REVIVAL MEETING IS PROGRESSING

PREACHER URGES PEOPLE TO DO PERSONAL RELIGIOUS WORK.

SERVICES AT THE CHURCHES

Sunday a Good Day Services Held At Individual Churches. Night Services at Auditorium.

The gospel campaign under the auspices of the Snyder churches still goes on. There was no service Sunday morning at the City Park Auditorium.

Evangelist Hamilton preached at the Methodist church.

In the afternoon and Sunday night large crowds at the Auditorium. The singing was fine. Mr. Walker is getting the children interested in choir work. He corralled them Sunday night and they did well.

On Monday afternoon there was a special meeting for the little folks and about 300 marched through the streets and sang at the northwest corner of the square. This parade was complimented by lots of people.

Tuesday the home prayer meetings were held in different parts and 100 men met at the court house and were addressed by Mr. Hamilton. He urges business men to persuade men to become Christians. He said it is not enough to just be good men. They should seek to do good. Get out and work for the Lord.

Services were resumed at the Tabernacle Tuesday night. Mr. Hamilton is preaching strong sermons and some of the people are earnestly working for a great revival.

Bro. Tucker To Remain Here.

Some time ago the Signal had occasion to announce that Rev. M. T. Tucker had tendered his resignation as pastor of the Baptist church effective Aug. 1st. It was well known then that the church would regret to see him go away, and that all our people were hopeful that he could be prevailed upon to remain here. This week it is learned, upon dependable authority that he has consented to with draw his resignation and remain here as pastor. His own people and all the rest of us are glad of this final determination.

Tilman Perkins, George Harris, Bill Jones and a few others went to Bull Creek Wednesday to pull some fish.

W. S. James of the R. S. & P. dined Wednesday at the Manhattan.

Accused of Forgery.

A young white man named C. C. Shumaker was arrested by Sheriff Merrell a few days ago charged with passing a forged check. It is said that he purchased a pair of boots at a store here and gave in payment a check for $6.50 on a local Bank, purporting to have been drawn by C. C. Sharp. Later last week the officers were notified that some thing was wrong and the arrest of the young man followed.

OLD FIDDLERS IN SNYDER

Texas Champions of Fiddle and Bow Play in Snyder.

Mr. Henry C. Gilliland of Altus Oklahoma, and Mr. Jesse Roberts of Springtown, Texas, were visiting friends in Snyder last week.

Mr. Gilliland is Justice of the Peace in his town and Mr. Parker is a farmer of Parker County, but now temporarily residing in Fort Worth.

They are expert fiddlers and have both taken part in Old Fiddlers' contests and both have carried the honor of championship of the state and they wear medals to prove it. They gave a public demonstration of their skill with fiddle and bow at the opera house last Friday night playing before a good big audience.

To a person untutored in classic music they are an inspiration. Scientific performers on the violin have power to thrill a listener but some how, the old time fiddler can stir the emotions to a sort of sublime state of ecstacy that finds expression only in some degree of measuring time to the whirr of the instrument and the rising and falling strains of the old time tunes as the room seems filled with the rolling swelling notes of melody.

The visitors have a number of friends in Snyder. Mr. Gilliland and Mr. Geo. W. Johnson were war comrades in the early 60's. Mr. Roberts knew the Hutchesons and other Snyder folks in other years. They enjoyed their stay in Snyder and liked the town.

Residence Burned Wednesday.

A seven room house in northeast part of town which belonged to Dr. H. E. Rosser and was occupied by Mr. and Mrs. E. A. Morrow, was burned about one o'clock Wednesday The house was valued at $1100 and insured for $100. Mr. Morrow lost all his house hold goods except two beds and a few other articles and had no insurance. Mrs. Morrow was visiting in the country Mr Morrow went home at noon and cooked his dinner and had gone to town and knew nothing of the fire until it was all over.

Our Mr. Chambless left Sunday for Corpus Christi to attend the annual meeting of the Texas Press Association in session there Thursday, Friday and Saturday. Mr. Chambless is billed on the program for an address.

