

HAIL DAMAGED COTTON -- This field of cotton was heavily damaged by hail Monday night. The cotton belongs to Aubrey

Smyth and was located on his father's farm just north and east of the Valley View Community Church.

Farmers Report Crop Damage

Area farmers were not granted their request of last week as far as the weather was concerned over the outlying farm area.

Farmers had expressed their hopes for a continuation of hot, dry weather for another month, but the weatherman turned the tables on them and sent rain this weekend, instead.

Some farmers received much more moisture than others, while a few farms located in the Valley View community received damaging hail and high winds.

Hugh Alexander reported one and three-quarters inches of rain with some hail. There was damaging wind reported along with the rain and hail.

Garland Long, Delbert Howell, John Norfleet and Marcus Breland all reported to have received up to fifty per cent hail damage on their crops, which were mostly milo and soybeans.

Norfleet said on the "home place" they received one and five-tenths inches of rain.

Glenn Phillips reported one and three-tenths.

Southeast of Halfway, Noah Tipton reported a heavier rainfall with two and eight-tenths falling on his farm.

Northeast of Halfway, a total

of three and four-tenths inches has fallen since Saturday night.

John Hambright reported one and seventy-five hundredths with some hail and wind at his farm. More hail was noted on the east side of his place than first realized. He said his pecans seemed to suffer a little damage also.

James A. Johnson said approximately one and five-tenths

inches fell on his crops, accompanied by hail and wind.

The cotton crop on the A. J. Smyth farm just south of the Valley View Church was completely stripped of its leaves and many, many bolls were knocked off and washed down to the ends of the fields.

Milo which was ripening was thrashed and the golden grains lying beside the shredded

stalks, while fields were washed by the rapidly moving water which the clouds dropped on the "nearly harvested" crops.

So as the days stretch ahead in that anxious time of "nearly harvest time", farmers look to the skies and hope for clear, warm days in order that they might be permitted to harvest the "fruits of their labors."

Mrs. Sherman Wins This Week, Also Leads In Football Contest

Two games in the weekly Enterprise football contest were tied in play this week and a few upsets left our readers with quite a number of incorrect guesses.

Everyone missed the games which were tied up and most everyone also missed on the Denver City-Lovington game.

Winner this week is Ruby Lee Sherman who missed only

three, the tied games and Green Bay-Minnesota Vikings. She was only off 11 points on the tie breaker score between Olton and Canyon, guessing it 28-14.

Second place winner this

week was T. J. Roberson, who missed four and he was tied with David Turner until the tie-breaker score was figured.

Roberson guessed the score 26-13, while Turner guessed it 28-14. Roberson was off 8 points and Turner off 11.

Mrs. Sherman will receive the first place prize of \$5, Roberson, \$3 and Turner \$2.

In the contest for the bowl

tickets, Mrs. Sherman moved into first place with a total of 25 points, followed by Billie Jean Wilkinson with 23 and Mrs. C. E. Nixon, Danis Gardner and

David Turner, each with 22. Top standings may be found inside this issue on page 4.

It's not too late to enter this week's contest. All you have to do is pick up last week's copy of the Enterprise, fill out the form and drop it in an envelope located at any one of the sponsoring merchants.

Remember, the quicker you get started, the more chance you have at being the season winner and owner of two Cotton Bowl tickets or tickets to the Sun Bowl.

Religious Census Of Area Slated

A religious census of the city and outlying area, including most of the school district, will be conducted Sunday afternoon, Sept. 29.

Churches participating in the census are First Baptist, First United Methodist, Main Street Church of Christ, Church of the Nazarene and Assembly of God.

Volunteer workers from the various churches will meet by 12:30 at the Fellowship Hall of United Methodist Church for lunch, instructions and assignments.

The census will begin at 1 p. m. Persons who know in advance that they will not be at home between the hours of 1 and 3 p. m. may fill out the family census form found on page 5 in this paper and leave on their door for workers to collect.

After completion of census, workers will return to the Methodist Church and cards will be sorted and distributed to the participating churches.

Oil To Be Applied On Highway 70

Olton farmers who are hoping the weatherman will forecast days of warm, sunny weather are being joined in that wish by officials of Kerr Construction Company.

Joe Cope of the Kerr Company announced Monday that finish work would begin on highway 70 the latter part of this week -- provided there was no rain.

Oil will be applied in half-widths, Cope stated, He added that drivers will be allowed to cross the oiled sections but

advised that drivers should drive slowly to avoid picking up an excessive amount of oil on their vehicles.

Barring inclement weather or other unforeseen delays the work should be completed in approximately two weeks.

"I have never been anywhere where the people were nicer or more cooperative than the people of Olton have been," Cope announced.

"We appreciate the fine attitude that everyone has had,"

Flood Control Of Draw To Be Discussed Oct. 3

Flood control of Running Water Draw, Plainview, Texas, will be considered by the Texas Water Rights Commission Thursday, Oct. 3, at 2 p. m. in the Hale County Courthouse in Plainview.

The hearing is called in accordance with state law to receive testimony both for and against the feasibility of a proposed U. S. Corps of Engi-

neers' project relating to flood control and other water problems of the Running Water Draw.

The project will cost \$3,200,000 provided upstream reservoirs, as proposed by the Soil Conservation Service, are built in Castro, Hale, Lamb, Swisher and Parmer Counties. Without the Soil Conservation reservoirs, the project will cost \$4,745,000.

Band Mothers To Meet Friday

A meeting of Band Mothers has been called for 3:15 Friday afternoon in the band hall to begin work on the new band calendars.

Mrs. Vernon Britton, band calendar chairman, announces that the project needs the help and support of all available parents.

Cattle Thief Arrested Here

A man wanted for cattle theft was picked up here last Friday by Lamb County Sheriff V.L. Smith as he walked down the street near the city hall.

The arrest was made by Smith and twenty two head of cattle were recovered.

Doyle Watson of Pittsburg County, Oklahoma, signed a waiver of extradition and was returned to Oklahoma, following his arrest.

He was taken to Oklahoma by Mil Loven and inspector for the Oklahoma Cattle Association, accompanied by a deputy sheriff of McAllister, Okla.

OHS Mustangs To Tangle With Mules Friday Night

The Muleshoe Mules will invade Olton Friday night to meet the undefeated Olton Mustangs at 8 p. m. in Olton Mustang Stadium.

The class AAA Mules are going to be a very large and aggressive team this year. They have a pair of dangerous halfbacks in Charles Beamon and Roger Swint.

Swint is said to be one of the better backs in AAA competition this year and is something else on defense too.

The Mule line is anchored by Terry Reasoner who is big and is described by Mule head coach, Dick Stafford, as being very aggressive. Helping Reasoner on the line is Joe Pat Riley who everyone describes as a tough lineman.

