In addition, he also won trophies on the young black, the best young white, the best young yellow and best old bird in the Komorner competition, keeping Littlefield the Komorner of the world. Littlefield resident Leonard won three trophies on his own and the best young dun in the Komorner show held in conjunction with the Great Plains Pigeon Club of Lubbock.

Leonard has been raising Komorners about nine years, getting his start from Joyner, a former Littlefield resident who is responsible for Littlefield's Komorner Kapital.

LITTLEFIELD OVER BROWNFIELD, 7-0

Cats Win Defensive Battle

Fake Kick Brings Score

CAROLYN LUMSDEN, 17-year-old daughter of Mr. and Mrs. Ross Lumsden, can't hold back the joy as she is crowned band sweetheart at half-time of the Littlefield-Brownfield game. With Carolyn is Band Council President Steve Rountree. Other contestants for the honor were Tonya Bingham and Kay Burk.

Littlefield's Wildcats scratched out a second quarter touchdown, then fought for their lives in the last half to nudge the Brownfield Cubs 7-0 here Friday night.

Coach Deverele Lewis' crew came up with their third victory of the year against six defeats, and evened their zone record at 2-2.

With 20 Littlefield seniors in their final game before the home town folks, the Wildcats used a bit of trickery for their only score, then got what Darrell Royal calls a "country gut check" in the last two quarters.

The only score of the defensive struggle came early in the second period after a Brownfield punt traveled only 10 yards to the Brownfield 33.

Tackle Monte Trotter surprised the Cubs and returned the punt five yards before he was belted out of bounds.

Wildcat QB Charlie Holt, who connected on 12 of 21 passes for 116 yards for the night, came up with the first of two critical fourth down plays.

He hit Split End Steve Owens for 15 yards for the first down on the Brownfield 13, then ran seven yards on a keeper.

Two plays later, Holt faced fourth down again, from the Brownfield 5.

A conference with Coach Lewis detailed the strategy. Kicker Alan Newton came in and carefully put down the kicking tee at the Cub 12.

The snap went to Holt, who wheeled from his ball-holding position and passed to Ralph Funk, all alone in the southeast corner of the end zone.

HB Funk had slipped through undetected and, by the time Brownfield reacted, held a tight grip on Holt's pass for the only TD of the night.

Newton then did what Brownfield had expected on the TD play, splitting the uprights for Littlefield's 7th point.

With 9:13 left in the half, nobody would have guessed that the scoring was over.

If someone had told the Littlefield coaching staff, there would have been a lot less sweat.

Because, in the last 7:30 of the game, Brownfield seemed on the verge of denting the Cat goal line.

Everything seemed under control when, with a little less than eight minutes

VFW Commander Asks Support In 'Speak Out'

Veterans of Foreign Wars Post No. 4854 of Littlefield has called on all community organizations to join with the VFW in "Operation Speak Out", a program designed to encourage the "silent majority" to show their support of the government on the Vietnam question the week of Nov. 9-15, which includes Nov. 11, Veterans Day.

Speaking on behalf of Post No. 4854, Commander Allen Purdy said: "Vietnam Moratorium Day last Oct. 15 has given the world and especially Hanoi a distorted view of the true feeling of the majority of the people in this country. It is the belief of the Veterans of Foreign Wars that the majority of the people in this country do support our men in Vietnam and the position of our government.

"It seems tragic that there are those in this country who support the position of Hanoi while American servicemen are

daily being killed by troops of Communist North Vietnam and the Viet Cong. It is time that the silent majority let their will be known publicly. For this program to be effective and reflective of the community mind, it is my hope that all other civic, fraternal, patriotic, labor, religious and other organizations here will join with us and make this a true community effort."

TIPSY CHIMPS STUDIED

Alcoholic Monkey Business

By NILAH RODGERS

Henry C. Adair, a speaker at many gatherings and special meetings in Littlefield, is in charge of some tipsy chimpanzees that will do anything for a drink.

"These monkeys, like alcohol-addicted people, have been conditioned to think that when they get nervous or upset all they have to do is drink alcohol and all their problems will be solved," Adair said.

To support their alcoholism, the monkeys will work for a drink, or steal and cheat other monkeys.

These are some of the findings of a five-man research team working with the monkeys on a four-year, \$68,000 foundation grant from the National Foundation of Alcoholic Studies.

The monkeys are kept in a laboratory

at Texas Tech where Adair is the condition response specialist. The little alcoholic monkeys are tested with comparative psychology in hopes of finding the control for alcoholism in man. Although early last year the little chimps had been subjected to some 1,268 different approaches over three years, the work has been without complete success, Adair said.

"The only positive conclusion thus far," psychologist Adair said, "is that the only way to keep from becoming an alcoholic is not to drink."

