Haskell County History

20 Years Ago—Aug. 30, 1934

County Judge and Mrs. Chas. M. Conner and daughters Jean and Geraldine left Sunday for a week's vacation trip in New Mexico. They plan to visit Carlsbad Cavern during the trip.

R. L. Lemmon and John P. Payne attended the state convention of the American Legion in Mineral Wells Monday and Tuesday.

Misses Edna and Rachel Solomon, who have been attending college in Denton, are home for a two weeks visit with relatives and friends.

Mr. and Mrs. Foster Davis spent last week-end in the home of his parents, Dr. and Mrs. J. C. Davis, Sr., of Rule.

Mrs. R. E. Sherrill returned Wednesday from a three month trip through the Eastern states.

Mrs. Lanham Williams and son of Mertzon are here for a visit in the home of her mother, Mrs. Edith English.

Misses Mary Emma Whiteker and Hattie Lucile Paxton have returned from Austin where they attended the University of Texas during the summer term.

Mr. and Mrs. Glenn Boley and children have returned to their home in Oklahoma City after a visit in the home of her parents, Mr. and Mrs. Claude Warren. They were accompanied home by Miss Louise Warren who will visit them for several weeks.

The water situation remains acute in Weinert. Water is being shipped and hauled from Haskell and Munday to supply residents of the community. Weinert people accept the situation in a philosophical manner, saying the drought is giving everyone a job hauling water!

Up to Tuesday of this week, the gins at Weinert have turned out 25 bales of cotton from the new crop. Ginners estimate that around 1,000 bales will be ginned there this season.

30 Years Ago—Aug. 29, 1924

First bale of cotton from the 1924 crop was brought in Thursday by Shelby Harris of the Center Point community. The bale weighed 420 pounds and was ginned at the Farmers Gin. Mr. Harris sold the cotton to W. W. Fields & Sons for 25 5-8 cents, receiving \$107.62. Business men gave a premium of \$93.50 making total for the bale of \$201.12.

John A. Couch and family returned this week from a 25-day vacation trip to the Rockies. They visited Colorado Springs, Cripple Creek, Boulder, Denver, Manitou and many other points of interest along the Great Divide.

Miss LaVerne Cummins, who went with the Colby D. Hall party on a tour to England and the European continent in early June has returned and reports a wonderful trip.

Jesse B. Smith returned Wednesday from a business trip to Lubbock.

Mr. and Mrs. O. E. Patterson and sons have returned from a two weeks vacation trip to Aus-

tin, San Antonio, and Taylor.

Haskell stockmen shipped six cars of cattle to the Fort Worth markets this week. R. W. Herren and son sent three carloads of white-faced steers which they had raised on their place northwest of town, and R. W. Clanton, local buyer, sent three carloads to market.

Army worms have made their appearance in cotton in the Midway community and farmers are preparing to poison against the pests. Paul Frierson reports the worms are small and not very numerous as yet.

Plans are being made to rebuild the tearage at Midway school and have it ready for occupancy by the middle of September. The former tearage burned about a month ago.

Mr. and Mrs. Chas. M. Conner and family returned Friday from a visit in East Texas.

The Center View Baptist Church met in conference Wednesday morning for the purpose of calling a pastor. Rev. W. T. Priddy of Stamford was called by the church.

50 Years Ago—Sept. 3, 1904

H. C. Cousins had a bale of cotton ginned yesterday morning, and sold it on the street at 10.55. It was the first bale sampled and sold on the street market this season. Three other bales grown

by local farmers and one from Stonewall County are at the gin today. A. G. Lambert has two bales and A. C. Lewis one. A Mr. Wallace has a bale from Stonewall which he will have ginned and carry back to Aspermont to compete for first bale prize at that place.

H. G. King, a prominent attorney of Austin was here this week looking after some land interests he has here.

Miss Bessie Lemmon went to Weatherford this week where she will stay with an aunt and attend school.

Miss Myrtle Baldwin left Thursday for Bonham, where she will enroll for another term at Patton Seminary.

J. F. Jones left Monday for Dickens County to shift a herd of cattle in which he is interested, to a new range. He had been informed that the grass and water had about played out where his herd was located.

Mrs. R. E. Sherrill and children returned Thursday from Graham, where they had been visiting for the past two weeks.

W. D. Kemp has bought back the farm he formerly owned eight or ten miles east of town and is moving back to it.

Mr. and Mrs. W. L. Cason, accompanied by Clarence Parker, left this week to attend the big fair in St. Louis. They were joined at Weatherford by G. W. Parker.

J. Bullington of Weatherford was here this week looking at

lands and investigating the farming situation. We understand he decided to buy land and locate in Haskell County.

Master P. J. Anthony, who has been spending his summer vacation here with relatives, left Thursday for his home at Austin. He was accompanied by Buford Long, who will spend some weeks visiting there. They are making the trip of nearly 300 miles by private conveyance, expecting to have a fine time camping, fishing and hunting on the way.

TEXAS is on FIRE with a CRUSADE

...to hold Texas for Texans!

From time to time in the history of this great freedom of ours, it has become necessary for the people to rise up in righteous indignation against great grasping threats from without!

AT THIS MOMENT THE PEOPLE OF TEXAS STAND AT SUCH A CROSSROAD! The issue is clear: Whether we will hold TEXAS for Texans or surrender our great TEXAS heritage to out-of-state labor bosses, pinkos, the promisers and their henchmen.

Travis, Bowie, Crockett, Houston—all great names in the fight for Texas Liberty—gave their lives for TEXAS! The least we can do to hold their faith is to give our vote.

THEY KEPT TEXAS FOR TEXANS — WE MUST KEEP THEIR TRUST ON AUG. 28th!

What Are The Issues?

Shivers sincere? In presenting himself as the leader of democracy in Texas?

Shivers sincere? In telling you that he will defy the court and exhaust the resources of Texas to defend segregated schools, while he sends his own son to segregated schools with negroes rather than send public schools of Austin with his white neighbors?

Shivers sincere? In transferring his stock in the Printing Company to his wife, so that he might as Texas sign printing contracts with the company \$27,000.00?

Shivers sincere? In the tide lands matter. In Sept. we have lost the tide lands, but it is perhaps not loss, since Texas prorata of the tide lands of the is likely worth more than the Gulf tide lands of Shivers now boasts that in 1952 Mr. Eisenhower promise to help return the tide lands to Texas. In Shivers agreed to surrender the democratic farm program the republican program. By reason of the re- price supports this one act is costing the farmers more than fifty million dollars per year — on a four crop. Did "Ike" give us our tide lands or did he us?

