CISD gets excellent state accreditation report

Colorado ISD Supt. Charlie Uselton told board members Monday night that as a result of an accreditation monitoring visit May 11-12 by the Texas Education Agency, the local school district is being maintained as fully accredited.

Uselton said he is extremely pleased with the results of the monitoring visit, the results of

which were made known in a report sent to the school district on Aug. 11 by Ruben D. Olivarez, assistant commissioner for accreditation.

"In accordance with mandates from the State Board of Education, observations made during the visit concentrated on elements most closely affecting educational program quality," Olivarez wrote.

"At the same time, some compliance items in the areas of curriculum and instruction were reviewed."

Uselton said the report does cite some areas of concern including parental involvement and the tutorial program - areas which he said the school district is already addressing. Other areas of concern included inadequate science

lab facilities at high school. Board president Billy Bridgford said because of an increased number of students taking science courses, more lab space is needed at high school and asked Uselton to study the matter. An increased number of students taking foreign language may require an additional teacher, it was noted.

In other business, the board

voted to accept a settlement on delinquent taxes owed by Texas Utilities on a pipeline it and Valero Corp. jointly own. The settlement figure in the amount of \$81,670 is for taxes the utility company owes for years dating back to 1977. The school district has not reached an agreement with Valero on delinquent taxes it owes on the pipeline.

The action came following a 45-minute executive session with school district attorney Tom Rees.

Two school board policies were amended as recommended by Uselton. The first policy, dealing with personnel-separation-resignations, sets July 1 as the last

Q. Why doesn't the fire siren sound at 6 p.m. any more?

A. At the old fire station the firemen used to sound the alarm. After moving to the new fire station, the siren alarm has been handled by the City Police dispatcher. During the change over the 6:00 custom simply got lost in the shuffle. However, City Manager Brenda Tarter said if the citizens indicate they want it, the 6 o'clock sounding could be resumed.

VOLUNTEERS turned out Saturday to begin renovation of the old Scout hut at Ruddick Park. A project of the Tumbleweed Lioness Club, first part of the renovation included tearing off the old and putting on a new, metal roof. Volunteering their time for the project Saturday were Mack Simpson, president of the Sundown Lions Club; Connie Simpson, Tumbleweed Lioness Club; Jo Monks, president of Tumbleweed Lioness Club; Syl Monks, Sundown Lions Club; Sam McBride, Sundown Lions Club; Cindy McBride, Tumbleweed Lioness Club; Shorty Pace, Sundown Lions Club; Vince Ariaz, Colorado City Noon Lions Club; Debbie Ariaz, Tumbleweed Lioness Club; Charles Goodlett, Sundown Lions Club; Glenna Garrett, B&PW; and Andy Rivera. When completed, the Scout hut will be available for use by scouting and other groups.

Commissioners buy motorgrader

Mitchell County Commissioners' Court purchased a used motorgrader, set the civil fee charges, and named the County Clerk as the official County Registrar as the main action taken at the regular meeting Monday afternoon.

The Court accepted the only bid that was submitted for the motorgrader, for use in Precinct 4. West Texas Equipment Co. of Abilene offered a 1986 1/2 used Caterpillar motorgrader for \$73,100. It carries a 28-month warranty and a 5-year buy-back guarantee of \$60,000.

Several of the civil fees charged by the justices of peace, county and district officials were increased. Charge for issuance of citations was upped from \$30 to \$40; Small Claims citations, \$20 to \$25; JP Court citations, \$15 to \$25. Charge for the various types of writs was lowered from \$50 to

\$40. Also the Law Library fee was doubled from \$10 to \$20; and a \$50 fee was established for handling Trust Funds in County and District Court. Fees were set after the court examined several other counties' charges.

A new law, HB 74, has authorized the simplification of filing birth and death certificates. Heretofore, cities and justices of the peace were often involved in the filings prior to final submission to the County Clerk. Under the new law, the Court designated County Clerk Joan Beach as the official County Registrar which simplifies the filing procedures of these instruments.

In other action, the Court:

- Authorized payment of current bills totaling \$68,997;
- Approved a \$2,000 bond for new Reserve Deputy Scott Morton;

And approved the regular monthly reports.

Other Discussions

Mark Stingley, local consultant, dba Morgan Creek Computer Consultants, submitted a proposal to the Court to act as an independent consultant for the computer operations of the County. He requested a basic monthly fee of \$1,000 per month for 40-hours per month. He indicated his services could save the County considerable money both in hardware and software, and that he could write the program being sought

Farm tour event scheduled Sept. 24

The 1987 Mitchell County Farm Tour, set for Thursday, Sept. 24, will highlight the current crops in the county, said Mike Mauldin, county extension agent.

The event is sponsored annual-

ly by the Agricultural Committee of the Chamber of Commerce, the Mitchell County Extension Office and the Mitchell County Soil Conservation Service. Bobby Lemons serves as this year's chairman of the Agricultural Committee of the Chamber of Commerce.

The tour will begin with registration and coffee and donuts from 8-8:30 a.m. at the Lone Wolf Cooperatorium.

Buses, furnished by the Colorado Independent School District, will leave at 8:30 a.m. for the six agricultural demonstration stops and will return at 11:30 a.m. for a barbecue luncheon catered by David Stubblefield.

Lunch music will be provided again this year by the Farmer's Band.

Speaker will be Pat Porter from Veal Moor.

Stops on the tour include:

- Mark Raschke Farm - cotton variety demonstration;

Police officer assaulted while making arrest

A 21-year-old hispanic man has been charged with fleeing and evading arrest, refusal of alcoholizer test and aggravated assault on a police officer in an incident here early last Sunday morning.

City Patrolman Richard Rutherford observed a Ford Pick-

up that failed to stop at a stop sign on Chestnut Street about 1:35 a.m. Also suspecting possible DWI he gave chase, but the driver would not stop until arriving at a residence on County Road 301, about a half mile off SH 163. Rutherford said an argument developed, then a woman jumped out of the pickup and screamed. When his attention of diverted, Rutherford said the man hit him several times. When he was unable to subdue the suspect, he pulled his pistol and the man fled to the house. Patrolman Richard Hawkins then arrived at the scene and helped Rutherford secure the suspect.

Manuel Alanez, Jr. who gave his last address as Mercedes, Tx., was placed in jail and later was found to have had numerous other traffic violations and arrests.

Patrolman Rutherford received emergency treatment in Mitchell County Hospital for a cut above his eye and other scratches and bruises received in the altercation.

City sales tax rebate higher

State Comptroller Bob Bullock on Friday sent a check totaling \$18,164.21 to Colorado City in local sales tax as one of 1,039 cities that levy the one-percent city tax.

