Elks Lose To Panhandle

Gared McBryde running the ball against the Panhandle Panthers.

The Junior High Band started out the activities Friday night before the Elks verses Panhandle football game.

Coaches Comments

The Panhandle game was not a good game for us offensively or defensively. We need to regroup and win our last two games so that we can have a winning season. On Friday the 24th we will play Highland Park in Amarillo. On October 31st we will play Sudan at 8:00 p.m. Our last game will be November 7th at 7:30 against White Deer. The games against Sudan and White Deer will both be in Stratford.

7th grade football

The 7th grade lost their first ballgame of the year to Panhandle 20-6. The 7th grade record is now 5-1.

The 8th grade lost to the Panthers 38-6. We are still working hard to improve on our record. The 8th grade record is now 1-5.

The J.V. lost a heartbreaker 13-8 this week as they played an outstanding game at Panhandle. The defense played great again as they have most of the year. Stratford led 8-7 until four minutes to go in the game when Panhandle scored to make it 13-8. The J.V.'s next game will be at White Deer November 6.

On Guard, Bunco To Be Shown

'On Guard, Bunco'', a film produced by Savings of America will be shown at the October 23 meeting of SCOT luncheon at 12:30 noon. It shows how to recognize and avoid con games and ''artists''. The film is brought by GFWC/Prospectus Study Club as a project of Home Life. Dorothy Haile is chairman.

Dear Readers

Dear Readers,

Well as most of you know we finally got our other granddaughter here Friday October 17th. We made many trips to Dumas and can really tell you how we appreciate the new 4-Lane highway. I would like to especially thank Janis, Lea Ann and Shirley for holding the office down. They did a terrific job. As I'm sure you noticed this birth announcement is also on the front page.

We would like to take this opportunity to remind everyone to please call or let us know when you need us to come and take a picture, and we will try and have someone there to cover it.

I'd like to mention that we are very proud of all of our youth. They do well in everything that they seem to do. Stratford has a great bunch of kids.

Letters To Editor

Dear Editor

Since our four-lane Highway 287 South is near completion, on behalf of the Commissioners Court, I want to express our appreciation to everyone who helped to secure it. A special thanks goes to our neighboring Moore County officials, to the cities of Dumas, Cactus, Etter, and Stratford, and to the Chambers of Commerce of Stratford, Dumas, and Amarillo. We extend our gratitude also to the many businesses and individuals who gave their time and support and who attended the Commission meetings in Austin.

After over ten years of struggle, three Commission meetings in Austin, and loss of work by many citizens, we finally achieved our goal. Isn't it great!

Sincerely,
Bill Frizzell
Sherman County Judge

Dear Editor,

The people of Stratford need to take a look at what is happening to the retail merchants of this town. They need to put themselves in the shoes of the merchants. A merchant works hard to try and bring their customers what they want. Most items have to be bought in certain quanities and it is a little scarey for the merchant to go out and purchase these popular items when the people of Stratford would rather drive out of town to shop. Then the merchant is stuck with left-over items and will have to lose money to get rid of them. If the home town people would shop at home, then these items could be bought in bigger quanities therefore lowering the price. It is also a little irritating when these same people that shop out of town don't think twice about going around town to merchants and asking for money or prizes to be donated for a certain cause. Merchants have feelings too, and it is not a good feeling to know that people don't want the products you sell, just your money or help when they need it. There are organizations that shop out of town also but are the first to be there asking for donations when the time is right. Please shoppers, wake up and see what you are doing to the business of Stratford before it is to late.

A concerned shopper
and retail merchant

SCOT Notes

by Timmie Brown

'Morning, Sherman County Older Texans and friends. We have a busy time before us, so write yourselves some reminders about upcoming events and remember where you put the notes.

Oct. 21st, Tuesday is Board meeting and please all members make a special effort to attend. ''Depression Supper'' should be an important item, not just mentioned but postive steps made to promote a profitable event.

Thursday, Oct. 23, is regular luncheon meeting at noon. Our hosts, according to plans, are the Russell Kelps, the Jack Dettles, Alma Lee McMahan, Ethel Hampton, Doris Parker and the Russell Terrills. Let's be thoughtful of them and let them know we appreciate them.

Dorothy Haile, chairman of Home Life phase of work for Prospectus Study Clubs is presenting a program on ''Operation Con Game'' from S.E.A.(Stop Elder Abuse) protecting Senior Citizens. Chief Dennis Davis plans to be present to answer questions. Dorothy has another ad in ''Star'' of 18th one might read. We welcome Study club members

Last note, On Sat. evening Oct. 25th a dance will be held at Scot-Hall featuring musician Denis D. Hawley of Trinidad, Colo. He plays both Electric organ and piano and brings his own instruments. A donation of $5.00 **per person** is a modest amount for the kind of music presented. Music lovers can enjoy an evening of melody and rythm even if they don't dance.

