Peronists Defeated At Polls

BUENOS AIRES (AP)—Moderate parties scored a dramatic election victory yesterday for caretaker President Pedro Aramburu in his drive to reform Argentina's constitution.

With more than 7½ million votes counted, pro-reform parties held a two-to-one lead in the popular vote and appeared headed for a combined working majority in a new 205-member constituent assembly. Boastful Peronists suffered a setback.

Unofficial calculations thus far in the complicated proportional representation system gave the pro-reformists at least 75 seats to the anti-reformists 35. The faction with at least 103 seats will control election since Juan Peron's overthrow in September 1955.

Nearly complete popular vote returns gave the moderate parties 3,922,205 votes to 1,860,302 for the anti-reformists. Peronists had called on their followers to vote blank to give the exiled exdictator a moral victory. He had boasted from Venezuela a few days ago he would receive 75 per cent of the vote. The nearly complete returns showed 24 per cent blanks.

Nevertheless, the blank votes total, 1,863,992, was second to the party that polled the highest total —the People's Radical Party, led by reformist Richardo Balbin, which polled 1,927,663.

Nationalist Arturo Frondizi's left-wing radicals trailed Balbin by almost 250,000 votes. Frondizi, the only announced candidate for president, pleaded for Peronists to vote for his party.

The Communists, who had their own ideas about reforming the government, received about 207,000 popular votes, far more than they received in previous elections.

42 Are Known Dead In Severe Mexican Quake

MEXICO CITY (AP) — Soldiers blocked off many of this capital's major streets today as demolition squads began tearing down buildings dangerously damaged by earthquake.

Sunday's quake, the worst in the memory of Mexicans, rocked thousands of square miles and caused damage of millions of dollars but took a surprisingly low death toll.

Here and in five other cities 42 were known dead. No U.S. citizens were among them.

A young mother was rescued alive from beneath seven feet of crumbled debris of a five-story apartment building at Concepcion today. Mrs. Osio de Anguilar, 25, was saved by the mattress under which she was found 28 hours after the quake. Her husband, 10-months-old daughter, and her father lost their lives.

Despite forecasts that further tremors might be expected, none was registered during last night. Thirty tremors were registered yesterday after the main shock.

At least 50 buildings were toppled in the capital.

The capital, with its population of four million, was hardest hit. The state of Guerrero, with famed Acapulco and its capital of Chiliancingo, was next.

Thirty-two bodies were dug out of ruins in the capital. 6 in Chiliango, 2 in Acapulco, 1 in Atotlas, and 1 in Humanxtillan.

President Adolfo Ruiz Cortines ordered emergency relief aid for the stricken areas. But schools resumed as usual.

The President's office said the governor and chief of the military zone of the southwest state of Michoacan denied reports there were any dead in that area. An earlier report had said there were 72 dead in that state.

The casualty reports were believed irly complete, but authorities pointed out that remote areas might still be heard from.

The only foreigner reported injured was a woman tourist from Brooklyn, Mrs. Sarah Dorfman. She suffered cuts on the arm from broken glass in her hotel room.

The quake hit this capital of four million at 2:40 a.m. yesterday, seismograph needles spinning.

The city was plunged into darkness. Fire engines and ambulances screamed through the rubble-strewn streets. Communications with the shock areas west of the city were cut off and the gilded symbol of Mexican independence—a winged angel—crashed down from its 155-foot base.

The National Seismographic Observatory said instruments indicated the resort town of Acapulco, 215 miles south of the capital, had borne the brunt of the shock.

Buildings in the capital's "Times Square", the Caballito, were badly damaged. The Reforma, Del Prado, Bamer and Plaza hotels suffered minor damage.

The gold-plated angel on top of the 150-foot monument to independence in downtown Mexico City was toppled to the street. A new building on the campus of Polytechnic University collapsed.

But the 44-story Latin American Tower, tallest in Latin America, withstood its first earthquake test.

Many buildings on Paseo de la Reforma, Benito Juarez Street and Alvaro Obregon Avenue in the middle of the city suffered.

SHOWN WITH C. C. Colvert of the University of Texas, consultant in junior college education, during a meeting held here this morning on the feasibility of a junior college here are several local leaders. Seated at the desk are Mrs. Hugh C. Lowry of the Snyder Provisional League of Women Voters; Mrs. Harold Brown, longtime Parent-Teacher Association leader; and Colvert. Standing, left to right, are Wayne Boren, former Snyder school board member; L. M. Dawson, superintendent of the Fluvanna schools; Cecil G. LaGrone, member of the Fluvanna faculty; Charles Blakey, president of the Junior Chamber of Commerce; and Bob Dupree, former head of the Chamber of Commerce education committee when it began studies concerning a junior college. SPOT MUSE

WHEN THE RAINS quit West Texas, they usually do a thorough job of it. The weekend just past might have been called good for outdoor activities a few years back, but in these modern times it was even better for loafing under the air conditioner. Those who ventured outdoors probably didn't need much fire to prepare meals on barbecue pits—it was a sizzling 103 degrees in Snyder yesterday. The rainfall, according to the Weather Bureau, has isolated itself again. Meanwhile, the sun is in full view.

PRENTICE SMITH, city planning and zoning engineer, has returned from Philmont Scout Ranch in northern New Mexico, where he took 21 Explorer Scouts for a two-weeks camp. Six of the boys were from Snyder. About the only mishap was a bear getting into the boys' food. They saw plenty of game while at the camp.

The stork visited the Starks here Saturday, as you will notice in the birth column on page 2 of today's Daily News. This weekend, incidentally, was the lightest weekend Snyder has had in quite awhile on births.

WEATHER

SNYDER TEMPERATURES: High Sunday, 103 degrees; low, 67 degrees; reading at 7:30 a.m. today, 68 degrees. High Saturday, 100 degrees; low, 67 degrees; reading at 7:30 a.m. Sunday 68 degrees.

ALL TEXAS. Clear to partly cloudy through Tuesday with little temperature change. Isolated afternoon and evening thundershowers.

Man Held Here On Rape Count

A charge of rape was filed here yesterday against Albert Louis Mincia, 35, of Odessa, formerly of Snyder.

Minica was charged with assaulting a woman at her home in southeast Snyder at about 3 a.m. yesterday. He was arraigned yesterday morning and denied bond by Peace Justice W. C. Davidson pending grand jury consideration.

The June-July grand jury was to be in session this morning, according to District Attorney Wayland Holt, and its term runs until the end of the week. Holt said the case will be presented to this grand jury.

Officers of the sheriff's department and city police, called soon after the alleged assault, found Minica about three hours later sleeping in his car about a block away from the house were the offense was alleged to have occurred.

Entry to the house had been gained through a window. A screen was cut enough that it could be unlatched. The attacker was apparently in the woman's bedroom before he was discovered. The woman's husband was away from home working on an oil rig. She was alone with a small baby, which was sleeping in another bed in her bedroom.

The woman was taken to Battenfield-Jones Hospital, where physicians said she had been raped. There were no other apparent injuries.

The sheriff's office was making a check on Minica's past criminal record. Minica told officers he had been convicted of driving while intoxicated once.

Mrs. Mabel Barnett Dies

Funeral services were to be held at 3:30 p.m. today in the Ira Baptist Church for Mrs. Mabel Barnett, 58, who died at 7 a.m. Sunday in an Abilene Hospital.

Mrs. Barnett, who was a native of Port Lavaca, was married to Monroe Barnett, on Feb. 7, 1925. Mr. Barnett preceded her in death.

Survivors include a daughter, Mrs. Alvin Durden of Ira; three sisters, Mrs. J. A. Stroud of Portales, N.M., Mrs. Hazel Riley and Mrs. R. M. Hedges, both of Snyder; four brothers, Elmer Taylor and Sterling Taylor, both of Snyder, Essie Taylor of Ira and Raymond Taylor of Dallas. Five grandchildren also survive.

The Rev. Norman Woods, pastor of the Ira Baptist Church, where Mrs. Barnett was a member, was to officiate at the service.

Burial was to be in the Ira Cemetery, under direction of Bell Funeral Home.

Pallbearers were to be Douglas Horne, Ed Taylor, Hugh Taylor, Carroll Taylor, Butler Barnett and Edgar Taylor.

Waitress Is Being Held

HOUSTON (AP) — Police said today they were holding a waitress, 51, formerly of New Orleans, who told them she killed her husband with the help of a physician and her stepson.

Officers jailed the woman pending a check of New Orleans police after she said she helped hold her husband down while the physician gave the man 77, an overdose of morphine.

Dr. Jack Cooper, city psychiatrist, said he would examine her today. The woman said the incident took place one year ago yesterday.

Southland Paper Mill Planning To Expand

LUFKIN (AP) — Southland Paper Mills will start a multi-million dollar expansion program within 30 days, Ernest Kurth, president, said today.

It will be the second major construction project within three years and its fourth since the mill began operation in 1940.

Brown & Root will start work in August. One of the most modern newsprint machines is on order from Pusey & Jones of Wilmington, Del. It is a 270-inch paper machine capable of adding 90,000 tons a year of newsprint at the Herty Mill.

Break In Gas War

SAN ANTONIO (AP)—The first break in San Antonio's five-week-old gasoline price war came today with independent stations boosting prices from 20.9 cents to 28.9.

Charge Of Favoritism Is Fired By Brownell

LONDON (AP) — U. S. Atty. Gen. Herbert Brownell charged today the U. S. Department of Justice was ridden with "favoritism" when he took over in 1953.

Brownell charged that especially "in the field of labor racketeering there was practically no enforcement."

Brownell spoke before the criminal law division of the American Bar Assn. meeting here in London.

H. G. Brown Rites Held

Funeral rites were held at 10 a.m. today in the First Baptist Church for Henry Grady Brown, 63, who lived at 315 Thity-fourth Street. Mr. Brown died at 3:52 a.m. Sunday in the Veterans Administration Hospital in Big Spring, where he had gone for treatment about a week ago.

A native of Defuniak Springs, Fla., Mr. Brown was married to Miss Agnes Thomas on Nov. 6, 1921 at the home of her parents in Dunn. He was a member of the Methodist Church and of the Masonic Lodge in Dunn.

He is survived by his wife, Mrs. Agnes Brown of Snyder; a daughter, Mrs. LeRoy Brown of Snyder; a son, the Rev. Douglas G. Brown, who is pastor of the First Baptist Church in Bronte; four sisters, Mrs. Joe Christian, Mrs. Chrissie Parker and Mrs. Lou Anna Hooker, all of Tenaha, and Mrs. E. F. Parker of Slaton; four brothers, W. L. Brown of Tenaha, J. E. Brown of Dunn, G. B. Brown of Center, C. R. Brown, of Odessa; and two grandchildren, Lana Brown of Snyder and Peggy Brown of Bronte.

