Ten Pages

Oops-We ran a front page, banner headline on the story of H. Govan in last weeks paper. We failed, however, to credit the author of the story and it was a good piece of journalism. The Govan story was penned by Roby's John Moesch. He has been working at the local paper, United Caprine News, Western Observer at Anson, Albany News and Hawley Leader. this summer. He'll return to Western Texas College in September to become editor of the campus newspaper.

County Taxing Agencies To Follow "Truth In Taxation" Guidelines In Near Future

During the next two months, local governments in Texas will be following "truth-in-taxation" procedures, giving taxpayers notice of tax increases and the opportunity to comment on the proposed increases.

Truth-in-taxation laws require a taxing jurisdiction to publish a series of notices and hold public hearings on its proposed tax rate if the rate would increase taxes beyond certain limits. In some circumstances, taxpayers may also petition for an election to limit the tax rate.

Tax assessors in many cities, counties, school districts and other jurisdictions which levy property taxes are making preparations for a crucial step in truth in taxation-calculation of what is called the

"effective tax rate."

According to Kenneth Graeber, executive director of the State Property Tax Board (SPTB), the effective tax rate is the basis for determining a taxing unit's final tax rate and must be publicized along with the calculations used to derive it.

"If the jurisdiction proposes to adopt a tax rate that is more than three percent higher than the effective rate, public notices and a hearing are required," Graeber said. "And if the jurisdiction actually adopts a rate that is more than eight percent higher than the effective rate, local residents have the right to petition for an election to roll the rate back to eight percent above the effective rate."