Loraine and Westbrook did not receive checks this period. The net payment this period to Colorado City compares to \$14,636 for the same period last year. The 1987 payments to date are \$183,639.45, 5.08 percent less than the 1986 payments to date of \$193,467.18.

For The Record...

by M. Gene Dow, GM

FROM THE SCRIPTURES—"Oh let the nations be glad and sing for joy; for thou shalt judge the people righteously, and govern the nations upon the earth." Psalms 67:4.

Yesterday, we paused at 12:30 p.m. to recite the Pledge of Allegiance and the Preamble to the Constitution. You did, didn't you? You knew the words, didn't you?

Today, we celebrate the 200th birthday of the Constitution of the United States. Ours is the oldest written national constitution still in force in the world today. Only 14 of the world's 159 nations have a constitution adopted before World War II. Only seven have not had their government changed by violent revolution. The stability that the United States has enjoyed over these two centuries is directly attributable to the constitution. Instinctively, Americans seem to have great pride and confidence in the Constitution. We grew up accepting democracy—one man, one vote—as the ideal form of government—government by consent of the governed. Incidentally, the ancient Greeks experimented with democracy for many years, but they found that it was limited by the lack of understanding, education, and experience of the average voter. They believed it was also open to

demagoguery—emotional appeals to selfishness and hatred. All this is true, surveys reveal that the American public is woefully uninformed about this blue print for our government and we know demagoguery is rampant, yet it works.

THE LONE WOLF SAYS, "Democracy is a poor form of government, but there is none better in the whole world."

Two hundred years ago, the Constitutional Convention ended in Philadelphia. In the debate that produced the final draft, many proposals and suggestions fell by the wayside. One was a motion that the country's standing army be restricted to no more than 5,000 men. When George Washington heard this, he said the suggestion was fine with him, as long as there was an amendment requiring armies invading the United States to have no more than 3,000 men.

And a final note on patriotism. A young first grader was proudly singing "God Bless America". It went like this, "Stand beside her, and guide her through the night from the light from a bulb".

DID YOU KNOW?—The Republic of Texas has had eight Capitol cities. (Not counting capitol of other countries that have ruled Texas).

Oct. 1-3 County Fair discussed by Chamber

Planning and arrangements for the upcoming Mitchell County Fair to be held October 1-3, were the main items of discussion at the regular meeting of the Colorado City Area Chamber of Commerce Monday afternoon.

All the events, except the bake-off, have sponsors, and all the booth space for exhibits have been taken. New sponsors of the Pet Show will be Linda and Dr. Charles Froneberger; and a new 4-H Club Horse Show has been added on Saturday morning, Oct. 3.

The various departments of the Fair include: agriculture, horticulture, women's food and needlework, youth, youth crafts, art

adult crafts, men's, antiques, the Chamber's ice cream "Freeze-off", the pet show and the Bake-off. Ray Ritchey and Mark Raschke are chairmen of the Fair. Other department heads and details will be presented later.

A workday at the Ag Barn has been scheduled for Sept. 28 and all volunteers will be appreciated.

The Chamber Board also discussed the approaching Rail Head Arts & Craft Round-up. Four booth spaces have become available due to cancellations. Also a new permanent sign is being painted by Carolyn Walker for the entrance of the Ag Barn.

There was also discussion of

for the justices of the peace and possibly the county clerk's office. The Commissioners indicated that they would have to study the proposal and needs further before taking any action.

The Court also tabled action on a requested resolution to join West Central Texas Council of Government's Multi-County Task force for combating drug and narcotic activities, until receiving a report from Sheriff Wendell Bryant who was attending an organization meeting Monday.

Also tabled was a proposal by Pioneer Maintenance Company to perform all the courthouse and annex janitorial services and yard services including the County Library for a contractual fee of \$1,800 per month. The Court had originally intended to replace retired Robert Bracy with another county employee, but the contract arrangement appeared to have some merits.

In recent tax suits filed by Colorado Independent School District with the County and City as co-tax claimants, the School District bought the residence of Julius Rivas. The School District advised the county that Mrs. Rivas wants to buy the property back for a 2-year period at \$310.74 per month, but that there was also someone else who offered to buy the property for cash. The Court observed that this was a tragic situation for the Rivas' but the only thing the county could do at this point was to wait for the School District decision, then it could decide whether or

not to waive the county's share of the taxes due.

The Court also discussed at length its involvement, if any, in the meeting scheduled to be held today on the Private Prison negotiations.

The Court recessed until Tuesday when it would hear proposals of various area agents for a hospitalization insurance plan; and further discuss the drug and narcotic program and the maintenance contract.

All members of the court were present.

Loraine's payments to date total \$4,491.53, 5.87 percent less than the 1986 payments to date of \$4,771.50. Westbrook's payments to date are \$4,999, 46.39 percent less than the 1986 payments to date of \$9,324.52.

County-wide the 1987 payments to date total \$193,129.98, 6.95 percent less than the 1986 payments to date of \$207,563.20.

According to Bullock, this year's payments are down by nearly 6 percent overall compared to payments made by September of last year.

Scurry County's payments are running 18.21 percent less than last year while Nolan County is down 5.95 percent and Howard County is behind 4.11 percent.

September checks represent taxes collected on sales made in July and reported to the comptroller by Aug. 20.

date an employee may submit a letter of resignation unless a suitable replacement is available. The policy had previously read that an employee would not resign less than 30 days from the first of school.

The other policy, concerning salary guide-career ladder, was amended to read that new teachers are eligible to apply for career ladder if they were Level II teachers when employed by the CISD. Usselton said several teachers with experience turned down jobs with the local school system because they would not be eligible for career ladder their first year here.

Appraisals from the previous year are used to determine career ladder status.

"To get good teachers, we need to make the career ladder available to them," said Usselton.

Asst. Supt. Don Nimmo disagreed with the amended policy, noting that although all school districts use the same appraisal instrument, some school districts may not have the same high standards as the CISD.

The annual tax statement for 1986 was approved by the board. Business manager Geneva

Findley said that taxes totaling \$2,093,000 were collected in 1986 compared to \$2,248,000 in 1985.

Usselton said enrollment figures as of Friday show 1,404 students enrolled in classes, 35 less than at the same time last year. Kelley Elementary has 352 students, Hutchinson Elementary has 351, middle school has 297 and high school has 404.

The board instructed Mrs. Findley to allow a taxpayer to pay off a delinquent tax bill over the next two years. A quick claim deed had been filed by the school district for taxes owed, but the law allows a two-year grace period for the homeowner to pay the delinquent taxes and regain title to the property.

