Roswell To Get Railroad East To Texas Is Report

That the Snyder, Roswell and Gulf railroad will be constructed soon is indicated in the announcement that P. A. Neilan, of Houston, well known Texas railroad executive, has purchased the entire rights owned by Colonel Ed Kennedy and others looking toward a railroad extension from Roswell east.

Mr. Neilan and associates according to the reports received here today are now in Snyder, Texas making final arrangements to take over the properties, rights-of-way and other interests of Kennedy and his associates.

According to the announcement made here more than \$1,500,000 has been subscribed for financing the proposed system and every town between Roswell and Snyder, Texas has pledged its support to the proposed railroad.

This road, which is to be known as the Snyder, Roswell and Gulf, is designed to serve a rapidly developing agricultural section in northwestern Texas and southeastern New Mexico, giving Roswell and the Pecos valley a direct connection with Texas gulf points.

The announcements received here say that at the present time contracts for 170 miles of grading between Roswell and Snyder are being held in abeyance.—Roswell Record.

In Interest of The Eastern N. M. Normal School

Sam Seay, Secretary of the Chamber of Commerce, Extra Waits and W. G. MacArthur, left Sunday for Santa Fe in the interests of the Eastern New Mexico Normal School.

Now that the election is over, this is one of the most important things in the minds of the people of Roosevelt county, and every effort will be made to secure an appropriation from the coming session of the legislature for the erection of the necessary buildings.

New Cafe To Open in Portales

Messrs. W. B. Spiers, of McCamy, and R. N. Lamb, of Shamrock, Texas, have made a long term lease on the Kimmons business formerly occupied by the Tourist Cafe, and will open a new cafe at this location in the near future.

The new cafe will be known as the Busy Bee, and these gentlemen expect to run a successful cafe business in Portales.

The Busy Bee will open with a Thanksgiving dinner.

Two Southern States Feel Slight Quake

Asheville, N. C., Nov. 19.—Asheville was rocked by a slight earthquake at 10:46 o'clock tonight. Johnson City, Tenn., Nov. 19.—A slight earthquake was felt in Johnson City at 10:45 o'clock tonight. No damage has been reported.

Charges Two With Violating Sunday Labor Laws Here

A complaint was sworn out by District Attorney A. A. Sedillo Monday against C. M. Mitchemson and J. M. Zartman, charging them with violation of the Sunday labor statute.

The defendants are charged with taking measurements for clothing Sunday afternoon. T. M. Pepperday and James Hubbell have been subpoenaed as witnesses for the hearing Monday afternoon.—State Tribune.

Freight Trucks Make Gruelling Run.

The freight trucks of J. C. Hayes arrived on Wednesday night from Amarillo, after a gruelling run, averaging a mile an hour.

These trucks were due in on last Thursday, but owing to the heavy snow, were just a week late in making the trip.

Panhandle Storm Delays Work on New Building

The panhandle storm which covered the panhandle in the Amarillo territory with a 13 inch snow has delayed the completion of the Portales Valley News building.

The work of putting on the new ceiling in the old building was to have been completed last week, but owing to the storm the truck which was bringing in the metal ceiling from Amarillo, had not arrived Wednesday evening.

No truck or bus from Amarillo had run since Thursday of last week.

While this delay has seriously hindered the work in the News office, it is hoped to have the building completed before the next issue of the News come out, and the shop re-arranged, and a nice display of the Christmas cards ready for the inspection of the public.

Portales Valley Yams Go To New York

Last week, while on a trip in Texas, Coo Howard sold a shipment of Portales Valley yams to a New York firm.

This is the first shipment going to New York, and it is anticipated that it will open a new market for this famous product of the Portales Valley.

E. A. Herndon left Thursday for California. He will stop in Albuquerque for a short visit with his daughters, Misses Creta and RoJean, who are attending the State University.

Sunday night we will have our first Quarterly Conference at the close of the preaching service and every official of the church is expected to be present.

Last Sunday was a very fine day from the standpoint of attendance, while the weather was bad, the house was well filled for the morning service, and Sunday School attendance was very fine, and we anticipate a steady and continual growth, make your plans now to be at each service Sunday. We need you, and you will find a warm welcome here.

Brick-a-Sunday Building Program Receives Publicity

Steinberger Bros. To Begin Deep Test For Oil

On Monday of this week, H. C. Steinberger stated to the News, that a deep oil test would be begun on the southeast quarter of section 4, township 3 south, range 35 east, within the next three weeks. Associated with Steinberger brothers in this test are Sloan & Smith of Midland, Texas.

In the past three months there has been much activity in leasing in this section of the county, and over a million and a half acres have been leased for oil by the major companies.

The Steinberger Brothers are real drillers, and know how to put a hole down with less trouble than any drillers who have operated in this section of the state.

It is the opinion of the oil world that the next oil field will be found in Roosevelt county, and much interest is being shown in this test by the oil men of Texas, Oklahoma, and other states.

This well is ably financed and is not a stock selling proposition. As it goes down the News will keep the public informed as to the progress made, and hopes in the near future to be able to announce the bringing in of a real oil well.

A New Test For Oil

Big Companies Buy Blocks Around New Location in Roosevelt County.

Steinberger Bros. and Sloan & Smith, of Clovis, will drill for oil and gas on Section 4-23-35E, twelve miles southeast of Portales, on what is known as the America block, according to a statement authorized by Harry Steinberger yesterday. The test will go 4,500 feet.

In the event oil or gas in paying quantities, or at least an encouraging showing, is found before that level, the well is to be drilled to 6,000 feet by the Amerada corporation, which holds a block of approximately 50,000 acres in southeastern Roosevelt Co.

Location for this test was picked by the Torcon balance machine and has been carefully checked by Magnetometer.

Besides the Amerada, large acreage is held in southern Roosevelt county by the Humble Oil & Refining company, Transcontinental Oil and Gas company, Cactus Oil company, Roxana corporation, the Skelly company, Magnolia Petroleum corporation, and P. A. Gillespie.

It is understood that several Clovis men have invested in acreage in the vicinity of this test and the announcement of the letting of the drilling contract is expected to create renewed interest in the oil game in this city.

