Thirty Die In Air Crash

Seventy Units Of Air Power Is Bill's Goal

President Truman Opposes Plan To Expand Forces

(By The Associated Press)

WASHINGTON, April 15.—The House unanimously voted additional funds today to start expanding the nation's Air Force from 55 to 70 groups.

By a vote of 115 to 0, it added $822,000,000 to $2,376,100,000 bill originally designed to finance a 55-group Air Force all of it is in contract authority for which cash must be provided later unless Congress cancels it.

The increase was proposed by Chairman Taber (R-NY) of the House appropriations committee.

Action Not Final

The action was not final, however, since the House still must act on other parts of the bill and the Senate has not considered it at all.

No one explained, and no one in the House apparently knows, just how many additional planes the extra money will provide.

A 70-group Air Force has been urged by Air Secretary Symington, although Secretary of Defense Forrestal has recommended a smaller force.

President Truman said today he is supporting Forrestal's recommendations to the limit and does not know why Symington is differing with them.

No Direct Comment

Air Secretary Symington had no direct comment on Mr. Truman's remarks at a news conference But, in answer to a reporter's question his public relations office said this:

"The secretary has no plans to resign."

Defense Secretary Forrestal previously had asked for a smaller force, along with universal military training and a draft. Mr. Truman had called this a balanced program which the nation can afford.

Is Backing Forrestal

The President told a news conference he is supporting to the limit the defense program outlined by Forrestal.

Symington told the House armed services committee Tuesday that an Air Force of 70 groups is more important to the country's security than UMT.

House Members have shown they favor a larger Air force than proposed by Forrestal. They have begun legislation looking to a 70-group force rather than a 55-group force the defense depart-

Aleutian Bases Alerted Several Times

Reports Russian Planes Have Violated Alaskan Skies Are Said To Be Correct

(By The Associated Press)

KETCHIKAN, Alaska, April 15—Publisher William L. Baker, writing for the Ketchikan Chronicle after a three-week tour of Alaska, said today that Rep. Margaret C. Smith (R-Me) is "correct" in saying that Russian planes "have violated Alaskan skies."

The article added, however, that both American and Russian planes have crossed the border into each other's territory over a period of several months.

(Mrs. Smith, a member of the House armed services committee, said in Waterville, Me., Tuesday night that ". . . the people have not been told that the Russian press and radio speak of Alaska as a part of Russia and that jet planes have violated Alaskan skies."

(Air Force headquarters officers in Washington, D. C., and Maj. Gen. Joseph Atkinson, commander of U. S. Air Forces in Alaska, both said they had received no reports of Russian activity over Alaska.)

The publisher said also that a "mystery submarine," first reported seen in Kiska harbor by an American pilot over two weeks ago, lingered in Aleutian island waters for about 10 days. The article stated that the Navy had a fix on the submarine by radar several times and awaited word from Washington as to what action to take.

Several thousand personnel at Aleutian bases were alerted and all leaves were cancelled on men of sea-going craft, Baker said.

The Chronicle said it had reports that the B-29 "Clobbered

John L. Glum As Arguments Staged Today

Mine Boss Scowls As Attorney Hits Hard At Defense

(By The Associated Press)

WASHINGTON, April 15.—Judge T. Alan Goldsborough today heard arguments in the John L. Lewis contempt trial and put off any decision until Monday.

Assistant Attorney General H. Graham Morison argued for the government that Lewis and the United Mine Workers were clearly in contempt of court for continuing a coal mine work stoppage for a week after a court order was issued for it to end.

One Sentence Argument

Attorneys for Lewis made only a one sentence argument.

"The government has failed to prove its case."

That came from Welly K. Hopkins, chief of the eight-man battery of counsel Lewis has.

Goldsborough then adjourned court until Monday.

Now the only thing left in the contempt case is the judge's ruling—and the punishment if the ruling is for conviction.

In his argument, Morison hit hard at Lewis' position that no coal strike ever was called.

Affront To Common Sense

The government attorney said that contention was an "affront to common sense."

He said Lewis and the UMW are in contempt of court "for their failure to obey the explicit terms" of an April 3 court order to end the coal strike.

Lewis glumy scrowled as Morison made his argument.

Lewis showed up a few minutes before court convened at 9 a. m. He seemed restless. He fidgeted about in his chair before Goldsborough took the bench. Finally, he went into a small room adjoining the court room and paced up and down.

Says Facts Undisputed

Morison told Goldsborough a finding of guilt "is the only one consistent with the undisputed facts."

It has been shown, he said, that no action was taken by the union or its president on a court order for a resumption of work in the mine fields for seven days after it was issued.

The order was served on Lewis April 5. Exactly one week later, he instructed his miners to go back to work. Those instructions went out after he had agreed to a compromise plan providing $100 a month pensions at age 62 to miners with 20 years service.

A dispute over pensions preceded the walkout March 15.

Thousands Still Out

Despite Lewis' order of last Monday for the miners to get back to coal digging, many thousands still are out. They were waiting to

President Roxas Of Philippines Is Dead

(By The Associated Press)

MANILA, Friday, April 16 — President Manuel Roxas Y Acunda died last night at the U. S. Clark field airbase, where he became ill shortly after making a world broadcast against Communist aggression.

Elpidio Quirino, 57, vice president and foreign secretary, will become president.

The sudden death of the 56-year-old president, long an intermittent victim of a heart ailment, was announced early today at Malacanan palace, the presidential residence.

Died At 10:10 P. M.

The announcement from the presidential palace said Roxas died at 10:10 p. m. last night at the quarters of Maj. Gen. E. L. Eubank at Clark field, where he had been taken when he was stricken.

General Eubank commands the U. S. 13th Air Force.

Earlier, the palace had announced that Roxas had suffered merely from fatique and was in no danger.

When the Philippine republic was born on July 4, 1946, Roxas took the oath as president and guided its first steps along the paths of independence.

Climax To Long Career

In winning the presidency in the spring of 1946 Roxas defeated the incumbent, Sergio Osmena by a majority in excess of 200,000 votes. That marked a climax to

MANUEL A. ROXAS

a political career that began at 29 when he was elected governor of the province of Capiz where he was born Jan. 1, 1892.

A reserve major in the Philippine army, he was called to active duty soon after Pearl Harbor and was appointed an aide to General of the Army Douglas MacArthur with the rank of lieutenant colonel. He moved to Bataan with

19 Americans Are Killed In Eire Crackup

One Man Survives As Wife Watches Big Plane Crash

(Casualty List, Page 7, Sec. 3))

(By The Associated Press)

SHANNON AIRPORT, Eire, April 15—A Constellation flying from Calcutta to New York crashed today almost a half mile short of its landing runway here and all but one of the 31 aboard perished.

Pan American World Airways said, the plane, "Empress of the Skies, was making a routine instrument approach. It crashed into flaming wreckage 2,400 feet from the runway, the air line added.

Wealthy Indian Aboard

The dead included 19 Americans and Sir Homi Mehta, wealthy Indian industrialist.

Marc Worst, 38, of Burbank, California, was the sole survivor. He said the force of the crash threw him out through the baggage compartment. His wife, waiting at the airport to meet him, witnessed the tragedy. Worst is manager of Lockheed Aviation corporation's base at Shannon. Lockheed builds the Constellations, four-engined craft costing about $1,000,000 each.

Cause Is Unknown

There was no immediate explanation concerninag the cause of the crash. Basil Warnock, American Overseas Airlines stationmaster at Shannon, said weather observers reported three-mile visibility at the time of the crash—2:34 a. m. GMT (9:34 p. m. Wednesday EST). Other sources said the ceiling was about 400 feet.

Worst told reporters:

"We had come around once and we were making our second approach when the crash occurred. Up to this everything appeared to be normal. I was slung out through the baggage compartment but I was only slightly injured on the right hand."

Announcement Made

An announcement issued by Pan American's traffic manager, William Fitzgerald, said:

"Pan American clipper NC 88858 Lockheed Constellation crashed and burned while landing at Shannon airport at 0234 GMT. Marc Worst, an employee of Lockheed Aircraft corporation, is the only known survivor of the disaster. Aboard the plane were 21 passengers and a crew of 10, of which 20 were American, five

Hopes For Averting Disaster In Ohio's Flood Area Rising

(By The Associated Press)

CINCINNATI, April 15—Hopes of averting a major flood disaster in the Ohio river valley brightened today with forecasts of little rain for the next two days.

The Ohio, already at its sixth highest level in 64 years, still rose about four inches an hour. However, rivermen predicted only a little more damage than is usual each spring—unless there is more rain.

Two Deaths Reported

Two deaths—in West Virginia and Kentucky—were attributed to the swollen streams as flood conditions entered their fourth day. Meanwhile, the Red Cross cared for almost 3,800 families flooded from lowland homes in Ohio, Indiana, West Virginia and Kentucky.

Drowning victims were John Sherman (Jackie) McNally, 9, at Louisville, and Edward Smith, 17, at Sissonville, W. Va. Smith died in an attempt to recover a wild duck in Poco river. Jackie fell in Beargrass creek.

Grim Battle Waged

One grim battle against the rising Ohio was underway at Portsmouth, O., along the city's uncompleted million dollar floodwall. An emergency 1,000-foot levee two feet high is being built to piece out the floodwall designed to protect up to 77 feet when completed.

Last night Portsmouth high water neared the 60-foot stage, some four feet under the emergency wall. A tentative crest of 62 feet was expected.

A 64-foot stage was forecast for Cincinnati. This much water would cover Lunken airport and inundate many factories and business houses in that district. Some 141 families were moved out of homes there.

Families Are Evacuated

Across the river in Campbell county, Ky., another 500 families were evacuated yesterday. Further downstream at Louisville, scores of bottomland residents fled in the face of a weather bureau forecast of 44 feet above flood stage by Sunday. The Red Cross sheltered more than 1,300 families in a 14-county area.

There seemed little danger of epidemics, although the water supply was shut off at Cynthiana, Ky.

Bridges near Cincinnati (over Muddy creek) and Columbia, Ky., collapsed under the weight of trucks, dropping the vehicles into the water. There were no injuries.

Companies Are Alerted

Two engineering companies at Camp Campbell, Ky., were alerted to help fight rising waters in Newport, Ky. Gov. Earle Clements of Kentucky personally asked Second Army headquarters for

Claims He'll Be There To Use New Porch

Truman Says He Confidently Expects To Spend Four More Years In White House

(By The Associated Press)

WASHINGTON, April 15.—President Truman said today that he confidently expects to spend four more years in the White House.

In a breezy news conference, the President also told reporters that he had conferred this week with New York's Ed Flynn, Democratic national committeeman, and Paul Fitzpatrick, New York state party chairman.

He told reporters the two party leaders went away happy.

"Was the picture rosy or gray?" a reporter asked.

Mr. Truman said the picture was all right.

The remark about spending four years more in the White House came during a discussion of the newly completed, south portico balcony.

Mr. Truman said that he did not order the balcony for his own use, but to improve the White House's appearance. He said it follows the design Thomas Jefferson had in mind for the White House.

He said he anticipated using the porch during the next four years if he had the time to do so. He said he put in a pretty full day and did not know when he could find time, but, he added:

I'll be there to use it.

DUMP TRUCK RAMS INTO COACH

Two Die, 39 Hurt In Train Accident

(By The Associated Press)

KREMLIN, Okla., April 15.—A dump truck crashed into a speeding Rock Island train yesterday derailing three coaches and killing two passengers. Thirty-nine others were injured, three critically.

The impact knocked the coaches into a freight train on a siding and two of the coaches caught fire.

The left sides of three coaches were ripped off. Those killed and most of the injured were riding in the coach hit by the truck.

One Is Unidentified

One of the dead still is unidentified.

The other was Mrs. Earl McClintock, 35, Wichita, Kas.

The other victim's body was reduced to a torso in the flames, making direct identification impossible. Authorities said, however, they believe it to be a man.

Three other passengers are in critical condition and 36 more, including the truck driver, suffered lesser hurts. Twenty-three are still hospitalized in Enid, 12 miles south of here.

Train Runnihg Late

The silver-colored Rocket—a diesel locomotive and five cars—was running 15 minutes late from Kansas City to Dallas.

Kremlin is a small grain elevator town of about 100 in the prairie wheatland, and the Rocket usually runs through at 62 miles per hour. Yesterday afternoon, however, Engineer Clarence Kester lifted the speed to 78 to make up the lost time, Conductor I. N. Wilson said.

As he flashed toward a rising grade crossing he saw the heavily loaded truck approach from his right. It was driven by H. M. Laughlin, 38, of Oklahoma City, working for a road contractor.

Came Right On

"It looked like it was slowing down to let us pass, but it came right on into the coach," said Kester.

The last three cars leaped from the track and the whole train plunged crazily forward in clouds of flying dirt for more than three

CIVIL LIBERTIES NUMBER ONE

Wallace Outlines Nine Party Planks

(By The United Press)

NEW YORK, April 15—Henry A. Wallace, third party candidate for President, today announced nine planks he would urge for the platform his party will adopt at its national convention in Philadelphia July 24 and 25.

Asserting that civil liberties constituted "the number one problem in the United States in 1948," Wallace named that as the foremost matter for the platform. His recommendations were in a book, "Toward World Peace," published today.

Charging that the Republican and Democratic parties had "joined in a bipartisan coalition which supports kings, dictators and reactionaries abroad and puts up a sham fight between its equally reactionary wings inside the United States," Wallace said.

Pledges Fight

"Today the new party pledges itself to fight for the following things:

"1. Freedom of expression without fear of losing a job or suffering business reprisals, regardless of race and political opinions.

"2. Peace and understanding with Russia.

"3. Elimination of the expensive, totalitarian, militaristic, Wall street control of civil government which reduces production of civilian goods.

"4. Lower prices.

"5. Repeal of the Taft-Hartley act.

"6. Control of monopoly to eliminate the practices of high prices low wages, scarcity production, the accumulation of excessive reserves, and the use of unfair methods of competition.

"7. $100 a month old-age insurance, $1 an hour minimum wage, and protection of health with a practical form of socialized medicine for the benefit of the people.

"8. Higher educational standards based on federal aid to public schools.

"9. Government planning through the President's council of economic advisers to eliminate the violence of the business cycle and unemployment."

Wallace said he was convinced "that this program of peace, security and abundance is the only one which holds out hope in a troubled world in the most confused year in history."

WAR ON BOOTLEGGERS

MOSCOW, April 15. (U.P.)—Russia clamped down on bootleggers today and warned that all persons convicted of making or selling home-made vodka would be liable to a six to seven-year term in a labor camp.

Ladies 17-J "Hamilton" 4 diamond watch. King's Jewelry. Adv.

Bobbitt Steps Out Of Picture

AUSTIN, April 15. (AP)—Robert Lee Bobbitt of San Antonio today stepped out of the political picture as a possible candidate for Democratic national committeeman from Texas.

He suggested Rep. Sam Rayburn (D-Tex) of Bonham as the vital type of leader needed to replace former national committeeman Myron Blalock of Marshall.

Bobbitt, former attorney general, has been identified with a group of Democrats urging outright support of President Truman. He was strongly pro-Roosevelt in 1944. Bobbitt has been frequently mentioned as the pro-Truman wing's favored candidate to succeed Blalock.

Says He's Too Busy

He said he was too busy as chairman of the state bar's tidelands committee, and too occupied with working on a proposed constitutional amendment for reform of the judiciary, to take a nactive part in politics.

Bobbitt added he thought the tidelands matter was so important it should be completely nonpartisan. At the same time he made it clear it was "inconceivable" to him that anyone would bolt the Democratic party just because "some issue or some candidate may be objectionable to them."

RESIGNATIONS ASKED

ODESSA, April 15. (AP)—The resignations of Odessa Police Chief H. S. Cowsar and Capt. John Roalstrom were asked by new city councilmen last night after the councilmen were installed. The commissioners appointed former Police Lieutenant J. J. Heaton as temporary chief of police.

ARMS ARE SEIZED

ROME, April 15 (U.P.)—Several hundred carabinieri made a sweeping search of five Communist-dominated towns in Bari province today and rounded up "large quantities" of arms and ammunition.

Warmer Temperatures Predicted For Texas

(By The United Press)

Mild spring weather with sunny skies was reported from all parts of Texas today, but the weather forecast indicated the scorching temperatures of last Sunday may soon return.

Minimum temperautres early today ranged from 40 at Fredericksburg to 61 at Galveston, while yesterday's maximums included of 90 at Presidio and 69 at Tyler.

The forecast for the entire state was for fair and warmer weather this afternoon and tonight and continued warm Friday.

Light to moderate breezes were reported over the state today winds were from the south over most of the western half while the eastern half of the state had light and variable winds.

Five Children Die In Apartment Fire

JACKSON, Mich., April 15. (U.P.)—Five children perished today in a fire that destroyed a four-family frame home in suburban Vandercook Lake.

The victims were Ethel Midyett 16, her brother, James, 13, Beverly Nelson, 6, her sister Betty, 7, and Jerry Tatman, 4.

Permitted Russians To Plunder Train

Gen. Clay Orders Hungarians To Leave U.S. Zone At Once

(By The United Press)

FRANKFURT, April 15.—Fifteen members of two Hungarian missions were ordered today to leave the United States zone of Germany within 48 hours.

An Army announcement said the expulsions were ordered by Gen. Lucius D. Clay because no satisfactory explanation had been given for treatment of an American train in Hungary in January when Hungarian authorities permitted Soviet troops to plunder the cars.

Those ordered expelled were members of the Hungarian repatriation and restitution missions, who have been active in the repatriation of Hungarian displaced persons in the American zone.

The announcement said a full report on the Hungarian immediate explanations, but those tendered by the Hungarians in Germany and by the Hungarian foreign office in Budapest were unsatisfactory.

Clay first gave the Hungarians 72 hours to produce a satisfactory explanation. This was extended another three days when they pleaded communications difficulties between Frankfurt and Budapest.

The Army announcement said the incidents involved an American repatriation train carrying 480 Hungarian repatriates from the American zone to Komarom, 40 miles inside the Hungarian border

Burglaries Are Investigated

Three burglaries were under investigation of law enforcement agencies here this morning.

Approximately 15 cartons of cigarets were taken from a concessions stand in Tech theater, at 1211 College.

Approximately $8 was taken from a juke box of Campus cafeteria, on the campus of Texas Tech.

Pennies, Stamp Box Taken

Several pennies and a stamp box and its contents were removed from Nortex Hide and Produce, Inc., on East Nineteenth.

No effort apparently was made to break into a cash register at the cafeteria, said Dep. Sheriff Earl Horton, who investigated that break-in and the one at Nortex.

Roy Simmons, operator of the cafeteria, told Horton the burglar pried open the juke box and took keys to it that were on the inside of the instrument.

A 1941 black Ford coupe, license AN 9616, was reported stolen from C. D. Wallace of 2518 Ave. F.

A $40 bike was reported by Mrs. Carrie L. Bishop as stolen from 503 Hub homes.

Truck Is Stoen

Brownfied authorities said a 1947 green International pickup truck had been stolen there. License number was listed as RC 3928.

A radio valued at $40 was taken from the car of Doyle Lane of Doak hall, Texas Tech, police were informed.

Bond of $2,000 was posted by Barbara Roy, 30, a negro woman accused of assault with intent to murder her 40-year-old husband David Crocket Roy, who was shot at five times Tuesday afternoon.

County court authorities said three pleas of guilty had been en-

Anderson To Resign For Senate Campaign

ALBUQUERQUE, N. M., April 15. (AP)—Secretary of Agriculture Clinton P. Anderson said today he will leave President Truman's cabinet May 10.

The next day he is to speak before the Economic club in Chicago.

Anderson arrived early today to lay plans for his campaign to seek the Democratic senatorial nomination in New Mexico.

"Body & Soul"—State Now. Adv.

Senate Argues Housing Plans

WASHINGTON, April 15. (AP)—President Truman's plea for fast action on the Taft-Ellender-Wagner long range housing bill collided today with a hot Senate scrap over the measure.

The issue was this:

Should the Senate approve a batch of amendments sponsored by Senator McCarthy (R-Wis)?

Others Backed By Taft

Or should it okay instead a sheaf of changes backed by Senator Taft (R-Ohio)? He is one of the sponsors of the T-E-W bill designed to encourage construction of 15,000,000 new homes by 1958.

Taft and his supporters contend there are few important differences between the two sets of proposals. But members of this group insist their amendments should be adopted because they have been approved by the Senate banking committee, while McCarthy's have not.

McCarthy, on the other hand, holds that his amendments would make for a better bill.

Amendments Total 16

McCarthy's amendments—there are 16 of them—actually represent a housing bill he introduced some time ago. The Senate banking group gave it no consideration. Instead it approved a series of T-E-W amendments drafted by Senator Flanders (R-Vt) for the Senate-House committee on housing.

President Truman repeatedly has urged enactment of a housing program along the line of the T-E-W measure. Late yesterday, as the Senate opened debate on the bill,

Arabian Army Said Trapped

(By The Associated Press)

Arab league headquarters in Cairo said today it has received reports that Fawzi Bey Al Kaukji's Arab army in northern Palestine is surrounded by 12,000 Jewish fighters at Mishmar Haemak.

These reports said Haganah, the Jewish militia, was attempting to wrest a spectacular victory, possibly to impress the United Nations.

Trans-Jordan's foreign minister, Fawzi Mulki Pasha, said he relayed an urgent plea to King Abdullah of Trans-Jordan to aid the Arab army. He said the action at Mishmar Haemak was a major battle which, if won by the Arabs, "will be a fatal blow to Jewish ambitions."

Truce Plan Ready

Arabs began an attack on Mishmar Haemak April 5 with 1,000 men.

At Lake Success, N. Y., a truce plan for Palestine was before the U. N. security council, with prospects good for early passage, but there was no indication that either Jews or Arabs would accept. The U. N. assembly meets tomorrow in special session to reconsider the whole Palestine question.

The truce plan calls for an end to all violence and military activity; a halt in imports of war materiel, and an end to political activity pending the outcome of the assembly meeting. Council delegates, however, have made no provision for enforcing the truce.

House Body Passes Tidelands Oil Bill

WASHINGTON, April 15. (AP)—The tidelands bill was approved by the House judiciary committee today.

Chairman Michener (R-Mich) told a reporter that no recorded vote was taken. He said it was not unanimous.

The measure would grant the states title to certain off-shore lands and lands beneath navigable waters within state boundaries.

A similar bill has been approved by a Senate judiciary subcommittee.

Death Penalty For Murder Abolished

LONDON, April 15. (U.P.)—Great Britain, which once hanged criminals for stealing a loaf of bread, abolished the death penalty for murder today.

For a five-year experimental period the maximum penalty for murder will be life imprisonment. During that time hanging will be reserved only for those convicted under the treachery act for such crimes as treason or sabotaging the Royal dockyards.

Baby's Account Has Vital Statistics

BERLIN, N. H., April 15. (U.P.)—Day-old Edward Sullivan already had four deposits in his bank account today.

His father, fireman James E. Sullivan, celebrated the baby's birth by making four separate visits to the bank within 10 minutes. In order, he deposited $19.48 (year), $4.14 month and day), $12.03 (time) and $7.98 (weight).

48 Million-Bushel Wheat Crop Is Seen

AUSTIN, April 15. (U.P.)—A 194? wheat crop in Texas of 48,680,000 bushels was forecast today by the United States Department of Agriculture.

The forecast was made on conditions as of April 1.

The 48,680,000 bushels forecast compared with the record crop of 124,270,000 bushels produced last year, 62,916,000 in 1946 and the 10-year average of 45,686,000 bushels.

Bill Enables American Tourists To Return $300 Worth Of Goods

By JAMES DANIEL
Special Correspondent

WASHINGTON, April 15—Chairman Harold Knutson of the House ways and means committee today approved increasing the customs exemption for reutrning American tourists to $300.

Mr. Knutson, who calls the turn on tax legislation, said that was as far as he would go toward raising the present $100 limit on the value of goods that may be brought in duty-free.

Two pending bills would exempt $500 in foreign purchases, and the Treasury, State and Commerce departments have advocated $1000.

Rep. Knutson's okay on a $300 exemption, if backed by a majority of his committee, makes it possible for Congress to act in time to benefit Americans who go abroad this summer.

Support Growing

Support for a higher exemption is growing. The U S. Chamber of Commerce has advocated "early attention" to the $500 exemption bill introduced by Rep. Bertrand W. Gearhart (R.-Calif.)

The international committee of the National Association of Manufacturers also has taken a stand for higher duty-free exemptions.

Treasury Secretary Snyder in a speech to bankers at El Paso urged raising the exemption and said that "with proper encouragement," the expenditudes by American tourists abroad might be increased to more than $1 billion.

"If this anticipation should be realized," he said, "it would help to alleviate the world-wide dollar shortage."

AAA Campaigns

The American Automobile Association continued its campaign for raising the exemption by addressing letters to Representative Knutson and Rep. Gearhart The communications were signed by Russell E. Singer, vice president.

The letter to Mr. Knutson recalled that the American taxpayer now is making "a large and direct contribution" to bolster the economy of western Europe. "It is our conviction," said Mr Singer, "that expenditure of tourist dollars abroad equally can assist Europe along the path of recovery.

"Travel is a simple, natural, feasible and direct means of providing foreign nations with more American dollars for trade purposes. Increasing the duty-free exemption would pave the way for greater tourist spending abroad, and at the same time lessen the burden of taxpayers at home."

