THE DUBLIN PROGRESS.

VOLUME XIV | DUBLIN, ERATH COUNTY, TEXAS, FRIDAY, SEPTEMBER 13, 1901. | NUMBER 17.

OVER THE COUNTRY.

STEPHENVILLE.

...m the Tribune.

...T. McNeely, an old citizen of ...th county left this week for ...new home in the west.

...rs. R. T. Hume and her daugh... Kate returned Saturday from a ...t at Sonora.

...ohnny Day, well known here, is ...orted to have joined the army ...d now to be on his way to the ...illipines.

...rvin Sullivan, age eleven years ..., was arrested in the city last ...k on a charge of burglary. He ...ered the home of Jim Davis and ...k a watch and some money. He ...n jail.

...heriff Hume arrested A. B. Wal..., a former citizen of this place ...Waxahachie Tuesday on a charge ...swindling and Walker is in jail ...e now.

...Cotton is now coming in at the ... of one hundred bales per day ... the indications are that it will ... be picked and ginned within ...ty or forty days.

...The little son of Rev. J. B. Flet... sustained a severe gash on the ...d last Wednesday morning. The ... was riding a horse through the ...ber and ran under a limb which ...ck him in the face and knocked ... unconscious. The pastor of ... colored Baptist church found ... in this condition and carried ... to a nearby house.

...d. Hamm, who formerly lived ...r Stephenville, was the particip... in a serious but not fatal ac... ...nt near Van Horn Monday. ...nm was at work on a ranch near ...e. On mounting his horse he ... thrown to the ground. His ... caught in the loop of his lasso ... he was dragged at a rapid rate ...r the ground, and but for the ...ghtfulness of John Formwalt ... Jim Martin, cowboys, in shoot... the horse he would have been ...ed.

...William Brown, aged fifteen years, ...pened to a most distressing ac... ...nt at Houston's ranch Saturday ...ning. R. T. Brown, father of ... young man, the young man ...self and other parties, had de... ...red some cattle to Houston's ...ch and were returning across ... of the ranch. The young man and a companion were riding somewhat in front of the other parties and were crossing a small ditch or gully, when Brown's horse stumbled and hurled him in front of his companion's horse. Just as he struck the ground his companion's horse whirled and kicked him viciously squarly in the top of the head. The young man was rendered unconscious for the moment, but soon came to himself. He was carried to the main ranch house and a doctor was sent for, who found that a section of the young man's skull had been crushed in and through which particles of brain had oozed. The place was sewed up and the young man still retains possession of all his mental faculties, but the gravest fears are apprehended. Later—The boy has since died.

Eight or ten persons were baptised at Baling's tank in the Smith community yesterday by the Baptist pastor.

Miss Ella Ray of Dublin, passed through here yesterday morning for a visit with Miss Lota Gordon at Bluff Dale.

Will Morgan, who lived for some time east of town was over yesterday from his home near Dublin.

Some people of the Duffau community say there will not be a bale of cotton to pick in that community after the last of September.

Four hundred and seventy-five bales of cotton had been weighed by the Stephenville yards up to this morning,

The tax rolls of the city of Stephenville as approved by the city council last Tuesday show an increase of $26,000 over last year, the total being $682,000. The council has been discussing the issuance of bonds for the improvement of the school building and the laying of the additional water mains. The council has ordered a special election to occur the third Tuesday in this month to elect one alderman from ward number two and two alderman for ward number one. The vacancies occured by reason of the removal of C. D. Waldo and A. P. Young from their respective wards and the resignation of T. H. Perry.

Miss Inez Hyatt left Tuesday evening for Eastland, where she will enter upon her duties as teacher. Her many friends greatly regret her absence, and wish her great success in her teaching.

A protracted meeting has been in progress at the Methodist church since last Saturday morning, conducted by Rev. Hearon, the pastor.

Try Peeples gin this year and see if it don't prove profitable to you. 14-tf

POINT LOOKOUT.

Regular Correspondence.

Sept. 10th.—Cotton picking is the order of the day and the crop is short.

Miss Gladys and Master J. Walter St. Clair, after a two months visit, returned to their home at Ft. Worth the 10th inst.

Rain is again badly needed, water is drying up and grass very short.

J. V. Stephen and brothers have picked four bales of cotton off of sixty acres and expect to get as much as four bales more off the same land.

No sickness to report.

Garland stoves and ranges at Maloney's.

All kinds of painting, also papering done at City Paint Shop, over Bowden's Furniture Store.

If you want burst scull whiskey don't go to the Alabama saloon, for Baxley & Bates don't handle that kind of stuff. 'Phone 37.

Newton wagons, plenty of them at Maloney's. Don't overlook this if you want a good wagon at a price that will conform to the short cotton crop this year. 16-tf

ST. GEORGE.

Regular Correspondence.

Sept. 10th.—Luther Martin's little child that has been suffering with diptheria, is some better.

J. D. Holland was taken very very sick Saturday on his way home from town and was unable to get home. He stopped at the residence of Mr. Neil, and is still too sick to get home.

Mrs. King of Proctor, is visiting relatives here.

CLAIRETTE.

Regular Correspondence.

Sept. 10th.—It appears to us that we need rain very bad, but I suppose it will rain in time and at the right time.

There is considerable sickness here now but none of a very serious nature that we have heard of.

Dr. Plemons returned last week from a visit to his sister at Henrietta, in Clay county, who has been very sick. the doctor was absent about a week and reports his sister as much improved when he left her.

W. J. Stephens, wife and little son, also W. H. Fewell of Hamilton county, returned Monday from a week's visit with relatives at De Leon. They report a nice time.

The cotton season will soon be over in this section and it appears to us that hard times will stare us in the face another year, but we believe there will be a way provided if we all manifest a will to do what we can.

C. C. Mayfield of Dublin, came down Monday.

Mrs. Townsend, a relative of Mrs. Mayfield, is visiting the family of Mr. Mayfield.

Mr. Blackmond has ginned one hundred and four bales of cotton to date.

J. R. Garrett returned last week from San Antonio, Corsicana and other points south and east.

Bill Day of Honey Creek, called in to see us. He is one of our old neighbors and we are always to have him call on us.

My $1.00 rate on cabinet size photos is still on. THOMPSON. 17tf

Good milch cow with a young calf wanted. Apply to J. W. Collier. 17-tf

Card of Thanks.

To the K. of P. and other friends:

We thank you very much indeed for your constant and untiring care of our dear husband and father during his last illness and death. No real brothers could have been kinder or truer than the Knights of Pythias and the other gentlemen who came to us in our hour of need and did all that loving hands and true hearts could do to care for and help him, and we shall remember them with deep gratitude while life shall last Very sincerely,
MRS. W. W. PATRICK AND CHILDREN.

PRESIDENT MAY NOT SURVIVE!

The Assassin's Bullet Made a Wound That Rarely Fails to Prove Fatal.

SPARK OF LIFE HANGS IN BALANCE

Milburn House, Buffalo, N. Y., Sept. 13, 2:58 a. m.—President McKinley experienced a sinking spell shortly after 2 o'clock.

The physicians are administering restoratives to him with the hope of reviving him.

A general call has gone out to the physicians and the members of the cabinet now in the city.

Dr. Park reached the house at 2:50, and shortly after him came Secretaries Hitchcock and Wilson.

The Associated Press has been authorized to say that President McKinley is critically ill.

At 3 o'clock all the physicians were gathered at the bedside of the president. It was stated that digitalis was being administered to the patient.

Several messengers were hurried from the house and it was understood that they carried dispatches to the absent members of the cabinet and the kin of the president. Additional lights burn for those in the Milburn home and the household is astir. Beyond the statement that the president is critically ill, no further announcement has been authorized, but it is manifest that the wounded president faces a grave and menacing crisis.

Alarm can be read in the actions of those to whose nursing and care he is committed.

The scene about the house is a dramatic one.

The attendants can be seen hurrying about behind the unshaded and brightly lighted windows and messengers come and go hastily through the guarded door. Outside half a hundred newspaper correspondents are assembling awaiting news.

Mrs. Newell, one of the trained nurses suddenly called, arrived at 3:15. She sprang from an electric carriage and ran down the sidewalk to the house.

Mrs. McWilliams drove to the Milburn house at 3:25. As she alighted from her carriage she said, "I was told that the President was much worse and was asked to come to the house at once."

3:16 a. m.—It is understood that aside from digitalis, no other restoratives have been used.

MILBURN HOUSE, BUFFALO, N. Y., SEPT. 13, 4:15 A. M.—The rally at 4 o'clock was very slight. At 4:15 Secretary Cortelyou and Mr. Milburn emerged from the house and walked up the side walk inside the roped enclosure. Secretary Cortelyou said the President was resting, that four physicians were in the sick chamber, but he offered little in the way of encouragement.

4:25 a. m.—Only one doctor and one nurse are now at the Presidents bedside. He is reported to be resting quietly.

BUFFALO, N. Y. SEPT. 13, 9 A. M. The president is extremely low and his death may occur at any mement, yet there are chances that he may yet rally and survive.

Special To The Progress.

BUFFALO, SEPT. 13, 1:30 P. M.—The condition of the President at this time is practically the same as the bulletin sent out at 9 this morning. There has been no change in his condition since that time.

THE ENGINE FOUND.

Robbers Left it Four Miles from Scene of Robbery.

ESCAPED IN THICKET

Passengers Nor Mail Were Molested, but They Carried Off Two Sacks of Loot from the Express Car—Officers in Pursuit.

Texarkana, Tex., Sept. 5.—There were six instead of five men that held up the Cotton Belt passenger train on Tuesday night near Eylau Station. After blowing up the safe in the express car with dynamite, the robbers secured two sacks of loot. This they transferred to the engine, which had been detached from the other cars. Engineer Henderson was compelled to put out his headlight, he was then put off and one robber took charge of the engine, saying two of their number knew as much about running it as he did.

The engine was then run south at full speed. Engineer Henderson followed on a handcar, which he had secured from a nearby switch house after some delay. Early this morning he came up with the deserted engine about four miles from the scene of the robbery. The robbers, who the engineer believed from their actions were railroad men, had escaped into the dense woods surrounding the track at this point. Engineer Henderson could not give a very accurate description of the men, but said they were all young and were masked.

The engineer took the engine back, picked up the mail and express cars, then going to the remainder of the train coupled on and continued south. Neither passengers nor mail was molested by the robbers.

Several posses are out hunting the robbers. Bloodhounds kept at the penitentiary at Rusk, Tex., were sent to the scene of the robbery on a special train. Everything that can be done to capture the robbers is being done by the Cotton Belt officials. O. K. Wheeler, chief of that road's special detective force with five men, reached here on a special engine running from Tyler, Tex., and took up the trail.

It is believed the robbers are in Sulphur river bottom moving toward the Louisiana line.

It cannot be ascertained here from railroad officials how much money was secured from the express car, but it is thought to reach into thousands.

Got But Little Booty.

St. Louis, Sept. 5.—Superintendent Fuller of the Pacific Express, believes the Cotton Belt robbers got little, but he declined to state the amount aboard.

The Cotton Belt railway and Pacific Express company offer $300 apiece for the six robbers.

China Apologizes to Germany.

Potsdam, Sept. 5.—Prince Chun visited the mausoleum at Friendenskirche today and placed wreaths on the tombs of Emperor and Empress Frederick. Emperor William received Chun at noon in the presence of Royal Princes Baron von Richsthoffen, the foreign secretary, principal ministers and generals and court dignitaries. The prince read a letter written in yellow ink to the emperor. After the audience Princ Chun inspected the guard of monor and returned to Orangery, where the emperor visited him in the afternoon. The visit was to apologize for the murder of Minister Von Ketteler to China.

Czar Received With Coolness.

London, Sept. 5.—The Times prints a dispatch from Copenhagen which asserts that the remarkable coolness of the people in regard to the czar's visit continues. This is declared to be undoubtedly due to the Finnish question. Findland being regarded as a part of Greater Scandinavia and the Pan-Scandinavian feeling being never more intense than at the present time. The very day that the czar arrived in Danish waters a party of Finnish singers who had been enthusiastically received, departed. It is asserted that the czar will not visit Copenhagen.

Incendiary Suspected.

Chicago, Sept. 5.—What firemen say was a well arranged plan to destroy the Orpheon theater building on Washington street, opposite the city hall, was made shortly after midnight Tuesday night. The building is a 4-story structure, and many of the rooms were occupied as offices by various firms. Assistant Fire Marshall Horan and his men discovered evidences of incendiarism in a room on the fourth floor. An investigation is proceeding.