Scott to receive highest FFA degree

Cody Scott of Colorado City has been nominated and is expected to receive the American Farmer degree, the highest degree awarded by the National FFA organization.

The award is based on out-

standing agricultural production, processing and service records and demonstrated leadership. Scott will be one of 728 members receiving the award at the National FFA Convention in Kansas City, Mo. Nov. 12-14.

Only one in 600 of the 416,000 FFA members has advanced through chapter and state farmer degrees to earn the national award.

Scott, the son of David Scott and Susan Scott, is currently a student at Angelo State University, San Angelo.

He earned the degree on the

basis of his supervised occupational experience program and his leadership activities in the FFA. He was a member of the Colorado High School chapter and his vocational agriculture instructor and FFA advisor was Frank Brownfield.

Each degree winner receives a gold American Farmer key and an expense-paid trip to the national convention.

More than 20,000 FFA members will attend the student-run 60th FFA convention, making it the largest annual youth convention in the nation.

Porter hosts Ruth Class

Mrs. Francis Porter, teacher of the Ruth Sunday School Class of First Baptist Church Loraine, was hostess to the class for their September meeting at 2:30 p.m. Thursday, Sept. 10.

This was the first meeting of the class since disbanding during the summer months.

Clara Butler led the opening prayer and Pauline Smokey read from Proverbs 10 in giving the devotional.

Mrs. Butler directed a Bible quiz during the recreation period.

Stella Harris read minutes and Pauline Smiley gave the treasurer's report.

The hostess served a sandwich plate with chips, nuts, cookies and coffee.

Present were one visitor, Rosa Benitez, and members Mmes. Clara Butler, Stella Harris, Vada Preston, Pearl Preston, Pauline Smiley, Lois Hobbs and the hostess.

Ready Class has meeting

The Ready Sunday School class met Monday night in the home of Billie Schroeder and went to Smyler's for supper after which they returned to the Schroeder home for a devotional brought by Bertha Fay Snyder, entitled "Have a happy time with God." She also read a poem, "Your Church." Juanice butler led in prayer.

The hostess served birthday cake to the group. The group honored Juanice Butler and Ruby Lee Small who have had recent birthdays.

Those attending were Alta Miles, Ruby Lee Small, Gladys

Mrs. Ida Baird had as her guest a nephew, Glenn Barnes of Dallas. She returned with him and visited her son and family, Mr. and Mrs. Dale Baird. Dale brought her home Saturday.

Mrs. Willie Rose returned to her birth place and home town of Rosebud in Milan County for the Hillands Chapel Church reunion.

Attending with her were a son William Rose and a daughter Ollie Sample of Sweetwater.

Congratulations to Lois Phillips on another 39th birthday.

Ruby Lee Small went to Midland Saturday for a visit with her grandson, Doug McGee and family.

We are happy to report that Agnes Haney is home after several days stay in the home of her daughter, Mr. and Mrs. Earl Plagens of Colorado City.

Hart, Margaret Brame, Bertha Fay Snyder, Billie Schroeder, Juanice Butler and Estelle Lee and Allie Ruth Wiggins.

Loraine Personals

...by Lela Lucas

The Klatter Kombo band of the Loraine Senior Citizens has started again after disbanding during the summer months.
We invite you to come and join

the band. We need some new members.

The band played at the Loraine Nursing Home Monday afternoon. The residents seem to enjoy the program very much.

County Oil and Gas Report

Flowing 258 barrels of oil per day, the No. 1 Brennan "C" was completed in Mitchell County's Westbrook Field by Williams Oil of Midland.

Drill site is eight miles northwest of Westbrook.

The well was drilled to 8,164-ft. total depth and will produce from perforations in the Ellenburger Formation at 8,151 to 8,157 feet into the wellbore. Production tests were run on a 7/8-in. choke, and flowing tubing pressure registered 920 PSI.

The location is in a 160-acre lease in the H&TC Survey, Sec. 29, Blk. 26.

Drill site has been staked for the No. 3 Brennan, an 8,500-ft. developmental well in the Colman Ranch Field, Mitchell County. The operation will be located four miles west-southwest of Cuthbert in a 320-acre lease in the H&TC Survey, Sec. 20, Blk. 26.

The operator is Dr. R.B. Wilchar of Fort Worth.

Testing for potential is scheduled at the No. 1 Kohler-Brennan, a wildcat well in Mitchell County. With Kohler

Energy of Wichita Falls as the operator, the well is located five miles southwest of Cuthbert in a 640-acre lease in the H&TC Survey, Sec. 19, Blk. 26.

The well was spudded July 28, and has been bottomed at 8,184 feet.

Chevron USA of Midland is reported to be testing for potential at the No. 6213 North Westbrook Unit, a developmental well in Mitchell County's Westbrook Field. Spudded June 16, the well has been bottomed at 3,200 feet.

Location is five miles north of

Westbrook in a 7,979-acre lease in the T&P Survey, Sec. 15, Blk. 28.

Natural Resource Management of Midland has bottomed the No. 3 Barber at 3,432 feet in the Dockrey Field, Mitchell County, and has scheduled testing for potential. The well is located in a 480-acre lease in the T&P Survey, Sec. 9, Blk. 28, two miles southwest of Westbrook.

Drilling operations commenced Aug. 14. The well was aimed at production in the Clear Fork Formation.

Adult education classes offered

The Community Education Center, Robert Lee Highway, offers classes in preparation for a high school equivalency certificate (GED), adult basic education (ABE) and English as a second language (ESL).

All classes are free to anyone who is at least 17 years or older. There is a \$5 materials usage fee for the pre-test. Classes are held

in Room 7 at the Wallace Center Monday nights from 6-10 p.m. Registration may be made any time during the year. Instructors are Bob Rilly and Orphie Conner.

The applicant must have/be:

1. Proof of identification
2. Resident of Texas as demonstrated by an established Texas address or be a member of the United States Armed Forces stationed in the state
3. At least 17 years old, officially withdrawn from school, eligibility verification and parental consent
4. A letter signed by the parent or guardian giving consent to be tested
5. A letter signed by the administrator of the last school attended identifying an official withdrawal date.

Fees for the test administration are \$5 for each test. The fee must be paid on the day the test is taken. Total \$25 for all. Scholarships are available.

The GED test has five parts - writing skills, social studies, science, reading skills and mathematics. All parts of the test are multiple choice. The times allowed for taking each test are writing skills, 1 hour, 15 minutes; social studies, 1 hour, 30 minutes; science, 1 hour, 30 minutes; and mathematics, 1 hour, 30 minutes.

SOME OF THE THINGS DISCUSSED HERE MIGHT SHOCK YOU.

But not if you follow these tips for working around electricity while working around the house or on the job.

