

MUENSTER ENTERPRISE

VOLUME XXXIII

MUENSTER, COOKE COUNTY, TEXAS 76252 SEPTEMBER 19, 1969

NUMBER 43

Senator John Tower's news-letter for the past weekend indicates he's baffled by the same tax problems that are bugging you and me. He shares our dilemma in that he wants relief for middle class taxpayers, but he can't go along with the recommended tax increases to compensate for the tax reductions.

A clampdown on founda-tions, he thinks, could have the effect of decreasing contributions to religious and charitable institutions, eventually requiring government to take over the financial responsibilities now carried by the foundations.

At the same time Tower is concerned with the mis-use of foundation funds. Like us, he thinks that an organization which receives tax favors for its philanthropies should spend its money for the benefit of all the country, for instance on charitable or educational projects or an scientific research. Our government has permitted and encouraged this arrangement for many years, as an inducement to wealthy men and corporations to give generously to worth while projects.

However government is al-so aware that some foundations have been cheating. They have maintained fat administrative payrolls and have used funds in political activity, sometimes even supporting left wing radical organizations. This is an abuse deserving strong opposition from the rest of the country. Indirectly, the money given to the subversive or crackpot outfits are funds taken from us average folks — because we pay more tax so that foundations can be tax exempt. So, there are good reasons on both sides of the dilemma concerning foundations. What is a good solution?

One proposal is to set up a committee to monitor foundation spending, and charge foundations a two per cent tax to finance the committee. The method is intended to determine how much spending should be subject to income tax. That seems like a good idea. Foundations deserve a tax break for doing good and they deserve to be taxed for every dollar that isn't spent properly.

Reduction of exemption for oil and mineral depletion is another remedy Tower doesn't favor. He's concerned with a decline in exploration when oil people get less compensation for their dry holes. The resulting decline of production would wipe out thousands of jobs and big investments in capital, possibly even lead to an oil shortage in this country. To avoid that situation oil prices would have to go up and everybody would help pay for the additional tax charged against oil companies. So, if oil production taxes go up one can look for economic problems, and possible security problems, or higher gasoline and oil prices for us consumers.

Regarding tax free state and municipal bonds, a similar problem applies. Much has been said about 154 non-tax-paying millionaires, but removing their tax exempt status would cause greater trouble. Interest rates on those bonds would go up immediately and the amount of tax paid by investors would have to be collected from ad valorem taxpayers of states and cities.

No wonder the lawmakers of Washington are worried. They are in trouble whatever they do. They have come to their day of reckoning. After heading for many years to the demand for wild spending they have inevitably approached the limit of taxpayer patience. Every group in danger of being hurt is putting up a howl. And legislators are hearing. Perhaps they'll also respond. Perhaps they'll get the idea, like you and I did long ago, that another way to make ends meet is to reduce expenses. Instead of tearing their hair for new tax revenues they ought to be trimming the budget.

To our way of thinking the lawmakers approach their problem from the wrong side. They let extravagant ideas run wild in drawing up their want list, and then try to find new sources of revenue to satisfy the wants. It would be much simpler, much easier, if they'd count their money first and spend accordingly. In fact, everybody but government operates that way. Why doesn't it learn this basic fact of managing money?

Lynn Joe Klement Advances in Merit Scholarship Test

Principal Charles O. Cash of Muenster High School announced this week that Lynn Joe Klement, son of Mr. and Mrs. Ray Klement has been named a semifinalist in the 1969-70 National Merit Scholarship Program.

He is one of the semifinalists appointed among the nation's most intellectually talented high school seniors who will compete for about 3,000 Merit Scholarships to be awarded in 1970.

The Semifinalists were the highest scorers in their states on the National Merit Scholarship Qualifying Test (NMQT), which was given last February to some 750,000 students in 17,250 schools nationwide. They constitute less than 1 percent of the graduating secondary school seniors in the United States.

The Semifinalists are representatives of the country's most intellectually able young people, according to Edward C. Smith, president of the National Merit Scholarship Corporation (NMSC). "From this group will come many future leaders in business, industry, and the professions," he said.

Semifinalists must advance to Finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become Finalists by receiving the endorsement of their schools, substantiating their high NM-SQT performance on a second examination, and providing information about their achievements and interests.

About 97 percent of the Semifinalists are expected to become Finalists, and each will be considered for one of the 1,000 National Merit \$1000 Scholarships which are allocated by state. Many will also be considered for the renewable four-year Merit Scholarships provided by some 400 corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals. Each Finalist will receive a Certificate of Merit in recognition of his outstanding performance in the program.

NMSC identifies the Semifinalists to all regionally accredited colleges and Universities and to other scholarship-granting agencies and sources of financial aid. Studies in former years have shown that about half of the Semifinalists received financial aid from sources other than the Merit Program.

Names of the 1969-70 Merit Scholarship winners will be announced April 30, 1970. Some 21,600 students have received Merit Scholarships in the four-year annual programs to date. About \$67 million in financial assistance to Merit Scholars and their colleges has been expended or committed through the Merit Program.

Big Second Half Wins for Tigers 22-12 at Saint Jo

Sacred Heart's Tigers refused to be tamed by the Saint Jo Panthers last Saturday night. They came from behind twice to mark up a big 22-12 triumph for the opening game of their season.

The Sacred Heart boys played second best through the first half. They trailed 16-83 in total yardage, 7-6 in first downs and 6-0 in score.

But things were different the next half as they led 149-93 in yardage, 10-5 in first downs and 22-6 in scoring. Until the final minute and 28 seconds Tiger defense held the Panthers' second half effort to only two first downs and 34 yards.

Sacred Heart was lucky that the final Panther rally ran out of time. It had gained 59 yards to the 3 in the 1:28.

The game opened with a first down and a kick for Sacred Heart, and the same for Saint Jo, then a first down for Sacred Heart and Saint Jo's interception on the next series.

A temporary hot streak then advanced the Panthers 53 yards and three first downs before the Tigers took over on downs on the 11 as the second quarter started.

Both teams took to the air that period which featured

Ted H. Gremminger Promoted by Kraft

TED H. GREMMINGER, Denver zone manager for Kraft Foods the past three years, has been promoted to Product Sales Manager in the Western Region which includes 17 states. In this capacity he will be sales manager of confections, dinners and new products.

The promotion moves the Gremminger family back to Texas. They are getting settled at Garland.

Ted has had experience as a salesman, account representative, supervisor and zone manager. Last year he won the J. L. Kraft Jade Ring Award in recognition of his outstanding services.

Formerly of Muenster, he is the son of Ted Gremminger. His wife is the former Kathryn Hartman of Muenster. They have four children Wayne, Mary Kay, Robert and Brenda.

Lindsay Votes on Local Sales Tax

Voters of Lindsay will decide Saturday on whether to adopt a local 1 cent sales tax within the town's limits. The election will be held in the Parish Hall with HS Fuhrmann as presiding officer.

The tax is recommended as a method whereby the town can obtain revenue for needed improvements without imposing property tax. Some opinions are that an ad valorem tax will become necessary if the sales tax is turned down.

An appealing feature to voters is that they will pay only a small part of the sales tax collected, especially since alcoholic drinks are subject to the sales tax. It is estimated that most of the town's sales tax revenue will come from that source, and most of those sales are to out-of-town people.

Tigers Confident Of Victory Over Alvord Bulldogs

The Tigers and Tom Joy feel fine after their 22-12 win over Saint Jo last Saturday, and think that they are ready for this week's game at Alvord.

Joy was enthusiastic about the team's performance, especially in the second half when it sharpened its defensive alertness and also improved the offensive effort. The result was that Sacred Heart outplayed and outscored Saint Jo 22-6 in the last half.

Jay has high hope for a repeat performance when his boys battle the Bulldogs Friday night at 8. Judging from last week's 32-6 loss to powerful Millsap, Joy expects Alvord to be somewhat tougher than Saint Jo, but not too tough for Sacred Heart.

The Tigers made lots of progress in that game he said. They are getting experience to go along with a big desire and good condition. And, fortunately, there are no injuries so far. As long as the starting lineup is intact Joy feels that the Tigers will play a good brand of Class B football.

Bake Sale Saturday

Sophomores of Sacred Heart High have announced they will conduct a benefit bake sale Saturday beginning at 8 a.m. in Pagel's, Fisher's and Hofbauer's Supermarkets. Home-made bread, rolls and pastries will be available.

A father and son from Brady, Pete Santo Jr. and two year old Carlos, who were killed in a car accident Saturday near Weatherford, were the brother and nephew of Mrs. Leon Hess of Dallas, daughter-in-law of Mr. and Mrs. Gary Hess.

NEWS OF THE SICK

Fred Hennigan Sr., a back-surgery patient at Baylor Hospital in Dallas, is on the mend. Saturday he was permitted to sit up for the first time on the side of the bed and repeated three times Sunday for five minute intervals. Mrs. Hennigan spends days with her husband. Their sons have been with him at night until Sunday. He had the back operation Sept. 8.

Leon "Doc" Hellman of Albuquerque who underwent surgery at Sandia Military Hospital there was reported improved during the weekend. That was the word brought back by his brother Charley Hellman who flew out to see him. Also there were Ralph and Virgil Hellman of California for a reunion of the four brothers for the first time in 11 years.

Mrs. Christine Schad of Dallas, formerly of Muenster, is making normal recovery from hiatus hernia surgery performed at Richardson General Hospital in Richardson Sept. 11. She will be a patient about two weeks.

Sister Florentine Tempel continues as a patient at St. Bernard's Hospital in Dallas undergoing treatment for an ailment similar to arthritis — she's not able to use her hands. Sister Florentine was scheduled to teach in Sacred Heart School this term but her illness is keeping her in the hospital instead. Mrs. Eula Smith of Gainesville is replacing her in the fourth and fifth grades.

Allen Reiter of Dallas, formerly of Muenster, came back home to undergo surgery at Muenster Hospital Monday.

B.A. Harry of Forestburg is a patient at Muenster Hospital since Monday when he sustained injuries in a fall from a bridge he was helping construct.

Mrs. Jake Pagel entered Muenster Hospital Tuesday for surgery to remove pins from the hip she broke in May.

Since Monday Ervin Hamric is back at his place of business but taking it easy. He was hospitalized two weeks after suffering a heart attack Aug. 3 and continued convalescence at home.

Miss Dianne Gehrig, a student nurse in Sherman, is a patient at Wilson N Jones Hospital there since Tuesday. She underwent knee surgery Wednesday. Her mother, Mrs. George Gehrig, is with her. Dianne will be hospitalized about a week. Her room number is 421.

