Mailmen Deliver Census Forms Here Saturday

Colorado City households will begin receiving 1970 Census questionnaires Saturday.

Assistant Postmaster Wendell Thompson said Wednesday the questionnaires will be delivered by mailmen to each house within the city. Every boxholder on rural routes and to each Post Office box.

Postal distribution of this '70 Census questionnaire before start of the house-to-house canvass will provide individual families an opportunity to assemble information about each

member and about its house in advance of the census enumerator's visit.

Mrs. Bob Kelly, crew leader for the census in Mitchell and Sterling counties, is urging all residents to fill out the questionnaire forms and have these completed forms ready for census takers when they start their rounds next Wednesday, April 1.

The questionnaires which go out of Colorado City Post Office Saturday morning contains

7 questions concerning every person in the individual household and 13 questions about the dwelling in which the household lives.

Personal information asked, according to Mrs. Kelly, will be:

Name, address, sex, color or race, month and year of birth, whether married or single, relationship to head of the household.

Information asked about the

dwelling will be: number of rooms, cooking facilities, plumbing, whether dwelling is rented or owned.

Most of the questions are to be answered by filling in the proper tiny circle with common lead pencil-making a "black dot" which can be read by U. S. Census Bureau machines.

"It is important that residents read the instruction sheet which accompanies the questionnaire before filling out the form," said Richard Newton,

Census district manager from Wichita Falls.

The census enumerator will check questionnaires to assure that all questions have been answered properly. They also will assist where needed to complete questionnaires.

At every fifth household, the census enumerator will obtain answers to additional questions about population, housing characteristics that are being asked 20 per cent of the nation's population.

These additional questions for each fifth household will include inquiries concerning country of birth, schooling, employment, income and other related items.

Extra housing questions for this one-fourth of the population will relate to rent or value of dwelling, heating equipment, water supply and other facilities and equipment.

"T-Night" for the new census is planned for Tuesday, March 31.

This is a special project to enumerate those persons residing in hotels, motels and other areas where transients are staying.

"T-Night" will come the night before the regular census kickoff, April 1.

All transients at motels and like places will be given individual census forms to fill out.

These forms will include space to indicate "usual place of residence." After all forms

have been collected, they will be sorted at the local district office to determine which persons, having no other usual place of residence, should be counted locally.

Those listing a home address elsewhere "T-Night" will be allocated to their appropriate home areas, Newton said.

Permanent residents of a motel or similar place will be counted as part of the local population where they are staying.

They Check The Record

John Russell, left, Mitchell County supervisor for Farmers Home Administration, poses over office records with his district supervisor, Jack Powers of Pecos, as Russell prepares to leave the FHA staff here after 15 years.

Russell Saluted Before Departure From FHA

Kiwanis declared time out from its usual luncheon program Tuesday to offer tribute to John Russell.

Has been a trusted Kiwanis worker for years and his right wanted to say thanks for his contribution to Kiwanis and community.

And the round ex-Angle took it with an appreciative smile as the pianists came easily from those who spoke.

But the best thanks John Russell has is in the accomplishment of Farmers Home Administration during the 15 years he had been its Mitchell County supervisor.

He likes the families who with FHA loans were able to stay with agriculture, make an honest living and contribute to their community economically as well with solid citizen ship.

Like the joy on the faces of the rural couple—35 and 37 years old—who with an FHA improvement loan had a bathroom and running water in their house for the first time. And didn't miss a payment repaying the loan.

Like the farmer who at age 60 borrowed FHA money to buy a farm and paid it back in only five years.

There are hundreds of ex-

amples like these in Russell's Farmers Home work here.

And these were among the reasons Kiwanians praised Russell in Civic House. He leaves Colorado City and FHA April 6, moving to Matador to become manager of Rolling Plains Production Credit Association and to look after the Russell family's 2,500-acre ranch.

His successor has not been named yet, but is expected to be announced before Russell leaves.

Among those presenting verbal tribute to Russell at the Kiwanis luncheon were his district supervisor, Jack Powers of Pecos, his pastor, Rev. Billy Wilkinson, Kiwanians Jimmy Payne and Jimmy Kelley.

