Investigation By Sheriff's Office Catches Thieves

Investigation by Chief Deputy Bob Hewes and Deputy A. T. Kilgore, of the Aransas County Sheriff's office, resulted in arrest over the weekend of three men who stole approximately 200 pounds of shrimp from a parked truck at the Gulf King Shrimp Co., on Conn Brown Harbor in Aransas Pass.

Hewes and Kilgore received a call at Kilgore's house by a man who said he had seen some suspicious things at the company's plant; which is on Conn Brown Harbor, and upon arrival of the deputies they found that a truck parked there had been broken open. They found a lock and seal from the truck on the ground near by.

Hewes alerted the Aransas Pass Police Department and, in turn, the Aransas Pass police alerted officers in surrounding towns to watch out for a heavily loaded car or truck.

Two men, Joe Dinn and Antonio Lopez were arrested by the Corpus Christi police shortly after the alert went out, and a third, Joe Rodriguez Valdez was arrested later.

They were charged with felony theft, and it was learned they has sold the shrimp to Miller's Grill. Part of this was recovered. The deputies pursuing their investigation, learned that Miller had paid $145 for the shrimp, and most of the money was recovered.

Miller later recompensed the shrimp company for all the shrimp in question.

Dinn is out of jail, under a $1500 appearance bond; Lopez and Rodriguez are still imprisioned, due to lack of bond.

POLL TAXES REACH ALL TIME HIGH IN ARANSAS COUNTY

According to Mrs. Margaret Weber, county tax assessor-collector, when her office closed at midnight, Jan. 31, it had issued 2040 poll taxes and exemptions, which is an all time record for poll tax payment in Aransas County.

Poll taxes paid in 1960, the last presidential election year along with exemptions, were 1714, while in 1956 there were 1386, with 48 exemptions.

Informed sources here said that overage voters might swell the total county voting strength to over 3,000, which would be another all-time high. In 1960 is was estimated at 2100.

NEW POLITICAL CLUB IS FORMED IN ARANSAS COUNTY

A new political club, "Citizens for Political Action" was formed here this week, to stimulate interest in political causes that may come before the voters, and to conduct a poll tax drive every year.

Hillis Dominguez, chairman, emphasized the fact that this is not a club for Latin Americans alone, but one which aims to inform everyone of the issues at stake in various elections, and the qualifications of the candidates.

Other officers are Simon Garcia, vice chairman; Felix Tijerina, treasurer, and Harry Carbajal.

The organization was formed to keep an outside political group from attempting to take a larger part in Aransas County politics.

DR. AND MRS. PATILLO DONATE BOOKS TO SCHOOL LIBRARY

The Rockport Elementary School library has received a number of books as a gift from Dr. and Mrs. Patillo.

Received were a number of Random Beginning to Read books which are very popular with the primary grade students; The Century Dictionary in ten volumes was most heartily welcomed because of it's copyright. This set of complete dictionaries has a 1914 date.

The books will be of interest to the classes in comparing words that will not be found within these books, "space age" words, along with a enlarged and complete word picture for standard English words.

The library is most grateful for the generous gift to it's collection.

COMMISSIONERS BUSINESS ROUTINE

At their month-end meeting, business transacted by members of the county commissioners court was largely routine.

It was moved by Commissioner W. B. Allen and seconded by Commissioner Jack Sparks that a replat of Block 217 Manning, showing 14 lots instead of 16, be approved for record, and the motion was passed unanimously.

Commissioner Sparks then moved that Copano Cove Subdivision, Lots 1 to 25, a subdivision of part of Tract 88-89 in the Coleman-Fulton Pasture Co. subdivision of Salt Lake Lands be approved for record. The motion was seconded by Commissioner Albert Wofford, and unanimously approved.

It was moved by Commissioner Sparks that the Escrow Fund be transferred to the various county funds, and his motion was seconded by Commissioner Allen. Approval was unanimous.

B. E. Mitchell and Robert Fleming, with Winn Enterprises, met with the court and made application for a marina subdivision, requesting permission to channel across the county road in the area and to bridge the channel, the same being located on Lamar Peninsula. After a thorough discussion, the matter was left pending until the commissioners could see the specifications for the proposed bridge.

Bird Lovers Have Field Day With Whoopers on Trip

Fifty-one birdlovers, led by a group from San Antonio, had a field day here this week, and saw whooping cranes to their heart's content, getting close enough to some of them that even the camera fan without a telescope lens burned up miles and miles of film.

Arrangements for the trip were made by Charles Bender of San Antonio, according to Captain Hubert Johnson of the Mary Lou, on whose boat the bird watchers made the trip.

