More U.S. Funds Said Needed For Asian War

INTIMATE CONVERSATION

H. E. Reesman, who goes barefoot around Maryland race tracks "clean up to Christmas," strokes Class Day, his fugitive from a riding academy who won a race at Timonium, Md., last week and returned $89.80 for Reesmans last $2. The 11-year-old gelding once beat such greats as Stymie and Armed but fell on such bad times "he was eating the paper off the wall" when a friend gave him to Reesman.

JOE TABS ARMY MATERIAL RED

WASHINGTON (AP)—Sen. McCarthy (R-Wis) has demanded that the Pentagon explain, by nightfall if possible, how the Army came to send out to 37 of its commands last year what the senator termed "clearcut Communist propaganda."

"If you read this and believed it, you would move to Russia," McCarthy said, pointing to copies of 70 pages of a document he said was prepared for an indoctrination course for intelligence officers and others.

A preamble said the purpose of the study was "to develop an understanding of the Soviet people which would be militarily useful in case of war," and it added: "The problem is not to demonstrate the political injustice and economic tyranny of the Bolshevik government but to illuminate the Russian in his existing habitat."

McCarthy, in other activities of his Senate investigations subcommittee, said he had:

1. Called two witnesses for closed session questioning today about Communist infiltration of Army civilian employe ranks.

2. Ordered an inquiry into the promotion of an Army major, not named, who had been convicted in a case involving "unusual morals."

McCarthy said he had called on the Army to name, and produce for questioning, the author of the secret document intended for use in the training of intelligence officers. The document itself said 100 copies were distributed in January 1952, mostly in the Far East.

McCarthy said he wants to question the author of such statements as these:

"The Soviet Communist code continues to honor the workers above all...

"Siberia in a social sense is rather similar to our Far West in the late 1800s...There is abundant opportunity for rapid advancement in the skilled trades and professions and a man is paid according to what he produces...

"Whatever the other restrictions of Soviet authoritarianism, one freedom is maintained: That is the freedom of self-improvement and advancement within the occupation."

"Two million white Russian refugees and numbers of deserters and escapees cannot be taken as representative of the 200 millions who remain in the U. S. S. R."

Seven Charged With Slavery In Alabama

BIRMINGHAM, Ala. (AP) — A seventh white farmer was expected to surrender today to face federal charges of holding Negroes in slavery. Six others from Alabama and Mississippi were freed on bond yesterday.

U. S. Dist. Atty. Frank Johnson Jr. said Lindsay Winyard Dial, 43, one of six Dial brothers and cousins who were indicted by a federal grand jury, would appear at the U. S. marshal's office during the day.

The indictment charges that one Negro man died after being bound and whipped at gunpoint.

Three alleged beatings of Negroes were listed.

The defendants paid fines for Negroes who were in Mississippi jails and took them to their extensive farm holdings in Sumter County, in west-central Alabama, Johnson said. There the Negroes were required to work out the debts.

Other defendants besides Lindsay Dial are his first cousins Oscar Edwin Dial, 34, Fred N. Dial, 25, Grady Clarence Dial, 28, Robert Mitchell Dial, 44; Arthur Arnold Dial, also known as Otto Dial, 27, a second cousin of the four Dial brothers; and Charles Harper, also known as Francis Harper Portersville, Miss. Oscar Dial and Harper were placed in $2,500 bond. The others posted $1,000 bond.

The indictment alleged that when the Dials brought the Negroes to their farm near Boyd, Ala., to "work out the debt," the Negroes were held in "involuntary servitude and slavery."

Roderick Beddow of Birmingham attorney for the seven, said they made statements that they were innocent of the charges.

Federal authorities claim that Herbert Thompson died after beaten because he tried to run away last May.

Congressman George Mahon of Lubbock, representative from this district, was speaker today at the Rotary Club luncheon. The former Colorado Citian is a member of the House committee on appropriations. He expects to spend much of his time until congress reconvenes visiting towns in his district

Mossy Goes On Hunger Strike

NEW YORK (AP)—The New York Times said today that Iran's ex-Premier Mohammed Mossadegh, is hunger striking in his jail cell near Tehran.

The Times said Mossadegh also demands to see a lawyer about drawing up a will.

The Times said Mossadegh made a threat after he was transferred from an undisclosed prison to the Saltanatabad Army barracks near the Iranian capital. He reportedly protested the transfer, demanded that his captors "kill me now" and then announced his intention to refuse food.

The emotional old leader, in his 70s, faces charges of rebellion against the Shah. On Aug. 16, Mossadegh ignored a royal decree ousting him as Premier. Three days later a pro-Royalist uprising toppled Mossadegh.

The actions of Mossadegh and his supporters are considered punishable by death in the regime of Premier Maj. Gen. Fazollah Zahedi.

Peterson Fund Is Hiked $169

The Carl Peterson Appreciation Fund was given another boost today, but it was still short of the amount needed to buy the ex-POW a new car.

Peterson, for whom citizens started the fund in an attempt to raise enough money to buy him a new car, is the county's only known ex-prisoner of the Korean War. He was scheduled to arrive in San Francisco today, where his parents were to meet him.

Coming in today was $169.50, boosting the fund's total to $815.

Employes of Jones Locker Plant this morning became 100 per centers, all donating money to the fund, making up a total of $35.

Latest donations were $106 from Hermleigh First Baptist Church, $2 from Mr. and Mrs. F. D. Bagwell, $10 from Barrow Furniture, $2.50 anonymously, $5 from Bobby J. Nachlinger, $2 from Mrs. J.W. Floyd, $20 from Skeet Jones, $2 from Bob Shaw, $5 from Alva Jones, $3 from Don Mason, $5 from Ruth Jones, $2 from Ivey Herrley, and $5 from Hermleigh Canasta Club.

Demo Leaders Meet Friday

AUSTIN (AP)—The State Democratic Executive Committee meets at Mineral Wells tomorrow.

Gov. Shivers, committee Chairman Wallace Savage of Dallas and Secretary George Sandlin of Austin have indicated only routine business is on tap. The governor said someone usually stirs up some excitement when Democrats get together.

Action may be taken on the question of who is Texas' national Democratic committeeman. Wright Morrow of Houston offered to resign last year when he supported Republican Dwight Eisenhower.

National Chairman Stephen Mitchell said Morrow's resignation was accepted, but the Texas Executive Committee refused to accept it and said he was still committeeman.

Shivers said elimination of the "loyalty pledge" would help appease rebellious Southern Democrats. He may elaborate tomorrow.

Courage For Maimed Girl

LAKE ARROWHEAD, Calif. (AP)—A courageous girl whose ambitions to become a dancer were shattered by the loss of an arm and leg in a speedboat accident is making plans for "some sort of career" in Hollywood.

Beautiful Boni Buehler, 23, insists she has had only a few "low moments" since the slashing blades of a speedboat propeller on lake arrowhead severed her left arm and leg three weeks ago.

From a bed in Santa Anita Hospital overlooking the lake, the former airline stewardess told newsmen:

"Of course this will slow me down. But I have a whole life ahead of me. I intend to get plenty out of it. I'm going to be happy.

"Not once since it happened have I felt sorry for myself," she said yesterday. "Nor have I regretted going out on the boat that day . . . I'm a fatalist. This must have been meant to happen . . . I guess the answer is, I believe in God."

Abdullah Gets New Dancer, Samia Out

NEW YORK, (AP)—Sheppard (Abdullah) King, the Texas oil heir, has found himself another exotic dancer.

He said today his highly-publicized romance and marriage to Egyptian belly dancer Samia Gamal is "all off" and that he is going to marry a Turkish terpsichoren, brunette Nejla Ates.

She is dancing at the Latin Quarter, a night spot.

King said he intends to get a divorce from Samia.

"I'll get it in Houston," he said. "It should take me about six weeks."

Samia has been saying in Cairo with varying degrees of firmness that she intended to rid herself of King.

Now, the amiable Texan says he is going to take the initiative.

"There has been a situation going on between us for about four and a half months," he said, "and I am tired of playing cat and mouse."

King met Miss Ates (pronounced Atish) about three days ago and already has given her a diamond ring.

The New York Journal American said today:

"To say that Nejla sends the boy is the understatement of the century. She brings him back."

The writer quoted the Turkish girl:

"When he married Samia I saw his pictures in all the papers, and how I wished he belonged to me."

Then, this week he walked into the nightspot and saw her dance.

"I am veree hoppy," she said.

Coady Water Is Cut Off

COADY (AP)—A year long bucket brigade appears in store for this Baytown suburb.

The city water supply, furnished before Saturday by L. W. McLean's private waterworks, is being carried in barrels, buckets, milk cans and washtubs by Coady's 800 citizens.

McLean shut off his water supply here after an election Saturday approved creation of a new water district.

A citizen's meeting yesterday offered three alternatives:

Lease the waterworks from McLean.

File an injunction asking restoration of water.

Carry water in barrels for the next year. In that time the new water district could establish facilities to operate.

The water board, headed by O. L. Ostrum Jr., has no authority to act until Saturday's election returns are canvassed by Harris county commissioners in Houston.

Ostrum, presiding at the community's meeting, said, "It seems impossible that we could lease the waterworks on Mr. McLean's terms." He explained that McLean wanted to charge each water user twice what he had been paying, or $7 instead of $3.50. McLean also wanted his waterworks maintained.

Waterless residents washed clothes in washtubs, then watered flowers with the remaining water.

Drinking water is being hauled in separate containers.

Some residents are drilling wells and buying pumps.

Divorcee Is Charged With Fraud At Bank

MIAMI, Fla. (AP)—Jean Elizabeth Dusing, 24-year-old dviorcee, today faced charges of misapplying $111,232 belonging to the Central Bank and Trust Co., where she worked for two years.

Five men, former customers of the bank, also were arrested and charged with the woman with conspiring to have her hold up bad checks which they had written.

They were identified by the FBI as Tom E. Howell, 65, who allegedly received $71,952; Chester C. Smallwood, 34, who said he got $11,345 which he lost at dog races; William Maine, 34, who admitted getting $3,830; Arthur H. King, 35, charged with receiving $3,728; and Warren Schmikel, 32, accused of taking $375.

Mrs. Dusing, Howell and King waived preliminary hearings and were released in $1,000 bonds each. The other three said they might want hearings and United States Commissioner Roger E. Davis set them for next Wednesday. Bonds for two of them were set at $1,000 and for Schmikel at $500.

The five accounted for $91,131; the remainder was attributed to six other customers against whom no chages were filed because they made restitution to the bonding company which made good the bank's loss.

Mrs. Dusing handled all insufficient fund checks written by the bank's customers and the FBI said she covered her manipulations by submitting false figures to the bookkeeping department at the close of business each day.

Bank examiners uncovered the fraud last March, when the woman was fired. An investigation has been under way ever since.

Misses Virginia And Pennsylvania Leading

ATLANTIC CITY (AP)—A Southern belle who can sing and a Pennsylvania lass who's a knockout in a white bathing suit led the field of beauties today in the race for the Miss America title.

Miss Virginia, Anne Ceglis, 22, of Norfolk, and Miss Pennsylvania, Evelyn Ay, 20, of Ephrata, won preliminary contests last night.

STEPHENSON SAYS HE WAS MISQUOTED

Frank D. Stephenson, who appeared before the city council Tuesday night to protest a proposed increase in rates charged here by Southwestern Bell Telephone Co., said today he was misquoted in yesterday's paper.

Yesterday's Daily News article stated that Stephenson said he represented the American Legion, Veteran's of Foreign Wars, and Kiwanis Clubs.

The paper stated that Stephenson said that more than 300 members of the VFW and American Legion had been polled personally by himself and all opposed the rate increase.

Stephenson said that what he said was: that he "had polled members of a service club and members of two veterans organizations."

Haymes' Wife Says He Had Better Wait

HOLLYWOOD (AP)—Crooner Dick Haymes' estranged wife says he'll be a bigamist if he goes ahead with reported plans to get a quick Nevada divorce and marry actress Rita Hayworth this month.

Nora Eddington Haymes has filed suit for a California divorce. A hearing is expected the first part of October.

