Catfish Fry for Halloween

Before the ghosts and goblins begin their yearly visits, why not come by the Donley County Senior Citizens for a catfish fry to warm the little bodies and fill them full of good food before the candy begins to tempt them?

At 6:30 there will be catfish, hush puppies, cole slaw, beans, coffee, tea, milk and hot apple cobbler with ice cream on top. If you are under age 60 we would like to see you donate at least \$2.50 toward our efforts and if you are age 60 and over, we'd like a donation of \$1.50 or more if you'd like.

There will be a halloween party following the feed for those who wish to stay. We will bob for apples hung on a string, we will have relay races, contests, and possibly Skinny will set us up to dance a bit since it is Monday. Why not stop by?

CHS Drama Dept. to have face painting booth

The Clarendon High School Drama Department will have a face painting booth at the Halloween Carnival on Saturday, October 29, at the Clarendon Community Center from 5:00 to 9:00. They will charge \$1.50 for most faces and \$2.00 for elaborate designs.

If you plan to attend the carnival, enter the costume

contest or go to a Halloween Party that night let these talented young drama students paint you up right! You'll look spooky, funny, happy or however you desire to look and all with no mess for you!

Come to the Halloween Carnival and enjoy all the fun and support your C.H.S. Drama Dept. by getting your face painted for this special occasion.

CJC cheerleaders Spook House

There will be a Spook House sponsored by the Clarendon College Cheerleaders Monday, October 31, 7:00-10:00 at the Adair Hospital. Admission will be \$1.00. All ages are welcome.

Halloween Carnival

Remember the Halloween Carnival at the Community Center, Saturday, October 29. Costume contest judging will be at 7 p.m.

Broncho Mothers

The Broncho Mothers will have a cake walk at the Halloween Carnival Saturday October 29 starting at 5:00. Proceeds go toward the purchase of a washer and dryer for the girls dressing room. Please come by and help support the Bronchos.

County economy faring well

Despite reports that the economy nationwide is down, farm prices low and adverse weather conditions have caused low crop yields, the economy in Donley County seems to be faring well. Although five businesses in Clarendon have closed this year, 8 new businesses have opened. They are: McKinney Beauty Salon, Sandra's Custom Draperies, Floyds Muffler Shop, McKinney Body Shop, Amiga's Mexican Restaurant, Clarendon Cleaners, Hill Petroleum Co. and Salads 'N' Such.

The three Donley County banks have reported a total

increase of 2 million 66 thousand dollars in assets over this same period last year.

First Bank & Trust of Clarendon reported 34 million 92 thousand this period, up 1 million 878 thousand over the 32 million, 214 thousand in the same period last year.

Donley County State Bank had assets at the end of September 1983 of 18 million 95 thousand, while reporting 17 million, 371 thousand in September 1982, an increase of 724 thousand dollars.

Bronchos shut out Quanah 13-0

The Clarendon Bronchos added another victory Friday night in blanking the Quanah Indians 13-0. The Bronchos recorded their fourth shutout of the year in improving their record to 7-0-1. Most importantly for the Bronchos, however, the victory kept them tied with Panhandle for the 2-2A title. Panhandle defeated Shamrock, 42-0, to remain unbeaten. Wellington actually leads the standings with a 3-0 District record. But have Clarendon and Panhandle to play.

The Bronchos played outstanding defense in allowing the Indians only 119 yards rushing. Quanah had not been shutout this year. The Bronchos and Quanah exchanged punts on their first possessions as each team could not put together a drive. However, the Bronchos did put points on the board on their second possession. The Bronchos took over on the Indian 38 yd. line after a short punt. On 1st down the Bronchos lost two yards, but then the offense started to click. Stanley Gardner made 4, Glenn Weatherton added 10 on the next two carries, then QB Drvon Howell hit Doug Walker for a 14 yd. pass play and the Bronchos were on the Indian 10 yd. line. Weatherton made 2 on 1st down, but Rodney Smith was dropped for a 2 yd. loss on 2nd down, and a pass attempt on 3rd down fell incomplete. The Bronchos were faced with a 4th down play still from the 10 yd. line. The Bronchos elected to go for the

FG and Arlis Thomas kicked it 28 yds. through the uprights. The Bronchos led 3-0 and were to hold this lead through the 3rd quarter.

The Bronchos got one more scoring opportunity before the half. With only seconds left in the 2nd quarter Arlis Thomas' 39 yd. FG attempt just fell short. So the Bronchos went in at intermission leading 3-0.

The Broncho defense held the Quanah offense in tact in the 3rd quarter. The Indians made a run at the Bronchos early in the 4th quarter. The Indians put together a 24 yd. line. Facing a 2nd down and 10 from inside the Broncho 10 yd. line, the Broncho defense came up with the big play it needed. Quanah's talented back Stanley Payne was hit hard by the Broncho defense, fumbled the ball and was recovered by Broncho's linebacker Rodney Smith.

The Broncho offense showed the spark it needed after the turnover. Stanley Gardner quickly got the Bronchos out of their end of the field on a beautiful 76 yd. scamper all the way to Quanah's 14 yd. line. The Bronchos would score in 3 plays on a 9 yd. TD run only to have it called back on a clipping penalty. The Broncho's again would go for the FG and Arlis again hit, this time from 38 yds. The Bronchos led 6-0 with much of the 4th quarter to play.

The Broncho defense one possession later would again make the big play. Cornerback Glenn Weatherton intercepted Quanah's QB Robbie Harris at the Indian 34 yd. line and returned it 27 yds. to the 7 yd. line. On the 2nd play, Rodney Smith scooted into the end zone from 6 yds. out. Arlis Thomas added the PAT and the Bronchos finally had a comfortable lead 13-0.

"Psychic Confession" to be shown at First Baptist Church

The film "PSYCHIC CONFESION," history's first filmed confession of a leading psychic, will be shown at the First Baptist Church, Sunday, October 30, 7:00 p.m.

Those who claim to have psychic powers should be considered potentially dangerous. Charles Manson and Jim Jones, both claimed to have psychic and supernatural powers to establish a following for their cults. By understanding their methods of establishing a power base they can be more easily exposed. Those who claim to have powers can easily establish a cult-following as well as lead people from the truth of the Gospel.

James Hydrick, a psychic deceiver, says his goal is "to see how dumb the world was, how dumb America is." He wants to build a monastery to teach children how to develop the same mental powers that he has so to deceive people and gain their following.

This film is the story of how Danny Korem, a world-class magician and an expert on deception unmasked a man heralded as the world's leading psychic, James Hydrick. Danny Korem said, "As Christians we have a responsibility to know when we are being deceived...to know the difference between real and counterfeit powers."

Those who believe they cannot be deceived are often times the easiest ones to deceive because of the vulnerability in their attitude. Sir Arthur Conan Doyle who penned the famous Sherlock Holmes mysteries was deceived by two brothers who

Thomas Singers at Assembly of God Church

The Thomas Singers consist of Don, his wife, Virginia and daughter, Leana. Each member of the family plays several instruments such as banjo, guitar, bass and keyboard.

Don formerly appeared in the country and western music scene, working with such stars as Buck Owens, Johnny Cash, Tex Ritter and others. He was a regular member on a TV show on the West Coast for 2 1/2 years. Since turning his life to Christ he has dedicated his efforts to a full time singing ministry and for the past eleven years the Thomas family has been traveling nation-wide in a labor for the Lord.

The Thomases have recorded 15 albums and

Greene Dry Goods Co. and S & H Green Stamps begin their 60th year together

A milestone anniversary will occur in Clarendon, Texas this month, when Greene Dry Goods and S&H Green Stamps begin their 60th year of working together.

A look at one of the first pages in the Greene's 1926 ledgerbook shows the purchase of a supply of Green Stamps. Greene's store is one of the oldest customers of S&H Green Stamps, a division of the Sperry and Hutchinson Company, Inc.

Realizing their popularity, W.J. Greene actually took over the stamps when he purchased the Baldwin Dry Good Store in Clarendon in 1924. The store had already been giving Green Stamps for several years prior to that time.

William S. (Bill) Greene joined his father, W.J. Greene, as a partner in 1946 after his discharge from the Army Engineers. Since the death of his father, Bill has continued to hold many positions with the store, from owner, bookkeeper and buyer to janitor. "I've done it all", says Greene. "My dad had real competition to face back in the early days. It was before the depression, and business was really good. We continued to grow, and in 1927 bought the Old Taylor Hardware Building, which is our present location. Nothing much has changed. We have kept the fixtures over the years and now we find people who come in just to look at the inside of the store."

Another fixture at Greene Dry Goods is Bob Hay. Hay joined Greene Dry Goods in Clarendon in January, 1930 coming from the Greene Dry Goods in Memphis, Texas. He became associated with the Memphis store in 1926 and prior to that had managed the Greene's in Texola, Oklahoma.

"Since I came to Clarendon, I have been in charge of the Men and Boys Department, but I have really been a 'jack of all trades' and have filled in all over the store", Hay said.

Ailene McElroy joined Greene's in June of 1968. She laughingly recalls her first days at work. "I was named manager of the Ladies Ready-to-Wear. This type of work was completely new to me, so I assumed my duties on a temporary basis only. Days and weeks passed, and finally years and years. It's hard to believe that I have been here for over 15 years now", she smiled. As do all the others, McElroy also works over the entire store, when needed.

