MOST INTERESTING THING DELEGATE LEARNED

The most interesting thing that I learned at the Short Course was the demonstration on 4-H Pantry.

We learned how to fix all posters, fix a list of what the pantry contained, the cost, also, the way to invite others to attend the achievement day, have some one put posters at the roads that lead to the place with direction how to get there.

Have some one of the cooperators to register one as they come in, leave the hostess to show everyone through and explain any question on the pantry that anyone wants to know.

The pantry should be arranged with quilts in one place, jellies in one, and places for all dried vegetables, pumpkins, onions and such things as can be all vegetables fixed together. Storage stored without being canned.

The first thing we did was to make food budget and receipt file and then storage space before we begin to can. The storage place can be in the house or a good cellar, as the shelves take so much room. If a complete pantry is fixed all things should be labeled and dried before storing away.

Arranged the things so you could go in the dark and find what you want.

Another important thing is to put an advertisement in the local paper where the achievement day will be held, when, and at what time.

The whole week was interesting but we were asked to write on one subject, this being the most interesting.

The trip to Galveston was a sight, the pretty scenery of green trees, flowers the gulf was pretty with the big waves coming in. We also enjoyed a good swim and two ship rides.

It's a trip well worth working hard to see.—A delegate.

Mrs. Mose Laws and children Bert and Margaret, are in rule for a two weeks' stay. They have returned accompanied by Mrs. Jim McCoy.

STANTON LOSES DOUBLE HEADER

CASEY JONES
Stanton went completely "haywire" here Sunday afternoon and dropped both games of a double header to a team they had twice before defeated. The game was witnessed by the largest crowd ever to attend a game on the local grounds this season.

With a six run deluge in the second inning, made possible by Stanton's errors and the visitors timely walloops, Coahoma, roughly speaking, coasted to an easy win in the first game of the double header.

Heaton held the visitors to 12 hits, tying the hurler from Coahoma, but was weak in the pinches.

G. Blocker wrapped out four safe blows in that many times to bat, with two doubles, a single, and a three bagger in the first game to tie Wagner for batting honors. Wagner also collected four safeties out of four times at bat.

In the second game, backed by 15 timely hits Mahoney had but very little trouble to dispose of Stanton batters until the seventh and final inning when the locals had scored one man and E. Pollock hit a homer with three men aboard. Five scores were chalked up in this inning before the stamped herd could be checked.

Riggs also hit for the circuit in the second game.

Stanton has three more league games to play this season. They go to Coahoma Sunday and to Colorado the following Sunday, and Big Spring comes here Sunday, Sept. 2 for the last game of the season.

Stanton has won four games and lost three, and after Coahoma's grand slam Sunday, still stands a good chance to tie or win in the 80 league.

In case of a tie there will be a series of games to determine the winner. But we'd better not talk too much about that yet.

My Trip to A. and M. College Short Course

MRS. W. H. CARDWELL, Ackerly, Texas

Twenty-one women from the counties of Howard, Martin and Midland, left Big Spring Sunday morning 8:00 o'clock, July 29, by bus for A. and M. College to attend the Short Course. Our route was by way of Colorado, (had dinner here), Dublin, Waco Sweetwater, Abilene, Cisco, Eastland, (supper here), Cameron, Hearn, Bryan, then College Station, where we arrived at about 1:30 in the night. We were very tired and sleepy after the long journey but had spent an enjoyable day viewing new country and having a lot of fun with each other, for we sang songs, joked, ate and delayed our time somewhat by demanding of our patient bus driver to stop every few hundred miles for drinking water.

Miss Myrtle Miller, home demonstration agent of Martin and Midland counties, with three Midland girls, went through in her car.

Most of our group had already registered with the home demonstration agent and upon arrival went to the room assignment clerk in the corridor of the old Main Building and asked for a room. From here we went to Leggett Hall and were shown our rooms. There were five cots, a dresser, table, two chairs, and a clothes closet to the room. We slept till 5:30 next morning, then up for shower baths. After dressing we went for meal tickets and at 6:45 we ate bread, butter, bran, prunes, ham, milk, and coffee at the Mess Hall. This being the greatest company of folks I had ever breakfasted with. Radio music was furnished and perhaps did help to drown the rattle of dishes, but we scarcely got in a spoken word, the noise was so great. This did not keep us from eating and the food tasted so good. Twelve ate at a table and were served by boy waiters. I did not learn the number of tables but was told there were about 200 waiters.

After breakfast we had time to brush teeth, primp up a bit and mail a card home by 8:00 o'clock when we went to assembly hall for songs, prayer and speaking until 9:00 o'clock. Here we learned some new songs and heard soul-stirring home-driving messages.

At 9:30 our real work began with courses at various buildings. One could go to whatever lecture or demonstration they wished. There was a full program every day for all, including women's work, 4-H girls and boys, horticulture, livestock, farm crops, poultry, dairying, rural pastors, writers' conference, special exhibits and rural work center. First, the women went to district meetings. There are nine districts with club work in Texas. In our meeting of District 3, we met our district agent Miss Blodgett. Heard reports from the counties and learned something about the scholarship fund. We found that an enormous amount of work is being done by home demonstration club women. Many Mexican and negro women have been reached with training. We were told that the measure or yard stick for next year's work was the number and quality of demonstrations. The work should be planned so as a number of leaders can be established. There is plenty of work but leaders are few. At 12:15 we had dinner—dried beans with tomato sauce, bread, butter, vegetables, potatoes, meat, pie, iced tea and water.

50 YEARS SERVICE SISTER OF MERCY OBSERVED HERE

SISTER MARY STANISLAUS PROFFESSED IN 1884, AND HAS DEVOTED ALL THE YEARS TO RELIGION AND EDUCATION.

On Wednesday, August 8th, Sister Mary Stanislaus R. S. M. of the Convent of Mercy, Stanton, celebrated the fiftieth anniversary of her religious profession. Sister was professed in 1884 at San Antonio, Texas, and has spent all those years in the constant service and education of youth in the various mission fields of the Sisters of Mercy in South and West Texas.

