Attention, Stockmen!

Brackettville, Texas

Editor Stockman and Farmer:

Having noticed in the papers the great amount of talk about exterminating the fever tick by compulsory dipping, or by starving caused by keeping pastures clear of stock for a certain period of the year, I desire to say from my some forty years in the cattle business, and experience in handling cattle on all classes of range from the Colorado to the Pecos river, and in the southern portion of Texas, that in my candid opinion all such methods are rendered whimsical and absolutely worthless by the very important and obvious fact that on most if not all the cattle ranges in Texas we find wild animals of all kinds, and those of the stockmen who have spent any time on the ranges and gave the matter any attention what ever know from actual observation that these wild animals are used as hosts by the fever tick and for this if no other, and there are many, reasons it does not appeal to the experienced stock raiser or man who actually spends his time and money in producing the cattle on the range as feasible or even possible to exterminate the fever tick in Texas by the methods advanced by all the leading advocates of government compulsory dipping.

There is also another feature to be given consideration along this dipping line, and that is if the fever tick could be for a certainty exterminated in certain locations or districts in Texas where wild game are plentiful cattle raised in such locations or districts would not acquire immunity from tick fever even though they were cleaned of the tick by the compulsory dipping, be it as often as the inspector would require, even dipping to the detriment of the animal, for as soon as they were permitted to roam again on the range they would become immediately infected with this tick pest and naturally contract the disease if the system of the animal was in condition to contract the fever. I have hardly ever found the tick early in the spring when we have a good season in the ground to bring up the different varieties of green feed, especially the green weeds, but they will be plentiful and bad on this same range when we have a dry spring, more or less appearing in the month of June and parts of July it seems that when the temperature reaches a certain heat in summer, both day and night, the tick will shed off, as the heat of the animal at these periods of the year get so hot that the tick cannot stand it and drop from the animal, then we more or less find them appear again in the months of September and October, and will remain until cold weather.

Every man should be prepared after a careful consideration of this question to intelligently cast his vote in opposition to the government compulsory dipping method. I have seen places or locations in Texas thickly infested with this tick fever and in other places on account of roughness, or fences where it was impossible for cattle or horses to range the ground would be so covered with the tick, and you will find the fever tick in certain locations where at other places or locations at or near the infected spot you will find none, and every man that has been on and studied the ranges in Texas know from the class of timber where these infected clusters or are located without even going upon the ground. It seems that the tick we call fever tick does not necessarily have to live on an animal, but can and do exist on the sap of certain trees, but naturally they thrive better on the blood of animals. I have killed and seen killed in the last twenty-five years many deer, coyote, wolf, fox, wildcat, raccoon, opossom, ringtail, javaline, rabbits, both jack and cotton tail, infested with the fever tick, and of course to properly eradicate the tick those who never raised a calf to cowhood but insist on compulsory dipping and advocating such expensive methods for us at our expense should first study and advocate a proper method to get rid of the fever tick on such wild animals as above named and many others too numerous to mention here

I would suggest here to the advocate of compulsory dipping that if they want to be of any great service to the cattle raisers of Texas they should lose no time getting behind a bill now pending in the legislature and help us get some assistance in exterminating the wild animals that prey upon our industry and let the compulsory dipping alone until these wild pests that annually rob us of many thousands of animals are exterminated, and not break or compel us to quit the cattle raising business by compulsory dipping which as I see it means to eat up what little profit if any is left after the wild animals loosen up on us.

I for one stockman stand squarely against giving the tick a compulsory government bath at the great expense and inconvenience of the stockmen. I believe every cattle raiser should give this matter their very best thought, study the many pests that are now preying upon our industry and then fall in line with it is to late and see to it that through our negligence and delay we do not get another to torment and penalize us, or compel us to quit a lifelong business

Yes get behind the tick advocate and try to have him advocate the extermination of the wild pests that act as incubators for breeding the tick and then when we get this long needed assistance and the wild thief is gone from the Texas cow range he may then turn his attention to some other useful and much needed reform for the benefit and assistance of the cattle industry. I give this as my view of this subject to the stockmen and general public with the hope that it will be of some benefit.—Max Herbst.

Abilene Hunting Party Returns Home.

The hunting party from Abilene chaperoned by District Judge Blanton which came down Thursday in cars returned home Saturday after enjoying a most successful hunt for wild turkeys on Gentry Creek. They were joined on their excursion by M. W. Shelley, D. G. Benchoff, W. L. Oliver, S. R. McCarley, Plunk Tipton, and a darkey cook from Menard. The personal of the Abilene crowd was Judge Blanton, and Attorneys D. M. Oldham, R. W. Hayne, C. G. Whitten Peter Logon, Arthur Jones, and Munsey Cogswell. They had unusually good luck with their hunt and had plenty of turkey to eat and took a number back with them. All of the party assured their friend Mr. Shelly that the trip was a treat to them and that they in conjunction with friends would come again in the fall.—Menard Messenger.

W. D. STOCKTON.

W. D. Stockton who has resided at Fort McKavett for the past seventeen years, died peacefully on Sunday morning about five o'clock. He leaves an aged widow and ten children to mourn his loss. He was about seventy two years old. The deceased has not been in the best of health for several years. He was most highly respected for his honesty and purity of purpose. He had a winning way that won him friends besides being most consistant in his walk and conservative. The funeral took place Monday from the Ft. McKavett cemetery, Rev. Richard Mercer conducting the service in an impressive manner. The school out of respect for his memory, closed for the day.—Menard Messenger.

E. L. Southall, experienced painter and decorator, of Dewitt Co., is now located in Junction and will be glad to figure with you. Prices are reasonable and satisfaction guaranteed. It will pay you to figure with him.

OBITUARY.