- Keep ladders and trimming tools away from overhead wires.
- Call an expert if your electric meter or fuse box needs to be moved.
- Don't dig if you suspect there are underground wires—call us first.
- Make sure you're clear of all wires when installing an antenna; think about where it might land if it falls during installation.
- Make sure all tools that run on electricity are properly grounded and treat them with respect.

We don't mean to alarm you. But too many people become accident statistics simply because they forget to be cautious around electricity. And that's the shocking truth.

Wolves to hunt Antelopes

What a difference a year can make.

At this time a year ago the Colorado City Wolves were 1-1 in the 1986 football season and were headed into a football game against Post at a time when mistakes by the Wolves were the norm rather than the exception.

The Antelopes went on to embarrass the Wolves 35-6 and things just continued on a downward spiral for Colorado City. The Wolves hung tough for the first half of play. Post led only 13-6 at halftime. After the game Wolves coach Tom Ramsey said "There's no doubt about it. We definitely had our best effort tonight. We still continue to be our own worst enemy. We gave up the big plays but we're looking better. I really feel we should've been winning at halftime."

Well, the Wolves are no longer their own worst enemy. As a matter of fact they're already looking pretty good.

The Wolves were averaging four turnovers a ballgame going into last season's contest at Post and turned the ball over to the Antelopes twice for a break always tough Post didn't need. This year the Pack has turned the ball over only twice. On the other end of the ball the defense has proven very inhospitable to teams bent on reaching the Colorado City endzone.

Although two first half fumbles in the 21-7 win over Seminole last Friday, which followed a 14-6 win over Slaton, kept the Wolves from really blowing the Indians away coach Ramsey thinks his team "is looking pretty good."

"We're in pretty good shape," said Ramsey. "We're 2-0 so things have got to be going pretty good. There's no comparison between last year and this year at this time. It's like night and day." Colorado City was looking

to make a good showing at Post last year. This year, with things already on the upswing, the Wolves hope for more.

"The running backs are not fumbling the ball. We've got to avoid the turnovers. We've had only two in the first two games but we're never please with turnovers. Whether it's one or two it makes it the harder to win the ballgame."

"We played with them the first half," said Ramsey. "They came out and took control the second half but a lot of teams did that to us last year. We don't look back on last year too much."

The Antelopes like the Wolves had an off year last season-off simply because they failed to make the playoffs after five consecutive appearances. "They had a good team last year," said Ramsey. "They were just in a tough district."

When the Antelopes arrive here for tomorrow's 8 PM kickoff at Wolf Stadium they'll bring back 5 returning starters on

defense and offense. Wingback Ben Kirkpatrick, running back Mike Bartlett, guards Mark Tyler and Greg Benham and tackle Matt Pennell return for the offense while linebackers Kirkpatrick and Greg Windham, tackle Tyge Payne and safety Blair Didway return defensively.

Bartlett rushed for 205 of the 300 yards Post got on the ground in last year's contest. Quarterbacking the Antelopes is coach David Thompson's son Rance, a sophomore. "He didn't look real good the first week," said coach Thompson "but last week he looked a lot better. Thompson was 5 of 10 for 204 yards and 3 touchdowns in a 41-0 stomping of Seagraves last week with Kirkpatrick catching 4 for 140 yards.

Post began the season with a 21-6 loss to tough Littlefield but had a 27-0 lead by halftime against Seagraves. "We didn't play well offensively against Littlefield," said Thompson "but they had a lot to do with that. We

like to mix up the run and pass and we were able to do that against Seagraves."

"Littlefield's rated number two in some of the polls," said Ramsey. "They(Post) were moving the ball in the second half and made a game of it. They're very quick on defense and run a 4-3 similar to what we run. They get a lot of people to the ball."

What the Wolves have to do to be successful against Post is "we have to continue to play like we've been playing." Ramsey sees room for improvement in the kicking game. "It looks like we'll be at full strength. Beau(Rees) had a good game but only as good as the offensive line is doing. He's surrounded by a cast of pretty good football players. He has the ability to break the first tackle."

Because of the offensive line Rees seldom was hit at the line and was stopped for no gain even fewer times. Any improvement on the part of the Wolves is going to make their chances of impressing Post that much more realistic.

Baum leads grid forecasters' poll

Jim Baum again led the local football forecasters' poll missing only 4 of the 24 games listed, for a record of 36 right and 12 wrong through the second week of the grid season.

Tony Franco, who was tied with Baum after the first week, fell one game behind in second place with 35 right and 13 wrong. Bob Reilly maintained third place, getting 19 right out of the 24 games to up his record to 33 right and 15 wrong.

Guest of the week, Tom Lovell, and Gene Dow both got 18 right, 6 wrong. The poll's guests now have a record of 32 right and 16 wrong, and Dow was held in last place with 30 right and 18 wrong for the season.

Both Baum and Franco are ahead of the consensus of the five pollsters, which has a record of 34 right and 14 wrong.

Results of last week's games are as follows:

- Colorado City 21, Seminole 7

Lazbuddie beats Loraine

Loraine coach Tommy Meredith expected to see a good quarterback last Friday and that's exactly what he got in a 71-21 Sixman loss at Lazbuddie.

"They had one of the best quarterback and running back in the state. He threw nothing but strikes. We had them double covered some times but those tall ends went up for the ball and got 'em. We didn't play bad."

"They'd either sweep or pass. That running back just would waded out. He'd find a hole and was gone."

Lazbuddie led 34-0 after one period of play before taking the 45-point rule decision with 8:30 still remaining to play.

This Friday the Bulldogs travel for 7:30 PM contest at Borden

County. "They lost five seniors and return just one starter, Shannon Boyd, the coaches son. He's a good all-around athlete. If we can stop him I think we can win the ballgame."

Borden County beat Sands 34-0 last week and opened the season with a 55-6 win over Lubbock NewLife Academy, a team Loraine is also scheduled to play. "I guess we got the toughest schedule but it will help us for next year," said Meredith. "You don't get anything out of playing anybody easy."

Meredith said he'll start letting the backs do the reading on certain offense plays. Defensively I couldn't have asked for more. The bright spots against Lazbuddie was that we moved the ball pretty

good on them but we lost two fumbles."

Scoring for Loraine were Rudy Sanchez on 10 and 22 yard runs. Shawn Finley scored on a 14 yard run, passed to a Sanchez for an extra point and kicked for another two extra points.

Sanchez rushed 14 times for 124 yards, Finley 7 times for 55 yards, Quentin Merket once for 9 and Luis Leija once for 19 yards.

Casey Cooper completed 4 of 8 passes for 43 yards while Sanchez was 0 of 2 on attempts. Receiving were Merket with one catch for 10 yards, David Sanchez 1 for 13 yards and R. Sanchez 2 for 17 yards.