The Rev. G. M. Cole officiated at the funeral service. Burial was in Hillside Memorial Gardens, under direction of Bell Funeral Home.

Pallbearers were Buster Brown, Charlie B. Christian, Jack Christian, Jeff Brown, Dan Brown, Billy Parker, Charlie Brown, Dan Cotton, John Hooker and Carl Hooker.

500-Student Jr. College Load Is Seen

An accredited public junior college in Scurry County could expect an enrollment of 500 students within five to eight years, a group of local citizens was informed this morning.

The estimate was made by Dr. C. C. Colevert, professor and consultant in junior college education at the University of Texas.

Dr. Colvert based his estimate on population, statistics on scholastics and other pertinant data from Scurry and adjoining counties.

For Scurry County alone, he said the enrollment in five to eight years should be at least 223, which is above the 200 minimum required by the state. However, he said a junior college here could expect to draw substantial numbers of students from neighboring counties. He based this assumption on records of other public junior colleges in the state.

Ultimately, he said, if a college is organized in Scurry County, one or more other counties might want to join the junior college district. Students in the district, of course, would have the advantage of lower tuition rates than those who live outside the district.

As for financing, Dr. Colvert estimated that a junior college for Scurry County alone would require an annual budget of $171,600. This would require a total tax rate of 16 cents per $100 valuation, based on the county's current assessed valuation figure of $118,167,886. In response to a question, Dr. Colvert said this compared to a tax of about 65 cents per $100 now in force for the Howard County Junior College in Big Spring, where over 400 students are enrolled.

For a junior college to serve Scurry County and the surrounding area, Dr. Colvert estimated that an annual budget of $405,000 would be required, which in turn would mean a tax rate of 22 cents per $100 valuation. However, the tax rate would be lowered in proportion if another county should join the district.

The estimated budget, in both instances, includes operating funds, money for buildings and equipment and finances for operating buses to transport students from outlying areas to and from classes each day.

Dr. Colvert also discussed the purposes of local public junior colleges. Academically, he said, such a college should offer the first two years of liberal arts and other preprofessional courses which would enable a youth to transfer as a junior to any senior college or university. In addition he said there should be terminal-technical, terminal-vocational and adult education courses. The latter courses would enable students to prepare

Barbed Wire Fence Pioneer Dies Today

MARFA, Tex. (AP) — Thomas Mitchell, a wealthy rancher who was said to have built the first barbed wire fence west of the Pecos River, died today. He was 91.

Mitchell had lived in this vicinity since moving to Presidio County with his family in 1885 to establish ranching and other interests. He also was credited with building the first stock tank to conserve water for cattle in the country.

For a number of years he was associated with his late brothers, Arthur and W. B. Mitchell, in far West Texas business enterprises.

His widow and three of their six children survive. All live in Marfa.

Services will be held at 10 a.m. tomorrow.

Mitchell was one of the first stockman to encourage the breeding of graded cattle and was a former president of the Highland Hereford Assn.

Among his philanthropies were two dwellings built in memory of their late children at the Waco Methodist Home for Children.

Red Plot To Recruit Spy Reported Today

HEIDELBERG, Germany (AP) — The U.S. Army's European headquarters today reported a Soviet plot to recruit an American intelligence official as a Communist spy. It failed.

The Army named an East German woman as the key figure in the scheme and said she planned to seek political asylum in West Germany after divulging her part in the plot.

Anderson Takes Over Post From Humphrey

WASHINGTON (AP)—Robert B. Anderson took on the post of secretary of the Treasury today, assured by President Eisenhower that "you'll find here a warm welcome."

Eisenhower's remark after the oath-taking ceremony in the cabinet room of the White House seemed more a reference to the difficulties of managing the nation's finances in current times than a simple greeting.

To retiring Secretary George M. Humphrey, Eisenhower said: "George, now you're just an ex-bureaucrat."

Eisenhower held a Bible, on which Anderson placed his hand, as Judge Warren Burger of the U.S. Court of Appeals administered the oath to the new cabinet officer.

Anderson, 47, has been meeting with Treasury officials to prep for the cabinet post most of the time since Humphrey announced his resignation May 29, effective when his successor was ready to take over.

Humphrey, often called the "strong man" of the Eisenhower cabinet, was understood to have recommended Anderson as his successor.

After the oath-taking ceremony, Eisenhower chatted with the new secretary and his family and posed for pictures with them.

From the White House, Anderson went to the Treasury building where he issued a statement saying:

"I take on the duties of secretary of the Treasury with humility...I am aware not only of the great honor of the office and the tremendous responsibility involved, but of the challenge I face in succeeding such an able and outstanding man as George Humphrey.

"The most I can do is pledge that I will do my utmost to serve as secretary of the Treasury in the continued best interest of all the people..."

HUMPHREY GETS SAVINGS BOND

WASHINGTON (AP) —The first thing George M. Humphrey did today after stepping out as secretary of the Treasury was buy a $100 U.S. savings bond.

He gave a $75 check to Robert B. Anderson, his successor in the cabinet post, and received the bond. The sale was Anderson's first official act of office.

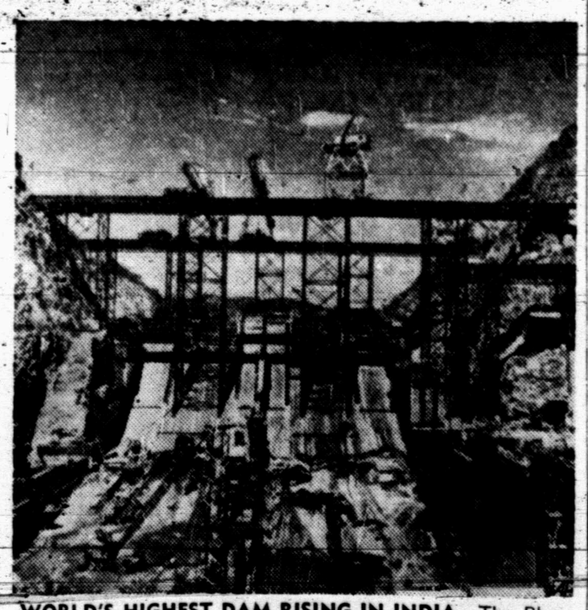

While secretary, Humphrey could not buy savings bonds. By law, the secretary of the Treasury is prohibited from buying U.S. bonds for his personal account.

District Court Jury Panel Is Dismissed

The jury panel in district court was dismissed by Judge Sterling Williams this morning; subject to recall, after cases called failed to produce a jury case.

Included in cases called this morning was one case which was postponed because of sickness of a witness. It was that of A. R. Somerford vs. Roscoe, Snyder & Pacific Railway.

Another case was settled out of court. It was that of Homer C. Stephens vs. Houston Fire & Casualty Co. Attorneys were Runge, Hardeman, Smith & Foy of San Angelo for Stephens and James Little of Big Spring for the defendant.

WORLD'S HIGHEST DAM RISING IN INDIA—The Bhakra dam, being built in a gorge of the Sutlej river 225 miles north of New Delhi, India, will be the world's highest—704 feet— when it is completed in 1960. It will be 1,700 feet wide at the top. The $135,000,000 dam—entirely Indian financed—was started in 1948. U.S.-made equipment and American engineers are being employed along with hundreds of Indian engineers and 8,000 Indian laborers.

Jury Trial Forces Lose Ground

WASHINGTON (AP) — Sen. Knowland (R-Calif) said today supporters of the administration's civil rights bill are gaining strength in their efforts to ward off a jury trial amendment.

Knowland, the Senate Republican Leader, said some additional Democrats and Republicans lined up over the weekend in opposition to any such amendment.

Predicting defeat of the amendment, he told newsmen the coalition of the bill's supporters he heads is ready for a vote any time.

Knowland disputed contentions that if the jury trial provision is defeated it will be more difficult to get final Senate action on the House-passed bill. He said that if there is to be a Southern filibuster against passage of the bill with strong enforcement provisions to protect voting rights, he is ready to meet it.

On the other side, Sen. Jackson (D-Wash) came out for a jury trial amendment although he voted against Southern opponents of the bill on other phases of the battle. Jackson announced his stand in a prepared Senate speech in which he said he was unwilling to "endanger one civil right to guard another."

Sen. Javits (R-NY), also in a prepared speech, made a "retreat no more" appeal for a firm stand against the jury trial amendment.

One of the arguments advanced for a jury trial amendment is that it would facilitate passage of the bill—that Southern foes of the bill might decide against waging any prolonged fight against it.

Knowland said he does not anticipate any further statement by President Eisenhower on the terms of the bill.

MISS PHOTOTEENER — Kathleen Hanley, 15, of Austin has been chosen Miss Phototeener of Texas for 1957, sponsored by the Texas Photographers Association in connection with their convention to be held in Dallas. Miss Haney was chosen from an entry list of more than 200 girls. She is is five feet, two inches tall and weighs 110 pounds.

Strep Throat Is Leading Disease

Streptococcal sore throat continued last week to be the leader in communicable diseases here.

During the past week, Snyder physicians reported 20 new cases of strep throat to the Snyder-Scurry County Health Unit.

That brought the total for the year to 510 cases of strep throat.

Measles is still second among diseases with 472 cases, but that disease has slowed down considerably. There has not been a new case of measles reported here in two weeks.

Six cases of mumps were reported here last week.

During last wek, one new, case of infectious hepatitis was reported to bring the year's total to five.

There were also two new cases of gonorrhea, making the total for the year 15.

Other communicable disease totals for the year are three tuberculosis and 16 whooping cough.

During July, there have been 80 cases of strep throat and 40 measles.

Sherman, 68, who retired in 1946, died of a heart condition Saturday.

I Like You Club Formed

DENVER —It's only four days old but the I Like You Club, started by a 7-year-old blonde from Illinois, is really rolling.