Shivers sincere? In telling us that "Old Ralph" Christian statesman I once knew him to be?

Shivers sincere? In telling you that by reason of his fifty one years, living a Christian life, a district judge, an Assistant Attorney, Lecturer of Law, at the State University, Member of Directors of Colorado River Authority, one of the leading private attorneys, a man loved and respected by fellow lawyers, president of the Travis County Bar Association, Director of the State Bar of Texas, Member of the Board of Law Examiners, a man who has always directed the charity programs and better programs of his people—A MAN, A MAN, in whom Governors found no guile until he became a rival.

Shivers and friends, I commend you to Judge Ralph Shivers, a candidate with a platform to serve all the people who has made a life study of our problems.

Speakers Discuss Race for Governor At Rally Here

Haskell County voters, gathered on the courthouse lawn Saturday night, heard rival speakers discuss the issues in the Governor's race between Allan Shivers and Ralph Yarborough.

The crowd, estimated at between 400 and 500 people, also enjoyed a 30-minute program of hillbilly music and songs by the Jim Naylor String Band from Rottan.

The definitely pro-Yarborough assemblage gave attentive interest to the first speaker of the evening, Tom Sealey, Midland attorney who was introduced by John A. Couch and spoke in the interest of Governor Shivers.

The crowd withheld their applause for State Senator Wayne Wagonseller of Bowie, who spoke in behalf of Judge Ralph Yarborough, and frequently applauded and cheered the speaker. The Bowie lawmaker was introduced by former County Judge Chas. M. Conner.

Reviewing the record of Gov. Shivers' administration, the Midland attorney in closing his talk said "The issues in this race are more than Shivers, or Yarborough, or the tidelands. Texas is at the crossroads. A vote for Allan Shivers means that our state can continue to be run by and not by leftist, and labor leaders of the North and East."

Senator Wagonseller in his talk, described Shivers as "The only hyphenated Governor in the nation," and declared that "Shivers was never interested in the tidelands until he could make a political issue of them." Wagonseller declared that under Attorney General Price Daniels, tideland leases brought \$30 to \$35 per acre, while the land board under Governor Shivers leased tideland tracts to "the world's richest man—a Dallas man—for \$6 per acre."

Carl Spoonemore Is New Farm Bureau Adjuster Here

Carl Spoonemore, former athletic coach at Carrizo Springs High School, is the new adjuster for the Southern Farm Bureau Insurance Company in Haskell and vicinity.

He will make his headquarters in the Haskell County Farm Bureau office in Hotel Haskell Building, according to Shelly Royall, local Farm Bureau president.

Mr. Spoonemore has moved his family to Haskell from Carrizo Springs and they plan to make their permanent home here.

Local Minister to Head All Lutheran Food Appeal Drive

The Rev. B. F. Gaskamp, pastor of the Trinity Lutheran Church in this city, has received notice of his appointment to serve as county chairman and co-chairman of eight counties for the "All Lutheran Food Appeal" in 1954. Fritz Stagemoeller of Sagerton was appointed co-chairman for Haskell County.

The "All Lutheran Food Appeal" is sponsored by Lutheran World Relief of the National Lutheran Council with the cooperation of the Board of World Relief of the Lutheran Church-Missouri Synod, and is a program in which farmers are asked to give of the fruit of their fields to help feed famished persons in hunger areas of the world. The appeal will be conducted here toward the end of the cotton harvest, according to present plans. The food grains and cotton will be shipped to famished persons in Europe and Asia where it will be distributed to those who need it most by personnel of the churches without regard for profession of faith, race or political affiliation. The food will be distributed solely on the basis of the greatest need.

Since the close of World War II, Lutheran World Relief has sent material aid with a cash valuation of more than \$34 million to 26 countries and areas of the world. The "All Lutheran Food Appeal" will be conducted in the total agricultural areas of the United States where there is sufficient Lutheran membership to make this program possible.

Foundation of Scott Memorial Park Laid by Pioneering Rancher-Jurist

JUDGE S. W. SCOTT

MRS. S. W. SCOTT

Dedication of Scott Memorial Park Sunday, August 22 was a tribute to the late Judge S. W. Scott who played an important role in the early development of Haskell County and whose wife and children donated the park site to the people of Haskell County.

In reality, and in the hearts and minds of Haskell County people, Scott Park is a symbol of the faith and courage of the late jurist-rancher and his wife, who now lives in San Antonio. During their long residence in Haskell, both were prominent in all phases of church, school, and community development.

Background of Scott Park extends back to early June, 1884, when three young men left Williamson County with a herd of cattle headed for Haskell County to make their fortunes in the cattle business. They were John D. Hughes, of Georgetown, John H. Farley of Hutto, and S. W. Scott, whose home then was near Granger.

Both Hughes and Scott were later destined to become owners of large ranches in Haskell County. The Scott Ranch, which now comprises around 20 sections of land, is still owned by the Scott Estate and is one of the oldest ranches in West Texas still under original ownership of its founders.

First tract of land acquired by Mr. Scott in establishing his ranch was also the first whole section that was ever enclosed with a fence by an actual resident of the county. This was the Shields Booker section on Paint Creek, which he bought and had fenced in 1888. This land was originally granted to the surgeon who dressed Sam Houston's wound at the Battle of San Jacinto.

A part of Paint Creek Reservoir, or Lake Stamford, lies in the Booker section. Scott Park is located in the adjoining J. Allen section to the west.

Getting back to the pioneering trip of Mr. Scott and his companions in 1884, as related in a story given The Free Press in 1938.

Scott, Hughes and Farley had a little over a thousand cattle in their trail herd and were about 40 days making the trip out from Williamson County. Dr. C. C. Cody, mathematics teacher in Southwestern University and a brother-in-law of Hughes, joined

the three young men at Lampasas and made a full trail hand on the way out.

They bedded their cattle down the first night in Haskell County on July 9, 1884, about a mile south of old California Ranch on California Creek. Col. Thos. F. Tucker, afterwards the first county judge of Haskell County, was living at the ranch at the time.

After turning their herd loose on the open range, the three men moved their covered wagon about a mile and a half south to Plum Branch in the L. Dyches section, which was later to become a part of the Hughes Ranch. The covered wagon was their "headquarters" for two years.

