SIXTIETH YEAR

Sonora, Texas, Friday, July 7, 1950

THIRTY-EIGHTH WEEK

A GRIM CALMNESS pervaded the Capitol last week as the Korean situation was watched with an interest reminiscent of war days. The President's dramatic and historic announcement that we would use military force to protect Formosa and South Korea was received in Congress with jubilation and approval. The extension of the draft law for a year -- a week ago somewhat controversial -- was passed by the house with but four dissenting votes a few hours after the President's announcement.

The invasion into south Korea was not unexpected. It had been forecast for months, but many had urged the President last year to tell the world we would lend military assistance to south Korea if it should be attacked. But it was announced months ago that both Formosa and Korea were not considered essential to U. S. defense.

Now, however, the picture has changed and little Korea has become the symbol of freedom, of the right to live in peace and security in a world surrounded by Communist brigands.

If you will look at your map you will see that Korea is a peninsula jutting out into the sea of Japan, a hundred miles from Tokyo. It is bounded on the north-west by Manchuria for some 500 miles, and its landed area is within 100 miles of Russia's Vladivostok. In area it is a third the size of Texas but with more than four times as many people.

Korea is highly strategic militarily from the standpoint of both Russia and Japan. Long ago Korea became to Japan "a dagger pointed at her heart." In fact Russia and Japan fought two wars in the past over control of Korea, with Japan winning the 1904 contest. So, in 1910 Japan annexed the peninsula and it remained that way until the close of World War II.

BACK IN 1943 the United States, China and Great Britain pledged at the Cairo Conference that Korea would become independent. And later Russia subscribed to this pledge at Potsdam. But meantime at Yalta in 1945, a secret agreement is reported to have been made for Russia to capture North Korea to the 38th parallel, when she entered the Japanese war. The U. S. was to occupy the southern part.

The theory was that the military occupations would be temporary and that a free democratic government would be set up. We complied with our part of the bargain and withdrew our 80,000 troops in January of 1949.

But not so with Russia. She refused to allow North Korea to hold a free election or join in any sort of united government. Instead, a puppet government in the North was set up, asserting control over the south as well. A free election conducted by the United Nations created the Southern Republic, and it claimed jurisdiction over the north where the Russians would not permit an election.

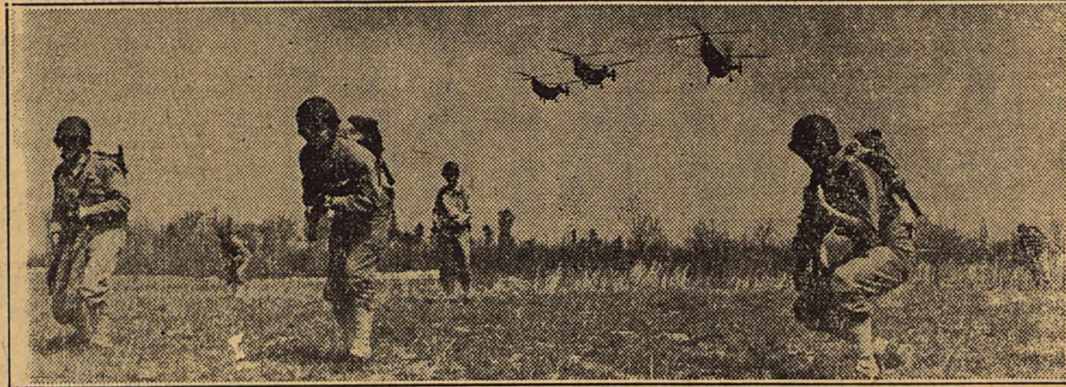

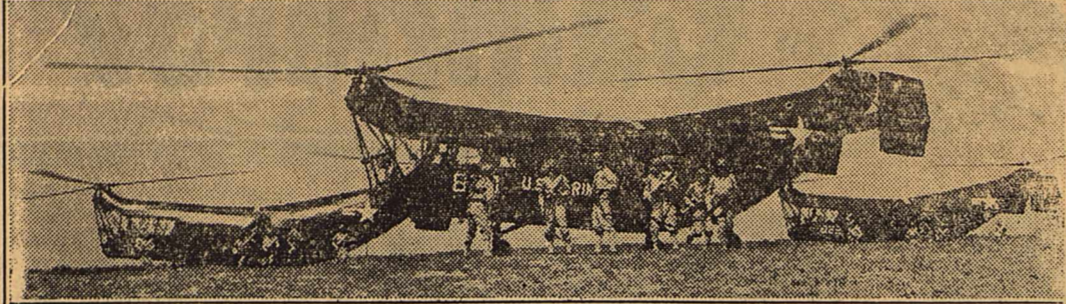

IN THE MEANTIME the United Nations took a hand to try to break the stalemate. A UN commission was sent to Korea to get the facts. But it was stopped at the 38th parallel and was not allowed inside the Russian dominated portion. The election in the south followed.

Moscow claimed its troops were withdrawn from Korea in December of 1948.

Now the UN has condemned the recent invasion, and the United States, supporting the UN declaration is giving military aid to the embattled southerners.

GENERAL CONSENSUS here seems to be that if Russia throws her full military support behind the invasion, the south will be overrun. But most people think Russia, through her puppet, is simply probing a soft spot in the free world to find out how far they can go without having the free world hit back.

