Number 43

## "EAT MORE LAMB" CAMPAIGN IS FAVORABLY RECEIVED IN ALL SHEEP GROWING STATES

### Will Rogers Nets \$82,000.00 For Drought Fund

Will Rogers closed his campaign of a week in Texas for the relief of drought sufferers at Waco having spoken to more than 35,000 people during the week and netting approximately \$82,000. He passed through Junction but as he was late he could not be induced to even make a brief talk from the running board of his car.

Beginning a state-wide speaking tour of the State in Austin January 26, Rogers swung rapidly through 13 cities, making the jumps for the most part in a Navy airplane piloted by Captain Frank Hawks, but resorted to automobiles when flying conditions were unfavorable.

More than 35,000 persons heard the plea of the humorist for funds to alleviate the conditions of the needy in most cities, he was greeted by packed houses, who loudly applauded his quips and listened sympathetically to his more serious exposition of the position of the unfortunate.

Fort Worth contributed the largest sum to his relief fund, \$18,350, although only 2,700 attended his lecture. Wichita Falls, San Antonio and Houston were closely ranked after the Fort Worth figures with approximately \$9,000 each. The largest audience was at Houston, where 5,000 attended, and San Antonio ranked second in this respect with 4,500.

### C. T. Holekamp Talks On School Thrift Banking System

At the regular monthly meeting of the Parent-Teachers Association on January 26, Mr. C. T. Holekamp, cashier of the Junction State Bank, addressed an organization on the School Thrift Banking System in the United States. He stated that there is \$7,500,000 on deposit in school thrift banks today.

Mrs. Clay Secrest delivered an address concerning Thrift Habits in the Home, and stressed ways in which children can be taught thrift habits while young.

Mrs. Astor Wallace led the community singing and the Rev. Mr. G. W. Crofoot delivered the invocation.

After several business matters were discussed, the attendance vote was taken and Mrs. J. F. Horton's section won the book and picture for the month.

### Delinquent Date of Taxes Is Oct. 1931

A law was passed by the Legislature and signed by Governor Sterling last Thursday afternoon making the date for taxes to become delinquent next October. However, 10 per cent interest will be charged on all unpaid taxes after January 31, 1931.

This will give farmers, ranchers and others so desiring an opportunity to postpone the date of tax paying. The penalty will not be added until October 1931.

Mr. and Mrs. Philip Joseph will leave this week for the markets to buy a full line of new goods in anticipation of their needs for the spring and summer trade.

Mr. and Mrs. W. P. Riley, Mr. and Mrs. C. T. Holekamp, and Mr. Lanan Bissett and Mrs. Eloise Emory attended the Hill Country Banker's Association in Fredericksburg last Saturday night. The next meeting will be held in Mason.

### Kimble County Holds 16th Place from The Top

Some of the more enthusiastic sheep men of Kimble County are anxious for the growers to take more interest in the "Eat More Lamb" campaign and lift Kimble County from 16th place.

The most outstanding development in the membership drive of the Texas "Eat More Lamb" Club for the past two weeks ending January 31, 1931 was the advancing of Reagan County from 17th place, with 17 per cent of their quota raised, to 4th place with 78 per cent of their quota raised. This shows what can be done with a little effort. Another feature of the past two weeks has been the advancement of Pecos County from third place on the list to first place. Pecos County has now raised 91 per cent of its quota and it appears that they will be the first to go over the 100 mark. Within the next two weeks it is reported that several of the counties will have their entire quotas raised. Favorable results have already been announced from various parts of the country as to increased demand for lamb and mutton.

County	Percentage
Pecos	91
Kerr	88 1/2
Val Verde	88
Reagan	78
Crockett	56
Uvalde	48
Terrell	45
Schleicher	45
Irion	44
Tom Green	30
Sterling	37
Sutton	32 1/2
Solan	35
Edwards	23 1/2
Menard	22 1/2
Kimble	19
Kendall	19
Mason	19
Coke	14
McClure	10
Concho	6 1/2

### ORDER PURE LINE PLANTING SEED

The pure line seed campaign sponsored by the Kimble County Chamber of Commerce last year was so successful that the organization is co-operating again this season with County Agent R. E. Homann in furnishing these pure line seed at cost to farmers and ranchmen interested.

Mr. Homann urges everyone interested in pure line seed to get in touch with him at once as these seed must be contracted for at an early date. Last year some, who did not place their order early, were unable to get seed. On account of the drought last year desirable pure line seed is harder to obtain this year, and it is necessary for everyone wanting seed to place orders with the county agent now.

### Local Chapter Sends Quota to Red Cross

A telegram to Mr. V. P. Emmons, County Chairman of the Red Cross, asks for a quota of \$50 from Kimble County on the \$10,000,000 drive for the drought sufferers. At a meeting this morning attended by Mrs. A. W. Loeffler, H. G. Hubert, E. A. Loeffler, G. W. Crabb, Jim Carpenter, Guy C. Moses, H. E. Wright, Edgar McLendon and V. P. Emmons, it was decided to send check for the amount called for.

The committee will make a survey of Kimble County to see if there are people here eligible to receive aid from the Red Cross under this drive.