Along with the members of the San Antonio club, according to Mrs. Jack Hagar, nationally-known bird authority of Rockport, were amateur ornithologists from Austin, Houston, Corpus Christi and Rockport.

"They started arriving in Rockport Saturday," Mrs. Hagar said, "and a lot of them stopped by to say hello for I don't go out on extended trips any more. Those who got here then made safaris all around Live Oak Peninsula, and among other things, someone saw a hooded merganser which is a very rare duck indeed.

LIBRARY BOARD HAS MEETING, PLANS FOR OPENING

The board of the Aransas County Public Library re-elected all officers at their regular meeting, and installed one new and one re-appointed membmer.

President of the board is J. L. Baughman; vice president is Mrs. George L. Dickey; secretary is Mrs. F. L. McCord; and treasurer is Mrs. Harry McDow.

New member of the board is Delmar Hiller, local manager for C. G. Morrison and Co., while Mrs. McDow was re-appointed by the commissioners' court for another three year term.

New members welcomed to the board auxiliary were Mrs. John E. Lieftinck and Mrs. Clifton H. Tidd.

The board, after transaction of rountine business and election of officers, was shown floor plans of the completed library, along with photographs of the type of shelving and other furniture on which bids will be opened by the commissioners' court on Friday, Feb. 10.

Planning went forward on the open house and book fair, under chairman Mrs. Ellis L. Clark, and the board discussed a number of policy matters before adjourning to the new building, which will be ready for occupancy in about three weeks.

Among the matters discussed were methods of augmenting the library book fund, and Mrs. R. L. Harrell told members of the board that the Woman's Club of Aransas County had offered to give a game party every year like the one which was so successful recently, and added over $200 to the boook fund.

30 minutes after sunset.

Sportsmen shrimping the outside waters must pay $5.15 for licenses. They may use a trawl up to 20 feet in width a mesh size of 8¾ inches per five stretched meshes. They may take up to 100 pounds of shrimp a day a boat.

Shrimping is permitted only during daylight hours inside the seven fathom line. A 45-day closed summer season in outside waters will begin between May 15 and June 15, the department said.

LIBRARIAN REPORTS 693 VOLUMES LENT IN MONTH OF JANUARY

Librarian Val Jean Eaton says that 693 books were borrowed from the Aransas County Public library during January. Of these, 206 were adult fiction; 191 were adult non fiction; juvenile fiction accounted for 274 more, and 22 juvenile non-fiction were loaned.

Fines collected during the month, Mrs. Eaton said, amounted to $7.88, and there were 95 adult books and 45 juveniles processed. This brings total books on the shelves to approximately 9500, Mrs. Eaton said.

Security, Inc., Starts Unusual New Offices Here

An unusual building started construction here this week, and, when completed, will house a new real estate firm, Security, Inc., which formerly operated under the name of Security Subdividers to develop the Copano Campsites, Shadyside and Sylvian Heights subdivisions.

Designed by architect Lynn Evans of Corpus Christi, the building will have 2,000 square feet of floor space and 6,000 square feet of roof.

The great overhang, according to Emory M. Spencer, local oil man and land owner, is to make the building cooler, cut down glare, and to furnish parking for customers' cars in the shade, at the entrance to the office space.

This space will also be cut off from light and glare by a solar screen of tile which will temper the heat that reaches the glass fronted office space, which will also be completely air-conditioned.

The new building will be occupied by the sales force and office staff of the new company, of which Howell Ward, now of Corpus Christi, is president; Mrs. Margaret Brown, of Corpus Christi, vice president; and Mrs. Sandra Spencer Petrilli, secretary.

Spencer said there would be a sales force of four, a receptionist, and perhaps other staff members.

The building is designed to give each of the four salesmen an office or closing room, opening off the reception area, which will be occupied by the receptionist and the desks of executives.

Also incorporated in the plan is a conference room in which the entire walls are composed of peg board, to facilitate the display of maps or other materials.

SURVEY INDICATES NO FRESH WATER IN DEEP ARANSAS SANDS

Thre is no good quality fresh water in Aransas County below five hundred feet, according to a profile constructed by the Texas Water Commission at the request of the Aransas County Conservation and Reclamation Commission.

In a report, the Water Commission says this profile of the subsurface water was drawn extending from north of Lamar to a point near Aransas County-San Patricio County line, while another was drawn from Mission Bay extending in both directions.

These profiles were drawn using the electrical logs of wells that have been drilled in the area, and C. R. Rankin, assistant chief engineer of the Water Commission, said in his letter containing the reports:

"Calculations from electrical logs indicate that good quality ground water is not available from deep sands in the area. These calculations were made using the Schlumberger Well Service Corporation log interpretation charts."