Coach Don Beck says that Muleshoe has a tough defense and may be a little heavier than Canyons was last week. They are very hard hitting and give up very little yardage to

an opponent so far this year they have averaged giving up only 1 1/2 TD per game. The Mule offense is led by Beamon and Swint's running, and has a quarterback who loves to pass. Muleshoe Mules were the last opponent to defeat an Olton Mustang football team on our home field. It happened 11 home games ago, when our seniors of this year were sophomores. The Mules won 7 to 0.

Starting lineups for Fridays game will be as follows:
OFFENSIVE UNIT - Joe Luera, Steve Burleson, Eddie Hooper, Jason Latimer, Tony George, Joe Hernandez, R. L. Copeland, Johnny Lewis, Charles A. McClain, Kenneth Johnson, and Benny Akin.

DEFENSIVE UNIT - R. L. Copeland, Kenneth Johnson, Jason Latimer, Steve Burleson, Barry Cowart, Eddie Hooper, Mickey Crowder, Tony George, Benny Akin, Sel Sanchez, and Charles A. McClain.

Wesley Neinast brought in the first bale of cotton here Wednesday evening to Olton Co-Op Gin and became the recipient of special prizes.

This includes a payment of \$228 from the gin and about \$140 worth of gift certificates from local merchants and the local Chamber of Commerce and Agriculture.

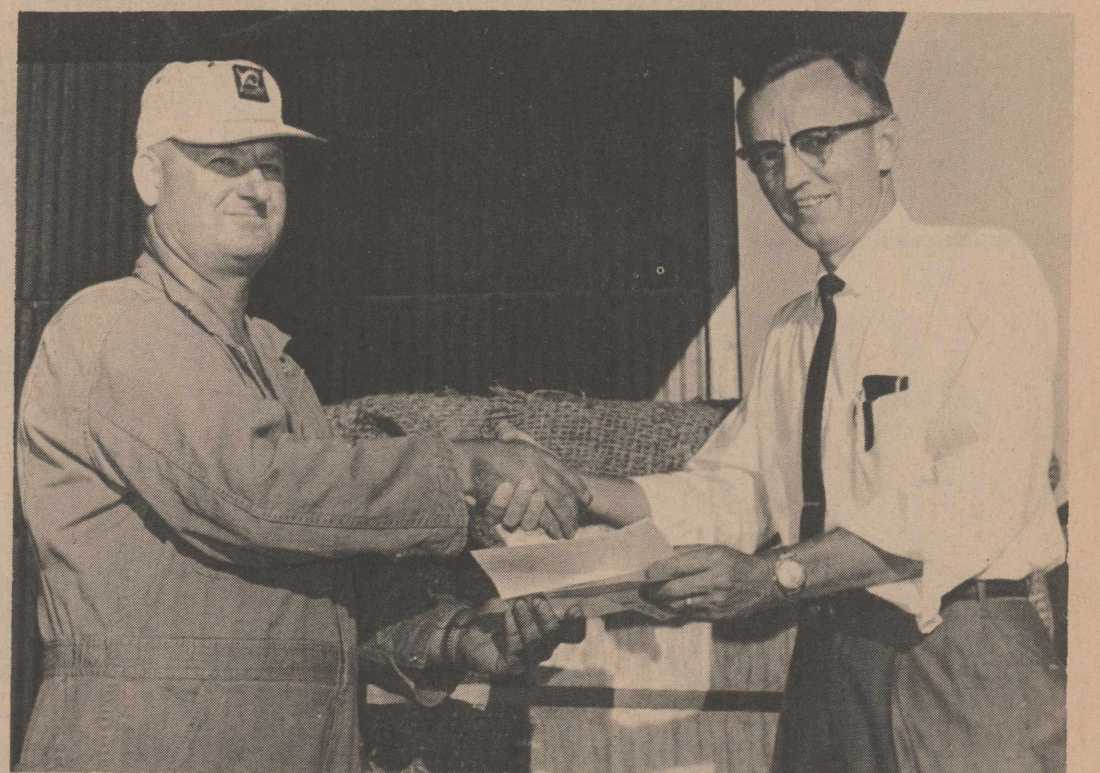

Neinast said the Paymaster III cotton was planted about May 1 and it was delivered to the gin Wednesday at 5:45 p. m.

He said he had pre watered and watered once and applied slurry mixed fertilizer.

The bale was taken from four acres with two to eight hands working three different days.

The gin paid 40 cents per pound and \$70 per ton for the seed, with ginning and wrapping free. The 2320 pounds of seed cotton produced a 490-pound bale and 920 pounds seed.

Olton C-CA awarded a gift certificate to Neinast in the amount of \$50 to be spent with any merchant in Olton who is a member of the C-CA and approximately \$140 in certificates were donated by several merchants.

PRIZES AWARDED---Chamber of Commerce and Agriculture manager Percy Parsons presents Wesley Neinast gift certificates to be spent with Olton merchants who are members of the C-CA. Neinast brought in the first bale of cotton to the Olton Co-Op Gin Wednesday evening to cop the prizes.

Annual Roundup Of Scouts Gets Under Way Here Monday

Kickoff of the 1968 fall roundup of Troop 220, Boy Scouts of America, sponsored by the Olton Lions Club, will be at the annual roll call of members, Charles Sullivan, Scoutmaster, announced today.

The roll call will be held at 7 p. m. Sept. 30, at the Boy Scout House as the first step in the 1968 membership campaign taking place in the South Plains Council from Sept. 16 to Dec. 13.

Troop 220 will also take part in the traditional Uniform Day on Monday, Sept. 30, when boys wear their uniforms at school and are prepared to answer questions about Scouting.

Boys who are ages 11 to 17 are invited to join Scouting during the fall roundup and attend the meetings of Troop 220. The Troop meets every Monday night at 7 p. m. at the Scout House.

All ex-Scouts, Scouts, Explorers, prospective Scouts, and parents are invited to attend the annual roll call and open house.

There will be a Board of Review and Court of Honor Oct. 7. Time and place will be announced next week. The public is invited to attend.

Anyone with old or broken toys, they are willing to donate to the Scouts are asked to bring them to Charles' Barber Shop or Parsons Funeral Home as soon as possible. The toys will be repaired and given to the Olton Chamber of Commerce and for distribution to needy families at their Christmas promotion.

It has been rumored from good sources, that effective Jan. 1, 1969, Explorer Branch of Boy Scouts will become Co-ed, (girls). Any boy or girl that would like to know more about the possibilities of forming an active Explorer Post in Olton are asked to contact the Boy Scouts. The Explorer Posts are specialized as to their activities. The post at Plainview goes in for water sports, the post at Tulla flies airplanes (not models).

The Troop will attend a 15 mile hike and overnight camp at Camp Haynes near Silverton

on Oct. 19 and 20.

At the Troop meeting Monday, Scouts practiced on Atomic Pioneering, which teaches the boys to work together, a requirement of a Scout. This team work will come in handy at the October Camp. The meeting was attended by 16 boys and the assistant Scoutmaster. Next meeting is Sept. 30 for annual roll call and a surprise.