No wonder the people of Stanton and the different places afar turned out to show their appreciation and gratitude. The kind citizens and the former pupils of the Academy spared neither effort nor sacrifice in honoring the Jubilarian and making the Golden Jubilee a marked success.

Great preparations heralded the event. There were representatives among the clergy and the laity from the Dioceses of San Antonio, Dallas, El Paso and Amarillo. Solemn High Mass was celebrated at 9:00 A. M. Reverend J. A. Sirois, O. M. I., was celebrant; Reverend J. H. Krukkert, San Angelo, deacon; Reverend S. Kistner O. M. I., Dallas, dub deacon; Reverend Theo. Francis, O. M. I., Big Spring, master of ceremonies; Reverend E. J. Harrison O. M. I., Midland, Thurifer; Very Reverend T. D. O'Brien, Slaton; Reverend F. A. Brockman O. M. I., Brady; Reverend G. A. Beckman Olfen, Reverend J. Zienta in the sanctuary.

The Jubilarian marched in with her attendants, the choir chanted the beautiful hymn, "We Crown Thee Bride of Christ." Then she knelt down and received the crown which the Celebrant placed on her head. She wore it during the ceremony and throughout the day. It was symbolic of the fruit of the labors and achievements of fifty golden years in the Master's service. During Holy Mass the Jubilarian renewed her religious vows and received Holy Communion.

The Reverend T. D. O'Brien, pastor of St. Joseph church Slaton, delivered a very eloquent and impressive sermon taking for his text the words of Our Beloved Lord, "You Have Not Chosen Me, But I Have Chosen You."

Needless to say this talented speaker developed his topic with mastery skill, impressing a large audience with the benefits and consolations of our Holy Church and the precious advancement of religious life. He held the interest of the audience in rapt attention reading the Papal blessing which was given for thirty minutes, after which given to the Jubilarian.

The altar was tastefully decorated in green, pink and gold, the music was rendered by the Sisters choir, the forenoon was delightfully cool and all nature seemed to unite in making the day a glorious and effective one.

At noon the banquet was given for the clergy and the trustees of St. Joseph's Parish Church. Thereception in the afternoon was one of the most enjoyable features in the day's program as all the friends and former pupils of the Jubilarian turned out in full numbers to do her honor. All seemed to enjoy the refreshments and looked supremely happy in conferring every possible honor on one whom God had honored in His service for fifty golden years. May God continue to bless her and crown her fiftieth year ad maulas annos.

BARBECUE IN HONOR OF BIRTHDAY

Sam Stamps gave a weinnie roast Saturday night to a few invited guests in honor of John Whitson's 74th birthday. In the party were Mr. and Mrs. Bevy Purser, Mr. and Mrs. John Whitson, Mr. and Mrs. Sam Stamps, Mr. and Mrs. J. E. Kelly, Mrs. Maud Yates, Mrs. Harold Johnson, of Oakland, Calif., R. F. Parks.

W. A. Kaderli made a business trip Tuesday to Big Spring, accompanied by his daughter, Allene and Miss Ida Belle Mashburn.

Geo. Mahon to Speak Here Thurs., Aug. 23

Geo. Mahon, of Colorado, candidate for Congress 19th district, will speak in Stanton, Thursday afternoon, Aug. 23 at 4 o'clock.

Mr. Mahon is a very forcible and entertaining speaker, and you should hear him.

TEMPORARY HALT IS CALLED IN CATTLE BUYING PROGRAM

Under an order issued August 7th by C. Z. Crane, Texas surplus commodities distributor, all cattle buying for shipment was temporarily stopped due to congestion at terminals.

In support of the previous order, Craine, Wednesday wired the following to the local office:

"You may accept for immediate shipment all cattle purchased prior to the classing order, and ready for delivery to you. This does not mean Bureau of Animal Industry and Agriculture Adjustment Administration men can resume buying until notified by proper authority."

Since August 7, appraising has continued as before; however, condemnation was all that the appraisers were allowed to do.

The following is an inventory of Martin county emergency cattle program:

Condemned 1426; accepted, 2009; amount of money received from the government, \$30,614; number of checks received, 256; number of applications at office not yet appraised to August 16, 120.

GAS RATE LOWER UNDER NEW OPTIONAL CONTRACT

At a regular meeting of the city council held recently the West Texas Gas Co., asked for permission to offer to the gas consumers of Stanton a special yearly contract, which, in the opinion of the council would lower the annual charge for gas to the consumer, and in no event would the annual charge be greater than the present rate charge.

Rate under the optional contract would be as follows:

First 1000 cu. ft. per month \$1.50
Next 4900 cu. ft. per month 50c per 1000 cu. ft.

All additional cu. ft. per month at 30c per 1000 cu. ft.

Minimum bills \$1.50 per month. The present rate is 67 1/2c per 1000 cu. ft. of gas used per month.

DADDY'S AFRAID TO COME BACK

Wayne Vaughn of Rotan, is the guest of Jiggs Hall. He is the son of Rev. and Mrs. Vaughn, who were as pastor and wife of the local Methodist church. It's allright and proper for Bro. Vaughn's son to come back here, and for his daddy for that matter, but the daddy is reluctant in coming back since this editor and O. S. Maggart took the Reverend and his partner to a cleaning in a domino game at a Sunday school party one time in Stanton.

SOLDIER VISITING UNCLE

Henry B. Smith of Fort Sill, Okla., nephew of Jess Blackford, was here for a few days on a visit. M. Smith a nephew of Mr. Blackford, died last week at Colorado, and Sunday Mr. Blackford brought Mrs. Smith home with him for a short visit.

Henry Smith belongs to the Field Artillery stationed at Fort Sill.

QUICK TIME "THUMBING" IT

Glenn Cox and Claire Epley have returned from McAllen where they visited with Mr. and Mrs. Elmer Shortes and their baby daughter.

Their return trip was a record breaker for quick time. They left McAllen Monday morning on the "humb" route and landed in Big Spring the next morning in time to catch the Whitson 8 o'clock ice truck for Stanton. "Snooks" wasn't satisfied with his head gear when he reached the Valley so he traded it for a Mexican sombrero.

