**STATE TENNIS FINALISTS**

**Wellington High School Girls Tennis Team won first place in doubles and first in singles at the regional UIL tennis meet and will compete in the state finals next week in Austin. Senior Lisa Powell, left, and freshman Kaylynn Bartlett, center, are the doubles team. Freshman Margo Duncan, right, is the singles champ.**

## WHS Girls Tennis Team to State Finals

Three girls from Wellington High School, two freshmen and a senior will represent Region 1 in the UIL 2A girls tennis tournament to be played in Austin beginning Wednesday, May 2.

Lisa Powell, a senior, and KayLynn Bartlett, freshman, are Wellington doubles team. Margo Duncan, freshman, is the singles player.

The team is one of the 8 best in Texas, for that is the number that will be competing for the state championship title, says Tennis Coach Ronny Williams.

Both the Powell-Bartlett team and Duncan were 1st in the regional championships in Lubbock Thursday, April 19.

Wellington high school students were the first at home to know of the victory. Everything stopped as Supt. Kenneth McKay's voice came over the intercom.

It took only a few minutes for the news to sweep through town. Wellington is taking its tennis seriously.

The doubles team of Powell and Bartlett, the No. 2 seed defeated the Stratford doubles team of Shawna Dettle and Christy Pittman, which in the first round upset the No. 1 seed from Marfa.

"The score shows that Powell and Bartlett beat them (Dettle-Pittman) pretty easily, but it was actually a close match," said Coach Ronny Williams. "In the second set it was 4 all. KayLynn hit an overhead to win that game 5-4.

"Lisa's turn came to serve, and she held her serve to go ahead and win the match. It was exciting. They were really playing good tennis," Williams declared.

In their 1st match, Lisa and KayLynn defeated Burner and Engle of Clint 7-6, 6-1.

In the second match, they played another doubles team from Stratford, Wiley and Bordan, and won 6-3, 6-3.

In the semi finals, the No. 2 seed, Wellington, went against the No. 3 seed, Willoughby and White of Eldorado, and the No. 2 seed won 6-1, 6-2.

"KayLynn and Lisa had so much momentum going into the semi-finals they overpowered them. They never did let the Eldorado girls get in the match."

After this match Powell-Bartlett were qualified for state.

This brought them to the finals with the Dettle-Pittman team from Stratford.

Margo Duncan, who was unseeded going into the regional, deteated Lane of Stratford 6-1, 6-3 in her first round match. In the second match, she defeated the No. 4 seed, Bessire of O'Donnell, again 6-1, 6-3.

The semi finals game was the breath-taker of the tournament.

Margo came up against Hohensee of Miles, who had just finished upsetting the No. 1 seed, Castleberry of Farwell.

Two hours and 45 minutes later, Margo emerged the victor by 6-4, 3-6, 6-2.

It took 21 shots to win the very first point in the match.

The finals found Margo playing the No. 3 seed, Shana Livingston of Marfa. Margo jumped out to an early lead and was playing well, then Shana started coming back and they split sets. In the last set, Margo outsmarted her opponent and made fewer errors to take the regional first place 6-1, 5-7, 6-2.

Parents of these three girls are Mr. and Mrs. Tommy Powell, Mr. and Mrs. Earl Lynn Bartlett and Mr. and Mrs. John Duncan.

In the state playoffs Saturday, May 5 the first two matches will be played on the University of Texas Intermural courts.

The finals match will be on Penick Courts, located just behind Memorial Stadium. "There are just 8 of them left, doubles and singles, and they are the best in the state," said Williams.

"It's a great accomplishment. Lisa had worked had all four years. She had always talked and dreamed about going to state and it became a reality."

Wellington also won the regional team championship by scoring 35 points. The closest team was Stratford with 15.

## 57th Coop Gin Meeting Saturday

The Farmers Co-op Gin will hold its 57th annual meeting Saturday, April 28, when $106,098.30 in cash rebates will be paid to cotton growers doing business with the gin this year.

The meeting will be held in Bura Handley Community Center beginning at 2 p.m.

James Shepard, manager, and the board of directors made the official announcement of the meeting.