### Spring Weather 3

Unusual weather has prevailed in this section all this week and especially the past two weeks. Last week the weather was warm and rain fell slowly putting a good season in the ground. Monday the sun came out and real spring weather is here. It is too warm for the time of the year and will bring out fruit blooms unless the weather changes soon. The green vegetation on the ground looks more like May than February. Everybody is enjoying the ideal weather, but colder weather later may damage the vegetation that is coming out prematurely. The weather is ideal for livestock.

### Small Number Of Poll Taxes Paid This Year

#### Every Voting Box in County Shows Decrease Over Previous Year

Men and women eligible to pay poll taxes to entitle them to the right of suffrage during the year 1931 were not interested this year judging from the number of polls paid. Some might have thought that the last minute law passed extending the time taxes become delinquent until October included the poll tax also. But such was not the case. All subject to a poll but who failed to pay before Saturday night, January 31, will be disfranchised for a year.

The poll tax payments were unusually light as the number is approximately 1,052 compared to 1,488 one year ago. This number is subject to correction as the collector's office had not been carefully checked when this information was obtained. The White Bluff box was added last year, but the number paid this year is less than the number in the box last year. Every box is below last year. In addition to the number given above there will probably be 200 on the supplemental list.

The following is the number by boxes for 1930 and 1931:

Box	1930	1931
Junction	560	485
London	162	112
Evergreen	47	43
Bear Creek	48	41
Tea Cup	70	57
Copperas	51	35
Noxville	115	98
Savocia	86	85
Murr	38	35
Roosevelt	48	46
White Bluff	—	24

### Kimble County Ranchmen Are Alarmed Over Rapid Spread Of Bitter Weed On Ranches

Following the overflows on the Llano rivers last fall, ranchmen are finding "Bitter Weed" growing in the bottoms of both the North and South Llano rivers. The water brought the seed from the sources of these rivers where bitter weed has been growing for several years.

The weeds are very healthy and avaricious and grow in territory where often other vegetation is slow to appear in the winter. It is the big pest of the sheep industry now. Ranchmen have spent many hours in discussing this weed during the winter, holding clinics at various ranches, and sending sheep which have been eating the weed to various laboratories over the country. Those who have had the best success in fighting it seem to be the ones who turned their sheep into oat or wheat fields for a time and then back on the

## 4-H Club Motorcade Visits Several Demonstrations In County Tuesday

### Three One-Act Plays Coming To Texan Theatre

Antique Costumes Will Be Worn In One Play

Much interest is centering in the Little Theatre performance scheduled for Wednesday evening, February 11, at 7 o'clock at the Texan Theatre when three one act plays will be presented. The program will include "Renting Jimmie," by Lillian Stoll, "The Mouse Trap," by William Dean Howells, and "Their Anniversary," by Alice C. D. Riley.

Hostesses for the evening will be Mrs. W. P. Riley, Mrs. A. L. Mudge, Mrs. H. G. Hubert, Mrs. Victor Hardeman, and Mrs. Conrad T. Holekamp. Misses Mary Hubert, Eldon Claire Gough, Lela Taylor, and Eloise Hardeman will act as ushers.

Stage settings for two plays will be supplied by the Farmer Furniture Company, and Jack Richardson will lend the furnishings for the "Mouse Trap" from his collections of antiques, supplemented by several pieces from private collections. Mrs. Lilburn E. Standifer designed the setting for "Their Anniversary," an attractive scene where the anniversary dinner table is set and ready.

Costumes worn in the "Mouse Trap" are originals from the past. Jewel Riley will wear the wedding dress of her mother, Medames W. P. Riley and L. E. Standifer, and Misses Paireale Linn and Ksleta Taylor will appear in former frocks of Mrs. Conde Hardeman's and Cristelle Reid will be seen in an old gown of Mrs. Lucy Motley's.

### Standifer Hospital Undergoes Repairs

For the past few weeks the Standifer Hospital has been undergoing extensive interior repairs. The walls and ceiling of all the rooms have been cleaned and repainted. There has also been a few changes in the arrangement of the interior.

Dr. L. E. Standifer has been constantly improving the building and grounds of the hospital and has made it one of the attractive places in town.

### Mrs. Joe Watson Dies February 3 In San Antonio

Deceased Leaves An Infant Son Only Four Days Old

Mrs. Verda Marjorie Watson daughter of Mrs. J. L. Ragland, died in San Antonio early Tuesday morning, February 3, and the body was brought to Junction for burial. The funeral services were held at the Methodist Church Wednesday afternoon, the Rev. Bolton Boone, pastor of the Methodist Church and the Rev. Frederic M. Brasier, pastor of the Episcopal Church, officiating, after which the remains were laid to rest by the side of her father who died in 1923.

The church was beautifully decorated in keeping with the life she lived. Messrs. Tommie Cowser, Joe Felts, Arthur Thompson, Omar Wright, Ed Allen, Aubrey Hill, Jim Carpenter and Leslie Beasley acted as pall bearers.

Mrs. Watson was born in Junction January 1, 1909, and grew to young womanhood here. When only 11 years old, she united with the Methodist Church and remained a member of the local church until her death. On June 23, 1925 she was married to Joe Watson and made him a devoted companion. She is survived by an infant son, James Hugh Watson, born only four days before her death; her husband, Joe Watson; mother, Mrs. J. L. Ragland; two brothers, Louie and Gerald; a sister, Madeline; and many relatives and friends who mourn her untimely home-going.