Prof. B. D. Black principal of the Snyder High school left Tuesday for Austin to take a summer course in the University. His family will visit in Coleman while he is away.

SECRETARY BRYAN RESIGNS POSITION

DISAGREEMENT ON GERMAN POLICY IS CAUSE OF BREAK.

LANSING SUCCEEDS TO PLACE

President Wilson Appoints Counselor Lansing to Succeed Bryan.

Washington, June 8.—Secretary Bryan handed his resignation to President Wilson late this afternoon. The resignation, coming like a bolt out of a clear sky, is the result of a disagreement over the new note to Germany. Bryan urging that it be so framed as to court arbitration and Wilson favoring a more stringent stand. Bryan and Counselor Lansing were closeted a long time today regarding the note and when Bryan finally submitted his idea of how the note should read he failed to get it indorsed by the cabinet which held a long session today. Bryan considers that the present note is practically an ultimatum to Germany and he says that he believes the people of the United States do not want such an ultimatum sent. The exact language of the note will not be given out until it reaches Berlin. It may be sent tomorrow.

Wilson accepted the resignation. It was stated authoritatively that the resignation which had been under consideration for several days, was accomplished with the utmost good feeling between the secretary of state and President Wilson.

Counsellor Lansing succeeds Mr. Bryan as Secretary of State.

The note has gone to German and every word of it will be backed up by the American people.

Mrs. Irick Died.

Mrs. Autie Irick, aged 25 years, died Tuesday at the home of her father, Rev. J. W. McGaha of Route one. She had been in ill health for a year or more. The remains were buried at Ira.

Raleigh People Lose Case.

Tite W. T. Raleigh Medical Company has had court troubles elsewhere the same as in Scurry county. It will be remembered that in suits for debt against certain agents in Scurry county the court sustained demurrers of defendants on the contention that the Raleigh contracts as drawn were in violation of the anti-trust laws.

Similar suits elsewhere in Texas have gone the same way, as shown by the following report in the Fort Worth Record.

A contract to compel an agent to sell one line of goods exclusively in Texas was held to be in violation of the anti-trust statute of the state by the court of civil appeals in a decision handed down by Judge R. H. Buck Saturday in the case of W. T. Armstrong et al. against the W. T. Raleigh Medical company. This case was sent up on appeal from Somervell county.

The W. T. Raleigh Medical company brought suit against W. T. Armstrong and his bondsmen to collect an amount claimed to be due them for goods furnished because Armstrong sold other lines of medicines that those manufactured by W. T. Raleigh Medical Company. The contract required that Armstrong sell only those medicines manufactured by the Raleigh company. A judgment in favor of the Raleigh company was returned in the district courts of Sommervell county and the case was appealed to the court of civil appeals. The judgment of the lower court was reversed and a judgment rendered in favor of Armstrong. The main question involved was did the contract come within the terms of the anti-trust law of Texas.

Grayum Baker came in from Austin last Sunday and will probably be here all summer. His mother expects to be here soon for a visit.

J. W. NEILL WILL MEET FARMERS

DIRECTOR NEILL WANTS TO MEET FARMERS HERE JUNE 24th.

WILL DISCUSS WORM PEST

Authority on Bugs and Worms Will Advise in Regard to Pest.

There is much concern being felt all over the country regarding the wooly worms that are infesting crops. It is wise to begin early to eradicate an evil.

A letter was recently written to the Agricultural Department for some light on this pest and Mr. J. W. Neill's answer appears elsewhere in this paper.

Later, Mr. Neill has written the Signal that he epects to arrive in Snyder on June 23, to make a personal investigation.

Here is his letter:

Austin, June 8, 1915.

Mr. J. S. Hardy,
Snyder, Texas.

Dear Hardy:

Unless Providentially hindered I will come in to Snyder on the eve of 23rd from Tahoka, to investigate the insect complained of or any others I will have a large collection with me. If you think best to hold a meeting on the 24th it will be O. K with me. I want to do all I can to benefit the people there, so whatever arrangements are made will be all right with me.