A visit to the back office is another trip into the past. There, Bill Greene produced the ledger showing the purchase of their original order of Green Stamps. "Not much has changed here, either", he grinned. "Maybe a couple of coats of paint."

The wall behind the water cooler bears witness to the way the people in Clarendon feel about the Greens. It is papered with plaques and certificates of appreciation, some wellworn with age, but nonetheless priceless.

CanSurmount Program at Church of Christ

There will be a CanSurmount program given at the Church of Christ Fellowship Hall, October 31 from 7 until 9 p.m. This program is based on different help programs sponsored by the American Cancer Society.

The newest thing to happen to Greene's is the return to Clarendon of Jim and Kathy McElroy from Colorado. They both joined Jim's mother, Ailene at Greene's. The couple is working closely with Bill Greene in a Management Training program to learn the retail business.

If they follow in the footsteps of the other employees, they will be around for a long time.

See pictures and ads specials on page 10.

Clarendon vs. Wellington - The Big Shoot-Out

Clarendon and Wellington, two traditional tough competitors in high school athletics are going to battle each other for a state playoff berth this Friday in Wellington at 7:30.

The two teams are due to present a "heckava game" as one opposing coach put it.

The slogan of the Skvrockets says they were the "Wrecking Crew of 82" and this year the slogan says "The Crew ain't thru" and they are doing just that...They have won 5 straight games and are the defending district champions. In addition, they are leading the district with a perfect 3-0 mark. To make the game even more exciting, this is the Wellington High School Homecoming week and the Rockets play better and get more excited for their Homecoming than any other game of the year.

What makes the Rockets go? Several outstanding players are the key to the team. Dewayne Culpepper is a senior running back that may be the best of the best. He was 3rd in the Regional 100 meter dash last spring and he can score any time from anywhere. James Benton is a junior fullback that is a very improved player; a hard running, tough to bring down player that has very good speed. Their quarterback slot is handled by two good athletes Micheal Souder a junior that has been starting all year and Joe Bill Mann a senior that is an excellent runner and passer. But the true key to their offense and defense is the line. It is an excellent blocking group, they are quick and tough and very good. Rodney Saldana the center, Darvin Nire and Micheal Breedline are the guards. Chad Halland a potential all-stater and Mike Green are the tackles. The tight end is in a class by himself as far as talented Mark Hunnicutt.

They are a ball-control offense, wing T and on defense the Rockets are a multiple variations of the 4-3-Pro and rely on the quickness and intensity of the force unit to get after it. The secondary has more speed than any one that we have seen.

The game will finally come down to a meeting of two very good teams battling for the state play off berth and one team staying at home.

The Bronchos are in excellent physical condition as they have played four very tough games in a row and are wanting to play No. 5. The challenge of playing a very good team is what the Bronchos are thriving on at this stage of the season and the Skvrockets are in the class of top challengers.

The team is expecting a large following as they are the Clarendon Bronchos not just the high school team. Be a part! Get Excited!

Fill the Gym Pep Rally

As this is the last pep rally of the regular season, the Bronchos need to have all of you in the gym at the pep rally this Friday at 2:45.

Football is a game of excitement and emotions, so you need to be there to help the Bronchos. It is great to be a part of a winner. The town can be proud of the Bronchos and what they have achieved so "Sock it to a Rocket" Friday at the pep rally.

The "Maroon Magic" has achieved the praise and respect of the Panhandle. We need to have the Skvrockets know who we are. Make Friday Wear Maroon Day to the pep rally and to the big game. "Get Maroon."

HOWARDWICK FIRE DEPARTMENT, Back Row [L-R] Henry Bland, Charlie Prickett, John Nazworth, John McVicker, Ray Green, Norman

Hampton, L.E. Tipton, Leroy Jackson, Front Row-Waldon More, Leon May, Cecil Matthew, Joe Wells, Stony Craft and Jim Milam, Troy Moore not shown.

Howardwick Fire Department to have open house

The Howardwick Volunteer Fire Department will hold an open house, Saturday, October 29, 1-5 p.m. to dedicate the new addition to the fire station.

We are very proud of our fire department and would like to take this opportunity to invite everyone out to enjoy this occasion with us and to see just how these men have been working to update equipment and training.

Refreshments will be served by the Howardwick Ladies Auxiliary.

Fire Chief, Stony Craft, attended school at Texas A&M University, College Station, July 24-29 and is now taking the Emergency Medical Technicians course at Clarendon College which started September 6 and will end November 29. This training will enable him to perform the duties of his job more efficiently. The course provides training for ambulance and emergency service personnel. To develop skill in diagnosis, emergency treatment procedures, in the use and care of all equipment required by EMT. The firemen have been in air-

pack training and will give a demonstration before the open house ceremony.

Mayor Lee Roy Jackson along with other city officials have permission for the fire department to use the old army truck as a fourth unit after it is renovated. For a long time it was the only means of fire fighting unit Howardwick had. Also it was used to work on the streets and everything it was needed for until the fire department began to purchase their Fire Fighting Units.

Besides the air packs for the units and new helmets, other equipment will be a 2-way radio and medical supplies. They are now working on an emergency medical technical squad. Our community does have quite a few elderly citizens who are more susceptible to heart attacks and other problems which require assistance in a matter of seconds or minutes and this squad could be a life saver.

On August 16, the Howardwick Volunteer Fire Department voted and approved women as volunteer fire fighters and also for a ladies auxiliary. Alice

Hood was asked to recruit for volunteers. August 23 the firemen and thirteen women met at City Hall. One, Liz Craft, volunteered as fire fighter and the other twelve for the auxiliary. There was five more joined the auxiliary on September 8.

Liz Craft, wife of Fire Chief, Stony Craft is the first woman firefighter of Donley County and surrounding area. She is in training and doing the job well.

The department is planning another training session in November. We appreciate the Clarendon Fire Department, Fire Chief Deibert Robertson and the paramedics, Patrick Robertson and Phil Vargas for assistance rendered to our community.

Tourist spending 1.7 million

Donley County last year received an estimated \$1.7 million in spending by U.S. travelers, a national study commissioned by the Texas

 Jimmy Phillips, 1 tackle, 1 assist, 1 fumble recovery
 Arlis Thomas, 4 tackles, 2 assist, 1 sack, 2 FG's (28-38 yds.)
 Brett White, 4 tackles, 2 assist, 1 sack, 1 pass break-up
 Dean Cearly, 1 tackle, 3 assist

Tourist Fm P1

Tourist Development Agency percent over 1981 receipts, has disclosed. was three percent over for the state as a whole.
 Its rate of growth, 12

The travel study, done by the U.S. Travel Date Center in Washington, D.C., found that the county last year had 38 travel-related jobs, with a payroll estimated at \$318 thousand.

It also realized an estimated \$12 thousand in local and county taxes paid by travelers.

The study measures the economic impact of all overnight trips and day trips at least 100 miles from home. Thus it includes spending by Texans as well as by out-of-state visitors. Trips for all purposes are in the picture.

For the state as a whole 1982 travel meant \$13.7 billion to the Texas economy.

The nine percent increase over 1981 traveler spending was five times greater than the 1.8 percent growth of the U.S. travel industry.

Travel industry employment last year in Texas rose to 283,917. The figure was up four percent over 1981-six times above national travel industry employment which fell two percent last year.

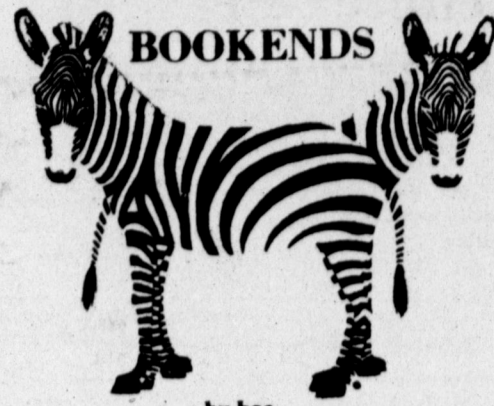

Texas also received an estimated \$316.8 million in State taxes paid by travelers. Another \$161.6 was paid in local and county taxes.

The Travel Data Center said that the state figures would have been "substantially higher" had it been able to include estimates of spending by international visitors to Texas.

A separate study for the Tourist Development Agency found that nine percent of last year's 35.4 million visitors, an estimated three million persons, came from outside the United States. Nearly half were from Mexico.

Proclamation

WHEREAS, the average age for the first use of the illegal drug, marijuana, by our youth is now only twelve of age; and
 WHEREAS, two out of three American youth experiment with illicit drugs before graduation from high school; and
 WHEREAS, drug and alcohol abuse have become a way of life for, affected the futures of, and directly caused the untimely deaths of many young Texans; and
 WHEREAS, strong State laws and dedicated efforts by Federal, State and local law enforcement officers can only scratch the surface of a well-organized drug network; and
 WHEREAS, only through awareness and education of citizens of all ages will we be able to effectively battle the chemical epidemic; and
 WHEREAS, a unique and powerful two-part drug and alcohol abuse program called "The Chemical People" will be televised throughout Texas and the nation over all public broadcast stations at 7 p.m. on November 2nd and 9th.
 NOW, THEREFORE, I, James Kuhn, Mayor of Clarendon do hereby designate the month of November, 1983, as
CHEMICAL PEOPLE MONTH.
 In Clarendon and urge all citizens to view this timely and most important public service program and to participate in community meetings and panel discussions designed to develop local plans of action to turn the tide against illicit drug and alcohol abuse by the young people of this city.
 James L. Kuhn

Book Drive Begins

"Response to the Friends of the Library request for books and paperbacks has already started," says Annis Stavenhagen, librarian. She has been busy cleaning and dusting several boxes full of books which have been donated. If you have books for us, bring them by the library and they will be stored until next spring when the big sale will take place. If you are unable to get them to the library, call Glenda Hawkins or Jondell Moffett and they will see that they are collected.