PTA Meeting Set Tonight

Olton Parent-Teachers will hold their first meeting of the new school year at 8:30 p. m. tonight in the school cafeteria.

Theme of the meeting is "The Family Coming and Going". Teachers will be introduced followed by a fellowship hour so that parents and teachers may become better acquainted.

Mrs. Carroll Moss, PTA president, invites all parents to attend.

LEARNING TO MARCH---These seventh and eighth grade band students are pictured here learning the fundamentals of marching. They will march at a home game later in the season.

Dear Editor

In Favor Of Wallace

EDITOR:

May be everyone remembers Humphrey's speech July 8, 1966 in New Orleans. He said, "If I were living in the slums, I think you'd have had a little more trouble then you've had already, because I've got enough spark left in me to lead a mighty good revolt under those conditions." Of course he is for Fortas, read in the Lubbock Avalanche Journal where a national Democrat figure said, "Hubert Humphrey may be the first presidential nominee in history to lose all 50 states."

Nixon was in second top place when Warren was appointed, and he said, Abe Fortas was one of the ablest persons to be justice.

Fortas recently voted to let Communist work in U. S. defense plants, and was listed by U. S. Committee on Un-American Activities as having important positions in two Communist fronts.

One man said he had intended to vote for Nixon, but he came out for Fortas, and begin to use Wallace's speeches, so he decided to vote for Wallace, since they were his ideas in the first place he might not forget to use them.

I see no reason why Democrats couldn't vote for Wallace, he believes in the things Democrats use to believe in, what our fathers and grandfathers believed in, what made

America, great and free. He didn't leave the party, the party left him as it has so many others. My vote is for Wallace, I think he can and will be elected, if he isn't my vote will go to the man I feel is best for America, and I have done my duty to my country, and that I think we should do.

Wallace says, he will take the Communist out of our defense plants and our schools and have no income tax for families whose earnings are less than \$15,000. He knows a child can not be raised on \$600 a year, when the federal government job

Corps allows 7,000 a year, under the Cuban refugee program they assume minimal upkeep requires 1,200 a year an extra 1,000 a year in the boy or girl is attending school. In Federal prison, it costs to maintain one person, with no frills, \$2,300 per year.

It seems the tax paying moms and dads are being shortchanged. It seems Uncle Sam expects parents to manage better than he, because we usually do, one is getting too much on the other not enough, and those figures are uncles figures. The A.D.A. will pay more than 800 a year to upkeep an illegitimate child. Uncle Sam is spending 2.9 billion dollars more for relief than during the depths of the depression, sounds uncommonly extravagant.
Mrs. V. Y. Jefferies.

Political Record

(EDITORS NOTE: the following was handed to us by A. J. Smyth, being written by Elton M. Hyder)

POLITICAL RECORD

Here is the record, 1900 to 1968, for the Democratic and Republican parties:

We have had Republican presidents 33 years; Democratic presidents for 36 years. Republicans balanced the budget 21 years out of 33 years. And please bear in mind that the huge debt was created by the Dem-

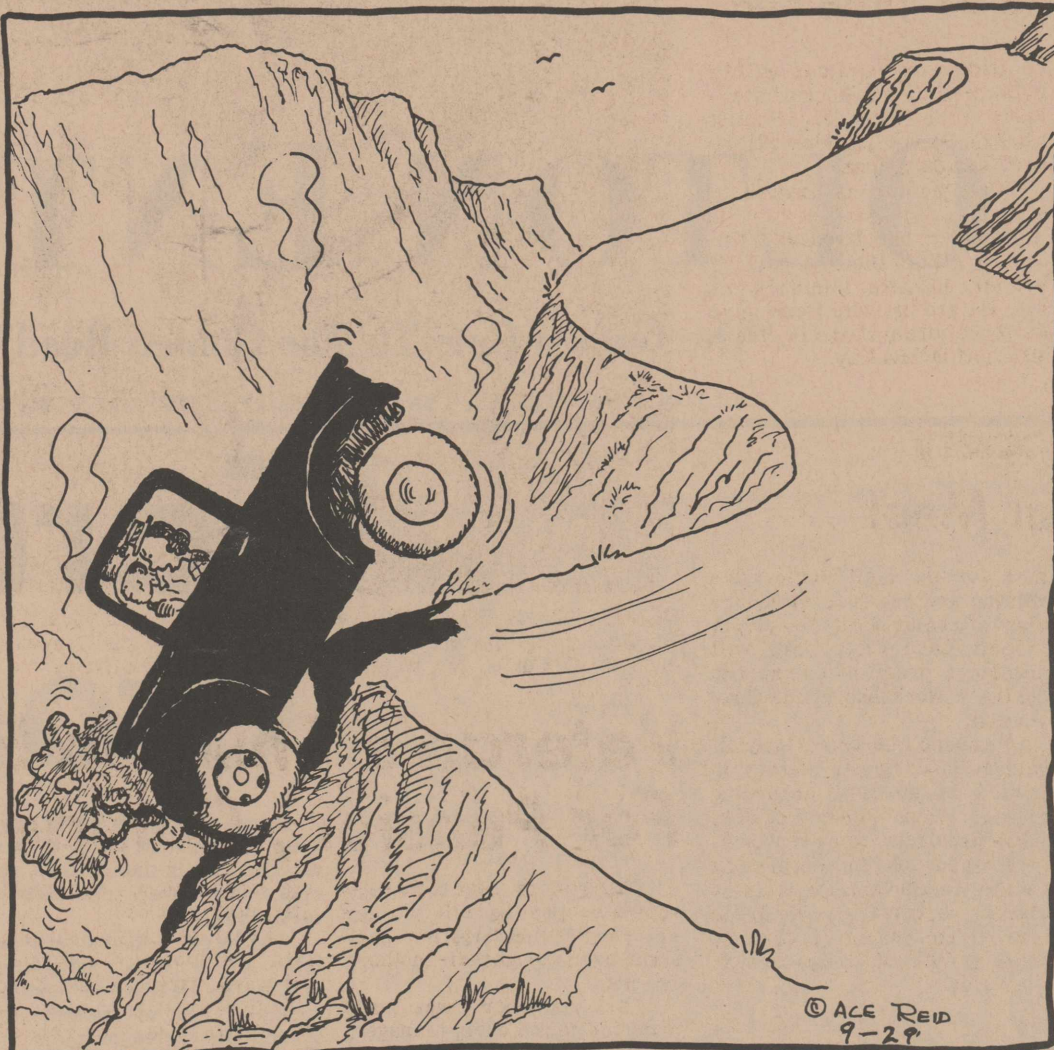

ocrats, which made necessary the few deficits the Republicans had.