Mrs. Mary Williams wife of brother J. Q. Williams whose health has been failing for some time and who has been here in Kimble County seeking to improve some was to the surprise of their neighbors called to go out into eternity—but without fear. Sister Williams was born March the 2nd. 1853 and departed this life April 1st 1915 at 12:25. Sister Williams professed faith in Christ at the age of 15 years and joined the Methodist Church where she remained to her death. She was a beautiful Christian character, a gentle wife and loving mother. She exemplified her early profession in Christ by her cheerfulness and confidence in the trying hour of death. She talked to her husband just before death and said all was well with her soul. It was said by the great and good John Wesley, "our people die well." There was summoned the family at their several homes Mrs. J. R. Bellew of Ennis, Texas, Mrs. W. M. Seymore, Odonel, Texas, Mrs. E. S. Glover of Colorado City, Texas, and a son at Manhatten N.Y.; He was not here for the funeral. Another son, together with the husband of the deceased resided in Kimble.

Deceased was placed to rest in the Coperas Cemetery, on North Llano River, April 2. Her loving husband and children naturally mourn her loss; but they sorrow not without hope. May they live such exemplary lives as their dear mother and truly it will be with them as with her, "Blessed are the dead who die in the Lord, from hence forth they do rest from their labors and their works do follow them."

Respectfully submitted

Willard Defeats Johnson

Young White Giant Knocks Out Black Champion in Twenty-Six Rounds of Fighting at Havana

Havana, April 5.—Jack Johnson, exile from his own country, today lost his claim to fistic supremacy as the heavy-weight champion of the world, the title being wrested from him by Jess Willard, the Kansas cowboy, the biggest man who ever entered the prize ring, and a "white hope" who at last made good.

The day after tomorrow Johnson and his wife and little group of friends will sail for Martinique, there to await passage back to France, where Johnson proposes settle down and lead the life of a farmer, raising pigs and chickens. There is no doubt that he is through with the ring.

Today's fight probably has no parallel in the history of ring battles. For twenty rounds Johnson pinched and pounded Willard at will, but his blows grew perceptibly less powerful as the fight progressed until at last he seemed unable or unwilling to go on. Johnson stopped leading and for three or four rounds the battle between the two huge men was little more than a series of posings.

So it was until the twenty-fifth round when Willard got one of his widely swinging windmill right hind smashes to Johnson's heart. This was the beginning of the end.

When the round closed Johnson sent word to his wife that he was all in and told her to start for home. She was on the way out and was passing the ring in the twenty sixth round when a stinging left to the body and a cyclonic right to the jaw caused Johnson to crumple on the floor of the ring, where he lay partly outside the ropes until the referee counted ten and held up Willard's hand in token of victory.

Foster's APRIL 1915, Weather Chart.

THIS WEEK'S FORECAST

Washington, D. C., April 19—Last bulletin gave forecasts of disturbance to cross continent April 10 to 14, and 14 to 18, warm waves 9 to 13 and 13 to 17, cool waves 12 to 16 and 16 to 20. These disturbances will bring a much greater rise in temperatures than the season calls for and general good crop weather will prevail. Storms will be of greater than usual force but rains will not be excessive. Southern sections will get most of the precipitation. A sudden increase in all storm forces is expected near April 12.

Next disturbance will cross great central valleys 20 to 22. Warm wave will cross great central valleys 25, eastern section 27. Cool wave will cross great central valleys 23.

This disturbance will be preceded by a moderate cool wave but temperatures will go up rapidly and to high degrees as the warm wave comes in. Rather a mild disturbance. Not much precipitation with this disturbance. The elements will be used in preparing severe storms that will come with next disturbance.

Sixth disturbance of April will cross great central valleys 25 to 27. Warm wave will cross great central valleys 25. Cool wave will cross great central valleys 28.

This will bring bad storms to many sections and all should be on the alert. No voyages should be taken on the waters during that week and plans should be made for remaining near home and safety. Heavy rains are expected in southern sections, in Mexico, Central America and on southern California Pacific slope.

Next bulletin will give general forecasts of May crop weather, but we may now say that all eastern and southern sections will get excess of moisture during that month. Early planting was delayed in many southern sections by too much rain first part of March. Severe storms are probable about May 5 and 21.

Our success in giving market advices on grain and cotton indicates that it will pay all producers, dealers and consumers to follow Foster's weather bureau on these matters. Those who have followed that advice during the past year have surely been well repaid.

Those who get out a little earlier than the crow caws his first call during the early mornings in May will see three of the most beautiful gems of the sky. Jupiter, Mars and Venus will be morning stars; Jupiter rising first and the other two a little later. These three planets have must to do with out weather and some day the human race will know that the electrical forces that come from these three have very much to do with the health of the human race and of the lower animals. Ignorance and deep seated prejudice, however, make progress along these lines very slow and the pioneers of this thought are compelled to bear much ridicule.

TRAIN-AUTO RACE FATAL TO DRIVER

Sabinal Merchant's Machine Strikes Fence As He Avoids Hitting Farm Wagon.

Sabinal, Tex.—W. M. Wofford, a merchant of Sabinal, died as a result of injuries suffered while he was racing in an automobile with a passenger train on the Galveston, Harrisburg & San Antonio Railway.

SEGUIN MAN GOES INTO THE BUSINESS ON LARGE SCALE

Seguin, Tex.—Turkey-growing on a very large scale has recently been begun by Charles Wells on the J. B. Wells' Willow Springs ranch in Guadalupe and Gonzales counties. This ranch contains about 30,000 acres and is watered by twenty-two flowing artesian wells. Mr. Wells has in his employ an expert poultry grower, who, with an assistant, will devote his entire time to the turkey farm. He proposes to have several thousand birds ready for the market next fall.

HURT BY AUTO.

Temple, Tex.—Miss Bernice McDavitt, 17, of San Antonio, was fatally injured and Rufus Stegall of this city, her companion, painfully lacerated and bruised when Stegal's automobile was wrecked on the Temple-Belton Pike.

Corpus Christi, Tex.—Sheriff Wright and his deputies are scouring the country for the men who are believed to have caused the wreck of the St. Louis, Brownsville & Mexico train near Calallen.

The south bound train at five o'clock went into a ditch. Fireman Jefford of Kingsville was scalded, but his wounds are not serious. No other members of the crew or any of the passengers were injured.

PROMINENT SHINER DIES.

Dallas, Tex. — George H. Green, superintendent of traffic for the North Texas Traction Company, died here. Mr. Green, who was 65 years old, was past potentate of the Shriners' temple here.