"There's a waiver in a Nevada divorce requiring my full consent to it before it is legal in California," she said last night. "I don't care if Dick and Rita want to get married. I hope they'll be happy. But I'm going to insist on having my hearing first.

"If Dick marries without my consent to the divorce, he'll be a bigamist."

Mrs. Haymes, former wife of actor Errol Flynn, said she was shocked to learn from a deportation hearing that she was the crooner's third wife and not his second. At the hearing on Aug. 26 it was brought out that the Argentina-born Haymes, 34, had married Edith Harper, a singer, 14 years ago in Chicago. He testified the marriage lasted only two or three weeks and "I had just about forgotten we were ever married."

"I get more surprises," said Nora. "How can you forget a marriage? But he's not going to forget me if he and Rita try to marry before I get my divorce in California, and that's final. It's about time they started showing me some consideration."

College Student Gets 'Lift' From President

DENVER (AP)—A hitchhiker was aboard President Eisenhower's plane when the Chief Executive flew to Washington last night to attend funeral services for Chief Justice Fred M. Vinson.

Accompanying the President and his aides was John Archibold, 20, who was returning East to enter his junior year at Princeton.

The "lift" was arranged by John's mother, Mrs. Eileen Archibold, and Mrs. Mamie Eisenhower. They've been friends since childhood and Mrs. Archibold lives only a few doors from the residence of Mrs. John S. Doud, mother of Mrs. Eisenhower.

Agency Calls For Another $385 Million

WASHINGTON (AP)—An extra 385 million dollars to help France battle the Communists in Indochina was reported today to have been recommended by the U. S. National Security Council.

Round-sum figures were first disclosed here, and French Premier Laniel later specified the total in a Paris statement. He expressed great satisfaction.

The American funds would enable France to transfer nine battalions of troops from Europe to Indochina to lead a new campaign against the Communist-led guerrillas.

Highly placed officials who reported this said the security council, the government's top policy-making body, decided on this move yesterday at a review of the Indochina war.

President Eisenhower is expected to approve the recommendation after discussing it with key congressional leaders to determine how to scrape up the money.

Preliminary estimates indicate the new aid program would cost some 300 to 400 million dollars in addition to the 400 millions Congress appropriated for Indochina this year.

The Eisenhower military and foreign policy leaders are reported convinced the United States has no alternative but to back the new French Indochina program if it wants to keep this strategic Southeast Asia nation out of Communist hands.

Communist-led rebels, supplied by Red China, already have conquered large areas of Indochina during an eight-year campaign and have tied up more than 350,000 French and loyal Indochinese troops.

The new French plan for winding up the conflict was put forward by the government headed by Premier Joseph Laniel. Its author is Gen. Henri Navarre, who drafted it after a visit to the battlefront.

The offer to move nine battalions of French troops to Indochina to reinforce units already there is reported to be the principal feature of this new strategy.

But the French are said to have promised also that they will try to build up the loyal Viet Nam army further so it, along with Cambodian and Laos forces, can eventually take over the burden of defending Indochina.

To increase popular native support for the Indochina conflict, the French government also has pledged to grant complete and lasting independence to the three Indochina states.

The Laniel government secretly appealed to the United States for additional aid money about six weeks ago. The National Security Council and other key government agencies have been weighing the problem since then.

Eisenhower discussed the strategy and cost aspects with Secretary of State Dulles, officials said, during a foreign policy review Monday at his summer vacation White House in Denver. He had opportunity for a briefing on the security council views on a brief trip to the capital today.

Dulles said in a speech in St. Louis last Wednesday that full-scale Chinese Communist intervention in Indochina might provoke the West to retaliate against the China mainland.

Dulles, meanwhile, was concerned with other Pacific problems—those involving Australia and New Zealand, partners with this country in the Anzus mutual defense treaty, which takes its name from the initials of the three signers.

Officials said that at yesterday's sessions the Prime Ministers of Australia and New Zealand agreed to oppose either diplomatic recognition of Red China or seating her in the United Nations until there is a Korean peace settlement. The United States has consistently opposed either step.

Kent County Wildcat Fails

William Herbert Hunt Trust Estate of Dallas and Lomax Brother Drilling Co. of Midland have plugged and abandoned their No. 1 W. A. Mays in Southwest Kent County as a wildcat failure.

A drillstem test was taken in the Strawn lime from 6,863-892 feet with tool open two hours. Recovery was 4,230 feet of salt water with no shows of oil or gas.

The No. 1 Mays is 10 miles Southeast of Clairemont and 1,980 feet from north and 660 feet from east lines of section 35-4-H&GN. It is two miles north of the Cogdell multi pay field.

FULLER WELL

Texaco No. 4 M. A. Fuller, east offset to the discovery well of the Fullerville - San Andres in North-Central Scurry, is testing in the San Andres.

The hole was treated through perforations at 2,408-413 feet with 1,000 gallons of fracture gel. After fracturing, the well flowed 741 barrels of fluid in 24 hours, 28 per cent oil and 72 per cent water. Five and one-half-inch casing is cemented at total depth of 2,417 feet.

A previous test taken from 2,381-417 feet had gas at the surface in six minutes. The tool was open five hours, with a recovery of 375 feet of oil and gas-cut mud and 25 feet of salt water.

The No. 4 Fuller is 1,980 feet from north and 660 feet from east lines of section 62-5-H&GN, about 18 miles northwest of Snyder.

GARZA COUNTY

C. T. McLaughlin of Snyder has reported completion of the No. 3-C Dorward in the Dorward field of Garza County.

The project pumped 24 hours for a potential of 42 barrels of 37.3-gravity oil plus 58 per cent water. Gas-oil ratio was too small to measure. The project was acidized with 5,000 gallons. It is four miles southeast of Justiceburg in section 137-5-H&GN.

DRILLING REPORT

Tri-Service No. 1 Grantham, Dickens wildcat, has been plugged and abandoned on total depth of 7,481 feet in an unidentified lime. No show for production had been reported.

Ray Oil Co. of Dallas had staked a 6,300-foot wildcat four miles east of Sweetwater in Northeast Nolan County. It will be the No. 1 Lynch, 467 feet from north and east lines of a 40-acre lease in section 38-21-T&P.

No More Cutbacks At Gulf Plants Are Seen

HOUSTON (AP)—Gulf Oil Corp. officials said today no further cutbacks are planned in runs of crude oil at refineries.

Runs at Gulf's Port Arthur refinery have been cut back 25,000 barrels daily. The plant now is processing 220,000 barrels a day. Company officials said cutbacks at other Gulf refineries were not deemed necessary.

Several companies have announced cutbacks in view of excess finished products now in storage.

Grand Jury To Go Into Session Here Friday

At least seven felony cases will be investigated tomorrow by the September term of the grand jury, which will go into session at 9 o'clock in the morning.

Included in cases for the grand jury to consider are several burglaries, thefts, a felony case of driving while intoxicated, one on child desertion, and one on removal of mortgaged property.

More than 30 witnesses are scheduled to appear before the jury.

Pioneer Sets Up Schedule For Flights To Serve Snyder Soon

Snyder will have four flights daily by Pioneer Air Lines effective Sept. 27, which will provide both commuter and connecting air service all over the nation, Harding L. Lawrence, vice-president of traffic and sales, has announced.

The four flights will be provided on the Pioneer route from Dallas-Fort Worth to Midland-Odessa.

With the new schedules, Snyder air travelers will have two daily flights from Midland - Odessa to Abilene, Fort Worth and Dallas and two flights from those cities to Snyder and to Midland-Odessa.

Snyder's first daily flight will be Number 41, which leaves Dallas at 7 in the morning stopping at Fort Worth, Breckenridge, and Abilene before arriving in Snyder at 9:15. This same flight leaves Snyder at 9:19 for Big Spring and Midland-Odessa, arriving at the latter city at 10:12 that morning.

Connections will be made at Midland-Odessa with Pioneer flights providing service to Lubbock, Plainview, Amarillo, Clovis, Santa Fe, Albuquerque, San Angelo, Austin and Houston. Connections will also be made for service to El Paso, Los Angeles, Roswell, Hobbs and Carlsbad.

The other east to west flight serving Snyder is Number 43 which leaves Dallas daily at 1:30 in the afternoon. This flight stops in Fort Worth, Mineral Wells, Breckenridge and Abilene before arriving in Snyder at 4:08. Flight 43 leaves Snyder at 4:12 for a direct flight to Midland-Odessa, arriving there at 4:53, making connections to the major cities to the west.

Snyder's air service to the east will be based upon flights leaving daily for Dallas and Fort Worth at 1:15 in the afternoon and 8:27 at night.

Both of these flights make connections in Dallas and Fort Worth for service to such points as Tulsa, Oklahoma City, Kansas City, Chicago, Washington, New York, Atlanta, Birmingham and many other key cities.

The first eastbound flight, Number 46, will leave Midland-Odessa daily at 12:30 and fly direct to Snyder, arriving at 1:12 and departing at 1:15 for Sweetwater, Abilene, Breckenridge, Mineral Wells, Fort Worth and Dallas.

The second eastbound daily flight, Number 48, leaves Midland-Odessa daily at 7:30 at night and stops in Big Spring before arriving in Snyder at 8:23. This flight leaves at 8:27 for Abilene, Mineral Wells, Fort Worth and Dallas, arriving in the latter city at 10:38.

With these services Snyder will have 168 seats available every day. Plans will be to add additional services as fast as they are required.

WEATHER

NORTH CENTRAL AND WEST TEXAS: Generally fair through Friday. No important temperature changes.

EAST TEXAS: Clear to partly cloudy through Friday. Not much change in temperatures. Moderate northwest and east winds on the coast.

SOUTH CENTRAL TEXAS: Clear to partly cloudy through Friday with widely scattered showers in extreme south tonight or Friday. Not much change in temperatures. Moderate northeast and east winds on the coast.

Allies Accused Of Faking List Of Prisoners Still Being Held

MUNSAN (AP) — The Communists today accused the Allies of faking a list of missing U. N. soldiers, mistreating war prisoners and kidnaping a Pole who fled a truce supervisory team into American sanctuary.

The Reds unloaded this barrage as the Korean armistice moved rapidly into a new phase—the disposal of Red and Allied prisoners who refuse to return to their homelands.

The first group of 500 North Koreans moved into the buffer zone under control of Indian troops today.

A spokesman said they threw rocks in rage when they saw two Communist observers standing outside a barbed wire fence. The Communists backed out of range. Neither was hit.

The first group of 1,900 anti-Red Chinese was to be turned over to Indian troops Friday.

The angry Red charge of kidnaping the Pole came in a meeting of the four-nation truce supervisory commission.

Swedish Maj. Gen. Sven Grafstrom, commission chairman, said Communist Poland's delegate accused the Americans of kidnaping Jan Hajdukiewicz, a Polish interpreter who ducked from his inspection team into American hands as a plane warmed up to take him back to Red Korea Wednesday.

Grafstrom said the Polish delegate threatened to lodge a strong protest, probably Saturday.

Hajdukiewicz told newsmen at Seoul, he wants no more of communism, which he termed "the subjugation of all life . . . Cruel."

The other Red denunciations were broadcast by Peiping radio, often a weathervane for official moves to come.

Peiping said 4,579 Red prisoners returned in the exchange just ended have been hospitalized because of "physical and mental torture at the hands of the Americans."