New Size Money Be Used After July 1, Next

Washington, Nov. 16.—Governors of federal reserve banks decided today to issue the new small sized currency in all denominations from one dollar to twenty dollars at one time in all parts of the country shortly after next July 1.

Issue of the present currency will cease about April 30, and from that time until the smaller size is put into circulation the demand for currency will be met by the reserve banks from their stocks of old size money.

A statement by the treasury department today said that this procedure for a short period may involve the circulation of notes that would ordinarily be retired because of poor condition but the treasury hopes that the public will accept this temporary condition and will cooperate in carrying out the program of distribution.

The treasury statement said that national bank currency will not be included in the initial distribution.

"It was originally contemplated at the time of creation of the federal reserve system that this currency should be retired," the statement said, "however, since a considerable period of time has elapsed the secretary of the treasury deemed it advisable to submit the matter to the congress for its further consideration in the next session. Should the congress determine that the national bank currency is to be continued in circulation, the department will be prepared to begin production of national bank currency in the reduced size early in the fiscal year 1930 which begins on July 1, next."

The brick-a-Sunday building program launched by the Kings Daughters Bible Class of the Methodist church, is growing more popular each Sunday.

It is understood that on the coming Sunday morning there will be a brick parade just before Sunday school, when each member will march down with a brick for the new building.

The novelty of this method of building has received much publicity over the state, Sunday papers carrying a half column story in regard to it.

That Portales needs better church buildings has long been the census of opinion, but the method of going about it has been the problem.

When the Kings daughters class got behind the movement by bringing bricks to Sunday school the public began to realize that they were in earnest, and on Sunday night when the first quarterly conference of the year will be held at the Methodist church, the building proposition will be taken up by this board, and some concrete action will probably be taken.

It will be interesting to watch the parade on Sunday morning and see how many bricks are contributed by the children.

Ask Habitual Criminal Law In Southwest

Tucumcari, N. M., Nov. 16.—Enactment of habitual criminal laws in states of the southwest with prohibition violations to be included among crimes subject to life sentence for a third offense was recommended at the closing session of the annual meeting of the Southwest Baptist Conference here last night.

The convention went on record favoring stricter enforcement of prohibition laws, and as favoring the Baumes Habitual criminal law of New York state, which has been taken up by other states.

The Reverend C. W. Stumptz was elected corresponding secretary and superintendent of missions. Two hundred delegates and ministers attended the conference.

Mr. and Mrs. J. H. Broshers visited their farm near Rogers Tuesday.

Miller Bros., of 101 Ranch fame, Ordered Return Indian Land

Oklahoma City, Okla., Nov. 20.—Holding that the Miller Brothers, owners of the 101 ranch near Ponca City, had purchased 21 tracts of land from incompetent Ponca Indians, John H. Cotteral, former federal district court judge for the western district of Oklahoma, today ruled that property should be returned to former owners.

Judge Votteral, now United States circuit court of appeals judge, returned here to make the ruling on the case which he heard while an Oklahoma federal district judge.

The titles to 41 tracts have been involved in litigation which has been pending in the federal district court here for the last three years. The Miller Brothers were given clear title to the remaining 20 plots of land which they obtained from the Indians several years ago.

In 14 instances, Judge Cotteral ruled, George L. Miller, representing the Miller Brothers interests, had purchased land, knowing the Indian he dealt with were incompetent.

The Judge's decision followed closely a report of a special master, A. G. C. Bierer, Guthrie attorney. In two cases, however, whereby Bierer suggested that the government refund the Miller Brothers for land to be returned to their former Indian owners, Judge Cotteral declared that any reimbursement would have to be made by congress.

Herb has sailed for South America on a good will tour. It is to be hoped that he will prevail on the South Americans to reduce the price on coffee and Christmas nuts.

Press dispatches announce floods and hurricanes over a good portion of the country. Roosevelt county is fortunate in being out of the hurricane belt, and the recent rains which have soaked the county, will bring results in bigger and better crops next season.

Associate Press dispatch announces that Roosevelt is the divorce center of the state. What can you expect after the returns from that city on Nov. 6th.

Roosevelt county is soon to make her bow as the biggest oil field in New Mexico. Several deep tests will be drilled within the next few months, and here is hoping that the smallest well will produce 10,000 barrels per day.

Many inquiries are being received for houses for rent and for furnished light housekeeping rooms. With the full attendance in school the housing problem becomes increased. When the E. N. M. Normal school is ready to open there will be a greater demand. Now is a good time to begin preparing for this need.

Amazilia is utilizing the Country as a landing field for airplanes. This might be used as a suggestion to Portales. There is sufficient land at the country club, which is not now in use, and which would be turned into a landing field. This is a problem which grows in importance each day. The city without a landing field will soon be a back number.

A headline in the State Tribune states that there are 26 missing votes in Precinct 26. Now this is too bad. Perhaps this reduces Herbs majority just that much. Who knows?

Press dispatches announce that new size money will be circulated after July next. The new will be smaller in size than that now in use. The News hopes that the smaller size bills will not affect the buying power, as the present currency buying power has shrunk until a dollar bill will purchase about as much as a thin dime would purchase under the Grover Cleveland administration. The News is "agin" any reduction of the buying power of a dollar bill but would favor an elastic currency to such an extent that what it get a hold of could be stretched to take care of the monthly bills.

With the renewed oil activities in Roosevelt county, the News again warns the public to be careful of stock selling promotion schemes.

In the past every stock selling promotion has proven disastrous to those who put their money in it. The oil game is something that few citizens know nothing about, and it takes considerable finance to put down a well. In fact it has been estimated by the Dallas News several years ago, that the chance of winning is about 100 to 1. Land owners by leasing and reserving a portion of their royalty may be able to participate in any oil development without loss.

to them. The major oil companies are going to make a thorough test of this field and they are the people to tie to.

Floyd School Notes.

The high school has decided to set up a student's self government.

The Civics class, under Mr. Lott, has been working on a constitution for the past week.

Mr. Foster and his stock-judging team left for Kansas City last Wednesday night. We wish them the best of luck.

The grades are busy preparing a program for Thanksgiving. Floyd is planning to make this an interesting day. There will be a program in the morning. A community dinner at 12; and a double header basket ball game with Fairfield in the afternoon. We hope to see a good crowd out.