THIEF CLAIMS TO HAVE SWALLOWED DIAMOND

Dallas, Tex.—County Attorney Mike Lively today said Jas. Williams, the youth accused of breaking a jewelry store window here recently and taking $17,000 worth of jewels, has declared he swallowed the a $10,000 diamond, the most valuable of the missing jewels. The youth said he believed the diamond was still inside him. Mr. Lively said the police have no confidence in the story.

Denison, Tex.—No better evidence of the return of prosperity than the announcement by the Missouri, Kansas & Texas Railway Company that effective April 1 fifty men will be added to the Denison shop force by putting back to work employes who were laid off some time ago, and the working of the entire force six days each week instead of five days, as at present.

It is also authoritatively stated that by May 1 another fifty men will be necessary, making an increase of 100 men in the Denison shops in thirty days.

TOM GREEN COUNTY ANTIS WIN BY A MAJORITY OF 35

San Angelo, Tex.—The full and complete unofficial returns of the prohibition election held in this county gives the antis a majority of 35. The total vote cast was 2335, the heaviest polled in Tom Green county.

GARRISON TOO BUSY TO TALK PROHIBITION

Washington, D. C. — When Secretary Garrison's views were sought today on the subject of prohibition in the army, he said he was so busy planning a reorganization of the country's military defenses he had not even considered what he would "prohibit" when he had brought the army up to what he believed to be its proper size.

To introduce a dry order into the army at present, Mr. Garrison said, "would be like taking a bottle from a baby."

TRAMPS MURDER TWO BRAKEMEN ON FREIGHT TRAIN

Bodies Found on Top of Car When Train Pulls Into Denton Yards. Countryside Aroused.

Fort Worth, Tex. — Joseph Jackson and John W. Rawn of Denison, brakemen on the Missouri, Kansas & Texas Railroad, were shot to death and robbed as the fast fruit train on which they were riding sped northward between Gravel Pit, twenty-two miles north of Fort Worth, and Smoots. The dead bodies of the brakemen were found lying on top of a refrigerator car when the train reached Denton at 1:08 a. m.

The Missouri, Kansas & Texas offers a reward of $500 for the arrest and conviction of any or all of those responsible for the murder of the brakemen, according to a special telegram received by Vice President Webb of that company.

NEGRO LABORERS TERRORIZED

East Texas Lumber Company Appeals To Federal Court for Protection

Houston, Tex.—The Trinity County Lumber Company appealed to the federal court here asking protection for its negro employes. Allegations are that threats have been made and that many of them are in a state of terror.

WELL BROUGHT IN SATURDAY IS PRODUCING 6,000 BARRELS PER DAY.

Taylor, Tex.—At a depth of 831 feet at 5 o'clock the third gusher in the Thrall oil field was brought in by Contractor P. M. Hoffman on the Fritz Fuchs lease for the Murphy-Cronan Association of Philadelphia, Pa., and Tulsa, Okla.

CONFESSES KILLING HUSBAND

Woman Says She Poured Oil and Straw on Bondy and Burned It.

Waco, Tex.—Mrs. Kate Wilanowski of Marlin today made a formal confession here to County Attorney Tom Bartlett of Falls county, in which she admits killing her husband, Ed Wilanowski, at their home in Marlin on the night of February 15 last. She stated further that she covered the body with straw, poured oil on it, and set fire to the remains, burying the few bones that remained in augur holes, where they were found by Sheriff Plat of Falls county.

"HOBO EDITOR" AT TEMPLE

Temple, Tex.—Frank Armitage, who claims the title of "hobo editor" and owner of the English Railway Men's Magazine, passed through here on the last lap of a "hobo" trip he is making that, when completed, will encircle the American continent. He claims to have left London November 25 and Quebec on December 3, and has already covered 8000 miles of his trip without expending any money for transportation. He has yet to visit Galveston., New Orleans, Washington, Philadelphia and New York.

GIRL DRESSED AS MAN TAKEN OFF FREIGHT TRAIN

Sherman, Tex.—An 18-year-old girl, dressed in men's clothing, was taken from a box car. She was accompanied by a man about 30 years old. The couple claimed to be brother and sister and refused to make a statement. The girl wore a large white cowboy hat with a Big Springs, Tex., mark in the band.

GREAT RUSH FOR OIL LANDS.

Georgetown, Texas — Three hundred oil leases have been filed here in the Thrall oil fields and tracts of land range from five to 725 acres. The prices paid as bonus are from $2 to $175 an acre and one-eighth royalty. About 50,000 acres of land has been leased, according to the records of Wililamson county.

CAMPBELL'E FRIENDS SURE HE WILL RUN FOR SENATE

TEXAS VETERANS WELL CARED FOR

Confederate Home More Generously Endowed Than Any Other Like Institution.

Austin, Tex.—The Confederate Home maintained by the state of Texas has more inmates than any other similar institution of the southern states and appropriations for 1914 are higher by $36,000 than any of the other states. Texas, however, ranks third in the amount of pensions for the year, Georgia being first and Alabama second.

FAMOUS EXPLORER VISITS SAN ANTONIO

Dr. Charles Hanover Cook, B. S., D. D., Ph. D., the famous Arctic explorer, was a guest of Alfred Sanner of the Bexar hotel last week. Dr. Cook and Mr. Sanner have been life-long friends, Mr. Sanner accompanying the explorer as far as Hooper's Point on his last dash to the forty-seventh parallel. In Dr. Cook's party were: Hon. Jack Frisbee and his secretary, John Sumpter, of Hot Springs, Ark.

Dr. Cook brought with him two car loads of Arctic souvenirs, including Polar bears, seals, Eskimo boys, sea lions and many species of Arctic minerals. Dr. Cook delivered several hogsheads of blubber to the drug houses of the city, and made many interesting talks on Arctic exploration, and the effects and curse of liquor on the Eskimo race above the forty-seventh parallel.

Mr. Sanner was the recipient of a magnificent diamond in the rough found at Mount McKinley, which he is exhibiting with great pride to his many friends.

HYDE HAD "BULLY" TIME IN PRISON

Millionaire Completes Term in Atlanta Under Land Fraud Conviction.

