U. S. Will Support United Nations' Cease-Fire Order

Little Hope For Victims As Lake Search Begins

ST. JOSEPH, Mich., June 26. (AP) —A grim search got underway today in the depths of Lake Michigan where it is virtually certain that the lost Northwest Airlines plane went down.

An airline representative left little doubt that this resort community was the scene of doom for the capacity-loaded ship when he identified a torn piece of blue blanket early today. The blanket was market with the letters NW.

OTHER EVIDENCE

Other traces of plane wreckage and pieces of human bodies were found on the lake waters last night. An oil slick has been sighted.

There was only the faintest hope that any of the 58 passengers aboard the airship could have lived through the worst air disaster in this country's history.

Paul Benscoter, sent here by NWA to help direct the search for the big plane, looked over some grim tokens of the crash-bits of bodies, the blanket fragment, a man's fur-collared jacket, other pieces of clothing, part of a suitcase.

But he said a plane log and maintenance report apparently did not belong to the Northwest plane.

COAST GUARD AID

Five Coast Guard cutters lined up to go into the wreckage area during the day.

Capt. Nathanial S. Fulford, representing the commander of the ninth Coast Guard district, said the matter of sending divers down into the lake would be up to the airlines operations men.

Investigators examined a theory that the plane, flying non-stop from New York to Minneapolis, might have been hit by lightning.

Reports of residents of the vicinity of the discovery of remnants of human bodies gave some support to this explanation, but it was doubtful whether it could ever be proved.

WHERE PLANE WRECKAGE WAS SIGHTED—Cross indicates point nine miles from Milwaukee's North Breakwater Light where Coast Guard said plane wreckage had been sighted. A Northwest Airlines DC-4, bound from New York City to Seattle, was missing over Lake Michigan with 58 persons aboard. (AP wirephoto).

Twenty-one Dead, More Are Missing in Sudden Flood

WEST UNION, W. Va., June 26. (AP) — At least 21 persons were dead and 33 missing today in the wake of flash floods that struck a six-county area of North-Central West Virginia early Sunday morning. The surging torrents rolled out of the darkness without warning.

Authorities fear the toll may go much higher. At least 12 of the 15 members of a family gathered for a birthday party at the home of Mr. and Mrs. Clyde Bailey at Smithburg, five miles west of here, are missing.

ONE ESCAPES

Only one member of the Bailey family is known to be alive. The body of Mrs. Bailey, about 60, has been recovered, and another body, believed to be that of a five-months-old grandson, also has been found.

The Bailey home was directly in the path of the flood, Sheriff Paul B. Davis said the house was carried nearly two miles downstream.

The only known survivor of the family is Charles Bailey, a son, who is in a West Union Hospital with a fractured leg, cuts and bruises.

Six members of the B. J. Cooper family at Smithburg also were listed as dead in the swirling waters, and three members of another family there were killed when their home was pounded into bits against a railway trestle.

ANOTHER HIT

Berea, a little agricultural community located on a horse shoe curve of the south fork of the Hughes River south of here, also was hard hit. Six persons were known dead there, including a grandmother and two of her grandchildren.

Postmaster Ray Bonnell said the toll at Berea might have been higher except for the Paul Revere actions of two of the town's young men, Harland Hodge and Charles Bridge, who dashed through the community knocking on doors to warn residents.

Property damage is expected to run high. In West Union, 200 homes were destroyed. City officials at Weston, 25 miles to the southeast on the West Fork River, estimated the damage there at $2 million.

Low Pressure in Mains Is Hindrance to Fire Fighters

Fire destroyed a sign shop and a frame dwelling in the east part of Snyder late Saturday afternoon at a time when the city's water pressure was low.

The cause of the fire was unknown but the blaze originated, it was believed, in the building operated by the Snyder Advertising Co. in the 700 block of Twenty-fifth Street, according to J. M. Newton, fire marshal.

DWELLING IGNITED

Great billows of smoke were pouring from the attic of the sign shop when firemen and equipment arrived, but due to the insufficient supply of water, the entire building was ablaze and igniting the dwelling a few seconds later.

The large 4-room frame house, owned and occupied by Mr. and Mrs. C. A. Norris, 701 Twenty-fifth Street, was adjacent to the sign shop on the east and not more than four feet from the shop at the widest distance.

Practically all the household goods were saved from the dwelling when about 50 men tore doors and windows from the building and carried furniture and other items from the already blazing structure. Miss Fay Koonce, daughter of Mrs. Norris, was the only person at home when the fire was discovered. The sign shop, also owned by Norris, but leased out, was not occupied at the time.

Firemen resorted to the use of pressure pumps and water storage tanks on the city's two fire trucks after the low pressure in the fire hydrants was discovered. At first hoses were fastened to the fire plugs, but water came from the hose nozzles in small, slow streams.

The fire was extinguished with water from the trucks about 30 minutes after it had started. Nearly all of the sign shop building burned to the ground, and only the walls and part of the frame work of the dwelling remained. Another building, owned by the Scurry Laundry and Dry Cleaning Co., east and partially in front of the dwelling, was in danger of burning but was saved when firemen concentrated their efforts to saturate it with water before the blaze reached it. It was not harmed.

NEW PUMPS

W. J. Ramsey, superintendent of the city water department, said today that a new pump was installed yesterday on a well at Fourth Street and Avenue S, and would be running as soon as electric current was provided.

The well will have a 100-gallon-a-minute capacity.

Two more new wells will be installed Thursday or Friday, he added. The pumps have been delayed by the railroad strike.

Ramsey said that all 19 city pumps are going 24 hours a day, but that the water level was going down and the consumption during the last few hot days has exceeded supply. More water was used Thursday, Friday and Saturday than was pumped, he stated.

Adding to the shortage is the fact that the city had to depend upon its reserves for several hours last week during a power failure, when no pumps were working, Ramsey said.

"We got behind them and haven't been able to catch up," he said. "Depending upon our consumption, we may be able to get by until the new pumps arrive the end of this week," he said. "However, if consumption runs as it has for the last few days, we are likely to have low pressure in the evenings."

Fear Communist Spearhead May Reach Capital

By O. H. P. KING

SEOUL, Korea, Tuesday, June 27. (AP) — Communist invaders from North Korea threw a tank column to the outskirts of Seoul early today, and President Syngman Rhee blamed the crisis on "too little and too late" American aid.

Through a spokesman the 75-year-old president of the American-sponsored southern republic told the Associated Press at 3:20 a.m.:

"With American aid coming as late as it has, it is very difficult to save anything.

"We have nothing to stop those tanks.

"The president wants me to tell through the Associated Press to the United States public.

"Korea is very hard up because aid was slow in coming. It is too little and too late."

He said he did not, however, mean it looks like failure at this time.

The spokescan, Clarence Ryee, reported that on most fronts the southern defense was "doing very well" against the northern Reds who invaded 75,000 strong on Sunday, morning.

North of Seoul, however, admitted the enemy was "very near." He put the distance at still 12 to 13 miles away, but other reports said the Communist column had speared past the nine-mile point last night and raced to Seoul's outskirts early today with little opposition.

The invaders broadcast a demand for surrender of the entire southern army.

Southern resistance at Uijongbu, only 12 miles away, collapsed before the Russian backed forces hammering at them with tanks and artillery.

The American embassy burned its important secret papers in a huge bonfire. Air raid sirens screeched. The city was buzzing after four northern planes strafed downtown streets.

SOUTH FAILS

The flying column rushed toward here from the Uijongbu Valley. In a southern counteroffensive up the Uijongbu defenders and the tanks pushed them out of town after savage street fighting.

Two southern divisions totalling 20,000 men dug in outside of the town of Uijongbu. But the determined onslaught of heavy tanks pushed them aside and the northern invaders, who were halted temporarily yesterday, rolled on toward the capital.

President Syngman Rhee and his cabinet were in emergency session at midnight. They were reportedly discussing the Ongjin Peninsula front, where southern forces were reeling or knocked out.

Advices said 30,000 southern troops along the boundary between the UN sponsored republic and the Russian backed north were in dire straits.

Another segment of the southern army was in trouble at Kangmung, 15 miles due south of the 38th parallel on the east coast.

TWO-WAY

This division was being attacked from both the north and south by the Communist northerners. An urgent call for reinforcements was received in Seoul tonight. An American military official said he was uncertain whether the reinforcements would be forthcoming.

In Seoul itself morale was high despite the strafing of several down town streets by northern planes.

News that 10 American fighters awaited South Korean fliers in Japan boosted spirits all around.

Northern forces had been halted short of Uijongbu yesterday. Southern forces started a counteroffensive today. The seventh and second divisions of 10,000 men each were thrown into the fight.

Truman Pledges Effort to End Red Aggression

WASHINGTON, June 26. (AP) — President Truman today pledged full United States support of United Nations efforts to end the "unprovoked aggression" against South Korea.

In a statement, the President declared:

"Willful disregard of the obligation to keep the peace cannot be tolerated by nations that support the United Nations Charter."

He said the United States is pleased with the speed and determination of the UN Security Council in ordering a withdrawal of the invading forces.

PROMISES SUPPORT

Then his statement added:

"In accordance with the resolution of the Security Council, the United States will vigorously support the effort of the council to terminate this serious breach of the peace.

"Our concern over the lawless action taken by the forces from North Korea, and out sympathy and support for the people of Korea in this situation, are being demonstrated by the co-operative action of American personnel in Korea, as well as by steps taken to expedite and augment assistance of the type being furnished under the mutual defense assistance program.

"Those responsible for this act of aggression must realize how seriously the government of the United States views such threats to the peace of the world."

Mr. Truman's statement was handed to reporters by Presidential Secretary Charles G. Ross.

Ross said that Mr. Truman would see Secretary of Defense Johnson later in the day.

Truman talked by telephone with Secretary of State Acheson and later held one of his daily conferences with James S. Lay, executive secretary of the National Security Council and Rear Adm. Sidney Souers, a consultant to the council.

The big question being asked in this capital was whether the United States was ready to supply armed forces if the United Nations asked for them to back up its week-end "cease fire" order in Korea.

Reporters got a chance to put it to Secretary of Defense Johnson when he visited the Capitol for discussion of the general military assistance program with the Senate Foreign Relations Committee.

Johnson's reply: "That's a good question."

A reporter: "But what is the answer?"

"I didn't give an answer."

Maj. Gen. Lyman L. Lemnitzer, director of the foreign arms aid program who was with Johnson, told a reporter he did not think the United States would act alone.

Scurry Wildcat Logs No Shows At 7,464 Feet

Standard-Fryer Drilling Co., Kingwood Oil Co., and associates No. 1 L. G. Harrell, Northeast Scurry County wildcat, ten and one-half miles northeast of Snyder and 660 feet from north and west lines of section 81, block 2, H&TC survey, entered the Ellenburger at 7,464 feet, according to a tentative unofficial call.

It had logged no shows of oil or gas in penetrating to 7,480 feet and was making more hole.

Elevation is 2,321 feet to give the exploration a datum of minus 5,243 feet on that marker.

It has not reported having encountered any shows of possible porduction in any of the upper beds.

Operators will explore the full Ellenburger section.

MISSES REEF

Wheelock and Weinschel of Corsicana No. 1 Schilling, wildcat one and one-fourth mile southeast of the Reinecke-Canyon field in southeast Borden County, appears to have missed the Canyon reef and probably will be plugged abandoned.

The venture now is bottomed at 7,055 feet in shale and is shut down for orders.

On a drillstem test at 6,260-98 feet, recovery was 240 feet of drilling mud and 300 feet of salt water.

The No. 1 Schilling is 467 feet from north and west lines of southeast quarter of section 44, block 25, H&TC survey.

LYNN WILDCAT

J. H. Snowden of Fort Worth and associates No. 1 Williams, Central-East Lynn County wildcat, 15 miles east and slightly north of Tahoka, Tex., failed to show any signs of production in a drillstem test at 8,556-76 in the Pennsylvanian lime.

The tool was open two hours. Recovery was 135 feet of drilling mud with no shows of oil, gas or water.

The prospector is coring deeper.

Top of the Pennsylvanian lime was called at 8,521 feet, giving it a datum of minus 5,567 feet on that point. No shows of possible production were reported from the section between 8,521 feet and 8,556 feet. The venture is contracted to 10,000 feet to explore the Ellenburger.

Location is 660 feet from east and 1,980 from south lines of section 1407, block 1, EL&RR survey.