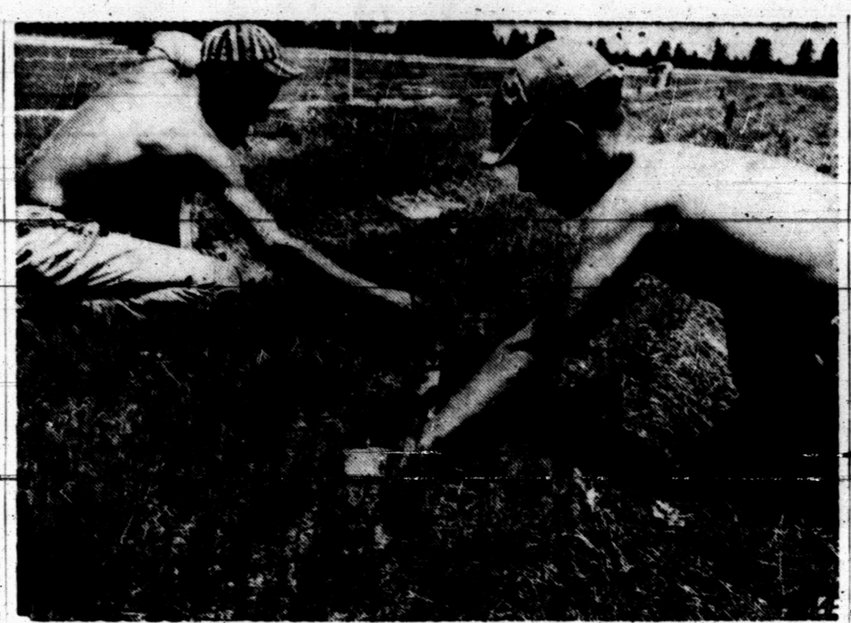

Colorado's Gov. Steve McNichols is a member. The founder, Kay Cash of Burnt Prairie, Ill., signed him up on a visit to Denver over the weekend.

Kay started the club last week at Boulder, where her mother is a summer student at University of Colorado.

"The purpose is to make friends," Kay said. "The rules are: Like each other, keep your card, don't lie and don't come to meetings if you are sick.

"To like each other is the most important."

The club came into being when Kay began passing out slips of paper on which she had written in crayon "I like you. Join my club."

SAYS BURGESS

U.S. Debt LessBurdensome

WASHINGTON (AP)—W. Randolph Burgess, undersecretary of the Treasury, told Congress today the national debt is becoming "somewhat less burdensome."

Burgess took the offensive against Democratic critics on the Senate Finance Committee with a 33-page prepared statement and a series of charts giving the administration's position on its debt management policies.

Burgess told the committee the national debt now is $251 less per capita than it was 10 years ago.

Further, he said that in 1946 the debt was one-third larger than national income, but that now it is only about three-fourths of national income.

"In this way we are gradually growing up to the debt, so that even though the dollar amount of debt is not declining as much as we might wish, the debt still becomes somewhat less burdensome," he said.

He termed the government's recent refinancing of 24 billion dollars of the debt "successful." The refinancing was at interest rates of 4 per cent, the highest paid by the government since 1933.

Burgess conceded, however, that last week's big refinancing operation would add 250 million dollars annually to interest charges of the national debt.

Several Democrats on the committee have sharply criticized the refinancing operation. They have said the 4 per cent interest rate offered would mean increased interest charges throughout the economy.

However, Burgess told the committee the new securities were priced closer to the bond market than any Treasury issue since 1951.

Suspect In 3 Slayings Is Released

AMARILLO (AP)—Police today released an Idaho ex-convict after questioning him the past two days about the roadside slayings of a Hobbs, N.M. man.

Detective Willis Walker said a check verified statements by the man, Lewis Tolman, 29, Pocatello, Idaho, that he was in Idaho at the time. The triple shooting occurred early last Tuesday.

Tolman had been held without charge after officers discovered a bloody shirt and some .22 rifle cartridges in his car.

Patrol Sgt. A. M. Stoneking said Tolman told officers he had been convicted of passing worthless checks in Idaho and was on probation.

Stoneking said the man was arrested Saturday for speeding and driving an unlicensed car which had a loud muffler. He said police found a blood stained shirt in the car, two discharged .22 caliber cartridges and a number of undischarged .22 cartridges and some target sheets. He said several items of women's jewelry and some traffic tickets from Idaho and Colorado also were found in the man's possession.

Walker said the man told officers he used the shells in target practice, that the blood on the shirt was from a bloody nose he suffered and that the jewelry belonged to a girl friend.

Stoneking said some of the live and discharged .22 caliber bullets had been sent to Hobbs authorities at their request for ballistics tests. He said the only weapon found in the vehicle was a knife.

The bodies of J. D. Cantrell, 27, Carlsbad, N.M., and two divorcees, Mrs. Barbara Lemons and Mrs. Dorothy Gibson, both 23, of Hobbs, were found alongside the highway near that New Mexico town last Tuesday.

Fair And Hot Is Forecast

By The Associated Press

Fair and hot weather was in prospect for most of Texas again Monday.

Temperatures soared above 100 degrees at many points Sunday, with the highest 107 degrees at Presidio. Dallas and Alice had 105.

Skies over the state were mostly clear.

The forecast called for clear to partly cloudy weather through Tuesday with little temperature change. There was a chance of a few isolated afternoon and evening thundershowwers.

The Weather Bureau said no rain was reported during the night.

Predawn temperatures Monday ranged from 82 at Dallas to 69 at Lubbock.

NEW YORK —More than 20 trains, including the Twentieth Century Limited from Chicago, were held up today by a fire in an abandoned New York Central railroad station in the Bronx.

Big Ranch Fire

BEEVILLE, Tex. — Firemen brought under control early today, a grass fire which burned 25 to 100 acres of the J. F. Goodwin ranch 16 miles west of town.

QUEEN'S FARE

Hot Dogs, Hamburger's Are Served

LONDON (AP) — Queen Elizabeth II entertained 5,000 Americans today at a Buckingham Palace lawn party—with hot dogs and hamburgers.

The young Queen was clearly enjoying the surprised look on the faces of members of the American Bar Assn. and their families.

The traditional American fare had most of the trimmings with plenty of mustard. The only thing missing was onions.

The traditional fare at palace garden parties is tea and cake. These were served, as usual, with the hot dogs and hamburgers added to the royal menu.

Buckingham Palace had never seen quite such a garden party before.

The waitresses smiled faintly as they moved among the guests carrying the beautiful royal silver trays stacked with hot dogs and hamburgers.

The Queen mingled easily with the guests. She wore a black corded silk coat with white trimmings, a white corded silk dress and a white hat with pale green flowers around the crown.

Former Representative Dies Saturday Night

CROCKETT (AP) — Former Rep. Nat Patton died Saturday night. He was about 60.

Patton, a Democrat, was in Congress from 1934 to 1945 when he returned here to practice law with his son, Nat Jr.

His widow and three other children survive. Services were held today.

Nation's Traffic Deaths Go Down

CHICAGO (AP)—The nation's traffic deaths in the first six months this year were 17,620, a decrease of 2 per cent compared with the first half of 1956, the National Safety Council said today.

The council said there were 18,020 deaths on the highways in the first six months of last year.

Ned H. Dearborn, council president, said the drop cannot be attributed to less travel.

"The latest available mileage figures," he said, "show highway travel was up 5 per cent over last year."

"We must conclude, therefore, that the improvement is due to better traffic behavior and to more vigorous and effective enforcement of traffic laws by public officials and traffic officers," Dearborn said.

He predicted a total 1,000 lives could be "saved" this year with the continued "all-out effort of every American in private or public capacity."

The council said 25 of the 47 states reporting had a decrease in fatalities for the first half year. There were increases in 21 others and one state reported no change.

There were no traffic deaths reported during the six months in at least 205 of America's cities. The council identified the largest of these as Lynn, Mass.; Mount Vernon, N.Y.; and Racine, Wis.

Principal cities in a group of 434 reporting perfect records in June were Minneapolis, Oklahoma City and Norfolk, Va.

themselves for specific occupations regardless of whether they had finished high school.

Adult courses could be offered, he explained, to help business and professional people in their work.

Some 35 persons attended the meeting this morning in the county courtroom. The session was arranged by the Snyder Junior Chamber of Commerce, which has launched a survey to determine needs of several projects here.

At conclusion of the meeting, Charlie Blakey, Jaycee president, and Ray Houpt, chairman of the Jaycee survey committee, were in the process of appointing some members of a special citizens committee. They said they would welcome any others who might be interested in serving on such a committee.

Dr. Colvert said that a citizens committee should be appointed to inform the public of the proposal. Procedure for organizing a junior college district would involve the following steps: Petitions bearing the names of at least five per cent of the qualified voters should be certified by the tax assessor-collector, and in turn be presented to the county board of education. If approved by the county board, the petitions would then be forwarded to the Texas education agency, along with survey data. Then, if approved by the state agency, an election would be authorized to create the junior college district and name a seven-member board of trustees.

Merger Plan Okayed

NEW YORK (AP)—Directors of Merrill Petroleums approved today a proposal under which the company would be merged into Pacific Petroleums on the basis of one Pacific share for each two shares of Merrill.

TORONTO (AP)—International Nickel Co. of Canada cut one cent a pound today in the price of electrolytically refined nickel for consumption in Canada.

Declaration Signed By Allies

BERLIN (AP)—The United States, Britain and France pledged today they will not sign any disarmament agreement that would "prejudice the reunification of Germany."

A declaration signed by the ambassadors of the Western Big Three and West German Foreign Minister Henrich von Brentano stated that Germany can be reunified only after free elections are held in both parts of the country split by the Iron Curtain.

The declaration was made just seven weeks before the crucial West German parliamentary elections Sept. 15. In the campaign the opposition Socialists have charged that Chancellor Konrad Adenauer is ruining any chance of Soviet agreement to reunification by keeping West Germany in the North Atlantic Alliance.

The declaration rejected any idea of imposed neutrality or demilitarization for a reunified Germany. It promised that the reunited country would be free to decide its own military policy.

It said it would be up to the German people, "through their freely elected government," to decide whether their reborn nation should join the North Atlantic Alliance.

The Western powers promised that if a reunified Germany should plump for the Western alliance, they would offer the Soviet Union a European security pact "of significant and far-reaching character."

The West has rejected previous Soviet proposals for an all-European security pact, contending that this would be unrealistic and unworkable unless preceded by settlements of such major East-West issues as the division of Germany.

Auto Sold But Hope Not Gone

LOUISVILLE, Ky. (AP)—A woman who has waited 27 years for her husband's return sold his car this weekend for $30—but she may get more money soon.

"I will give her everything above $100 that I get for it," said Albert Spivak, operator of an auto wrecker firm.

Spivak, who already has refused $200 for the 1923 touring car, bought the vehicle during the weekend. It was the first time the auto had been out of the woman's garage since her husband parked it there in 1930, left for work, and never returned.

Spivak said he decided to share his profits with the woman—who prefers to remain anonymous—after reading a news story of her plight.

Relatives said her husband, a laundry-truck driver, probably was robbed and murdered. The day after he disappeared, his truck and empty wallet were found near the Ohio.