Beside these specials, regular quilting goes on Mon., Wed. and Fri. and dance practice on Mon evenings.

The Sherman Co. Historical Commission's field trip to Adobe Walls, the Turkey Track Ranch and Borger Museum was a delightful and informative experience. On Oct. 14th (Tuesday) a group of folks including Millie Hacker, Marihoward Engelbrecht, Ann Wells, Audrey Gamble, Selma Pendleton, Betty Lou O'Brien, Alfred and Jimmie Pronger, Andy and Mildred James and Timmie Brown, drove to Kent Cartrite's farm where Marshall Cater and Vina Cater Hawpe, tour guides, met us. At Kent's we enjoyed a video cassette showing a range branding operation on Marshall's Roberts Co. ranch, which was carried out in western style, that is, roping an animal and dragging it to the branding fire and iron. While discussing the technique and dangers of roping and etc. Kent told us that a few weeks earlier young Travis Galloway lost a thumb during a roping contest. However, due to modern day surgical skills, the thumb replaced and to date is doing well. Travis is the son of Molly and Jerry Galloway and grandson of Travis and Lilly Galloway, and Bell Davis. (Just couldn't resist the above.) Fay and Kent Cartrite, Marshall Cater and Vina Hawpe joined the party for the day.

As we drove east on road 281 we thought we were ''seeing things'' when a whole group of wind-mills loomed up on the horizon. But no! On the Buchanan Ranch there is a collection of 12 windmills on an area about the size of a city block, all operating. Of course, they are not pumping water. A little distance from this group is the tallest windmill, we ever saw; an estimate of 40-50 feet possibly. That mill, presumably, provides water for the ranch house. We went on to Adobe Wall and enjoyed facts, conversation, and lunch until the dirt-dobbers (wasps) made us happy to move on to Turkey Track Ranch headquarters, Borger Museum, Fort Zuler an early day Post Office and Stratford Friday, October 17th. Terry Cavit drove the Scot Bus for Gladys Arnold, Ethel Hampton, Opal Bryant, Wanda Riffe, Elsie Pickens, Minnie Reeder, Bess Stone, Dovie Fedric, Bernice Stubblefield, Edna Knight to Guymon. At Ma's Restaurant this group enjoyed Chinese food and good fellowship. Some day we wish we were two people.

Game night at Scot Hall, Saturday, October 19 was a most enjoyable time. Enjoying games were Clarence Wellmon, the Ed Hills, the Max Stephensons, Opal Bryant, Rowena Williams, the Ken Metzgers, the Raymond Dyesses, the Dick Woolseys, Kathleen King, Alda Mitts, Jewel Dovel, Elsie Pickens, Ethel Hampton, Gladys Arnold and this reporter.

Visitors in Stratford this week include the Ivan Bammes and Billy Bammes of Kansas, Ernest and Nola Cummings of Amarillo.

Mr. and Mrs. Newsome, Sherman, Texas, Sharon Harrington's parents, were visitors in Stratford and Guymon where Mrs. Newsome's mother is a guest at the Dunaway Manor.

Maud Alexander, Gruver and Alfred Allen, California lately attended service's at the Methodist Church renewing friendship. They visited their sister, Estelle Billington also.

John and Billy Steel of Colorado Springs were visiting the Bill Allens, the Dwight Hesters and other relatives. We appreciate so much that they set time aside for us.

The Orland Lasleys are busy in Arizona and New Mexico. Thank the Lord that Orland is doing so well.

Elsie Pickens and Freda Roach of Texhoma left Sunday for a color tour through Arkansas.

Velma Wyatt, Sherman Co. Older Timer Queen, and daughter Christine were visitors at the Depot Museum last week.

Congratulations to Betty and Baskin Brown, the occasion? Their 45th wedding anniversary, October 19th, and Baskins Birthday, October 23.

Best Wishes to Rentie Hamilton up on recovery from hospital stay; to the Roy Browder's on the occasion of their Golden Wedding Anniversary and to Cordie Lanners on her 93rd birthday, to all four congratulations and love from S.C.O.T. and personally, also.

S.C.O.T.'s very Special love and prayers to Dorothy Frizzell and family, supporting you in the loss of your son, Jack. We add our personal prayers and love.

Remember the pleasant things ahead this week, especially the noon meeting, Thursday, October 23. Bring your smiling self, happy greetings and food, of course. Meantime scatter love pats and ''luv u's'' around about!