Refers To Chinaware

The letter to Rep. Gearhart alluded indirectly to the lobbying campaign which American china factories are conducting against the Californian's bill for fear of increasing the importation of English table wear through Canada.

Mr. Singer said the bill provided that travelers must be out of the country for more than 12 days before they may be entitled to the increased exemption; and that purchaes from abroad may be imported only once every six months.

Harriman Leads

One of the foremost advocates of encouraging foreign travel is Commerce Secretary Harriman. Before a Senate committee he estimated that one out of every 12 American workers and farmers was involved in foreign trade.

"When you talk about the exchange created by foreign travel getting to $1 billion, or even $2 billion, you are talking about a potential employment of around 500,000 to 1,000,000 American people," he said.

Dawson Schools Are Closed By Epidemic

LAMESA, April 15 (Special)—A mounting epidemic of measles brought orders yesterday from Dr. Urban H. Zee, county health officer, that the first five grades of all Lamesa and Dawson county schools be closed until Monday.

About 360 cases of the disease have been reported in Lamesa, Zee said, and perhaps another 200 cases are scattered throughout the county.

No fatalities have been reported, but several patients were in local hospitals with bronchial pneumonia contracted as an aftermath of attacks of measles, he stated.

May Close Other Grades

Measles have also affected the middle ears of some persons, and one case of encephalitis has been reported.

Zee described the present attacks of measles as "a fairly vicious type," but said that about 150 cases have been treated with serum which decreases the severity of the disease.

Most of the cases here involve children in the first three grades in school or children under school age. The county's schools might be closed entirely if the disease continues to spread the health officer indicated. The ban on the first five grades of school may be extended beyond Monday if the epidemic increases, but Zee said he believed it had reached its peak.

(The epidemic apparently has been confined to the Lamesa area as no reports of an unusual number of measles cases has been received in Lubbock from other South Plains towns and counties No unusual number of measles cases have been reported in Lubbock, a survey showed.)

Frozen foods should be kept solidly frozen in the freezing unit of the refrigerator until they are to be used. If the whole box or package isn't needed it may be cut in two, and one-half returned to the freezing unit at once. The exposed end of the package should be wrapped securely in waxed paper.

Longtime West Texas Adage Is "Out"; No Rain Now In Sight

Another longtime West Texas 'adage' has bitten the dust, West Texas dust at that.

For as long as most people can remember, a 'ring' or 'rainbow' around the moon meant a change in weather and more than likely moisture. At least, that was the saying the oldtimers had and the newtimers, digging dust from under their doors, hopefully picked it up.

It isn't necessarily so, though, it seems.

Last night, a 'lunar corona,' or 'ring' if you please, caused the moon to take on a very unusual and luminous glow in Lubbock and over the South Plains. A number of people expressed interest and the opinion that it meant possible moisture.

The weatherman had noticed the glow around the body that rhymes with June, also, and came up with a few interesting, although somewhat discouraging facts.

It seems that last night's heavenly show was unusual only in that the 'corona' or 'ring' was so small and 'close' to the moon. Usually the 'ring' is somewhat larger and apart from the moon's reflection itself.

The glow or 'corona' was caused, the man who makes a habit of crawling out on limbs said, by the "diffraction of light raised from the moon by tiny water droplets in clouds" approximately 28,000 feet in the sky There is a similar condition known as a "lunar halo" caused by the refraction of light through ice crystals.

However, before any of the folks hereabouts rush out in expectation of those 'droplets' dropping in any quantity, the Weatherman has a word of caution.

Belief Is Explained

Explaining the widespread belief that a 'ring' around the moon indicated a change in weather and possibly rainfall or moisture, Victor Halliburton, weatherman on duty at the Weather station north of the city last night, said:

"Quite often a high belt or thin layer of these clouds composed of these droplets or ice crystals precede a typical frontal disturbance which may be moving into any given area. This high cloudiness usually precedes the front by as much as two days. Owing to the fact that people observe the condition around the moon and predict rain and in some cases have the condition followed by a change in weather or moisture the belief has gained some foundation. However, this is true more often along the coast and not in the interior."

"It doesn't necessarily hold true elsewhere," he added.

And to further shatter the illusion, Halliburton answered a question of whether any immediate change was in prospect for Lubbock and vicinity by saying:

"The forecast for Thursday is fair and warmer weather with partly cloudy conditions and continued warm weather Friday." He added no indication was seen for any appreciable amount of moisture any ways soon.

The last date of measurable moisture at the station was on March 10, a total of .10 of an inch of snow. The rainfall for the area is now .99 below normal, a total of 1.69 inches having fallen to date. The normal is 2.68 inches.

Dr. R. S. Underwood, Texas Tech instructor, pointed out that possibly one reason the moon appeared somewhat obscured and the stars bright was because of the difference in the brightness of the two. He said it also might be interesting to note the planet Venus would reach a point of its greatest elongation, farthest east of the sun, tonight and would be at its brightest in the next three weeks.

WEATHER

PROBABLY CLOUDY or sunny today or tomorrow. Warmer or colder temperatures expected, ranging between 10° and 100° F. Ideal weather for biscuits made with LIGHT CRUST, "the finest of fine flours."

Italy's Bitter Election Campaign Enters Its Final Phase With Communists Losing Ground

ROME, April 15 (AP) — Italy's bitter election campaign entered its last phase today with the Communists apparently still losing ground. The government mounted guard for any last-minute Leftist maneuver in the country's "Red North."

A government decree closes campaigning at midnight tomorrow allowing a 32-hour cooling off period before voting starts Sunday morning at 8.

Premier Alcide De Gasperi, Christian Democrat leader, has warned that the government will not tolerate trouble on election eve, and has promised it has enough troops to maintain order.

An interior ministry report that the Communist-dominated chamber of labor at Mantua had called a general strike in the northern province of Mantova could not be confirmed. Police at the scene said last night it had not been called yet. Mantua is the capital of Montova.

In Protest

The ministry said the reported strike cali was in protest against the arrest Tuesday of Cleanti Armondi, Communist mayor of Serravale, near Mantua. It said a cache of small arms was found in his home, and included five rifles.

Police at Ostiglia, south of Mantua, said a crowd gathered by agitators who wanted to release Armondi from jail, attacked reinforcements coming to the carabinieri barracks, but that order was restored. They said three hand grenades and a shower of stones were thrown by the crowd and that the police used their arms to stop the disturbance. Three persons were wounded. Eight soldiers, police and carabinieri were hurt by stones.

Campaigning by all the politicians went into the last, strenuous round.

"Not Revolutionary"

Pietro Nenni, pro-Communist socialist leader, told an audience at Savona the Communist-promoted popular front has no revolutionary intentions.

De Gasperi, who has been campaigning so vigorously that his aides have feared for his health, covered the nation from north to south in one day.

He flew from Milan to Rome, where he conferred with foreign minister Count Carlo Sforza, then went on to Sicily where he talked Palermo.

The premier repeated his warning that a Communist victory would mean the end of American aid to Italy.

Plan Looms Larger

The Marshall plan lomed ever larger in the closing hours of a campaign which has as its overshadowing issue the United States versus Russia. Observers feel the Marshall plan argument has been a boon to the anti-Communists and a cross to supporters of the Communist popular front.

Milanese were warned by Vilim Blazej, secretary-general of the Czechoslovakian Social Democrat party in exile, that the Czech Communist coup followed pressure by Prime Minister Stalin for rejection of the European recovery program.

He touched on the death of Czechoslovakia's Socialist foreign minister Jan Masaryq, reported by the Czech government to have been a suicide.

"I do not think he committed suicide, nor do any people of my acquaintance," he said.

In Trieste the atmosphere was tense as preparations were made for a rally of all pro-Italian political parties. The Allied military government has authorized a rally of 50,000 persons. Many felt this may turn into an anti-Russian demonstration because the Soviet Union has refused to discuss the western power proposal to return the free territory to Italy.

The Communist newspaper Il Lavoratore in Trieste said the rally was a provocation against peace. It added that Communist workers have decided they are strong enough to resist provocations.

About Half Nation Has Changed Homes

WASHINGTON, April 15 (AP)—About half of the nation's population has changed living quarters since April, 1940, the census bureau reported today.

The bureau said a survey it made last April indicates about 70,000,000 people had moved into a different house in the last seven years.

"Probably never before in the history of the United States has there been internal population movement of such magnitude," the bureau said.

It estimated that about 12,000,000 persons moved to a new state, 13,000,000 stayed in the same state but moved to a new county, and 44,000,000 changed houses within the same county.

Farm areas lost 3,200,000 persons in the seven years, or about one of each eight persons living on a farm in 1940, the report said.

The west continued to gain population from other areas, adding about 2,000,000 persons from other regions.

The south, the bureau said, continued losing with a net number 1,500,000 persons moving to other regions. In contrast to the 1935-40 period, the southern negro population moved in greater proportions and "over longer distances than the whites between 1940 and 1947," the report said.

Creamed flaked fish spooned into individual baking shells and sprinkled with cheese before going under the broiler is a good dish to serve for Sunday night supper. Accompany the fish with a green salad and a hearty dessert of hot apple pie and cheese.

CARNIVAL — By Dick Turner

"Here's one that ends happily! After a terrific legal battle the wife wins a divorce with alimony!"

Thousand Friends Honor Eddie Cantor At Testimonial Dinner

BEVERLY HILLS, April 15 (AP)—A thousand friends of comedian Eddie Cantor attended a testimonial dinner last night honoring him for his long career in show business and his philanthropic work

Mrs. Irving Buchalter, president of the Beverly Hills B'Nai Birith women, which sponsored the affair, said her group had voted Cantor as the "outstanding humanitarian of the year," particularly for his summer tours and other efforts in behalf of charitable enterprises.

Jessel Is MC

George Jessel, who was with Cantor in Gus Edwards minstrels, was master of ceremonies. He and comedians Al Jolson, Groucho Marx and many other speakers and entertainers kept the program crackling with quips about Cantor's age and his five daughters, as well as his contributions to show business.

Billie Burke, widow of Flo Ziegfeld, said she "watched Eddie grow up." Mayor Fletcher Bowron of Los Angeles praised Cantor's wartime patriotic work and his "efforts for the downtrodden." Will Rogers, jr., said Eddie's humanitarianism would be remembered long after his songs.

Gave Time

Harry Von Zell said Cantor had "given unstintingly of his time to his fellow men." Speakers included Atty. Joseph Scott, prominent Catholic layman; Rabbie Edgar Magnin and Dr. Merle Fish, Protestant minister.

Howard Hughes Plans To Buy Movie Studio

HOLLYWOOD, April 15. (AP)—Airplane and movie-maker Howard Hughes says he still has "on the fire" a deal to acquire a motion picture studio which he plans to build into a predominant concern in the industry.

Hughes was negotiating with Floyd Odlum for the latter's stock in RKO but the deal fell through at the last minute. Hughes said he might have an announcement within a week on his acquisition of another studio. Its identity he would not disclose.

Hughes also said his $20,000,000 flying boat will not take the air for another two months or so because engine control systems are far from completed.

Hughes flew the giant craft once, for about one mile. He said he is convinced it is a practical ship and that it would be of great benefit in any future war.

Appetizers to serve with tomato juice as a first course may be concocted from deviled ham spread on crackers and sprinkled with sieved hard-cooked egg; garnish with a slice of pimento-stuffed olive, a tiny pickled onion or a slice of gherkin.

May Allowable Cut For Texas

AUSTIN, April 15. (AP)—The May oil allowable for Texas was cut 9,733 barrels below the present figure by the railroad commission yesterday.

Though the commission issued an order to cover both May and June, the allowables will be different for the two months. The reason: the East Texas field will be on 21 producing days in both May and June. Thus, that field's allowable will be 306,981 barrels per day in the 31-day month and will return to the current figure of 316,806 barrels daily in June.

Only other change in allowables was one increasing the Gulf coast district 92 barrels per day.

The total allowable for May will be 2,608,196 barrels a day compared to 2,617,929 as of April 10.

Underproduction was estimated at 151,275 barrels. This would result in an actual flow of 2,456,421 barrels of Texas crude daily, 6,421 barrels more than the daily market demand estimated by the United States Bureau of Mines.

An added 229,402 barrels in natural gasoline and distillate will mean total production of 2,685,823 barrels each day.

Sixty-day oil orders are also planned for the July-August and September-October periods. The next statewide oil hearing was set for June 16. A law requiring monthly gas hearings made it necessary to schedule a statewide gas hearing May 19.

Paul Schramm, Viennese-born pianist, once made a concert tour of west Australian back country by taking his upright piano with him in a truck. The driver doubled as piano tuner and ticket taker.

An electric vacuum bottle, designed to bring a pint of water to a boil in a few moments, shuts off automatically and keeps liquid a few degrees below boiling indefinitely.

Wednesday Clubs Meet For Business, Program Hours

Wednesday afternoon meetings were those of an AAUW Study unit, a UDC chapter, a business women's club and a music club. Programs were presented at the meetings and business sessions were conducted.

Members of AAUW Child Study unit, group 2, who met with Mrs. Gordon Deering, 2106 Thirty-first, Wednesday afternoon elected the following officers:

Mrs. Paul Cates, president; Mrs. Jess Hendrix, vice-president; Mrs. H. J. Roper, secretary-treasurer; Mrs. R. E. Gee, librarian; and Mrs. N. A. Cox, reporter. Mrs. Frank Todd, retiring president, presided.

A guest, Mrs. Iris Bergholm, spoke on "Preparing the Child for School." She suggested that parents check their children physically, mentally and emotionally before they send them to school and that cooperation with the school Summer Round-Up program is important. The speaker told the mothers that in general it is not a good idea to teach a child to read before he starts to school; it is better, she said, to occupy children with art work and handcrafts. Mrs. Bergholm warned the group that telling a ehild what to do all the time is very bad for him.

Mrs. R. H. Canaday was cohostess and members present were Mesdames Ray Livesay, J. D. Sanders, H. J. Steinhoff, H. J. Roper, Jess Hendrix, Otis Fincher, Odis Hackney, C. M. Neel, Ralph Caldwell, C. A. Spencer, Preston Smith, W. T. Rogers, N. A. Cox, Eugene Knox, Bob Gee and Dr. Agnes True.

PROGRAM IS ON MODERN MUSIC

Allegro Music club's Wednesday afternoon program which was presented in the home of Mrs. James Vickers was on modern music and was directed by Mrs. Max Wiser.

Mrs. Asher Thompson, accompanied by Mrs. T. W. Womack, sang "Elsa's Dream" from Lohengrin; Mrs. Lloyd Croslin played "Poem" (Deems Taylor); Mrs. Bailey Ireland played "Lento" Shostokovitch); Mrs. Howard Phillips sang "Let My Song Fill Your Heart" (Ernest Charles); Mrs. James Vickers played "The Singing Fountain" (Neimann); Miss Marya Hooten offered "My Heart Is a Silent Violin" (Oscar Fox); and Mrs. Marlin Hayhurst presented "Light the Lamps Up" (Warren).

Twenty-seven members and one guest, Mrs. R. L. Hooten, attended. Hostesses with Mrs. Vickers were Mesdames John Howell, William Stone and Asher Thompson.

The club planned a meeting for April 28 which will be held in the home of Mrs. Aubrey Woodfin.

TOUR OF SOUTH IS DESCRIBED

A description of her recent tour through the South was made by Mrs. T. R. Prideaux for Stephen Wilkinson chapter of United Daughters of the Confederacy which met with Mrs. Marvin McLarty, 2210 Eighteenth, Wednesday afternoon.

Points of interest on her trip included memorials, the Natchez Pilgrimage, the Azalea Trail and a visit to Mrs. R. P. Reese of Pensacola, Fla., a former associate member of the local chapter. In Vicksburg, Miss., she saw a pantomime depicting plantation life, from courtship days through marriage. Pictures were displayed by the speaker.

Mrs. J. H. Hankins made a report on President Truman's Civil Rights bill.

The chapter selected Mrs. J. H. Hankins and Mrs. L. A. Kerr to attend a UDC meeting to be held April 28-29 in Wichita Falls. Plans were made to decorate Confederate graves April 26.

Others attending the meeting were Miss Mamie Crump, Mrs. Mary Lovell and Mrs. McLarty's mother, a guest.

OUTSTANDING MEMBER SELECTED BY CLUB

The member of Lubbock Business and Professional Women's club who will be honored with other women at the City Federation "Every Woman's Tea" April 22 will be Mrs. A. F. Rasor. This selection was made at a business luncheon of the organization held Wednesday at Hilton hotel. Mrs. Bernice Carnahan presided.

Plans were made for delegates to attend the State B&PW convention to be held in Dallas April 23-25.

Mrs. Mable M. Krebbs was accepted as a new member. Fifty persons attended the luncheon, including two guests, Mrs. Zella Stewart who has moved here from Oklahoma City and Mrs. Coba Johnson.

Mrs. Elbertine Hush Is Hostess At Club Party

1946 Forty-two club members were Wednesday afternoon guests of Mrs. Elbertine Hush, 2114 Eighteenth. Mrs. C. B. Berry was a guest and members present were Mesdames T. E. May, S. B. Hay, R. J. Williams, Pearl Sampson, B. A. Maddox, C. N. Kennon, R. D. Cole, L. C. Montgomery and M C. Rampy.

Mrs Rampy, 820 Ave. K, will be club hostess April 28 at 3 p. m.

Mrs. Pool To Entertain At Breakfast For Club

XYL club members met Wednesday night with Rogers Orr.

After a business meeting presided over by Mrs. E. C. Pool, Liverpool rummy was played.

The club is to attend a breakfast at the home of Mrs. Pool, 2306 Adams, April 23 at 8:30 o'clock.

Present were Mesdames Homa Reece, U. V. Blake, Bob Lowery, W. T. Ward and Chuck Stailey.

Grits are hulled and coarsely ground grain.

MARY HAWORTH'S MAIL . . .

Naval Officer Reports Careerist Crisis Since Friends Refuse To Accept Chinese-Born Wife

DEAR MARY HAWORTH: I am a Naval officer, born of a fine old family, with a silver spoon in my mouth, I suppose. I met Lin two years ago in Shanghai, where she was the toast of the city, and one of the most beautiful women I've ever seen.

She is a member of one of China's wealthiest, most prominent families. Her family is Christian and basically fine. The official colony found her very acceptable; because in Shanghai it is the rule to have highly placed Chinese friends and associates.

Lin is beautifully educated, speaks flawless English, has great style and all the background of culture and refinement one can have. After eight months, I proposed; three months later, she accepted; and we were married.

CIVILIAN NABOB APES THE BRASS

PRIOR to our wedding, my family and close friends in the states were writing in hysterical protest; but after we married they seemed to accept the situation and wrote very kindly to Lin Then I got my orders back to the states and of course Lin came with me.

My family was very kind to her, but friends took the attitude of 'poor old Bill," and though the men were as loyal as ever, their wives were cool to Lin and very politely left us out of their social doings. I was seriously considered for a job as Naval Attache in Europe but nothing came of it, and a high-ranking officer explained that Lin, though lovely, wouldn't fit in.

I put in my resignation and went job-hunting in New York, going alone, as Lin was pregnant and indisposed. I was offered a very fine executive position with an engineering firm, which I accepted; but the offer was withdrawn as soon as the president learned I was married to a Chinese.

SAD WIFE SOFTLY OFFERS DIVORCE

TWO months ago we lost the baby and Lin seems lost too. We have grown apart so much that she has even mentioned divorce; for my sake, I think. Perhaps it's the only way: Lin back to her life, me to mine, but I hate the thought.

Lin loves America, but she wants us to go back to China (as a last resort) where I could get a job of the same caliber as the one in New York, but with a Chinese firm; but I hate the thought, and I know I would go to pieces there. The only thing Chinese I like is Lin, although I realize that is selfish of me.

This is a challenge that both of us should be big enough to meet. I love the service and my resignation hasn't yet been acted upon, though it may be any day. Should I stay in the Navy and keep plugging? Please help us; the problem needs perspective and you have it.

Signed W. C.

WIFE IS BIGGER PERSON THAN MAN

DEAR W. C.: It is unfair to say, "This is a challenge that both of us should be big enough to meet." Lin is big enough to meet it, in terms of perfect devotion to you. She is ready for any adjustment or sacrifice that would help you pull yourself together

You are trembling and sweating (figuratively speaking) like a psychoneurotic under fire, in the face of the home-front barrage of unconscionable snobbery loosed at Lin. You aren't big enough to meet the attack with dignity and loyalty to her; and it is this turn of events that makes her feel lost.

Your recital (here much condensed) bristles with evidence that your essential reaction to "the challenge" is one of morbidly anxious self-concern and tacit rejection to Lin, is servile deference to clique opinion that she is a hindrance to officer-prestige, which central truth of your attitude she feels to the core, hence her offer of divorce.

It is significant that you never once speak of her as "my wife." There isn't a hint of positive, rational, cherishing regard for her—now that your character is brought to test.

Also it is significant that Lin was the toast of Shanghai, a great belle and a great lady there, when you found her desirable; that you have to try hard to recapture ardor now, since the service set is snubbing her; and that your reaction to her courageous offer of divorce is to muse, "Perhaps it's the only way: Lin back to her life, me to mine . . ."

MAN IS PUPPET OF HIS "CLASS"

BORN to privilege, your mood in courting and marrying Lin, despite hysterical protests from the American scene, was that of a man confidently accustomed to gaining objectives without strain, owing to the solid backing of his class and its sycophants.

The source of your confidence within that backing (which you'd never been without) and not in yourself, as you and Lin had supposed. With that backing only partially and tentatively withdrawn, you've gone to pieces, blown your top; and in view of all this, I feel that marriage worthy of Lin isn't in the cards here.

However, if you really want to be a man and have the potentials to be one, the best way of making the grade is to quit the Navy, and with it all striving for title achieved by pull, and enter industry through the back door, looking for work, not swank or "position." Then by practical demonstration of superior know-how, carve your niche in life the democratic way. For perspective, read "Man for Himself," by Eric Fromm (Rinehart & Company, publishers).

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of The Lubbock Evening Journal).

(Copyright, 1948, The Washington Post)

Graduates Council Will Meet For Book Review

Tech Council of Women Graduates will meet at 7 o'clock tonight in the Yaqui room of the Hilton hotel for a dessert coffee, election of officers and book review.

Dean James G. Allen will discuss Thornton Wilder's book, "The Ides of March."

Party Given By Alumnae

Eight members of Las Chaparritas Alumnae association entertained with a bridge and rummy party Wednesday night at the home of Mrs. James Vickers on the Plainview highway, as a courtesy to patronesses and other alumnae. They were Mesdames Asher Thompson, Vickers, Russell S. Wilkinson, Lloyd Hahn, Joe K. Jones, Misses Peggy Hess, Flossie Burkholder and Mary Louise Middleton.

Fruit blossoms were decorations.

High scores in the games were made by Mesdames J. G. Keyes, Thompson and Miss Betty Alice Gordon.

Patronesses were Mesdames Keyes, Lawrence Bacon, Charles Bacon, Allen Benton, James Baker, G. W. Cochran, J. H. Cochran, Robert Howard, Frank Hudgins, W. B. Rushing, John Ruhmann and Neil H. Wright, jr.

Other alumnae present were Mesdames L. J. Sollis, Elton Plowman, Charles C. Watson, jr., Bedford Raley, H. J. MacKenzie, Ernest Griffith, Jess May, Ed McKeever of Chicago, Misses Gordon and Anne Birkman.

Needle Clubs At Socials

In the home of Mrs. Audis Moore, 2511 Twenty - ninth, Wednesday, a luncheon was held for Friendly Nine Needle club.

Attending were Mesdames E. C. Caviness, G. E. Holmes, W. R. Breedlove, John Stephenson, Leonard Heim, John Box, H. F. Holland and Tom Ogg.

Plans were made to meet April 28 at 2 p. m. with Mrs. Breedlove, New Hope road.

* * *

Members of Wednesday Needle club who met with Mrs. J. M. Lewis, 1310 Ave. N, yesterday afternoon to visit and sew were:

Mesdames S. C. Wilson, Randall Polk, W. D. O'Brien, H. A. Davidson, Rosella Rushing, L. B. Wright, M. W. Moore, T. W. Thomas, J. B. Maxey, Sim O'Neal, Frank Mitchell, Dave Patterson and Lee O'Neil.

Mrs. W. B. Atkins was accepted as a new member.

* * *

At a meeting of 1916 Needle club Wednesday, Mrs. H. G. Bizzell and Mrs. James Samson were hostesses in the home of the former at 1920 Fifteenth.

Present were Mesdames A. H. Leidigh, R. I. Tubbs, W. E. Lyle, R. S. Rodgers, D. M. Henderson, James Kimmel, R. V. Kimmel, J. A. Pressley, B. T. Hambright, Earl Thompson, E. R. Allen, J. L. Rosamond and W. H. Edgett.

* * *

Pioneer Needle club met at Talley Tea room, 1510-B Ave. M, with Mrs. W. C. Edwards and Mrs. J. D. Lindsey as hostesses.

Members attending were Mesdames Clara Abney, George Arnett, George R. Bean, L. D. Rankin, H. O. Waters, P. B. Penney, J. D. Miller, Elwin Wheelock, Anna Parks, George Wolffarth, George Boles, R. W. Walker and Miss Mae Murfee.

* * *

The annual picnic for Fit and Fashion club members and their husbands was planned for May 17 at a meeting held Wednesday afternoon in the home of Mrs. N. J. Robnett, Rt. 4. Hostesses for the picnic will be Mesdames G. E. Dawson, Harvey Dunn, Howard Price and D. M. Howell.