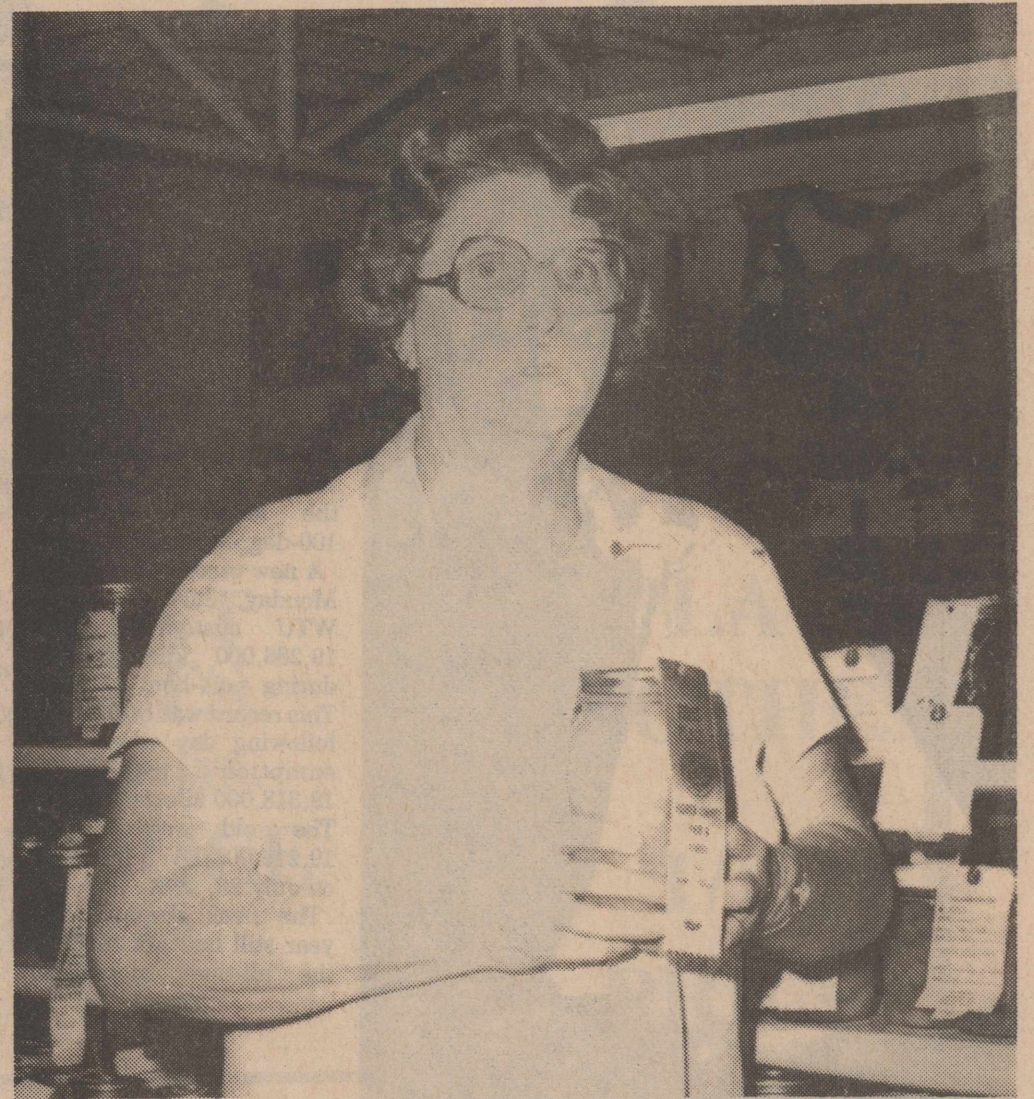

Graeber explained that the effective tax rate for a

particular taxing unit is the rate which, when applied to the value of property on the 1983 tax roll which was taxable last year, will generate the same amount of revenue for maintenance and operation as was levied the previous year. It also includes the rate necessary to satisfy the current year's bonded indebtedness and takes into account increases in total taxable value due to reappraisal and new property, as well as decreases resulting from newly exempted property and other types of tax relief.

Amendments to the Texas Property Tax Code made by the 68th Legislature and effective last month allow the effective tax rate to account for revenue lost due to errors on the appraisal roll in the previous year.

The property Tax Code requires that the effective tax rate, calculation and estimated unencumbered fund balances be publicized by Aug. 7 "or as soon thereafter as practicable" and "in a manner designed to come to the attention of all property owners in the unit...."

"The unit's elected officials must discuss budgetary needs in open meetings where taxpayers have the right to express their approval or disapproval of proposed expenditures," Graeber noted. "It is important to remember that the effective tax rate generates about the same amount of maintenance and operation funds as were levied last year, and the governing body may feel that more revenue is needed to provide services for the coming year."

FAIR PARTICIPANT: Mrs. Coy Stuart of Roby, grandmother to 13 grandchildren, will be one of the participants in the 1983 Fisher County Fair that will open on Thursday, August 25th. Mrs. Stuart has been the top winner at the Fisher County Fair, taking home the most blue ribbons, for the past 5 years. She annually wins in the canning division, but this year will not be entering near as much as in years past. "I just don't have that much put-up, we lost all our fruit crop this year but our garden is doing fine now, so we'll have some entries this year", said Mrs. Stuart. The mother of four sons, James of Lubbock, Landon of Carrollton, Tommie JaCK OF Roby and Don of Cisco, Mrs. Stuart also has 5 great grandchildren.

Child Health Screening Clinic

There will be a Child Health Screening Clinic held on August 16th, 1983 from 10:00 a.m. to 2:00 p.m., at the Courthouse Annex in Roby, Texas.

Screenings will include Development Testing, Blood Pressure, Anemia Tests, Urine Tests, Weight, Height, Hearing and Vision Screening.

Any abnormal findings will be reported to the child's private physician. All children are welcome from infancy to 12 years of age. No appointment is necessary.

Rotan Booster Club Meeting

The members of the Rotan Booster Club will hold their second meeting of the 1983-84 year on Tuesday night, August

16th, at 8:00 p.m., at the Rotan High School Cafeteria, according to Wilbur Gruben, President.

The meeting will be

highlighted by a presentation by Norvelle Kennedy, concerning the changes in the high school rules for football for the 1983-84 season.