Josie (Mrs. Jim) Christian of Rosston is a patient at Muenster Hospital since Monday afternoon when she was in a car accident in the Free-mound community. She sustained a broken ankle, cuts and bruises. Mrs. Christian is a teacher at Muenster Public School. Until she returns, Mrs. John Broome is teaching in her place except Wednesday and Thursday when Mrs. Hollis Berry of Rosston filled in as teacher. Others in the two-car collision were Mrs. Clifford Richardson and three children, Jo Ann 15, Don 11, and Norma 9, of Forestburg. They were released from Gainesville Hospital after treatment for facial forehead and mouth injuries. The two cars collided head-on at a curve in the road.

HOSPITAL NOTES

Thursday: Admit — John Youngblood Jr., Saint Jo, Mrs. Sula Dunn, Saint Jo, Helen Hess, John Fisher, Al Walter-scheid.

Friday: Dismiss — Helen Hess, John Fisher.

Sunday: Admit — Allen Reiter, Dallas, Sister Maureen.

Monday: Admit — Mrs. Jim Christian, Rosston, B. A. Harry, Rosston, Mrs. Dan Hamric, Hamric baby girl born. Dismiss — John Youngblood Jr., Saint Jo, Mrs. Joseph Boyd, Forestburg, Mrs. Sula Dunn, Saint Jo, Pierson Hune-ycut, Gainesville, Sister Maureen.

Tuesday: Admit — Mrs. Evelyn Cooper, Saint Jo, Mrs. Jacob Pagel.

Wednesday: Admit — Paula Patrick, Era.

John Michels of Munday stopped by Thursday for a visit with his cousin Mrs. Joe Luke.

Pratt Warns About Alcohol at Games

Football fans who carry alcoholic drinks to the games were admonished this week that they are violating a state law and are subject to a fine of \$25 to \$200.

County Sheriff Bill Pratt made the announcement in cooperation with school authorities at Muenster and Lindsay. He explained that legalization of beer and liquor in the city or town does not make it legal at school events. He also warned that the law applies to both possession and drinking.

Endres Motor Co. Registering Boys For PP&K Contest

Registration is under way by boys of ages 8 through 13 in the Muenster area for the ninth annual Punt, Pass and Kick competition sponsored by Ford dealers and the National Football League.

Entries are being accepted at Endres Motor Company through October 10 and the contest will be held on Saturday, Oct. 11, under supervision of the Muenster Jaycees.

A parent or guardian must accompany a boy to register. The entire competition is free and every registrant receives a Punt, Pass and Kick Tips which features stories and competition tips by Don Meredith and Mike Clark of the Cowboys along with several other NFL stars. There are also tips on physical fitness and shirt patches.

Boys will compete for trophies in each of the six age divisions and also for the chance to represent Muenster in the next stage of competition. The contest advances from local to zone, district, area, division and national with prizes for each advancement.

At the end of the local contest Endres Motor Co. will award 18 trophies to the three top winners in six divisions. They are gold, silver and bronze respectively.

Points in the competition are awarded on the basis of distance the ball travels on the fly with points subtracted for each foot to the right or left of a center line.

Hornets Cash in The Breaks, Beat Aleido High 33-12

Muenster High's Hornets opened their 1969 football season in a big way here Friday night with a 33-12 win over the Class A Bearcats of Aleido.

The game was a showdown of two 1968 bi-district champs, the Hornets in Class B and Aleido in Class A.

Breaks, which were created mostly by the intense desire and hustle of the Hornets, were the big factors in the MHS win. The visitors lost possession five times on fumbles and lost precious yardage on a fouled up punt effort.

Another feature was Muenster's consistent short gains which held possession for about two thirds of the game. Aleido effort was mostly stymied except a few break away long plays.

Opening the game the Hornets made two first downs, failed on the third series, and got their first break when Aleido tried to kick on fourth down. The pass from center was bad and the kicker was smothered before he could boot the ball.

That put the Hornets on the 25 and eight plays produced the first TD. John Monday made the last 3 yards on a quarterback sneak, the first of his five scoring sneaks of (Continued on Page 5)

Mrs. Medders Finishes Book

Being printed in manuscript form this week for distribution to three prospective publishers is Margaret Medders' book, "The Medders."

Mrs. Medders started a book earlier entitled "Let the Starlight In." Since selling their Colonial Acres home and farm she began another book working on it most of the summer months in Cumberland Falls, Ky.

It's up to date, she said. It starts at the beginning, includes the inheritance story and goes on to the present time. Since moving from Muenster the Ernest Medders family lives at Gainesville.

Jaycees Campaign to 'Make Space for God'

Jaycees of Muenster have joined fellow members from all over the state in a project to send 300,000 letters to NASA headquarters at Houston asserting the right of astronauts to pray or quote from the Bible while on a space mission. Their campaign slogan is "Make Space for God."

The undertaking is intended to offset the efforts of Madalyn Murray O'Hair, nationally known atheist, to cause an issue of official orders prohibiting remarks of a religious nature in future space flights. The Jaycees particularly want their expression to be overwhelming by comparison with O'Hair's

claim of 27,000 letters opposing religious messages.

Deadline set for delivery of the letters to Houston is October 10. At the same time there will be petitions with thousands of names.

The local campaign consists of 600 standardized letters prepared by the Jaycees which reads as follows:

"N.A.S.A. Director
c-o Texas Jaycees
P. O. Box 1428
Grand Prairie, Texas 75050

Dear Sirs:
I just wanted to write you a short note expressing the fact that I have no objection to the astronauts of the future being granted the right to read aloud from the Holy Bible while in the midst of a space mission.

It is my opinion that to deny this privilege would be in direct conflict with our democratic way of life. Rather than continue to negate a means of spiritual inspiration in areas of public life, we would hope for the basic freedom for each individual to worship if he chooses.

Thank you for considering this letter.

Sincerely,"
These letters will be carried all over town Monday and Wednesday nights of next week in a door to door campaign and people will be invited to sign. Signed letters will then be sent to state Jaycee headquarters for forwarding to NASA.

A related project is the statewide petition on the same subject. Copies of the petition will be available for signatures in local stores and will be sent with the letters to NASA through the state Jaycees.

October 12 Set As German Day at Texas State Fair

The seventh annual "German Day n Texas" has been set for Sunday, October 12, in a proclamation issued by Governor Preston Smith. The event is part of a national observance commemorating the establishment of the first permanent colony of German settlers on American soil 236 years ago in Pennsylvania.

Plans for the observance, as announced by German Consul and Chairman Gershon Canaan, include two programs. The first will be the Pioneer Ball in the Marriott Motor Hotel in Dallas on October 11, starting at 6:30 p.m. The second will be German Day at the State Fair of Texas on October 12.

Members of Muenster's Sacred Heart Choir, as in several years past, have a part in the Pioneer Ball program. They will appear separately and jointly with the Frohsinn Singing Society of Dallas and a group of German Air Force singers in training at Fort Bliss, Texas. Other musical fests of the evening includes numbers by a Dallas Symphonette and dance music by the Peppermint Polka orchestra. Also on the program are a number of special awards and recognitions.

Heading the program for German Day at the Fair are folk dancing and singing in a big tent, German food and drinks, and a concert by the famous Beethoven Brass Band of San Antonio in front of the Hall of State from 3:30 to 5 p.m., ending with a retreat ceremony.

Hornets Have Open Date This Week

Friday is an open date for the MHS Hornets, but that does not mean an easy week. Not by a long shot! Workouts seem to be more rugged than ever this week as Coaches Glenn Richardson and Dan Hamric concentrate on another round of physical conditioning along with lots of drilling to improve the Hornets' style.

The coaches are pleased with the win over Aleido last week but they want big improvement before taking on the mighty Celina Bobcats. Richardson was very much impressed by Celina's 21-7 win over Pilot Point last week, and he's aware that Celina has practically the same team that swamped Muenster 40-0 in the regional last year. The game will be in Celina next week Friday.

County FB Men at District Meeting

Members of the Cooke County Farm Bureau attended a district meeting of the Texas Farm Bureau in McKinney, Texas. Its purpose was the discussion of more effective policy development in the counties of the district.

The meeting stressed the importance of more active participation of Farm Bureau members in the development of policy at the community and county level. All policies of the Farm Bureau begin at the community level, then county, state, and national. This method allows all members to have a part in the development of policy for the organization at all levels.

County policies for the organization will be taken up at the annual convention to be held October 20, in Gainesville.

Those attending the meeting from Cooke County were J.T. Cole, county president; Martin Krahl, county policy development chairman; and R.M. Davidson.

MHS Civics Class Hears Peter Hyde

The civics class of Muenster Public School was urged Tuesday to become a concerned and active part of their government, as intended in the country's constitution.

Their guest speaker was Peter Hyde of the Cooke County Junior College faculty. He talked about the principles on which the constitution is founded, and its purpose of creating a government of the people, by the people and for the people. He also urged the students to keep informed on political affairs with the aim of keeping government in the hands of people.

Tiger Cubs Will Host Alvord Kids Tuesday Night, 6:45

An ambitious team of Sacred Heart seventh and eighth graders is set for its opening game next Tuesday night at 6:45 on the Tiger field. They will take on Juniors of Alvord.

The Tiger Cubs, coached by Tom Joy includes all of the boys in the two junior high grades of the parochial school. Twenty nine are playing and two are managers.

The future Tigers have put in two weeks of dedicated practice and are beginning to operate like a team, says Coach Joy. Besides they have good spirit and the willingness to work hard at improving their game.

MHS Bees Start Thursday Night on Eight Game Season

First action for the Muenster Hi Bees is scheduled for Thursday night at Valley View when they will take on the youngsters of the Eagles.

Both of the teams are parts of the high school squads of their respective schools but do not belong to the first string of starters and reserves. About half of each roster will be available for these games.

All the games are to be played on Thursday nights starting at 7:30. The schedule: Sept. 18, Valley View, there. Oct. 2, Nocona, there. Oct. 9, Whitesboro, here. Oct. 23, Nocona, here. Oct. 30, Whitesboro, there. Nov. 6, Valley View, here. Nov. 13, Callisburg, here. Nov. 20, Callisburg, there.

Senator John Tower's news-letter for the past weekend indicates he's baffled by the same tax problems that he shares with you and me. He wants relief for middle class taxpayers, but he can't go along with the recommended tax increases to compensate for the tax reductions.

Mrs. Christine Schad of Dallas, formerly of Muenster, is making normal recovery from hiatus hernia surgery performed at Richardson General Hospital in Richardson Sept. 11. She will be a patient about two weeks.

Sister Florentine Tempel continues as a patient at St. Bernard's Hospital in Dallas undergoing treatment for an ailment similar to arthritis — she's not able to use her hands. Sister Florentine was scheduled to teach in Sacred Heart School this term but her illness is keeping her in the hospital instead. Mrs. Eula Smith of Gainesville is replacing her in the fourth and fifth grades.

Allen Reiter of Dallas, formerly of Muenster, came back home to undergo surgery at Muenster Hospital Monday.

B.A. Harry of Forestburg is a patient at Muenster Hospital since Monday when he sustained injuries in a fall from a bridge he was helping construct.

Mrs. Jake Pagel entered Muenster Hospital Tuesday for surgery to remove pins from the hip she broke in May.