But now the free world is hitting back. If the free world had hit back at Hitler and at Japan in the 30's, perhaps World War II could have been averted. And Russia has now been told that this kind of monkey business will

REPAIRING ATOMIC WARFARE.—The advent of the atomic bomb has presented problems for all types of warfare. One solution is being developed by the Marine Corps by the use of transport helicopters for moving a landing force from ship to shore. Based on ships widely dispersed offshore, helicopters can load assault troops, flying from different directions, circumventing powerful beach defenses and land accurately in any desired position. Above, landing party disembarks. Below, troops deploy while helicopters return to ships. Range, speed and mechanical limitations of helicopters are expected to be overcome by technical improvements.

## Soil Conservation District News

News of Edwards Plateau Soil Conservation District Prepared by Local SCS Personnel

The Ogden Wilson Ranch near Fort McKavett was the scene of a Soil Conservation Field Day on Friday, June 30. A fine display of hospitality was extended to some 225 guests by Mr. and Mrs. Wilson. Those present from Sonora included Tom Davis, Dantes Reiley, Wesley, Edwin and Mrs. E. E. Sawyer, Jack Neill, Lea Roy Aldwell, Thomas and Tommie Morris, Rex and Charles Cusenberry, James T. Hunt, Wallace Dameron, Joseph Vander Stucken, Fred Earwood, Emil Prugel and Edgar Shurley.

A very impressive illustration of the effects of rindrop splash erosion was given the group by Ben Osborn, SCS Specialist from San Angelo. Osborn ran two tests with his rain simulating machine, one on nearly bare ground and the other where there was a fair cover of grass. It was easy to see that runoff started much quicker on the bare ground and that the runoff water carried more soil with it than the runoff from the area with some grass cover. This brings to our minds more vividly the fact that if our pastures do not have a good cover of grass we not only suffer from the loss of soil but also from the loss of water. Efficient use of our rainfall cannot be made unless we have a cover of grass on the ground to hold it where it falls.

After a very good barbecue dinner and a series of short speeches, the group made a short tour of the ranch. The benefits derived from resting a pasture during the growing season was pointed out. Besides having a good cover of grass, the better grasses such as switchgrass, sideoats grama, little, big and pinhole bluestem, Canada wildrye and many others were very evident.

Since it will soon be time for fall plantings of clover, ranchers should begin to think of land preparation. In order to obtain the best possible stand of clover a firm seed bed is needed and one relatively free from weeds. This can be obtained by breaking the land now. This will allow the soil to become firm before planting time and will also reduce the weed competition.

Crop residue should be left on or near the surface of the soil. It will aid in holding up the runoff water and allow the water to penetrate into the soil better. The practice of leaving from four to six inches of stubble on the ground has proven very satisfactory.

Collections of wool lint around the baseboard of a clothes closet make an ideal home for moths and carpet beetles. The same goes for accumulations of dog and cat hairs.

not be tolerated by Uncle Sam; that appeasement is out; that a show-down on the effectiveness and integrity of the UN is at hand; that the Russian postwar crimes against free people will be challenged around the world.

As one observer said, the future of the free world is at stake. We have a chance to stop the Russians today without war; if we fail to make the most of that chance, then on some future day, as surely as the sun rises and sets, we shall have to try to stop them with a war that could end in the ruin of our civilization.

## Sporting Goods Store Here

Douglas O. Carr, young war veteran from Big Lake, will open Sonora's newest store Saturday when he holds open house at the Old Spanish Trail Sporting Goods Store, located in the Hallum Building.

Refreshments will be served and attendance prizes given, Carr said. Formerly employed by an oil company at Big Lake, Carr and his wife moved here recently after leasing space in the Hallum Building.

Carr plans to stock a line of hunting and fishing equipment, camping equipment, small hardware and garden tools, and sports equipment.

## Slight Gain By Local Post Office Carr Opening

Postal receipts for Sonora during the second quarter of 1950 showed a slight gain over the same quarter of last year.

Receipts for the quarter ending June 30, for box rent and stamps were \$3,706.27, as compared to \$3,575.51 for last year. Domestic money orders sent were \$34,266.84, while the figure for the same quarter last year was \$38,264.80. International money orders sent during the second quarter this year totaled \$7,027.32, while last year's total for the same quarter was \$3,275.45.

Postmaster James D. Trainer reported that all 636 post office boxes are now rented and that there are 25 persons on the waiting list.

## MORE DONATIONS FOR AUCTION RECEIVED

Additional donations received by the Lions Club Auction Sale but not reported in last week's paper included a cash donation by B. J. Harrison of Houston, and donation of a yearling ewe by Sterling Baker.

## BILL WHITEHEAD TAKEN TO GONZALES SATURDAY

Bill Whitehead, young Val Verde ranchman, who was stricken with polio two months ago, was taken to the Gonzales polio hospital Saturday for convalescent therapy.

## JUNO CONSTRUCTION STARTING MONDAY

Killiam and Keller Construction Company of San Antonio, will start work on the new Juno road Monday, July 10, according to C. C. Stroud, resident engineer.

## Power Consumption Up

Electric power consumption in Texas stepped up 6 per cent in May from April and 13 per cent from May 1949. Commercial power usage was up 10 per cent in May from April, while industrial and residential usage rose 6 and 4 per cent, respectively.

Mr. and Mrs. E. V. Smith attended the Wood family reunion in Ballinger July 4.

## Sonoran's Brother Buried Wednesday

Funeral services for W. T. Acklen, twin brother of Mrs. Lee Labenske of Sonora, were held last Wednesday at the Liveoak Cemetery near Buda. Mr. Acklen died June 27 in a San Antonio hospital after a two week's illness.

Born in Buda October 4, 1877, Mr. Acklen was engaged in the lumber and mercantile business and retired several years ago. He made his home with a daughter in San Antonio.