ED HARPER NAMED MOD CHAIRMAN FOR CAMPAIGN IN 1964

Ed Harper, of Key Allegro, has been named March of Dimes chairman for 1964, and says the campaign for funds will start next Monday, Feb. 10.

Chairmen are being appointed, Harper said.

SHRIMPERS UNDERGO TRIAL RUN WEDNESDAY

The third and fourth steel shrimpers, constructed by Rockport Yacht and Supply on contract for a Japanese firm, underwent trial runs Wednesday morning, at which time all gear was tested by the crews which will operate them in the South American fisheries for shrimp.

Next boat off the ways at the shipbuilding company will be a big, wooden-hulled shrimp boat for the Hardee Shrimp Co. of Brownsville, which took delivery on another, smaller boat, about three months ago.

C of C Elects New Officers

At the regular meeting of the directors of the Rockport Chamber of Coommerce, five new directors were welcomed to the board, new officers were elected, and committee reports heard.

New directors, elected for the first time, are John Ross, assistant manager of the Central Power and Light Co. office here; Carl Krueger, Jr., developer of Key Allegro; Burl Wagley, owner of Wagley Lumber Co. and builder; and William R. Wright, head of research and development at the United Carbon plant. Re-elected for a second term was Miss Lola Bonner, attorney.

Miss Bonner was elected president of the board for the coming year, replacing T. E. Griffith, county surveyor. John Ross was elected first vice president, succeeding O. S. Brumley; Mrs. James A. Jarboe, public relations counsel for the Aransas Natural Gas. Co., was elected second vice president, to succeed Jack Sanders; and Charles LaBounty was re-elected treasurer.

Weldon Cabaniss reported that he had contacted Robert Mauermann, head of Region 5, Parks and Wildlife Commission, regarding a suggestion made at the last meeting that ducks in Little Bay should be fed. Mauermann was dubious about the matter, pointing out that heavy concentrations brought about by such feeding might well lead to a spread of disease, thus doing more harm than good. The matter was tabled.

Mrs. Jarboe reported on her recent attendance at a meeting of the Louisiana-Texas Hug-the-Coast Highway Association in New Iberia, which she attended, and outlined the status of the proposed route

Registration For Free Vote Started

Texans began registering Wednesday for receipts to vote free in 1964's federal elections.

Gov. Connally said in Austin Tuesday that the 30-day free registration period began Wednesday and will end March 6.

Connally was notified by the Administrator of General Services in Washington that the amendment to the U.S. Constitution which outlaws the poll tax as a requirement for voting for federal offices had been certified. This certification will be published in the Federal Register Wednesday, putting the free registration period into effect.

County tax collectors already have been notified by telegram of this action, Connally said.

During the registration period, free poll tax receipts marked "poll tax not paid" will be issued to persons who are qualified for poll tax payments but failed to pay them.

Persons eligible for exemption certificates who failed to obtain them by the deadline last Friday cannot register under the free system.

In order to prevent double registration, some tax collectors have said they will require persons registering to sign certificates that they do not hold poll tax receipts.

At the polls, voters will be divided into two classes on voter lists. Persons with free receipts will use ballots with all but candidates for federal office marked out.

Also, Rev. Clay Puckett, pastor of St. Matthews congregation, now holding services in a Edinburg Hotel, will ask for union with the diocese.

St. Peter's was formerly organized as a mission of the diocese in 1953, although the church is one of the oldest in South Texas. Since the mission's organization here, it has been served for many years by Mr. Harry Carter, who retired recently. With advancement to parish status, a priest-in-charge will be appointed.

According to L. D. Nuckles of the Region of the Parks and Wildlife Commission office here, remodeling will start immediately on the recently purchased Silver Derrick property, and it should be ready for occupancy by staff members of the Commission's local office not later than March 31.

"Of course," said Nuckles, "we would like to get in sooner if we can."

Once the remodeling is completed, he said, some 12 people now having office space in the marine laboratory will be moved to the new location, and the laboratory will return to the purpose for which it originally designed — research on the marine life of the Texas coast and bays.

Nuckles said that personnel at the laboratory would continue to sell licenses and dispense information, but the reproduction and mail departments would also be moved to the new office building.

PAY BY CHECK

EASIEST, SUREST WAY TO RECORD TAX DEDUCTIONS

The butcher, the baker, the candlestick-maker . . . pay them all by check and you'll have an accurate record of expenditures, and legal proof of payment!

At income tax time your cancelled checks are especially important. For example, you can't deduct the actual cost of your food, but you can deduct a certain portion of what you paid, because it was tax. With cancelled checks you can accurately figure that deduction — and prove it's valid!