In last week's column the names for the telephone committee were not correct. Telephone committee members are: Nancy Shelton, Dianne Chamberlain and Nova Mooring. Bette Williams and Mable Mongole are members of a special standing committee.

September Statistics for Library

Total number of people entering the library for month, 687; for the year, 8,271. Children and youth books loaned for month, 178; for the year, 3,917. Adult books loaned for month, 611; for the year, 6,021. Total circulation of all services for month, 850; for the year, 11,021.

Our public library is constantly being used as shown by the above figures. It provides a vital and worthwhile service to citizens of all ages.

MIRACLE AT MIDWAY

Gordon W. Prange
 With Donald M. Goldstein and Katherine V. Dillon
MIRACLE AT MIDWAY is the sequel to **AT DAWN WE SLEPT: THE UNTOLD STORY OF PEARL HARBOR**. An avid World War II history buff confirmed the opinion that these two books are the definitive works on the war in the South Pacific. The Midway book was published in 1982, but since it has not been loaned out very much there is a possibility that readers don't know that it is in the library. Give it top priority on your reading list this winter if you are interested in this particular time of history.

At the time of Prange's death, he had accumulated thirty-seven years of research on Pearl Harbor and Midway. In 1972 a brief condensed form of **MIDWAY** was sold to Reader's Digest. Since that time many more interviews with both Americans and Japanese were conducted. These people had taken part in the battle and ranged from Admiral Chester W. Nimitz on down. The Japanese interviews were particularly valuable as all war plans, orders, working papers, messages and other documents were aboard Nagumo's four carriers which went down in the battle.

Prange says, "This is the ultimate meaning. At Midway the United States laid aside the shield and picked up the sword, and through all the engagements to follow, never again yielded the strategic offensive."

Elderly may file affidavit to postpone paying delinquent taxes

A taxpayer aged 65 or older may take advantage of a special type of property tax relief-deferred payment of delinquent taxes on his homestead-by filing a sworn affidavit at the office of the appraisal district in which he lives.

If a lawsuit has already been initiated to collect delinquent taxes on the elderly taxpayer's homestead, an affidavit asserting age and ownership of the property must be filed with the court in which the suit is pending.

According to Kenneth Graeber, executive director of the State Property Tax Board (SPTB), the Texas Property Tax Code provides that, after an "over-65 tax deferral" affidavit has been properly filed, taxing units may not press or initiate delinquent tax suits on the homestead involved as long as the applicant owns and resides at that property.

Graeber said that forms for the deferral affidavit are available from appraisal district offices. The form should be completed and signed by the applicant and his signature witnessed by a notary public or other official authorized to take oaths.

For the elderly homeowner considering application for tax deferral, Graeber stressed that it allows postponing payment, but that a lien remains on the property for delinquent taxes, penalties and interest. "Those amounts continue to accrue during the period of deferral," he said. "Once the applicant no longer qualifies for deferral-that is, if he no longer owns or resides at the homestead-all those accrued amounts become due and payable. Taxing units at that time may sue and foreclose on the accrued delinquent taxes, penalties and interest."

The over-65 taxpayer may pay, or fail to pay, any taxes due on the homestead without altering the protection of the deferral.

 INFORM: ION HUNGER
 In his popular book, "Megatrends," John Naisbitt described the movement of America from an industrial to an information-based society. America's growing desire for health information is apparent.
 *Television documentaries about health topics are widely viewed by the public.
 *Radio and television talk shows as well as newspaper and magazine articles frequently feature topics related to drugs, diseases, nutrition, and exercise.
 *Surveys indicate the public's insatiable appetite for health information. One Lou Harris pool showed that 97 percent of respondents felt that they had a right to health information so that they could participate in making decisions about health.
 *Consumer groups repeatedly plead for more and more information concerning the drugs people take. Consumer-oriented inserts have been recommended to be dispensed with popular prescription drugs.
 Pharmacists have been the community's traditional source of drug and health information for many decades. One way to ease the symptoms of "information hunger" is to ask questions.
Mike Wants To Be Your Pharmacist!

Holsenbeck-Bearden engagement announced

Mr. and Mrs. Charles W. Holsenbeck of Hackett, AR announce the engagement and approaching marriage of their daughter, Kymberly Diane to Mr. Mark Alan Bearden of Dallas, Texas.

They will be married in a formal ceremony on Saturday, December 17, 1983 at the Church of the Nazarene

in Paris, Texas. Both are 1983 graduates of East Texas State University. The bride-groom elect is presently employed by Texas Instrument in Dallas, Texas.

Miss Holsenbeck is the granddaughter of Mr. and Mrs. W.T. Holsenbeck of Clarendon.

MARK ALAN BEARDEN and KYMBERLY DIANE HOLTENBECK

Lambersons to celebrate 50th anniversary

In honour of the 50th Wedding Anniversary of Tom and Jonnie Lamberson, their children and grandchildren are giving a reception on Sunday, November 6, 1983 from 2:30-5:00 at 2910 Hodges, Amarillo, TX. All friends and relatives are

invited and encouraged to attend.

Tom and Jonnie were married on November 11, 1933. They are the daughter and son of the late Dr. J.W. Webb and Lula Maude Webb and John and Celia Lamberson all of Hedley, TX.

Molders celebrates 32 years

Lloyd and Betty Molder celebrated their 32 wedding anniversary with a party at Clark's Restaurant Saturday night, October 22. Three cakes were presented to the couple. One cake had two large candles in the shape of 32 lighted on top. Twenty-seven friends and family gathered together to honor the couple.

nifer and Bethany, Mr. and Mrs. Charles Mills and Jonathon, Mr. and Mrs. Rick Woody, Daniel and Eric; one sister, Vivian Gail Moss and friends Mr. and Mrs. J.C. Woody and Eureda and Lori Mays.

The family would like to thank Willis Clark for the delicious food and good service and the use of his restaurant. We had a very enjoyable party there.

Green Thumb workers meet

For the hundreds of older workers in the Green Thumb

senior employment program, responsibility has been a way of life, an essential part of the traditional work ethic that most older persons accept.

But as 40 Green Thumb workers meeting at the Community Center in Wellington learned recently, responsibility goes beyond caring for jobs and families; it also means being responsible for your own health.

"Working hard is the most important thing in many people's lives," said Green Thumb state director Diane Parrish of Waco. "Yet what most of us don't think about is that we can't work if we aren't healthy, and to be healthy we have to take care of ourselves."

Green Thumb provides part time work in public

service agencies for low-income persons 55 and over. Texas Farmers Union sponsors the program, which operates in 108 counties across the state.

Parrish emphasized that it is far better to prevent a disease than to deal with it after it has attacked the body, and in a film produced by the American Occupational Medical Association, the Green Thumbers learned how diet, exercise, and good habits can forestall the onset of disease.

Green Thumbers from Clarendon were: Kate Jones, Inez Skinner, J.F. Riley, Eulla Merrell, and Billy Ray Johnston and Jim Roberts, sponsors. Attending from Hedley were: Evah Hansard, Molly Dickerson, and Opal Clendennen. Attending from Wellington were: Rhuie Ketchum, Erma Faye Kerston and Marie Hallahul. Also attending were Lena Bailey and Sophia Hudeston from McLean and Erwin Williams from Wheeler.

FTA attends Leadership Conference

On Tuesday, October 12, 1983 the Clarendon FTA Chapter officers and candidates for the Mr. and Miss FTA Contests traveled to Canyon to attend the District XVI FTA Leadership Conference.

The purpose of the leadership conference was to acquaint local FTA officers with their duties as Chapter officers and better prepare them for leadership in their own local chapters. Also running in conjunction with the conference was the Mr. and Miss FTA speech contests. This is a speech contest for young FTA men and women to compete for scholarships. The candidate for Miss FTA was Tish Robinson and for Mr. FTA Dyron Howell. FTA is proud of both of our candidates although they didn't place in competition.

The following schools were represented at the conference: Happy, Panhandle, Canyon, Kress, White Deer, Perryton, Hereford, Amarillo, Tulia, Borger and Clarendon.

For the speaker, the Rev. Seldon Seabody (Jim Holstein - the student director for WTSU) spoke to the FTA'ers.

The District XVI President, Gary Glenn, Canyon gave information about the upcoming District XVI Convention to be held in Canyon on the WTSU campus on November 8.

Attending from Clarendon were: Annette Watson-President, Lynn Alderson-Treasurer, Tim Cole-Vice President, Wayne Chambliss-Historian, Kim Formway-Recording Secretary, Toni Micnells-Corresponding Secretary, Dyron Howell, Parliamentarian, Muzzy Hayes-Reporter, Tish Robinson-candidate for contest and Miss Betty Veach, Advisor. Annette Watson is the District XVI Chaplin for District XVI this year.

