

Petitions Ask Hearing On Soil District

Petitions bearing the names of 214 landowners have been mailed to the State Soil Conservation Board at Temple, requesting a hearing here in regard to the formation of a soil conservation district for the county. One petition, that circulated at Dozier, has not been sent, but will be within a few days, County Agent J. W. Thomas said.

"Interest in formation of a soil conservation district is increasing, particularly during the last week," Mr. Thomas said. "All of us are already aware of the need for a soil conservation district, but we do need to realize that it is the interest we show that is going to determine whether we get it. Several counties have failed to get the opportunity to vote on a district just because there wasn't enough interest shown at the hearings.

"We will have a hearing called some time in the next month, and we urge you to be present. Let your feelings be known on the proposed issue," Mr. Thomas urged.

Hearings must be held within 30 days after the petitions are submitted. At least two will be held in the county and probably four. State authorities will be present for the hearings and will explain the formation and working of a soil conservation district and answer any questions landowners may wish to ask.

If favorable interest is shown, an election will then be called in which landowners and their wives of the county will vote.

The present move for the formation of a soil conservation district was initiated by the Wellington Rotary Club at a meeting early in July. A group of members then attended a meeting in Mangum, Okla., conducted by authorities of the Soil Conservation Service.

A committee was then named to work in conjunction with County Judge Howard R. ... on security.

An attending physician said the boy received second and third degree burns on his chest, back, right hand, left arm and thumb. His condition late Tuesday was reported as improved.

Loving was helping E. W. McKaeig, a visitor in the Loving home, start a car that had stalled when the accident occurred. The boy started to run, but was caught by Mr. McKaeig, who rolled him in the dirt and put out his blazing clothes. Mr. McKaeig also received burns about the hands.

O. E. Plank Reopens Wellington Gins Office Here

O. E. Plank has announced the re-opening of the Wellington Gins office here. Alfalfa Harvest Opens In Area This Week

The alfalfa seed harvest for this county opened late last week and by Wednesday, July 24, a number of farmers around Dodson and Wellington had their cutting under way.

Yields are not uniform and range from 100 pounds to 500 pounds per acre. This is approximately the same as last year's crop.

Growers were warned, however, that if they expect to have their seed certified, the fields must be inspected before the seed is cut. Members of the Certified Alfalfa Seed Growers Association should contact C. R. Leggitt, president, or Morris Wells, secretary, and make arrangements for inspection.

Certification, it was pointed out, means an additional three cents per pound for the seed.

The market for alfalfa seed has not opened up yet but growers here are expecting several cents per pound more than they received for last year's crop, which sold at the

Walker Receives Dow Fellowship

Harvey Joe Walker of the Elm Valley community has been selected as the recipient of the research fellowship offered by the Dow Chemical Company of Freeport in the Texas A. & M. College department of agronomy, it has been announced by Dr. Luther Jones, head of the department.

Walker was a member of the class of 1943 at Texas A. & M. College and recently returned from military service. He is now preparing field plots on the agricultural farm for the development of methods of spraying with different concentrates of the herbicide. This fellowship was presented to him on the basis of his outstanding academic achievement.

He is the son of Mr. and Mrs. J. E. Walker and was reared in this county.

Details of the fellowship were worked out by Dr. Jones and Dr. W. W. Allen, research administrator of the Dow Chemical Company.

Election judges have the right to satisfy themselves as to the veteran's eligibility.

Mr. and Mrs. Sexton and their boys, Tommy, Jerry and Buddy Jefferies, are now living in a nearby house, which they plan to move to the site of their home and remodel.

Howard Jones Is New Pastor Of Baptist Church

Rev. Howard Jones, called recently by members of the First Baptist Church of Wellington, will preach his first sermon as pastor Sunday morning, July 28, members of the pulpit committee have announced. He, Mrs. Jones and their small son plan to move here Thursday or Friday.

Rev. Jones comes to Wellington from Loraine, where he has been pastor for several years. He takes the place of Rev. Henry H. Kinkead, who now lives in New Orleans.

A young man who comes here highly recommended, he was chosen by a large majority of the congregation present and voting. Rev. Jones had earlier preached here as a guest preacher.

The new pastor will be here through the first and second Sundays of August, but during the last two weeks he will be absent in a revival which had been arranged earlier in the year.

Services are planned twice daily, at 11:00 a. m. and 8:30 p. m. The public is urged to attend.