Since Monday Ervin Hamric is back at his place of business but taking it easy. He was hospitalized two weeks after suffering a heart attack Aug. 3 and continued convalescence at home.

Miss Dianne Gehrig, a student nurse in Sherman, is a patient at Wilson N Jones Hospital there since Tuesday. She underwent knee surgery Wednesday. Her mother, Mrs. George Gehrig, is with her. Dianne will be hospitalized about a week. Her room number is 421.

Josie (Mrs. Jim) Christian of Rosston is a patient at Muenster Hospital since Monday afternoon when she was in a car accident in the Free-mound community. She sustained a broken ankle, cuts and bruises. Mrs. Christian is a teacher at Muenster Public School. Until she returns, Mrs. John Broome is teaching in her place except Wednesday and Thursday when Mrs. Hollis Berry of Rosston filled in as teacher. Others in the two-car collision were Mrs. Clifford Richardson and three children, Jo Ann 15, Don 11, and Norma 9, of Forestburg. They were released from Gainesville Hospital after treatment for facial forehead and mouth injuries. The two cars collided head-on at a curve in the road.

HOSPITAL NOTES
Thursday: Admit — John Youngblood Jr., Saint Jo, Mrs. Sula Dunn, Saint Jo, Helen Hess, John Fisher, Al Walter-scheid.
Friday: Dismiss — Helen Hess, John Fisher.
Sunday: Admit — Allen Reiter, Dallas, Sister Maureen.
Monday: Admit — Mrs. Jim Christian, Rosston, B. A. Harry, Rosston, Mrs. Dan Hamric, Hamric baby girl born. Dismiss — John Youngblood Jr., Saint Jo, Mrs. Joseph Boyd, Forestburg, Mrs. Sula Dunn, Saint Jo, Pierson Humeycutt, Gainesville, Sister Maureen.
Tuesday: Admit — Mrs. Evelyn Cooper, Saint Jo, Mrs. Jacob Pagel.
Wednesday: Admit — Paula Patrick, Era.

John Michels of Munday stopped by Thursday for a visit with his cousin Mrs. Joe Luke.

Pratt Warns About Alcohol at Games

Football fans who carry alcoholic drinks to the games were admonished this week that they are violating a state law and are subject to a fine of \$25 to \$200.

County Sheriff Bill Pratt made the announcement in co-operation with school authorities at Muenster and Lindsay. He explained that legalization of beer and liquor in the city or town does not make it legal at school events. He also warned that the law applies to both possession and drinking.

Endres Motor Co. Registering Boys For PP&K Contest

Registration is under way by boys of ages 8 through 13 in the Muenster area for the ninth annual Punt, Pass and Kick competition sponsored by Ford dealers and the National Football League.

Entries are being accepted at Endres Motor Company through October 10 and the contest will be held on Saturday, Oct. 11, under supervision of the Muenster Jaycees.

A parent or guardian must accompany a boy to register. The entire competition is free and every registrant receives a Punt, Pass and Kick Tips which features stories and competition tips by Don Meredith and Mike Clark of the Cowboys along with several other NFL stars. There are also tips on physical fitness and shirt patches.

Boys will compete for trophies in each of the six age divisions and also for the chance to represent Muenster in the next stage of competition. The contest advances from local to zone, district, area, division and national with prizes for each advancement.

At the end of the local contest Endres Motor Co. will award 18 trophies to the three top winners in six divisions. They are gold, silver and bronze respectively.

Points in the competition are awarded on the basis of distance the ball travels on the fly with points subtracted for each foot to the right or left of a center line.

Hornets Cash in The Breaks, Beat Aledo High 33-12

Muenster High's Hornets opened their 1969 football season in a big way here Friday night with a 33-12 win over the Class A Bearcats of Aledo.

The game was a showdown of two 1968 bi-district champs, the Hornets in Class B and Aledo in Class A.

Breaks, which were created mostly by the intense desire and hustle of the Hornets, were the big factors in the MHS win. The visitors lost possession five times on fumbles and lost precious yardage on a fouled up punt effort.

Another feature was Muenster's consistent short gains which held possession for about two thirds of the game. Aledo effort was mostly stymied except a few break away long plays.

Opening the game the Hornets made two first downs, failed on the third series, and got their first break when Aledo tried to kick on fourth down. The pass from center was bad and the kicker was smothered before he could boot the ball.

That put the Hornets on the 25 and eight plays produced the first TD. John Monday made the last 3 yards on a quarterback sneak, the first of his five scoring sneaks of (Continued on Page 5)

Mrs. Medders Finishes Book

Being printed in manuscript form this week for distribution to three prospective publishers is Margaret Medders' book, "The Medders."

Mrs. Medders started a book earlier entitled "Let the Starlight In." Since selling their Colonial Acres home and farm she began another book working on it most of the summer months in Cumberland Falls, Ky.

It's up to date, she said. It stars at the beginning, includes the inheritance story and goes on to the present time. Since moving from Muenster the Ernest Medders family lives at Gainesville.

Jaycees Campaign to 'Make Space for God'

Jaycees of Muenster have joined fellow members from all over the state in a project to send 300,000 letters to NASA headquarters at Houston asserting the right of astronauts to pray or quote from the Bible while on a space mission. Their campaign slogan is "Make Space for God."

The undertaking is intended to offset the efforts of Madalyn Murray O'Hair, nationally known atheist, to cause an issue of official orders prohibiting remarks of a religious nature in future space flights. The Jaycees particularly want their expression to be overwhelming by comparison with O'Hair's

County FB Men at District Meeting

Members of the Cooke County Farm Bureau attended a district meeting of the Texas Farm Bureau in McKinney, Texas. Its purpose was the discussion of more effective policy development in the counties of the district.

The meeting stressed the importance of more active participation of Farm Bureau members in the development of policy at the community and county level. All policies of the Farm Bureau begin at the community level, then county, state, and national. This method allows all members to have a part in the development of policy for the organization at all levels.

County policies for the organization will be taken up at the annual convention to be held October 20, in Gainesville.

Those attending the meeting from Cooke County were J.T. Cole, county president; Martin Krahl, county policy development chairman; and R.M. Davidson.

MHS Civics Class Hears Peter Hyde

The civics class of Muenster Public School was urged Tuesday to become a concerned and active part of their government, as intended in the country's constitution.

Their guest speaker was Peter Hyde of the Cooke County Junior College faculty. He talked about the principles on which the constitution is founded, and its purpose of creating a government of the people, by the people and for the people. He also urged the students to keep informed on political affairs with the aim of keeping government in the hands of people.

Tiger Cubs Will Host Alvord Kids Tuesday Night, 6:45

An ambitious team of Sacred Heart seventh and eighth graders is set for its opening game next Tuesday night at 6:45 on the Tiger field. They will take on Juniors of Alvord.

The Tiger Cubs, coached by Tom Joy includes all of the boys in the two junior high grades of the parochial school. Twenty nine are playing and two are managers.

The future Tigers have put in two weeks of dedicated practice and are beginning to operate like a team, says Coach Joy. Besides they have good spirit and the willingness to work hard at improving their game.

MHS Bees Start Thursday Night on Eight Game Season

First action for the Muenster Hi Bees is scheduled for Thursday night at Valley View when they will take on the youngsters of the Eagles.

Both of the teams are parts of the high school squads of their respective schools but do not belong to the first string of starters and reserves. About half of each roster will be available for these games.

All the games are to be played on Thursday nights starting at 7:30. The schedule: Sept. 18, Valley View, there. Oct. 2, Nocona, there. Oct. 9, Whitesboro, here. Oct. 23, Nocona, here. Oct. 30, Whitesboro, there. Nov. 6, Valley View, here. Nov. 13, Callisburg, here. Nov. 20, Callisburg, there.

claim of 27,000 letters opposing religious messages.

Deadline set for delivery of the letters to Houston is October 10. At the same time there will be petitions with thousands of names.

The local campaign consists of 600 standardized letters prepared by the Jaycees which reads as follows:

"N.A.S.A. Director
c-o Texas Jaycees
P. O. Box 1428
Grand Prairie, Texas 75050

Dear Sirs:

I just wanted to write you a short note expressing the fact that I have no objection to the astronauts of the future being granted the right to read aloud from the Holy Bible while in the midst of a space mission.

It is my opinion that to deny this privilege would be in direct conflict with our democratic way of life. Rather than continue to negate a means of spiritual inspiration in areas of public life, we would hope for the basic freedom for each individual to worship if he chooses.

Thank you for considering this letter.

Sincerely,"

These letters will be carried all over town Monday and Wednesday nights of next week in a door to door campaign and people will be invited to sign. Signed letters will then be sent to state Jaycee headquarters for forwarding to NASA.

A related project is the statewide petition on the same subject. Copies of the petition will be available for signatures in local stores and will be sent with the letters to NASA through the state Jaycees.

October 12 Set As German Day at Texas State Fair

The seventh annual "German Day in Texas" has been set for Sunday, October 12, in a proclamation issued by Governor Preston Smith. The event is part of a national observance commemorating the establishment of the first permanent colony of German settlers on American soil 236 years ago in Pennsylvania.

Plans for the observance, as announced by German Consul and Chairman Gershon Canaan, include two programs. The first will be the Pioneer Ball in the Marriott Motor Hotel in Dallas on October 11, starting at 6:30 p.m. The second will be German Day at the State Fair of Texas on October 12.

Members of Muenster's Sacred Heart Choir, as in several years past, have a part in the Pioneer Ball program. They will appear separately and jointly with the Frohsinn Singing Society of Dallas and a group of German Air Force singers in training at Fort Bliss, Texas. Other musical fare of the evening includes numbers by a Dallas Symphonette and dance music by the Peppermint Polka orchestra. Also on the program are a number of special awards and recognitions.

Heading the program for German Day at the Fair are folk dancing and singing in a big tent, German food and drinks, and a concert by the famous Beethoven Brass Band of San Antonio in front of the Hall of State from 3:30 to 5 p.m., ending with a retreat ceremony.

Hornets Have Open Date This Week

Friday is an open date for the MHS Hornets, but that does not mean an easy week. Not by a long shot! Workouts seem to be more rugged than ever this week as Coaches Glenn Richardson and Dan Hamric concentrate on another round of physical conditioning along with lots of drilling to improve the Hornets' style.

The coaches are pleased with the win over Aledo last week but they want big improvement before taking on the mighty Celina Bobcats. Richardson was very much impressed by Celina's 21-7 win over Pilot Point last week, and he's aware that Celina has practically the same team that swamped Muenster 40-0 in the regional last year. The game will be in Celina next week Friday.

FARMERS SHARE OF FOOD COST SHRINKS

As everyone knows, the U.S. farmer is the most productive on earth. One farmer now produces enough to feed 45 persons as compared with 15 in 1948. The American farmer has increased his productivity through the use of new techniques, hybridization of plants and animals and other advances that are products of agricultural research.