A few days after establishing their ranch "headquarters" Mr. Scott told about his first trip to Rice Springs, which later became the town of Haskell. There were only five houses in the small settlement at that time. They were owned by G. W. Keister, John Labriere, Luke Lynn, Alex Tucker, and W. R. Standefer, a land surveyor.

Besides these families and Col. Tucker and his family on California Creek, only other residents in the county at that time were John and Lou Casner who lived on Gray Mare Creek northeast of Haskell, Wiley Dresser, who lived on Lake Creek and made his living catching wild mustangs on the Knox Prairie, and F. G. Alexander and S. S. Cummings, who reached the county in May, 1884, and had established the Cartwright Ranch on the Brazos River in the northwest part of the county.

During the next four years, Mr. Scott worked with cow outfits on the open range, covering the territory from the brakes of the Wichita in Foard County to Santa Anna Mountain in Coleman County, and from Routh Creek in Scurry County to Round Timbers in Throckmorton County.

After four years of this gypsy life, Scott went back to Georgetown, read law for several months and was admitted to the bar in January, 1889.

Returning to Haskell in March, 1889, he hung out his "shingle" and practiced law here for nearly 25 years before retiring in 1913.

On October 29, 1896, he married the former Miss Fannie Elizabeth Tandy, whose parents, Mr. and Mrs. A. H. Tandy were among pioneer families of Haskell. Mrs. Scott attended Kidd-Key College in Sherman before her marriage. During their long residence in Haskell, Mrs. Scott was active in the work of the First Methodist Church and with women's clubs, including the Haskell Magazine Club, of which she is a past president.

Judge and Mrs. Scott were the parents of four children. They are: Mrs. H. G. (Elsie) Head of San Antonio, Samuel Archie Scott of San Angelo, Mrs. John W. (Marion) Brice of Tulsa, Okla., and Walter T. Scott of Evanston, Ill. Judge Scott, active in community development, was one of the seven men who organized the Haskell Telephone Company, forerunner of the present-day system. He was a Mason for more than 50 years and was active in Masonic work in Haskell County and in San Antonio. He died in San Antonio July 4, 1942.

During the period of his law practice, Scott had two cases of local historic interest. There were two saloons in the county, The Lone Wolf, about a mile north of Stamford, and the Road to Ruin Saloon in Haskell. A local option election was held and the "Pros" won, but the saloon owners got an injunction suit to keep the election results from being declared. Scott appealed the case, paid his own expenses to Fort Worth, argued the case and got it reversed. This closed down the saloons in Haskell County for the first time in its history and until the present time. Scott received no fee for his work in this case.

The other case involved county school land. Scott was advised that the Commissioners Court planned to sell four leagues of Haskell County school lands located in Lamb and Hockley Counties for \$1.50 per acre.

Believing the price far below market value of the land, Scott worked nearly all night on a bill of injunction, and was joined by three prominent Haskell men as interested taxpayers asking the

injunction. He was successful in securing a restraining order against sale of the land at \$1.50 per acre.

The land was subsequently sold during the term of County Judge A. J. Smith (who now lives at Anson) for \$10.00 an acre. By this suit the permanent school fund of Haskell County was saved \$151,144, the difference in the sale of 17,712 acres of land at \$1.50 an acre and the \$10-per-acre it later brought. Scott, always an ardent champion for good schools, did not receive any fee or compensation from any source for this service to the school children of Haskell County.

Lt. R. R. Medford Finishes Primary Pilot Training

First Lieutenant Raymond R. Medford of Haskell, has completed his primary training at Marana AB, Arizona, and is now taking his basic multi-engine pilot training at Goodfellow Air Force Base, San Angelo.

Upon successful completion of the training he will be awarded his silver wings in the Air Force as a pilot. Married to the former Billie N. Raughton of Lueders, he received his commission in June, 1950 through AFOTC program at Texas A&M College. He came on active duty on July 23, 1953.

★ PARR AGAINST GOV. SHIVERS

Special Special to The News
SAN DIEGO, Texas.—George B. Parr, the Duval County political power, said Ralph W. Yarborough would get his vote for Governor.
Parr interrupted a coffee-cup cafe conference with Roy Har- rington of Austin, secretary-treasurer of the CIO State Coun- cil, to say that he was not particularly for Yarborough.
"It's just that I'm against Allan Shivers," said the polit- ical boss.

Parr said that on Wednes- day night he went to Fair- rias to hear Yarborough make a campaign speech. Parr said he sat in the bleachers at the school stadium where Yar- borough spoke and did not speak personally to the candi- date. Some Parr-backed local officials sat on the platform with Yarborough.
"We haven't talked since be- fore he announced," said Parr.

Here is conclusive proof of the link between Parr, Yarborough and C.I.O.

This news story, appearing in the Dallas Morning News on Sunday, August 22, 1954, will convince all TRUE TEXANS that there is a conspiracy by the Parr-Yarborough-CIO Machine to TAKE OVER TEXAS.

Remember the CIO-PARR link has been repeatedly denied by Ralph Yarborough.

Haskell County Farm Bureau "Queen" To Be Selected Friday Evening

A group of Haskell County's most beautiful and talented young women will take part in the Farm Bureau Queen Contest to be held Friday night in the Elementary School Building. Seven young women have been nominated for the title, and selection of Haskell County Farm Bureau "Queen" will be made by out-of-county guests. They will select the winner on the basis of poise, personality and attractiveness. The county winner will receive the price of a formal to wear to the district contest to be held in Wichita Falls.

Mrs. Shelly Royall is chairman of the committee in charge of the contest, which is sponsored by the Haskell County Farm Bureau. The public is invited to attend Friday night's program, which begins at 8 p. m. Entrants in the contest include: Helen Kimbrough of Haskell. Doris Sprayberry of Rule. Peggy Sonnemaker of Haskell. Charlie Merle Eaton of Rule. Jo Ann Hodges of O'Brien. Nanette Weaver of Haskell. Barbara Merchant of Haskell.

City Officials Meet With C-C Officers And Directors; Park Event Praised

Officers and directors of the Chamber of Commerce met Tuesday morning at 7 a. m. in the banquet room of the Texas Cafe for their regular August meeting. Mayor Courtney Hunt and Councilmen Olen Dotson, J. E. Walling Jr., Brooks Middleton and Carl Anderson, who is also a director of the chamber of commerce, met with the civic organization. Judge Alfred Turnbow told of the events held Sunday at Scott Memorial Park in connection with the dedication ceremony. The event was a huge success from the standpoint of the entire program presented and the thousands of persons who attended. All present at the meeting were of the opinion that the Park is one of the most beneficial assets which Haskell has been fortunate in receiving in some time and that with cooperation of the people of the county, could be made one of the most attractive parks in this part of the State.