Atlanta, Ga.—Frank M. Hyde millionaire clubman and business leader of Oakland, Cal., has been released from the federal prison here after serving sixteen months in connection with land frauds, and will leave for his home tomorrow. Officials announced today Hyde left the prison late yesterday.

President Wilson recently remitted fines and costs assessed against Hyde, the total of which never had been definitely determined and which had resulted in his remaining in prison four months after his sentence had expired. Hyde originally was sentenced to two years' imprisonment, but this was commuted to a year and a day before he began his term.

In announcing his intention to leave tomorrow for California Hyde said:

"I had a bully time in prison. It was the most worth-while sixteen months of my life."

In 1904 President Roosevelt ordered an investigation of alleged land frauds, which resulted in the indictment of Hyde and several others on charges of conspiring to defraud the government out of thousands of acres of land on the Pacific Coast. Hyde was tried and convicted in 1908. The case was taken before the United States Supreme Court three times.

During his prison term Hyde gave money liberally to assist in providing sports and recreation for the prisoners.

SHERMAN MAN CRUCIFIES SELF ON CROSS OF TIES

Brenham, Tex.—Crucified on Good Friday, by his own hands, on a cross facing east, was the fate of John Divoky, aged 44.

He made the cross of railroad ties and set it among trees near his home, where he lived alone. Mounting the truss, fastening his hands to spikes, putting a noose around his neck, he kicked the truss away. Divorce from his wife in March was given as the cause; he was also thought to be insane.

Divoky left a note disposing of considerable property to a sister and five children. He requested that a lock of his wife's hair be buried with him.

CAN STUNG BY CONSCIENCE SENDS $10 TO SAP ROAD

Stung by conscience, a man who had been using a pass belonging to a railroad official yesterday forwarded a $10 bill to pay for the traveling he had done without cost on the San Antonio & Aransas Pass Railroad in the past. The letter, enclosing the new bill and a short letter, was addressed to H. D. Kilgore, city ticket agent, San Antonio. The letter read as follows:

"Enclosed find $10 to cover value of pass which I used in traveling over the system. City ticket agent will please see that this reaches its proper destination."

The conscience contribution was turned over to George F. Lupton, general passenger agent who sent the following acknowledgement to the city ticket agent:

"We would understand that the party enclosing the memo has been traveling over the Sap road on another person's pass and there is no question but what his conscience convinced him that he had not been acting honestly, notwithstanding the fact that there has been no Billy Sunday holding meetings in Texas.

"We are glad to see that the gentleman has evidently hit the 'Philadelphia Sawdust Trail' and has made restitution. For the benefit of others who may have been riding on illegally-used transportation, we will say that the door of repentance and restitution is still open for 'conscience money.'"

Mr. Lupton said that during the thirty-two years he has spent in the railroad business, he has received such a contribution only one time before. It was for $2 to pay for a ride after the conductor failed to collect a cash fare on the train.

San Angelo, Tex.—The result of the prohibition election in Tom Green County is still in doubt. In twenty-eight precincts out of twenty-nine the wets have a majority of only thirty-one. The box yet to be heard from might change the result.

An exceptionally heavy vote was polled. The four boxes in San Angelo went wet 156.

M. O. P. GIVES PUBLIC INSTALLATION.

Grand Feast Follows Amid Much Merriment

The Praetorian Hall in Junction was the scene of a large and happy gathering Monday evening, April 5th, when Junction Council No. 50 gave public installation. The hall's furnishings were really arranged, each station was pleasingly decorated pleasure was queen of the evening, and the entire occasion was one of thorough enjoyment to all.

At 8:30 house was called to order the line of march proceded to seat the officers, after which the regular form for open session was taken up; the opening song of the order, prayer by Rev R. T. Deel, soon after which came the installation ceremony, ably conducted by District Deputy C. E. Pearson. Upon instructions, Praetorian Herald C. M. Nichols brought, forward, in turn, the following worthy Praetorian, officers elect, who were duly installed: W. O. Dechert, S. A.; Oren C. Reid, S. T.; Miss Augusta Dechert, J. T.; Rev. R. T. Deel, Attorney; Dave Cowsert, F. C.; Miss Osie Cross, S.C. J. B. Stevenson, L.; Rev. Jno. C. Campbell, Soothsayer; Mrs. Matt Roberts, Praetorian Queen. Recorder and Medical Examiner were not present.

The installation ceremony was followed by a spread which might be more adequately described as a feast. Barbecued meats, lightbread, pickles, hot coffee, iced lemonade, and a great variety of cake made the menu a very acceptable feature of the evening.

After supper District Deputy Pearson favored the gathering with a short, apt, address on Praetorianism. Praetorians and invited guests mingled together in happy conversation and pleasantry, and the evening was one of combined pleasure and benefit.

A town or a city is as dirty or as attractive and clean as its people make it. It can not rise above the level of its citizens.

TOM GREEN WET BY 35 VOTES

Tom Green County went wet Wednesday, March 31st by 35 votes. It was a hot contest. Voting was heaviest ever polled in that county a total of 2355 votes; these were divided as follows: Dry, 1160; wet 1195. The pros are lamenting the fact that many failed to pay their poll taxes. It is said that there were in the city of San Angelo alone seventy whose names were on the prohibition lists who were entitled to poll taxes, but who did not get them. Another impressive lesson on the value of that little $1.15 voting paper.

Joe McClendon was an appreciated business caller at the Citizen office last Saturday.

DIED

Mrs. Mary Neal, wife of A. J. Neal died at their home in the Gentry community, at 5 o'clock p. m., Tuesday, April 6, 1915, Mrs. Neal was born in Miss., in 1849. She came with her people to Texas when four years of age, and continued to reside in the Lone Star State until her death. The body was placed to rest in the Gentry cemetery April 7th, Rev. J. F. Boone conducting the funeral services. With her husband she has made her home in Kimble county for a number of years, and his many friends here who feel keenly the sorrow made by her death.

After a long, busy and useful life this true and noble woman died as she had lived—honored, trusted and loved. She reared her own monument while she lived in the hearts of all who knew her. She was a faithful member of the Presbyterian Church. All the care and love that skilled physicians and an anxious household could devise and apply for her comfort and assistance were brought into play, but the fiat of Him who rules our incomings and outgoings had been issued, the summons had been made "come up higher," and the sufferer's spirit took its flight to that home the Christian believes is the fulfillment of life everlasting.