Logically, people wonder why, if output per farmer has increased so dramatically, food prices are so high. The truth is, as Mr. Charles B. Shuman, president of the American

Farm Bureau Federation, points out that the U.S. farmer, to achieve his efficiency, "... has had to increase his purchased inputs such as fertilizers, chemicals, machinery, and other equipment. These inputs make up more than half of the total resources that are used in farming and explain why farmers are so hard hit by spiraling inflation. ..."

Food costs as a percentage of our disposable income have declined from 23 per cent in 1951 to 17 per cent in 1968. If anything, the farmer deserves a higher reward for his efforts than he has been receiving. Individually, his productivity has been rising in relation to his earnings, while of late, the productivity relative to wages of those in many other lines of activity has been declining.

—Industrial News Review

THEIR BUSINESS: DESTROY

Names like "Black Panthers" and "Students for a Democratic Society" crop up in the news with frequency, but sometimes without full understanding of their true meaning.

At Senate hearings in Washington, however, Capt. John E. Drass of the Washington police department has turned over transcripts of statements by Black Panther leaders in the United States and foreign countries showing Black Panther desire to destroy America.

Two Black Panthers were quoted in New York as saying: "So long as we are alive there will be no industry, factory, bank, or company that is safe. We do not guarantee the lives of the congressmen, candidates, generals or businessmen who control power. We shall use bullets, birdshot, kitchen knives and everything at hand to destroy imperialism."

Then policeman murderer Huey Newton, in jail, said, "The Black Panther Party considers itself an integral part of the army of resistance to U.S. imperialism being mobilized over the world—we need not only a Watts but many Watts throughout the U.S. and throughout the world."

Nuts? Yes. But serious. Communist-oriented in attitude, deadly in purpose, its nothing to dismiss lightly with an "it can't happen here" attitude—because some of it already has happened here.

Meanwhile, a police officer who infiltrated the SDS reported to Senate investigators that the group is a loosely organized Communist machine trying to overthrow the government. "Members themselves will testify to this," he said.

Wild? Yes. But also serious. How much SDS revolutionary activity have you already seen "happen here"?

The international "cold war" to destroy America has been a "hot war" for longer than many of our people have been willing to admit. And now the

calculated revolutionaries, the criminals who seek only opportunity and the buzzards who feed on the remains are busier than many of our people have recognized.

—Chattanooga News

1,000 VOICES

A Voice From the Black Community ... There are others among us whose purposes are suspect and whose motives are strange. It is a sad and sickening spectacle when children seek to capture a school, and physically assault its administrators. It is appallingly disgusting when one or several black "leaders" call for the boycott of a store owned, staffed and operated by other blacks. It is almost psychotic to brand one's neighbor an "Uncle Tom" simply and solely because he exercises his freedom of choice. It is just plain foolishness for a people to abandon their community to an undisciplined, unscrupulous, loud few. These things must stop! Let there be progress. But in God's name let there be reason; to that end we dedicate ourselves. (Editor's Note: These days you don't hear many such voices. But the Selma, Ala. area has 1,000 of them. They all belong to 1,000 persons who signed that ad. And they are all black.)

Selma, Ala. Times Journal Ad

GUN LAWS

Batista's gun laws were intended to prevent the Castro guerillas from obtaining firearms. But, in effect, only the loyal Cubans registered their guns and Castro's followers would not abide by the law. So, in the end, the weapons of the Cubans were registered but those of Castro's followers were not. We know who won. Today, Castro has all the guns and the Cubans do not even have Cuba.

—Congressman John R. Rarick

The middle class is that group of people who live in public like the rich do—and in private like the poor do.

WHY A NATIONAL CENSUS

How many people are there in the United States? Where do they live—and work? What do they buy? Where do they buy? How do we meet the population changes? How can we plan ahead for housing, schools, shopping areas, open lands and transportation?

The answers to all of these questions and many more are in the offing every ten years when the national census is taken. It is used as a guide in government, industry, education to anticipate the increasing demands of a successful American economy.

While plans are being developed for the 1970 census, there has been a flurry of controversy as to the coverage and procedures. Even Congress has evidenced concern.

Congress should incisively examine the plans because the cost of operation is borne by the public. However, an adequate census is not a luxury but a necessity. The decennial census is not only authorized, but required; and not by legislation enacted by Congress, but by the Constitution itself.

It is the responsibility of every citizen to cooperate in making this 1970 census. The census is not an act of harassment or government prying, but is the performance of a necessary government function.

As plans are shaping up for the 1970 census, it will provide the essential information necessary for both government and business to make the necessary projections for the next decade and beyond.

So, when you are asked for census data, give the time and effort necessary—to help yourself—your neighbor—and your nation.

In the help-wanted section of a newspaper this ad recently appeared: "Wanted, executive, age 22 to 80, to sit with feet on desk, watching other people. Must be willing to take 20 minute coffee break every forenoon, and play golf at least two afternoons a week. Starting salary, \$1000 a week. Please understand we don't have this job

On the move.

The Chevrolet '70s.

Our new one: Monte Carlo

Our big one: Caprice

Our tough one: Chevelle SS 396

Monte Carlo. Our whole new field of one.
The first truly luxurious personal car even us guys who work for a living can afford.
Big 350-cubic-inch V8. Power disc brakes. Deep twist carpeting. All standard.
Some car, the Monte Carlo.
Some cars will be wishing we had never brought it out.
Moving on. Caprice.
The perfect car for "the big car man."
For 1970 we gave it a new grille, new 250-hp standard V8, new

fiberglass-belted tires, new colors, new trim.
New headaches for higher priced cars.
Moving on. Chevelle SS 396.
The Chevellest Chevelle yet.
Now you can order a Cowl Induction Hood to help the horses breathe. All 350 of them.
Move on.
To your Chevrolet dealer's.

Putting you first, keeps us first.

The animal trainer was in the noted producer's office to demonstrate his dog's talents. A scrawny cocker spaniel the dog ably quoted poetry and climaxed the audition with a medley of operatic arias in perfect pitch.

"Not bad," the producer declared as he leaned forward toward his desk. "Now, let's see her legs."

Services Held for Mrs. J.S. Bagwell 85, Myra Resident

Funeral services were held for Mrs. J.S. Bagwell, 85, long time Myra resident, who died Saturday at 1 a.m. in Gainesville Hospital.

Services were conducted at 2:30 p.m. in the George J. Carroll & Son Funeral Chapel and

burial followed in Rest Haven Memorial Park.

Mrs. Bagwell was born Feb. 17, 1884, in Pilot Point. She married J.S. Bagwell at Myra in 1948. He died in 1965.

Survivors are one daughter, Mrs. Maggie Bradley of Fort Worth; four sons, O.G. Bates of Lubbock, Woodrow Cain of San Antonio, R.P. Cain of Dallas and Leslie Cain of Farmington, N.M.

Also four stepdaughters, Mrs. H.R. Dillon of Fort Worth, Mrs. C.F. Gobble of Münster, Mrs. Willie Eddy of Bellflower, Calif., and Mrs. W.H. Patterson of San Bernardino, Calif.; four stepsons, J.O. Bagwell of Whitesboro, Charles E. Bagwell of San Bernardino, Calif., Leroy Bagwell of Fort Worth and Woodrow Bagwell of Folsom, Calif.; three sisters, Mrs. Lizzie House of Gainesville, Mrs. Clara Hudspeth of Era and Mrs. Maud Chaudins of Memphis; one brother, Jess Hatcher of Pampa and a large number of grandchildren and great-grandchildren.

A release published by the Marathon Oil Company noted that motor vehicle registrations in the U. S. are closing in on the 100 million mark, or one vehicle for every two persons in the nation. More than 80 per cent are passenger cars.

Laura Truebenbach
Raymond Stewart
Set Oct. 4 Wedding

Mr. and Mrs. Andrew Truebenbach have announced the engagement and approaching marriage of their daughter Laura Mae and Raymond A. Stewart III, son of Mr. and Mrs. Tony Koesler.

The couple has selected Saturday, Oct. 4, for the wedding. It will be solemnized at 5 p.m. in Sacred Heart Church.

The Men In Service

Basic At Fort Bliss

All seven of Münster's recent inductees in the Army are at Fort Bliss, El Paso, for basic training, joining four others who were inducted earlier. The new ones in uniform are Glenn Cler, son of the Werner Cler; Ted Endres, son of the Ray Endres Jr.; Jerry Otto, son of the Johnny Ottos, Kenny Stoffels, son of the Frank Stoffels, Gilbert Hess, son of the Albert Hesses; Steve Hess, son of Mrs. Arnie Hess and Steve Yosten, son of the Werner Yostens. The other four are Leon Walterscheid, son of Mrs. Alfonse Walterscheid; Roy Hartman son of the Herman Hartmans; Pat Hennigan Jr., son of the Pat Hennigans; Dwayne Hess, son of the Gary Hesses. Steve Hess joins a brother in the armed forces. Sailor Larry Hess serving aboard the USS Constellation is in the Vietnam area and Steve Yosten also has a brother in the Navy. Jerry Yosten is in training in California.

Long Distance Visit

The telephone rang four times — all four calls originating in Taiwan, Formosa. Spec. 4 James Kupper, on R&R from Vietnam, phoned his parents and family. On the first call to his parents, the John Kupper at Valley View, he missed his mother who was not at home. He called back to talk with her. The other calls were to Münster to his sisters, Mrs. Jerry Walterscheid and Mrs. Dave Walterscheid. James has returned to Vietnam for five more months of duty.

Mrs. Bob Yosten has gone to Cleburne to spend the winter with her daughter and family, the Curtis Hollands. A son and daughter-in-law, the Leonard Yostens drove her to Cleburne.

Inflation is when, after you get the money to buy something, it isn't enough.

Cynthia Stoffels And James Gehrig Say Vows at Mass

—Launer Studio Photo

Miss Cynthia Stoffels became the bride of James Gehrig in a double ring ceremony at Nuptial Mass Saturday, Father Placidus Eckart officiating at the 5 p.m. service in Sacred Heart Church.

Parents of the couple are Mr. and Mrs. Herman Stoffels and Mr. and Mrs. George Gehrig.

Presented by her father, the bride wore an empire A-line

gown of ivory peau de soie with pearly beaded lace appliques on the bodice and skirt. Beaded lace edged the Peter Pan collar and banded rows of Alençon lace enhanced the detachable chapel train. A pearly and beaded lace cap held her veil and her flowers were a bouquet of white roses. She carried a blue rosary, a gift from her maternal grandmother Mrs. William Sandmann of Lindsay.

The bride's three sisters and the bridegroom's sister were her attendants. Miss Donna Kay Stoffels of Fort Worth, in lime green was maid of honor, Miss Pamela Stoffels in lime green and Miss Janel Stoffels and Miss Dianne Gehrig of Sherman in avocado green were bridesmaids. They wore Juliet styled dresses of chiffon over peau with lace and velvet ribbon edging the sleeves and neckline. Bows of velvet ribbon attached at the back neckline had floor-length streamers. They wore Dior bows of matching shade and carried bouquets of lime gladioli and blue mist carnations.