Six months later a body was dragged from the river but identification was impossible.

The years passed, the woman's garage needed repairs, and relatives suggested she sell the car for junk.

Her hopes did not die with sale of the car.

Still waiting in the house, unmoved, are the robe and slippers she put in place for her husband 27 years ago.

Old Claim Is Heard

WASHINGTON (AP)—The Indian Claims Commission heard Arguments today in the 100-year-old claim of California Indians for the value of nearly all the land of California. The 36,000 Indians contend their ancestors occupied the entire state before the white man, and that the government either took their land or failed to protect their property rights.

Minor Accident Is Investigated Here

City police yesterday investigated a minor accident in which there was no injury.

Involved were a 1957 Ford driven by Daniel Wesley Wood, 18, of 2015 Fortieth Street, and a 1950 Pontiac driven by Larry Lynn Smith, 14, of 605 Sixteenth Street.

The accident occurred at the intersection of Avenue S and Thirty-seventh Street at about 5:27 p.m. yesterday.

HONORED at a gift coffee Saturday morning and a kitchen shower Saturday afternoon was Mrs. Bobby Cromwell, the former Sittie Harrell. Here, Mrs. Cromwell is shown, third from left, at the serving table during the Saturday afternoon event. With her are Mrs. R. C. Cromwell, left, the bridegroom's mother; Mrs. Garrett Harrell, her mother; and Sue Clark, right, hostess for the kitchen shower.

Short Skirts, Busty Bustline

By NADEANE WALKER

PARIS (AP)—Short skirts just covered the knee and the bustline was busty in the Jean Patou collection displayed this morning as the Paris fall and winter fashion shows began.

A certain emphasis was laid on sex appeal in the first fashion show.

It was a collection that featured black lace, gold lame and tight sheaths for evening and cocktail wear.

The favored daytime ensemble was a woolen dress with short jacket tapered to the hip, buttoned over with a fur-lined matching coat.

Tawny tans, dark plaids, charcoal gray, warm chestnut brown and clear bright red for informal wear gave way to black and gold for after dark.

Patou, whose designer is Marc Bohan, showed short skirts last season, and is sticking to his guns. The new collection has more bows than anyone could count — sometimes dozens on the same dress.

Overcoats have a square line, with padded shoulders, an drimmed with fur from neck to hem. Buttons are stuck in odd places—inside the elbow bend on coat sleeves, just under the bustline on dresses. The waistline is slightly slack in suits and daytime dresses, but cinched for evening. An inset midriff section gives a loose corselet effect.

Neat, flat panels sometimes hang in front like an apron, and sometimes at the back. Decolletage is mostly of the bareback variety.

As the new season opened with three rebel houses — Balenciaga, Givenchy and Chanel — withdrawing from the dressmakers' syndicate, one Paris newspaper announced that last minute labor troubles had resulted in 5,000 franc bonuses for seamstresses—about $15.

Christian Dior, the man everybody watches, doesn't show until Thursday.

She's Glad To Return To Family

By JANE EADS

WASHINGTON — Mrs. George Humphrey, wife of the retiring secretary of the Treasury, isn't concerned about the problems of moving their Washington household belongings back to their home near Cleveland, Ohio.

"It's not too difficult when you're moving back to a place you've lived in some 25 or 30 years," she explained. "I haven't even started packing."

Gentle-voiced, friendly and unassuming Pam Humphrey, one of the most popular of the Cabinet wives, says their stay here has been a "very rewarding experience."

"But I can't honestly say I'm sorry to be going back to my family," she admitted, "and it certainly will be easier than living half in one place and half in another."

Mrs. Humphrey says they will remain in Washington until Congress adjourns, making only occasional weekend visits to Holiday Hill, their farm near Cleveland. Their three children and eight grandchildren all live nearby.

"It's lovely in Cleveland in the summer," she said wistfully, "but, except for brief visits, we've spent most of our summers here. As you know my husband has been kept very busy."

During the recent hectic weeks of the secretary's many appearances before the Senate Finanace Committee, where he has withstood the probing and needling of senatorial adversaries, his wife has given him staunch support.

"I went to every one of the hearings," she said. "I didn't worry one bit about the attacks they launched against him or the things they said. That's part of the job.

She says, though, the Secretary will take life easy for awhile when he leaves the Cabinet post for good.

"I guess we'll settle and relax before we plan anything," she went on. "As for myself, I expect to go right back to the same interests I had before coming here."

These interests include work in medical education, activity on behalf of crippled children, working for the Republican party and keeping up her activites with St. Hubert's Episcopal Church where, she said proudly, "five of my young grandchildren sing in the choir."

Broadway Production On Television Sought

NEW YORK (AP)—Closed circuit television is again trying to interest Broadway producers in making current hits available for out-of-town electronic viewing.

The plan to display shows in full color has been demonstrated to such leading impresarios as Kermit Bloomgarden, Herman Shurmlin, Gilbert Miller, David Merrick and Robert Whitehead.

Some producers see such a project as a way of underwriting much of the initial cost of getting plays to the White Way.

The FCC, which has long delayed suggestions for pay-as-you-see television shows, would not be involved because the dramas would be distributed on wire networks.

Former Miss Sittie Harrell Honored At Two Events Here

Mrs. Bobby Cromwell, the former Sittie Harrell, was honored at two events in Snyder Saturday.

On Saturday morning, a gift coffee was held for Mrs. Cromwell at Martha Ann Wman's Club.

The coffee table was laid with silver appointments on a white organdy cloth with yellow roses as a centerpiece.

Gifts were displayed in the patio, which was decorated with daisies.

Receiving guests were the honoree, her mother, Mrs. Garrett Harrell, and Mrs. R. C. Cromwell of Fort Worth, mother of the bridegroom.

Mary Jo Harrell, sister of the bride, presided at the register.

Hostesses were Mrs. B. L. McKinley, Jr., Mrs. N. R. Clements, Mrs. Weldon Johnson, Mrs. P. W. Cloud, Mrs. Lee T. Stinson, Mrs. R. J. Randals, Mrs. Novis Rodgers, Mrs. Charles Cooper, Mrs. Doar, and Mrs. Amos Joyce.

At the Saturday afternoon shower, hostesses were Mrs. J. F. Gorman, Mrs. G. B. Clark, Jr., and Sue Clark.

The shower was held in the Clark home, Westridge Drive.

A Venetian lace cloth, brass accessories, and yellow roses made up table decorations for the shower.

The honoree, for the shower, chose a white linen sheath dress. Attending were both her mother and the bridegroom's mother.

About 40 guests attended.

Mail Brings Big Crop Of Teen Woes

By VIVIAN BROWN

Every season has trials and tribulations for young people in their efforts to be recognized as young adults and so the constant conflict goes on, as recent letters show. Here are some questions they raise.

Q. I have a summer job just 15 miles from my home. I could get home every Sunday evening if my parents would let me drive home with a boy who works at the same resort. But they will not hear of it. My father says he will come for me whenever he can. Isn't that silly?

A. Perhaps your parents have good reasons for being adamant on this point. Even if it is only to put their minds at ease it would be better for you not to try to fight the issue.

Q. My parents absolutely refuse to let me wear makeup, except powder. I have a summer job and all the other girls wear makeup. I look like a child by contrast. Even the clothes they buy me make me look childish. I am 16 years old.

A. You can't do much about the clothes if your parents shop for your clothes and for some reason or another want to keep you on the young-teen side. But most parents do realize that if they permit their youngster to work, they should not deny them the right to wear makeup, such as lipstick. Eye makeup and rouge, of course, should not be worn on a job by a young girl anyway.

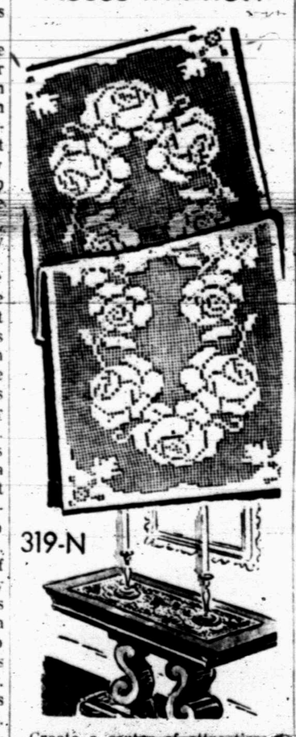

Q. My parents bought me a car for graduation. The boy I date does not have a job and cannot help buy the gas. My father says that if the boy is not man enough to buy the gas, I should not date him and use my car. My point is that the car is mine and my father should not tell me how to use it.

A. Your father undoubtedly is trying to keep you from making a fool of yourself. How do you get your gas money? If dad is paying, he certainly is entitled to his argument. If you are paying, perhaps you should ask yourself why? It should be just as easy for your date to get the money as for you, so why not give him a subtle hint? Next time he calls up for a date suggest he get the gas tank filled while you are dressing.

Q. I always lose my boy friends in summer. I can't figure it out. I can keep a steady date all winter and spring, but when summer comes along, they disappear. I have a good figure in a bathing suit.

A. Summertime is a romantic season. You must have interest in furthering that idea, rather than making your beau too "obligation" conscious. Many girls get too possessive, trying to corral too much time even from a steady date. When that happens a man gets even more of a yen to "play the field."

Snyder, C-City Open Pony Playoffs Here

The "zero" hour is near for Snyder's three kid all-star baseball teams.

All three, the American and National Little Leagues, and the Pony League, will open tournament play tonight, the Little Leaguers seeing action at Sweetwater and the Pony Leaguers playing here. All will be opening games in the area tournament.

The Pony Leaguers will be at home to the Colorado City All-Stars in the first of a best-two-out-of-three game series. Second game will be played here tomorrow. If a third is necessary, a third will be played Wednesday, also here.

All of the Pony League games will begin at 8 p.m.

Six teams will bid for the Little League area title at Sweetwater.

Snyder's two Little League teams will meet the Sweetwater entries in tonight's openers. The other two teams in the tournament are Rotan and Colorado City, each with one team.

In tonight's openers, the Snyder National League will play Sweetwater National League at 5:30 and the Snyder American League will battle the Sweetwater American League at 7:30.

The winner of the National League game will play Rotan while the American League winner will meet Colorado City, both games set for Tuesday. The two winners Tuesday then will meet for the title Wednesday.

The winner of the Little League area title will gain a berth in the district tournament to be held here Thursday and Friday.

The Pony League area champ will go to Abilene next week for the district tournament.

Following are the boys who will represent the Snyder teams in tournament play:

NATIONAL LITTLE LEAGUE

56 To Play In 'Round Robin'

Fifty-six golfers, making up seven full flights, registered for the "Round robin" golf tournament that commences today at the Snyder Country Club.