Survivors include two daughters, Mrs. Jack Sledge, San Marcos, and Miss Lyn Acklen of San Antonio; two sons, William Acklen of Abilene and the Rev. Henry Acklen of Montgomery, Alabama. Two other sisters survive, Mrs. Lillie Swatsche, Winters, and Mrs. W. E. Crutcher, San Marcos.

The Rev. E. B. King, Eldorado Presbyterian minister, conducted services.

## 12-Months Wool Sells At 70, 72 1/2

The Sonora Wool and Mohair Co. reported sale Monday of 225,000 pounds of original-bag 12-months wool for 70 to 72 1/2 cents per pound to G. W. Shield, San Angelo, representing Hallowell, Jones and Donald, Boston.

Priscilla Pfister had her tonsils and adenoids removed in an operation last week in a San Angelo hospital.

Mrs. Gomer Minnick and children, Jodie, Willis and Flora Mae, visited Mrs. Minnick's aunt, Mrs. O. B. Davis, in Thurber July 4.

## YOUR HEALTH

Food poisoning and the spread of food-borne diseases can be "things of the past," State Health Officer Geo. W. Cox asserted today.

"People need only remember three things to bring about the end of the food poisoning disease classification," Dr. Cox declared. "Buy food from safe sources, prepare it in a sanitary fashion; and serve and store it correctly."

He said state laws covered the sale of contaminated food to the housewife, but "only the homemaker can see that food is properly stored and cleanly prepared for serving to the family."

There is a difference between food infection and food intoxication, he pointed out.

Food infection comes from eating or drinking a product contaminated by a germ. Dysentery, typhoid fever, para-typhoid fever and tuberculosis are examples. Animal parasites can also gain entry to the body in this way. That, the doctor said, is how people get trichinosis and tapeworm.

The growth and multiplication of certain toxin forming bacteria in unrefrigerated foods bring on food intoxication, according to the explanation. That is the source of staphylococcus infection and the deadly botulism. Some kinds of mushrooms and certain shellfish are also poisonous.

Deep-rooted clovers open up the sub-soil and this permits either rain or irrigation water to go into the ground instead of running off.

## Team Roping Set Here Sunday With Eldorado

The Sonora Roping Club takes on the Eldorado club here Sunday afternoon at 2 o'clock at the racetrack arena. Admission prices will be 50 cents for adults and 25 cents for children.

The roping is being held to raise money for feed for the 40 head of calves owned by the club. Practice ropings are held each Tuesday and Thursday nights for club members only, and the public is invited to attend.

In the team roping Sunday, each club will be represented by six or eight of its best ropers. Each contestant will rope two calves.

Members of the Eldorado club are John Powell, Tucker Clark, Billy McCravey, Arch Ory, James Alexander, Bing Crosby, Lee Williams, Jack Jones, Howard Belcher, Skeet Mace and A. G. Clark.

Members of the Sonora club are Howard Espy, Stanley Mayfield, Joe Hull, Jamie Galscock, L. P. Bloodworth, Dick Morrison, R. M. McCarver, Billy Galbreath, Junior Nixon, C. W. Taylor, Billie Taylor, Glenn Richardson, Dow Vogel, Gene Shurley, Jim Hugh Richardson, Bill Doran, Charlie Pharis, Herbert Fields, Son Whitehead, Dick Carlisle and David Shurley.

## Sonora Climbs Out Of Concho Basin Cellar

Sonora's Concho League baseball team got out of the cellar Sunday by winning both ends of a double-header from the Cumbie Furniture team, San Angelo. The first game, which Sonora won by a score of 9-3, was a five-inning windup of a protested game held back in April.

Sonora, behind good pitching by Henderson, Thompson and Stuart, went on to win the regular game 12-11 in ten innings. Heavy hitter for Sonora was Juan Noriega, who got five hits in his first five trips to bat.

A barbecue picnic was held for both teams following the game.

A. H. Adkins and Gomer Minnick left Thursday for the Firemen's Training School at College Station. The City of Sonora will be given a 3 percent fire credit as a result of their attending the school.

## Services For Gordon Taylor, 13, Held Thursday

Funeral services for Gordon Taylor, 13, Rocksprings Boy Scout who died of polio Tuesday morning, were held in Rocksprings Thursday afternoon. Young Taylor, son of Mr. and Mrs. Hearn Taylor and a grandson of Mrs. C. A. Tyler of Sonora, was stricken Sunday afternoon while attending a Boy Scout jamboree at Valley Forge, Penn. He was taken to the U. S. Naval Hospital at Philadelphia, and died at 4:45 o'clock Tuesday morning. His illness was diagnosed as the bulbar type of poliomyelitis.

Members of the executive staff of the Concho Valley Council of the Boy Scouts attended services.

## 350 Entries In Ram Show

San Angelo's fourteenth annual Rambouillet Ram Show & Sale will get underway at the fairgrounds in San Angelo July 25 and 26. More than 350 entries have been entered.

Under the sponsorship of the San Angelo Chamber of Commerce and the American Rambouillet Sheep Breeders Association, the show and sale has 23 consignors representing Texas, Utah and New York.

In the show division, which will be held Tuesday, July 25, \$350 in premiums will be offered in five classes of judging. Classes are champion ram, two-tooth ram, four-tooth ram, pen of five two-tooth rams, and pen of 10 two-tooth rams. L. D. White, Rambouillet breeder from Fort Stockton, will be the judge for the show.

Sheep entered in the show must be offered for sale through the auction ring. Walter Britten of College Station will be the auctioneer for the sale which will be held Wednesday, July 26.