The Farmers Co-op Gin is paying $9.07 in rebates per bale on a percentage basis on cotton ginned during the last season. The $106,098.30 represents the total rebate after retaining $25,000 from the 1983-84 season cotton, Shepard explained.

A guest speaker at the meeting will be R.C. Hall, manager of the Oklahoma Co-op Compress at Altus.

A representative of the Plains Cotton Co-op in Lubbock will be present to show a film covering the growth and operation of the cotton co-op, said J.N. Glasgow, assistant manager.

Dan Henard, Jr., president, will preside at the meeting. Glasgow will give the audit report and Shepard will review the 1983-84 gin operation and discuss plans for the 1984-85 season.

Glasgow spoke briefly of the Co-ops role in the area economy, pointing out that in addition to the $106,098.30 to be paid out in rebates, the gin had a payroll this year of $261,826.19. With the rebate, that is $367,924.49 pumped back in the economy of Collingsworth County. "We also paid $42,149.47 in taxes during the past fiscal year," Glasgow said.

During the business meeting, directors will be elected, and officers will be picked later.

Officers and members of the present board are Dan Henard, Jr., president; David Baumgardner, vice president; Carthel Lewis, secretary-treasurer; and Troy Thomason, Jerol Morris, Terry Canada and Leamon Bawcom. Shepard is assistant secretary and Glasgow assistant treasurer.

Leaving business aside, the Co-op will award door prizes that are always a favorite event of the meeting.

The tour and program is being sponsored by the county Extension offices and the Extension Program Building Committees of Collingsworth, Donley, Gray and Wheeler counties, according to Don Reeves, extension agent.

At 11 a.m., the group will stop at the Ken Stark farm one mile east of McLean on the south side of I-40, to learn about Old World bluestems and inspect the Plains variety. Dr. Chet DeWale, research agronomist with USDA Agricultural Research Service at the Southern Plains Range Research Station, Woodward, Okla., will lead the discussion.

The tour then will move to the Gray County ag barn at 11:30 a.m. at the southeast edge of McLean where DeWald will explain characteristics and management of Old World Blestems.

## Softball Meeting Called April 25

A meeting of all men and women interested in playing softball this season are urged to attend a Softball Association meeting Thursday, April 26, at 7:30 p.m. in Roberson's Restaurant on Highway 83 South, according to Candy Reyes, president.

New officers will be nominated and elected and plans will be laid for the coming season to determine what the majority wants to do.

Those wanting to play will determine what to do if there are not enough teams to have a league. This could mean going into another league and continuing regular Wellington invitational tournaments, or it could mean playing a full schedule of tournaments.

"We urge everyone, both men and women to be there," Reyes said.

# Sustaining Drive for Boy Scouts Opens Mon.

The Wellington Boy Scout Sustaining Membership enrollment drive will begin Monday, April 30 with a kickoff coffee in the Heritage Room at 9 a.m., Larry Adams, chairman, announced.

The goal is $1500.

Adams explained that for several years, this fund drive has been by letter only, but it was decided to expand the scope to a person-to person drive.

The two team captains appointed by Adams are Sam Adams and Charles Darter. They will name their own working team.

"A sustaining member is a Scouter or Friend of Scouting who believes in the scouting program and is willing to make personal investment in the Scouting program," Adams explained.

Money raised in the sustaining membership enrollment does not come back to the county troops directly, but it does help to fund the Adobe Walls Boy Scout council and its programs, such as the summer camp, help with advancement, the training of adult leaders, provide for the office staff and other programs. "This money comes back to us through Scouting services," Adams explained.

The drive will continue for approximately a month.

Fund solicitation by mail will be used this year for a portion of the drive.

It you've been reading the continuing story of the Canyon Historical Association's efforts to preserve Randall County's old Court House, you've seen pictures of the lovely young woman who is a spokesman for the Historians---Vickie Simmons. Wellington can lay claim to her. She's Vickie Allen, granddaughter of Mrs. P.E. Starr, and once lived here.

Effective work by Vickie and a few other resulted in their securing an injuction on the state level to prevent the building's destruction--at this point.

# From Coast to Coast, Quail Exes Come to Reunion

Coming from the Atlantic seaboard to the Pacific Northwest and California, 222 Quail School ex-students and their guests registered for the annual banquet Saturday evening, April 21. Still others did not get to the registration desk or attended individual class reunions but not the banquet, said those in charge of the festive gathering in the Quail Booster Club Building.