Deceased leaves a devoted husband, one daughter, and five sons. Two of the sons live in our county. All the sons were present during the last hours.

We shall sleep, but not forever,
There will be a glorious dawn;
We shall meet to part, no never,
On the resurrection morn.

After a very short time spent among the squirrells' haunts Tuesday morning he returned with a load of this choice game that made it appear as if he needed a wheelbarrow to get it home. He kindly distributed the load among his friends—and the portion left at our sanctum was so good that we have actually been in agood humor for three days in succession.

RANCH HOUSE BURNS.

Early Sunday night the house on G. R. Ivy's ranch was, with its contents, completely consumed by flames.

Residence was good 6 room house, well finished, and cost in itself about $1000. The smoke house near by also was destroyed, top part of well burned and caved in, and a nice fence around yard consumed. Cause of fire is unknown. There was no one at the house at the time. Mr. Ivy's younger brother had been there in the afternoon, but had left. It is conjectured that fire which was in the stove when he was there afterwards in some manner started the conflagration. The place was about completely demolished before discovered by neighbors. Fortunately the house was lightly furnished, there being hardly more than a camping outfit. Nothing was saved. No insurance.

NINTH AND TENTH GRADES ENTERTAINED.

Miss Griffith most beautifully entertained the faculty, ninth and tenth grades of Junction High School with an Easter party on Saturday night April 3rd. Miss Mary Harmening presented "A Merry Widow," with "accomplished daughters" furnished entertainment for a part of the evening which was thoroughly enjoyed. In the contest "Easter Rabbit" Misses Alice Heyman and Loma Kelley won the prize. Delicious refreshments were served. The guests departed declaring Miss Griffith a royal hostess.

Got What They Went After

Hon. M. E Blackburn, C. R. Stevenson, E. A. Loeffler, and W. A. Quisenberry returned Monday from Austin where they had been to represent this section in a protest against the ruling depriving people of this section of taking any more water from the Llano river for irrigration purpose. Hearing was given by the water engineers, and decision rendered in our favor. Water rights will continue to be granted. It is very obvious what it would mean to our people to have these rights denied. The delegation got what they went after, and its our time to smile in a thankful way.

We are authorized to state that Dr. R. H. P. Wright a prominent South Llano ranchman was in the city Wednesday. We failed to get illustrations and further particulars.

According to the new law the school trustee election was omited here last Saturday, and it devolved upon County Judge J. B Randolph to appoint two men for trustees. He complied by appointing the ones now serving, E. A. Loeffler and W. A. Quisenberry.

Rev. J. D. Boone left Thursday for San Antonio to attend the meeting of the Presbytery. He goes a few days early in order to be with his wife who is now in that city for special treatment.

BIG BALL AT THE RANCH HOME OF MR. AND MRS. JOHN GARDNER NEAR ROOSEVELT

The ranch home of Mr. and Mrs. John Gardner was a pleasant scene of a gay throng on the evening of April 2nd. when the farewell dance was given Miss Lora Penland. Music was furnished by the Junction Hall band. 42 and flinch was the amusement furnished those who did not dance. Refreshments were served at 11 p.m.; believe me they were delicious refreshments too, consisting of sandwiches, ham. and bread, chow-chow, all kinds of cakes, oranges apples, candies and coffee like grand mother used to make in fact all any one could wish for, to eat. The young and old people from far and near was present even from adjoining counties. All reported a nice time goodbyes were said at 3 a. m.

Miss Lora has many friends here who regret very much to see her leave, she and her mother left Saturday for San Antonio. We hope Mr. and Mrs. Gardner will give another good old fashion ball in the near future.

WHAT IS NEW AND INTERESTING; HERE, THERE AND EVERYWHERE.

STYLES IN WAISTS

Snappy Lingerie Models Now in Demand—Many Long Sleeves.

At no previous time has such a varied assortment of waists been taken for the opening displays. Not only are the lingerie models being featured, but silk waists still retain a fairly strong position.

The silk models consist largely of such materials as crepe de Chine, Jap silk, wash taffeta, semi-tailored chiffons, marquisettes and Georgette crepes. Although white dominates the spring showings at retail, some of the neutral shades in new tones are included in the assortments.

For Summer Wear.

The largest displays now being made are in waists of strictly summer character. Smart models are made of organdy, voile, marquisette, batiste, fancy cottons, shantung linens and madras shirting.s.

Although semi-tailored effects prevail, many new ideas are shown in the trimmings and finishing touches. The double frills which follow the front pleat are being revived, as are also the narrow ruffles underlying the tucks extending in perpendicular line in the front. Narrow ruffles also follow the line of the sleeve, from the elbow to the wrist.

The Long Shoulder.

As a compromise between the kimono and the set-in sleeve some of the newest models have the long shoulder line, with the regular arm size emphasized from the low shoulder line under the armpit to the back. This gives the effect of the shoulder section and top of the sleeve being in one piece. Many sleeves are long.

Marquisette waists are considered very smart in the medium-priced styles, as they are sheer in quality, but give better service than some of the other thin fabrics. In combination with organdy, voile and batiste, more dressy models are worked out for wearing with the snappy tailored suits.

Showy Styles.

Although there is less call than formerly for waists trimmed with insertion and lace, there is still a class of trade which insists upon showy models. These customers not only require plenty of lace, but they wish the most striking patterns and the heavier qualities. For such women there are exceptionally good models made of voile, some of which show the allover embroidered voile as well as the lace trimmings.

Very smart, indeed, are the semi-tailored models of fine quality linen. While these waists follow the lines of the tailored styles they are often made in designs which are a compromise between the tailored and the dressy styles. In most cases the sleeves of the linen models are long, while the collars are semi-high and slightly upstanding in the back and low in front.

In popular priced merchandise lace waists play a prominent part.

CHICAGO EXCLUSIVE SUBURB ENTERTAINS A LEPER

Angelo Lunardi Can Not Be Returned to Italy on Same Vessel That Brought Him.