CANDIDATES FOR SHERIFF

The two candidates who are seeking the place as sheriff of Collingsworth County are Ozro Bartlett, left, and Claude McKinney. Mr. McKinney is now holding the office, while Mr. Bartlett has been farming in the county for a number of years.

Final appeals are being made to voters this week as county and precinct candidates wind up their campaigns before the first democratic primary Saturday, July 27.

Voters at the 19 polling places in the county will find themselves faced with a long ballot for an off-election year. Fourteen candidates are on the ticket in the governor's race, the largest group on the ballot.

Four of the county offices are contested, while four are not. Only one office, however, has more than two candidates, and that is the county clerk's place, sought by three.

Considerable interest is shown in the races for commissioner of the various precincts. All incumbents are opposed, with two candidates in precinct four, three in precinct two, and four each in precincts one and three.

The district attorney's place is the only one contested among the district races.

One hundred and seven absentee ballots had been cast Tuesday at mid-afternoon, the final day for absentee voting, Mrs. Claude Nelson, deputy county clerk, said.

Voting will be at the regular polling places between the hours of 8:00 a. m. to 7:00 p. m. These include South Wellington and North Wellington, both of which are in the court house; Aberdeen, Buck Creek, Samnorwood, Quail, Pleasant Mound, Dodson, Dozier, Abra, Swearingen, Ring, Lutie, Lone Mound, Shinnery, Nicholson, Rolla, Lillie and China Grove.

Avg. 1 Deadline For Transfers

August 1 is the deadline for transferring school students from one district to another, B. W. Beard, county superintendent, reminded parents this week.

In explaining the transfers, Mr. Beard pointed out that some children have completed the grades offered in the district in which they live and they must be transferred into the district where they expect to attend the next school term. This will apply to those living in the Shinnery, Needwood and Lone Mound districts.

All children living in the Buck Creek, Enterprise, Pleasant Mound, Pleasant Point, China Grove, Ella and Elm Valley must be transferred, since these regularly attend a school outside their home district.

Children living in districts that are contracted to one of the four larger schools, Wellington, Dodson, Samnorwood or Quail, are not to be transferred, since this is taken care of in the contract.

Mr. Beard again reminded parents to observe the deadline and added that to date, very few transfers have been made.

Rainey Urges Home Ownership Of Resources

Dr. Homer Price Rainey, former president of the University of Texas, brought his campaign for Governor of Texas into Collingsworth County Wednesday with a mid-afternoon speech to some three hundred listeners on the Court House lawn in Wellington.

The leading candidate for Governor said, "We have the greatest natural wealth of any state in the union, producing over 50 per cent of the nation's oil and gas and 80 per cent of the nation's sulphur and carbon black, but the people of this state remain poor because these natural resources are owned by out-of-state interests. It is like a great long cow; the people of Texas feeding the cow, and the people of New York milking it. It is time for Texans to keep some of this wealth in Texas; if only a penny per barrel was taxed on every barrel of gasoline shipped out of this state, we would have \$90,000,000 annually with which we could pay adequate pensions, build good schools and pay our teachers an adequate salary, and build farm-to-market roads. Powerful monopolistic groups maintain well-paid lobbies in Austin to influence our Legislature against taxing this great natural wealth, and they are doing everything in their power to defeat me for Governor because they know that if I am elected I will unshackle Texas from their control."

Rainey criticized the way in which old age pensions have been handled, saying it was a shame and a disgrace to cut pensions at a time when the state had a surplus of money. "I am in favor of cutting down the ad valorem tax on property, but I am not in favor of cutting down taxes at the expense of the old people of this state."

"This summer is going to determine for Texans whether slander and big money can buy an election. My opponents will spend a million or two million dollars if necessary to defeat me, but neither their mud nor their millions can do the job," he said.

Americans Up Bond Buying In Early June

WASHINGTON, D. C.—Americans bought \$139,057,000 more of U. S. Savings Bonds during the first half of July than in the first half of June, National Savings Bonds Director Vernon L. Clark reports. Sales surged up 45.7 per cent above the mid-June figure to reach \$553,514,000, the best half-month's volume since January, he said.

"This marked increase resulted from the Treasury's 'Back Your Future' June-July Savings Bonds Promotion which stressed investment in bonds as security for the future and their purchase as a check against inflation," Mr. Clark said.