This year's reunion was given over to visiting and reminiscing. Avyrilla Clay White, president, was master of ceremonies for the banquet, when Annell Lacy Simcoe of Green Brook, New Jersey, received the gift for coming the greatest distance. This was a crock decorated with a hand-painted Quail. Doyle Messer of Hedley won an identical crock in a drawing and the third was presented to Mrs. White in appreciation for her years of work in behalf of the reunion. These were handpainted by one of the ex-students, Barbara Duncan.

Mrs. Lois Ratliff, a former Quail teacher, spoke briefly explaining the Collingsworth County history and urging families represented to participate.

1985 officers were elected: Connie DeBord of Hedley, president; Doyle Messer of Hedley, vice president; Mildred Clay Langley of Wellington, secretary; and Mary Finley Foster of Wellington, treasurer.

Door prizes were awarded through the evening. These were donated by Langford Brothers Conoco, Foster Automotive, Hatch Dry Goods, C&H Pharmacy, Owens Enterprises, Ralph Owens, City Grocery, Three's Country and Parsons Drug, all of Wellington and 1st National Bank in Memphis.

# CF Bike-A-Thon Slated on May 12

After a cold winter of neglect, bikes are seeing action again, as youngsters pump up flat tires and prepare for the Cystic Fibrosis Bike-A-Thon.

The event will be on May 12 at Ellison Park, staged to help raise money for research into a chronic fatal lung and digestive disease. The hour will be announced.

"There are many children because of Cystic figrosis who cannot take long bike rides, so other children, riding their own bikes, turn out to raise money needed for research," said Linda Johnson, bike-a-thon chairperson.

Bike-a-thon participants will ask friends, relatives and neighbors to underwrite each mile they complete, by acting as sponsors. Prizes are contributed by area businesses and will be awarded to riders who collect the most pledges. Each rider making $25 or more, for CS will receive a free T-shirt.

Sponsor forms will be available from Mrs. Johnson at a later date. Those with questions or who would like to help with the bike-a-thon may call her at 447-5143.

Proceeds will help scientists continue to search for a cure or control for cystic fibrosis," said Mrs. Johnson.

"Although improvements in treatment have dramatically increased survival age from 5 years to 20 today, CF still kills more children each year than any other inherited disease."

## CORRECTION

## Sandy Henard an Essay Finalist

Sandy Henard, Samnorwood sophomore, has been named a regional finalist in the "Women in Texas Today" essay contest.

The Governor's Commission for women and the State Board of Education are jointly sponsoring a statewide essay contest as part of "Women in Texas Today Week" to be held September 2-8, 1984.

The purposes of the Austin celebration are to increase public awareness of Texas women's achievements in education, public and community service, social service, business, and other fields, and to provide positive role models for young people in Texas.

The subject for the essay contest for students in grades 9-12 was "A Living Texas Woman I Admire." The contest directors wished to encourage student writers to discover and spotlight outstanding women leaders in local areas throughout the state. Miss Henard selected as her essay subject Linnie Lou Sims of Wellington.

Each of the twenty Regional Educational Service Centers in Texas selected a finalist from each grade level. These finalists have been submitted to the Governor's Commission for Women office for state judging. State winners will be announced May 15.

The state winners will be honored at the September 1984 "'Women in Texas Today Week" celebration in Austin. Governor Mark White will present awards to essay winners, their teachers, and the outstanding Texas women chosen as subjects for winning essays. The State Board of Education will also recognize these persons at their September meeting.

Sandy is the daughter of Mr. and Mrs. Jim Henard. She is an English student of Mrs. Jane Sheer.

## Hospital Auxiliary Awards Service Pin to Jean West

In recognition of her hours of volunteer service to Collingsworth General Hospital Auxiliary, a special service pin was presented to Jean West at the Auxiliary meeting Tuesday, April 17.

Mrs. Lynn Wright made the presentation on behalf of the Auxiliary membership.

Mrs. West had 86 hours of volunteer service time at the hospital--hours when she was on duty, wearing her official Auxiliary rose colored smock.