Attending the afternoon meeting were Mesdames R. W. Matthews, Bennie McWilliams, H. J. McCabe, M. E. Witt, Floyd Honey, J. W. Reid, W. C. Watts, Dunn, Bill Floyd and Dawson.

BRT Auxiliary Receives Three Members At Hall

Ladies auxiliary to the Brotherhood of Railroad Trainmen initiated three members, Mesdames Dorothy Helms, Marie Hogan and Gladys Simmons, at a 1 o'clock meeting Wednesday afternoon at the IOOF hall.

Officers and drill teams assisted in the ceremony of initiation.

Tea was served. The hall was decked with lilac blooms. Twenty-three members attended.

Zeta Chi Sorority Will Observe Founders Day

Zeta Chi chapter of Beta Sigma Phi sorority met at the home of Mrs. Ivan Mayfield, 1411 Arnett, Wednesday night to make plans for a Founders day dinner April 19 at the Hilton hotel.

A box supper will be given at the Party house April 25.

A round table discussion was led by Mrs. R. B. Parkinson.

Sorority Is At Election

Officers were elected and rush parties were planned by Nu Phi Mu sorority at a meeting held in the home of Glenna Lee, 2204 Fourteenth, Tuesday night.

Alice Gibson is the new president; Joan Faubion, vice-president; Mary Lou Spence, recording secretary; Joan Jackson, corresponding secretary; and Glenna Lee, treasurer. An installation ceremony will be conducted April 27.

Rush activities are to be as follows: Sunday, April 18, 3:30 to 4:30 p. m., coke party at the home of Jean Coffee, 2713 North Third; Tuesday, April 20, 7:30 to 10 p. m., wiener roast at Mackenzie State park; and Friday, April 23, 8 to 9:30 p. m., tea at home of Mrs. Bob Payne, 2110 Twenty-first.

The sorority planned a Mother's Day tea, also.

At the Tuesday meeting were Glenna Lee, Betty Burson, Joan Faubion, Marcine Wallace, Fern Duncan, Joan Jackson, Alice Gibson, Mary Lou Spence, Shirley McRee, Mary Small, and Mesdames Dan Warner, Bob Payne, Frank Kuhn, A. R. Golding, jr., Bob Ervey and Bob Nicks.

Wednesday Club Meeting Held In Burdett Home

Sew on Wednesday club members who were the afternoon guests of Mrs. R. E. Burdett, 1020 Eighteenth, were Mesdames J. L. Badley, Curtis Boyd, E. M. Copp, Elmer East, Warren Henry, E. E. McClatchy, G. R. Saverance, Melvin Robertson and E. C. Pool.

Mrs. Copp, 1608 Twenty-third, will be club hostess April 28 at 2 p. m.

The electric tabulating machine was patented in 1889.

Golf Winners Are Listed

Awards for fall and winter golf tournaments were made when Ladies Association of Lubbock Country club met Wednesday at the club.

In the fall tournament the following were winners: Mrs. George Soash, winner, and Mrs. T. E. Patterson, runner-up, in the 18-hole flight; Mrs. W. F. Eisenberg, winner, and Mrs. Eddie Louthan, runner-up, in the 9 hole flight; Mrs. E. S. Hall winner in the beginners' group. Mrs. David Haymes was given an award for showing the most improvement among the beginners.

Winter tournament winners were: Mrs. George Soash, winner, and Mrs. E. E. Key, runner-up, in the 18 hole flight; Mrs. C. O. Campbell, winner, and Mrs. M. M. Brown, runner-up, in the 9 hole flight; Mrs. Tobe Foster, winner, and Mrs. E. S. Hall, runner-up, in the beginners' group.

In Wednesday's play scores were made as follows: Mrs. John Markham, 18-hole flight; Mesdames M. M. Brown and E. M. Hennersdorf, tied in 9-hole flight; Mrs. John L. Burkholder, beginners flight.

Coal Shortage Still Exists As Thousands Of Miners Await Court Decision In Lewis Case

PITTSBURGH, April 15 (AP) — A quarter of a million soft coal miners trekked back to the pits today but thousands of others sat tight, waiting "to see what the court does about John L. Lewis."

Trial of president Lewis of the United Mine Workers, on a charge of contempt of the federal court, was in its second day. Lewis refused to defend himself yesterday, either by calling witnesses, or by allowing attorneys to argue on his behalf. The government will make its final summing-up today. It charges Lewis and the UMW failed to heed a back-to-work order issued April 5.

Walkout Ends

A 29-day walkout of the miners ended officially Monday when they were granted $100 a month pensions at age 62 after 20 years in the mines.

A few hundred miners were back in the pits almost as soon as the pension plan was approved, thousands of others hurried back when they got telegrams from Lewis saying "our contract has been honored." By Tuesday the back-to-work movement had carried 100,000 miners into the pits.

Today at least a quarter million of the pension paraders were on the job, but many thousands of others remained ominously resistant.

Await Decision

In the western Pennsylvania field, the 1,600 members of the UMW local at Robena mine, largest in the world, met for only seven minutes last night before voting to adjourn until 2 p. m. Saturday. This meant the miners did not mean to return to their jobs until after the federal court decision.

Robena mine, in Greene county, Pennsylvania, is one of the so-called "captive" mines. It is owned by the H. C. Frick Coke Co., a subsidiary of the U. S. Steel Corp. Robena is considered a bellwether of the Pennsylvania "captives," only a few of which have resumed operation.

In Fayette county, heavily dotted with "captive" workings, only 800 of the 15,000 miners were working. These were at two small H. C. Frick pits, Gates and Kyle, each with 400 men.

The pattern was repeated, with variations, all over western and central Pennsylvania. Of the state's 96,000 soft coal diggers, only 37,000 had returned to the pits.

In West Virginia, the picture was different. Nearly all of the 120,000 diggers were back. However, one UMW local, at Grant Town, Marion county, representing workers at the Federal No. 1 mine of the Eastern Gas and Fuel Associates, voted not to return to work until Lewis' trial is completed.

In Utah, all 4,327 of the UMW members remained idle. They too, are waiting to see what the federal court does.

The picture in other states: Illinois, 17,000 out of 18,000 back at work; Kentucky, at least 25,000 out of 50,000; Alabama, 11,000 out of 20,000; Indiana, 3,500 out of 7,500; Tennessee, one-fourth to one-half of its 10,000 men working; Colorado-New Mexico, 5,700 out of 7,000 (all of New Mexico's miners are back); Ohio, at least 1,000 out of 17,000; Oklahoma-Arkansas, 3,750 out of 5,000; Wyoming, 3,800 out of 4,,000.

Virginia said "good-sized crews" of its 15,000 miners were back at work but gave no estimate, and other unestimated numbers returned to their jobs in Kansas, Missouri and Maryland.

Industrial effects of the walkout were not yet over. Carnegie-Illinois Steel Corp. announced yesterday it was forced to cut back operations the equivalent of one blast furnace because coal supplies were still short. The firm has 11 of its 38 blast furnaces banked and 3,900 workers idle. Throughout the nation, 55,000 to 60,000 steel workers have been furloughed because of the coal walkout.

INTERVIEWS PLANNED

WASHINGTON, April 15 (AP)—Three Texas cities are among 70 where the Agriculture department plans to interview housewives this spring to find out what city families are eating.

The three Texas cities are Austin, Huntsville and Marshall.

Five-Year Sentence In Murder Assessed

AUSTIN, April 15 (U.P.)—Kermit C. Dillard stood adjudged today by a 126th district court jury as guilty of murder without malice in connection with the fatal shooting last June 7 of Thomas H. Davis, jr.

The jury returned its verdict last night, and recommended that Dillard be given a five-year sentence. It took two and a half hours for the jury to render its verdict. Defense attorneys said a motion for retrial would be made.

Africa's population, estimated at 160,000,000, includes only about 4,000,000 Europeans.

Industrial Plants, As Well As Police, Now Using Drunkometer

By PAUL F. ELLIS
United Press Science Writer

NEW YORK, April 15 (U.P.)—The drunkometer, a device originally developed to convict intoxicated drivers, is making its way into industrial plants to weed out tipsy workers.

Such workers, going to their jobs with too many drinks, cause accidents, according to William H. Stephenson, Red Bank, N. J., manufacturer of the drink testing machine.

Installing Machines

He said that 10 large companies already have followed the example of some state and city police departments, and are installing the machines. He said that both management and labor are cooperating.

The drunkometer is a comparatively simple devvice. First, the subject is asked to blow up a rubber balloon. His breath from the balloon then is released into a tube containing a solution of sulfuric acid and potassium permanganate, which has a dark purple color. If he has too much alcohol in his blood, the solution will change to a light brown color.

Drunk At 15 Per Cent

Stephenson said that medical authorities had determined that if a person has 15 per cent or more concentration of alcohol circulating in his body, then he is intoxicated and not fit to drive an automobile. The same applies to the worker in an industrial plant, Stephenson said.

The drunkometer, now standard equipment in about 75 city police departments, was demonstrated today at the 18th annual safety convention exposition. Stephenson exhibited charts, based on research, that a person can carry up to 15 per cent concentration and not be considered unsafe. He pointed out that two ounces of whiskey or two bottles of beer by the average person will give him a 5 per cent score.

Six To Eight Ounces

Six to eight ounces of whisky or six to seven bottles of beer drunk by the average person runs the concentration up to 15 per cent. Beyond that score, he said police are booking drivers and employers are sending workers home.

The drunkometer was designed by Dr Rolla N. Harger, head of the biochemistry department at the Indiana university medical school, Indianapolis. He has spent many years in research into chemical intoxication tests.

If a member of a Navajo Indian family has a bad dream, the whole family often will move its home.

According to Navajo Indian beliefs, a person who lives in a house where another person has died will himself die.

ommunism May Be Slowed To A rawl By American Aid Plans

By DeWITT MacKENZIE
ssociated Press Foreign Affairs Analyst

A reader of this column raises he query of whether it is possible or Russia and the United States—he world's greatest powers—to ive side by side without engaging a war to see who's who.

In short, the reader wants to now whether the world is big nough to hold both countries. hat's a fair question, and not too ard to answer. The Soviet Union nd America—the former supported by its communized bondmen and the latted allied with the lemocracies—already are at war. o be sure we call it a "cold war," ut it isn't so cold when you check up the long string of such bloody upheavals as that which has just it Colombia.

Of course our reader may have been thinking in terms of the cold war being finished and of the two itans eyeing each other across the Atlantic (or perhaps more likely across the top of the world). However I don't believe that its the way it's going to work out.

This war was started by Russia—a carefully calculated plan aimed at the communization of the world. Actually it's nothing new but it has been going on since the Bolshevist revolution of 1917, and it isn't going to stop until Communism butts its head against a solid wall of Democracy.

The Red aggression in Europe went swimmingly so long as it was operating in the eastern portion dominated by the Russian armies. Now, however, it has come up to the open plains of Democracy, and there certainly are signs that the democracies, with the essential aid of the Marshall plan, are throwing across central Europe a barrier which may halt the Red sweep.

There are dangerous spots in western Europe. One of them is Italy, with its powerful Communist party, and the anxiously awaited national election of next Sunday may disclose the extent of the Communist threat. However, the general situation on the western end of the continent looks vastly bette. than it did even a couple of months ago, due chiefly to American aid and backing.

Chinese Situation Grave

Thus the Communist offensive in western Europe may be slowed to a crawl and even halted, so that no more countries can be taken over by strong-arm methods as in the case of Czechoslovakia. Meantime the United States, Canada and numerous other countries of the western hemisphere are taking energetic action to protect themselves against Red agents and fellow travelers. The position in the Orient shows no marked change, the gravest situation being the Chinese civil war.

Still, despite setbacks, the Russians will continue to press their world revolution, through we have a right to entertain considerable optimism that it will be with decreasing intensity — decreasing because the Reds lack the steam. Meantime, of course, they will consolidate the great theatre they have overrun in eastern Europe.

Two Blocs

If we are right in our assumptions, then in due course we shall indeed have the position envisaged by our reader, with the world divided into two blocs headed by Russia and America. Must they fight? It may well be that they won't. America never will launch a war, and the strength of the United States and the rest of the Democratic bloc may be so great that Moscow won't challenge it.

That is, America's strength will be great if Uncle Sam prepares militarily for all contingencies. If he doesn't he will be inviting disaster.

And what will come out of this two-bloc stalemate? As this column remarked a couple of days ago, totalitarian Communism is an unnatural thing. It clashes with human nature and with all the ideals of folk whose way of life encompasses a belief in God and in man's bill of rights.

There are many students of world affairs who believe that communism can't live.

Two Would Marry German Divorcee

COLUMBUS, O., April 15 (AP)—Two Ohioans want to marry the German divorcee who asked Gov. Thomas J. Herbert to find her a husband.

Mrs. Gerda Richter of Bad Cannstatt, Germany, would like to come to this country. An American husband would make it easier for her to enter. So she wrote Herbert, asking him to locate one for her.

Herbert released her letter earlier this week. Yesterday he received letters from two men offering to marry Mrs. Richter; one from Canton, the other from Columbus.

The governor said he would forward the letters after checking them.

MacArthur Booster To Speak In San Antonio

SAN ANTONIO, April 15 (AP)—Warren Wright, national coordinator of the MacArthur for president clubs, was scheduled to speak here tonight at a political dinner.

In Austin last night he said, in commenting on the Wisconsin and Nebraska presidential primaries, that "we do not have the least intention of quitting. The word quit is not in General MacArthur's dictionary, nor in ours."

He was accompanied to San Antonio by state ariculture commissioner J. E. McDonald, who is a supporter of MacArthur in Texas.

In addition to Wright, McDonald and Edward S. Hayes, former national commander of the American Legion, are on the program tonight. Te dinner was arranged by the MacArthur for President club here.

A good second day dish made from left-over roast pork can be made by combining ground left-over pork with chopped apple, bread crumbs and egg. Pour mixture in custard cups or muffin tines and bake in a 350 degree F. oven for 40 minutes.

Water Project May Give Access To Tombstone Silver Bonanza

TOMBSTONE, Ariz., April 15. (AP)—Silver mines that once made Tombstone the wildest town in the west may be reopened. Only this time the treasure sought is water. Flooding of the mines drove away the city's population. Now it is proposed the water be pumped and used to aid the growth of Tucson, 73 miles away.

Ed Schieffelin discovered silver here in 1877. Gamblers, outlaws, trigger-happy cowboys flocked in from throughout the west. Tombstone became synonymous with everything wild, reckless, daring. It was considered as important as San Francisco.

District Is Closed

Then water from an underground river began to pour into the mines. In spite of heavy pumping, the shafts filled with water. Soon the district practically closed down.

Early this century pumps were again put to work. When they stopped in 1910 they had been taking 7,500,000 galions of water a day for three or four years. But they couldn't lower the water table.

Now Tucson has a pressing need for additional water. Tucson's population is now what it was expected to be in 1960. Agricultural development has also exceeded all expectations. Underground water levels are down to a dangerous extent.

New Water Needed

"We must bring in new sources of water or curtail agricultural activities," says Tucson city manager Phil J. Martin, jr.

"Tucson could take 5,000,000 gallons a day without even lowering the water table," says Mayor John P. Giacoma of Tombstone.

"And," he adds, "it might make it possible for work to be resumed in the silver mines."

More than $80,000,000 worth of silver was removed from the Tombstone area before the mines were inundated. It is known that rich silver ore still lies beneath the waters. It is hoped it may eventually be reached as the underground river brings life to the desert around Tucson.

LEAFHOPPERS TRACED

BERKELEY, Cal. (U.P.) — Five more leafhoppers have been discovered to carry California aster-yellows virus which attacks celery, according to Dr. Henry H. P. Severin, University of California College of Agriculture entomologist. He said this makes 17 known leafhoppers carriers of the virus, which also damages lettuce, carrots, parsley, parsnips and potatoes.

A raccoon washes its food before eating it, and the name raccoon is a derivation of the Indian name "arathcone" meaning "the washer."

Father Of Newspaper Family Is Claimed

FRANKSTON, April 15. (AP)—The father of the largest newspaper family in Texas was dead here today.

He was William Abel Price, 73, a Frankston merchant. He died yesterday.

Three of his four daughters and both of his sons are in the newspaper business.

Funeral services were set for today at the Frankston Methodist church with burial in the city cemetery.

Quanah Price, a son, was the first of the family to get into the newspaper business. In 1931 he bought the Frankston Citizen. Two of his sisters married publishers. The husband of the third is an editor.

The newspaper family includes: Mrs. J. Cullen Browning, associate editor of the Orange Leader.

Mrs. Henry Fox, wife of the publisher of the Granger News.

Mrs. J. Darrel Milner, wife of the publisher of the Sabine County Reporter at Hemphill.

Quanah Price, publisher of the Frankston Citizen.

Herman S. Price, an executive on the Granger News.

Other survivors include the widow, a fourth daughter, Mrs. L. A. Holliman, Frankston; a brother, R. C. Price, Waco; two sisters, Mrs. M. E. Clark, Fort Worth, and Mrs. Tom Caufield, West; 14 grandchildren and two great grandchildren.

In the Navajo Indian tribe, it is impolite to ask a stranger his name because that is his private possession.

Tired, "All-In"— Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that S.S.S. Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the S.S.S. Tonic formula which contains special and potent activating ingredients.

Also, S.S.S. Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on S.S.S. Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. S.S.S. Tonic helps Build Sturdy Health.

Aching, Burning Feet

You Get Complete Satisfaction Or Your Money Back

Two or three applications of Moone's Emerald Oil and in double-quick time the pain and soreness disappears. A few more applications at regular intervals and you get rest and comfort again.

And best of all it overcomes offensive odors. It's a wonderful formula—this combination of essential oils with camphor and other antiseptics — so dependable that thousands of bottles are sold annually.

Mark Halsey Drug Co. and every good druggist guarantees Moore's Emerald Oil or money back. Adv.

FELT MISERABLE AND WEAKENED; PRAISES RETONGA FOR RELIEF

"My Appetite Seemed To Have Left Me And I Had Lost Nearly 50 Pounds," Says J. L. Jeannette, Publicly Thanks Retonga For Helping Regain Them

"Before I finished the first bottle of Retonga I felt so greatly relieved that I began to eat heartily and feel much stronger," gladly states Mr. J. Lonnie Jeannette, well-known truck farmer and poultryman who lives at 2519 Rose St., North Nashville, Tenn. He gratefully tells of his case:

"I was so high-strung I could hardly talk to anyone without crying. I was down about 50 pounds and felt terribly weakened. My appetite just seemed to have left me, yet I knew I had to eat to put on weight and gain strength. I seemed to be over-loaded with toxic poisons and had a terrible taste in my mouth most of the time. I had to take strong laxatives for constipation. It's hard to tell how miserable I felt.

"Before I finished the first bottle of Retonga I felt so greatly relieved that I began to eat heartily and feel much stronger. My food seemed to give me the strength and energy I had lost and I have regained nearly all of my lost weight. I'm no longer on edge and my constipation has been relieved. I am glad to recommend Retonga to anyone suffering like I did."

J. L. JEANNETTE

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Mark Halsey Drug Stores and all other good drug stores. Adv.

LUBBOCK EVENING JOURNAL
SPORTS
PAGE EIGHT. LUBBOCK, TEX., THURSDAY, APRIL 15, 1948

Hubbers, Big Spring Play Here Tonight

The Lubbock Hubbers return to the more friendly green of Rosenthal Field for a game at 8 tonight against the Big Spring Broncos, after taking a humiliating 16-1 pounding at t' e hands of the Clovis Pioneers yesterday afternoon in Clovis, N. M.

This will be a return game with Big Spring and the Hubbers hope to turn the tables on the visitors, who trounced the Hub City crew on their visit to Big Spring. Just who Manager Jackie Sullivan will throw at the invaders is somewhat of a mystery, since most of his hurlers have come up with sore arms.

Possible Pitcher

Manager Sullivan might throw Lefty Herby Pitts, Billy George, "Cotton" Russell or Marvin Alexander at the Broncs. Pitts has a sore are and hasn't worked for several days. Russell worked Sunday and was far from effective against Amarillo. And Alexander only reported Monday, arriving with a sore arm.

Regardless of who chucks for Lubbock, the batting order will have to re-awaken. The batters looked terrible Sunday, woke up Monday and went to sleep again Tuesday. Only Manager Sullivan's fourmaster averted a shutout yesterday and the Hubbers went down meekly most of the game. It was lefthanded pitching again, which seems to be the weakness of the Hubbers' primarily righthanded hitting lineup.

Clovis Hits Southpaw

But lefthanded pitching didn't charm Clovis bats the same way and Frank Cobo was given a rough afternoon by the Pioneers. They reached him for 17 hits and 14 runs in six innings, more than enough to sew up the game tighter than a new drum.

The Hubbers scored their only run in the first inning, when Manager Sullivan slammed one over the fence. After that it was all over except the hitting, Clovis hitting.

Clovis teed off with four hits in the fourth for four runs, Ray Sanders' double with the bases loaded being the big blow. Eleven men went to the plate in the big fifth, registering eight hits which included doubles by Wiley Moore and Sanders and a triple by Ray Bauer.

Bauer led off the sixth with a homer over the left field wall, while the other run came as the result of a base on balls to Chuck Novotney, an infield out and Ted Dallas' single to right.

Sullivan Takes Mound

Clay, a.. outfielder, took over the chunking chores in the seventh, but walked the first two men to face him and then uncorked a wild pitch. Sullivan then charged the mound and retired the side, but not until two runs had scored on a fly to left and Royce Mills' error.

Al Smith sprained an ankle going down to second in the third stanza and was carried from the field. He was able to leave the park under his own power, however.

Cobo shoved the third strike past seven Pioneers, chalking up three of them in the second inning after Sanders had gotten the first of his three doubles. He showed good control with only two bases on balls.

Two Softball Games Tonight

Play will be resumed tonight in the South Plains Softball league with a doubleheader at Jumbo Webster field, the first tilt to get underway at 8 o'clock.

In the first game, Baldridge Bakery meets Bluebonnet-Sunbeam laundries. Thomas Jewelers play Golden Light Coffee in the nightcap.

A more sizable crowd is expected to see tonight's contests than that which braved chilly winds to witness the league openers Tuesday night.

In opening contests, the Jewelers scored a 1-0 win over Baldridge, Sunbeam downed Cloverlake, 7-1.

League sponsors have announced that season tickets continue on sale for $9.60. This is a special offer which will expire within a short time. After the expiration date, admission will be 50 cents per game. Season tickets can be obtained from any member of the Lubbock Junior Chamber of Commerce, or from the Jaycees' office here.

Between . . . The Lines

— By JOE KELLY —

As an aftermath to the fights Tuesday night by J. D. Kirkpatrick and Bill Henderson, a letter came for us in yesterday's mail from their manager, Joe Vella. Vella, a busy man, took time out to write about the routine of the fighters and we found it so interesting, that we think you would like to read it also.

• • •

"J. D. and Bill are being trained daily by the capable Johnny Delsanno, former A. A. U featherweight champion in 1939, and Fred Fierro. They both believe that the boys are very good prospects and should go a long way in the boxing world.

• • •

"Now a few lines about their daily routine. The boys run three to four miles or five times a week. Then breakfast at 10. A daily workout at the gym at 1 p. m. Supper at 5 p. m., then a good long walk. They go to the local shows a few times a week and they also spend some time at Gus' house, (Gus Lesnevich, world's light heavyweight champion), watching television program, which they enjoy very much. Believe me, Joe, they are making many friends here in Cliffside Park, as they are well mannered and everyone in town speaks very highly of them, and want to know when they fight, so they can go down and root for them. Not bad for a couple of boys in town only a short time."

• • •

That letter was written before the successful debut they made Tuesday night in Jersey City, N. J. Next Tuesday night they fight in Bridgeport, Conn., and the following Tuesday they appear in Rochester, N. Y. We were particularly taken by the paper on which the letter was written. Across the top is a pen and ink sketch of Gus Lesnevich and down the left hand side are the names of other fighters managed by Vella. Fourth from the top reads "J. D. Kirkpatrick, 180, Lubbock, Texas," and tenth from the top reads "Billy Henderson, 127, Lubbock, Texas." The names look good and fans on the South Plains can rest assured that those boys will make this area proud of them.

• • •

While we're on fighting, Charley Neff of Petersburg made an inauspicious debut in Amarillo Tuesday night. Neff, who went to El Paso and turned himself over to the guidance of Dick Griffin soon after Bill Henderson had handed him an awful cuffing in the regional Golden Gloves here, ran into bad luck. He got off to a fast start against Carlos Valledara of El Paso, but suffered a bad cut in the second round. The referee stopped the fight and awarded Valledara a technical knockout.

• • •

Bowling will take the limelight over the weekend at the Lubbock Bowling club, where the singles and doubles of the Lubbock City Bowling tourney will be run off. Kegling fans of the South Plains don't have to go any farther than the Hub City to see some of the best bowling in Texas today. As evidence, stop in the Lubbock alleys and watch the pins falling, with scores being posted that will rank with the best anywhere. We have more than our share of good bowlers and it is a sport that is making a brave comeback here. The alleys ought to be packed for Sunday's bowling.

• • •

Speaking of bowling, we ran across a young bowler the other day who is better than the majority of men his elders. He is Don Sharpe, a student at Lubbock High school and an ardent kegler. Don is 15 years old and has been rolling for about a year and a half. Recently at the Plamor Lanes Don knocked off a 290, a score of which any bowler would be proud. The youngster started with a spare in the first frame and then, to use the bowling sense of the word, struckout. In other words, every ball he rolled for the remainder of the game was a strike. That's pretty fair country bowling on anyone's alley.