Mrs. R. E. Medley and son Roy, who have been visiting in Stanton and Midland for the past ten days, returned Tuesday to their home at Longview.

METHODIST REVIVAL STARTED WEDNESDAY

Revival at the Methodist church began Wednesday night with Rev. Minter, pastor of the Methodist church in Midland, doing the preaching. Rev. Minter is a forcible preacher and you will enjoy his sermons. Everyone invited.

CAR WRECK ON HIGHWAY NEAR MAGNOLIA STATION BADLY INJURES LOCAL MAN

Wednesday afternoon about 7 o'clock a car wreck occurred at the intersection of the old and new highway at the Magnolia filling station. J. L. Reynolds was driving his car and in the front seat by him was T. C. Heaton and in the rear seat Jack Cathey and Homer Wells. Ocie Henson sat on the right fender and his brother Buck on the left fender. They had been to a negro ball game on the lot in Mexican town across the railroad track and were returning to town.

A Chevrolet car driven by Carl Herr of Munster, Texas, accompanied by Roy Enders and his three boys, Junior, Edward and James, all from Munster, and enroute to Carlsbad on a pleasure trip, was coming from the east on the new highway and the two cars collided.

It is not known exactly how the accident occurred as none of the victims were able to tell how it happened.

Mr. Heaton was the most severely injured of any of the occupants in the two cars receiving bad scalp wounds, a badly wrenched back, and otherwise bruised and scratched from being thrown violently to the ground. He was carried immediately to a doctor's office where medical attention was given and conveyed to his home.

Mr. Reynolds was scratched and the Henson boys slightly scratched and bruised. Ocie Henson jumped and the fender he was riding on was bent into a knot. Buck Henson remained on the car and he was thrown for several feet rendering him unconscious for a few minutes. Mr. Herr, who was driving his car was cut and bruised on the face from broken wind shield glass. Mr. Enders had slight scratches and the boys were unharmed.

Both cars were badly wrecked and at the time of going to press the out of town victims were still in Stanton waiting for repairs to their car.

Mr. Heaton is improving as we go to press this Friday.

SUNDAY SCHOOL CLASS HAVE LINE PARTY AT YUCCA

The Friendship class of the M. E. church, had a line party at the Yucca theater, Midland, Monday evening to see "Handy Andy" with Will Rogers. There were 32 paid admissions in the party and the children brought the number attending up to 36.

After the show the party returned to the home of Mrs. Nobby Hamilton in Stanton where she and Mrs. Morgan Hall served refreshments.

VISIT CARLSBAD CAVERN

Along with more than 300 other Texans and a group totaling more than 700, coming from twenty-two states and one foreign country, six Stanton residents made the trip to the Carlsbad National Park and through the Carlsbad Cavern on August 6. Those entering the cave from Stanton were: Miss Ida Belle Mashburn and her small brother, Jimmie; Mrs. Paula Balch and young daughter Betty; Earl Autrey and Hilton Kaderli.

Members of the party report a good time.

HERE FROM PONCA CITY

Mr. and Mrs. Archie Wilkinson and two children of Ponca City, Okla., are here visiting his parents, Mr. and Mrs. W. M. Wilkinson.

Joe Chesser of Kyle and his son Hugh Chesser of Lockhart, came in last week to see John Chesser who was taken suddenly ill. Mr. Chesser accompanied his son to Kyle Sunday.

Mrs. Frank Greenwall and Mrs. Boone Kendall of Carlsbad, N. M., are the guests of Mrs. Greenwall's parents, Mr. and Mrs. W. G. Morrow and brother E. H. Morrow and family.

MY TRIP TO—

(continued from page 1)

We resumed work at 1:30. I went to the assembly hall where a lecture was given in pepping up the club. Rural people do not play enough. A birthday cake each month, old time songs and stunts were suggested to stimulate interest in the club work.

The Rural Work Center was next visited. Here we found real down-right farm work being carried out. The building was recently built of cottonwood trees that grew on the Brazos river. There are 3 large rooms with a fireplace, a long porch and two shed rooms. The making of peanut butter, watermelon rind preserves, grape and tomato juice, breakfast foods, sewing, ropes, baskets, rugs, comforts, leather, chairs, tables, tiles, mattresses, syrup and lumber sawing, are a few of the things that were done. Each community should have a work center. They help in working out the rural rehabilitation program of the Texas Relief Commission.

We went to supper at 6:00—snap beans, bread, butter, beef, vegetable salad, fruit, cake, iced tea and water.

At 6:30 vesper service on President Walton's lawn, where songs were sung and a spiritual address was given. After this we assembled at the flag pole and were divided into nine groups according to districts, given a leader to make a tour of campus buildings. First, we went to the new administration building. It is very beautiful and resembles a palace as to house decorations. Next was the animal industry where we were shown the slaughter, cutting and cooling rooms. In Francis Hall were various rocks, shells, animal teeth, bones, skeletons, a mummie, tusks, birds and freak animals. Thus ended my first day at the Short Course.

Tuesday morning The Farm Home Maker's Market was well demonstrated and we learned that many farm products could be sold through a simple market set up by Farm Home Makers and operated two half days each week. One such market reported they had cleared over \$1,000 in a year.

Wednesday morning O. H. Benson, National Director Rural Scouting,

One Pound 33c

JONES BROS. GROC'Y.

New York, made an inspiring talk on home life for boys, saying the biggest word in the English language was Adjustment. The re-inforcement of homes to give children a square deal. Take leadership to the community and leave it there. Recreation, play and games must not be overlooked. Make your own job and hire yourself. Make it possible for young people to possess something. Bad boys had never belonged to anything like Sunday school, church, clubs, nor had ever had a real good friend.

Tuesday night there were horse races at the stadium. Wednesday night we again toured buildings visiting the Engineering and Petroleum buildings, where we saw so many pieces of marble rocks. In the Veterinary Hospital, everything was very clean. There were large and small operating tables, examination and class rooms.

The Agricultural building was very interesting. A chandelier had been cleverly fashioned from an old wagon wheel, discs, plow shovels, trace chains and bolts. An elevating and revolving table stood beneath the chandelier. From this table classes made a study of machinery. Here we learned that 2000 boys and 11 coeds attended A. and M. college last year.