Bright, happy and cheerful Mrs. Watson carried sunshine with her wherever she went. She always had a smile and kind word for her friends. Her death comes as a dark shadow to her friends and relatives who loved her so dearly.

Marjorie's future was full of promise, and it is hard to understand why she was taken in the prime of her life. It is sad, indeed, to see one so well equipped for life and so pleasantly situated taken so unexpectedly.

Her host of friends sympathize with the loved ones in this sad dispensation. She is gone but her happy disposition and wholesome influence will linger long in the hearts and minds of those with whom she came in contact during her short span of years here.

### Supt. Guy C. Moses Is Re-elected For 3rd Year By Board

At a recent meeting of the Junction School Board, Mr. Guy C. Moses was re-elected superintendent of the Junction schools. Mr. Moses is now serving his second year as superintendent and is making good. There is a fine spirit in the schools. The school section of the Junction Eagle reveals a healthy condition at the school building.

Mr. Moses was connected with the Kerrville schools for several years before coming to Junction. With the new high school building going up, Mr. Moses is expecting great progress in the schools in the coming years. For four years the schools have been crowded and the teachers have not been able to do their best.

Mr. Moses' friends are congratulating him upon his re-election.

An estimate of the toll that has been taken this winter is impossible, but many deaths have been reported in neighboring counties.

### 17 Calves Are Seen On Inspection Trip

BARBECUE IS SERVED A. & M. Specialists And County Agent Make Addresses

Another concrete demonstration was given Tuesday of the constructive work being done by County Agent R. E. Homann when a motorcade of 27 cars and about 100 people visited some of the demonstrations being sponsored by Mr. Homann in his work in the county. The demonstrations visited consisted of club calf feeding, chickens, goats and terracing.

The purpose of the motorcade at this time was to give R. W. Persons, District Extension Agent, and A. L. Smith, Beef Cattle Specialist, and others interested an opportunity to see the 17 calves being fed by the boys and girls of the 4-H clubs and the vocational agriculture boys. These 17 calves will be shown in Junction on February 28 and everybody in Kimble County should see the show. It is a real show to see calves that have been gaining around 3 pounds a day for several months.

Leaving the courthouse at 8:20 Tuesday morning the first stop was at the home of Geo. R. Pepper in Junction where George Robert is feeding two Hereford calves. George Robert gave a brief history of his calves telling that they were put on feed about August 29, the weights at that time were 432 and 370 and on January 1 they weighed 784 and 753.

The next stop was at the home of Chris Schraub, where his son, Clifton, has as his project under the direction of Mr. M. B. Bethel, a fine grade calf. Practically all these calves were put on feed the latter part of August and have consumed around 2,000 pounds of grain and other feeds. Clifton's calf has jumped in weight from 475 pounds to 753.

The home of Mrs. Pearl Turner was visited where Leon is feeding a calf that weighed 363 pounds in August and on January 1 tipped the scales at 621. The last weight of all the calves visited was on January 1.

From Mrs. Turner's, the motorcade left for the country, stopping first at Goodall Kothmann's where he is feeding about 20 grade calves for the market. They are fine and when they are sold Mr. Kothmann has promised to give the Eagle a record of his feeding demonstration for publication.

The next stop was at the McCaleb ranch where Roy Robbins is feeding a 4-H club calf. He told in his own way his experiences in feeding the calf which weighed 390 pounds at the beginning of the feeding period in August and now tops the scales at 664. Roy, as also all the others, gave an itemized account of the expense of the demonstration, but these will be given after the show in Junction on February 28.

One of the most interesting stops was at the home of Tate Jarvis where his daughter, Dorothy, the only girl feeding a calf, displayed one of the best calves. Her calf, named J. W., has put on an average of 3.6 pounds daily during the feeding period. This calf has increased from 403 to 816 pounds.

The next stop was at the Watters home where Robert and David Watters are caring for 8 registered billies. They are not yet one year old, but make a show themselves. These boys

**BIRTHDAY PARTY**

Gwyn House invited a number of his friends to a birthday celebration, at the home of his parents, Mr. and Mrs. G. H. House, on Saturday afternoon. The merry games of childhood caused the time to pass all too soon for the little folks. The pretty birthday cake was topped with nine candles and was served with ice cream.

Those present were G. W. Walker, Weldon and Bernice Lister, Lucille St. Clair, R.V. Ball, Louzon Tinsley, Morice St. Clair, Florence Ellen Sheppard, Anna Belle Becker, Charles Stewart Taylor, Elsie Helen and Earl Davis, Henry Arnel Lackey, Emory Walker, Lena Myrtle and Gwyn House.

The mothers present were Mesdames Jessie Ball, C. W. Walker, Stella Davis, T. E. Shep-

**MR. AND MRS. HOLEKAMP ENTERTAIN NITE CLUB**

Thursday evening Mr. and Mrs. C. T. Holekamp entertained the members of the Nite Club and a few guests with a bridge, at their residence. The tables and party appointments cleverly carried out the Mexican motif. Pictures of noted Mexicans adorned each score pad. The tables were laid with covers of red and green and a spray of red and green candy adorned the center of each table. A delicious Mexican dinner

was served after which bridge was played.