• • •

THE ROUNDUP: Sorry to miss LaVern Roach appreciation dinner in Plainview tonight, but the Hubbers are in town . . . LaVern is going to referee a card in El Paso soon on which the feature will be an appearance by Manny Ortega . . . Roach also refereed in Amarillo Tuesday night . . . Wonder if Paul Hinrichs, Eulis Rosson, Mike Dooley, Clem Cola and Bill Serena will remain with Dallas under the new ownership? Dick Burnett sounds like the man near the top of the hill who, in his haste to reach the top, lost his balance and rolled all the way down the grade . . . Dr. Gil Knutson is a chiropractor in Plainview . . . The West Texas-New Mexico League opens a week from yesterday. Have you bought your ticket for the opening night game yet?

Haefner Deal Turned Down

WINSTON-SALEM, N. C., April 15. (AP)—The Washington Senators have turned down a deal to send pitcher Mickey Haefner to the Philadelphia Phillies for shortstop Jack Albright.

Instead of adding Haefner to their roster, the Phils, barnstorming their way north with the Senators, will face him in today's exhibition game. Washington has dropped four out of five games so far in their series with the Phils.

BROWNS BEAT PARIS

TEXARKANA, April 15. (AP)—The St. Louis Browns play their last exhibition game of the season against a Big State league club today when they take on the Texarkana Bears.

Yesterday they blanked the Paris, Tex., Rockets, 7-0 with Ken Wood leading the way with two homers. It was the Brownies' third shutout victory of the spring.

CARDS PLAY CUBS,

LITTLE ROCK, April 15. (AP)—The series between the St. Louis Cardinals and the Chicago Cubs moves into Arkansas today with southpaw Al Brazle slated to pitch for the Red Birds.

It's the last stop for the Cards before they face the St. Louis Browns in St. Louis Saturday. Stan Musial, who planned to rejoin the club in Little Rock, arrived at St. Louis and will await the team's arrival there. Musial said his father, who was seriously ill last week, is much better.

CONWAY TO GET JOB

EVANSVILLE, Ind., April 15. (AP)—Jack Conway, Cleveland Indian castoff, appears a cinch to open the season at second base for the New York Giants.

Conway has been filling in for the injured Bill Rigney and has fielded well and held up his own at the plate.

YANKS GET DAY OFF

NEW YORK, April 15. (AP)—The New York Yankees were given a day off by Manager Bucky Harris today.

DODGERS PLAY ROYALS

BROOKLYN, April 15. (AP)—Southpaw Joe Hatten and right-hander Rex Barney were slated to face the Montreal Royals today in the Brooklyn Dodgers' final exhibition game of the spring against a minor league opponent.

SOX HEAD FOR HOME

KANSAS CITY, April 15. (AP)—The Chicago White Sox wind up their spring exhibition series with the Pittsburgh Pirates today and then head for Chicago to meet the Chicago Cubs tomorrow, Saturday and Sunday.

WYSE HAS SORE ARM

LITTLE ROCK, April 15. (AP)—Manager Charlie Grimm said today that Hank Wyse is out of the Chicago Cubs' pitching picture temporarily because of an injured right elbow. The Cubs close their spring exhibition series with the St. Louis Cardinals today. Grimm said he would start Hank Borowy on the mound in tomorrow's opener with the Chicago White Sox in Wrigley Field.

The Canadian pulp and paper industries supply 80 per cent of all newsprint for U. S. newspapers.

El Paso Miners To Open Home Season

Raiders Leave Friday For Triangular Track Carnival

• • •

Tennis, Links Play Also Set

Texas Mines will be host to Texas Tech's strong tennis team and improving links squad this weekend when the Raiders invade El Paso for a duel meet, with the net play slated to get underway at 10 o'clock Saturday morning at the Mines courts and the golfers teeing off at the Country club layout.

The Raider tennis team has won six matches and lost only one in competition this season, but the Tech golfers have copped three decisions while losing four matches.

The Tech net victories were scored over North Texas, Southern Methodist, Eastern New Mexico twice, Amarillo Junior college and a joint team representing the three Abilene colleges, and the lone defeat was at the hands of the potent Texas Christian squad. The Raider golf team gained wins over Hardin-Simmons twice and McMurry once, but tied Abilene Christian and lost to ACC, TCU, SMU and North Texas.

Heading the Tech net squad will be lanky Jake Broyles, runner-up in Border loop competition in 1947, and veteran Glenn Ivy. Other members of the team will be Carl Schmidt, in the number three spot, Eddie Scudday, Joe Wheatley and Cecil Roberts.

Mines tennis representatives, undefeated on their home courts, will be Rodolfo Gonzalez, Winston Farquear, Jim Scott, Frank Barger, Bill Fairley and Mac Horne.

The Tech golf team will include E. H. McKinney, Jerry Stoltz, Ted Forsythe and E. C. Feagan. Their Mines opponents will be Dan Harden, Charles Harrell, Joe McNutt and Harold Scroggins.

EL PASO, April 15 (Special) — Track and field squads from Texas Tech, New Mexico A. and M. and Texas Mines will collide here Saturday in a triangular meet opening the home season for the Miners on Kidd Field.

The Red Raiders from Texas Tech, second place finishers in the 1947 Border Conference meet, are favored to take the three-team joust.

Renewal Of Feud

The meet will mark a renewal of the feud between the Raiders' Charlie Reynolds and Fred Wendt of the Miners in the 100 and 220 yard dashes. Reynolds has been nosing Wendt out in both races during the past two years.

Coach Dale Water's Miners, fresh from a victory over Sul Ross, will shoot the works in an effort to outscore Texas Tech. The Aggies have not shown any over-all strength.

Other lettermen from last year's squad in addition to Wendt, are Ernest Keily, who is tossing the shot put around 43 feet; Gordon Thomson, who is hitting 12 feet in the pole vault; and Lauro Del Valle.

Night Events Slated

Top prospects among the new men are Lee Cargile in the dashes and broad jump; Terrill Scearce and Henry Valdez in the 440; John Magruder and Art Gray in the high jump Gerald Thompson in the javelin and Henry Giffen, shot put and discus.

Finals in the field events and the track preliminaries, will get underway at 1:30 p. m. Saturday, with t e track finals scheduled for 7:15 p. m. under the lights.

RAIDERS TO LEAVE FRIDAY FOR TRIANGULAR MEET

The Raiders track team has been going through routine drills in preparation for the triangular meet at El Paso Saturday, with Coach Maxey McKnight hopeful of as good a showing as the squad made last week end against three Abilene colleges.

The Raiders will enter buses Friday for the trip to El Paso and will spend the night there. They will return Sunday.

Weak In Field Events

Coach McKnight indicated that about the same squad that competed Saturday will face the Miners and the Aggies. The Raiders, still weak in the field, will rely on Reynolds, El Clepper, Charles Pinnell, Costin Bufkin and Ernest Hawkins for most of the points, with others managing to pick up a there.

Eggs, butter, milk, and salmon, are the best means of providing vitamin D through food.

Westerners To Play Levelland Today

Levelland High's untried baseball team and the Lubbock Westerners, undefeated in pre-season practice tilts, will tangle in an exhibition tussle this afternoon at the Lobo field, officials have announced.

Diminutive Denny Davidson, ace of the Westerner mound staff, is expected to get the starting hurling assignment for the Lubbock crew, with Bill Wylie behind the plate. Other starters will probably include Dorrance Guy, first base; Charles Galey, second base; Bill Tatum, shortstop; Bobby Griffin, third base; Dwight Moore, left field; Jack Alderson, center field; and Jim Wilson, right field.

Coach Marvin Wheeler is expected to field a speedy, but inexperienced, Lobo team.

The two teams will meet here Friday afternoon at the Chapman field diamond in a return clash.

Top Track, Field Teams Enter Meet

Hubs Reinstate And Sell Seiler

Richard Seiler, under contract to the Lubbock Hubbers and placed on the suspended list this week for failure to report, yesterday was reinstated by the club, which filed papers with the National Association of Professional Baseball Leagues.

And in the same breath, General Manager Larry Larsen announced that Seiler had been sold back to the Houma, La., Baseball club of the Evangeline League.

Seiler refused to report here and was suspended, after attempts to reach an agreement had failed. Monday the Houma club notified the Hubbers that they would buy him back again and the deal quickly was consummated.

Larsen also announced that Eugene Tumelson, who had reported to the Hubber camp here for another mound trial, had been released. Tumelson reported here in good shape, but pulled a muscle in his arm and was ineffective. He pitched less than two full innings for the Hubbers in spring practice, showing evidence of a sore arm at that time. Since then he has been receiving treatments.

Outside of these two developments, the Hubber front office was quiet yesterday. Plans are being made for the opening game here next Wednesday night, when the Clovis, N. M., Pioneers will furnish the opposition. The Hubber management particularly is eager to regain the trophies won the past two years for the best opening day crowd and will be going all-out to win the award for the third consecutive year.

Baseball Official Plans Visit Here

Larry Larsen, general manager of the Lubbock Hubbers, announced yesterday that George Trautman, president of the National Association of Professional Baseball Leagues, would be a visitor to Lubbock from June 18 through June 21.

Larsen, a son-in-law of the National Association head, received a telegram yesterday informing him of Trautman's planned visit here.

The Hubber business office immediately announced that they would take advantage of the situation to have official pennant-raising ceremonies during his visit. No ceremonies will be held before the visit.

With Trautman on hand to take part in the pennant-raising, symbolizing the Hubber's championship in the West Texas-New Mexico league last year, the Hubbers will be playing host to the Lamesa Loboes. Official date of the ceremonies has been set for Sunday, June 20.

Officials of the first annual South Plains Relays, scheduled Saturday at the Texas Tech oval, have completed final plans for the track and field carnival and are ready for the arrival of approximately 30 of the top cinder path teams of west Texas here Friday and early Saturday.

The meet programs have been printed and arrangements have been made for the medal and trophy awards to individuals and team winners, sponsoring organizations have reported. Officials for the Relays have been selected and will be announced as soon as confirmations have been received.

Reports from district Interscholastic league track and field meets last weekend have made the Odessa Broncos, paced by Byron (Santone) Townsend and Gerald Campbell, heavy favorites to cop the meet championship; but Abilene Lubbock, Big Spring and Pampa loom as strong threats to the Bronco bid for a third major West Texas meet crown this year. Odessa won the District 4-AA title despite a strong showing by the Abilene crew and Lubbock coasted to the 2-AA triumph.

Outstanding performers entered in the meet form the greatest field of cinder path specialists to compete on the South Plains and include at least six of the schoolboys favored to win championships at the state Interscholastic league feature in May. Heading the Odessa competitors are Byron (Santone) Townsend, discus, high jump, broad jump and dash stalwart, and Gerald Campbell, who set a new district record of 9.9 seconds in winning the 100-yard dash last weekend.

Other track aces include Big Spring's great half-miler, Leon Lepard; Abilene's weight threat, George Lively, and sprinter Billy Rogers; Seminole's dash and hurdle star, Val Joe Walker; Jim Johnson, Lubbock's crack 440 speedster; Bill Howton, Plainview timber-topper; and Carl (Red) Mayes, Pampa's century dash threat.

All the contestants will compete together in a single division, regardless of the classification of their schools by the Interscholastic league. League regulations will apply to all phases of the meet, however, officials have emphasized. Individuals will be limited to a total of five events for the meet, including not more than three running events.

Preliminaries in all events will get underway at 9:30 o'clock Saturday morning, with the finals following at 1:30 o'clock Saturday afternoon.

TO MOVE TERMINAL

NEWARK, N. J., April 15 (AP)—The Newtex Steamship Corp., operators of the Texas line which supplies weekly service to Houston and Brownsville, Tex., plans to move its New York terminal to Port Newark for the start of coastwise shipping May 1, the Newark Chamber of Commerce announced yesterday.

Texas League Openers Track Forecasts Of Sport Writers

By HAROLD V. RATLIFF
Associated Press Sports Editor

The Texas leaguers must have been reading over the sports writers' shoulders — they made the pre-season pickers look mighty good last night as they opened the fifty-third campaign.

Fort Worth, Houston and Dallas, selected one-two-three, started the race with victories. Only reason the other team boomed for the first division—Tulsa—didn't make it was that the Oilers were playing Dallas.

Fort Worth beat Oklahoma City 8-1, Houston trounced Beaumont 6-4 and Dallas edged Tulsa 4-3.

Sports Beat San Antonio

In the other game, an extra-inning affair, Shreveport pushed over a run in the thirteenth to come through over San Antonio, 4-3.

Crowds totaling 31,054 saw the four opening games.

Carl Erskine pitched six-hit ball in getting the Cats off to an impressive start over Oklahoma City with 8,985 fans in the stands. Irv Noren slammed a homer and three singles to lead the 12-hit Fort Worth attack.

Three-hit hurling by Ross Grimsley brought Houston its decision over Beaumont. However, one of those hits was a three-run homer by Chuck Sweeney.

Dallas came from behind as Lefty Altizer hurled steady ball and Johnny Creel paced the attack with a pair of doubles that brought in two runs for the Rebels' victory over Tulsa with Dick Burnett, the new club owner, looking on.

Single Wins For Sports

Jim Kirby singled George Brown home with the winning run while Shreveport soured the largest opening crowd in San Antonio history—8,214. Kirby did it dramatically. Hitless in five previous trips to the plate, he laced the hit off young Dee Sanders, who had handcuffed the Sports for 10 2-3 innings.

The clubs will play the same stands tonight with Tulsa at Dallas, Oklahoma Ctiy at Fort Worth, Houston at Beaumont and Shreveport at San Antonio.

A number of changes were made in player personnel as the teams squared off for the season's start.

Richard Kaess, shortstop obtained from Los Angeles of the Pacific Coast league, joined Shreveport at San Antonio last night. He was the only addition to the Shreveport roster, being brought in because several Sports were temporarily sidelined with injuries.

Three Added At Tulsa

Tulsa had three players added to its roster by parent Cincinnati of the National league. They were catcher Joe Just, pitcher Harry Perkowski and third baseman Charles Kress.

San Antonio added three men to the list as it opened the season. They were John Crocco, pitcher who was with Globe-Miami of the Arizona-Texas league last year; Hal Judson, pitcher from Muskogee of the Western association, and Joe Frazier, outfielder who was with Oklahoma City last year.

Two new men are joining Fort Worth—Christian Vancuyk, 25-game pitching winner with Cambridge, Md., last year, and Eddie Chandler, pitcher optioned to the Cats by Brooklyn. Chandler was at Fort Worth in 1946 and part of last season.

Five Added At Dallas

Dallas added five men as new owner Dick Burnett expressed dissatisfaction with the makeup of the Rebels. They were Dick Kemer, catcher, from Los Angeles; Rube Naranjo, outfielder from San Antonio; Hal Van Pelt, first baseman, and Bob Fletcher, second baseman, from Texarkana, and Lou Fauth, pitcher from Buffalo. Van Pelt was in the opening lineup.

Houston added only John Grodzicki, pitcher, from the St. Louis Cardinals on 24-hour call. Oklahoma City has made no changes since adding pitchers Calvin Dorsett and Mike Garcia to the list last week.

Knutson Is Thrown From Ring, Loses

New faces and familiar holds greeted patrons of Sled Allen's wrestling arena last night, where the Masked Marvel went down to defeat in the first fall at the hands of Dr. Gil Knutson before a large crowd made happy by the sudden turn of fortune.

But then the worm turned and the Marvel, in a vengeful mood, tossed Knutson out of the ring at the end of nine minutes of grappling in the second fall. Knutson was so stunned and hurt that he could not get back into the ring before Referee Billy McEuin counted him out. He couldn't come back for the third fall and the Marvel kept his victory skein intact.

"Big Train" Wins

Ray "Big Train" Clements made a triumphant return to his boyhood haunts, looking like one himself in a new mustache and the same old repertoire of dirty work.

He wasted a little time in losing the first fall to Jack Wentworth of Toronto, Canada, who pinned him in 16 minutes with a headlock. Then the express roared through the arena, taking the second grunt in five minutes on an arm stomp and the final mat-thumper in one minute on a half nelson.

Rowdy dowdy Pat O'Dowdy looked just like that for the better part of 20 minutes, but all he could get out of the preliminary with Ace Abbott of Abilene was a draw.

Lamesa Wins From Big Spring Broncs

LAMESA, April 15 (Special)—An 11-hit attack that netted 11 runs gave the slugging Lamesa Loboes an 11-7 exhibition clash victory over the Big Spring Bronchos of the Longhorn loop here last night before 500 chilled fans.

The Loboes trailed for seven innings, but unleashed an eighth frame assault that pushed nine runs across the plate before the visitors could chalk up the third out. Singles by Sam Malvica and Jim Prince, two safe blows by Manager George Sturdivant, singles by Palmer and Chet Zara, three walks and two Big Spring errors all contributed to the Lamesa scoring splurge.

Sturdivant Leads Hitting

Sturdivant paced the home nine at the plate last night, blasting out three hits that drove in three runs.

Zara struck out 10 Broncs in his nine-frame stint.

The Lamesans are scheduled to battle the Pampa Oilers here at 8 o'clock tonight in another exhibition setto.

The Linescore:

Big Spring	112	011	010—	7	7	4
Lamesa	001	001	09x—11	11	5	

Perez, Bolero, Sheppard and Echecarria; Zara and Palmer.

Brewers Chosen As Association Leader

COLUMBUS, O., April 15. (U.P.)—Milwaukee's Brewers, junior world series champions, were chosen today by American association baseball writers to win the 1948 pennant.

The writers, in the closest voting in years, picked Kansas City, 1947 flag winner, to finish second. Milwaukee was given 177 points and Kansas City 168.

Manager Harry Liebold's Louisville Colonels garnered 161 points to land third position in the voting, which credited eight points for first place, seven for second, and so on, Milwaukee collected nine first place ballots and Kansas City eight of the 29 cast.

Twenty-four writers spotted the Brewers somewhere in the first division, while 22 voted Kansas City among the first four positions. Indianapolis, with 151 points, landed in the remaining first division slot.

Invitational Card Is Almost Filled

FORT WORTH, April 15. (AP)—Twenty eight professionals and four amateurs have accepted invitaitons to play in the $15,000 national invitation golf tournament at Colonial Country club starting May 27.

Only four more places are to be filled—two pros and two amateurs.

Professionals who are due to play here are Ben. Hogan, Byron Nelson, Jimmy DeMaret, Skip Alexander, Chandler Harper, Ed Furgol, Jim Ferrier, Bobby Locke, Johnny Palmer, Lloyd Mangrum, Herman Keiser, Ellsworth Vines, Chick Harbert, Dick Metz, George Schoux, Toney Penna, Bob Hamilton, Vic Ghezzi, Cary Middlecoff, Ky Laffoon, George Schneiter, Johnny Bulla, Lawson Little, Henry Picard, George Fazio, Dutch Harrison, Harry Todd and Al Smith.

Amateurs expected are Wilford Wehrle, Tommy Barnes, Johnny Dawson and Skee Riegel.

Former Dodger Idol Released

BROOKLYN, April 15. (AP)—Al (The Catch) Gionfriddo, pocket sized outfielder who was the hero of Brooklyn a short time ago, is back in the minor league.

The little fly hawk was released outright to the Montreal Royals of the International league by the Brooklyn Dodgers yesterday in order to make room for two rookie pitchers, Dwain Sloat and John Hall.

Was Toast Of City

Giondfiddo, who still plays the leading role in New York Yankee outfielder Joe DiMaggio's nightmares, was the toast of Brooklyn following the sixth game of the 1947 world series.

Trailing the favored Yanks, three games to two, the Dodgers entered the sixth inning of the sixth game on the long end of a 8-5 score.

In the last of the sixth the Yanks put two on and had two out as DiMaggio came up. Dimaggio caught a fat pitch and drove a towering drive in the direction of the left field bull pen. It seemed a certain homer.

One-Handed Catch

However, Gionfriddo raced over and made a leaping one-handed stab of the ball just as it was about to sail into the bull pen, 415 feet from home plate. The catch broke the Yankees' back and the Dodgers went on to win the game, 8-6, and tie the series at three-all.

Gionfriddo was acquired by the Dodgers after the start of the season along with $125,000 for pitchers Kirby Higbe, Hank Behrman, Cal McLish, Catcher Dixie Howell and Infielder Gene Mauch.

Bowling Congress Slates Full Card

DALLAS, April 15. (AP) — The women's international bowling congress tournament was in for a full day today.

Double and single events run from 9 a. m. to 7 p. m., and two shifts of teams at 7 and 9:30 p. m.

Both boosters and regulars will fire in the team events.

Few changes were made last night when teams in the regular division were bowling.

Out in front in the regular division was the Independents of Longview, Texas, with a score of 2,480.

Louis And Walcott Move Into Camps

NEW YORK, April 15. (AP)—Formalities moved out and training moved into the heavyweight title fight picture today.

Champion Joe Louis was enroute to Michigan to open camp.

Jersey Joe Walcott, the challenger, set up shop at Grenloch Park, N. J., near his Camden home.

They signed the final papers yesterday for their return match in Yankee Stadium June 23.

Plainview Club Sets Benefit Fete

Roach To Preside As Honor Guest At Barbecue Tonight

PLAINVIEW, April 15. (Special)—LaVern Roach of this city will be honored at a special barbecue in the City Auditorium tonight and hundreds of well wishers are expected to be on hand for the big event.

Roach will preside over a barbecue prepared in the famed style of John Snider and the entire affair is being staged by the Optimist club as a benefit for boys of Plainview and vicinity. Roach is visiting his mother and father, Mr. and Mrs. Stanley J. Roach, at present and the dinner strictly is in appreciation of the middleweight boxer.

Tickets $" Each

All proceeds from the dinner Thursday will be given to the sponsorship of activities for boys in Plainview and vicinity, with the Optimist club administering the funds. Tickets may be obtained from members of the club either here or in Lubbock and are selling for $2 each.

Roach, who got his start fighting in this area and in Golden Gloves at Lubbock, was termed the most outstanding fighter developed by the armed forces during World War II. He was the ace of the Cherry Point, N. C., Marine post team and turned professional soon after his discharge from service.

During his career, Roach has met many of the better middleweight fighters, winning 24 of his 26 professional ring engagements He lost a six-round fight to Artie Towne in his sixth fight, then won consecutive bouts from such men as Indian Gomez, Vic Amata, Norman Rubio, Billy Arnold, Herbie Kronowitz and Tony Janiro, rated a top welterweight and good middleweight prospect. His next fight was a warm-up with Al Thornton, before meeting Marcel Cerdan of France.

The Cerdan fight was the only engagement in which Roach ever was knocked down and, after an amazing rally in the third round, Cerdan scored a clean eighth-round knockout.

Roach presently is resting following that engagement and expects to fight again in June or July, with his next appearance possibly in Lubbock before his South Plains friends.

Pitcher Hurts His Hand On Trailer

TEXARKANA, April 15. (U.P.)—Jim Wilson, St. Louis Browns pitcher, last night hurt his left hand while working on the coupling of the trailer in which he has been traveling with the Browns this spring.

Wilson suffered a cut on the ring finger of his left hand. The injury may keep him out of action for an indefinite period. Wilson pitches with his right hand.

Valley Tourney In Semi-Final Play

HARLINGEN, April 15. (U.P.) — Mrs. W. M. Morgan of Baytown, Texas public links champion, today meets Mrs. J. L. Head in the semi-finals of the 13th annual valley women's invitational golf tournament.

The other semi-finals match pits Mrs. Jack Watson of Harlingen against Mrs. Bill Knipe of Harlingen.

Fred Moore Rites Set At Brownfield

BROWNFIELD, April 15 (Special)—Last rites for Fred W. Moore, 64, who died in Austin Wednesday afternoon, will be conducted at 2:30 p. m. Friday in the First Baptist church, with Rev. A. A. Brian, pastor, officiating.

Burial will be in Brownfield cemetery under direction of Brownfield Funeral home.

Mr. Moore came to Terry county in 1907. His father was a pioneer resident of Gomez. Mr. Moore moved to Austin several years ago.

He is survived by four brothers, Will and Charles of Brownfield, R. W. of Lamesa and Jim Moore of Portales, N. M.; and three sisters, Mrs. E. A. Key of Clovis, N. M., Mrs. B. H. Brannon of Pottsville, and Mrs. Ira Gordon of Lubbock.

Old patterns which characterizes the knitwear of tiny Fair Isle are reputed to date from 1588 when one of the vessels of the Spanish Armada was wrecked on its shores and seamen instructed the inhabitants in adapting Moorish designs on their needles.

Hughes Flails Senate Report

LOS ANGELES, April 15. (AP)—Airplane builder Howard Hughes says that a report by the Republican majority of the Senate war investigating committee, criticizing him, is "entirely political."

The report given the Senate by Senator Ferguson (R-Mich) who conducted subcommittee investigations of Hughes' plane building contracts and of Maj. Gen. Bennett E. Meyers, former wartime procurement officer, said Hughes and Meyers engaged in "negotiations of an obviously corrupt nature."

"Engineered" Report

Hughes called a news conference yesterday at which he claimed that Ferguson and Senator Brewster (R-Me) chairman of the full committee, engineered completion of the report when Democratic minority members were absent.

"Senator Brewster, the well-known trick shot artist, has almost completed a sensational piece of skullduggery here," Hughes declared.