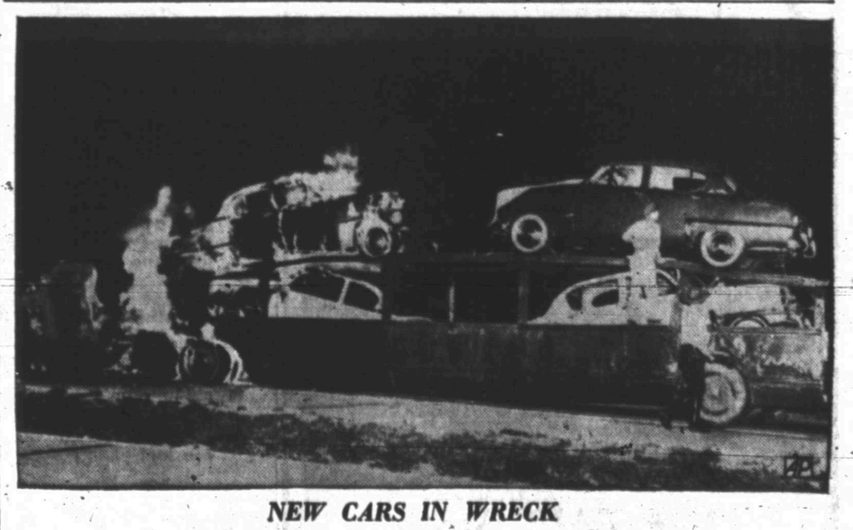
Condemning what it termed "ghastly examples of American brutality . . . American torture chamber methods," Peiping said "a shocking number" of the 75,799 repatriates were suffering from various diseases. It said others were "gassed, bayoneted and stoned" during the exchange.

American officials customarily decline comment on such Red broadcasts.

In another attack, Peiping said the U.N. Command faked a list of 3,404 unrepatriated Allied soldiers—missing men for whom the UNC demanded an accounting Wednesday.

The Allied list, which includes 944 Americans, came from various sources—returning prisoners, letters and even the Reds' own broadcasts.

Peiping said the list was intended to divert "world public opinion from the fact that a large number of Korean-Chinese POWs who desire repatriation are still being forcibly detained by the Americans."



NEW CARS IN WRECK

New cars burn on a motor carrier shortly after midnight on the Pennsylvania Turnpike near Pittsburgh, Pa. The carrier and a trailer truck collided. One injured man was pulled from the carrier's cab, left. State trooper Pvt. Titler, lower right, of Gibsonia, Pa., barracks, and a passerby, standing on the carrier, begin helping remove the undamaged cars.

Only 48 Counties, Including Scurry, Left In Drouth Area

COLLEGE STATION (AP)—Ranchers in only 48 West Texas drouth counties still can order cheap emergency livestock feed from the government.

The State Drouth Disaster Committee in a closed meeting yesterday cut the list of eligible counties from the 152 declared a disaster area in July.

Claud McCan of Victoria, committee chairman, said the 104 counties lopped off were suspended only temporarily.

This also was the case when the committee earlier suspended 12 counties that had been added to the drouth disaster area Aug. 18.

McCan said the suspension did not mean ranchers were being left in the lurch while waiting for recent rains to grow new range grasses. He said "a lot" of relief feed already in those counties, some still undistributed, and more is on the way from previous orders.

"This is an emergency program—not a cheap feed program," McCan said. "The suspension simply means that no more orders will be accepted from those counties."

The 48 counties remaining take in roughly the western third of the state. The border counties are Yoakum, Terry, Lynn, Crosby, Dickens, Kent, Fisher, Nolan, Coke, Tom Green, Concho, Menard, Kimble, Edwards and Kinney.

Draw a line around those counties and you will mark off the area in which ranchers can still order relief feed.

"The idea," said McCan, "is to narrow this drouth area down, get it down to the counties that are still in distress and stop shipments to the other counties."

J. R. Lyons, Amarillo farmer and state PMA Committee member who sat in on the meeting, said:

"There may be individuals in those (104) counties who might have got pinched. That's the only tragic part about it. And there isn't any way you can help it."

McCan said the committee will not recommend that the Secretary of Agriculture remove any county permanently from the drouth disaster list.

"As far as this committee is concerned," he said, "there are no counties removed from the drouth area—just suspended."

Asked if the committee based its decision to drop the 104 counties on information from the county drouth committees, McCan said.

"We got it from all the counties and gathered it every way in the world—from various sources, including weather reports."

McCan said the committee "would like to see the area left as it is for a period of time so the whole thing can be re-evaluated."

McCan said some ranchers in the suspended counties might complain there wasn't enough time for grass to grow between the rains of late summer and the suspension.

"But there is a lot of feed in these 104 counties from previous distribution and some still to be distributed," he said.

"Some feed already ordered is still on the way and it will be distributed, too.

"So these counties will have an interim period when they will not be out of feed.

"We are regrouping on these feed orders because this feed is really getting in there fast."

As of Aug. 31, state PMA records show, all drouth counties had received a total of 34,912 tons of cottonseed meal; 77,219 tons of cottonseed pellets; 37,999 tons of corn; 36,999 tons of oats; 1,912 tons of wheat.

McCan said that on Sept. 4 some 250 carloads of cottonseed meal and pellets were on the road.

Drouth committee members who attended the meeting were L. J. Cappleman of Dallas, regional FHA director, Grover C. Carothers Jr., Stamford rancher and farmer and Nolan Williamson, assistant director of the Texas A&M Extension Service.

Members not present were William McGill of Austin, state coordinator of civil defense and disaster relief, and Autrey Walker, vice president of the First National Bank.

Polish Consul Michael Krycun, 40, has broken ties with Communist-ruled Poland and has been granted political asylum in Canada, a Winnipeg newspaper reported. Krycun told the Polish legation in Ottawa "I want to live in a free country as a free man."

Wine Testing In California

SACRAMENTO, Calif. (AP) — There were hundreds of bottles, and the corks were coming out well.

The hall smelled like a wine cellar.

Indeed, a lady in a multicolored skirt and plain white blouse was saying:

"I can feel it in my legs. I'll be like Bambi on the ice."

But it was a very serious party . . . the California State Fair wine tasting.

There were wines with fancy names like Cabernet Sauvignon, Folle Blanche and Pinot Chardonnay. And there was just plain loganberry wine. Of course there were the champagnes—"(brutal," said a gal sampler), demi sec and sweet. Each cork exploded beautifully.

"I just lo-o-o-ve green grapes," said a gentleman. And he smacked his lips.

"You'll see what wine makes you do," called a lady. "The tongues unloosen themselves."

At noon the wine men handed Gov. Earl Warren a crown of artificial grapes and asked him to put it on the head of Diane Bagshaw of San Rafael and pronounce her vintage queen.

The governor did, but he had quite a time getting it on.

"I'm about as handy as a cub bear," he laughed, "when it comes to crowning queens."

But it was all right for the governor to fumble. He arrived just in time for the crowning without time for any more tasting than a little toast with the queen.

Charges Filed Against Four

Charges were filed against four men in district court this morning in connection with break-ins at the Wheel Cafe here and the Olan Culp Grocery at Hermleigh in July.

Charged with breaking into Culp's grocery store were Denver Gilbreth, about 19, and William Chapman, 19. Charged in the break-in of the Wheel Cafe, operated by Mrs. M. L. Hudman, were Chapman, Virgil Blevins, 17, and one more man, who has not been arrested.

Chapman, Gilbreth, and Virgil Blevins were arraigned before Peace Justice W. C. Davidson yesterday afternoon. Davidson set bond for Gilbreth and Blevins at $600 each and for Chapman at $600 for each of his two charges.

The complaints were signed by Buddy Norris, sheriff's deputy, and charges were filed by Renal B. Rosson, district attorney.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: Walter A. Altevoght, 302 Thirty - third Street; Arthur H. Lawless, Snyder; Mrs. May Ellis, Knapp; Jo Nell Eubanks, Snyder; Jess H. Cook, Reed, Okla.; M. R. Ramirez, Snyder; Mrs. John Bartow, Snyder; Joe Rowell, Snyder.

Dismissals: Donna Rulene Stinnett, 1411 Twenty - second Street; Mrs. M. E. Hernandez, Snyder; Mrs. Jim Hendricks, Snyder; Robert Lewis, 3301 Avenue K; M. R. Ramirez, Snyder.

Hurricane To Miss Florida

MIAMI (AP)—A tropical hurricane shaped like a huge amphitheater, with 100 mile an hour winds on the stage, curved to the north northwest today lessening the danger to the Bahamas and Florida.

Hurricane Dolly was pinpointed about 610 miles a little south of east from Miami in the 10 a. m. (CST) advisory, moving north northwest at about 10 to 12 miles per hour.

Grady Norton, chief storm forecaster, said that "if the hurricane continued on its present course it would not touch the Florida mainland."

He said an Air Force plane from Bermuda penetrated this season's fourth tropical storm and reported it was crescent shaped like a huge amphitheater, with the north and east sides containing 100 miles per hour winds and the south and west still open.

The plane said the clouds were just beginning to form all around the eye, indicating it was slowly winding up.

The 10 a. m. advisory said "the more northward turn lessens the danger to the Bahamas, but further increase in force is expected with slow north northwest movement during the next 12 hours."

The storm was moving on a west northwest course yesterday. The change to the northwest and later a north northwest course marked the start of the curve away from the Florida peninsula.

Man Draws Fine And Jail Sentence In Misdemeanor Theft

A fine of $48.50 and jail sentence of 10 days was given in county court this morning to W. A. (Butch) Moore, who pleaded guilty to a charge of misdemeanor theft.

Moore, longtime resident of Borden and Scurry Counties, was returned here from Gail by the sheriff's department after being charged with stealing five cases of 30-weight Havoline motor oil from Gay McGlaun, oil distributor. The oil was valued at $29.80.

Moore was convicted here last September on a charge of swindling by worthless check and was assessed a fine of $33.50. Three other similar charges were filed against him last year but were dismissed last February.

Cerebral Palsy Clinic Scheduled In Lubbock Center Next Monday

A clinic for the examination of cerebral palsied children will be held Monday at the Cerebral Palsy Treatment Center, 3502 Avenue N, in Lubbock.

Parents planning to take children to the clinic are requested to register the children at the center before Monday. Registration information may be secured by writing Dr. Ester Snell at the treatment center.

Orthopedic specialists, a neuropsychiatrist and other doctors will conduct the examinations.

Riots At Washington Prison Is Quelled; Damage Runs High

WALLA WALLA, Wash. (AP) — Quiet settled over the Washington state penitentiary today and a prison official said "all appears peaceful" after last night's damaging riot and fire.

Deputy Warden Al Remboldt said 800 inmates who took part in a noisy uprising that followed a half-million dollar prison fire remained in their cells and "no fresh trouble" is expected.

Guards, who broke up last night's disorders by spraying prisoner's quarters with tear gas, patrolled prison walls and buildings. They had the help of state patrol and sheriff's officers who hurried to the prison when the trouble began last night.

The guards kept the outbreak to a minimum. They quickly herded prisoners into their cells when 14 inmates began acting up at evening meal time. Dishes were thrown and chairs smashed as a group of "young but tough" men began misbehaving.

This occurred about two hours after an unexplained fire roared through the institution's metals plant, destroying it and over one million license plates destined for use on Washington state automobiles in 1954.

Damage from the fire was estimated by Deputy Warden Al Remboldt at half a million dollars. No disorders accompanied the blaze. It started after the plant had been closed down for the evening.

Officials were prepared, however, for unrest and acted quickly when the dining room melee broke out. Back in their cells, the men apparently became annoyed, Remholt said, because the prison's ventilation system failed when the fire burned out part of the power circuits.

Soon the convicts began hurling materials and abuse out the barred doors of their cells.

Mattresses were set afire and tossed out windows which had been broken with fists or articles ripped from cell walls. Lavatories were broken from their supports and smashed. Disorders grew more violent until they reached their peak about 8 p.m. in four wings.

Eighty guards and 30 police officers entered the cell blocks, filling the cells with tear gas. Cursing and shouting taunts, the inmates continued their depredations through a second volley of tear gas.

They, quieted down after a third treatment and guards started moving from cell to cell, cleaning up the mess and getting the convicts bedded down for the night.

Two convicts were overcome by the tear gas and given treatment in the prison hospital. Five others were removed to an isolation tank.

Damage from the disturbance was estimated at as high as $150,000.

Guards said the ringleaders apparently were a group of younger inmates who were "feeling their oats."

Infant Grandson Of W. L. McGregor Dies In Fort Stockton

Funeral services for Jeffery Blain Blackburn, the infant grandson of Mr. and Mrs. W. L. McGregor, 2411 Thirtieth Street, will be held at 3 o'clock this afternoon in Seymour.