Killed His Playmate.

Tucson, A. T., Sept. 5.—Carlos McCormick, 12 years old, shot and killed Antonio Soto, a playmate, 16 years old, with a 22-caliber rifle. A couple in a buggy drove by and McCormick said: "I will take a shot at them." Soto prevented him from carrying out his intention. McCormick in rage then shot Soto. McCormick's sick mother on hearing what her son had done, died a few hours afterward from the shock.

Higimo Will Be Leader.

Rio de Janeiro, Sept. 5.—It is asserted that Senor Jose Higimo will be appointed president of the Brazilian delegation at the Pan-American congress. The other members of the delegation will be Former Minister of the Interior Pitacio Pessoa and the Brazilian minister to the United States, J. F. DeAssis-Brazil.

WAR IN COLOMBIA.

Revolutionists Declare They Will Defeat the Government Troops.

New York, Sept. 5.—The brief cable mention of the recent sinking of the Colombian gunboat Lapopa has been supplemented by further particulars regarding the accident, by mail. General Joaquin Velez, of the government of Bolivar, charges that the Lapopa was sunk by rebels, and he has caused the imprisonment of the four survivors, charging them with complicity in the plot.

The government has used every effort to suppress the details of the wreck. On this account it is not definitely known how many lives were lost. Lapopa was carrying troops from Carthagena to Barranquilla, and none of them were saved. The warship which went down about 60 miles from the port of Savinalla also carried a cargo of 500,000 cartridges and 1000 rifles. The loss will be felt seriously by the government.

The sinking of the Lapopa will also cripple the naval fighting force, as Colombia recently sold the Cordova, which was her largest ship, and is now left with only one gunboat of any account. This is the General Pinzon, formerly the American steam yacht Mamouna.

One hundred thousand dollars has been sent to General Velez from Bogema with which to purchase another vessel.

Plans of the movements of the revolutionists in Colombia have been received by their agents here and if all has gone well, confirmatory news of a startling nature is soon to be expected. The steamer Philadelphia brought a large mail for Dr. Restrepo, the agent for the revolutionary party in this city. In an interview he said that altogether in Colombia his party have now an army of more than 20,000 men, well armed and equipped. General Uribe-Uribe, he said, has 10,000 well drilled troops under him and according to advices was to start on his campaign of the invasion of Colombia below San Cristobal on Aug. 23.

Before his lines is General Valencia with nearly an equal number of Colombian troops to oppose him.

At Rio Chacha, which is the seaport at the northern part of the department of Magdelena, with a population of 10,000, the revolutionists have two generals with a force of 3000 men who now have the city surrounded. General O. Castillo is in command and General J. M. Castillo is next in charge, with the forces divided about equally between them.

Rio Chacha will be attacked both by land and by sea, and a speedy fall is expected. Then they will take Santa Marta further down the coast, and hold both seaports of the Magdalena province. It will not be difficult to control the entire department.

Between Rio Chacha and Gendral Uribe-Uribe's position near San Cristobal is stationed General Camacho, who has a force of 4000 veterans. For some time they have been with ammunition, but about 18 days ago new arms and a large quantity of ammunition were successfully gotten to them, and they are now in fine shape.

Near Honda is General Marin with 2000 seasoned men, and in the Cauca province, in the south, are two generals and General Herrera.

When General Comacho and his troops join with General Uribe-Uribe the department of Santander will be virtually in our hands.

He said that the Colombian gunboat Pinzon will never come back over the bar at Barranquilla. It is very easy to go in, but so difficult to go out that steamboat navigation forever has been practically prohibited.

MIRACULOUS ESCAPE.

Miss Schroeder Falls Eighty Feet and Only Receives Bruises.

New York, Sept. 5.—After a fall of 80 feet, into the gorge of the Kaaterskill falls, in the Catskill mountains, Miss Caroline Schroeder of Brooklyn, was found to be unhurt, save for a few bruises.

The water plunges over a precipice 280 feet in height and on one side of the gorge is a shelf rock jutting out 80 feet below the summit. Miss Schroeder ventured too near the gorge, lost her balance and fell.

The people saw her body whirl downward. They saw it rest for a moment in the balsam boughs and then disappear in the midst of the dense foliage below. Three men descended on ropes and found the young woman unconscious. She soon regained consciousness and physicians in attendance, however, said that while severely bruised, she would suffer no serious consequences.

Colonials to Be Shot.

Cape Town, Sept. 5.—It is reported that Commandant Myburg has issued an order directing that all armed colonials captured after Sept. 15 are to be shot.

Captain Willis, with a patrol of 25 men from Oudtshoorn, was taken in ambush near Meringsport. He and two men escaped, three others were killed and four wounded, and the rest who surrendered took the oath of neutrality and were released.

Going to Europe.

Fort Worth, Tex., Sept. 5.—James S. Hogg and James W. Swayne, promoters of the Hogg-Swayne syndicate, leave next week for Europe. They go for the purpose of forming a combination with foreign capitalists to provide a market for the oil products of the Beaumont field. They will go direct to London. Transportation arrangements will be made with the steamship companies.

LONG REFUSES.

Will Not Entertain Proposition to Persecute Admiral Schley.

Buffalo, Sept. 10.—Acting Secretary of the Navy Hackett has been pressing Attorney General Knox both by wire and letters to appoint one of the assistant attorney generals to assist Captain Lemly, judge advocate of the Schley court of inquiry, in the conduct of the case before the court. The attorney general, however, has declined to take the step which he believes would look like government prosecution of an officer under investigation. The government, in his opinion, should have no part in the inquiry. It is an inquiry under the navy department, made at the request of Admiral Schley and the government has nothing to do with it.

The president himself had recommended Admiral Schley for promotion and now for the department of justice to detail an officer under it to assist in the conduct of this case would inevitably be construed as a desire an the part of the administration to convict Admiral Schley. The attorney general was sustained in his position by all members of the cabinet whom he consulted. The whole question was gone over carefully at a meeting held in the Glenny House adjoining the Milburn residence. Attorney General Knox has wired his decision to Acting Secretary Hackett. Members of the cabinet have no knowledge of any suggestion of postponing the Schley court.

No Official Reception.

London, Sept. 10.—The Times prints a dispatch from Tokio stating that there will be no official reception of the special mission sent by China to apologize for the murder of Sugi Yama, the chancellor of the legation at Pekin, until it is presented by the Chinese minister to Japan. No complications are feared, as the Japanese ceremonial only will be required.

Sultan's Cooks Mutiny.

London, Sept. 10.—The Constantinople correspondent of The Times says that owing to the nonpayment of salaries, the kitchen staff of the Yildiz Kiosk mutinied last week. The sultan ordered the payment of wages, but at the same time had several cooks imprisoned.

Died from Poisoning.

Fort Worth, Tex., Sept. 10.—Frederick Mennasha, aged 22, died Sunday from poisoning. He was found dead at his father's home on Gay street. He was despondent over a love affair. He is said to have been engaged to a young woman who went to New Orleans last week.

Shot in Saloon Brawl.

St. Louis, Sept. 10.—As the result of a three-corners fight in a saloon, which culminated in a revolver fusillade, Aug. Walsh was shot in the head, but the wound is not serious. He was shot by Martin Coyne. Michael Dalton was also mixed up in the fight. Coyne and Dalton were arrested.

NEWS IN BRIEF.

Jesse Hart was killed near Strawn, Tex., by his horse running into a barbed wire fence.

R. A. Boren was seriously burned at Beaumont, Tex., by letting a lighted lantern down into an oil tank.

Fire at Pecos, Tex., destroyed six business houses causing a loss of $17,000.

At Houston, Tex., three cases of small pox are in the detention camp.

Mrs. John Ezell hanged herself in a boardinghouse at Austin, Tex.

The new cotton mill at Belton, Tex., is finished and will be running in a a few days.

A case of smallpox was found in Kaufman county, Tex., near the Trinity river.

The robbers who held up the Cotton Belt train last week near Texarkana, Tex., are still at large.

O. A. Eylar, a printer well known in Tex., committed suicide at Georgetown, O. He had considerable property in Dallas and Corsicana.

The sheriff's fee bill has been signed by the governor of Texas.

James McArthur was hanged at Deer Lodge, Mont., for murdering Captain Oliver Dotson.

Germany refused to intervene for Turkey in her trouble with France and advised the sultan to pay the bill.

Boar Attacked Boys.

Lockney, Tex., Sept. 10.—Daff Griffith, living one mile and a half from Lackney, sent his twin boys, aged seven years, a short distance from his house to drive his large pet Berkshire boar from the fence. When the boys came near the boar he sprang upon one and began tearing his flesh in a horrible manner. The other boy went to his brother's assistance and was also torn and bitten but not so badly. Their father hearing their cries ran to their assistance and with an ax finally succeeded in driving the hog away. It is now thought they will recover.

Looking for Homes in Texas.

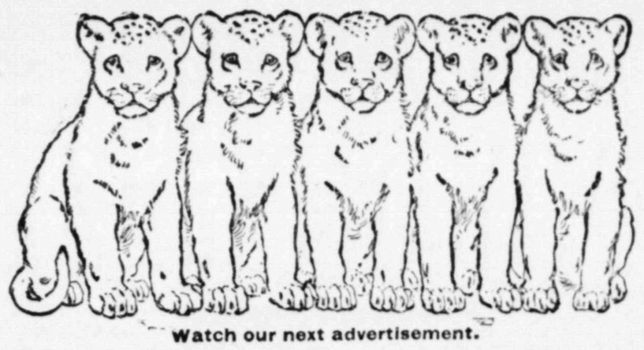

Denison, Tex., Sept. 10.—The Katy Flyer from the north Wednesday had the largest excursion of Texas homeseekers that any train has brought to the state this summer. There were 12 heavily loaded coaches, and more than 100 farmers from Iowa, Illinois, Missouri and other points coming to Texas to look for homes.

Fire at New Orleans.

New Orleans, Sept. 10.—There was a fire in the wholesale district on Common street Sunday, destroying J. H. Menges' wholesale grocery and L. L. Brunswig & Co's chemical warehouse. The loss will reach $200,000.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

LION COFFEE

is always the same.
One package is just like another.
It is uniform in every respect.

IT NEVER VARIES

If you like one package you will like

—LION COFFEE.—

LION COFFEE is not glazed or coated with egg mixtures and chemicals, but an absolutely pure coffee, full of strength and flavor.

In every package of **LION COFFEE** you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their home comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).

WOOLSON SPICE CO., TOLEDO, OHIO.

POWERS ASSAULTED.

Howard Strikes Him With an Inkstand While in Jail.

Frankfort, Sept. 5.—James Howard and ex-Secretary of State Caleb Powers, convicted as Goebel murder conspirators, quarreled in jail here Wednesday. Howard threw a heavy inkstand at Powers striking him on the head. Powers was knocked over and bled profusely. Doctors dressed the wound and remained with Powers over an hour and stated that Powers was seriously injured, but not fatally. The only witness was ex-Assistant Adjutant General J. K. Dixon, who was in conference with the two men.

Colonel J. K. Dixon, assistant adjutant general under the administration of ex-Governor Taylor, who had just returned from eastern Kentucky, where he collected considerable money for the defense of both Powers and Howard, was in the room with the men at the time of the trouble. A controversy between the two men arose as to a division of the money. Both grew angry and Howard seized an iron inkstand and hurled it at Powers with terrific force.

Both men have been in jail over a year and they have apparently been the best of friends. Howard afterward expressed deep regret that the affair had occurred.

COLOMBIA IS WILLING.

Will Welcome an Intervention for Peace by the United States.

Washington, Sept. 5.—The action of the United States in tending their good offices to Venezuela and Colombia to avert a war between those countries, has not yet advanced to a point where this government has begun the work of mediator. It has signified its willingness to act, but it will remain for the two countries to indicate when the time has arrived for actual mediation.

Colombia has already made known that she will welcome the exercise of the pacific offices of the United States. In this it is understood that Colombia has evaded Venezuela and also places the burden of the issue on President Castro in person, as against the body of the Venezuelan people. The response of Venezuela is understood to be less definite in accepting the good offices of the United States.

For the present, therefore, it is not expected that the United States will take no further active steps, although its tender stands as a clear intimation to the contending parties that the United States is likely to take such action as is necessary to avert war.

Had Been Roasted.

"What is your vocation?" asked the cannibal king sternly.

"I—er—I—am a weather bureau man, your majesty," ventured the weather man timidly.

"Turn him loose," commanded the cannibal king. "He has been roasted enough by the people."—Ohio State Journal.