EXTENSION COMPLETED

Two extensions to the Salt Creek-Canyon pool in West-Central Kent County have been completed.

Nelson Bunker Hunt Trust Estate of Dallas No. 2 Texas Christian University, a one-location west extension, potentialed for 1,247 barrels of 39.4-gravity oil and no water daily.

Production flowed through a 24-64th-inch choke after a 2,500-gallon acid injection. The open hole pay zone is between 6,256 and 6,545 feet. Gas-oil ration was 492-1. Potential was based on a 19-hour flow.

This west extension is 1,980 feet from north and east lines of section 3, D. R. Stout survey.

Caroline Hunt Trust Estate of Dallas No. 3 J. W. Young has been

PICK UP FIRST ADD—OIL . . . .

Temporary Runways At Winston Field

The commissioners court this morning was to decide on a starting date for construction a temporary runway on the site purchased for the new county airport, Winston Field.

The court voted last Wednesday to construct a dirt runway about 4,000 feet long east of the proposed position of the permanent paved runway on Winston Field southwest of town.

Temporary use of the runway will begin as soon as it is finished, Edgar Taylor, county judge said, and continue until the permanent runway is ready for use.

No date has been set for beginning permanent construction of the airport.

Snyder Hears Liberty Bell At Bond Rally

Ringing tones of the Liberty Bell were sent out over Snyder this morning, first by Mayor Forrest Sears, and then by a long line of children, who waited patiently at the close of the ceremony for their turn to ring the replica of the historic bell.

Mayor Sears led the Liberty Bell Motorcade into Snyder. The Snyder High School band greeted the bell, which was brought to Snyder by the U. S. Treasury Department as part of its Independence bond drive. The bell is one of 52 exact replicas of the original bell touring the country during the drive.

Keith Merrick, master of ceremonies, expanded the significance of the bell as part of the bond drive. The Rev. W. W. Adcock, pastor of the Methodist Church, gave a brief speech on the historical and religious significance of the bell.

Mayor Sears complimented the people of Scurry County for their fine work in the past bond drives and said he was confident that the county's quota would be reached in this drive as in previous ones. It was at the close of his speech that he rang the Liberty Bell.

Nolan Watson, president of the West Texas State Bank, talked to the group about what money really is. Watson said that most people fail to realize the true value of money and see only its purchasing value.

The Liberty Bell's appearance attracted a huge crowd in spite of the late morning heat. One of the first to arrive and last to leave was the Rev. M. M. Clarke, retired Methodist minister. People young and old, with cameras ranging from the old-time box variety to the newest movie makers were recording the event.

Members of the band started a long line of bell ringers at the close of the ceremony. Tony Ziegler of the U. S. Treasury Department helped the younger children, from two years up, to ring the bell. Ziegler said this had been his best program in West Texas.

Excise Tax Bill Is Cleared For Debate in Houe

WASHINGTON, June 26. (AP)—The $1,010,000,000 excise tax cutting bill was cleared today for House consideration on an "all-or-nothing" basis.

The House Rules Committee approved procedures which would bar any change or amendment once it was open for debate on the floor of the House.

The rule governing debate will, however, give Republicans one chance to offer a substitute proposal. Republicans, who have called the measure a "phony tax reduction," have not disclosed what substitute they have in mind.

BOTH AGREE

Procedures such as were approved today usually are attacked as a "gag," but Chairman Doughton (D-Nc) of the House Ways and Means Committee was joined on this occasion by GOP committee members in requesting a "closed" rule.

Doughton and Rep. Reed (R-NY) told the rules group that nothing but confusion would result if amendments were permitted by individual House members.

Compromise Is Expected On Power to Draft

WASHINGTON, June 26. (AP) — A swift compromise was expected today on a draft bill giving President Truman power to order men into uniform when Congress is out of town.

Following Senate passage of a draft bill last week, some lawmakers had predicted the Senate-House conferees also would agree to a two-year extension of the present selective service law.

However, the Communist invasion of South Korea prompted speculation that the conferees might now aim at getting the strongest draft machinery possible, in their efforts to write a single bill from the differing measures passed by the two chambers.

Approval of a two-year extension would involve one major concession from each end of the capitol The Senate approved a three-year extension while the House voted to keep "trigger" control of any actual induction of youths 19 through 25 in the hands of Congress.

Johnson Hopeful for South Korea's 'Nucleus of Force'

WASHINGTON, June 26. (AP)—Secretary of Defense Johnson is cautiously hopeful the Southern Koreans can defend themselves against the Communist attack from the north — if Russia doesn't take too big a hand.

Johnson, carefully avoiding mention of Russia by name, put himself on record a few hours before meeting with President Truman and Secretary of State Acheson last night.

GOOD FORCE

He told a group of civilians aboard a Navy carrier at Norfolk, Va., that the Southern Koreans have developed the "nucleus for a force which, in the absence of substantial external aggression," should be able to defend American-sponsored South Korea. He also thought that "although we have given aid to Southern Korea for only a very short time" that aid has been effective and helped the army make "substantial progress."

But Johnson cautioned that the effect of the North Communist Korean attack "will not be known for several days."

In the meantime, American military plans are being made, geared to whatever top level decisions are reached by President Truman and Secretary Acheson, with whom Johnson conferred last night.

That discussion and the frequent meetings of the high ranking military officials in the Pentagon went on, of course, behind closed doors.

CALM BUT GRAVE

The big chiefs of the military displayed a grave but calm manner. Johnson flew to Norfolk to make his address accompanied by Gen. Omar Bradley, chairman of the joint chiefs of staff, and Adm. Forrest Sherman, one of the three members of that Army-Navy-Air Force organization.

On the flight down and back, they sat together on divans in the plane, talking quietly, studying a thick bundle of papers. Johnson sat with his coat off, mopping his face with a handkerchief in the hot atmosphere of the closed-in transport. It was obvious he was in a hurry to get back to the capital from the speaking engagement made some time ago. He flew down, made his talk and was back in Washington within three and a half hours.

NATION READY

Without linking his remarks directly to the outbreak of war in Korea — with its profound possibilities —Johnson assured his listeners that the nation is militarily ready. He said a plan of defense has been evolved and approved by the President. Progress under military unification, he contended, has reached the point where "if the worst overtakes us, we are ready to go without delay following plans already approved."

He did not elaborate this statement, but it opened the way to speculation about American military planning for a crisis of this caliber in the Far East.

The assumption was that help extended to Korea would, at the outset, be within the framework of the military arms assistance program and the United Nations. Anything beyond that probably will be dependent upon the degree to which the United Nation's Security Council's "cease firing" demand is complied with.

Transcript of Service-Jaffe Conversation to Investigators

WASHINGTON, June 26. — The Justice Department turned over to Senate investogators today the FBI's transcript of a conversation in 1945 between Diplomat John S. Service and Amerasia Editor Philip Jaffe.

Service was questioned about it behind closed doors.

Edward P. Morgan, counsel for a Senate foreign relations sub-committee, said the transcript was delivered by Asst. Atty. Gen. James M. McInerney, chief of the Justice Department's criminal division.

Sen. Tydings (D-Md), the committee chairman, told newsmen he did not know whether the transcript would be made public.

NO OBJECTION

C. E. Rhetts, Service's attorney, said Service had no objection to the full transcript being made public, but that the decision was up to the committee.

Sen. McCarthy (R-Wis) has declared the 1945 Service-Jaffe conversation, overheard by the FBI through a hidden microphone, indicated that Service passed military secrets to Jaffe.

Service has said he never gave Jaffe any military information. He said he had no such information to impart.

Morgan said he understood the Senate committee would keep the contents of the transcript secret until the group has completed its inquiry into the Amerasia confidential documents episode.

TWO MEETINGS

Justice Department officials met twice over the week end to reconsider the agency's original rejection of the committe's bid for the complete transcript. The department's final decision was expected to be ready for the inquiry group when it met with Service.

In advance of that session, Chief Committee Counsel Edward P. Morgan declared he is confident that "in one way or another" the Justice Department would supply the full story of the Service-Jaffe conversation.

Council Sees Demonstration Of Sanitary Garbage Fill

Members of the city council saw a demonstration Friday of a garbage disposal machine which would eliminate open city dumps altogether.

Ivan Gatlin, council member, said the council was well pleased with the machine, which is manufactured by the Drott Manufacturing Corp., of Milwaukee, especially for the garbage disposal method known as sanitary fill.

The Drott Bull Clam Shovel, as the machine is called by its manufacturers, was used Friday to crush and bury a portion of the city dump. It would cost about $16,000, Gatlin said.

MORE SANITARY

The sanitary fill method of disposal, which has replaced the old open dump in many cities, does away with fire, smoke and stench, as well as breeding places for rats, flies and mosquitoes.

Snyder's dump grounds at the present time are contributing to the fly problem, which, according to Dr. Fred Dinkler, head of the city-county unit, is a serious one.

The council has just about decided, Gatlin said, that it is going to be necessary to purchase some kind of garbage disposal machine in order to help solve Snyder's sanitary problem. He said he thought there was a strong possibility that the city would purchase the Drott machine.

Gatlin said the council was impressed with the landscaped look of the area after the machine goes over it. All rubbish, after being compacted, is completely covered after each day's haul. The dirt for this covering is taken out of the trench in which the rubbish is being dumped or out of the next trench that the rubbish will be dumped into, and so on until the entire area is covered and landscaped.

COVERED BY EARTH

For this reason, the manufacturers suggest that in selecting a site for a sanitary fill consideration would be given to places that need filling and landscaping. The site may be in the midst of a populated area, since this method leaves no unpleasant scenes or odors.

The machine is built to be skidded or semi-floated ahead of a standard model tractor. The huge steel jaws of the machine are used first to dig a trench two or three feet deep and about ten feet wide. An approach is built out of the dirt from the first trench, and out of rubbish, to the desired height to which the land is desired to be filled or raised. Rubbish is then hauled in by truck and dumped into the trench.

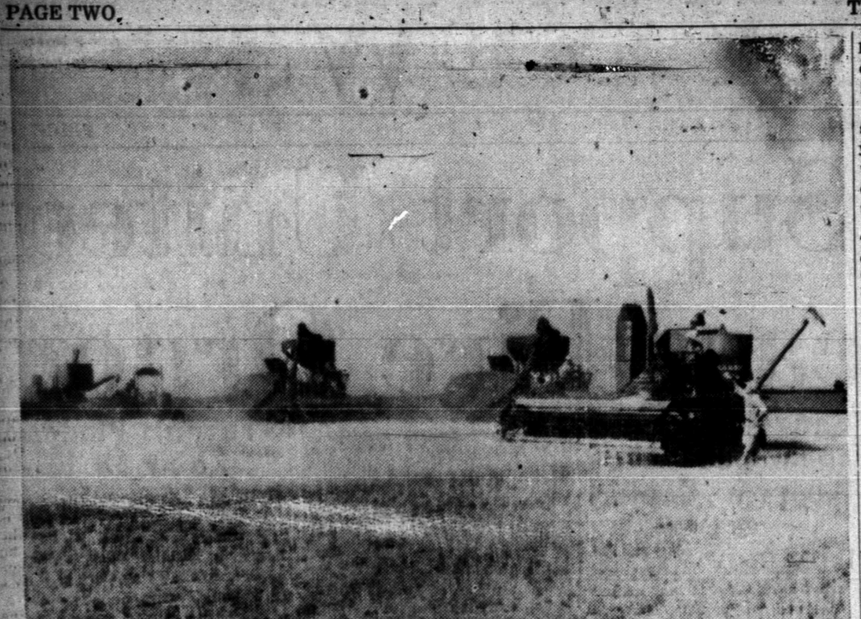

It is compacted into the smallest possible space by pushing it onto one end of the trench with the tractor and Bullclam shovel, driving back and forth over each layer until all rubbish is completely compacted. Then the machine covers the rubbish, leaving the area so well landscaped that one city even built a park over its former city dump.

Gatlin said the council would probably discuss the machine at a meeting Friday night.

The Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Tuesday. Scattered thundershowers in Panhandle, South Plains, and from the Pecos Valley westward late this afternoon or tonight. Not quite so warm in the Panhandle tonight.

EAST TEXAS: Generally fair this afternoon, tonight and Tuesday. Not much change in temperature.

THE HARVESTERS—The boss of this harvest crew walks beside the lead combine to issue instructions to one of his operators as the crew, following the harvest from Texas to the Canadian border, cuts a field of ripe wheat on the A. J. Jenkins farm near Cullison, Kas. Three other combines, visible through the wheat dust, follow up the rows of grain. (AP wirephoto).