Chimps in the research are addicted to alcohol by inducing frustration and anxiety after the chimps have been introduced to social drinking. The chimps eating habits are then re-aligned with drinking alcohol.

The addicted chimps then must learn to "earn" their alcohol.

The monkeys are paid for their work through tasks and manipulations with notched poker chips which can be used to purchase liquor.

On one machine, when a chimp punches four buttons at precisely the same time, out pops one white poker chip. With this token the chimp can buy his prescribed amount of liquor by inserting the chip in another machine.

To earn a red poker chip, worth two white chips, three levers pulled at the same time shoots out the price of two drinks. This chip inserted in the proper

slot gets the chimpanzee a drink and enough change to buy another drink.

If a monkey can balance himself on a five-foot treadmill until a bell rings, out comes a blue poker chip worth two red chips and four drinks.

"The monkeys will hide and hoard the tokens for future drinks," Adair said.

These monkeys don't get falling in the floor, urping up their socks drunk.

Women Charged In Felony Theft

Felony theft and misdemeanor theft charges were filed against four Negro women from Lubbock by Lamb County authorities Thursday after the four were arrested in Levelland Wednesday.

Lamb County Sheriff E. D. McNeese identified the women as Marie Ansley, 29, Linda June Ross, 19, Bobbie Jean Black, 28, and Eunice Hereford, 24.

Bonds of \$2,000 each were set on felony theft charges for articles taken from Penney's in Littlefield and bonds of \$500 each were set on theft of merchandise valued at \$46 taken from Field's Men's Wear, according to McNeese.

Two women remain in custody at Levelland where authorities said they found men's, women's and children's clothing in the women's car stolen from at least five counties and valued at more than \$1,000.

OTTO JONES, longtime Precinct 12 chairman of the Democratic Party in Lamb County, right, was presented a plaque this week by present County Chairman Glenn Batson, in recognition of Jones' 39 years of service to Lamb County Democrats. Jones was elected chairman in 1929 and resigned in 1968.

Veterans Day

VETERANS DAY, Nov. 11, was first observed as Armistice Day. Silence had fallen across Europe at 11 a.m. Nov. 11, 1918, ending World War I.

This is still a day of hope, 51 years having passed since that eventful day.

MORE THAN 4 1/2 million men represented the United States during this great conflict. World War I. Over 126,000 men would not be coming home, having paid the supreme sacrifice for their country. They were remembered in services beginning on Nov. 11, 1921. In 1926, Armistice Day was the official name given this day of observation. In 1938 Congress proclaimed the date a legal public holiday.

THE HOPES AND DREAMS of mankind were shattered just one year later, in 1939, when World War II began. America again responded to the challenge. Over 16 million men were called to forsake peaceful pursuits and bear arms for the protection of our allies.

Twice since that date, Americans have come to the aid of oppressed people, once in Korea, and now in Vietnam. When communist forces invaded Korea and South Vietnam we came to the aid of those suffering people who had visions of living in a land that was free.

WE AMERICANS STILL MAINTAIN hope for peace in the world today, even though battles continue to rage in the jungles of

Vietnam. We will not accept a peace of slavery, but a peace of honor and dignity.

As we observe Veterans Day 1969, we pause to remember the Tomb of the Unknown Soldier, a symbol of all American fighting men who paid with their lives, that the living might enjoy enduring freedom. More than one million men have given their lives in this endeavor.

VETERANS OF ALL WARS of the United States now number more than 39 million. Of this number, there are some 414,000 women veterans. There are more than 27 million of these veterans alive today. We have a tremendous responsibility and owe a great debt to these veterans who have given us our dearly cherished freedom.

To this very special group of Americans, we owe a pledge of assurance that we are worthy of the many sacrifices they have made and are making at this moment, in order that we may remain a free nation.

WE FACE THE FUTURE with confidence and hope that world peace will come because of the actions and deeds of our veterans of past wars and our men who fight today on the battlefields of Vietnam.

Veterans Day, 1969, we salute those heroes of past wars and our fighting men of today, who are preserving our democracy. We honor those who died for freedom's sake, and we pledge to those who live that we will remember with reverence their contributions to our freedom.

"MY GOD, what have I done!" A thousand tragedies acted out, in faction and in fact, have been climaxed by that anguished cry from a suddenly repentant culprit. The drunkest drunk is turned stone sober by the sound of a gunshot or the sight of blood.

SIMILARLY, our whole arm-waving, breast-beating, slogan-shouting nation is stunned into shocked silence when a statesman falls to an assassin's bullet.

"Kill the umpire!" we shout. Yet, when one is felled by a thrown bottle and carried from the field, we weep with shame.

Last month an angry mob invaded Chicago. In advance they had proclaimed their intention to "tear up pig city."