David C. Johnson Killed.

Fort Worth, Tex., Sept. 10.—David C. Johnson, engineer of company No. 3, of the Fort Worth fire department, was shot and killed Sunday night. Joe Johnson, who is not related to the deceased, was arrested and placed in jail charged with the offense.

Among other lines of manufacture which Baltimore leads the world in that of making showcases. Not only does Baltimore's output exceed that of any other city of the world, but it was also one of the first to construct this useful article.

The number of retail liquor dealers in the United States at the end of last year was 206,000. The membership of the Prohibition party at the end of the year was 209,000. New York has the largest number of liquor dealers, Illinois is second and Ohio third. Pennsylvania has the largest number of prohibitionists, New York is second and Illinois third.

Just What He Meant.

"So you resolved to say what you meant to Miss Winnet?" "Yes," answered Willie Wishington, Miss Cayenne.

"Yes," answered Willie Wishington. "I came out boldly and told her I would be mine."

"Oh, that isn't what you meant. The real question is, 'Can you be mine?'"—Washington Star.

The Two Minute Trot.

When it is considered that the difference in feet required to make the change is but 97, or less than two strides of a horse in full action, or that a horse would have to gain but nine inches in every stride in order to reach the coveted goal, it would seem that the record for the trot would be greater, but such is not the case, says the Cincinnati Enquirer. To trot a mile in two minutes a horse would have to travel 44 feet a second. Cresceus at Columbus trotted 45 feet a second, striding 28 feet, which seem a comparatively small matter to wipe out this difference, is almost a superhuman one.

Among other lines of manufacture in which Baltimore leads the world is that of making showcases. Not only does Baltimore's output exceed that of any other city of the world, but it was also one of the first to construct this useful article.

The number of retail liquor dealers in the United States at the close of last year was 206,000. The membership of the Prohibition party at the end of the year was 209,000. New York has the largest number of liquor dealers, Illinois is second and Ohio third. Pennsylvania has the largest number of prohibitionists. New York is second, Illinois third.

Just What He Meant.

"So you resolved to say what you meant to Miss Winnet," said Miss Cayenne.

"Yes," answered Willie Wishington, "I came out boldly and told her I would be mine."

"Oh, that isn't what you meant. The real question is, 'Can you be?'" Washington Star.

The Two Minute Trot.

When it is considered that the difference in feet required to make the change is but 97, or less than two strides of a horse in full action, or that a horse would have to gain but nine inches in every stride in order to reach the coveted mark, it would seem that the record ought to be greater, but such is not the case, says the Cincinnati Enquirer. To trot a mile in two minutes a horse would have to travel 44 feet a second. Cresceus at Columbus trotted 43 feet a second, striding 28 feet. This would seem a comparatively easy task to wipe out this difference, but it is almost a superhuman one.

THE METHODISTS MEET

Delegates from All Over the World Gather at Wesley Chapel.

IMPORTANT MEETING

They Will Discuss Religious and Social Problems of the Church—Many of the Prominent Members Are in Attendance.

London, Sept. 5.—The ecumenical Methodist conference opened in Wesley Chapel today with a good attendance. In the devotional exercises King Edward and President McKinley were prayed for. Bishop Joseph V. Hartzell, missionary bishop of the Methodist Episcopal church in Africa, made the opening prayer and Bishop Galloway of Jackson, Miss., preached an eloquent sermon, setting forth the aims of the Methodists throughout the world and emphasizing the valne of the tenets of John Wesley. Communion then followed.

The archbishop of Canterbury, Most Rev. Frederick Temple, and the bishop of London, Rt. Rev. A. F. W. Ingram, sent friendly messages, the archbishop of Canterbury praying that God's blessing may rest on the deliberations. The bishop of London sent a similar message, but adding the hope that some day the Methodists would be reunited with the Episcopalians.

The ecumenical conference is meeting in City Road Chapel, built by John Wesley in 1760. It is sometimes called the Cathedral of Methodism and is filled with memorials of all denominations tracing their origin to Wesley. Marble columns representing the Methodist branches in the north and south of the United States and Canada are among those holding up the gallery. They were presented after the first conference that assembled here exactly 20 years ago. The representations, which is on a basis of about 1 delegate to 20,000 members, gives the United States and Canada 300 out of 500 delegates composing the council. The chairman will be changed daily, so that all divisions represented will have a chairmanship.

For convenience the business conference is divided into the eastern and western sections which takes in all of the branches of the English Methodist together with affiliated conferences in Australia, South Africa and West Indies consists of 206 members. The western section includes the American and Canadian Methodist churches, and has 300 delegates. The church in the United States sent 129 representatives, among them Bishops Hurst, Vincent, Hamilton and Martzelin. The Methodist Episcopal Church, South, is represented by 70 delegates including Bishops Fitzgerald, Granbury and Anderson. The Methodist church of Canada among its 20 representatives has Dr. Briggs, Dr. Potts, Prof. J. C. Antliff and Chancellor Brownash of Toronto. The African Methodist churches of the United States, are represented by 58 delegates including 20 colored bishops.

Though the conference does not have legislative and administrative power over the churches represented, their policy probably will be affected both directly and indirectly and discussions of religious and social problems that will come before it.

THE HEARTIEST WELCOME

Colored Bishop Greeted Above All Others by an English Audience.

London, Sept. 5.—The most striking feature of the ecumenical Methodist conference Wednesday was an impassionate plea of Bishop Walters, colored, of Jersey City, who received the heartiest welcome of any of the American delegates. He declared that there was a systematic effort on the part of the white Americans to destroy the good opinion which the English had of the negroes. He recapitulated the lynching figures of the year 1900 and declared though 90 negroes were lynched in only 11 cases had assault on a white woman been proved.

The bishop's asservations on negro morality elicited loud cheers from the English part of the audience, and several of the many southern delegates went out, while others did not conceal their disagreement with the speaker.

Determined to Kill Herself.

Moscow, Tex., Sept. 5.—A negro woman named Oney Owen, who lived about three miles northeast of town, committed suicide. She with other negroes was in the field picking cotton. Her husband had his gun in the field, as the woman had made threats to kill herself. She found it and fired the entire load into her breast, killing herself instantly.

Fight With Slave Traders.

Brussels, Sept. 5.—Advices from Catanga, Central Africa, report a pitched battle between 25 troops of the Congo Free State and 200 slave traders well armed, resulting in the defeat of the latter and the capture of 150 rifles and an immense quantity of merchandise.

Killed by the Explosion.

Mexia, Tex., Sept. 4.—The gin of Savage & Williams, about four miles east of Personville, was completely wrecked by the boiler exploding. J. M. Williams, one of the owners, was instantly killed, and John Beasley, the fireman, was so badly scalded and bruised that he is not expected to live.

DO YOU RENT?

CZOLGOSC NOT ALONE

It Is Firmly Believed Others Concerned in His Crime.

A SERIES OF CRIMES.

Some Connect Emma Goldman With the Conspiracy and the Murder of the President Only the Beginning of the Plots.

Buffalo, Sept. 10.—That there was a conspiracy in which many besides Czolgosc were concerned and which had the destruction of President McKinley as its purpose, is the firm conviction of all the members of the cabinet and of the Buffalo police. An agent of the United States secret service said that the theory is held that Emma Goldman, the anarchist, was the prime mover in this plot, which may have contemplated a series of crimes, of which the murder of the president was only the beginning. Emma Goldman was in Buffalo last Monday. She was here under an assumed name. What the object of her visit was has not been learned, but presumably it was in connection with the crime that followed four days later. The police all over the United States are now searching for Emma Goldman, who seems to have disappeared utterly.

It can be stated on absolute authority that this woman teacher of anarchy will be expelled if excuse of law can be found for such an act. Moreover, she will not go alone. Holding to the theory that the anarchists conspired against the constitution, authority and government of the United States and planned the assassination of President McKinley, the members of the cabinet will urge that strenuous efforts be made to eradicate them. Secretary Root is particularly earnest in urging this.

Few believe that Czolgosc was alone in the crime, or that he has been anything more than a mere instrument under the control of the real conspirators. That other and important arrest are contemplated in the near future, is known to be a fact.

Czolgosc has made no additional admissions to the police officials and nothing they have learned has added toward a solution of the criminal side of the case. He still insists that he alone conceived, planned and carried out the crime and that he alone must answer for it.

He admits he attended meetings at which Emma Goldman spoke and where he and his fellow anarchists discussed their propaganda of murder, but steadily denies that any of them had a part in his plans. He says he did not divulge to them any feature of his scheme to kill the president.

CZOLGOSC'S PROSECUTION.

No National Statutes Covers His Attempt to Slay the President.

Buffalo, Sept. 10.—Many sensational reports are being circulated about cabinet action looking to the apprehension and prosecution of Emma Goldman and other leaders of anarchist organizations of mysterious directions from the secretary of war and other cabinet officers, and that developments of a startling nature are anticipated. The great majority of these reports are "manufactured of whole cloth."

There is no government statute covering an assault upon the president of the United States, and in the eye of the law, the crime of last Friday is merely a local offense committed against a private citizen in violation of the laws of the state of New York. The national government can have no hand in the prosecution of a local offender; this trial will take place in the local courts.

No specific order for the arrest or detention of Emma Goldman has been sent out by Superintendent Bull, but it is possible that she will be arrested on the general request that police throughout the country locate any person who may be suspected of complicity in the crime.

WATCHING ANARCHISTS.

Move Made in New York City to Stop Holding of Meetings.

New York, Sept. 10.—Haunts of anarchists in this city were deserted Sunday, according to the police. Special detectives have been on the watch everywhere members of the band are known to have collected in the past.

Instructions have been issued to the owners of halls not to rent them to anarchists. Same conditions ruled in Paterson where no big meetings were held as is customary on Sunday.

Mayor Hinchliffee of Paterson has given notice that any saloonkeeper who rents his hall for anarchists' meetings will have his license revoked. Licenses will be refused to applicants known to be even friendly with the followers of the red flag.

Maggio Under Arrest.

Silver City, N. M., Sept. 10.—Antonio Maggio, the musician and alleged anarchist, who is said to have predicted the assassination of McKinley before October, 1901, was arrested at Santa Rita, a mining camp near here, Monday evening by United States Marshal Foraker on instructions from Washington.

Maggio has been playing a piano in a saloon at Santa Rita for some time. He is said to have frequently made the prediction that the president would be killed before Oct. 1, since coming to this section in February last. He is quoted as saying that Emperor William of Germany would be the next ruler assassinated.

Held Without Bail.

Chicago, Sept. 10.—The nine anarchist under arrest here were brought before Magistrate Prendeville Monday and the hearing postponed until Sept. 19, in order to allow a more complete investigation of the charge that they conspired to murder the president. Several of them have admitted they knew Czolgosc and the police are working on the theory that the president's assailant was inspired to do the deed by the teachings he received while here in July. The six male prisoners were held without bail pending the hearing while the three women were released.

Emma Goldman Located.

Chicago, Sept. 10.—Chief O'Neil announces that Emma Goldman is under surveillance not far from Chicago although not in this city. He insisted she had been located and intimated she would be arrested soon.

Two More Arrests Made.

Pittsburg, Sept. 10.—Carl Nold and Harry Gordon, well known Pittsburg anarchists and intimate friends of Emma Goldman, have been arrested here. They will be placed in the "sweatbox" by the police officials. Nold was a friend of Berkman, who shot H. C. Frick.

The men were arrested upon telegraphic advices from Buffalo.

Plot Against the Assassin.

Buffalo, Sept. 10.—The police believe they have discovered a conspiracy to take the life of Czolgosc. He has been removed to a dungeon in the basement many feet below the surface of the earth.

WITHOUT A QUORUM.

Neither House Had Enough Members to Transact Members.

Austin, Sept. 10.—Neither branch of the legislature had a quorum yesterday. The house was shy 11 and the senate 5. The house recessed until the afternoon and the senate adjourned to tomorrow morning.

Resolutions condemning in unqualified terms the assassination of President McKinley will be offered as soon as a quorum is present. Legislators condemn the act as dastardly, and very likely steps will be taken by the legislature petitioning the national congress to pass a law for the banishment of all anarchists in the United States.

Posse After a Negro.

Clerksville, Tex., Sept. 10.—Posses are scouring Red River county for a negro who attempted to assault the wife of W. R. Freeman, a farmer, who lives seven miles from Bagwell. Mrs. Freeman was assaulted while at a creek washing, by a low, heavy-set, thick-shouldered, black negro, dressed in ragged clothes, with one leg of his trousers split open between the knee and ankle. He approached her from behind, seized her by the throat with one hand and her arms with the other and threw her backward to the ground. She screamed and her 11-year-old son ran to her rescue. The negro took fright and fled.

