Chairman Selected for Paralysis Fund Drive Here

PRESIDENT'S BIRTHDAY TO RAISE FUNDS

Ball and Entertainment Program Planned to Raise Funds For Crippled Children

LeMaster is Chairman

"March of Dimes" Sale Will Be Conducted in County To Add to Funds

E. W. LeMaster has been selected as chairman for the forthcoming President's Birthday celebration including all of Ochiltree County, by William L. Clayton of Houston, chairman of the state committee. LeMaster will make a selection of committee members immediately and a meeting will be held to draft definite plans for celebration events to be held here. It is probable that a program or banquet will be arranged at the school house for those who do not care to attend the ball. A "March of Dimes" sale will also be conducted in the county.

Fifty per cent of all funds raised in the county through celebrations will remain here for direct assistance to infantile paralysis victims. The remaining 50 per cent will go to the National Foundation for Infantile Paralysis to promote research and preventative measures to reduce the toll of the disease throughout the nation. The funds retained in the county will be administered by a local chapter organized for that purpose.

In announcing the appointment of the county chairman, Mr. Clayton said that this year's celebration will be held over the nation the night of January 30, Tuesday. "We are making this effort in behalf of the crippled children of our country, state and nation," said the chairman, "and I trust that every citizen in your community will join with you in this splendid movement for suffering humanity."

The local chairman said that an intensified drive would be made in the county for funds.

PERRYTON TEAMS ENTER SPEARMAN CAGE TOURNAMENT

The Perryton school will be represented at the Spearman Basketball Tournament on Friday and Saturday, January 5-6. The boys and girls teams will enter.

Supt. Roger A. Burgess said Wednesday evening that he could not give the time that either team would play as he had not received the schedule of games.

Mr. and Mrs. E. E. Shupe and sons, Eldon and John, of Ford, Kansas, were week-end guests of Mr. and Mrs. C. E. Woods. Mr. Shupe, former coach of the Perryton school, has been superintendent of schools in Ford for several years.

Censors Lewis In Chicago Plays

James C. Petrillo, head of Chicago Federation of Musicians (AFM), thought John L. Lewis was getting too much publicity in the limelight, so he successfully ordered the name of the CIO leader deleted from all stage shows in the city by threatening a musicians' strike.

Chamber of Commerce Director Election

The annual election for members of the board of directors of the Perryton Chamber of Commerce to serve during 1940 is now under way. Ballots carrying the names of the fourteen men selected as candidates by the nominating committee have been mailed to all members by Secretary Harry E. Caylor.

The nominating committee as appointed by President W. M. Euston is composed of Dr. Manse Wood, chairman; W. B. LaMaster, Glenn McGibbon and B. H. Kent.

The nominees are F. B. Sumpter, Virgil Castle, Garland Redfern, Frank Boyle, J. H. Stephenson Jr., H. C. Sanford, Jerry Boston, John W. Greer, W. R. Reid, R. H. Holland, A. N. (Fred) Dowers, Clyde Pinson, Clarence Neufeld and E. W. LeMaster.

Members are asked to vote for seven directors from the above 14 candidates or they have the privilege of writing in the name of any other members of their selection. Ballots must be returned to the chairman of the nominating committee by Jan. 10.

The board of directors for 1939 was composed of W. M. Boston, C. B. Rogers, H. I. Hudson, Irvin R. Buchanan, F. B. Sumpter, Virgil Castle, and Garland Redfern.

Auto Plates Here

Auto Licenses for 1940 Received And Go on Sale Beginning First of February

The 1940 automobile licenses for Ochiltree County arrived Sunday at the office of J. S. Talley, tax assessor-collector, and will be offered for sale beginning February 1. They do not have to appear on cars, however, until April 1.

The plates for passenger cars this year have a white background with purple figures. The following licenses were received: 1,350 for passenger cars; numbered from 949-301 to 950-690; 200 licenses for commercial cars, numbered from 159-601 to 159-800; 450 farm truck licenses numbered from 202-251 to 202-700; 2 motorcycle licenses numbered from 36-21 to 36-22; 30 trailer licenses numbered from 39-391 to 39-420; 10 dealer plates numbered from 4409 to 4418. Total licenses received were 2,042.

The plates are made by the Texas prison system at Huntsville and were delivered by trustees from the prison.

Methodist Women To Hold Officers Training School

Officers and members of the Women's Missionary Societies of the Methodist Churches of the Perryton District will hold an officers training day in Phillips, Texas, on Thursday, January 11, starting at 10 a. m. Mrs. Roger A. Burgess, Perryton, district secretary will preside during the meeting.

Mrs. C. M. Randall, Seymour, president of the Northwest Texas Missionary Society Conference, will attend and address the gathering at the afternoon session. Other conference officers who will be present and assist with the school of instruction are: Mrs. C. A. Bickley, Abilene, vice president; Mrs. J. O. Haymes, secretary; Mrs. Oran R. Key, Vernon, in charge of children's work; Mrs. Dewey Smith, Childress, superintendent of Study; Mrs. I. D. Cole, Amarillo, chairman Christian Social Relations.

According to Mrs. Burgess, the theme for the day will be "Study to Show Thyself Approved." The program for the morning session, opening at ten o'clock, is:

Opening Song; prayer; musical number by Phillips Devotional, Mrs. P. E. Yarbrough, Perryton; "Opening Treasures," Mrs. Dewey Smith, Childress; violin solo, Mrs. W. A. Cox, Gruver; period devoted to group study; "Spiritual Awakening," Mrs. C. A. Bickley, Abilene.

Lunch will be served at noon by members of the Phillips Missionary Society. The afternoon program is: Opening song; prayer; solo, to be furnished by Dallas; talk, "Children in the Kingdom," Mrs. Oran R. Key, Vernon; walk, "The Good Neighbor," Mrs. I. D. Cole, Amarillo; solo to be furnished by Burger; president's message, Mrs. C. M. Randall, Seymour; district business.

HUNDREDS OF LAMBS SOLD

SHIPMENT OF 2650 HEAD IS SOLD ON KANSAS CITY MARKET; FEW LAMBS LEFT IN COUNTY

An increase in the sheep market combined with the bad weather and a shortage of feed was attributed to be responsible for the shipping out of Ochiltree County lambs being fed out during the latter part of 1939. It was revealed here Wednesday. Over 2600 head of partially fed out lambs were shipped to Kansas City Saturday from the local loading docks.

L. R. Conner and Leonard Wright shipped approximately 1200 lambs that have been feeding for some time. Haskel Holland sent a consignment of 1000 head and J. S. Slaughter accounted for 450 head in the shipment.