Accumulated deficits of the Republicans were \$22 1/2 billion; the accrued deficits of the Democrats were \$34.5 billion. The Republicans had income taxes reduced six times and taxes increased only once. The Democrats have had 13 tax increases.

The Republicans have had no wars; the Democrats have had four. Isn't it time the taxpayers and voters started thinking?

Dear Turnrow Tunkel

Did you know that there is a Federal tax of \$100 an ounce on marijuana?

That might be the best way to get something done about all crime--tax it. Federal authorities seem to ignore much lawbreaking, but any time taxes are involved, they are real "eager beavers."

I read that whale meat is very similar to beef. An average whale yields 50,000 pounds of meat.

We occasionally buy a steer and have it processed for our freezer, but the way my family eats it might pay me to buy a whale. However, judging from my experience with steers, I'd probably end up with 100 pounds of steak, and 49,900 pounds of whaleburger.

I understand the Soviets still contend their troops entered Czechoslovakia at the invitation of Czech leaders.

It's hard to believe anyone would invite an invasion by unfriendly people, but it's possible. After all, Mayor Daley invited the Democrats to hold their convention in Chicago.

Sue's Views

Kids Galore

BY SUE CANNON

Well, hope all of you got to go and see Pat Boone at the South Plains Fair.

My children and I went down Monday to take in the big fair and of course, you know it rained. But luckily, we were already inside the coliseum at the time of the little down pour.

The kids didn't get to stay out on the midway as long as they would have liked to, but one thing for sure, my little Scott didn't get two inches away from me this year.

Last year, it was his misfortune to get separated from my sister's husband who had taken all the kids (9 of 'em). So he was extra careful this year to keep an eye on me. If you did get to see the Pat Boone show, there is no need in my telling you how entertaining it was and if you haven't seen it -- by all means you should.

Come to think of it, I should have let J. L. and Retta take my kids to the fair again this year!

They went off this weekend to visit mother and dad and their three kiddos stayed home, so I went out and spent the night with them. (I don't dare say I baby-sat with them, after all they are nearly all teenagers, in fact two of them are.)

Then there were my six, two friends of Retta's kids, and of course, the teenagers just had to go somewhere on Saturday night.

So I was up til midnight (curfew) waiting to see that everybody made it home alright.

Then Sunday morning, get them all up and get ready for church.

Now let's see, I believe I walked at least a mile going from room to room, trying to get all the little sleepyheads out of bed.

Then after church, gethome and get dinner as fast as possible. You guessed it. They wanted to go somewhere again!

Before we get the dishes off the table, there are two little friends of Guy and Joe (Mine and Retta's two) So now that makes ---well, two more.

Then the motorcycles begin. They have a ball for a little while then decide to watch football.

Some of them are gone by now.

Let me think, how many are here now that I need to keep an eye on.

(I kinda like to know where all the kids are even if they are old enough not to like to be watched over.)

So eventually everything settles down (Ha!) If you call fourteen kids in and out all day settling down, then things settled down.

I don't know how mothers used to manage families that size! I'd be a raving maniac I believe.

I thought six was a flurry of activity, but wow! double that number and add two and that's where the ACTION is!

Uncle Sam still needs you

Will your water heater's next birthday be a happy one?

■ It's not uncommon for a water heater to reach the age of retirement on its 10th birthday. Some may just dribble water . . . others rupture with resulting damage and yet others fail to put out as much hot water as they did in their youthful years.

If your water heater is approaching its 10th birthday then it's time you talked to your Public Service manager about the value of a modern electric replacement.

And, incidentally, should an electric water heater ever need servicing, your Public Service manager will take care of it for you.

Series Of Art Seminars Slated To Begin Oct. 8

"Arts of Ancient America", a survey of the arts of our continent, is the theme of the fall series of Art Seminars beginning Oct. 8 at West Texas Museum.

Conducted by Rabbi Alexander S. Kline, the series is in its eighth year, sponsored by the Women's Council of the West Texas Museum Association.

Pre-Columbian Indian cultures of our continent -- some twenty-five centuries of evolution in architecture, sculpture, painting and minor arts -- will be presented in the series of ten lectures by Dr. Kline.

The public is invited to enroll in the Art Seminars, which will serve as background for the spring lecture series on art in Mexico. All lectures are held in the Museum Auditorium on the Texas Tech campus.

Topics for the fall session are:

Oct. 8 - The Olmecs; Oct. 15 - Old Maya Empire; Oct. 22 - Chichen Itza; Oct. 29 - Indians of the Andes; Nov. 5 - The Incas of Peru; Nov. 12 - The Aztecs; Nov. 19 - The Toltecs; Nov. 26 - The Aztecs; Dec. 3 - Indian Arts of North America I; Dec. 10 - Indian Arts of North America II.

Mrs. H. A. Anderson, chairman of the Art Seminars Committee of the Museum Women's Council, stressed that the sessions are for both men and women. Tickets may be purchased at the Museum. Tickets for ten lectures for \$10 may be used in single or multiple admissions as desired. Each unit is com-

Veteran's Children Eligible For Pension, Compensation

Children of deceased servicemen may be eligible for Veterans Administration pensions even though their mothers are not.

This reminder was made today by Jack Coker, Manager, VA Regional Office, Waco, Texas.

"This situation occurs under two sets of circumstances," Coker said. "First, the unmarried widow may be ineligible because her income exceeds limits set by law.

"Second, when a widow receiving a pension for herself and her children remarries, she loses her personal eligibility for a pension based on her veteran husband's death."

Minor children, however, may continue to receive pension payments in either case, even though they live with their mother, Coker said. Their personal eligibility is limited only by their personal incomes.

If a child's income is greater than \$1,800 per year, no pension will be paid, but the child's own earnings are not counted.

Coker stressed that a widow's personal ineligibility should not prevent her making application to any Veterans' Administration office.

"Unless an application is made, we have no way of know-

ing about children who might be eligible," he said.

Pensions may be paid to certain survivors of veterans of all wars, including the Korean Conflict and the Vietnam era, who die of causes not related to their service. Eligibility and the amount of pension are determined by the survivor's income.

Compensation, on the other hand, is paid to the survivors of veterans who die of service-connected causes, and income of the survivor has no bearing

on eligibility or amount paid. Remarriage of the widow receiving compensation makes her ineligible, but as in the case of pensions, the mother's remarriage does not affect the eligibility of her children.

Full details are available at any VA office, Coker said. All applications should be accompanied by full identifying information on the veterans including, if possible, a VA claim number or insurance number.

Scholarships To Be Awarded Forestry Majors

Four \$1,600 scholarships for students majoring or minoring in forestry at any accredited college will be presented to four outstanding youths who are now or have been 4-H members, according to Buddy Logsdon, Lamb County Agent.

The grants are provided for the 12th straight year by Home-lite, A Division of Textron Inc. Candidates must have completed at least three years of 4-H work, and be in their freshman year in the fall of 1968, according to the Cooperative Extension Service.