Pat Knabe of Fort Worth, cousin of the bridegroom, was best man. Mark Hellman, a cousin, and Stephen Rohmer, bride's cousin, and Joe Kenny of Fort Worth were groomsmen. Herbert Knabe and David Vogel, cousins of the couple, ushered.

The bride's twin sister and brother, Connie and Craig Stoffels, were flower girl and ring bearer.

Sacred Heart girl's choir with Misses Janice Grewing and Mary Lou Kralicke at the organ furnished wedding music and the choir sang "Peace, Joy and Happiness" when the bride placed a long-stemmed white rose on the Blessed Virgin's altar after Mass.

Wedding reception and buffet were held in the Knights of Columbus Hall where Misses June Stoffels and Yvonne Gehrig, sisters of the couple, presided at the guest book.

After their wedding trip the couple will be at home in Fort Worth where he is employed in the personnel office of American Manufacturing Co. He is a graduate of Subiaco Academy, Ark., and Conception College, Conception, Mo.

The bride is a graduate of Sacred Heart High School and has been employed at Cooke County Electric Cooperative Association.

For traveling she wore a brown ensemble with brown accessories.

For her daughter's wedding Mrs. Stoffels wore a green beige knit dress with beige and brown accessories and and bridegroom's mother wore a blue knit dress with black accessories. Both had corsages of cymbidium orchids. Grandmothers Mrs. Sandmann and Mrs. Matt Muller had white gladioli corsages.

Out of Town Guests
Among out of town guests were Maj. and Mrs. C.C. Blanton and daughters of Mineral Wells, Messrs. and Mmes. Clyde Muller of Bedford, James Fuhrmann of Irving, Robert and Al Loeffelholz of Norman, Okla., C.D. Richards and family of Arlington, Marvin Tischler of Whitesboro, Tony Hacker of Valley View, Jim Dennison of Bonita.

Messrs. and Mmes. James Dennison, John Hoberer, Larry Lange and Rex Simmons, Mmes. Sheila Hennigan, Brenda Cler, Monica Becker, Dolores Sicking, Eileen Hesse and Mrs. Bob Buehrig, all of Fort Worth, Misses Annette Sicking and Peggy Hellman of Sherman, Miss Sharon Lucko and David Skupen of Denton and Miss Linda Lubbers of Pilot Point.

The income tax has greatly increased the price of success.

The man was more than a little annoyed when a neighbor telephoned at 3 a.m. and complained, "Your dog is barking so loudly that I can't sleep."

The neighbor hung up before he could protest. The following morning at 3 a.m. he called his neighbor to report, "I don't have a dog."

Stephen Vogel, 4 Birthday Honoree

Stephen Vogel who was four years old Sunday celebrated at a family dinner party hosted by his parents, Mr. and Mrs. Robert Vogel in their home.

Guests were the maternal grandparents Mr. and Mrs. Urban Endres, sons Carl, Danny and Jackie, great-grandmothers Mrs. Doria Miller of Gainesville and Mrs. Werner Endres and Mrs. Ralph Breeding of Dallas, aunt of the hostess.

Birthday gifts, a decorated cake and picture taking were included in the celebration. Stephen's young sister Valerie also enjoyed the party.

Beverly Koelzer And Danny Yosten Say Vows Monday

Wedding vows were pledged in Sacred Heart Church Monday by Miss Beverly Koelzer and Danny Yosten with Father Bede Mitchell directing the double ring ceremony and celebrating the Nuptial Mass at 6 p.m.

The bride is the daughter of Mr. and Mrs. Earl Koelzer. The bridegroom's parents are Mr. and Mrs. Werner Yosten.

Given in marriage by her father, the bride wore a gown of white peau de soie enriched with lace designs of daisies at the empire waist, front lace panel, at the cuffs of the long sleeves, around the stand-up

—Launer Studio Photo

collar and circling the chapel train. A petal headpiece held her bouffant veil and she carried a bouquet of white daisies.

Miss Sharon Loerwald, cousin of the bride, and Miss Christine Bengfort, cousin of the bridegroom, both of Lindsay, were maid of honor and bridesmaid.

They wore mint green chiffon dresses over peau de soie with bows at the empire waist and belled lace sleeves. They had lover's knots in their hair and carried nosegays of daisies.

Kenny Yosten was his brother's best man and Earl Koelzer Jr., bride's brother, was groomsmen. Melvin Koelzer, a cousin, and Danny Hoenig ushered.

Wedding music was presented by Miss Janice Grewing, organist, and Mrs. Norbert Walterscheid, vocalist.

Candlelighters and Mass servers were Mark Yosten, Louie and Jimmy Koelzer, brothers of the couple, Mark Hess and Kevin Pels.

Joey Yosten, the bridegroom's young brother, presented the bride a single yellow rose which she placed on the Blessed Virgin's altar.

Wedding reception and buffet were held in the Knights of Columbus Hall. Miss Kathy Miller registered guests.

When the couple left on their honeymoon she was wearing a gray and white ensemble with white accessories.

They will make their home in Dallas where he is employed in a supermarket. Both are graduates of Sacred Heart High School and she plans to attend college.

Misses Clara and Emma Fisher of Fort Worth spent the weekend with their parents, the Charlie Fishers.

BIRTHS

Here's that girl! Mr. and Mrs. Dan Hamric proudly announce arrival of their daughter, weight six pounds seven ounces, 3:28 p.m. at Muenster Hospital Monday, Sept. 15. Others welcoming the newcomer are her brother Bobby and grandparents, the Ervin Hamrics, and Mrs. Lois Cook of Dallas.

Mr. and Mrs. Winston Fangman of Lindsay announce the birth of a son at Gainesville Hospital Tuesday, Sept. 16, 5:45 a.m. He's a six pound 13 ounce brother of Sharon, Bridget, Anita and Frank and a grandson of Mr. and Mrs. Henry Hess, Lindsay, and Mrs. Fred Fangman, Pilot Point.

Gets Grand Slam Ram Hunter Title

Dr. J.E. Marr of Fort Worth, known here as the husband of the former Miss Marcie Klement, recently became one of the greats in big game hunting circles by bagging one each of the four North American Bighorn rams in one year. Only eight other hunters are on record for that achievement. And only 186 are on record for having collected all four trophies regardless of time.

The four sheep are a Rocky Mountain Bighorn bagged in Alberta, Canada; a Dall sheep in Yukon Territory, a Desert Bighorn from Baja, California, Mexico; and a Stone sheep in British Columbia. Two of the four sheep had horns of exceptional dimensions qualifying for entry the Boone and Crockett record book on North American wild sheep.

Whitesboro Beats Pee Wees 22-14

Juniors of the Muenster Public School ran into too much power Tuesday night when they hosted the Whitesboro youngsters. They went down by a count of 22-14.

Both teams had good streaks but neither was consistent, and four of the touchdowns resulted from long runs.

The visitors were first with a 40 yard sweep in the first period. They scored again in the second with a similar play that went 90 yards and added two more points with a pass.

In the same period Joe Bright got around left end for a 50 yard TD and Tom Hennigan added 2 points.

In the third quarter Whitesboro scored on a 60 yard run and went over again for extra points.

Muenster's last counter was a fumble recovery in the end zone by David Wimmer.

Next game for the Juniors is with Sanger kids here next Tuesday night, starting at 6:45.

Meet In Germany

Pfc. Roy Wimmer and Spec. 4 Jimmy Prescher have written home to tell their parents they found each other in Schweinfurt, Germany, and discovered they are located across the street from each other. They are sons of the Tony Wimmers of Muenster and Leo Preschers of Valley View.

Muenster Juniors Have Squad of 41

Junior High football at Muenster Public School which started with a 22-14 loss to Whitesboro Tuesday night has a roster that is just short of four complete lineups. There are 41 youngsters from grades 6 through 8 under direction of Coach Glenn Richardson.

Included on the list are Sixth Graders Randy Barnhill, Mike Davidson, Johnny Eckart, Bobby Endres, Danny En-

dres, Damian Luke, Monty Reiter, Ray Shelton, Mark Sicking, Damian Walterscheid, Curtis Ramsey, Bobby Davis. Seventh Graders Tom Bright, Allan Britain, Jim Grewing, Glen Henschel, Neil Huchton, Steve Klement, Ray Luke, Tom Otto, Mark Shasteen, Joe Walterscheid, Terry Walterscheid, Ronnie Weinzapfel, David Wimmer, Randy Wolf, Mark Yosten, Ronnie Yosten.

Eighth Graders Gary Barnhill, Joe Bright, Ronnie Fel-

derhoff, Glen Grewing, Curtis Hacker, Tom Hennigan, Terry Huchton, Mark Jaska, Curtis Klement, Louis Koelzer, Allen Sicking, Dan Sicking.

They have eight games on schedule, all starting at 6:45. Sept. 16, Whitesboro, here. Sept. 23, Sanger, here. Oct. 7, Callisburg, there. Oct. 14, Callisburg, here. Oct. 21, Era, here. Oct. 28, Valley View, there. Nov. 4, Lindsay, there. Nov. 11, Saint Jo, there.

THANKS

The kindness and sympathy of relatives and friends at the loss of our little Anthony will always remain a precious memory with us. Thanks to all who remembered us with cards, flowers, food and other expressions of condolence. Special thanks to Drs. Kralick and Antonetti, the nurses and hospital staff, to the Rev. Fathers Placidus, Bede and Andrew and Bishop Danglmayr. Thanks also for the care received by our son Nicky when he was a patient recently.
—The Tony Hess Family.

Tigers - - -

two interceptions by Ronnie Hess and one by Saint Jo, plus completions on both sides. Two long passes in the final minute accounted for the Panthers 65 yards and a TD in four plays.

An interference ruling netted 25 to the Tiger 40, another heave two plays later to Dunn reached the 5, and Rex Parker went over from there. After intermission Sacred Heart held Saint Jo the first series and headed for the goal. Melvin Schilling and Kevin Swirczynski did the heavy work in the 66 yard drive in 13 plays. Schilling crashed through for the last foot. The try for extra points failed and the count was 6-6.

However the tie did not last long. Panthers kicked on their second series after kickoff and promptly regained possession on a fumble on the 13. Two plays later Parker circled left end for 10 yards and a TD. Two fumbles, recovered by Paul Bayer and Fred Fuhrmann, were big factors in the next Tiger drive, which used just over 8 minutes. After the second recovery Sacred Heart moved 23 to the 2 in four plays and needed four more tries to finish the job. Schilling did it from the 1 to tie the count and went over again for a 14-12 lead.

On first scrimmage play following the kickoff Paul Bayer intercepted and Sacred Heart was 36 yards away. Swirczynski and Schilling shared in making the distance in six plays. Swirczynski making the last 6 yards. The clock read 1:23 as he added bonus points.