The Electrical Engineering Building, had all that pertains to electricity as far as I know. There was a talking soldier and a bluish purple mirror which attracted our attention. Thursday morning Mr. Howard spoke about Texas' Birthday Party in 1936. The centennial will cost the six million people of Texas \$15,000,000, but will pay \$640,000,000 for some 20,000,000 people who will visit Texas during 1936.

Ona Jacks, gave some worthwhile suggestions on living in the yard, stating it is pitiful when home is only a place to eat and sleep. There must be interest for each member of the family. Busy hands mean less heartaches, and attractive homes develop pride. Outside appearance gives the social and economical standing of a family. Arrange for a grass covered lawn with active recreation and simple equipment for cooking and eating outside.

Mr. Clack in discussing pictures for your home, said, all pictures reflect one's personality and should be selected with care. Those for a living room must be of general interest, something that will appeal to visitors as well as your family. Those for an occasion—music concert or serenading room should suggest a pleasure. In the bed room you may use your own pleasure in selecting pictures that appeal to you. Children like pictures of play, birds and animals. Hang pictures flat on the wall and on a level with the eyes.

Key Cottage is a modern cottage with donated furniture. Has 5 rooms bath and office, front and back porch. The paintings about the house are interestingly arranged. Trees are set irregularly.

Friday morning "My New Bed Room and My Wardrobe," was discussed. All dust catchers such as paper flowers and calendars should be removed. Special attention should be given to the bed where one sleeps. A demonstration was given showing a night's rest spent in each. The thin good and bad bed and the effects of poor mattress causes one to become ill, perhaps a headache and indigestion.

There were 1,544 wardrobe demonstrators and 22,377 cooperators in the last year's work. Many are learning to sew using their foundation patterns

Friday afternoon we made a tour of the kitchen where food was prepared to feed those at the Short Course. There were large iron kettles which steamed cooked the food. Great ovens were here and there; 1500 pounds of flour was used daily; some 450 pies, and 6,000 buns were baked daily, 200 pounds of beans, 800 pounds of meat, 1200 spuds, 900 pounds of sugar and 10 cases of eggs. We saw the dish washers which were operating at the time of our visit.

At 5:00 o'clock Saturday morning our buss and Miss Miller's car loaded out for Galveston by way of Houston. We saw pine trees, magnolias, and others that were covered in moss. crepe myrtles were plentiful and when we reached Galveston about 9:30 there oleanders galore. The waters of the bay were beautiful, shimmering and glistening in the sunlight, but those of the Gulf were equally so, with their foamy waves. Part of our women went in bathing near noon. At 2:00 o'clock we took a boat ride, seeing a large shark and many jelly fish. We left Galveston near 5:00 o'clock. Tried to find a tourist camp about 10:00 o'clock but all were full, so we had to go on to Austin where we spent the remainder of the night. Next morning, which was Sunday, we went through the Capitol, drove around the University buildings, then started home near noon, coming by Fredericksburg, Mason, Brady, San Angelo, (had supper here), Sterling City and arrived in Big Spring at 11:00 o'clock tired but happy, and ready to go to A. and M. Short Course again if the opportunity presents itself.

The Baptist revival closed last night after a very good meeting. There were nineteen candidates for baptism with twenty-nine new members. Good interest was manifested in both the morning and evening services and prayer service. A great service has been rendered the community and the people sincerely enjoyed working with both Rev. and Mrs. Hughes and Bro. Reddock.

CARD OF THANKS

We wish to thank our friends in Stanton for the many kind deeds and expression of their sympathy following the tragic death of our brother and friend. Without the many thoughtful things which you did for us the sorrow would be so much greater.

TO THE VOTERS OF THE SEVENTIETH JUDICIAL DISTRICT:

In the First Primary I received 398 more votes than my nearest opponent for the office of District Attorney. It is needless to say that I appreciate this splendid vote and I want to assure you that I will appreciate just as greatly any help you can give me in the Second Primary on August 25th.

I have tried to make a fair clean race for the office to which I aspire, based solely upon my qualifications and ability, and upon my ambition and desire to hold the office of District Attorney.

My appeal in the Second Primary is upon the same basis. If you think I am qualified and worthy of representing you in the office of District Attorney and honor me with that office I will be deeply grateful, and I hope that I may be able to conduct myself in such a manner that you will never regret your action.

Candidate for District Attorney

THANKS!

To my loyal supporters in the 88th District who exercised their vote and influence in my behalf I am taking this method of thanking my friends and supporters who responded to my candidacy July 28. I am deeply appreciative of everything my friends did for me. The influence which was exercised for me, and above all, the unswerving loyalty to my candidacy, I appreciate more than I can say.

It will be impossible for me to see all the voters in the run-off, so I am taking this means to solicit your further support and influence

My heartfelt gratitude to you all.