Applications are to be submitted to the State 4-H Club office. For further details, contact the state office or the county extension office.

Final judging of the applications is done by a committee of extension personnel meeting for this purpose in Chicago early in November. Winners will be announced during the National 4-H Congress held the first week in December.

Chevrolet introduces 1969.

Caprice. Match this, you other 69's!

There is no joy in the land of our competitors today. But let us ask you this.

Should we have made Caprice shorter instead of the longest Chevrolet ever built? Or adorned it with flashy nicknacks to make it look less expensive?

Just because competition doesn't, should we not have offered you washers to clean your headlights,

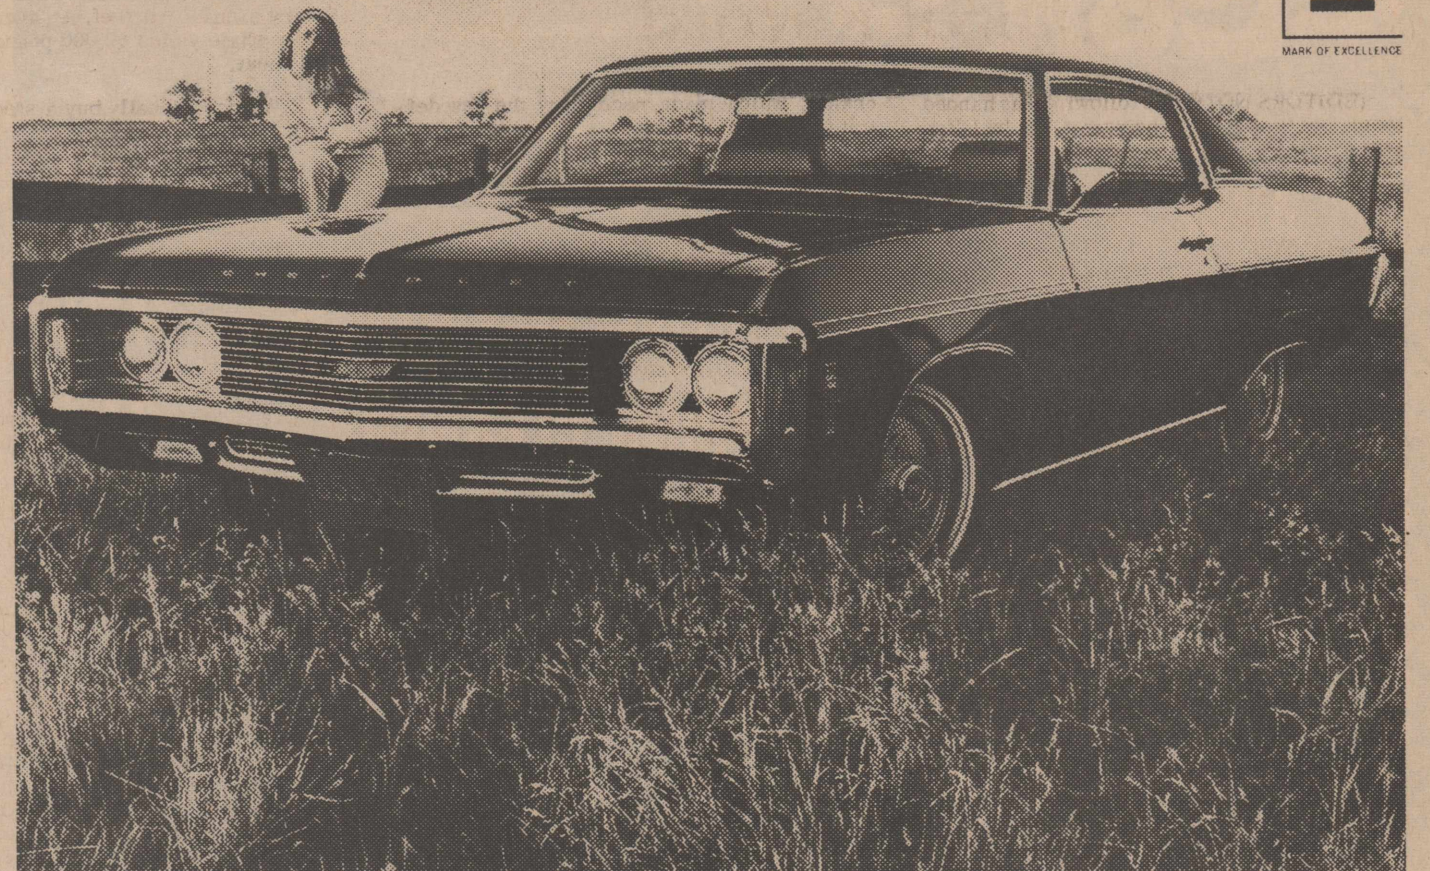

new variable-ratio power steering, liquid tire chain you can apply to your rear wheels at the touch of a button?

Should we have given you less power, instead of the largest standard V8 in its field?

Some people think so.

Our competitors.

'69 Caprice Coupe

'69 Camaro SS Sport Coupe, plus RS equipment

Camaro. Who needs to say "announcing" or "new". The Huger.

And just look how it all hangs together. No gingerbread anywhere.

We've improved the interior, too. Quieted the ride. Made the Astro Ventilation ventilate better.

The power range is very impressive.

Standard V8 is 210 hp. SS engines available up to 325 hp. For added SS appeal: sport striping; power disc brakes; wide oval, road-hugging tires.

Your Chevrolet dealer offers this advice:

Go on, you other sportsters. Gnash your gears and look tough.

Maybe it will help.

Putting you first, keeps us first.

Representative Bill Clayton To Be Honored At Banquet

A gala event honoring State Representative Bill Clayton is being planned for Oct. 14 by Democratic Party members from the 72nd Legislative District.

More than 1,000 residents of the District, as well as from various points over the state, are expected to attend the Clayton Appreciation Banquet slated for the Junior High School Gymnasium in Littlefield.

Tickets are already being sold, at \$10.00 per person, and general ticket sales chairman, Frank Cummings of Littlefield, is expecting a sell-out crowd early.

G. T. Sides is chairman of ticket sales for Lamb County while Howard Hall is in charge of ticket sales for Olton.

General Chairman of the banquet is Bill Armistead of Littlefield.

Representative Randy Pendleton of Andrews is working

with Plainview's Rep. Ralph Wayne coordinating the attendance by most of the top personalities in the state-wide Democratic Party organization. Pendleton anticipates "at least three commercial plane loads" to come to the event honoring Clayton.

The Andrews representative said Clayton is one of the most popular delegates in Austin, among his constituents. "He is known to all of us as the recognized authority on water needs and legislation," Pendleton said.

Dr. Mary Bubliss Speaks To Kimichi Study Club

Kimichi Study Club met Thursday, Sept. 19, at Olton Women's Clubhouse. Mrs. Buster Nicholas gave the welcome. After roll call, Mrs. Garland DePrang introduced the guest speaker, Dr. Mary Bubliss of Plainview.