Urged to Send in Claims.

Austin, Sept. 10.—Adjutant General Thomas Scurry says that a very small per cent of the rejected men who enlisted for the war against Spain have put in their claims to his department for pay for the period from the time the call for mobilization of the troops was made until they were mustered into United States service. These men are all entitled to pay and are urged to send in their claims.

Crushed Under a Falling Wall.

Orange, Tex., Sept. 10.—A 2-story brick building that E. F. Chaffey was erecting for Mrs. E. F. Thomas on Front street, fell and carried with it several workmen, three of whom were more or less injured. The only fatality was caused by the rear half of the west wall falling on the north end of P. Lausen's restaurant, where Mr. Lausen and his wife were engaged at their morning's work. Lausen was killed.

Preacher's Busy Day.

Paris, Tex., Sept. 10.—Rev. Jerry Crain, a Baptist minister of this county rode 30 miles Sunday, preached at 11 o'clock seven miles southeast of town, administered the ordinance of baptism to 24 converts at Reno, five miles east of town, in the afternoon, performed a marriage ceremony at Blossom at 6 o'clock in the evening and preached at Mount Olive church, north of Reno.

One Dead, Another Badly Hurt.

Oakwood, Tex., Sept. 10.—A man shot and killed another man named Herrod near here Saturday and seriously injured another named McGrew. The killing occurred a mile south of here. C. P. McCoy surrendered.

Officer Kills an Indian.

Gallup, N. M., Sept. 10.—While arresting a drunken Indian who had a revolver, Marshal McCoy killed one Indian and badly wounding another. The Indians had killed McCoy's horse and were shooting at him while fleeing. He gave himself up.

Died of His Injuries.

New York, Sept. 10.—John Nelson, the young bicyclist of Chicago, who was injured in a race with Jimmy Michaels at Madison Square Garden, last Wednesday night, died at the Bellevue hospital.

Surveying for Packery.

Fort Worth, Tex., Sept. 10.—Surveying began for one of the new packing houses. Four representatives of the Armour and Swift houses are here taking preliminary steps.

FRUIT JARS!

You cannot afford to buy them without first giving us a call. We have all sizes and a price on them that will certainly interest you.

J. S. DALEY Sr., Publisher and Founder.

DUBLIN, TEXAS, FRIDAY, SEPT. 13, 1901.

The best and most lasting victory won in life is the battle won by the force of kindness. The spirit of selfishness may often succeed, in fact so far as financial success goes it usually does emanites from that spirit, but in reality it should not be counted success when so gained.

Sometimes it is the case that those who appear the most piously inclined are found to be the most consumate rascals. Many persons who are not members of any church then invariably point to these in argument against religion, condemning the whole because of the corruption of a few.

The only excuse presented for the loss of some three hundred thousand dollars of the state money by the failure of an Austin bank was that the precedent had been set by former democratic state treasurers of violating the law and hence the present treasurer did so and consequently the money is lost and no one should be held responsible—not even the dominant party, whose officials have set the precedent.

The great trusts of the country are an object lesson which the people in their sovereign capacity should profit by. The general government of the United States is the greatest stock company on earth and every individual under its flag is a share holder. If these share holders do not get together and work for their own interests, the trusts are entitled to the emoluments by their superior business sagacity.

Because of the continued absorption into the national treasury, of revenue above the expenditure, and the consequent withdrawal of this amount of money from the channels of trade, the secretary of the treasury has given notice that he will redeem twenty-million dollars of undue government bonds, if the holders will take a reasonable figure for them. This action will greatly relieve the money market and put more money in circulation to remove the crops. If it is done promptly the cotton market should rapidly respond to the increased circulation and quickly go up in price.

MUSCULAR PASTOR.

Muscles Built Up by Common Sense Habit.

"For years I have not been able to drink coffee, as it made me very nervous and gave me a headache. No one loved coffee more than I and it was a severe trial to abandon its use. Nearly three years ago I saw Postum Cereal Coffee advertised and concluded to try it.

I have been so well pleased with it and its healthful effects that I have used it ever since. I carry packages with me when I visit other places.

When I began to drink Postum, my muscles were flabby, as my habits are cedentary, but for the past two years my muscles have been hard and I never felt stronger in my life than I do now at sixty years of age, and I attribute my strength of muscle to constant use of Postum. I drink it three times a day. I feel so enthusiastic about Postum that I cannot recommend it too highly wherever I go. Wishing you great success, yours truly," Rev. A. P. Moore, 474 Rhode Island street, Buffalo, N. Y.

The reason Postum builds up the human body to a prime condition of health, is that when coffee is left off, the drug effects of the poison disappear and the elements in Postum unite with Albumen of the food to make gray matter and refill the delicate nerve centers all over the body and in the brain. This sets up a perfect condition of nerve health, and the result is that the entire body feels the effect of it.

The special session of the legislature has completed nearly all of its labors and already the members of that body are begining to see visions of democratic reverses in some of the congressional districts which they cut out with the object, supreme in mind, to make it safely democratic. The condition of the opposition to the ruling power in this state last year made it most difficult to figure with any great degree of certainty upon the possibilities in the next campaign, and it is as a result most likely that some of the districts have been unintentionally framed to the advantage of the odposition. If a considerable break could be made in the congressional delegation of Texas it would be the best thing in a political way that has happened to the state in many years.

The Kansas City conference, to which all reformers are invited, details of which appear in another column of this issue, is capable with proper action, of bringing about a great amount of good in a political way. It goes without saying, in fact it is admitted by the conservative members of all parties, that our government is not what it should be and that neither of the old parties core to change it, preferring rather to have a sham battle each campaign over some insignificant matter of public policy, resulting in the election of one or the other of the parties, but in either case the defeat of the people. A practical and sensible union of all parties favorable to reform can be made that will sweep the country and with its advent to office a new regime of social and economic equality, consistent with the varied capabilities of the people can be established, under which the theory that "the laborer is worthy of his hire" can be exemplified by its practice. The conference may be of present value, that depends upon its actions, but is certain to be one more step toward a revolution of our present system of economics.

You can get stamp photos at Thompson's. 17tf.

WHERE WE LIVE.

The average Texas citizen imagines that he lives at home, but he don't. He gets up in the morning and puts on a pair of socks made in New York, shoes made in Boston, pants made in Ohio, and then slips a pair of Connecticut suspenders over his shoulders. He dips some water from a Missouri bucket with a Chicago dipper and puts it in an Illinois pan and washes his Texas face, using a cake of St. Louis soap in the operation. He dries his face on a Rhode Island towel, and roaches his hair with a Vermont comb. He then drinks Cuban coffee from an Indiana cup and saucer, sweetened with Louisiana sugar and stirred with a New York spoon. His knife, fork and plate were made in the north, his table cloth ditto. He eats a piece of Chicago ham fried in Kansas lard, sops his St. Louis biscuit seasoned with Boston soda and Michigan salt, into Louisiana molassses. He wipes his whiskers on a Vermont napkin, shoves back his Michigan chair and gets up from a table from the same state. His meal was cooked on a St. Louis stove with wood chopped with a St. Louis axe and hauled on an Indiana wagon.

The citizen then puts a Boston bridle on a Missouri mule, gets out his Georgia plow and works all day in a field incumbered, in all probability, with a New York mortgage. He returns at night and satisfies his appetite with another imported meal, fills his Indiana lamp with Pennsylvania oil and lights it with a New York match. He then fills his Illinois pipe with North Carolina tobacco and settles down for a comfortable smoke.

When bed time comes he takes down his family bible which was printed in Massachusetts, reads a chapter, says a prayer composed in Jerusalem, then retires to bed, slips under imported cover and is kept awake for two long hours by the howl of his Texas dog, which is about the only Texas product he has in the house.—Panola Watchman.

KANSAS CITY CONFERENCE.

To Populists, everywhere, Greeting:

The time for the Kansas City conference of reformers to unite all those who favor a peoples government into one harmonious organization is rapidly approaching. The convention assembles in Kansas City on September 17th, 18th and 19th, and to this convention all citizens, regardless of past party affiliation, but who are in perfect harmony with its purposes, and whose hopes and aspirations are for the betterment of the human race, are cordially invited.

Reports from every section indicate that there will be a good attendance in spite of the devastating drought which has swept over the west and southwest, and fallen most heavily upon the farmers who make up our constituency, as well as the short time we have had to prepare for the convention and get its purposes before the people. Your committee has also been entirely without funds with which to prosecute this work, and the little done has been done at individual expense. But in the face of these obstacles the response from the people has been one of unanimous approval. The proposed meeting has started anew the fires of liberty, and many who were discouraged heretofore have taken new heart and hope and have gone again into active work for the cause.

There is no division among true reformers as to the course we should pursue. It is the unanimous opinion that all who believe alike should get together to oppose the common enemy, which is represented by the two old parties. At the Kansas City meeting factional differences will be buried, personal ambitions will be laid aside, and the new duties of the present cheerfully and vigorously taken up. The battle will be renewed all along the line, and the work of organization pushed rapidly into every hamlet.

SPECIAL RAILROAD RATES.

We have secured a rate from all parts of the United States for those attending this conference of one fare and one-third for the round trip on the certificate plan. Tickets will be on sale so as to allow the holder to reach Kansas City on the night of the 16th. The delegate will purchase a regular full fare ticket one way to Kansas City, and require the ticket agent to give him a certificate showing that he has purchased such ticket. This certificate must be signed at Kansas City by the person selected for that duty, and when so signed will entitle the holder to a rate of one cent a mile returning. Caution! Do not fail to get this certificate, as otherwise no reduction in rates can be secured.

HEADQUARTERS AT KANSAS CITY.

Arrangements for a convention hall are left in the hands of the local committee, but delegates on arrival should report at the Centropolis Hotel, which has been selected as headquarters for the committees. Good hotel accomodations can be had in Kansas City, and the expense of staying at the convention will be nominal.

MEETING OF THE NATIONAL COMMITTEE.

The national committee of the peoples' party will meet at the Centropolis Hotel on the night before the convention, Monday night, September 16th, at about eight o'clock. Members of the committee, as well as holders of proxies, should arrange to be present at this meeting.

MEETING OF NATIONAL REFORM PRESS ASSOCIATION.

President J. M. Mallett, of the National Reform Press Association, has called the press to meet at the Centropolis Hotel at ten o'clock a. m., September 17th. All reform papers, members of the association should be represented without fail. It is also important that the editors of all papers in sympathy with the purposes of the convention attend the meeting of the press association and join the organization.

This convention bids fair to be the most important we have ever held, as it will mark a new era in reform work. It marks the beginning of united effort among those who believe alike and whose ambitions are the same. The factional differences which have kept reformers apart in the past will be set aside here, and the independent voters will go forth in a solid array against the two old plutocratic parties.

It behooves every populist who can do so to attend this convention. It has been rumord that an attempt will be made by the Missouri politicians to inject an element of discord into the meeting and prevent the consumation of this union by packing the hall with ward healers and political thugs. Populists have not forgotten who turned off the lights at St. Louis in 1896, and we do not propose to have the performance repeated at Kansas City. The purpose of the conference is plainly stated in the call to be the formation of an alliance of the independent reform elements independent of the old parties, and all who favor this idea will be entitled to sit as delegates in the convention but no one who seeks to commit the movement to either wing of the plutocracy will be recognized as a delegate or entitled to a voice in the meeting. The unanimous wish of the true reformers of this country is that those who believe in honest reform get together in one organization, and this end cannot now be defeated by political tricks and schemes.

We who go to Kansas City will virtually have in our keeping the destinies of the great cause of human liberty. If reformers will rally to this call and attend this convention in large numbers we will put on foot the machinery which will result happily for the laboring interests. Our country is fast approaching desperate industrial conditions. It is dividing into two intensely hostile camps—a privileged aristocracy of wealth on one hand, and a ragged and remorseless proletariat on the other. The bulwark of safety for the republic lies in the great middle class, who stand between these extremes, favoring wise, honestly administered government, which will insure to labor the product of its own exertion and genius, yet avoid the extremes of revolution and disorder.

Once again, let me appeal to you, personally, man to man, to come to Kansas City and help plant the banners of the united army of reform on "the outward walls."

Yours truly,

JO. A. PARKER,
Chairman Populist Nat'l Com.
Louisville, Ky., Sept. 10th, 1901.