There were very few out to church Sunday. We would like to see more next Sunday.

Our Basket Ball teams are in for hard practice now. They have their first game Thanksgiving day with Fairfield.

Our stock-judging boys won third place in Portales last Saturday.

The seniors are looking for their rings in any day now. All of them are very anxious for that day.

Mr. and Mrs. Art Hall moved into their new home last Saturday. A social gathering was held in their former home Saturday night. All those present report a most delightful time.

Mrs. Madlock went to Lubbock with her father Saturday. She and Mr. Madlock are now the proud parents of a baby boy.

Mary Parrish, Oneida Crawford, G. A. Chumbley, Jr., and Raleigh Dupuy went to Clovis Wednesday to do some more work on our annual.

Mr. and Mrs. Eminger gave a birthday party Saturday night for their daughter, Grace, and Frank

Gun. They roasted marshmallows and weiners and all seemed to have a good time.

Mrs. Williams and daughter, Mrs. Thornton and daughter, and Mrs. McAllister were shopping and visiting in Clovis Saturday.

On account of the bad roads last Friday, Ezra Brassell failed to get his truck home.

We have a new girl in the Sophomore class, now.

Joe Foster, a former student of Floyd school, is wearing his arm in a sling. He will be greatly missed at the threshing until his arm mends.

Mrs. Silgar is very busy practicing the English plays, which will be put on at some future date.

Next Friday night, the twenty-third, there will be two plays at Floyd. They are "The Dearest Thing in Boots" and "That Awful Letter." All of you come and laugh like clowns. —Louise Williams.

ROGERS
Due to the fact that Mrs. H. H. Wilhite, the former reporter of the Rogers news has gone to Oklahoma for a while, the High School has taken over the news. Last Monday the reporters from each class met and appointed a staff. Clarence Kirksey is to be Editor-in-chief and sports editor. Jennie McCormack is to be society editor and Esther Hayter joke editor.

The Teams.
"Here's to our teams, our fighting Eagles.
May they ever stand the test.
That proclaims to us and other.
They will ever do their best.
They're a fighting bunch of buddies.
You'll admit there's never been
A team that's fought a better battle.
From tip-off to the end.
And we're with you team, forever.
For you've proved what you can do.
May you fight each contest bravely.
Rogers Eagles, here's to you."

Teachers are Human.
by Clarence Kirksey.
Students, have you ever stopped to think that our teachers are only human beings just as we? Almost all of us think that our teachers are only here to make us do things, we don't want to do. That is not what they are here for, but to help us get a permanent hold on things that we will run up against when we get out into the world.
If you have always shown respect to them, it will not be hard to begin showing that we are going to treat them as if they were more than ornaments scattered around the building.
Come on students, let's start something for other schools to take up. Show them that between our teachers and our students there is a strong band of friendship that will never be broken.

The Eighth grade was glad to learn that Mr. Ray Smith from Rolls, Texas, who is substituting for Mr. Wilhite, had at last arrived. From the smile on their faces, we judge that they are well-pleased with him.

The High School welcomes our new senior, Mr. Elwood Armstrong from Oklahoma. We hope he likes us.

The High School Dramatic Club is working on two one-act plays which will be given soon after Thanksgiving. The plays are "Not quite such a Goose," and "Sauce for the Geese." They plan to give several plays during the term. Then sometime in the spring they intend to enter into a contest with several neighboring towns.

Several members of the Public Speaking class entertained the school in assembly with some of the work they have been doing in class. They also plan to participate in a Thanksgiving program to be given in Assembly next Wednesday morning.

We are expecting a school inspector from Albuquerque sometime this week. This means that it will not be long until we know whether Rogers will be put on the accredited list this year or not.

The pupils are making good use of the new library books which have been received during the last few weeks.

For the last two weeks the Rogers School has been disturbed by the sound of the hammer and the buzz of the saw. However we don't mind because it means that the building is getting its much-needed repairs. The roof has been en-

tirely recovered, and we hope that water will no longer leak through it in streams. The entire stage has been raised so that it can be seen more easily from the back of the auditorium. On the right side of the stage a teacher's office has been built. On the left side there is a girls' dressing room.

Misses Dixie and Ruby Littlefield, Ella Bea Tollett, and Eudell Rodgers had dinner with Miss Beola Massey Sunday.

Miss Marsene Smith and Vida Savage made a week-end visit at their homes in Canyon, Texas. Mr. James M. Wilson visited with his brother from Santa Fe at Clovis this week-end.

Mr. Barty Eskew and his family, arrived in Rogers Monday.

Mr. Smith: "Why do you spell Bank with a big 'B'?"
Little Bob: "Cause you said a bank wasn't good unless it had a large capitol."

Spanish Club News.
The first and second year Spanish pupils called a meeting and organized a Spanish Club. We elected Bruce Lackey President, and he took charge of the meeting. The following officers were elected:
Clarence Kirksey—Vice President, and also chairman of program committee.
Verna Brandon—Secretary.
Jessie Lott—Reporter.
Leona Thompson and Bill Morrison—Assistant Program committeemen.

We are looking forward to a very successful club. Our Spanish teacher, Miss Smith is helping us, and we expect to learn many interesting Spanish stories. We have already learned some Spanish yells and songs, and are going to learn more. We are taking up parliamentary law in our Spanish club and this is making it very thrilling and interesting.

We named our club, El Circulo Espanol. Our Spanish club meets the first period on every other Monday morning.
We are all going to work to make our club very peppy and worth while.

SOCIETY and Club

Surprise Party For Miss Helen Compton.

Miss Helen Compton, daughter of Judge and Mrs. J. C. Compton was the honoree at a party on Monday evening at the home of Mr. and Mrs. H. G. Rowley by their daughter Miss Mildred.

The affair was a surprise for Miss Compton, who was at home for a few days from her school duties at Simmons University at Abilene, Texas. The evening was spent playing 42 and other games. At the close Miss Compton was given a shower of lovely handkerchiefs. Those enjoying this party were: Misses Eula Elliott, Vera Hendrix, Eula South, Naomi McCarty, Loretta McCarty, Norene Yoachum, Mae Watts, Juanita Hancock, Carlene Knowles, Nellie Cooper, Mr. and Mrs. Coe Howard and Misses Mildred Rowley and Helen Compton. Miss Compton left Wednesday for Abilene to again take up her school duties.