LOCAL

Mrs. Gladys Noble Seago of Waco, Texas spent several days in Clarendon with Mrs. G.H. Parker. She came for the Windy Valley Community reunion and stayed over for the Clarendon High School reunion "The Roaring Twenties".

Shaffer attends Trailways Convention

Billie Shaffer, Agent of Trailways, was one of more than 350 travel industry professionals who gathered in New Orleans, Louisiana and Biloxi, Mississippi for the National Trailways Bus System (NTBS) Convention and Annual Commission Agent Sales Meeting. The meeting was designed to familiarize attendees with the 1984 Louisiana World Exposition and the myriad regional attractions they will be offering to travelers next year.

According to James L. Kerrigan, chairman and

chief executive officer of the Trailways Corporation, the meeting was the first in which members of the NTBS were brought together with commission agents who sell Trailways services in the majority of the 12,000 cities, towns and crossroad communities where the Big Red system operates.

"We are very pleased with this year's turnout and we are certain that our delegates will bring back a unique knowledge of both the Fair and the surrounding region," stated Kerrigan.

"We are very pleased that Billie Shaffer from Trailways in Clarendon will have an expert travel planner for those interested in purchasing travel to the Louisiana Exposition," he said. Persons interested in information regarding tours to the 1984 Louisiana Exposition in New Orleans may call Billie at 874-2113.

...OR THE BANKER?

Stock market investments can be very inviting. Everybody, it seems, knows "this guy" who knows "this other guy" who made a real killing in a big bull market. Of course, behind every Cinderella story there's another tale—of uncertainty and vulnerability.

Unfortunately, the stock market often takes a downward turn. The rampaging bull can become a lumbering bear, changing dreams of an easy "killing" into harsh reality.

Not so at our bank. In addition to an impressive range of investments—such as our new money market accounts—we offer things that stocks and mutual funds can't. Like risk-free protection of principal. Assured rates of interest. And the soothing security of Federal Deposit Insurance by the F.D.I.C.

So, while we won't promise to make you rich overnight—we will place a risk-free guarantee on your tomorrow. That's the bare facts. With no bull.

Generous gift makes meals possible

Thanks to a most generous gift from one of our wonderful participants, Donley County Senior Citizens Center is proud to announce that three people will be able to represent us in the November Meals on Wheels program. Through this contribution we are able to give a selected few eight days of meals as our way of expressing appreciation to the home delivered program.

Those selected were: Mrs. Eller Spurgeon, Ruth and Nell Corbin. They will be our

representatives during the month.

The home delivered program works because of volunteer effort. Pat McCombs, Billie Taylor and sometimes Oscar Thomas all have taken their turns at delivering meals. When you see the Donley County Senior Citizens van out driving around delivering meals, those in it are volunteers. Those that get out in rain, mud, sleet, snow or the heat of the summer do it so that those who are unable to get out of their homes to eat may have a hot, nutritious meal delivered to them.

Thanks to our volunteers and to our generous contributor, we can make this program work.

If you know of someone who needs a hot meal delivered five days a week, please let us know at the Donley County Senior Citizens Center, call Katie or Pat, 874-2665.

Congratulations to our participants!

National Meals on Wheels week

Donley County Senior Citizens Center is happy to announce that they are joining communities throughout the country in recognizing the importance of volunteers and of community programs in providing nutritious meals for the elderly and home bound. November 6-12 has been designated as National Congregate and Meals on Wheels Week.

If you want to ensure all the elderly in our community have enough to eat, call 874-2665. You can give your TIME, your SKILLS, or your MONEY to help. Call now, Donley County Senior Citizens 874-2665 needs NAMES of folks who might be eligible

for a hot meal five days a week. In recognition of the multiple needs of the "whole" person, we are committed to service provision and coordination within the broad continuum of nutrition, health-related and home care services in a unique partnership of private, voluntary and home care services.

The tradition of volunteerism, shall be encouraged, stimulated and rewarded and shall be an integral foundation of this Senior Citizens center. Without volunteers, we cannot serve those in need.

Billie Taylor and Pat McCombs are the ONLY two who volunteer at this time. They need HELP! Sundays, YOU can be a volunteer by taking a meal to someone that may live nearby. YOU can help by giving us names of someone who may be eligible. YOU can help by supporting our efforts!

Why not take this opportunity to make a CHRISTMAS gift of a month or more of hot meals delivered to someone you love and who could use them? Maybe donate a month or more of meals to someone who could come here and eat with us or would want to take their meal home to eat? Contact Katie Dvorak at Donley County Senior Citizens, 874-2665 for more information.

1984 if you wish to stay that long. All that is required is that you (1) be age 60 or over; (2) be on a fixed income (Social Security or a retirement, etc.) and (3) be unable to travel at your own expense! You leave on Christmas Day (The Senior Citizens Center will make one trip to Amarillo that day to take you to the airport) and return at your convenience.

Please come by the Senior Citizens Center office and ask for Katie Dvorak. Sign up NOW! The first FIFTEEN persons to sign up will each receive FREE two one-way tickets (one to get there, one to come home on) compliments of Southwest Airlines! Couples may go, if you sign up early because they count as TWO trips, but there should be no problem.

Don't let this FREE chance slip by! What's keeping you here for Christmas Day when your children or grandchildren are somewhere else? What better Christmas gift than to give YOU a special present!

The original title of 'Gone with the Wind' was 'Tomorrow is Another Day.'

Southwestern Home for Christmas Gift! Southwestern Airlines is offering a wonderful gift to Senior Citizens this Christmas! You can fly FREE home to your children for Christmas Day and come back as late as January 10.

"Maroon Magic" HAPPY BIRTHDAY To Our Favorite 9-year-old Love Mom & Dad

\$1 million given to Hopkins by Odd Fellow World Eye Bank

A \$1 million-dollar grant from the Odd Fellow World Eye Bank and Visual Research Foundation recently was presented to the Johns Hopkins University for continuation of the Odd Fellow ocular research chair endowment.

The endowment at The Wilmar Eye Institute supports the research of the Odd Fellow Professor of Ophthalmic Immunology, Arthur M. Silverstein, Ph.D. Created in 1963 by a 25-year, \$625,000 renewable grant, the endowment was increased to \$1 million through a recently completed Odd Fellow fund drive. Contributions were made by Odd Fellows and Rebekahs throughout the world.

Dr. Silverstein currently is studying the mechanism and treatment of uveitis, an irreversible allergic eye disease that is the third leading cause of blindness in the United States. He also is studying improved methods of diagnosing and preventing the rejection of corneal transplants.

will lecture on his research before the Chinese Ophthalmology Society in Peking and Shanghai, China and before a group of medical schools in Tokyo, Sapporo, and Nagoya, Japan.

Dr. Silverstein's national and international honors include the Friedenwald Award of the Association for Research in Vision and Ophthalmology and the Oxford Ophthalmology Congress's Doyne Medal.

A relief pitcher is allowed eight warm-up pitches when he comes into a baseball game.

The honeybee's wings beat two hundred times per second.

This fall, Dr. Silverstein

Howardwick News

By ALICE HOOD

Stony and Liz Craft had a precious little eight month old grandson visiting them, Bryan Knight. He spent Saturday and Sunday.

H. and Bea Rogers' daughter, Marie Lacy, spent last weekend with them.

John and Polly Sarich returned home Wednesday from a two week visit with their daughter, Murleen Ryder and family in Cupertino, Calif. They had a wonderful time picnicing on the beach and attending some band concerts.

Mr. and Mrs. A.C. Porter of Goodyear, Arizona and Lester Blevins of Sunbury, PA spent Wednesday, October 12 to Friday, October 14 with Troy and Willie Moore. They all went to Hereford, met Willie's daughter, Mary Duggan and family and their son, Roy Blevins and family and then had dinner at K-Bobs in Hereford. (Lester Blevins lost his wife about seven weeks ago.)

The Howardwick Friendship Club met Friday, October 21 at 7 p.m. Had a nice crowd of 32. Everyone enjoyed a delicious supper, domino games and visiting. The Lakers Homemakers

Thomas Singers Fm P 1

made numerous appearances each year in churches, auditoriums and on TV and radio broadcasts across the land. The joy of the Lord is reflected in the lives of the Thomas Singers and you will enjoy the warm humor and country gospel style of the concert service at First Assembly of God on Wednesday, November 2 at 7:30 p.m. We welcome you.

Phyhcic Fm P 1

claimed to possess psychic powers. When Houdini exposes the brothers, Sir Arthur Conan Doyle refused to believe that they did not indeed possess powers. Today scientists, newspaper reporters, housewives, college students, professional businessmen can all be deceived by those claiming to have powers unless educated and made aware of their vulnerability. Over 50-60 percent of the population believe that psychic powers actually exist even though scientific testing has yet to yield any evidence to support that belief.

Mr. Korem, a leading Christian spokesman in this area of deception, concludes this film with strategic comments on how we as Christians can avoid being deceived by those who fraudulently claim to have powers and who desire to control our lives.

Ephesians 5:6-6 "Let no one deceive you with empty words for because of these things the wrath of God comes upon the sons of disobedience. Therefore, do not be partakers with them."

CanSurmount Fm P 1

This program is designed to help the general public feel more comfortable and knowledgeable in helping the cancer patient and the families of chronically ill people so everyone is urged to attend.