Yours, respectfully,
J. W. NEILL,
Director of Institutes

The people of Scurry county know Mr. Neill and will be glad to meet him. It is desired to have a large ly attended meeting of farmers and business men at the Court House at 10 o'clock on Thursday June 24th to study this new pest and other matters of importance. Mr. Neill is authority on bugs and worms and it is hoped that farmers will be here on the 24th to tell him all they know about this woooly worm.

A WeWdding Card.

Friends of the parties here mentioned have received the following wedding invitation.

"Mr. and Mrs. Jno. W. Smith request the honor of your presence at the marriage of their daughter, Addie Mae, to Mr. William Williamson Hamilton, Wednesday afternoon, June sixteenth, nineteen hundred and fifteen, at two o'clock, Methodist Episcopal Church, South, Miles Texas. At home after June 1st, Snyder, Texas."

Old Citizen Passes Away.

Mr. J. F. W. McFarland a prominent and highly esteemed citizen of Scurry county residing near Dunn, died at a sanitarium in Fort Worth on Thursday night of last week after an illness of only a few days.

He became ill about two weeks ago and it was believed that he was suffering from a hurt on the head by a falling tree, but an operation failed to disclose any external cause and his illness was pronounced paralysis. He was examined at Fort Worth. His condition continued to grow more serious and members of the family remained there with him till the end came.

The remains were brought home Friday and buried in the Dunn Cemetery last Saturday. He was one of the best men in Scurry county. He was a member of the Methodist church and belonged to Dunn Camp, W. O. W.

The funeral was conducted by the Woodmen of the World. Religious ceremonies conducted by his pastor, Rev. C. C. Wright.

Mr. McFarland was a courteous honest, industrious and successful farmer and had the respect and confidence of a large acquaintance.

He is survived by his wife, four sons and two daughters, who have the profound sympathies of many friends.

OLD CITIZEN DIED NEAR FLUVANNA.

Fluvanna, Texas, June 8 1915.

To the Snyder Signal:

On last Thursday, June the third, the people of Fluvanna were called upon to pay the last tribute of respect to the mortal remains of one of our oldest citizens, Mr. J. W. Canon, who has resided, with his aged wife, and his son, Walter, at their home a few miles south of this place for about twenty-four years.

Brother Canon was a good man, full of years and ripe in experience—a man highly respected and esteemed by all who knew him—as was fully attested by the very large concorse of people who attended the funeral service. He was a member of the Baptist church and died resignedly and peacefully in the faith. Bro. Canon had been in bad health for many months, but his last illness was of short duration. He was nearly seventy-one years old. He has left his aged and devoted wife, three daughters and two sons with a number of grand children to mourn a great loss.

This aged father served through the civil war. Thus, these faithful old soldiers are rapidly passing from the walks of men where battles are hard and of ferquent occurence to that glorious and eternal home where there shall be no more war—no more sickness, sorrow and death.

The funeral services were held at the Fluvanna Cemetery by the writer. We extend to the bereft family, our hearty sympathy and love.

—JAS. H. TATE.

MAY PROVE SERIOUS PEST.

A letter was written last week to Mr. J. W. Neill of Austin calling attention to the pest of wooly worms here and asking for expert information regarding them. Mr. Neill has replied as follows:

Austin, Texas, June 7, 1915.

Mr. J. S. Hardy,
Snyder, Texas.

Dear Sir:

I am referring your letter of June 5th to Prof. E. E. Scholl, entomologist of the Department, requesting him to give it immediate attention.

I may pass through there in a few days, if so I will arrange to stop and investigate. I think from your letter that the caterpillars are larva of the woolly bear, and may prove to be a serious pest.

Yours very truly,
J. W. NEILL,
Director of Institutes.

"STAR—A Good Thing To Pass Along"

Men Who Chew Are Men Who DO

AMERICANS are large users of explosives, but instead of employing them to *destroy*, we use them to *improve*. The men engaged in the manufacture of explosives are clear-minded and steel-nerved. Of course, they can't smoke—but they want the solace of tobacco while at work. Most of them chew STAR. They chew STAR all day long and find the last chew as good as the first.