The shipment totaled 2650 head and was by far the largest consignment of lambs to leave the county in one shipment in several years.

MAYOR FORBES CALLS MEETING

URGES ALL CITIZENS TO ATTEND PUBLIC CONFERENCE ON AFFAIRS OF THE CITY

Mayor C. E. Forbes and the city council have called a mass meeting of all Perryton citizens and taxpayers for Tuesday, January 9, 7:30 p. m. at the district courtroom.

This meeting has been called as a result of the interest manifested in the statement issued in a recent issue of the Herald in regard to a proposal to increase assessed valuations of city property in order that outstanding city bonds could be refinanced at a lower rate on interest, until April 1.

Mayor Forbes says that the purpose of the meeting will be to publicly discuss the refinancing plan and all other matters pertaining to the city's affairs.

The city officials will welcome suggestions, questions and proposals from citizens. They feel that such a meeting will better acquaint all with the problems of the city and that at such a conference, plans can be discussed and a program worked out that will be of much benefit.

Every citizen and person interested in Perryton should attend this meeting. Remember the time and the place, Tuesday, January 9, 7:30 p. m. in the district courtroom.

Brillhart Elected

Community Service Club Elects President Saturday Afternoon at Legion Hall

H. C. Brillhart was elected president of the Community Service Club at the weekly election held Saturday afternoon at the American Legion Hall. Mr. Brillhart had paid regular weekly dues of ten cents and qualified to receive the \$25.00 salary due the president for that week.

All members are urged to pay dues this week in time for the election Saturday to qualify for a \$25.00 salary which will be paid the person elected to office.

The club is sponsored by the American Legion and all profits of the organization are used for charity.

Religion is not a substitute for character. A good character is often possessed by irreligious people.

Aids Recovery of Crippled Children

"Mr. Straightener Upper" is what children call Herman Banner who runs a "brace shop" in the rear of Los Angeles Children's hospital in Los Angeles. He likes nothing better than making a brace because it means new hope for the wearer as the bent arms, legs and backs are being straightened. Above, Mr. Banner puts a little girl's arm into an "airplane splint."

County Agent Makes Annual Report On Accomplishments

According to the annual report of County Agent E. W. Thomas a considerable portion of time was taken up by the Farm Program during the past year. This phase of routine work of the County agent's office is quite important, affecting a large majority of farmers in Ochiltree County.

Payments on the 1938 Farm and Range programs were received during February, March and April. Parity payments on wheat were received in May. First checks on 1939 Soil Conservation Program were received December 4. The total payments received during the calendar year were as follows: 1938 Farm Program, \$10,465.83; 1939 Wheat Parity Payments, \$182,666.45; 1939 Soil Conservation, \$70,949.92. A total of \$377,233.07.

Eighty-seven per cent of the farmers cooperated with the Program. Measurements of 1940 wheat indicate greater compliance next year. There were 1,028,473 bushels of wheat placed in warehouse loan and 104,964 in farm storage loan.

A summary of other phases of the report follows:

Pasture work: Deferred grazing carried out on 28,993 acres by 41 ranchmen; prickly pear was eradicated on 4,637 acres by 32 cooperators.

Game Management: Upper Wolf Creek Game Management Association organized with 15 members controlling 46,704 acres and 100 standard markers were put out. An increase in wild turkey and quail was noted in this area.

Agricultural Engineering: Sown on contour was 32,220 acres of small grain; 2,241 acres of row crop and three farmers terraced a total of 33 acres. There were 40 dams constructed with a total of 32,665 yards.

Silos and Silage: Fifteen new silos were dug and filled and four old silos were refilled.

Beef Cattle: Club boys finished six calves in the Spring and 15 are now on feed to be finished out in the Spring of 1940.

Sheep: Lamb feeding demonstrations started in the Fall of 1938 were finished in the Spring and showed profit. Lambs purchased in the summer and marketed before the holidays all showed profit. The number of men handling sheep in the county has increased from eight to 26 in two years.

Swine: Hog production increased during the year with most farmers producing their own meat. There were 20 boys from the 4-H Club enrolled in swine work with 13 completing projects.

Grasshopper Control: Distribution of poison was started May 9 and continued through August. A total of 217 tons of wet bait was distributed to 359 farmers, free for the first time. The county was aided by WPA labor and obtained 625 trucks.

The net cost to the county was \$673.55. The program was effective.

Whole Farm Demonstrations: Progress was made by three demonstrators; sheep added as a new source of income to two families.

4-H Club Work: The 4-H Club organized in Perryton, Waka and See No. 1, Back Page

Gift to Red Cross

Fifty Dollar Donation Received Last Week Adds to Funds Of This County

A \$50.00 donation has been turned to the Ochiltree County Chapter of The American Red Cross. Last week, J. E. Cox sent a check for that amount to G. E. Woods, cashier of the Perryton National Bank, with instructions that the money be turned to the local Red Cross.

This generous contribution added to the \$387.42 received during the annual roll call in November brings this year's total to \$437.42. Mr. Cox's check was given to Irvin R. Buchanan, county chairman for the Red Cross.

The Ochiltree County Chapter has given aid to many needy families, as well as helping in the purchase of glasses for school children with faulty eye sight.

Escape Injuries

Perryton People Narrowly Escape Death in Car Accidents During Holidays

Mr. and Mrs. Claude Shearer and Miss Nellie Wingren luckily missed serious injuries in accidents occurring on the highway during the Christmas holidays. Mr. and Mrs. Shearer crashed into a wrecked car at night and Miss Wingren had a car plunge into the back of her car when she was pulling off the highway.

The Shearers were enroute to spend Christmas at San Angelo with her parents when they crashed into a wrecked automobile at a bridge on the highway between Big Springs and San Angelo. The accident happened about two o'clock in the morning. Mr. and Mrs. Shearer suffered only bruises, but considerable damage was done to their car.

Miss Wingren was returning to Perryton from her Christmas vacation when she had a flat tire near Electra. She slowed down and was pulling off the pavement when a rapidly moving car hit the rear of her auto.

Mrs. Shearer and Miss Wingren are teachers in the Perryton Schools. Mr. Shearer is manager of the White House Lumber Co. at Booker.

Mr. and Mrs. K. G. Plozman and son, Kermit Jr., returned Thursday from visiting over Christmas with her folks in Mineral Wells and with his parents in Weatherford, Okla.

Mr. and Mrs. Earl Miller and Pay and Mrs. and Mrs. R. L. Duke returned Sunday from a ten day trip to Los Angeles and other western points.