In Porto Rico, Uncle Sam owns the telegraph system. You can send a message for two cents per word. In the Philippines the government owns the telegraph lines—5,000 miles—and messages are also sent to any part of the island for two cents. The cables are also owned by the government and messages can be sent from one island to another at an expense of four cents per word. This plan would be impractical in this country—as it would make no profit for the telegraph monopolists and they would have no money to give away and no stocks on the exchange with which to gamble.—Appeal to Reason.

Oil for the Children.

Give them oil—cod-liver oil. It's curious to see the result.

Give it to the peevish, fretful child, and he laughs. Give it to the pale, anæmic child, and his face becomes rosy and full of health. Take a flat-chested child, or a child that has stopped growing, give him the oil, and he will grow big and strong like the rest.

This is not a new scheme. It has been done for years. Of course you must use the right oil. Scott's Emulsion is the one.

Scott's Emulsion neither looks nor tastes like oil because we are so careful in making it pleasant to take.

NORTH EAST COR. SQUARE
COMANCHE, : TEXAS

The villainous assault upon the president of the United States, which has happily thus far not resulted fatally, reminds us that there has been a serious failure of the federal branch of the legislature in not enacting laws for protection of the president in his capacity as the executive head of the nation. As the matter stands, the man Leon Czolgosz may only be tried by the lower courts on a charge of assault with intent to murder if the president lives and for murder if the matter should come to the worst. Of course if a conspiracy is proven, which is generally a hard matter of proof, even at the best, then the trial court would have a right to hold the criminal on that charge, but no more so than if the attack had been made upon a private citizen. The mistake has been made in not enacting special laws for the protection of the president, who assumes additional risk of his life at the hands of anarchists, solely because of the high position which he holds. The life of the president is no more to his family, as a matter of course, and in many cases not so much so from some points of view, as the life of the most humble peasant is to his family, but the life of the president is more to the republic during his term of office than the life of any private citizen and the additional risk and the additional responsibility he assumes should be protected by special laws enacted by the federal congress. An attack upon the president is no less than high treason and [illegible] ed assassins, who make [illegible] of that character should [illegible] so tried in the higher [illegible] indeed by a military [illegible] tial.

OWLEDGE OF FOOD.

Selection of Great Importance in Summer.

eeding of infants is a very proposition, as all mothers Food must be used that ily digest, or the undigested ill be thrown into the intes- d cause sickness.

important to know that a n be obtained that is always at is Grape-Nuts.

other writes: "My baby e first premium at a baby the 8th inst., and is in ev- a prize baby. I have fed Grape-Nuts since he was ths old. I also use your Food Coffee for myself."— F. Fishback, Alvin, Texas.

e-Nuts food is not made for a baby food by any but is manufactured for all beings who have trifling, or difficulties in the stomach vels.

especial point of value is food is predigested in the of manufacture, not by any chemicals whatsoever, but by the action of heat, mois- d time, which permits the to grow, and change the into grape-sugar. This pre- od to the system ready for ate assimilation.

special value as a food, be- e fact that it is easily di- is that it supplies the needed s to quickly rebuild the cells brain and nerve centers hout the body.

Wm. A. Dunn, who resides here, but joined the army in April of this year, has recently written to his mother, Mrs. M. A. Dunn, from Vancouver, Washington. In the letter he says that his company, with several others, would start for Bois City, Idaho, where they will for a time be stationed in the barracks. He is a member of Co. H Twenty-eighth Infantry, and enlisted for three years, though he is of the belief that his regiment will be mustered out of service because there have been so many desertions from the ranks. Mrs. Dunn is much distressed over the report of a wreck on the railroad a few days ago over which he had to passs fearing that he may have been in the catastrophy.

At the recent meeting of the school board several changes in the faculty were necessitated by the resignation of some of those previously elected. Prof C. T. Wakefield and Misses Jessie Blackford and Allie Rawls resigned, and hence there were three vacancies to fill. Two of these were filled at that meeting by the election of Miss Sue Davis of Waco, and Prof. Robert G. Hollingsworth of Santa Anna. The teachers elected are said to be exceptionally well qualified and very successful. Prof. Wakefield has accepted a position as principal of a school in Johnson county.

728 acres stock farm, five miles northeast of Stephenville, all under good cedar post fence, four and five wire, 45 acres in cultivation and fifty acres cleared and ready tillable land. Balance in pasture with fine coat of sedge and mesquite grass, everlasting creek water and tank, deep well with windmill, water inexhaustable, two box houses with two rooms each, barns, lots, etc. This is one of the best small stock farms in Erath county, and is a rare bargain. Price $6 per acre.—W. R. McClellan, Stephenville.

Hon. Ben Palmer of Staphenville, representative from Erath county in the state legislature, accompanied by Mrs. Palmer, was here Tuesday and Wednesday. Mr. Palmer had came back from Austin as a witness in county court at Stephenville, but returned to his labors Wednesday. The legislature had adjourned to await the report of the committee on appropriations, which is presumed to be the last business on hand at the present special session.

"Uncle" Johnnie Lockhart, an old time citizen of Erath county and a veteran minister of the gospel, came in last Tuesday from his present home in Scurry county. He was met here by his son John of Stephenville, with whom he will visit for a week. "Uncle" Johnnie is as hale and hearty as ever and the weight of years seem not to bear heavily upon him. He reports Mrs. Lockhart in good health.

A fire on a small scale was overcome in its incipiency last Tuesday. The small building near the Texas Central passenger depot which is used by the railway company for a pumping station, caught fire from the excessive heat thrown out from the smokestack protruding through the roof. A considerable blaze had started but it was put out by the application of a few buckets of water before the fire boys reached the scene.

Persons who owe the Progress on any account will confer a favor by calling and paying the amount as soon as convenient. The publisher needs cash to carry on his business as much so as any one else and more than many people imagine and besides he naturally wishes to get what is his due the same as any other mortal.

The number of bales of new cotton received this year at Dublin, up to yesterday noon was one thousand and twenty. Of this number the Farmers yard received four hundred and thirty and the Dublin yard five hundred and ninety, The number ginned here was as follows: Wasson 104, Rosamond 118 Peeples 157, Armstrong 281, total 660.

"Uncle" Ike Cowan, a pioneer citizen of the county, died at his home on Richardson creek, north of Stephenville, one day last week at the age of seventy-nine years. He moved from Tennessee to Texas in 1858 and has since resided at his home place on Richardson creek. He was buried at Rock Creek Cemetery with Masonic honors.

At a meeting of the school board last Saturday night Geo. B. Maloney was elected a member of the school board to fill the unexpired term of C. S. Oates, who as stated in a recent issue of the Progress, had resigned.

The Pipes-Davis musicale at the opera house last Friday night was greatly enjoyed by those in attendance. Profs. Pipes and Davis, in their renditions, showed themselves masters in the art of entertainment.

Wasson gins and wraps

1600 lbs. Seed Cotton for $2.90.

Personal Mention.

Deputy Sheriff Harve Keith was here Monday on business.

Sheriff Noble of Eastland county, was here Tuesday on business.

Mrs. H. J. Perkins and two children visited friends at Hico Tuesday evening.

Rev. A. L. D'Spain of DeLeon was here Monday en route home from a trip to Comanche.

Mrs. F. J. Prim of Wynnewood, I. T., came in Saturday for a visit to her sons at this place.

The clever traveling passenger agent of the Cotton Belt, Gus Hoover, was here yesterday.

Bob Williams and lady of Hamilton were here the first of the week on a visit to relatives and friends.

Mrs. W. E. Whitmire of Dallas, with her two children, are here this week on a visit to her sister, Mrs. J. S. Daley.

Allen Zimmerman, who is an old settler and well known throughout the county, was here from Stephenville Tuesday.

B. W. Lafferty, who has been sick for several weeks with rheumatism and other complications. is improving some.

W. H. Neel, accompanied by Mrs. S. J. Weaver and his son Guy, returned yesterday evening from a month's visit in Michigan.

Tab Tomme and lady came in Tuesday from Stamford and Wednesday Mr. Tomme left for Dallas, where he expects a position in a railroad office.

There's a good solid working comfort in a pair of the Buckskin Breeches. They're loose where looseness is a necessity to comfort—snug where snugness means good looks. We do't stint cloth, cutting or stitches to make the pants the best in every way. Best wear, best fit, best looks—they don't require any mending. Mending is done when the seems are sewed and the buttons are first put on.

The holiness meeting which had been in progress at Comanche for two weeks is reported to have closed Wednesday night. There were eighteen conversions as a result of the meeting. Rev. Kilgore and wife, who had charge of the meeting, left for Bosque county to begin another meeting.

At Waco, W. R. Clifton and others have entered suit in the district court to recover $17,500 from the M. E. Church, South. The plaintiffs allege that they paid a debt of this amount as surities, and they sue to make certain real estate belonging to the church subject to their claim.

Just arrived at the all round and up-to-date music store of the J. L. Hall Music Co., a complete line of Violins, Mandolins, Guitars, Harps, Music, Wrappers,Strings, etc. Also piano dusters and the celebrated Rockford Wonder Piano Polish. Call and see us for the above and all the latest music. 17-tf

Attorney W. E. Lowe has returned from a trip to St. Louis, where he purchased a large stock of general merchandise for the firm of Lowe & Troxell at De Leon. Mr. Lowe will for a time make his headquarters at De Leon, but will retain his office here with Jesse G. Conner in charge.

J. N. Rupe who resides ten miles north of Dublin in the Corinth community and will be a candidate for the democratic nomination for district clerk at the coming election, was here Saturday on business. Mr. Rupe formerly lived at Duffau and is well known throughout the county.

Tablers Buckeye Pile Ointment relieves the intense itching. It soothes, heals and cures chronic cases where surgeons fail. It is no experiment; its sale increases through its cures. Every bottle guaranteed. Price 25 cents in bottles, tubes 75 cents. Clay Drug Co.

A large reservoir is being put in at Cleburne by the Santa Fe railroad company, which will be used to hold fuel oil. The engines on the Santa Fe will be fired with the new heating power and some of them have already been supplied with burners.

For Sale.—I have control of the N. H. Black farm on flat Creek, containing 461 acres, 225 acres in cultivation, price $11 per acre. One-third cash, balance in one, two and three years. Rent goes with land.—Ira Millican, Lubbock, Texas. 8-tf

Mrs. F. M. Brown, wife of the president of the Citizen's National Bank, came in last week from an extended trip to Boulder and Denver, Colorado. She has returned to Comanche to remain until a residence is arranged for here.

You may bridle the appetite, but you cannot bribe the liver to do its work well. You must be honest with it, help it along a little now and then with a dose of Herbine, the best liver regulator. Price 50c. Clay Drug Co.

The Gorman Progress of last week notes that O. A. Bass and another gentleman had left there for the eastern part of the state with some horses to dispose of. Mr. Bass is well known here.

The Baptist association of Erath county convened at Stephenville at 10 o'clock yesterday morning. The Meeting is being held at the park grounds one-fourth of a mile northeast of Stephenville.

H. B. Turney of Rockwood, Coleman county, was here Tuesday en route to Hico to witness an operation to be performed on his father-in-law, John B. Wood of that place, for cancer.

R. J. Pidcocke of Waco, a brother-in-law to Mrs. W. W. Patrick, is in the city. He came to attend the funeral of Rev. Patrick and is remaining to assist Mrs. Patrick to settle up his affairs.

As an external liniment of most wonderful penetrative and curative power, Ballard's Snow Liniment is not equaled by any other in the world. Price 25c and 50c. Clay Drug Co.

Prof. W. J. Clay left last Saturday for San Antonio, accompanied by Joe Higginbotham Jr. and his son Willie, whom he left them to attend school. Prof. Clay returned Tuesday.

Dr. G. Junius Roberts of Galvesveton, an expert phamarcist, has accepted a position with the Clay Drug Co. He has taken charge of the prescription department.

Groceries

Full

Weight,

not under, is what you get by dealing with us. That kind of business pleases people and pays us. We are not in a hurry to get rich, but are content with quick sales and small profits. The fact that we have been in business for many years, and have customers now who traded with us when we started proves that we do what is right in selling groceries.

THIS SEASON'S CANNED GOODS

are being received by us daily. It will be wise for you to examine them.

Buying from headquarters is the secret of our low prices. We cannot attempt to describe all the Groceries in our stock. Come and see.

After June 15th, and until September 1st, our store will close at 7:30 p. m.

HARRIS GROCER CO.

McCampbell-Day.