Chicago.—Highland Park, an exclusive suburb of Chicago, must entertain Angelo Lunardi, a leper, until war conditions in Europe permit his safe return to Italy on the same vessel which brought him to this country.

This decision of the immigration authorities in Washington was received here today by Dr. Percy L. Prentis, head of the local immigration bureau. The deportation order was made out as usual, but a note to Dr. Prentis explained that as the North German Lloyd steamers are not clearing from United States ports and no other line can be compelled to carry the leper, Lunardi will have to remain on American soil for some time to come.

Lunardi was employed as a watchman at the Exmoor Country Club when physicians discovered he was afflicted with leprosy.

HOTEL GUEST FOUND DEAD.

Dallas, Tex.—A man who registered at a local hotel here as Robert B. Coleman of St. Louis, was found dead in his room. A bottle of poison lay nearby.

COUNTY RECORDS DESTROYED.

Houston, Tex.—The courthouse and nearly all the records of San Jacinto County at Cold Springs, was destroyed by fire. The Knights of Honor hall was also destroyed. The origin of the fire is not known.

THREE PACKERS ARE SUED BY THE STATE

Violation of Anti-Trust Laws Are Alleged By the Attorney General.

Austin, Tex.—Violations of the Texas anti-trust statutes are charged in a suit filed yesterday in the Twenty-sixth District Court by the attorney general's department against Swift & Co., Armour & Co. and Morris & Co., packing house corporations. The relief prayed for is the statutory penalties, forfeiture and cancellation of charters and permits, injunctions dissolving the alleged combination and prohibiting the defendants from investing their means and assets in gin and oil mill properties. No specific amount of penalties is stated in the petition, for the reason that the number of days of the alleged violations will not be developed until the proof is given. The penalty is not less than $50 nor more than $500 for each day of the existence of the alleged combination.

The state alleges in its petition that the defendant corporations use and consume large quantities of cottonseed oil and prior to the date of the alleged combination were competitors in the purchase of cottonseed oil, but after the formation of the combination alleged, competition between them was lessened and suppressed, which affected the price of cottonseed and cottonseed oil. The combination complained of involves the common ownership by the defendants of a line of gins and oil mills throughout the cotton states, including the state of Texas.

The inestigations by the attorney general's department gathering the data which forms the basis for this suit have been in progress for a number of months.

Too many men would rather be known as "radical" than as right. Usually the "spouter" doesn't know the true meaning of "radical" and ends in making an ass of himself.

INDUSTRIAL WAR IS PROPOSED BY METZ

Manufacturers Advised They Must Retaliate to Win Supply of Dyestuffs.

Philadelphia, Pa.—American manufacturers were urged to take immediate concerted action to obtain a modification of Great Britain's rules governing overseas commerce to neutral countries by Herman A. Metz, member of Congress from New York and a widely known manufacturer, in an address at a conference of dye men here today. Unless the British government changes its policy, Mr. Metz declared, hundreds of factories throughout the United States will have to suspend operations and about 300,000 men will be thrown out of employment.

"The state department is doing all it can to cope with the situation," said Representative Metz, "but it is compelled to respect international law. The manufacturers of this country will have to take the matter out of the hands of the state department and handle it themselves by declaring an industrial war on England. They will have to tell England that unless she assumes a more reasonable attitude she will be deprived of cotton, ammunition and the other things she has been buying from American sources in great quantities."

Mr. Metz said that American manufacturers are absolutely dependent upon Germany for certain raw materials, but in order to get them they must find a way to ship to Germany the cotton and other things of which she is so badly in need.

D. F. Waters of this city read a letter from President Wilson in which the president said the state department appreciates the situation and is doing all it can to relieve it.

An hour off of the day's labor is an hour added to the day's life. It is further a means towards preserving the public health and social conscience.

NO COMBINE TO BOOST FOOD PRICES DISCOVERED

Washington, D. C.—Charles P. Clyne, United States district attorney at Chicago, who has been investigating the cause of increases in the prices of wheat, was in conference here today with Attorney General Gregory and G. C. Todd, the assistant in charge of anti-trust prosecutions.

It was said tonight the investigations had not been concluded. So far no evidence has been discovered to indicate the existence of any combination or scheme which has arbitrarily forced up the price.

NO APOLOGY DEMANDED

Insult to Flag at McManus Home Act of Mere Rioters.

Washington, D. C.—Inasmuch as the desecration of the American flag flying above the home of John B. McManus, an American citizen murdered in the City of Mexico, was in the act of lawless persons acting without authority, the United States Government decided today to make no demand for an apology.

"The Brazilian minister," Mr. Bryan said, "did not think the facts in the case showed any attempt on the part of any officers or authorities to desecrate the flag and he did not, therefore, regard it as a case where any apology should be asked."

Officials pointed out later that the attitude was in accord with the policy of the United States dealing with such cases in the past.

The payment of the $2000 indemnity to the widow of McManus and the general expression of regret by the Villa-Zapata authorities are held to be sufficient reparation in the circumstances.

Secretary Bryan today conceyed to the Brazilian minister the appreciation of the United States government for his efficient handling of the McManus case.

We cannot lay too much stress on the union man and the member of a union. The latter is simply a card man.

TEN ADDITIONAL RANGERS

Appropriation for Increasing the Force Is Now Available.

Austin, Tex.—The appropriation of $10,000 made by the regular session of the Thirty-fourth Legislature for increasing the State Ranger force, and which was recently approved by the governor, is now available, and will result in the addition of ten Rangers to the present force, bringing the total membership up to thirty. It is estimated that the annual expense of maintaining a Ranger is $1000.

Five of the new Rangers will be assigned to the company of Captain Monroe Fox, stationed at Valentine, and the other five will go to the company of Captain J. J. Sanders at Del Rio.

Austin, Tex.—The material men's lien bill, by Senator McNealus of Dallas, providing that under certain stipulations material men can secure liens on property; the bill creating a State board of forestry.

Austin, Tex.—Governor Ferguson will be in San Antonio at least two days of the week of the Fiesta San Jacinto celebration. He accepted the formal invitation to attend the Fiesta presented in person by a special committee of the association, consisting of Atlee B. Ayres, president; Charles Graebner, honorary president and Bennie Frank, vice president and D. J. Woodward.