It does not include unrecorded time she spent working on special projects.

Her hours of service also account for a little more than 10 percent of the total 789 volunteer hours accrued by the entire membership during the last year.

The number of Mrs. West's volunteer hours are more remarkable in view of her being ill and unable to perform her volunteer duties for several weeks.

Mrs. West, the former Bessie Jean Willis of Wellington, taught in the San Antonio Schools for many years and after she retired she returned to Wellington to make her home.

# Mrs. Mary Karnes Honored on Her 90th Birthday Saturday

Mary Smith Karnes was honored Saturday, April 21, with a reception in her home at 1607 El Paso Street.

This was in celebration of her 90th birthday and hosts were her children and grandchildren: Ben Karnes of Dallas, Mr. and Mrs. Clarence Wilbur, Mr. and Mrs. Chuck Wilbur and Mr. and Mrs. Paul Wilbur of Amarillo.

Flowers from well-wishers decorated the entertaining rooms.

Patricia Bowden, a niece, registered the guests and presented each with a brochure giving highlights of the honoree's life.

The serving table was laid with an ecru lace cloth and blue underlay, and a blue floral arrangement was the centerpiece.

Mrs. Paul Wilbur served the cake and Mrs. Chuck Wilbur poured. Other hostess duties were shared by Denise Wilbur and Sabrina Fowler of Amarillo. Crystal and silver appointments were used.

Approximately 75 guests called bewtwen 2:30 and 4:30 o'clock.

One granddaughter, Mrs. Ray DeMasi (Barbara Wilbur) and her family of Colorado Springs, Colo., could not attend as they had planned because of snow which closed highways.

Her other granddaughter, Alexa Karnes of East Texas State University, Commerce, visited Friday night and Saturday morning, but was unable to stay for the reception.

MARY SMITH KARNES

Mary Smith was born April 24, 1894, on the farm four miles south of Wellington which her Dad, William Isaac Smith, filed on when he and his young family came to Collingsworth County in 1888.

Her mother was Jane Forbis Smith. Mrs. Karnes had three sisters and two brothers: Lou, Julia, Cora, all deceased, and Willie Smith and Eddie Smith, both of Wellington.

The ages of Mrs. Karnes and her brothers total 262 years.

She studied nursing at Johnson and Bell Hospital in Fort Worth in 1917. During the great flu epidemic of 1918, she cared for several families in Collingsworth County, and it was during this time she decided nursing wasn't for her.

Later she was employed at Hardy's Drug Store in Wellington. She remembers Joe Hardy's good humor.

Late one evening, she ran to the storage room in the back of the store to draw coca-cola syrup from a 55-gallon drum to fill the dispenser up front. As it took so long to fill the pitcher, and she was the only one to wait on the customers, she hurried up front, planning to return shortly. But time came to go home and she didn't think about the syrup pitcher.

Upon arriving at work the next morning, Mr. Hardy greeted her with a grin and asked, "Mary, where is the pitcher we use for the coca cola syrup?"

"Oh, my! Guess who got to clean it up," she still says.

Mrs. Karnes was one of the first young ladies in Wellington to work for the public. She takes pride in this.

In the fall of 1924, she entered a subscription contest for the Collingsworth Standard newspaper. She sold more subscriptions than any of the 17 contestants and won first prize--a Ford Coupe.

Robert Leonard Karnes and she were married March 17, 1925. They had one daughter, Nell, and twin sons, Bobby and Bennie. Bobby was killed in a tractor accident in South Dakota in 1947. Robert Karnes died June 14, 1972.

Birthday memories brought out another of Mrs. Karnes' talents:

One Father's Day season, House Log School was the location for the presentation of a three-act play written by Mrs. Karnes in the mid 1930s. She said many poems and plays had been written in honor of mothers, and because of her fond memories of her own father, she wanted to honor all fathers.

There was a cast of 8.

Mrs. Karnes wishes she had kept the script "because it was better than much you currently see on TV", she said.

Before the play, Dr. Hubert Thomson, pastor of 1st United Methodist Church, spoke to the fathers.

Mrs. Karnes taught Sunday School for many years while services were held in House Log School, and while her own children were growing up. There was not a formal church, but Sunday School was held each Sunday for the whole community, at 3 p.m. One Sunday of each month, a minister came to conduct worship services.