New Fair Throngs Storm Street of Villages

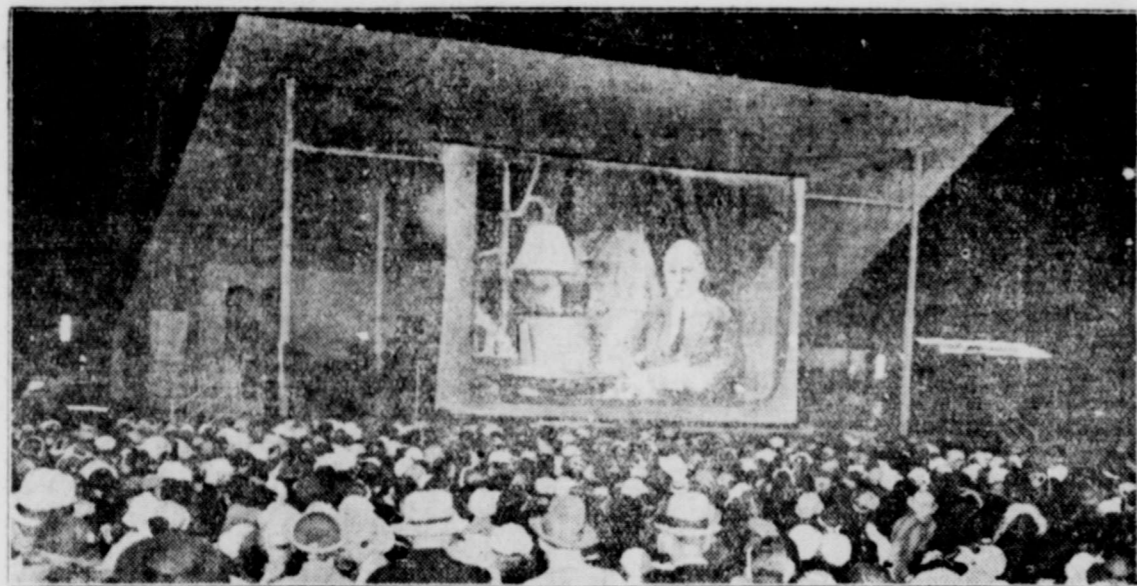

Shown here is part of the record-breaking opening day crowd at the new World's Fair in Chicago. The Street of Villages, offering a "tour of the world" in a single day, was the principal attraction for the sightseers, who were surprised to find the Exposition complete for the opening day, May 26.

World's Largest Fountain New Fair Feature

The largest fountain ever built will be the outstanding single feature of the new World's Fair which opens in Chicago May 26. Its flow of water will be enough to supply a city of 1,000,000, and its spectacular lighting, in five colors, will use an electrical load sufficient for a city of 150,000. Fifteen foreign villages, music, fireworks and free entertainment will be among the major attractions of the Fair. There are 84 miles of free exhibits. Cost to visitors will be low. Reduced rail and hotel rates are in effect. Chicago is easily accessible by automobile through fourteen major highways. A program of especial interest with music, parades, fireworks and special features has been arranged for opening day. That will be an interesting time for a first visit.

Thousands See President Light New World's Fair

Through the medium of a motion picture shown at the Lagoon theater, President Roosevelt turned on the lights of the new World Fair in Chicago for a record opening day crowd to see May 26. Visitors, who thronged in great numbers to the fifteen foreign villages that feature the exhibition this summer, were surprised when they found that the Fair was complete in every detail and ready to receive them.

Fair Visitors to Explore 'Lost River'

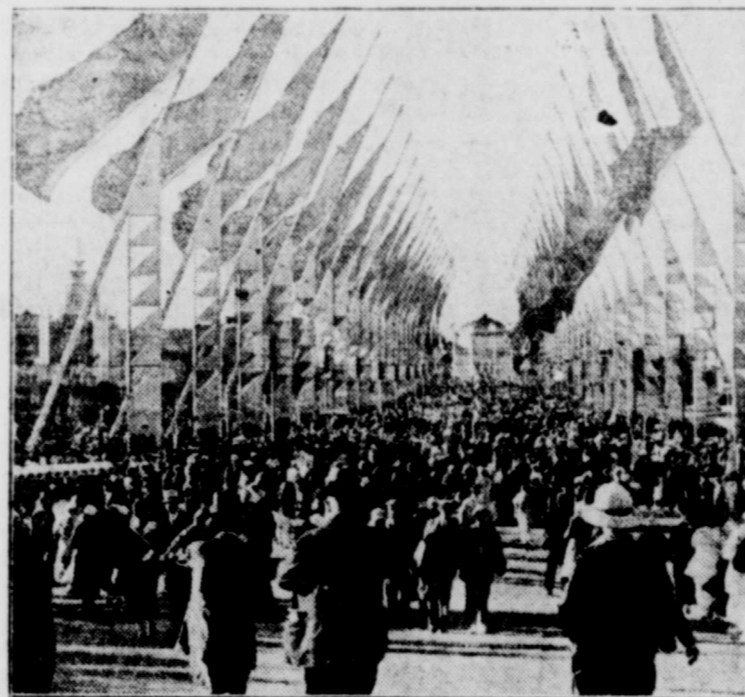

Visitors to the new World's Fair which opens in Chicago May 26 will float, in a boat pushed by a prehistoric man, down the "Lost River" through the world of a million years ago in this new exposition feature located on the new Beach Midway. This is one of all the new, startling features offered to Fair visitors this summer, at low cost. The prehistoric monsters reproduced will be animated, in some cases by as many as sixteen motors. They will move, hiss and roar. There are ample tourist accommodations and parking space adjacent to the Fair.

Scenes of 1776 at New Fair

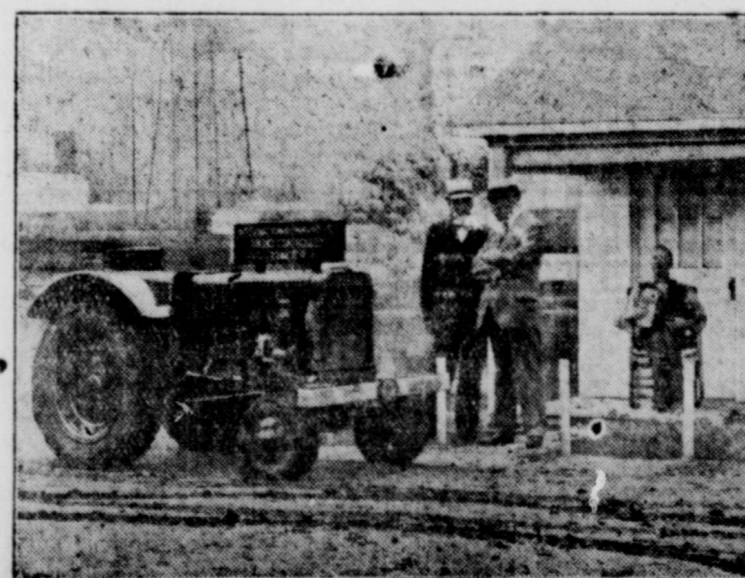

Colonial maidens, walking in the shadow of Old North Church, are one of the many quaint pictures that may be seen by the visitor to the Colonial village of the new World's Fair in Chicago.