As the title suggests, by working together we Can Surmount the problems that face the cancer patient and their families.

Economy Fm P 1

Security State Bank of Hedley showed assets from September 1982 of 3 million 938 thousand dollars, increasing 464 thousand dollars giving them a total of 4 million 402 thousand dollars in assets for period ending September 1983.

This gives the three county banks a total of 56 million, 589 thousand in assets.

We can easily and quickly see the faults of others, but seldom do we clearly see our own shortcomings.

had a booth at the "Christmas in October" Bazaar Saturday, October 22. Everything we had there sold out and could have sold more. We had cakes, pies, brownies and candies. Everything was beautiful.

The Howardwick Volunteer Fire Department is planning open house to dedicate the new addition to the fire station. This will take place Saturday, October 29, 1-5 p.m. The public is invited. Refreshments will be served by the Ladies Auxiliary of the Fire Department.

Next Friendship Meeting will be November 18 at 7 p.m. (Pot Luck.) New officers will be elected for the coming year.

Bronchos you're the greatest!

Obituaries

Billie Harris Warner
Billie Harris Warner, 52, of Amarillo died Friday, October 21, 1983.

Services were at 11 a.m. Monday, October 24 in Boxwell Brothers Ivy Chapel, with Phil Bickerstaff officiating. Graveside services were at 3 p.m. in Citizens Cemetery in Clarendon with Paul Hancock, Christian minister, officiating and directed by Boxwell Brothers Funeral Directors.

She was born in Iowa Park and came to Amarillo 16 years ago. She was a retired medical secretary and a Methodist. She married Walter Warner in 1953.

Survivors include her husband; two sons, W.H. Warner of Dallas and Marcus Warner of the home; a daughter Rowena Warner of the home; a brother, Pat H. Harris of Iowa Park; and her mother-in-law, Abbye Warner of Clarendon.

Casket bearers were Jim Robertson, Bobby Chapman, George Malkuch, David Studer, Jack Cook, Emery Capt, W.L. Studer, Gerald Meader.

The family requests memorials be made to the River Road High School Scholarship fund.

The world's first commercial jet airliner was the Comet I. It was introduced in 1952.

There are fifty thousand rooms, or cells, in the average honeybee hive.

Much needed rain finally arrives

The rain the county needed last summer finally arrived this past week. Rain which started Monday fell so gently, there was very little run off. The scorched earth hungrily devoured every drop.

Tommye Saxe, Clarendon official weather recorder reported a little over 3" in town, while some of the communities reported from 4 to 6 inches.

The rain which did a lot of damage in some panhandle counties dumped as much as 12 to 14 inches. Hail in some areas totally destroyed some of the cotton. The Texas Agricultural Extension Service estimated a loss of 100,000 bales, about 7 to 9 percent of the 25-county area's total crop.

Earl Shields, Lelia Lake farmer and Paymaster Gin manager said he and his family made a trip to the Lubbock area, cotton which would have made from a bale to bale and half was completely hailed out. He stated, we are in really good shape, compared to them. The cotton in this area sustained no real damage. The Paymaster Gin has ginned about 40 bales of cotton. Shields said, "The grading is good and the mixing is better than we expected."

Farmers said the rain came too late to help cotton crops, but the moisture was really beneficial to the wheat farmer and the ranchers in the area.

Lyndon Schoenhals, a cotton breeding specialist from Lubbock said this years weather extremes included record snows last winter, followed by a colder planting season than normal and a dry summer, the earliest freeze on record followed by hail and rain. This years 2.25 million bales, state wide was predicted before the storm to have been the smallest cotton harvest since 1946 and 17 percent smaller than last year.

Will Chamberlain, Prec. IV commissioner reported the roads in his district were in good shape, and felt that the rain did more good than harm in his area.

IT'S A FACT!

Some 2.5 million Americans share a common problem—they have tinnitus, a ringing or buzzing in the ears that occasionally disrupts normal living.

Now, a report from the National Research Council of the National Academy of Sciences, an organization that provides informed opinion and advice to the nation on scientific and technological matters, may bring new hope to tinnitus patients. "Tinnitus: Facts, Theories, and Treatments," concludes that certain drugs, such as lidocaine, carbamazepine, and sodium amylobarbitone, may offer relief to tinnitus sufferers. Another promising treatment is the use of masking devices mounted in hearing aids to cover up the tinnitus symptoms. The new report also offers a wealth of information about the possible causes of the condition, techniques for measuring and describing tinnitus symptoms, and the effectiveness and safety of various treatments.

Retirement party given for Harvey W. Jones

A retirement party honoring Harvey W. Jones was given recently at the Jack Eads' home. Twenty fellow employees and retired employees enjoyed hamburgers, ice cream and visiting with Harvey and Norma.

Harvey worked twenty-six years for the State Department of Highways and Public Transportation. He was employed April 8, 1957 in Wellington, Texas. He transferred to Clarendon in April of 1959. He worked

under four Maintenance Supervisors, Mr. Ed Haynes, Mr. Byrd, Jupe Johnson, and Jack Eads.

Jack Eads presented to Harvey, an engraved plaque in the shape of Texas and a Western Painting by Steve Smith.

Harvey's main duties were maintenance on the warehouse, warehouse yard and rest areas but he worked in

every position whenever he was needed.

Harvey's friends have the highest regards for him and

wish him the best of luck in his retirement.

The children of Mr. and Mrs. A. L. Formway request the pleasure of your company at a reception in honor of the Fiftieth Anniversary of their Mom and Dad, A. L. and Myrtle, Sunday, the thirtieth of October, nineteen hundred and eighty-three, from two to four o'clock at the First Baptist Church in Panhandle, Texas.

Your love and friendship are cherished gifts. We respectfully request no other.

1926 Book Club

Guest Day was observed at the Book Club meeting, October 18, 1983 held at the Patching Club House at 4:00 p.m.

The Social Committee, consisting of Frieda Tucker, Hazel Brandon, and Susie Shields, were hostesses for this enjoyable occasion. On the buffet table, covered with a lovely cloth, a delicious finger foods were tastefully arranged. Coffee and hot punch were served with the party sandwiches, cherry cheese cakes, candies and nuts. The meeting room was decorated in the Halloween theme. Betty Veach played piano selections as the group enjoyed refreshments and visited.

Veach then presented a group of four musicians as guest entertainers. Their leader was Joburta Helms, music choir director at Clarendon College. She in turn introduced her associates, Steve Baker, Jack Smallwood and Melanie Gilbert. The two boys played accompaniment on guitars as the quartette sang the following numbers: "Country Road," "Let It Be Me," "Someday You'll Want Me," "Dream, Dream, Dream," "In the Garden," "I'll Rise Again". They received hearty applause after each selection. The club's thanks go to them and to Betty Veach for inviting them.

Mrs. Rachael Butler, president, conducted a short

business meeting. She welcomed these guests: Pearl Hermesmeier, Edgar Mae Mongole, Imogene Brumley, Derelle Stark, Anna Mae Lumpkin, Verdine Herrington, Mabel Mongole, Dorothy Hall, Betsy Landers, and the four singers.

Club members present were Betty Veach, Mary Hazel VanZandt, Frieda Tucker, Mary Thornberry, Susie Shields, Lockie Pitts, Mary Beth Nelson, Pauline Morris, Hazel Monroe, Evelyn Mann, Norma Jones, Carolyn Hamilton, Ethelyn Grady, Oressa Delaney, Dessa Day, Rachael Butler, Hazel Brandon, Viola Bones, Thelma Bairfield, and Jesse Adams.

All members need to take note of this. There will be a change in the plans for the upcoming meeting. It will be held November 1 at the Patching Clubhouse at 4:00. Let's keep up the good attendance!

SS Representative in Clarendon

A representative of the Amarillo Social Security office will be in Clarendon at the Courthouse October 27, November 3, 10 and 17. This individual will be glad to assist you in filing an application for social security, retirement, survivors disability, Medicare or supplemental security income benefits.

If you are unable to visit personally, you may call 376-2241 to conduct any social security business. The office is open every weekday, Monday through Friday, except national holidays between the hours of 9 a.m. and 4:45 p.m.

JUNIOR HIGH CHEERLEADERS-Lindy Bowling, Marcy Helms, Stacy Graham, D'Liss Robinson, Tanya Bell and Lori Roberson.

City Minutes

The Board of Aldermen of the City of Clarendon met in regular session on October 11, 1983, in the Board Room, City Hall at 7:30 p.m.

Members present were Mayor James L. Kuhn, Aldermen Richard Bell, Lloyd McCord and James Sharrar.

Members absent were Aldermen Gene White, and J.G. McAnear.

Others present were City Secretary Donna Edwards,

and Jim Roberts.

*Minutes of the September 27, 1983 meeting were read, and approved.

*Nominations for a Sesquicentennial Commission were tabled until the next meeting.

*Also tabled was discussion of paving for the 500 block of McLean Street.

*Bills incurred by the City in the month of September, were presented and ordered

paid.

There being no other City business at this time motion carried to adjourn.

Friendship Quilting

The Friendship Quilting Club was entertained in the lovely home of Muriel Butts with a party Wednesday afternoon October 12. This was the first meeting, following the summer months and visiting was the diversion of the afternoon. The meeting was called by the Vice President, Lucille Luttrell.