U. S. Is Rushing Fighter Planes To South Korea

TOKYO, June 26. (AP)—The United States rushed preparations today for supplying Communist invaded South Korea with much needed war material — including 10 F-51 Mustang fighter planes.

Gen. MacArthur's headquarters announced that transfer of the planes had been approved in Washington, but added that the date had not been fixed.

The announcement said the planes would be turned over to Korean pilots in Japan. South Korea has 60 trained pilots ready to fly the sorely needed aircraft, reports from Seoul said.

YANKS WATCHFUL

Meantime, serious young American jet fighter pilots, ready to shoot if attacked, spread an aerial umbrella from Japan to South Korea.

Authoritative sources said continuous air cover would be maintained to protect evacuation of some 700 American women and children from Korea and assure safe passage of convoys carrying "munitions and war materiel" to the South Koreans.

Gen. MacArthur's headquarters is rushing preparations for shipment of the munitions and materiai.

At almost the moment of the announcement, American fighter planes flew over Seoul, the South Korean capital, on the way to cover the first evacuees. They are boarding two ships at Inahon, Korean west coast port. At sea, American destroyers will pick up the two ships and convoy them to Japan.

SHOOTING ORDERS

American pilots were under orders to protect their patrol zone, reliable informants said, and this means shooting if necessary to defend themselves or the ships under escort.

These sources said the 600-plus an hour F-80 jets, the Air Force's "Shooting Stars"—will predominate in the air cover, which will also include F-82 twin Mustangs, all weather fighters designed for night duty.

It was an F-82 which tangled with Yak-3 over Seoul today in sight of ground observers, the sources said. The plane originally was identified as an F-51, a single Mustang. The American plane did not fire, informants here said, but apparently drove off the Yak merely by wheeling toward it.

SHIPMENTS

Shipments of munitions, which a spokesman for Gen. MacArthur said are being prepared, probably will not begin for several days, the sources added. It might take six days, they said, to complete details of loading and other essentials.

Munitions shipments will be mostly by sea unless emergency circumstances require hurried aerial transport, they added.

PRINTING TRADE HEAD

SAN ANTONIO, O., June 26. (AP)—R. Saunders of Houston has been re-elected president of the Texas Allied Printing Trades Council for the 11th term.

Eldon Mahon To Be Speaker At Junior Chamber Banquet

The Junior Chamber of Commerce will hold its installation of new offices tonight at a banquet at the Snyder Country Club. Members, their wives and their guests will attend the banquet starting at 7 o'clock.

Eldon Mahon will be the principal speaker and George Etz, regional vice-president of the Junior Chamber will install the new officers.

The new officers are Lindy Clark, president; Renal Rosson and Ray Perkins, vice-presidnets; Jack Kennedy, secretary; and Olian Vinson, treasurer. The old officers were Pinkey Clarke, president; Jack Riggs, and Bob Davie, secretary; and Vinson, treasurer.

Davie will be master of ceremonies at tonight's banquet, and Lindy Clark will give a short talk.

Scurry Wildcat

(Continued from Page 1)

completed to extend production three-eighths of a mile to the southeast.

It rated a daily flowing potential of 521 barrels of 39.2-gravity oil and no water through a 24-64th-inch choke. Pay zone is from 6,253 to 6,547 feet. That section had been acidized with 2,500 gallons.

Hunt No. 3 Young is 660 feet from east and 1,400 feet from south lines of section 145, block G, Waco & Northwestern survey.

SHUTDOWN

Delta Gulf Drilling Co. W. F. Nenny and associates, No. 1 Sparks Southwest Stonewall County wildcat, 660 feet from south and west lines of the southeast quarter of section 161, block 1, H&TC survey is reported a total depth of 6,585 feet in barren Ellenburger and to be shutdown for orders.

Top of the Ellenburger was reported at 6,527 feet. Interested observers report that the prospector did not log any shows of oil or gas in any horizon it penetrated.

It probably will be ordered plugged and abandoned in the near future.

FOUR LOCATIONS

Tide Water Associated Oil Co. has scheduled four explorations on its leases in the Kelley-Snyder field of Scurry County.

Tide Water No.'s 2, 3, and 4 R. J. Richburg are to be four miles northwest of Snyder, and in section 296, block 97, H&TC survey. No. 2 will be 467 feet from south and west lines of section; No. 3 will be 467 feet from north and west lines of the southwest quarter of the section; and No. 4 will be 467 feet from north and east lines of the southwest quarter of the section.

Tide Water No. 5 F. G. Spears is to be five miles north of Snyder, and 1,866 fee from west and 467 feet from north lines of section 22, block 1, J. P. Smith survey.

Humble Oil & Refining Co. will begin operations in the immediate future on two more explorations on the southwest edge of the Sharon Ridge-Canyon field.

Mrs. R. A. Schooling and her daughter, Ruth, left last week for Hickory, N. C., where they will visit a month with Mrs. Schooling's mother.

Jury Returns A Verdict in Suit For Damages

After almost eight hours of deliberation, a district court jury of 11 men Saturday night returned a verdict favoring the defendants in the $75,000 damage suit of Jane Webb DeWald et al vs. the Tri-Service Drilling Co. et al. The suit grew out of a truck-car collision last year fatal to Jane DeWald's parents.

Whether any compensation will be paid to the plaintiffs in the case is not yet definite because final judgment has not been rendered and will not be for at least 10 days, in which time the case may be appealed or a motion filed for a new trial.

Required in the jury charge to name an amount of compensation, if any, due the plaintiff, Jane DeWald, and her paternal grandmother, Mrs. Bertha Brown, the jury set the amount for the DeWald girl, a minor, at $20,800 and voted "none" for Mrs. Brown. The jury then voted that a proximate cause of the accident was the failure of the driver of the DeWald car to keep a proper lookout to avoid the collision.

Plaintiffs in the suit—Jane Webb DeWald and her two half brothers, David DeWald and Boyd DeWald—were asking $75,000 compensation for themselves and Mrs. Brown, contending that an automobile-truck collision which killed the parents of the plaintiffs, Mr. and Mrs. John (Jack) DeWald, on Feb. 27, 1949, was due to negligence of the defendants.

The plaintiffs stated that at the time of the accident, the DeWald girl, now 14, was dependent on her parents for her sole support and that her brothers, both grown at the time, and their grandmother were being assisted financially by the accident victims and that at least $75,000 would have been given them by now if the parents had lived.

A. S. Mauzey, district judge, said that final judgment had not yet been rendered and that there would be 10 days in which the case could be appealed or a motion could be filed for a new trial.

Defendants in the case were Talmadge Bennett, of Waco, driver of a grain truck which was not directly involved in the accident; the Tri-Service Drilling Co. and K. L. Fouch, driver of the drilling company truck, which was struck by the DeWald car; and W. O. Abmey, of Lubbock, owner of the grain truck driven by Bennett.

The jury—with one man absent—returned its verdict at 7:10 o'clock Saturday night after going to the jury room shortly before noon. They began hearing testimony Friday morning with all jurors present, but the court Saturday morning excused Marshall Boyd from the jury because of illness after an agreement was made between the plaintiffs and defendants and their attorneys to continue with 11.

Other jurors were John F. Cox, foreman, N. R. Clements, O. H. Culp, Joe Graham, Schley Adams, O. C. Darden, Sims Grove, Whit Farmer, J. B. Green, J. C. Day and T. L. Hendrix.

Attorneys for the plaintiffs were Carl Anderson, of Sweetwater, and R. W. (Dick) Webb, of Snyder. L. A. Howard and Charles Cobb, Lubbock attorneys, representing Bennett and Abmey, and Fouch and the drilling company were represented by Tom McMahon of Abilene.

Selection of a jury began this morning in the compensation suit of W. L. Moyer vs. Texas Employers Insurance Association. The plaintiff is being represented by John T. Gano, of Dallas and Tom McMahon, of Abilene, is attorney for the insurance association.

Bolivia Asks Plan Against Communism

LA PAZ, Bolivia, June 26. (AP)—The Conservative newspaper El Diario says Bolivia has called on the Western Hemisphere foreign ministers to plan against Red activities in the Americas.

The paper yesterday quoted Foreign Minister Pedro Zilveti as saying the U. S. State Department and the other Western Hemisphere foreign ministries agreed on the vital need for such conference at La Paz.

Evacuation of Yank Dependents Starts From South Korea

SEOUL, June 26. (AP)—Two ships carrying 700 dependents of Americans still in South Korea sailed from the port of Inchon tonight with a U. S. naval and air escort.

The two vessels—one Norwegian and one Panamerican—are bound for Fukuoka on Japan's southern island.

United Nations Orders Halt To Korean Battle

LAKE SUCCESS, June 26. (AP)—The United Nations, without Russia, called on all Koreans today to cease fire and ordered the Communist invaders from the north to pull back out of the southern Seoul republic.

A special Korean crisis session of the Security Council issued the orders by a 9-0 vote Sunday. Yugoslavia abstained, refusing to support the move because the council declined to let a North Korean representative appear before it to give his side.

BROADCASTS

The orders are being dinned into Korean ears by radio and by cables to the governments of North and South Korea and to the U N Korean Commission on the ground, reporting developments from Seoul.

The far-reaching transmitters of the State Department's Voice of America, the all-India radio and the British Broadcasting Corp. are carrying the UN directives in the Korean langugage.

Russia ignored the Sunday session called at the request of the United States which denounced the invasion as an act of aggression and demanded the council's emergency session.

The Russians are expected to challenge the council decision as illegal because Nationalist China participated.

RUSSIAN BOYCOTT

The Russians are boycotting 30 UN groups over their refusal to kick out Nationalist China and seat the Chinese Communists.

Ten of the 11 council delegations cancelled week-end holidays to attend the Sunday session. All except Communist anti-Kremlin Yugoslavia voted for the American resolution after it was amended slightly.

Yugoslavia abstained.

A Yugoslav resolution to invite North Korea into future debates was batted down 6 to 1, with Egypt, Norway and India abstaining.

MEMBERS

The permanent members of the security council with veto power, are the United States, Britain, France, Russia and China. Other elected members are Egypt, Norway, India, Yugoslavia, Ecuador and Cuba.

The American delegation hinted that some sterner measures, such as sanctions—pinching economic and other restrictions—might be tried if North Korea refuses to comply with UN demands now.

The Seoul republic is officially recognized by the UN Assembly as the ligitimate government of Korea. But Russia has resisted all UN efforts to unify Korea and has ignored the UN Korean Commission set up by the assembly to be godfather and watchdog.

Grand Prairie Man to Head Hermleigh Gins

Cass H. Shackelford, of Grand Prairie, will move to Hermleigh this week to accept the management of the two cotton gins owned by the Planters Gin Co.

The company is erectnig a house in Hermleigh for Shackelford, who will move his family there as soon as the home is completed. He worked for the Lummus Gin Co. of Dallas before coming to Hermleigh.

BIDAULT STEPSOUT — French Premier Georges Bidualt waves his arm as he leaves Elysee Palace, Paris, after tendering his resignation to President Vincent Auriol. Bidault's government fell on an issue of confidence. The vote against his government was 352 to 230 on a minor domestic matter which Bidault turned into a broader issue of confidence. (AP Wirephoto).

Faces Liquor Charge

Linden A. Riley, 26, Creswell Trailer Court, originally of Anson, was charged in county court Saturday with transportation of liquor for sale in a dry area.

Vernie Head, deputy sheriff, said that 240 12-ounce cans of beer were confiscated from Riley at the time of his arrest. Riley pleaded not guilty and made bond of $500.

Hospital Notes

Admitted to Snyder Hospital Clinic since Friday were:

Edward T. Haney, Route 2.
Mrs. Montie Rea Ivison, 1507 Twenty-second Street.
Inez Fulford, Fluvanna.
Ravis Lafane James, 1111 Twenty-fourth Street.
Charles A. Farris, Route 3.
Odus Edward Thompson, Kermit.
Sam Monroe Stribling, Hermleigh.

Youngsters Are Eliminated In National P.G.A.

COLUMBUS, O., June 26. (AP) — The $40,000 National P.G.A. Golf Tournament is making a farce of the old axiom that youth must be served.

There are no youngsters (in the 20-year-old classifications) left in the meet today. Usually the six-day grind sends the older pros to the sidelines.