In those 88 seconds the Panthers did their best of the night. Seven plays included pass gains of 18, 15 and 25 and time ran out at the 3 yard line.

A recent visitor with the Mel Stephens family was Roland Hess, just out of the German army, on a tour of the United States. From here he went to Mexico.

Hornets - - -

the game. He also kicked true for an extra point.

Aledo came back strong putting together three big plays out of a total of six for 57 yards and its first score. Kick return went to its 38. A run made 17, a 33 yard pass reached the 9 and three plays from there finished the job. A run for points failed and Muenster led 7-6.

Break No. 2 came early in the second quarter as Aledo fumbled a kick and Jim Endres recovered on the Bearcat 44. However the opportunity was lost as the second series fell short. The second drive for TD went 38 yards in nine plays, featured a screen pass to Earl Koelzer for 10 and Koelzer's 9 yard run preceding Monday's 3 yard sneak over the line. A kick failed and MHS led 13-6.

Aledo's second score was another quickie, a 57 yard romp by Hix on the fourth play following kickoff. A run for bonus points was short. MHS held a 13-12 half time lead.

The second half started with Aledo's fumble on kickoff and Muenster's recovery on the 14. Four plays later Monday made the last 2 then passed to John Felderhoff for bonus points making the count 21-12.

The kickoff that followed looked like Aledo's third quickie but ended in another fumble. Hix was sailing down the left sideline and was detained by Monday at the 20 long enough for Tommy Henschel to nail him from the rear. The ball squirted away and Monday recovered on the 13.

For the remainder of the third quarter Muenster made its only fumble of the game, made three first downs and kicked once.

Aledo then put on its best drive of the night, gaining 53 yards for 4 first downs on nine plays, then another fumble. Tim Hartman recovered it on the 31.

Two Hornet first downs followed by Aledo's interception and a clipping penalty put the visitors on their 18, and Leon Klement recovered another Bearcat fumble on the 9. Two tries were enough from there.

The last Hornet touchdown was the last play of the game, which followed a time out with 1 second on the clock. A 1 yard sneak did it.

Marie Johnston Is Guest Speaker at CD of A Meeting

Members of Muenster court Catholic Daughters of America had Mrs. Marie Johnston of Gainesville as guest speaker at their September meeting Thursday. Mrs. Johnston is a second grade teacher at Sacred Heart School.

She used an ecumenical theme for her talk and told of her experiences in teaching. Miss Dorothy Bengfort, entertainment committee chairman, introduced her to the assembly.

Mrs. Alvin Fuhrman, grand regent, presided for the business session. It was preceded by a memorial service for Mrs. Carra Pagel, a 50-year member.

It was announced that on Tuesday night, Sept. 30, the court will show a film for members and prospective members on the national level of CDA activity. A speaker will discuss the local level of the organization's activity. The program will be held in the KC Hall.

After adjournment Mmes. Clyde Walterscheid and Ervin Henschel served coffee, punch and cookies to 30 present. Father Bede Mitchell was a special guest.

Mr. and Mrs. Harold Cooke of Fort Worth drove over Sunday afternoon for a visit with his parents, the Don C. Cookes.

5 Anniversaries Observed Sunday

The home of Mr. and Mrs. Bill Kathman was the scene of a family gathering Sunday celebrating five anniversaries that occur in September.

The all-day party featured dinner and supper, birthday cakes and birthday gifts.

Mrs. Kathman's birthday was Sept. 9. Grandsons George Vylie's was Sept. 11, Eddie Insel's is Sept. 19 and Johnny Wylie's will be Sept. 25. Sunday was Mr. and Mrs. Stan Wylie's wedding anniversary.

The W.E. Insel family of Gainesville and the Stan Wylie family of Grand Prairie spent the day with the ladies' parents.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

It may be hard to believe, but a monster gully has become a tourist attraction. Providence Cave, a huge gully located near Lumpkin, Georgia, has become a monument to the dangers of soil erosion. Local legend claims this gully was started by water dripping from the roof of a barn. It now covers 300-400 acres and is 250 feet deep in some places.

All this should remind us that there are a lot of monster gullies in Cooke and Montague Counties. They aren't as big as the one in Georgia and probably didn't start from a barn roof drip, but they are ugly and they are getting bigger each year.

The results of a recent poll conducted for the National Wildlife Federation might be of interest to many people here. The poll showed, among other things, that three out of four Americans are willing to pay more taxes earmarked to fight deterioration of their natural surroundings. More than 85 percent said they are concerned about the state of the environment (natural surroundings). Fifty-one percent expressed "deep concern" about the effects of air pollution, water pollution, soil erosion, and wildlife destruction.

When asked to state what our most pressing environmental problem was, they rated them like this:

36% said air pollution, 32% said water pollution, 7% said pesticides, 6% said preservation of open spaces, 5% said wildlife preservation, 4% said soil erosion (this is one of the main causes of water pollution).

What do you say is our most pressing environmental problem, or have you even thought about it? It's time we all thought and did something about the above problems because they affect every individual.

According to the publication "Commerce," important federal government research projects include: "Mating Calls of Central American Toad Frogs," cost \$21,200; "Sexual Incompatibility in Higher Fungi," cost \$4,800; "Social Dominance Behavior of Rodents," cost \$28,000; "Heat and Water Balances of the Camel," cost \$31,200; "Respiratory Mechanisms of Cultivated Mushrooms," cost \$8,000.

2003 E. Highway 82, HO3-8833, Gainesville

THE YANKEE DOODLE DANDIEST of them all—"GEORGE M!"—is the block-busting story of George M. Cohan in the stage musical which proves that fast-moving dynamic, rousing, good fun family entertainment really are alive and well. And this grand new show, featuring grand old songs like "Yankee Doodle Dandy," "You're A Grand Old Flag," "Over There" and "Give My Regards To Broadway" will be featured in the Music Hall Oct. 3-19 during the 1969 State Fair of Texas in Dallas. Joel Grey will star in the Broadway Company in Dallas during the State Fair.

Discarded Glasses "Eyes for Needy"

"These glasses were my grammy's, maybe someone else's grammy can use them." The note was written in a childish hand, wrapped around a pair of eye glasses and mailed to "New Eyes For The Needy," a Short Hills, N.J. volunteer organization staffed mostly by housewives.

Some 883,835 pairs of glasses were sent to "New Eyes" last year. They didn't all come with touching notes, but they came from every state and from people of all ages. And they came for the same reason—a desire on the part of the sender to assist "New Eyes" in bringing the gift of better sight to people who have no one else to help them.

The "New Eyes" volunteers have been on the job for 36 years, and donated reusable glasses have always been the mainstay of the operation. When the organization was incorporated in 1947, the treasury consisted of 47 cents.

Despite this, "New Eyes" has never solicited money. Besides glasses, virtually the only other assistance the 300 volunteers who make up the organization accept is precious metal scrap,

silverware, antique and costume jewelry. These are melted down and the money from the reclamation, and from the sale of usable jewelry and silverware donors sometimes send, is used to supply funds established in 106 hospitals all over the country, Canada and Puerto Rico. They pay for new prescription glasses, or if needed, artificial eyes.

While the emphasis is on helping as many people as possible, as quickly as possible, "New Eyes" volunteers don't close their eyes to individual requests for aid.

In 1968 for instance, "New Eyes":

Answered the request of a Peace Corp volunteer and sent glasses to the natives of a tiny Pacific island.

Provided glasses for a Viet Nam civilian whose poor sight was the subject of a letter from that country written by a U.S. Army private.

Started a fund to aid a mid-western clinic created by medical students and their instructors to assist poor people not eligible for public assistance because of the limited period of their residence.

One of the happiest aspects of providing assistance is the thank you letters which come

in from grateful recipients.

Wrote one ten-year-old Missouri girl, "I thank you for making it possible for me to get these glasses. I will thank Jesus tonight for having such nice people like you."

The "New Eyes" people invite individuals and organizations to help them continue the job of bringing better sight to those who need it most.

Discarded glasses, broken jewelry, and precious metal scrap are needed. Address them to New Eyes For The Needy, Short Hills, N.J. 07078

IT HAPPENED 30 YEARS AGO

Sept. 15, 1939

Four persons escape death in head-on collision that demolishes both cars; Catherine Herr and her father Fred W. Herr sustain bad fractures while Anna Grace Herr and Elmer Fette escape serious injury. John Sicking's home is destroyed by fire. Death ends long illness of Mrs. Joe Kupper at Lindsay. Both local schools open next week. Liquor Board men apologize for raid at Electric Co-op. Telephone company switchboard is moved to Horn's new home. Urban Endres and Ollie Horn are on a vacation trip by motorcycle to northern states.

25 YEARS AGO

Sept. 15, 1944

PFC Harold Pembroke is war casualty in France; had served with an infantry division since January this year. Sgt. Robert Herr sustains serious injuries in accident at Fort Hood. Josephine Yosten and PFC Nick Mayer marry. Adeline Knabe and Joe Devers exchange wedding

20 YEARS AGO

Sept. 16, 1949

Gussie Reiter, 47, dies after major surgery and kidney ailment. Rain and autumn chill with a temperature drop to the 50s hit Münster. Mr. and Mrs. John P. Mosser die Tuesday in highway accident. Dr. R. W. Crawford, former doctor and banker here passes in Arlington. Anselma Felderhoff has appendicitis operation. Werner Henschel marries LaVerna Batenhorst in Umbarger. Doris Hellman and Emma Lou Gehrig enter nurses training. New arrivals: twins, a boy and a girl for Mr. and Mrs. Werner Cler and a girl for the Arthur Felderhoffs.

15 YEARS AGO

Sept. 17, 1954

September 24-29 set for free chest X-rays at Gainesville, Irvin Poff, soil conservationist, is speaker at Civic League and Garden Club meeting. M.D. Kaderli is elected director of Texas Electric Co-operatives board. Henry Weinzapfel is taking basic army training at Fort Bliss. Münster Main Street is getting another course of topping. VFW and Auxiliary offer cash award in Teen Safe Driving Contest. Clem Hofbauers celebrate silver wedding anniversary. Catherine Rollman is recovering from a thyroid operation and is dismissed from hospital. Buster Bezner, 9, has surgery for appendicitis. Paul Fisher herd is in DHIA top spot for August.

10 YEARS AGO

Sept. 18, 1959

Library project of CDA court shows progress. Church service and reception mark golden wedding of Mr. and Mrs. Tony Trubenbach Sr. Work begins on new home for the Walter Grewings. Clear Creek area will vote on tax for flood control. Doug Hellman is elected FFA Chapter president. Paul Hesse has discharge from the Navy. Mrs. Albert Rohmer and her mother from Germany are together for the first time in seven years as Mrs. Helene Hinzmann visits here. Ronald Fette weds California girl in San Jose. Garden Club opens new season with talk on day lilies. Emil Rohmer is remodeling the Al Walterscheids' former home into a cafe. The Adam Wolfs move to Münster from Lindsay. Bernard Luke enters dental school in Houston.