BOY SCOUT WEEK TO BE CELEBRATED

Each of the 52 Cub Scout packs, Boy Scout troops and Explorer posts of the Mustang District, Gulf Coast Council, Boy Scouts of America, will begin today to celebrate Boy Scout Week, Feb. 7 to 13, it was announced by T. A. Vernor, Jr., District chairman of the council.

The observance marks the 54th anniversary of the incorporation of the movement at Washington, D. C., and its theme is "Strengthen America—Scouting Can Make the Difference."

Saturday is anniversary day, and members will rededicate themselves to the ideals of scouting at 8:15 p.m., a tradition of more than half a century. Ordinarily this ceremony takes place in unit meetings, but if they do not meet tomorrow, scouts renew their pledge in members' homes or elsewhere. BIRD LOVERS—

(Continued from Page 1)

Then the next morning they boarded the Mary Lou for the trip up the Intracoastal Canal."

Captain Johnson who made all the arrangements when some 700 Audubon members made the trip a couple of years ago, during their annual convention in Corpus Christi, said they really had all the luck in the world, despite the fact, or maybe because of the fact that it was misting rain most of the trip.

"We counted 21 on the way up," Johnson said, and then on the way back, we counted 27. We got close enough to them to see that three of them had the brown plumage of the immature young, but the others were adults.

"I cut the engines off so their vibration wouldn't foul up the camera enthusiasts, and everyone had themselves a time. Several times we drifted to within less tha 100 feet of some of the birds, who didn't pay much attention to us. This is one of the best trips we have ever had on the Mary Lou."

In contradiction to the luck of those making this trip, whooping crane enthusiasts who made the trip by land and ascended the tower at Aransas Wildlife Refuge, seeking sight of the big white birds, had to be content with only occasional glimpses of a pair so far away they were almost hidden by the mist, and could only be seen with the aid of powerful binoculars.

Editorial

Some residents of Tolleson, Ariz., are pretty burned up about a fire they didn't have. They chased the fire trucks down a deadend street last week, then found Chief of Police Wayne Watson waiting for them.

Before the indignant citizens could turn around, the chief and his men wrote out 19 tickets for following fire trucks and impeding firemen. Fire fans were further dejected when they found there was no fire. Police and firemen staged the fake call to demonstrate how spectators and fire chasers were getting in the way.

From the complaints constantly coming in from Rockport and Fulton firemen about spectators making nuisances of themselves here, it might be a solution to the problem for local firemen and police to turn in a similar false alarm. Chances are the people who got tickets would stay out of the way the next time there was a fire and give firemen a chance to work without hindrance.

Aransas County has three good fire departments, and none of the men who man the fire trucks are paid a nickle. They pay dues for the privilege of belonging to the fire departments. They pay for their own clothes if they get burned, and have lots of other expenses they pay from their own pockets.

It seems little enough expression to the community's thankfulness to these men to stay out of their way when they're trying to reach a fire or to quell one.

Spots of Interest

Matagorda Island

It has been called Isla de la Culebra, or Isle of the Serpent, Isla de los Culebras, and La Culebra by the early Spaniards. On the Young map of Texas made in 1835, it was named Espiritu Santo Island (or Sacred Spirit Island). A missionary record of 1793 named it Isla Mata Gorda. This is a compound from mata, to kill, and gorda, the Spanish word for fat.

An eminent Mexican authority claims that the island was one on which something feminine had been killed, a fat woman, perhaps, or a fat and female animal or reptile. Texas Mexicans, however, also use mata with the definition "to reduce" and define the name as possibly meaning the "Island to Reduce Fat" or "Island of Starvation."

In the 1850's a health resort known as Saluria was established on the north end of the island, but was eventually destroyed by a tropical blow. A lighthouse has operated on the island since 1858, when the first one was built by the U. S. government.

A Confederate post known as Fort Esperanza was established on the island in 1863, built by slave labor under direction of Caleb G. Forshey. In an effort to keep Federal gunboats out of Matagorda Bay, the post was defended by a battalion of Confederate artillery until Nov. 29, 1863, when the Confederates retreated to the mainland before Federal troops moving up the island under the command of Union General Nathaniel P. Banks.

A life saving station established by the U. S. Coast Guard in 1878 still operates.

THAT W-2 TAX FORM IS A MIGHTY IMPORTANT DOCUMENT

According to Asa L. Crow, administrative officer of Internal Revenue Service, Corpus Christi, refunds cannot be paid without required W-2 withholding tax certificates; credit cannot be given for taxes; and failure to include the certificate with your tax return will mean return of the incomplete form to the taxpayer. A taxpayer who has not received his W-2 Form should contact his employer before checking with IRS.

The IRS representative also reminded taxpayers that in a joint 1963 return, where both parties worked, W-2's for each must be attached. And when either or both parties to a return held more than one job during the year, all W-2's must be attached.