You'll find that the thick STAR plug allows you more of the mellow, long-lasting chewing leaf; that STAR can't dry out like a thin plug and that every STAR plug weighs a full 16 ounce pound.

The demand is so great that STAR never stays long on the dealers' shelves.

Snyder, Texas, June 4, 1915.

Germany has marched 50,000 fresh troops to the front.

———oOo———

Corpus Christi is just about half way up to the mark set by Tere Haute in the matter of election frauds.

———oOo———

It is said there are 13,000,000 people starving in Mexico. This may be so, but it is generally supposed that Mexicans can live on almost nothing and there are not that many foreigners there.

———oOo———

If either Villa or Caranza shall refuse the friendly offices of the United States to assist in establishing a respectable government in Mexico it will show that they are not prompted by patriotism.

———oOo———

Wilson and Bryan have both worked for peace and have differed only on the means to that end. This government has borne numerous insults until President Wilson decided that the virtue of forbearance has its limit. Mr. Bryan has created numerous sensations, but he stays with his convictions. Germany may feel that this disagreement shows weakness, but the country will stand by Wilson to maintain American honor.

———oOo———

Now the wise ones are predicting a twelve-million bale crop for 1915. Some of these experts placed the acreage reduction at 25 per cent and the reduction in the use of fertilizers at 40 per cent. If so there is no reason why raw cotton should not sell at 20 cents per pound when marketing time comes.—Fort Worth Record.

The wise farmer will hardly risk holding for 20 cents if he is offered fifteen.

LITTLE SIGNALS

Indications point to the fact that Abilene citizens and R. S. & P. Ry. officials have bought out the Pennington interest in the Snyder Cotton compress and the location of the press will be changed. Wouldn't it be well to have a written contract that all cotton presented be pressed in Snyder? If the crop should be short and not enough to operate the compresses at Snyder and Sweetwater, naturally the Snyder Compress would be closed down and the cotton pressed at the Sweetwater press. This, merely as a note of warning. Come to Texas and on to Snyder.

Why not get on the band stand and uniform fund and have them ready for the Fourth of July??

Now its right up to the Snyder National Bank to erect a five story office building on their excellent lot at the northwest corner of the public square.

Snyder won a ball game—what you know about that?

Be enterprising and build some resident houses. Nine families are looking for five and six room cottages.

Electric "juice" is now running a full flow.

The new ice wagon created the appearance of a factory city.

How about that county hospital? Scurry county should have it.

Keep in mind the idea of a two-year University course in connection with the Snyder Public Schools. The finance report will be published next month.

The "good old summer time" is here. In the fall we are promised double train service on the R. S. & P.

CITIZEN RIGHT AND DUTY.

"Why should an American citizen be permitted to involve his country in war by traveling upon a beligerent ship when he knows the ship will pass through a danger zone? The question is not whether any American citizen has a right under international law to travel on a belligerent ship; the question is whether he ought not, out of consideration for his country, if not for his own safety, avoid danger when avoidance is possible.

"It is a very one-sided citizenship that compels a government to go to war over a citizen's rights and yet relieve the citizen of all obligations to consider his nation's welfare. I do not know just how far the President legally can go in actually preventing Americans from traveling on belligerent ships, but I believe the government should go as far as it can and that in case of doubt it should give the benefit of the doubt to the government.—W. J. Bryan

People who sailed on the Lusitania did so at their own risk.

OUR SPAT WITH GERMANY.

Germany contends that the British steamship Lusitania was armed and carried a cargo of munitions of war for England, and therefore her destruction was justifiable Germany evades expression of her policy relative to neutral shipping in the war zone. Ambassador Bernstorff had a confab with President Wilson and then started an envoy to Berlin to tell his people how the United States thinks and feels about it. Germany's reply to Washington's first note is noncommital and is not satisfactory.

In the meantime two affidavits have been filed at Washington saying that the Lusitania carried four mounted guns, but this is denied.

President Wilson dispatched a second note early this week and if Germany still dallies and plays for time it is expected that diplomatic relations may be severed.