THESE SDS revolutionaries were allowed to use THREE AREA CHURCHES for mobilization headquarters, so innocently trusting were the "sympathetic clergymen." Each of the first days of the ugliness, the headlines were of "numbers" involved and "numbers" arrested and "numbers" injured.

Then Saturday, Oct. 11, demonstrators charged a line of police in Chicago's Loop.

ON THE SCENE at the time was Richard J. Elrod. As assistant corporation counsel, he has actively sought to negotiate and resolve

WHEREAS, Those men, the war veterans of our country, have earned the respect and the tribute of every citizen who is today enjoying the freedoms of our land because of the defenders' personal loyalty, courage, service and sacrifices, and

WHEREAS, We can best acknowledge our appreciation and recognition of those brave men through full participation in the special day and week dedicated to all the defenders of our land, now

THEREFORE, I, J. E. Chisholm, Mayor of the City of Littlefield, do hereby urge all of my fellow citizens to fly their Stars and Stripes flag proudly and to participate in, or observe, the public Veterans Day and Veterans Week program which is to be held in our city on Nov. 11 and during the week of Nov. 9 to 15. Furthermore, I do recommend that all of our schools, churches, business establishments and other organizations assist the Veterans of Foreign Wars of the United States, and its many co-sponsors, toward making Veterans Day and Veterans Week a truly outstanding patriotic observance in this year of 1969.

legitimate public grievances.

By both sides he was known as "firm but fair."

Three times in 18 months he has been injured in the line of this home-front duty.

BUT ON THIS OCCASION, as the demonstrators charged, one of them, swinging a length of pipe, hit Mr. Elrod in the face.

As he fell to the pavement he was kicked in the neck and back.

Police on the scene promptly subdued and arrested Brian D. Flanagan, 22, Columbia University student from New York City and Southampton, N. Y.

WITHIN MINUTES the first report from the hospital sobered the city. Richard Elrod, 35, had a broken neck, was paralyzed from the neck down—he still is.

The charge against young Brian Flanagan was changed from aggravated battery, felonious mob action and resisting arrest to "attempted murder."

More than all the burning, smashing, looting, fighting—the blow that felled Richard Elrod stunned the city, dispersed the mob and mobilized resentment of the "sickies" who have been trying to take over our cities.

SENATORS, a former Supreme Court justice, others heretofore noted for their understanding of an tolerance for society's dissidents suddenly openly denounced "vandalism," "hooliganism," "barbarians."

Newsmen who had spilled crocodile tears over last year's convention rioters turned about-face, praised police, urged more firmness in law enforcement.

A MINISTER who'd helped house the troublemakers in his church publicly apologized for his own naivete.

Maybe we've reached what editor-columnist Jenk Jones calls "the stomach turning point"....

As over the motionless body of a gallant man a misguided mob falls back, exclaiming, "My God, what have I done!"

Howdy Neighbor

If ten birds were on a house and you shot one, there would be none remaining because the others would fly away.

This seems logical: A duck, a frog and a skunk went to the circus. Each had to have a dollar to get in. Which got in and which didn't?

The duck got in because it had a bill. The frog got in because it had a green-back. The skunk couldn't get in because it only had a scent and it was a bad one.

THE FARMER'S WIFE

It's About Time

By LIBBY MUDGETT

WELL, WELL, WELL. Twenty years too late, the government is beginning to see what all agricultural interests tried to tell it.

Which is about par for the government. It's just now dawned on the government dears that more people depend on the farmer than just the farmer's family.

BACK IN THE EARLY fifties, farmers had done such an efficient job and had gotten so everlasting proficient that they produced what the government lovingly liked to call "surpluses."

(I still wish they would read the story of Joseph in Genesis.)

Anyway, to reward the farmer for being so gung-ho, it was decided that some of them had to go.

THE WAY THIS WAS diplomatically put was that a program had to be designed to get rid of the "marginal" farmer.

This program was designed (oh was it ever!).

The purpose was accomplished, more or less, because ruralites began to migrate to the cities by the hundreds.

OF COURSE, not all the migrators were marginal; in fact, a lot of them were the cream of the rural youth, but anyway, the point was that the number of farmers was being reduced.

Rural spokesmen warned what would happen, but they were ignored as grandly as the "alarmists" before Pearl Harbor.

Now the rural population is 5.2% and still fast dwindling.

THE CITIES are miserably overcrowded.

The ruralites that moved to the city were in the main underskilled and undertrained for jobs.

The people that depended on farmers and farm workers have also had to move to the cities to ply their trades.

SMALL TOWNS are becoming deserted just like the countryside. And now, twenty years too late, there is a great awakening to the

THE ABUNDANT LIFE

Mob Madness

By BOB WEAR

THERE ARE EFFECTIVE and well established procedures for doing what needs to be done. Of course, in order to make them work, they must be understood, respected and used wisely; and with the greatest degree of fairness for all persons.