When he leaves the FHA office here, he will leave a FHA program right here with 53 farm ownership loans, 57 rural housing loans, 5 soil and water loans, plus two association loans.

The association loans are to Grazing Association, north of Lorraine, and to the municipality of Pecos.

Russell is in process now of finalizing the Lorraine loan for sale of bonds which will finance \$85,000 in water and sewer extensions in that community.

His FHA office now has \$2,315,792 outstanding in real estate.

Enumerators Named

Census 1970 neared the starting point in Mitchell County Wednesday with 15 enumerators named for the local District 7 Census staff.

Mrs. Bob Kelly, crew leader for the two-county District 7, said the enumerators are:

For Mitchell County—Robert Jones, Mrs. Don Fite, Mrs. M. W. Palmer, Mrs. Eddie Piland, Miss Alice Rivera, Mrs. Mary Heredia, Mrs. George Witten, Mrs. Larry Kinard, Mrs. Joe Weaver, Mrs. Rodney James and Mrs. J. B. Bodine.

For Sterling County—David Marx and Charles Probandt.

Mrs. Kelly, who is completing the final two days of training for her leadership post, said the enumerators—the census takers—will be trained here Monday and Tuesday.

Training sessions for the crew will be conducted by Mrs. Kelly.

Emphasis will be placed on the importance of systematic, thorough canvass of every dwelling unit to insure a complete count," she said.

Classroom training will cover proper manner of asking questions, use of census questionnaire, census definitions and map reading.

Each census enumerator will have his own particular enumeration area.

A map will identify each enumerator's district to assure a thorough canvass.

The enumerator will be re-

quired to canvass every street and road, visit every dwelling with the boundaries of her or his assigned area," Mrs. Kelly pointed out.

Mrs. Kelly emphasized what Chambers of Commerce and civic organizations are pointing out in other communities—that the census is important for a

community and every effort for cooperation will benefit the community for full, accurate survey.

Every household will contribute its own uniquely important details.

However, no individual household or any of its members

can be singled out for view, she said.

Data obtained by the Bureau of Census is used only statistical purposes and, by law, cannot be disclosed to any person outside of the Census Bureau for any reason. This assures privacy of the individual household as to information it contributes to the census.

Each census employee takes a special oath as follows: "I will not disclose any information contained in the schedule, lists or statements obtained prepared by the Bureau of Census." Violation of this oath carries a stiff penalty.

A burglar had no time to spare Sunday night at Western Cafe.

Mrs. Charlie Hart, owner, left her restaurant at 11 p.m.

Fifty-nine minutes later City Patrolman Dan Pfeuffer discovered a break-in.

car, noticed a white object about 12 inches long in the cafe's front door.

Investigating, he discovered the door was four inches and radioed Assistant Police Chief Bill Henderson.

Officers investigating the VFW burglary reported no locks broken, but the front door broken on inside. Money was reported taken from a pinball machine, cigarette machine and juke box.

Sosa is accused of burglarizing the Jones house last Friday.

Easter Sunrise Event

First Rally

Candidates To Speak

Politics comes into full bloom next week with the county's first major candidates rally of the '70 season.

Mitchell County Farm Bureau is sponsoring the rally—free to the public—April 3 at 7:30 p.m. in Lone Wolf Electric Medallion Room.

All three State Legislative candidates from the local 63rd District have accepted invitations to speak at the rally, according to John Tiller, Farm Bureau president.

Appearance of the legislative trio will be a major attraction of the rally because all three are from Big Spring and in their first area political race.

"We are expecting all Mitchell County candidates to participate," Tiller said, "and to visit personally with the crowd in addition to speaking briefly."

"All citizens, of course, are invited and urged to attend."

Refreshments will be served by the Farm Bureau.

Mitchell County's traditional Easter sunrise service will be in Lorraine's First Baptist Church.

Rev. Glenn Roenfeldt, pastor of Colorado City's First Baptist Church will deliver the Easter message.

