and Sweden, 26,000. Whether part or all of this was slipped over to Germany is not known.

Kenneth Fulscher visited from Friday until Monday evening with relatives in Big Springs, Nebr.

Mr. and Mrs. Clifford Keith and daughter of Belen, N. M., will come in Friday to spend the week-end visiting in the Leroy Hartman home. Mr. Keith was coach of the Perryton Rangers several years.

SS Protection For Widows And Orphans

It appears that many people are still uninformed regarding the provisions in the amended Social Security Act of 1939 for a new kind of insurance protection for widows and children of insured wage earners who die at any time after 1939, according to Dewey Reed, manager of the Amarillo Social Security Board field office.

"This type of insurance is provided for the survivors of workers without regard to the age at which the insured wage earner dies; however, insurance payments can be made only in cases where the deceased had sufficient wages credited to his scial security account to qualify as an insured person."

According to Reed, this type of survivors insurance includes:

(1) Monthly payments for insured wage earner's widow, after age 65, until she remarries or dies.

(2) Monthly payments for insured wage earner's widow, regardless of her age, while she has in her care deceased's unmarried dependent children under age sixteen, or under age eighteen if still attending school.

(3) Monthly payments for insured wage earner's unmarried dependent children, under age sixteen, or under eighteen if still attending school.

(4) Monthly payments for insured wage earner's dependent parents, after age 65, if no widow, or child under eighteen, survives.

(5) Lump-sum if insured wage earner leaves no survivors immediately entitled to monthly payments.

Mr. and Mrs. C. E. Woods and their house guests, Mr. and Mrs. Jerome Woods and Jerome of Montrose, Colo., and Pat Woods, Berkeley, Calif., were in Amarillo, Tuesday and spent the day in the home of Mr. and Mrs. C. E. Woods Jr.

Speakers at M. E. Church on Sunday

Two lay speakers and moving pictures will be special features for the night service at the Methodist Church next Sunday. Oscar C. Flowers will deliver the fourth and last number in a series of Sunday night pre-sermon talks by laymen of the local congregation.

Mr. Flowers's subject will be "World Methodism and World Christianity." Immediately following this address a movie illustrated lecture on India will be given by A. P. Spicer. No charge will be made for admission. The public is invited.

The pastor will speak at the morning hour and administer the sacrament of the Lord's supper.

HIGH SCHOOL STUDENTS HELP

A check for $17.62 was sent to Bundles for Britain by students of Boone Trail High School, of Mamers, N. C. The money was contributed by the students, most of them farm children.

Mr. and Mrs. Leroy Hartman and Verlin and Mrs. Hartman's mother, Mrs. W. E. Garrison, and the latter's brother and wife, Mr. and Mrs. Leonard Hines, Coalinga, Calif., were in Wichita, Kansas, several days last week visiting with Mrs. Onnie Hines and Mrs. Flossie Dennis, mother and sister of Mrs. Garrison and Mr. Hines. The mother accompanied them home Friday and on Saturday she, her son and wife went to Pampa for a visit with relatives.

Some people are intense likers or haters. When they like you, they annoy you by their attentions. But when they hate you, they throw bricks at your back or stab you in the dark.

Anvil Park Rodeo Held Next Week

CANADIAN, June 26—Interest is running high in the Canadian area these days as the last steps in the preparations for the nineteenth annual Anvil Park rodeo got under way. The show will be held next week on the afternoons of July 4-5-6 at 2 o'clock.

The entertainment will consist of steer roping and other rodeo events. The superior rodeo stock of the Beutler Brothers of Elk City, Okla., will be used. Large cash prizes are being offered.

Sunshine Butler and his orchestra of Big Spring, Tex., will furnish the music for dances to be held in the Canadian city auditorium each night. A big street parade will begin at 11 a. m. on Saturday, July 5. That day has also been set aside as Old-Timers Day.

Mr. and Mrs. Gene Jackson came in Tuesday from Los Angeles, Calif., and stayed over night in the home of his aunt, Mrs. E. E. Barnett. Gene is inspector at the airplane factory in Inglewood, Calif., and is being transferred to Kansas City. From here they will visit with his mother and other relatives in Garden City.

