\$250,000,000 For Public Works In Texas

Possible far reaching benefits of President Roosevelt's vast public works program as applied to Lamesa and vicinity were made clear to a group of officials and leading business men by T. W. Hanlan, Jr., representing the recently created Texas Rehabilitation Relief Commission at an informal conference held here Wednesday at the County Court room.

Title II of this measure known as the National Industrial Recovery Act is to be the President's unglorified, knockout blow at the depression. The Act puts \$3,300,000,000 in the President's fist for this specific purpose.

Mr. Hanlan said a swift decisive campaign to bring home to the people throughout the state the advantage of quickly seizing the opportunities presented to them under terms of the bill is being carried on by the new employment relief agency at Austin.

The motto under which the campaign is to be conducted will be: "Take families off the relief rolls and put them on payrolls."

It is estimated that at least \$250,000,000 for public works can be obtained for Texas from this enormous Federal fund if prompt action is taken by those in position to negotiate loans covering all eligible projects.

It is said that wide spread interest is already being shown and it is considered likely that the minimum goal will be exceeded.

Experts have estimated that 1000 men receive jobs for each million dollars of construction to be in force. On this basis more men would receive employment in Texas than are now on R. F. C. rolls in this state.

Under terms of the bill, virtually every type of public works is eligible. On acceptable projects the Federal government will make an outright grant or gift of 30 per cent of the construction cost, and will loan the balance of 70 per cent at a low rate of interest. Among suggested eligible projects are the following:

1. Building Construction: Administration—City Hall, County Court Houses; Hospitals, city and county; schools, auditoriums; stadia, prisons, markets, libraries, factories, docks, warehouses terminals for air, road, rail, water, police stations and fire stations.
2. Health and Sanitation: Water storage, water filtration, water softening, water lines, sewage disposal, sewerage systems, civic centers, water front beautification, pollution of streams, fire eradication, parking spacing, etc.
3. Marginal Lands: Drain swamps and marsh lands, irrigate arid areas, clear scrub timber lands, reforestation, game preserves, artificial lakes, hatcheries, resorts, camp sites, golf courses, amusement parks, athletic parks.
4. Natural Resources: Flood control, drought control, hydroelectric development.
5. Rivers and Harbors: Breakwaters, harbors, channels.
6. Roads and Pavements.
7. Highway structure.

Title II of the National Industrial Recovery Act takes the place of the self-liquidation loan provisions of the old R. F. C. Act, which specifically prevents loans, the retirement of which involves the securing of revenue from taxation. This tax feature of the R. F. C. Act served to eliminate practically every type of public works from consideration.

While no definite policy concerning administration of the new public works program has been made, it is known of good authority that it will be an unusually liberal one.

Those attending this meeting were County Commissioner L. G. Brock of Levelland, Commissioner G. M. Thomson, Levelland, B. P. Maddox, Docks, M. M. Hendrix, Brownfield, Docks, T. Tucker, Levelland; C. J. Rhea, Levelland; C. M. Elder, Levelland; J. P. Cole, Levelland; A. B. Heffernan, V. Z. Rogers, S. M. Mitchell, J. Barrett Brownfield, W. J. Smith, J. E. Barron, Dee Hull, Dixie Kilgore, Sam Smith, W. B. Collins, W. D. Arnett, Robert Kirk, Henry J. Price, C. E. Cameron and William A. Wilson.

450 Register For Local R. F. C. Work

Nearly 450 people have registered for R. F. C. work in Dawson county up to Wednesday of this week. The registration is continuing at a steady pace. Dry weather will mean more still it is thought. The R. F. C. committee states the money grant today is already taken up by those who registered by June 10. Others registering after this date will have to await other allotments.

Mr. and Mrs. T. C. Horne made a business trip to Lubbock Monday.

Tells of Developments In Highway Projects

Guy R. Johnson, Dawson County Highway Engineer, appearing before the Commissioner's Court here Monday in connection with Dawson county's Highway program, pointed out to the Court that in the event the State of Texas secured more Federal Funds, and he thought these funds were forthcoming, that the Dawson County project would be one of the first, or among the first contracts to be advertised and let in the event the Commissioner's Court here could guarantee right of way. The project calls for the hard surfacing of Federal highway No. 385 or State Highway No. 9.

The Commissioner's Court assured Mr. Johnson that a right of way is guaranteed as of a previous Order of Court and that same could be delivered to the State in time to meet their demands in the event Federal Funds are available to the State of Texas.

It looks as if State Highway No. 9 in Dawson County will be hard surfaced this summer. Members of the County Highway Committee who are pressing the road building program and looking after right of way matters in cooperation with the Commissioner's Court are Carl Rountree, local attorney, M. C. Lindsey and J. E. Barron.