Ministers from six churches in Colorado City and Lorraine will participate in the annual service, beginning at 7 a.m.

A musical highlight will be by Chancel Choir of Colorado City's First United Methodist Church.

The interdenominational Easter religious event is sponsored by Mitchell County Ministerial Alliance.

Rev. Billy Wilkinson, minister of Colorado City's First United Methodist Church, will welcome the 7 a.m. worshippers. Following a prayer by Rev. Jack Parse, minister of Colorado City's First Presbyterian Church.

Music director for the service will be Larry Lakey, pastor of Colorado City's Assembly of God Church.

The community-wide service is a tradition of a decade.

Committee planning the Easter event are Rev. Cecil Tule of Lorraine First Methodist and Rev. Clarence Minton, Lorraine First Baptist, and Rev. Parse and Rev. Timberlake.

Offertory will be by Rev. Don Timberlake, pastor of Colorado City's Oak Street Baptist.

Patrolman To Rock Festival

State Highway Patrolman Buddy Hertenberger left Wednesday for patrol duty in vicinity of the rock festival near Lubbock.

He was one of four patrolmen from the Mitchell-Nolan-Fisher-Scurry patrol force reporting in Snyder for further assignment at the festival.

Southwest Festival, Inc., promoters of the festival, announced the event had found a new home—near Woodward, population about 150 persons, located 7 miles south of Lubbock—at intersection of U. S. 87 and State Highway 41.

The corporation leased 320 acres there after a court ruled out a Dickens County site.

DAY

Ruth COFFEY's

CONVE

EVER sit down long enough to think about how many things
all of us take for granted.

To take for granted is to accept as your natural right,
as a matter of course, any good thing which comes your
way.

To take for granted usually involves some measure of
lack of appreciation either spoken or evidenced in other
ways.

Many married couples sometimes take for granted their
marital partners. A man takes for granted the fact that his
shirt will be properly laundered, one way or another. A
woman takes for granted the fact that bills will be paid,
garbage carried to the alley, and the lawn kept properly
one way or another.

Children take for granted love and protection from their
parents. Real appreciation of parents too often begins only
when people grow up and get to be parents themselves.

EVER think how we here in America take services for
granted. All of us accept—and expect—water from the
faucet, light from the switch, a phone that rings, gas for the
burner, and letters in the mail box.

Never think just how much of our whole way of life revolves
around the United States mail service we take for granted
as a natural right and as a matter of course.

It is not time we all think about it. If you are reading
or listening to the news, you'd better be thinking about the
mail carrier standing in the cities.

Have you seen President Richard Nixon look so solemn since
that debate with John F. Kennedy?

Don't suppose he is wise enough to know how to settle
the strike threatening the nation as a whole?

Do not presume to know who is right and who is wrong.
Fact is, there is a strong feeling that both sides are right,
and both sides are wrong, at least in their methods.

If you are a working person, you must believe in a living
wage for faithful workers—workers too long taken for granted
by everybody from businessmen to tots writing letters to
Santa Claus.

If you are a thoughtful citizen you have to believe that the
President is, in the midst of his latest domestic
crisis. And that union leaders are trying, too, to Congress
needed to try harder.

DON'T SCARE too easily, personally. All a life long have
been really frightened and in normal equality to any living
creature, and war.

But this is the most restless I've encountered all a life
long. The admission that all we have to fear is fear itself
is no longer very comforting in the face of our country's
crime rate, outbreaks of bombing, riots, confrontations, pro-
tests, and the high cost of living.

Let us not forget that the high cost of living is the true
cause of this crisis. It is not enough to figure out the
cause of living, but to find a way to live.

Do know that neither rain nor sleet nor snow nor hail or
winter can keep the mail from going through. But the high cost
of living can keep it from getting to you.

Letters have always been a special joy. Talking about
letters from people you love or love here, and not letters
suggesting instant payment of bills.

Letters are better than long distance in some ways. You
can always read them again, and again, to see what that last

a soundness all its own.