Mrs. Karnes has been a Methodist since late in her teens. She taught a ladies class several years at 1st United Methodist Church and is active in the Esther Group of United Methodist Women and served as president of UMW one year. She is also a charter member of the Good Neighbor Club.

The 1954 Study Club met April 12, with Mrs. Fred Cox as hostess. Mrs. Lois Ratliff conducted the business meeting.

Donations were made to the M.D. Anderson Hospital and Cancer Institute Walk-a-thon and to Wellington Fire Department.

The convention report was presented by Mrs. Ratliff and final plans were made for the Tiny Tot Revue.

Slides which she has taken in her travels over the state accompanied the narration.

Over 5,000 species of wildflowers are listed for Texas, Mrs. Jenkins began. "Wildflowers bring spring to Texas. Their blooms splash roadways and countryside with a profuse variety of color. But their contribution to our scenery is incidental to the role their color, scent and even internal arrangements play in nature. They enable wildflowers to flourish and survive.

"Color lures insects," the speaker continued. "In fact, some insects prefer certain colors. Bees, for instance, are attracted by yellows. Many flowers even have streaks of color on their petals, often invisible to humans, that guide an insect toward the nectar and pollen bearing structures. Scent plays a role mainly in night blooming species that rely on moths for polination.

Those attending the meeting were Mrs. Ratliff, Mrs. Doug Seal, Mrs. Jerry Nix, Mrs. A.J. Fires, Mrs. John Nash, Mrs. Lynn Wright, Mrs. Jenkins, the guest speaker, and Mrs. Cox, hostess.

# Prison Film at Dodson Nazarene Church May 6

Dodson Church of the Nazarene will be showing a motion picture release of International Prison Ministry entitled, "Changed Lives in San Quentin." This will be on Sunday, May 6 at 7 p.m., said the Rev. C.M. Huff, pastor.

Actually filmed inside the prison, this documentary features the stories of four notorious criminals. Interviews conducted by Art Linkletter and the director of IPM, Chaplain Ray, focus on rehabilitation as a result of conversion to Christianity.

From inside the gas chamber Jerry Graham says, "I came very close to ending it all right here." He now directs a ranch for abused children. James Williams is now employed by a criminal justice organization.

Another changed life is George Meyer, Al Capone's favorite driver. No. 74, he counsels teenagers about the evils of drug abuse. And Jack Burbridge, once an enforcer for organized crime, is now a preacher.

# OUT OF THE EARTH . . .

Man receives his food and much of his clothing
from the earth. God has been good to us. ". . . *he did good, and gave us rain from heaven, and fruitful seasons, filling our hearts with food and gladness.*"
We as a nation, under God, have been especially
blessed, and as long as we honor God and his house,
our nation will continue to flourish.
Let us not grow confident in ourselves . . .
for we plant and water,
but only God gives the increase.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Garage Sale Nets Auxiliary $1090

The three-day garage sale held by Collingsworth General Hospital Auxiliary has netted that organization $1090, Loretta Wright, president, has announced.

This will help to finance the Auxiliary's next project. New upholstery on small chairs in some of the patient rooms.

Fabric for these chairs has been purchased and recovering work will begin within a few days.

Furniture replacement in some of the patient rooms is scheduled next, but Mrs. Wright pointed out that it may take a while to find the pieces needed, she told auxiliary members in their April 17 meeting.

Members at that meeting were reminded that annual dues should be paid in May and may be mailed to:

During the past eight years I have strived to be a good representative for the people of Precinct 3, and for each citizen of Collingsworth County, in conducting the business of the county.

Your friendship and support has been important to me personally, and it is important to me now as I ask to be re-elected to a third term as Commissioner of Precinct 3.

I had hoped to be able to visit with everyone in the precinct, but I am sorry that illness has prevented me from visiting each voter in the last weeks of the campaign.

I am eager to discuss county government with each of you, and I hope to be able to visit with you soon.

If I have missed seeing you, I hope you will take this letter as my personal request for your vote and for your support in the May 5 Democratic Primary.

# Wheat Signup Ends May 4

Friday, May 4 will be the last day that wheat farmers will be permitted to enter the revised 1984 wheat program, Bob Weatherly, County ASC executive, reminded growers.