New Fair Opens May 26

Here is the famous Avenue of Flags which will again be an outstanding feature of the new World's Fair which opens in Chicago May 26. The colors on the standards have been changed and new flags provided to thrill the pleasure seeking throngs which will visit the new Fair. There will be 84 miles of free exhibits and a series of fifteen foreign villages. The villages will provide a world tour for Fair visitors this summer. Low cost will be the watchword. Meals will be as low as fifteen cents. The average visitor spent only \$1.17 inside the fair grounds last summer. Fourteen major highways lead into Chicago. There are ample tourist accommodations and parking space to be found near the Fair grounds.

Fair Robot Farms by Radio

One of the thrills for farmers during Farm Week at the Chicago World's Fair, Aug. 11 to 18, will be this mechanical farmer directing a tractor by radio to the International Harvester exhibit. Looking on are Rufus C. Dawes (left), president of the Fair, and M. E. McKinstry, president of the International Harvester Co. The exhibit also includes displays of other farm machinery.

Senate Joint Resolution No. 13
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 3 of Article VIII of the Constitution of the State of Texas be so amended as to hereinafter read as follows:

"Section 3. Taxes shall be levied and collected by general laws and for public purposes only; and the total amount of revenue which the State shall be authorized to collect during such biennium from taxes, licenses, permits and fees, (except fees paid by students to state educational institutions, and except rentals, bonuses and royalties obtained from public lands and other public property) shall not exceed a sum reasonably estimated to equal the product obtained by multiplying the number of the inhabitants of this State by the sum of Twenty-two and 50-100 (\$22.50) Dollars; provided, however, the total amount of such revenue which may be so collected, shall be reduced by the amount of any surplus funds or unexpended appropriations remaining at the close of the preceding biennium. The expenditures of the State government of funds derived from the sources above referred to shall never exceed during any biennium, a sum equal to the product obtained by multiplying the number of inhabitants of this State by the sum of Twenty-two and 50-100 (\$22.50) Dollars, provided however, that the population of the State (in determining the amount of revenue which may be collected from taxes, licenses, permits and fee or expended from the revenue thus obtained) shall be determined by the then last preceding Federal census, to which population shall be added or deducted, as the case may be, for each year that has lapsed since the last preceding Federal census, the average yearly increase or decrease of the population as shown by said Federal census when compared with the Federal census which immediately preceded said last Federal census. Provided, further, that in case of war, riots, or insurrection, or a statewide calamity caused by earthquake, fire, flood, or an epidemic which seriously threatens the health of the citizens of this State, the Legislature shall have authority, by a two-thirds vote of both Houses, to suspend for a definite period this constitutional limitation as to the amount of money which may be collected and expended during the biennium."

Section 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State qualified to vote on constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1934, at which election each ballot shall have printed the words:

"For the Amendment of Section 3 of Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

"Against the Amendment of Section 3 Article VIII of the State Constitution providing for the levying and collection of taxes and fixing the maximum amount thereof which can be collected and expended each biennium."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against, so as to indicate whether he is voting for or against said proposed amendment.

Senate Joint Resolution No. 21
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1 of Article 9 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 1. The Legislature shall have the power to create counties for the convenience of the people subject to the following provisions:

First. In the territory of the State exterior to all counties now existing, no new counties shall be created with a less area than nine hundred square miles, in a square form, unless prevented by the pre-existing boundary lines. Should the state lines render this impracticable in border counties, the area may be less. The territory referred to may, at any time, in whole or in part, be divided into counties in advance of population and attached, for judicial and land surveying purposes, to the most convenient organized county or counties.

Second. Within the territory of any county or counties now existing, the Legislature may by a two-thirds vote of both Houses, create new counties, combine existing counties and

parts of counties and abolish existing counties and change county boundaries at will, provided that no new county shall be created with an area of less than nine hundred square miles nor shall any existing county be reduced in area so as to contain less than nine hundred square miles, unless such new county or such remaining county, and both shall have a population of not less than fifty thousand according to the last United States census prior to the date of the creation or change of such county. When any part of a county is stricken off and attached to, or created into another county, the part stricken off shall be holden for and obliged to pay its proportion of all liabilities then existing, of the county from which it was taken, in such manner as may be prescribed by law.

"Third. No part of any existing county shall be detached from it and attached to another existing county until the proposition for such change shall have been submitted in such a manner as may be provided by law, to a vote of the electors of both counties and shall have received a majority of those voting on the question in each."

Section 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election all voters favoring said proposed amendment shall write or have printed in that ballot the words:

"For the amendment of Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties."

Those voters opposing said proposed amendment shall write, or have printed on their ballots the words:

"Against the amendment to Section 1 of Article 9 of the Constitution of Texas, providing that the Legislature may by a two-thirds vote of both Houses create new counties and change the boundaries of existing counties."

Senate Joint Resolution No. 16
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1 of Article 8 of the Constitution of the State of Texas be amended so as to hereafter as follows:

Section 1. TAXATION TO BE EQUAL AND UNIFORM AS TO REAL ESTATE AND TO BE EQUAL AND UNIFORM AS TO ALL REASONABLE CLASSIFICATIONS OF PROPERTY; AND OCCUPATION AND INCOME TAXES; EXEMPTIONS; LIMITATIONS UPON COUNTIES, CITIES, ETC.

"Taxation of real property shall be equal and uniform. All property in this State, whether owned by natural persons or corporations, other than municipal, shall be taxed in proportion to its value, which shall be ascertained as may be provided by law. The Legislature may by general laws make reasonable classifications of all property other than real property for the purpose of taxation, and may impose different rates thereon; provided that the taxation of all property in any class shall be equal and uniform. The Legislature may impose a poll tax. It may also impose occupation taxes, both upon natural persons and upon corporations, other than municipal, doing business in this State. It may also tax incomes of both natural persons and corporations other than municipal, except that persons engaged in the mechanical and agricultural pursuits shall never be required to pay an occupation tax; provided that Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture, belonging to each family in the State, shall be exempt from taxation, and provided further that the occupation tax levied by any county, city or town for any year on persons or corporations pursuing any profession or business, shall not exceed one-half of the tax levied by the State for the same period of such profession or business."