Rex Felker, C. of C. manager gave a report on the cost of operating the chamber of commerce office and stated that the funds coming in were barely enough to meet the necessary expenditure of operation and left nothing to be used for worthwhile projects which the chamber desires to sponsor. He stated that 48 memberships were delinquent and directors agreed that these firms and individuals would be contacted again to bring the membership up to date and those failing to comply, would be dropped from the membership rolls. Councilman Walling suggested that in the near future the membership breakfast be held at the school lunchroom and that concentrated effort be made at that time to bring back delinquent memberships and add new members to the organization. Mayor Courtney Hunt suggested that a chairman of the membership committee be appointed who would have at least four men working in each precinct towards membership in the chamber of commerce on a yearly basis. Carl Anderson was appointed chairman of Oil Progress Week which will be from the 10th to 17th of October. He is to appoint his committee to work out arrangements for the recognition of Oil Progress Week on a local basis.

Courthouse Offices, Stores, Schools, to Close on Labor Day

Monday, Sept. 6—Labor Day—will be observed as a business holiday in Haskell, with virtually all business establishments and offices closing for the day. Haskell schools will be dismissed for the first holiday of the new term. Principal attraction for school students will be the FFA Rodeo which will be staged at Fair Park Arena on that date. Also, all offices in the courthouse will observe a holiday with the exception of the Sheriff's department, which necessarily operates on a 24-hour daily schedule. Labor Day is also a legal holiday for the Haskell National Bank and is one of the few annual holidays observed by the Post Office Department, and the local postoffice will be closed the entire day.

U. S. Army Offers Technical Training To Young Men

Today, more than ever, the U. S. Army needs qualified specialists to fill many important and good-paying technical jobs, according to Sgt. K. McAulliffe of the Army Recruiting Station at Seymour, who is in Haskell each week on Wednesday from 9 a. m. to 2 p. m. To develop specialists the Army has created a new Technical Training Program open to all high school graduates. Sgt. McAulliffe explained. This program actually reserves a classroom seat in any course the graduate selects, before he enlists. Young men may take their pick of one of the 87 Army technical career courses, all taught at the finest military schools. Sgt. McAulliffe will be glad to discuss an Army career with any interested high school graduate, during his weekly visit to Haskell. Or, youths may inquire at the Post Office or write the U. S. Army Recruiting Station, Seymour.

Cattle Feeding Likely To Be Heavy In Texas

By TED GOULDY

Fort Worth—Most observers on the market at Fort Worth are of the view that there is a strong probability that more cattle will be fattened in Texas during the next six to eight months than for a comparable period in several years. Many of the cattle will be grain-fed and many others will be carried on grain pastures with probably some supplemental feeding. Already reports are coming in of the movement of sizeable numbers of wheat pasture type calves and yearlings into the winter wheat grazing areas of the Texas Plains and Panhandle. Conditions have been made quite promising in some sections that have received heavy showers recently. The shower activity has been continuing and while the benefits are not general, there has been enough to aid to breed some optimism. Optimism is the commodity that cattlemen thrive on. Another factor that portends big feeding operations are the big feed crops that are going to be made in sections of West Texas Plains. In some sections conditions are reported the best in years. Storage is at a premium and there are plenty of cattle around. This means lots of cattle will likely be fed in the Plains and Panhandle. We are told that the nubbin corn produced in many parts of the Eastern third of Texas, will also be fed to cattle. This corn was too poor quality to be salable, and when ground with cob, shuck and all and stepped up with some protein and some urea to increase the digestibility, it will put pounds on cattle. Our information is that many farm lots of from half a dozen to a couple of dozen head of cattle will be fed this way and some of the larger feeders will be in again this year.

The bankers are loosening the purse strings on farmers in the Corn Belt and more stockers and feeders are moving into those states. Order buyers at Ft. Worth say that they have more orders for the "good kind" than they are able to find in the runs lately. Many of these are going into Illinois, Indiana and into the Western Corn Belt. However, the demand is spreading to the Eastern Corn Belt and over into the South East as some relief from heat and drought has been reported in some sections there. It looks like a big year for cattle feeding in the West. Fort Worth's dealers and order buyers report heavy demand continues from Arizona and the west Coast. One order buyer said, "I'd think Arizona would be running over with cattle. Thousands have been shipped there."

The West Coast operators are filling feeding pens and are still taking lots of the "plainer" kinds of stocker and feeders off the yards at Fort Worth every week. The feeling seems to be general that cattle prices have been pretty well established with the better steers and heifers due to sell around the \$20 to \$25 range. This more stable situation seems to be predicated on the present earning power of the consumers and the proportion of their expendable income that will be spent on meat. On Monday's market, prices were strong, spots higher and calves were 50c and more higher than last week's close. In the hog yards, the top was \$23.50 and sows sold for \$14 to \$18.50. Sheep and lambs found the market generally steady with choice Spring lambs up to \$19 and feeder lambs at \$15 down.

ELECT A. C. (PETE) SEGO

Commissioner Precinct No. 1

We, the neighbors and friends of Pete Sego believe it will be to the best interests of our Precinct, and for our County to re-elect him as our Commissioner. Pete Sego has made Precinct No. 1 an outstanding Commissioner and the records will prove it.

We believe with his record, and with his experience while in office better qualifies him for the place.

Being thoroughly familiar with the Farm-to-Market roads now being negotiated for Precinct No. 1 and other programs coming up in the next two years; we believe he will be better qualified to carry on to completion on these programs.

We earnestly solicit your vote for Pete Sego on next Saturday.

Paid for by Friends of Pete Sego. (Paid Pol. Adv.)

ELECT David S. Strickland COMMISSIONER, PRECINCT NO. 4

We, the neighbors and friends of David S. Strickland, believe it to be the best interests of our Precinct and for our County to re-elect David S. Strickland.

We believe that with his experience, and his record while in office has better qualified him to make us a better Commissioner. Being thoroughly familiar with our Farm-to-Market Road Program, our County Park Program, and other programs to come up the next two years, he would be better qualified to help carry out these programs for our County.

We earnestly solicit your vote and influence for David S. Strickland on next Saturday.