Dr. Bubliss gave an enlightening talk on the Comprehensive Community Mental Health and Mental Retardation Foundation. The mental health program involves a nine county area of the South Plains, including Lamb County. Dr. Bubliss gave details of the new mental health facility, a part of a new hospital, presently under construction in Plainview.

Kimichi members were particularly interested in learning about the High Plains Children's Training Center, where they do volunteer work. The center helps culturally deprived, brain damaged, and retarded children, some fifty percent of whom are so improved that they can enter the regular school program. The Training Center has received a grant in aid from State Mental Health Funds this year.

President Mrs. Lonnie Smith conducted a business meeting, and everyone welcomed a new member, Mrs. B.

Presenting Cadillac for nineteen sixty-nine

A masterpiece from the master craftsmen

Beautifully new, distinctively Cadillac

Above, the 1969 Fleetwood Eldorado. Below, the 1969 Hardtop Sedan deVille. Cadillac Motor Car Division.

Even Cadillac has never built one like this!

The craftsmen who engineer and build Cadillacs are accustomed to creating the finest of motor cars, but they take special pride in these brilliant 1969 models.

A single glance at this automotive masterpiece reveals striking poise and beauty, dramatically new, yet unmistakably Cadillac. For 1969, Cadillac's traditional dignity is complemented by youthful styling unique in the luxury field.

New concepts in comfort and convenience.

The 1969 Cadillac is completely new inside, with major innovations in design, convenience and decor. A newly contoured "control center" instrument panel makes controls even more accessible, and virtually surrounds passengers with luxurious protection and convenience.

A smoother, more responsive engine.

Cadillac's great 472 V-8 engine—the largest V-8 ever to power a production passenger car—is smoother, quieter and more responsive. Never before has power been employed so efficiently in the operation of a car and its equipment. And for 1969 front disc brakes are provided.

Your judgment is invited.

There are eleven different models of the 1969 Cadillac, more than is offered by any other luxury car manufacturer. Each is truly a masterpiece from the master craftsmen.

Your authorized Cadillac dealer welcomes your personal inspection of this once-in-a-lifetime motor car. Stop by and drive one at your earliest opportunity. We think you'll agree that this is the greatest Cadillac ever built.

Tax Man Sam Sez:

Both Halves are Re-evaluated.

The Texas Community Property law creates quite a few differences in the income tax you owe. One of the surprises is the fact that both halves of the community property estate are re-evaluated as of the date of death.

To illustrate how this works, grandpaw and grandmaw bought a 1000-acre ranch in 1920, for \$1,000. Under the community property law of Texas, if they sold the ranch in 1967, grandpaw had a \$500 basis for his half and grandmaw had a \$500 basis for her half. In 1948 they struck oil on the ranch, and shortly before grandpaw's death in 1968 an engineering appraisal placed a \$1,000,000 value on the ranch. The Crude Oil Com-

pany offered them 1,000,000 for the property, but grandpaw decided not to sell; even though they could take a capital gain, they would owe about \$250,000 taxes, since they only had a \$1000 basis. Grandpaw died on May 1, 1968. His half of the property went to their children, but grandmaw still owns her half. However, on December 1 grandmaw decides to take the Crude Oil offer of \$500,000 for her property. She does not owe any income taxes. Naturally there will be an estate tax on the \$500,000 value of grandpaw's property. The effects of the community property law have become far more important in recent years, since the value of most property has increased a great deal during the life span of the owner.

'Angel King' Detained By Illinois Police

Not since the days of the Keystone Kops has there been a comedy to equal the "detainment" Wednesday of Jackson M. Luker of Buckley by Kankakee police.

It all started when the "angel king" and well-known former Urbana resident walked into the Western Union office in Kankakee to send a telegram to President Johnson.

Luker, with one of his Angel food cakes in a box and a copy of the lengthy telegram in his hand, approached the desk.

The Western Union people took a quick look at the telegram and the box Luker had with him and then called the police.

Luker's telegram, which is appended at the end of this story, is his solution to the trouble in Vietnam, and after hearing what the opposition to the war offers for solutions, Luker's idea is probably as good as any.

But, the word bomb disturbed the Western Union people. The police arrived, and asked Luker what he had in the box.

"An angel bomb," Luker reportedly replied.

A captain on the Kankakee police force explained Thursday that the officers investigating were young men on the force and did not personally know Luker.

Taking Luker very seriously, the police called for reinforcements. The package was gingerly removed to a parking lot.

Luker, who is 60, was reportedly handcuffed and taken to the police station.

When the officers opened the box, they saw popcorn wedged tightly a shiny aluminum object. Closer investigation revealed an angel food cake.

The captain said that when he was called in on the case, the officers had brought 23 other boxes to the police station in case there might be a bomb in one of the boxes.

The captain said he told them they were really "shrewd" for bringing a possible bomb into the police station.

After FBI agents and the "older" members of the Kankakee police force closely scrutinized the copy for the telegram, Luker was released.

Dress Your Car For Traveling

Herb Beck, veteran travel editor and writer, makes this interesting comment:-

"Dress comfortably and travel light, but don't forget that autumn weather can change on short notice. And don't forget to take along an extra pair of well broken-in shoes. Be sure to wear your seat belts at all times in the car.

As for your car, before starting out, see that your tires have plenty of good wear left, and the same goes for your brakes.

Among the most important items of wear are the windshield wipers. No matter whether the wiper mechanism still works like a metronome, if the blades streak you can't trust them. Have them refilled or replaced.

Don't wear signs or doodads or swinging knickknacks in the windows of your car. Keep your visibility as clear as the clear blue sky.

Take along a raincoat or a top coat that you can wear when needed away from home.

Everything But The Kitchen Sink

BY MOZELLE TROTTER

Each Wednesday night I make a mental list of "New Week's Resolutions" and, lo and behold, it's easier to break New Week's Resolutions than it is New Year's Resolutions!

Probably most of you DON'T know what kind of hours US GIRLS at the Ladies Gazette keep on Wednesday. Well, let me tell you, Honky Tonkers aren't the only ones out at "Three O'Clock in the Morning."

Boss Lady and I picked up a little morsel of advice for column writers at the West Texas Press Convention. That bit of wisdom was, "Write your column early in the week. Don't wait till the last day. Don't hurry it."

Well, we try real hard to do just the opposite of that I guess, at least it seems that way come Wednesday night.

Of course, there's one thing to be said for waiting till one minute and 13 seconds before deadline to write the things. If space is short, WE usually get left out and it would be a shame to have labored over a literary epic only to find there wasn't room for it.

At any rate, each Wednesday night, come "paste up" time I vow "next week I'll --"

DEADLINE: "The Latest possible time for doing something."

Well, sometimes we even wait past the deadline to get started!