All Day Meeting Methodist Missionary Society.

The ladies of the Methodist church society of the Methodist church spent a most enjoyable day last Thursday at the hospitable home of Mr. and Mrs. B. F. Smith, 2 miles west of town. Each lady carried a dish of food and a wonderful feast was the result.

After the feed, Mrs. Ike Hughes presided over a business session. Those present were: Mrs. Wade Freeman, Mrs. J. M. Bradley, Mrs. J. W. King, Mrs. J. D. Autry, Mrs. Hebe Stewart, Mrs. L. L. Brown, Mrs. Ike Hughes, Mrs. J. C. Boyce, Mrs. E. N. Wheeler, Mrs. J. G. Greaves, Mrs. H. V. Thompson, Mrs. J. B. Raymond.

U. D. C. Meeting.

The members of the local chapter of the U. D. C. enjoyed a most pleasant afternoon Tuesday at the home of Mr. and Mrs. H. H. Buchanan, when Mrs. J. C. Compton and Mrs. Buchanan were joint hostesses.

The ladies were asked to come at 10 o'clock and a most delicious 3 course luncheon was served, with color schemes of menu and flowers suggesting the approaching holidays. After the luncheon the president, Mrs. H. F. Jones presided over a business session. Mrs. Edwin Neer had charge of the program, and Mrs. C. J. Whitcomb, Mrs. Coe Howard and Mrs. E. A. Herndon each added to the program.

Mrs. Wade Freeman charmed the ladies with playing and singing several old Southern melodies. Among them, one she composed to the tune of Dixie which is given below.

The U. D. C. is a great old chapter. Its meetings filled with lots of laughter. Look away! Look away! Look away Dixie Land. For one we love, just keep us going. We dare not stop, for she keeps rowing. Look away! Look away! Look away Dixie Land.

Chorus. Den I wish I was in Dixie, Hooray Hooray! In Dixie land, I'll take my stand, to live and die in Dixie, Hooray, Hooray, Away down south in Dixie. Away, Away, Away down south in Dixie.

Mrs. Jones is southern and we all like it. And if we weren't, we'd have to like it. Look away! Look away! Look away Dixie Land. She rounds us up and we are willing.

When she sees we need refilling, Look away! Look away! Look away Dixie Land. She calls the chapter all together, Then she says don't mind the wrath. Look away! Look away! Look away Dixie Land. We'll have a program and some cats. Then maybe we will have some sweets, Look away! Look away! Look away Dixie Land. Our President is an inspiration. To this younger generation. Look away! Look away! Look away Dixie Land. We pray God's blessings rest upon her, Keep her safe, and smile upon her, Look away! Look away! Look away Dixie Land.

The Livestock Situation

Los Angeles, November 14th. On the eve of our winter live stock exhibitions where our flock and herd masters gather to exhibit their skill and science in breeding and preparation, we will see the result of many generations of effort in producing the last word in conformation and type. These conventions of breeders and breeders present a study well worth while. In fact, there's so much to learn about the flocks and herds assembled at the major stock show that the brief show period is hardly sufficient time to satisfy the real student.

Animal husbandry is recorded in early history as a noble art and a distinguished vocation. Clever, in addition to being a great orator, also aspired to be a husbandman. Naturally the men who have attained the highest honors in their line fell (and justly too) some degree of pride and like to have the public show an interest in their achievement.

We will find at these major shows sires and dams with a record of pro-generation almost back to the Ark, each animal having been carefully recorded and its pedigree preserved. The opportunity of exchange, commonly referred to as buying and selling, at the big shows is the means of spreading out among the breeders and producers different blood lines and types so important in the maintenance and building up process; but the greatest satisfaction to the individual is in getting the purple ribbon, the highest honor that can be bestowed. These major shows represent the grand ensemble of live stock shown at the State and County Fairs.

The winter shows are essentially live stock shows so that all interest centers in livestock. We all like to see good cattle, sheep and swine but with many it is a passing event and lots of people hesitate to comment or ask questions of the breeders and herdsmen which is a mistaken viewpoint so let's go to these shows and take an active interest in the work of the people whose own lives and their ancestors have been devoted to the improvement of our meat food supply and to our dairy herds which means so much to all of us.

We are a meat eating nation and should take an active interest in knowing more about the source of supply of a thing so important to the people as a whole. There are certain essentials in breeds that the breeders strive to reach like constitution, type and progeny. Beef production calls for the greatest amount of the best quality of beef produced in the shortest time. That means a good constitution and the right conformation and blood lines as a starting point, and these essentials can only be had by proper breeding so that the so-called pure

bred and even the well bred, while costing more in the first place, is cheapest in the long run, because it is the quickest way to choice beef maturity and the quality commensurate the best price for the reason that it more nearly meets the demands of the consumer for a satisfying and palatable diet with the least amount of waste.

That we cannot have successful agricultural without live stock has been recognized from the very beginning of agricultural effort. That meat food is essential to mankind was recognized by the two by two parade, into the Ark, as a heritage of civilization. How many of us really appreciate "how wholly on the Ark our victuals do depend."

We need more of a live stock sentiment if for no other reason than as an encouragement to agriculture because we depend upon the agriculturists for the things we eat and most of the things we wear and finally there is no substitute for a good piece of steak, mutton chops or hand and bacon.

Democracy Not Dead

Washington, November 18.—Full text of Governor Alfred E. Smith's message to the American people delivered last Tuesday night in New York City over a country-wide radio hook-up.

"Now that the dust and smoke of battle have cleared away, I am grateful for the privilege extended to me by the Democratic National Committee of speaking to millions of my fellow citizens and of presenting to them some reflections of the campaign just ended.

"The Democratic party is the oldest political organization in the United States. So well defined are the doctrines and the principles upon which it is founded that it has survived defeat after defeat. In the 65 years that have passed since the Civil War, only two Presidents were elected on the Democratic ticket.

"No political organization otherwise founded would have been able during all of these years to maintain an appeal to the people

brought to the polls on last election day. Fourteen and a half millions of voters subscribing once more to its platform and renewing their pledges to the principles which it has upheld throughout its long history.