Perryton Baby Wins Battle For Existence Against Odds

When people in Perryton refer to Ben Harbaugh as a "tough hombre" they know what they're talking about. He has successfully won a battle against what seemed to be insurmountable odds against survival.

For you see, Roy Benjamin Harbaugh was what is called in the medical world a "preemie." That is, a baby born before the regular nine-month period. Born with a subnormal temperature which was an open invitation to pneumonia and kindred diseases at five and a half months, the tiny mite weighing only three pounds and two ounces with his shirt on and an indomitable spirit to live left for home Saturday December 30, with his parents, Mr. and Mrs. John Harbaugh, south of Perryton. His release from the Perryton Hospital climaxed what was a 74 day battle for Dr. G. L. Kengle and nurse Superintendent Mrs. Flora Allen in which they emerged victorious aided by science, unceasing care and the latest equipment.

Extremely small and weak Ben came into the world October 15, and was placed in an incubator. Mrs. Allen immediately secured the town and managed to secure mother's milk for ten days, during which time a battle was fought against daily heart attacks suffered by the infant. Each occurrence necessitated artificial respiration and oxygen.

Ben was fed every hour, day and night. Because his throat was too small, he was fed through the nasal passage with a medicine dropper and at the age of 32 days was able to take one gram of dryco, a nutritious formula, and suffered no further heart attacks.

Roger A. Burgess, superintendent of the Perryton schools, will attend the January School Administrators Conference in Austin, January 11-12. He will leave Tuesday.

POLL TAXES MUST BE PAID OR YOU'LL HAVE NO VOTE IN THE COUNTY AND STATE ELECTIONS

January is Big Month of Year in Collection of County, State, School and City Taxes; Only 209 Poll Taxes Paid on Jan. 1

CAR TAGS ON SALE AFTER FEBRUARY 1

J. S. Talley, collector of county and state taxes; Mrs. Luther Wade, Perryton Independent School District tax collector; and M. M. Cudd, city tax collector, are prepared for a big rush on the payment of taxes. Taxes for 1939 can be paid during January with no addition of penalties and interest. All 1939 taxes will become delinquent on February 1.

Delinquent penalties are added at the rate of one per cent per month until July, 1940, when the penalty is increased to eight per cent and interest charges at the rate of one-half per cent per month starts.

On December 1, the records in the office of J. S. Talley, tax collector and assessor for Ochiltree county, revealed that delinquent taxes for State and County amounted to \$34,025.37. Of this total, the delinquent state ad valorem tax amounted to \$19,816.25, and delinquent poll taxes \$925.50. The County delinquent ad valorem amounted to \$19,849.27, and common school tax \$2,434.55.

These delinquent taxes covered 5,249 items. Only 655 of these items does not indicate the number of pieces of property or land, as many of the items are for on several years thus causing numerous duplications.

Fred Huston, deputy sheriff in charge of tax collections in Sheriff Talley's office, reports that only 209 poll taxes had been paid on January 1. Both men and women are required to pay poll taxes, unless they are exempt for under or over age, in order to have a vote in any kind of an election. Unpaid poll taxes become a lien on any real or personal property.

Persons who become 21 years of age between January 1, 1939 and the day of the primary or election in which he or she intends to vote do not have to pay a poll tax, but they do have to obtain an exemption certificate from the sheriff's office before February 1. Persons who were 60 years of age Jan. 1, 1939 are not required to pay a poll tax. Those who have moved into the county since Jan. 1, 1939 are required to secure an exemption certificate.

Car tags for 1940 cannot be purchased before February 1 and must not be placed on cars before March 1. All cars or trucks operated on the highways must have 1940 plates on April 1.

CENSUS MEN NAMED IN FOUR OKLA. COUNTIES

Dwight Leonard, Oklahoma district census supervisor, announced this week four enumerators who would conduct the census in Beaver, Harper, Texas and Cimarron counties, Okla.

The four enumerators are Charles Huguely of Beaver for Beaver County, O. F. Nisbeth of Boise City for Cimarron county, Richard Shields of Guymon for Texas county, and O. A. Moddox of May for Harper County.

Mr. and Mrs. Quentin Williams returned Wednesday from a holiday visit with relatives in Oklahoma City and other points near.

British Women Test New Planes

British women members of Air Transport Auxiliary help relieve male pilots for combat duty by testing planes and flying them from factories to military air-dromes. Mona Friedlander, daughter of a London millowner, is one of pilots in this work.

Seneca Indians on War Path, Want Niagara Falls Back

Invasion by Indians threatens America's honeymoon paradise as the redmen ask that they be given back another chunk of the country. Members of the Seneca tribe have petitioned the government to cancel the Niagara Falls power company's license or amend it to protect Indians' claims. Chief Big Kettle of the Senecas, wearing the 700-year-old Six Nations Wampum belt, points out sections of the falls, river and land to which his tribe lays claim.

Sheriff J. S. Talley, Attorney J. W. Payne, Doc Keim and David Jacobson returned Sunday from Hot Springs, New Mexico. The group spent the last three weeks taking health baths at the resort.

Vance Apple and Mrs. Lela Keim were in Fowler, Kans., Thursday to visit with Vance's grandmother, Mrs. Eliza Apple, who was seriously ill.

FIVE ROOM HOUSE OF MR. AND MRS. WALTER LA MASTER WILL BE INSPECTED SUNDAY P. M.

First Home to be Completed Under the Federal Housing Administration in West Side Perryton; Inspection 1:30 to 5 p. m.

CALL AT 902 S. W. FOURTH STREET

The recently completed home of Mr. and Mrs. Walter LaMaster will be thrown open to the public Sunday afternoon between the hours of 1:30 and 5:00 o'clock. All persons interested in making an inspection of the first home completed in Perryton under the Federal Housing Administration are urged to call at 902 Southwest Fourth Street between those hours and be shown through the house.

The LaMaster home is a five room bungalow with a built-in garage and is modern throughout and cost approximately \$3,000 to construct.

The garage is equipped with a sliding entrance door which can be moved upward into the roof. One corner space has been utilized to contain the hot water heating system for the house. A sliding screen door opens from the garage into the kitchen.

The kitchen is complete with built-in accessories with ample storage space including a large closet in one corner of the room.

The dining room has been papered in a Mexican motif and will be further enhanced by appropriate furnishings.

The living room, which opens onto the front porch, is set off by an artificial fireplace and hearth built to receive a gas open face stove.

An area-way between the living room and bedrooms and bath has been furnished with complete linen storing facilities which includes drawers and ample shelving space.

The front and rear bedrooms each have a large closet which have been recessed into the walls.

The bath which adjoins both bedrooms includes all regulation fixtures in addition to a built-in gas stove and medicine chest.