Members of the show and sale committee are: John Williams, chairman, Eldorado; Louis Bridges, Bronte; Ellis Owens, Sheffield; Miles Pierce, Alpine; Leo Richardson, Iraan; Pat Rose, Jr., Del Rio; R. O. Sheffield and Jack B. Taylor, San Angelo; and L. D. White, Fort Stockton.

Mr. and Mrs. Dick McCalmoat and children returned this week from a two week's vacation in New Mexico, Arizona and California.

## Sonoran Killed In Auto Wreck Near Rocksprings

Eduardo A. Gonzales, 26, was killed Sunday afternoon 10 miles west of Rocksprings when the convertible coupe he was driving went out of control and overturned. Two companions, Antonio Ybarra and Polo Mendiola, were injured but were expected to recover. Three others riding in the car, Juan Cardona, 22, Pasquale Perez, 27, and another man whose name was not known, were not hurt. Gonzales and Ybarra lived in Sonora; the others were from Rocksprings.

According to the accident report filed by Texas Highway Patrolmen Hugh Shaw and Malcolm Bolinger, Gonzales was taking the others to work on a shearing crew near Rocksprings. The car was going toward Rocksprings on a straight stretch of road when it ran off the right side of the highway, pulled back to the edge, overturned and slid across the highway on its top. The car traveled 195 yards from the point where it left the road to where it stopped.

The officers estimated the car's speed between 85 and 90 miles per hour when the accident happened.

Funeral services for Gonzales were held from St. Ann's Catholic Church Monday afternoon.

## Swim Classes Start Monday

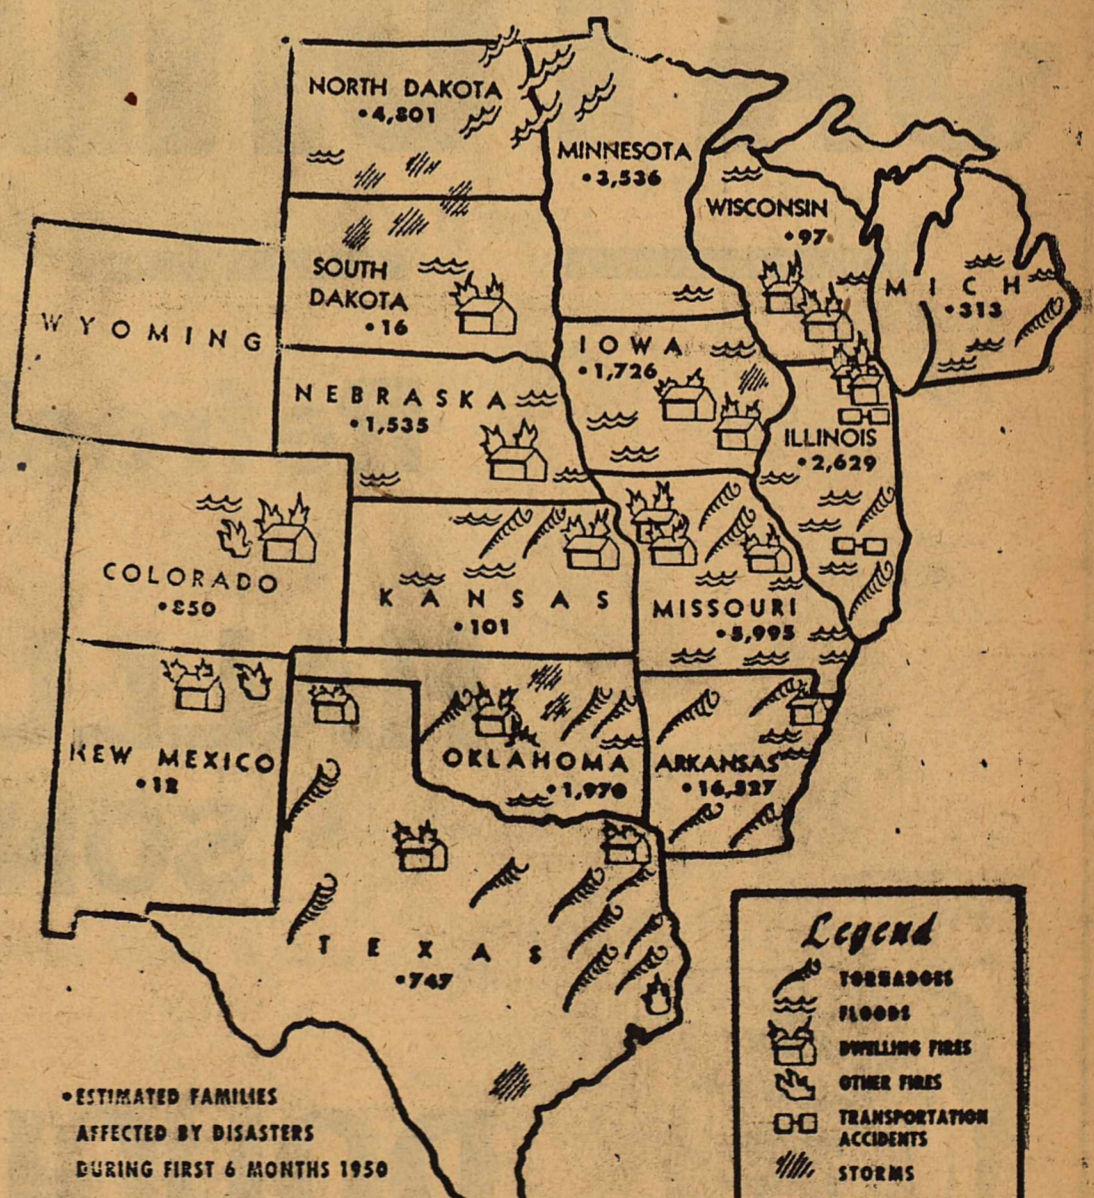

Next swimming class for beginners will begin Monday morning, July 10, at 10 o'clock according to Coach Edwin Thompson, who will be in charge of the class. Thompson said there will be no second intermediate or junior life-saving classes due to lack of demand.