The child, the son of Mr. and Mrs. J. B. Blackburn of Fort Stockton, died yesterday there. Mrs. Blackburn is the former Miss Darlyne McGregor.

Other survivors include the paternal grandparents, Mr. and Mrs. Joe B. Blackburn of Seymour, and the great-grandparents, Mr. and Mrs. Dallas Couch of Seymour, and Mrs. T. W. Hodges of Fort Worth, and one sister, Pamela.

Time On His Hands

HOUSTON, Tex. (AP) — John H. Hernandez apparently has more time than money.

Admitting a marijuana charge to Federal Judge Allen B. Hannay, Hernandez hardly batted an eye when told of his five-year sentence in prison yesterday.

He flinched when told of his $10 fine, however, and swung around with a worried look on his face.

"When do I have to pay the fine?" he asked.

Poage Urges More Planting

TEMPLE (AP)—Rep. Bob Poage, Waco Democrat and ranking minority member of the House Agriculture Committee, has urged the Production & Marketing Administration "to fight the farmer's battle."

A meeting Poage arranged here yesterday of West Texas cotton and wheat farmers put acreage allotments at the top of its discussions.

Farmers looked to a government crop report today for a tip on whether rigid controls are likely to be invoked on 1954 corn.

Such controls already have been approved by growers for next year's wheat crop. A forecast Tuesday indicated controls will be proposed on next year's cotton. Big cotton and wheat crops this year are creating surplus supplies.

Allotments are less restrictive than quotas. Farmers may abide by or ignore allotments, whereas quotas are, in general, mandatory.

Urging the PMA to use normal years instead of drouth years in setting up any allotments for next year, Poage said one million acres normally planted to cotton were lost during the drouth in 1952 and 1953.

If the PMA considers only the actual crop acreage planted this year, the Congressman said, every county in the state will lose its pro rate share of acreage.

Directing his remarks toward H. H. Marshall of the PMA's state office at College Station, Poage said the agency must take the farmers' figure on acreage prepared for planting.

"You are the most direct representative the farmers have," Poage told Marshall, "and the PMA has a duty to the farmers of Texas and the nation. It is your obligation to fight the farmer's battle."

Only farmers who comply would be eligible for price support aid on their crop.

Rep. Omar Burleson, Anson Democrat, attended the meeting in company with West Texas farmers.

Four Killed In Wreck At Alice This Morning

ALICE (AP)—Four Corpus Christi men were killed and a fifth was seriously injured early today when their speeding car turned over four times north of Alice at about 2:05 a. m.

Patrolman J. D. West estimated the car was traveling 80 or 90 miles an hour as it neared Alice from Corpus Christi on Highway 44.

The accident occurred at the intersection of Highways 44 and 59. The car slid out of control and failed to make a curve.

Killed instantly were Israel Phillips, the driver, and Antonio Gomez Perez.

A victim identified as Mauricio Morales died at the crash scene and Alfredo Garza died shortly after his arrival at an Alice hospital.

In serious condition at the Alice Hospital was Victor Moreno.

State Primary Laws Cause Of Confusion

By D. HAROLD OLIVER

WASHINGTON (AP)—Political researchers declared today America's voters chose presidential nominating delegates in "intolerable confusion" last year, but that television and public debate may soon bring changes.

Their preliminary report was prepared for the annual meeting of the American Political Science Assn. (APSA), which has attracted some 2,000 political scientists from all over the world.

It was made by a group of researchers headed by Dr. Paul T. David of the Brookings Institution, who, cooperating with the APSA, studied the 1952 delegate-picking procedure.

The findings dealt exclusively with six classifications of primaries held in 17 states and the District of Columbia. The rest of the states name delegates by state and district conventions, with a few in the South picking by state party committees.

David suggested that a model might be developed for state presidential primaries based either on variations of the California-South Dakota-Minnesota-Wisconsin type or the New York-Pennsylvania-Illinois system.

Held under laws "as different from each other as fingerprints," no two presidential primaries were identical, the researchers found. Minor differences in legal wording, they said, often produced major differences in operation.

"Even if significant changes do not occur before the 1956 conventions," the report said, "the impact of another session of the conventions on television, in conjunction with the discussion that is already occurring, may quite possibly result in significant changes before 1960."

David said the main feature of the California-South Dakota-Minnesota-Wisconsin primary system is a combined ballot. By making a single mark, the voter in these states can express a presidential preference and also vote for a slate of delegates committed to the preferred candidate. California introduced the systems 40 years ago.

But David said the combined ballot systems are far from perfect.

"The Achilles Heel of all these systems is the question as to which presidential possibilities, real or alleged, will be on the ballot," he said. His report pointed out that President Eisenhower's name was not carried on any of the four streamlined ballots last year.

The New York-Pennsylvania-Illinois primary systems, discussed as another base for developing a national model, provide for direct election of unpledged district delegates. State party organizations pick the delegates at large.

This type, the report said, has a "certain massive strength not unlike that of the three powerful states" where it operates. It is likely to find favor in such powerful states as long as the national conventions survive, the report said.

A national convention composed entirely of delegates picked by the latter type would seldom have to fight over credentials, it said, nor would such a convention be likely to "stray very far from the desires of the national party constituency."

The Ohio ballot was called a "bewildering monstrosity," but in its inner workings, the report said, the Ohio system is smillar to the streamlined California primary.

"In both states," it added, "the usual outcome in most years in both parties is the election of a regular organization slate, committed on the ballot to a favorite son."

Nude Parade Is Broken Up

NELSON, B.C. (AP)—Seventy-one women and 77 men in the Doukhobor tent village of Polatka were arrested last night for parading in the nude in protest to orders that their children attend public schools.

The arrests were made by Royal Canadian Mounted Police in the village situated on the outskirts of nearby Perry Siding, 250 miles east of Vancouver, B.C. The members of a radical wing of the Doukhobor colony were rounded up and put on Canadian Pacific Railway cars for shipment to Vancouver. They offered no resistance but remained unclothed during the roundup.

All of the 148 persons arrested have been charged with contributing to juvenile delinquency.

Only a few of the Doukhobor children showed up at school opening time.

RCMP officials said the tent village would be dismantled. Polatka is the Russian word for tent village.

The radical group has for years opposed regularly constituted authority. They have been a headache to provincial authorities ever since coming from Russia early this century.

Trailer Fire Yesterday

A fire about 11:30 yesterday morning destroyed a trailer house in North Snyder near the Snyder Pipe and Supply Co., firemen said.

They said the trailer house was owned by the firm, and was used as sleeping quarters for two of their employes.

Damages were not estimated.

Underwater TV To Snoop On Lake Fish

By FRANK CAREY
AP Science Reporter

MADISON, Wis. (AP)—University of Wisconsin scientists will use a submersible television camera to snoop on the private lives of fish—and possibly gain information of aid to commercial and sport fishing.

They'll head out today on beautiful Lake Mendota, bordering the university campus, for the first American research trails of an underwater television system developed by the National Research Council of Canada.

The Canadian equipment was brought here for exhibition at the annual convention of the American Institute of Biological Sciences (AIBS), which ends today.

The "pickup" camera itself is housed in a waterproof steel cylinder 3 feet long and 18 inches in diameter which is equipped with lights for illuminating the area in front of the camera. The camera, lowered into the water by a small crane, is connected by a flexible conducting cable to a television screen on shipboard. An operator seated in front of the screen can maneuver the camera cylinder under the water by manipulating controls on a panel near the screen.

The apparatus was given a trial run yesterday for the visiting biologists. The test was held at dockside in only eight feet of water. Not a fish or a mermaid showed up on the screen while this observer watched, but you could see the pilings of the pier and also the hand of a diver held close to the camera's lens.

Canadian demonstrators of the equipment said it's possible to observe a diver's whole body and that the apparatus has many possible applications, including commercial and naval salvage operations. They said biological explorations have been carried on with "excellent results" to a depth of 100 feet.

The Wisconsin scientists will use the equipment for several days.

"Conceivably," said Dr. A. D. Hasler, one of the researchers, "we might gain information that might not only aid fish production and management in this and other lakes where fishing is for sport but might also establish principles of value in connection with commercial fishing in the ocean."

He said the Wisconsin tests necessarily would be limited in scope because of the brief availability of the equipment, but he added:

"I believe that this new research tool would be of great aid in observing the spawning conditions in the springtime—something about which we know virtually nothing. Also, we won't know anything about the behavior of fish under the ice in wintertime. Some types are never caught in the winter. Where do they go? Maybe television will help us find out."

'Pros' Beaten Aboard Ship

SAN FRANCISCO (AP) — Another 422 American repatriates returned home yesterday from long imprisonments in Communist prison stockades in Korea.

Several hundred relatives and friends cheered their arrival on the Navy transport Gen. John Pope—fifth repatriation ship to dock at Ft. Mason in the past two weeks.

The Marine Phoenix, carrying 374 more ex-prisoners, is slated to dock Sunday, the Military Sea Transport Service said.

Yesterday's returnees said at least two so-called "progressives"—Americans whom fellow prisoners said cooperated with the Communists in prison camp—were beaten aboard the Pope.

Cpl. Harold W. Beerbower of Saegerstown, Pa., said about 10 "pros" were aboard the Pope and they were segregated after the beatings, which occured the first day out of Inchon, Korea.

His account was supported by Pfc. Thomas M. Caroland Jr. of Cedar Hill, Tenn.

Caroland said one of the beaten men was "just a jerk who was afraid," but he called the other "a real rat who spied for the Reds and got several Americans tortured."

High Ranking Officers In South Korea Tried

SEOUL (AP)—Three high-ranking South Korean army officers, including a brigadier general, are being tried by a high military court at Taegu on charges of violating South Korea's national security law.

Details of the charges were not divulged.

One is the former chief of the Republic of Korea army intelligence bureau, Brig. Gen. Kim Chong Pyung. An informed source said Kim is accused of giving a military secret to a civilian.

He was arrested by the ROK counterintelligence corps about three months ago along with his father, Lt. Col. Kim Bong Kil, and the former chief of staff of the ROK 1st Corps, Col. Kim Wha San.

Anti-Communists Fight

PUSAN, Korea (AP)—The United Nations Prisoner Command reported today 5 anti-Communist North Korean prisoners were beaten, one fatally, in a "nonpolitical" feud among 77 internees en route to the demilitarized zone.

The group, from stockades on Koje Island, was held up while an investigation was made.

Mrs R. B. Fulcher, Mrs. Armor McFarland and Mrs. James Richter, left to right, staffing the office of Snyder Civic Music Association yesterday, signed Mrs. Herbert Feather as a member. The association's membership drive continues through Saturday. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Civic Music Association Headquarters Lively Place

With their hopes for Snyder's biggest and best Civic Music Association year forthcoming, workers in the association's membership campaign have set to work.

Headquarters for the week-long drive is on the west side of the square at 2507 Avenue S. Volunteer workers staff the office from 9 o'clock each morning until well after the 5 o'clock rush hour. Working with them is Mrs. JAMES RICHTER of Laredo,a representative of the national agency which will help the Snyder association secure guest artists.

Working in the office yesterday afternoon were Mrs. ARMOR McFARLAND and Mrs. R. B. FULCHER, alternately typing lists of new members, making telephone contacts and handling other routine jobs. Mrs. Fulcher, a native of Wisconsin, sighed a bit as she went through a list of prospective members and wished aloud that she knew more people personally to contact.

The office space was taken out of a large, empty building. A red and white panel was set up to form a back wall for the office and also to be used as display space for the pictures of artists who may be available for Snyder performances. Pictures have also been plastered in the windows. Some early visitors mistook the office for a portrait studio, earnestly inquiring of campaign workers if they had to schedule appointments or how much a nice 8x10 would cost. One more imaginative soul saw the panel as suitable trappings for a fortune teller. It was explained that some palm crossing with silver was in order, but not for the customary song and dance.