5 YEARS AGO

Sept. 18, 1964

Community gets welcome rain measuring 5.40 inches. Hornets beat Lindsay Knights 28-0 in season opener. One-day drive for United Fund in county faces goal of \$48,500. Garden Club opens new season with book review. Leonard Bayer is on leave before assignment in Korea. Tigers lose 22-0 to Saint Jo. Lindsay prepares for open house to show new school and gym. Mrs. J.W. Fisher is elected prefect of local Franciscan Third Order. Farewell party honors Mrs. Jack Hagler before move to Arlington. Al Horn and Jack Biffle recover from surgery. Father Francis Zimmerer gets new assignment, transfers from Michigan to Little Rock, Ark. St. Anne's Society sponsors annual shower for local Sisters. Alex Lutkenhaus wins first on painting at Bridgeport art show. New arrivals: boys for Messrs. and Mmes. Leonard Haverkamp, Adolph Knabe and Clem Hermes Jr.

SCS Office Has Data on New Kind Of Winter Grass

TAM Wintergreen Harding-grass, a new perennial winter-growing pasture grass with good summer drought resistance qualities, has been released by the McGregor Agricultural Research Center, McGregor, Texas.

TAM Wintergreen appears to be well adapted to the heavy clay soils of this area and has performed satisfactorily on sandy land. This grass may be planted in the fall during the month of October or in the spring during the month of February.

A good seedbed should be prepared and allowed to firm down before planting. The seed may be drilled on a flat seedbed at the rate of 3 to 5 pounds (pure live seed) per acre in drills 14 to 16 inches apart. If spaced in 30 to 40 inch rows the seeding rate is 1 to 2 pounds per acre (PLS). Seed should be covered with about 1/2 inch of soil and the grass fertilized according to soil needs.

All through the Upper Elm-Red Soil and Water Conservation District there is a great need for such a grass as this to supply forage on the ground during the winter months. All grazing trials indicate the grass to be very palatable to livestock.

The Soil Conservation Service recommends that the grass be planted on a trial basis only since there is no local information on its performance. Information on seed sources can be obtained from the experiment station at McGregor or by contacting the Soil Conservation Service at Muenster.

Local News BRIEFS

New residents in Muenster are Mr. and Mrs. Johnny French who moved during the weekend from Sivells Bend and are occupying their home-the former Needham place. Mr. and Mrs. Louis Roberg vacated the house when they moved to their new home the past week. Replacing Johnny French at the Olsen Ranch is Burl Sanderson. Mr. and Mrs. Sanderson moved there from Sonny Walterscheid's farm north of Muenster.

James Moster left Friday to attend St. Fidelis College in Hartman, Pa. Before he left his uncle, aunt and family, the Russell Herbs of Dallas spent a day in the Moster home to visit James and his family, the Johnny Mosters.

Mr. and Mrs. Al Horn, joined by Mr. and Mrs. Jake Horn of Windthorst, drove to Richardson Sunday to visit the men's sister Mrs. Christine Schad, a patient at Richardson General Hospital. Mrs. Al Horn's father John Schmitz of Lindsay accompanied them and visited in Dallas with his sons Leonard and Leroy. The Leroy Schmitz family moved the past week from Bossier City, La.

Mrs. Rex Anderson of Forestburg has returned from a flying holiday in Acapulco, Mexico, traveling with two other women employees of American Airlines. The trio had two fun-packed days including a cruise on the Mexico Fiesta and cruises in glass bottom boats.

Miss Pamela Walterscheid celebrated her 16th birthday at a surprise party in the home of her parents, Mr. and Mrs. Joe Henry Walterscheid. Sixteen girl classmates were guests, presented gifts and enjoyed refreshments served by the honoree's mother.

Mr. and Mrs. Arthur Felderhoff and Diann, Ronnie, Gina and Sheri were in Subiaco, Ark., Friday to see their son and brother Dale Felderhoff in football in the season's opener of Subiaco Academy with St. Anne's Academy of Fort Smith and to cheer over the Subiaco Trojans' 20-0 win. Miss Diann Felderhoff left Sunday for a new term at NTSU where she is a junior.

Mr. and Mrs. Leo Hesse and children were in Arlington last Sunday to spend the day with his sister and family, the Jim Myricks and attend the christening of infant Jeffrey Thomas Myrick. Mr. and Mrs. Hesse were godparents for their nephew. Father Hubert Neu officiated and joined the two families for supper in the Myrick home. The Hesses returned little Joe Myrick to his home after a week's visit with his grandmother Mrs. T.S. Myrick.

Why spend time looking for four-leaf clovers... when there are weeds growing in your garden?

CCJC Offers Computer Course For High School

Area high-school students will have an opportunity to participate in an introductory course in computer programming which is being offered at Cooke County Junior College this fall.

The course will be taught by Tom Brown, a member of the CCJC faculty, and will be open to interested Juniors and Seniors from area schools. Students will be admitted to the course by recommendation of their high-school teachers as classroom space is available. Brown has designed the course so that it does not exceed the competency level of average high-school students; providing they seriously undertake the study of computer programming.

One major obstacle to cooperative programs between high schools and colleges was removed recently when the Texas Interscholastic League ruled that such activities would not interfere with the eligibility status of high-school students, as long as they do not receive college credit.

Students enrolling in the computer programming course will acquire valuable techniques for college study, as well as gain experience for part-time jobs. Those with a deeper interest in computer programming will have a head start in training for a satisfying and profitable career.

Rats, Mice Will Move Inside as Cold Approaches

With cold weather approaching, Texans may have some unwelcome guests -- rats and mice -- in their homes and business establishments this winter unless precautions are taken, advises the Texas State Department of Health.

In addition to causing economic loss, these guests also are a serious menace to the health of their benefactors. A costly, common enemy, the rat contaminates everything it touches and destroys upwards of a billion dollars' worth of food and property each year in this country. Another loss is caused by rats gnawing insulation from electric wires with a resultant fire. It is estimated that five to 25 per cent of fires of unknown origin on farms are caused by rats.

In Texas, the major illness from rats is seen in endemic (murine) typhus fever which is spread by fleas. Other rodent-borne diseases include rat-bite fever, leptospirosis, Salmonellosis, Trichinosis, and rickettsialpox (a disease resembling chickenpox).

Rat bites are far more prevalent than is thought and provide another health hazard. Available records indicate that bites occur at the rate of approximately 10 per 100,000 persons. In Texas this would put the number each year at more than 1,000. Infants and defenseless adults (invalids or un-

conscious persons) are particular subject to attack.

Many people never see their stealthy guests which prefer to stay hidden during the day and forage for food at night. The rat prefers to nest in a secure place near its food source -- usually in burrows, between double walls, between floors and in piles of rubbish. The rat's presence is betrayed by its droppings, the visual damage of merchandise or foodstuffs, or burrows, runways or tracks. Where there is one rat, you can be assured there are others.

Presence of rats indicates there is food, water and harborage for them. Eliminate these and you can eliminate the rats. Rubbish, tall grass and other debris should be removed from your premises. And, garbage and other food materials should be stored in rat-proof containers.

Rats may be controlled by poisoning or trapping. Trapping may be used with good results, and the dead animal can be disposed of neatly. Sometimes poisoned animals die in inaccessible place.

In most of our beauty shops, the gossip alone would curl your hair.

Most people think that the higher you go the colder it gets, but this isn't so. It's actually warmer 30 miles above the earth than it is 15 miles up. At the height of 300 miles, the temperature may reach the incredible heat of 2,800 degrees F.

IT'S A FAIR-GOING CIRCUS — Nostalgic circus fans, hungry for the old-time atmosphere — three rings of sawdust, soda pop and excitement under a tent — had better hurry, hurry, hurry to the 1969 State Fair of Texas, Oct. 4-19 at State Fair Park in Dallas. They'll find the tanbark and spangles alive and well in the free Dr Pepper State Fair Circus. Among its top featured performers are the Zeppes, whose fabulous Indian spectacular is billed as America's finest and fastest resinback riding act. The whole fast, hour-long circus, presented several times daily, packs enough action to thrill all generations.

State Funds for Cooke County Told By Walt Parker

State Representative Walt Parker said today that he felt that the people of Cooke and Denton Counties would be well pleased with the increased appropriations for state institutions in District 50.

"The General Appropriations Bills, recently passed by the Second Called Session of the 61st Legislature, included increased funds in the amount of \$1,075,250 for Cooke County Junior College for the next two years," Representative Parker said.

He added that funds for the Gainesville School for Girls have also been significantly increased. During the biennium, \$2,226,850 have been allocated for the institution.

Rep. Parker, a member of the Appropriations Committee, said that special emphasis was placed on giving the faculties and state employees needed salary increases. State employees at Gainesville School for Girls will receive a 6.8 per cent salary increase during the first year (which started September 1, 1969) and a 3.4 per cent increase during the second year.

The 61st Legislature marks the Denton House Member's first term and his appointment by Speaker G.F. (Gus) Mutscher to the Appropriations Committee is an unusual honor for a freshman member. Rep. Parker also served on the following House Committees: Higher Education, Common Carriers, Youth and Highways and Roads.

Robert Hartman, 10 Birthday Honoree

Robert Hartman, ten years old Sunday, celebrated with an afternoon party hosted by his parents Mr. and Mrs. Alvin Hartman at the family home.

Helping in the celebration were 25 classmates, cousins Mark and Brian Tompkins of Arlington and Chris Wolf of Gainesville and his brother Kenneth.

Games with prizes, picture taking, and refreshments of ice cream, cake and drinks were highlight for the young group. The birthday cake was decorated to represent a miniature golf course complete with golfers and clubs.

Special guests were grandparents the Victor Hartmans and Tony Felderhoffs, and Mrs. Bruno Fleitman and Mrs. Keith Tompkins.

Susan and Sally Endres and Monica Hartman helped with party plans.

Home Accidents Can Be Prevented By Safety Plans

Accident-proofing your home doesn't happen accidentally, and it takes a little time and effort to make "Home Sweet Home" a "Home Safe Home", advises the Texas State Department of Health.

Home normally is thought of as a safe, secure place, but it isn't always that way. In fact, it's a dangerous place which can cause death or injury.

As modern living has become more complex, man has built in many dangers. Gas and electricity are useful tools, but they can cause fires or killing electric shocks. Our tiled baths, glossy floors, fancy draperies, decorations and never-ending supplies of new gadgets present hazards to our lives every day.

Last year the number of home deaths in this country was some 30,000 with falls, burns and poisons as the leading causes of these deaths.

Most of these deaths occur in the bedrooms, kitchens and bathrooms. Most people think first of the bathtub, with its hazards of falls and drowning, as the number one killer, but it isn't.