The pool will be kept open Tuesday and Friday nights each week, beginning Tuesday night, July 11. The Sonora Electric Company has installed a juke box at the pool and dancing for teen agers will be held on the concrete apron adjoining the pool.

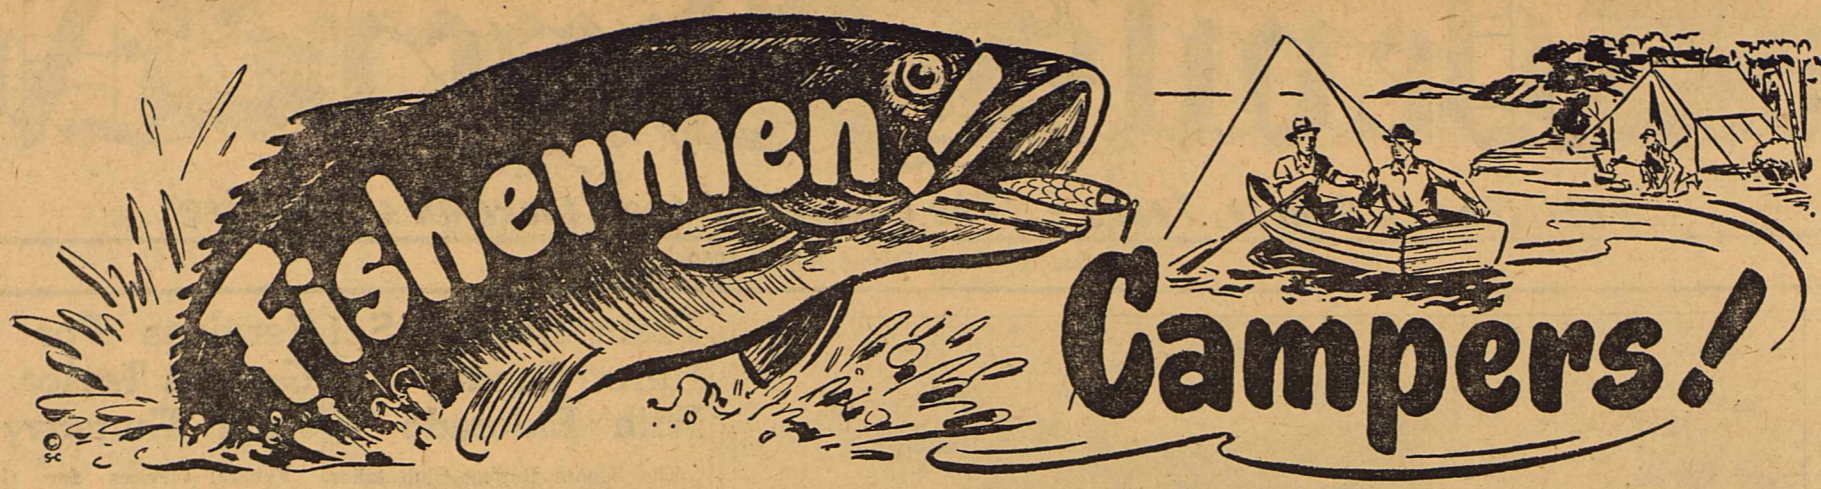

Mr. and Mrs. A. O. Brink left Wednesday for their home in Houston after a three-week visit with Mr. and Mrs. Joe F. Logan.

FOR SALE: Table for electric sewing machine. Like new. Really sell cheap. Phone Zola's Courts.

## 40,000 Families Affected By Disasters in 16 States, 6-Month Survey Shows—Floods, Tornadoes Cause Greatest Loss

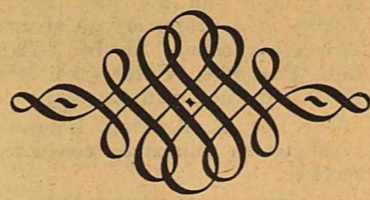

Floods, tornadoes, storms, fires, and other disasters this year have struck an estimated 40,000 families in 15 of the 16 states comprising the American Red Cross Midwest Area, shown by the above map. Red Cross officials in charge of aiding disaster victims in the area report a number of disaster operations continuing into the second half of 1950. Largest continuing operations are in the North Dakota-Western Minnesota flood area, where Red Cross has provided continuous assistance since the end of March, with operations complicated by recurring floods and blizzards.

SCHOOLS ANNUALS HERE

The 1950 high school annuals arrived Thursday and are being distributed at the high school, according to T. M. Harvey, journalism teacher and sponsor. This year's annual, named "The Bronco"

Mr. and Mrs. C. C. Stroud and daughter, Linda Gail, left Saturday for Fort Worth, where they visited his mother, Mrs. C. B. Stroud.

MRS. KELLEY HOSTESS TO THURSDAY CLUB

Mrs. Robert Kelley entertained the Thursday Bridge Club last week at her home. Decorations used consisted of cut flowers in red shades. Refreshments of ice cream and cherry pie were served.

Mrs. Sim Glascock won high score and Mrs. Harvey Morris won the duce prize.

Those present were Meses. Lee Patrick, Glascock, Nellie Allen, G. G. Bennett, O. G. Babcock, Jack

W.M.U. HOLDS CIRCLE MEETINGS WEDNESDAY

The Women's Missionary Union of the Baptist Church met Wednesday for study. Circle Y met with Mrs. W. O. Crites, Circle U met with Mrs. F. A. Kile. Business meetings were also held.