Kerrick News

Such a terrible tragedy that happened last week! Robert Costner, 22, Keyes, Ok., died from the burns he received when his road grater burned after hitting a gas pipeline near Kerrick.

Debra Miller and Clay Allen were married October 17 at St. Stephen United Methodist Church in Amarillo. She made such a lovely bride. Debbie is one of Kerrick's ''block kids'', have grown up at the south end of the block. Her sister Bonnie, Doug and Bill Taylor, Brenda Taylor, Patti and Mike McDaniel were all ''much older'' than Debbie from three to seven years!

Attending from Kerrick were Nita Taylor, Franny Taylor and Brenda who came from Denver, Marylou McDaniel, Mike McDaniel, Ted and Joyce Irlbeck.

The reception was held at Tascosa Country Club and a good time was had by all!

Kerrick EH Club met October 14 with Joyce Irlbeck. Election of officers was held with Jo June McDaniel elected President; Minnie Hampton, vice-president; Franny Taylor, Sec.-Treas.; Lynn Wells, Council Delegate.

Important Dates: Oct. 28, Comm. Center, Pie Crust Day; Oct. 31, 7:30 p.m. Halloween Party; Nov. 6 Christmas in November, Exhibit Bldg.; Nov. 18 Kerrick EH Club, Marylou's; Nov. 22, 7 p.m. Thanksgiving Supper; Dec. 19, 7:30 p.m. Cimarron Feeders Supper; Dec. 20, 7:30 p.m. Christmas Program.

Cleaning dates to be announced later as will the Secret Pal Party. Ladies, note that club date has been changed for November.

Present for the busy planning meeting were Pat Boren, Jo June McDaniel, Minnie Hampton, Franny Taylor, Barbara Avent, Gayla James and Levi, Mabel Rogers, Barbara Schoonover, Vicki Thompson, Lynn Wells and Joyce Irlbeck.

Brenda Taylor, Denver, arrived Thursday night for a visit with her mother, Franny, and to attend Debbie Miller's wedding. Friday was her birthday and Saturday was Franny's. Brenda returned home Monday.

The flu bug knocked Mabel out of going to the downstate Soil Conservation Convention last week! Hank wouldn't go without her, of course. Earlier, Bob & Roberta Murdock of Laramie, Wy., spent a few days with her sister. They also visited with Emma Love in Goodwell, R.P. & Carrie Crabtree at Boise City and Frances Murdock & Pat Asbill in Dalhart.

Bob & Ferne Scott enjoyed a short trip to Mount Rushmore and the Black Hills recently. They had some snow and cold weather!

John McDaniel was taken to St. Anthony's Hospital by ambulance Saturday night. He has a possible ruptured disc. John was really hurting! He's in room 589.

Jo June McDaniel's aunt, Junia Robinson of Texarkana, Tx. and her son, Tom of Amarillo spent a couple of days visiting last week. Thursday Penny, Linda and Danielle, Clayton and Whit, Diane and children of Stratford, John & Terry joined them for a mini-reunion.

Marjorie and Dick Munden, Claude, spent Friday night with her mother, Virgie Mathews.

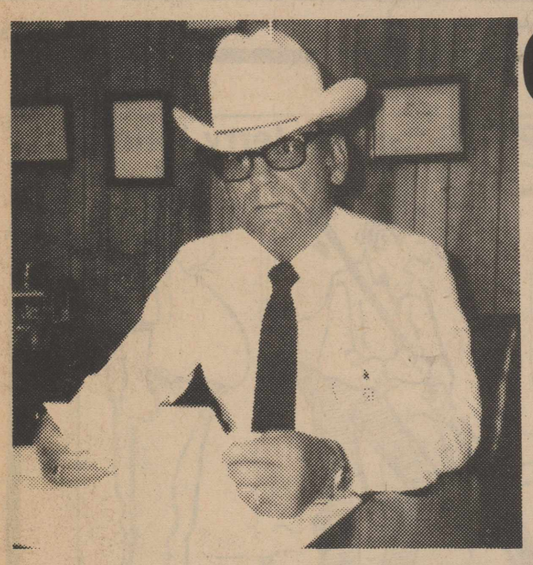

Joe Bill Boren was home from Texas Tech and Kerry Boren from PSU.

"It's OK Son"

When caught for speeding one day, Johnny saw his father give the policeman a $5.00 bill with his driver's license. "It's O.K. son," the father said as they drove away, "Everyone does it."

When Johnny was eight year old, he watched his uncle George fudge on his income tax return. "It's O.K.," the uncle said, "Everyone is doing it."