While sales were increasing, redemptions were holding steady at the new 1946 low achieved in June, according to Mr. Clark's report.

"It does not take an economist to figure out from these facts that

Americans are convinced savings bonds are both profitable and safe and not to be sacrificed except in a real emergency," said Mr. Clark.

The director took the occasion on behalf of the Treasury Department to thank newspapers, radio and other publicity and advertising media and their advertisers for tremendous support in space and time devoted to urging Americans to buy and hold savings bonds.

Mr. Clark expressed his appreciation to Texans for their support through Mr. Nathan Adams, Chairman of the Treasury's Advisory Committee for Texas.

The half-month report for the nation showed E Bond sales up 28.5 per cent, from \$175,334,000 in the first half of June to \$225,237,900 in the comparable July period. At the same time E Bond redemptions dropped from \$261,771,000 to \$258,325,000 in July, a decrease of 1.3 per cent. In all series, sales were at the highest rate since January, 1946 and E Bond redemptions at the lowest since July, 1945.

We now call it our insomnia suit because it hasn't had a nap in years.

Baumgardner Attends Famine Relief Meeting

Marion E. Baumgardner of Rt. 1, Wellington, Vice President of the Future Farmers of America, represented that organization at the first Youth United for Famine Relief Conference held in Washington, D. C., July 15.

Bringing together the representatives of 17 national youth organizations, the meeting was called by the National Social Welfare Assembly to mobilize the 32 million American youth in the movement to save food for humanity.

Opening their conference at the White House, the 34 youth representatives met with President Harry S. Truman who told them that the United States may have to help prevent starvation in war-torn areas for another three years.

"We are going to help them all we can with machinery and tools and the wherewithal to raise food, but it will be some time before those destroyed countries can get back on a basis where they can feed themselves," he said.

President Truman asked the youth leaders to help him publicize throughout the nation the plight of starving European countries in need of American food and requested the youth to give him reports on their accomplishments in this direction.

In addition to the President, the conference delegates heard Secretary of Commerce Henry A. Wallace, Assistant Secretary of State Will Clayton and Dr. Dennis A. Fitzgerald, who accompanied former President Hoover on his world famine survey trip. Speakers gave the youth a broad picture of famine conditions throughout the world today and the part America is playing in providing relief.

Summing up their discussions, the youth representatives adopted a five-point program as their part in furthering the movement. They planned to:

1. Give 100 per cent support to the President's famine emergency program;

2. Advocate the showing on a national basis the film "Seeds of Destiny," a picture of famine conditions currently withheld from the public;

3. Set up local youth famine councils in every community in the United States to work with similar adult organizations;

4. Enlist the aid of all members of youth organizations in carrying the food conservation program to the homes of America; and

5. Support a "National Famine Week" to publicize the program.

Youth activities represented at the conference were Boys' Clubs of America, Boy Scouts of America, Campfire Girls, Youth Department of the National Catholic Welfare Conference, 4-H Clubs, Future Farmers of America, Future Homemakers of America, Girl Scouts, American Red Cross, National Federation of Settlements, National Jewish Welfare Board, New Farmers of America, Salvation Army, United Christian Youth, Young Men's Christian Association, Young Women's Christian Association, and New Homemakers of America.

FOR COMMISSIONER
W. C. Barnett, present commissioner of Precinct 4, is seeking re-election to that place. The other candidate for this office is Oscar Payne.

Nowadays it isn't a question of whether or not the train is on time. It is just a matter of whether or not it is going in the right direction.

Next Saturday

The people of Collingsworth County will vote for their choice of three deserving candidates for County Clerk, all of whom have served our country well either here at home or "over there." As one of these three I respectfully submit the following as to —

Why

I want to be your next County Clerk: The office pays well and I need it for the maintenance of my family.

The office is a challenge to experience and efficiency in handling your very vital county records.

Never before have I asked for any public office, though I have spent a good part of my life in abstracts, legal and Farm Loan offices, including one year as deputy County Clerk.

I have no military record, but my ex-husband spent three years in the Armed Forces and I am now trying to make a living for our two sons. My only brother died fighting for our country.

My wish is that we could all three win, but since that is impossible, I do hope that the one who wins will be me.

I will be very grateful for YOUR VOTE next Saturday.

Questions On Veterans Aid

Q. Last year I attended school under the G. I. Bill and received subsistence payments of \$75 a month for me and my family. The amended Servicemen's Readjustment Act, passed in 1945, increased the amount to \$90 a month. Am I entitled to retroactive payments for the increase?