Drive slowly through School zones.

Whitley of Westbrook, Maysie Brown, Morris, Joe Berger, Rose Thorp, Leonard Caldwell, Bunnell and J. W. Trainer.

GARY MCGILVRAY GIVEN PARTY ON BIRTHDAY

Mrs. Bill McGilvray honored her son, Gary, on his second birthday last Thursday evening with a party at their home. Cake, punch, cookies and ice cream were served.

Favors were small plastic cars. Those present included Joe Moore, Peggy Lynn Grobe, Dorra Scherz, John Kerbow, Gaddy Lyles, Ray Glascock, Jimmy Trainer, Tommie Lynn Smith and Jo Ann Lowe.

Also present were Meses. N. J. Moore, Ed. Grobe, Harold Scherz, S. M. Kerbow, Pat Lyles, Edgar Glascock, Reggie Trainer, Tommy Smith and Shelly Lowe.

Logan Family Reunion

Several members of the Logan family are holding a reunion and barbecue at the Joe F. Logan ranch today. Those attending are Mr. and Mrs. D. T. Logan and son, Johnny, of Wilcox, Arizona; Mr. and Mrs. G. N. Logan of Marfa; Mr. and Mrs. J. M. Logan of Eldorado; Mr. and Mrs. E. L. McMurry of Big Spring; Mr. and Mrs. T. W. Logan of Senora; and the Rev. A. H. Logan and daughter, Aleta, of Dallas.

Schwiening Reunion

The Fritz Schwiening family reunion was held last Saturday and Sunday at Camp Allison. Out of town guests included Mrs. Mary Lange, San Antonio, Mrs. Willie Hiller, Dallas, Mrs. Otto Brockman and Fred Schwiening, Sr., of Fredericksburg. Seventy-nine attended, and a fourth annual reunion is planned for next year.

Jack Adkins, son of Mr. and Mrs. A. H. Adkins, underwent a tonsillectomy Saturday in a San Angelo hospital.

ATTENTION: Many men and women are being held back in establishing. Let us put you in business supplying customers with Rawleigh Products in the town of Senora. No capital needed to start. Write Rawleigh's, Dept. TXE - 1730 - 272, Memphis Tenn. 5tc33

A LOOK AT THE BOOK

By DR. BOB JONES, JR.

PRESIDENT OF BOB JONES UNIVERSITY GREENVILLE, SOUTH CAROLINA

God, who is a God of law and order, has set certain conditions upon the fulfillment of which depends His promise to hear and answer our prayers.

First, we must have pure hearts. "If I regard iniquity in my heart, the Lord will not hear me" (Psalm 66:18). This means that the man who continually practices sin and who has in his heart a purpose to commit sin and who clings to sin, has no claim to the ear of God.

Prayer that God promises to answer must come also from an unselfish heart. "Ye ask, and receive not, because ye ask amiss, that ye may consume it upon your lusts" (James 4:3). Man has no right to ask God for something simply to use it for the gratification of his own desires or for his own personal satisfaction.

Prayer to be heard must come from a yielded heart, a heart submissive to God's will. "If we ask anything according to His will, He

heareth us" (I John 5:14). A heart thus yielded will certainly be a heart that is pure and a heart that is unselfish. The life in which the will of God is foremost is a life which has no room for impurity and selfishness.

Prayer without faith God nowhere promises to answer. A believing heart is an essential toward meeting the conditions which God places upon our access to Him with our petitions. Jesus said to His disciples, "All things, whatsoever ye shall ask in prayer, believing, ye shall receive" (Matthew 21:22).

The Lord Jesus Christ said our prayers should be in His name. "Whatsoever ye shall ask in My name, that will I do, that the Father may be glorified in the Son" (John 14:13). Only by faith in the Lord Jesus Christ are men saved. Only through His blood

# NEW CHRYSLER TRAVELER

The Chrysler Traveler, new all-purpose vehicle now included in the Chrysler line. Fold-down rear seat quickly converts the new model from a comfortable 6-passenger sedan to a smart 3-passenger sports car or utility vehicle with spacious cargo area extending from rear of front seat into the luggage compartment. Additional cargo space is provided by luggage rack mounted on roof.

—Continued from Page 4—  
are sins washed away, and only in His do we become children of God. How proper, therefore, that our prayers to our Father should be in the name and for the sake of Him who has made our sonship possible. In Christ's name we may bring our petitions to our Heavenly Father, and "He that spared not His own Son, but delivered Him up for us all, how shall He not with Him also freely give us all things?" (Romans 8:32).

## Texas Center Of Nation's Building

New construction activity in the Southwestern States during the first quarter of 1950 was 16 percent above first quarter 1949 levels, according to a report released today by Ray L. Miller, regional director, U. S. Department of Commerce, Dallas, Texas ranked third among the States, after California and New York, in the volume of new construction.

Commerce Department estimates show that new construction with a total value of \$533 million was put in place in Texas, Louisiana, Oklahoma, and Arkansas, during the first three months of this year. More than three fifths of the total was in Texas. Private construction amounted to \$407 million and public construction was valued at \$126 million in the four-state area, said Miller.

Construction activity has expanded more rapidly in this area than in most other parts of the country since the war. In 1939, these four states accounted for about 8 1/2 percent of total new construction in the United States. Last year and in the first three months of 1950, about 12 percent of all new construction was located in this area. Expansion has taken place in both private and public construction.