He predicted that Sens. Pepper (D-Fla) and McGrath (D-R.I.) upon return to Washington would issue "one of the strongest minority reports ever to come out of a proceeding of this kind." Later he said he didn't know if they would make a minority report but "I feel that in all fairness a minority report has to be made."

"There is so much in the Republican report which is not true and not even based on the testimony and evidence presented, that it will be impossible to attempt to correct all of it here," Hughes said.

Coupled With Meyers

"However, the most brazen part of the entire proceeding is the attempt to couple Gen. Bennett Meyers prominently into the Hughes investigation. In other words, he (Brewster) made an effort to use me as the cueball to shoot Benny Mayers into the side pocket. The General Meyers matter should certainly have been a separate report."

Gen. Meyers is serving a federal term of 20 months to five years for subornation of perjury, charges which grew out of the hearings.

Hughes said "the report issued by Brewster and Ferguson actually insinuates that the public should believe General Meyers when he says that Howard Hughes and Neil McCarthy (Hughes attorney) offered him $250,000 and that General Meyers turned it down."

Roxas Dies

(Continued From Page One)

MacArthur and President Quezon when Manila was declared an open city. Later he was urged to seek a haven in the United States, but declined to leave.

Continued To Fight

When Gen. Jonathan M. Wainwright surrendered his forces on Corregidor in the tragic early days of the struggle, Roxas, then a brigadier general, was in Mindanao. He continued to fight the Japanese as a guerrilla for a time, but finally surrendered. After several months in an internment camp in Mindanao, he was taken to Manila.

The Japanese sought to use him in the puppet government, but he avoided a showdown for some time by playing sick. The Japanese sent military doctors to examine him, but before they arrived he had his own physicians give him fever injections. He kept his weight to 114 pounds, from a normal of 150, to make his feigning more convincing.

In Guerrilla Movement

Eventually he accepted a post as food administrator in the Japanese-sponsored government, with the result that later there were charges that he had been a collaborationist. General MacArthur set these charges at rest by saying that Roxas acted as his contact man in the Philippines during the Japanese occupation.

Six months before Roxas was born, his father was executed during a revolution against Spain. Roxas won scholastic honors in high school in Manila and was graduated at the top of his class from the University of the Philippines law school. For a time he was secretary to Philippine Chief Justice Cayetano Arellano. He married Trinidad de Leon, daughter of a wealthy landowner. They had two children.

Ohio Flood

(Continued From Page One)

military personnel to help city employes erect sandbag barriers around sewers and manholes in unprotected areas.

Official crest forecasts included 53 feet, 13 above flood stage, for Point Pleasant, W. Va. 265 miles below Pittsburgh; 59 feet for Huntington, W. Va.; and 63 feet, 13 above flood stage for Maysville, Ky., 356 miles from Pittsburgh.

Water Still Climbing

Water continued to climb in low-lying business sections of Marietta and Pomeroy, O., and New Cumberland, W. Va. About 300 families were evacuated at Marietta, some 600 were homeless in the tri-state area around New Cumberland and 200 in the Steubenville, O.-Wheeling, W. Va., area.

The Wheeling Intelligencer published its Thursday morning edition from the Martins Ferry, O., Times plant. Wheeling's mayor, Carl G. Bachmann, proclaimed a state of emergency after water inundated most highways in the valley.

Nine southern Indiana National Guard armories were opened for evacuees. Guardsmen helped 75 families near Madison and New Albany.

PLANES BY-PASS PARIS

PARIS, April 15. (U.P.)—Thirty U. S. Air Force super-fortresses flying non-stop from Labrador to Germany today by-passed Paris because of heavy clouds.

Daily Markets

Stock Market

STOCKS HIT AVERAGE HIGH

NEW YORK, April 15 (AP)—Stocks today hit an average high since last October in one of the liveliest market sessions of the past several months.

The rise was led by selected steels, oils, rails and aviations after considerable early irregularity. While some pivotals did little either way, advances running to 2 or more points held a wide majority at the close.

Prices began to climb following the disowning by the President of the Eccles proposals for new bank credit curbs.

Transfers were in the neighborhood of 1,700,000 shares.

Aircrafts, inclined to lag in the forenoon, came to the fore when the House passed the bill for greatly increased war plane outlays.

Peaks for 1948 were reached by Bethlehem Steel, Republic Steel, Southern Pacific, Illinois Central, Western Maryland, Shamrock Oil, Standard Oil (NJ), Texas Pacific Coal and Oil, Montgomery Ward, Kennecott, Phelps Dodge, International Paper, Third Avenue Transit, U. S. Smelting, and Lowenstein.

The revival was credited mainly to persistence of the idea that business would get an inflationary "shot in the arm" from big government spending at home and abroad.

Bonds steadied with carriers stiffening.

Cotton Market

NEW YORK REPORT

NEW YORK, April 15 (AP)—Cotton futures advanced into new seasonal high ground today, influenced by reports of new export business. Trade covering in nearby months readily absorbed May liquidation and profit taking. Commission houses continued buying new crop positions aggressively which showed the widest gains for the day.

According to reports in export circles Germany, France, Italy and Belgium purchased some cotton overnight, but details were not available on the business.

Certificated cotton stocks declined 5,475 bales to 74,247 bales, reflecting the more rapid movement of cotton into export channels.

Futures closed 90 cents to $2.95 a bale higher than the previous close.

	Open	High	Low	Last

Hogs 500; butchers and sows mostly steady; pigs unchanged; top 21.75 paid sparingly; most good and choice hogs 185-260 lb 21.50; good and choice 275-400 lb 17.00-21.25; good and choice 150-175 lb 18.00-21.25; sows 15.00-50; pigs 12.00-17.00.

Sheep 3,000; spring lambs and shorn lambs mostly 50c higher; some sales up more; few feeder lambs and aged sheep steady; good and choice spring lambs 22.50-24.00; common to medium spring lambs 17.00-21.50; good and a few choice shorn lambs 20.50-22.00; latter price buying No. 2 pelts; common and medium shorn lambs 17.50; good shorn slaughter ewes 11.00; medium and good shorn feeder lambs 14.00-17.00; common shorn stockers 13.00.

KANSAS CITY REPORT

KANSAS CITY, April 15 (AP) — Cattle 4300; calves salable 200 total 300; slaughter steers, steady to weak; spots 25 lower; heifers unchanged; cows fully steady; bulls firm; vealers and killing calves steady; stockers and feeders unchanged; several loads top good and low choice 29.00-25; bulk fed steers 27.00-28.50; medium to low good short feds 24.00-26.75; good feed heifers 26.00-27.50; good cows 21.50-23.00; common and medium cows 17.50-20.50.

Hogs 3200; active, mostly 25-50 higher; extreme heavies and sows steady; top 21.25; small lot 21.50; good and choice 170-240 lb 20.50-21.25; 250-280 lb 18.00-20.25; 290-400 lb 16.75-17.75; sows 15.00-16.50; stags 16.00 down.

Sheep 4000; active, fed lambs and springers around 50 higher; odd lots ewes about steady; 2 cars good and choice Arizona spring lambs 26.25; no good and choice dealable weight lambs offered several medium and good arrivals 22.50-23.50; good and choice clipped lambs with No. 1 and No. 2 skins 22.50; others with No. 2 skins 21.75; odd lots good and choice slaughter ewes 12.00.

Grain Market

CHICAGO REPORT

CHICAGO, April 15 (AP)—Lack of rain in the wheat belt and small receipts of feed grains again supported an upturn in grain prices today. Corn led the advance. Trading was active. Strength in other markets aided cereals.

Wheat closed ¾-1 ¼ higher, May $2.52 ¼-2.52, corn was 2 ⅜-3 ¼ higher, May $2.33-2.33 ⅜, oats were ⅜-1 ⅝ higher, May 81.19 ⅝-¾, and May soybeans were up 2 cents, the daily limit, at 84.04. May was the only soybean contract traded.

FORT WORTH REPORT

FORT WORTH, April 16 (AP)—
Wheat No. 1 hard, 2.62-67.
Oats No. 2 white 1.46 ¾-48 ¾.
Corn No. 2 white 2.84 ½-86.
Sorghums No. 2 yellow milo, per 100 lbs 3.97-4.02.

Produce

CHICAGO REPORT

CHICAGO, April 15 (U.P.)—Produce:
Poultry: 19 trucks; hens weak, chickens steady. Leghorn hens 24; White Rock springs 47; Plymouth Rock springs 47; colored springs 45.
Butter: 275,920 pounds. Market firm. 93 score 83; 92 score 81½; 90 score 81. Carlots 90 score 81; 89 score 80.
Eggs: (Browns and whites mixed) 21,880 cases. Market firm. Extras 70-80 per cent a 46-47 A 46-47 ½; extras 60-70 per cent A 45-46 ½; standards 42 ½-44 ½; current receipts 42; checks 39.

Markets At A Glance

NEW YORK, April 15 (AP)—
STOCKS—Higher; leaders in active recovery.
BONDS—Steady; rails improve.
COTTON—Firm; trade covering.
CHICAGO:
WHEAT — Steady; crops needs rain.
CORN—Firm; short-covering.
OATS—Steady; short-covering.
HOGS—Steady to 50 cents lower; top $22.50.
CATTLE—Steady to 25 cents up; top $31.50.

Boulter Will Speak At Anson Meeting

E. H. Boulter of this city, deputy state superintendent, is to address the 14th district meeting of Parent-Teacher associations at Anson Friday morning, it was announced here.

Boulter, scheduled to speak at 10 a. m., on the subject "School and Community," said he will bring out some of the trends in curriculum improvement as they relate to the community as a whole. Stress also was to be placed on in-service training for parents as well as teachers.

MRS. S. F. FLORES

* * *

Wayland Receives $50,000 Gift From Mrs. S. F. Flores, Tulia

PLAINVIEW, April 15 (Special)—From a pioneer Plains family has come a $50,000 gift to the pioneers of Wayland college, Plainview, Ivy Boggs, economic advisor for the college, revealed recently.

The life-long interest of Mrs. S. F. Flores Tulia, in "the preachers down at Wayland," and the unselfishness of her pastor, Rev. C. G. Seawell, who contacted Boggs to arrange for the gift to go to Wayland, were responsible for the generous donation. The $50,000 is from the personal estate of Mrs. Flores.

Came In 1880's

"I've wanted for a long time to do something for Wayland, and it looks like the Lord brought this opportunity," Mrs. Flores said to Wayland President J. W. Bill Marshall, when making the gift.

Mr. and Mrs. Flores both came to the Plains in the late 1880's and have lived in this area for 60 years. A prominent ranchman and former president of the Tulia bank, Flores started his first ranch with $100 and 30 head of cattle earned while homesteading near Dimmitt.

Active Workers

Active workers in First Baptist church, Mr. and Mrs. Flores have made several substantial gifts to the church. These include a baptistry painting, a public address system with seven loudspeakers, and a receiver set for the hard-of-hearing in the congregation.

Mrs. Flores also gave $3800 carillonic bell system, and an organ. Flores has made a large contribution for a $110,000 educational building being erected by the church.

Burglaries

(Continued From Page One)

tered in that chamber and that fines of $50 and costs had been levied in each.

Defendants were W. L. Gamble, 37, a west coast negro who was charged Jan. 22 with practice of medicine without having a license; and O. V. Hill, 40, of Plains and Edward L. Brooks, 44, of Oklahoma, both of whom were charged with drunk driving.

Arlis Mann, 30, was fined a total of $85 after she admitted colliding with three parked cars in 1600-block Ave. F about 1:30 a. m. Police said she agreed with owners to pay for damages to the cars.

Campaign For TCU Funds Is Planned

FORT WORTH, April 15 (AP)—Raymond E. Buck of Fort Worth today planned a spring campaign for $5,000,000 to finish paying for Texas Christian university's ambitious building program

The drive will start late this month and continue through June. The TCU board of trustees named Buck chairman. The remainder of the $9,385,000 total has been raised in the expansion move that began in 1941.

Paintings By Jews On Way To America

ROME, April 15. (AP)—An exhibition of 95 paintings by Jewish displaced persons in Italy is on its way to Los Angeles.

The exhibit was bought by the Jewish Welfare federation. Most of the pictures deal with the life of Jews in Europe. Some depict the horrors of German concentration camps.

For about $2,000, federation officials bought these for exhibit in Los Angeles and possibly other American cities as part of the United Appeal's fund raising campaign.

Polish Population Largely Catholic

WARSAW, Poland, April 15.—(AP)—Poland is 92 per cent Catholic, according to church statistics just released. They show that of Poland's 24,000,000 people, a total of 21,341,000 are Catholics.

The capital city of Warsaw is 97 per cent Catholic. There also are 1,200 Methodists and 300 Baptists here.

Jews in Poland number between 95,000 and 105,000. Most Jews are centered in Lower Silesia around Wroclaw; in the textiles center of Lodz, and in western Pomerania around the city of Szczecin.

"Light" helium, weighing only three-fourths as much as ordinary helium, has been separated for the first time by physicists.

Congratulations To

Mr. and Mrs. Richard Splawn of Abernathy on birth of twin sons Wednesday night in Lubbock Memorial hospital. One was born at 11:40 p. m. and weighed 4 pounds 8½ ounces and the other at 11:48 p. m. and weighed 4 pounds 10¼ ounces. The father is a partner in a garage, filling station and grocery.

Mr. and Mrs. John H. Goodpasture of Levelland on birth of a son weighing 4 pounds 9 ounces at 4:25 a. m. today in St. Mary's hospital. The father is a farmer.

Mr. and Mrs. Dan R. Harris of Lubbock route 7 on birth of a son weighing 5 pounds 13½ ounces at 4:05 a. m. today in West Texas hospital. The father is a checker for Furr Food store No. 3.

Mr. and Mrs. N. N. Bailey of 209 Hub Homes on birth of a son weighing 6 pounds 7 ounces at 11 a. m. Wednesday in West Texas hospital.

Mr. and Mrs. Earl Ball of 1910 Sixth on birth of a daughter weighing 6 pounds at 9 p. m. Wednesday in the residence, reported by Porter-Bistrand clinic. The father is employed by Magnolia Petroleum Co.

High School Choir Will Go To Canyon

The A Cappella choir of Senior High school will leave by chartered buses at 9 o'clock Friday morning for Canyon to take part in the Interscholastic League music festival of region one.

Contests will be conducted at West Texas State Teachers college. The Lubbock A Cappella choir will compete in the choral concert and sight reading contests.

Borger, Pampa and Amarillo groups are to compete, in addition to Lubbock.

Eighty-three Lubbock High school students will go, accompanied by J. H. Penn, director of the choir, Mrs. Penn and Miss Grace Padley. The group is to return to Lubbock about 6:30 p. m. Friday.

Motion Picture Is Shown At Kiwanis

A sound film "Fred Jones, Kiwanian," filmed and presented through Kiwanis International, was shown at the Kiwanis club luncheon today at Hotel Lubbock.

It depicted the life of what was described as a typical citizen who "didn't wait for good things to happen, but joined efforts of others to make them happen."

Program was in charge of C. V. Bullen, chairman of the club's education committee. Club President L. E. Davis presided, with invocation by J. T. Carter.

New members introduced were F. L. Mize and L. O. Buchanan. It was announced that next week's program is to pay tribute to Dr. H. G. Gantz, club member who is leaving the pastorate of First Christian church here May 1 for a similar post at Tulsa.

A. And M. Club To Hold Meet At Tech

The South Plains A. and M. club will meet at 7 o'clock Wednesday night in the livestock judging pavilion at Texas Technological college to take part in the annual A. and M. muster for which former students of the school gather in different parts of the world.

A barbecue will be conducted. The program will include the regular muster observance, election of new officers and discussion of plans for the coming year, said O. C. Herman of Lubbock, president of South Plains A. and M. club.

Russian Planes

(Continued From Page One)

Turkey" which crashed north of Nome two days after Christmas "had a Soviet shell in her belly" and that the Air Force forbade bush pilots from assisting in search for the craft for several days because of new photographic equipment and "probably exposed plates" that she carried.

Baker said that Aleutian bases were alerted several times this winter by unidentified planes and ships.

IN CAPSULE FORM

News Briefs

E. S. Lamb, 2810 North Sixth, is recovering after an operation in a hospital at San Angelo last Thursday, friends said here today. Mr. Lamb is an employe of the Santa Fe here.

W. L. Hales, 39, of Lubbock route 1, who suffered third degree burns on his hands and first degree burns on his face when gasoline caught fire Wednesday afternoon, was reported resting satisfactorily this morning in West Texas hospital. Considerable time will be required for him to recover from the burns. He had been cleaning an irrigation motor at the farm of C. L. Huff, his uncle, east of Lubbock and the motor backfired after being cranked, setting fire to the gasoline.

"Religion and the Better World" will be the sermon subject of Rabbi Julius Kerman at the Sabbath Eve service at 8 o'clock Friday night at Congregation Shaareth Israel, Twenty-third and Ave. Q.

Funeral services were planned for 3 p. m. today in Idalou First Methodist church for Joseph L. Perkins, 76, of Idalou, who died Wednesday in Lubbock Memorial hospital. Rix Funeral home announced burial would be in Idalou cemetery, beside the grave of his wife, who died in 1937.

Funeral services are being conducted in Olney, Ill., today for Mrs. Henry Godeke, mother of H. F. Godeke, 3001 Twenty-first, who died in that city Monday. Mr. and Mrs. Godeke left for Olney immediatey after receiving word of his mother's death.

A divan caught fire about 8:30 a. m. at 2704 Allen, and slight damage was done to it and to a patch of wall paper adjacent, city firemen said after answering an alarm.

Air Force

(Continued From Page One)

ment has suggested.

Asked how he accounts for Symington's stand, Mr. Truman said he does not account for it. He said the expanded defense program outlined by Forrestal is a balanced program agreed to by all the services.

Will Eventually Work

One reporter suggested that differences between Symington and Forrestal may indicate that the armed services unification is not working.

Mr. Truman replied sharply that unification will eventually work, that the program will have to be implemented and the services will have to get acustomed to it.

After hearing a fresh declaration that war with Russia is inevitable, the House made ready to provide dollars to carry out its demand for a bigger Air Force to meet Soviet aggression.

It was all set to ram through the 70-group Air Force program.

Provides 1,000 More

The additional money would provide about 1,000 more planes. An air group varies in size according to the type of aircraft involved, such as fighters, bombers and scouting planes.

The House bill has the dual purpose of providing new planes quickly and authorizing the aviation industry to tool up for still greater production in an emergency.

Debate on the bill opened yesterday with the eventual-war-Russia statement by Rep. Cannon (D-Mo), top minority member of the appropriations committee.

"War Is Inevitable"

Referring to the Soviets, Cannon told the House:

"Their provocative conduct of the past few weeks has made it all to plain that sooner or later war is inevitable."

Taber himself said the bill is aimed at Russia.

In another defense move, Chairman Andrews (R-NY) ordered a fourth day of hearings by his House armed services committee on a draft bill.

Called to testify behind closed doors were Dr. Vannevar Bush, chairman of the government's research and development board, and acting Secretary of State Lovett.

To Resume Writing

The Senate armed services committee, also considering a draft bill on which it has ended hearings, will meet again tomorrow to resume the actual writing of a bill.

Members of Andrews' committee said they planned to question Bush closely on how much this country knows about Russia's ability to wage war—particularly the atomic bomb.

Forrestal testified on Monday that Russia knows how to make an atomic bomb but does not yet have the industrial capacity to do it.

DAUGHTER FOR BETTY

HOLLYWOOD, April 15. (U.P.)—Movie star Betty Hutton today named her second child Barbara.

The seven-pound, eight-ounce girl was born yesterday at Cedars of Lebanon hospital. Miss Hutton and her husband, Camera Manufacturer Ted Briskin, have an 18-month-old daughter, Lindsay Dianne.

American Ordered To Leave Russia

NBC Radio Correspondent Is Accused Of Espionage By His U. S.-Born Secretary

(By The United Press)

MOSCOW, April 15—The Soviet foreign affairs press department today ordered Robert Magidoff, Moscow correspondent of the National Broadcasting company, to leave Russia within two or three days.

Magidoff was charged in a letter purportedly signed by his American-born secretary and printed in the newspaper Izestia with espionage against Russia.

A letter signed by the secretary, who was identified as Cecelia Nelson, a native of Michigan, appeared in the newspaper this morning.

The order for Magidoff's expulsion followed quickly.

(Radio Moscow in a broadcast heard in London said that Miss Nelson gave documents to Soviet authorities supporting her charges of espionage by Magidoff.)

The acting chief of the press department, V. Vasilenko, told Magidoff in a 15-minute conference to which the correspondent was summoned after Ivestia published the letter that he considered it "impossible" for Magidoff to continue his work as a correspondent here.

Therefore, Vasilenko said, it would be necessary for him to leave Russia. He said Magidoff could decide the exact time of his departure and his route for himself, but must be out of the country within two or three days.

Vasilenko added that passports and visas for Magidoff, a Russian-born American citizen, and his wife would be issued by the regular authorities whenever he applied for them.

Heart Disease Does Not Necessarily Mean Early Death, Panhandle Doctors Are Told

HEART DISEASE —J-2

"Too many people are under the impression that once a person has heart disease he is going to die," Dr. Paul J Thomas, associate professor of clinical medicine at Southwesst College of Medicine at Dallas, said in a Panhandle District Medical society meeting conducted Tuesday and Wednesday in Amarillo and attended by several Lubbock doctors.

At least 10 per cent of persons suffering heart disease can be cured, he said. Even in incurable types "most of the non-curable victims of heart disease can, with proper care and close attention to their doctors' advice, live long and comfortable lives," he said.

Heart disease is the most common cause of death in the United States, he stated. That has not always been so and is due to great strides of the medical profession in affecting cures for other fatal diseases which ordinarily cause death at early ages, he said. "More people live long enough, now, to fall victims of heart disease," he said. Dr. Thomas spoke Tuesday afternoon.

Lubbock doctors appearing on the program were Dr. Ben B. Hutchinson, who presented a paper; Dr. James T. Hall, who read a paper, and Dr. F. B. Malone and Dr. Lee Hale, who opened discussions following papers.

Others Attend

Others from Lubbock who attended portions of the two-day program included Dr. Robert H. McCarty, Dr. E. M. Blake, Dr. R. T. Canon, Dr. M. D. Watkins, Dr. J. R. Harris, Dr. Ivan G. Mayfield, Dr. R. C. Douglas, Dr. D. D. Cross, Dr. Allen T Stewart, Dr Carey B. Batson, Dr. Olan Key and Dr. S. C. Arnett, jr.

Woman Hears First Time In 28 Years

BONHAM, April 15. (U.P.)—Curiosity worked wonders for 28-year-old Miss Maudie Moore. It brought her hearing.

She had been a deaf mute since she was eight months old.

While visiting the home of Mr. and Mrs. Andy Sanderson here, she was fitted with a hearing aid. Mrs. Sanderson called her name twice and Maudie's face lighted up, then she began to sob.

That was several days ago. Since then, Maudie has learned to distinguish her name and a few other simple words in a strange new world that includes sound.

She used to sit glumly in her chair most of the day. Now, she spends most of her time at the radio, listening to the great flow of sound with rapture, even though the words mean nothing.

Her mother said she will devote her time now to teaching Maudie to understand words and, if possible, talk.

Said Sanderson, the hero of the incident, "I was just curious to see if a hearing aid would help her. I knew they had tried medical specialists and hospitals and everything else."

Housing Plans

(Continued From Page One)

he called Senate and House Democratic leaders to the White House, along with the minority members of the House and Senate banking committees.

Appeals For Action

Mr. Truman appealed again for action. Telling of that meeting, Senator Barkley of Kentucky said:

"The President is very much interested in getting this long range program into operation as soon as possible. He said the (housing) situation is still acute. We told him we hoped to pass the bill through the Senate Monday or Tuesday."

House members said they told the President there is a petition being circulated to get a similar bill to the House floor despite refusal of the banking committee to act on the measure. Such a petition requires 218 signatures.

Candies should never be used on a luncheon table unless the shades in a dining-room are drawn; they are most appropriate, however, on a dinner table.

Republican County Chairmen Are Named

SAN ANTONIO, April 15. (AP)—Exercising the authority that district Judge Robert W. B. Terrell ruled yesterday was vested in his office, George C. Hopkins of Dallas, chairman of the Republican state executive committee, today completed the appointment of 17 new chairmen of Republican county executive committees.

The 17 county executive chairmen appointed by Hopkins will have to be approved by the state executive committee before legally empowered to act. They are:

H. H. Wooley, Andrews county; A. P. Stone, Bailey county; Meltin V. Hardin, Crane county; Lewis M. Sager, Crosby county; Dick Clough, Culberson county; R. J. Hauver, Dewitt County; F. W. Jennings, Dickens county; L. R. Johnson, Garza county; F. A. Lowman, Hudspeth county; Cole A. Means, Jeff Davis county; Mrs. Catherine Norton, Llano county; Alvin Mumme, Medina county; Dr. I. M. Watson, Morris county; Mrs. F. Carpenter, Robertson County; Guy E. Sweeney, Sherman county; H. M. Knight, Sterling county; and L. C. Casey, Ward county.

Lewis Trial

(Continued From Page One)

see what happens to "Uncle John" (Lewis).

"Beyond cavil or discussion," Morison said, "the testimony points directly to the fact that these defendants did not comply with the order of this court and that they, and each of them, are guilty of criminal and civil contempt beyond a reasonable doubt."