A. No. Payment of increased subsistence allowances for veterans with dependents went into effect Jan. 1, 1946. It provides specifically that the increased amount is payable as of the first day of the first calendar month immediately following enactment of the amended legislation: Date of the enactment was December 28, 1945.

Q. I am 23 years old and would like to know what my premium will be on a 20-payment NSLI policy?

A. The monthly premium on such policies at your age is \$2.05 a month per \$1,000.

Q. How long do I have before I have to convert my term insurance to a permanent form?

ago, Joy and her mother papered the entire house. She improved her bedroom with new curtains, dressing table and bedside table skirts, a book case and better closet facilities, among other things.

Each year Joy helps her mother can 300 quarts of vegetables. She also makes most of her own clothes.

Outside the house, Joy is just as competent. She assists her father with the wheat harvests. She helps him feed the cattle in cold weather and drive them for branding. Her landscape work is still another of her many demonstrations.

Joy has served her club in many capacities, including president. She was council chairman for two years and president of the local chapter of Future Homemakers for two years. A senior in high school, she takes part in a variety of extra-curricular activities, community programs, and church work. She is an all-round 4-H Club girl.

A. You can keep your term insurance for eight years from the time it was taken out, if it was taken out before January 1, 1946, or five years if it was taken out on or after that date.

Q. I have let my NSLI term policy lapse since my discharge. I have been out of the army more than six months. Can my policy be reinstated?

A. To reinstate your NSLI term policy, irrespective of the date of lapse, you are required to pay only two monthly premiums and submit a signed statement that you are in as good health as at the time of the lapse. You have until Jan. 1, 1947, to do this under the regulations.

Q. Is it permissible for a veteran to reduce the amount of his insurance policy?

A. Yes. The amount continued must be in multiples of \$500, but not less than \$1,000.

Q. Are there any restrictions for NSLI policy holders?

A. The insurance is free from restrictions as to residence, travel, occupation or military or naval service.

I wish the window-trimmers would finish dressing those store-window models. Or—maybe they call that dressed, I dunno. But, surely the gals are going to wear more duds than that this summer.

I want to be your next commissioner. My business experience will enable me to serve you and handle your funds better. Your vote will be sincerely appreciated.

Editorial

The return of the former Governor Talmadge to political power in Georgia is disillusioning to those who have witnessed the progress, sound liberalism and recovery of that Southern state under the administration of governor Arnell. The about-face in Georgia will strike at the cause of good representative government, advancing industry, business, and true education. The University of Georgia is likely again to be a casualty of the Talmadge ascendancy.

The political power of rabble-rousing in the South is an indictment upon mass intelligence, which is a product of public education in its broadest sense, as well as the popular election process. Yet, the victory of the Talmadges, Bilbos and Rankins on the issue of "white supremacy" clearly shows that the exponents of various minorities have bungled their cause and led to opposite results than intended. What should be an evolutionary development is demanded overnight—and the fruits are Mississippi and Georgia elections. An intellectual and profoundly spiritual renaissance is more needed in the South than political advancement. Under the fallacy of government supporting the people rather than a reverse, both majorities and minorities bungle situations that cause mediocrity in public life.

Neither "white supremacy" nor the rise of minorities to respected position is won

• Where The Blame Lies

Who is to blame for this youth crime wave? We have the habit of pointing a finger of accusation at the other fellow when such conditions arise. The facts are that all of us are to blame. While the parents may be the chief sinners in having neglected the rearing of their children during the war, did the rest of us do our part? Did we raise teachers salaries in order to keep qualified teachers in the school room rather than allowing them to go into more attractive war jobs? Have we provided youth centers where youth may go for their entertainment? Have we provided them play grounds, parks, gymnasiums, swimming pools where youth may have a place to play? Have we furnished good reading matter for youth, or have we fed them on trash? Consider these, and see just who is to blame, and to what extent are they to blame? Will you and I take our part in the blame, or will we still continue to point a finger at the other fellow—Clyde Warwick in The Canyon News.

• Water

It is the belief of many here that water from the high plains area is the only permanent water supply available for Childress. Now it is beginning to look as though that source of supply is far from permanent. Because of irrigation on the planes the water level has dropped from 5 to 18 feet during the past year. That's a whale of a drop and means that Childress or any other town or group of towns in this section would be foolish to go there to get water. The water situation is critical but not much worse or any worse than nearly every other town in West Texas. All of them are having trouble and it begins to look like they are going to have plenty of trouble for years to come—The Childress Index.