All of these procedures have been tried and tested time and time again.

WE HAVE DEPENDABLE records of what happened to people who have not known how to maintain orderly social and political establishments. We also have records of people who knew how to maintain these establishments, but chose the chaos and disorder of mob madness.

These are very unhappy records with urgent warnings that must be heeded.

IT IS NOT NECESSARY to look back in history to know that mob madness is destructive of everything worthwhile in human affairs.

Someone has said, "A mob is a monster, with heads enough, but no heart, and little brains." It is painful to see the continuing build-up of mob actions in our country.

MOBS HAVE KILLED innocent people, paralyzed the normal functioning of the social machinery, and destroyed untold possessions of other people. It was a mob that delivered Christ to be crucified, and then, when the Roman Governor wanted to release him, demanded that he be crucified.

Mobs have, times without number caused terrible and senseless waste and set in motion evil influences that spread like wildfire.

ONE OF THE HORRIBLE characteristics of mob madness is fear. It is not a wholesome fear, but the worst kind of debilitating and destructive fear.

It is fear that creates a social climate in which every good element of human society is

fact that things were a lot better when country people were in the country.

Several leading publications have started publishing articles about the situation. The Reader's Digest published "The West Is Getting Lonely Again" after all they'd said about the farmers in their Cadillac checks in between fishing trips.

DIFFERENT BUSINESS organizations are beginning to take out full page ads in national magazines on the sad plight. To quote from one in Newsweek—"What have we got today? Smog, pollution and traffic jams in the cities. Abandoned farmsteads and empty stores in the country. And economic and social ills in both. We could have planned more wisely." Ah so!

AND ALONG COMES our Secretary of Agriculture in the year of 1969 to say that he is urging the President to begin a family assistance program to "help hold in rural areas people who prefer to live there and reduce the urban crush."

Well, okay, better late than never. So Dick, here's some suggestions.

Go back to where the problem started and begin there and quit penalizing the farmer for his efficiency.

REALIZE THAT WHILE the farmer may live off the land, merchants, doctors, bankers, mechanics, and other workers live off of other people and when enough farmers and farmworkers leave for the city, pretty soon the others have to follow.

Youth is going to go where the action is and when a community dies, it can kiss its youth goodbye.

QUIT MAKING it profitable for business wheeler-and-dealers to buy up farmland for tax write-off purposes. They care nothing about the land or rural people or even farming's best interests, but can bloody well make farming too expensive for people that do. You're welcome.

jeopardized. This is only one of the evils of mob madness.

ONE OF THE MOST AWFUL features of mob madness is in the strange, but very real, fact that many well-meaning people are deceived and misled into being part of the action.

These people, however, are not to be excused. Under the corrupting influence of the group, otherwise sensible people become very foolish people; and law abiding persons become criminal in their actions.

A MOST ALARMING aspect of the mob formation and movement is in the well-known truth that the majority of the participants are just being used as tools.

The planners of the mob action are usually people who have ulterior motives. They have chosen to be enemies of the common good. Sometimes they are subversives, sometimes they are psychotics, sometimes they are just unlearned and confused.

REGARDLESS of how it happens, it is always loss for everybody. It is an evil in itself, but this is not all. It produces just about every kind of evil known to mankind.

Emerson said, "A mob is a society of bodies, voluntarily bereaving themselves of reason, and traversing its work.—The mob is man, voluntarily descending to the nature of the beast."

EVERYTHING POSSIBLE must be done to discourage the growing inclination of the noisy and sometimes threatening mobs.

The ultimate consequence is either chaos, or some type of tyrannical control.

WE DO NOT WANT CHAOS. We do not want tyrannical control.

Surely all of us can see the urgency for encouraging and maintaining good judgment, good order, justice and peaceful actions in all we do.

OBITUARIES

WILBORN F. McCARTY

Wilborn F. McCarty, 61, of Springdale, Ark., died as a result of injuries received in an auto accident Wednesday night near Arkansas City, Kans.

MONKEY

Continued from Page 1

according to Adair, but rather what he refers to as "get a glow on." But they are addicted so that they must have (equivalent to their weight compared to adult humans) a fifth or a fifth and one-half of hard liquor per day.

"And like alcoholic humans," Adair said, "addicted monkeys will connive and steal. If a chimp can steal a chip from a fellow chimp, then the theiving chimp sits on its rumpus. No treadmill. No buttons."

When a new chimp is added, the alcoholic monkeys try to cheat him. "The monkeys will make a chump of a new chimp by trading him a red chip for a blue or giving him a white for a blue," Adair said.

After the chimps become addicted, they are dried out or taken off alcohol completely. A dried out monkey won't have anything to do with a drunk chimp unless he sees one getting sick, according to the psychologist.