Loraine had 259 total yards to 418 for Lazbuddie. Merket was the leading tackler with 9 stops-5 unassisted.

WOLF CHEERLEADERS for 1987 are, left to right, Jennifer Monroe, Sheila Monroe, Mandy Conner, Brittany Bridgford(Sluefoot), Debbie Gardner, Marnie Spivey and Lisa Lamb.

First girl to play at CMS

Aguilar likes football

It doesn't seem to be that big a deal to Cindi Aguilar.

She says her long-time friends don't treat her any different. It's the other people that ask a lot of questions.

James Franco, Curtis Shaw and Kyle knew of her abilities when they sometimes made her the first pick in school yard pick-up games during fifth grade at Hutchinson School.

She always liked football and now that she's in the seventh grade and old enough to play it seems to her only natural to keep playing.

She's also a hotshot softball player but unlike football, a sport usually reserved for boys, softball abounds with female players.

Colorado Middle School begins football with games against Post beginning at 5 PM here at Wolf Stadium Thursday. If the fans in attendance look hard enough they might see a long-haired #85 along with the other Wolves.

Despite what she thinks a girl in Texas football is like running into a guy in the lingerie department. It's not against the law, he just seems out of place.

"It's OK," said Aguilar. "It's not like I change with them but I've liked football a long time.

They (the players) treat me the same as everybody else, even the coaches."

"I just like football. If they hit me I hit them the same way. Whatever the coaches tell me I do it. James Franco, Carrie Blair, and Michael Diaz call me Tom Boy. I don't mind it that much. I was sure I wanted to play ever since the fifth grade."

Cindi is a right cornerback and receiver for the Wolves.

"She'll rotate plays in and out," said coach Chuck Claxton. "We try to handle it in the best way possible. The only difference is that she dresses in the girls dressing room."

"It's kind of different seeing long hair sticking out of a helmet," said Claxton. "The first day I told them to get a partner. She asked a boy and he warned her he was going to hit her. He formed tackled her and laid her out but she got up. They don't see her any different because she's always been with the boys she goes to school with. Because of her size her playing time will be done offensively."

The seventh grade Wolves play at 5 PM while the eighth grade squad hopes to start another undefeated season at 7 PM.

Simpson wins Bass Open

Two hundred and thirteen fishermen and women braved a pre-dawn storm here early last Saturday morning as they competed for a \$2,000 first place prize in the fifth annual Colorado City Bass Tournament. Ronnie Simpson of Lubbock easily outdistanced the pack to take the first place prize.

Simpson chose to fish Lake Colorado City over Lake Champion and that decision resulted in the heaviest three-bass stringer of the day: 10 pounds, 9 ounces. The fishing was almost as good for the other contestants as 106

anglers managed to land at least one fish which met the state minimum length of 14 inches. By the end of fishing hours at 4 PM, a record of 467 pounds, 3 ounces was weighed in. Utilizing a live release program, the Colorado City Bass Club returned all healthy bass to the lake an effort which was over 70% successful.

Jimmy Hale of Snyder managed to land the largest lunger of the day. His 6 pound, 4 ounce specimen easily outweighed the second largest bass, a five pounder caught by Dale Blythe of Abilene. In all over

\$7,000 was distributed to the top finishers in the one day contest. Because of the higher than expected turnout and the better than ever results, the Colorado City Bass Club elected to pay more places and prizes than advertised. Even with the additional 15 places, the last place stringer weighed almost six pounds - a weight which won the tournament only three years ago. The top finishers were:

1. Ronnie Simpson Lubbock, 10lbs-9 oz.
2. Johnny Spruell C-City, 8-15.
3. Paul Ham Proctor, 8-13.
4. Ivan Browne San Angelo, 8-15.
5. Ronnie Parsons Sweetwater, 7-15.
6. Jimmie Hale Snyder, 7-9.
7. L.L. Stracener Abilene, 7-9.
8. Gary Townsend Lubbock, 7-8.

Gymnastics class offered

A new gymnastic program will begin Saturday, Sept. 26 in the Hutchinson gym with Kay Porter as certified instructor.

Classes will be held on Saturday mornings for children age three and over. Ages 3-5 will meet from 9:30-10:30 a.m.; ages 6-8 from 10:30-11:30 a.m.; and ages 8 and over from 11:30-12:30 p.m.

After the first six weeks session, the fee will be \$25 (\$10 for additional child) for four weeks. Students must be registered at the Wallace Center by Thursday, Sept. 24.

Basic instruction in tumbling and floor exercises will be offered. Classes will advance to other instruction later in the year.

This is an excellent class for cheerleaders and future cheerleaders.

Notice: For the first session, the class will run for six weeks with an added fee of \$37.50 for the first child and \$15 for each additional child. Enroll early. Twenty-five students are needed to start the class.

For more information, call the Community Education office at 728-2392.

Any child who competes in meets must have a uniform. They can be purchased through Kay Porter, Snyder, 573-9687 (before 10 a.m.). Used uniforms for girls are available at a reduced price but must be purchased by Thursday, Sept. 17.

Coffey to highlight Reunion

William H. (Bill) Coffey Jr., a 1942 graduate of Colorado High School, will be guest speaker at the annual Mitchell County Old Timers' Reunion scheduled Saturday, Oct. 3 at the Civic Center.

Coffey is the son of the late Bill and Ruth Coffey. His dad worked in the grocery business in Colorado City for 42 years and his mother for the Colorado City RECORD for 32 years in various capacities ranging from editor to column writer.

Coffey will be sharing excerpts from some of his mother's columns at the reunion.

"I have a number of mother's columns, and an selecting items that will be of general interest to

William H. (Bill) Coffey Jr.

those who knew her and her love of Colorado City and Mitchell

County people," he wrote to Elmer Martin, chairman of the this year's Old Timers' Reunion.

Coffey served three years in the Army Air Force in World War II and received a degree in journalism in 1948 from North Texas State University. He did graduate work in public relations at the University of Oklahoma. After working for seven years as a newspaper reporter and editor in Oklahoma and Texas, he worked 30 years for the Dow Chemical Company in Texas and Michigan where he served as manager of news and information services and as director of public relations.

He and his wife Fran, who will be traveling with him to Colorado City, have six children.

Registration continuing

SWEETWATER - Registration for the fall quarter at Texas State Technical Institute (TSTI) is continuing, officials said.

Although classes got underway Thursday, Sept. 10, late enrollees may continue to register through the ninth class day on Sept. 22.

The only exception to the late registration will be the open entry programs. Regular programs include air conditioning, automotive mechanics, computer maintenance, diesel mechanics, electronics, fashion merchandising, information processing, telecommunications, machine shop, computer science.