"BLACK ARROW"

'No Revenge,' Declares Jester

Beauford Jester is the only candidate who can go into the governor's office without revenge or rancor in his heart and with no mud on his hands, he declared, going into a whirlwind round of giant rallies which capped his campaign. Jester said he was confident he would be in the second primary and would win in the run-off over any other candidate.

"I have not said unkind or untrue things about any of my opponents who will be eliminated in this first primary," he pointed out. "Therefore, I am certain to receive the votes of those who voted for them."

He has no time and no need to reply to baseless mud-slinging by opponents, Jester smiled. "He who throws mud loses ground," he reminded.

He attributed the recent surge to Jester as indicated by statewide straw polls to ceaseless endeavors by his friends, as in his victorious campaign for Railroad Commissioner in 1942, which he described as "the campaign friendship built."

J. T. Horton, son of Mrs. W. M. Horton, arrived here Tuesday from Honolulu, T. H., for a visit with his mother and his brothers and sisters in this county. Mr. Horton has been in Civil Service work in Hawaii, but he does not plan to return.

Letter Tells Of Lt. Wesley Green

Mr. and Mrs. A. V. Green of Wellington received the following letter on July 17 regarding their son, Lt. Wesley Green, who has been listed as killed in action on August 24, 1943. The letter came from Chaplain Marion F. Woods, stationed at Nanking, China, with whom Mr. and Mrs. Green have had previous correspondence. It read:

Nanking, China
July 10, 1946.

Dear Mr. Green:

After having checked my records I have found that the airplane in which your son, Wesley, was shot down, was August 24, 1943. I have no record as to the middle initial of your son but one of the metal dog tags which a soldier keeps upon his person was found with the body of your son. There were seven men in all who were given reburial services in Shanghai on 6th December 1945. They had been in the same plane and evidently were all members of the same crew.

I am sorry that I do not have more details for you, but there seems to be no more available information that I can secure. Sometimes these crashes took place in isolated areas and complete information could not be found in spite of the untiring efforts of the Graves Registration Corps. I trust that what I have been able to tell will be satisfactory.

Sincerely yours,
Marion F. Woods,
Chaplain (Capt.) USA.

Sam J. Hamilton
For District Attorney

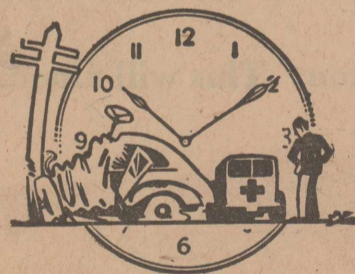

Sam Hamilton deserves our support in the July 27th Primary. His capable and fearless prosecutions of law-breakers during his FIRST TERM has won the respect of all who believe in Law and Order, and the law-abiding voters of the District can show their appreciation of such a record by electing him for the SECOND TERM he so richly deserves.

On This Fine Record He Should Be Elected For a Second Term.

This ad was not solicited by Mr. Hamilton—he does not even know it is to be run—it was paid for by Wellington residents who are familiar with the fine record of law enforcement he has given during his first elective term and feel that such service should be continued for a SECOND TERM under the good old Jeffersonian Doctrine of a SECOND TERM FOR WORTHY OFFICIALS.

Daniel Closes Campaign Friday

Price Daniel of Liberty will wind up his vigorous campaign for Attorney General with a giant homecoming rally at Dayton, Liberty County, Friday night. The home folks of the former Speaker of the Texas House of Representatives have made arrangements for what they say will be one of the largest political gatherings ever held in Southwest Texas.

Daniel has hit hard in the closing days of the campaign at the charge that entrenched politicians are attempting to control the Attorney General's Office.

"No old-line politicians, special interests or pressure groups are running me for this office," he declared this week. "My opponent, who has spent eight and one-half years as one of more than 30 politically appointed assistants in the Attorney General's Department, now attempts to set up a political dynasty in the department. He had more than eight years in the office to do the things he now talks about doing as Attorney General."

Daniel, whose candidacy for the office was filed by more than 1,000 Texas citizens while he was still in the Army, confidently predicted his victory in Saturday's voting. "The people want new blood and

ceiling price of 35 cents, including the subsidy for certification.