October 31-November 4

Monday-Beef Ravioli, English peas, hot rolls, mashed potatoes, honey and peanut butter and milk.

Tuesday-Enchiladas with cheese, brown beans, Spanish rice, tossed salad, cake with whipped cream and milk.

Wednesday-Chili with beans and crackers, cole slaw, macaroni and tomatoes, fruit Jello and milk.

Thursday-Taco with cheese, tossed salad, buttered corn, butter cookies and milk.

Friday-Teachers inservice day.

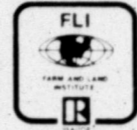

LOCAL

Mrs. Wilma King Batson of Denton, Texas spent several days in Clarendon with her brother and wife, H.R. and Ruth King. She visited Mrs. G.H. Parker, the D.E. Leathers, the Quinn Atens and other relatives and friends. She also attended the Windy Valley Community reunion and the Clarendon High School reunion.

October 27, 1983

Dear Home and Property Owner:

Carol Bryant, our faithful secretary for eight years, no longer has time to continue in that capacity. She has been so successful selling homes in Clarendon that we have promoted her to a full-time REALTOR ASSOCIATE.* This means that she will spend 100% of her time working on residential and commercial real estate in Clarendon, Howardwick and the surrounding areas.

Feel free to call her at the office or her home.

Yours truly,

James F. Hayes

Buy it! you'll like it --

The Earth Stove®

Were having a wood burner **Sale!** You can SAVE two ways, 1. on your fuel bill and 2. on your purchase of a new EARTH STOVE & accessories through the month of OCTOBER. Don't wait, cold weather is close by. If you've been thinking wood burner then this is your chance to purchase a new EARTH STOVE for your winter comfort & save money at the same time. We are facing a price increase therefore

we have decided to purchase a large quantity at a discount and pass the savings on to you during October.

The Earth Stove®

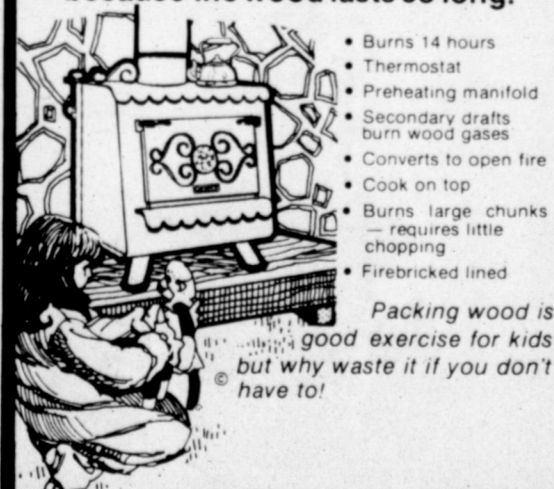

Check these facts before you buy any other stove!

- The Earth Stove burns 1/3 the fuel of many stoves because pre-heating draft manifold promotes efficient and complete combustion like solid fuel power plants. Super-heated air prevents "cooling" of fire unlike manual "hole" drafts do. Even large chunks burn slowly and completely—eliminates frequent ash removal.
- Even temperatures thermostatic draft automatically maintains temperature you select. Levels out uneven cycle of wood combustion (Manual drafts cannot do this). Home temperatures more even than furnace heat.
- Burns 14 hours on one wood load
- Converts to open fire instantly
- Cook top just set thermostat to cooking heat desired — ideal for "Crock-Pot" style cookery
- Wood gases not wasted Secondary drafts introduce oxygen above primary fire zone to burn volatile gases such as methanol, pyroigneous acid, etc.
- Air tight Prevents heat loss up chimney

The Earth Stove makes use of modern technology to improve the great invention of Wood Heat

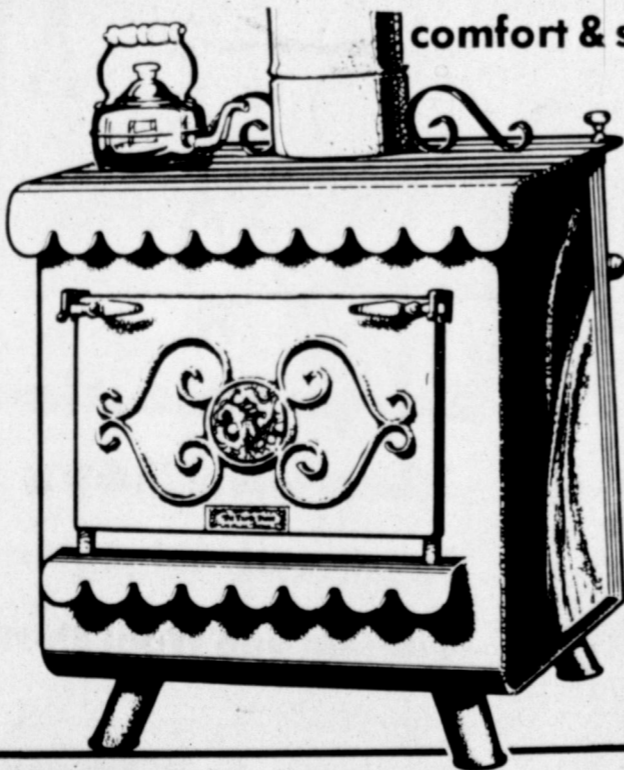

The Earth Stove®

Why do kids love The Earth Stove? because the wood lasts so long!

- Burns 14 hours
- Thermostat
- Preheating manifold
- Secondary drafts burn wood gases
- Converts to open fire
- Cook on top
- Burns large chunks — requires little chopping
- Firebricked lined

Packing wood is good exercise for kids but why waste it if you don't have to!

The Earth Stove can save your heating bill from soaring out of sight. If you now use oil, gas or electricity you'll discover how much more economical and comfortable wood heat can be. The Earth Stove — "Wood heat at its finest!"

Wood is a resource still plentiful, readily renewable and inexpensive. Tens of thousands have found that burning wood in The Earth Stove has solved their fuel shortage and high cost crisis.

The Earth Stove®

FINALLY The wood stove for those who are serious about heating & cooking with wood!

- Automatic draft
- Burns 14 hours on one filling
- Converts to open fireplace instantly
- Burns 1/3 the fuel of many stoves!

SEE THEM NOW!

FOR MOBILE HOMES and Energy Efficient Residential • OUTSIDE COMBUSTION AIR! • Close Wall Clearances • Thermostatic and Open Fireplace • G.A.L. tested and ICBO listed • Meets Federal Standards

The Earth Stove®

Why do people love the Earth Stove? because it's space age engineering doesn't show

getting back to basics doesn't have to be a sacrifice!

- Automatic draft
- Pre-heating manifold
- Converts to open fire
- Secondary drafts
- Burns 14 hrs.
- Conserves fuel
- Fire brick lined

The Earth Stove®

Want to make a \$50 Cord of wood worth \$150 Buy an Earth Stove!

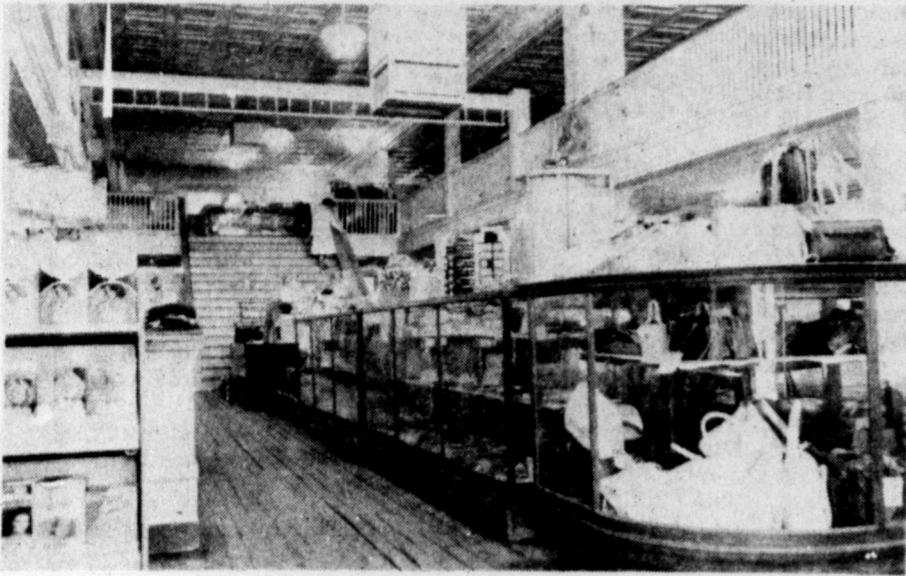

Pre-heating draft Manifold and pre-heated secondary draft tubes coupled with thermostatic draft make the difference.

If men can go to the moon a wood stove can be made to burn less wood!

Miss Diane McCament new Wildlife Biologist

Dave Dvorak announced the hiring of one of two new wildlife biologists in his region, Miss Diane McCament of Wisconsin. Diane has her degree in Wildlife Management from Texas Tech University, 1982. She will be a Biologist Level II and will receive a maximum of six months training here in Clarendon before being assigned to some other town in the Region.

Diane lived in Wisconsin until her senior year in high school when her parents moved to Dallas. She went to Texas Tech and worked two summers for the Bureau of Land Management as a Range Conservationist. After graduating, Diane worked for the BLM in Canon City, Colorado for several months as a range conservationist. She was hired by the Texas Parks and Wildlife Department October 1, 1983.