Open entry programs are autobody, automated office, drafting.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION

NOVEMBER 3, 1987

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 104 proposes a constitutional amendment to allow the legislature to provide a guarantee for the Texas grain warehouse self-insurance fund. The guarantee of the fund may not exceed \$5 million, and when the fund reaches \$5 million, the guarantee will cease.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the surety of a grain warehouse fund to be established by the grain industry for the protection of farmers and depositors of grain in public warehouse facilities."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 60 proposes a constitutional amendment to permit rural fire prevention districts in counties with populations over 400,000 to levy a tax at a rate not to exceed six cents (\$.06) per \$100 property valuation for the district, if the voters of the district approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to raise the maximum property tax rate that may be adopted by certain rural fire prevention districts, but only if approved by the districts' residents."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 48 proposes a constitutional amendment to extend the school ad valorem tax exemption for elderly persons to the surviving spouse of a person receiving the exemption. If a surviving spouse is at least 55 years old at the time of death of the person receiving the exemption, ad valorem public school taxes could not be increased as long as the homestead remained the residence homestead of the surviving spouse.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit school tax increases on the residence homestead of the surviving spouse of an elderly person if the surviving spouse is at least 55 years of age."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment to allow the legislature to create programs and make loans and grants of money for development and diversification of the economy, elimination of unemployment and underemployment, stimulation of agricultural innovation, promotion of agricultural enterprises, and development of transportation and commerce. Bonds or other obligations payable from ad valorem taxes must be approved by the voters in the political subdivision seeking such funding sources.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide assistance to encourage economic development in the state."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment to permit the State Department of Highways and Public Transportation to contract with the Texas Turnpike Authority and to contribute money to the costs of turnpikes, toll roads and toll bridges of the Authority. The amendment would authorize the governing body of a county with a population over 400,000, a county adjoining such county, and any city or district located in or partially in such county to make agreements with the Texas Turnpike Authority and levy ad valorem taxes to pay part or all of the principal and interest on Turnpike Authority bonds and to pay maintenance and operating expenses of the Turnpike Authority, if the voters approve the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing agreements between the State Department of Highways and Public Transportation and the Texas Turnpike Authority and the governing bodies of counties with a population of more than 400,000, adjoining counties, and cities and districts located in those counties to aid turnpikes, toll roads, and toll bridges by guaranteeing bonds issued by the Texas Turnpike Authority."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to allow the legislature to establish three separate development funds. A Texas product development fund could be established to aid in the development and production of new or improved products in the state. The amendment would authorize the issuance of up to \$15 million of general obligation bonds to provide initial funding for the program. A Texas small business incubator fund could be established to foster and stimulate the development of small businesses in the state. Small businesses operating under the program would be exempt from ad valorem taxation. The amendment would authorize the issuance of up to \$10 million in general obligation bonds to provide initial funding for the program. A Texas agricultural fund could be established to promote the production, processing and marketing of agricultural products produced primarily in Texas by small Texas agricultural businesses. The amendment would authorize the issuance of general obligation bonds in the amount of \$100 million outstanding at one time to carry out the agricultural fund program. The legislature could require review and approval of the issuance of bonds and the use of bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for state financing of the development and production of Texas products and businesses."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 55 proposes a constitutional amendment to authorize the legislature to provide for the issuance of \$400 million in general obligation bonds to be used for loans to local governments for acquisition, construction, repair, renovation, and equipment of public facilities or for grants to local governments for planning public facilities. The amendment would also permit the issuance of revenue bonds for the same purposes to be repaid from excess revenue from repayments of loans made under the amendment and from other revenues pledged to the retirement of revenue bonds. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds to finance certain local public facilities."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 56 proposes a constitutional amendment to allow the legislature to authorize the issuance of up to \$500 million in general obligation bonds to be used to acquire, construct, and equip new correctional institutions and mental health and mental retardation institutions or to repair existing institutions. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the projects to be financed by the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds for projects relating to corrections institutions

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10 ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

and mental health and mental retardation facilities."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment to provide that a state legislator is eligible to serve in another state office even if the compensation of the office was increased during his legislative term or even if the appointment is made in whole or in part (including Senate confirmation) by the legislature. The legislator could not, however, receive the increased compensation approved during his legislative term.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a member of the legislature is eligible to be elected or appointed and to serve in a different state office but may not receive an increase in compensation granted to that office during the legislative term to which he was elected."

PROPOSITION NO. 10 ON THE BALLOT

Subsections (d) and (e) of Section 1 of Senate Joint Resolution 12 propose a constitutional amendment to allow the legislature to exempt from ad valorem taxation all tangible personal property except structures which are used as residential dwellings and property held or used for the production of income. This exemption would be in addition to the personal property homestead exemption already established by the constitution. If the legislature authorizes the exemption of additional personal property from taxation, under this amendment, local political subdivisions may pass resolutions providing for taxation of such property unless the property is exempt from ad valorem taxation under another law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to exempt from ad valorem taxation certain personal property not held or used for the production of income."

PROPOSITION NO. 11 ON THE BALLOT

Section 1, Subsections (f) and (g) of Senate Joint Resolution 12 propose a constitutional amendment to exempt from ad valorem taxation goods, wares, merchandise, and ores other than oil, gas and petroleum products. These items would be exempt from taxation only if they originated outside the state and were located in the state for a period of 175 days or less for purposes of assembly, storage, manufacture, processing, or fabrication. Such property could be taxed by a county, school district, or municipality if the governing body of the political subdivision took official action to provide for the taxation of the items while they were located in the political subdivision. If the governing body of a political subdivision took official action to tax the items before January 1, 1988, the tax would be effective for the 1988 tax year. If the action were taken after January 1, 1988, and before April 1, 1988, the tax would become effective January 1, 1989.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the exemption from ad valorem taxation of certain property that is located in the state for only a temporary period of time."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 35 proposes a constitutional amendment to allow a married couple to agree in writing that all or part of their community property will become the property of the surviving spouse if one spouse dies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting spouses to hold community property with right of survivorship."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment to authorize the creation of special districts to provide emergency services. The commissioners court in a county participating in a district could, upon approval of the voters, levy an ad

valorem tax of up to ten cents (\$.10) per \$100 valuation of the property located in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow for the creation and establishment, by law, of special districts to provide emergency services."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment to allow the state a limited right to appeal criminal cases. Under current law, only criminal defendants are allowed to appeal. This proposed amendment would allow the legislature to pass laws granting state prosecutors the right to appeal in limited circumstances.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment giving the state a limited right to appeal in criminal cases."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment to abolish the office of county treasurer in Gregg County and transfer the duties of that office to the county auditor or an elected official designated by the commissioners court. The amendment would also abolish the office of county treasurer in Fayette and Nueces counties if a majority of the voters in those counties vote in favor of the amendment. In Fayette County, the functions of the treasurer would be transferred to the county auditor of the officer succeeding to the auditor's functions. In Nueces County, the powers, duties, and functions of the treasurer would be transferred to the county clerk.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the abolition of the office of county treasurer in Gregg, Fayette, and Nueces counties."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment to allow the commissioners court in a county with a population of more than 150,000 to establish more than one Justice of the Peace court in each Justice of the Peace precinct, i.e., to provide for the election of more than one Justice of the Peace in each Justice of the Peace precinct.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that certain justice precincts may contain more than one justice of the peace court."