The Commissioners' Court, including Judge Philip Yonge, Sam Hodge, Olin Earnest and Oscar Kelly, together with Dyrrel Kirk, M. C. Lindsey and O. B. Norman attended the highway meeting at Plainview Wednesday of this week. Representatives from all counties on Highway No. 9 were expected to be in this meeting in the interest of getting this route paved as soon as Federal money is available. Dawson county is ready according to all reports to meet all requirements as soon as Federal money gets to Texas to ask the State Department to let a contract on the road in this county.

Mr. and Mrs. Ray Williams and children, Mr. and Mrs. W. K. Crawley and children, Miss Jerry Smart and Mr. and Mrs. John Earle of Odessa left last Friday for a two weeks stay in Menard.

Plans Going Forward For Lamesa's July Third and Fourth

Plans are rapidly going forward for Lamesa's July third and fourth. On July 3 will be a parade in the morning, a polo game and horse races in the afternoon. On the fourth there will be a rodeo and horse races in the afternoon. For the horse races the Lamesa Polo club is constructing a half-mile oval track. Rules for the horse races will be as follows:

On July third will be only half mile races. Your horse must be entered by 11:30 A. M. July third. Entrance fee will be three dollars. On July fourth will be quarter mile and half mile races, for which the entrance fee will be three dollars for each horse. There will also be one mile race and entrance fee will be five dollars. Your horse must be entered not later than 11:30 A. M. July fourth for all races on the 4th. The following general rules apply to all races:

1. Stock saddles will not be used. The polo club will furnish riding saddles to those who do not have the flat riding saddle. Each horse must be saddled.
 2. Positions at the start will be drawn by the riders before each race.
 3. Whips must not exceed eighteen inches in length; not counting the wrist loop.
 4. Starter has right to bar any unruly horse at start or at any other time. The Judges may disqualify any horse for unsportsmanship of its rider during the race.
- R. Dyrrel Kirk has charge of the horse racing and will take entrances beginning Saturday June 17th. These rules are subject to change without notice.

Collector of Cotton Statistics Now Under Civil Service

The United States Civil Service Commission announces an open competitive examination for the position of Collector of Cotton Statistics in Dawson county will be held at Lamesa, and applications must be on file with the U. S. Civil Service Commission at Washington, D. C. not later than June 27, 1933.

As a result of the examination, certification will be made to fill a vacancy in this position in this county, with a salary of \$300 per year to be paid.

This position was formerly held by J. H. Barron in this county. The duties of the person holding this position are to visit in person in the district to which assigned all cotton gineries, cotton consuming establishments and cotton storages and secure reports of cotton ginned to specified dates and monthly reports of cotton consumed and held and of spindles and active spindle hours. This work requires only a few days, but must be done at stated periods and must receive prompt attention. Collection of the reports by mail, telephone or deputy are not permitted. Appointees will be required to furnish their own conveyance in making the canvass.

The examination will consist of a mental test which will be rated on a basis of 100 per cent. Nonpreference competitors must attain a rating of at least 70; competitors entitled to 5 point Military preference, a rating of at least 65, exclusive of preference rating; and competitors entitled to 10 point or disability preference, a rating of at least 60, exclusive of preference credit, otherwise they will not be considered for the position.

Applicants must have had, within the past five years, at least two years experience in growing or ginning cotton or manufacturing cotton goods. In view of the fact that the duties require personal contact and cooperation with all cotton gineries cotton consuming establishments and public storehouses in the district, applications will not be accepted from persons who, during the year next preceding the closing date for the receipts of the applications, have been engaged in any capacity in the ownership or operation of a cotton ginner, cotton mill, or cotton oil mill or in the business of buying and selling cotton seed.

More information may be had concerning this from Cleve R. Austin, at the local post office.

Boy Scouts Attending Camp At Post

Boy Scouts from all three troops left Tuesday afternoon for Post where they will join other troops of the South Plains Area Council. The boys will remain at Post from the 14th to the 20th.

Scout Masters Joe Spikes, John Marr and Lowrie Loveless accompanied the boys on the trip.

Making Effort To Secure Acreage Retirement Contract

Dawson County is making an effort to secure from the Secretary of Agriculture at Washington contracts to retire the principal part of her cotton acreage this year upon Government contract. Recently the following telegram was sent to Secretary Wallace of the Department of Agriculture on this item by the Lamesa Chamber of Commerce:

OWING TO DELAYED SEASONS VERY LITTLE COTTON HAS BEEN PLANTED IN DAWSON COUNTY, TEXAS WHICH NORMALLY PLANTS ONE HUNDRED FIFTY THOUSAND ACRES ALL OF WHICH WILL BE PLANTED IF RAIN COMES NEXT TEN DAYS. THIS ACREAGE CAN BE RETIRED FROM THIS YEAR'S PRODUCTION IF ACTION TAKEN AT ONCE AND REASONABLE COMPENSATION MADE. IF INTERESTED SUGGEST REPRESENTATIVE BE SENT HERE WITHOUT DELAY.

LAMESA CHAMBER OF COMM.