Mr. Farmer

Here are Telegrams from farm organization officials expressing their organization's opinion on candidates for Governor:

AUB024 LONG NL PD- EL PASO TEX AUG. 12 1954- HONORABLE ALLAN SHIVERS- 402 WEST 3RD ST GOVERNOR OF TEXAS AUSTIN, TEXAS-

Am alarmed at rapid rate of regimentation of farm labor. Am especially concerned about desire of Labor Unions to organize this labor so naturally am concerned about their candidate Yarborough and his connections with labor unions. Have seen enough of this in other states to realize necessity for strong state administration not controlled or subject to pressure of minority group. Organization of farm labor could mean disaster for farmers if they should strike at harvest time which they would do. I strongly suggest you emphasize this in your campaign as it is of the utmost urgency that farmers recognize this. Because of your ability to deal with all such problems decisively and fairly am strongly supporting your reelection. Good Luck.

George W. Spence, Yaelta, Texas- President, El Paso Valley Cotton Association

DA414 DME023 PD- MERCEDES TEX 12 496PMC- 402 WEST 13- AUSTIN, TEX-

Majority farmers this area convinced union racketeers making all-out effort to hamstring agriculture and gain complete political and economic control. Their plan is crystal clear—reduce the supply of workers. Establish minimum wage, make the Bracero deal worse if that's possible, elect Yarborough and they got it made-

Donald R. Perry of Haskell Will Receive Officer's Commission at WTSC Exercises

Canyon, Texas (WTNS)—When commencement exercises are held Friday night at West Texas State College, a "first" in the college's history will be marked. Four men, along with their Bachelor of Science degrees, will receive commissions in the United States Army.

The four are first cadets to complete military training and become eligible for commissions as second lieutenants since the West Texas State Reserve Officers' Training Corps unit was established here in September, 1952. They were among the seven cadets with sufficient ROTC credit to enroll in an advanced course. They attended a required summer camp in July 1953.

One man, Albert F. Linger of Vega, a "Distinguished Military Student," will receive a direct

commission in artillery in the regular army. Weims L. Norman, Dougherty, and LeMoin Patrick, Borger, also "Distinguished Military Student," and Donald L. Perry, Haskell, will be commissioned as second lieutenants in the army reserve.

Col. Raymond H. Lumry, professor of military science and tactics, will swear the men into the service, and President James P. Cornette will present them their commissions.

Linger will leave Saturday for Fort Sill, where he will attend a basic officers course for 17 weeks at the Artillery School. For a month he will attend a paratroop course at Ft. Benning, Ga., before being given a permanent assignment. New regular army officers are required to attend either the paratroop school or take Ranger training.

The other three men will await orders from the Texas Military District to be assigned to duty. Norman and Patrick, who have selected infantry as their branch of service, will attend a basic officers course at Fort Benning, and Perry will attend an artillery school at Fort Sill. Perry, who completed work for his college degree last spring, is being commissioned this summer because of an inadvertent delay. Col. Lumry said.

Throckmorton GI In Korea Helps Build Schoolhouse

I Corps, Korea—Pfc Thomas Richards, of Throckmorton recently helped construct a school house in Korea, under the Armed Forces assistance to the Korea program.

He is a crane operator in Battery A of the 159th Field Artillery Battalion, which provided materials and technical assistance for construction of the 800-student building.

Richards entered the Army in May 1953 and has been in Korea since last November.

CORRELL'S RETURN FROM 2-WEEKS VACATION TRIP

Mr. and Mrs. Earl Correll and children, Doyle and Craig, returned last week from a two-weeks vacation trip. They visited relatives and friends in Mooresville, N. C., on the first stage of their trip, then spent several days in Norfolk, Virginia, and other places in that state. They visited Washington, D. C., where they went through the nation's capitol and other points of interest. Among other historic places visited during their trip were Rock City, on Lookout Mountain in Tennessee and Chimney Rock, North Carolina.

HERE FROM FORT WORTH

Euell Bagwell of Fort Worth was a business visitor in Haskell and Rochester during the week end.

FORMER RESIDENTS HERE FOR VISIT

Mr. and Mrs. Ollie Kinnison of San Antonio, J. D. Kinnison of Phoenix, Ariz., and A. P. Kinnison of Houston were week end visitors in the home of the latter's daughter, Mrs. Carrie McAnulty in this city. All are former residents of this city. They left Monday for Sweetwater to visit relatives there, and will go to Ropesville, Texas, Sunday for the 50th wedding anniversary of another brother, W. P. Kinnison and Mrs. Kinnison in that city.

Haskell National Bank to Observe Holiday Saturday

Saturday, August 28, date of the second Democratic primary, will be observed as a legal holiday by the Haskell National Bank, which will be closed the entire day.

Because the date comes on the week end merchants and other bank patrons are reminded to keep the holiday in mind in arranging their banking transactions.

TO THE VOTERS OF PRECINCT NO. 4:

Only a short time remains until the second primary and I am trying to present my candidacy for Commissioner to as many voters as possible before the election.

It will be impossible for me to see everyone and I respectfully ask you to consider this message a personal solicitation for your vote.

I need your help and promise if elected to handle the affairs of the office as honestly and efficiently as humanly possible. I believe every part of the precinct is entitled to its share of road improvement and maintenance work, and that will be one of my goals as your commissioner. At the present tax rate the precinct should have sufficient revenue, if properly expended, to permit the entire precinct to have better roads.

WARNING!

TEXAS FARMERS-RANCHERS WARNED OF CIO LABOR PLANS

AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race.

This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur."

"One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO."

Governor Shivers said there was no doubt in his mind that the aim of the CIO after the job of organizing industry in Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas.

"You can imagine what will happen

when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said.

The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man.

"But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East—specifically those in the CIO and its Political Action Committee—are not going to run our State Government," Shivers promised.

Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking—and voting—for them.

You get a 3-way bonus in the car that's soaring to new success

WHAT has happened in the automobile business this year is something that you should take to heart -- as a personal benefit to yourself, and as a sure way to pick a winner. It is simply this: Buick has moved into the charmed circle of America's three top sales leaders--a circle once dominated *only* by the so-called "low-price three."

In plainer words -- Buick today is outselling *all* other cars in America except *two* of these so-called "low-price three." And this has come about because of Buick's advanced year-ahead styling, great V8 power, big-car room and comfort -- all for prices starting right close to the lowest. So you reap a worth-while 3-way benefit.