Grain Fire!
Because of rank growth of winter grass, weeds, wheat oats and barley, fires may be numerous and serious this harvest.
I can insure your grain crops standing in the field, in shock, stacks, threshed grain in piles on ground, or in any building on your farm for the very small cost of $4.20 for one month; $8.40 for 3 months; $14.70 for 6 months; $21.00 for 1 year, on each $1,000.00 insurance against FIRE and LIGHTNING.
Come in and let us figure out a plan for your insurance that will best protect you at the lowest cost; and can be converted to cover CCC Loans in granaries.

the wheat producing qualifications of this area and accordingly press releases were mailed to 1,587 publications in Texas, New Mexico, Arkansas, Louisiana and Oklahoma. These publications were not duplicated in any sense of the word. That is where two papers in one city are owned by the same publishers, only one release war mailed the two papers.

The combined circulation of the southwestern papers aggregate more than 20,000,000 subscribers and using the Audit Bureau of Circulation figures whereby they estimate a minimum of four people reading each paper, one may readily see how many people will have the name Perryton and Wheat before them.

In addition to the above release, stories were mailed daily to all neighboring daily papers and each publication in the Panhandle region was sent pictures portraying the Wheat Festival for Saturday. There were 116 of the pictures, each carrying cut lines on Perryton's celebration, sent to Panhandle publications.

Radio, too, played an important role this week in lauding Perryton's original USO ideas. Radio Station, KFDA, Amarillo, and KGNC, Amarillo, both cooperated one hundred per cent. KGNC staff will meet E. B. Germany at the airport in Amarillo Saturday morning and broadcast the greeting of Amarillo Jaycees to the USO regional chairman. This station will also interview Mr. Germany on USO activity in Texas, Oklahoma, Arkansas and Louisiana in comparison with other regions of America. KGNC has been making announcements all this week regarding the festivities here Saturday.

KFDA, member of the Texas State Network chain of stations throughout Texas, also has been making periodical announcements inviting the Panhandle to attend Perryton's celebration and will send their mobil unit KFDB to Perryton Saturday to carry the address of Mr. Germany that evening on the entire state network.

Due to the fact that radio listeners will keep attuned to Texas State Network stations Saturday evening to receive the election returns in the senatorial race, it is believed the largest radio audience since the last Presidential address, will be listening and again will countless thousands of people learn that Perryton, "Wheat Capital of the World" has set a unique precedent of using our chief product to aid in national defense.

Although festivals such as Saturday's is not designed for immediate remuneration, Perryton has exploited its wheat producing qualifications to the nation when timely and has called America's attention to the fact that an idea can gain national importance in scope.

Members of the publicity committee, W. H. Lance, Carl Ellis and Van W. Stewart, wish to acknowledge grateful appreciation to Mrs. Harry Cayler, Miss Helen May and Mr. Cayler for their assistance in handling the volume of mail necessary in releasing the publicity this week.

No. 3 Continued from Front Page

required duties for the day are done, the soldier or sailor is eager to get away from bounds. He seeks relaxation in nearby communities. What happens then?

Many communities adjacent to the huge training centers are ill-prepared for this sudden influx of eager youth. Boys in uniform stand on street corners—wondering what to do. They have no place to go—no good friend to whom they may turn for advice. And idle, homesick, lonely boys are often the easy prey of the vicious elements which promote questionable recreation and vice. This is a matter of gravest concern to our Army and Navy leaders, because in too many cases it nullifies much of their constructive effort.

The problems of the thousands of men, women and young girls now employed in increasing numbers in defense industries are as great as those of the men in the training camps. The needs of these industries have resulted in widespread migrations to the areas in which they already exist, or in which they are being established. This movement will continue, and it affects an even larger number of people than those in the armed forces.

In the crisis which this problem presents, the government is turning to its citizens for aid. The president, Secretary Stimson, Secretary Knox and Federal Security Administrator McNutt have asked the Young Men's Christian Association, the National Catholic Community Service, The Salvation Army, the Young Women's Christian Association, The Jewish Welfare Board and The National Travelers Aid Association—working together through a single, co-operative body—to develop and operate a nationwide program of service to soldiers, sailors and defense workers of America.

These agencies have gained extensive experience during and since the last war. They have the confidence of the army and navy authorities, the boys now in service and citizens generally. They have therefore resolved themselves into a coordinating unit known as the United Service Organizations for National Defense, Inc., thereby assuring a minimum of duplication and a maximum of effectiveness and economy, so that they may work jointly for national service in the present defense emergency.

The U. S. O. plans to set up 339 service clubs adjacent to camps, naval stations and defense industries throughout the United States and its overseas bases. As far as possible, member organizations will thrive for a common program, although each agency, naturally, will emphasize certain aspects of work that reflect its particular philosophy, and will seek to render its own distinctive type of service.