Expansion of private home-building was primarily responsible for the advance in construction activity during the first quarter of 1950 over the corresponding period of 1949 in the Southwestern States as it was in the rest of the country. Public construction of schools and hospitals also contributed to the increase. Private industrial and commercial construction was generally below the levels of a year ago.

Estimates of the value of new

## Lions Developing Program To Help Crippled Children

**KERRVILLE** — An estimated 40,000 Lions, representing 600 Texas Clubs, are now preparing to launch a membership development program for the Texas Lions League for Crippled Children.

League President Jack Wiech of Brownsville made the announcement Wednesday. He said membership development is another step towards his organization's ultimate plan for a \$500,000 rehabilitation center for crippled children.

It will be known as the Melvin Jones Camp, in honor of the founder of the International Association of Lions Clubs, and will be built on a 504-acre tract of land deep in the heart of the Texas Hill Country, three miles southeast of here.

Wiech said the camp, tentatively scheduled for operation by the summer of 1951, will be the realization of a four-year dream on the part of Lions Club members.

The idea for the Melvin Jones camp was conceived in the fall of 1946 but that idea "has grown beyond the fondest dreams of all

construction throughout the United States published in the Commerce Department's monthly Construction and Construction Material Industry Report show that new construction activity during the first quarter of 1950 ran well ahead of a year ago in all sections of the country with the notable exceptions of Florida, California, and Washington. New York led the advance with 54 percent more new construction put in place during the first quarter of this year than in the corresponding period of 1949. The volume in Massachusetts, New Jersey, Pennsylvania, Maryland, Michigan, and Utah was at least one-third larger than a year ago.

## WM. R. JOHNSON TAKING ROTC CLINICAL COURSE

William R. Johnson, son of Mr. and Mrs. Alvis Johnson, Sonora, a senior medical student at Baylor University, Houston, attending the clinical clerkship course at Brooke General Hospital, is among the first 800 ROTC cadets to start processing at Brooke Army Medical Center, Fort Sam Houston, Texas, for training at the first two of four summer encampments planned for medical, dental, veterinary, and pharmacy students from universities and colleges throughout the United States. The six weeks program will cover Armed Forces field medical procedures and hospital techniques.

Commanded by Major General E. A. Noyes, who also commands Brooke Army Medical Center, the ROTC camps will cover two areas of training, one at Brooke General Hospital and one directed by preliminary planning," Wiech said Wednesday.

District and International officials studied the plan the following year, after some revisions had been made in the original plan.

In June, 1948, a temporary Board of Control, composed of 17 members, was set up. From this group came an aggressive, concentrated program for state-wide participation.

A Board of Directors was selected in January, 1949, and three months later a charter was granted the group, under the name "Texas Lions League for Crippled Children, Inc."

There are more than 22,000 crippled children registered for some type of post-hospital treatment or rehabilitation in Texas, Wiech said, and the League is "vitaly interested in their welfare."

He said the League "will maintain and conduct, without charge, the Melvin Jones camp where crippled children may receive supervised rehabilitation."

Medical Field Service School. The clinical clerkship course at the hospital is under the command of deputy ROTC commander Col. Allan A. Craig. The Medical Department ROTC field training program, under the direction of Medical Field Service School, is commanded by deputy camp commander Lt. Col. Donald E. Carle.

One hundred fifty cadets will take the clinical clerkship course. In addition to Brooke, seven other general hospitals of the Armed Forces are giving this type of ROTC instruction. The cadets will attend medical staff conferences and accompany doctors on ward

*It Says the Nicest Things*

*About You!*

There are few stronger urges in the human breast than that which grows out of the desire to stand well among our fellow beings.

And around this great basic emotion lies much of the appeal of a Cadillac.

Alight from your Cadillac anywhere you will, in the presence of people, and certain splendid deductions are immediately made about you.

It could not be otherwise—for the wonderful people who own this car have made it so. In every community in America, a preponderant proportion of the leading citizens have long since turned to Cadillac.

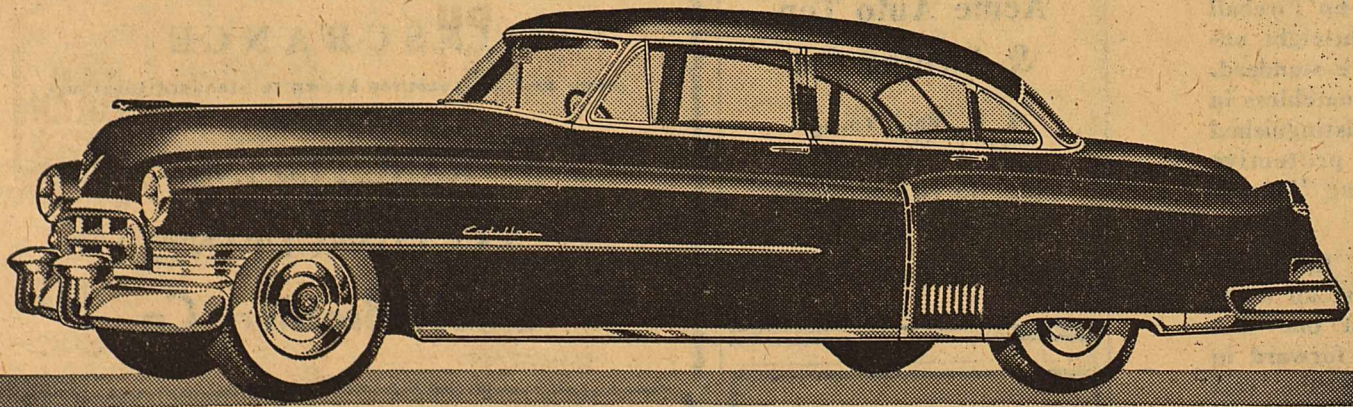

Out of this close association, the car has partaken of the character of its owners until it has now become their

symbol. It is recognized throughout the world as the all but automatic companion to outstanding personal success.