- 1. You get the look of tomorrow--today**
 In Buick today you get the modern styling other cars will reach in the future. For here you get true year-ahead beauty--long, low glamor lines, sports-car grace, and that spectacular new panoramic windshield that most other cars won't have till 1955.
- 2. You get the bigger allowance of our volume business**
 The tremendous sales volume that has brought Buick into the leadership circle of the "Big Three" means that we can offer you a higher trade-in allowance on your present car when you buy a new Buick. That's the simple reason why we can make you a better deal right now.
- 3. You get more resale dollars when you trade**
 With Buick so advanced in style this year it's a sure thing Buick will stay in style for years to come, as other cars catch up. So the new Buick you buy today brings you a higher resale price at trade-in time later. Drop in -- see and drive this tomorrow-styled Buick -- and get in on Buick's big 3-way bonus right now.

(Continued from page 1)
Scott Estate.
 Rex Felker, manager of the Haskell Chamber of Commerce, presided as master of ceremonies and outlined the afternoon's program. Following the invocation by State Representative-elect Ed Cloud of Rule, County Judge Alfred Turnbow in a brief talk expressed Haskell County's appreciation for the park, and introduced the honor guests. Judge Turnbow also outlined some of the plans for development of the park, and said: "We have made only a small start, but we're all so proud of Scott Memorial Park that we couldn't wait any longer to have our dedication and invite all West Texas down to see it."
 In a brief response, Mr. Scott

told the gathering that Scott Memorial Park was donated as the wish of all members of the Scott family, dedicated to the people of Haskell County with the hope and wish that would use and enjoy it.
 Mr. Scott and Mr. and Mrs. Brice and Andy were the only members of the Scott family able to be present for the occasion. Messages were read from others expressing regret at being unable to attend, and sending greetings and good wishes to their friends in Haskell County.
 The day's crowd began assembling early Sunday, with many families bringing picnic lunches and spending the day. Others, many from neighboring counties, brought boats for a day's outing and it was estimated that possibly one hundred boats were on the large reservoir all day.

Winners in Boat Races

First, second and third place winners in the two races for large outboard motors, listed in respective order:
 First event: Ed Trimmier, Haskell; Charles Urban, Haskell; Jack Cotten, Abilene. Best time in this race was made by Doug Brown of Haskell, who drew one-lap penalty when he failed to see one of the buoys and cut inside the course on the second lap of the five-lap race.
 Second event: Trimmier, Doug Brown, Charles Urban.

Winners in the two events for smaller outboard motorboats were:
 First event: Bill Thomas, Haskell; Guinn Medford, Haskell; L. L. Thomason of Abilene.
 Second event: Bill Thomas; Jack Cotten, Abilene; L. L. Thomason, Abilene.

In the free for all race, Bill Thomas took the lead on the third lap of the 10-lap race when he headed Thomason of Abilene and the Haskell man easily maintained his lead to win the major award of the day, a 1954 model Mercury motor. Also in this race, misfortune continued to follow Doug Brown, who was a favorite to win the 10-lap event. On the second round, Brown's motor jarred loose on a fast turn and he was unable to get back in the running.

In water skiing, first place was won by Johnny Howsley of Denton; second by Herman Propst and Seth Lawrence of Anson, working as a team, and third by W. C. Haney of Stamford.

Winners in surf board riding, final event of the afternoon program were Doug Brown, Jr., first; Nancy Fancher, second; Kenneth Lane, third. All entrants were from Haskell.

Specialty features between the racing events included exhibitions of skiing presented by Johnny Howsley of Denton, Dallas Bought of Rule, Vic Blair, Jr., of Abilene, Mr. and Mrs. Chas. Kay of Rochester, Betty Sue Mitchell, Carmen and Rosemary Kay.

Judges in the various contests were J. C. O'Neal of Paint Creek, Raymond Liles of Weinert, Ollie B. Vernon of Rule, Owen Pelsue was official starter and Covell Adams flag man, with Henry Harris working as water safety supervisor. Also assisting were State Game Wardens H. B. Iverson of Throckmorton and J. D. Jones of Abilene.

Committee in charge of arrangements for the program was composed of Walter Gresham, chairman; Rex Felker, Alton Middleton and Thos. B. Roberson.

Members of the Saddle Tramps riding club assisted in handling the huge throngs and supervised parking of the more than 2,000 cars visiting the park during the afternoon.

From The Records

On January 1, 1951 Precinct 4 had a balance of \$965.08 with no outstanding current bills.
 Today the Precinct owes \$27,000.00, \$13,000.00 borrowed from the Rule Bank and \$14,000.00 on time warrants handled through the county clerk's office.
 Vote for Francis Blake for Commissioner Precinct 4 and a sound, economical administration. (Paid Pol. Adv.)

Constable Edwards Asks Voters For Continued Support

In a final reminder to the voters of Precinct No. 1, Constable Sterling Edwards, who is a candidate for re-election, asks for the continued support and influence of voters in Saturday's runoff primary.

In asking for another term in office, Constable Edwards urged voters to consider the following facts in the race. "My opponent

for the past three years has held a good-paying position with the City, and does not need the office of Constable as a means of livelihood. As far as the salary end is concerned, the City office pays around \$150 per month I understand, while pay of the Constable in recent years has been raised to \$62.50 a month. The people of Precinct No. 1 have honored me with the office of Constable for several terms, and I am deeply grateful, for the salary has helped me make a living. Now I would like to point

out that my opponent more in salary on that I have in the been Constable. "I believe in the Live and Let Live, your vote Saturday my opponent can and I can keep me Sincerely, Sterling Edwards Candidate for Constable. (Paid Pol. Adv.)

VOTERS

KNOW THE TRUTH
 And Give It Due Consideration

Before Casting Your Ballot

DUVAL DEAL

Yarborough hit a high peak in the ridiculous when he claimed that Governor Shivers had made a deal with George Parr, the much-headlined Duke of Duval, to drop the charges against the political boss if the Parr machine would cast its block vote for Shivers. Actually, the Parr machine cast its 3,016 votes solid for Yarborough, Ex-Judge Laughlin, Sheriff Parr and other candidates of the Duke of Duval. The Freedom Party, arch enemy of the Parr machine cast its 1,368 votes for Governor Shivers.

NEGRO VOTE

Yarborough claims that he made no reckless promises, such as quick end to racial segregation, immediate delivery of fat pension checks and other impossible benefits, in return for the backing of the NAACP and the colored vote. Yet, the records show that every "Colored" precinct went Yarborough with overwhelming majorities of 10 to 1 to 20 to 1.