Mr. and Mrs. R. H. Spiller won the club prize, a handsome Mexican serape. The guest prize, a box of candy went to Mrs. Sayres Farmer. Miniature sombreros filled with green and red mints were given as cup prizes to Mrs. Clay Secrest and Mr. Guy Wynne.

Those present were Miss Eloise Wynne, Mrs. Olney Patterson, Mr. and Mrs. Clay Secrest, Mr. and Mrs. Guy Wynne, Mr. and Mrs. Sayres Farmer, Mr. and Mrs. U. D. Kindrick, and Mr. and Mrs. Hugh Spiller.

Fruit cake and ice-cream with chocolate sauce were served at the close of the evening.

pard, Charles Taylor, Ernest Lackey, G. R. Lister, R. Parker, of Center Point and G. H. House.

SERVICE AND QUALITY

**4-H Motorcade--**

(Continued from page 1) are as interested in their goats as the others are in their calves and are learning how to grow and feed goats. They told of their demonstration to the delight of the 100 people on the motorcade.

A chicken demonstration at the home of Mr. and Mrs. D. M. Stewart revealed that 93 brown leghorn pullets that began laying in November are making a wonderful record. These 93 pullets produced 1,117 eggs in December. At an early date the Eagle will give more information about these chickens.

From Mr. Stewart's the motorcade went to the home of C. E. Lambert's where Neal Lambert, winner last year, is feeding three calves. At the first of the feeding period these calves weighed 398, 450, and 480 pounds and on January 1 they weighed 703, 792, and 875. Some of Neal's calves have gained daily more than three pounds. The beautiful ranch home of E. H. Kothmann was the next stop where Woodrow Kothmann is feeding a calf that has gained almost three pounds daily, having increased in weight from 320 to 801 pounds on January 1. Woodrow told of the wonderful progress made by the calf.

The last stop for the motorcade was at the well improved farm of Mr. Walton Kothmann where J. D. and Frank Wootan are feeding seven fine calves. The history of these calves was given by the boys as were the preceding ones. Their weights at the beginning of the feeding period were 370, 363, 497, 477, 410, 412, 300 pounds and on January 1 their respective weights were 753, 730, 785, 745, 718, 731, and 605.

At this stop, Mr. Walton, assisted by several other men, served barbecue, pickles, bread, and coffee to the people in the motorcade. The barbecue was sponsored by the Kimble County Chamber of Commerce who extend thanks to Mr. Kothmann and others who assumed the burden of serving the crowd. County Agent Hornann was

master of ceremonies during the day and called upon Mr. Persons who spoke briefly of the dangers of the "bitter weed" and the virtues of grain sorghums. He complimented Mr. Hornann

on the good work he is doing and the people for the co-operation shown by him. Mr. Persons was followed by Mr. Smith who talked about beef cattle and how to prepare them for market.

## LONDON LOCALS

The sun shines bright, the birds are singing; all nature seems happy, even the men and women are smiling and the little children are full of life, joy and vitality. Indeed this life is worth living.

Our last news of the condition of Mr. Guy Cummins in a San Antonio hospital was favorable. It stated that Guy was doing as well as could be expected and would be able to sit up soon if he continues to improve.

L. M. Walton, M. M. Nelson, and Leander Miller are accused of breaking the speed limit when they rode into town last week with the throttle opened to the speed of a fox trot. They steered their cow ponies with accuracy and no accidents occurred.

G. W. Mathews and E. V. Stewart of the Ivy Community were in town Friday. They say everything is lovely in their community.

D. M. Stewart and son, Elton, were in from the farm Friday. Mr. J. H. Tomlinson and son, Ray, of Coleman, brother and nephew of Mrs. Lewis, spent a night with her last week.

W. C. Jones was in for the mail and a shave Friday. Bill says the winter so far is ideal for the ranchmen and farmer. So say us all and we rejoice that it is so.

G. W. Hardesty was ordering fruit trees Monday. Why not? Mr. Hardesty has an ideal place for fruit. I would be glad to see 1,000 trees put out on his place. With the proper attention in a few years they would yield a greater return than all the balance of his farm.

John Fritz of Bandera, was in town Monday morning.

Mrs. Lottie Amoon who has been spending several days with her sister's family at Lubbock, returned to her home Sunday. Mrs. Amoon states that Martin Baze is doing just tolerable well. It is too bad for a young man of Martin's mental ability to be physically an invalid.

J. J. Ake, John Rush and the writer spent a real pleasant day on the river Sunday returning by the Lambert place where we had the pleasure of seeing Master Neal's baby beebes. They are simply fine, all three of them and the last of them is simply a beauty in both color and build. Some one else may get the prize, but Neal has three fine beebes.

Mr. C. E. Lambert was in Monday and states every thing is fine on the ranch.

Mr. T. J. Lange was in from Yates Monday. In discussing the daily pound gains of the baby beebes, Tullie said he could beat anything he had heard of in gain of weight with his old cow, offering a guarantee that he could put on as much as a five pound gain in weight in one day with pear but said the trouble was she would not hold it.