CUTS SLICE OUT OF OWN NOSE

Austin, Tex.—Jerry Steiner, an employe in a local restaurant, while sharpening a butcher knife on a steel sharpener, accidentally cut a piece of his nose off. The peculiar accident was caused by Steiner's hand slipping as he was stroking the knife against the sharpener.

Austin, Tex.—Over two thousand delegates to the Texas Farmers' Institute will meet in Austin July 27, 28 and 29, as a result of the combined efforts of W. E. Long, the new secretary to the Chamber of Commerce, and the officials of the state department of agriculture.

Austin, Tex.—The student body of the University of Texas has received an invitation from the Chamber of Commerce of San Antonio to spend its annual picnic day, April 21, in that city. E. H. Lawhon, president of the Students' Association, has called a meeting of all students in order to take action on the invitation.

Austin, Tex.—It is almost certain that among the subjects which Governor Ferguson will submit to the special session of the Thirty-fourth Legislature, which will be called to meet not later than April 29, will be a bill providing for a general road law. The bill now being prepared by Representative Evlar, from El Paso county, who has been in Austin ever since the adjournment of the regular session engaged in the work.

"ALL-GIRL" PROGRAM COMES TO MAJESTIC

This week at the Majestic Mary Gray, "Miles of Smiles." Minnie Allen, comedienne. Murray and Storm, comedy drama.

Claudie Tracy, monologiste. Colonial Minstrel Maids and Royal Hussar Girls.

Mlle. Martha and Sister, physical culturists.

Girls, and only girls! Not a man on the bill!

That's what the Majestic is offering to its patrons this week and Manager Raymond has the following to say of the bill:

Those who like to look on fair faces, and hear rippling laughter, will be satisfied if they see this show. Every department of vaudeville is represented on the bill, from the Colonial Minstrel Maids with their fun and jollity to Mary Gray, the waltz girl, and from the Royal Hussars, who make very good music, to Claudie Tracy, the comedienne.

Mary Gray has been here before. Many requests have been made to the management for a return engagement, and at last it has been secured. She was the hit of the opening bill of the season, and will be remembered by many friends.

The Interstate Minstrel Revue, fifteen star performers, will long be remembered in San Antonio as an example of just how far it is possible to go without man in entertaining.

Minnie Allen is fuller of "pep" than a college football team on Thanksgiving day, and is said to be one of the fastest costume change artists on the vaudeville stage today. Those of San Antonio theater-goers who have seen Sarah Bernhardt will appreciate this comedienne in her impersonation of the great French actress.

"Broadway Love," by Vivian Murray and Elizabeth Storm, is a quaint and curious drama of stage life.

Roller skating has gone out of fashion in most parts of the country, but even if it were never heard of, or had been forgotten a hundred years, the act that Nick's roller skating girls presents would be a winner.

Claudie Tracy has a style all her own. She knows all about comedy, and is an adept at "getting the stuff across."

When she was a child, Mademoiselle Martha was puny. Now she's one of the most superbly developed specimens of womanhood that ever came to Dallas. To her unremitting labor, she ascribes this complete change of physical form. The girls' act is entitled "While the Boys Are Away," and is said to be a classic of its kind.

SUGAR CORPORATION ENTERS THE STATE

Borderland Company of Wilmington, Del., Secures Permit To Do Business.

Austin, Tex.—The Borderland Sugar Corporation of Wilmington, Del., capital stock $500,000, was granted a permit by the state department to do business in Texas. The company will transact business at San Benito, Brownsville and other places in Texas, with its principal place of business at San Benito.

Houston, Tex.—The four men arrested by Marshal H. S. Vineyard of Eagle Lake and charged by the Houston police with holding up a Houston-Galveston interurban and robbing eight persons March 19, were brought to Houston all in chains.

Ballinger, Tex.—The assistant cashier, the teller and two of the bookkeepers in the First National Bank of this place, became suddenly ill with mumps, and it was necessary for the cashier to get out and rustle help to carry on the business of the bank. Other firms of the town supplied bookkeepers and aided in keeping the bank doors open for business.

Dallas, Tex.—The Chamber of Commerce here received a letter from a Japanese firm manufacturing fish lines, which wants a market in Texas. The letter claimed the lines were practically invisible in water, this claim being made in the following language:

"The new fish line become a condition of unappearable in water so that fish could not look it."

Uvalde, Tex.—The city is working on the streets, endeavoring to fill in the ditches recently dug for the sewerage lines. A force of men has been running water into these excavations to make the ground settle, so that the street improvement work can commence. In some places the ground has settled over a foot from the level of the street and will take a good deal of filling in to bring it back to good condition.

The city has $20,000 to expend on the streets as soon as the ground is made permanent over the sewer lines.

Fort Worth, Tex.—Two Mexicans suspected of being implicated in the murder and robbery of Joseph Jackson and Jno. W. Rawn, brakemen on the Missouri, Kansas & Texas, while the train on which they rode was en route between Gravel Pit and Smoots, were arrested by Detectives Ladd and Bell on lower Main street.

San Antonio, Tex.—Corbett, the prince of West Texas trappers, has concluded his work at the C. A. Broome ranch, sixteen miles north of here. Corbett in less than six weeks captured fifty-nine wolves, five wildcats and one lobo wolf. He received nearly $500 for his work. After spending several days in San Angelo, Corbett proposes to go to ranches south of San Angelo in the Sutton county section.

TWO WOMEN TO SEEK OFFICE IN LULING

Luling, Tex.—Two women are expected to announce as candidates for positions on the board of school trustees for the Luling district, to be held here May 1.

No announcements have yet been made, but it is said that two women will be asked to enter the race, and it is generally believed that they will consent.

UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tone" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver.

If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful—full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.

DOUBLE SERVICE AUTOMOBILE TIRES

Guaranteed 7000 Miles Service. ABSOLUTELY PUNCTUREPROOF.

Double Service Tires are double the thickness of the best standard make tires.