MILITARY JUNGLE FIGHTER: No, just a football recruit and new member of John Smith's "Yellowhammer Army". Nick Saucedo, Jr., son of Mr. and Mrs. Nick Saucedo, is a junior at Rotan High School and one of the 40 players reporting for opening day "two-a-day" drills at Rotan. Following the first session of two-a-day drills, Coach Smith indicated that he was pleased with the enthusiasm and work shown by the players. Rotan will be working out in helmets and shorts until Friday, go into full pads on August 12th in preparation for the first scrimmage at home with Crosbyton on August 19th.

Typesetter Malfunctions

Please pardon the overall content of this newspaper. Our typesetter, computerized naturally, cratered on Friday afternoon of last week and as of this writing, (10:15 a.m., Tuesday, August 9th) we haven't seen hide nor hair of a service technician.

You'd think for \$80.00 an hour plus mileage they would be in a bit of a hurry to get the machine fixed.

It's been a trying week- we'll try to let you know the end of the chapter next week.

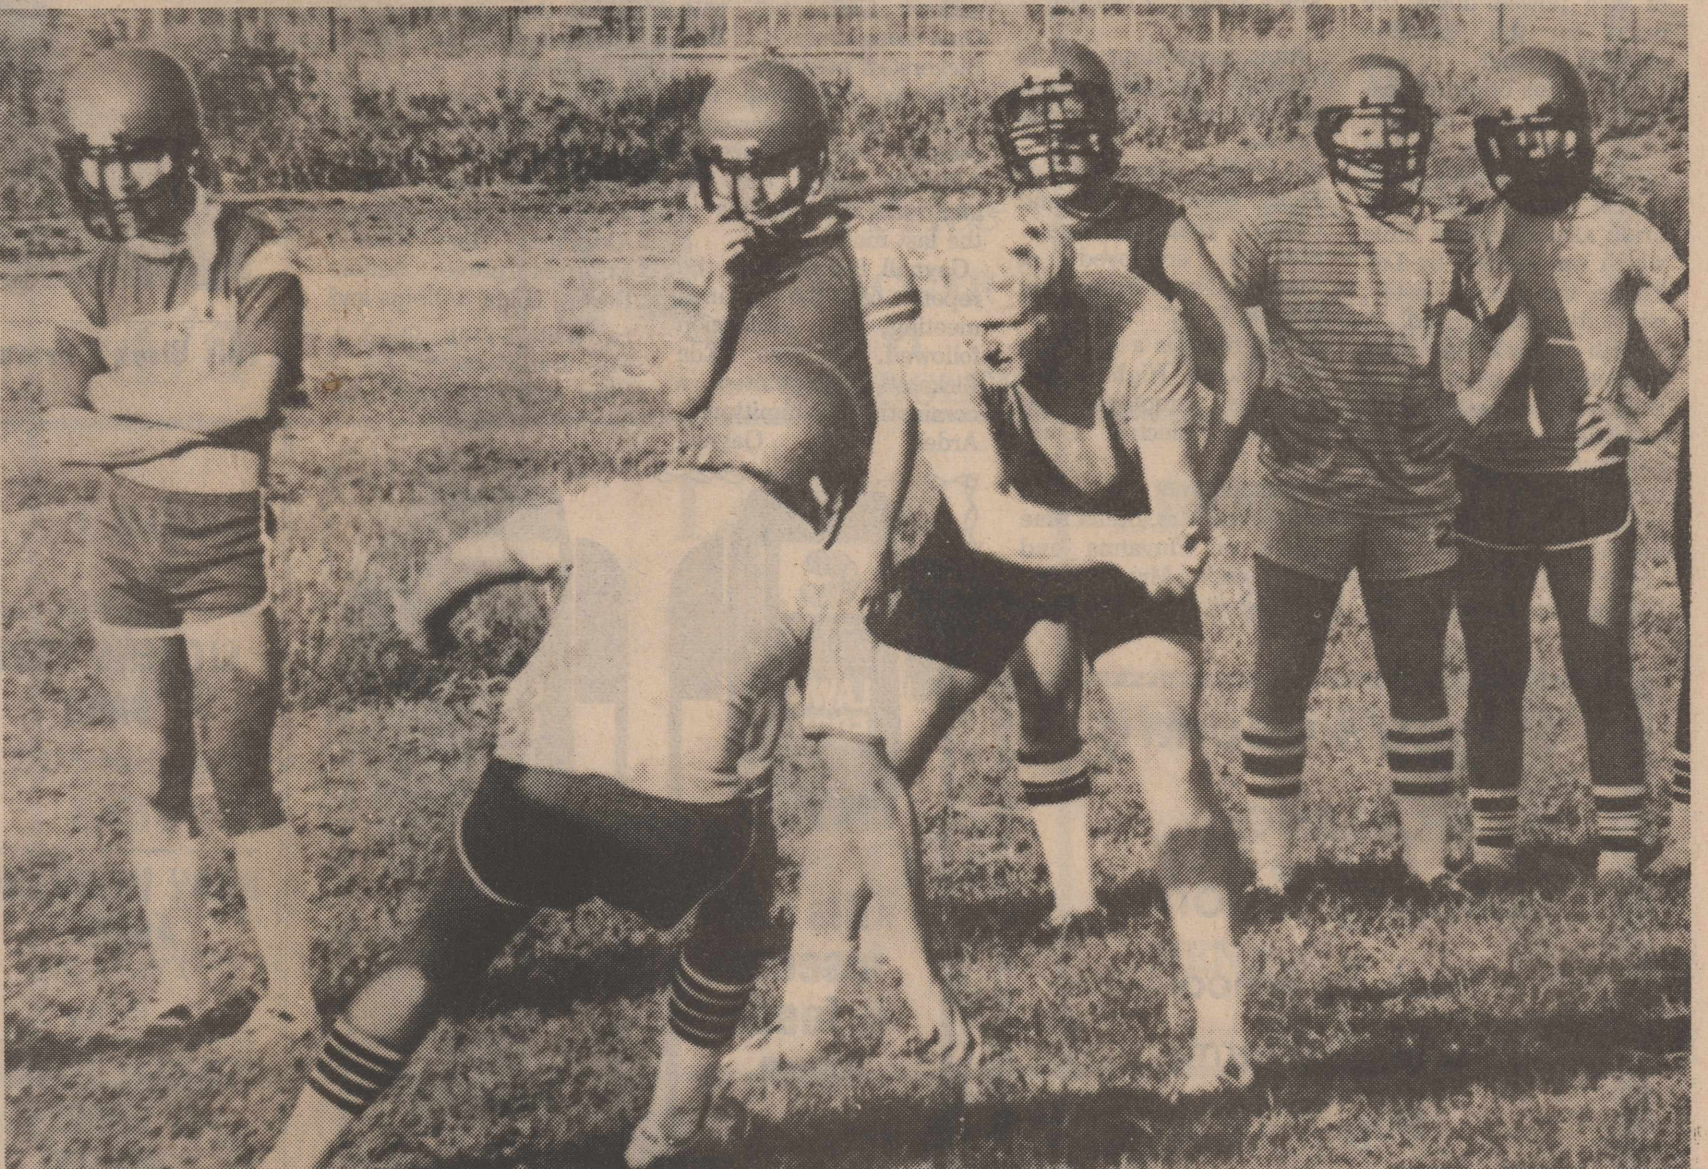

Assuming the repairman gets to the office before then.

Julie Branson Awarded

\$1,000 Scholarship

Julie Lynne Branson, a graduate of Roby High School, has been awarded a \$1,000 Carl B. and Florence E. King Foundation Scholarship by the Texas Interscholastic League Foundation. Julie participated in the 1983 State Meet in Newswriting...also partic-

ipated in UIL district contests in Spelling, Number Sense, Feature Writing, and Typing...Most Outstanding FHA Member...vice-president, Band...Annual Staff...National Honor Society...Salutatorian...plans to attend Angelo State University.

REACTION DRILL: Roby Head Coach Howard McDaniel runs an unidentified player through a reaction agility drill last Tuesday morning as the Lions took part in day two of two-a-day drills. McDaniel is optimistic at the prospects of a good season

and will be looking for a lot of leadership from junior and senior team members. The Lions will be building up to the first season scrimmage on Thursday, August 18th, against Hawley.