MEN WHO KNOW HIM BEST

Yarborough has stated that a man should be judged by the opinion of his neighbors and by the respect, affection and support which they offer him, and that the affection of his neighbors proves his qualifications for the Governorship.

Yet Yarborough's home box, Precinct 229 in Travis County voted: Shivers 893; Yarborough 367. On the other hand, Governor Shivers' home box, Precinct 49 in Port Arthur, voted: Shivers 789; Yarborough 366 and the little box nearest Shivers' farm in Woodville voted 33 to 3 for the local boy. Results speak louder than words.

Her record includes information on all her 4-H club work with special emphasis on her work as a Junior leader.

Sunday School Leadership Meet Set at Lueders

Third annual Sunday School leadership conference for Baptist churches will be held at Lueders Baptist Encampment grounds Aug. 30-Sept. 1. Special emphasis will be placed on better Bible teaching. Rev. M. D. Rexrode, pastor of the First Baptist Church of Haskell will have general direction of the group meetings and will speak on Monday on the purpose of the leadership conferences. Rev. Mr. Rexrode is district Sunday school superintendent of District 17.

The Leadership conference will meet in joint session with the associational Sunday school officers at the close of each session to hear a presentation on better Bible teaching by Dr. J. M. Price of Fort Worth, head of Religious Education at Southwestern Theological Seminary. Dr. Price will speak on what teaching is, what method is best, how to study a lesson, how to plan a lesson. Department group conferences for those who are not attending the association officers conferences will be directed by denominational leaders. Rev. Mr. Rexrode will be assisted by Mrs. B. B. Longacre of Abilene in the Nursery conference; Mrs. Gerald G. Pardue, beginners' department; Mrs. Frank Royal of Abilene, primary; Mildred Kohn, Dallas, junior; Mrs. Sue Wright of Iowa Park, intermediate; Mary Lou O'Rear, Abilene, young people, and W. R. FARMERS

In anticipation of a good harvest, we reserved one of our Haskell warehouses for milo and can take care of approximately 100 carloads in the Gov. approved storage. This enables you to get your warehouse receipt and your money the same day.

Five reasons why you should use these Government approved warehouses:

- First: In most cases you receive more money out of your grain.
- Second: If the market goes up, you will receive a second profit.
- Third: If you sell your milo on the market, you lose your chance for a second profit.
- Fourth: You receive your warehouse receipt and your money the same day you finish cutting.
- Fifth: In view of a light crop, this looks like a good year for a second profit on storage milo.

If you do not care to put your milo in storage, we will buy it ... All grades, green or dry.

NOT December, 1954, but DECEMBER, 1955!!

Thus Giving you 16 full months of use
before first payment is due, if you
buy now!

LAST AND FINAL PAYMENT will be due December 15, 1956!
INTEREST??? JUST 6% PER ANNUM!!!

You Can't Beat That At A Bank!

NOTE IS AGAINST THE SYSTEM ONLY, no other collateral!

All portable sprinkler irrigation systems look very much alike, and many of them are alike; but RAIN CONTROL is different from any and all others.

THIS DIFFERENCE saves money and labor in the operation and maintenance of the system. It makes the water go further and do more—and in this area, Mr. Farmer, it's just what you need!

RAIN CONTROL COUPLER AND VALVES make all other couplers and valves out of date. Today, nobody who needs portable sprinkler irrigation can afford to be without the exclusive advantages and benefits of HARDIE RAIN CONTROL!

More irrigation at lower cost with less labor—and remember, just 1-3 down!

Gin To Try New Method in Eliminating Nuisance of Burning Trash and Burrs

A new method of handling cotton burrs and trash will be used this season by one Haskell gin, in an effort to eliminate the nuisance of smoke and dust.

Allen Strickland, manager of Haskell Co-Operative Society No. 1, appeared before the City Council Friday night and explained the method to be tried out this year.

Instead of burning the burrs and trash as in the past, Strickland explained that the gin planned to construct a large earthen pit, approximately 125 by 125

feet in size. The burrs and other residue from ginning will be blown through a conveyor into the pit and sprayed with water during the process. After the ginning season, the compost will be removed from the pit for use by farmers to fertilize their crop-land.

Strickland explained that this method was being successfully used on the Plains. Ginners have found it very satisfactory in eliminating the nuisance of burning burrs, and farmers say the fertilizer formed by the process has proven a valuable soil builder.

The Council, which tried for several years to work out some method of handling the dust and smoke nuisance during ginning season, heartily endorsed the method to be tried by Strickland's gin this season.

Dove Season Opens Sept. 1; Birds in Plentiful Supply

Hunting season on mourning doves will open Sept. 1 and continue through Oct. 10, both days inclusive. And the dove crop this year is above the average in this section, reports District Game Warden H. B. Iverson.

For dove hunters, shooting hours are from 12 noon until sunset, Iverson reminded. It is also a violation to shoot from the road or across a road, he added. Bag limit on doves is 10 per day, and possession limit is 10 per person.

Season on ducks and geese opens Nov. 5th and runs through January 3. On the first day of the season, Nov. 5th, shooting begins at 12 noon. During the remainder of the season hunting will be permitted from one-half hour before sunrise until sunset.

Bag limit on ducks is 5 per day in the aggregate, and possession limit 10 per person.

On geese the bag limit is 5, provided this limit does not contain more than two white fronts or two Canadians. Possession limit is the same.

About the only geese that migrate through this area are Canadian or white front, Iverson said.

In effect, this limits the hunter to one Canadian and one white front, or two of either—unless he can find three geese of other species to fill out the daily bag limit.

"Terrific!"

-words simply can't describe it!

Chances are, you'll be at a loss for words, too... after just a few minutes with a "Rocket" Oldsmobile. There's so much that's great... even "Ter-r-r-ific" falls short! For example, original color styling—already honored by a host of imitations! Interiors a step beyond your dreams! The widest-ever vision with Oldsmobile's panoramic windshield! And in action, the 185-hp. "Rocket" Engine speaks for itself. To all this, add Safety Power Steering*, Power Brakes*... in fact, every power feature in the book... for wonderful, workless driving no matter what lies ahead. Result: the greatest popularity and highest sales in Oldsmobile history! Isn't that your cue to visit our showroom... take the wheel... and let a "Rocket" Engine Oldsmobile do the "talking!"

Service Pipe Line Plans New Rocky Mountain Line

Formation of Western Pipe Line Company to build and operate a new common carrier crude pipe line from the Rocky Mountain area to the Midwest was announced at Tulsa, Okla., by J. L. Burke, president of Service Pipe Line Company.