Hardwood floors were used throughout the house with all woodwork stained and varnished a light color.

Material was furnished for the LaMaster home under the Federal Housing Administration by the Perryton Lumber Company. Russell Turner and Howard Seabridge were contractors. Howard Holt installed the plumbing fixtures with the wiring system installed by the JC Electric Company. Painting was under the direction of M. T. McLain.

Investigate the F H A Plan of building at your local lumber yard today. They will be glad to assist you with free estimates on what it will cost you to own your own home.

BOYD, OKLA., NEWS

Old year leaves the piney woods. Pap says he feels a little bit lonely this New Year's mornin' and little bit sad. Jes' like an old friend had slipped off and left him, while the bells and whistles were going like mad. Jes' like his friend was settin' by him talking, and jokin' and laughin' and a carryin' on, when bells started ringin' and whistles started shriekin'—And all of a sudden his friend was gone!—By Evantha Caldwell.

Nothing ever happens around here except sun up, sun down and frequent changes of the moon! The snow is staying on real well. Some roads were impassable even Tuesday.

R. H. Peters returned last Friday from a month's visit in California.

Mrs. Maud Trimmell served Christmas dinner to all her children. Kenneth and Cecil were home from Wichita, Kansas. Eugene and family were down from Liberal. Other visitors were the C. A. Trimmell family.

Mr. and Mrs. Hoyt Hood, Kim, Colo., spent Christmas with Mrs. Hood's parents, Mr. and Mrs. W. A. George.

Miss Velma Lou Claybrook spent Christmas at home. Jay H. Pierce ate Christmas dinner in the Claybrook home. Frank Davis and mother of Hooker visited with Claybrooks on Thursday and Miss Velma returned home with them.

Mr. and Mrs. R. H. Peters were Wednesday dinner guests of the W. A. Georges.

Mr. and Mrs. Adrian Nolder and children returned Tuesday from Enid.

We were sorry to hear Fred Whit-tet had the misfortune to wreck his pickup.

Joe and J. L. Claybrook and G. F. Gates were in Beaver Thursday on business.

We regret very much to lose the R. P. Duff family from our community but some one else will gain a good neighbor.

Monday dinner guests of Mr. and Mrs. W. C. Herndon were Mrs. Paye Herndon and sons, Wayne and Joe and Miss Mariann Roberts, Pan-handle, Mrs. Vance Apple and son, Vance Kent of Lubbock; and Miss Pauline Spencer, Spearman.

Mr. and Mrs. Henry Allen and children, Kathryn and Dannie of Liberal, Kans., Leon Allen and Mrs. Mary Parr, Ouymon, Okla., were Sunday visitors in the home of Mr. and Mrs. Claud Allen.

Beware of Motor Gas

Motorists are Warned Against Carbon Monoxide Gas Poisoning During Winter Months

Austin, Texas—To minimize the danger of carbon monoxide poisoning during winter weather, motorists are urged by Dr. Geo. W. Cox, State Health Officer, to check up now on the exhaust systems of their automobiles for defective connections and leaks.

Cold weather, which necessitates driving in closed cars, is the time of the year when carbon monoxide finds most of its victims. The poison seeps inside the car from leaky connections and overwhelms occupants of the car.

Carbon monoxide is colorless, odorless, and tasteless; when in the air, it gives no sign of its presence and is taken into the blood instead of oxygen. Suffering or collapse results from lack of oxygen.

Dr. Cox pointed out that warming up a car in a closed garage is a frequent cause of carbon monoxide deaths. It follows that if one plans to run the automobile engine for any purpose inside the garage, the door should be thrown wide open immediately, and this irrespective of outside temperature.

Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections and leaks from hot air heater connections are potential sources for release of carbon monoxide and should be checked. Pay particular attention to these items and remember that proper carburetor adjustment causes minimum production of carbon monoxide, and that the highest proportion of the gas is produced by an idling motor.

Dr. Cox pointed out that head aches which occur during long drives in cars with defective exhaust systems are particularly vulnerable," he stated.

Carbon monoxide poisoning is also attributable to worn-out hose or faulty connections on gas heaters. When using the hose type of connection, persons should make certain that no leakage due to wear and tear exist. A thorough investigation of such appliances each autumn to check the leakages and replace worn parts of gas appliances is indicated.

In short, carelessness is the effective weapon against carbon monoxide poisoning. Carelessness and indifference alone make it the killer.

MOTHER OF PRUNER APPLE BURIED IN FOWLER SUNDAY

Mrs. Eliza Apple passed away at the family home in Fowler, Kansas, Friday, December 29, 1939 at the age of 86 years and 29 days. Funeral services were held in the Fowler Methodist Church Sunday afternoon, 2 o'clock and the remains laid to rest in the family plot by the side of the husband, M. W. Apple, who passed on in 1920.

Mrs. Apple leaves six children; Pruner of Perryton; Edison of Fairview Okla.; Wes of Sunray; Herbert of Meade, Kans.; Mrs. Minnie Long, Calif.; and Mrs. Addie Loton, Fowler, Kans.; sixteen grandchildren

and ten great-grandchildren. Two sons, Mart and Clint, preceded their mother in death.

The children and many of the other relatives were at the bedside of this loved one during the last hours. Though in frail health for many years, she was active until a few days ago when she contracted the flu. Mrs. Apple was a true pioneer mother and a devoted Christian, being a member of the Methodist church since early girlhood days.

Mr. and Mrs. J. W. Richardson left Friday for McAllen and other southern Texas points, where they will spend the next few months.

Young DiMaggio Receives Bright Sendoff by Critics

37 IRVING DIX

ALONG the sports trail: If Dominic DiMaggio is as good as critics would have us believe, the youngest of the three baseball playing brothers will be well worth the chunk of money the Red Sox laid out for him. . . . Joe Devine, chief scout for the Yankees, claims Dominic does at least four things perfectly—come in, go back, go to his left and go to his right. . . . Now then, if his stickwork is anything like his fielding he ought to be as riotous as big brother Joe.

Willard Hershberger, second string catcher for the Cincinnati Reds, has intentions of becoming a criminologist after his baseball career is ended. . . . Jim Sarullo, Manhattan cage, is the first three-sport regular the Jaspers have had since Basketball Coach Neil Cohalan finished his varsity career 10 years ago. . . . Sarullo is a regular in football and baseball as well as on the court.

TOM YAWKEY, owner of the Red Sox, has donated to Boston University the wooden stands that have been used at Fenway Park for the past few seasons. . . . Frankie Frisch took a \$10,000 decrease in income by signing to pilot the Pirates next season. . . . He got \$25,000 for his baseball broadcasts in Boston. Will get \$15,000 from Pittsburgh.