The genesis of all this, of course, is quality. For almost fifty years, Cadillac cars have been built to the highest standards it is practical to enforce in the production of a motor car. And people of achievement and discernment have sought them out as water seeks its level.

Today, Cadillac stands uniquely alone in the things it reflects upon its owner. It all but writes his biography! Have you thought of a Cadillac car for yourself? If so, why not come in and talk it over?

*We think you'd be surprised and delighted at how easy and practical it has now become to join the wonderful people who own and drive this wonderful car.*

First of the Fine Cars in Value

## The Car that puts your Best Foot forward

WE think you'll agree that the whole story of an automobile isn't told in its power, its room, its styling, even in its ride.

There is the all-important point about what a car does to you—and that's where ROADMASTER really shines.

For you can't slip into this bonny beauty's broad seats without feeling like somebody pretty special.

When you take its neat wheel in your hand—when you cut loose, with a toe-touch, the rich baritone of its big Fireball straight-

eight power plant—when you feel the smooth surge of its Dynaflo-cushioned take-off—

Man, then you know you've got a real automobile!

And don't overlook this:

That graceful sweep of chrome along the fender—found on no other car made today—is a mighty eye-catching note of distinction.

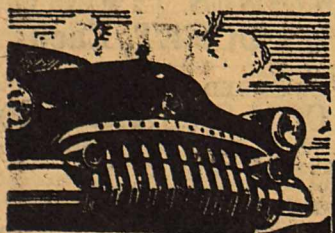

Those four Ventiports, too, cause many a head to turn—they mark you unmistakably as the owner of the biggest and best Buick built—a car as fine and rich as any man has need for.

There are a lot of good, solid,

dollars-and-cents reasons for making ROADMASTER your choice over any other car:

Its size. The commanding performance of its 152-hp Fireball valve-in-head straight-eight engine. Dynaflo Drive standard. A ride that's quite matchless in its gentle softness. Distinguished styling from bold, protective front end to gleaming "double bubble" taillight.

But if you're ready for a car that's more than just an automobile—if you want one that puts your best foot forward in any company—that's the real reason for seeing your Buick dealer quickly—to talk turkey about a ROADMASTER.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

### Sharp Increases Noted In Ranch, Farm Taxes

Sharp increases in Texas farm and ranch real estate taxes during 1949 were revealed in a recent survey made by L. P. Gabbard, head of the Department of Agricultural Economics and Sociology, and Robert G. Cherry, professor of agricultural economics, Texas A&M College.

Levies made by State and local governments totaled an average of 25.7 cents per acre, rising from 22.4 cents the previous year. This is an increase of 3.3 cents per acre or 15 per cent over the 1948 average.

1949 was the third successive year that land taxes have advanced, say the economists. During the 11 year period, 1936-46, taxes were quite stable, varying only slightly from an average of 18 cents per acre. The typical farm or ranch tax bill in 1949 was 40 per cent above that level.

Most of the rise in 1949 was

accounted for by increases in State and school district taxes. County and special district levies have increased very little since 1948. The advance in the State rate on farm and ranch real estate from 42 cents per 100 dollar evaluation in 1948 to 72 cents was the largest item in the 1948 tax increase.

"Gilmer-Aikin" legislation caused part of the increase in school taxes. A considerable number of farms and ranches were in "dormant" common school districts with little or no school taxes before the legislation was passed. They point out that during 1949 many of these school units were consolidated with active districts, resulting in higher taxes.

Increases in individual counties and type-of-farming areas varied widely throughout the state. Of 197 counties in the survey, only three, Jim Wells, Eastland, and Atascosa, registered declines of as much as 5 percent. All type-of-farming areas showed increases. The highest increases occurred in the Blackland area and in the northern counties of the Grand Prairie. Many of the State's common school districts are concentrated in these areas, and numerous consolidations have occurred recently. The Lower Rio Grande Valley, parts of the Coast Prairie, and the Canadian River Grazing area had the smallest increases. The decline in prices received

for agricultural products during 1949 at the same time that taxes were increasing caused a big change in the ratio of prices to taxes. According to the economists, prices that the farmer received for his products decreased 8.9 percent from 1948 to 1949 while farm and ranch real estate taxes were advancing 15 per cent. This movement of taxes and prices in the opposite direction resulted in a relative increase in taxes of 30 percent.

Drive slowly through School zones.

No matter how hard you try—you can never push back the clock.  
It's smarter to go along with it—and face the future—secure in the knowledge that you're preparing for it now.  
And the best way we know to prepare for a secure future is to save today. But save regularly, automatically. Save a safe, sure, easy way. The U. S. Savings Bonds way! It's as simple as this . . .  
Just buy your U. S. Savings Bonds on the automatic Payroll Savings Plan at your place of business. Or . . .  
If you're not on a payroll, buy them at your bank on the Bond-A-Month Plan.  
Remember every \$30 you put into U. S. Savings Bonds today—will be worth \$40 in 10 years.

**Automatic saving is sure saving—  
U.S. Savings Bonds**

SERVING SUTTON COUNTY 50 YEARS

**Every HELLO is a "GOOD BUY"**

Yes, every telephone hello is a "good buy," and in countless different ways. It can be a good buy in convenience—a good buy in pleasure—a good buy in business—a good buy in peace of mind. In any case—in every case, your telephone is a bargain. And its value is increasing daily.