Mr. John T. McCampbell and Miss Helen Day of this city, were the contracting parties to a pretty wedding ceremony pronounced at the Methodist church at 9 p. m. last Wednesday by the pastor, Rev. H. A. Boaz. The church was beautifully decorated and the seating capacity of the spacious new building was taxed for room to provide accomodation for the friends of the young couple who had plighted their faiths to become one and inseperable. Each of the contracting parties are members of pioneer families of this city and individually have numerous friends who wish them every blessing that married life is capable of bestowing. The following is a list of presents presented them:

Picture holder—MissLeona Rosamond, Hico.
Lamp—Dr. and Mrs. Farmer.
Cut glass card receiver—Messrs. McCord and Luster Scott.
Jelly spoon—Geo. Andruss, Jr.
Cracker jar—Mrs. W. T. Hunt.
Cake plate—Mr. and Mrs. B. L. Shoffner.
Cake Plate—Mrs. F. Bridges,
Flower vase—C. Garner and Miss Abbie Wiley.
Sofa pillow—Fred Frazier.
Cake plate—Mrs. J. Graves.
Gravey iadle—Mr. and Mrs. E. G. Rosamond.
Mustard spoon and sugar shell—Carson Abraham.
Cream ladle—Mr. and Mrs. D. L. Deaton.
Rug—Mr. J. W. Harber.
Carving Set—Mr. and Mrs. J. S. Daley and Mr. and Mrs. J. T. Risien.
Nut cracker—Rev. Boaz and lady.
Scarfs—Mrs. W. T. Daniel.
Cake plate—Dr. Mayes Miller and lady.
Cake plate—Miss Maude Coleman.
Water set—Mr. E. Peeples and lady.
Water pitcher—Mrs. S. S. Davis.
Cake plate—Mrs. Burleson and daughter.
Butter knife and sugar shell—Dr. W. W. Snider and Lady.
Chamber set—Messrs. Winn and Baty.
Tray—Miss Josephine Harris.
Butter knife—Dr. Morgan and lady.
Hesert plates—Dr. and Mrs. T. Y. Lewis.
Rocking chair—Mr. and Mrs. Brewer.
Napkins—Belle Akins and Maggie Neil.
Set of knives and forks—Mr. and Mrs. G. B. Maloney.
Pie tray—Mr. and Mrs. O'Brien.
Two rocking chairs—R. P. Cole, H. B. Sones, Eli Herndon, J. R. St. Clair. Walter Williams, Maurice Reid and Tom Higginbotham.
Chamber set—Mr. and Mrs. Will McCampbell.
Water bottle—Mrs. R. H. McCampbell.
Rug—Mr. Shugart and lady.
Rug—Mr. J. S. Hill and lady.
Towels—Mrs. Wiley.
Pictures—Misses May and Myrtle Williams.
Hall rack—Messrs. J. H. Latham, J. H. Reese, W. H. Dixon, W. T. Cox, R. L. Over. and lady, J. P. Morgan, T. M. Willis, Mrs. V. Williams and Miss Lou Sinclair.
Desert plate—Mrs. Sinclair.
Butter knife and sugar shell—Miss Louella Mason.
Cream ladle—Miss Wood Washington, Proctor.
Counter pane—Miss Annie Boone, Hamilton.
Napkins—Mr. J. S. Harber and lady.
Bed room set—Mr. and Mrs. C. W. Day.
Tea towels—Kathleen Harbor.
Lamp—Blanche Oates.

DAY ONLY.

DANGER DIMINISHING.

The President Is Slowly Recovering from His Wounds.

HOPE NOW GENERAL.

Physicians Are Satisfied With His Condition, but Say All Danger Will Not Be Over for at Least Seven Days More.

Buffalo, Sept. 10.—President McKinley continues to improve and there is every indication that he will recover Since Sunday night not an unfavorable symptom has appeared. Every hour has been a victory. Faith in the outcome grows stronger and stronger until in the minds of some the danger of all future complications is brushed aside. Indeed, many of the president's friends seem possessed with a sort of superstitious confidence in the president's recovery, which nothing but an absolute change for the worse can shake. And the basis for the confidence that is expressed is solid. There has been nothing but improvement, gradual and slow, but steady.

Every bulletin, every private and public word of the physicians in attendance breathes encouragement. The reports the physicians have given out are facts as they exist from the scientific standpoint unmixed with sentiment. Still that the president is by no means out of danger is the verdict of each of them. Not one of them will risk his professional reputation with a statement that he will live. All they will say is that with every hour the danger of peritonitis or blood poisoning decreases. Dr. McBurney, the most eminent of the physicians in attendance, expresses the opinion that if the improvement continues it will be a week yet before the president can be pronounced out of danger and convalescent. And some of his colleagues like Dr. Mann, place the limit of danger still further away.

The 9:30 bulletin, as was promised, was the last of the night and while it was brief, attention was called to the fact that the pulse was exactly the same as in the morning, 112 and that the temperature was eight-tenths of a degree lower, were highly favorable symptoms

Some of the president's nearest relations have left for home believing he will recover and others announce their intention of leaving soon.

Buffalo, Sept. 9.—President McKinley's condition early this morning was so favorable it has dispelled almost the last shade of doubt and apprehension and has led those nearest to him to make the most confident predictions of recovery. Official bulletins from physicians, as well as authoritative statements of those most intimate in relation with the presidential household, give certainty to the feeling that the worst phases of the crisis is about over.

The 6 a. m. bulletin in referring to the president's somewhat restless night gave temporary apprehension, but this was speedily dispelled by the results of the consultation held by the doctors from 8 to 9 o'clock officially announced at a later hour. This disclosed marked improvement in pulse and temperature. Aside from these pathological features the doctors gave cheering information, free from all technicalities, that the president's condition was becoming more and more satisfactory and untoward complications less likely. Besides their official utterances, doctors gave expressions reinforcing their bouyant ant and confident tone.

They made known, too, that the president's mind was clear, his mental faculties as vigorous as ever and that he retained his cheerful and happy disposition. He was even ready to talk with the doctors, but they restrained him to a considerable extent. These positive assurances gave to members of the cabinet and relatives and nearest friends of the president a feeling of confidence little short of absolute certainty that the president is now well on the way to recovery.

Roosevelt Guarded.

Buffalo, Sept. 10. — Although Vice-President Roosevelt does not know it, the government has made more adequate provision for his protection than it did for that of President McKinley. Whenever the vice president leaves the residence of Lawyer Ansley Wilcox, where he is staying, there are two or three secret service men at hand to ward off any attempt that might be made on his life. The orders for the protection of the vice president comes from a source that is not disclosed. During his attendance at services in the First Presbyterian church Sunday six secret service men occupied seats within a short distance of him. One of them took a seat on the box of his carriage when he drove away and the others followed in another carriage. When he alighted at the Buffalo club during the afternoon, the detectives were close at hand and when he called at the Milburn house to inquire after the president, they were in a few feet of him.

He Lost His Position.

Washington, Sept. 10.—Second Assistant Postmaster General Shallenberger has summarily cancelled the contract of a mail carrier for expressing satisfaction over the shooting of President McKinley. The carrier is Charles F. Cortwright and he had a contract for carrying the mail between Homer, Cortland county, N. Y., and Spafford. Onedonga county, same state.

The information concerning his offense came to the postoffice department through the postmaster at Homer who enclosed affidavits from four citizens. It appears that when Cortwright heard the news of the attempt upon the president's life he remarked with an oath that he was "glad of it" and added that the president should have been killed years ago.

Mr. Shallenberger's action was taken on the ground the transportation of the mails is unsafe in the hands of a person who deliberately gloats over the attempt of an assassin to take the life of the chief executive.

Ungrateful Soldier Dishonored.

Leavenworth, Kas., Sept. 10.—Geo Braunraider, an inmate of the soldiers' home, has been dishonorably discharged and drummed out of of camp for expressing satisfaction at the shooting of President McKinley.

Three Soldiers Ungrateful.

Marion, Ind., Sept. 10.—Three inmates of the National Soldiers' home are under arrest and in the guardhouse of that institution for having expressed regret over President McKinley's improvement and sympathy with his assassin.

A SERIOUS WRECK.

One Man Killed, One Fatally Hurt and Several Injured.

Wheeling, W. Va., Sept. 10.—A terrible railway accident occurred at Burton Tunnel, 40 miles east of here on the Baltimore and Ohio railway Monday. One man was killed, one fatally hurt and a number slightly injured. The engine broke a flange and jumped square across the track, rolling over to its side and plowed into the side of the hill.

Engineer M. B. Stovern, one of the oldest men on the road, was pinned under the engine and the fire which followed the wreck cremated his body.

Fireman Marlow was thrown from the engine, landing under the cab where he was fatally scalded by escaping steam.

Baggageman Frank Riley and Postal Clerk Ross were both badly hurt, but not fatally. The train was made up of six coaches loaded with Grand Army of the Republic excursionists bound for Cleveland

After the wreck the coaches took fire and two, with baggage car, burned. The effects of the passengers were all lost.

"NERVE WASTE."

Is the title of a little book (now in its fourth edition) by H. C. Sawyer, the eminent San Francisco physician. It is endorsed by both religious and secular press of the country, strong papers like the Portland Pacific Baptist, Boston Congregationalist, San Francisco Occident, Christain Guardian, Peck's Sun, Cleveland Plaindealer, Baltimore Sun, Providence Journal, etc., etc. Public Opinion of Washington, D. C., says: "Nerve Waste as a title is so suggestive of quacks that even if the book had no other merit than its honesty it would nevertheless deserve mention for that," and adds: "There has probably never appeared on this subject as high-toned, unselfishly written book so nearly commensurate with the too apparent needs." The Occident says; "There are so many quacks and charlatans that many need just such sensible and practical information as Dr. Sawyer gives. We heartily commend his book." The Rochester Herald says: "It should be in the hands of every person who has trouble of this kind, for it is calculated to point the way to relief as unerringly as a physician who would charge many dollars could do."

Hundreds of thousands of men, young and old, are being bled by charlatans and quacks who prey upon their misfortunes, and what is worse they even sell each other the names and addresses of the unfortunates who, if they new more of themselves, would not be bled by the vampires that are growing rich off of them. This book will tell them all about themselves and what to do, and save them from the clutches of the worst class of heartless pretenders this country has yet produced. A sample chapter will be sent, in plain, sealed envelope, for two cents in stamps, that fully explains and carries an average case from beginning to end and gives the formulae for the prescriptions, only the standard drugs to be found in every drug store being used. The book is $1 (in stamps) by mail postpaid, and it is the hope that there will be sufficient sale to justify continuous advertising that will reach and put this book in the hands of every person needing it in the United States.

Address "The Publishers," Box 2658, San Francisco, Cal. 4-26-01-2yr.

PHILIPPINES REACHED.

Congressional Delegation Will Investigate and Report to Congress.

Manila, Sept. 10.—The United States transport McClellan from New York July 10, having on board the congressional party, has arrived here. The visitors will start on a tour of the islands Thursday for the purpose of investigating the conduct of affairs.

The delegation now at Manila is to examine into the general administration of affairs in the Philippines and report to congress any recommendation it may consider necessary for the improvement of existing conditions on the islands. The party consists of Senators Bacon of Georgia and Dietrich of Nebraska and Representatives Mercer of Nebraska, Smith of Illinois, Burleson of Texas, DeArmond of Missouri, Driscoll of New York, Gaines of Tennessee and Green of Pennsylvania.

Lamp Exploded in Her Hand.

Hillsboro, Tex., Sept. 10. — Mrs. O'Hara was seriously burned at her residence here Sunday night. Seeing a lamp about to explode she seized it and started to throw it out of the door. It exploded in her hand and her arm, head and body were burned terribly. She ran out and her son-in-law, Mr. Patillo seized her and in extinguishing the flames got his hands badly burned. The flesh on Mrs. O'Hara's hand and arm is sloughing off in spots. The burns are serious.

Robbed in Mexico.

El Paso, Tex., Sept. 10.—William Cortier, a well known cattleman of this section, sold a number of cattle in Mexico a few days ago for $4500. He stopped in Chihuahua with his money on his person, and while strolling about the streets after dark was knocked down and robbed of the entire amount.

Tragedy Prevented a Wedding.

Ardmore, I. T., Sept. 10.—At Graham Sunday Charles Daniels, a well known young man, and Miss Annie Carter, his sweetheart, agreed to get married. The couple were to meet at a church and drive to a justice of the peace. On the road the team ran away. Mr. Daniels was killed and Miss Carter seriously hurt.

Insane Farmer Dead.

Peoria, Ills., Sept. 10.—William Nieman, an insane farmer, who had been under a delusion that the people were trying to lynch him for the murder of President McKinley, died a raving maniac in the county jail. He was picked up on the street Saturday fleeing from an imaginary mob.