It will be remembered that some two years ago Judge J. E. Garland, local attorney and director of the Lamesa Chamber of Commerce, first advanced and sponsored the idea of retiring cotton acreage in this manner. Considerable work and publicity was done on this piece of legislation by Judge Garland and the local Chamber of Commerce. It was passed by Congress during the Hoover administration, but was not approved by President Hoover. The matter was taken up again after President Roosevelt was inaugurated and it has passed the Congress and been signed by the President and is now a part of the Agricultural Relief Act which is in force.

Dawson County hopes to be among the first counties in Texas to take advantage of this plan.

A & M Short Course Program Features Action This Year

The 24th Annual Farmers Short Course will be held this year during the week of July 24th at A & M College, College Station. There will be more action and less sitting still, more demonstrations and fewer lectures, more initiation into the tricks of many rural trades and not so much of theory, however practical that theory has been in the past. It will be, in short, an extension short course.

That describes in brief what visitors may expect when they gather at A & M late in July. Programs are more completely worked out at this stage of the preparations than they have been for several years, making it possible to give at this time a fairly complete picture of what will take place.

Chapel will be held every morning from 8 to 9 when general inspiration and informational lectures will be given. From 9:30 to 12 each morning are scheduled subject matter talks and discussions in a wide variety of rural fields, including home making, dairying, poultry raising, live-stock production, farm crops, farm engineering and fruit and truck raising. After lunch, and lasting until nearly supper time, visitors will engage in making things of a practical nature, such as home dairy manufacture, meat cutting etc.

Nights will be given over to entertainment and visiting new buildings where various departments will furnish appropriate programs. The horse show and tournament will be staged again with the help of College departments and the U. S. Army in the stadium. The new Aggie swimming pool, last word in modern swimming facilities, will be open on various schedules to visitors.

The boys and girls will have special inspirational meetings in the mornings. Tours of inspection will be held for the boys. Contests for club boys, and in the case of poultry for club girls also will be held. Only team members are eligible, and one boy is eligible for only one contest.

The attendance to the short course this year is expected to be larger than last year, because a determined effort is being made, on the basis of the program, to bring out a large number of farmers. The railroads are offering special rates for the trip. Rooms in dormitories will be \$1.25 per week per person, and meal tickets for five days \$3.75. The camp grounds have been enlarged and sewerage facilities installed.

MANAGERS OF BALL CLUBS TO MEET

All managers of base ball clubs in Dawson County are asked to meet at the district court room on Tuesday June 20 at 7:30 P. M.

Mrs. Ollie Meadows spent the week end with home folks at Dickens.

Grows 1500 Bushels Of Wheat on 100 Acres

R. E. Echols, master farmer of Dawson County living six miles east of here, reports that he has recently harvested 1500 bushels of wheat from 100 acres of land, after having grazed an average of 20 head of cattle through the winter months, and realizing \$150.00 per month off the milk and cream products during this time.

Mr. Echols has demonstrated that Dawson County sandy loam land will raise wheat. He states that he has discovered that if wheat is sown in stalk land it is protected until it gets good rooted, after which it thrives well. Other farmers in Dawson county have sown and are harvesting small wheat acreages this year. It is believed that more wheat will be sown in the future.

Mr. Echols also reports that he has recently shipped two car loads of yearlings which netted him \$5.00 each after paying all expenses. The two carloads numbered 63, and sold at an average of \$13.00 per head.

Singing Convention To Be Musical Event

Lubbock, June 15.—With exception of a brief business session Saturday afternoon, June 17, the Plains Panhandle Singing Convention here June 17 and 18 will be a strictly singing convention with everything except the invocation in song.

The welcome address will be sung instead of a speech and the response will likewise be a song.

Odus L. Echols, Lubbock, president of the organization, will preside during the two day convention. A singer and a teacher, Echols is well qualified to direct the convention and his friends expect a program far above the average under his direction.

Five delegates are expected to represent each of the counties in the business session Saturday afternoon. At that time the constitution and by laws of the organization will be adopted, officers elected for the coming year, the next convention city selected and other matters will be handled in a democratic way by the entire congregation in a minimum of time.

Saturday evening a big free concert on the program will be rendered. Sunday morning and afternoon class singing, quartets, trios, duets, solos, and specialty numbers will be on the program.

Over 5,000 singers are expected here from a radius of three hundred miles, Echols says.

Warns Labor Not To Go Into Wheat Fields

Reporting a large unemployment situation in every wheat county in Texas and Oklahoma, C. W. Woodman, assistant director of the United States Farm Labor Division, Friday advised farm laborers that it will be unwise for any persons to leave home for the wheat fields with out first being assured of a place to work.

Pat Murphy, federal director for Oklahoma reports a short crop and large surplus of labor in the wheat belt of the state, says Woodman, while a similar condition exists in what is known as the wheat belt of Texas.

W. H. Alexander Dies Last Friday

W. H. Alexander, aged 78 years, and a pioneer resident of Dawson County passed away at the home of his son, P. L. Alexander on last Friday evening, June 9.