After we've put off and put off and PUT OFF we grab a fresh sheet of paper, roll it in the typewriter, get our fingers set and -- everything goes blank.

Of course, if our consciences would let us -- and our readers would still read us -- we could write volumes all about our children.

After numberless false starts and countless wads of paper ripped from the old typewriter, I'm shocked to discover I've done it, I've written inches. Yeh, even though I haven't said a thing!

One more Wednesday it's done. Now, Let's see, in the morning I'm going to start my column for next week. Wonder where Shakespeare got his inspiration?

Former Olton Mustang Quarterbacks For Sul Ross

Richard Harvey broke into the college head football coaching circles at Portales, N. M., with an impressive win last Saturday (Sept. 14) as his Sul Ross State College Lobos defeated independent Eastern New Mexico University, 20-7, before a season-opening (and stadium opening) crowd of 4,500.

The victory marked the 25 time that the Lobos have won their season opening game since they began playing varsity intercollegiate football in 1923.

The Lobos scored the first touchdown ever scored in ENMU's new off-campus Greyhound Stadium, located about seven miles east of Portales on U.S. 70, as junior running back Mack Murphy, 5-7, 160-pound junior transfer from Cisco Junior College, went around the tight end for six yards to score. The extra point try failed.

The Greyhounds managed to score with 10:37 remaining in the second quarter as Charles Gilmore carried off left tackle for three yards and a touchdown. Gilmore's extra-point try put ENMU ahead for the first and only time, 7-6.

It took Coach Harvey's Lobos about two minutes to go ahead of ENMU as Lobo quarterback Joe Priest, 6-0, 170-pound junior from Olton, ran 39 yards around left end on a keeper for the Lobos second touchdown. Dana Beck's kick was good and the score was 13-7, with 8:18 left in the second quarter.

No more points were scored until the fourth quarter when Lobo quarterback Priest threw a 65-yard touchdown pass to split end Jacob Henry, 5-8, 160-pound senior from Denton, for the Lobos' third TD of the game. Beck's kick was good and made the score 20-7.

The Lobos had the top man in the game rushing, passing, and pass receiving categories. Danny Foust, 5-11, 195-pound senior from Sweetwater, was the game's individual rushing leader as he carried the ball 21 times for a net gain of 69 yards. Another Lobo, Mack Murphy, was the No. 2 individual rushing leader. Murphy carried 11 times for a net gain of 63 yards. The leading rusher for ENMU was O'Brien who carried eight times for a net of 49 yards.

Sul Ross quarterback Joe Priest completed 6 of 16 passes

for 107 yards. He had one pass intercepted. ENMU's quarterback, Ray Hollingsworth, only completed 4 of his 7 passes for 74 yards. He had three passes intercepted.

For the Lobos, Henry and Murphy each caught a touchdown pass. Some of the SRSC-ENMU game statistics are as follows: total first downs -- SR 14, ENMU 8; net yards gained rushing -- SR 161, ENMU 148; net yards gained passing -- SR 107, ENMU 74; and total offense yardage -- SR 268, ENMU 222.

The Lobos now hold a 12-3 edge over the Greyhounds in the series which began in 1946.

The next opponent for Sul Ross will be Angelo State this Saturday (Sept. 21) at 8 p. m. CDT at Jackson Field in Alpine.

Eagles Fall To Mustangs 22-9

BY ELMER HOUSTON

Olton's Mustangs won their second game of the young football season Friday night as they defeated the class AAA Canyon Eagles 22-9, before a large home crowd of Mustang rooters.

Mustang offense was led by the hard running of Charles A. McClain, passing by Johnny Lewis and pass catching by Joe Luera and R. L. Copeland. Olton

completed 10 of 15 passes during the game.

Mustang defense was anchored by Benny Akin, with 24 tackles, Steve Burleson, 17 Eddie Hooper, 16, Sel Sanchez, 15 and Tony George.

Coach Don Beck termed the defense as a team effort as all of the boys on the defensive team had nine or more tackles each, which he said is wonderful.

Olton kicked off with Canyon receiving. Erwin brought the

ball out to the Canyon 16 yard marker where he was tackled by Benny Akin. Mustang defense held with Canyon punting to the Canyon 40.

Olton was unable to gain a first down on their possession after drawing a five yard penalty and going for no gain on fourth down.

Each team then traded punts as both defensive units tightened up.

Olton started their first drive after receiving a Canyon

punt on the Olton 41. Lewis passed to Copeland for a first down on the Canyon 47.

Then on second down McClain plowed 10 yards to the 37 for another first down. On first down Lewis handed off to McClain who tossed a pass to R. L. Copeland on the Canyon 23.

From there McClain broke through the right side of Canyons line and romped the 23 yards to paydirt. Extra point was kicked by Hooper and Olton led 7-0, never to be behind during the night.

After holding Canyon and forcing them to punt to the Olton 34 yard line, the Mustangs picked up a first down to the Canyon 44 with a pass to end Joe Luera.

Then on second down Olton fumbled with Canyon recovering on their own 44 yard line.

Early in the second quarter, Canyon aided by the fumble moved to the Olton 26 before being thrown back to the Olton 33 for a loss and a fourth down pass fell incomplete, as Olton got possession of the ball on downs.

As two running plays gained short yardage, Olton quick kicked on third down to the Canyon 34.

Mustang defensive line rose to the occasion and held the Eagles, forcing them to punt from the Canyon 35.

R. L. Copeland hauled the punt in and handed off to Charles A. McClain who circled to his right, broke a tackle, faked a couple of Eagles out and roared the 70 yards for his second touchdown of the night.

Eddie Hooper kicked his second extra point of the game with 7:06 left in the second quarter to put Olton in front 14-0.

After forcing Canyon to punt again, Olton took over on their own 34. On second down quarterback Johnny Lewis faked a hand off to fullback Johnson going into the line.

And what a fake that was! It was too good in fact. The referee thought Johnson had the ball and blew his whistle to end the play, meanwhile back on the football field Lewis had pitched out to McClain and he was crossing the goal line 65 yards away.

But the whistle had blown and the play was called back

with the loss of the down and Olton quick kicked into the wind on the next play to the 50 yard line.

Canyon gained three yards in three plays before punting to the Olton 15. On first down Akin fumbled and Canyon recovered on the Olton 10.

Mustang defense, led by Burleson, Hooper, and Johnson held the Eagles on the Mustang six inch line just a thin hair away from a first down, during the night.

Fullback Kenneth Johnson moved the ball out four yards through the center of the Eagle defense, but to no avail as Olton lost another fumble to the Eagles on the next play.

On third down from the two, Eagle fullback Pokey Haimmer drove over for the TD.

Kenneth Johnson blocked the extra point try and Olton led 14-6 with 1:23 left in the half.

The third quarter found both teams punting to each other and Canyon recovering an Olton fumble on the Olton 30 with 5:51 left in the quarter. From there Canyon moved to the 17 from where Lon Connors kicked a 27 yard field goal making it 14 to 9.