"I wanted to be a vet originally," Diane confessed, "But I couldn't see spending twelve years in school. I ended up in wildlife management and love it." Petite 5'2" brunette, brown eyed little Italian biologist said that "I love the outdoors" and this sort of job

fits her desire to be hiking, camping, watching birds and it also gives her an opportunity to find interesting Indian sites.

"Archeology is my favorite hobby" she said, "I worked for the Colorado Society on surveys when in Canon City and I am a member of the Archeology Society in Texas. I hope to find some interesting things in the area to keep me occupied."

Diane is learning to crochet, "Self taught and some of the first things I did turned out pretty strange, but I am making Christmas gifts now," and she also liked photography, arts and crafts and anything outdoors.

"There is a great deal of prestige associated with getting on with the TPD," Diane said with justifiable pride, "You just can't get on and when you do, it's quite a thrill."

DIANE McCAMENT

Letter to the Editor

Texas Taxpayers have a lot to gain and nothing to lose in voting FOR Proposition 5, the school bond amendment, in the November 8 constitutional amendments election. The amendment could

save our schools and local taxpayers \$435 million in interest payments alone in just the next 17 years.

It comes as a surprise to many people that the awesome resources the State of Texas dedicates to education ARE NOT taken into account by national bond markets when setting local school district bond ratings and interest rates. Local bonds are judged solely by the local district's situation.

Proposition 5 would cure that by permitting qualified local school bond issued to be backed by the state's \$3 billion Permanent School Fund. The result would be better bond ratings and lower interest rates for our local districts.

The state's Permanent Fund would simply be lending its good name; it would not be paying off the bonds.

Texas schools have a fine bond record. In the unlikely event of a default, the state would simply pick up the payments by withholding the local district's state allotments.

I urge Texas voters to approve Proposition 5.

Sincerely,
Bob Bullock
Comptroller of Public Accounts

Letter from Bruce Hofmann
Hi Ya'll again,
Things are looking good here at the First Christian. God is certainly moving. Many have asked me

about the difference in weather as compared to the North. It is better here because of the low humidity.

We are still making adjustments but sure do enjoy Clarendon. By the time you read this, I will have visited around 350 homes. You have been very courteous in answering the door and I thank you for this.

My purpose is to meet you and if you are not currently attending services anywhere, to extend an invitation to you. If I have not had the privilege of meeting you and missed you, maybe the chance will come sometime during the day or when you visit.

We are not trying to convert you, but would like to see you in Worship service, Bible school, or better still in Christ.

We are most concerned about you who claim church membership or no membership but do not attend at all for various reasons. Remember those symptoms I mentioned, here is another, I KNOW I SHOULD BUT.... you fill in the blank.

Let me encourage you to read Hebrews 10:19-39, only twenty verses.

The Hebrews passage tell us, "NEGLECT GOD, HIS CHURCH, EQUALS MISSING HEAVEN 10:26. It is the same as securing employment but never being there. The boss warns you once, twice, then you have no more employment.

You may have gotten out of the habit of going because people in general but in specific: the church, neighbors, Sunday being your only day off company and so on, not being fed properly. As material goods come from being faithful to your employer. Spiritual blessings come from being faithful to God and His church in spite of people, churches, holidays or whatever gets in the way.

So, let Jesus through us at First Christian give you a chance to know Christ again. By the way, we are working on two items to further meet your needs; 1. a youth group this in it's infancy, the grade level will be from 4 or 5 to 8 or 9. This will be in addition to our Sunday evening Bible study at 6:00 p.m. so those wishing to attend this Bible study can bring their children to the youth group and enjoy God's Word at the same time.

My wife Dorothy will teach the first 4 weeks then another will teach and Dorothy will assist if needed. This is what we call an equipping ministry to prevent burnout. Until next time. In His Service
Bruce Hofmann
874-3218

Letter to the editor

In light of a recent report by H. Ross Perot on the problems with education in Texas, allow me to present to the people of Clarendon and Donley County some thoughts of mine, in the hope that interaction and dialogue among school administrators, coaches, teachers and students all over Texas will restrict Perot and UIL Director Bailey Marshall in their desire to gain absolute control over athletics in Texas high schools and, indeed, control over the school systems themselves.

Perhaps this letter will be misconstrued as "some radical" blowing his panic horn. Indeed, anyone who know me well enough (as many Clarendonites do) will know that I am a far cry from a radical. I simply see Perot and Marshall attempting to destroy some of the most fulfilling and most educational activities available to any high school student anywhere.

I am not restricting myself to athletics in this argument because Perot did not restrict himself to athletics. What we are talking about here is ALL extracurricular activities in public school—4-H, Band, FFA, Literary events, etc. I am quite certain, from past experience, that at least 1/4 of Clarendon High School students are, in one way or another, involved in some form of extracurricular activity.

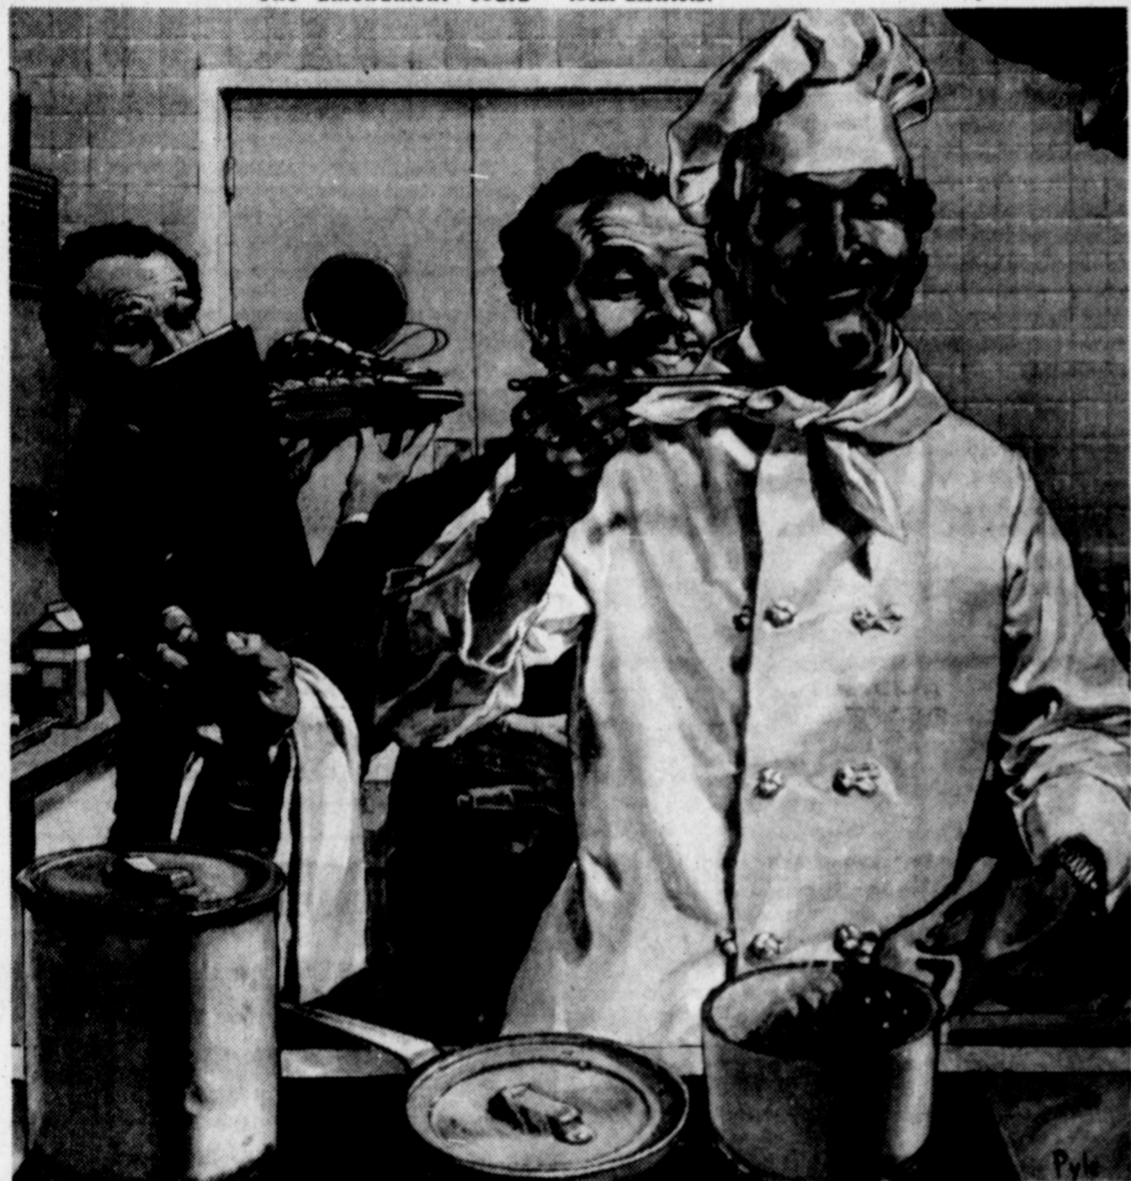

Obviously, problems exist in the nation's public schools. Illiteracy is a problem. Low entrance test scores provide serious headaches to college and university administrators wishing to upgrade the standards of their institutions. What's the answer? According to Perot, play down extracurricular activities. He refers to college athletes as people "so dumb they have to make a living selling dope on the street." This guy was appointed to chair the governor's commission on Texas schools. It doesn't take a brilliant scholar to produce answers like that, and a dope dealer can make statements of the same nature as Perot. This type of simplistic mentality is NOT the answer to the problem—any problem.