Francis Sopka, member of Czechoslovakian Davis Cup teams from 1928 to 1932 is a refugee in the United States. . . . Chuhei Nambu, Japan's Olympic hop, step and jump champion of the 1932 games, has given up his job as a Tokyo sports writer to accept a position as track coach in Brazil. . . . Ray Arce, well-known New York boxing second, has started a farm system with talent stations in several cities.

SOUTHERN CALIFORNIA'S Rose Bowl Trojans will be hardest hit by graduation of any team on the coast next year. . . . Coach Howard Jones loses Granny Lansdell, Amby Schindler and Doyle Nave, first three quarterbacks; Bill Fisk and Bob Winslow, ends; Phil Gaspar and

Dominic DiMaggio. Brother Joe had better watch out.

Howard Stoecker, tackles; Harry Smith, All-America guard, and Bob Hoffman, best blocking back on the coast.

Flying Hands in Wheat Pit Keep Price of Grain Moving

The Chicago wheat pit: graph traces top prices for 25 years.

SNOW falling in the great plains area has eased drought conditions that have plagued midwest farmers since last fall and is bringing increased prospects for spring wheat.

This relief comes on the heels of a flurry of frenzied buying in the Chicago pit that sent the grain to its highest price for the year. With the winter crop forecast as the lowest on record, wheat surged to \$1.11 a bushel after lagging in the low 80s several months.

It has been just 100 years since the first shipment of wheat sailing down the Chicago river and out into Lake Michigan aboard a two-masted sailing vessel. Farmers were cutting the grain with a cradle then and were hauling it to Chicago by wagon to get 75 cents a bushel.

IN 1848, the Chicago Board of Trade opened up as the first organized grain market and soon invented the system of speculating in farm products as is now generally practiced. Today its masonry, peanut-headed building at the foot of LaSalle street, Chicago, stands as the symbol of the world's greatest wheat mart.

Better known than the building is the five-ring circus trading hall, with its 37-foot ceiling, the bulls (buyers) and bears (sellers) of the Board of Trade conduct six days a week to trade in wheat, other grains, cotton and securities.

Two-Piece Dresses in Vogue for Afternoon or Business

Popular for business or afternoon wear are these two-piece dresses in darker shades. Joan Blondell, left, wears business girl's tuck-in blouse of navy blue rough crepe and gored skirt of solid navy with stitched shoulder bands and peaked belt. Anne Cekan, center, models black satin street frock with double-breasted jacket and ivory flange buttons. Rosemary Lane, right, finds quilted red jersey top with black skirt in sheer wool gives a bustle effect.

Vows Said Saturday

Miss Virginia Sue Kinard, lovely daughter of Mr. and Mrs. J. C. Kinard, and Mr. W. Scott Amend, son of Mr. and Mrs. W. S. Amend, of Canyon, were married Saturday at high noon at a pretty service performed at the Kinard home on Rock Island. Rev. Harold Scroggins, pastor of the Central Methodist church officiated.

An arrangement of poinsettias, tapers and Yule trees marked the place of ceremony in the living room.

The bride wore a becoming spring jacket-frock of royal blue crepe with a jeweled-clasp at the neckline. Her hat was of a matching shade of blue and the other accessories were of black. American beauty roses and valley lilies formed her bouquet.

Miss Myrtice Ellen Kinard, sister of the bride and J. D. Amend, Canyon, brother of the bridegroom, were the attendants. Miss Kinard was wearing a frock of gold crepe and a corsage of yellow roses and sweet peas.

An informal reception followed the ceremony with Misses Ora Belle Storde, Vena Mae Moon and Marie Ellen Foltz, presiding at the lace-draped table.

Later the young couple left on a honeymoon trip, keeping their destination a secret. They will live in Perryton where Mr. Amend is with the Soil Conservation Service—Dallhart Texan

Honor Bride-Elect

As a pre-nuptial courtesy to Miss Virginia Sue Kinard, Misses Marie Ellen Foltz and Vena Mae Moon, entertained yesterday afternoon with a charmingly appointed tea at the Foltz home on Denver Avenue.

The tea table, presided over by Miss Betty Jean Pigman and Miss Ladene Jones, was covered in ecru lace. The centerpiece was of poinsettias, placed on a reflector. Tall, gleaming, crimson tapers in silver holders lighted the setting and a silver service was on one end.

The reception hours were from 5 to 8 o'clock with Misses LaRue Richards and Kathleen Cantrell playing a lovely program of age-old love songs.

The honoree was lovely in an afternoon frock of moss green crepe and a shoulder bouquet of pink sweet peas.—Dallhart Texan.

Genial Hosts

Mr. and Mrs. L. L. Lance entertained with a holiday dinner party Friday evening in their home, 720 Southwest Fifth street.

Announcement Tea

Mr. and Mrs. A. K. Gyger entertained December 22 in their home with a Christmas tea announcing the engagement of their daughter, Ruby, to Ralph Goodwin, son of Mr. and Mrs. C. A. Goodwin of Phoenix and Los Angeles.

Poinsettias and candles adorned the home, with holiday colors predominating for an open house and informal tea. Small red bags of Christmas candy, tied with green and silver, were attached to tiny scrolls engraved "Ruby and Ralph," as favors and announcements.

The date of the wedding will be announced later. Both Miss Gyger and Mr. Goodwin are employed by Phoenix firms. Mrs. E. B. Gyger, Perryton, Texas, was among the out-of-town guests.—The Phoenix Republic, Phoenix, Arizona.

Miss Gyger is the granddaughter of Mr. and Mrs. P. P. Brickley of Gray, Okla., and a niece of Mr. and Mrs. E. B. Gyger of this city, and has many friends in this community. She formerly lived near Gray before moving to Phoenix fourteen years ago. Last June Miss Gyger, together with her parents, visited here.

Guests for Pitch

A few friends gathered on last Friday evening in the country home of Mr. and Mrs. E. L. Whippo and spent the evening enjoying games of progressive pitch.

READY FOR A 12-ROUND GO

Heroes of 1939 Set Speedy Pace for Stars of New Year

BY IRVING DIX
WITH Stripling 1940 prancing in on us, things wouldn't be complete without a roundup of what happened during the reign of Old Man 1939. . . and there is plenty to pass in review—
The New York Yankees clearly establishing themselves as the greatest dynasty baseball has ever known . . . winning their fourth straight world championship for a new record . . . Ted Williams, Boston Red Sox' brilliant young outfielder, the rookie of the year by far . . . Ernie Lombardi providing the most amazing moment in baseball for 1939 when he went to sleep on home plate in that wild world series finale . . . Lou Gehrig ending his iron-man act at 2130 consecutive games when he bowed before a form of infantile paralysis.