The first month of 1931 has passed very favorably. Everything is looking better, and as the months pass, we expect to see everything looking better, and to see things natural-

ly adjust themselves toward a normal condition. Lets begin now to forget the past and look forward to the better day. It's coming and we can hasten it by doing our part. Lets clear up more of this fine valley land and plant more feed, raise and fatten more home raised lambs and raise some cotton for ready money in early fall and use the seed to supplement the feed crop, in doing this we can become independent of stock market crashes, and when they come we can still whistle while the other fellow sighs.

## NOXVILLE NOTES

(Too late for last week)  
Mr. and Mrs. Irvin Brown entertained with a dance at their ranch home Friday night. It was well attended and every one had a good time.

J. P. Taylor and daughter, Miss Edna Bea, who spent last week with Mr. and Mrs. Jesse Coffey returned to their home at Fisher Store in Blanco county Sunday. They were called here to the bed-side of little Lem Taylor who was sick with flu. We are glad to report that he is able to be up at the present writing.

Miss Marjorie Montgomery was the guest of Miss Jessie Cowsett for several days.

A. T. Whetstone and family and Fred Whetstone and family visited in Harper Saturday and Sunday.

Uncle Stonewall Brown was a guest of Sterling Reese and family Saturday and Sunday.

We understand that there was preaching at the school house Sunday but did not know about it until too late either to attend or give notice through the paper. The correspondent would appreciate it if ministers and others contemplating holding religious services of any kind in our community would notify me in time to render them the assistance possible in getting the facts before the people.

We are the grateful recipients of a two inch rain one day last week and before we could get the report to the editor, it was raining again. Stock is hardly worth raising at present, but anyway green grass is good to look at and we have a good season in the ground for the coming spring and stock of all classes is in good condition.

# This Woman In 4 Weeks Lost 17 Pounds of Fat

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewiston, Montana, that ought to be read by every overweight woman in America.

Gentlemen: I started taking Kruschen every morning as directed as I was very much overweight and wanted to reduce. I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 214 lbs. and at present, which has been just four weeks, I weigh 239 lbs. And I must say I feel better in every way, besides looking much better.

May all large people, both men and women,

who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince anyone.

A bottle of Kruschen Salts that lasts four weeks costs but 85c at Heyman Drug Store or any drugstore in America. Take one half teaspoon in a glass of hot water before breakfast every morning. To help reduce, swiftly cut out pastry and fatty meats and go light on potatoes, butter, cream and sugar.

The Kruschen way is the safe way to reduce—Try one bottle and if not joyfully satisfied—money back.

## IVY ECHOES

Last week was the wettest week we have had during this school term. Our clothes were a sight and also the floors at school, but we "carried the pack" and are looking down the future with big bright prospects; for surely there will be a big harvest when another autumn shall have arrived.

Miss Alberta Wootan spent the week-end with home folks. Frank and Mae Dell Stewart were absent from school Monday and Tuesday.

Mr. and Mrs. Fred Maass and family visited Mr. and Mrs. Nath Walker Sunday.

Our school has entered the League this year and we expect to have several contestants at the meet.

Mr. and Mrs. Everett Stewart spent a while with Mr. and Mrs. Ray Amberson Sunday evening.

Mr. and Mrs. Orlan Stewart and family spent Sunday with Messrs. Ernest and Dannie Summers.

J. M. Bryant of Uvalde is working for Fred Maass.

Mr. and Mrs. Huston Collins and children spent Sunday with Mr. and Mrs. Will Shearer.

Mrs. Orlan Stewart was ill last week, but is much better now.

Strange as it Seems  
Elmer knew his history lesson Monday.

Cecil refused to play.  
Bonnie Ray worked an Algebra problem.

Marvin missed five words in spelling.  
Lucille has a double chin.

Motto: "Don't fight your pack."

## One To A Customer

A newspaper publisher offered a prize for the best answer to the conundrum:

"Why is a newspaper like a woman?"

The prize was won by a woman who sent in this answer:

"Because every man should have one of his own and not run after his neighbors."

## Depressing

"I hope that's a nice book for you to read, darling," said a conscientious mother to her very young daughter.

"Oh, yes, mummy, it's a lovely book but I don't think you would like it. It's so sad at the end."

"How is it sad, dear?"  
"Well, she dies, and he has to go back to his wife."

## A Charming Hostess

You'd never think she had cooked that delightful meal, would you? She looks so fresh and dainty, so untired and gay—and she said she's been at a matinee all afternoon!

The seeming mystery is so easily explained.—She's a modern Home-Manager, profiting by the use of Electric Cookery. She prepares the meals at any convenient time, entrusting the actual cooking to the dependable and automatic Electric Range.

Why don't you experience the delights of this modern method of cookery? It's so inexpensive, so convenient, and the results are so unusually good, you'll wonder how you managed when kitchen responsibilities tied you to the old-fashioned cook stove.

A Trained Representative is waiting to explain and demonstrate the modern Electrical Cook. He will also show you how the Convenient Budget Plan and the new Home Comfort Rate make Electric Cookery doubly economical.

JOURNALISM CLUB MEETS

Monday morning the Journalism Club met in the study hall for its weekly meeting. Mrs. Kendrick's Harmonica band played two selections; Lorena Couey and Vernelle Tinsley presented an imaginary interview; Mae Delle Lowry gave a reading and Mr. Moses addressed the club. In his address, Mr. Moses stated that he thought the club was doing good work. The attendance record is improving, as there was a greater number present than has been at any previous meeting.