Mr. Alexander had been in bad health for the past several years and gradually grew worse until his death. He has been a resident of this county for many years, coming to Lamesa when the town was first started. He leaves many friends who will mourn his passing.

Funeral services were held on Saturday morning at 10 o'clock at the grave side with Rev. W. H. Wallace officiating.

He is survived by two children, a son P. L. of this place and a daughter, Mrs. Sue Robinson of Crane.

V. Z. Rogers To Attend Meeting

V. Z. Rogers, superintendent of the local schools will attend a meeting of the State Board of Education in Lubbock on Friday and Saturday June 16 and 17. Mr. Rogers is a member of this board.

Mr. Rogers with other superintendents and members of the board will meet and discuss the per capita apportionment which has not yet been determined. The board will also inform on the refunding of school bonds.

Dawson County Has Received \$18,756.59 From R. F. C. Funds

Dawson county has received \$18,756.58 of R. F. C. funds since November 1, 1932 and these funds have been expended among more than 500 families in the county of 2250 people.

Since the first of January the Red Cross sewing room has made and distributed 1800 garments, besides a number of ready-made garments which have been issued. An average of 30 workers per week have been employed in the Red Cross room to make these garments. They have worked a total of 3136 hours. These garments have been made from 3650 yards of cloth received from the National American Red Cross headquarters. This work is in addition to the flour and canned goods issued from the Red Cross room which has been open six days a week. More than 300 families have been served by the Dawson County Red Cross, according to Red Cross officials. There is less demand now for flour and clothing due to the R. F. C. employment in the county, it is believed, than during the past six months.

Public Library Interest Very Good

Books are as necessary to mental growth as vitamins to physical growth says Marion L. Faegre in an article in the July Ladies Home Journal. The entire article "What Reading Does For Children" is worth much more than the price of the magazine. Read it.

Miss Thelma Lee Norman is the second library enthusiast who has recently made a special contribution. She with the support of her Shakespeare class rendered "Mid Summer Night's Dream" at the high school auditorium Friday evening of last week. Though a very small admission fee was charged, more than eleven dollars was received.

The Bobsey Twins books are special favorites of the young readers, and they will be glad to find "The Bobsey Twins at Washington" as a recent addition. This was contributed by Ela Ray Renfro.

Malcolm Harp gave "Peacock Eggs" an unusually attractive Literary Guild selection.

The childrens books are even better than those in charge expected to receive. While the number of books are not so great nor as varied as those the State Library sent out, yet some of the very best reading may be obtained in perhaps one hundred books.

Several new Zane Grey books are expected soon.

Luncheon Club Has Program On "When It Does Rain"

The Business Mens Luncheon Club had an interesting program Tuesday at noon on "When Does It Rain", with Louis B Reed in charge of the entertainment.

Several of the members present were called on for reading taken from the first reader on the subject of Rain and Clouds. Those present recalled six years ago in 1927 when it hadn't rained and one of our banks was closed, and that rain began falling on the 13th, and a good crop was made in this county.

The Luncheon Club members pledged themselves to cooperate in the better highway movement in the county and in relief work, especially in the self liquidating loans.

The bride's gown was a lovely pink sheer crepe with white fox fur trimmings, with white accessories. Her hat was of pink lacestraw. Her "something borrowed" was pin ear bobs and her "something old" was an old gold brooch. The bride carried a lovely bouquet of rosebuds and baby breath.

Approaching Marriage Is Announced

Announcement of the approaching marriage of Miss Loretta Rainey to Eldrid G. Travis of this city was made Thursday morning, June 8th at a breakfast at the Williams Hotel by Mrs. L. M. Pratt, aunt of the bride-to-be.

Invitations to the affair so deftly concealed the nature of the occasion that many expressions of surprise were heard as the guests were ushered into the dining room to the strains of "Here Comes the Bride" played by Mrs. Ray Hollingshead.

Beautiful in every detail, the long breakfast table was centered with a mirror plateau on which stood a miniature bride and groom and ring bearer, the tiny ring being carried on a satin pillow in the arms of the small figure. Bowls of pink roses flanked with pink tapers in silver holders carried out a pretty color scheme of pink and silver. Individual place cards were colonial brides maids carrying beneath the folds of their bouffant skirts the announcement "Loretta and Eldrid."

The wedding of this splendid young couple is of much interest to Lamesa, both being very active in church and other worthwhile work.

Miss Rainey Honored With Breakfast

Messdames A. G. Barnard and R. R. Townsend entertained the Royal Ambassador's Chapter (boys from 9 to 13 years of age) of the First Baptist Church Wednesday morning at seven o'clock honoring their counselor Miss Loretta Rainey with an out door breakfast and swimming party at the City Park.

The boys surprised their counselor with a "kitchen shower" which she assured them was a very timely contribution toward her new set up work shop.