Local needs, however, will be the principal point of departure in program planning—these to be determined on the basis of first-hand study, which will include consultation with military authorities, local citizens' groups and government officials. The programs will be geared to service to individuals as individuals and to the activities of small groups. The development of friendly and wholesome contacts between persons in civilian and military life will be a major function, directed toward helping men in uniform to adjust themselves to their new conditions of life with enthusiasm and high morale.

Thus, with these considerations in mind, and in keeping with the needs of each particular community in which military and other defense personnel may be found, the U. S. O. will, through its member agencies, undertake all or many of the following activities:

1—Religious service for those of different faiths, in cooperation with the camp chaplains and the churches in the community.

2—Counsel and guidance covering the full range of personal problems.

3—Social events, in cooperations with morale and recreation officers, providing opportunity for wholesome community contacts.

4—Home hospitality in the largest measure possible, to provide congenial associations that lead to normal friendships.

5—Building services, including lounges, reading and writing facilities, games (checkers, ping pong, etc.), light refreshments, overnight sleeping accomodations on a limited scale if required; provisions for meetings and social functions. An effort will be made to provide a friendly, attractive and home-like "club-house" atmosphere for service men and their guests.

6—Entertainment, games and self-directed activities.

7—Group activities, including special-interest or hobby groups, discussion groups, cultural groups—particularly in dramatics and music.

8—Cooperation with educational and cultural programs in camp.

9—Hospital visiting, under the direction of and with the cooperation of the American Red Cross and camp chaplains.

10—Information service regarding:

(a) Room registry for civilian employes of army and navy posts, for commissioned officers, non-commissioned officers and enlisted men who must provide homes for their families, and for workers in defense industries.

(b) Transportation facilities, railroad and bus schedules to and from camps; information for relatives and friends who wish to visit service men and deferse workers.

(c) Recreational resources, places of interest, other community resources.

(d) Aid in locating soldiers in nearby camps who do not correspond regularly with their homes.

11—Where no other social service agencies exist, aid to transient soldiers and sailors on leave or on passes, who require transportation or a place to stay. Similarly, aid to relatives and friends of service men who come into these communities to visit them.

12—Follow-up service for preservation of community contacts:

(a) Names of enlisted or selected men maintaining on mailing lists of organizations to which they belong.

(b) Subscriptions to local newspapers and periodicals sent to them at camp.

13—Helpful literature.

14—Special service to women and girls.

(a) Counsel and practical aid in individual problems.

(b) Religious guidance.

(c) Group programs, with attention to religion, health, personal and family relationships, work problems, inter-racial and international relations.

(d) Co-educational and co-recreational activities: dramatics, discussion groups, social events, etc.

The facilities provided are intended solely for helpfulness and recreation. The boys will have the option of entering any of these service clubs, or all—or none. The choice is theirs.

The government plans to provide, equip and furnish the needed buildings, which will be leased to the United Service Organizations at a nominal charge. Consistent with its policy of imbuing the whole nation with a sense of morale, it has left the financing of the manifold activities to the public as a spiritual responsibility. Furthermore, this policy emphasizes anew the disassociation of state and church, and of public and private responsibility.

The campaign will give every individual an immediate opportunity to share in defense work. The men now in training and the youth who will follow them into camp, warships or defense plants are making grave sacrifices. Participation in this United Service Organizations enterprise is an acknowledgment of what we owe those who are guaranteeing our safety and the continuation of our democratic way of living.

Let us give—and give generously!

up against the visitors.

Gyger Shuts Out Dalhart

With Wayne Gyger, a Perryton home boy and baseball star at Texas University, in the box for the Greys, Perryton fans were given a thriller of a game Sunday afternoon when Dalhart was shut out by a score of 1-0. Gyger pitched wonderful ball, allowing only four scattered hits while his team mates were giving him airtight support. Muir was receiving. Only one error for each team.

Gill and Nunn were the battery for Dalhart and Gill didn't do such a bad job of chucking the old apple. He yielded only seven hits to the big sticks of the Greys.

Ochiltree Goal Is 5,000 Bushels

The United Service Organization (USO), endorsed by President Roosevelt, Army and Navy officials, is seeking to raise $10,765,000 to operate the recreational facilities for our armed forces. The quota for Texas has been set for $400,000 and while the drive began officially on June 3, Perryton's Wheat Festival has caused a new light to be cast upon the merits of the cause and how products of an area can be utilized toward defense support.