PROPOSITION NO. 17 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment to allow the legislature to define by law those municipal functions that are governmental and those that are proprietary. This authorization would apply to laws passed by the 70th Legislature, 1987, and by future legislatures in regular or special session. A municipality is liable for damages arising out of acts committed under its proprietary functions, but not its governmental functions. Definition of such functions by the legislature would clarify the liability of a municipality in civil lawsuits filed against it.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to define for all purposes the governmental and proprietary functions of a municipality."

PROPOSITION NO. 18 ON THE BALLOT

House Joint Resolution 18 proposes a constitutional amendment to authorize the legislature to provide for the creation, operation, and financing of jail districts. Financing of a jail district could be accomplished through the issuance of bonds and other obligations, or by levy of an ad valorem tax on property located in the district if the qualified electors of a district approve an ad valorem tax or bonds secured by a property tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the creation, operation, and financing of jail districts."

PROPOSITION NO. 19 ON THE BALLOT

House Joint Resolution 88 proposes a constitutional amendment to authorize the issuance of \$500 million in general obligation bonds, the proceeds of which will be used to establish a superconducting super collider fund. The fund would be used to provide economic incentives for the superconducting super collider research facility, and the agency administering the fund would be authorized to grant land or property to the United States government for undertakings related to the facility.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to fund undertakings related to a superconducting super collider research facility sponsored or authorized by the United States government, and to make appropriate grants for such undertakings."

PROPOSITION NO. 20 ON THE BALLOT

House Joint Resolution 96 proposes a constitutional amendment to allow the legislature to provide ad valorem tax relief for mobile offshore oil and gas well drilling equipment. The tax relief would be limited to equipment that is being stored while not in use in a county that is adjacent to the Gulf of Mexico or on a body of water that is adjacent to the Gulf of Mexico.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use."

PROPOSITION NO. 21 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment to provide for legislative involvement in the executive branch of government by permitting the legislature to include the speaker of the house of representatives in the membership of an agency or committee that includes officers of the executive branch of government and performs executive functions. Under current law, the legislature is not allowed to exercise any powers in executive matters under Article II of the Texas Constitution, which provides for the "separation of powers" into three distinct departments.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the legislature to include the speaker of the house of representatives or the speaker's appointee in the membership of an executive agency or committee."

PROPOSITION NO. 22 ON THE BALLOT

Senate Joint Resolution 53 proposes a constitutional amendment to allow the legislature to limit the term of office of a gubernatorial appointee to a vacancy in a state or district office to a partial, temporary term if the appointment is made on or after November 1 of the last year of the governor's term and the governor is not reelected. Under this amendment, the legislature may provide that the tenure of such an appointee would end sooner than the term would normally expire.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to limit the authority of a governor to fill vacancies in state and district offices during the end of the governor's term if the governor is not reelected."

PROPOSITION NO. 23 ON THE BALLOT

Senate Joint Resolution 54 proposes a constitutional amendment to authorize the Texas Water Development Board to issue an additional \$400 million in water development bonds. Of the \$400 million authorized, \$200 million would be designated for conservation and development of water resources, \$150 million would be designated for water quality enhancement, and \$50 million would be designated for flood control. The amendment also authorizes the legislature to provide for review and approval of the issuance of the bonds and the use of the bond proceeds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$400 million of Texas Water Development Bonds for water supply, water quality, and flood control purposes."

PROPOSITION NO. 24 ON THE BALLOT

House Joint Resolution 83 proposes a constitutional amendment to allow a county to use county equipment and personnel to perform work, without compensation, for another governmental entity if the commissioners court finds that the work will not interfere with the performance of county work and approves performance of the work. The governmental entity must be located wholly or partly in the county, and the governing body of the governmental entity must file a written work request with the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit a county to perform work, without compensation, for another governmental entity."

PROPOSITION NO. 25 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment to allow the Legislature to authorize Randall County to levy a tax for the benefit of the Amarillo Hospital District. Any such tax could be levied only on property located outside the City of Amarillo and outside the South Randall County Hospital District. The tax could not be more than 75¢ per \$100 property valuation and would be effective only upon approval by the voters in the area to be taxed. If the tax is authorized by the Legislature and approved by voters, the Amarillo Hospital District is to serve residents of part of Randall County. If a tax is levied under this provision, Randall County must repay the State for the cost of publication of this amendment.

The proposed amendment also permits the legislature to authorize a hospital district to change its boundaries or jurisdiction if the district was created or authorized by a constitutional provision that includes a description of the boundaries or jurisdiction of the district. Any change in the boundaries or jurisdiction of such a hospital district would become effective only upon approval of the voters in the district.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to permit the Amarillo Hospital District to serve certain residents of Randall County, to authorize Randall County to provide financial assistance to the district, and to authorize certain hospital districts to change their boundaries or jurisdiction with voter approval."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 1

Senate Bill 86 submits to the voters the question of whether the 15 members of the State Board of Education should be appointed instead of elected. If the proposition passes, the Governor will appoint a member of the board for each district, with the consent of the Senate. If the proposition fails, the members will be elected from these districts.

The referendum will appear on the ballot as follows:

"The State Board of Education shall be composed of members who are appointed from districts instead of elected, with equal representation throughout the State of Texas."

EXPLANATORY STATEMENT FOR STATEWIDE REFERENDUM NO. 2

The Texas Racing Act submits to the voters the question of whether pari-mutuel wagering should be legal in Texas on a county-by-county local option basis. If pari-mutuel wagering is adopted by the voters statewide, a county must also pass a separate proposition on pari-mutuel wagering at an election held in the county before any such wagering may be conducted in that county.

The referendum will appear on the ballot as follows:

"The legalization of pari-mutuel wagering under the Texas Racing Act on a county-by-county local option basis."

Club meets at luncheon

The Colorado City Garden Club began the 1987-88 season with a dutch luncheon at Our House.