Guests attending were Garvin and Tom Wilkes, Clabé Price, Giles Connell, Joyce Travis and Russell Clark.

Mrs. Burleson Hostess To Tuesday Club

Members and guests of the Tuesday Bridge Club were entertained on Tuesday afternoon with Mrs. Elzie Burleson as hostess at her home.

NOTICE OF PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

S. J. R. No. 3 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of Texas be amended by adding thereto a section to be Section 3, which shall provide:

"Section 3. (1) Holding the belief that the highest degree of local self government which is consistent with the efficient conduct of those affairs by necessity lodged in the Nation, and the State will prove most responsive to the will of the people, and result to reward their diligence and intelligence by greater economy and efficiency in their local governmental affairs, it is hereby ordained:

"(2) Any county having a population of sixty-two thousand (62,000) or more according to the then last Federal Census may adopt a County Home Rule Charter, to embrace those powers appropriate hereto, within the specific limitations hereinafter provided. It is further provided that the Legislature, by a favoring vote of two-thirds the total membership of both the Senate and the House of Representatives, may authorize any county, having a population less than that above specified, to proceed hereunder for the adoption of a Charter; however, as a condition for such authorization, it is required that notice of the intent to seek Legislative authority hereunder must be published in one or more newspapers, to give general circulation in the county affected, not less than once a week for four (4) consecutive weeks, and the first of such publications shall appear not less than thirty (30) days next prior to the time an Act making proposal hereunder may be introduced in the Legislature. No County Home Rule Charter may be adopted by any county save upon a favoring vote of the resident qualified electors of the affected County. In elections submitting to the voters a proposal to adopt a Charter (unless otherwise provided by a two-thirds vote of the total membership of each house of the Legislature) the votes cast by the qualified electors residing within the limits of all the incorporated cities and towns of the county shall be separately kept but collectively counted and the votes of the qualified electors of the county who do not reside within the limits of the incorporated city or town likewise shall be separately kept and separately counted, and unless there be a favoring majority of the votes cast within and a favoring majority of the votes cast without such collective cities and towns, the Charter shall not be adopted. It is expressly forbidden that any such Charter may incommensurately affect the operation of the General laws of the State relating to the judicial, tax, fiscal, educational, police, highway and health systems, or any other department of the State's superior government. Nothing herein contained shall be deemed to authorize the adoption of a Charter provision inimical to or inconsistent with the sovereignty and established public policies of this State, and no provision having such vice shall have validity as against the State. No Charter provision may operate to impair the exemption of homesteads as established by this Constitution and the Statutes relating thereto.

"(3) A Charter hereunder may provide: the continuance of a County Commissioners' Court, as now constituted, to serve as the governing body of a County to operate hereunder; or, may provide for a governing body otherwise constituted, which shall be elective and service therein shall be upon such qualifications, for such terms, under such plan of representation, and upon such conditions of tenure and compensation as may be fixed by any such Charter. The terms for service in such governing body may exceed two (2) years, but shall not exceed six (6) years. In any event, in addition to the powers and duties provided by any such Charter such governing body shall exercise all powers, and discharge all duties, which in the absence of the provisions hereof, would devolve by law on County Commissioners and County Commissioners' Courts. Further, any such Charter may provide for the organization, reorganization, establishment and administration of the government of the county, including the control and regulation of the performance of and the compensation for all duties required in the conduct of the county affairs, subject to the limitations herein provided.

"(4) A Charter hereunder may provide that Judges of County Courts (including that County Court designated in this Constitution), and Justices of the Peace be compensated upon a salary basis in lieu of fees. The jurisdiction of the County Court designated in this constitution, and the duties of the judges thereof, may be confined to that general jurisdiction of a probate Court which elsewhere is defined in this Constitution. The office of Justice of the Peace may be made either elective or appointive. Other than as herein provided, no such Charter shall provide for altering the jurisdiction or procedure of any Court. The duties of District Attorney and County Attorney may be confined to representing the State in civil cases to which the State is a party and to enforcement of the State's Penal Code and the compensation of said attorneys may be fixed on a salary basis in lieu of fees.

"(5) Save as hereinabove and hereafter otherwise provided, such Charters, within the limits expressed therein, may invest the governing body to be established for any county electing to operate hereunder with the power to create, consolidate or abolish any office or department whether created by other provisions of the Constitution or by statute, define the duties thereof, fix the compensation for service thereof, make the same elective or appointive and prescribe the time, qualifications and conditions for tenure in any such office; save that no such Charter other than as hereinbefore authorized, shall provide to regulate the status, service, duties or compensation of members of the Legislature, Judges of the Courts, District Attorneys, County Attorneys, or any office whatever by the law of the State required to be filled by an election embracing more than one county. Excepting herefrom nominations, elections or appointments to offices, the terms whereof may not have expired prior to the adoption of this Amendment to the Constitution at such time as a Charter provision adopted hereunder may be in effect (save as to those of, office which must continue to be elective, as herein elsewhere specified), all terms of county officers and all contracts for the giving of service by them, or for the giving of such office, may be subject to termination by the administrative body of the county, under an adopted Charter so providing, and there shall be no liability by reason thereof.