This is 100 per cent greater wearing surface naturally gives that much more mileage and service. The average of 12 plies of tough fabric and one inch surface tread rubber makes these tires absolutely puncturepoof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tries made and are used where tires must be depended on and tire troubles can not be tolerated. Many Double Service style tires are in use in the United States government and European War Service.

Our output is limited to a certain amount, but for a short time we offer the following reduced special prices as an Introductory Offer.

A Nervous Woman Finds Relief From Suffering.

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Joseph Snyder, of Tiffin, O., had such an experience, regarding which she says:

"Six months I was bedfast with nervous prostration. I had sinking spells, a cold, clammy feeling—could not stand the slightest noise. At times I would almost fly to pieces; stomach very weak. My husband insisted on my taking Dr. Miles' Nervine, and I began to improve before I had finished the first bottle until I was entirely cured."

MRS. JOSEPH SNYDER,
262 Hudson St., Tiffin, Ohio.

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

NOTICE OF HEARING
TO
APPROPRIATE PUBLIC
WATERS

THE STATE OF TEXAS

Notice is hereby given, to whom concerned, that J. C. B. Faircloth, whose postoffice address is Segovia, Texas, did on the 18th day of March, A. D. 1915, file an application in the office of the BOARD OF WATER ENGINEERS OF THE STATE OF TEXAS, in which he applies for a permit to appropriate 10 cubic feet of water per second of time, for the purpose of irrigating certain lands hereinafter described, from the unappropriated waters of the State of Texas, to be diverted from the Johnson Fork of the Llano river, in Kimble County, Texas, by means of a pumping plant located on survey No. 666, B. B. B. & C. Ry. Co., east on the east bank of said Johnson's Fork Creek about 10½ miles southeast from the town of Junction.

You are hereby further notified that the lands proposed to be irrigated are described as follows, to-wit: a part of Surveys Nos. 666, and 666, B. B. B. & C. Ry. Co., as shown by the accompanying map, containing 41 acres, and situated in Kimble County, Texas.

A hearing on the said application of the said J. R. B. Faircloth will be held by the Board of Water Engineers of the State of Texas, at its office, in the city of Austin, County of Travis, said State, on Monday, the 3rd day of May, A. D. 1915, beginning at 10 o'clock A. M. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Rheumatism Yields Quickly to Sloan's

You can't prevent an attack of Rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the aching joints relieves in a few moments the intense soreness so quickly that almost every rheumatic sufferer is astonished and delighted. Sloan's Liniment penetrates to the seat of the pain—stimulates the blood into healthful circulation—and the old, stubborn rheumatism is conquered. Don't suffer another day. Get a bottle of Sloan's Liniment today. Only 25c.

The United States pays its president $75,000 a year in order that he may be free and independent in his actions. And senatorial courtesy sews him up with red tape until he hasn't half the freedom of a kid playing marbles in a neighbor's backyard.

RIDER AGENTS WANTED

IN EACH TOWN and district to ride and exhibit a sample Latest Model "Ranger" bicycle furnished by us. Our Rider Agents every where are making money fast. Write for our liberal terms and special offer at once.

NO MONEY REQUIRED until you receive and approve your bicycle. We ship to anyone anywhere in the U. S. without a cent deposit in advance, prepay freight, and allow TEN DAYS' FREE TRIAL during which time you may ride the bicycle and put it to any test you wish. If you are then not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and you will not be out one cent.

FACTORY PRICES We furnish the highest grade bicycles it is possible to make at one small profit above actual factory cost. You save $10 to $25 middlemen's profits by buying direct of us and you can ride a better machine at a lower price than you can possibly buy one for cash elsewhere. DO NOT BUY a bicycle or a pair of tires from anyone at any price until you receive our catalogues and learn our unheard of factory prices and remarkable special offers.

YOU WILL BE ASTONISHED when you receive our beautiful catalogue and study carefully the many points of excellence in the wonderfully low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with $1.00 profit above factory cost. BICYCLE DEALERS, you can sell our bicycles under your own name plate at double our prices. Orders filled the day received.

SECOND HAND BICYCLES. We do not regularly handle second-hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from $3 to $8 or $10. Descriptive bargain lists mailed free.

COASTER BRAKES, single wheels, imported roller chains and sundries, parts, repairs and equipment of all kinds at half the regular retail prices.

$10.00 Hedgethorn Puncture-Proof Self-healing Tires A SAMPLE PAIR TO INTRODUCE, ONLY **$4.80**

The regular retail price of these tires is $20.00 per pair, but to introduce them we will sell you a sample pair for $4.80 cash with order. While there we still sell you a sample pair for $4.80 cash.

NO MORE TROUBLE FROM PUNCTURES

Nails, Tacks or Glass will not let the air out. A hundred thousand pairs sold last year.

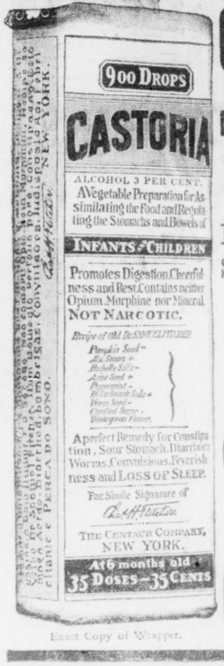

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing air to escape. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric in the tread. The regular price of these tires is $10.00 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We will ship C. O. D. on approval. You do not need to pay a cent until you examine and find them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER and believe this advertisement. You run no risk in sending us an order as the tires may be returned at our expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will look, ride and wear better and last longer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a tire or tube we will hope to receive your order. We want you to send us a trial order at once, before the present low offer, which will be withdrawn without notice, is withdrawn.

IF YOU NEED TIRES don't buy any kind at any price until you send for a pair of Hedgethorn Puncture-Proof Self-healing tires at special introductory rates and special trial offer. Also special introductory price quoted above or write for our big Free Bicycle and Sundry Catalogue which describes and quotes all makes and kinds of bicycles, sundries and parts at about half the usual prices.

DO NOT WAIT but write us a postal today. DO NOT THINK OR BUYING a bicycle or a pair of tires from anyone at any price until you know the new and wonderful offers we are making. It costs only a postal to learn everything. Write it NOW.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die.

I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.