Three players shared medalist honors with even par 70's. They were Dr. R. J. Kidd, Don Scott and Manning Davis.

One-stroke back of this threesome with 71s were Shelby Coker and Jimmy Cloud. These five, plus Max Milam and John Pickering with 74 and Wayne Boren with 75 make up the Championship Flight.

The tournament will run eight weeks. Contestants in each flight will meet all other players in his flight during the course of the tournament.

The winner and runnerup in each flight will vie for the "Grand Champion" at conclusion of match play, using handicaps. Handicap will be figured on the previous scored made in the matches.

All first round matches must be played not later than next Sunday, Aug. 4.

Contestants are asked to consult the board at the CC for the second round matches, pro Shanty Hogan said this morning.

Any match that is not played in the stipulated week, both contestants will be given minus three on the point awards.

Following are the first round pairings as released by Hogan today:

PATTERSON'S PALS—Visiting youngsters from nearby boys' camp get in the act as heavyweight boxing champion Floyd Patterson shadow boxes for photographer at his training camp at Greenwood Lake, N.Y. Patterson will make his first defense in bout with Tommy (Hurricane) Jackson at New York's Polo Grounds. Patterson holds a split decision over Jackson in a previous non-title fight.

Patterson 5-1 Pick To Whip Jackson

By MURRAY ROSE

NEW YORK — Heavyweight champion Floyd Patterson is a solid 5-1 favorite to whip tireless Tommy (Hurricane) Jackson in their 15-round title fight at the Polo Grounds tonight but the eccentric challenger thinks he's a cinch to win.

"I'm gonna chop him up," says Jackson, 25. "I only wish the fight could be to a finish with the man standing at the end being the winner."

If it was an alley brawl without any officials Jackson certainly would rate a better chance. But over the 15-round distance, Tommy's chances appear as slim as the odds against him. The odds are 8-5 that Patterson, 22, making the first defense of the crown he won by flattening Archie Moore last Nov. 30 in five rounds, will stop Jackson in their return bout.

Patterson won his way to the Moore shot and the title by gaining a split decision in 12 rounds at Madison Square Garden June 8, 1956. He broke a bone in his right hand in the fifth round but rocked Jackson repeatedly with volleys of lefts and rights to the head.

The pick here is Patterson on a technical knockout within 10 rounds.

Always a fast puncher, Floyd has been concentrating on power in his workouts for Jackson. Instead of jumping around the ring, the champion has been setting his feet and concentrating on thumping wallops to the body and head.

At first Floyd expressed doubt that the 6-2½, 194 pound Jackson could be knocked out. Later, he said he thought he might be able to do the job.

"I'm going to fight him more," said Patterson, who fought in spurts the first time because of his injured mitt. "If the opportunity comes for a knockout I'm going to go for it. If it goes the limit, I'm confident I'll win anyway. I know he has plenty of endurance but no matter what pace he sets I know I can more than match it."

There has been hardly any wagering on the bout and there hasn't been any great rush to the box office for dress manufacturer Emil Lence's first promotion of a heavyweight title fight—the first such by an independent promoter since the International Boxing Club stepped into the fight picture in 1949.

Just the same Lence is confident that with a break in the weather he can gross $350,000. This plus the $175,000 for the radio-television rights could assure the tiny promoter of a smash success. The prospects, however, indicate a crowd of 25,000 and a gate of $250,000. That could put Lence in the black too.

Patterson has been guaranteed $175,000 against 0 per cent of the gate and radio-TV money. Jackson collects 20 per cent.

The only time the durable Jackson ever was stopped was by Nino Valdes on three knockdowns in one round on July 14, 1954.

A pro since 1952, Jackson has a 29-5-1 record, including 13 knockouts.

Patterson's record is 31-1 including 22 knockouts. His only loss was a disputed, eight-round decision to Joey Maxim, the former light heavyweight king, in June 1954. He broke into the pro ranks in 1952 after winning the Olympic 165-pound title at Helsinki, Finland.

Conley Has Secret Pitch

MILWAUKEE (AP) — Keeping a secret in baseball is nigh on the impossible, especially if the secret is a so-called new pitch that is served up to the plate regularly.

The latest pitcher to try to keep a "new" pitch to himself is Gene Conley, Milwaukee's 6-8 right-hander whose improved showing has been a boom to the National League-leading Braves.

"I have a new pitch," Conley admitted after turning back the New York Giants 5-3 to earn the Braves a split in a twin bill and keep them in first place. "But what it is I'm not saying. These guys up here are smart enough to find out for themselves what it is."

A sinker? Maybe. A slider? Probably, say three of the Giants who faced him, ex-Brave Bobby Thomson, Ray Jablonski and Wes Westrum.

Conley himself has referred to it as a "nickel curve that breaks the other way" or "a pitch I use in double play situations and for ground balls."

Whatever it is, Conley credits it with giving him a new lease on Manager Fred Haney's starting rotation, a position he surrendered earlier this season after losing his first four decisions.

Since then he has won five of six decisions, including three victories over the Giants in 10 days. His control, heretofore a sometime thing, has improved to the point where he has surrendered only three walks in the last 29 innings he has pitched. His won-lost record now is 5-5.

Sunday's Game Was Important To Von

ST. LOUIS (AP) — "This game meant more to me than any other I've won."

Von McDaniel, the amazing St. Louis Cardinal rookie pitcher just two months out of high school, was talking about his fifth major league victory, a one-hit 4-0 shutout yesterday over the Pittsburgh Pirates.

"I had been hit hard recently and I wanted to prove it myself and to everyone else I wasn't just lucky," the raw-boned Oklahoman told newsmen.

McDaniel proved his point. He had a near-perfect game. Only one man reached base—Gene Baker with a two-out double in the second inning.

Von had lost two straight games—the last one a 7-0 shutout by Vern Law and the Pirates nine days before. Law was the loser yesterday.

"A comeback at the age of 18," cracked Cardinal publicity man Jim Toomey.

The tall right-hander worked all week with pitching coach Al Hollingsworth, Hutchinson.

"He's essentially a breaking-ball pitcher and was throwing too many fast balls in those defeats," Hollingsworth said.

They also worked with Von to turn his hip in delivering the ball to get more of his body behind the pitch. Hutch said the boy had been pitching too much like a "dart thrower" recently.

Von said the change helped his stamina and made his pitches harder to follow. He used only 99 pitches in the game and went to a three-ball count on only three hitters.

McDaniel said the pitch Baker hit was a "good pitch—a slider." The drive dropped in the left field corner, about four feet fair.

Hutchinson was elated because he now feels he can count on Von, now 5-2, as a starting pitcher. Sam Jones is bothered with a recurring stiff arm and the Cards have moved to put veteran Murry Dickson on the disabled list.

Blue Sox Upset Furniture Nine

The Blue Sox, winless in the first half, opened the second half Saturday night with a surprising 3-1 win over Snyder Furniture in City League play.

Dwayne Prince set the Furnituremen down on just two hits in pitching the Sox to their first victory of the year.

Loser was Carroll Lee who was shelled in the fifth inning. Snyder Furniture led 1-0 until the fifth when the Blue Sox erputed to score twice to take the lead for good.

Lee left with the tieing run in and the lead runner on third. Max Coffee greeted reliever Lee Gatewood with a hit that drove in the winning Blue Sox marker.

The Blue Sox added an insurance run in the sixth.

Clarence Minton was the leading Blue Sox batsman with three hits. Durwood Hooper and Ralph Carpenter got the only hits off Prince.

The Blue Sox thus pulled into a two-way tie for the league lead with Sun Oil, each with 1-0 records. Sun, the first half champions, defeated Hermleigh in her first second half opener.

Saturday night's line score:

Snyder Furniture 100 000 0—1-2-6.
BLUE SOX 000 021 x—3-7-2
Lee, Gatewood (5) and Cavitt; Prince and Coffee.

Cooper Beats Seixas For Penn Lawn Title

PHILADELPHIA (AP)—The Pennsylvania Lawn Tennis Championships, touted as a possible Davis Cup preview, have indicated one thing—that Ashley Cooper is the tops the defending champion Australians have to offer at this time—and he is by no means invincible.

Cooper, best of the Aussies' tennis crop, defeated Vic Seixas, the best of an American crop, yesterday 6-3, 7-9, 6-4, 7-5 to win the Pennsylvania crown and foil "old man river" Seixas in his bid for an eighth state title.

In other competition yesterday Giammalva and Whitney Reed, Alameda, Calif., defeated Seixas and Mike Green, Miami, Ohio, for the men's doubles title, 6-4, 6-4. Martha Hernandez, Mexico City, and Ron Holmberg, Brooklyn, defeated glamour girl Karol Fageros, Miami, and Maxwell Brown, Louisville, for the mixed doubles crown, 6-3, 7-9, 6-3.

Houston Pro Odessa King

ODESSA (AP) — Jerry Robison, Houston professional, laced a 7-iron shot within 18 inches of the cup to win the second hole of a sudden-death playoff for his team and take down $2,000 first money in the Odessa Pro-Amateur golf tournament.

Robison and his amateur partner, Miller Barber, a Texarkana man who is at Perrin Air Force Base of Sherman, wound up with 263 for 72 holes yesterday and were tied by a team of Ernie Vossler of Midland and amateur Rex Baxter of Amarillo.

In the final round yesterday, the Robison-Barber team had an 8-under-par 64 while Vossler and Baxter, the defending champions, had a 65. Vossler got second money of $1,500.

Cary Middlecoff, the former National Open champion, and Billy Joe Denton of Wilson, Ark., and the team of Bob Wininger, Odessa, and Bobby Goetz of Tulsa, tied for third with 264. Middlecoff and Wininger each received $875.

Other money winners:

Ray Gafford, Fort Worth, and John Paul Cain, Sweetwater (266), $350.

Bennie Adams and James Adams, McCamey (266), $350.

Don January, Lampasas, and Dick Jennings, Lubbock (267), $200.

Horace Moore and Jack Williams, Plainview (267), $200.

Qualifying Begins For 32nd Publinx

HERSHEY, PA. — Golferes from Hialeah, Fla., to Honolulu attempted today to master a tight little course, where a scenic railway and a swimming pool full of screeching youngsters provides a noisy background, in the qualifying rounds of the 32nd National Public Links Championship.

A field of 150 whittled down from an original entry of 1,923, started play today. After 36 holes of qualifying today and tomorrow the low 64 will go into match play on Wednesday to decide the individual title. The inter-city team championship, in which 23 teams of three men each are entered, will be decided during the qualifying rounds.