Although the alfalfa acreage for the county is still small — only about 1200 acres is listed with the Alfalfa Seed Growers Association — within the last two years it has proved a top money-making crop in those parts of the county suitable for its growth.

Last year 948 acres were certified, Mr. Wells, the secretary, said. From this 125,000 pounds was har-

vested by 27 growers, who sold the crop for \$52,500.

There has been some hesitancy in seeding new acreage on the part of a number of farmers due to the present high cost of seed, but in general, those who have tried the crop feel that it has a definite future in the county.

At 7 o'clock on July 2, several of the Future Homemakers met at the homemaking cottage for an ice cream supper and a slumber party. During the evening and night the girls played games and ate, and then prepared breakfast the next morning.

The high point of the summer social activities was a three day encampment on July 6, 7 and 8 at Craterville Park, Okla. Those going with the group were: Mrs. Clarence Blevins and Mrs. Pat O'Hair, club mothers, W. R. Risinger, high school principal, and Miss Beatrice Kalka, sponsor. The girls returned to Quail tired, sunburned, and "broke."

Some of the types of individual projects being done are: improving bedrooms, kitchens, and home in general; sewing for self and others; improving personal appearance; assisting with and guiding worthwhile community activities; caring for small children; gardening; and canning fruits and vegetables.

The Future Homemakers will complete their summer activities on Achievement Day which will be sometime during the first of August. On this day the work done by the girls will be put on display and home visits will be made.

Mr. and Mrs. Earl Reynolds were called to Plainview Sunday by the death of an uncle of Mrs. Reynolds.

Mr. and Mrs. Albert Van and daughter, Diane, left Thursday for points in New Mexico where they will spend their vacation.

Mrs. Mollis Black of Wellington visited here during the week end. Mr. and Mrs. Clyde Pritchard and children of CeeVee were week end visitors here.

Rev. Hugh Blaylock of Dodson filled his regular appointment here Sunday morning and evening.

There is Sunday School at both churches each Sunday morning and Training Union program at the church each Sunday evening at 7:30.

The Home Demonstration Club will meet Thursday afternoon at 2:30 in the home of Mrs. Vercie Rippetoe.

Mr. and Mrs. Frank Roberts were Wellington visitors Saturday.

Mrs. Tommie Judd and little daughter and Mrs. Morjorie Roy and children of Wellington attended church here Sunday.

To The Voters Of Precinct 3

In making my campaign for commissioner, I have tried to see all the people in this precinct, but have failed to contact some of you as I am farming and have to stay with my crop.

To the ones I haven't talked with, I will appreciate your vote.

If you see fit to elect me Commissioner, I will do my best at the job and will give each community its just part of my service.

Warren Carter

Candidate For

Commisioner Of

Precinct 3

To the People of Collingsworth Co.

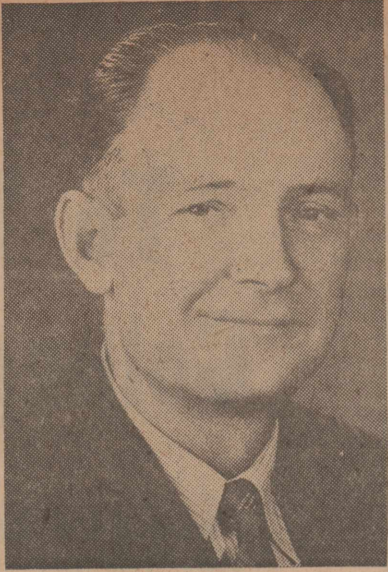

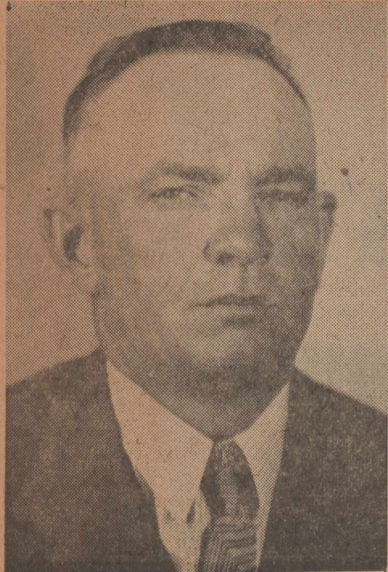

As friends of J. M. "Binder" Moore, we take this means of asking your support in helping elect him as County Clerk.