Mrs. Richter, who has worked with civic music groups for several years, is entranced by her first view of Snyder's new high school auditorium. It's years ahead of those in use in most cities, she commented, and offers unlimited space and facilities for any kind of program. The lighting, the size of the stage, even the seating is so well designed, she marveled, that a perfect setting for any production is ready made.

Outside the office, campaign workers are making personal contacts. "We want every resident of this county to feel that this civic music association is for him or her and the whole family," the Rev. RONALD HUBBARD, association president said, "and we're trying to contact as many of them as possible. There are programs which will appeal to everybody, and the more memberships we have the wider will be our range of selection."

It's welcome week for new members of the Snyder Civic Music Association. They want YOU.

HOLIDAY TRIPPERS

Making use of the last summer holiday, residents of the Texas-New Mexico Pipeline camp went visiting over the long week end. Mr. and Mrs. G. C. SNYDER visited relatives in Eunice, N.M., Mr. and Mrs. L. R. Galbreath and Mr. and Mrs. Kenneth Snyder. Mr. and Mrs. L. L. ROBINSON went west to Iraan and Mr. and Mrs. O. B. BROWN east to Roscoe. Mr. and Mrs. J. E. PHELAN also visitied in New Mexico. Mr. and Mrs. HERB SANDERS took the longest trip, to San Augustine, arriving back home Monday.

GETTING WELL

ROSE MARIE ROE, daughter of Mr. and Mrs. MYRON ROE, 3107 Avenue U, is improving in Methodist Hospital at Dallas, where she has been as a medical patient for amost two weeks.

Miss Roe, 17-year-old high school senior, may be dismissed from the hospital within the next few days, her father said this morning.

Mrs. Patterson Is Hostess To H-D Club

Mrs. J. R. Patterson, 321 Twenty-ninth Street, was hostess for a meeting of the Tri - Community Home Demonstration Club yesterday afternoon.

Mrs. J. W. Coffee was acting chairman for the afternoon. Miss Ruby Butts, home demonstration agent, led the recreation period and gave the demonstration on the preparation of pot roast.

Mrs. M. T. Popejoy, Mrs. C.M. Lyons and Mrs. Guy Glenn were named to the officer nominating committee.

Refreshments were served 11 members.

Mrs. Henderson Has Visitors At Home

Guests of Mrs. Ada Henderson, 2801 Avenue M, over the week end were members of her family, Mrs. Henderson and her guests also attended a reunion of her brothers and sisters in Sweetwater Sunday.

Visitors of Mrs. Henderson here included Mr. and Mrs. Hugh Cathey of Roswell, N.M.; Mr. and Mrs. Hugh Birdwell of Snyder, Mr. and Mrs. Walter Weathers and Mr. and Mrs. James Weathers, all of Hamilton; Mr. and Mrs. Dick Boyington of Roswell; Mr. and Mrs. K. L. Daugherty and daughter from Glenside, Pa.; Mr. and Mrs. Leon Dunlap, Mr. and Mrs. Jerry Jennings, Mrs. Fay Clayton, Mr. and Mrs. A. E. Hayley, all from Sweetwater; Mr. and Mrs. Walker Huddleston of Knapp, and Mr. and Mrs. I. E. Hayley of Snyder.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

I have several candy recipes that call for glucose. Where can I buy it? Is there a suitable substitute? Also, what kind of molasses is best for cooking? Everything I prepare with molasses has a strong, too-sweet taste. Mrs. A.G.

Glucose is a syrup which has one-half the strength of the much better known sugar called dextrose. You may be able to substitute more commonly used syrups (corn syrup, for example) without altering the recipe. As far as we know, glucose can be purchased only from a druggist.

To remedy a too-strong molasses taste, try decreasing the amount called for in your recipe. You can substitute sugar for the molasses, but you must work out the proportion and will probably find tables for figuring the proportions in some of your cook books. When you decrease the molasses you will probably need to add more liquid. Check the label of the molasses you buy and choose the brands which are unsulphured.

* * *

Many of my recipes call for a "white sauce." Is this just cream gravy to be made by a basic recipe? A. W.

White sauce is a gravy using the general proportions of one cup milk, two tablespoons flour and two tablespoons fat for a medium gravy. It has endless variations and uses, becoming a cheese sauce, vanilla sauce or whatever you choose for your need.

* * *

A festive fall food trick is candied apples. To make a carmel coating for six apples, you will need 1 cup sugar, ½ cup white corn syrup, 1¼ cups condensed milk, ⅛ teaspoon salt and 1 teaspoon vanilla.

Combine the sugar, syrup, milk and salt in a heavy, medium-sized pan. Stir until the sugar is completely dissolved and cook slowly to a soft ball stage (230 degrees). Remove from the heat and stir in the vanilla. Cool slightly, then dip the apples (held on wooden skewers) in the carmel and twirl until well coated. Keep the mixture out of drafts so the carmel will not harden be re you have finished. Place the coated apples on a buttered plate for the carmel to harden.

NEWS FROM HERMLEIGH

Guests of Mr. and Mrs. Buell Lewis Sunday were Mr. Lewis' brothers and their wives, Mr. and Mrs. A. R. Love of Duncan, Okla., Mr. and Mrs. E. L. Love of Alvord, Mr. and Mrs. Joe Lewis of Durant, Okla., and Mr. and Mrs. Olin Lewis of Comanche, Okla. They attended funeral services for an uncle, H. H. Rummer, on Sunday.

Mr. and Mrs. L. D. Beavers and children returned home to Lubbock Monday.

Mrs. W. C. Fargason underwent surgery Friday in Sweetwater Hospital.

Mr. and Mrs. Dallas Ruminer returned home to Hamlin early this week.

Mr. and Mrs. Dan Wright and daughter and Mrs. Hodge Ruminer spent Tuesday night with Mrs. Wright's uncle in Fisher County.

Mrs. Ruminer will accompany Mr. and Mrs. Wright to their home in Eastland.

Mr. and Mrs. Howard Fritz have received word that their son, Jimmy, has arrived in Japan. He is a Marine.

Miss Ella Adams has had as guests her sister and brother-in-law, Mr. and Mrs. Thurb Holloway, from Commerce.

Mr. and Mrs. M. U. Vernon spent the week end at Buchanan Dam.

Mrs. C. M. Calvert's mother is to arrive for a visit late this week.

The City Cafe marked its opening Saturday by serving coffee and doughnuts.

Murphy Community At Supper Monday

Residents of the Murphy community in Borden County held a covered dish supper at the home of Mr. and Mrs. Ben Weathers Monday in observance of labor day.

Barbecue was served along with other food. About 65 persons attended.

WOMEN'S CALENDAR

THURSDAY

American Legion - VFW auxiliaries buffet supper, 6-8 p.m., veterans clubhouse.

DeMolay Mothers' Club, 8 p.m., with Mrs. C. V. McClatchy, 3702 Rose Circle.

Stumble and Fall Square Dance Club, officer election, 8 p.m., rodeo pavilion.

FRIDAY

Atheneum Study Club, call meeting, 9 a.m., with Mrs. R. L. Duggar, 3765 Dalton.

Country Club Women's Golf Association, 9:45 a.m.; luncheon, 1 p.m., Country Club.

Altrurian Study Club, 3 p.m., with Mrs. D. M. Cogdell, Colorado City highway.

Scottish Rite barbecue, 6:30 p. m., Memorial Park.

SATURDAY

Women's Auxiliary, St. John's Episcopal Church, bake sale, 9-12 a.m., Everybody's and Piggly Wiggly.

Saturday Night Bridge Club, 7:30 p.m., Country Club; Mrs. Mabel Brock, hostess.

Party Honors Linda Carolyn Reon On Eighth Birthday

Linda Carolyn Reon was honored on her eighth birthday Tuesday with a party given by her mothers, Mrs. Carolyn Reon, and her grandmother, Mrs. J. N. Dunn, 2907 Avenue J.

The decorated birthday cake was served with ice cream after games had been played. Favors were toys.

Guests were Nan Hill, Eva Lee Smothers, Carol Coleman, Kay Calloway, Hal Snider, Bitsy Walker, Roger Weaver, Buddy, Debby and Rocky Shaw and Sue Ann Reon. Mrs. Bud Shaw also attended.

Byars Are Hosts For Ira Dinner

Mr. and Mrs. J. L. Byars of Ira were hosts for a dinner in their home Sunday.

Guests included Mr. and Mrs. Joe Welch, Mr. and Mrs. Ed Welch and Vernon Welch, all of Springtown, Tex.; Mr. and Mrs. Grady White of Dunn; Mr. and Mrs. Clyde Bolding and Mr. and Mrs. Ralph Eades and Mr. and Mrs. Roy Saniford, all of Snyder, and Mr. and Mrs. Archie Crabtree of Placitas, N.M.

PERSONALS

Mr. and Mrs. W. A. Vaughn, Mr. and Mrs. J. D. Vaughn and daughter, Nancy, 2212 Avenue Z, were week-end guests of Mr. and Mrs. Luther Vaughn, David Vaughn, and Mrs. Maude Lindley on the Green Valley Ranch near Dublin. Luther Vaughn and W. A. Vaughn are brothers.

Week-end guests of Mr. and Mrs. Fred Moffett, Lamesa highway, were Mr. and Mrs. Tommy Chapman and daughter, Barbara Kay, from Fort Worth.

Mr. and Mrs. Earl Parker and son of Graham and Mr. and Mrs. Fred Groves of Eunice, N.M., were recent guests of Mr. and Mrs. Ben Groves.

Mr. and Mrs. T. S. Sanders of Brownfield visited Mr. and Mrs. Edd Murphy of the Murphy community Monday.

Raymond Dugosh of San Antonio was an overnight guest in the home of Mr. and Mrs. Ed Bolger, 3100 Hill Avenue.

Mr. and Mrs. Walter Weathers, and Mr. and Mrs. James Edward Weathers of Hamilton, Tex., spent Saturday night in the home of Mrs. Leona Weathers and her sons, 2806 Avenue V. Alfred Weathers, Jr., son of Mrs. Leona Weathers, left Saturday for Austin to attend Texas University this term.

Mrs. John R. Covey, Sr., has returned from Los Angeles, Calif., where she visited her niece, Miss Claire Patterson.

Mrs. J. G. Davis, Murphy community, is a patient in Malone-Hogan Clinic - Hospital in Big Spring.

Mr. and Mrs. John W. Leftwich of Tyler visited Mrs. John W. Leftwich, 2411 Thirty - second Street., and Mrs. B.F. Womack over the week end. Mrs. Chester Hutcheson of Abilene was also a guest of Mrs. Leftwich.

Good Week To Stock On Meat

By The Associated Press

This will be a good week to buy meat, reports from the nation's food stores indicate.

Beef, pork and lamb prices generally will be lower. Sirloin steak is being trimmed by four to 12 cents a pound in some stores. Rib roast will be unchanged to four cents cheaper, pork chops will be down in selected localities by from six to 10 cents a pound.

Lamb chop prices will be lower in many areas. Specials being featured by stores include beef liver and smoked picnic hams.

One meat specialist forecasts that while beef and pork prices will be lower this weekend, they probably will go higher next week. Wholesale prices of beef and pork rose this week. Lamb prices remained down this week in wholesale markets.

Prices of frying chickens will follow no set pattern this weekend. They'll be up four cents in some places and down several cents in others. Top grade white eggs will be unchanged to eight cents a dozen lower.

Nearly all fresh fruit and vegetable prices went up early this week in the wholesale markets. Produce men picked beets, carrots, corn, onions, potatoes and summer squash as the best buys. They described beans, cabbage, eggplant, spinach, and lettuce as moderately good buys.

Seedless grapes rose, but were still named as a good buy. Apples were selected as a fair buy in fruits. Canteloupes, honeydew melons and peaches all went up in price at the wholesale level.

Family Fun Night Is Planned At Gail

Mrs. Lou Hertenberger of Navasota, state Parent - Teacher Association recreation leader, will direct a family fun night in Gail Sept. 21.

The program will be held at the school starting at 8 o'clock. The meeting will be open to the public.