Debra Lynn Jones, Mark Lee Cade Exchange Vows

Debra Lynn Jones and Mark Lee Cade were united in marriage in a double ring ceremony performed by H. Bailey Stone in Odessa. The ceremony was held in the First Baptist Church Chapel on June 24, 1983. Parents of the bride are Mr. and Mrs. Archie Lindsey of San Saba. Parents of the groom are Mr. and Mrs. William C. Cade of Rotan.

Wedding music was provided by Billy Haney and Julie Cates of Odessa. They sang a duet *Endless Love* and *Just You and I*. For the wedding, the bride chose an A-line silhouette of silk organza and alençon lace. The ivory creation featured a lace overlay empire bodice highlighted with bridal pearls and iridescents forming a V-neckline. The bishop sleeves were gathered to lace cuffs. Lace trimmed the waistline and formed a front panel extending to the hemline. Pearls and iridescents highlighted the lace. A circular flounce bordered with lace enhanced the hemline and extended the full length of the chapel train. Two rows of lace flowed down the back to the hemline creating a panel.

The brides bouquet featured burgundy orchids, pink rose buds yellow carnations, daisies and Queen Anne's lace. The bride also carried a bible which was carried by Lou Thane, the groom's sister, when she was married. A wreath of pink and ivory rosebuds was worn by the bride. For something old, the bride wore a teardrop pendant necklace which belonged to the bride's great great grandmother.

Maid of honor was Dianne Johnson of

Odessa, sister of the bride. Bridesmaid was Donna Blossman of Giddings, also sister of the bride. They wore champagne pink dresses with V-neck bordered with lace. They carried bouquets of orchids, rosebuds and daisies.

The groom was attired in a burgundy tuxedo with tails and white pleated shirt. Best man was Kevin Cade of Abilene and groomsmen were Gerald Thane of Odessa, brother-in-law of the groom. They wore burgundy tuxedos with white ruffled shirts.

The cake, made by the bride, was a three tier cake. The sides and corners were accented with curved triangles and pink and burgundy roses and sweet peas. Grecian pillars separated the tiers. The cake was accented with pink boarders and the top of the cake featured wedding bells with burgundy flowers and ribbon. Punch and mints and coffee were served from silver appointments. Serving the guests at the reception were Lou Thane, sister of the groom, Renee Janosik and Judy Stanton. Registering the guests was Silvia Hinkley of Odessa.

After a wedding trip to Ruidoso, New Mexico, the couple will reside in Odessa.

The bride attended San Saba High School and Central Texas College. She is employed at Medical Center Hospital in Odessa.

The groom is a graduate from Rotan High School and is employed at Foreman Electric Company.

Grandparents of the groom are Mrs. Stella Mae Jones of Fluvanna and Mr. and Mrs. K.W. Whisnart of Seminole.

Customers Hitting Record Power Usage Figures

The fact that hot weather and high utility bills go hand in hand apparently is being proved again by West Texans.

Electric energy usage in the West Texas Utilities Co. system soared to new records this past week as temperatures throughout the territory hit the 100-degree mark.

A new record was set on Monday, July 25, when WTU customers used 19,286,000 kilowatt-hours during a 24-hour period. This record was broken the following day when consumption totaled 19,318,000 kilowatt-hours. The old record was 19,216,000 KWh recorded on July 23, 1981.

The peak demand this year still had not reached the all-time record of

994,000 kilowatts, which was set at 5 p.m. Aug. 27, 1982. Peak demand is the largest amount of electricity being used at any

Tips Released On Making Social Security Apps.

People in the Big Country area who plan to apply for Social Security retirement or survivor benefits before they reach 65 should remember to apply no later than the month they want benefits to begin, Glyn Hammons, Social Security district manager in Abilene, said recently.

This is because, with few exceptions, a person who wants to receive reduced benefits before 65 cannot receive them for months before the month he or she applies. Retired workers and their wives or husbands can start getting benefits as early as 62 and widows and widowers as early as 60.