Which brings us to a man all Texans can be proud of, Bailey Marshall. Marshall is the director of the University Interscholastic League which is a division of the University of Texas division of Continuing Education. The whole line of titles in the past sentence says it all. When it comes down to the entire structure of the state of Texas, the UIL is a drop in the huge network bucket. Yet the UIL controls ALL competition in Texas high schools. When asked to respond to Perot's charged of athletics and other activities interfering with the educational process, Marshall buckled under. He drew up a list of absurd compromises which included:

A) A cut back on the amount of athletic equipment a school can purchase. He pointed to names on the backs of jerseys as "a luxury" that "Doesn't help us run the programs." STOP. Who's running the programs? US? In my 6 years of athletics at Clarendon High School, I never saw Bailey Marshall run "the program." We didn't have names on the backs of our jerseys, but the luxury of white football shoes never effected my algebra grade one bit.

B) Cut down on the number of band contests and speech meets per year. Malarky! How many UIL literary competitors have been academic casualties in high school? I can't think of any.

C) Restrict further the number of coaches allowed on the coaching staff of any school. Isn't that something the superintendent and the Board of Education decide?

Gas ranges keep temperatures under control.

Almost all great chefs insist on natural gas ranges. Because gas gives them temperature control, par excellence.

The low flame keeps even the most delicate sauces warm without burning them. While the high flame gives immediate, intense heat for a rapid boil.

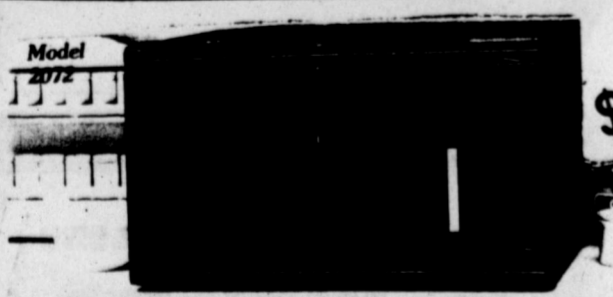

And when the flame is off, it's off! There's no hangover heat to spoil the

creation. But control isn't the only reason they cook with gas. Gas saves money. In fact, you can cook 1 1/2 meals on a high-efficiency gas range for the cost of cooking one on a non-gas range.

So get more for your money and get a gas range for your home. Today. We promise you, you'll be in better control of your temperature.

Lone Star Gas Company Get more for your money. Get a gas range for your home.

ASCS requires farmers to obtain loans on 1983 cotton for PIK

Cotton producers in Donley County who are eligible to receive their payment-in-kind from Commodity Credit Corporation stocks will have to obtain price support loans on their 1983 production to satisfy 40 percent of their PIK needs, according to Edwin Campbell, CED. The other 60 percent will come from cotton already in CCC's inventory.

Campbell said the loans will then be redeemed and sold to the CCC for PIK. Producers who have no 1983-crop cotton for harvest or those who had insufficient cotton for harvest to satisfy their PIK needs will receive their PIK from CCC stocks. Donley County's cotton producers need about 1645 bales of their 1983 cotton crop to use as collateral which can be redeemed and sold to the CCC for PIK purposes. About 2042 bales of cotton will come from CCC stocks. The producers are eligible for payment-in-kind because they reduced their upland cotton acres beyond the regular acreage reduction and land diversion program requirements.

Under the special purchase program for cotton, the CCC acquired about 780,000

bales of cotton, which when added to the present inventory, it not enough to meet needs for the PIK program.

Further details on 1983 cotton loans for PIK may be obtained from the county ASCS office.

Johnston appointed to Board of Director on TAHA

Mr. Mark Rose, president of the Texas Association of the Homes for the Aging has notified Billy Ray Johnston of his appointment to the Board of Directors of the association. The Texas Association of the Homes for the Aging is the non-profit association for non-profit homes in the state of Texas. In addition to the appointment to the Board of Directors, Billy Ray is vice-president of the local chapter in this region which meets in Amarillo. Billy Ray has served as president of the Texas Nursing Home Association Local Chapter and has done extensive work with that association for the betterment of the nursing home industry and the welfare and well being of the nursing home patients and residents. Billy Ray has maintained a superior status with the health department since the Health Department has started rating nursing homes in the state of Texas. He is very conscientious in the running of Medical Center and patient care is his first obligation. Billy Ray is the first to admit that the

running of Medical Center would be impossible without the qualified hands of the heads of the different departments.

Being board member of the Texas Association of the Homes for the Aging entails working closely with the legislative body in regard to the laws and financing of the Medicare program and the business of the association. He states that he is looking forward to working with the association and hopes that he will be able to help improve the image of the nursing home industry and to weed out the undesirable conditions that exist in some of the homes in the state. Texas Association of Homes for the Aging is affiliated with the American Association of Homes for the Headquarters in Washington, D.C.

MAKING FAMILY LIFE MORE FUN

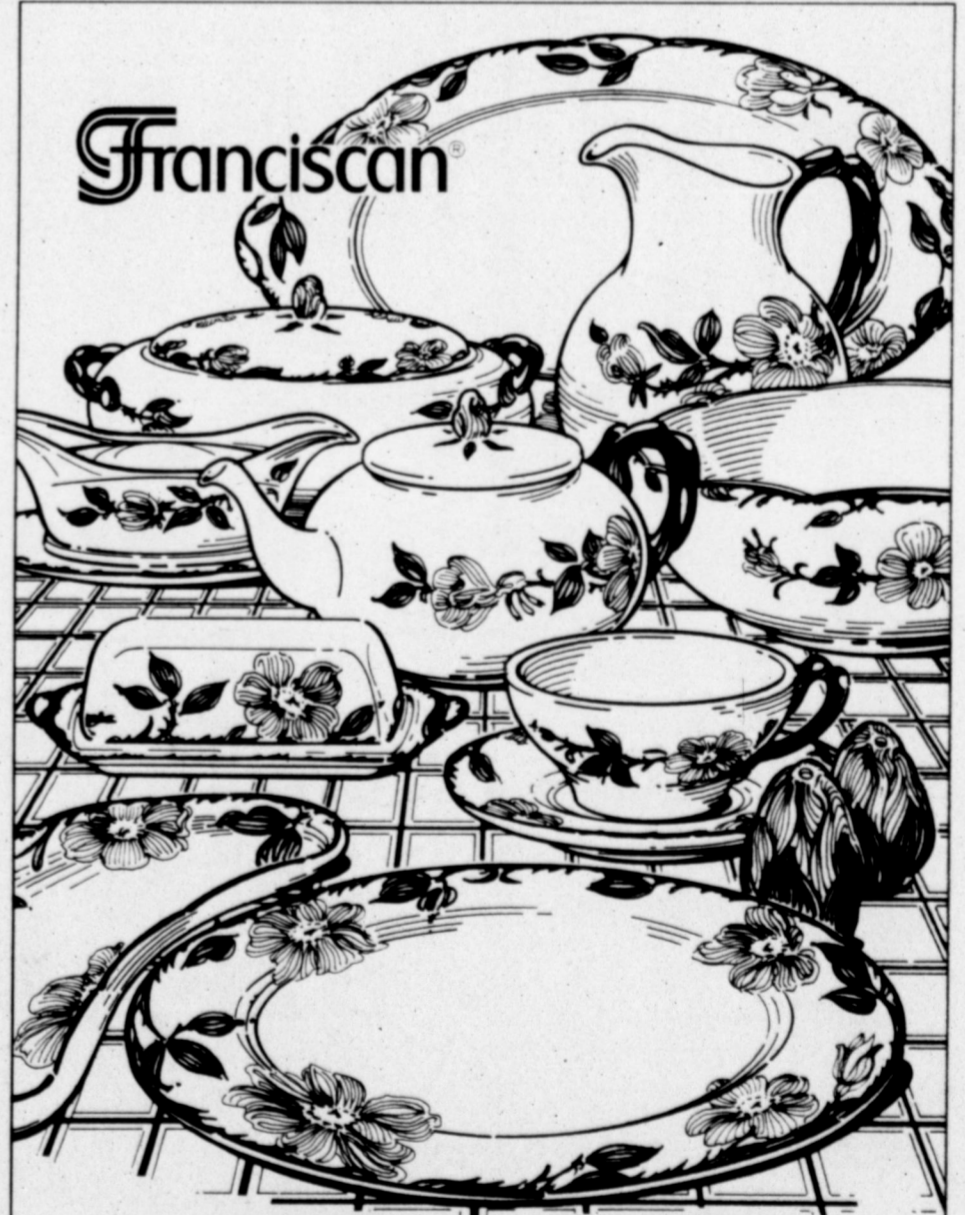

Take Them Out To Dinner

The number of American families discovering the pleasures of togetherness at fast food restaurants is zooming.

Recent studies show that Americans are spending more than 32 percent of their away-from-home food dollars on this convenient eating style these days. Some experts predict that figure could rise to as high as 60 percent during this decade.

The first city to be illuminated by gas light was Baltimore. in 1817