A DROPPED LIVING ROOM and dropped dining room in luxury apartment style feature this compactly planned ranch type house. A bowed dining room window facing the garden and a secluded terrace behind the garage add glamor to the house. Rear service entry has vestibule connecting with basement stairs and kitchen. The house covers 1,425 square feet, garage 258 square feet. This is Plan B-2440 by Alwin Cassens Jr., architect, 145 So. Franklin Ave., Valley Stream, N. Y.

SUNK BY REDS

British To Bury Patrol Boat Dead In Services Tomorrow

HONG KONG (AP) — This British crown colony prepared today to bury a reserve captain in its army defense force and five Royal Navy men killed yesterday when a Chinese Communist warship fired on a Hong Kong naval patrol launch.

Five wounded survivors of the attack in the estuary of the Pearl River were in the Royal Navy's Hong Kong hospital under tight secrecy guard. They had been picked up by the destroyer Concord after reportedly suffering both bullet and shrapnel wounds.

The one identified victim of the fray was E. Frank Gower, an accountant with a Hong Kong firm who held a reserve captaincy in the colony defense force. He had served as a royal artillery officer during World War II.

Identities of the other slain have not yet been disclosed but all were believed to be members of the Royal Navy. Funeral services for all six were scheduled to be held tomorrow.

It was reported that the battered launch was still afloat and would be brought to Hong Kong later today. In London, the admiralty identified the ill-fated little boat as the 72-foot Launch 1323. It was understood the craft, which normally carried two officers and a crew of 12, was on normal patrol duty at the time of the shooting.

Presumably the rest of the men aboard the launch were rescued.

The navy said the clash occurred yesterday in international waters seven miles southwest of Lin Tin Island. This is south of Hong Kong and on the east side of the Pearl River Estuary leading to the Communist Chinese port of Canton, 90 miles upstream.

Official details of the incident were lacking. Colony officials maintained a close-mouthed attitude, apparently seeking to avoid heightening the already tense relations between Hong Kong and Red China.

Commodore James Thorold, the colony's naval commander, conferred with Gov. Sir Alexander Grantham early today but declined any comment.

Reserve navy officers unofficially said the attack probably was made by a Red Chinese corvette usually stationed in the estuary on patrol.

Another navy source said, however, that one report claimed the launch had been hit by shells from a Communist LST (tank landing ship). The Reds captured a few such vessels from the Chinese Nationists during the civil war but there has been no previous indication of any in use on the Pearl River.

This source said one Royal Navy man was killed while trying to reach the 40mm. gun at the front of the launch after the Communist vessel opened fire.

The launch was never able to return the Red fire, the source added, but immediately summoned the destroyer Concord to its aid. The bigger vessel arrived too late to engage the Communist ship.

The source said he did not know whether the launch suffered more than one hit.

Navy launches maintain a constant patrol of Hong Kong waters, serving as the outer screen of the harbor defense arrangements for this trade center and naval station off the south coast of Communist China.

The Reds occupy many of the small islands near the colony and in many areas the demarcation line is in dispute. Scarcely a month goes by without reports of one of more Chinese firings on the patrol boats.

Law Changes In Yugoslavia

BELGRADE, Yugoslavia (AP)—Parliament studied a bill proposing changes in Yugoslav criminal procedures today after President Tito's regime admitted arresting 171,731 persons many "without reason"—during the five years ended in 1952.

The figures on arrest were contained in a report issued last night by Vice President Mosha Pijade. Its acknowledgement of large-scale arrests coupled with the government's backing of the proposed changes was considered an indication of official confidence in the nation's present internal security situation.

Pijade said 45,086 persons were arrested in 1948, the year President Tito broke with the Cominform, 52,606 in 1949, 36,196 in 1950, 22,359 in 1951 and 15,484 in 1952. Of those taken in 1950, he added 30.4 per cent were arrested without reason. In 1951 the percentage was 26.4 and in 1952, 20.2.

The vice president gave no further explanation of the arrests "without reason." Nor did he indicate whether there had been any such arrests in 1948 and 1949.

Many of the persons taken into custody were released without trial, Pijade declared. Others, he added, were sent for "corrective treatment" to state labor projects.

Early Retirement

MIAMI, Okla. (AP)—Arthur Hadden, who figured he retired a little too early five years ago, went back to work today on an eight-hour shift as a meat inspector. He is 85.

TIGER STARTERS

Joe Baxter, 178 pounds, and Jackie Grimmett, are sure to be two of the starters in the Snyder Tigers' first game Sept. 18. Baxter, a sophomore who can play any position in the backfield, was recently worked into the quarterback position, where Coach Speedy Moffett said he may remain. Grimmett is a senior and the only three-year letterman on the team. The heavy fullback was one of the team's leading ground gainers last year.

Indians Plow Ahead, But It's Too Late To Damage Yankees

By JOE REICHLER
AP Sports Writer

Alas, those poor Indians

They keep winning and winning and where do they wind up? In second place.

Twenty victories in the last 23 games. That's Cleveland's remarkable record during the past three weeks. But today, with the season's end a little over two weeks away, they still trail the pennant-bound New York Yankees by nine games.

That's the way it was last year. Too late and too little. The Indians won 18 of their last 21 games, but in the same period the red-hot Yanks gained half a game on them. They finished two games behind the world champions. It won't be that close this time.

The Yankees need only a combination of nine victories and—or Cleveland losses to clinch their record - breaking fifth straight championship following last night's 8-3 victory over the Chicago White Sox. The Indians boosted their second-place margin to four games over the White Sox, edging out the Boston Red Sox 2-1.

Brooklyn's National League-leading Dodgers reduced their "magic number" to two for mathematical elimination of Milwaukee, shutting out the Cincinnati Redlegs 6-0 while Philadelphia was blanking the Braves 2-0.

The New York Giants dropped St. Louis into a tie for third place, defeating the Cards 8-3. Chicago's Cubs won their sixth straight, defeating the Pittsburgh Pirates 8-7 on Ralph Kiner's 31st home run with two mates aboard in the ninth inning.

The two twi-night double-headers in the American League ended in splits. Mickey Vernon's double scored Eddie Yost in the 12th inning to give Washington a 2-1 victory over St. Louis after rookie Don Larsen had pitched the Browns to a 3-0 triumph in the opener. Marion Fricano hurled a four-hitter and Pete Suder batted in three runs with a triple and homer to give the Philadelphia Athletics a 7-1 victory after Ralph Branca had pitched the Tigers to a 7-2 opening game triumph.

Al Rosen's 40th homer was the big blow in the Indians' success. The slugging third baseman connected with a man on base in the eighth inning to enable Mike Garcia to gain the decision over young Bill Henry. Garcia blanked Ted Williams for the first time since the slugger started in left field for the Red Sox. Ted had hit safely in 15 previous games.

Billy Pierce tried to become the first pitcher since Walter Johnson in 1908 to blank the Yankees three times in succession and failed—just as 12 others did before him. The White Sox southpaw opened the game with 19 scoreless innings against the Yanks and added four more. Then the Yankee Stadium fell on him. Seven hits and seven runs were recorded against him before he was mercifully removed from the mound—with getting a single batter out in the fifth. Whitey Ford hurled a five-hitter for his 17th triumph.

Brooklyn's slugging crew hit two more home runs, Nos. 193 and 194. Pee Wee Reese hit a grand slammer and Duke Snider cracked his 38th. Bob Milliken, replacing the injured Johnny Podres with two out and two on in the first, pitched hitless and runless ball for 8 1-3 innings to gain his seventh victory.

Warren Spahn failed for the third straight time to notch his 20th victory. The Milwaukee southpaw hooked up in a scoreless duel with Philadelphia's Bob Miller but weakened in the ninth when Stan Lopata crashed a home run with a mate aboard to decide the battle. Miller had a three-hitter.

Don Mueller cracked four hits and Bobby Hofman batted in four runs to help the Giants' Dave Koslo gain the decision over the Cards' Gerry Staley.

McMurry In Game Saturday

ABILENE, Tex. (AP)—McMurry's Indians open the football season at Midland Saturday night in one of two college games in Texas for the week.

The Indians, members of the Texas Conference, will be playing Sul Ross of the Lone Star Conference. Sul Ross beat McMurry last fall 19-6 but the Indians appear stronger this season.

With only a week of intra-squad scrimmaging to judge by, McMurry coaches feel that their backfield will pack a good deal of speed, strength and scoring punch.

This opinion was expressed by Wilford Moore, athletic director and head coach.

"We should be faster on the outside plays, and stronger on the inside," Moore stated, "and our passing attack should be better than it was last season." McMurry won 4, lost 4, tied 1, and took second place in the Texas Conference last year.

Biggest question mark in the McMurry lineup is quarterback. Both of the Indians' quarterbacks of last year were lost to the military service. To fill their vacated shoes, Coach Moore is counting on a pair of junior college transfers—Jo Fox of Fort Worth; and Lonnie Crosby of Cisco. Bob Hayworth, freshman from Big Spring, is a promising number-three quarterback.

Fox will likely get the starting call Saturday night against the Lobos. He's a transfer from Tarleton State, where he lettered two years and was one of the best punters and passers in the Junior College Conference.

Season Tickets Sales About Petered Out

Season ticket sales for home high school games have almost stopped, according to Art Nicholas, school business administrator, who said about 330 have been sold.

The tickets, available at the school administration building, will not be sold after Saturday. They cover six home games and cost $7.20.

Fancy Reshuffling On Football Fields

NEW YORK (AP)—A quarterback playing center? There's that and more in store for college football fans when the 1953 season opens in less than two weeks as coaches do some fancy personnel shuffling for the coming noplatoon era.

The story of Don Babers at Oklahoma A&M provides an example of what's going on across the country. As a sophomore quarterback two years ago, Babers ranked fifth nationally in passing, accounting for 1,352 yards via the airlanes off the Cowboys' spread formation attack. He held down the job last year too but in '53 he'll be starting at center in Jim Lookabaugh's newly installed split-T setup.

Bud Wilkinson, whose Oklahoma Sooners are once again in the national spotlight, is doing plenty of experimenting—particularly in the backfield where the departure of Billy Vessels, Buck McPhail and Eddie Crowder left a huge gap.

Halfback Buddy Leake has been taking a turn at the vital quarterback assignment in the split-T with Gene Calame, a converted end. Wilkinson's transfer of Max Boydston from end to fullback appears to have paid off. Boydston broke away for a pair of 80-yard scoring runs in the first major scrimmage at Norman this fall.

Elsewhere, Steve (The Horse) Meilinger, Kentucky's all-everything boy, will try his hand at halfback for the Wildcats after starring at end and in the backfield in '52.

At Notre Dame, Dan Shannon, whose fumble-inducing tackle set up the winning Irish touchdown against Oklahoma last year, will operate both ways at end rather than at linebacker where he played in the two-platoon days.

Johnny (Jeep) Bednarik, brother of Penn's great Chuck, will throw his 217-pound frame at William and Mary's opponents from end this season where the Indians are thin. He had been a tackle.

With newcomer Bowden Wyatt shifting Arkansas' offense from the split-T to the single wing, spark-plug Lamar McHan goes from quarterback to tailback to handle the heavy duty work for the Razorbacks.

The new season brings other major changes too.

Georgia Tech's Harry Morris, linebacking specialist in '52, becomes a two-way center. Minnesota's Bob McNamara, currently sidelined with a knee injury, is slated to take some of the pressure off All-American halfback Paul Giel after a year at offensive end and defensive safety. Texas' Jack McMurry, who caught a touchdown pass in one of the first Longhorn scrimmages, has been switched to center where there's a shortage.

110 Out For Jr. High Team

A total of 110 junior high boys have been suited out for practice for the two junior high football teams.

Charlie Storrs, head junior high coach, said both the junior high teams open their schedules Sept. 24 at Lamesa. Both seventh and eighth grades will have teams.

The squad is almost evenly divided between the two teams. Storrs will coach the eighth grade squad, while Jimmy Williams will coach the seventh.

So far six games have been scheduled for the teams, who will play Lamesa twice, Big Spring twice, and Sweetwater twice.

The eighth graders will have regular game uniforms in blue and white, while the seventh grade teams will play in practice equipment.