Section 2. The foregoing amendment to the Constitution of Texas shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1934. At this election, all voters favoring said amendment shall write, or have printed, on their ballots the words:

"For the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that

all property in this State, other than that owned by municipal corporations, shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation, and that the taxation of all property in any class shall be equal and uniform; and providing further that the Legislature may impose poll tax and occupation tax and income tax and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; and exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family; and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas providing that taxation of real property shall be equal and uniform; and that all property in this State, other than that owned by municipal corporations shall be taxed in proportion to its value as ascertained as may be provided by law; and providing that the Legislature may make reasonable classifications of all property, other than real property, for the purpose of taxation; and that the taxation of all property in any class shall be equal and uniform and providing further that the Legislature may impose poll tax and occupation tax and income tax, and exempting from occupation tax persons engaged in mechanical and agricultural pursuits; exempting from taxation Two Hundred Fifty (\$250.00) Dollars worth of household and kitchen furniture belonging to each family, and providing that the occupation tax levied by any county, city or town shall not exceed one-half that levied by the State for the same period."

Senate Joint Resolution No. 2
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas, Article 16, be amended by adding thereto another Section, Section 61, which shall read as follows:

"Section 61. All district offices in the State and all county officers in counties having a population of twenty thousand (20,000), or more, according to the then last preceding Federal census, shall, hereafter be compensated on a salary basis. In all counties of this State the Commissioners' Court shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis; and in counties having a population of less than twenty thousand (20,000) according to the then last preceding Federal census Commissioners' Court shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis. All fees earned by district, county or precinct officers shall be paid into the County Treasurer where earned, for the account of the proper fund, provided that fees incurred by the State, county any municipality, or in case where pauper's oath is filed, shall be paid to the County Treasury, when collected, and provided that where any officer is compensated wholly on a fee basis, such fees may be retained by such officer, or paid into the Treasury of the county as the Commissioners' Court may direct. All Notaries Public, County Surveyors and Public Weighers shall continue to be compensated on a fee basis."

Section 2. The foregoing Constitutional amendment shall be submitted to vote of the qualified voters of this State at the next general election to be held on Tuesday, after the first Monday in November, A. D. 1934, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether County officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary

basis;"

"Against the Amendment to the Constitution of the State of Texas adding Section 61 to Article XVI, abolishing the fee system of compensating all district officers and all county officers in counties having a population of twenty thousand (20,000) or more; and authorizing the Commissioners' Court to determine whether county officers in counties containing less than twenty thousand (20,000) population shall be compensated on a fee basis or a salary basis; and authorizing the Commissioners' Court in all counties of this State to determine whether precinct officers shall be compensated on a fee or a salary basis."

House Joint Resolution No. 41
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5, of Article XI of the Constitution of Texas, be amended so as to hereafter read as follows:

"Section 5. Cities having more than five thousand (5000) inhabitants may, by a majority vote of the qualified voters of said city, at an election held for that purpose, adopt or amend their charters, subject to such limitations as may be prescribed by the Legislature, and providing that no charter or ordinance passed under said charter shall contain any provision inconsistent with the Constitution of the State, or of the general laws enacted by the Legislature of this State; said cities may levy, assess and collect such taxes as may be authorized by law or by their charters; but no tax for any purpose shall ever be lawful for any one year, which shall exceed two and one-half per cent (2½%) of the taxable property of such city, and no debt shall ever be created by any city, unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and creating a sinking fund for at least two per cent (2%) thereon; provided further, that no city charter shall be altered, amended or repealed oftener than every twelve (12) months."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at the next general election to be held on the first Tuesday after the first Monday in November, 1934; at which elec-

tion all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months;" and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting any Home Rule City to alter, amend or repeal its charter every twelve (12) months."

House Joint Resolution No. 42
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 30, Article 16, of the Constitution of Texas be amended so as to hereafter read as follows:

"Section 30. The duration of all offices not fixed by this Constitution shall never exceed two (2) years except that the elected officials of a city that has adopted and amended its Charter as provided in Section 5, Article XI of the Constitution of Texas may, by amendment to such city's charter, hold office not to exceed four (4) years; provided, that when a Railroad Commission is created by law it shall be composed of three (3) Commissioners who shall be elected by the people at a general election for State officers, and their term of office shall be six (6) years; provided, Railroad Commissioners first elected after this amendment goes into effect shall hold office as follows: One shall serve two (2) years, and one four (4) years and one six (6) years; their terms to be decided by lot immediately after they shall have qualified. And one Railroad Commissioner shall be elected every two (2) years thereafter. In case of vacancy in said office the Governor of the State shall fill said vacancy by appointment until the next General Election."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State on the next General election to be held on the first Tuesday after the first Monday in November, 1934, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words, "For the Amendment to the Constitution of the State of Texas permitting Home Rule Cities to so amend their charters that the elected officials of such cities may hold office not to exceed four (4) years," and those opposed shall write or have printed on their ballots the words, "Against the Amendment to the Constitution of the State of Texas permitting Home Rule Cities to so amend their charters that the elected officials of such cities may hold office not to exceed four (4) years."

House Joint Resolution No. 14
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That there be added to Article IX of the Constitution of the State of Texas a new section to be numbered Section 2-A and to have five (5) lettered subdivisions and which section shall read as follows:

"Section 2-A.

"(a): General management and control of the affairs of the County shall hereafter be vested in the Commissioners' Court, provided that in the exercise of powers not specifically granted to the Commissioners' Court by the Constitution and Amendments thereto, the Court shall be subject to the authority of the Legislature of the State, and the Court shall also be subject to all general laws of the State now in force not in conflict with the provisions of this amendment until such laws are modified or repealed."