Head Not Crushing Defeat.
"The verdict of the American people last Tuesday was not a crushing defeat of the Democratic party that some of the headlines in the public press would have us believe. On the contrary, let us see what the facts are. Take the popular votes:

"A change of 10 per cent of the total number of votes cast would have changed the popular result. Considering it, from the viewpoint of our electoral college system, a change of less than 500,000 votes spread around the country would have altered the result. We have, therefore, the assurance from the election returns that the Democratic party is a live, a vigorous and a vital force. The existence of such a party is necessary under our system of Government. The people rule negatively as well as

affirmatively, and a vigorous and intelligent minority is a necessary check upon the tyranny of the majority.

"Experience has always shown even in our small political subdivisions that when the minority party is weak and hopeless, grave abuses creep into the structure of Government and the administration of its affairs.

"When the majority party believes that it has everything its own way it loses its fear of reprisals at the polls for mismanagement or misconduct of the Government.

"A political party is organized to help the country and not merely to achieve victory. It survives not on the basis of the reward it secures for its followers, but on the strength and the soundness of the principles for which it stands. A political party can only justify its existence insofar as it operates for the purpose of promoting the welfare, the well-being and the best interests of the people.

"The principles for which the Democratic party stands are as great in defeat as they would have been in victory, and it is our duty to carry on and vindicate the principles for which we fight. The Democratic party to-day is the great liberal party of the Nation.

"It leads the progressive thought in all the countries. It holds out the only hope of return to the fundamental principles on which this country was built, and as a result it has grown and thrived.

Inspiration Offered Young.
"To the young men and women of the country, the Democratic party, with its fine traditions and its breadth of vision, offers the only inspiration. The Democratic party would not be in a position four years from now to solicit the confidence and the support of the American people if during that period it neglected to build up a constructive program and relied entirely upon the failure of the opposition party.

"That cannot be done by the minority party permitting itself to become a party of destruction and opposition for political purposes only. We have seen too much of that in this country and in many of its civic divisions.

"It has been particularly noticeable in the State of New York, where great forward-looking constructive measures were delayed for years by partisan opposition seeking to withhold from the Democratic party credit for their accomplishments.

"The party responsibility for such obstruction tactics has been rebuked by the people at the polls no later than last Tuesday.

"Too often the minority has attempted to ride into power by taking advantage of the failure of the majority to lead into an actuality the campaign promises upon which it sought the suffrage of the people.

"While it is true that every party must adhere to its fundamental principles, obstruction and blockade for the sole purpose of embarrassing the party in power are not calculated to promote the best interests of the country.

"It would be regarded a constructive achievement if the Democratic party at Washington were to formulate a program adapted and offered to the Congress of the Nation and there defend it, and a refusal on the part of the party in power to accept it, or their inability to bring about party unity for the solution of these problems, would then fix responsibility and make a record upon which a successful campaign can be waged four years from now.

Bans Policy of Inaction.
"In other words, the Democratic party would not be acting in good faith with the people of the country, nor in good faith with the millions of those who rallied to its support if it were to sit by and adopt a policy of inaction with a hope of profiting solely by the mistake or the failure of the opposition.

"What this country demands is constructive and not destructive criticism, a constructive program embodying the declarations of the Democratic platform should be promptly developed.

"It will not do for the rank and file of the American people to be intensely interested in the issue and party program for a couple of months before election and then permit that interest to die out when the result is announced. Political platforms and political promises are not self-enacting.

"The political history of the United States clearly indicates that every progressive step, every government reform, has been won only after a period of persistent effort and by the slow process of educating the electorate.

"The first and indispensable element of education is information. A full and complete presentation of the facts is easier to do to-day than it was years ago with the use of the radio and the increasing interests of our young people in public affairs.

"It must be remembered that while the political party may seriously divide public thought and public opinion throughout the country during the progress of the campaign, after the American people have made their decision, the man selected is not the President of the Republican party but the President of the United States.

"He is the President of all the people and as such he is entitled to all the co-operation of every citizen in the development of a program calculated to promote the welfare and the best interests of this country.

Explains Party Responsibility.
"He is entitled to a fair opportunity to develop such a program. Only when he fails to accomplish it does his administration become the subject of proper criticism by the opposition party. Premature criticism not only fails of its purpose but often results to the disadvantage of the critic himself.

"Party responsibility is not confined to its handling of government affairs. A political party must also be accountable to the people of the United States for the management of its internal affairs, and no political party can afford to accept the support of forces for which it refuses to accept responsibility.

"It will not do to let bitterness, rancor or indignation over the result blind us to the one outstanding fact, that above every else we are Americans. No matter with what party we aligned ourselves on election day our concern should be for the future welfare, happiness, contentment and prosperity of the American people.

Expresses His Gratitude.
"At this point I desire to express my gratitude from the bottom of my heart to the millions who voted for me, to the millions who worked for me, to the party leaders throughout the United States who rendered loyal service to the Democratic party and to our country.

"I want this to include the men and women throughout the country not members of the Democratic party who took inspiration from the progressive platform, adopted at the Democratic convention, and supported my declaration of purpose with respect to these principles. Thousands of letters and telegrams have come to me asking that I not lose interest in the Democratic party.

"Let me take this modern means of making reply to them, by making the definite statement that I do not regard the defeat of the Democratic party as impairing in the slightest degree the soundness of the principles for which it stands.

"I am just as anxious to see them succeed as when the party honored me with the nomination and with all the vigor that I can command I will not only stand for that—I will battle for it.

Recalls His Early Youth.
"It would be unnatural for me not to be disappointed at the result. Tonight, however, as I address these few remarks to my friends all over the country, I look back on my 25 years of public service.

"I recall when for the first time

the Democratic party selected me, a struggling youth, for an elective office as member of the legislature. I recall my first official visit to the Capitol at Albany, and never shall I forget the thoughts that ran through my mind at that time.

"Many years later I felt that I had achieved my greatest ambition when the Democratic party made me its standard bearer in the State.

"To that party, and to the people of this State, who have four years ago elected me as their chief executive, I shall always be profoundly grateful. I have in a measure attempted to express that gratitude in the form of devotion to public service. In return for the confidence reposed in me by the people of my State, I endeavored to administer the affairs of the State with an eye single to the welfare and the interest of her people.