The team works out on the old practice field south of the junior high at 2:30 o'clock each afternoon.

Infielder Hunt Sold To Shreveport Team

TEMPLE (AP)—Temple of the Big State League has sold infielder Al Joe Hunt to Shreveport of the Texas League for an undisclosed amount of cash and Pitcher Dale Maryland.

Hunt played second base and shortstop for Temple this season, not missing a single game. He batted .307.

Myrland, who was sold by Temple to Shreveport in mid-season, was sent to Monroe of the Cotton States League, a Shreveport farm club.

GRID NOTES

Three teams in Snyder's District 1-3A will open season play Friday night.

Breckenridge, one of the top contenders for the district title and the newest member of this district, will host Class 2A Graham, while Vernon, said to be another top team, will go to Wichita Falls to make its annual try against the Class 4A squad. Sweetwater will go to Levelland of Class 2A, one of Snyder's scheeduled foes.

Also starting up their season will be area Class B teams. Hermleigh, which has won its district title for the past three years, will go to Seagraves, while Ira, which is making an attempt to start winning games again, will host Bronte. Last week Hobbs downed Roby 13-0.

• • •

BIG SPRING — Coach Carl Coleman cancelled the Steers' scrimmage with Kermit scheduled Monday. The team is reported to have indicated itself ready to uphold several predictions placing it on the top in the district. It is now readying for its Sept. 18 opener with San Angelo, which fell to the Steers 33-0 last year.

• • •

BRECKENRIDGE — Quarterback Kenneth Ford is getting his passing arm ready for the Graham tilt. Aside from one broken ankle, the Bucks have had no injuries this season. Seat back Billy Dendy, another experienced gridder, will also do a little passing.

Few Big Men Left Who Can Make Use Of Their Fists

By GAYLE TALBOT

NEW YORK (AP)—Doesn't the second straight defeat of Ezzard Charles, this time by a light-heavyweight named Harold Johnson, make it plainer than ever that the whole blooming world has about run out of big men who can use their fists?

Who is Rocky Marciano to fight next, assuming that he conquers Roland LaStarza two weeks from tonight at the Polo Grounds? There simply is not a challenger worthy of the name, assuming that no one wants to see Jersey Joe Walcott come out of well-earned retirement. We have not heard a manager, other than those of LaStarza and Charles, claim seriously that he has a man who might trim Rocky.

It seems strange to recall now that those who refused to accept Joe Louis' greatness when he was at his best liked to say that he had nothing to fight except a lot of bums. Marciano, who wants to make much money in a hurry, will be wishing shortly that there was a Billy Conn or a Max Baer or a Max Schmeling or even a Tony Galento around these days to help him pack a few ball parks, as they helped Joe.

Don't let anybody ever tell you, by the way, that Schmeling wasn't a whole lot of heavyweight. Or that Jack Sharkey wasn't, for that matter, when he felt like fighting. Either of them could have supplied the answer as to the extent of Marciano's greatness.

Doesn't the speed with which Ted Williams, a gaffer of 34, got himself back into shape and began wanging homers again prove once and for all time that the long spring training trip is strictly window dressing? Although we do not know all the things the ballplayers' new lawyer is going to ask of the magnates, we do know that the athletes grouse mightily about the length of the spring grind and the fact that their salaries do not start until the opening day of the season. The younger ones have told us that they were in as good shape as they needed to be after a week of workouts.

No less impressive an authority than one-round Leo Durocher said once that he never had a better conditioned club than the wartime Brooklyn outfit he trained in the big fieldhouse up at West Point. Nobody knows just what happened to Leo's Giants this season, but at a rough guess we would say they left a lot of good baseball out West and through the South in their long exhibition series against the Cleveland Indians.

Passenger cars actually are working tools for two-thirds of the households in this country. Some 200,000 service stations exist to keep them running.

Plan Cold Cut Supper Plate That Is Attractive And Filling

A supper planned around cold cuts is the easiest kind of autumn meal planning.

In choosing cold cuts to serve, pick an assortment which includes varying shapes, textures and flavor. Generously stocked, a platter of cold plates will furnish a filling and attractive meal.

For an attractive tray alternate dark and light meats and cut some in different shapes, such as half-moons, triangles or diamonds. Thin slices are attractive rolled and filled, cornucopia-style. Colorful and crisp relishes add the finishing touches.

On the day when you are serving a plate of cold cuts for lunch or supper a tasty and tart salad to center the plate lends a wholesome and filling touch. The varieties are numerous, but here are two that feature the flavors of pickles.

PICKLE LIME SALAD

1 three-ounce package lime-flavored gelatin
1 cup hot water
½ cup cold water
¼ cup pickle liquid
¾ cup sliced sweet gherkins
1-3 cup chopped canned pimientos
1 cup shredded cabbage
¼ cup mayonnaise

Dissolve gelatin in hot water. Add cold water and pickle liquid. Chill until almost firm. Beat with rotary beater until light and fluffy. Fold in sweet gherkins, pimientos, cabbage and mayonnaise mix well. Turn into oiled 1-quart mold and chill until firm. Unmold and surround with cold meats. Serves four to six.

Another molded salad which will add a touch of glamour to an autumn plate of cold cuts is a cucumber-kraut mousse. This salad, made ahead of time, saves a lot of last minute preparation.

CUCUMBER-KRAUT MOUSSE

3 tablespoons sauerkraut juice
1 cup boiling water
2 medium sized cucumbers diced
2 tablespoons unflavored gelatin
1-3 cup cold water
¾ cup hot sauerkraut juice
1 teaspoon Worcestershire sauce
¼ teaspoon salt
⅛ teaspoon freshly ground pepper
½ cup mayonnaise
½ cup heavy cream, whipped
2 tablespoons chopped parsley

Add 3 tablespoons sauerkraut juice to 1 cup boiling water; add cucumber and boil 5 minutes. Drain cucumber and force through sieve or food mill. Soften gelatin in cold water 5 minutes; Add ¾ cup hot sauerkraut juice. Stir until gelatin is dissolved.

In a bowl, combine cucumber puree and gelatin mixture; chill until slightly thickened. Fold in Worcestershire sauce, salt, pepper, mayonnaise, whipped cream and parsley. Turn into six greased individual molds or 1-quart mold. Chill until firm. Unmold and garnish with crisp salad greens.

CARNIVAL KRAUT MOUSSE

1 three ounce package lemon-flavored gelatin
1 cup boiling water
1 cup sauerkraut juice
1 cup chopped pecans
1 cup grated, processed American cheese
1 cup drained, crushed pineapple
½ cup heavy cream, whipped

In a bowl, dissolve gelatin in boiling water; add sauerkraut juice and stir to combine. Chill until slightly thickened. Fold in remaining ingredients and turn into a greased 1-quart mold; chilled until firm. Unmold and garnish with crisp salad greens.

For seasonal hospitality a new chive cream cheese dressing tastes extra good served with cold cuts. Men especially like this combination—and the man in the house can easily learn to make it.

CHEESE DRESSING

6-ounce package of chive cream cheese
½ cup mayonnaise
2 to 4 tablespoons cream or milk

Blend with fork or rotary beater. Spread the dressing on slices of cold meat or wrap the meat around the dressing for easy eating.

Add rye bread and a tossed salad to a platter of cold cuts and the hostess has a meal in one. On one side of the platter, arrange alternating slices of summer sausage and liver sausage. Next to these, place cornucopias of pimiento loaf or bologna filled with chive cottage cheese. Complete the array with rye bread and ham rolls made by rolling "boiled" ham slices around sticks of processed American or Swiss-type cheese. Center the tray with a shallow bowl of salad made from mixed greens, tomato wedges, sliced cucumbers and sliced hard cooked eggs. Just before serving, toss with French dressing.

When the hostess wants to serve cold cuts in a special manner, Braunschweiger balls are a suggestion. Mash Braunschweiger until soft. Form into flat 2-inch patties. Place a stuffed green olive on each and press Braunschweiger around olive to form a ball. Roll in finely chopped parsley and serve on a pick.

Bologna takes on pasty aspects when served in wedges with processed American cheese. Alternate ⅛-inch thick slices of bologna and American processed cheese. Spread with horseradish mustard to hold slices together. Cut round with a 3-inch biscuit cutter. Stack about 1½ inches high. Wrap in waxed paper and chill thoroughly. Stick 10 picks equally distant through the bologna stack to hold shaped wedges with one pick per wedge.

A cold plate that varies from the one prepared with the usual assortment of cold cuts can be prepared by filling tomatoes with salad made from canned shrimp or crab meat. Arrange this on crisp salad greens at one end of the platter. In radiating rows from the tomatoes arrange Vienna sausage, sardines and sliced cucumbers. Garnish with ripe olives.

A few canned luncheon meats tucked in the back of the refrigerator assures a thoughtful hostess that in the event of any unexpected visitors she can arrange an attractive cold plate to serve them supper. Here is one such platter.

HASTY COLD PLATE

Place canned frankfurters (cut in halves lengthwise) down the center of a large platter; border with crisp cole slaw, add a row of chilled sliced tongue on one side and chilled sliced luncheon meat on the other side; add crisp chicory, or endive. Garnish with dill pickle, and have an accompanying tray of prepared mustard catsup and chili sauce.

Vegetable macaroni salad is one of the oldest and best accompaniment for cold cuts. This recipe, which serves seven, has cabbage added.

VEGETABLE MACARONI SALAD

1 eight ounce package elbow macaroni
1 cup diced celery
¼ cup strips pimiento
2 tablespoons chopped onion
2 tablespoons chopped sweet pickle
½ cup canned peas
2 teaspoons salt
¼ teaspoon paprika
½ cup sharp mayonnaise
1 cup shredded cabbage
Crisp salad greens

Cook macaroni according to directions on package. Drain and chill. Combine with remaining ingredients, except cabbage and greens, to blend flavors. Add cabbage and greens. Chill for at least one hour serve on crisp salad greens.

SURROUND PICKLE LIME SALAD WITH COLD CUTS
. . sweet pickles and pimientos add flavor

CHEESE DRESSING IS TASTY ADDITION
. . . man of the house can make it

MACARONI SALAD IS FAVORITE WITH COLD CUTS
. . . add vegetables for color, texture and flavor

Boy Dies Saving His Pup From Being Killed

COLUMBIA, S. C. (AP)—Eight-year-old Jimmy Bumgardner gave his life to save his puppy from being hit by a passenger train.

Jimmy snatched the dog from the Southern Railway tracks near the station here yesterday and was hit by the diesel locomotive. He died in a hospital a few hours later.

Gen. Dean Home Soon

BERKELEY, CALIF. (AP) — Mrs. Mildred Dean has called off plans to fly to Tokyo to greet her repatriated hero husband. Maj. Gen. William F. Dean telephoned her he would be home within two or three weeks.

No More Flat Screen Pictures At Studio

HOLLYWOOD (AP) — Twentieth Century-Fox will make no more flat-screen movies. It's changing over to exclusive production of Cinema-Scope wide-screen films.

A studio spokesman said last night that personnel is being reduced from 2,500 to between 400 and 500.

Annual output of films will be cut from 60 a few years ago, to between 15 and 25, he said.

Locations For 58 Oil Projects Are Scheduled In 25 Counties

A total of 58 tests for oil, including 15 wildcats and 43 field projects, were scheduled in 25 District 7-C and District 8 counties during the 34th week of the year.

The number compares to 86 locations, including 14 wildcats, spotted the preceding week.

Totals for the year now stand at 2,000 field tests and 593 wildcats, a grand total of 2,588 tests for oil and a weekly average of 75.88.

Totals for the first 34 weeks of 1952 were 2,730 field tests and 586 wildcats for a grand total of 3,274 tests for oil and a weekly average of 99.21. A total of 668 wildcats and 3,670 field tests, making 4,338 tests in all, were staked during the initial 34 weeks of 1951. This was a weekly average of 127.59.

Nine counties in District 7-C gained 19 applications to drill, including seven for wildcats, while 16 District 8 counties gained 39 tests to drill, including eight wildcats.