Janine Bodine, former member, reunited with the club as she and her husband have returned to their home here.

At a short business session, the membership elected Gene Row as second vice president and approved a ways and means committee to coordinate various activities of the organization.

Mrs. Rowe examined hands of the gardeners and chose Nell Palmer as "the one with the most used hands". She was awarded a jar of potpourri rose petal. Throughout the year, surprise awards will be given for particular excellence in home gardening activities.

The next meeting will be Oct. 7 at the Hesperian Room of the library. It will be a combined meeting with the Classroom Teachers to hear Earl Vaught, Texas Highway Department, Abilene, who will show slides and discuss wild flowers on Texas highways.

Present were Betsy Aycock, Dovie Brownfield, Billie Faye Conard, Faye Daniel, Louise Decovic, Nadine Gordoan, Bennie Hilliard, Dorothy Johnson, Jenny Moore, Frances Myers, Peggy Ratliff, Gene Rowe, Margaret Trulock, Nell Palmer and Janine Bodine.

Woods hosts 'C' City Lake Club

The "C" City Lake TEHA club met Tuesday, Sept. 8, at 1:30 p.m. in the home of Billie Woods.

The meeting was called to order with Lily Farrar leading the Club Creed. Marie Harlow presented the treasurer's report. Rosa Barron led exercise and Bobbie Norman read a short story about growing old.

New officers were elected for the coming year. They are Vada Carlile, president; Belle Snider, vice president; Opal Long, secretary; Marie Harlow, treasurer; Bea Harlow, delegate; Billie Woods, alternate delegate; and Dorothy Sneed, reporter.

Refreshments of chips, dips, cookies, punch and coffee were

served to Lily Farrar, Vada Carlile, Billie Woods, Marie Harlow, Bea Harlow, Belle Snider, Bobbie Norman, Dorothy Sneed and Rosa Barron.

The next meeting will be Tuesday, Sept. 22, at 1:30 p.m. at the home of Vada Carlile at which time plans for the county fair will be discussed.

Police have busy month

Colorado City Police Chief Bobby Sparks said his department investigated 157 crimes during the month of August and cleared 119 of those.

Sparks said August proved to be one of the busiest months since he has been in office.

There were a total of 2,078 calls with 12 traffic accidents investigated and 53 traffic citations issued. Five cases of aggravated

assault were investigated along with four burglaries, 10 reports of theft, two vehicle thefts, seven assaults, six forgery cases, seven vandalism cases, four weapons cases, six drug violations, 10 cases of family disturbances, 16 cases of driving while intoxicated and 22 other liquor law violations.

Sparks said there were 81 arrests made during the month.

Sweetwater testing site

SWEETWATER - Sweetwater has been named a testing site for the National Engineering Aptitude Search, according to information released by the Junior Engineering Technical Society.

As one of 15 colleges and universities in Texas offering the testing, the campus will be centrally located for the West Texas area at the Texas State Technical Institute here.

The NEAS is a rigorous three-hour test designed to identify strengths and weaknesses of students, in grades 9-12, who are contemplating application to an engineering (technology) program. The test includes sections on mathematical understanding, science reading and problem solving as well as an in-

terest inventory and a school activities survey. The test is created by the American College Testing (ACT) Program and is sponsored by the Junior Engineering Technical Society, a national non-profit education society.

Students taking the test will receive their scores, as well as an interpretative guide that provides a measure of how well students compare nationwide within their own ability grouping.

TSTI officials stated that only Texas Tech at Lubbock and Howard Payne at Brownwood will be offering the test for West Texas students. Tentative plans are for the test to be administered quarterly at the TSTI campus. For additional information on the test, call 915-235-8441 or 1-800-592-TSTI.

Test dates announced

AUSTIN - Texas students who did not graduate from high school in May because they failed the Texas Educational Assessment of Minimum Skills (TEAMS) test can take the exam again Oct. 27-28.

Registration materials, which include a list of test sites, can be obtained from any Texas high school beginning in mid-September. Individuals may choose a convenient test site from the list. Those who have relocated to no have to return to the district last attended to retake the exam.

Those wishing to retake the test must have met all other graduation requirements before they can register.

Registration will close Oct. 2. No late registrations or walk-ins will be accepted.

Persons registering for the exam will receive an admission

ticket which must be brought to the test site with photo identification. The exam will begin within the first hour of the district's school day.

Test results will be mailed to individuals and to the school district from which a diploma is expected.

The TEAMS test was mandated by House Bill 72 and measures student performance in reading, writing and mathematics.

Exhibits set

SNYDER - The Scurry County Museum will salute Mexican Independence Day Saturday, Sept. 19, with the opening of an exhibit entitled "El Vaquero: Genesis of Cowboy Texano".

The Diamond M Museum of Fine Art will also open a special exhibit marking Mexican Independence Day on Saturday, drawing paintings from its collection for the display.

The vaquero exhibit includes more than 100 photographs and text in English and Spanish presenting an intimate view of Mexican vaqueros and their work on a large ranch in northern Mexico. The exhibit is on loan from the Institute of Texan Cultures in San Antonio.

Both the Scurry County Museum and the Diamond M Museum will be open from 1-4 p.m. on Saturday, Sept. 19, and Sunday, Sept. 20.

LEADING THE CHEERS for the Loraine Bulldogs this year are (left to right), Bonnie Herrington, Brooke Moore, Christi Blair, Cheryl Alvarez, Shelli Webb and Jennifer Clifton.

Celebrity hunt slated at Ranch

ABILENE - Hendrick Home for Children will host a hunt for deer, turkey, quail or feral hogs on its Hendrick Ranch during the weekend of Nov. 14-16.

The 42,000-acre ranch is located in portions of Shackelford,

Throckmorton and Haskell counties. It sprawls along the breaks and plains of the Clear Fork of the Brazos River.

Bob Lilly, former Dallas Cowboy, and Dave Parks, former New Orleans Saint, will be special

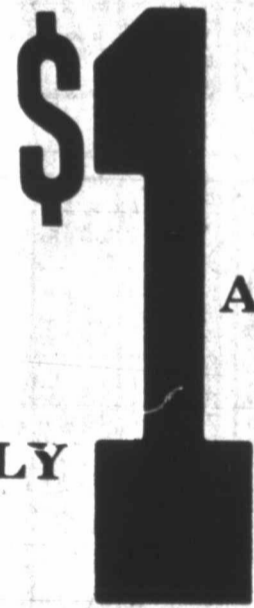

guests during the weekend.

Beginning Friday evening, a barbecue will be served for all hunters at the ranch. The hunt will begin early Saturday morning and will be the first ever for the Hendrick Ranch.