Late in the fourth quarter the Mustangs moved from their 29 to the Eagle four and one-half before losing the ball to Canyon on downs.

Canyon moved out to the 17 before Steve Burleson nearly had a linemans dream come true as he slapped an Eagle pass up into the air and caught it himself. Then the 214-pound tackle tucked the ball under his arm and made like a full-back as he charged to the two yard line before being pulled down.

From there Lewis dropped back and hit R. L. Copeland in the end zone with a perfect pass for the TD.

Quarterback Lewis iced the game down by passing to McClain for the extra two point conversion to make the score 22-9 with only 1:26 remaining in the game.

The game ended with Olton reserves stopping the Eagles on the Canyon 25.

Headhunters from the defensive Mustang unit for this week are, Benny Akin, Steve

MUSTANG END R. L. COPELAND had just received a McClain pass. R. L. was pushed out of bounds on the Canyon 23. Charles A. McClain scored on the next play.

Eighth Grade Colts Knock Out Shorthorns

The Olton eighth grade Colts started out slow last week but finished up with a bang as they put it on the Lockney Shorthorns 38-6. Danny Harris picked up 286 yards rushing while scoring three touchdowns and two extra points for a total of 20 points. Grady Durham had two points, Bert Garza, six points, Reyes Rodriguez, eight points, and Keith Workman, two points.

Harris had runs of 55, 35, and 10 yards for his three touchdowns and Bert Garza traveled 60 yards for his.

The Olton defense was outstanding all night, intercepting passes and recovering several

fumbles. Everyone on the squad played, gaining some experience.

Next game is here next Thursday Oct. 3 against Littlefield at 8 p. m.

Seventh Grade Dehorns Lockney

Olton's seventh grade Colts put it on the Lockney Shorthorns 14-0 Tuesday night here in Olton. The team had really improved since last week and they proved it as they held the Shorthorns scoreless. James Harris and Monty Chitwood each scored a touchdown for Olton and Dale Parson ran an extra point for two points to round out the scoring for Olton.

Coach Splawn said the team made few mistakes this week and were really coming along nicely. Numerous players really did a good job. The next game is here next Thursday at 5:30.

FOOTBALL CONTEST

The teams that are playing in this week's contest games are listed in each of the ads on this page. Each team is numbered, 1 through 26.

Use the handy entry form at the lower right hand corner of the page and circle the numbers of the teams you predict to win. Print the scores you predict in the tiebreaker game in the spaces provided.

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries.

Sponsoring merchants may accept mailed entries. All late entries will be discarded.

In case of ties, a coin will be flipped to determine the winners.

Each week the number of games predicted correctly will count toward each contestant's season total. The person picking the most games correctly for the entire season will receive the grand prize. The person with the second highest total will receive the second grand prize. In the event of a tie on the season total, a coin will be flipped to determine the winner.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.

Did you think you smelled cotton candy and heard carnival music and saw bright colors flashing around you Monday afternoon? Well, don't worry, nobody got the oral polio vaccine mixed up with L.S.D., school really did let out early for the fair. We left at 2:30 to meet all the kids already there from surrounding swinging towns on the day they give especially to us. Oh boy!

Everybody had a lot of fun blowing their money trying to win a 99¢ teddy bear, and getting sick eating candy apples and riding stomach-juggling contraptions. Then, after everybody was totally exhausted (and washed out by the rain) we came home just in time for school Tuesday. Oh joy!

FAMOUS LAST WORDS:

I'm not going to read that book, I can write a report without it... I'm not going to get my homework, she never takes it up... So if the music, there's enough others playing, I won't be missed... I'm not going to study for six weeks tests, I already know it... Let me copy your theme, he never

reads them, anyway... I'm not leaving the building, it's only a fire drill... I think I'll add a little of this stuff to my chemicals, Mr. Driskill won't notice... We have three weeks for our research papers... Seniors 69... I think I'll eat in the lunchroom today... So, we were supposed to be at band practice at 6:30, he won't do anything about it.

Our old friend, that coolie from the sandhills, got his feelings hurt. He only got a few letters this week, and he wanted 'em so bad -- so he upped kiddies and give your problems to him!

We have our own personal classified section this week:

Wanted - A mistake-proof typist. - Mr. Howton
Wanted - Mistake-proof typewriters. - Mr. Howton's typing class
Wanted - a large lunch tray - Russell Tanner
Wanted - summer back - Student Body of O.H.S.
Wanted - a closer Level-land - Luci and Helen
Wanted - May 23, 1969 - the senior class

We got to thinking what if things were different around school--just think, what if Bob Starritt ever said hello with a smile... If the Mustangs lost a game... If the twirlers caught the football field on fire Friday night... If Mrs. Maxey were six-four... If everybody in town liked Sr's 69... If a certain junior had a meek nature (SS)... If Teresa Necley had black hair... If we didn't write this lovely gas... If the halls were painted phycidelic... If Godfrey Chaucer was never born (what about it, Seniors?)... If the ban marched without mosquitoes... If the Civics class could civic... If we quit this silly if-ing!

Yes, if you're still wondering and didn't catch it on the sports page, we beat Canyon, too.

That yippie old man from the dunes again -- he has a groovy dictionary that says ice is freezy skid stuff. Oh yeah, he says a Mummy is an Egyptian pressed for time, tool. Of all the CORN. But he hasn't recovered from his last freak-out at the National Honor Society meeting held in Mr. Murphy's room after school Tuesday, so you gotta allow-- Oh wow. Now it's time to end this foolishness, and give our definition of love.

Love to a cement floor is one thousand pairs of shoes with taps on them.

Planning Ahead For Safe Trip

Fall vacation trips are becoming increasingly popular, according to Harry Porter, Jr., manager of the National Safety Council's Traffic Department. and he reminds motorists that the same common-sense rules apply, whatever the season. Here are his suggestions for a safe, carefree trip this fall, or any time of the year:

Get enough sleep before starting. Don't drive like a "dope."

Plan your trip for a reasonable number of hours of driving each day; no more than two hours at a stretch per person.

Leave an itinerary with someone you can depend on to reach you in case of an emergency.

Turn off faucets, lights and gas appliances at home. Connect a timer to turn on lights automatically. It's a good insurance in evening hours. Homeowners should also notify their local police department.

Stop newspaper and milk deliveries and make arrangements for your mail.

Have your car checked by a competent mechanic, paying special attention to brakes, tires and lights.

Replace or refill streaking windshield wiper blades.

If you have diabetes or other medical problems that could require prompt recognition, carry necessary identification.

Study a map so that you can anticipate route changes, intersections and interchanges before you get to them.

Keep pace with traffic. Signal for turns and lane changes well in advance.

Get plenty of sleep and rest before starting out again. Remember, driving can be enjoyable!