But monkeys have a sense of community duty, he said, and if an alcoholic chimp needs a drink so badly that he shakes and moans and is very ill, a dry chimp will get on the treadmill or pull the levers and buy the sick monkey a drink.

"The dried out monkey doesn't like the drunk monkey," Adair explained, "but he'll help him."

Dried out monkeys are turned over to doctors working on the therapeutic study of alcoholism.

There are over five million known alcoholics in the U. S. today. In addition to the known numbers there is another two million, principally women, unknown alcoholics. To this staggering figure 200,000 new alcoholics are added annually.

The average age of alcoholics in 1950 was 47 years. In 1957 the average age of alcoholics was 32. "There are now more than one million alcoholics less than 21

MRS. J. W. JAMES

Mrs. J. W. James, 73, of Littlefield, died at 7 a.m. Wednesday in her home.

Services were Friday in the First Baptist Church with Dr. Roy McClain, pastor, officiating. Burial was in Plainview Cemetery by Lemons Funeral Home.

Mrs. James was the former wife of James W. James, who died in 1911. She was born in Lubbock, Texas, in 1896, when she moved to Plainview as a member of the First Baptist Church.

Survivors include five daughters: Mrs. Bill McBride all of Plainview; Mrs. Milburn Gaston of Hale County; Mrs. M. E. McCarty of Edmond; Mrs. Jack, Earl, and J. D. all of Glen of Kress and Benzie of Oklahoma; four sisters, Mrs. Luther Godley, Mrs. Charlie Garrison, Ernest Abney, both of Oklahoma; and Mrs. Jess. Willis of Oklahoma; 25 grandchildren and great-grandchildren.

THOMAS J. WATSON

Services for Thomas J. Watson, formerly of Littlefield, were Saturday, Nov. 1 in Cypress Convalescent Home at Rowena after an extended illness, was afternoon in the Carroll Funeral Chapel in Gainesville, with the Rev. Shoemaker of Tabernacle Baptist Church officiating.

Burial was in Oak Grove Cemetery.

Watson was in the produce business in Littlefield several years, moving to California in 1942.

He is survived by his wife, Mrs. Rivers, Calif.; three sons, W. R. Watson, W. R. Watson, Jr., and Richard E. of Littlefield; a half-brother, W. R. Stone of Gainesville; six grandchildren and great-grandchildren.

years of age," Adair added.

"Certain people have a predisposition to alcoholism," Mr. Adair said. "It attacks the body's cells, shrinking away of the protoplasm. The cell weeps—sheds real tears and structure dehydrates."

"In an alcoholic, something happens. There is no shrinking of alcohol attacks the protoplasm directly. A chemical transformation place in the cell; there is no more tears."

When a person is thusly prone to alcoholism and "drinks socially" psychological problem can crop situation and the person then becomes alcoholic. Any accompanying such as grade difficulties, boredom, death of a close friend or a detonates this person and he is hooked.

"The church isn't well equipped to help alcoholics help themselves," Adair who is a Methodist minister, preached for more than 12 years going into psychology and teaching at South Plains College in Levelland.

Taxing Official State Certified

OLTON—Mrs. Virginia C. Moss, Deputy Tax Assessor and Collector for the Olton Independent School District, met all the requirements and successfully completed the examination for Certified Texas Assessors and became a member of the Institute of C.T.A., a professional organization of taxing officials recognized by the Texas Legislature. Only 206 tax assessors hold this honor out of the almost 5000 tax assessors in Texas.

Austin assessor, Jack Klitgaard, awarded the designation to Mrs. Moss, expressing appreciation for her long hours of work and study in order to achieve this coveted designation.

Mrs. Moss is beginning her twelfth year in the tax profession, having worked for the City of Olton two years and is beginning her tenth year with the Olton Independent School District.

She is an active member of

VIRGINIA C. MOSS

the Texas Assessors Association Organization, and assistant trustee for District I.

GOING UP AGAIN

College costs are going up again. Tuition, room and board bills are running about seven to eight per cent higher than last year, according to a survey from the Institute of Life Insurance.

Fall Festival Held At Bula Saturday

BULA—The Bula fall festival was held Saturday evening. A number of booths were set up by different rooms. The junior class served supper. There was a fishing pond and grab bag stand, popcorn balls and other goodies; a jewelry shop and hat booth; a cake walk and "moon" money, bingo and dart throwing for fun for all ages.

The crowning of the prince and princess for grade school and crowning of king and queen for high school climaxed the activities. Crowned for grade school were Keith Layton and Thresa Autry, first graders, and in high school, Eddie Hall and Iva Clawson were crowned.

Candidates from each class marched to their appointed seats on the stage as Donna Crume played the piano and Tom Newton acted as narrator.