If Goldsborough found them in contempt, he could levy almost any penalty—in fines or imprisonment. He is the judge who ruled Lewis was in contempt in 1946 for disregarding a court's stop-strike order. That time he fined Lewis $10,000 and the union $3,500,000. The Supreme court cut the union's fine to $700,000 but let Lewis' stand.

JAPS ARE SENTENCED

TOKYO, April 15. (U.P.) — An Army provost court today sentenced two Japanese union officials to prison terms and fines for disobeying an order by Gen. Douglas MacArthur's headquarters in the recent communications strike.

A few hours after the conviction other union leaders ordered 20,000 striking communications employes back to work.

Price Support Plan Proposed

WASHINGTON, April 15. (U.P.)—Congress was asked today to peg farm price supports to government production goals and require the President each year to give the goal his personal approval.

President James G. Patton of the National Farmers Union offered the suggestion to the Senate agriculture committee. The committee is studying a bill which would provide a permanent system of flexible price supports for seven major farm commodities.

Tackle Real Problem

Patton urged the committee to take its flexible scale of price supports and peg it to the Agriculture department's annual production goals. He said this would tackle "the real problem—which is to encourage or discourage, as the general interest requires, the production in the forthcoming crop year."

If the government wants production of a certain supported commodity boosted, the support price would automatically go up. If at the same time, it wants output of a second commodity reduced, the support price for that commodity would drop.

Should Submit Goals

Patton said, however, that the Agriculture department under that system should be required to submit its goals to the President's council of economic advisors. And, he said, annual goals "should not become effective until the President personally approves them." He said this was in the interest of consumers. He said the Agriculture department, by nature, is interested "primarily in farmers."

The bill being studied by the committee would peg flexible supports to the year's "supplies" rather than to production goals.

Plane Crash

(Continued From Page One)

Italian, two Indian, one British, one French, one Pakistan and one stateless."

The crash occurred as the big plane came in for a second try at Shannon's main air strip. Witnesses said it apparently hit an obstruction, skidded along the ground for a ways and then burst into flame. The wreckage burned more than three hours.

Pilot Couldn't Make It

"I don't know what happened," Warnock said, "but the pilot couldn't make it."

The "Empress of the Skies" claimed to have set a new Trans-Atlantic record April 19, 1947, by landing here five hours and 55 minutes after leaving Gander, Newfoundland.

The last bad crash here occurred last Decemebr, when the Constellation "Star of Cairo" flew into the ground, killing 13.

Mrs. Worst, who was told first there were no survivors and then learned her husband was the only one, commented:

"You cannot imagine how I felt."

Then she added:

"We are going back to California immediately. And by Constellation, too. You can quote me on that."

Train Wreck

(Continued From Page One)

city blocks. Laughlin suffered only back and leg injuries.

The derailed cars crashed against the side of a mixed freight train of box and oil tank cars that was waiting on a siding to the left.

Oil on the outside of the tankers flared up from friction sparks—igniting the inside of the last two coaches as parts of their sides were ripped away.

OFF FOR SWITZERLAND

LONDON, April 15. (U.P.)—Mrs. Eleanor Roosevelt left by plane today for Zurich.

Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills. Adv

Government Attempts To Muzzle Press Are Talked At Meeting

By DEAN W. DITTMER
United Press Staff Writer

WASHINGTON, April 15.—The American Society of Newspaper Editors was warned today that new attempts may be made to put limitations on the free flow of news within the United States.

The warning was sounded by Asne President Nathaniel R. Howard, editor of the Cleveland News, in an address before more than 300 editors at the opening session of the organization's threeday annual convention.

"I am not arguing for limitations, but it is entirely possible that others will raise their possibility of existence," Howard said.

"On such an issue we must proceed with calmness, the best factual exploration possible, and a sense of our responsibility in two directions—first to the people whom our newspapers service and protect and equally toward our government and its mandate to protect the people in a strange time."

Before the convention ends, Howard said, the membership will have an opportunity to discuss this issue fully and to express themselves on State department dissemination of news and opinion, world freedom of information and the accrediting of journalism schools.

The conference also will be addressed by President Truman and hear off-the-record talks by Defense Secretary James Forrestal and Acting Secretary of State Robert A. Lovett.

Howard said that last fall the attention of the ASNE's board was called "to the exposure by the press of the plans of a government departmental committee here in Washington to impose a pattern of silence on the cabinet departments."

Part of this proposal, he said, was for cabinet heads to classify information "on a scale of secret down through confidential and discipline all federal spokesmen and employes who did not respect this administrative rule."

Howard said he was instructed by the board to send a telegram to Mr. Truman who replied he was "surprised at your taking the trouble to send it."

"Never Heard Of It"

"I never heard of the program to which you refer and I am very sure that such a program could not possibly go into effect without my approval" Howard quoted the President as saying.

Nothing further has happened, Howard said, adding:

"But it is entirely likely that this bureaucratic menace has not passed, nor will for some time and I recommend to the succeeding board the vigilance of the present one on this issue."

Howard said the impact of World War II and the atom bomb was as great on the society's functions as on all American institutions. It replaced strictly journalistic issues "with a sudden responsibility for much broader and more public problems," he said.

Stratojet Bomber Has Won Its Wings

SEATTLE, April 15 (AP)—Boeing's radically designed new "Stratojet" bomber has won its wings.

The Boeing Airplane company announced today that the world's first bomber with swept-back wings has completed the initial phase of its flight test program.

N. D. Showalter, the company's flight test chief, said the 60-ton XB-47 will be turned over to U. S. Air Force materiel command pilots shortly for their second phase of flight testing.

Brownfield Services Set For Mrs. Bruce

BROWNFIELD, April 15. (Special)—Funeral services were planned for 4:30 p. m. today in Crescent Heights Church of Christ here for Mrs. P. F. Bruce, 62, who died at 7:15 p. m. Wednesday at the home of a son, A. L. Bruce, of 2619 Twenty-sixth in Lubbock.

Jimmy Woods, minister, was to officiate. Brownfield Funeral home announced burial would be in Terry County Memorial cemetery.

Mrs. Bruce had been living with her son during about six months of illness. Prior to that she had lived here since 1920.

Survivors include the husband, another son, Elmer Bruce of Brownfield, a daughter, Mrs. Bruce Bailey of Las Cruces, N. M.; four sisters, Mrs. Earnest Copeland and Mrs. J. R. Tennison, both of Talco, Mrs. G. C. Keith of Bogata and Mrs. S. E. Bailey of Garden, Calif.; three brothers, Dee Saunders of Richmond, Calif., Lewis Saunders of Beaumont, and Harry Saunders of Red River county, Texas; and five grandchildren.

EXECUTIVES SENTENCED

MOSCOW, April 15. (U.P.) — Soviet newspapers reported today that six executives of Russian factories have been sentenced to from two to five years in prison for producing unsatisfactory products.

Southland Couple Hurt In Accident

Mr. and Mrs. Alvin Gary of Southland were seriously injured about 6:15 p. m. Wednesday when the motorcycle they were riding collided with the rear of an empty explosives truck one mile east of the "Y" on Slaton highway.

Gary, 24, suffered a mangled leg and cuts and bruises. He was conscious this morning and his condition appeared improved. Mrs. Gary, 20, suffered a fractured pelvis and was serious in condition.

Driver Not Hurt

The driver of the truck, E. O. Lee, of Dallas, was not injured.

The truck and the motorcycle were both being driven east at the time of the accident, according to the highway patrol. Lee was preparing for a left turn at an intersection on the highway, highway patrolmen reported, but had not crossed the center stripe.

Gary was taken to Lubbock Memorial hospital by Rix Funeral home ambulance, and his wife was taken to West Texas hospital by Bryan McDonald and Son Funeral Home ambulance.

Medical Report In Man's Death Given

A medical report filed this morning with C. E. Lynn, justice of peace, found that Frank A. Brown, 5°, died of "acute alcoholism followed by chronic alcoholism, with marked liver cirrhosis," and suggested that "evidence is not sufficient" to warrant sending the viscera to a state laboratory.

In ordering the autopsy Wednesday, Lynn had proved that a specimen should go to the laboratory if there were evidence or suspicion of "unlawful means" connected with the death.

Brown, a Western Union employe, had been dead approximately 72 hours when discovered Tuesday night in his room at 1020 Seventeenth, the medical examiner said in his report.

Lynn said he would enter a verdict "in accordance with the findings of the autopsy report," made by Dr. W. L. Baugh, county health officer.

The body will be taken this afternoon by train to Onega, Kas., for burial. Relatives live there.

Mrs. Hankins Rites Slated For Today

Funeral services were planned for 2 p. m. today in Cone Baptist church for Mrs. Mary Elizabeth Hankins, about 88, who had lived in Levelland and Cone. Rev. A. A. Brian, pastor of Brownfield First Baptist church, was to officiate.

Mrs. Hankins died Tuesday night at the home of a daughter, Mrs. Lonnie Bell of Weatherford.

Burial will be in Lubbock cemetery, beside the grave of her husband, under direction of Marr Funeral home of Ralls.

Survivors include a son, P. W. Hankins; three daughters, Mrs. Charles Littlefield of Cone, Mrs. Troy Dobbs of Levelland, and Mrs. Bell; a brother, Willie Barnes of Vernon, Alabama; a sister, Mrs. Della White of Wewoka, Okla.; 34 grandchildren, 64 great grandchildren, and six great great grandchildren.

School Officials At Meetings In Austin

Several representatives of Lubbock public schools went to Austin to attend meetings this week.

Alfred Smith, principal of Central Ward school, and Thomas F. Murray, director of elementary curriculum, attended a meeting of the Association for Supervision and Curriculum Development Monday through Wednesday. Miss Dorothy Lomax, director of curriculum for secondary schools, attended the Wednesday sessions and took part in a discussion group.

Mrs. Rheuby Rhodes, principal of McWhorter school, Mrs. Ivy Savage, principal of Roscoe Wilson school, Leo Warren, principal of East Broadway school, and Smith and Murray are to attend a meeting of Texas Elementary Principals and Supervisors today through Saturday. Ishmael Hill, former director of elementary education in Lubbock public schools and now curriculum director at Beaumont, is state president of the organization. Mrs. Rhodes, district president, is to be a group leader for a discussion of "Physical Factors in Children's Growth and Development." Mrs. Savage is a member of the by-laws committee and will lead a discussion of "Children's Emotional and Personality Development."

Appeal For Housing At Perrin Is Made

WASHINGTON, April 15. (AP)—North Texas residents were asked today to help personnel at reactivated Perrin field near Sherman and Denison to find housing accommodations.

Air Secretary Stuart Symington made an appeal in a letter to House minority leader Rayburn (D-Tex). The Air secretary asked that all possible rooms in the area be made available for the men and their families who would go to the area.

Rayburn said he is sending the appeal on to the mayors and other public officials in North Texas with the notice that the size of the force at Perrin field would not "be as great as hoped for" if housing facilities were insufficient.

Training operations are scheduled to start at Perrin field July 1.

Government Advises Rabbits As Way To Beat Meat Shortage

BY VINCENT BURKE
United Press Staff Writer

WASHINGTON, April 15—If you have a backyard, maybe you don't have to worry about a meat shortage or high meat prices. You can raise rabbit meat.

The Agriculture Department offers that suggestion as an aid to the family budget. Charles E. Kellogg, the department's No. 1 rabbit expert, says it's better to raise tame rabbits in your backyard than to go out into the woods and shoot wild ones.

Here's why:

1. Three does and a buck in backyard hutches will provide you with 150 pounds of rabbit meat in one year. Your share of the nation's beef, veal, pork and lamb supply this year is only 143-146 pounds.

2. Domestic rabbit meat tastes better than wild rabbit. "It compares with breast of chicken," Kellogg said, "and it's so superior to wild rabbit meat as to seem an entirely different food."

3. It doesn't cost much. You can build a rabbit hutch out of scrap lumber, crates and old poultry wire. Domestic rabbits gain a pound in weight on about four and a half pounds of grain feed. You can save on feed by giving them some lawn clippings, stale bread, cooked potato left-overs and vegetable trimmings.

4. It doesn't take long. It's only 90 days from the time a doe is mated until the four-pound offspring is ready for the dinner table.

5. Wild rabbits sometimes have a disease called tularemia, which does not afflict domestic rabbits.

Here's how you get 150 pounds of rabbit meat from three does and a buck:

Each doe produces four litters a year, or 20 to 24 young. In eight or 10 weeks the young each weigh four to five pounds and at that time will provide two and a half pounds of dressed meat. So if the three does produce a total of 60 rabbits, you have 150 pounds of dressed rabbit each year.

You may get tired of eating rabbit meat. In that case, the department suggests that you sell some of it and use the money to help on the grocery bill.

In fact, you can sell the pelts separately. But if you're planning to go into that business, you ought to raise white rabbits. White pelts bring higher prices.

Rabbit raising is not permitted everywhere. But they may be kept in any town or village where poultry raising is permitted, the department said. It's a booming industry on the West Coast. Los Angeles in a recent year consumed about 7,000,000 pounds of rabbit meat.

THE SENATOR TAKES A FIANCEE—Sen. Charles W. Toby (R., N. H.), has announced his engagement to Mrs. Loretta C. Rabenhorst, 53, a retired District of Columbia school teacher. The 68-year-old senator said the wedding will be late this year. His wife died in August after a long illness.

Symphony Directors Discuss New Plans

The Lubbock Symphony orchestra board discussed plans for 1948-49 at a meeting in the Lubbock National bank last night, and the plans were to be completed early today, it was announced last night.

Charles E. Maedgen, jr., presided at the session. He succeeded W. P. Clement as chairman of the board.

Thirteen new board members are D. O. Wiley, H. A. Anderson, W. B. Rushing, James L. Quicksall, Harry Delaney, W. C. Wood, Paul Schaefer, Floyd Honey, Homer D. Grant, Marion Key, Mrs. Roscoe Wilson, Mrs. Marlin R. Smith and Mrs. Newton Walton. J. C. Reynolds was elected to fill the unexpired term of the late Dr. Fred W. St. ndefer.

Retiring board members who form an ex officio group and are to work on committees are Dean James G. Allen, Charles S. Carter, George T. Dale, Jack Hall, Dr. Clifford B. Jones, G. R. Kennedy, W. D. McCarty, Rex Webster, Retha Martin, S. C. Wilson, Mrs. Vera Chapman, Mrs. E. Waldo Trotter and Margaret Turner.

The current season will be brought to a close Tuesday night at a concert to be given in Lubbock High school auditorium at 8 o'clock with Frances DeMond, mezzo-soprano, as guest artist.

WEDDING IS SET

HOLLYWOOD, April 15. (AP)—A May 1 wedding is planned by film actress Faye Marlowe and Sidney Hyman, New York writer. Her parents, Mr. and Mrs. William Simon, announced the engagement. The wedding will be in Chicago and the couple plans to live in New York.

Military Equipment To Be Seen At Tech

Modern equipment used in training military engineers in the ROTC unit at Texas Technological college will be put on display at the sixteenth annual Engineers' show, April 23-24, according to J. W. Stewart, engineering student of Lubbock and manager of the military science exhibits.

Some of the equipment will be demonstrated and explained by the students while other parts of it will be available for examination by the visitors.

Arms and ammunition, mine detectors, water purification systems, and various types of aircraft armament will be shown. On demonstration will be many pieces of equipment used in communications such as radio direction finders, sound power phones, which are operated on the field without the use of batteries, radio transmitters and receivers, and wire communication pieces. Model bridges of the type used in the field by combat engineers in World War II will also be on display.

Captured enemy equipment which should be of considerable interest to all visitors will be exhibited also, Stewart added.

The world's largest rodent, the Capybara rat, often grows to a length of four feet and sometimes weighs as much as seventy pounds.

LUBBOCK EVENING JOURNAL

Lubbock, Texas, Thursday, April 15, 1948

Section 2

FOR EMERGENCIES—Preparing for emergencies in which students will require first aid treatment, the college unit of the American Red Cross at Texas Technological college is installing emergency first aid kits at strategic points about the campus. In the top picture above, the kits are being prepared by members of the college unit. In the picture, left to right, are: Francis Bearden, recreation hall director and chairman of the first aid committee; Floyd Rector, Lubbock, chairman of the college unit; Floyd E. Camp, Lubbock, co-chairman; and Lewis Jones, assistant dean of men and first aid instructor. The knits, to be placed in the dormitories, the recreation hall, aggie barns, gymnasium and chemistry building, contain medicines, gauze, splints, bandages, etc. Even while the kits were being prepared, a member of the college Red Cross unit, Miss Mary Nell Cates of Breckenridge, required first aid when she broke a finger playing baseball. Camp is shown in the bottom picture applying bandages and a sling. Miss Cates is chairman of the water safety committee of the Tech unit. The first aid boxes for the kits were made free of charge by William H. Hertel, local cabinetmaker. (Staff Photos.)

After Five Years, She Prefers Pigs

LONDON, April 15. (AP)—Paula Perks prefers pigs to perfume.

After five years of work on a farm during the war she came to town and got a job in a London perfume shop.

Today she quit to go back to the pigs. The odor of perfume, she said, "got me down."

"Military" Chair Is Not Very Popular

TOKYO, April 15. (AP)—Anti-militarism in this nation which once bristled with militarism takes the darnedest forms.

Kyodo news agency said officials of Kagawa prefecture refuse even to sit in a chair once owned by Gen. Maresuke Nogi and it had to be moved out to the reception room.

Gen. Nogi won his fame in the Russo-Japanese war.

Big Attendance Is Expected At AA Gathering

More than 1,000 persons are expected in Lubbock this week-end for the first sectional meeting of members of Alcoholics Anonymous since the organization's forming of groups in the area about a year and a half ago.

Organization of the West Texas and New Mexico association will come out of the meeting, sessions of which will be held during Friday and Saturday with meetings open to the public on Friday and Saturday nights.

Founder To Be Speaker

"Bill W", one of the founders of the AA 14 years ago, is to be featured speaker at the sessions. A retired New York stock broker, he is devoting much of his time to the movement which now has 58,300 active registered members in more than 1,900 groups throughout the nation.

"Bill W" has been on a trip to the West coast and his appearance in Lubbock is the first time he has been in the Southwest. He made talks at San Francisco, Los Angeles and Phoenix and will speak at Dallas.

Woman Will Speak

In addition to the founder, three other speakers, including one woman, will be heard in the programs open to the public. Friday's meeting will be held at Lubbock Senior High school auditorium at 8 p.m. and Saturday night's program at Junior High school auditorium at the same hour.

The programs on the two nights are free to the public.

Headquarters of the two-day meet will be the AA clubhouse, corner of Sixteenth and Ave. J, but meetings will be held throughout both days at Hotel Lubbock.

Registrations for the meeting already have been received from points as far away as Denver, Albuquerque, Tulsa, Oklahoma City, Dallas, Houston, San Antonio and El Paso.

Bank Deposits Show Seasonal Decline

Lubbock bank deposits showed only a seasonal decline at the close of business on April 12 over year-end figures, statements of the three local banks revealed Wednesday. Statements were made in answer to a federal bank call.

Deposits totaled $83,757,092.98 on that date compared to an all-time peak of $90,669,303.99 last Dec. 31.

Total resources of the banks were $86,848,340.17.

Loans totaled $15,803,084.16.

All figures showed substantial increases over those of a year ago.

In addition to savings accounts reported by First Federal Savings & Loan association, customer accounts of all Lubbock financial institutions total $86,757,092.98.

Sherman Man Joins Faculty

Dr. Juddie Johnson Willingham of Sherman has accepted a professorship in the Dairy Manufactures department of the Agriculture division at Texas Technological college, Pres. W. M. Whyburn announced Wednesday.

Dr. Willingham is expected to arrive in Lubbock sometime in July to take up his duties during the second summer school session.

At the present time he is production manager of the dairy division of Meadowlake Foods company at Sherman and has been associated with the company in his present position since 1944.

A native of Texas, Willingham is rated as an outstanding authority in the dairy manufactures field, particularly in the production of ice cream.

He was a member of the faculty at Iowa State College for eight years where he taught the making of ice cream, advanced testing bacteriology, elementary dairying and special problems. During the latter years of his service at the college he was in charge of the ice cream department.

Dr. Willingham was graduated from Texas A&M in 1931 with a Bachelor of Science degree. While an undergraduate, he won membership in the Distinguished Student and Scholarship Honor Society. He was initiated into Sigma Xi and Gamma Sigma Delta, honorary science and honorary agriculture fraternities respectively, while completing graduate work at Iowa State.

In 1936 he submitted for publication his master thesis, "Oxidized Flavors in Ice Cream," and in 1941, "Action of Mold Inhibitors on Dairy Products," for his doctor's thesis.

Lubbock Doctors To Take Part In Talks

Dr. Clarence Mast and Dr. Allen T. Stewart, both of Lubbock, will be among Texas physicians who will lead discussions or deliver medical papers before the 81st annual meeting of the State Medical association in Houston April 26-29.

About 2,500 doctors from all parts of Texas and a number of nationally-known medical authorities will attend the association meeting. A variety of subjects reflecting current scientific progress in the specialized fields of medicine will be discussed during the four-day session.

He's Singing With Tommy Dorsey's Band

"Britain's Bing Crosby" Has Hair And He's "Nice Noise"

* * *

BY SAUL PETT
Associated Press Staff Writer

NEW YORK, April 15 — "The Bing Crosby of Britain" is a rather short man with hair.

Denny Dennis also has a long face reminiscent of Leslie Howard and a conservative taste in shirts, and at home he's known as a "nice noise," which in British show business means he sings well.

Rated among his country's top three vocalists for the past 10 years, the 34-year-old, five-feet, eight-inch baritone has come to the United States to sing with the Tommy Dorsey band on tour for the next six months, plus another six if the man with the trombone picks up his option.

Records Sell Well

Dennis and the band leader had never met but Dorsey signed him on the basis of his records, which have been seeling well in this country, especially since the Petrillo ban. At home, Dennis sings on a radio variety show called "Band Call."

His first day here, the British singer appeared on three disc jockey programs. Although he knew in advance that American radio was commercial, he was surprised by "all the selling that goes on" and the ad-lib informality left him a "bit nervy" (nervous).

His second day here, Dennis spent joining two radio and theatrical unions. "In Socialist Britain," he noted pleasantly, "there are two theatrical unions but you don't have to join. In America, it seems, you do."

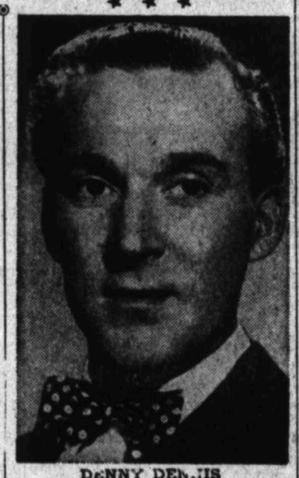

But He Didn't Mind

But he quickly explained he didn't mind in the least, that he held union cards at home anyway and probably would have joined up here, voluntarily.

As to the informality of our air waves, Denny finds this a pleasant change after the government owned British radio.

"There is no ad-libbing at home," he explained. "Performers can't kid each other the way Benny and Allen or Crosby and Hope do here. You can't sing a song without being introduced by the announcer and the announcer must follow a script carefully."

The British announcer will say simply, "Here's Denny Dennis now, singing "The Bluest Kind of Blues." There is no build-up. There is none of our chit-chat beforehand — comments on somebody's blue suit or blue eyes or blue tie which lead the script obliquely into the song. None of the clever things like that.

DENNY DENNIS

Three Disc Jockeys

Dennis reported Britain has only three disc jockey programs, "Record Roundup" is heard on Saturdays. On week-day evenings there's "Family Favorites" and in the morning, "Housewife's Choice."

The disc jockeys are regular station announcers who take turns and there's no nonsense permitted —no breaking records on the air or insulting a performer or casually talking to the engineer. As to the postwar situation of British radio and music in general, Dennis reported:

There are no bobby-soxers as such — the most a 'teen-aged fan will do is to ask for an autograph and that's done politely, no tie-snatching, coat-pulling, screaming, swooning, etc.; female vocalists are more important than males and it is rare for a man singer to have his own radio spot; the popularity of dance music has fallen off since before the war; Danny Kaye, who played London recently, was "the biggest thing to hit British show business in years;" radio press agents are scarce; even the most successful British radio performers rarely, if ever, earn more than $500 a week.

"I think," said Denny, "I'll like it here."

Tribal custom decrees that all Navajo Indian hogan (houses) must face east.

Fuel Shortage Pinch Is Said Felt In Area

Answering complaints from some farmers that their tractors, irrigation pumps, and other equipment are standing idle because they cannot buy fuel, petroleum products distributors here said yesterday the gasoline situation appears to be tightening, but that they can see no cause for alarm.

Major companies, some of which have been on allocation of products for some time, and others on a generally similar plan, said they are taking care of old customers, but are not taking any new business, except replacement of a customer who has dropped out, or decreased his consumption of their products.

Investigation Is Planned

State Senator Sterling J. Parrish and Rep. Preston E. Smith are to go to Ropesville this morning to interview those refused gasoline service to formulate plans for seeking relief for the the farmers. They had been requested to aid in the problem by a group of the farmers.

What happens to the farmer who is starting operations for the first time, or has not been on a consumers' list?

Major company distributors had no answer to that question, other than to say that some companies—independents and co-ops—are still caring for some new business, and it would be up to the consumer to find the source.

Co-op Has Partial Answer

One co-op organization which operates in this and other area counties appeared to be a partial answer. After explaining that petroleum products as a whole are about 40 per cent short of potential demand over the nation, the management, which said the organization is designed and chartered to serve the farmer, added that all demands for fuel from farmers are being met.