Visitors are always welcome to attend the meetings. The club meets at 11:30 every Monday morning.

BASKET BALL NEWS

(By James Hodges)  
 The boys' basketball team has not done much during the past week. Practice has been hindered by the rainy weather. A game between Junction and the London High School team will probably be staged Friday to determine the county championship. The team that wins will go to Brownwood to the district meet on the 13 and 14 of this month. Junction is set and ready. The Eagles love to beat London and then bring home the "bacon" from Brownwood.

NO BASKETBALL PRACTICE

The mud prevented the basket ball girls' practicing any last week. They were also disappointed because they could not go to Brady Saturday as they had planned. The girls are hoping that in a few days the court will be dry enough for them to practice.

P. T. A. DONATES BOOKS

Last week the eleventh grade students were issued new books in literature. The books on literature which the seniors have usually use to buy are issued them now as regular text books. The students are indebted to the P. T. A. who purchased the books for the school.

El Club Espanol

Monday afternoon the Spanish Club held its regular meeting from 2:00 to 2:45. Emma Hensley, president, presided.

The faculty joins the students in extending their sympathy to the bereaved family on the death of Mrs. Joe Watson in San Antonio Tuesday morning.

Miss Kelly was ill with a cold Monday and Tuesday and was not able to teach. Mr. Moses took charge of her classes.

It is reported that Miss Edna Winslett, a former student of this school, was recently married to G. B. Warren. The students wish this couple a happy married life.

Christine Schraub spent the week-end in San Antonio.

Patronize Kimble Co. Merchants

Civics Club Meets

Tuesday morning the Civics Club had its weekly meeting. Raymon Furr, the president, was in charge.

A short business session was held before the Literary Digest topics were discussed. It was decided to adopt the following rules for its constitution: Any person that does not make a report when called on will be fined five cents unless the president accepts the excuse; a fine of five cents must be paid for disturbing order during meeting; every day that the fines are late they are increased five cents; when a person speaks on any subject he is to address the president and class mates; every committee shall consist of five or more members; and any one disobeying these rules shall be fined by the president.

It was not decided what the fines would be used for.

Oral reports were made on topics taken from the Literary Digest.

The meeting was adjourned at 11:30.

NEW LIBRARIANS

Students of the high school are going to continue to keep the library in their spare time. Some changes have been made in the librarians. For the second semester, the librarians are as follows:

First period—Eunice Northcutt.

Second period—Veola Wahl.

Third period—Eunice Northcutt.

Fourth period—Harry Witt.

Fifth period—Vivienne Livingston.

Sixth period—Eunice Northcutt.

Seventh period—Emma Hensley.

DELIVERS LECTURE

Friday morning Miss Bennett delivered her second of a series of lectures to the high school pupils. The subject discussed was: Food tests, preparation, preservation, and the action of the Digestive Organs on this food. After the lecture the students assembled in their home rooms where talks were delivered by class members, and the reports on the previous lecture were taken up. The following topics were assigned for Friday: "Why Water is Necessary for Living Things," "How We Get Water for Use," and "How the Forests Help to Store Water."

SENIOR MEMOIRS

Pauline Jones has enrolled in the Senior Class. She is taking a course in commercial work.

Last Friday morning during health education period Hazel Lister gave a talk on the "Methods of Cooking Foods."

The English IV Class is now studying Old English Literature. They have found out that it is not as simple as it is old.

Glee Club Meets

Tuesday morning the Glee Club had its third Theory lesson. Mrs. C. W. McCarroll gave the lesson. The club then sang a few songs with Miss Bennett at the piano. After a short business session, the meeting was dismissed.

## COUNTRYSIDE BROADCASTINGS

By Rev. G. W. Crofoot  
 Pastor Junction Presbyterian Church

THE DEPARTMENT of Rural Sociology of the Virginia Polytechnic Institute, under the leadership of Dr. W. E. Garrett and Professor C. H. Hamilton, has made an investigation of rural church conditions in Virginia.

THE STATE of Virginia stands very high as compared with most states, in the number of Sunday school teachers who have taken special training to fit them for their work, but even here very few have had courses. In Virginia, out of 280 Sunday school teachers who answered a questionnaire with reference to teacher training, only four had taken as many as twelve units which entitled them to a diploma; nearly 60 per cent had not even had one unit. Every Sunday school teacher should consult his pastor or write to his denominational headquarters to find out concerning the special courses that have been provided to help him prepare for his work. These courses may be taken in class or by correspondence.

SUNDAY SCHOOL workers in rural churches should study the special unit on Town and Country Church Leadership. Workers in the small Sunday schools have problems which are not found in the large city churches where there is good equipment and other advantages. There are problems which are found only in the country Sunday schools.

WOULDN'T it be a splendid thing if the churches in Kimble County would unite to promote a Leadership Training School for Sunday school workers? It would inform and inspire as well as stimulate interest in religious education in this county.

KAZMEIER BABY CHICKS

White Leghorn, Barred Rocks and S. C. R. I. Reds, from trap-nested, blood tested and pedigree bred hens. Every nest on my farm is a trap nest. The trap nest is the only sure way of breeding for high flock average egg-production. Write F. W. Kazmeier, Bryan, Texas.