A worker and his or her wife or husband can receive only for months in which they are eligible throughout the entire month. This means that unless a person reaches 62 on the first or second day on the month, he or she cannot receive a benefit for that month.

A person who applies after reaching 65 can receive benefits for up to 6 months before the month of application, but not before the month he or she became 65.

It is a good idea to apply 2 or 3 months before a person wants benefits to begin. This gives Social Security enough time to process the claim so benefit checks will begin shortly after income from work stops or is reduced.

Before applying, a person should get certain documents and information. This includes the person's Social Security card or a record of the number; Forms W-2 for the past 2 years; or if self-employed, self-employment tax returns for the past 2 years and evidence of filing (a cancelled check); evidence of date of birth, preferably

a birth certificate or baptismal record recorded before age 5.

More information about Social Security applications and benefits can be obtained at the Abilene Social Security Office, located at 142 S. Pioneer. The telephone number is 698-1360.

"We expect the demand to go higher, but we should have no problem supplying our customers' needs," said Don Welch of Abilene, WTU vice president and director of customer services.

"But we do hope our customers realize that the more energy they use, the higher their bills will be," Welch added. "We urge

them to use electric energy wisely and to conserve when possible."

WTU's on-system generating capacity currently is 1,059,000 kilowatts. This means that with last year's peak demand the Company had a reserve capacity of 6 per cent, while the safe reserve is considered to be 15-20 per cent.

To assure a reliable supply, WTU has contracts to purchase power when necessary from neighboring electric companies until the Oklahoma Power Station comes on line in late 1986. This station, now under construction near Vernon, will increase WTU's generating capacity by about one-third.