ALL-STAR TEAMS NAMED

Fireballs Win Girls Tourney

The Fire Department Fireballs won the City Girls double elimination concluded Saturday night at Little League Park.

The Fireballs defeated the Police Department Black Sox in the finals, 9-1. The Kiwanis Blue Jays won third place honors with a 16-6 win over the V.F.W. Cardinals, the Cards taking fourth place. Finishing fifth in the five-team tournament were the American Legion Legionettes.

The Cardinals were the regular season champs with an 11-4 record. The Black Sox finished second with 10-6, the Fireballs third with 8-9, the Blue Jays fourth with 7-8 and the Legionettes fifth with 0-9.

All-star teams for the Hermleigh and Snyder teams were announced today. The all-star teams will compete in the Snyder Invitational Tournament to be held here next week, Aug. 5-10.

Following are the all-star selections:

HERMLEIGH

Mary Ann Reeves, Linda Darden, Betty Ethredge, Neta Corley, Eddie Lou Wemken, Nell Hudgins and Dorothy Freythe, all of the Kiwanis Blue Jays; and Nelda Wilcox, Nelda Wilcox, Della Davis, Darlene Wemken, Jane Beeks, Jean Etheredge, Beverly Thompson and Claude Ann Burleson, all of the V.F.W. Pitchers Dominate Play In Texas Loop

By The Associated Press

The Texas League is known as a pitchers' league and it certainly was Sunday night—there were more pitchers than anybody.

Some 23 toiled in four games as the batters caught up with the pitchers. Only one—Murray Wall of Dallas—was able to go the distance. He was rocked for 10 hits but lasted it out for his seventeenth triumph of the season, beating Fort Worth 4-1.

Houston had an 8-4 victory handed to it by Shreveport. The Sports blew all kinds of chances to win and were forced into extra innings. Both clubs got two runs in the tenth but in the eleventh the Buffs racked up four.

Three clubs still are playing catch-as-catch-can with third place. San Antonio nipped Austin 3-2 to move into a tie with Tulsa, which lost to Oklahoma City 7-4 for the place. Austin fell a half-game back into fifth place.

Ballinger Halts Downward Slide

By The Associated Press

Ballinger has halted its slide and things are back to normal in the Southwestern League.

The Westerners have won two of their last three games to push back 4½ games ahead of second place Hobbs.

Sunday night, Ballinger racked up Hobbs 12-3, socking 13 hits, seven of them for extra bases. Ballinger ran up a 5-0 lead in the first three innings and coasted in. Kenn Jones hit a solo homer in the second to get the Westerners started off.

Midland kept Carlsbad from inching up on Hobbs by downing Carlsbad 11-8, pounding three Potasher pitchers for 19 hits.

Conley's Comeback Ups Braves Stock; Von McDaniel In Near Perfect Game

By DON WEISS
The Associated Press

The good burghers of Milwaukee likely will concede the Cardinals have a beauty in Von McDaniel. But if they're beckoning to their own Gene Conley today with their widest grins of the year, who can say they don't have a point?

Almost buried beneath 18-year-old Von's brilliant one-hitter yesterday that touched off St. Louis' double-header sweep of Pittsburgh was another big game from Conley that kept the Braves in first place in that torrid National League scramble.

In a month, the 6-8 right-hander, a native Oklahoman like McDaniel, has worked back to the form that made him one of the league's toughest a few seasons ago. His six-hitter enabled the Braves to defeat New York 5-3 and split a double-header with the Giants. It was his fifth victory in his last six decisions—all since he found the combination back on June 26.

With McDaniel's one-hit masterpiece winning the first game 4-0 and Joe Cunningham's 11th-inning homer the second 9-8, the Cardinals chopped Milwaukee's lead to half a game. The Braves had lost the opener to ex-mate Johnny Antonelli's six-hitter 2-0.

Brooklyn, with Johnny Podres winning his ninth, beat Cincinnati 7-2 to move within 1½ games of the top and drop the Redlegs 2½ games behind Milwaukee in a fourth-place tie with Philadelphia. The Phils had a happy day in Chicago, topping the Cubs 3-2 for Curt Simmons' 10th and 7-1 as rookie ace Jack Sanford won his 14th against three losses, with a six-hitter.

Chicago's second-place White Sox moved up to within 3½ games of the front-running New York Yankees in the American League, defeating Baltimore 4-3 while the Yanks settled for a draw in a 7½-hour double-header with Detroit. Lou Ieater's clutch relief saved the first for the Tigers 6-5, but Bill Skowron's run-scoring triple off a weary Billy Hoeft beat Detroit in a 15-inning nightcap.

Ted Williams, his bat mark up to .376, slammed his 29th homer, a double and two singles to lead a Boston comeback that beat Cleveland 9-8; and Kansas City won twice from Washington, 6-2 and 3-2, in 11 innings.

The Braves broke out with four runs on four hits in the fourth inning to win for Conley. Willie Mays hammered six hits in eight trips, four in the first game.

Gene Baker's double with two out in the second inning was the only hit off McDaniel, who didn't permit another baserunner in running his record to 5-2. Hoyt Wilhelm won his first in relief as the Cards scored three in the nightcap ninth to tie the score and set the stage for Cunningham's winning homer off Nelson King.

Carl Furillo's grand-slam homer, eighth of his career, cost Cincinnati's Brooks Lawrence his seventh loss in 18 decisions and was more than enough for Podres to win his ninth.

The Phils got two RBIs from Gran Hamner in each game and a decisive three-run homer from Ed Bouchee in the second against the Cubs.

Paul Foytack won his 12th in the opener from the Tigers at New York, thanks to 2 1-3 hitless innings of relief from Sleater. Hoeft went all 14 1-3 innings of the nightcap, losing when Skowron's triple followed a walk to Mickey Mantle with one out in the 15th. Bob Grim won in relief.

Bill Fischer's tidy relief pitching and Larry Doby's two RBIs featured the White Sox victory.

With Williams blasting away to win for George Susce over Don Mossi, Cleveland's Vic Wertz and Rocky Colavito wasted a big day at the plate. Each slammed two home runs, Wertz driving in five runs and Colavito three.

Hal Smith's single scored Hec Lopez with the A's deciding run in the nightcap at Washington after Alex Kellner had pitched a five-hitter and helped himself with a home run in the first-game Kansas City victory.

MID-SUMMER SALE items at Snyder Drugs, west side of the courthouse square, number about 3,000 and include many things at half price, such as costume jewelry. Here, Velma Smith, cosmetician, is busy showing cosmetics to a customer, Mrs. Robert R. Patterson. (Lee Watson photograph)

AT SNYDER DRUG

Mid-Summer Sale Is Started

Snyder Drugs' mid-summer sale began this morning with some 3,000 cut prices.

And most Snyder residents know that when R. E. Patterson, owner of Snyder Drugs, has a sale, he really has one.

Summer jewelry, summer toiletries, swimming needs, fishing and camping equipment, cameras, drugs, school supplies, appliances, sporting goods, and many other items are included in the huge sale.

Patterson has just returned from Dallas, where he has been buying fall and winter merchandise, and he needs room for all the new merchandise coming in. Even with Snyder Drug No. 2, which will be open on south Avenue S near Thirty seventh Street about Sept. 1, he needs all the available space for the new items.

To make sure he has the space, Patterson has slashed prices to the bone for the sale this week, which lasts through Saturday.

Items in the sale are cut in price from one-fourth to one-half so they can be cleared out rapidly and indications this morning were they would go fast.

All summer jewelry, is at half price, and that includes several hundred items.

This sale would be an opportune time for housewyes to stock, up on many household needs, and it is especially suitable for getting a supply ahead of time on gifts.

The sale also includes many school needs, and school time is just around the corner. Parents could realize quite a saving by taking advantage of such things as the special sale on notebooks.

Snyder Drugs sales prices include one-fourth off on all cigarette lighters, fishing tackle, pen and pencil sets, billfolds and purses, pipes, and other items; one-third off on swimming items and baseball needs; and one-half off on all summer costume jewelry.

Many appliances are cut to half price, some of them with up to $10 off or more. The appliances on sale include radios, electric skillets, and lids, toasters, irons, percolaters, mixers, deep fat fryers, and others.

Cameras are being sold at quick-sale prices, some of them at more than $20 less than the regular retail price. They include such buys as the Keystone 8 m.m. movie camera at $41.80, the Ansco super regent at $61.88, a big saving, and the Ansco Regent 35 m.m. at $29.88. Flash bulbs are also included in the sale.

The hundreds of other items in the sale include many drugs and sundries which the buyer cannot pass up at the low prices.

Probe At Tech Is Not Feared

ABILENE (AP) — The regents' chairman of Texas Tech said yesterday he wasn't worried about a proposed investigaion into the firing of three professors.

W. D. Watkins said the proposed inquiry by the Southern Assn. of Colleges does not "alarm me a great deal." The college president, Dr. E. N. Jones, said earlier such an investigation could lead to loss of Tech's accreditation by the association.

"For four days I've worked on this thing trying to quiet it down," Watkins said. "We tried to find an amicable solution. We couldn't; so we issued a statement on the authority of the board saying we considered the matter closed."

Watkins was on a vacation July 13 when the Tech regents in executive session voted not to renew the contracts of Drs. Byron Abernethy and Herbert Greenberg and voted to abolish the adult education program headed by Dr. Per Stensland.

Educational groups have asserted the firing of the professors violated their civil rights.

Watkins met Saturday with Tech administration and faculty members at which a compromise was proposed. It would have set up a committee to conduct a hearing for the ousted professors.

The plan was abandoned after Watkins polled other board members.

Watkins said the action dismissing Stensland was a matter of economics not associated with the cases of the other two professors. He said a grant from the Ford Foundation was expiring and the college did not feel it could support the adult education program alone.

"There was never anything against Dr. Stensland characterwise or otherwise out of line," Watkins said.

He declined to comment when asked why the others were fired.

Bull In Bloodless Bullfight Is Killeed

SAN JOSE, Calif. (AP) — Death came to a bull at a bloodless bull fight, staged here over the protests of a legislator whose bill banning such shows becomes law Sept. 11.

The bull, running wild between the grandstand and a five foot plywood wall enclosing the ring, was pursued by a sheriff's car and a fairgrounds truck. The truck ran down the bull, breaking its leg.

Robert C. Hall, Santa Clara County humane officer, fired two shots and killed the injured animal.

9th Victim Of Highway Mishap Dies

By The Associated Press

One of the bloodiest highway accidents in Texas history killed nine persons over the weekend, grimly highlighting the weekend violent death toll of 21 victims.