Ted Williams . . . Rookie of 1939.

ILLINOIS scoring big upset of football season by beating Michigan . . . and Old Bob Zuppke again proving he has no equal as a defensive coach . . . Nile Kinnick and those Iowa Iron Men . . . rising from the Big Ten cellar to a place among the mighty . . . Those valiant Australian Davis Cuppers winning the silver mug from America . . . and facing a homeward trek with their country at war . . . Welby Van Horn, the youthful Californian, bidding for a place in the tennis sun . . . Alice Marble again tops among feminine netters.

SOUTHERN CALIFORNIA dominating the track and field scene again . . . Sydney Wooderson claims foul as he finishes last in "Mile of a Century" at Princeton.

Byron Nelson surviving in that three-way playoff for the National Open title . . . and pretty Betty Jameson topping the women's field . . . Tommy Hitchcock, ageless, irrepressible, leading the charge against the British and again gaining a 10-goal rating and label of world's top poloist . . . Death rides the speedway as Wilbur Shaw wins

Wheat Holds High in Trading Bedlam

Hands shoot high and wheat shoots higher in the Chicago Board of Trade's grain pit as traders signal their bids in the most frenzied sessions in years. Because of the bedlam, all trading is done by hand signals as the price of wheat continues to hold above a dollar.

Rarin' to Welcome Mr. 1940

Young Mr. 1940 won't have many companions of his own age around when the world welcomes the New Year, for most youngsters will have been sent to bed. Little Janice Sande, seven months old, of Woodside, L. I., will be tucked away in her crib when 1940 is ushered in, so she's doing her celebrating early.

Wacht Am Rhein: War Comes to Life on Western Front

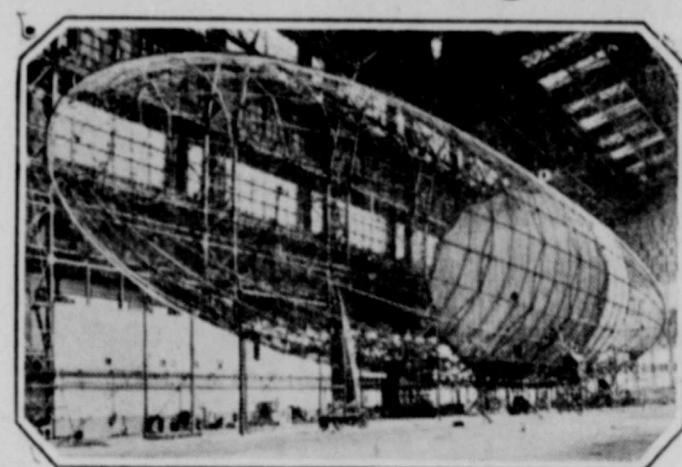

War in the west surges to new life as the Rhine, historic river of battle that forms a part of the German-French frontier, becomes a center of military operations. From their camouflaged positions along the river, the French can clearly see across the Rhine into German territory, top. Bridges across the embattled waterway, bottom, have been either blown up or barricaded with sand bags and concrete by the French.

Has Job-a-Week In 41 States

A maid of all work is Miss Lyra Ferguson of Reeds, Mo., who has traveled in 41 states since January 1, and has held a different job in each. She worked as a dairy maid in Wisconsin, a towel folder in South Carolina, a cook in Washington and has been promised a job "in the White House itself" by Mrs. Roosevelt.

15-Year-Old Dirigible ZR-3 Dies on the Testing Block

The Los Angeles is torn down, a martyr to airship science.

IT was early on an October morning in 1924 that the huge Zeppelin ZR-3 lifted her 660-foot bulk up into clearing skies at Friedrichshafen, Germany, floated out over the blue waters of Lake Constance, the shell-scarred fields of eastern France and the choppy waves of the Atlantic.

Just 81 hours and 5060 miles later the graceful, silvery giantess of the air dropped down on the naval air station at Lakehurst, N. J., that was to be her home for the next 15 years. Bearded Dr. Hugo Eckener, her pilot on that initial, epic hop, stepped from the gondola and turned over to the U. S. government the first, but not the last, dirigible he was to fly across the Atlantic.

As reparation for the willful destruction of two undelivered airships allotted to the U. S. as World War reparations, Germany had been ordered to construct a modern rigid airship capable of crossing the Atlantic and restricted to non-military employment.

Born of war, the ZR-3 was dedicated to peace. Doves were released from her interior as Mrs. Calvin Coolidge christened the airship Los Angeles with a bottle of River Jordan water and bade it "Go forth under the open sky and may the winds of heaven deal gently with thee."

SKIES the Los Angeles sailed through were as often obscured as open, and the winds of heaven many times dealt far from gently. But after eight years aloft, when retired as a sacrifice to government economy, she had acquired the record for the longest useful life of any airship ever built.

In January, 1925, the dirigible made her first newsworthy flight, braving bitter cold and the dangers of launching from an icy field to take a group of scientists up for a ringside seat at a polar eclipse. There followed flights to Bermuda, to Puerto Rico, to Panama, and into the middle west.

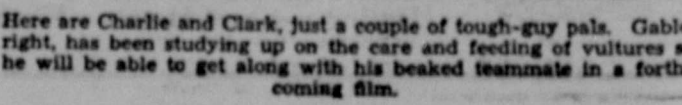

Twice she flew on mercy errands, in search for the Nungesser-Colli expedition off Nantucket Shoals, and for Mrs. Frances Grayson, lost in the airplane Dawn. Once the Los Angeles spied on rum runners during prohibition, but pictures taken turned out poorly.

THE dirigible moored to a ship at sea, landed on the deck of the airplane carrier Saratoga, helped evolve the mobile stub mooring mast to reduce ground crew from 200 to 60, and picked up scouting planes that hooked on her undercarriage in the air.

Disaster often brushed by the Los Angeles, but never made serious contact. Wrenched from her mast in a landing, the dirigible dragged four of the ground crew into the air, all of whom were rescued. Caught by a wind reversal, she was the only airship that ever stood vertically on her nose and survived.

In 1937, after five years of retirement, the Los Angeles heard her fate. She was to become a martyr to aviation and submit her aluminum alloy skeleton to the mauling machines of science, much as a human genius might will his brain to surgeons seeking the secret of mental power.

Howard Hughes offered to buy the airship for his movies that year, but the U. S. didn't sell. Now the Los Angeles dies as she lived, giving herself up to experimental work. Results of tests being made may decide whether the dowager dirigible is worthy of a long line of descendants.