This 1950 meet on the long 7,032 yard Scioto Country Club course has become, generally, a race of darkhorses.

Into the 36-hole semi-finals go Henry Picard, responding like an old fire horse: Henry Williams, Jr., of Secane, Pa.; Chandler Harper of Portsmouth, Va., and rainbow-hued Jimmy Demaret.

Demaret is, of course, well known and should be ranked heads above the company he is keeping in the semi-finals.

In the past, this tourney has been Demaret's jinx. Twice he has reached the semi-finals only to be beaten each time by Ben Hogan.

The youngest in the 36 holes of match play today is Williams, 33. He hasn't been projected as far into the limelight before and is rather blinded by it all. He was a quarter-finalist in 1949.

The semi-finals sent Demaret against Harper and Picard after Williams.

Picard advanced by trouncing Johnny Palmer, 1949 runner-up, 10 and 8 in s 36-hole q rday' and 8 in yesterday's 36-hole quarterfinal session.

Williams fought off a closing round rally to whip Dave Douglas of Wilmington, Del., 1-up.

Demaret came home in the last 18-hole stretch to oust Ray Gafford of Dallas 5 and 4.

1951 P.G.A. Will Be in Pittsburgh

COLUMBUS, O., June 26. (AP) —Historic Oakmont Country Club near Pittsburgh, Pa., scene of numerous national golf tournaments, today was awarded the 1951 P.G.A. championship.

The Dapper Dan club of Pittsburgh will sponsor the event from June 28 to July 4, with a record $45,000 prize list. This year's $40,000 purse for the current classic at Scioto Country club here was the largest to date.

Arrangements for the 1951 event were completed today.

Odessa Takes Both Halves of Double Header from Midland

(By The Associated Press)

Odessa passed the 50 mark in Longhorn League victories yesterday, strapping Midland 8-1 and 4-3 in a double header. It brought the string to 51 games and put the Oilers eight games ahead of second-place Roswell.

Two homers sparked a 10-hit attack in the opener with Emil Ogden getting one and Leo Eastham the other. In the nightcap John Singleton walked in a run in the fifth to furnish the margin by which Odessa won.

Roswell walloped San Angelo 14-4. Frank Hill scattered seven hits, struck out 13 and socked a two-run homer for the victors.

Big Spring beat Sweetwater 5-2 with Bert Baez pitching a six-hitter while notching his eighth win of the season.

Vernon and Ballinger split a double-header. Ballinger won the first game 7-6 with a double by Stu Williams driving in the deciding tally in the eighth. In the second game Vernon came through 4-2 with a three-run homer by Dick Tross shoving the dusters to victory.

Sweetwater	000 200 000—2	6 3
Big Spring	200 100 02x—5	7 4

National Collegiate Golf Tourney Opens In Albuquerque

ALBUQUERQUE, N. M., June 26. (AP) — The 53rd annual National Collegiate Athletic Association golf tourney opened today with 176 individuals and 27 teams entered representing 48 colleges and universities.

Qualifying rounds are scheduled today and tomorrow. The tourney winds up Saturday on the par 72 6813-yard University of New Mexico course.

The annual East-West exhibition match and practice rounds gave the easterners an apparent edge. The team title has been captured the last three years by southrners or westerners and the same two groups have taken the individual title two consecutive years. North Texas State is defending team champion.

A picked field of eastern aces trimmed the West in the exhibition matches yesterday 6 1-2 to 4 1-2. A feature of the best ball matches was the defeat of defending NCAA Champion Harvie Ward, Jr., of North Carolina and Tom Veech of Notre Dame by Bo Winniger, Oklahmoa A&M's ace, and Morris Williams, Jr., of Texas.

Rhoders Win

ODESSA, June 26. (AP) — Calvin Rhodes of Dallas won the Odessa Country Club Invitational Golf Tournament yesterday when he defeated Tommy Roberts of Hobbs, N. M., 1-up. Arlyn Scott of Odessa beat Roan Puett of Midland for consolation honors.

The Germans shipped tons of Dutch bulbs and bulb soil to Germany during the war, apparently intending to take over the industry.

Pitchers Agonize Over 111 Homers Over Week End

By JOE REICHLER
(Associated Press Sports Writer)

Quick now, baseball fans, what is a bunt?

Silly question? Not at all. In this era of the lively ball the bunt, along with the stolen base, hit-and-run and squeeze play, is becoming as extinct as the dodo bird.

Why lay down a sacrifice bunt when king homer sits on the throne and every pitched ball has a four-base label on it?

FIVE HIT TWICE

Never have the poor pitchers been pounded so unmercifully as in the past four days. Since Thursday unsympathetic batters have slammed them for 111 homers including 31 yesterday.

Five players hit a pair of homers yesterday. They were Ralph Kiner, Pittsburgh; Hank Sauer, Chicago Cubs; Larry Doby and Ray Boone, Cleveland, and Eddie Joost, Philadelphia Athletics.

It was a three-run homer by Hoot Evers in the last of the eighth that gave the Tigers a 6-3 second game victory and a split of their doubleheader with the Yankees. Homers by Joe DiMaggio and Hank Bauer helped Eddie Lopat and the Yankees win the opener against Hal Newhouser, 8-2.

The split left the American League leading Tigers still three games in front of the runner-up Yankees.

The climbing Cleveland Indians were stopped by Washington, 5-3, after winning the opener of a double-header, 7-6, for their fifth straight. Four homers, capped by Al Rosen's grand slammer in the eighth, won the first game for Early Wynn.

The Red Sox swept a pair from St. Louis, 11-5 and 8-2, to give them four straight over the Browns —all under the management of Steve O'Neill. Walter Masterson pitched his first complete game for the winners.

PHILS CLIMB

Philadelphia's Athletics defeated the Chicago White Sox, 13-4, in the second game of a double-header. The Sox won the opener, 7-6.

Philadelphia's Phils rose within a half game of the National League leading Dodgers by dividing a twin bill with Chicago while the Pirates were thrashing Brooklyn, 16-11. The Phils won the second game, 2-1, after the Cubs had won the opener, 11-8.

Vern Bickford, Boston righthander, blanked the St. Louis Cardinals, 4-0, and the Cincinnati Reds swept a twin bill from the Giants, 6-3 and 6-4.

Richie Ashburn's single with the bases loaded and two out in the bottom of the ninth enabled Philadelphia's Robin Roberts to earn a pitching duel from Bob Rush for his ninth triumph.

Ewell Blackwell gained his fifth triumph for the Reds in the first game while Frank Smith won his first game of the season in the nightcap against the Giants.

John Michael (Red) Corriden, new Chicago White Sox manager, formerly managed at Des Moines, Indianapolis nad Salisbury, N. C.

Three Cities In Fourth Place Tie In Texas League

(By The Associated Press)

There's a traffic jam in the middle of the Texas League but it won't last long.

As of last night, three clubs—Oklahoma City, Beaumont and Dallas—were tied for fourth place. Tonight Oklahoma City moves into Dallas so at least one of them will fall out.

But for the moment the gold-plated Dallas Eagles are feeling quite gay. They have won five of their last six games. They beat Houston 10-6 last night.

Beaumont clubbed Oklahoma City 18-12 to bring about the triple tie for the last spot of the first division.

Fort Worth's top-running Cats broke a four-game losing streak to trip San Antonio 5-4 in 13 innings and maintain their seven-game lead over second-place Tulsa which whipped Shreveport 9-6.

Fort Worth won the battle in thrilling style. Tommy Tatum hit a home run with one out in the last of the thirteenth to bring the victory. Chris Van Cuyk, who went the route, notched his twelfth pitching triumph.

It was Fort Worth's twenty-fourth one-run victory of the season. The cats have lost nine by one tally.

Beaumont slashed out 20 hits in beating Oklahoma City a game that saw the lead change hands four times. The Roughnecks got five runs in the seventh to put them out front to stay. Oklahoma City pounded 15 hits.

Dallas outslugged Houston to win with Elvin Stabelfeld spacing nine hits effectively.

Jerry Witte, the Dallas cast-off, finally got a home run. Witte hit 50 for Dallas last year then was sold to Rochester. Houston picked him up and his first appearance at Dallas brought out a lot of extra fans. But it wasn't until the last game that he could poke one over. It didn't do any good, however.

Earl York homered in the first inning with one on and Jack Baumer clubbed one in the fifth with a mate aboard as Tulsa jumped in front and led Shreveport all the way in sweeping the three-game series.

ACCEPTS NEW POST—Mike Brombelow, above, former line coach at Texas Christian University, has been named head coach at Texas Western in El Paso. (AP Photo).

Texas Sailor Dies Following Car Wreck

ROCKY MOUNT, N. C., June 26. (AP) — A 23-year-old Texas sailor, Ray Mercer, was killed Saturday night in an automobile accident near here.

State Highway Patrolmen said the car, driven by Emmitt W. Neel of Loraine, Tex., hit a stone bridge railing. Neel was not seriously hurt.

Both men were stationed aboard the USS English.

Corpus Leads By Narrow Margin In Rio Grande Valley

(By The Associated Press)

The Rio Grande Valley League was all tied up in a knot today.

Corpus Christi's Aces still led but it was by such a small margin you had to get a mathematician to see the difference.

Last night Harlingen licked Laredo 13-4 to move within four percentage points of Corpus Christi which took a drubbing from the cellar-dwelling McAllen Palms 17-9.

Harlingen cut a seven-game winning skein for Laredo with Jake McClain leading a 15-hit attack with his twenty-eighth homer of the season. Laredo committed eight errors.

Corpus Christi pitchers couldn't find the plate, giving up 14 bases on balls, which set up the McAllen scores. Herb Hernandez also hit two home runs.

Brownsville nosed out Del Rio 8-7, Curtis Ray driving in the winning tallies in the ninth with a double that found the bases loaded.

Del Rio	010 203 100—7	12 0
Brownsville	000 013 103—8	11 2

Laredo	002 000 200—4	8 8

Guthrie, Priest and Harshaney; Urbanowich, Roca and Gaspar, Suarez.

Both Lubbock and Pampa Victorious

(By The Associated Press)

The West Texas-New Mexico League race stayed as tight as a drum today with daylight between the top teams.

Both first-place Lubbock and second-place Pampa won yesterday and Lubbock held a half-game bulge over the Oilers.

Lubbock beat Amarillo by a football score-31-20. The Hubbers shelled five Amarillo pitchers for 25 hits while Amarillo pounded 21. It required almost three and a half hours to play the game.

Pampa walloped Borger 17-6 with five homers in the first four innings. Roy Parker, the winning pitcher, got one of the homers and limited Borger to six hits. Pap Williams of Borger hit his twenty-third circuiter.

Third-place Lamesa licked Clovis 13-9, Bo Dempsey's home run with two on base furnishing the punch in the ninth.

Albuquerque whipped Abilene 10-6 although the Blue Sox got 15 hits. Bob Spence kept them well-scattered.

The Dutch ate many flower bulbs during the war but found them nonnourishing, unappetizing and disturbing to digestion.

World's Top Tennis Meet Opens Today At Wimbledon

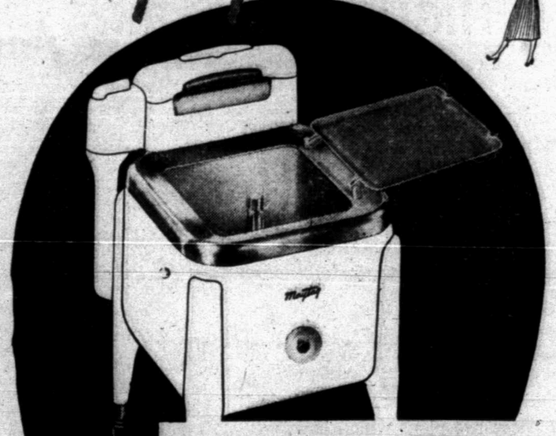

WIMBLEDON, June 26. (AP)—The cream of all the world's amateur tennis players steps onto the gleaming green lawns of Wimbledon today in a two-week scramble for the time-honored British championships.

The fortnight's grind, coupled with the psychological pressure of play on Wimbledon's famed center court, will be a severe test for the two pre-tournament favorites for the men's singles crown.

Top-seeded Frank Sedgman of Australia enters the fray with a crippled wing. He pulled ligaments in this right wrist during tune-up competition. He faces British Davis Cup Player Howard Walton in the opening round.