He is one of the veterans who entered the war in it's early stage and was in the first Heavy Bombardment Group to see action in the Pacific. His fighting in the early part of the war was at a time when supplies were very few. After completing one year trying to slow the enemy advances he was transferred to the States to teach Jap tatics to our new recruits until October 1945.

J. M. Moore holds the Silver Star, Distinguished Flying Cross with one Oak Leaf Cluster, Asiatic Pacific Campaign Ribbon with five battle stars, and the Presidential Unit Citation with two Oak Leaf Clusters.

On July 27th you will have a chance to pay a debt to one of your boys who gave his best. In electing J. M. Moore you will not only be showing your appreciation for his years of service to our country, but electing a man fully capable of handling the duties of County Clerk. ELECT HIM FOLKS; HE DESERVES A BREAK!

Deck's DIDACTICS

—By Deskins Wells

The Texas Poll shows Rainey leading for Governor with Beauford Jester a strong second. Generally it is pretty accurate, and this is probably true for the state as a whole. But the state picture does not hold true for Collingsworth. I came to this opinion after spending a good many hours this week and last week talking to farmers. Among the rural people of this county Jester and possibly either Sellers or Sadler could run ahead of Rainey. Rainey has some strong support among men who are under 30 years old. Jester seems to be the favorite of the old people, but all of the four leading candidates have some supporters in this group. John Lee Smith is considered a dead pigeon among most any group.

Two weeks ago when I made a none too scientific survey Boyce House was ahead in the race for lieutenant governor; but Allan Shivers has been gaining and still is.

How anybody votes in either of the above mentioned races suits me fine of course. I think they have been publicized enough that your opinion and your choice should be just as good as mine. But there are some other very important offices that get little notice. For instance this week I received a letter from a down state friend asking me to vote for Graham B. Smedley as Associate Justice of the Supreme Court of Texas, place No. 2. I appreciated getting the word from a man I trust saying that Judge Smedley is a competent jurist.

In case you have not made up your mind in the race for attorney general, I would like to suggest Price Daniel of Liberty. He is clean, honest and made a good record as speaker of the house before he volunteered and entered the army as a private. You won't make a bad mistake either way; but I consider Price Daniel

Gospel Of Christ

(Rom. 1:16) HOLINESS

"Without holiness no man shall see the Lord." Heb. 12:14. Peter said that as children of obedience we should not fashion ourselves "according to former lusts in the time of ignorance but like as He who called you is holy, be ye yourselves also holy in all manner of living." I Pet. 1:14, 15. Then a person is not a Christian if his life is not pure.

Paul states the desire of Christ concerning the church when he says that he wants it "a glorious church, not having spot or wrinkle or any such thing; but that it should be holy and without blemish." Eph. 5:27. James says pure religion is, "To visit the fatherless and widows in their affliction and to keep oneself unspotted from the world." Jas. 1:27.

Christ is our example for "hereunto were ye called: because Christ also suffered for you, leaving you an example, that ye should follow his steps: who did not sin, neither was guile found in his mouth." I Pet. 2:21, 22.

Those who set up rules to please the multitudes, teach things that Christ's gospel did not teach and decide by their own will what should be done as a religious service to God, even in direct contradiction to words of the Bible, are not in the way of holiness, and without holiness man shall not see the Lord.

Church Of Christ (2 blocks south of P. O.) WELLINGTON

the more capable man.

I have a feeling for any man or woman who has the courage to run for a public office. Some people delight in taking the opportunity of saying what they have been wanting to say for a long time when any person runs for an office. There is a certain sadism in the way they treat candidates. None of this is for me. I treat every candidate with respect. They are trying to fulfill an important obligation under our democratic and republican form of government.

After all that happened two years ago when I was using everything that I knew that was fair to try to help elect R. L. Templeton, I definitely will not predict that for sure he will be nominated. But it is my opinion that he is the leading candidate for representative. He has no opponent.

I saw W. D. Aldridge of Dumas on the street and stopped to shake hands. "Please don't tell me that you are down here campaigning for office again and that I didn't know it," I said. "Nope, I'm through with that business," he replied. He could laugh because he and especially one of his daughters were supporters of mine in a race that I lost like Casey wrecked the train. But unless you have been defeated for a public office, I suggest you go light on the wisecracks and make them in a kindly tone of voice.