Other candidates were Robert Layton and Ida Hernandez, second graders;

Jarrol Layton and Elnora Peacock, third graders; Craig Austin and Sherry Claunch, fourth; Robbie Blackstone and Carolyn Stroud, fifth grade; Oralie Davila, sixth grade; James Snitker and Leisa Risinger, seventh; Edward Clawson and Kathy Snitker, eighth grade; Kenny Claunch and Charlene Pollard, freshmen; Larry Clawson and Wilma Autry, sophomores; Eddie Hall and Pam Layton, juniors; David Wood and Iva Clawson, seniors.

STRIVE FOR PEACE

"Try to be at peace with all men" (Hebrews 12:14).

We are forever talking of peace, but we continue to quarrel. We think we must fight. We demonstrate with hate and destruction as our motivating force. How shall I change it? What is my next step? How do I become a real peace maker?

The Scriptures clearly give the message. "Thou shalt love thy brother."

Then, if I am serious, I must answer. I must put love in place of hate. I must frankly face the fact that I actually hate or despise another man who also is a son of God. That is my sin.

Immediately I must look into his life and discover some good I must love him.

Do not hate a Democrat, or Republican, or a Black man, or a White man, or a Jew, Catholic, or Protestant.

Other people love those guys, why can't I?

I too must discover some good which I don't know about, if I am to set myself free of hate.

Then, I must seriously set out to live.

Hebrews 12:14.

A Verse Of Beauty

REV. KEN JOHNSON
Missionary Baptist Church

THE OLD TESTAMENT prophet Isaiah saw the beauty of substitutionary atonement when he penned the Spirit of God the unique chapter of sacrifice we observe in Isaiah 53.

There is a humbling effect in one's receiving from another that which he could not do for himself. Man as a creature from the hand of God is dependent on his Divine source.

We breathe the air, know the warmth of God's sunshine, and experience the goodness of God's preventent grace because there is a God who cares.

IN A SINGLE VERSE, Isaiah 53:6, the prophet Isaiah revealed more about the nature of man and the attributes of God than many men realize in a life time.

Isaiah said, "All we like sheep have gone astray; we have turned every one to his own way; and the Lord hath laid on Him the iniquity of us all."

ISAIAH SPEAKS of man's Universal Depravity saying, "All we like sheep have gone astray." It is human nature to rebel against the idea that natural man is a deprave creature. God, however, says we all "have sinned and come short of the glory of God." (Romans 3:23).

The hypothesis of evolution would declare we are progressing to greater heights. Yet, with all the technology and skill amassed in man's quest of knowledge, all we have seen is new ways death is embossed over the history of man.

GOD'S ANSWER for the reason of death is the accurate answer: "The wages of sin is death." (Romans 6:23) His explanation for depravity goes to the heart of explaining why natural man has universal depravity.

Isaiah speaks of man's Unlimited Egotism saying, "We have turned everyone to his own

way." Though man is dependent on God he seeks in vain for independence. The Scripture declares the whole world worships God in truth. Strange as it may seem, one tries to serve God exactly in the patterns, some men are quick to become fanatic.

WE HAVE GIVEN to every man an exact image of our God in the world. Our "super ego" is the way we see God.

If God is the Supreme God, we grace and walk in His light. It is Convenient God, we serve Him and emergency dictates. If God is not God, we serve Him in the light of pretense. If God is a Denied God, we ourselves on our fellow men in their fate.

ISAIAH BREAKS the columns of realizing what he really is when he says, "The Lord hath laid on Him the iniquity of us all." This is God's Unmerited Favor.

How gracious and reassuring it is that from the hand of God is a sacrifice that can right all the wrongs God didn't have to do this, but the weaknesses of human nature and the of man can be lifted by the sacrifice.

PAUL SAID, "God made us what we are." (demonstrated) his love toward us while we were yet sinners, Christ died for us." (Romans 5:8).

While man's nature is to seek his enemy, Christ died for us while we were enemies. It is the love and work of God that unshackles the heart of man from sin. But to have this work of God in man's life, man must repent and trust the finished work of Christ. (Acts 10:43). Then he can see the beauty.

... WILDCATS

Continued from Page 1

to play. Punter Randy Mitchell laid a 46-yard beauty down at the Cub 1-yard line.

But a Wildcat was detected offsideline and the play came back, and Mitchell lined up to punt from the Cat 48.

The snap from center was far over his head, and there was nothing he could do to prevent Brownfield from taking over at the Littlefield 34.

The penalty and bad snap had cost Littlefield 66 yards, from the Brownfield 1-yard line to the Wildcat 34, and the Cubs had their first real scoring opportunity of the game.

Held to only four first downs in the previous 40 minutes of play, the Cubs caught fire and rolled for two in a few moments. With 4:41 to play, Brownfield had the ball at the Littlefield 13, first down.