Billy Talbert, 31-year-old New Yorker who is seeded No. 2, is making his first appearance in the all-England championship. If he can conserve his stamina of America's Ted Schroeder, last year's winner.

Talbert, a diabetic, lacks the fire of some of the Wimbledon all-time "greats," but his steady, accurate stroking could take him to the top. His first round foe is unranked Norman Kitovitz, an English player.

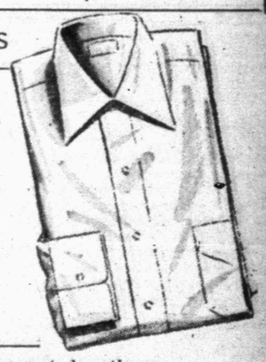

Maytag
Always the finest you can buy!

Millions of housewives* know through experience that Maytag is the finest.

Governments Confer As War Clouds Gather in the Far East

(By The Associated Press)

Hurried consultations in the world's capitals followed first news of the Communist invasion of the Southern Republic of Korea Sunday.

Britain's House of Commons looked for a statement on the situation from Prime Minister Clement Attlee today. Commons was prepared to interrupt a debate on the labor government's policy—and its demand for a vote of confidence—on keeping Britain out of the French-proposed coal-steel production pool.

But a well-informed Dutch source summed up the general feeling after an emergency meeting of key Dutch cabinet members: "The eyes of the world are on Washington rather than on Seoul," he said. "It is up to the United States to take a hand in Korea, or western prestige will drop all over the world."

BREAKS HOLIDAY

In London, Kenneth Younger, acting head of the foreign office broke a week-end holiday outside London to confer with foreign office experts.

In Paris, Foreign Minister Robert Schuman—a caretaker cabinet official since the Bidault cabinet lost out in a vote of confidence Saturday—talked with his far eastern advisers.

Jules Moch, leader of the Socialist Party which precipitated the cabinet crisis in France, remarked the Korean affair "is certainly more serious than our own crisis. Every effort should be made to localize the conflict."

The French have a similar problem in Viet-Nam, where the Communist forces of Ho Chi Minh are a threat to the French-supported Bao Dai, who is also recognized by the United States.

RUSSIAN REACTION

Russia's reaction was to distribute belatedly a report by Tass, the official news agency, that South Koreans invaded Communist North Korea—not the other way around. The Tass report, based on two communiques of the North Korean Communists, is at variance with every other report.

The Communist communiques said the South Koreans invaded at three points, advancing from a half mile to six kilometers, but were thrown back by "guard detachments"—police—across the 38th parallel which is a border for the two areas.

The Communist press of eastern Europe immediately distributed the Tass accounts.

Moscow's Pravda handled the story in routine fashion, publishing the North Korean communique on page three along with three telegrams from western press agencies with New York, London and Paris datelines.

Yugoslavia, which has accused several cominform neighbor countries of mustering troops to threaten her, ordered her United Nations representative to attend the emergency security council meeting Sunday. He did, and abstained on voting for a cease fire order because the council declined to bring a North Korean into the meeting to give the North Korean viewpoint.

Only Person Born In National Capitol Building Succumbs

GERMANIA, Pa., June 26. (AP)—Otto Braun, 92, who claimed he was the only person born in the U. S. Capitol building in Washington, died yesterday at his home here.

Braun said his father was a sculpter working on one of the Capitol wings when Otto was born on June 10, 1858. His parents were living in the Capitol at the time, according to Otto.

Memphis Shows Big Gain in Population

MEMPHIS, Tenn., June 26. (AP)—Mayor Watkins Overton announced the official population of Memphis is 394,025—a gain of 101,783 in the past 10 years.

The increase over the 292,242 figure shown by the 1940 census was about 35 per cent.

Gardening School Plans Discussed At Club Meeting

At a meeting Friday the Snyder Garden Club discussed plans for a gardening school to be held in the early Fall.

Miss Myrtle Harrell, presiding, gave a vote of thanks to Miss Ann Turney and Roland Bell, Jr., for their work in arranging the recent flower show.

According to Miss Harrell, fees of $3 will entitle anyone to membership in the club. The garden club should be of espeeial value to any one interested in plants, flower arrangements, or civic beautification. It is not essential to own or cultivate a garden to enjoy working with the club.

The next meeting of the garden club will be the morning of July 28 in the dining room of the First Christian Church. The program will be on flower arrangement and a guest from out of town will speak.

Mass Burial Set For Dead Fish

ORLANDO, Fla., June 26. (AP)—A mass burial of 2 million fish is scheduled at Lake Apopka today. They died with week-end storms churned up mud in the lake and it filled their gills.

The odor caused many families on the south-southwest side of the picturesque lake to move out yesterday. The dead fish floated in masses on the surface or were washed up on shore.

County commissioner A. D. Mims outlined the plan for today's burial. A bulldozer was to dig a trench along the shore and the dead fish netted and dumped in it.

That will cost up to $5,000. Minus figures. But he placed the long-range cost to the area at $1 million in loss of tourist trade, restocking the lake and effects on commercial fishing.

Mims said something must be done immediately to raise the level of the lake, which has been down for some time, or millions more fish will die.

Kraft Will Try Again For Golf Championship

OMAHA, June 26. (AP)—Johnny Kraft would like to celebrate his 21st year of tournament golf with another Trans-Mississippi championship.

The Denver schoolmaster is back for another fling at the title he won in 1942.

Johnny, 5-7 1-2 and 143 but who says "don't ask my age" (about 48), almost got a second Trans-Miss title in 1948. He was runner-up. Naturally, he'd like to do better at Omaha's 6,827-yard Happy Hollow Club this week.

Kraft believes anybody can win now that Charles Coe of Ardmore, Okla., the National Amateur champ has decided not to defend his Trans-Mississippi crown.

The entry deadline was extended until this afternoon after 110 contestants had registered. The championship flight has 128 places. There will be championship playoffs tomorrow to cut the field to 64.

Strike of Switchmen Stalls Four Western Railroads

CHICAGO, June 26. (AP)—The strike of 4,000 AFL switchmen had brought four major western railroads to a standstill today and had thrown thousands of other workers out of jobs.

Lines tied up by the walkout yesterday morning of the Switchmen's Union of North America are the 8,000-mile Chicago, Rock Island and Pacific; the 2,413-mile Denver and Rio Grande Western; the 1,500-mile Chicago and Great Western; and the 1,125-mile Western Pacific.

The fifth struck line, the 8,500-mile Great Northern, said it has maintained near normal passenger service but that its freight movements have been crippled.

DEMANDS

The men left their jobs in support of a demand for a 40-hour week at the present 48-hours pay, equal to a wage boost of 31 cents an hour. In taking the strike action, they rejected a recommendation by a presidential fact-finding board that they be granted a 40-hour week and a pay increase of 18 cents an hour.

The union now has a contract with the Falaware, Lackawanna and western railroad at the terms requested of the other lines. That agreement raised the pay of switch foremen or yard conductors from $13.06 a day to $15.67; helpers or yard brakemen from $12.21 to $14.65, and switch tenders from $10.71 to $12.86.

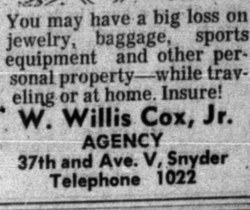

NEGOTIATIONS ON

Settlement negotiations continued until shortly before the strike deadline under supervision of the National (Railway) Mediation Board. In a final effort, T. E. Bickers, board secretary, made a telegraphic appeal to Union President Arthur J. Glover to postpone the walkout.

Glover replied from his home in Buffalo, N. Y. that the railroads had "not only offered no solution to the dispute, but absolutely refused to bargain in the spirit intended by the Railway Labor Act.

Center of the Dutch bulb industry is the sandy, irrigated area between Heiden and Haarlem.

Look Out!

PERSONALS

Mr. and Mrs. M. H. Roe and family, 3107 Avenue U, spent the week end picnicking at Buffalo Gap in the Abilene State Park. Accompanying them were Mr. and Mrs. H. C. Michaels, friends from Sweetwater.

Mr. and Mrs. Wayne Boren, 3112 Avenue X, made a week-end trip to Albany, Tex., where they visited with their friends, Dr. and Mrs. T. M. Howell, former Snyder residents. While there, the Borens attended the famous Fandangle, a community pageant, presented by Shackleford County pioneers and townspeople annually.

Mr. and Mrs. Forrest Beavers and Miss Betty Jo Beavers drove to Albany for the Fandangle Pageant Friday night.

Mr. and Mrs. R. L. Day, 2401 Avenue N, have as guests this week Mrs. Day's mother, Mrs. C. F. Collins, and her sister, Miss Welta Collins, from Haynesville, La.

Mr. and Mrs. A. C. Alexander have been away from Snyder on a vacation trip two weeks. They saw their son, Bill Alexander, graduate from Texas A. & M., and all three now are off to Colorado, visiting scenic spots leisurely.

Jack Alford, from Barrow's Furniture Co., will leave for Chicago today, where he will do marketing of latest furniture for the local store.

Mr. and Mrs. C. D. McIver, of the Von Roeder addition, returned last week from a two weeks' vacation trip to New Orleans.

Pvt. S. R. Hambrick, 18, son of Mrs. Dora Allen, 2412 Twenty-eighth Street, has arrived on Okinawa from San Francisco for a tour of overseas duty in the Far East. He is presently assigned to Company K of the 29th Infantry Regiment, a unit of the Army of Occupation in the Ryukyus CCommand.

Mr. and Mrs. Rayburn Galyean from Breckenridge visited in Snyder Sunday with Mr. Galyean's sister, Mrs. Ennis Floyd, 1000 Thirty-first Street.

Sgt. and Mrs. Scott Starns and their three children, just returned from three years of duty in Japan are visitors in Snyder and the Turner community. The Starnes are visiting Sgt. Starnes' parents, Mr. and Mrs. J. A. Starnes 2105 Twenty sixth Street here and Mrs. Starnes' parents, Mr. and Mrs. W. B. Head, in Turner. Sgt. and Mrs. Starnes will be here about 20 days, the length of their vacation leave.

The Rev. O. J. Woodward, pastor of the newly organized Evangelical Methodist Church here, went to Abilene Sunday, where he was a guest minister in the First Evangelical Methodist Church. Mr. and Mrs. Woodward reside at 2607 Avenue U.

Mr. and Mrs. E. L. Floyd, 812 Sixteenth Street, have as visitors this week Mr. Floyd's mother, Mrs. C. Y. Ellison, from Tucumcari, N. M.

Mrs. L. H. Drum, from Morton, Tex., is spending the week with her mother, Mrs. J. S. Head, 3201 Avenue U.

Mr. and Mrs. Jessie Geeslin are here this week from Oklahoma, visiting their son, Welbert Geeslin, who is employed here with the Lucy Products Corp.

Party Ideas For Wedding Month

Here is a bridal shower idea which should make a hit with girls planning something in the way of a party for a favorite honoree. These marriages come thick and fast in June, and without much notice, so a clever suggestion or two may not come amiss. Here's a party that might be executed simply and successfully:

Get a single gardenia (fresh one) and place it in the center of a small silver tray or pretty plate. Hang ribbon streamers in different pastel shades around the plate to hang over the edges. The only one of the streamers to the underneath side of the gardenia with the others concealed under the gardenia but not fastened to it. The gardenia will represent the bride's bouquet. Let all unmarried guests catch the end of a streamer and pull. The one pulling the streamer with the gardenia attached will be the next one to be married.

For the married guests use the same idea, but substitute green ribbons for the pastel shades. For their prize use something like a book on baby care instead of the gardenia. Guests seem to have lots of fun with these games.

For favors get miniature umbrellas made of crepe paper from a department store downtown.

Newcomers' Bridge With Mrs. Galbraith

Pink carnations decorated the home of Mrs. Lyle Galbraith, 107 Peach Street, when the Newcomers' Bridge Club met there last week.

Mrs. Ollie Bruton, Jr., was cohostess for the party. Mrs. C. D. McIver won high score; Mrs. W. P. Thurmon, second prize; Mrs. Myron Hubbard, traveling prize; and Mrs. Bob Bickerstaff guest high score.

Other members present were Mrs. Davis Bodie, Mrs. H. C. Lile, Mrs. Verne McGrew, Mrs. D. L. Rogers, Mrs. Claud S. Cook, Mrs. W. W. Arnold, Mrs. Carl Bentley, Mrs. Paul Jones, and Mrs. Joe Lewis.