"(b) All duties heretofore performed by the Clerk of the District Court and the County Clerk shall hereafter be performed by an officer to be known as Record Clerk; all duties heretofore performed by the County Tax Assessor and the County Tax Collector shall hereafter be performed by one officer known as Tax Clerk; and in the counties where the sheriff performs the duties of the Tax Collector he may hereafter perform the duties of the Tax Clerk. The Record Clerk and the Tax Clerk shall be elected to hold office for a term of two (2) years and until their successors shall be elected and qualified. The Commissioners' Court shall have authority to combine the office of County Treasurer and the office of County Surveyor, or to combine either, or both, of said offices with any county office. Within the maximum

and minimum limits prescribed by the Legislature the Commissioners' Court shall have authority to fix the compensation of all county and precinct officers except County Auditor, County Judge, and County Commissioners. The Legislature shall fix the compensation of District Judges, District Attorneys, County Judges and the County Commissioners and may provide for a County Auditor and prescribe his duties and fix his compensation and the number and compensation of his assistants. The Commissioners' Court shall fix the compensation of and determine the number of deputies, assistants and clerical personnel of all precinct officers and county officers except the county auditor.

"(c) City and county officers and employees may, in addition to their duties as such city and county officers or employees, be required to perform such other similar duties for cities, towns and districts within the county, or for the county, as may be mutually agreed upon and contracted for between the Commissioners' Court of said county and the governing board, or boards, of such cities, towns and districts; and the cost of such service shall be provided for in said contracts and paid by such county, cities, towns, or districts into the Treasury of the county or city, town or district, as provided for in said contract. All such contracts shall be approved by the Attorney General of this State and such contracts shall not cover a period longer than two (2) years.

"(d) The Legislature shall have authority, by general law, to provide for complete forms of county government and organizations different from that provided for in this Constitution to become effective in any county when submitted in such a manner as may be prescribed by the Legislature to the qualified voters of such county in an election held for such purpose and approved by a majority of the qualified voters voting in said election. Provided, however, that no such law shall impair the Commissioners' Court to determine the compensation of county and precinct officers other than the County Auditor, to fix the number of assistants, deputies, and clerical personnel which said officers may employ; nor shall such general law change the present constitutional limitations on counties to incur public debts.

"(e) In any and all cases where provisions of the Constitution of this State are in conflict with the provisions of this Amendment, the provision of this amendment (Section 2-A, Article IX) shall control; provided, however, should any county adopt a Home Rule Charter under authority of any provisions of the State Constitution or amendment thereto, this amendment shall not be applicable to such county."

Section 2. The foregoing Constitutional Amendment shall be submitted to the electors of this State, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November, A. D. 1934, at which election each ballot shall have printed thereon the words:

"For the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners' Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government and different than as now provided by law."

"Against the Amendment of Article IX of the State Constitution by adding Section 2-A thereto, giving the Commissioners' Court general management and control of county affairs, and authorizing the Legislature to provide more economical forms of county government, and different than as now provided by law."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed amendment.

21 Passengers Made Trip to Short Course

There were nine delegates that represented the seven 4-H Clubs of Martin county, at the twenty-fifth annual Farmer's Short Course. It was made possible to charter a motor bus to A. and M. with the cooperation of Howard and Midland county women, which made twenty-one passengers. There were two ladies of our county, Mrs. B. Foreman and Mrs. Loyal Carr, that went by other transportation.

We started on our trip 8 A. M., Sunday, July 29th, for College Station. At this moment we started in with a strong determination to make this a pleasure trip as well as educational. So we were very successful all through the tour. Some of the

jokes, stories and tricks might not be so interesting to others so we will not take time and space to tell them, since the pledge was signed not to tell, see nor hear anything.

We arrived at College Station plenty past 10 o'clock. You may think by that time we were getting cross with each other but you are mistaken because the last hour was one of the most enjoyable; some of the passengers realized that others were getting sleepy, and they began to giggle. We realized we had not passed the giggling age even if we had passed it in years.

Upon arrival the party was directed to the room clerk on the first floor of the old main building where we received tickets bearing our room numbers in Leggett Hall. I am sure it was not expected of this crowd to be so congenial because some were divided from their party. But this division was not so great as expected, because room 43 became headquarters; the other rooms were used only during sleeping hours. We were usually so tired that none of these hours were lost.

The Short Course extended over a period of five days. On Monday morning the campus being new to us, we found it rather difficult to find our first lecture building, which was the Assembly Hall. At the close of this course we had become very well acquainted the location of the building. Each morning we met at this hall, discussed and received information as to club work. We also heard good lectures at the morning meetings.

At the close of this period on Monday morning, after receiving delegate badges, each of the nine districts reported at their designated buildings and rooms which our district No. 3 reported in the C. E. building. Here each county in this district gave a report on the OUTSTANDING PIECE of work done in their county.

Usually, the mornings were spent in inspirational and business meetings and the afternoons in courses and demonstrations, some of which we are responsible for delivering to our clubs. So we would like to extend an invitation to all who are interested.

The Short Course brought us practical knowledge of the subjects needed to make the farm a happy and profitable place to live. The daily schedule stressed actual practice in most every phase of home making, crop, livestock production, manufacturing, and grading of many products.

A big feature of the Short Course was made up by certain special courses offered in addition to the regular schedule. These had a limited enrollment and some Martin county delegates had the privilege of attending a few of these special courses.

At the close of the Short Course, our 21 passengers were very anxious Saturday morning to continue the trip to Galveston and it was here in the Gulf that some of the "gang" received a very severe case of sun blistered faces and arms. But none regretted that because this was the first privilege, with most of the crowd to visit the Gulf. After eating and swimming the time was drawing near to take a ride on the ship. This was the first time for any of us to be out of the U. S. This tour extended out 12 miles from the shore and the round trip covered a distance of 25 miles. Here is where we saw a fish, we will not say how large, because the opinion would be, that is just another fish story. Since our time was limited we started back home about 5 p. m. Saturday. When we reached Houston a search was being made for beds for the "gang" which were found in Austin 3 a. m. Sunday. Later in the morning after visiting the capitol etc., we started on our journey again which

was completed about 12 p. m.—A delegate.

VOTE FOR

R. W. HAMILTON

Because:--

- He has shown that he is amply qualified.
- He has had ample experience in the practice of law.
- He is now serving an appointive term as District Attorney and has worked hard to benefit by the old Democratic custom of returning a man to office at least one elective term after serving by appointment.