The signup period opened April 16, 10 days after President Reagan signed the new program into law.

Farmers with wheat bases who previously had not signed up for the 1984 wheat program are eligible to participate in the revised program, Block said.

The U.S. Department of Agriculture had held a earlier signup from Jan. 16 through March 16 during which time nearly 240,000 farms -- representing over 50 percent of the total U.S. wheat base acreage signed up.

Farmers who previously signed up for the 1984 program need take no action unless they wish to change their level of participation in the revised program, Weatherly said.

Producers who earlier signed up may change their participation in the wheat program and the payment-in-kind program by notifying their local county office of USDA's Agricultural Stabilization and Conservation Service, he said.

The basic legislated program changes are:

-- The target price has been lowered from $4.45 to $4.38 per bushel.

-- Although the reduced acreage requirement remains at a minimum of 30 percent, 20 percent of the requirement must be under an acreage reduction program and the remaining 10 percent will be a paid land diversion with a paid diversion rate of $2.70 per bushel.

-- Advance diversion payments will be available.

-- PIK payments are increased from 75 percent to 85 percent of the established yield times the acres diverted.

-- State Agricultural Stabilization and Conservation committees may authorize haying and grazing on acreage conservation reserve acreages devoted to wheat prior to Jan. 12, 1984. The same rules apply for the 1984 wheat haying and grazing program as were in effect for the 1983 wheat haying and grazing program.

Secretary of Agriculture John Block said signup will not be reopened for the 1984 upland cotton, feed grain and rice programs.

The revised 1984 wheat program signup will be conducted at Agricultural Stabilization and Conservation Service county offices.

## COLLINGSWORTH COUNTY EXTENSION AGENT REPORT

by Don Reeves

EARLY PLANTING AND REPLANTING POINTERS

Home gardners and commercial farmers alike are experiencing seedling disease problems this year. This problem will subside when the soil temperature increases, making conditions more favorable for seed germination and less favorable for soil borne disease organisms.

Traditionally, growers who plant early obtain better yields than farmers who plant late. If you consider yourself among the better growers who choose to plant early, here are a few helpful pointers:

--Use a soil thermometer to record temperatures during the morning hours at a 4- to 6-inch depth for several days before planting. Minimum average temperature should be 55 for grain sorghum and 65 for cotton.

--Obtain and use the highest quality seed possible.

-Plant on a well drained raised bed.

--Prepare a good seedbed, making sure that crop residue is kept away from the seedling zone.

--Use an in-furrow fungicide on some crops such as cotton.

Don't be discouraged by having to replant occasionally, especially when early crops produce best. When replanting is necessary, here are a few pointers that may be helpful:

--If available, use a variety that matures earlier than the first one planted.

--Use a lower seeding rate to avoid competition for moisture.

--Use a disk opener planter so that proper placement of fertilizer and herbicide applied earlier will not be disturbed.

With proper thought and action, damage from seedling disease can be lessened and a normal crop can be grown.

## Lt. Michael Completes Marine Course

Lt. Charles Michael, Jr., has graduated from the U.S. Marine Corps Basic School in Quantico, Va., and he and his family are visiting his parents, Mr. and Mrs. Charles Michael.

He has been assigned for the next three years with the adjutant's department of the 7th Marine Amphibious Brigade at 29 Palms, Calif.

His 6-months training at Quantico, covered in infantry fighting skills, platoon and company tactics, with lots of field training--practical application, he says.

Training also included physical fitness, hand to hand combat, obstacle courses, endurance runs and leadership training.

Visiting generals told the young officers what to expect in combat and not to lead their men under combat conditions. The Marine Corps believes that every officer should be trained as an infantry officer, also he said.

As they were only 20 miles from historic Fredericksburg, Va., and Washington D.C., the family visited these areas as much as time would permit.

Lt. Michael served a three-year enlistment in the Marines, 1977-80, and was stationed at Camp Pendleton, near San Diego, with one-year in Iwakuni, Japan.

His wife is the former Starla Mann of Clarendon, the daughter of Mr. and Mrs. Milton Mann now of Higgins. Their son, Charles III, is 21 months of age.