Guests were Mrs. W. P. Gibley and Mrs. Bob Bickerstaff.

Any leftover gingerbread around the house? Split it in half, toast it and serve with applesauce and whipped cream.

Mr. and Mrs. Jack Yeaman sample the three-tiered wedding cake at the reception Mrs. Edith McKanna gave the newly married couple a week ago last night at Rock Ledge Farm near Fluvanna. Before her marriage, Mrs. Yeaman was Mrs. Lucie Enfield. Mr. Yeaman is with the magazine, Texas Parade. The couple plan to spend the summer traveling in connection with his magazine duties.

P.-T.A. Names Two Activity Chairmen

Two new committee chairmen for the Snyder Consolidated Parent-Teachers' Association have been announced by Mrs. M. H. Roe, president of the group. The new leaders for program activities next fall are Mrs. Ophelia Blackard, publicity chairman, and Mrs. W. D. Casebolt, program chairman.

Other officers of the school-patron group are Mrs. Sam Wood, vice-president; Mrs. Harry Ward, secretary; and Mrs. Ben Dennis, treasurer.

Other steering committee chairmen will be announced within a week, Mrs. Roe said.

RECIPE

WARM WEATHER LUNCHEON
Fish and Vegetable Salad*
Bread and Butter
Stewed Rhubarb and Cookies Beverage
(Recipe for Starred Dish Follows)

FISH AND VEGETABLE SALAD
Ingredients: 2 cups cooked flaked fish, 1 cup finely diced celery, 1 tablespoon finely diced pickle, 1 cup cooked drained peas, 1 cup mayonnaise or creamy-type salad dressing, salad greens, ¼ cup well-seasoned French dressing, 1 cup sliced cooked beets, 2 hard-cooked eggs (sliced). Method: Put fish, celery, pickle, peas and mayonnaise in a mixing bowl; toss together lightly. Arrange on salad greens. Marinate beets in French dressing. Garnish salad with beets and hard-cooked egg

summer time is Swirl time

Wedding Friday Is Planned For Miss Floyd, Mr. Beard

Announcement of the engagement and approaching mariage of Miss Doris Floyd was made Friday night at a tea given by her cousin, Mrs. A. M. Roberts, in her home in Von Roeder Heights.

Miss Floyd, daughter of Mr. and Mrs. Ennis Floyd, 1000 Thirty-first Street, will marry Jeral Beard Friday in the home of the bride's parents.

The tea announcing Miss Floyd's coming marriage was attended by 38 guests. A centerpiece of gladioli decorated the long buffet table from which Mrs. Roberts served punch and cookies. Hostesses assisting Mrs. Roberts were Mrs. Barber Martin and Mrs. Ab Floyd. A large number of bridal gifts were assembled near the buffet table.

Miss Floyd graduated from Snyder High School in 1949 and is employed as a service assistant at the telephone co. Mr. Beard, with Clark Lumber Co., is from Memphis, Tex., son of Mr. and Mrs. L. L. Beard of that town.

Women's Calendar

MONDAY

Youth Caravan, covered dish supper, Methodist Church, 7 p.m., new Fellowship Hall. This group meets each night all week, 7 p.m.

TUESDAY

Business and Professional Women's Club dinner at First Christian Church, 7:30 p.m. Meeting follows.

Site Cure Bridge Club at the home of Mrs. J. C. Stinson, 2907 Avenue U., 2:30 p.m.

THURSDAY

Thursday Afternoon Bridge Club at Country Club, 2:30 p.m., dessert and games.

For a delicious sandwich spread use a can of flaked tuna fish and mix with finely chopped celery, a little onion juice and enough commercially-prepared sour cream to moisten.

TALK OF THE TOWN

BY FRANCES BIOW

The JAMES ROSSERS and the J. D. SCOTTS are off to the hinterlands vacationing in coolness and relaxation. Mrs. Rosser told me that this seemed to be the time for their departure, as a crowded court docket would prevent any later slipping away to their favorite spot in 'Possum Kingdom. All of Breckenridge owns lake cottages, and they know good friends who live in a delightful hideaway. "James is an indifferent fisherman, but he will enjoy using his new rod and reel he got for father's day." . . .Mr. and Mrs. SCOTT with son, JOE DAVE, have locked up Warren Crest for a week's absence, destination Ruidosa, where Mr. Scott's father has all these wonderful hobbies which he keeps himself occupied with. He does excellent wood carvings from native woods, grows simply elegant flowers, and, according to Mrs. Scott, is all a host could be.

* * *

MILDRED STOKES and I drove out to the B & B Cafe for cold cuts, along with an interview one lunchtime. She wore an eye-turning tangerine suit, with her usual thick pearl choker and other cool white accessories. Alert on details, she is always able to manage the lady executive look. She was happily planning many nice lunches where she can slip out to after warm mornings as Assistant Cashier in Snyder National, third desk over. She will be seen in the pool, too: What color suit? Why, tangerine!

* * *

The hectic day two cars hooked bumpers and wreckers groaned and held up lines of traffic just outside the Snyder Daily windows, BRUD BOREN stuck in his head and commented acidly, "Fine, easy way to make a living. These news folks just sit and write about what they see out of the window!"

* * *

JUNE-ING AROUND SNYDER: MISS LYNDAL ALLEN and DON SCHNOBRICK leisurely sipping a coke at the breezy Hilltop Cafe, east of Snyder, one afternoon late. Mr. Schnobrich, a newly arrived resident, should enhance the local scene. . . .A bachelor, with a wallet-ful of wartime decorations, he is representative of a far-flung carpet company. . . .Teen-agers missed MRS. ETHEL NOWLIN, who was admitted to the Snyder Hospital Friday afternoon with a very uncomfortable case of hay fever, sneezes one after the other. As someone said, "She IS the Youth-Center," so all interested in that wish her a speedy get-well.

* * *

If you hope to get what you want in this world, you have to win your laurels every day! Somebody's critical eye is always on you. It may be the boss', the beau's, or the butcher's, and the woman who gets the job, the raise, the bouquet, or the best cut of steak is sure to be the one who makes the most favorable impression.

It's just human nature to want to give only the best to the woman who is well groomed and harming. Better than words, huer pleasant manner and appearance tell others that she thinks highly of them. By satisfying the deep-seated desire that is in every one for respect and recognition, she earns and is accorded the highest opinion of others, wherever she goes.

Before you sally forth to meet your public daily, John Powers, director and best critic of the models, offers 10 questions you should ask yourself. Stick the list on your mirror, he advocates and run through them daily.

1. Is my facial expression pleasant, yet free from even a trace of a grin or smirk?
2. Is my voice low but audible without a single harsh-sounding tone?
3. Is my sense of humor ready for a good laugh without a giggle or a guffaw?
4. s my conversation fresh with
4. Is my conversation fresh with what I have in mind and unhampered by hackneyed or incorrect expressions?
5. Is my manner warm, alert and receptive, yet with no loss of dignity?
6. Are my clothes becoming to but never too man-tailored in the but never too man-tailored ni the daytime or too fussy after 5?
7. Are my clothes pressed, clean, and fragrant with no detail that needs care?
8. Is my hair shining and groomed in an unexaggerated and becoming style?
9. Are my cosmetics applied with an eye for naturalness, a clean lipline, and without a made-up look?
10. Do my hands refrain from fidgeting in unnecessary gestures, even though groomed to a show-off perfection?

Pyron Club Hears Report on 4-H Club Camp at Ballinger

Mrs. Theo Soules was hostess Thursday afternoon for the Pyron Home Demonstration Club meeting, attended by 13 members, two visitors, and one 4-H Club girl.

Miss Jonelle Light, 4-H Club girl, reported on the district 4-H camp which she attended at Ballinger.

At the business meeting, presided over by Mrs. Buford Light, president, members decided to contribute 50 cents each to the county council. The hostess gift was auctioned to Mrs. Forrest Hess for $3.84. This money is to be applied to the council fund, the remainder of the contribution to be taken from the club treasury.

Mrs. Mildred Sparks, county home demonstration agent, explained and exhibited three children's garments. The club voted to make children's wearing apparel to be donated to Girl's Town.

Refreshments were served to the following: Mrs. C. D. Brock, Mrs. C. A. Clifton, Mrs. B. J. Clifton, Mrs. Hy Coldeway, Mrs. Dale Hess, Mrs. Forrest Hess, Mrs. O. C. Hess, Mrs. Light, Mrs. Lowell Light, Mrs. Ernest Schattel, Mrs. Soules, Mrs. C. H. Stahl, Mrs. J. C. Stahl, Mrs. Darwin Bollinger, Mrs. Arthur Lee Pieper, and Miss Light.

A SOUTHERN STEEL MILL—The Ensley, Ala., plant of a U. S. Steel subsidiary.

South Eats 'High on the Hog' As Industry has Rapid Growth

CHAPEL HILL, N. C. — Southerners, relatively speaking are "eatin' high on the hog."

Farms are fewer, larger. Where thousands of acres of cotton once stood now roll the green pastures dotted with Angus, Herefords, Jerseys, sheep and goats.

More and more of the land is losing that washed-out look. Even the south's once scorned pines have been developed into a $900,000,000 paper industry.

Tractors are kicking up dust in the land once considered the private domain of the mule.

Into the Tennessee Valley have poured more that 5,000 new enterprises in the brief span of 15 years.

Since 1944 alone, reports the U. S. Department of Commerce, the number of businesses spurted by 150,000, bringing the total to 512,000— a gain of 43 per cent.

BIG GAIN IN MANUFACTURING

From near zero 50 years ago, the region has progressed until it now accounts for 14 per cent of all U. S. manufacturing concerns.

In terms of what the rest of the nation has, though, the south is still the poor relation, but the point is, it isn't exactly destitute any more.

A measure of the urgent activity is to be found in the Birmingham, Ala., steel district, which has been operating at capacity for 10 years —and this despite the loss of markets to new mills in Texas and on the west coast.

Into South Carolina and North Carolina have com etextile factories, using cotton and synthetic yarns, by the score. Along the Gulf Coast has risen a forest of oil rigs and chemical plants.

Dr. Howard W. Odum, of the University of North Carolina, possibly the nation's foremost authority on the region, observed:

"The nature of the present day trends in the south may be illustrated by certain specific cases from which it is possible to observe a trend.

"The estimated population of the southern regions in 1945 was 32.3 per cent of the total for the United States. The total income payments were 23.4 per cent, but the percentage increase from 1940 to 1945 was 146 for the south compared with 116 for the nation.

"Salaries and wages in the south were 22.3 per cent of the nation's total, but the increase for the south was 155 percent as compared with 125 for the nation.

"In registration of private and commerical automobiles, the south has 24.1 per cent, an increase of 2.2 per cent as against an increase for the nation as a whole of 1.7 per cent."

World War II, of course, was a tremendous stimulant for the development of the sout hindustrially, but the trend has been noticeable over the past decade and a half. Why?

Dr. M. S. Heath, professor of economics at North Carolina, attributes much of it to the development of the south as a market.

It is axiomatic, of course, that in a free economy industry is forever seeking to place itself in profitable relationship to labor supply, resources and purchasing power.

A BOOST FROM UNCLE SAM

The south had everything but purchasing power. How did it get it?

With the beginning of the Roosevelt administration, said Dr. Heath the south began receiving huge sums as parity, payments on cotton and tobacco.

For the first time, he observed, the south was receiving enough money to meet its living requirements had have some left over.

The surplus, of course, he continued, was used for improvement and thus the south found itself being rated as a market, a lure to industry.

World War II, Dr. Heath said, left a tremendous reservoir of purchasing power within the region and thus had added to its attraction as a market.

Statistics are dull, but they tell a story sometimes as nothing else can. Look at these state by state figures for expenditures on new plants, expansion and purchase of new equipment in the years 1939 and 1947:

Virginia, $20,190,000 and $112,383,000; North Carolina, $30,148,000 and $137,583,000; South Carolina, $10,968,000 and $61,743,000; Georgia, $18,105,000 and $84,320,000; Florida $83,081,000 and $50,052,000; Tennessee, $22,774,00 and $83,792,000; Alabama, $11,977,000 and $72,362,000; Mississippi, $5,721,000 and $22,713,000; Louisiana, $15,807,000 and $97,210,000; Texas, $48,502,000 and $304,944,000; Arkansas, $4,357,000 and $30,262,000.