"The Democratic party this year conferred upon me the greatest honor it can offer to any of its members—the nomination for the Presidency of these United States.

"Regardless of the outcome, in a spirit of the deepest appreciation of the opportunities afforded me and of the loyal support given me by upward of 14,500,000 of my fellow citizens, I believe my unceasing interest and concern with public affairs and the well-being of the American people.

Cites America's Blessing.
"American cannot be unmindful of the blessings that have been showered upon her by an Almighty and Divine Providence. The history of our country indicates that His sustaining hand has guided us since the very hour of our discovery.

"Nobody can read our history and be unmindful of the proclamation of the President of the United States, asking that on Thanksgiving Day, in grateful appreciation, we offer thanks by prayer and at the same time pray for a continuance of that benediction.

"Nor shall we ever fail, upon each recurring anniversary of Thanksgiving to invoke the aid of the Ruler of the universe, that we may never lose our faith in the fundamental principles upon which this country was founded, and that must have been born of Divine inspiration."

THE BABY YAM

THE BABY YAM

Published by Journalism Class and Students of The Portales High School.

CLASS ROLL

Cornelia Hunter, Ruth Wheeler, Emma Campbell, Jones Smith, Jewel Forbes, Jewel Phillips, Chris Taylor, Anna Belle Robinson, Jewel Atkins, Mildred Bedinger, Vera Kennedy, Melvin Schumpert, Woody Johnston, Emma Lee Dunn, M. J. Stinnett, Carl Miller and Myrtle Robinson.

P. M. Bailey, Instructor.

Journalism

Dr. J. T. Reid, former Superintendent of the Artesia public schools, but now Director of the Extension department of the University of New Mexico was a visitor of the Portales high school Tuesday.

Dr. Reid is traveling from town to town in the interest of the University.

Also Dr. J. W. Diefendorf, high school visitor for the state through the University, visited the local high school the same time.

Both of these men are members of the College of Education Faculty and are strong boosters for all educational work.

Dr. Reid gave a hearty approval of a Journalism class in the high school and said any high school should be commended for the organization of such a class.

Portales Wins Second in Contest

At the district stock judging contest held here Saturday, Melrose won first, Portales second, and Floyd third. To determine the winning team the three highest individuals from each team were taken, with the Melrose team having 1330 points, Portales 1287 points and Floyd 1199 points.

The highest individual was Everett Hogland, of Melrose, with 500 points out of a possible 600. The next closest were Earl Stratton with 439, James Smith, 423 1-2 of Portales, Harold Dickson of Floyd, 416 and Jack Wayne of Melrose 415.

There were only three schools represented due to weather conditions, although most of the schools expect to take teams to the state contest at Las Cruces.

The stock judging team from Portales will consist of Earl Stratton, James Smith, Clay Rickard and James Burkett as an alternate. The boys who did not make the stock judging team will have a chance to make the poultry and meat identification team, which will go with the stock judging team to Las Cruces.

The ground is being plowed up for the foundation of the new Junior High building.

Clessie Boone and Ruth Lee spent Friday evening with Myrtle Robinson.

Mildred Bedinger spent the night with Della Jergins Thursday.

Rams To Play Clovis Thanksgiving

The Portales high school Rams meet the Clovis high school Wildcats on Thanksgiving day in what promises to be one of the best games of the season.

The Rams have met the Wildcats once before this season and were beaten 20-6.

Not only this defeat are the Rams out for revenge but all the defeats that have been handed them this season.

The Rams have made a poor showing this season but with most of the regulars back at their positions hopes are high to beat Clovis in the last game of the season.

Let's back the Rams until they put over another victory.

Students Making Use of Library

Just to show how the students of the Portales High School are using the Library, there were checked out of the Library last week 184 magazines and newspapers, 105 fiction books and 57 reference books.

The period seemingly most used is the 3rd period, their being 10 magazines, 10 encyclopedias, two reference books and 3 fiction books. Checked into the library.

Jewel Atkins spent Sunday evening with Nellie Rouse.

Miss Willie Oldham spent Sunday with Nora Belle Grizzle.

Grade School News

The following children have been on the sick list, the past week.

Eliza Mae Throgmorton; Willie Mills, Elbert Adams, Clifton Stephens, Travis Jones, Ida Mae Newman, Elma Gose, Cleo Daulton, Jack Foreman.

Toy Foreman has been absent for several days on account of the illness of his brother Jack Foreman.

Miss Florence carried her 4th grade geography class, section A, to see the broom factory Thursday afternoon.

The 3rd and 4th grade geography classes are studying the Indian and Japanese people this week, and are making several life-like villages, both Indian and Japanese.

There has been several visitors at the grades the past week, they were: Mr. King, Mrs. Willis White, Mrs. Fullerton and Mrs. Whitcomb.

Yes, yes, you can bet. That we will get.

Quite a large school yet.

For two more new scholars enrolled in school yesterday, they were: Earl Scott in the 4th grade, and Ruth Rhea in the 5th.

There is quite a number of posters made by the children in the Health classes.

In glancing over the papers, "The Echo," and "The Breeze," we notice that there is a great deal more news now than when it was first being published. "The Breeze," and "The Echo" are the grade children's papers, which they write up and publish in rooms 1 and 5.

Commercial Class Presents Play Tues.

"Saturday morning in an Office," was the name of a one act play presented by the Commercial department of the high school Tuesday morning at Assembly.

Many of the students expressed their approval of the play by asking when it would be the Commercial department's time to entertain at the assembly period again.

Also announcements were made by Mr. Steiner, Erith Maxwell, Miss Branom, and Miss Davis.

Mr. Golden introduced Dr. J. T. Reid, director of the Extension Department of the University of New Mexico, and Dr. J. H. Diefendorf, high school visitor for the state for the University of New Mexico.

Neither of these men gave a talk on account of the program that had already been planned.

Junior High Has Scrappy Ball Team

After defeating the freshmen last week 12-0 the junior high football team was not satisfied and challenged the juniors for a football game and were beaten 6-0.