"(6) Any county electing to operate hereunder shall have the power, by Charter provision, to levy, assess and collect taxes, and to fix the maximum rate for ad valorem taxes to be levied for specific purposes, in accordance with the Constitution and laws of this State, provided, however, that the limit of the aggregate taxes which may be levied, assessed and collected hereunder shall not exceed the limit or total fixed, or hereafter to be fixed, by this Constitution to control counties, and the annual assessment upon property, both real, personal and mixed, shall be a first superior and prior lien thereon.

"(7) In addition to the powers herein provided, and in addition to powers included in County Home Rule Charters, any county may, by a majority vote of the qualified electors of said county, amend its Charter to include other powers, functions, duties and rights which now or hereafter may be provided by this Constitution and the statutes of the State for counties.

"(8) Any county operating hereunder shall have the power to borrow money for all purposes lawful under its Charter, to include the refunding of a lawful debt, in a manner conforming to the General Laws of the State, and may issue therefore its obligations. Such obligations, other than those to refund a lawful debt shall not be valid unless authorized by a majority of all votes cast by those resident qualified voters of the area affected by the taxes required to retire such obligations, who may vote thereon. In case of county obligations maturing after a period of five (5) years, the same shall be issued to mature serially, fixing the first maturity of principal at a time not to exceed two (2) years next after the date of the issuance of such obligations. Such obligations may pledge the full faith and credit of the county; but in no event shall the aggregate obligations so issued, in principal amount outstanding at any one time, exceed the then existing Constitutional limits for such obligations and such indebtedness and its

supporting tax shall constitute a first and superior lien upon the property taxable in such county. No obligation issued hereunder shall be valid unless prior to the time of the issuance thereof there be levied a tax sufficient to retire the same as it matures which tax shall not exceed the then existing Constitutional limits.

"(9) Such Charter may authorize the governing body of a county operating hereunder to prescribe the schedule of fees to be charged by the officers of the county for specified service, to be in lieu of the schedule for such fees prescribed by the General Laws of the State; and, to appropriate such fees to such funds as the Charter may prescribe; provided, however, no fee for a specified service shall exceed in amount the fee fixed by General Law for the same service. Such Charters as to all judicial officers, other than District Judges, may prescribe the qualifications for services, provided the standards therefor be not lower than those fixed by the General Laws of the State.

"(10) Subject to the express limitations upon the exercise of the powers by this subdivision to be authorized, such Charters may provide (or omit to provide) that the governmental and or proprietary functions of any city, town, district, or other defined political subdivision (which is a governmental agency and embraced within the boundaries of the county) be transferred, either as to some or all of the functions thereof, and yielded to the control of the administrative body of the county. No such transfer or yielding of functions may be effected, unless the proposal submitted to a vote of the people, and, unless otherwise provided by a two-thirds vote of the total membership of each House of the Legislature, such a proposal shall be submitted as a separate issue, and the vote within and without any such city, town, district or other defined governmental entity, shall be separately cast and counted, and unless two-thirds of the qualified voters cast within the yielding defined governmental entity, and a majority of the qualified voters cast in the remainder of the county, favor the proposed merger, it shall not be effected. In case of the mergers hereby authorized, without express Charter provision therefor, in so far as may be required to make effective the object of the proposed merger, the county shall succeed to all the appropriate lawful powers, duties, rights, procedures, restrictions and limitations which prior to the merger were reserved in, or imposed upon, the yielding governmental agency. Particularly, it is provided that the power to create funded indebtedness and to levy taxes in support thereof may be exercised only by such procedures and within such limits, as now are, or hereafter may be, provided by law to control such appropriate other governmental agencies were they to be independently administered. Such mergers may be effected under proposed contracts between the county and any such yielding governmental agency to be approved at an election as hereinbefore provided for. In order to increase governmental efficiency and effect economy the county may contract with the principal city of the county to perform one or more of its functions, provided such contracts shall not be valid for more than two (2) years.

"(11) In cases of the partial or complete merger of the government of a city operating under a Home Rule Charter, with the government of a county operating hereunder, those city Charter provisions affected thereby shall cease to control, and the county Charter provisions shall control.

"(12) When any embraced incorporated city or town elects to merge its governmental functions with those of the county under the provisions hereof, such Charter may provide for defining or redefining the boundaries of such cities and towns, provided however, that in defining or redefining the boundaries of such cities and towns, such boundaries may be extended only to include those areas contiguous to such cities as are urban in character; and as to such cities and towns and for the benefit thereof the county, in addition to the primary city and county tax herein authorized and any other lawful district tax, may levy and collect taxes upon the property taxable within such city or town as defined or redefined, within the limits authorized by Sections 4 and 5 of Article XI of this Constitution, (or any amendment thereof), for incorporated cities according to the population provided that no tax greater than that existing at the time of such merger or for any added purpose shall be imposed upon any such city or town unless authorized by a majority of all votes cast by the resident qualified voters of such city or town.