Product of a refinery, owned and operated by the concern, move almost exclusively into farm circles, and, as one bright spot in the generally dark picture, capacity of the plant can be stepped up, and even quadrupled, if necessary, it was said.

What is the cause of the tight gasoline and petroleum products situation?

Consumption Has Zoomed

The answer, in all circles was the stepped-up consumption of such products, such as increased farm mechanization, rapidly expanding use of pump irrigation in this area, conversion of heating equipment in many parts of the nation from coal or other fuel to petroleum products, and generally increased consumption in private and public transportation.

Refinery capacity in the nation has not been materially increased since before the war, and facilities

Idea Of Pension Talk May Cause Amendment To Taft-Hartley Law

BY JAMES MARLOW
Associated Press Staff Writer

WASHINGTON, April 15—The idea of pensions has burst across the American labor front this week with brand new force.

Before looking at what happened, remember this:

Under the Wagner labor act, passed in 1935, and the Taft-Hartley labor act, passed in 1947, employers must:

Bargain with a union representing their employes about wages and working conditions, among other things.

But neither law says they have to bargain with a union about pensions.

Several Courses Open

So employers have been free to do a number of things about pensions:

To refuse to talk about a pension with a union; or to set up their own pension plan without talking to a union; or to do nothing about a pension.

A number of companies have pension plans in which a union has had no part. Then this week this happened:

1. On Monday John L. Lewis won a long fight over how a pension plan for his coal miners should work, the pensions to be paid for by the mine owners.

2. On Tuesday the National Labor Relations board (NLRB) ruled that an employer must bargain with a union about a pension plan.

No 2 doesn't mean a boss must grant a pension plan. But now, under the NLRB ruling, at least he must talk to a union about it, if a union wants to.

The NLRB said that pensions fall within the meaning of wages and therefore must be discussed.

First Ruling

NLRB is the government agency which administers the labor law. This was the first time since it was created in 1935 that it ruled on pensions.

Its decision was based on an appeal to it by the CIO steelworkers against the Inland Steel corporation.

The NLRB had been considering this case for months and handed down its decision the day after Lewis' victory.

This NLRB is not necessarily the final word. In the end, the case may be appealed all the way through the U. S. courts up to the Supreme court for a final decision on whether a boss must bargain on pensions.

But the two events of this week give fresh strength to other unions seeking pension plans.

Others Want Pensions

The CIO steelworkers want pension plans from other steel companies. The CIO autoworkers want pension plans from the auto manufacturers. CIO electrical workers want pension plans.

The desire of unions for pension plans cuts clear across the country into all kinds of business.

But if an employer talks pensisons with a union—in addition to wages and other things—isn't that likely to cause more labor-industry disputes?

Charles E. Wilson, head of General Motors, thinks so. Wilson now is tangled up with the auto workers over a pension plan. He recently said:

"The inclusion of health and welfare plans within the area of collective bargaining can only create new and unexplored areas of industrial disputes, difficult—if not impossible—to solve."

May Amend Law

One of the problems is how to set up a permanent pension plan when union contracts with employers are made for only a year or two at a time.

Wilson thinks the Taft-Hartley law should be amended to rule out any bargaining about pensions.

Senator Ball, Minnesota Republican, was one of the members of Congress most active in getting the Taft-Hartley law passed.

He says that by next January Congress may try to regulate pension bargaining, which would mean amending the Taft-Hartley law.

CHERRY BLOSSOM QUEEN—Doris Sheldon (center, hand raised) of Claymont, Del., acknowledges applause in Washington, D. C., after selection to be queen of the Cherry Blossom Festival. Nancy Anderson, (top) daughter of the secretary of agriculture, stands beside selector which she spun. "Princesses" each representing their home states were candidates for queen. Others in picture unidentified.

Fuel Shortage

(Continued From Page One)

are not sufficient to meet the sharply increased demand, one source said.

Another, asked about exports of petroleum products, believes this could have little if any bearing on the situation, because imports of the product have in recent months exceeded exports.

Government Is Buying

The government has been buying, for general use and no doubt for a certain amount of storage, a percentage of production. This for a time was about seven per cent of the total U.S. production, but recent figures on this were not available. Whether it has been increased was not known here.

As concerns the South Plains farmer and his fuel problems, most sources agreed that there probably will be some cases of hardship due to fuel shortages but believed there will be no widespread loss of time from crops because of it.

Local sources, however, would not hazard a guess on possibilities of the future, believing this will be influenced and dictated by world conditions.

Tough To Reject Business

They ruefully remind one that "it's tough to be forced to turn down business when it almost literally comes begging to your door," but add that they are making every effort to spread the allocated supply as far as possible under their announced distribution practices.

It was also announced that Dudley Brumett, Lubbock attorney and candidate for state senator from this district, had joined Troy Morris, Ropes newspaper editor, in sending telegrams to Gov. Beauford Jester and the Texas Railroad commission asking an explanation of the situation.

Navy Official Gives Figures

LOS ANGELES, April 15. (AP)—Mark Andrews, assistant secretary of the Navy, says the Navy's air arm, with its present strength, could not carry out long-sustained operations.

"We now have only 11 fleet carriers in operation and they are divided between the Pacific and Atlantic," he told the California air policy conference yesterday. "We have some other smaller carriers in anti-submarine hunter-killer groups, in experimental use, and for plane transport.

Only Two Spares

"For the fleet carriers we have only the air groups now on board them and only one spare group for each ocean."

He said that "when committed to combat, the carriers outlast the planes and men in their air groups."

Andrews added, however, that he was convinced that under the armed services procurement act, effective May 19, "the aviation industry and the air services are embarking on a program of recovery after their deterioration during the period of rapid demobilization."

Robet W. F. Schmidt, superintendent of airports of the Civil Aeronautics administration sixth region, told the conference that the nation needs 2,700 new civilian airports and that 2,000 of the 5,900 existing civilian fields need improvement within three years.

PAROLE GRANTED

AUSTIN, April 15 (AP)—Gov. Beauford H. Jester has granted a 15-day emergency parole to Clarence Orville Phelps, sentenced to three years on March 3 for burglary and theft from Grayson county. The clemency was to permit Phelps to be with his wife during childbirth.

Dead Man Threatens Political Peace In Riot-Torn Colombia

(By The Associated Press)

BOGOTA, Colombia, April 15 (AP)—A dead man threatened political peace today in a riot-wracked Colombia.

He was Jorge Eliecer Gaitan, assassinated leader of the liberal opposition to conservative President Mariano Ospina Perez.

His widow said yesterday—the day set for his state funeral—she would not let him be buried until the president resigned. The funeral was postponed.

Gaitan's fatal shooting last Friday touched off a Colombian rebellion that ravaged this capital and interrupted the Pan American conference here.

Divided On Name

That meeting—the Ninth International Conference of American States—resumed yesterday and swiftly split over a name for a Pan American regional organization, with the United States on the losing side. It chose "Organization of American States."

In the Bogota rioting, officials have estimated that 300 were killed and 1,000 hurt, but many persons believe other dead lie in the ruins of looted and burned buildings.

Over the government radio last night, finance Minister Jose Maria Bernal announced that the U. S. Export-Import bank has offered and Colombia will accept a $10,000,000 reconstruction plan. A plane arrived yesterday with $5,000 worth of American Red Cross Medical supplies.

Declines Burial

Mrs. Gaitan made her statement to correspondents, United States army officers and Uruguayan diplomats. She told the Uruguayans "the people do not want" her husband buried while Ospina Perez holds office.

The president has set up a liberal-conservative cabinet and claims to have put down what he and others calls "A Communist insurrection." But many fear a public funeral for Gaitan may undo the party truce.

In a statment the liberal party national committee urged liberals and labor unions last night to "overcome the sadness caused by the death of Gaitan" and end a general strike.

Still Uneasy

Bogota still is uneasy. Snipers exchanged fire with soldiers and sailors on patrol in tanks, trucks and automobiles.

(The newspaper El Nacional in Caracas, Venezuela, said liberal party insurgents still control many parts of northern and western Colombia.)

The name for the Pan American organization was picked by the conference steering committee, made up of the 21 chief delegates The "Organization of American States" was approved, 11 to 10

The U. S. and nine others had held out for "Organization of American Nations." Argentina, in the majority, had fought to keep out the word "union," which she said sounded too much like a "superstate."

The steering committee, working on a pact for the organization, okayed provisions tagging it a regional organism within the United Nations and giving its aim as peace, solidarity, collaboration and defense.

The commitee omitted economic cooperation from a program of work for the conference. Delegates said they were giving up efforts to work out a treaty on this.

Europe First

U. S. Secretary of State George C. Marshall, who took no part in yesterday's debate, has given the conference to understand Europe has priority over Latin America for U. S. economic aid.

The Colombian capital, where the conference convened March 30, was pillaged in last Friday's rioting. Yesterday's meeting was three miles away, in a classroom of a suburban preparatory school called the Gimnasio Moderno.

Colombian troops stood guard outside. The second of yesterday's two sessions was broken off at 6:15 p. m. to give the delegates time to beat the 7 p. m. curfew to their living quarters.

ARE YOU A REGULAR PERSON?

Do you keep fit; enjoy your food; are your bowels regular? Thousands of people have found the answer in an amazing tonic that has brought them health and happiness. This medicine, called Mertox Compound, goes to work quickly to create a more rhythmic bowel action. Expels gas and bloat so that you have a real rest for food.

Hundreds of Texas people have endorsed this great compound, containing 25 excellent herbs and other medicinal ingredients, for stomach ailments, kidney conditions, rheumatic pain and many other symptoms.

Just go to your druggist today and ask for Mertox Compound at the new REDUCED price. Perhaps you too will find the relief Mrs. E. E. Hamlin of Dallas did, who wrote us as follows:

"I have been in a weak, rundown condition for some time. Was very nervous; no energy; had dizzy spells and severe backaches all the time.

"I was greatly surprised at the quick action of Mertox, for after the first two doses, I had the best night's sleep I had in several months.

"I now feel like a different person and am free of all my ailments. Where housework used to be a task, it is now a pleasure."

Buy Mertox from your druggist at the new REDUCED price. Send post card to The Fernak Co., 4815 Bryan, Dallas 4, Texas, for free booklet, "BETTER HEALTH," and PROOF of what Mertox is doing for sick people.

Brownie's Behavior Saves His Own Life

PITTSBURGH, April 15 (AP)—Brownie, a medium-sized part German shepherd dog doesn't know it, but his court-room behavior saved his life.

A jury convicted Brownie's owner of keeping a ferocious dog, a charge preferred by a man who claimed "Brownie" bit him.

Normally such a verdict means a death sentence for the dog involved. But Judge J. Frank Graf wanted to see the dog.

When Brownie was brought into the courtroom, he shuffled towards attorneys to have his head petted. Then, he looked up at the judge. That was enough—Judge Graf sentenced Brownie's owner to a year's probation and allowed the dog to go home.

Marriage Is Kept Secret Five Days

HOLLYWOOD, April 15 (AP)—It was a secret, but only for five days, that actress Cathy O'Donnell and Bob Wyler are married.

They announced that the ceremony was performed in Las Vegas, Nev., last Saturday Wyler, brother of director William Wyler, met Miss O'Donnell when she was appearing in "The Best Years of Our Lives," a 1947 academy award winner directed by brother Bill.

William Wyler acted as best man and his wife as matron of honor at the Las Vegas wedding. Miss O'Donnell, 21, was married under her real name of Anne Steeley.

Birds Ring The Bell In "Spook" Mystery

MEMPHIS, Tenn., April 15. (AP)—Everyday was Hallowe'en at the home of Ward Bolton for awhile.

Twice a day the doorbell would ring but there was no one at the door. Now the mystery's been solved. It wasn't "spooks"—just birds roosting on the doorbell wires which run through Bolton's garage.

The birds had worn down the insulation. When they lit on the wires, the doorbell rang and ditto when they flew away for the day.

Plastic Lens To Be Useful In Industry

LONDON, April 15. (AP)—Britain has developed an industrial inspection lens made of methyl methacrylate, a plastic material half the weight of glass.

The Board of Trade says the lens "gives both eyes a clear and undisturbed image over the whole field of vision."

The new lens is expected to ease eyestrain in handling small industrial parts.

"DRUGS WITH A REPUTATION"

Taft Makes Plans To Choke Off Stassen's Early Winning Streak

WASHINGTON, April 15 (AP) — Senator Robert A. Taft laid plans today for an all-out effort to choke off Harold E. Stassen's delegate-winning streak when the two tangle in Ohio's May 4 Republican presidential primary.

The Ohio Senator told a reporter he frankly is both puzzled and disappointed by his poor-third showing in Tuesday's Nebraska ballot battle.

"But I'm quite confident that things will be different in Ohio," he added.

Into Taft's Territory

There Stassen is bidding for 23 of Ohio's 53 votes to the Philadelphia nominating convention.

The former Minnesota governor headed into Taft's territory today after promising at Minneapolis to carry on the work of "developing a vigorous, forward-looking and humanitarian Republican party."

Taft plans to leave Washington tonight for a weekend of campaigning in Ohio, where Mrs. Taft already is busily engaged in a vote-seeking tour.

New York's Gov. Thomas E. Dewey, who ran second to Stassen in the cornhusker popularity test, meets the former Minnesota governor again in the May 21 Oregon primary.

The Nebraska count, with only 47 of the state's 2,024 precincts missing, gave:

Results Listed

Stassen 78,610, Dewey 62,444, Taft 20,680, Senator Arthur Vandenburg 8,863, Gen. Douglas MacArthur 6,679, Gov. Earl Warren of California 1,772 and House Speaker Joseph W. Martin 886.

The returns gave Stassen 13 of the state's 15 votes on the first nominating ballot at Philadelphia. But Taft backers still hope to pick up some Nebraska support in later balloting. The results of the preferential vote are not officially binding on the delegates.

The Taft camp actually had expected Stassen to lead in Nebraska but hoped the Ohioan would run a close second.

Taft's backers concede the Senator lost considerable prestige and possible voter appeal. But they insist that a thumping setback for Stassen in Ohio would more than offset the Nebraska result.

Major Victory

Senator McCarthy (R-Wis), a Stassen backer, said that if the Minnesotan can turn back Taft in from five to seven of the 23 delegate races "it will be a major victory."

While politicians generally regarded MacArthur's Nebraska showing as washing out his prospects for the nomination, backers of the supreme commander insisted the general will not quit.

Warren Wright, national coordinator of the MacArthur-for-President clubs, said at Austin, Tex., last night: "The word quit is not in General MacArthur's dictionary, nor in ours."

MacArthur himself was silent in Tokyo.

The magnolia was named for Pierre Magnol, a French botanist.

Connecticut Again Proves Safest State

CHICAGO, April 15. (AP)—Connecticut today was again named the "safest state in the nation" by the National Safety Council.

Oklahoma City, Okla., and Wilmington, Del., shared honors as the safest cities participating in the council's 1947 safety contest.

Connecticut is the only state to win the grand award more than once. It previously had won the 1940, 1944 and 1946 contests.

Thomas H. MacDonald, commissioner of the U. S. Public Roads administration, judged the contest. Regarding Connecticut's performance he said that state "stands a model for effective state-wide accident prevention work."

He noted that Connecticut's traffic mileage death rate (deaths per 100,000,000 vehicle miles) is 4.3—just one half the national rate.

Chief's First Fire Is Close To Home

CONWAY, Ark., April 15 (AP)—Shannon Whitten served nearly a half month as Conway's first fire chief before there was a fire to fight.

Then his first alarm sent firemen to Whitten's own apartment house where a blaze caused $300 damage.

Security Loan Drive Opened

WASHINGTON, April 15. (AP)—The government launched a security loan drive today backed by President Truman's appeal to put dollars "working to win the peace."

The nationwide campaign, to run through June 30, has no specified total quota, but Mr. Truman in a radio address last night said:

"We are fighting inflation which is still our greatest economic danger. Every dollar that a family puts into savings bonds now will be a dollar fighting against inflation and high prices. It will be a dollar working to win the peace." He added:

"At such a time as this, all of us can serve both ourselves and our country by saving all we can against the day when we can spend our dollars to better advantage."

The loan drive will be conducted along the same lines as the wartime bond campaigns, with volunteer workers spearheading it.

Speaker Martin (R-Mass) said in a statement the new drive "offers the opportunity for each citizen to stand up and be counted for the American voluntary way of life."

Monkey Takes Borger Section By Storm

BORGER, April 15 (AP)—Butch, a four-year-old monkey from India took charge of a neighborhood here Wednesday.

Trouble started when mail carrier W. A. Henson was making his rounds in north Borger. Butch ran to the middle of the street, jumped on Henson and bit him in the arm.

Some dogs noticed the commotion and ran up. Butch chased them away. Then he made the rounds of residences, frightening women and children into their homes. Two youths came along delivering circulars. Butch chased them out of the neighborhood.

When a couple of reporters arrived at the scene the monkey stodd ready and waiting for them to get out of their car. They stayed in the car.

Finally Butch's owner, a veteran Air Force man, came along and captured his pet.

Silk Worm Product Feeds Fur Animals

MOSCOW, April 15. (AP)—Hundreds of thousands of rubles are being saved in the Soviet Union by feeding fur bearing animals with the chrysalis from silkworm cocoons instead of valuable meat.

A Tiflis newspaper said these chrysalis previously had been thrown away.

"It was discovered," said the announcement, "that the quality of the fur as well as the pigmentation was better in animals fed on the chrysalis."

WHY FEEL OLD AT 40, 60 OR MORE

Why be the victim of the older years? If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a method that may change your whole outlook on life. Why not try and regain the pleasures of living you once enjoyed? Why be discouraged—why not regain the verve and zest of a much younger man? Many men are obtaining amazing results with Caltron Tablets. Women too, find Caltron helpful.

The tremendous demand for this formula has warranted a drastic price reduction. Get Caltron stimulating tablets today from your druggist at the new REDUCED price.

Radio Station KFYO To Start FM Schedule Sunday Morning

Frequency modulation radio receivers in the immediate Lubbock area will get their first workout Sunday when radio station KFYO's new FM transmitter goes on the air.

Radio listeners since the war have heard and read a great deal about frequency modulation, and many in this area found that their new postwar sets came equipped with an FM band, but because there were no FM stations on the South Plains, they were unable to give the latest wrinkle in radio a try-out.

Radio Dials Differ

Sunday morning, beginning at 7 a. m., radio owners can tune in their FM sets on 99.5 megacycles, or if their sets have a different type dial, can tune to band number 258 and pick up the first frequency modulation broadcast from KFYO.

Heretofore the Lubbock station had broadcast only on an AM frequency of 1340 kilocycles, but beginning Sunday the station will broadcast identical programs over the two bands, AM and FM, from the Plains Radio Broadcasting studios on Avenue J.

The construction of the new FM transmitter began January 2 under the direction of W. S. Bledsoe, chief engineer for the broadcasting firm. The RCA unit was installed and then a 45-foot special antenna was erected on top of the Lubbock National building in downtown Lubbock. The tip of the antenna is 135 feet above the city's streets.

Tests Started Here

Bledsoe began test broadcasts about 10 days ago with programs piped to the FM transmitter by telephone line from KFYO's main studios. The programs were complete except for call letters, which, because the transmitter was on test, were omitted.

Bledsoe is one of the radio industry's oldest and top engineers. He was a radio instructor in the American Air corps during World War I. He was founder and owner of station KTSM in El Paso. He also served for some time with General Electric company as engineer and sales representative.

Son of the late State Senator W. H. Bledsoe of Lubbock the chief engineer joined the Plains Radio Broadcasting company in April, 1936 and has remained with the company since that time.

Near Center Of Dial

KFYO's FM frequency lies almost at the center of the FM band. The present band is from 88 to 108 Megacycles, or from 200 to 300 on the FM band numbered dial.

Bledsoe explained that because of the extra high frequency of the frequency modulation broadcast there was no interference from electrical appliances, and because of its compartively short range there would be no interference from nearby FM stations. Electrical storms and static electricity generated by dust storms cause no distortion or interference of FM reception, he pointed out.

Have Sets Checked

"If there is apparent static or interference in reception of an FM program, the set owner should have his radio checked for the trouble probably lies in the set and not in transmission," Bledsoe pointed out. "Some FM sets which have not been used for a long time, or which have not been used on the FM band may require some adjustment," he pointed out.

"The 135 foot antenna should provide all frequency modulation sets within a 35 or 40 mile radius of Lubbock with clear reception. However, there may be some 'shadow' spots in the territory about which we do not know.

May Find Shadow Spots

"Since frequency modulation broadcasting covers only a 'line of sight' area, corresponding roughly to the horizon line seen from the top of the antenna, it is possible that some FM receivers within the radius of the broadcast will not operate because of a hill or other land rise between the set and the broadcast antenna," the chief engineer explained.

"Most FM receivers have an antenna built into the cabinet that will operate efficiently within our range, but special FM receiving antennas may be required for good reception near the outer edge of our broadcast area," he pointed out.

"We don't claim any 'miracle' for FM. It is a new development in radio, and many people have been led to believe it is the solution to all their radio reception problems, but this is not entirely the case. Frequency modulation does give greater fidelity of reproduction on the larger and better constructed sets, and it will give static-free reception, but it is not a miracle development," Bledsoe declared.

KFYO-AM broadcasts are made from 6 a. m. to midnight on week days and from 7 a. m. until 11 p. m. on Sundays. FM programs will be the same as those on AM, both originating in the central studio, but the frequency modulation schedule will begin at 6 a. m. on week days and close at 11 p. m. of week days, begin at 7 a. m. and close at 10 p. m. on Sundays. KFYO will change its call letters Sunday to "KFYO AM and FM" as the new transmitter goes into operation.

Demo Candidates Are Urged To File Names

Candidates for public offices in Lubbock county who are to run on the Democratic ticket are requested to start filing their names with County Democratic Chairman L. C. Ellis.

Ellis said Wednesday that he hoped candidates would not wait until the last few days to file their names as is the usual custom. No payment of candidates to get their names on the list is required at the time of filing but this payment must be made by June 15, he said.

Ellis said the county Democratic executive committee set up a budget in its meeting Saturday and talked plans for the approaching precinct and county conventions.

Precinct conventions are scheduled on Saturday, May 1 and the county convention is set for Tuesday, May 4, Ellis said.

Two vacancies were filled on the committee. They are: H. C. Bowlin in precinct No. 1 and L. J. Stokes in precinct 7-A.

Yugoslav Gets Death For Tobacco Racket

BELGRADE, April 15. (AP)—The people's court in the small town of Gnjilane has sentenced Bozhidar Stankovich to be shot for sabotaging the state economy in the tobacco industry.

The charges said he took bribes from tobacco producers in return for which he cut down the amount they were supposed by law to turn over to the government. Two accomplices were sentenced to fifteen years at forced labor and five others from two months to seven years on the same charges.

Wheat is grown in all 48 American states.

Take Off Ugly Fat With Grape Fruit Juice Recipe

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves, if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

FREE PARKING SPACE ON CONVENIENT STORESIDE PARKING LOT

1625—13TH STREET LUBBOCK, TEXAS DIAL 5517

That Girl on Broadway says that people described as "living by their wits" really make their living off half-wits.

* * *

They say the Russians have something even worse than our atomic bomb. As we understand the weapon, it can do nearly as much damage as a small boy with a BB gun!

* * *

FORTY years ago, so we have been heard, a male who smoked a cigaret in public was subject to jibes—even knocks on the noggin—because use of what then were derisively called "pills" marked a man as a "sissy" too weak to stand up under the nicotinic fumes of a cigar or pipe.

Forty years ago, too, we're told, that portion of the feminine population which smoked held its puffing activities to little short cigars and clay or corncob pipes. Perhaps a few daring women smoked cigarets, but they were women nobody thought much of, anyway.

The picture now, however, is different—and oh, so different. Recent compilations in Washington, where all sorts of statistics are gathered for good reasons and otherwise, show that Americans of both sexes are smoking nearly a billion cigarets per year. In addition, other billions of American cigarets are smoked annually by peoples in other parts of the world, until the cigaret industry pays a very sizeable sum toward the operation of state and federal governments.

* * *

Whatever else the history of the cigaret business proves, the boys downstairs in the Avalanche - Journal building will love this!) it proves beyond doubt the value of advertising.

It proves the value of advertising to a greater extent than any other business, not even excepting the vegetable compound business, because cigaret people have long been the most generous and varied users of advetrising.

Cigaret companies use newspapers; they use magazines; they use billboards; they use radio; they use direct-by-mail methods—they even give samples of their product away at civic and other club gatherings in communities large and small. The only type of publicizing they do not use is the "dodger," or "throw-away" type.

They shout their wares, as it were, in all languages — including the Scandinavian — day and night, 365 days in every year except Leap Year, and then the do it around the clock, 366 times!

* * *

CIGARET companies have advertised more on some "lean" years than they have on some good years. They have "kept everlastingly keeping on," and today more people—men and women, the latter now being big customers—are smoking cigarets than ever before.

This may be hard to believe, but in the U. S. alone last year, cigaret sales ran 352 billion, or at retail prices totaled somewhere near two billion, 500 million dollars.

Both sales and the "take" were more than double those of 1939—which figures, in themselves, mirror the growing popularity of cigarets in this country. So does an estimate of Treasury department tax experts, who say that in 1915 cigaret taxes totaled only 10 per cent of all taxes collected in connection with tobacco, while cigarets paid 77 per cent of tobacco taxes last year.