That "country gut check" found the Wildcats sufficiently healthy, however.

Four plays and a 15-yard Brownfield penalty later, the Cats had held at their 18-yard line, thanks to a fourth down tackle by Trotter on the Cubs' Richard Lepard, after Lepard had seemingly run 200 yards escaping Wildcat tacklers.

Eddie Hickman, who carried nine times for 52 yards to lead all ground gainers, came up with a fine 12-yard run that helped kill the clock and also got the Cats a first down.

Two more running plays and the clock was down to 0:44. The Wildcats were taking no chances, because on third down Holt kicked to the Brownfield 30.

The Cubs made Littlefield hearts flutter in the next 22 seconds, because a screen pass gained nine and FB Shad Brooks, leading Cub runner with 12 carries for 46 yards, ripped off 11 more steps to midfield.

But Lepard was caught for a 9-yard loss by Tackles Kim Kloiber and Jarrell Haberer, and, with 12 seconds left, Safety Steve Owens intercepted Lepard's last-ditch pass at the Cat 35.

The stars were plentiful as Littlefield closed out the home season. Most of the glimmer came from the defense in this one, because it was never anything but a head-knocking defensive clash.

Tri-Captains Owens, Trotter and Hickman stood out through the battle, with Trotter leading the defensive

charge, Hickman picking up vital yards on offense, and Owens playing a key role in his defensive work at safety in the fading minutes of the game.

Owens had played offense only earlier in the game, as Coach Lewis didn't want to risk re-injury of Steve's knee. Offensively, Owens caught three of Holt's passes for 51 yards.

Hickman, besides his 52 yards rushing, caught seven aeriels for 55 yards.

And Funk, of course, caught two five-yarders, one good for Littlefield's score.

But the story was defense. On Brownfield's 13 possessions, the Cubs were held in their own territory six times, at the 23, 32, 26, 8, 13 and 6-yard lines.

Seven times they made it into Littlefield's side, to the Cats 45, 48, 37, 38, 38, 10 and 49.

So, other than the Cubs' big threat after the high center snap, Brownfield was never closer than the Cat 37-yard line.

Littlefield made it into Brownfield territory only four times other than the scoring drive. The Cats got to the Brownfield 49, 15, 26, and 47.

But Littlefield had the ball only for an instant the time the Cats were at the 15. Following a two-yard Brownfield punt, Larry Purdy, unaccustomed to running back punts from his nose guard spot, downed the ball at the 15, but turned loose before the whistle blew and a Cub alertly jumped on the ball.

After the Cats reached the Cub 26 in the third quarter, Brownfield rose up to nail Holt for a loss to the 33, then recovered a fumble at midfield on the next play.

Kloiber, Haberer, Trotter, Purdy and Randy Parkman, the Cats' front five, linebackers Estrada and Mitchell, and Rover Hickman were the keys to the Littlefield defense. Also playing well defensively were Holt, Charles Carter, Gary Garrison, Keith Sitton, Funk and Owens, when he took over the safety post late in the game.

Whitharral Falls To Union, 11-30

The Whitharral Panthers were out ahead twice, but fell behind in the fourth quarter to let the Union Wildcats take a 41-30 Homecoming victory.

Loyd Hoelscher opened the scoring for the Panthers with a running drive from the eight yard line for an early 6-0 lead. Union QB Keith Cheatham passed to Marvin and Ralph Jackson for two quick TDs and Rick Neal kicked an extra point to put Union ahead.

Before injuries took him out, Monty Rodgers returned a punt to the 24-yard line, then took the ball to the 8 and to the 1-yard-line on successive plays, and Johnny Graham dove over from the one-yard-line on a QB keeper for the second Panther TD. Extra points failed, and Whitharral trailed by one.

Union took a 19-12 halftime lead after Marvin Jackson scored on a pass. Whitharral took the lead again early in the third quarter on a 28-yard pass from Graham to Larry Gage and scored again in the third with a 62-yard punt return by Gage.

Cheatham scored on a QB keeper and passed to Jackson for two points for a 27-24 lead at the end of the third quarter. Cheatham scored again and passed to Marvin Jackson for another TD, and two points by Ralph Jackson made it 41-24

before Gage made Whitharral's last touchdown from the three after picking up 14 yards and a first down.

Whitharral will be open next Friday due to a forfeit from Southland in the game scheduled to be played at Whitharral. Threeway travels to Whitharral for the Nov. 21 encounter.

Eighth Grade 'A' Scoreless In Loss

Littlefield's 8th grade A team took a 30-0 licking at Brownfield Thursday.

Gary Brown connected with Terry Bryson on three completed passes for 28 yards, and Len Richey gained 24 yards rushing in four carries.