FHA loans here in Mitchell

\$568,543 in cash—\$5,000 more

the few who have "flunked" out
in the loan program since 1947.

An additional \$347,395 in-
terest collected on real estate

"We have never had a real

And he likes to add, that four

S-3E Glenn Logsdon, Bride At Home In Norfolk, Va.

S/3E and Mrs. Glenn Miller Logsdon are at home in Norfolk, Va., following their marriage in Anderson, S. C., and a wedding trip to Texas.

Mrs. Miller is the former Freida Ann Ellison, daughter of Mr. and Mrs. Clyde Chastain of Anderson.

Mr. and Mrs. Paul H. Logsdon of 961 East 15th Street are parents of the bridegroom.

The couple was married at 5 p.m. March 7 in Assembly of God Church in Anderson. Rev. Richardson, church pastor, read double ring vows.

Steve Grant of Anderson was organist. He accompanied Miss Lula Bryant, also of Anderson, as she sang, "I Love You Truly" and "Wedding Prayer".

Church altar was centered with an arrangement of yellow and white gladioli, white carnations and yellow chrysanthemums. Candelabras with white tapers and white satin prayer bench completed altar decor.

The bride was given in marriage by her brother, Hoyt W. Ellison Jr. of Anderson. She wore a floor-length bride's gown of white satin and

peau do sole accented with lace appliques studded with pearls on bodice and elbow-length sleeves. Her heart-shaped train was fastened to the back empire waistline with a small flat bow.

The bride's shoulder length veil of illusion was attached to a headpiece of lace and pearls.

Mrs. Loretta Griffin of Anderson was matron of honor. Bridesmaids were Miss Diane Ellison, sister of the bride, Miss Darlene Cole, Miss Pam Philyan and Miss Susan Cleveland, all of Anderson.

They wore formal gowns of yellow brocade topped with white embroidered lace coats. Matron of honor carried a single yellow chrysanthemum. Other attendants carried single white chrysanthemums.

Tracy Lee Dutton, niece of the bride, was flower girl. Tony Keaton of Winnsboro, N. C., was ring bearer.

Candles were lighted by David Griffin and Bob Glenn, both of Anderson.

Mr. Logsdon served as his son's best man. Griffin, Glenn, Dennis Martin of Binghampton, N. Y., and Mike Ellison, bride's brother, were groomsmen.

Martin and Ellison also seated guests.

Home of the bride's parents in Anderson was setting for a reception honoring the bride and groom. Bride's table was marked with bouquet of white and yellow carnations, gladioli and chrysanthemums.

Crystal appointments were used.

The bride's going-away costume included a blue brocade dress and coat ensemble.

They visited in Colorado City during their honeymoon trip.

The bride was a student at McCaffie High School in Anderson.

S/3E Logsdon, a 1966 graduate of Colorado High School, attended Howard County Junior College in Big Spring and is now in the Navy stationed at Norfolk.

Attending wedding rites were guests from South Carolina, North Carolina, Virginia, New York, Florida, Illinois, Michigan and Texas.

late type loans. There is \$725, 366 outstanding in 47 farm operating loans.

But he has no qualms about those loans. On the contrary, he believes the FHA operation has a record that speaks a soundness all its own.

Interest through the years on FHA loans here in Mitchell County has paid the agency \$568,543 in cash—\$5,000 more than all its losses caused by the few who have "flunked" out in the loan program since 1947.

An additional \$347,395 interest collected on real estate loans will just about pay the cost of the office for the same period.

"We have never had a real estate foreclosure in this county's FHA program," Russell reports.

And he likes to add, that four loans he will close before leaving for Matador will be to farm families under 35 years of age.

"Those are the kind who will be here a part of the community, contributing to its business and agricultural economy for years and years," he said.

State Leaders Attempt Action As Offenses Increase

BY VERN SANFORD
Texas Press Association

Concern over the continuing rise in Texas' crime rate has brought new responses from top state officials.

Gov. Preston Smith created the new Texas Organized Crime Prevention Council to check organized crime, encroachment and appointed Atty. Gen. Crawford Martin and Col. Wilson E. Speir, Department of Public Safety Director, as co-chairmen.