**Keep your Car young with Flashlike Gasoline & Velvet Motor Oil**  
 Preserve the quietness and smoothness of your car by using a fuel of high anti-knock rating --- and its compression, by using a motor oil that never leaves a moving part unshielded --- whether the motor be cold or hot. Flashlike Gasoline and Velvet Motor Oil form the ideal combination. Flashlike Gasoline makes a motor start easily, develop full power quickly, and run smoothly for thousands of miles of added service-life. Velvet Motor Oil has the body and easy-flowing qualities to protect bearings at all driving speeds and temperatures. It holds compression --- and increases power.

### Sunday at Our Churches

**Presbyterian Services Will be Conducted In Episcopal Church**

(G. W. Crofoot, Minister)

Sunday School will meet at ten o'clock. There will be no morning worship. Evening worship will begin at seven-fifteen o'clock.

**TABERNACLE NEWS**

Large crowds are attending the services every night at 7:30 o'clock at the Full Gospel tabernacle which is located 3 blocks south of the Junction State Bank. The services consist of singing, testimonies, and preaching. Every body is welcome. Old time gospel messages, souls saved, and sick prayed for at every service. **Chauncey Merwin, Pastor Evangelist.**

**CHURCH OF CHRIST**

(Ira L. Winterroad, Minister)

10-00 A. M.—Bible Classes meet for study.

11-00 A. M.—Assembly for worship, in songs, reading, sermon exhortation, prayer, communion and fellowship.

11:15 A. M.—Sermon: "Faith that Works by Love"

7:30 P. M.—Evening service with sermon. Subject: "Looking Forward."

7:30 P. M.—Wednesdays, prayer and Bible Study. A welcome for you at all meetings.

**METHODIST CHURCH**

At the 11:00 o'clock hour on Sunday morning the pastor will preach a special sermon for the local Boy Scouts Organization. At the evening hour now changed to 7:30 the Leaguers will present a play depicting the modern problem of the race question. The play is entitled "The Color Line."

Sunday School at 10:00. Come and bring someone with you.

The Kimble County Chamber of Commerce is sponsoring the pure line seed movement again this year and asks farmers and ranchmen wanting pure line seed to see the county agent. 43c

Mr. and Mrs. E. T. Brown of London were Junction visitors Saturday. Mr. Brown called at the Eagle office and renewed for the paper for another year.

W. C. T. Holekamp and Teddy were San Antonio visitors this week. Mr. Holekamp went to San Antonio with them Saturday, but returned Sunday.

Mr. and Mrs. E. G. Hill and son, Aubrey, were called to Eastland county last week on account of illness of Mr. Hill's father.

The fine weather the first of the week was welcomed by every body and especially by those suffering with flu.

Mr. R. W. Persons, District Extension Agent, and A. L. Smith, Beef Cattle Specialist, were Kimble County visitors the first of the week. They were here inspecting the good work being done by County Agent R. E. Homann.

### Junction Trade Notes

(By G. G. Co.)

Records of Tax Collector's office of Kimble County will show approximately 65% of taxes collected to February 1, which is far above average of the State. In some sections of State it is said collections were not over 25 per cent and in Dallas County about 27 per cent. Red Cross relief is being administered in 38 counties of Texas, and Kimble County is not included in the number. The local chapter Red Cross has forwarded its assessment quote to national headquarters and in meantime will conduct a local survey to determine if there are needy here who may need assistance.

In Brazil a cup of coffee may be had for 1c. In Junction drummers say they get a better cup of coffee for 5c than anywhere in their territory. We have good coffee as low as 20c lb., and "Bright and Early" blend is excellent at 25c. Gann Grocery Company.

"Uncle Henry" Murr of Junction is carrying his 90 years age with the enthusiasm of youth. Wednesday, he turned the traffic peg and lost a wheel but the car slid to within ten feet of a garage where repairs were quickly made and Mr. Murr reached home without being late for dinner. Mr. and Mrs. A. L. Mudge are home after a visit to Corpus Christi and Rio Grande Valley where they were surfeited on citrus fruit and salt water fish, and now their appetites crave ranch beans and sidemeat.

The Bermuda onion plants and Wakefield cabbage plants advertised in this column last week failed to arrive as scheduled, probably due to wet weather in the fields. The plants may arrive any day this week. Will have in stock early next week certified seed corn, "Yellow Dent" and "Sure Cropper," also wheat for chicken feed. Gann Grocery Company.

There was local rain and thunder February 1, which may indicate something else later on, but just now every prospect pleases. Flour and meal have taken another slight decline in price. Eggs on San Antonio wholesale market are bringing less than 11c a dozen, while the local market is holding considerably above that price. It is one of the idiosyncrasies of people that, when eggs are cheap hardly anybody wants to eat them, while at 50c a dozen they have the flavor of angel's food.

One of the coveted premiums provided for the 4-H Club Boys is a purebred Hereford Heifer, donated by Corson F. Stewart from his ranch herd of registered Herefords. Mr. Stewart delivered the animal Wednesday and it, along with other premiums will be awarded in the 4-H Club exhibit to be held in Junction February 28.

Pickled pigsfeet in kits, will be in our stock this Thursday. Gann Grocery Company "Everybody's Store."