Traffic claimed 13 lives, 7 persons drowned and a shooting killed 1.

The nine-fatality accident occurred Saturday near Kenedy. It wiped out the five members of the Henry Moas family of Ingleside.

The victims were Moas, 37; his wife, 34; Mrs. Moas' son, James Acron, 15; a daughter, Leslie, and a daughter, 2. Dead in the other car were Marvin Hardy, 31; Beatrice Hardy, 41; Joe Barrientes, 66, and Jesus Jimenez, 57, all of San Antonio.

Deaths Sunday included:

Terry Clap, 19 months, drowned at Lake Worth.

Mrs. Essie McGuire, 20, of Houston, drowned in a lake between Houston and Conroe.

Ernest Flores, 13, Wichita Falls, drowned Saturday night while swimming in a public pool.

SUMMER SPECIALS on appliances at Mon gomery Ward & Co., 7923 Twenty-fifth Street, are causing Snyderites to take notice. Air conditioning the home is of primary interest in this weather, and Wards has extra specials on cooling units. Here, some of the office personnel, shown behind coolers, left to right, are Jesse Riggins, janitor, Mrs. Virginia Johnston, assistant bookkeeper; Mrs. Helen Breeden, credit manager, and Mrs. R. H. Bonher, manager. (Dale Walton photograph)

Montgomery Ward Is Holding Special Sale On Appliances

There are certain times of the year when the homeowner can take advantage of the special sales on appliances and save many dollars.

That's just what they can do now at Montgomery Ward Co., 1923 Twenty-fifth Street.

Air conditioners, automatic washers and dryers, televisions, home freezers, refrigerators, ranges, and many other appliances are now available at special low prices at Wards.

Also, Wards has its own local service men who can install, repair, or take care of anything needed with Wards appliances.

Appliances are not the only things on special sale now. Among Wards goods being featured at this time of year are blankets and bedspreads in the Blanket Lay-Away Sale.

Only $1 down will hold the blanket or spread until Oct. 15. And for the sale, Wards has such special prices as $10.94 on the regular $14.95 popular all-wool blanket, which is guaranteed for five years. Wards has nylon, orlon, and wool blankets in all colors. It also has featured single or dual control electric blankets, with such low prices as $27.94 for the dual control. Heirloom bedspreads are being featured at $9.94.

Mrs. R. H. Bonner, who recently resumed duties as manager at the Wards order office here, said, "One thing we especially feature is plenty of friendly service." Ward personnel will help Snyder area residents choose their needs in practically anything they need. The credit department can easily help customers figure the best method for handling the most items on time payment plans. Many Wards most popular items are displayed on the floor for the convenience of customers.

Mrs. Bonner had previously been manager of the office for two yers before retiring from active work and becoming a housewife. But now she is back heading the staff of experienced Wards employes. They include Mrs. Helen Breeden, credit manager; Mrs. Johnnie Herriey, inventory clerk; Mrs. Virginia Johnston, assistant bookkeeper; and Jesse Riggins, janitor.

One of the most popular appliances at this time of year is the air conditioner. Wards now has featured for the low price of $119.95 the 4,000 CFM Lennox cooler which is regularly priced at $169.95. The unit is completw with window adapter, pump, and float.

Also featured are automatic washers and dryers. The Wardamatic DeLuxe washer, which is fully automatic and holds nine pounds of clothes, is now priced at $149.95, instead of the regular $189.88. The dryer to match is priced at $129.95 and was $154.95. For only $279.90, a resident here can get both for his home.

One of the extra specials in Ward sale now is the Airline super-fringe 21-inch console television, a $264.95 value for only $188.88. Wards has all sizes of both console and table model televisions.

And there are many other appliances on sale, including the 15-foot upright home freezer for only $279.95, a unit which will hold 580 pounds. Wards has both Tru-Cold home freezers and refrigerators.

The Thermal Eye range, now on sale for $279.95, is complete with the Thermal Eye rotisserie and many other automatic features.

Mrs. Bonner invited residents of the area to stop by the Wards order office to look over items on display or to take a catalog home and shop in comfort.

ON COOLIDGE DEATH

Constant Reader Makes A Point

By INEZ ROBB

"Constant Reader," full of fire and brimstone, has been writing in from all corners of the compass since the death of Mrs. Calvin Coolidge.

And, just for a change, Constant Reader isn't mad at me this time but at my editors up and down the land. Constant Reader, obviously middle-aged or better, is sore as a boil because — at least in HIS hometown — the story of Mrs. Coolidge's death was buried on an inside page while pictures of Ingrid Bergman, Elizabeth Taylor, Mike Todd and Aly Khan smirked from Page One.

Well, sir, I am on the side of Constant Reader. But then, I too, am middle-aged. To me, too, the death of Mrs. Calvin Coolidge, who illuminated the White House in the days of the astringent Cal, was a far more important story than the fact that Ingrid Bergman had tearfully embraced her oldest daughter at a Paris airport.

The death of this former First Lady also seemed far more important than the latest communique in the running battle that is apparently the pattern of domestic life for Elizabeth Taylor and her bridegroom, M. Todd. And I rated the death of this gracious First Lady, who caught and held the admiration of the American public from the moment she stepped into the White House, as more newsworthy than the fact that Aly Khan might or might not succeed to the title of his father, the Aga Khan, then on his death bed.

So when letters from Constant Reader began to arrive, expressing his discontent with this news evaluation, I was sympathetic, or on his side. But when I began to diagnose the situation, I came up with an explanation that made me even more gloomy. I was forced to realize that Mrs. Coolidge had made such a forceful and lasting impression on millions of Americans, has been out of the White House and the limelight for a full generation.

It has been almost 30 years since Cal chose not to run and he and Mrs. Coolidge went back home to Massachusetts. Since his death in 1933, Mrs. Coolidge had lived in quiet retirement. A generation, even now approaching middle age, grew up with scarcely any knowledge of this great lady.

It was unaware of her reputation for kindness and gaiety; for the leavening role she played during the Administrations of laconic Cal. It probably has never heard that in those far-off days, before inflation got moth-like into everything, her smile was regarded as a million-dollar asset to the Republican party. (By today's monetary standards, it would rate a cool trillion.)

But the generation that had scarcely ever heard of Mrs. Coolidge knows Ingrid Bergman, Elizabeth Taylor, Mke Todd and Aly Khan like old shoes. They LIVE on the front pages and, for all I know, could be fictions of the front page. You do not have to explain to today's reader who any of these four are. The most intimate details of their lives are public property.

They head a little list of persons I have long nominated for oblivion; I am sick unto death of the whole kit and caboodle, and I suspect a lot of other persons are, too.

But they are photogenic and, by hook or crook, they keep themselves in the public eye. Public Cinder No. 1, 2, 3 and 4, so to speak. How can a lady, even a First Lady, compete with any of these? Why, she never even had a press agent!

Sic semper gloria. Ave atque, [illegible] Reader and [illegible] licke! What's worse, we're dated.

NEEDS LOVE

Kissing Bandit Caught

PASSAIC, N.J. (AP) — Police say the mild-mannered youth they have tabbed the "Kissing Bandit" might have been lacking in mother love.

Stephen Gregich, 19, was charged yesterday with entering homes in his neighborhood and stealing or trying to steal kisses from women.

Detective Capt. Victor Jaffe said Gregich was sent to an orphanage in Albany, N.Y., when he was 3. In his early teens, he worked for his stepfather in a gas station.

Dr. Lloyd Morrow, a psychiatrist here, in discussing the case with Jaffe, said a yearning for mother love might have sent the youth prowling in search of his strange fulfillment.

Jaffe said Gregich has confessed to seven such acts after a day and night grilling since he was picked up Saturday.

Gregich faces a hearing today on the seven charges of assault and of breaking and entering.

Boy Is Born To Actress

ROME (AP)—A dark-haired baby born to Gina Lollobrigida looks just like the famous film beauty's doctor husband, she says.

The 6-pound, 11-ounce boy was born yesterday four hours after Dr. Milko Skofic rushed his wife out of their Appian Way villa to a clinic. They drove across a field on the way to avoid reporters.

The infant, to be named after his father at Gina's request, is the first child for the couple, who married in 1949. Skofic is a Yugoslav who escaped from a German concentration camp in 1942.

The 29-year-old actress plans to be back before cameras this fall.

Couple Gets Out Of Tree-felling Business

LOS ANGELES (AP) — Francis Wilson and his wife, Muriel, are out of the tree felling business—even though they had a .500 average on their first job.

They were hired to cut down several eucalyptus trees on a vacant lot in the Hollywood Hills.

"I got the first tree down all right, although it came close to falling on a neighbor's porch," said Wilson, 41.

But he added the second "got away from us," crashed down on power lines and cut off electricity in the area for several hours.

"It was the first time I had ever tried to cut down a tree," Wilson confessed.

Scientists Have Long Distance Radio Chat

NEW YORK (AP) — Two U.S. scientists encamped at opposite ends of the earth recently had a 11,200-mile radio chat.

One, Dr. Charles R. Bentley, is in the antarctic. The other, Maurice J. Davidson, is in the arctic. Both are working on research projects for the International Geophysical Year.

They reported that reception on their ham radios was as clear as a bell.

Bentley and Davidson, both 26, are on the estaft of Columbia University's Lamont Geological Observatory. Columbia told of the radio chat yesterday.

SUFFERS FROM DROUGHT—Irving F. Mix, right, of Pembroke, Mass., shifts powder-dry soil through his hand as he examines corn in his field accompanied by his grandson Wayne Mix. In background is motor driven shovel being used to dig a water hole for water to irrigate the corn. Gov. Foster Furcolo has declared Massachusetts in a state of emergency because of the long continued drought.

No Relief Seen In Drought Area

NEW YORK (AP) — The U.S. Weather Bureau here held out no hope of relief today for drought-stricken farmers in the Northeast.

Widely scattered thunder showers but no general rain were forecast for the area.

Showers yesterday in the metropolitan New York area, the Hudson River Valley of New York, New Jersey and New England brought little relief from the long drought.

Damage estimates in the millions continued to mount.

Gov. Abraham Ribicoff of Connecticut received permission yesterday to use civil defense equipment to set up an emergency irrigation system.

Civil defense pumping equipment stored in a warehouse at Torrington, Conn., will be used to pump water from streams and ponds directly into dried-up farm areas or into tank trucks for distribution. The equipment includes generators, pumps and 10 miles of pipe.

In Massachusetts, 14 cloud-seeding generators were used to fire silver iodide into the air yesterday over drought-stricken areas. "Some showers" resulted, said Walter E. Piper Jr., head of the state's rain-making program.