The Junior high have a scrappy little team that is hard to stop. Several times it looked as if the Juniors were going to be scored on but as luck would have it the Juniors held them.

The probable cause of the much heavier junior class team not piling up a large score was that they have never practiced together, the team was gotten together just before the game, and it was almost impossible for them to have team work.

Library Staff.

At the library staff meeting Monday morning, Wynma Ohlhansen was elected as representative to the Student Council.

A committee was also appointed to work out a program or stunt for the Athletic benefit program.

Mr. Dupuy also mentioned a few minor mistakes that were being made by several of the library staff.

Home Ec. Club Has Program

"Follow the Glean," the club song accompanied at the piano by Miss Branom, was the opening of the Home Ec. club at their last meeting.

After the regular business was over Erith Maxwell appointed certain members to bring the ingredients for the candy which was sold, at the candy sale Tuesday and Wednesday.

Ruth Wheeler gave a talk about the Christmas project which the proceeds of the candy sale will be used.

Mrs. Golden was taken into the club as an honorary member.

Ruby Ison was elected representative to Student Council and Imogene Isabell failed to be mentioned in the write-up of the last meeting.

NEW MEXICO IS SERVED
BY 670 BELL EMPLOYEES

Nationwide Service Provided By An Army of Workers

Each time a telephone subscriber in New Mexico lifts his receiver he commands an army of telephone workers. More than 325,000 are needed to provide the telephone service of the nation, and in New Mexico alone there are 670 employees.

Of course, the largest group are the operators, who are needed to set up the talking connections between neighbors, to nearby states, across the continent or across the ocean. In New Mexico they handle an average of 196,000 calls every day. In the entire Mountain States territory, this company's operators handle approximately two million calls daily.

A Good Service guides the efforts of all this company's employees—the spirit of service—a determination that telephone service must be continuous and uninterrupted; that the message must go through.

A STATEMENT OF POLICY

"Undoubtedly a very great factor in the continued progress and improvement of telephone service is the intangible but quite real spirit of service that has become a tradition in the telephone business. The people who are engaged day by day in trying to maintain a high standard of telephone service are doing their part, and a most important part, in increasing the quality and keeping down the cost of service."

Walter S. Gifford, President,
American Telephone and Telegraph Company.

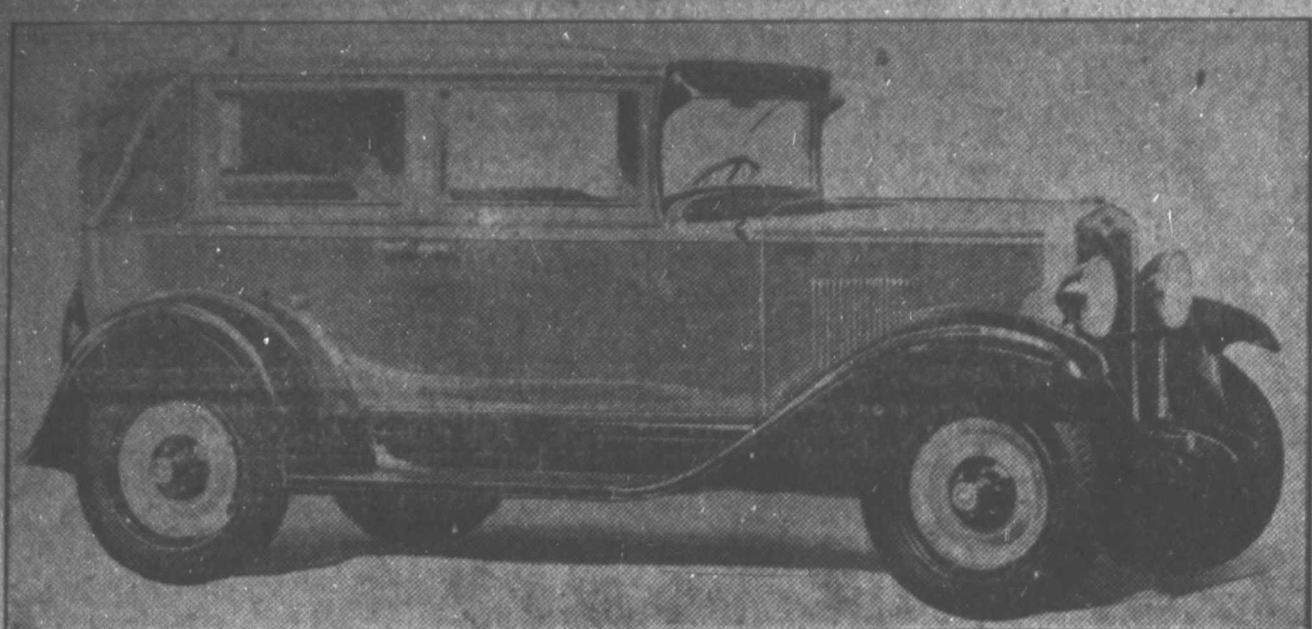

"It is the constant aim of employees of this company to adhere to these same ideals of service."

F. H. Reid, President,
Mountain States Telephone and Telegraph Company.

The New Chevrolet Six Cylinder Convertible Landau Sedan

The new model Chevrolet 6 cylinder convertible landau sedan, one of the new line of 6 cylinder cars, announced today by the Chevrolet Motor Company. The new motor develops 32 per cent more power than its famous predecessor and yet will operate with an economy averaging better than 20 miles to a gallon of gasoline. The prices throughout the line remain approximately the same. All bodies this year carry the famous Fisher stamp of craftsmanship, and the driver's seat in all closed models is easily adjustable, forward or back.

Dr. and Mrs. T. J. Keller are rejoicing over the advent in their home of a fine daughter. The little lady arrived Saturday morning, Nov. 17th and bears the name of Mae Belle Keller.

Bill White, Bob and Dill Poin-dexter returned Tuesday night from a deer hunt near Tularosa. Owing to the heavy snow in the mountains this party failed to get a buck, but Bill White brought home a fine head with large antlers, which was given him by one of the hunters in that section.

RICHLAND

Literary No. 1 will render the next program Wednesday night.

November 28th. There will be a one-act play, forty-five minutes, and several other numbers on program. Most of the selections are of Thanksgiving. Everyone is invited. Come and laugh with us.