Germany claims to be ready to pay for the Gulf Light and the other American boats destroyed saying the gunners failed to recognize the American flag till after the shot. Such excuses are not entitled to consideration and nothing short of the greatest possible reparation should be accepted.

The Lusitania affair is different. The general expression at that time that although Germny had disgraced herself, this country had no grounds upon which to call Germany except the high grounds of humanity.

It remains to be seen what reply Germany makes to our second and if she should show any degree of contempt, then we may find authority in international law to demand of Germany a strict observance of the rights of neutrals and non-combatants.

It is being intimated as probable that the negotiations between the United States and Germany may lead up to a settlement of troubles in Europe resulting even during this summer in bringing a cessation of hostilities.

FERGUSON CUTS OUT BIG ITEM.

In a spirit of state pride accentuated by surrounding influneces the Legislature felt constrained to rub off some of the finger prints and touch up the fresco and tinselize the plaster and ceiling of the state house the finest and most costly building in Texas. They got to feel an embarrassment when visitors were about, and mortally afraid that the microbes and germs of former gatherings might infect the newer generations of law makers and in their great stress of love for humanity, dread of sickness and respect for contractors who wanted a good big job they voted an appropriation to pay for over hauling this "Pride of Texas" and when Gov. Ferguson got off to himself, the idea probably came to him that it was foolish pride to taboo a good house and make a fine one just to look at, while the state really needs so many other things and we are informed that he promptly ran his blue pencil through the $415,000 item intended to have been spent for repairs.

Texas people are finding out that Gov. Ferguson is not apt to consent to dig money out of the public treasury for expenses that are not necessary.

———oOo———

WITH OUR EXCHANGES

The man who won't cut loose the string he has tied to one dollar for a public improvement until his string is tied to two dollars, is not a progressive and desireable citizen.—Anson Western-Enterprise.

That's the truth, but we positively refuse to talk about our neighbors.

Mr. L. T. Adam's alfalfa has been baled and turned out 452 bales averaging 80 pounds to the bale. This produced on 15 acres of alfalfa and the alfalfa is now eight to ten inches high since cutting. This equals one and a fifth ton to the acre. There is at least one cutting should be a greater yield and there may be a third cutting if seasons come. Besides this there are some 46 to50 hogs that have the run of the alfalfa most of the time.—Jacksboro News.

Still there are people who insist that alfalfa doesn't do well in West Texas.

The government of each state in the American Union and likewise the general government is a pauper. Each is dependent upon the tax payers for every dollar required to pay the expenses of their government.—Roby Banner.

There is a growing tendency to look to the government for a lift. People seem to forget that they are the government.

The fellow who runs to a man and repeats to him some derogatorw remark made by another starts something that may take years to amend —Slaton Slatonite.

Tale bearing is a poison that should be banished from every community. The mischief can be done by a nod, o word uttered in confidence, or even sometimes by silence.

President Wilson has the moral indersement of the citizenship of the United States in his kind but patriotic utterance to the factional leaders in Mexico.—Trent Enterprise.

We are told further through the public press that Villa's people in Washington greeted the President's utterance with joy and that Carranza and his people are pleased.

When a man gets to where he knocks every thing good that is started in a community he had better be taken out and shot and rid the community of a grouch as well as a nuisance. A man of this kind is more detrimental to a community than a cyclone, hailstorm or drouth.—Borden Citizen.

Go at 'em Oscar. You may get licked, but the Lord's apostles suffered martyrdom for preaching the truth.

The Reporter joins a long list of citizens in tending deepest sympathy to the bereaved ones of the four who died in our midst Sunday, Monday and Tuesday. And yet it seems almost a mockery to offer it. Three of them at least are victims of a careless populace, of which The Reporter is not least to blame. True, time and again, this paper has sounded a clean-up warning, but it has not kept everlastingly at it until it was done. Thus three deaths are the grim toll already paid.—Midland Reporter.

An awful indictment. Other towns should take notice and act before calamity comes.