Net Income Goes Down

HOUSTON (AP)—A decline in net income for the first six months was reported today by Continental Oil Co.

L. F. McCollum, president, said the decrease resulted primarily from a seven million dollar increase in intangible drilling costs charged against earnings.

Net income was $23,714,000 compared to $25,549,000 a year ago.

McCollum said progress was being made in the firm's offshore operations off Louisiana.

"A substantial proportion of the offshore Louisiana leases in which Continental has an interest has been validated through the drilling of exploratory wells," he said. "The leases so validated in most instances need further development. Under current plans for 1957 more than 40 per cent of total allocated intangible drilling costs will be spent offshore."

Tyler Attorney Named President Of Legion

HOUSTON (AP) — The American Legion of Texas elected Warren Moore, a Tyler attorney, its president yesterday.

The convention chose Fort Worth as the site for its 1958 meeting.

Raymond Gray of Greenville was chosen historian and the Rev. R. W. Taitte of Harlingen, was chaplain.

Scurry In DPS Midland Region

Scurry County is one of the 49 West Texas Counties included in jurisdiction of the new State Department of Public Safety's regional headquarters in Midland.

Under a reorganization plan which goes into effect Sept. 1, the state has been divided into six regions. The six regional commanders, who will hold the rank of major in the Department of Public Safety, will be the chief administrative officers for their respective regions, and they will serve directly under the state director, Col. Homer Garrison.

Commander of this region is Wilson E. (Pat) Speir, DPS captain who has been serving as captain of the Pecos district. Capt. Speir, who has already gone to Midland to begin setting up the new regional organization, will be promoted to major when the reorganization plan goes into effect.

Speir's region will include the following counties: Andrews, Borden, Brewster, Brown, Callahan, Coke, Coleman, Concho, Crane, Crockett, Culberson, Dawson, Eastland, Ector, Edwards, El Paso, Fisher, Gaines, Glasscock, Howard, Hudspeth, Irion, Jeff Davis, Jones, Kinney, Loving, Martin, Maverick, Midland, Mitchell, Nolan, Pecos, Presidio, Reagan, Reeves, Runnels, Schleicher, Scurry, Schackleford, Stephens, Sterling, Sutton, Taylor, Terrell, Tom Green, Upton, Val Verde, Ward and Winkler.

Rights Move Draws Blast

WASHINGTON (AP)—Sen. Lyndon Johnson promised yesterday to fight any move to tack on a trial-without-jury concept to the pending civil rights bill in cases of contempt.

Johnson aid Atty. Gen. Brownell had sought to bring this concept into criminal cases in which punishment could be fixed fines and jail sentences.

"Brownell and his supporters claim southern juries will not convict people who are guilty of violating civil rights," he said.

"Therefore, they have devised a legal subterfuge so cases will be tried before judges only."

Johnson made the statements in his weekly radio broadcasts over Texas stations. He predicted any civil rights bill passed by Congress will be a right-to-vote measure and said he would support it if it has proper safeguards.

Stinson To Attend Annual Convention

Lee T. Stinson, operator of Stinson Drug here, will attend the Texas 78th annual convention and drug buyers market Aug. 11-14 in Dallas.

state personalities from the drug and allied industries will be included on the association's program.

Panel discussions, forums, and visual presentations in the business sessions will cover professional pharmacy, public relations, merchandising, and various departments of the drug store.

A special selection committee will name the Texas Pharmacist of the Year.

Wynne Collier of Tahoka is president of the association.

Girl Seriously Hurt When Bitten By Dog

DALLAS (AP)—A dog attacked Ebert, 10, yesterday, leaving her seriously injured with deep throat and neck cuts. Fangs punctured the child's windpipe.

Her brother, Fritz, 20, said the girl had gone with her sister and a friend into a neighbor's yard to see some lambs in a fenced lot.

He said a big dog burst out of a nearby house and attacked the children. The dog seized Nancy by the throat and released her only after its owner ran to her rescue.

Haskell Rites Set For Oil Operator

DALLAS (AP)—A. E. McMillen of Haskell, 50, an oil operator, died yesterday. He underwent an operation July 15.

McMillen was a director of the North Central Texas Water Authority. He and his brother, Bill, drilled the discovery well in the parvue field in south Haskell County.

Survivors include his widow, a daughter, a son and a brother, Bill, former mayor of Midland, Tex.

Services will be held at 10 a.m. tomorrow in the First Presbyterian Church at Haskell.

Snyder Reservist Finishes Training

Army Reserve Maj. James L. Kincaid of Snyder completed two weeks of active duty training yesterday at Camp Wolters, near Mineral Wells.

Kincaid, of 3789 Dalton Drive, is petroleum engineer for the Diamond M Industries here.

While at camp, Kincaid studied civil affairs and military government for occupied countries.

The reserve major is a 1939 graduate of the University of Oklahoma.

Man Admits Double Slaying

BROCKTON, Mass. (AP) — Raymond F. Ohlson, a sallow-faced, 20-year-old convicted sex offender, pleaded innocent today to two charges of murder in the woodlands stabbing of two young brothers last Friday.

Ohlson was held without bond by Associate Justice Maurice J. Murphy in Brockton District Court. Murphy ordered a continuance to Aug. 8.

The slightly built Ohlson was charged with the deaths of John Logan, 12, and his brother, Edward, 11, by stabbing them repeatedly after marching them at knife point into the woods from a public pond.

Ohlson, wearing gray trousers and an open-collar light shirt, was handcuffed between two police officers during the 10-minute arraignment. He was taken back to Brockton jail after the proceedings to await transfer to the Plymouth County jail at nearby Plymouth.

Ohlson was released from Concord Reformatory only seven weeks ago after serving six years for an attack on another boy.

Ohlson's criminal record shows he was arrested for sexual assault on a 3-year-old boy in 1949 and was released to his parents' custody. In 1950 he was arrested for a brutal sexual attack on a 12-year old boy and was sentenced to the reformatory in 1951. He was released June 7 after four years were deducted from his 10-year sentence for good behavior.

Police Sgt. John Flynn said Ohlson reenacted the crime after admitting the double slaying.

The bodies of the brothers, who lived in nearby Stoughton, were found Saturday—nude and partially charred—under a smoldering blanket of twigs and branches.

Police Chief Joseph C. Wright, who took part in 30 hours of questioning of Ohlson, said the youth made no formal statement but related he forced the boys, whom he did not know, at knifepoint to the spot where their bodies were found.

Police said keys found under the bodies led to Ohlson's arrest. One of them fitted his front door.

Another clue, Wright said, was the similarity of the crime to an attack on a 12-year-old boy in the same park six years ago. Ohlson was sentenced to Concord Reformatory then for assault with intent to murder.

When police took Ohlson into custody early yesterday at his home, they said they found a Mexican hunting knife with an eight-inch blade under his pillow. It was sent to police laboratories for analysis.

Police quoted Ohlson as saying he removed the boys' swim trunks and hid them in bushes behind a billboard a short distance from his home. He led officers to the spot and the trunks were found.

Police said that after the slaying Ohlson kept an appointment with his mother downtown and Friday evening took a young girl to the movies.

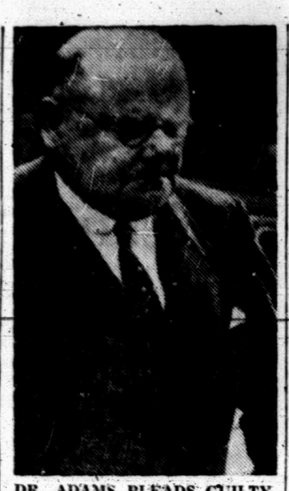

An autopsy showed that each of the boys suffered five knife wounds in the stomach.

DR. ADAMS PLEADS GUILTY—Dr. John Bodkin Adams, 58-year-old English society physician acquitted last April of a charge that he drugged a wealthy patient to death, arrives at court in Lewes, England, for appearance on 16 other counts. He pleaded guilty to 14 charges coveering larceny, cremation, forgery and dangerous drugs and was fined $6,580. He pleaded innocent to the other two charges against him and they were dismissed.

IN CHICAGO

Racial Riot Breaks Out

CHICAGO (AP)—A series of riots broke out on Chicago's far South Side last night after an afternoon battle between whites and Negroes in which more than a score of persons were injured.

The first disturbance occurred at Calumet Park, where some 100 Negroes were holding a picnic. Police said a group of between 50 and 60 white persons began throwing stones at the Negroes. About 25 persons, most of them Negroes, were injured, none seriously. Some 100 policemen answered the riot call and quelled the fighting.

Police estimated that some 3,000 persons witnessed the brawl but there were several other thousands in the big park seeking relief from the 90-degree temperatures.

Some 300 policemen, both white and Negro, were on duty in the south Chicago and East Side districts last night as fresh rioting erupted. The districts, in the city's far southeast industrial section, are predominantly white.

Most of last night's police calls came after white persons stoned and burned cars driven by Negroes. Police said about a dozen cars were burned. Stones were thrown at two Chicago Transportation Authority buses, driven by Negroes, but later police rode the buses with Negro drivers.

Stones also were hurled at Negro policemen and at some squad cars. Policemen fired warning shots to break up many crowds.

Police officials said all days off for policemen had been canceled temporarily.

Police described the distrubances as one of the worst racial outbreaks in several years. Major rioting occurred in nearby Trumbull Park housing project when Negroes moved into the white district. A special police detail, which at times numbered several hundred, was moved into the district and the rioting ended.

A 15-year-old white girl was shot in the left ankle. A Negro motorcycle policeman, seeking to arrest a youth who had stoned him, said his gun discharged accidentally when someone jostled him.

Policeman Is Shot By Helpful Wife

SAN FRANCISCO (AP)—A helpful wife shot her police rookie husband in the leg.

Carol Allen pulled the trigger of her husband's service revolver while she unloaded it.

Superiors of the policeman, Dale Allen, said they were satisfied the shooting was accidental, but advised him in the future to keep the gun to himself.

It's ALWAYS HAPPENING, somewhere, somehow—that reverse twist, that ordinary situation doing a somersault.

And no wonder. No two human beings are alike. The fixes they can get into, the mistakes and misdemeanors, the snafus and rhubarbs, the tough breaks and happy endings, are practically infinite.

What man has bitten what dog today? That's what everybody picks up his newspaper—every single day—to find out.

Nobody is ever disappointed. There's always at least one "Well, whaddaya know...!" and usually a lot of them.

For you, the stopper of the day may be strange bedfellows in politics...for your wife, it may be a new inside-out pocketbook.