District 7-C wildcats were: Crockett, three; Coke, Sutton, Tom Green and Upton, one each.

District 7-C field tests were: Reagan and Runnels, three each; McCulloch, two; Crockett, Schleicher, Tom Green and Upton, one each.

District 8 wildcats were: Pecos, two; Andrews, Borden, Cochran, Hockley, Howard and Terry, one each.

District 8 field tests were: Howard and Midland, five each; Ector, Ward, and Winkler, three each; Gaines, Glasscock, Pecos and Terry, two each; Andrews, Loving, Martin and Yoakum, one each.

Students Will Tour Russia

NEW YORK (AP)—Four college newspaper editors are reported making plans to accept Soviet promises of visas for travel in Russia.

Zander Hollander of Brooklyn, feature editor of the University of Michigan Daily, said last night he and the three others are making arrangements for the trip.

He said the others are Natalie Becker of Brooklyn, editor of the Vassar College (Poughkeepsie, N.Y.,) Miscellany Arts; Daniel Berger, editor of the Oberlin (Ohio) College Review; and Mark Edmond, editor of the University of Colorado Daily.

Two other students, also promised visas by the Soviet Embassy in Washington, have not indicated their intentions. The two are Arthur Brown of Mishawaka, Ind., editor of the University of Chicago Maroon, and Kenneth F. Rystrom of Mayard, Neb., editor of the daily paper at the University of Nebraska.

The editorial board of the Queens College Crown, a student weekly at the New York municipal college, initiated the idea of the trip. The plan came after a recent tour of Russia by a group of American editors and publishers.

Ninety college and university newspapers were polled, and 16 agreed to participate. But only the seven student editors applied for the visas.

Their application was filed in July, and the Soviet Embassy reply came Aug. 31. It assured that the visas will be issued immediately upon presentation of passports.

Master's Voice Piped Into Dog Kennels

SAN BERNARDINO, Calif. (AP)—A dog lover who believes in the privacy and quiet of his neighbors as well as the happiness of his five Weimaraners has found an easy way to keep them all happy.

George C. Wiedeman has rigged up a 70-foot electrical communication system from his home to the backyard kennels.

If one of the dogs starts barking in the middle of the night, Wiedeman speaks sharply or smacks his hand with a rolled newspaper—before his bedroom microphone.

The dog obeys his master's voice. The neighbors get their sleep.

BEAUTY IN NUMBERS

Mrs. Anne Spada, 29, Whippany, N. J., the "Mrs. Morris County" entry in the Mrs. America beauty contest, poses with her nine children in New York City. The blonde, five-foot, five-inch housewife, who contest officials say set a new record for having the largest family of any contestant, will seek the Mrs. New Jersey title Sept. 10, as a prerequisite for the finals at Asbury Park, N. J., Sept. 13. Left to right are: Jennifer, 3; Lucille, 5; Joseph, 6; Mrs. Spada, holding 8-month-old twins, Larry and Laura; Ansel, 8; Marie, 7; James, 4; and Victoria, 2.

Rayburn, Sparkman Named Speakers At Chicago Meeting

CHICAGO (AP) — Senator John Sparkman of Alabama, the Democratic vice presidential nominee in 1952, and Rep. Sam Rayburn of Texas, House minority leader, have been added to speakers at the party's national conference Monday and Tuesday.

The two will speak Monday night at a $100 a plate fund raising dinner. Others already listed as speakers include former President Truman, Sens. Douglas of Illinois and Gillette of Iowa, and India Edwards, vice chairman of the national committee.

Adlai Stevenson, the party's 1952 presidential nominee, is to speak Tuesday night about his recent world tour.

Stevenson, Truman, Rayburn and National Chairman Stephen Mitchell plan to get together at a luncheon Sunday and probably will discuss the roles Stevenson and Truman will play in the 1954 campaigns.

Stevenson may disclose Tuesday whether he is going to assume active party leadership. Members expressed doubts he would disclose his immediate plans in connection with the 1956 presidential race.

Reports of a rift within the party over the loyalty pledge were denied yesterday by a top committee official although a spokesman said the pledge "could come up" at next week's conference. Gov. Hugh White of Mississippi has said he would ask the national executive committee to withdraw it.

Some Southern Democrats have denounced the loyalty pledge adopted prior to the 1952 national convention. It required delegates to pledge support to the party nominees before taking their seats.

Several Southern Democrat leaders have notified the committee they would attend the conference. They include Sens. Johnson of South Carolina, Long of Louisiana and Hill of Alabama, and Govs. Shivers of Texas, Gordon Persons of Alabama, Francis Cherry of Arkansas, John Battle of Virginia and William Marland of West Virginia.

Four Southern governors said they would be unable to attend because of previous engagements. They are Govs. Herman Talmadge of Georgia, Dan McCarty of Florida, William Umstead of North Carolina and Frank Clement of Tennessee.

Mitchell said he expects to rebuild the Democratic Party on the "solid rock of the South." Southern leaders, he added, "will not be made deacons just as they cross the threshold" in a return to the Democratic fold.

Mitchell was commenting on a statement by Shivers that he had detected a "softening" of Mitchell's attitude toward Southerners who supported President Eisenhower last year.

"There has been no change in my attitude," Mitchell asserted. "It's the same attitude I made clear in the 12 speeches I made in Texas earlier this year."

Mitchell said in the speeches he emphasized that he had warm feelings toward "good Democrats" in Texas and in every other state.

Business Still Searching For New Money To Expand More

By SAM DAWSON

NEW YORK (AP)—Business is out this month actively looking for "new money." The would-be borrowers show no sign of fearing a slump and being ready to draw back into their shells.

Corporate debt has about doubled in seven years as business seeks new money to finance the building of plants and buying of equipment. It also borrows because inflation and growth have boosted its need of working capital.

After the summer lull, September is seeing an active revival of offerings of new corporate securities. A prime example is American Telephone & Telegraph's plan to seek a record 625 million dollars this fall.

New capital issues (excluding refunding) by corporations this year apparently are going to just about equal last year's record total of nearly nine billion dollars, the Northern Trust Co. of Chicago predicts.

The Department of Commerce and the Securities and Exchange Commission foresee a slight letdown by year's end in the present record pace of business spending for plant and equipment.

"Capital outlays may fall from current peak levels," the Chicago bank agrees, "but if they do it will probably be because earnings are down—a requirement and source of financing that usually rise and fall together."

Business has been financing its expansion more by using its retained earnings and its increasing depreciation revenue bonds, however.

A Federal Reserve Board survey of 300 large corporations shows that in the last five years bond and stock financing has-raised only one fifth of the total money spent. Profits put back into the business and depreciation charges furnished three-fifths. Out and out borrowing supplied the rest.

Since the war, the total of corporate debt has risen from about 100 billion dollars to almost 200 billion dollars.

This huge total of debt, some fear, could be embarrassing in a recession. But Marcus Nadler, consulting economist to the Hanover Bank, New York, sees little need for concern yet.

"The long-term debt is well spaced and is being amortized," he says. "The short-term debt reflects primarily the higher cost of doing busines and or large inventories at current prices."

Student Gives Back Statue

LONDON (AP) — A conscience stricken art student who fell in love with a nude statue returned it yesterday to the London art gallery from which he stole it four months ago.

The thief telephoned Guido Delbanco, the gallery owner, to look for his property in the Victoria and Albert Museum.

There Delbanco found the statue —a 13-inch figurine of Psyche, the goddess of love, by Auguste Rodin —and an envelop containing a letter and a ten-shilling ($1.40) note. The letter said:

"There was no mercenary intent behind my abduction of this exquisite creature. I merely wished to live with her for a while. Auguste Rodin would have understood. The enclosed, towards 'Le Baiser,' is all I can afford."

It was signed "an impecunious art student."

"Le Baiser," The Kiss, is a privately-owned Rodin marble which has been on loan to London's Tate Gallery for several years.

The Manchester Guardian commented slyly:

"Ten shillings, after all, must seem a modest payment for the privilege of spending a whole summer in the company of Psyche."

Telegrams To Next Of Kin

WASHINGTON (AP)—A faint spark of hope went out from the Pentagon today to the next of kin of 944 American servicemen whose whereabouts are unknown since their reported capture by the Reds in Korea.

The Defense Department list will be made public beginning tomorrow, 24 hours after telegrams are dispatched to the relatives of the men missing and unaccounted for.

The list includes 610 from the Army, 312 from the Air Force, 19 from the Marines and 3 from the Navy. The Communists were asked yesterday to account for them.

The list of missing men was based on Communist propaganda reports, the word of their exchanged buddies, private letters and other sources.

The Communists have not reported that any of the men escaped or died in captivity.

The Pentagon said yesterday the next of kin of the 944 Americans are being sent this message:

"The secretary of the (appropriate department) has asked me to inform you that the name of (the missing serviceman) was included in a list of servicemen who, there is reason to believe, were at one time in Communist custody but for whom no accounting has yet been made. This list has been presented to the Communists with an urgent request for such an accounting.

"All possible efforts are being made to obtain information regarding (the serviceman's name) and in the event any is received, it will be furnished to you promptly without request by you."

Parents See Prisoner Son

PUSAN, Korea (AP)—The long vigil for one of the countless Korean families separated by war ended for a moment yesterday in a short, silent reunion.

Choe Jae Man, a policeman, learned from a newspaper that anti-Communist North Korean prisoners held on Koje Island would pass through Pusan.

He and his wife, both refugees from North Korea, traveled 60 miles to this port city. They spotted their son, Choe Hyong Sok, 26, among 500 prisoners who were transferred from a landing craft to a train bound for the demilitarized zone.

The tearful mother rapped the tightly closed window of a U. S. Army bus which carried young Choe to the train. Without a word, parents and son waved at each other. Then the bus pulled away.

The father said his son, a former medical student, was forced into the Red army soon after the war started and later captured by U. N. forces.

Choe must remain with the group resisting repatriation for 90 days, during which time the Reds will attempt to persuade him to return to North Korea.

"I am sure my son will come back to us and live with us in the Republic of Korea," his father said. "We will wait till he goes through what he has to. I know he will endure anything and never return to Communist North Korea."

Gin And Water For Thirsty Well Wishers

GALLUP, N. M. (AP)—There was a hilarious aftermath to the welcome Medal of Honor winner Hiroshi Miyamura received in Gallup yesterday.

Refreshments at the Miyamura home consisted of gin mixed with water.

Several guests, thirsty from the long parade and broiling sun, gulped the mixture down hurriedly —thinking it was ice water.

The gasping and choking just added to the general uproar—mixed with a lot of laughter.

Aged Have Right To Loiter About Houston

HOUSTON, Tex. (AP)—A man of 84 years "has a right to loiter," Mayor Roy Hofheinz exclaimed yesterday.

Hearing the appeal of an 84-year-old man arrested Monday in a pool hall, the mayor volunteered to pass a hat around and take up collection should a fine be levied against him.

9 Airmen Are Safe On Desert

LUKE AIR FORCE BASE, Ariz. (AP)—Nine airmen, a blistering day and a chilly night on the desert behind them, awaited rescue today, nearly 20 hours after bailing from their damaged plane.

They fell into desert terrain so rugged that two ground rescue convoys were forced to turn back. The Air Force now plans to use a helicopter to pick them up.

Apparently none was injured after their four-engine KC97 collided with a B47 while refueling in flight.

The ships limped back safely, the Stratojet to Davis-Monthan Air Force Base, Tucson, with its crew aboard and unhurt. The flying tanker's pilot, Capt. F. F. Jenkinson, brought his plane down here. Its home base is Smoky Hill Air Force Base, Salina, Kan.

The search for the 'chutists was taken up by 35 planes before a jet pilot sighted them "alive and appearing unhurt" near the remote southwestern Arizona town of Sundad.

Their fires directed planes which dropped supplies during the night.

St. Paul Comes Home

LONG BEACH, Calif. (AP)—The heavy cruiser St.Paul, which fired the last salvo before the Korean truce was signed, is due here tomorrow from her third tour of duty in Korean waters. She is bringing nearly 1,300 officers and men home for a vacation.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!