"The outlook for business in this State next fall" is roseate, according to the opinions of men much more competent than The News is to answer that question. If The News had the temerity to challenge their judgment, it would nevertheless be restrained by the many evidences which, even to the lay mind, must argue impressively for the view that the future is bright. Business conditions throughout the country are improving steadily, and Texas can not be quarantined against the forces which are causing this improvement. The crops which Texas is even now harvesting, reinforced by influences which come from without the State, seem to afford a pretty good assurance against hard times.—Dallas News.

Pessimists will dispute the above conclusion, but let it be remembered that pessimists never build improvements.

———oOo———

A legislator in Kansas introduced a bill to prohibit women from using beautifyers. The heartless wretch will never get office where women have voting rights.

———oOo———

Surely Germany will not care to add the United States to her long list of active enemies. About all that we now demand is prompt reparation of damages for destruction of American vessels and a guarantee of respect for American rights at sea. Germany could hardly expect less.

ELECTION FRAUDS AT CORPUS.

Forty-two citizens of Corpus Christi have been indicted by the federal grand jury charged with promoting irregularities in violation of law in the general election of 1914. The fact that it was a time for election of Congressmen gives the federal court jurisdiction in the matter.

Most of the accused men are City and county officials, in cluding District Judge, Sheriff and lesser officers and several negroes and Mexicans. It is said they bought poll tax receipts paid taxes for voters and paid for votes.

There is said to be a tense feeling existing between two political factions.

———oOo———

The recent decision of the Supreme Court in the Government's suit against the steel corporation encourages the country to renewed confidence in courts. The Steel Corporation in a big concern and has wielded a tremendous influence in commercial affairs, but the court has held that it fails to find where the corporation has exercised its power in restraint of trade, and that mere bigness cannot be urged as a proof of guilt, hence the accused corporation was acquitted of the charge of conducting a monopoly in restraint of trade.

PELLAGRA AND HOOK WORM
PERMANENTLY CURED

For eight years Dr. W. J. McCrary, a graduate practicing physician, has had the most remarkable success in curing Pellagra and Hook Worm diseases in his practicing territory in Northern Alabama, and now these wonderful Remedies are being offered to sufferers over the entire South. Cures have been effected in the very worst stages of Pellagra and Hook Worm by Dr. McCrary's Remedies, and the cure is permanent—not a temporary relief. Patients bed-ridden and out of mind treated seven and eight years ago for Pellagra were cured in a few weeks, and are in fine health today. Hundreds of testimonials are gladly given by these patients of Dr. McCrary.

We Help Those Who Try to Hely Themselves
C. W. Post Home Farms

We are building up a community of actual home owners and are anxious to inierest good, dependable men in our undertaking. We will sell raw land on which we will place improvements and charge against the land. In other words should you buy 160 acres, we will improve the same with a 4 or 5 room dwelling (with water piped into the kitchen), well and windmill, sheds for chickens, hogs and stock, and a silo if wanted. These improvements will cost from $1500 to $1700. We will not sell land unless it is to be farmed—no speculation.

One can buy 160 acres 10 to 15 miles from Post City, but near a school, at $20 to $22 an acre, plus the improvements mentioned above. We will sell you the land and improvements for a payment of $2 per acre ($320) down and $1.75 an acre (280) per year at the unusually low rate of four per cent interest. Notes on or before. Payments cover both land and improvements.

Farms on the plains will be sold during 1915, to be occupied early in 1916, for $2.00 an acre down and terms as above. Interest does not start until you go on the land. Next payment Jan. 1, 1917.

Also have just classified and put on the market the breaks, or grazing land. These lands will sell from $6.00 to $12.00 per acre. $1.00 per acre cash, 50c per acre per year until payed out at 6 per cent interest. This goes in tracts of 640 acres and up.

SNYDER'S LIGHT SYSTEM

No More Dead or Flickering Lights. Manager Renken Solves Problem.

A Signal man visited the domain Tuesday of Snyder Ice & Electrical Company to see what is being done there and he doesn't know now.

Every workman there was busy on some part of the big job and too busy to answer questions.