"(13) Areas urban in character though not incorporated, under appropriate Charter provision may be defined as such by the governing body of the county, provided, however, that no portion of the county shall be defined as an urban area unless it has sufficient population to entitle it to incorporate under the then existing laws of the State; and no such urban area, when created, shall be vested with any taxing or bonding power which it would not possess if it were operating as a separate incorporated unit under the then Constitutional and Statutory provisions of this State; and provided further that the governing body of the county for the government of such areas shall have and exercise all powers and authority granted by law to the governing bodies of similar areas when separately incorporated as a city or town, and such areas shall be subject to additional taxation within the same Constitutional limits. As control taxation for a city or town of like population. Likewise such Charter may provide for the governing board of the county subject to the existing Constitutional and statutory provisions to define, create and administer districts, and have and exercise the powers and authority granted by the Constitution and laws relating to the same.

"(14) No provision of this Constitution inconsistent with the provisions of this Section 3, of Article IX,

shall be held to control the provisions of a Charter adopted hereunder, and conforming herewith. Charters adopted hereunder shall make appropriate provision for the abandonment, revocation and amendment thereof, subject only to the requirements that there must be a favoring majority of the vote cast upon such a proposal, by the qualified resident electors of the county; and, no Charter may for bid amendments thereof for a time greater than two (2) years. The provisions hereof shall be self-executing, subject only to the duty of the Legislature to pass all laws (consistent herewith) which may be necessary to carry out the intent and purpose hereof. Further, the Legislature shall prescribe a procedure for submitting to a decision, by a majority vote of the electors voting thereon, proposed alternate and elective Charter provisions."

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in August, 1933, at which election all ballots shall have printed thereon the following:

"For the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

"Against the Amendment to Article IX of the Constitution of Texas, adding Section 3, providing authority for the voters in counties having a population of sixty-two thousand (62,000) or more, to effect more sufficient and economical government within such counties, and to authorize mergers of separate governmental agencies within such counties, and to authorize mergers of separate governmental agencies within such counties as may from time to time be authorized by vote of the people therein."

Section 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

While brutes grew coats of mail in OKLAHOMA

Today the drills of Sinclair oil men have bitten deep into the soil of Oklahoma and tapped that treasure trove of the ages, the Cambro-Ordovician oil pool—the pool that was already old when the age of dinosaurs came upon the world. Piped into the great Sinclair refineries and carefully refined and blended, this oldest of Mid-continent crudes becomes Sinclair Opaline Motor Oil, a product averaging more than 80 million years of Nature's priceless mellowing and filtering. In process of manufacture, Sinclair Opaline is de-waxed and freed from non-lubricating petroleum jelly at as low as 60° F. below zero. Note how Sinclair Opaline lasts in the heat of hard, fast driving—observe at draining time how little oil has been used—A sure proof of quality! Ask for Sinclair Opaline.

RULES GOVERNING THE SELECTION OF VETERANS IN CONSERVATION WORK

In Texas the State is divided into two sections. L. C. Chapman, Manager of the Veterans Administration in San Antonio, Texas will handle applications from Veterans in his Regional Office territory, which of course is the southern half of the State and also applications from those counties in the far western section around El Paso, wherein Veterans have handled their compensation claims with the Albuquerque Regional Office. Read Johnson, Manager of the Veterans Administration Office in Dallas, Texas will handle applications from all his Regional territory and also from those counties in the Panhandle wherein Veterans have handled compensation claims with the Oklahoma City Regional Office. Please bear in mind this new line-up bearing new State lines and dividing Texas into two sections is only for the purpose of taking applications for this Emergency Conservation Corps, commonly known as the Tree Army and does not mean there is any change in the territories of Regional Offices insofar as their claims work is concerned. Texas has been given a quota of 1175 Veterans. Of this number seven per cent will be veterans of wars prior to the World War and the remaining 93 per cent will be selected from applications received from the World War Veterans. Veterans of wars prior to the World War will be selected from the State at large and the selection of World War Veterans will be determined by County quotas. The quota of the county will be set by the Manager of the Regional Office having jurisdiction and will be approximately one Veteran for each five thousand population as shown by the 1930 census, so that you can easily figure how many will be accepted from each county. Veterans in order to be eligible to be considered by the Manager in making selections must meet the following requirements:

Served in the armed forces of the United States during time of war and honorably discharged from such service. Be a citizen of the United States unemployed and physically able to perform ordinary manual labor in work camps and be free from active or communicable diseases including venereal disease. Good character and general fitness are required and preferential consideration will be given to the unemployed Veterans who have dependents to support. The procedure is as follows: Veterans must secure from the Regional office having jurisdiction application blanks which must be filled out in duplicate and returned to the Regional Office. An application must have the endorsement of four people, one of whom must be a representative of an organization engaged in relief work such as the American Red Cross. Other signatures may be obtained from officers of Veterans organizations. Great care should be exercised in making these recommendations to see that no recommendation is made for a man if it is known that he is not physically fit for final acceptance. The reason for this is the quota for Texas is exceedingly small and no replacements will be allowed to take the place of those veterans rejected account of physical condition. When the Veteran has received this application, have him fill it out in duplicate and return it to the Regional Office. If he is one of those selected by the Manager of that office he will be directed to report to the nearest Recruiting Station. Recruiting Stations in Texas are at the following places: Fort Sam Houston, San Antonio, Abilene, Dallas, Fort Worth, Waco, Wichita Falls, Tyler, Paris, Houston, Beaumont, Palestine, Galveston, Port Arthur, Lufkin, Ft. Bliss, Big Spring, Lubbock, El Paso, Amarillo.

At this Recruiting Station he will be given a preliminary examination and will be sent at Government expense to a conditioning camp about two weeks. If he is rejected either at the Recruiting Station or at the Conditioning Camp he will be returned home (place of selection) at Government expense. If he is finally accepted of course he will be sent for six months to one of the Camps selected for the Veterans contingent.

At this camp the hours of work will be eight hours a day, including travel too and from work, and lunch hour, for five days a week or a total of 40 hours a week. Many activities for recreation will be provided at the camp. There will be religious services on Sunday. Permission to leave Camp for a limited time outside of working hours may be granted and visitors may be permitted to visit the camp. Medical care and hospital care when needed will be provided. At the end of the six months period of enrollment the Veteran will turn in the equipment issued to him and will be sent back to his home (place of selection) at Government expense. In the selection and enrollment of Veterans no discrimination will be made on account of race, color, creed or politics. However, no Veteran under conviction of crime, or serving sentence therefor shall be accepted or enrolled. The basic allowance will be thirty dollars (\$30.00) per month and will begin the date the Veteran takes the oath and finally accepted and en-

rolled. For any information write the Regional Manager of the Veterans' Administration in whose territory you reside.

A CORRECTION

In last week's issue we stated that in the children's bathing beauty contest at the wading pool, little Doris McBride won first place and Patsy Ruth Kirk second. It should have been little Doris McBride won first place in the contest of children aged from 1 to 3 years and Patsy Ruth Kirk winning first in the 4 to 7 years age contest. We are glad to make this correction.

Bride-Elect Honored With Shower Tuesday

At nine o'clock on Tuesday morning of this week Mrs. Ray Hollingshead, Miss Thelma Merrick and Mrs. W. A. Stephens were hostesses at a miscellaneous shower honoring Miss Loretta Rainey who is soon to become the bride of Mr. Eldrid Travis of this city.

For the occasion the Cleveland home was tastefully decorated with pink roses, pink and blue larkspurs, and a wealth of fern. The chief note of the decoration was a miniature bridal party arranged about an altar.

Each guest upon her arrival was allowed to select material from which to make a tea towel, a hot pot holder, or any article of her choosing. While the guests were engaged at their work they were delightfully entertained by love songs by Mrs. W. J. Beckham who accompanied her self on a steel guitar.

When the sewing projects were finished little Miss Winelle Cotten entered, rang a bell and quoted:

“Ding, dong, bell,
 Puss is in the well,
 Who put her in?”

Little Eldrid Travis. Who'll pull her out? Little Loretta Rainey.

Winelle then led Miss Rainey to a well, improvised in white with roses runners wreath about it and placed the well rope in her hand. When Miss Rainey had drawn the bucket to the top, she found in it a pretty kitten with a great pink bow around its neck.

Misses Willie Belle Cleveland and Robbie Cleveland assisted the hostesses in serving each guest a delicious plate of chicken salad sandwiches, potatoe chips, pickles and iced tea, with perennial sweet peas as plate favors.

Those present were Mesdames C. E. Cameron, Durwin Echols, Clarence Newland, W. E. Cox, W. J. Beckham, Douman Bullard, L. M. Pratt, Misses Audrey Faye Bailey, Ethel Iris Simpson, Rhoda Lou Clark, Gladys Alsbrook, Jettie Lee Conklin, Cleo McMahon, Edna Watson, Hilma Bartlett, Christine Creswell, Ora and Edna Merrick, Vivian Bryant, Margaret Thornhill, Myrtis Painter, Eleanor Ragle, Allene Harrison, Velma and Ina Speck, Thelma Lee Yrman, Merle Shipp, Ells Stuart, the honoree and the hostesses.

Mesdames J. R. Weaver, Robert Koger, and Misses Juanita Paulk, Katie Lee Clements, Marjorie Ferguson, Mary Cameron, Grace Weaver, Minnie Cope, Edith Dean and Nell and Rebecca Goodloe, who were unable to be present sent beautiful gifts.