Actually I regret to see any-

one defeated for a public office. The hard part on the candidate is not what he goes through as a result of the loss of the office. The hard part is what he goes through as the result of the tears of his wife and children and the regrets of his close friends who have worked so hard in his behalf.

If I had not heard it, I would not have believed that he could have done it. In the absence of the pastor, John Forbis made a laymen's talk at the Methodist Church last Sunday. It was well thought out and well delivered and there was plenty of meat in it. It was the best talk by a layman that I have heard since I last heard R. H. Nichols of Vernon. S. R. Pinkston says that something of a record was set at the Methodist Church Sunday. In addition to me attending church, Bud Manzer also went to Sunday School.

If I were a preacher or a banker I would deny what I am about to publish; but being an editor I publish it even though it startles me. It comes from a reliable source and I quote: "Iowa farm people were asked by Wallace's Farmer and Iowa Homestead what firms or organizations had given effective and substantial help to farm communities in special ways in the past two years. Among farm owners, replies mentioned newspapers most, churches next. Newspapers were named first by 13 per cent—total mention 32 per cent. The churches were named first by 12 per cent—total mention 31 per

cent. Banks were third with a first choice of 10 per cent and a total mention of 26 per cent plus. Among renters churches were first and banks and newspapers broke about even.

And here I have been thinking for years that the schools were the most important thing in the community. Do you see them mentioned among the top three in the eyes of rural people, Mr. Cummings? (By the way, Logan, what happened to the tennis courts and the practice background you were going to have built by fall?) The one I remember is the one for girls.

Note to Miss Robey: Effective September 1 the subscription price for the Leader will advance to \$2.50 a year in Collingsworth and adjoining counties. The price outside the trade area will be \$3 a year. This is necessary to meet present expenses. Write a story next week explaining this to the people. While Amy Sue is here and we have adequate help on the subscription list, The Leader will continue to take renewals for the sum of \$2 for an entire year. No subscription is to be extended more than one year from its present expiration date at this rate.

A nylon sale is where a woman ruins one pair of hose in order to buy another.

Apparently the shorter the dress the higher the price. But it just goes to prove that sight-seeing costs money.

Rev. J. F. Mathews Improving After Recent Heart Attack

Rev. J. F. Mathews, who suffered a heart attack July 11, reported Tuesday morning that he was feeling much better, although he added that he was following the doctor's orders to stay in bed most of the time.

Rev. Mathews was stricken while in the pulpit of the First Christian Church during a revival meeting. It will be several weeks yet before he can again conduct regular services.

Margaret Shields Candidate for County Clerk

VOTE FOR

Leonard King FOR District Attorney

15 years experience in the practice of law, including 4 years as County Judge of Childress County, and 4 years as Assistant Attorney General of Texas. He was elected County Judge when 25 years of age and was appointed Assistant Attorney when 29 years of age, being one of the youngest lawyers to hold either office in the state, and was the first lawyer from this section of the state to be tendered the position of Assistant Attorney General of Texas.

Veteran of World War II, enlisting as a private and served overseas in the South Pacific as an enlisted man in the Field Artillery.

Believes the office of District Attorney to be of such importance in the matter of law enforcement as to require the time and best efforts of the lawyer who holds the office, that the office should not be treated as a side line to an extensive private business, that the office is one of honor and trust the same as any other Public Office and that the lawyer who holds the office should expect and be required to work at the job if he draws the \$4,300.00 per year which the office pays.

His opponent, the present incumbent, will have served 2 full terms, less about 2 months, when he completes the present term, he having been appointed in March, 1943, when the then District Attorney resigned to enter th armed services. Back in March, 1943 when he received the appointment, all of the younger lawyers of the district were in the armed services, and Leonard King was at a Port of Embarkation loading on a troopship for the South Pacific, and therefore, did not have a chance to be considered for the appointment.

On the basis of his experience and ability as a lawyer, now asks your help in his campaign for election, by the people, for the office of District Attorney. Your vote and assistance will be sincerely appreciated.

—PAID FOR BY FRIENDS OF LEONARD KING—

TO THE VOTERS OF PRECINCT 1

It has been impossible to see each of the voters personally in this precinct and I take this means of soliciting your support.

Due to the machinery being practically worn out, and impossible at times to secure repairs, I have been unable to render the type of service that was my desire to render.

I shall endeavor at all times, if you see fit to return me to the office of County Commissioner, to give you my best.

Thanks for your past support and may I merit your continued good will and vote.