Also named to the Council were Harris County District Atty. Carol Vance, Dallas Police Chief Frank Dyson, Dallas County District Atty. Henry Wade, Bexar County District Atty. Marvin Ted Butler and Houston Police Chief Herman Short.

Speir set up a specialized criminal task force to assist in the new coordinated fight on crime. Unit will be composed of DPS criminal law enforcement division members who include Texas Rangers, intelligence and narcotics agents.

Task force will work closely with the governor's Criminal Justice Council and local law enforcement agencies in an "accelerated and coordinated drive to combat statewide lawlessness in all its forms." Number of officers assigned to the new unit remains restricted information.

Meanwhile, state and federal officials met in the governor's office to pledge continued cooperation in control of drug abuse. Smith told U. S. Justice Department representatives that Texas is "pledged to do whatever is necessary to stamp out illicit drug traffic."

Governor also announced an April 2 conference sponsored by the Texas Pharmaceutical Association on drug abuse problems.

OIL ALLOWABLE--For the fourth month in a row, Texas Railroad Commission set a high statewide oil production allowable of 68 per cent of potential for April.

Factor will allow a maximum of 3,655,018 barrels a day for next month, same as March.

COURTS SPEAK--Mobile homes can be claimed as homesteads and made immune from seizure for debt, State Supreme Court agreed.

In other recent cases, the high court concluded that:

A youth who appears in juvenile court without parents must have a temporary guardian appointed.

Widow of an El Paso man who died of a heart attack gets no workmen's compensation because she could not prove the lifting work on his oil well servicing job brought on her husband's fatal illness.

Girl struck by a bottle thrown in a Marshall theater cannot collect damages from the theater operator. Decision reversed lower courts.

To void a policy on grounds of a false statement by applicants, an insurance company must show that falsification was willfully made with intent to defraud or deceive.

Court of Criminal Appeals held that it is not necessary to prove who fired the fatal bullet in a multi-gun shootout during an armed robbery to get a conviction.

Fact that a fugitive may have been brought into Texas from Mexico illegally does not prevent his extradition to a sister state, Court of Criminal Appeals held in the case involving an Illinois man wanted on a murder charge.

AG OPINIONS--Optional retirement program for hiring education personnel is limited to fixed or variable retirement annuities and does not contemplate carriers offering life insurance, Attorney General Martin held.

In other recent opinions, Martin found:

Filing deadline for Hardin County treasurer was extended

until March 10 by incumbent's notifying the Democratic county chairman on February 23 of his

intent to withdraw from the race and refusing to pay the balance of his filing fee.

Ellis County Road District No. 16 has no authority to pay out of its funds for the cost of

removing pipeline belonging to the city of Ennis from right-of-way of State Highway 34 within district boundaries. Same opinion noted "that the highway district can require the city to move the pipeline at city's own expense."

SHORT SHORTS

State Banking Commission approved applications of Bi-County Bank of Alief, Mont Belvieu State Bank, Spring Woods Bank of Houston and Union State Bank of Beaumont, but rejected applications of West Chambers County Bank of Mont Belvieu, Bank of Duncan-

ville, Meadowbrook Bank of Dallas, Intercontinental Airport Bank of Houston and Community Bank of Texas City.

Associated Milk Producers of Texas has enjoined the Animal Health Commission from allowing cattle to enter Texas from Mexico without a tuberculosis test.

Criminal Justice Council has approved eight applications totaling \$65,176 for drug abuse education, law enforcement communications, probation services and police training

attend Easter Services

After the darkness of Calvary, came the light of the resurrection.

Now, in these days of division and upheaval, things sometimes look dark,

too . . . that's why it's important for us to remember that Christ has con-

quered death and has shown us the way to obtain life everlasting for our-

selves. This Easter, as we rejoice in His victory over the tomb, let us pledge

to turn to our tasks with renewed faith and hope, striving to follow in His

footsteps. A happy and holy Easter to all!