Doan Collector of Customs.

Washington, Sept. 5.—The president has appointed Frank L. Doan collector of customs for Arizona.

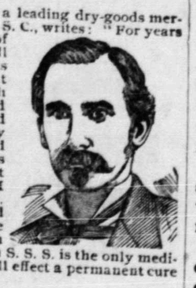

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. T. A. Williams, a leading dry-goods merchant of Spartanburg, S. C., writes: "For years I had a severe case of nasal Catarrh, with all the disagreeable effects which belong to that disease, and which make life painful and unendurable. I used medicines prescribed by leading physicians and suggested by numbers of friends, but without getting any better. I then began to take S. S. S. It had the desired effect, and cured me after taking eighteen bottles. In my opinion S. S. S. is the only medicine now in use that will effect a permanent cure of Catarrh."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on Blood and Skin Diseases and write our physicians about your case.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

APPROPRIATION BILL.

Governor Calls Another Extra Session for its Passage.

THE FIRST SESSION.

Of the Thirty Subjects for Legislation Submitted Five Failed — The Oil Measure Downed in the Senate Committee.

Austin, Sept. 5.—The special session of the Texas legislature was brought to a close last night and another extra session to pass an appropriation bill began at 10 o'clock this morning under a proclamation of Governor Sayers.

Thirty subjects for legislation were submitted to the special session just closed. The judicial redistricting bill, the matter of classifying mineral lands belonging to the school fund, the matter of protection of the blind children, having reference especially to the closing of Sabine street in the city of Austin, and the matter of increasing the bond of the state treasurer, failed to be acted upon or were acted upon adversely.

The legislature passed 25 bills and four joint resolutions under the other 25 subjects submitted by the governor; also two bills relating to expenses of the session.

The bills passed were as follows:

Making appropriation to pay mileage and per diem of members.

Making appropriation to pay the contingent expenses of the session.

Redistricting the state in congressional districts.

Redistricting the state into representative districts.

Redistricting the state into senatorial districts.

Creating a separate judicial district for Jefferson county.

Reorganizing the Twenty-ninth and Forty-third judicial districts.

Regulating the fees of sheriffs.

Permitting owners of lands and town lots which have been sold for taxes to redeem same.

Providing for validation of titles to lands held under Spanish and Mexican grants.

Authorizing cities and towns on the gulf coast to issue bonds to build sea walls. (Galveston breakwater bill.)

Authorizing cities and counties which have suffered disaster to compromise or fund their indebtedness (Galveston county funding bill.)

Correcting an error in the statute relating to board of health for unincorporated towns and villages.

Providing for the care and maintenance of deaf, dumb and blind children.

Cass county road law.

Amending the law in regard to the area of cities (Oak Cliff bill.)

Blind tiger bill.

Incorporating the town of Athens.

Incorporating the town of Moody.

Incorporating the town of Childress.

Fixing the boundaries of the city of Austin.

Amending the Grayson county road law.

Granting unincorporated towns and villages permission to incorporate for school purposes only.

Granting the city of Austin a new charter.

Fixing time for holding court in the Fifty-first judicial district.

Permitting sale of half the temporary capital site to citizens of Austin to be offered as a site for the temple of the Masonic grand lodge of Texas.

Amending the fish law.

The following concurrent resolutions relating to matters submitted by the governor were passed:

Authorizing the attorney general to withdraw certain vouchers from the controller's office in order to arrange for the collection of Greer county claims from the United States government.

Authorizing the superintendent of public buildings and grounds to lease the old courthouse site in Austin.

Providing for an additional water supply for the Southwestern Insane Asylum.

Creating a board to arrange a settlement on the part of the state with the First National Bank of Austin.

The appropriation bill passed by the senate is in the hands of the house finance committee. The house appropriation bill was recommitted.

The house judicial redistricting bill was tabled subject to call, to keep the document from going to the secretary of state at the end of this session. It is the intention to reintroduce the bill at the second special session, if the governor should conclude to submit the matter.

The house bill to provide for a survey and mineral classification of school lands was killed by the senate committee on mines and mining.

The house bill to tax the gross receipts of oil companies died in the senate, because there was not enough members present and in favor of it to suspend the rules and pass it.

The matter of closing Sabine street in the city of Austin was killed in the house committee.

In the senate yesterday the oil measure failed by a refusal to suspend the rules for its passage.

The senate also killed the bill to increase the treasurer's bond.

NO SETTLEMENT NEAR

Amalgamated Association Will Continue to Fight Steel Trust.

TERMS NOT SUITABLE

The Trust Has Succeeded in Starting Many Plants and Will Make Efforts to Resume Work in All of Their Mills.

Pittsburg, Sept. 10.—The last efforts to settle the steel strike have failed. The general executive board of the Amalgamated association adjourned on Monday afternoon without date and without either accepting any of the peace propositions which have come indirectly from the United States Steel Corporation, or making any counter propositions according to official statement.

The semi-official report is that the proposition secured for the Amalgamated association through representatives of the National Civic Federation was entirely unsatisfactory and the matter of arranging for a settlement was left with the president.

It has been 31 days since the American Sheet Steel company, the American Tin Plate company and the American Steel Hoop company began their attempt to start the plants in the face of the Amalgamated association strike. Aside from the Clark plant of the Steel Hoop company and the upper and lower union mills of the Carnegie company, where the attempt to render the strike effective was never a success, the three companies have during the month succeeded in placing in operation 76 mills in the Union plants single turn. Indications are that the number will be doubled within the next 10 days if the strike is not settled before that time.

While the American Tin Plate company has put up the most aggressive fight of the three, the American Steel Hoop company has been the most successful in the eastern district and in the west the American Sheet Steel company has met with the larger success. With the results known in this preliminary skirmish at a few chosen points all three companies have prepared to carry the fight into every union plant without further delay.

At McKeesport Monday evening, the strikers followed up their advantage of the morning in keeping the workmen from entering the National Tube works, gathered about the gates of the plant in great numbers and warned the few men who came out not to work this morning. It is generally believed the company will appeal to the sheriff or governor for protection.

WORKERS KEPT AWAY.

Strikers Keep Men Away from the Steel Mills at McKeesport.

Pittsburg, Sept. 10.—The strike situation in McKeesport reached an acute stage this morning and very serious trouble was feared as the result of the efforts of the striking tube workers to prevent the men from returning to work as they did Saturday. These efforts were almost perfectly successful, and where last week from 800 to 1000 men back into the mill, not more than a dozen were able this morning to elude the vigilance of the pickets and got back into the mill.

Weavers' Strike Compromised.

New York, Sept. 10.—A compromise has been effected between the weavers and the officers of the silk mill of Dexter, Lambert & Co., at Paterson, N. J., and as a result the strike that has been in progress for six months has been declared off. The workmen demanded 30 cents an hour, but compromised at 27. It is believed that other strikes in the Paterson mill will be settled this week.

Prostrated by a Charivari.

Abilene, Kas., Sept. 10.—Startled by a charivari just after her wedding ceremony Thursday evening, Mrs. William Bailey still lies unconscious at her father's home, 10 miles north of town. The ringing of a number of cow bells and blowing of horns so startled her that she fainted, and has since lain in a semi-stupor. She has grown worse and the physicians fear that her illness will end fatally.

Miss Stone Still a Prisoner.

Constantinople, Sept. 10.—The American legation learns that Miss Stone, the missionary who was abducted last week by brigands in the vilayet of Salonica, is still a prisoner in the hand of her captors. It has not yet been stated what ransom is demanded for her release.

Rebel Leader Surrenders.

Manila, Sept. 10.—The insurgent leader, Angeles, has surrendered in Camarines with 19 officers and 42 men, and a number of rifles and a quantity of ammunition. Numbers of other small surrenders occur daily.

Big Fire in China.

Vancouver, B. C., Sept. 10 —Steamer Tartar brings news of a disastrous fire in Foo Chow, China, with a loss of $1,000,000. Many coolies who resorted to loot during the fire were shot down by the police.

Dr. Von Miquel Dead.

Frankfort-on-the-Main, Sept. 10 —Dr. Johannes von Miquel, former Prussian minister of finance, was found dead in bed here. Apoplexy is believed to have been the cause of his death. He was born Feb. 21, 1829.

...hink, Carrie Nation's little hatchet must have had some effect in Kansas for George Klauer, a Topeka, Kansas, "jointist," has received the most severe penalty for violation of the prohibitory liquor law ever visited upon an offender during the twenty-one years since the constitutional amendment was adopted. On August 22 Judge Dinsey fined Klauer $7,500, sentenced him to 1,350 days in jail, and placed him under $10,000 bond to appear in the district court. He was found guilty on fifteen counts.

***

The heaviest sentences that have been imposed in Vermont for many years for violation of the prohibitory laws were recently given to the druggists and hotel men of Burlington, by R. S. Taft, chancellor of the court of chancery. These men have hertofore escaped with occasional fines, but in the present instance fines ranged from $100 to $750, with imprisionment for six months.

Sstop Cough and Works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cents.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co, Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address

F. J. CHENEY & Co., Toledo, Ohio.

Sold by druggists, 75 cents.

Hall's Family Pills are the best.

Big Show and Menager ie.

Campbell Bros. Big Circus and Menagerie is dated for two performances in our city, afternoon and night, next Friday Sept. 20th. Our people will now have the pleasure of witnessing a clean, pure performance, known throughout the entire country to be the biggest railroad show traveling. Exhibiting a larger collection of wild beasts and carrying more high salaried performers than any other show on the road. Besides freaks of nature, Japanese family, trained elephants, ponies, dogs and monkeys. Educated birds and beasts. Positively giving two exhibitions on day and date mentioned. 1t

Overcame by Damp.

C. H. Cosgrove while at work in a well on C. D. William's farm, ten miles northeast of town, passed through a harrowing experience which he will never forget and which almost turned his hair gray. Mr. Cosgrove had dug the well a depth of about forty feet and placed a very heavy charge of dynamite in the well in order that he might unloosen a large rock. After the dynamite had exploded Mr. Cosgrove was let down into the well and on reaching the bottom was overcome by damp, or foul air which had accumulated there and fell senseless to the earth. Mr. Williams, who had let him down, seeing Mr. Cosgrove lying immovable at the bottom became frightened and rushed off to procure help. But he had not gone far until he happened to think of a bucket of lime sitting near the well and rushing back he grabbed up this bucket and dashed the contents down upon him. Lime is very effective in driving off the foul air, and Mr. Cosgrove soon sufficiently revived to be drawn out of the well, yet when he reached the top he was almost dead, and it was by the merest good chance that he managed to cling to the rope as long as he did. The application of stimulants and a good bath soon restored him to his senses, but it was a number of hours before he had fully revived and he believes that his heart will be affected for all time through the strain it received.—Stephenville Tribune.

Take a dose of Prickly Ash Bitters at night when you go to bed and you will feel bright and vigorous next morning. It will insure you a copious and healthy passage of the bowels, improved appetite and digestion and increased energy of body and brain. It beats stimulating drinks because its relative influence is natural, hence permanent.

Stood Death Off.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a gravedigger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates the liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints, gives perfect health. Only 50 cents at Overton Drug Co.

Summary of Taxable Values.

The following is a summary of the taxable values of Erath county for the year of 1901.

Total taxable values $6,070,598.

Number of acres rendered, 676,426, valued at $3,666,593.

Value of city and town real estate property $511,025.

Number of horses and mules in county, 13,280, valued at $ 438,555.

Number of cattle 38,150, valued at $394,910.

Jacks and Jennets 126, valued at $8,360.

Number of sheep 2181, valued at $3015.

Want to be put off at Buffalo? For rates and particulars about the Pan-American Exposition call on any "Katy" agent or address W. G. Crush, general passenger agent, Dallas, Texas.

For Pan-American Exposition at Buffalo, Texas Central railroad offers round trip at one fare plus $1, on June 1st to October 31st, limited to return in eighteen days,. For thirty-three days limit one and one-third fare.

To People in and Around Dublin Who Have Cattle to Feed.

We expect to start the Oil Mill in a few days and we want to recommend to you who have not tried meal and hulls for feeding, to bring your seed to the mill and trade them for meal and hulls.

We will give you for a ton of cotton seed, enough meal and hulls to feed as long as a ton of seed, and $8 in money, and we will say that after trying one load of this you will never feed another cotton seed as long as you can get this feed, as it is much better than the raw cotton seed. The feed we give you is clean and is cooked, and will keep your cattle in better condition. We have people in Dublin that would rather feed this than any other feed, as they say it is cheaper and better than anything they can get.