When Johnny was twelve, he broke his glasses through carelessness, and his Aunt Fancis persuaded the insurance company the glasses were stolen and collected $67.00. "It's O.K. son," she said, "Everyone does it."

When Johnny was sixteen he took his first summer job at the market. His assignment was to put the over-ripe or half-rotten tomatoes at the bottom of the basket and the good ones on top. "It's O.K. lad," the manager said, "Everyone does it."

When Johnny was nineteen he was approached by an upper classmate who offered the final test answers for ten dollars. "It's O.K.," he said, "Everyone does it."

Johnny was caught and sent home in disgrace. "How in the world could you do this to your mother and me?" the father said. "You couldn't have gotten these ideas from home." The aunt and uncle were likewise indignant; "If there is anything the adult world can't stand, it's guys who cheat."

Many a Johnny is wandering around in this world waiting on someone to come up and say that old familiar line one more time..."It's O.K. Johnny, everyone does it."

Helpful Hints

Old blankets can be used as liners for sleeping bags and are better that sheets in case of cold weather.

A small mailbox may be just the thing to put cooking utensils, also silverware in.

To remove stains left by tub decals, scrub porcelain tubs with automatic dishwasher compound and hot water.

When traveling, give each child a map and a yellow marker so they can mark the route and cities as they go. This will keep them busy and they will understand the distance.

[Kerrick News continued from page 3]

Oct. 14 Pat Boren attended a "We Care" meeting in Lubbock.

Oct. 8 I went to Denver to pick up my dad, Myron Leedy, who had flown in from Sacramento the day before. Son Mike was in Denver from October 4-11 visiting with sister Patti and other friends.

In celebration of my birthday, Patti, Myron, Brenda Taylor and I enjoyed dinner at the Brown Palace Arms. The maitre d', Elias Haddad, made a great spinach salad and Raspberries Romanov that were out of this world! (How's that, Ellie?) It's sure fun to be treated like royalty! Our waiter was Jim Chachas, bus boy was Michael Purifoy and various others stopped by. After dinner the Hotel concierge, Carole O'Hagan, took us on a tour of some of the elegant hotel suites, you know, like where the Stars stay, Vice-President, etc. It was fun! And thanks to you, too, Tony Kerby! (See, you all made the newspaper!)

Mike, Myron and Patti had also enjoyed lunch at the Ship Tavern of the hotel the day before. For the one or two who may not know, Patti is Director of Human Resources (Personnel Manager) for the historic Brown Palace.

My Dad & I drove to Junction City, Kansas. I returned home Oct. 15.

SPS Seeks To Lower Fuel-Cost Factor On Electric Bills

Southwestern Public Service Company (SPS) today filed with the Public Utility Commission of Texas (PUCT) to lower its fuel-cost factors on electric bills and to credit $12 million in past fuel savings and interest to its Texas retail customers.

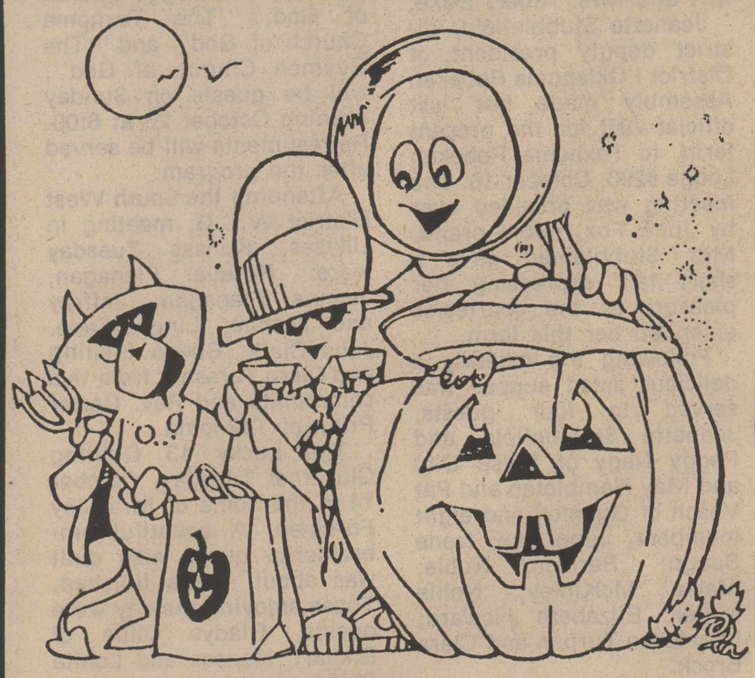

If approved, the fuel-cost factor on residential bills will be reduced from 2.7555 cents per kilowatt-hour (KWH) to 2.6096 cents, beginning with December bills. The change will reduce overall rates by 2.5%.