Richey, Bryson and Andy Rogers played a good offensive game and Floyd Smith, Kenny Owens, Chris Pope and Leo Herrera were named defensive players of the week.

JV Downs Brownfield

The Littlefield junior varsity thumped the Brownfield JV 20-2 Thursday.

Leading the victory was Jay Trammell who ran a TD from the 2-yard-line and then ran over for the extra points in the third quarter.

Porfirio Cristian opened the scoring with a three-yard TD run in the second period of play, and Leroy Danford made the longest scoring play of the night with a 70-yard run in the last quarter. Danford led in yards rushing with the Littlefield JV racking up 203 yards against their opponents' 74 yards, and led in total offense with 253 yards to Brownfield's 144.

Dennis Hartley gained 53 yards and Cristian picked up 46 yards in eight carries.

Gaining Coach Jeffries' nod as outstanding on offense were Hartley, Cristian Trammell and Delton Walker.

Jeffries named Matt Giles, Hartley, Mike Talbert and Leonard Huey standouts on defense.

MONKEYS & COLD CLIMATES

The majority of monkeys are found in warm, tropical climates, but the macaque monkey is found in snow covered Japanese mountains,

A GANG OF WILDCATS converge on Brownfield's Mike Roberson late in game, staving off a Cub push near the Wildcat 10-yard line. He's being pushed by Charles Carter (60), Gary Garrison (62), Eddie Hickman (63) and Charlie Holt (in foreground) coming up to assist.

Sudan Edges Kress, 21-14

SUDAN - Under the direction of Bo Lance, a substitute quarterback for the injured Rex Boyles, the Sudan Hornets drove over Kress 21-14

here Friday night. The victory left the Hornets undefeated in district play and set up a showdown next Friday night at Farwell.

Olton Kicks Friona

Olton Mustangs kicked the Friona Chiefs for a 6-0 win on the Mustang field Friday night.

Ronnie Sanders ran over from six yards out in the final quarter after three scoreless periods hampered by fumbles and interceptions.

Olton led in first downs, 12-11 and gained 234 yards to Friona's 155 in their attempts

to cross the double stripes while eight fumbles and pass interceptions hindered the Mustangs progress.

The win gives Olton a 4-2 record in District 3AA with Floydada clinching the championship. This final game for the season leaves Olton with a 5-3-1 record for '69.

Amherst Roars, 46-6

AMHERST - Meadow thought it was seeing double here last Friday night as it seemed to be a night of Bobby Clayton's. He was all over the field. Amherst enjoyed a big first victory for the season as the Bulldogs downed Meadow 46-6.

Clayton scored on 14 and 78-yard runs in the first

quarter and added another TD in the second quarter with a 15-yard run. Eddie Moates kicked for three extras in the first half.

Amherst led Meadow 21-0 at the half. The Bulldogs continued to explode in the second half as Moates charged over for a 6-point and Roy Lee Young returned a punt for 80 yards and another TD.

Sundown Slips By Anton, 55-7

The Sundown Roughnecks slipped past Anton, 55-7, on the Oilers' field Friday.

Anton scored in the third quarter on a handoff from QB Tommy Gilbert to sophomore halfback Quinn Williams who ran over for a TD from the nine-yard line. Williams kicked the extra point.

The oiled Roughnecks scored 14-34-7-0 by quarters with Eddie Eberhart leading with three touchdowns. Jesse Perez and Robert Edwards scored two TDs each and Fred Helms counted on a pass. Jesse Bowns accounted for seven boots for extra points.

'B' Eighth Grade Halted In 8-6 Tilt

Brownfield won an 8-6 decision over Littlefield's 8th grade B team at Brownfield Thursday.

Johnny Washington ran back a kick-off return for 80 yards and six points in the third quarter of play, and was named outstanding both offensively and defensively.

Larry Wright gained eight yards rushing in two carries, Kenny Trotter carried once for four yards and Bruce Peel gained three yards.

Tommy Watson and Trotter were named outstanding defensive players.

7th Whites Top Maroons

Seventh grade Whites took a 6-0 victory over the seventh grade Maroons Monday.

Randy Lucas scored on a 16-yard pass from Stanley Eller in the second quarter for the win and the only completed White pass.

Richard Barton completed a pass to Jerry Soria for two yards for the Maroon team.

Randy Parker gained five yards per carry for the Whites. Mark Thornton carried four times for 17 yards and Morris Dickson gained 15 yards in four tries.

Eller, Lucas and Parker were named to the offense and Jimmie Stanaford, Dickson and Jimmy White were cited on defense.

Tommy Wilson and Soria each gained 24 yards rushing for the Maroon, with Wilson averaging 6 yards per carry.

Defensive standouts for the Maroon were Rodney and Cory Logsdon and Tommy Hutson.