Perryton and Ochiltree county immediately set their goal for 5,000 bushels of wheat to be donated by the growers and have asked those who do not grow wheat to do the bidding on the wheat auction sale. The money derived from this sale to go to the USO quota fund. Local citizens and USO officials made nationally publicity for this county with the announcement that one bushel of wheat would be donated for each man, woman and child in Ochiltree county, a total of 4,213 bushels of wheat. This total based upon the 1940 census data.

John McCarthy, editor of the Amarillo Globe News, told a Herald reporter Wednesday if health permitted, he would gladly serve as auctioneer for the wheat sales that will see each dollar go to the United Service Organization to help finance the operation of government-built recreational facilities for soldiers and sailors. McCarthy said he would ask Mason King, one of the best known newspaper men in West Texas to aid him in the auctioneering and pinch-hit in the event he (McCarthy) was unable to serve. McCarthy is recuperating from a serious illness contracted during his recent visit to Washington.

Germany to Make Address

Mr. Germany's address will be on the subject "Our Part in the National Defense." The Amarillo Junior Chamber of Commerce will meet Mr. Germany in Amarillo early Saturday morning and will form an official escort for the USO head to Perryton, arriving here shortly after noon, Hollis DeGrassi, Jaycee president, told local officials. Jay Taylor, chairman of the 18th Congressional District for the USO, Amarillo, is expected to escort Mr. Germany to Perryton as will John McCarty, Mason King, and many other Amarilloans.

State-Wide Radio Hoop-Up

Arrangements for the state-wide and southern loop radio hookup was completed Wednesday morning thru Radio Station KFDA, Amarillo, a member of TSN, who will feed the many stations directly from Perryton. More than 100 affiliate stations are expected to carry the program, TSN officials declared and added it was certainly "a break" that Perryton would be on the air at that hour due to the millions of radio listeners who would be attuned to the various stations seeking senatorial election returns. This hookup marks the first time any Panhandle city, excepting Amarillo, has had such complete radio coverage on any occasion.

V. E. McEntire, Panhandle distributor of Maxoil products, notified local committeemen Wednesday he would have their well-equipped sound truck in Perryton for the festivities. He is now filling engagements in South Texas and is cancelling some appearances to be here.

Mayor W. H. Lance has invited all Panhandle mayors and county chairmen of the USO to be honored guests of the city Saturday. Committeemen are contacting neighboring towns asking that delegations be present for Mr. Germany's address and the entertainment for the day.

Plans are being made to hold the Wheat Queen's Ball, following the auction Saturday night.

Everyone is urged to be in Perryton Saturday afternoon and evening to help show the nation that Ochiltree County, grower of the best wheat in the world; a county of 100 per cent native born white Americans, not only ranks first in the nation in these qualities but has found a new idea of consolidating a major crop with our nation's defense.

No. 8 Continued from Front Page

we are calling on all Texans and all who have adopted and love Texas to cast out the rank outsider who's not a Democrat, who has never lifted his finger for the administration, who when it comes to party lines is nothing but a selfish seeker after personal glory, who is not even patriotic enough to finance his own campaign but goes to the poor and needy seeking donations like a professional beggar of alms.

Perryton city officials have conducted checks on traffic violations at two Main street intersections on the past two Saturdays. A list of those who run stop signs or made prohibited U-turns last Saturday is published in this paper.

City officers say that this is final notice to all that traffic in Perryton must be made safe and the only way to make it safe is for everybody to obey the laws regulating traffic. They say that in the future, all violating the law will be arrested and fined.

This is as it should be and every loyal citizen will cooperate with the city officials in the strict enforcement of not only traffic laws but all laws. If you want to see Perryton streets made safe for both pedestrians and motorists, obey the laws and see that the city officers force others to do the same.

Right now we are feeling mighty good about being a citizen of Perryton and Ochiltree county. The Perryton Chamber of Commerce is spending several hundred dollars promoting the Wheat Festival and USO wheat donation campaign. Is this for a selfish reason? No, it's not for the Chamber of Commerce knows well that this event is not going to attract hundreds of people to Perryton to spend money in this town.

Many will ask, "Then why are they spending this money if they don't expect remuneration," Well folks, here's the reason, Perryton and Ochiltree county hopes that this the donating of wheat for war relief will sweep the wheat belt; that the idea will spread to other sections where other crops predominate. If such programs can become nationwide in this time of dire need, then Perryton will be repaid a thousand-fold for the few hundred dollars expended in launching the movement.

Reports for Duty

FORT SAM HOUSTON, Texas.—First Lieut. Lester J. Evans, 920 South-West First Street, Perryton, Texas, has reported for one year's active service with the Infantry-Reserve, 38th Infantry, as an officer.