Natural Gas To Be Provided In Hermleigh Soon

Hermleigh residents will have natural gas for domestic purposes by Sept. 1, according to the Rev. Bob Creswell, mayor, who said Saturday that a contract was being processed between the city and the Lone Star Gas Co.

A list of 80 subscribers was presented to gas company officials Thursday, Mr. Creswell said, which is the number required before a contract can be made to supply a residential area with service.

"The 80 residents asking for the service represent only about half the number who will subscribe as soon as the service is started," the mayor added.

A survey of the practicality of piping gas to the city was made a little over a year ago, Mr. Creswell said, and the problem has been under consideration of the company since that time.

Work will probably start on the project about the middle of July, but no starting date has definitely been set, the mayor said. The contract states that the project will be completed by Sep. 1, he added.

Kent County's Salt Creek-Canyon Field Gets 2 New Locations

General Crude Oil Co. and Percy Jones have staked two more explorations in the Salt Creek-Canyon field in West-Central Kent County.

General Crude and Jones No. 2-168 J. W. Young will be a one-half mile north outpost to production. Exact location is 660 feet from north and east lines of section 166, block G, W&NW survey.

The No. 2-143 Young is on the southeast side of the field, and one-location south of the No. 1-144 Young, which is low to the discovery but which is possibly high enough to produce. The No. 2-144 is to be 1,944 feet from north and 660 feet from west lines of section 144, block G, W&NW survey.

Slated depth for each of the new projects is 8,500 feet, to tap the Canyon reef in that area.

The Salt Creek-Canyon pool, recently opened by Caroline Hunt Trust estate is eight miles northwest of Clairemont.

In the Kelley-Snyder field of Scurry County, Skelly Oil Co. has scheduled its No. 7. W. H. Pairish.

Drillsite is six miles north of Snyder, and 2,867 feet from west and 467 feet from north lines of the south half of section 385, block 97, H&TC survey.

Projected depth is approximately 7,000 feet.

Horns of the African rhino are not attached to its skull. They grow out of the skin and have a high commercial value among the Chinese, who use them for medicinal purposes.

Ellender Sees Enough Votes To Pass Bigger Farm Support

WASHINGTON, June 26. (AP) — Sen. Ellender (D-La) claimed enough votes today to complete congressional action on a $2 billion increase in government farm price support funds.

As the Senate prepared to vote on the farm bill late today, there was some determined opposition — aimed not at the price supports but at an amendment intended to halt or reduce farm imports from Canada, Mexico and other nations.

Leading this opposition were Sens. Magnuson (D-Wash) and Morse (R-Ore). They have objected to spending government funds to keep prices high for U. S. farmers, while allowing potatoes, fruits, grains, beef cattle and other competitive imports to add to domestic price and surplus problems.

WANT MORE TALKS

Magnuson and Morse want to send the price support legislation back to a Senate-House conference committee with orders to tighten up language intended to restrict imports of farm products.

Their argument collides with the administration's tariff-cutting programs under the Reciprocal Trade Agreements Act.

Sens. Ellender, Holland (D-Fla) and other supporters of price support programs were pressing the Senate to accept the compromise already approved by the House.

"I think we will have ample votes to put this through unless there are a lot of absentee senators today," Ellender told a reporter. "If senators will just study this compromise they will see it gives much more protection against farm imports than present law."

PRESIDENT'S POWER

Under existing law the President may limit foreign farm imports or increase import fees on them on the recommendation of the tariff commission.

At the urging of Magnuson and Morse, the Senate approved a plan to:

1. Allow the secretary of agriculture to make recommendations as to import quotas and higher fees.
2. Prohibit any new trade agreements or extensions of present State Department spokesmen pacts preventing new restrictions on farm imports.

contended this might wreck the trade agreements program and encourage Canada, Mexico and other nations to retaliate against exports by this country.

Negro Leader Says Support For Civil Rights Insincere

BOSTON, June 26. (AP) — Negro Leader Walter White has charged Sens. Taft (R-Ohio) and Lucas (D-Ill) with "gross insincerity" in their support of civil rights legislation.

The executive secretary of the National Assn. for the Advancement of Colored People sharply criticized the two senators yesterday in an address to the NAACP's 41st annual convention.

"The attitudes of 'Mr. Republican' and 'Mr. Democrat' are typical of the gross insincerity, with but few exceptions in both parties, on the civil rights issue," White declared.

He blasted the "more subtle politicians who clothe themselves in robes of respectability, smile unctuously at those they are about to doublecross, and then piously campaign for re-election on the ground they were prevented from keeping their promises by those pesky Dixiecrats."

"I have in mind," he said, "such men as Mr. Taft of Ohio who wrote the 1948 Republican Party platform promising unequivocal support of a federal FEPC. But a year later he proposed a toothless measure without enforcement powers.

". . . I have in mind the majority leader of the Senate, Mr. Lucas of Illinois, who approached the Senate fight for FEPC with quaking knee and quavering voice much as one would march to the electric chair."

Leaves Order For Long Trip After Death

NORRISTOWN, Pa., June 26. (AP) — Victor Ritter used to think it was too bad that the only times most families get together is for funerals.

So when Ritter — a furniture dealer of nearby East Greenville — died last June 16 he left a will which set aside nearly $4,000 to send his 12 nieces and nephews to Havana, Cuba.

Ritter stipulated in his will that any legatee who doesn't want to take the cruise must forefeit the right to a share in his $45,000 estate.

Victor's brother, Wilson of Carlisle, Pa., said Victor reasoned this way in making his will: "This money will be spent fast, but they'll always keep the memory of it. If I gave them cash instead, they'd spend it and five years later wouldn't know what they'd used it for."

Pope Completes Sainthood Rites For Young Girl

VATICAN CITY, June 26. (AP) — Pope Pius XII completed sainthood rites yesterday for little Maria Goretti, "martyr of purity" who died at the age of 11 resisting a rapist.

Wearing a blood-red mantle symbolizing martyrdom, the pontiff celebrated the culminating Pontifical Mass before some 60,000 persons, including 11 cardinals and more than 100 bishops.

The two-part canonization ceremony began Saturday before an estimated 500,000 persons in St. Peter's Square.

Well Near Midland Shows No Oil or Gas At Depth of 10,062

No shows of oil, gas or water were developed on a lower Permian drillstem test of Gulf Oil Corp. No. 1-E-B George W. Glass, wildcat in Southwest Martin County.

On the test at 10,062-160 feet, the tool was open one hour. A slight blow of air surfaced for 15 minutes and died. Recovery was 35 feet of drilling mud.

Operators were preparing to drill ahead.

The No. 1 Glass is slated to go to 13,500 feet, if necessary, to test all formations down to and including the Ellenberger.

Drillsite is 1,980 feet from north and west lines of section 13, block 39, T&P survey, T-1-N, and 12 miles north of the city of Midland.

Final Rites For Church Leader

ABILENE, June 26. (AP) — Funeral services for Mrs. C. M. Caldwell, 69, well known Baptist church leader and philanthropist, were to be held here today.

Mrs. Caldwell died late Saturday night.

Mrs. Caldwell and her husband, who survives, gave Hardin-Simmons University the Caldwell Fine Arts Building and donated the land on which Hendrick Memorial Hospital is located.

Easy Trail Left In Hit and Run

PHILADELPHIA, June 26. (AP) — A trolley left easily-traced tracks in getting away from a hit-run accident, police reported.

By following the tolley line for a mile and a half yesterday, Patrolmen James Metzgar and Walter Clifford overtook the streetcar and arrested the motorman, Albert Vogelman, 41.

Vogelman was charged with "hit-run by trolley." Police said Vogelman's streetcar collided with an automobile at an intersection, and then clanged away from the scene.

Russians Would Oust Nationalist From Jap Board

TOKYO, June 26. (AP) — Russia's representative on the allied council for Japan insisted today that the Chinese Nationalist member be replaced by a Chinese Communist.

The demand was made by Col. S. Polyashenko, acting Soviet member of the council, who has not attended a session since he took over last month on the departure for Moscow of Lt. Gen. Kuzma Derevyanko.

Derevyanko himself previously had ignored, walked out of or boycotted previous meetings.

Col. Polyashenko said he supported a demand by the Chinese Communists "and on my own part insist" on expulsion of the council's Chinese Nationalist delegate.

The Soviet demand was made in a letter, dated June 23, to Council Chairman William Sebald of the U. S. The letter was distributed by a representative of the Soviet News Agency Tass.

Polyashenko called for recognition of Red Gen. Chou Shih-Ti "as the sole legal representative of China."

The Russian did not say he would boycott future council meetings at which Nationalist China is represented—as the Soviets have done in the United Nations. But it is doubtful that he will attend council sessions unless a Chinese Communist is seated—an unlikely possibility.

Refrigerators Catch Fire in New Jersey

PATERSON, N. J., June 26. (AP) — It was so hot in Paterson over the week end that three refrigerators, laboring overtime, burst into flames.

The fire department put each one out with little trouble.

Amarillo Woman Is Charged in Death

AMARILLO, June 26. (AP) — Mrs Epsy Adams, 50, has been charged with murder with malice in the death of Madeline Thomas, 47.

Mrs. Thomas was shot fatally Saturday night on a city bus. She was accompanied by Mrs. Adams' husband, Otho, 48, at the time of the shooting.

Miss Jonelen Hendley, 16, a bystander, was shot in the leg. Adams also was shot in the leg. Miss Hendley has been released from the hospital.

The shooting occurred at a downtown intersection at 11:30 o'clock at night.

Dies While Racing

WACO, June 26. (AP) — Dr. F. W. Mitchell, 41, of Houston died yesterday shortly after he collapsed in his boat while taking part in a racing meet here.

Korean Invasion

TAIPEI, Formosa, June 26. (AP) — Nationalist China's Chiang Kai-Shek today sent a message to President Syngman Rhee condemning the invasion of the Korean Republic as "another expression of the vicious schemes of Soviet Russia."

Expressing confidence that South Korea would attain ultimate victory over the Communists, the generalissimo said Nationalist China is discussing with other governments concerned "appropriate measures to cope with the situation."

Arlington Resident Succumbs to Polio

FORT WORTH, June 26. (AP) — John Douglas Davis, 24, of Arlington, died of bulbar polio in a hospital here yesterday.

The death left two persons on the critical list here—his brother, Herbert Davis, 19, also of Arlington, and Mrs. Winnie Jeffreys, 44, of Bryson.

RELIC OF 'BATTLE OF ENKA'—Tennessee highway patrolmen look at a bullet-riddled automobile, one of several raked by gunfire at the morning shift change at the strike-bound American Enka Corporation's rayon plant at Morrisonton, Tenn. Four men were wounded in the violence. (AP wirephoto.)

Terry Wildcat Gets 74 Barrels In 3--Hour Test

Anderson-Prichard Oil Corp. No. 1 H. C. Bever, Southwest Terry County wildcat has shown as a probable commercial oil gas discovery from a lime reef—possibly Wolfcamp of the lower Permian.

The prospector recovered 74 barrels of free, clean, pipe line oil during a three hour drillstem test at 9,697-9,730 feet. None of the oil flowed out at the surface while the tester was open.

However, practically all of the oil unloaded while the drill pipe was being pulled. There was no formation water with the oil.

The oil fill up in the drill pipe during three hour test was at the rate of 24.18 barrels per hour. Gravity was 41 degrees.

Operator is preparing to core deeper. The reef lime was topped at 9,705 feet. Elevation is 3,277 feet. That gives the project a datum of minus 6,428 feet on that marker.

Stanolind Oil & Gas Co. No. 1 Sawyer, a deep dry hole about six miles to the northeast topped the same lime reef at 10,375 feet.

Interested observers calculated that the Anderson-Prichard discovery is at least 600 feet high, structurally to the Stanolind failure.

The indicated new field opener is 660 feet from north and east lines of section 39, block DD, John H. Gibson survey. It is three miles southeast of Wellman and 10 miles southwest of Brownfield.

There was a strong blow of air at the surface as soon as the tester was opened. It continued for 55 minutes and was replaced by a strong blow of gas. The gas blow continued for the remainder of the three-hour drillstem test.

Open flowing bottom hole pressure rose from zero at the start of the test to 750 pounds at the time the tool was closed.

Shuting bottom hole pressure, after 15 minutes was 4,000 pounds. Hydrostatic pressure was 4,705 pounds.

Should the wildcat yield oil on a regular production test from the 9,697-9,730 foot horizon the way it acted on the drillstem test, it would make approximately 600 barrels of oil per day naturally.