Here are Charlie and Clark, just a couple of tough-guy pals. Gable, right, has been studying up on the care and feeding of vultures so he will be able to get along with his beaked teammate in a forthcoming film.

INTERNATIONAL Sunday School Lesson

Jesus as the Lord and Master

The International Uniform Sunday School Lesson for Jan. 7. Text: Matthew 16:13-24.

It was not mere curiosity that prompted Jesus to ask His disciples, "Who do men say that the Son of man is?" He wished to know what the people thought of His mission and His teaching.

The popular idea seemed to be that Jesus was the incarnation of one of the prophets; but Peter's response to the question of Jesus was clear and unequivocal, "Thou art the Christ, the Son of the Living God."

What did Peter mean by this? He meant primarily that Jesus was the Messiah, the Holy One whom devout Israelites had long been expecting. It meant that Peter accepted Jesus as the incarnation and revealer of God, and it meant that to Him he gave his complete faith and allegiance.

CAN the Christian's confession of faith be less than this? But what does it mean thus to confess Christ? Surely it does not mean just to have some metaphysical idea of His divinity. Men have had that, and they have fought bitterly over definitions and distinctions in a way that belied all faith in a good and loving God and that constituted the worst treachery to Jesus and His teaching.

It is by the quality of our living and our devotion that we acknowledge Jesus as Lord and Master. It is meaningless and worthless to call Him divine if

we do not accept the divinity of His life and teaching and strive with all our power and wit to call the power of prayer to emulate His example.

THE words of Jesus to Peter, following Peter's confession, have been variously interpreted. One great branch of the church has taken them with some literalness and has regarded the word of Jesus to Peter, "I will give unto thee the keys of the Kingdom of Heaven," as constituting the authority of the church on earth.

Others have interpreted these words in a less literal way; they have taken them to mean that the church is founded upon the experience of God in the hearts of men, and that Christians by their attitude and action have great power of binding or loosing. By living near to God, they help to free their fellowmen from evil; by failing to manifest God's love and truth in their lives, by false judgments and narrow attitudes, they bind them.

Thus some have seen in these words the expression of a great responsibility resting upon Christians for their conduct in daily life. It is a sad but vital truth that people like ourselves can limit the spread of the Kingdom of God, but it is an equally noble thing to realize that feeble mortals, such as we are, have the power of helping in the spread and growth of that kingdom.

To believe in the divinity of Jesus is to believe that God has a divine plan for every life.

"The Reception of Any Truth depends upon our Attitude toward it."

Evening Subject: "Essentials and Non-Essentials."

"To this must be added \$19,545,520 of ad valorem taxes paid to local subdivisions of Texas that are empowered to levy taxes, making the total \$46,960,808. Dividing this figure by 476 million barrels of oil produced in 1938 gives an average tax figure of 93 cents that was paid on every barrel of oil produced."

"Studies projected for 1939 on the basis of the 1938 tax rolls indicate at this time that the total State and local taxes this year will average at least 9.8 cents per barrel. This is the highest tax collected on oil among all of the oil producing states."

Pointing out that the potential profits of the industry are still largely underground, in the form of oil reserves, Gibbons stated that under proration it will be many years before the average oil operator can recover his original investment in wells.

"We have seen our market demand in Texas shrink by 50 million barrels with the past two years, due largely to the fact that other oil producing states have the advantage of Texas in their proximity to consuming markets, transportation rates and taxation," Gibbons said.

"Unfortunately, Texas has no monopoly on oil production. Within a short time, much new production has come into the picture in Illinois, Arkansas, Kentucky, Mississippi and Nebraska. Some of these States have lower tax rates than Texas."

Permanence of the fact that there are now proved reserves sufficient to maintain present production rates for 21 years in Texas, with much exploration and development under way in 98 additional additional counties, leaving only nine of the 254 Texas counties without oil exploration activity under way at present.

CHRISTIAN SCIENCE

"God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, January 7.

The Golden Text is: "Ye shall know that I am in the midst of Israel, and that I am the Lord your God, and none else" (Joel 2:27).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man" (Ecclesiastes 12:13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In other words: Let us hear the conclusion of the whole matter: love God and keep His commandments for this is the whole of man in His image and likeness. Divine Love is infinite. Therefore all that really exists is in and of God, and manifests His love" (page 340).

December Business Shows Increase

This map represents current business conditions. It appears in the January number of "Nations Business", published by the United States Chamber of Commerce.

The brighter December 1 map reflects increased income from marketings in western producing areas. Industrial production in November continued the sharp rise registered in September and October and marked the sixth consecutive monthly advance since the current upward movement began last June.

"Judge Hardy and Son"

Mickey Rooney and Lewis Stone are seen in a pensive mood in the latest release of the Hardy Family "Judge Hardy and Son" coming to the Ellis Theatre Sunday and Monday, January 7-8. Others in the cast include the entire Hardy Family.

Serenade To A Senorita

Gene Autry in a scene from the new song-screen sensation "South of the Border," a Republic Picture showing at the Ellis Theatre Tuesday and Wednesday, January 9-10.

War in Europe Is Top Event As '39 News Makes History

Innocents abroad . . . they felt the worst of war. (Most dramatic of the war pictures, this of Polish sisters best tells the story of the invasion of their homeland.)

WAR came again to the world in 1939 in widespread fury unequalled since the violent days of 1914-18. Early the year's No. 1 news story, it was largely created through the actions of a man whose second consecutive year of headline domination has earned him the title, "Man of 1939."

Adolf Hitler employed aggression as prelude to war. In March, he absorbed Czechoslovakia into the Reich in bloodless conquest. In August, he signed a mutual aid treaty with his once bitter enemy, Soviet Russia.

Hitler broke pacts, denounced agreements, taunted the western powers, snubbed the U. S. President's appeals for peace. And on Sept. 1, came war. The blitzkrieg of Hitler's army was unparalleled in history, but the devastation wrought by his bombers in bringing death to the doorsteps of the innocent was even more appalling.

EVENTS of the war that were big news in themselves included the sinkings of Athenia, Courageous and Royal Oak; the mystery of the Bremen and its running of the British blockade; the frequent peace overtures by Hitler and his attempted assassination; the squeeze play on Poland by Russia; the allies' determination to fight until the Nazi fuhrer be overthrown.

War brewed war as Russia, angered by Finnish refusals to

Red demands for territory, brought conflict as merciless as Poland's to the southern shores and Arctic plains of Finland. Here blitzkrieg was stopped by brick wall defense, while the Soviet League attempts to intervene.