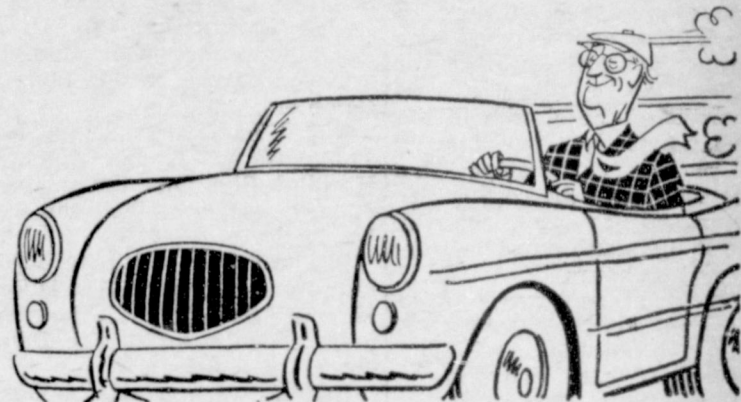

Bedrooms rank first. Too many people smoke in bed and wake up dead from fire or lethal smoke. Many infants smother from improper covering or too large a pillow. And people get up during the night and fall over objects in the dark. Bad housekeeping is at fault here.

In our slick-floored kitchens we fall, burn, electrocute, bomb and poison ourselves. The oven cleaner, drain cleaner, bleach, dishwashing compounds, insecticide and furniture polish under the sink are products which are poisonous and easily accessible to children. Leaking gas -- or fumes -- may explode on contact with a pilot light on your stove.

In addition to falls around the tub, the bathroom has another potential killer in the medicine cabinet. It has been estimated that 302,000 children under five years of age ingested some potentially toxic product last year.

To prevent these home accidents, plan for safety. Keep medicines and home kitchen products out of the reach of children. Watch where you put your lighted cigarettes and matches. Put hand holds around your bathtubs and make sure all rugs are slide-free. Never place inflammables near a gas water heater. Before winter sets in, have your heating system checked to guard against fires -- or carbon monoxide poisoning. Never touch any electrical appliance with your hands in water or while on a wet floor. And keep things in their places.

"WHEN MORE of the people's sustenance is exacted through the form of taxation than is necessary to meet the just obligations of Government and expenses of its economical administration, such exaction becomes ruthless extortion and a violation of the fundamental principles of a free government." --Grover Cleveland.

Lindsay News

Henry Hess Jr. and Leo Becker and Gussie Felderhoff of Muenster have returned from a car trip through 11 states — western and north-western — sightseeing.

Among those in Subiaco, Ark., for religious ceremonies Sept. 8 at Subiaco Abbey were Mrs. Joe Fuhrmann, her daughter Mrs. Henry Stoffels and son Danny and another daughter and family the Steve Grewings, Jimmy, Sheila, Donna and Elaine of Muenster. Mrs. Fuhrmann's grandson Patrick Klein of Topeka, Kansas, made his temporary commitment to the Benedictine Way of Life and became Brother Vincent. He is the son of Mr. and Mrs. Paul Klein of Topeka. The family was there for the ceremonies and Mrs. Fuhrmann accompanied them to Topeka for a visit.

Mrs. Michael Fuhrmann, R.N., has joined the staff at Muenster Memorial Hospital.

Cousins Bobby and Rudy Zimmerer and brothers David and Andy Arendt Jr. of Lindsay and Joe Bayer of Muenster are college bachelors living together at Denton and attending NTSU. Andy is a senior, Joe is a freshman and the other three are juniors. They are sons of Messrs. and Mmes. Bruno and Vincent Zimmerer, Andy Arendt and Alfred Bayer.

School authorities and the pastor request all drivers of vehicles to exercise extreme caution when entering or leaving the court-yard from the front of the church to the street especially when children are playing or crossing the area. Callers to the rectory are encouraged to approach by way of the south entrance during school hours.

Lindsay Smothers Callisburg 38-6

Lindsay Knights, both under-sized and undermanned, showed last week that they have also been underrated. Expected to be the losers, they mauled Callisburg's Wildcats 38-6 in the season opener.

The scoring started at the end of the first quarter as Quarterback A.J. Felderhoff went 28 yards on a keeper play. That started a scoring spree which netted three touchdowns for Lindsay and one for Callisburg in the second quarter.

Jimmy Fuhrmann and Francis Hermes each scored from the 40. Then Callisburg made its only TD on a 2 yard quarterback sneak after recovering Lindsay's fumbled punt. And Kenny Bezner scored from the 24 on an end around play. Hermes added the only bonus points of the night for a half time lead of 28-6.

Third period went scoreless and Hermes added two touchdowns in the fourth, on runs of 45 and 30.

The Knights had statistics to match the score. They led 14-3 in first downs, 341-214 in total yardage and 3-0 in pass interceptions. However they lost 4 fumbles and Callisburg lost 3.

Services Held for Mrs. Paul Himmels 72, at Windthorst

Funeral services for Mrs. Theresa Himmels, 72, life-long resident of Windthorst, were held Saturday at 10 a.m. from St. Mary's Church there with Father Cletus Post officiating at the requiem Mass and at graveside rites in St. Mary's Cemetery.

Mrs. Himmels died last Thursday in Archer County Hospital. She was the mother of Mrs. Henry Fleitman of Lindsay.

She was born Sept. 14, 1896, was a member of the Christian Mothers Society and a charter member of the Catholic Daughters of America.

Bearers were grandsons Gerald, Ray, Larry and David Berend, Fred Bowlden, John Brenneis, Steve Munchrath and Richard Wachsmann.

Mrs. Himmels was preceded in death by her husband, Paul H. Himmels and two sons, Johnny at age six and Paul J. who was a casualty of the Korean war.

Survivors include nine daughters: Mrs. Henry Fleitman of Lindsay, Mrs. Lawrence Berend, Mrs. Joe Brenneis, Mrs. Henry Munchrath, Mrs. Al Veitenheimer, all of Windthorst; Mrs. Mabel Bowlden of Dallas, Mrs. Paul Cassidy of Pecos, Mrs. Jim New of Fort Worth and Miss Margie Himmels of Wichita Falls; four sisters Mrs. Rosa Berend and Mrs. Ernest Schreiber of Windthorst, Mrs. Mary Meurer of Scotland and Sister Bernarda Goedtken of San Antonio; 32 grandchildren and six great-grandchildren.

Among those attending the funeral were Mr. and Mrs. Henry Fleitman and children Karen, Ronnie and Wayne, Messrs. and Mmes. William Fleitman, Pete Block and Diamond Fuhrmann, all of Lindsay and Mrs. George Krah of Gainesville.

Lindsay PTC to Have Math Film

Lindsay Parent-Teacher Club's next meeting, Sep. 24, will feature a film program on "Mathematics of Tomorrow."

It explains some of the new methods that are being used in teaching mathematics on the elementary and secondary levels.

New math has been in a long time, Sister Imelda said and it's in to stay. It behooves parents to learn for themselves what it's all about, at least why math has been changed in recent years.

This program should appeal to all parents regardless of what grades their children are in now. For that matter, any adult will benefit from the film and Sister Imelda is looking for a full attendance at the Sept. 24 meeting.

Mr. and Mrs. Mel Stephens and children Anita Marie, Jon and Michael have returned from a two-week flying vacation to Alaska where they visited his father at Anchorage. They also visited in Oregon sight-seeing.

Marysville News

By Mrs. John Richey

MARYSVILLE, Sept. 16 — Mr. and Mrs. Paul Hickman and Mr. and Mrs. Milton Hickman and daughters were in Whitesboro last Thursday afternoon for a visit with their brother and uncle Leon Hickman and son Don. It was Don's birthday and he was honored at a surprise birthday supper. Mrs. Paul Hickman baked and decorated the cake and everyone took covered dishes. Others at the party were the Fred Hickmans of Gainesville and Mrs. Ruth Sloan of Whitesboro. There was a shower of gifts for Don.

Mrs. J.T. Cole is convalescing at home after spending 18 days in Gainesville Hospital. She suffered a neck and back injury in a two-car collision on Aug. 19. Cheering her with visits at home have been her sister and niece Mrs. Louise Lanham and Frances Lanham and Mrs. Donald Chilcoat, all of Fort Worth.

Mr. and Mrs. Ralph Cole and children of Oklahoma City visited during the week-end with his parents, the J.T. Coles. Other visitors Sunday were the J. Monroe Kings and daughter of Dallas spending the day at her parents' home.

Mr. and Mrs. W.F. Davidson visited Friday night with their daughter and husband, the Bill Roes at Callisburg, and Saturday the two couples, joined by Mr. and Mrs. Samuel Baker of Gainesville, drove to Plano to attend the Needham reunion.

Mrs. Cap (Alice) Tuggle of Fresno, Calif., visited a day and night the past week with her nephew and family the Jack Tuggles. She also visited her sister-in-law Mrs. Sam Tuggle and other relatives.

Mr. and Mrs. Don King and daughter of Gainesville visited Saturday with her grandparents, the Nathan Whitts. The Jack Tuggles and Richey joined them.

Sunday visitors with the Milton Hickmans were Mr. and Mrs. T.W. McGarity and five children of Plano.

Mrs. Earl Robison, Mrs. Sam Sparkman, Mrs. R.D. Morris and the Ernest Robisons attended funeral services for Mrs. Lucy Whaley at Saint Jo.

Jimmy Robison has returned to Texas A&M University as a student.

Visiting the Paul Hickmans Sunday were Mr. and Mrs. G.H. Blewett and Mrs. Mary Lou Smith of Dallas.

Mr. and Mrs. Don Ray Moon of Rockwall were Sunday visitors with his folks, the Bill Moons.

Mr. and Mrs. W.F. Davidson had Sunday dinner with her brother-in-law and sister, Mr. and Mrs. J.W. Breckenridge at Gainesville.

The Rafe McElreaths had as Sunday dinner guests Bro. Aubrey Spires of Gainesville following church services and Reeve Cooke.

Mr. and Mrs. Joe Doughty visited her parents Mr. and Mrs. J.S. Hodges at Burneyville, Okla., Friday night and Saturday. Sunday visitors in

the Doughty home were their son and family the Douglas Doughtys of Valley View.

Mrs. J.B. Sparkman has returned to Valley View after spending a week with her son and family, the Sam Sparkmans.

Mr. and Mrs. Howard Houtchens spent Sunday in Wichita Falls with their son and family, the T.L. Kirkpatrick and visited in Electra Monday with his brother and wife, the Bryan Houtchens.

Michael Davidson will be missing some ball games this week on account of a knee injury sustained Monday on the school grounds. Several stitches were needed to close the gash.

Mrs. Charles Davidson and daughter Amy drove to Walnut Bend Monday afternoon to visit their parents and grandparents, the O.B. Siegmunds.

Mrs. R.D. Morris was in Gainesville Saturday for visits with her daughter Mrs. Dee McElreath and the Gordon Ramseys.