Now if you can make $8 on every ton of seed you expect to feed, and besides keep your cattle in better condition, that is what you should do. All we ask of you is to give this a trial, and if it is not satisfactory, bring it back to the mill and we will refund your money.

We have tried this feed, as thousands of others have done, and there is not one out of a hundred that have tried it but would bear us out in our statements in regard to its superiority.

We hope you will give this a trial. We have milch cows at Brownwood that we have fed nothing else for the past eight years but this feed, and they are always healthy and fat.

Call at our office and we will tell you how to feed this, and give you any other information in regard to it that you may want.

C. H. Bencini, Manager.

A Shocking Calamity

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Williford, Ark., "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for burns, boils, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by Overton Drug Co.

Erath County Coutr.

Dock Hick, using an animal without owner's consent, plea of guilty; fined $10 and costs.

S. T. Daniels, practicing law without license, license procured and costs paid, whereupon the case was dismissed.

Charly Bell, gaming, plea of guilty; fined $10 and costs.

Bob Eddlemon, disturbing the peace; tried by jury, fined $10 and costs.

Vig Byrd, aggravated assault; tried by jury, fined $25 and costs.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from Pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50 cents and $1.00. Trial bottles free at Overton Drug Co.

Child Burned to Death.

A. D. Tyler of the Flatwoods community had the misfortune Saturday evening of loosing his home and a little son by fire.

The Herald's information is that Mrs. Tyler instructed her little son to make a fire in the stove, and in his haste to start the fire he poured oil on burning coals from a five gallon can of oil and the explosion followed; the flames enveloped the little fellow and setting the house on fire so quickly that nothing could be saved. The child died twenty-four hours later in great agony.—Carbon Herald.

Notice to Farmers.

We, the undersigned cotton yard men and weighers of Dublin, Texas, hereby agree not to solicit or drum patronage on the streets or elsewhere, or to have any one else to do so for us during the cotton season of 1901-02, believing that every farmer should have his cotton weighed at whichever yard he desires without such interference.

We each individually thank our friends for the patronage heretofore accorded and ask a continuance of same, promising fair and courteous treatment in every respect.

The Dublin cotton yard, operated by Newton & Andrews will be located for this season in the west part of town near Rosamond's gin.

The Farmer's cotton yard, operated by Marsh & Davies will be located at the same old stand of last year.

Witness our hands this, August 20th, 1901.

TEXAS HOUSE OF REPRESENTATIVES

Officially Recognizes the Shirt Waist.

The one thing that is sure to stir up the American public is any radical arture from custom—anything that is not in style and lacks Dame Fashion's roval, no matter how sensible and full of service the new idea is—vide the waist man for instance. In time, however, the merits of any worthy innoon impress themselves, and the distrusted theory becomes fact—as in the of the shirt waist, adopted at Austin, August 6th, by official vote, as the er thing.

THE DENVER ROAD" was the first to break away from the electro-sing bod of display advertising, giving the people something to read, with fre-nt changes and it worked well. This year in the interest of our "constant ders" we have put in a little time courting the Muse, also the Amuse, and s it worked? Well, the shirtwaist man realized that he had been flagged and ed into a blind siding when he heard the talk. The "TALK" was what we e after—we thot the people a trifle slow in coming to a full understanding hat we were offering them for their money.

Within the last three years "THE DENVER ROAD" has made several quite cal departures in the matter of regular, daily equipment and service, viz: ains with comfortable large dressing rooms for ladies, Cafe Cars, meals a la Day Coaches—of the most modern variety—a handsome, box-ve-tibuled run thru without change. These trains, as well as our individual adver-, both strictly "Poetry of Motion"—have attracted considerable attention, we are doing a good business, which is a compliment to the intelligence of people who are our guests.

F. STERLEY, A. G. P. A. — A. A. GLISSON, G. A. P. D. — CHARLES L. HULL, T. P. A.

Fort Worth, Texas.

P. S.—Unless you go via "The Denver Road," you'll not get quite all you id for your money. Two things to remember: "Only One Road!" and "No ogy Necessary!"

Killing at Stephenville.

Last Monday afternoon a negro nomed Frank Douglas was shot and killed at Stephenville and another negro severely wounded by Lambert Henry, a liveryman of that place. Mr. Henry was having his household goods removed and two negroes and a white man were doing the hauling. The negroes and the white man "fell out" and the negroes seemed to have gotten the best of the fray and were using violent and improper language. This occurred in the yard of Mr. Henry and a part of it before Mrs. Henry, who cautioned the negroes to stop their black guarding. In an insolent manner they refused to do so and she threatened to call her husband, who was at work about the barn. The negroes insisted in their boisterous and unseemly conduct and one of them, Douglas by name, went to town for his brother with the remark that he would see when he returned what Mr. Henry had to say about it. Returning with his brother, they renewed the quarrel but in the meantime Henry had appeared on the scene and demanded that the matter stop at once, whereupon the negro Fred Douglass, brother to the Douglass who was one of the first in the row, started to attack him with a rock. Mr. Henry drew a pistol and began a general fullisade on the negros. Fred Douglas was shot once in the stomach and again in the arm and shortly after died, Lawrence Washington was shot in the hip, but we have not learned how seriously, and the other negro left the scene in double quick time. A mule that was standing hitched to the wagon upon which the household goods were being loaded was wounded by one of the shots and the team ran away and destroyed considerable furniture. Four shots in all were discharged. The action of Mr. Henry is commended by the citizens of Stephenville.

The above are the facts as near as we have been able to learn them.

White Cream Vermifuge is perfectly harmless, and will remove every worm. It is also a tonic, and by its strengthening properties will restore to pale cheeks the rosy hue of health. Price 25cts Clay Drug Co

There is a force of workmen now employed at the compress in taking out the wood and coal furnaces and substituting oil burners. The work this year will be done with power generated from oil.

Virgil Reid of Comanche, who was lucky enough to draw a quarter section of land in El Reno district of the late government lottery, has returned to Comanche and says that he has filed on a piece of land worth at least $1600 if he was allowed to sell it.

When you want dry goods don't go to a hardware store, but when you want krout go to a grocery store. But if it is hay, corn, bran, oats or chops you want go to a feed store. We have just received a car load each of the above feed stuffs and will make prices to suit the buyer.—Prim Bros. 16-tf

Miles Cope returned Friday morning from Dublin where he has been to see his sister who is very ill. He says that there no hopes of the recovery of his sister. His brother Wiley, has gone to her and her father, who is in Oklahoma has also been written ot come.—Abilene Sentinel.

The shower of last night and this morning has partially supplied a "long felt want." While it has been yet insufficient even to wet the heavy dust to the hard ground at many places on the streets, yet it's a general relief to get what has thus far fell to our portion and it still appears like it might rain more.

Dan T. Fry, formerly a citizen of Morgan, but now of Dublin, is being urged by his friends to make the race for county attorney of Erath county. Erath could not select a more gentlemanly man than Mr. Fry. He is a fine lawyer, an eloquent speaker and if elected would fill the position with honor to himself and to the people of that county.—Morgan News.

No Hot Air About This!

The Telephone is not given to making "hot air talks" about its circulation * * * We have never claimed to have double the circulation of any paper published in Dublin or Erath county" * * * We have this week *purchased* of John C. Adams, the entire subscription list of the Gustine Tribune, recently suspended. There are *several hundred of these names.* * * * This list increases the Telephone's bona fide circulation to twelve hundred, etc.—Dublin Telephone.

LINGLEVILLE.

Regular Correspondence.

Sept. 9th.—Perhaps the people of Erath county have come to the conclusion that Lingleville has went dead since the fire. But we are glad to inform the people that we are strictly in the swim and our town has improved wonderfully. We now have two drug stores, four general merchandise houses and two barber shops. Indeed it may be said that the flames can't extinguish the ambition of our merchants.

R. P. Campbell's mammoth store is nearing completion and he is now in St. Louis buying his fall stock of goods.

Our school begins this morning with a fairly good attendance.

The Christian College will open the first of next month.

Our 'gin has ginned something over two hundred bales to date, and the farmers are gathering the fleecy staple in a rush.

Dr. Carr is on the sick list, but is convalescing at present.

Dr. Carr has purchased the W. P. McCarley farm and moved last week.

Frank Grissom purchased Dr. Carr's residence, and is manager of Carr Bros. drug store.

James Duncan has purchased the H. Wansley farm and the Wansley brothers have gone west to again enter the mercantie business. They leave many friends behind them that wish them best of success in their new locality.

T. J. Price is building an addition to his residence.

Your scribe had the misfortune to lose a yearling today, its death being caused by blackleg.

G. B. R. Roberts and wife of Ft. Worth, are visiting friends and relatives here.

The youg folks enjoyed a pleasant evening at Will Green's on the 10th inst., the occasion being in honor of Miss Minnie McPerson's birthday. An abundance of ice cream was served and Miss Emma Strong acted as musician.

Utterback & Harris Co.

DUBLIN, TEXAS.

Rev. W. W. Patrick, pastor of the Episcopal church, died at the family home in this city last Monday, the 9th inst., after an illness extending over a period of nearly a year, three months of which time he has been dangerously sick. Funeral services were conducted at the Episcopal church Monday afternoon at 4:30, by the Rev. Bishop Garrett of Dallas, and the body was laid to rest in Live Oak Cemetery immediately afterward. Rev. Patrick was sixty-six years of age, a native of North Carolina, but principally grew to manhood in South Carolina. He has for many years been minister of the Episcopal church and has served in that capacity at various times with the churches at Austin, Waco, Ft. Worth, Weatherford, Cleburne, Decatur and other places in Texas besides Dublin and at Marshal, Mo. Rev. Patrick was an able and consistent Christian and minister, a conscientious citizen and a loving husband and father, whose excellent example is worthy of emulation. The family of the deceased have the earnest sympathy of a large circle of friends in Dublin and throughout Texas.

W. E. Howell, manager for Mistrot Bros. & Co. spent last Sunday in Brownwood.

Mr. Dory Guest of this place and Miss Minnie Hogan of near Alexander were married one day last week. We did not get particulars of the wedding.

Comanche County District Court.

Dublin National Bank vs. S. B. Cox, trial before Judge Lindsey, mistrial.

W. M. Lindsey vs B. F. Lewter et al, suit for debt and foreclosure of lien, trial before Judge Lindsey, judgement for plaintiff.

J. H. Purves, vs Comanche county and J. W. Miller, injunction to prevent running of road on plaintiff's land.

W. T. Barker vs Lula Barker, divorce, divorce denied plaintiff and divorce granted defendant.

The divorce case of Etta Silk vs Leal, the Mexican whom she married last year, has been under advisement of the court for several days, but is not as yet decided. This is the case to annul the marriage of the young woman and the Mexican. It will be remembered that the couple eloped and went to Brownwood, where they were married. The father of the girl arrived a few minutes after the ceremony and took her from the Mexican. The Mexican fought the suit for divorce.

Tom McDaniel, forgery, not guilty.

W. F. Harris, disposing of mortgaged property, jury out.

U. N. Griffith, disposing of mortgaged property, now on trial.

This criminal week and a great many witnesses are here.

Up to Saturday night the grand jury had returned sixty-six indictments, twenty of which were felonies. About twenty other indictments had been found to that date but not turned in.

Medicated salt for cattle at Maloney's.

The Central pay car is due here today.

The regular monthly meeting of the city council will occur next Nuesday night.

Chief of Police Deaton informs us that he expects to try to finish up the road work next week and that those who have been warned and fail to comply will be prosecuted.

A Shocking Calamity

"Lately befell a railroad laborer," writes Dr. A. Kellett, of Williford, Ark., "His foot was badly crushed, but Bucklen's Arnica Salve quickly cured him. It's simply wonderful for burns, boils, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25 cents. Sold by Overton Drag Co.

The Shamrock club is arranging for a series of entertainments and lectures to take place in the club rooms, beginning next month and continuing until March, with a thirty day intermission between lectures. Among the celebrities who will be engaged are such men as Gov. Bob Taylor, Hon. Geo. R. Wendling, Hon. Alf Taylor, Dr. Homer T. Wilson, Hon. Luther Manship and the Dixie Bells Concert Co. The club does not anticipate making anything on the entertainments but simply is going to this expense, representing about $800, in order to furnish a series of elevating and profitable entertainments for the people of Dublin and surrounding country. If they come out even on the enterpirse they will be satisfied. The club deserves commendation for this worthy effort, for the lecture platform is not honored by any better talent than they have selected.