While two wars began, one in Spain ended, one in China went on. There was other aggression as Mussolini continued his expansionist policy, grabbed Albania. Through it all, England's king and queen found time in the spring to visit America.

IN the U. S., third term, relief funds, WPA strikes, labor peace, embargo repeal, NLRB investigation and Thanksgiving were problems faced by the U. S. President and Congress.

Nineteen-thirty-nine saw Mooney, Capone and Billings freed; saw Hines, Kuhn, Pendergast jailed; saw Douglas named to the Supreme Court, Murphy and Hopkins to the cabinet; saw Atlantic clippers open service to Europe; saw Ham and Eggs die in California.

Disasters of the year were the sinkings of Squalus, Thetis, Phenix; the crashes of the Cavalier and the City of San Francisco; the floods in Kentucky and Ohio; the earthquake in Chile; the oil fire in Venezuela.

Death of 1939—a year full of deaths from war—was that of a man who had lived as a symbol of peace, Pope Pius XI.

"Invisible Stripes"

Impressive Cast Comes To Ellis In Prison Story of Five Tangled Lives

Two of the screen's newest stars make up, with George Raft, the starring trio of "Invisible Stripes," the powerful drama of after-prison life, based on a book by Lewis E. Lawes, which will be presented at the Ellis Theatre Thursday and Friday, January 11-12.

Jane Bryan and William Holden are the two new stars. For each of them "Invisible Stripes" marks an important step in their careers. For Jane Bryan, 21-year-old, Hollywood born, it marks her first star part, after a succession of lesser roles, culminating in "The Old Maid," in which he made her small featured role so outstanding that the Warner Bros. studio rewarded her by placing her on their star roster.

For William Holden, his role in "Golden Boy" was the stepping-off place toward a career that promises to be brilliant. Unlike Miss Bryan, he had had no screen experience before he became a star. He was playing in a small stock company when a talent scout discovered in him just the type his studio was seeking for the "Golden Boy" role, adapted from the original story by Jonathan Pinn, based on the Lewis E. Lawes book. Besides the stars, the cast includes Humphrey Bogart, Flora Robson, Paul Kelly, and others.

Mrs. E. J. Washer came in Sunday from Grandview, Mo., for a two weeks stay with her mother, Mrs. Frank Dodson, and with other relatives. Her brother, S. S. Dodson, and her brother-in-law, P. M. McGee met her in Canadian.

Rev. and Mrs. Robert Girouard and children of Katy, Texas, left Tuesday after spending the holidays with her parents, Mr. and Mrs. C. J. Thompson, at Gruver, and visiting with friends in this community. Rev. Girouard was in charge of the services Sunday evening at the Pull Gospel Church. He is a former pastor of the Perryton church.

Western Story

"The Llano Kid" Stars Tito and Gale Sondergaard at Ellis Theatre Saturday

One of the best-loved of all O. Henry stories, "A Double-Dyed Deceiver," comes to the screen as "The Llano Kid" in Paramount's new outdoor action drama, which is coming to the Ellis Theatre, Saturday, January 6. With handsome, guitar-playing Tito Guizar playing the title role, "The Llano Kid" tells a rapid-action tale of a daring young desperado who doubles for the long-lost son of a wealthy Mexican family in the hope of robbing it. Guizar is assisted by a large cast, including Gale Sondergaard, Alan Mowbray and Jane Clayton, pretty Paramount starlet.

Mr. and Mrs. R. C. Nichols and daughter, Letha, had as their guests for the holidays Mr. and Mrs. John Nielson and son, Phil Warren, New Boston; Mrs. Marshall Brooks, daughter, Merith Ann and Miss Ruth Nichols of Pampa; W. R. Nichols, Cordell, Okla. Additional dinner guests on Christmas day were Mrs. Ruth Donley and Zona Mable and Mr. and Mrs. Russell Turner and Beverly Ruth.

These Texas Boys Know Their Lamb

Hailing from a state which leads all others in the production of lamb, these lads from Texas A. and M. College won highest honors as a team in judging lamb in the recent inter-collegiate meat judging contest at the International Live Stock Exposition, Chicago, The Texans, coached by C. E. Murphey of the college animal husbandry department, topped teams from 14 other colleges and universities to win this distinction.

The three members of the team, all native sons, were Lynn H. Mead of College Station, Ray G. Martin of Couilla, and Robert O. Dittman of Doss. Both Martin and Dittman were raised on Texas ranches and have been students of vocational agriculture and members of the Future Farmers of America organization. Mead was raised in the city.

Besides winning first as a team in judging lamb, the team tied for 6th place in the contest as a whole. Mead tied for first in judging beef. Martin was 6th high individual judge in the contest and second high in judging lamb.

Each contestant was required to judge carcasses and wholesale cuts of beef, pork, and lamb, and to give written reasons for their placings. The intercollegiate meat judging contest is conducted annually by the National Live Stock and Meat Board in cooperation with the International management.

Left to right in the picture, are: L. H. Mead, R. O. Dittman, R. G. Martin, C. M. Wilkinson (alternate), and C. E. Murphey (coach).

School Taxes Are Due!

Taxes for 1939 in the Perryton Independent School District are due and must be paid before February 1, 1940, to escape the burden of additional penalties and interest charges.

The officials of the Perryton school district appreciate the general attitude of the taxpayers toward the importance of keeping the schools functioning. We know that many have sacrificed in order to make their school tax payments.

Due to this splendid spirit of cooperation on the part of most of the taxpayers of the district, the Perryton schools have not only been maintained at a high rate of efficiency, but it has been possible to gradually raise the standard of the school system.

Delinquent Penalties!

Pay your 1939 taxes before February 1, 1940, and avoid the addition of extra penalties and interest charges. Remember that penalties on 1939 unpaid taxes are added at the rate of one per cent per month until July 1, 1940, when the penalty is increased to eight per cent and interest charges at the rate of one-half per cent per month are added.

Taxes Must Be Paid Now!

Although valuations have been lowered five per cent the tax rate remains at 70c. The operating budget is higher and delinquent taxes must be collected. All property owners in the district must carry their part of the load. Delinquent taxes are going to be collected! Arrangements can be made to pay delinquent taxes on the partial payment plan. Do this and avoid suit.

President Roosevelt took a lead in world peace moves by appointing Myron C. Taylor, left, industrialist and refugee worker, as the first U. S. ambassador to the Vatican in 72 years. The President enlisted the aid of Pope Pius, Dr. George A. Buttrick, center, Protestant leader, and Rabbi Cyrus Adler, right, president of the Jewish Theological Seminary through holiday peace messages.