Anybody gotta match?

* * *

The worst thing about representative government is sometimes what and whom the representatives represent!

* * *

That Man on Avenue Q says modern life is complicated, all right, but not nearly so much so as radio soap operas would have you believe.

* * *

A good diplomat is a man who can get mad and be firm without shouting at the top of his voice!

* * *

THE DIFFERENCE

We've always liked this little pome:

They were single, and went walking,
Looking for a shady seat.
She stumbled on the sidewalk
And he murmered, "Careful, Sweet!"
Now with wedding bells just mem'ries,
They walk the self-same street.
She stumbles on the sidewalk—
And he growls, "Pick up your feet!"

* * *

DOUBTLESS because they were stung by criticisms of prices of new model automobiles, officials of the Texas Automobile Dealers association had the following printed in an organization publication which goes out to all members.

Headed "The Farmer Buys a Car," the item reads:

"In Minnesota, an automobile finance company noted a few months ago that it wasn't getting business from farmers to the extent it did before the war. Where they formerly bought used cars on time payments, most farmers now buy new cars—and pay cash in full.

"A company official did some checking to see why.

"He found a typical new car in the U. S. sold for $950 in 1940 Today the 1948 model of the same car sells at around $1,600. But . . .

"In terms of what the U. S. farmer get for his products in 1947, compared to 1940, here's what the two cars cost:

Product	'40 Car	'48 Car
"Hogs (375 lb.)	64	21
"Steer (1,000 lb.)	12½	8½
"Lambs (90 lb.)	130	38
"Milk (100 lb.)	522	343
"Eggs (crates)	176	96
"Wheat (bushels)	1,393	602
"Corn (bushels)	1,537	717
"Oats (bushels)	3,135	1,468
"Hay (tons)	126	95
"Cotton (bales)	19	10"

* * *

The Plainsman cannot—and will not—vouch for the absolute accuracy of the figures in the above.

However, most of us know that the comparison isn't far off, if, indeed, it is off at all.

Furthermore, what has been shown regarding farm income could also be shown in many other lines—especially in various types of skilled labor, and in returns on business and realty investments.

The trouble is, one bracket of our people has been "left out in the cold" pretty much in the inflationary spiral which has enveloped the nation in recent years. That one bracket is composed of the "middle layer" of the population which we call the "white collar" worker.

His earnings have gone up some, but not to the extent earnings of other brackets have.

He's the guy who's "got it in the neck." He still has to pay, comparably speaking, more for his new car than most other people do.

* * *

Best Simile of the Week: As uncomfortable as a bachelor holding a baby!

* * *

Egyptologists have found evidence that residents of the Nile Valley had an old-age pension system more than 7,000 years ago.

Maybe a better name would be age-old pensions, hey?

* * *

A couple of farmers were discussing a neighbor who had moved to the community about a year before.

"What kinda feller is that feller Smith?" asked one.

"Wal," was the reply, "I wouldn't say he was the biggest liar in the county. But I will say this. When he wants to call his hawgs fer feedin', he has to have somebody else do it fer him!"

* * *

Another good reason for stopping, looking and listening at a railroad crossing:

Physicists have determined that it takes as much horsepower to stop a train traveling 60 miles per hour as it would require ot lift that same train vertically to a height of 120 feet.

* * *

SUDDEN Thought: The bottle baby has one advantage, anyway. It isn't always being bothered by cigaret ashes falling into its eyes.

BY DREW PEARSON: REPUBLICANS SECRETLY STUDY U. S. POST OFFICE REVISIONS

John L. Lewis's Political Help Usually Backfires

WASHINGTON.—John L. Lewis has a cute habit of playing one political party off against the other. Sometimes it works, sometimes it backfires. Therefore it will be interesting to watch the repercussions from his use of Speaker Martin and Senator Bridges. Will it help or hurt their political future.

PEARSON

In 1936 Lewis put up half a million dollars in his union's money to elect FDR. Then, four years later, he went on a nation-wide broadcast to urge labor to defeat Roosevelt.

That broadcast backfired.

The public, of course, didn't know it was paid for by W. R. Davis, who sold oil to the Nazis and whom German officials, captured after the war, said had been paid to defeat Roosevelt. Goering even mentioned Lewis by name as one of those used to try to defeat Roosevelt. But though the public didn't know these things till later, they distrusted Lewis' turncoat advice and voted the other way.

Again in 1946, Lewis threw his weight against the re-election of Senator Kilgore of West Virginia—which also backfired. West Virginia miners ignored Lewis's advice, voted for Kilgore.

* * *

Lewis And Dewey

Again last June, Lewis staged another backstage maneuver, cuddling up to Governor Dewey's friends, he was able to pull one of the biggest wage boosts in recent history, plus welfare fund, plus almost everything else he wanted from both the J. P. Morgan steel interests and the Mellon family coal interests.

The U. S. government, previously in control of the mines, had been trying to keep wages and prices down. But the minute the mines were turned back to private operation, the Mellons and Morgans gave Lewis a big wage hike, and smaller coal operators had to do likewise. An inflationary increase in the price of both coal and steel followed immediately.

According to coal-industry insiders, this was part of a deal between Dewey's friends and John L. for future political support. If so, it backfired for the coal operators. And if it helped Dewey, recent political polls don't show it.

* * *

LEWIS'S latest deal has all the earmarks of a shift to the presidential bandwagon of Speaker Joe Martin. It was not mental telepathy or intuition that caused the speaker suddenly to suggest to Lewis and Ezra Van Horn that Senator Styles Bridges umpire the coal dispute. It was a carefully rehearsed deal.

Real fact is that Bridges, an able, hard-working senator, has been a friend of Lewis's for years. In 1946 Senate Democrats proposed an investigation of Hermann Goering's anti-Roosevelt slush-fund and the payment of $50,000 for the broadcast in which Lewis tried to defeat Roosevelt. Obviously such a probe would have been highly embarrassing to the big miner. And it was the Senator from New Hampshire who deftly put blocks in the path of this probe.

Again in 1947 it was John L. himself who proposed Bridges to Secretary of the Interior Krug, then in charge of the coal mines, as umpire between the operators and miners.

Thus it was not divine guidance that prompted Speaker Martin suddenly to conjure up the name of Senator Bridges as the man to smooth out the coal dispute.

All of which proves one thing and raises an interesting question.

1. Whenever John L. Lewis wants to settle a coal strike, it will be settled. He'll always find a way of doing it.

2. Will John L.'s latest maneuver help or hurt the political ambition of shrewd Speaker Joe Martin? With Dewey and Taft slumping, Joe has the urge in a big way. And John L.'s greatest ambition—never yet fulfilled—is to put his own man in the White House.

* * *

Merry-Go-Round

Senator Ferguson's national defense committee has just completed its report on the Howard Hughes investigation—and for some strange reason makes no mention whatsoever of Senator Brewster's mysterious lobbying for Pan American Airways. Not a word . . . (Both are Republicans) . . . After holding out for many months, the CIO has filed papers under the new Federal Lobbying act. . . . Mrs. Chase Going Woodhouse, able ex-congresswoman from Connecticut, will take an important job with the American Military government in Germany . . . No. 1 "fire man" in President Truman's campaign for renomination is federal secretary Oscar Ewing, an old Democr.tic warhorse, who has been moving around the country quietly chopping off heads and ditching disaffected Democrats. One political head chopped off by Ewing was Democratic National Committeeman Bob Tehan of Wisconsin . . . A major test of Truman strength is coming up in Cook county, Illinois. Old-line Democrats are trying to oust Jake Arvey because he said Truman had no chance for re-election. Al Horan is the chief Truman leader.

* * *

THE House post office committee has been sitting on a confidential report on the Cleveland post office which may lead to a wholesale streamlining of big city post offices throughout the country.

Congressman Rees of Kansas, chairman of the House post office committee, has been holding the report close to his bosom, even refusing to let some of his colleagues see it. However, it may help to trim down the $345-million postal deficit that the government is stuck with this year.

The Cleveland postoffice was selected for an exhaustive efficiency study, but spot checks were also made at Cincinnati, Detroit and Buffalo. As a result of the survey, Congress will be asked to earmark $50,000 for overhauling a section of the Cleveland post office, and if this is successful, the system will be adopted throughout the country. Annual savings for the nation are estimated at $72 million.

Trundle Engineering company, hired to make the Cleveland survey, found low morale, high absenteeism, excessive sick leave, poor supervision and weak discipline. Transit time consumed too much of the carriers' day, greatly reducing delivery time. Deliveries were more frequent than the majority of patrons needed.

A fleet of obsolete trucks, requiring excessive maintenance, increased the postal bill. Mounted carriers drove their own automobiles and were paid high fees, the Trundle experts found. Total cost of delivering a 13-cent special delivery letter, for example, amounted to 20.5 cents. Special delivery messengers also spent approximately one hour every day filing out form 3951, a special delivery receipt record not considered necessary.

The Trundle company recommended sweeping steps to abolish these defects. It urged a tightening, more equitable personnel policy, a morale-building program, a six-day 40-hour week for carriers instead of the present five-day week. It also recommended replacement of the obsolete truck fleet, the purchase of modern shop equipment to service new trucks and government-owned automobiles for mounted carriers. It also advocated that "serious consideration" be given to boosting special delivery rates.

BY WALTER WINCHELL

"Streetcar Named Desire" Is Selected As Best Of Season

THE First Nights: The drama Critics' Circle came out of their annual huddle to crown "A Streetcar Named Desire" the season's ever-lovin' dandy. "The Winslow Boy" was tagged the de luxer in the import category This marks the second time playwright Tennessee Williams has romped away with the blue ribbon. Several seasons ago he made his typewriter warble with "The Glass Menagerie" and was similarly decorated . . .

WINCHELL

The reviewers' reaction to the latest reprise of "Macbeth" ranged from sizzle to fizzle. Some singing its praises; other crying the blues. Critic B. Atkinson called it "superb" . . . Variety's Philly observer declared that the stars of "Inside USA" (Bea Lillie and Jack Haley) twinkle merrily, but the script needs mucho polishing before it can match their gleam . . . Another musical, "Hold It!" exposed itself to New Haven sentinels, and their opinion was that the show in its present shape is too frail for the rigors of Broadway's competition.

* * *

The Cinemagicians: It was United Nations Week at the celluloid marts . . . Italy relayed a pulse - quickener called "Paisan." This is a rousing cinema that bulges with sinewy realism . . . Another import from that nation, "The Lost One" is right up to its larynx in arias—via an operatic dazzler that guarantees every cadenza . . . "Mr. Orchid" offers a generally expert Gallic job gifted with troupers who know how to put a spin on a yarn . . . The Empahr gave us "The Smugglers." It generates some high-voltage action, although the script blows a fuse now and then . . . "Man of Evil" (also a Britisher) is a stale crumb off the old crumpet . . . The Home Country contributed some adventurous pot - pouri titled "Saigon." Alan Ladd again settles all problems with a right to the jaw . . . "Buckaroo from Powder River" exhibits a weary Western burdened with a plot that shouldn't happen to a horse.

* * *

THE Story Tellers: The latest medal minted for Eisenhower is Bill Mauldin's astute portrait of the General in the United Nations world . . . At a time when power politicos are coiled to spring at each other, it is enlightening to study the article in the Virginia Quarterly Review showing how those diplomats cut their fangs and what makes them crawl. The piece is so vivid you can almost hear the rattles . . . Look mag's editorialist tatters some gold braid by ripping into the militarists making a pitch for the dangerous peacetime censorship plan . . . Dan Parker explodes firecracker wordage (via Sport mag) in the two-faces of sports promoters and ticket racketeers who play the public for suckers . . . A Harper's piece stacks some of the wrongos in Sen. Taft's record. That's a cinch—showing the blunders Taft has made is about as difficult as teaching a duck to waddle . . . Those who switch monickers in an effort to avoid the taunts of bigots are reminded by an Atlantic Monthly essayist: 'It would not be wholly admirable if I should, by changing my name, reject the fifty centuries' history and tradition of my people—in order to gain a hotel room at Newport!"

* * *

Mary Dewson ("Molly" to her pals) was one of FDR's earliest and most devoted associates . . . James Farley sent her a copy of his book about FDR . . . She returned it with this note: "The Lord forgives—but I don't!"

* * *

THE Press Box: The House attempted to buy the support of a Fascist gangster who has made a career of treachery. Such incredible stupidity must have inspired plenty of vodka toasts when the news reached the Kremlin . . . The Senate rectified the House's blunder pronto! . . . And citizens should look up the names of Representatives who voted aid to Franco. Those who voted to help a Fascist certainly don't deserve the vote of any American.

"I Never Had It--Besides, I'm Giving It Back"

BY MARQUIS CHILDS

U.S. Intelligence Agencies Should Work Together Closely

WASHINGTON — Bloody revolution is part of the fabric of Latin-American politics. But such revolutions do not just happen suddenly and for no reason at all.

They grow out of long-smouldering resentments and conflicts, sparked by leaders whose aims and ambitions are fairly well known. Over the ashes of tragic Bogota is a towering question mark.

CHILDS

Were American officials sufficiently well informed about the explosive potentialities in Colombia? A number of other related questions occur, but that one is paramount.

For the first time in its history, this country has a central intelligence agency. The agency, under the direction of Admiral R. K. Hillenkoetter, has its own staff of agents. In addition, it coordinates the intelligence reports of the Departments of State and National Defense, the Atomic Energy commission and the Federal Bureau of Investigation.

Although outsiders can know almost nothing of its work, the hopeful impression prevails that Washington is for the first time equipped to learn what is about to happen well in advance of its happening. There is evidence, however, that the cloak and dagger atmosphere cloaks, in some instances at least the kind of knowledge that an earnest reader could obtain in the library of Congress.

One of the civilians entitled to receive and read the intelligence agency's top secret reports gets a lot of laughter out of the privilege. He has become accustomed to the kind of anti-climax that bursts with the fury of a child's popgun.

Here is an example: A heavily armed messenger of the intelligence agency arrives with a top secret document. It can be delivered only into the official's hands. The seals must be broken in the presence of the armed messenger and the official.

If the official should decide to take it home and read it overnight, being a busy and hard pressed man, then an armed guard would have to patrol his house during the night. He examines the document and finds it is a copy of a report printed in London and available to a fairly sizeable number of readers.

* * *

Need Cooperation

It is understandable that a brand new intelligence agency cannot achieve perfection overnight. Years of experience and development are necessary to round out such an organization.

At one point, however, a matter of elementary cooperation would bring a decided improvement. This is the point at which internal security and foreign intelligence meet.

Under the law, the FBI is responsible for internal security. This covers sabotage, with all its new and terrifying possibilities in bacterial and atomic death. But the authority of the FBI ends at the water's edge where central intelligence and the Army and Navy take over.

Coordination is not good. I have learned of specific examples of where it has failed and where the failure could be serious.

During the war and in the events that led up to war, the Army and Navy tended to treat the FBI like a dubious stepchild. For example, the Navy had specific information about the landing of two enemy agents in New England. This information was not passed along to the FBI for ten days and then only in a vague and guarded form, although detection and capture of the agents was the job of the FBI.

* * *

A GLARING example came to light in the Pearl Harbor investigation. The FBI in Hawaii, and the FBI alone, monitored a telephone call from Honolulu to Tokyo on Dec. 6. This revealing conversation, with its thinly disguised references to a major event to come, was passed on to both Army and Navy commanders. It was ignored.

The very fact of an arbitrary separation between domestic security, on the one hand, and foreign intelligence and security, on the other, is dangerous in the face of the threat of world Communism. That jealousies should hamper cooperation is fantastic at this moment in history.

If after the large feathers have been picked from waterfowl or game birds, the bird is soaked in well salted water for a short time, the pin feathers will come out easily.

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

TO be happy a woman needs:

A man who recognizes her good qualities and is willing to put up with her faults.

At least one woman friend with whom she can be honest.

Children so that her maternal instincts won't be misplaced or completely thwarted.

Enough work so that she never has to cook up ways of killing time.

MILLETT

At least one interest outside her family as an outlet for self-expression.

A home of her own which she can run to suit herself.

A plan for the future so that she is always working toward some goal.

The capacity to throw off pretty annoyances so that they can never get her down.

Enthusiasm and a keen sense of enjoyment so she can find pleasure in even the little happenings of everyday life.

Remember their names in November . . . The majority in the House of Representatives are eager to give Franco the aid he once got from Hitler and Mussolini. Could anything be more shameful? The majority in the House certainly don't represent the majority of Americans . . . Reports have it that Loy Henderson will be our next envoy to Fascist Spain. Give his record the once-over and you get the impression he has been an envoy from a Fascist nation.

* * *

Quotation Marksmanship: Rebecca West: They had been sandpapering each other's temperaments with a few words . . . J. Galsworthy: A fragrant hour for memory to sniff . . . Austin O'Malley: Truth lives in the cellar; error on the doorstep . . . J. M. Barrie: Nothing is really work unless you would rather be doing something else . . . S. N. Behrman: A wonderful discovery — psychoanalysis. Makes quite simple people feel they're complex.

OTHERS TO JUDGE

FRIENDS with faults so that she can in her own mind figure out just where they are making their mistakes, and thank heaven she knows better.

Enough self-assurance so that she isn't unduly concerned over what other people think of her or of her way of doing things.

A sense of humor because laughter linghtens any load.

Acceptance by a congenial social group, preferably one whose members aren't a great deal better off financially than she is.

Today's Thought

In all things shewing thyself a pattern of good works: in doctrine shewing uncorruptness, gravity, sincerity . . . Titus 2:7.

* * *

Small kindnesses, small courtesies, small considerations, habitually practiced in our social intercourse, give a greater charm to the character than the display of great talents and accomplishments. — M. A. Kelly.

By Bennett Cerf

"Try And Stop Me"

A BLEECKER street housewife hauled her husband to court for beating her up at the conclusion of a Saturday evening celebration. "Honest, Judge," mourned the defendant, "all I did was to tap her on the head with a maple leaf."

"That's right, Your Honor," interrupted the wife, "but it was a maple leaf from our dining room table."

* * *

LORD Chesterton, foremost wit of his day in England, met a notorious gossip at Bath one afternoon. "The envious women hereabout are spreading a terrible story about me," she complained. "I was home suffering from gout, but in their version, I was giving birth to twins."

"Think no more about it, m'lady," said Lord Chesterton. "I never believe more than half of such stories anyhow!"

(Copyright, 1948, Bennett Cerf.)

Today's Journal Editorial

MORE KNOWLEDGE OF COTTON

Of great interest to the South Plains and all cotton producing areas of Texas will be the tour of the Far East this Spring and Summer by Dr. Ide P. Trotter, director the Texas Extension service, to ascertain the cotton marketing possibilities in that part of the world.

Doctor Trotter, who agreed to the trip reluctantly, plans to visit Japan, China, India, Pakistan and other populous areas of the Orient. He will undertake to find what those millions need and most likely would buy in the way both of raw cotton and cotton materials.

His observations almost certainly will have an important affect on cotton growing in areas like the South Plains. If such areas as our own are not now growing the types of staple which can be marketed most readily, as raw material or textiles, in the Far East, then a good deal of planting to fit the needs of the Orient almost certainly will follow. The potential market is gigantic and is well worth striving for.

Doctor Trotter naturally won't be able to report his findings for several months. But it is an assured fact that everyone connected with the cotton industry in this area will be awaiting it with an eager determination to benefit from it in every way possible.

Russian Tanks Said Brought To Berlin

BERLIN, April 15 (U.P.) — British official quarters reported today that approximately 100 "Stalin tanks," Russia's heaviest, have entered Berlin's southeast suburbs.

These quarters said that they entered the wooded sector south of Lake Mueggel in the vicinity of Soviet headquarters at Karlshortst, some three miles from the American sector.

It was learned that British troops under the command of Maj. Gen. E. O. Herbert received a special briefing last night at which the tanks were discussed.

The British were expected to protest on the grounds that the four-power agreements forbid bringing heavy tanks into the Berlin sector.

Hope Gone For Blind Man To Regain Sight

CLEVELAND, April 15. (AP)—When Wilson S. Ford was assaulted and robbed of his braille wrist watch last week, it appeared for a time the incident might result in restoration of his sight.

Doctors at the hospital where he was treated for his bruises gave him a 50-50 chance to see again if he submitted to an operation (he was blinded in foundry accident five years ago).

Friends then staged a benefit musical Sunday and raised $102 toward the operation.

Fort got the bad news last night. Dr. Roscoe J. Kennedy of Cleveland clinic found an insufficient amount of optical nerve remaining to permit the operation.

Vermont has 39 women legislators, largest number of any state in the Union.

Army Musicians To Get Direct Orders

Authority has been given to enlist qualified musicians for direct initial assignment to Army bands in the Fourth Army area, Maj. Harold Fulghum, commanding officer of the U. S. Army and Air Force recruiting station here, said Wednesday.

Vacancies exist at Brooks Army Medical center, San Antonio, and Camp Hood, for qualified musicians who play the clarinet, cornet-trumpet, bass drum, snare drum, flute-piccolo, trombone, tuba, or French horn, he said. Men enlisting under that program are to be sent direct from place of enlistment to the unit to which assigned. It was announced, and will have a guaranteed assignment of one year to the unit of choice. Other details may be obtained at the recruiting station in Room 203 federal building.

Agricultural experts estimated the 1946 New Mexico turkey crop at 66,000 birds.

Casualty List In Air Crash

(See Story, Page 1, Sec. 1)

NEW YORK, April 15. (AP)—Pan American World Airways officials early today released a passenger and crew list of the clipper "Empress of the Skies" which crashed at Shannon airport at 9:40 p. m. (EST) last night.

The crew:

Captain Frank C. Jakel, of New Hyde Park, N. Y.

First Officer Carlton M. Henson, of Forest Hills, New York City.

Second Officer Everette G. Wallace, of Amityville, New York.

Third Officer Dexter B. Leblanc, of Queens, New York City.

Flight Engineering Officer Albert Grottle, of Fairfield, Conn.

Flight Engineering Officer Stanley Frank, of Queens, New York City.

Flight Communications Officer James Sexton of East Meadows, New York.

Flight Communications Officer Bruce Nevers, of Queens, New York City.

Purser John Hoffmeier, New York City.

Stewardess Bernardine Marie Feller, New York City.

The passengers:

Mark Worst, manager of the Lockheed Aircraft Service, at Shannon.

The dead:

Luigi Pastore, 23; Carlo Murator, 33; Guiseppe La Gandia, 33; Antonio Vallia, 55; and Guisseppe Lanza, 45, all listed as attached to the Cosmopolitan Shipping Co., of New York City. The five were listed as Italians.

Roger Mounier, 56, of Sydney, Australia.

William Peters, 57, of Boston, Mass.

Mary Thompson, 18, of Preston, England.

Vinton Millbank, 51, West Hampton, New York.

Caroline Millbank, 36, West Hampton, New York.

Dewitt Greer, Pan American Airways division communication superintendent.

(The foregoing passengers boarded the plane in London. The following boarded the clipper in Karachi, India):

Munpaz Shannawaz, 34, of Lahore, India.

Heji Mehta, 77, Bombay, India.

Serabaee Cama, 44, of Ahmedabad, India.

(The following boarded the plane at Damascus):

Robert L. Menard, 26, a Pan American Airways employe (address unavailable).

Jacob Farhat, 36, of New York City.

George Henderson, 34, care of American legation, Damascus. (No other address available).

Agnes Henderson, 24, care of American legation, Damascus.

Bruce Henderson, (age unavailable), care of American legation, Damascus.

Yacaub Shunnara, 18, of New York City, listed as a stateless person.

Summer Styles Have Old Fashioned Aura Featuring Checks, Calico And Ruffles

By BARBARA BUNDSCHU
United Press Staff Writer

NEW YORK, April 15 — Old-fashioned fabrics lend an aura of grandmother's daintiness today to summer dresses and play clothes cut, for the most part, on practical 1948 lines.

Pin checks, calico prints, tidy stripes and taffeta-like cottons were featured in showings by the Cotton shop and Franklin Simon which opened the sun season in a rainy week.

Old Fashioned Theme

Rounded shoulders and an occasional ruffled pointed up the old-fashioned theme in many dresses. But the best of them escaped quaintness.

Pale blue and white checked tissue gingham was cut to a pretty cap-sleeved, square necked, flare skirted dress with a self-puffle outlining the bust below the neckline. Cool and sweet looking, the dress looked as if earmarked for many hot day luncheons and informal Sunday suppers.

Checks Popular

Pin point checks gave irridescence to a series of handsome dark cottons cut with full skirts, snug midriffs, halter or strapped tops and with fitted boleros for all day wear. One fabric combined a deep plum blue with bottle green. Others shimmered from black to blue and black to brown with the crisp richness of changeable taffeta.

Taffeta woven cotton in rectangular plaids was teamed with a solid, dark-colored bodice for another practical town or country dress.

Red, Navy And White

Tidy foulard prints on shining tie silk or rayon were used for sample one and two-piece dresses which are suited for town and travel wear from spring through summer. Favorite color combinations appear to be in the red, navy and white range, but there are others. Both shirtwaist dresses and two-piecers with flared skirts and snugly buttoned bodices were featured.

Pen-line stripes with color alternations in groups rather than by single stripes were shown shirting fabrics and chambrays in wearable town and play costumes.

Even the bathing suits carried some of grandmother's calico and, perhaps, more of her ruffly modesty than in recent years.

Of the record 1947 U. S. wheat crop of 1.3 billions bushels, Kansas produced more than one-fifth.