The new company, which is a subsidiary of Service Pipe Line Company, plans to have its line in operation by the end of 1954. Service Pipe Line Company is a subsidiary of Standard Oil Company (Indiana) and operates the industry's largest pipe line system.

The new 630-mile line will run from Fort Laramie, Wyoming, to Freeman, Mo., near Kansas City. At Freeman the oil will be delivered by Western into Service Pipe Line's big-inch system for transportation to refineries in the Kansas City, Wood River, and Chicago areas, and to other connecting pipe lines.

FORD IS FIRST IN SALES

- by thousands

National new-car registration figures* for the first six months of 1954 prove that Ford leads the industry in sales! In fact, ever since car production has been free of restrictions, more and more new-car buyers have been swinging over to Ford. That's because Ford offers more things for more people than any other car. In today's Ford, for example, you get the matchless benefits of owning the only car in the low-price field with a V-8 engine (the new Ford Y-block V-8) . . . the only car in Ford's field with the smooth ride of Ball-Joint Front Suspension . . . the only car in Ford's field with truly modern styling . . . the only car in Ford's field with such high resale value.

Fellow Democrats

SATURDAY, AUGUST 28th we will go to the polls to elect a Governor for two years. It is now time for us to get our feet on the ground and do some thinking; think and think seriously, but go to the polls and vote your honest convictions. Many sorry, unqualified candidates are elected to public office because people do not turn out to vote.

Governor Allan Shivers has been in public office 20 straight years, when this term expires; 5 1/2 years of this time he has been our Governor; if you owe Governor Shivers a debt of gratitude for his services, you have long since paid him. Governor Shivers is now asking for the 3rd term, which is unprecedented. No other Governor has ever asked for a 3rd term, it is contrary to Democratic principals; Our National Congress has made the 3rd term for President unlawful. If Governor Shivers has a fixed program, he has had plenty of time to put his plan in effect.

Ralph W. Yarborough, an Austin attorney is a man thoroughly qualified by age and experience to make us a good governor. This is Ralph Yarborough's second attempt for the Governor's office, and he should be elected. It is not right to perpetuate one man in a high public office like the Governor's office.

ALLEN SHIVERS CHIEF MUD SLINGER

Governor Shivers and some of his spokesmen, on the Television and on the Stump, attempt to ally Ralph W. Yarborough with Organized Labor, CIO, D.P.O. and insinuate communism. Ralph W. Yarborough would not accept one dollar from organized labor or a corporation. He accepts only personal contributions, therefore, Ralph Yarborough has lacked funds to stay before the public on Radio and Television; he is unlike his opponent who has a slush fund of millions, furnished by the powerful corporations who are striving to dictate the policies of Texas for their benefit.

Ralph W. Yarborough has given only records and facts in his talks, that was enough. It is an acknowledged fact that Governor Shivers made \$425,000 in 7 months on a shady land option, and we know that he tried to keep this from coming to light. We also know that Governor Shivers knowingly violated the constitution of Texas, when he let printing contracts to the TIMES PUBLISHING CO. of Mission, Texas, when Mrs. Allan Shivers, and her mother, Mrs. Mary O'Brien Shary owned controlling stock in said publishing Co. Allan Shivers signed those contracts, and they were signed by Mrs. Mary O'Brien Shary for the Times Publishing Co. Are the thinking people of Texas going to continue a man in the highest office of our state, where he can use this high office to make these huge sums of side money for himself? He should be retired back to Sharyland where he can attend to his own business, and that of his Mother-in-law.

THE PORT ARTHUR STORY

This slimy, undermining propaganda should defeat Allan Shivers for Governor. He has lowered the dignity and prestige of the Governor's office. He is permitting multiplied thousands of dollars to be spent daily on television and pamphlets showing Negroes and White Women, with CIO placards, picketing unfriendly stores in Port Arthur, and he says they are all supporting Yarborough. If such conditions existed in Port Arthur, why didn't Governor Shivers send Rangers to Port Arthur and stop the terrible things they claim took place? Shivers was the man to stop it, but why didn't he? I'll tell you why, he was bidding for the Organized labor vote, and he got a lot of them, and he carried Port Arthur proper, but lost Jefferson County by about 1000 votes. Port Arthur has about 57,000 population, Haskell County has 13,000 population and he lost Haskell County by more than 1200 votes.

Governor Shivers has capitalized on sending Rangers into Duval County to stop Boss and BLOCK VOTING but you didn't hear of Rangers going into Webb, Starr, Zapata and Kennedy Counties where the vote was 20 to 1 for Allan Shivers. WHY doesn't Governor Shivers send Rangers into Galveston County where gambling and prostitution is wide open? He knows it, but he wants that BOSS vote and the pleasure of Yachts and Airplanes. "Consistency, thou art a jewel."

SHIVERS' CONNECTION WITH THE FIRM DENIED

Abilene Reporter News, August 24th, 1953. (Quote) "Attorney Gen. John Ben Sheppard said today neither Governor Shivers nor the Governor's wife has been a director or stockholder in the Times Publishing Co. since February, 1st 1951." Mr. Sheppard mis-stated the facts. This writer has before him at this time a photostat (picture) of statements of ownership, management, circulation, etc. sworn to by Joe T. Cook, manager of the Times Publishing Co., Mission, Texas. Mr. Cook's sworn statement show Allan Shivers, Mrs. Allan Shivers, Mrs. John H. Shary and Joe T. Cook to be the owners, October 1st, 1951. October 1st 1952 the sworn report shows Mrs. John H. Shary, Mrs. Allan Shivers, Blaine Holcomb and Joe T. Cook to be the owners. Oct. 1st, 1953, the sworn report shows Mrs. John H. Shary, Mrs. Allan Shivers, Blaine Holcomb and Joe T. Cook to be the owners.

Friends, I beg you to not continue the capitalistic machine in power in Texas. Vote for Ralph Yarborough a Consecrated Christian Gentleman; Ralph W. Yarborough would not be sucked in by this machine that is now running Texas. Ralph W. Yarborough will not violate the constitution of Texas, or use the prestige of the Governor's office to make huge sums of money for himself. Ralph W. Yarborough would restore Texas to democracy. Ralph W. Yarborough would not accept a 3rd term. Vote for Ralph Yarborough and restore Texas back to the people.

Sincerely,

COURTNEY HUNT

Yarborough for Governor Committee