It is easy to see why we have been so long without lights. The men have been placing the ponderous machinery and it is immense. The great engines are a wonder of latent pow1 er and when they start there will be something doing. Manager Renken was working with a balky gasoline engine used to operate the pump and the newspaper man felt safer to ask no questions just then.

An expert machinist was tightening the bolts on the Mogul and getting ready for the final test. There were about a dozen tricks rigged up here and there. Their functions are known to the working force and the others of us can wait and see.

Mr. Renken said we would have lights some time this week, probably Wednesday night or Thursday.

It has taken time and money to fit up this splendid plant but the people of Snyder may feel assured that the days of uncertain and unsatisfactory lights have passed. The light and power question in Snyder is now solved.

Will You Read This Twice?

A very important question to-day which every housekeeper must decide for herself is whether she prefers pure, cream of tartar baking powder like Dr. Price's or whether she is willing to use alum baking powder in food.

One kind is easily distinguished from the other, since the laws of various States require the ingredients to be printed upon the label. If anyone is in doubt which to use, it is worth while to ask the family doctor. Then decide.

And when once a decision is reached let no advertisement, or dealer's argument, or canvasser's solicitation, change the decision. It is not a question of a few cents or of pleasing a salesman. It is a question of health.

If this appeals to you as reasonable and sensible advice, it is worth reading twice. And it is worth remembering.

DR. PRICE'S CREAM BAKING POWDER

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop Using Dangerous Drug Before It Salivates You! It's Horrible

You're bilious, sluggish, constipated and believe you need vile dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50c bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel, and without griping or making you sick I want you to go back in the store and get your money. Take Colomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless so give it tothe children any time. It can't salivate you, so let them eat anything afterwards. (11)

Chopping cotton is the order of the day here now. Cotton is growing fast, but a large woolly worm is doing some damage in fields around here.

Maize and other small grain is growing fast these fine days.

A large crowd from Bethel attended the "Children's Day" services at Arah Sunday.

Miss Annie and Virgie Davis visited their sister Mrs. M. Minyard of Snyder Wednesday.

Mr. Ace Mosley received a letter stating that his mother was very ill and he left that evening to be at her bedside. He returned Friday.

Neal Flippen, S. Womac and Lester Whitfield helped Mr. Shuler shock oats last week.

Oats and wheat are ready to be cut now. About half a crop is all that will be harvested in this country..

Joe Seabourn plowed for Mr. Pete Bridgeman last week.

Mrs. Zelma and Maggie Davis and children visited Mrs. F. L. Davis and family.

Stone Carden and Warren Scrivner made a trip to Dallas in a car last week. They purchased a new out fit for the union gin of Snyder, while there.

Mr. F. L. Davis left for Haskell, Texas, Sunday, as a witness in the trial to be conducted there.

Mr. J. Wright Mooar bought a new binder and brought it in from Snyder Saturday.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die.

I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

ADDRESS ALL BUSINESS COMMUNICATIONS TO THE COMPANY

El Paso, Texas, August 12th, 1914.

Mr. A. F. Fegan,
c/o The Texas Company,
El Paso, Texas.
Dear Sir:-

Confirming conversation with you regarding use of "Crater compound" on our kiln gears, beg to say that for two years we tried to lubricate them with youre and other black oils without much success.

At that time, two years ago, you put in your Crater" and I doubted the advisability of attempting to run the main girth gear any longer, but am pleased to say that the wear was stopped almost completely by the use of "Crater The same gears are running today with promise of a long time yet. You can see the value of this, as this gear and pinion cost us about $600.00 without expense and loss of time in replacing.

Our gear lubrication on kilns and coolers was reduced in cost over 50% by use of "Crater" in addition to the above benefits.

Yours truly,

The most desperate fighting of the war is on at the Dardanelles. Should the allies capture the forts then Constantinople is their prize. This will divorce Turkey from Germany and Austro Hungary and put an end to the rule of the Turk in Europe. It will do more than this. Should Bulgaria and Rumania declare war for the allies it will rivet a steel band about the Tutonic empires. Is it possible for Germany and Austria to fight the world and win?