It was originally started out to drill to 12,500 feet to test into the Pennsylvanian and to possibly go to the Fusselman.

SCURRY WILDCAT

Drilling is to start soon at an 8,600-foot wildcat in Central-West Scurry County, less than one mile east of the Borden County line.

The prospector will be Delta Gulf Drilling Co. and Delta Drilling Co. No. 1 H. H. Eiland. It is to be 660 feet from east and 616 feet from south lines of section 283, block 97, H&TC survey.

That puts it 14 miles west and two imles north of Snyder and approximately five miles west of the nearest production in the Kelley-Snyder field and about the same distance northwest of the closest completed oil wells in the Diamond M-Canyon field.

The projected destination of 8,600 feet for the Delta Gulf and Delta No. 1 Eiland is calculated to take it into the Ellenburger.

GAS DISCOVERY

James S. Meriwether, Jr., of Fort Stockton is in process of completing his No. 1 Leon Farms as a gas discovery from the Yates sandy lime of the upper Permian in West-Central Pecos County, seven miles west of the town of Fort Stockton.

This development is 330 feet from south and east lines of section 16, block 146, T&STL survey, and two miles southwest of the Fort Stockton field.

It topped the Yates at 2,630 feet, on an elevation of 2,930 feet, to give it a datum of plus 300 feet.

A string of 5 ½-inch casing is cemented at 2,405 feet. Total depth is 2,870 feet.

After the plug was drilled out to bottom operator shot the interval at 2,650-2,825 feet with 410 quarts of nitro glycerin.

After the hole was cleaned out the well has shown for a gas flow of 5,500,000 cubic feet per day, with a little oil. There is no formation water.

The City of Fort Stockton is running a pipe line to the new discovery and will purchase the gas for distribution through the municipal gas system.

The Fort Stockton gas supply now comes from the Fort Stockton field and it is understood that the gas volume in that area is decreasing.

The Meriwether No. 1 Leon Farms is on one-half section lease secured in a farm out deal with Stanoling Oil & Gas Company. That concern retains an override on the acreage.

SMALL PRODUCTION

Possibilities of the development of a small production from the Leonard section of the lower Permian have been found at Wilshire Oil Co. and Balboa Oil Co. No. 1 Brooks, Central-East Irion County wildcat, five miles southwest of Tankersley.

This venture ran a one hour drillstem test at 3,725-4,000 feet. Recovery was 30 feet of slightly oil and gas cut drilling mud. There were no shows of formation water.

Bottom hole pressure built up from 15 pounds to 850 pounds, in a 15-minute shutin period.

Operators are to cement 9⅝-inch casing at 3,950 feet, to protect the pay above that point, and they will then drill on down to the Ellenburger.

This wildcat has water in the upper part of the Leonard between 3,665 feet and 3,725 feet.

It is 660 feet from north and west lines of section 21, block 3, H&TC survey.

Baker-Taylor Drilling Co. and H. Puckett, of Amarillo, No. 1 J. D. Gray estate is slated to be a 7,000-foot wildcat to test the Pennsylvanian lime in extreme Northwest Fisher County, 10 miles northwest of Rotan.

Location is 660 feet from south and east lines of the J. P. Baird survey. Operations are due to be started in the near future.

MIDLAND COUNTY

General American Oil Co., discovery operator of the Sweete Peck field in Southwest Midland County, has staked its No. 3-E Peck in the multipay area.

Slated to be drilled to the Ellenburger pay at approximately 13,500 feet, the No. 3-E Peck is to be one-quarter of a mile east of the discovery well in the area.

Drillsite is 660 feet from east and 665 feet from north lines of the northwest quarter of section 21, block 41, T-4-S, T&P survey.

This new pool is 30 miles southwest of the city of Midland. Commercial production from the Wolfcamp of the Permian, Pennsylvanian, Devonian, and Ellenburger zones already has been developed in the Sweete Peck field.

NO SHOW

Humble Oil & Refining Co. No. 1 J. J. Hobgood, and others, Central-North Hockley County wildcat, six miles west of Anton, and 660 feet from south and west lines of labor 10, league 693, State Capital Lands, failed to find any shows of oil or gas in a drillstem test in the lower Permian at 7,203-75 feet.

The tool was open 30 minutes. Recovery was 10 feet of drilling mud, with no shows of oil, gas or water. The prospector is to drill deeper.

It has shown possibilities of producing from the Clear Fork of the Permian between 6,570 feet. Some free oil was recovered in drillstem tests in that horizon.

The wildcat is projected to 11,000 feet to test the Ellenburger—unless it develops good commercial production before it reaches the Ellenburger.

IN MARTIN COUNTY

Martin County's two deep wildcats are both making more hole.

Gulf Oil Corp. No. 1-E-B George W. Glass, in the southwest sector of the county, 12 miles north of Midland and 18 miles west of Stanton, had reached 10,214 feet in lime and shale, and was boring deeper.

This venture is projected to 13,500 feet to test the Ellenburger. It has logged shows of possible production in the lower Permian which can only be fully evaulated by further testing.

Location is 1,980 feet from north and east lines of section 13, block 39, TP survey, T-1-N.

Spartan Drilling Co. and associates No. 1 Wolcott, in Northwest Martin County, 13 miles northwest of Lenorah, and 5,864 feet from west and 1,471.8 feet from north lines of league 251, Ward County School Land survey, had penetrated below 11,560 feet in dry lime in the Pennsylvanian, and was going on down.

This wildcat has also logged interesting shows of possible production in the lower Permian Spraberry and Dean sections. Many interested observers think those shows could be developed for commercial production.

Spartan No. 1 Wolcott is projected to 13,000 feet to test into the Ellenburger.

BETWEEN 2 FIELDS

In an undeveloped section between the Diamond M and Kelley-Snyder fields in West-Centray Scurry County, the Sun Oil Co. has staked its No. 1 J. W. Voss and others.

Drillsite will be 2,226 feet from east and 467 feet from north lines of section 203, block 97, H&TC survey, and nine miles west of Snyder.

If the venture misses the Canyon pay in the area, operator plans to deepen to approximately 8,100 feet in an attempt to develop some sort of production from the Strawn.

Operations are to begin immediately.

CRANE EXPLORATION

Humble Oil & Refining Co. has staked another exploration in the Cordona Lake Devonian pool in Central-South Crane County.

Humble No. 1-B Jax M. Cowden will be 3,105 feet from south and 467 feet from east lines of the Juan Cordona survey.

Slated depth is approximately 5,500 feet. This new pool is 14 miles southwest of the town of Crane.

Former University Professor Succumbs

SACRAMENTO, Calif., June 26. (AP) — Funeral services will be held at Berkeley, Calif., for Dixon Wecter, 44, professor of English at the University of California.

Wecter, a native Texan, and former instructor at the University of Texas, died Saturday. He suffered a heart attack shortly after delivering a speech to the California Library Assn.

Wecter last week visited his mother, Mrs. Eugenia Wecter, in Waco.

Swift American Action To Help South Korea Is Seen

By JOHN M. HIGHTOWER
AP Staff

WASHINGTON, June 26.—Vigorous American military and diplomatic support for embattled South Korea raised official hopes today that the Communist invasion may be stemmed and the Korean war prevented from exploding into a broader conflict.

President Truman summed up the attitude reportedly held by many of his top officials when he told reporters at the start of an emergency flight to Washington from Independence, Mo., yesterday: "It could be a dangerous situation, but I hope not."

Last night the chief executive and 13 of his administration leaders, including Secretary of State Acheson and Secretary of Defense Johnson, conferred for more than three hours at Blair House.

DETAILED REVIEW

It was understood they reviewed the situation in detail and explored possible further American action to save Southern Korea from conquest by the North Korean Communists. No decisions were announced, however.

Meanwhile the Senate was due to take up (late afternoon) a pending $1,222,500,000 foreign military assistance bill for the next 12 months and thereby open a forum for debate on the latest developments.

On the administration side indications were that for the moment the President and his advisers, having set two lines of action in motion, wanted to judge results before embarking on further ventures. Basic American policy appeared to be to do everything possible to localize the fighting but also, with American prestige deeply involved, to assure the survival of South Korea.

ACTION

Yesterday, in quick succession, the American government.

1. Directed Gen. Douglas MacArthur to rush munitions, particularly small arms ammunition, to the South Korean Army from his stores of war material in Japan.

2. Won United Nations Security Council approval for a resolution ordering a stop to the fighting and the withdrawal of the Communist forces back to their own territory north of the 38th parallel.

The decision to appeal to the UN Security Council was made Saturday night and resulted in action of unprecedented speed at Lake Success yesterday afternoon. Officials here said the UN order gives a possible legal basis for further American action if necessary.

Should the northern regime ignore the cease-fire and withdrawal order and should police action by the United Nations become necessary, American forces under Gen. MacArthur's command might be employed to enforce the order.

HOPE FOR PEACE

There was hope in official quarters here, however, that the northern forces might pull back without further goading. A possibility of such action was seen in the fact that the Red regime at Pyongyang, according to Tass dispatches published in Moscow, claimed the fighting was started by the southern forces and the action of the north was defensive.

The best available information on government policy overnight was that the American Air Force in Japan had not been ordered into the fray—although it was protecting vessels evacuating more than 600 American women and children from Southern Korea.

Air Force sources said some Mustang fighters, a World War II type, are stationed in Japan. They also said these fighters have been available in the war surplus market for several years, though there has been no indication here that the South Korean Government has acquired any of them.

Train Derailed When Bridge Collapses

MT. PLEASANT, June 26. (AP)—Eighteen cars of a Cotton Belt freight train were derailed yesterday when a bridge collapsed at a Sulphur River crossing near Naples, 13 miles east of here.

No one was injured.

Yardmaster Grant Baldwin at Texarkana said the accident occurred when a strap around a car of poles broke and some of the poles struck the bridge.

Royalty Division On County Land Gets Approval

The county commissioners, in a called session Wednesday, approved a royalty division order on a tract of land owned by the county near the underpass crossing U. S. Highway 84 about five miles north of town.

After a motion by Ted Haney, Precinct No. 3, and a second by F. J. Chapman, Precinct No. 2, the court voted unanimously to accept and approve a part of the division order of Magnolia Petroleum Co., allotting the county seven-eights of one-eighth royalty interest and an override of one-sixty-fourth royalty interest from the producing well recently completed on the 9.74-acre tract.

Drilling of the well began in April by the Empire Drilling Co., which held a contract with D. R. Bright, of Dallas, who paid the county $12,500 for a mineral lease on the property last summer.

The county purchased the property in 1935 for highway right-of-way from the Lincoln National Life Insurance Co., Lincoln, Neb., for $450.

MacArthur Orders Red Paper Suspended

TOKYO, June 26. (AP) — Gen. MacArthur today ordered the Japanese government to suspend publication of the Communist Party Newspaper Akahata for 30 days.

It was MacArthur's third body blow to Japan's Reds in as many weeks. On June 6 he ordered 20 of the party's central executive committee purged from Japanese political life. The next day he banned 17 top editorial personnel from working on Akahata.

In a letter to Premier Shigeru Yoshida today, MacArthur said he hoped elimination of the old leadership would turn Akahata toward "a course of relative moderation."

Snyder Man Assigned To Weather Squadron At Alaska Air Base

Pfc. Donald W. White of Snyder has recently been assigned to the 375th Weather Reconnaissance Squadron, Eieson Air Force Base, Alaska, as a radio mechanic. The 375th Squadron, a unit of the Air Weather Service, makes regular flights to the North Pole and over the Bering Sea area in search of long-range weather data. Specially modified Superfortresses are used in conducting these missions.

The son of Mr. and Mrs. C. W. White of 2804 Avenue L, Pfc. White attended Snyder schools and enlisted in the Air Force in January, 1949. Prior to his assignment with the 375th Squadron, the local airman served at Scott Air Force Base, Ill.

Polio Patient Put In Portable 'Lung'

EDINBURG, June 26. (AP) — One of the first patients in the new Houston polio center was a pretty 15-year-old girl from Donna who traveled from here to Houston in three different mechanical lungs.

She is Jerry Jean Ennis, daughter of Mr. and Mrs. Charles Ennis.

Jerry Jean had been in the iron lung at Grandview Hospital here for two months. When time came for the move to Houston, a portable respirator was strapped on her chest for use in the ambulance.

The ambulance took her to a special baggage car of the Southern Pacific where she was transferred to an Emerson respirator.