The one-time credit will lower December's bill by $13 for a "typical" residential customer who uses 600 kilowatt-hours of electricity monthly, said Sam Hunter, SPS vice president of rates and economic research. The lower fuel rate will result in an ongoing savings of 88 cents a month for the same "typical" customer.

"This action is possible for two basic reasons," Hunter said. "First, the prices of the natural gas and the coal we use to generate electricity have declined because of the current energy situation. Second, SPS employees have continued to increase the fuel efficiency of SPS power plants. SPS recently was cited as one of the 10 best among the 100 largest investor-owned electric utilities in the United States in terms of power plant generating efficiency."

Under PUCT regulations enacted in February and revised in July, electric utilities are mandated to file for a fuel-cost adjustment if lower fuel costs lead to an accumulation of at least a 4% overcollection, and if the lower fuel costs are expected to continue. Interest, calculated at 11.7% annual rate, is added to the fuel-cost overcollections and will be included in the credit to customers, Hunter said.

The new PUCT rule replaced a previous ruling in 1983 that eliminated monthly fuel-cost adjustments and that required electric utilities to establish a fixed fuel factor to be in effect at least 12 months. At that time, fuel costs had been rising steadily. Falling fuel costs since then prompted the PUCT to make the most recent change in its rules, Hunter said.

Don't go digging for buried trouble.

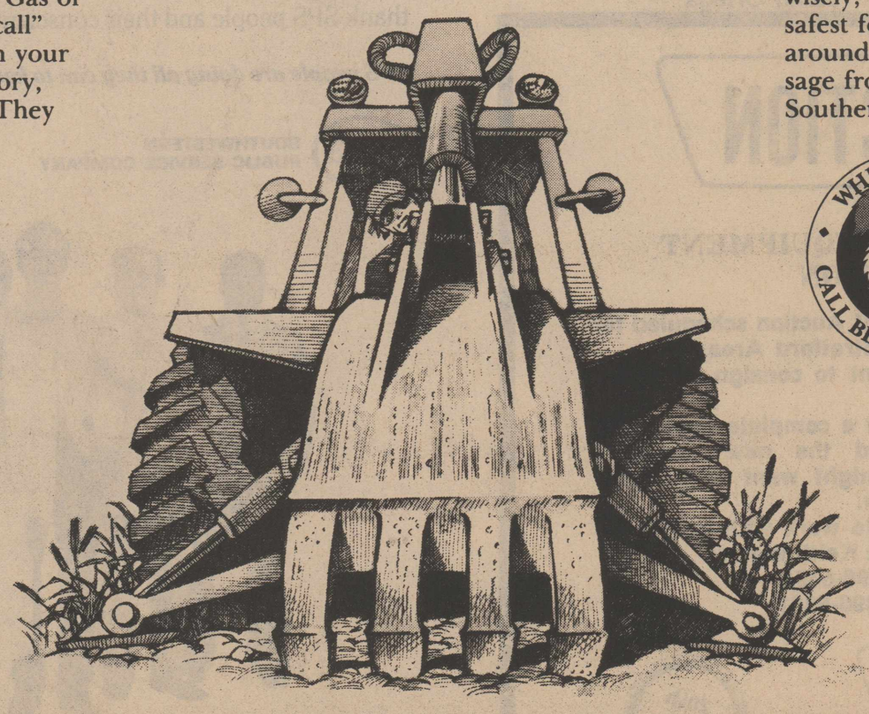

Whether you're operating a backhoe at a new construction site or digging up the backyard to put in a new patio, you can follow some simple guidelines from the people at Southern Union Gas to avoid potential accidents involving underground lines.

The first step to digging safely comes *before* you start the job. Always call Southern Union Gas or your local "one call" number, listed in your telephone directory, before you dig. They can provide you with information about the location of any underground natural gas facilities in the area where you'll be working.

If it turns out you'll be digging near underground utilities, you can minimize the risk of damage by staying alert for the smell of natural gas *before, during* and *after* your work, and by working around lines that have been uncovered, supported and protected. The people at Southern Union Gas can also advise you about maintaining a safe clearance between lines, and tell you how to pad buried lines for additional protection.

Sometimes, accidents can happen even if you've taken every possible precaution. The consequences can be serious, ranging from injury to people in the area to service interruptions to costly repairs. If you suspect damage to an underground line, call Southern Union Gas right away. Someone will come out immediately to inspect the area and make sure it's safe.

Remember, when natural gas is used wisely, it's one of the safest forms of energy around. A safety message from the people at Southern Union Gas.