There has been another Sunday school organized. Every Sunday afternoon at 2:30 there will be a Union Sunday School.

Last Sunday was their first day to meet and on account of bad weather there were not so many present. But we expect a larger crowd next Sunday. There is also Baptist Sunday School every Sunday morning at 10:00. Everyone is invited to come and take part in each.

Basket Ball.

Girls and Boys are practicing for match games now. They have only played one game this season. They were disappointed last Friday when they did not get to play Midway as they had a game

matched with them.

Personals.

Mr. W. G. Short spent the weekend with home folks.

Misses Lucille Stroud and Irene Partin spent Tuesday night with Bennie Jones.

Mr. Foy Jones spent the weekend with home folks at Floyd.

Mr. Towe has relatives visiting with him this week.

Mr. and Mrs. O. W. Walker's daughter is visiting them.

Mr. Ed. Cox has moved his store over on the High-Way. They are calling it "Pep" now.

We have been having some bad weather but we think it will be better now for a while, anyway.

Thanksgiving is coming close now. We are planning on getting off two days from school for Thanksgiving and a good time.

CARD OF THANKS.

We wish to take this method of thanking those for their kindness during the illness and death of our dear mother, Mrs. S. F. Talley, and for the beautiful floral offerings and for the hospitality in caring for us at night, for the cars and kind words of sympathy and especially Mrs. Brassell and Hensley for their untiring services. May God bless each one of you and may you have such friends in time of sorrow.

HER CHILDREN.

* East Valley View *

The first blizzard of this season struck this community Sunday.

It was butchering day at Mr. Usrey's last Tuesday.

Mr. Sartin returned home with a deer last Monday, but Mr. Stroup is still hunting one.

The Home Makers Club will meet at Mrs. Leverett's home, November 28. The program will be biscuit making, also making paper flowers.

There was a stuck-up party at Mr. Usrey's Friday night. Pulling taffy and playing 42 was the program of the evening.

Mr. Depriest's father is reported to be very low.

Wilma and Bob Stroup spent the week-end with her parents, Mr. and Mrs. Usrey.

Mr. Moore's car got out of working condition Sunday and Dick Heckman had to pull him home.

Mr. and Mrs. Power's old school mates, Mr. and Mrs. Mannings, are here visiting them now.

Glenn Shaw and family and his mother visited the Heckman family Sunday.

Mrs. Newberry and daughter, Ethel, spent from Saturday night until Monday morning with her parents, Mr. and Mrs. Batey.

Lucille Kiker is visiting her sis-

ters and friends in Texas.

Mr. Atkins and family have moved to town.

Mr. and Mrs. Leslie Smith are sporting around with a new car top.

Mrs. Leverett is still using her wheel chair.

Buck Smith has a Ford car.

DORA

Editor—Lola Brown.

Reporters—Ethel Radcliff, Laverne Nicklas, Louise Hall, Wren Drew.

A light snow fell over the community Friday night.

There was a good crowd out at Sunday school Sunday, we are glad to see everyone taking interest again.

The singing class Sunday night was composed of only four boys, Louise Hall, Bernard Bennett, Elmer Edwards, and Ira Wilmoth.

Imagine these young men singing a quartet.

A joyful evening was spent last Saturday, when a few of the young people gathered at the home of Mr. and Mrs. Fred Hodges. Games were played and then refreshments of cocoa and cake were served.

Everyone came to the program next Friday night and let's see what the "Blues" can do.

Miss Ethel Radcliff spent Wednesday and Thursday night with her brother, Roy Radcliff and family.

Miss Ruth McClintock spent Thursday night with Callie Bell Gresham.

J. C. Shafer spent Thursday night with Walter McClintock.

Mr. and Mrs. A. J. Burkett, and Mr. and Mrs. H. N. Taylor were callers in the C. S. Dandridge home last Sunday.

Miss Mildred Cummings, mother and sister, have left for a short visit with relatives near Ft. Worth, Texas.

Misses Martha Evelyn Hodges and Wren Drew spent Monday night with Mrs. Andy Thomas.

Messrs. Elmer Edwards and Ira Wilmoth spent Sunday with Mr. and Mrs. T. J. McCulley.

Bill Green, who got his arm broke cranking a car is going to leave this week for his home in Hale Center, Texas.

Miss Ruth McClintock spent Sunday with Miss Lucy Cathey.

Rollie Lott was a caller at the home of Miss Luella Ray Sunday.

Why—Ethel holds her head so high this week?

Why—Wren goes to the Post office so often?

What—Mr. Stephenson thinks about his Geometry class?

Where—Ira got his french harp lessons?

Why—Louie takes so much interest in playing basket-ball?

Ralph: "I used to be on the stage."

Harold: "What show was you with?"

Ralph: "Why girls leave home."

Harold: "What part did you play?"

Ralph: "I was the reason."

Walter: "Say Laverne, what became of that girl you made love to in the hammock?"

Laverne: "We fell out."

Mildred T.: (While in Phys. Class discussing yeast plants—bacteria etc.) "Say, Little if yeast plants live on sugar I bet Jake certain-

ly has lots of the little creatures on him."

Mrs. Hodges: "Can you tell me why the hand of the statue of Liberty is just eleven inches long."

Lillie: "Why certainly, if they had of made it an inch longer, it would have been a foot."

Ethel—Where was the first doughnuts fried.

Lola D.: "Give it up."

Ethel: "In Greece."

INEZ

The farmers do not seem to be appreciating these wonderful rains as much as they would in the spring time when its been dry.

The ducks are still plentiful even though some folks have eaten so many that you almost expect to hear them.

On account of rain and cold weather our quarterly conference was not so very large in number.

Only about 30 being present. We were glad to have our former pastor, Robert O. Tomlinson, of San Juan with us.

Miss Georgia Austin is in the Clovis hospital reported doing nicely since her appendix operation last Saturday evening by Dr. Hensley.

Lets all remember that next Sunday night our Epworth League with visitors will visit with the Rogers League Sunday night. It will mean starting a little earlier to get to Rogers by 6:30 o'clock.

Miss Georgia Austin is in the Clovis hospital reported doing nicely since her appendix operation last Saturday evening by Dr. Hensley.