#### City Bakery Gives Away A Dollar A Day

Messrs. Wright and Sheppard of the City Bakery state that interest in the dollar they are giving away each day is growing. They are enjoying an increase in their business and thank the people for the interest they are showing in their trade-at-home campaign.

Each day a dollar coupon is baked in one loaf of bread which will be redeemed for one dollar if brought to the City Bakery. The bread wrapper does not know the loaf that contains the coupon. This loaf may be secured at any store that handles Junction bread.

The following have redeemed coupons to date: Mrs. Flora Hardin, Irvin Jarvis, Mrs. P. Joseph, Mrs. E. H. Horney, J. T. Johnson, Mrs. J. W. Boone, Jose Zapata, Ed Hazelwood, Dr. J. Holt Smith and Mrs. George Cavaness.

Mr. and Mrs. Dee Gibbs were in Junction Wednesday from their Sutton County ranch. They report weather conditions ideal and livestock in fine condition.

#### NOTICE TO CONTRACTORS FOR STATE ROAD AND BRIDGE CONSTRUCTION MAINTENANCE

Highway No. 27  
Job No. M-7-0-2  
Length 6.25 Miles

Sealed proposals addressed to the State Highway Engineer of Texas, for the improvement of certain highways in Kimble County, will be received at the office of the State Highway Engineer at Austin, Texas, until 10 o'clock, A. M., February 27, 1931, and then publicly opened and read.

Work consists of double Bituminous Surface Treatment from Roosevelt East a distance of 6.25 miles on Highway 27 in Kimble County.

Specifications and proposals can be obtained from the office of the State Highway Department, Austin, Texas.

A certified or cashier's check on a State or National Bank of the State of Texas, for Seven Hundred Fifty Dollars (\$750.00) made payable without recourse to the order of the State Highway Commission of Texas, must accompany each proposal, as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with requirements of the specifications. The right is reserved by the party of the first part to reject any and all proposals or to waive all technicalities.

#### CITY TAX NOTICE

Every person, company or corporation who owns or controls real estate or personal property in the City of Junction is required by law to call at the city office and render same for taxation between the first day of January and the first day of June in each and every year, and it shall be the duty of every person, company or corporation owning or controlling taxable property within the city limits of Junction to render same before the first day of June each year.

John S. Munn  
City Assessor. 43c

WANTED:—Plain sewing at my home. Mrs. Ollie Fleming 43p

Mrs. Cora Moshier, of 801 North New Orleans Ave., Brinkley, Ark., writes: "I was so constipated until I was just sick, I could not stand to take strong medicine, so I decided I would take Black-Draught, and I found it to be all right. "I would have such dizzy spells, and such bursting headaches, until I could hardly go. But after taking a few doses of Black-Draught, I would feel just fine. It is a good medicine, and I recommend it to all who suffer as I did. It is very easy to recommend a medicine that has done as much for me as Black-Draught has done." THEOPHORD'S Black-Draught For CONSTIPATION, INDIGESTION, BILIOUSNESS, ETC. WOMEN who need a tonic should take CAROL Used over 20 years.

LONG LIVED, HARDY, AND beautiful Chinese Arbor Vitae is the best evergreen for wind-break, hedge, screen, or background. Lowest prices ever known or offered by RAMSEY'S AUSTIN NURSERY, AUSTIN, TEXAS.

Farmers and ranchmen wanting pure line seed get in touch with the county agent at once. 43c

Pecan trees give shade and food, and live for generations. The best of all kinds of trees and plants sold by RAMSEY'S AUSTIN NURSERY, AUSTIN, TEXAS. Free catalogue.—32c.

AND More Efficient YET It Costs Far Less!

BORDEN ICE COMPANY

# Firestone

## HIGH QUALITY TIRES at Lowest Prices in History

### Firestone BATTERIES

We sell and service the complete line of Firestone Batteries—Come in and see the EXTRA VALUE we give you. We make you an allowance for your old battery.

Firestone's great buying power of rubber and cotton at unprecedented low prices—and their efficient manufacturing and distributing system direct to their dealers and stores—places them

and us in a position to give you these great values in Firestone Tires, Tubes, Batteries, Brake Lining, Rims and Accessories . . . . .

The name Firestone is on every tire Firestone makes. They do not make tires under Special Brand names for mail order houses or other distributors. Such tires are made by some unknown manufacturer and sold under a name that does not identify him to the public, usually because he builds his first line tires under his own name.

## Wahl Brothers & Schraub

Come in and compare tire sections for QUALITY and CONSTRUCTION that you can see for yourself the EXTRA VALUES we give.

## Let Your Livestock Buy Your Feed ----

A VISIT to calves now being fed by the 4-H Club boys and girls and the vocational agriculture boys convinces the officers of this bank that more feed should be grown in Kimble County and should be marketed through the livestock of the county. Many demonstrations have proved that the best way to market home-grown feed is through homegrown livestock. A visit to our own club calves will convince the most skeptical.

IT IS THE belief of this bank that our farmers and ranchmen should grow all the feed possible this season. The experience of those who are growing feed and feeding it to livestock proves that it is profitable. It brings more money when fed at home and the fertilizer enriches the land.

CONGRATULATIONS to our 4-H Club Members.

## Junction State Bank and Junction Cattle Loan Company