HARD HATS MAKES SENSE

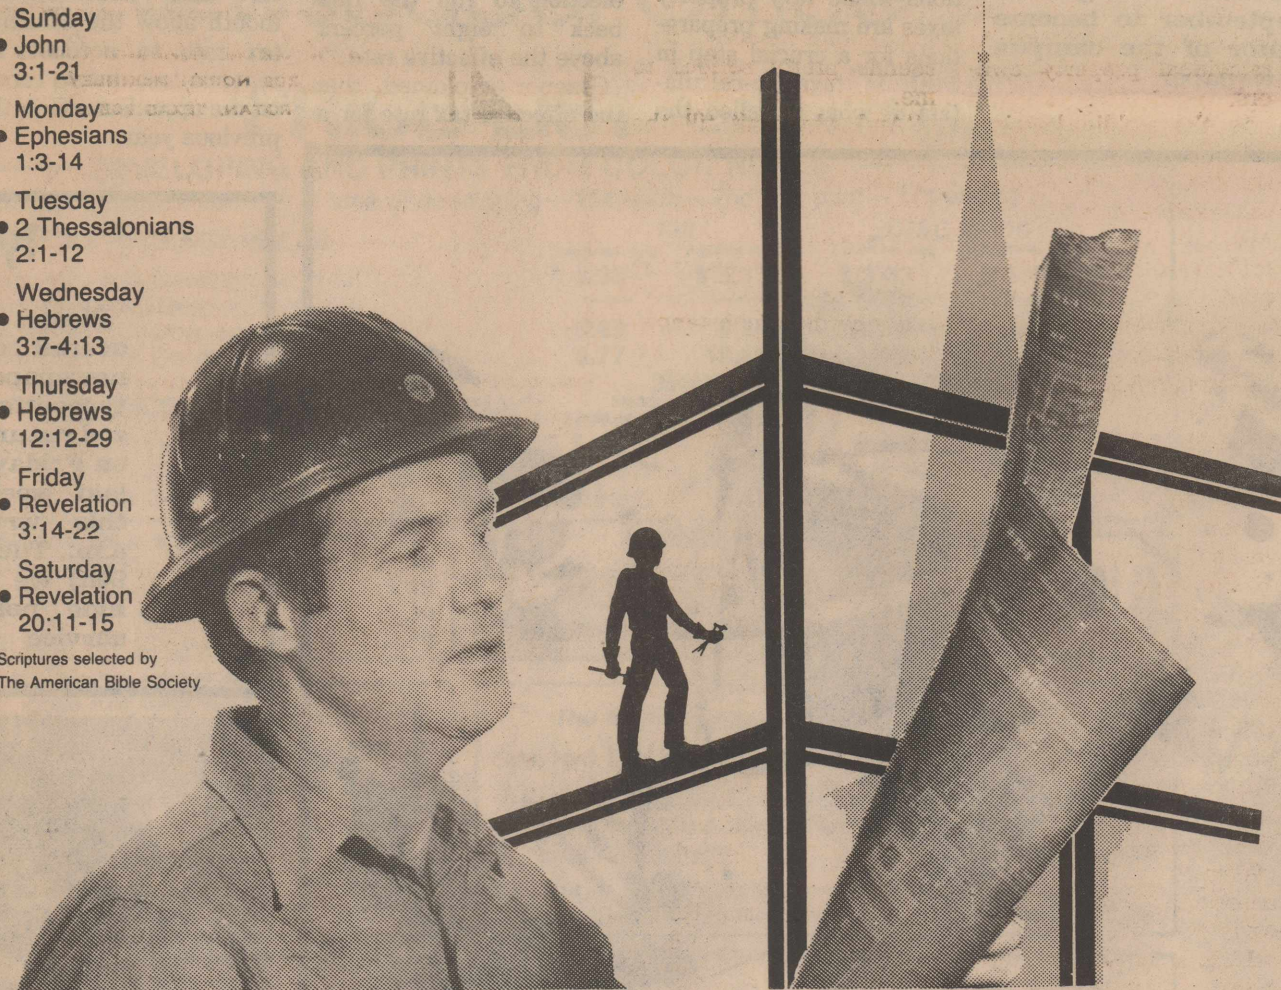

They're not the most comfortable type of headgear, but they've become the badge of the construction industry. No good superintendent will let you step on his building site without one.

The idea of protecting ourselves against possible hazards is an ancient one. Through the centuries it has had its religious counterpart. The Bible urges us to put on the whole armor of God.

Each week in our churches and synagogues we can prepare ourselves spiritually for the challenges tomorrow will bring. We can strengthen our souls to meet and overcome whatever dangers might one day confront us.

TWIN CALVES: The above twin calves were born to a cow owned by Mrs. Ted McArthur of Rotan. The first born was found on a Wednesday and the second calf wasn't discovered until the following Monday. Both are doing fine.

Hightower Extends Family Land Heritage Program

Agriculture Commissioner Jim Hightower announced today that the deadline for registration for the 1983 Family Land Heritage Program has been extended to September 16.

"Already, nearly fifty agricultural properties have qualified for this year's program," said Hightower, "but we want to find all of the farms and ranches that should be honored by this program."

The Family Land Heritage Program was created by the Texas Department of Agriculture to honor

families who own land which has been maintained in agricultural production for 100 years or more by the members of that family. Since 1974, when the program began, 1558 properties in Texas have qualified for the program.

The basic requirements of the Program are: continuous agricultural production on the farm-ranch for 100 years, land ownership within the family, complete operation or supervision of the farm-ranch production by family members who are Texas

residents, and a size of at least 10 acres with a minimum of \$50 income from farm or ranch products or if less than 10 acres, sales of at least \$250 a year.

Honorees in the program receive certificates of recognition during a ceremony at the State Capitol in November, and histories of each property are included in the Texas Family Land Heritage Registry published by the Texas Department of Agriculture.

Families who may be eligible for the Program

may obtain an application from their county judges, county Historical Commission chairperson, or by writing the Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711. Once completed forms have been certified

by the county judge, they should then mailed to the TDA Austin office for final consideration.

John Block Accused Of Letting West Texas Burn

Texas Agriculture Commissioner Jim Hightower today accused U.S. Secretary of Agriculture John

Block of "fiddling around while West Texas burns up in the worst drought in 30 years."

When local officials have decided on the jurisdiction's revenue needs for the coming year-including the amount necessary to repay bonded debts-they will propose an actual tax rate which would generate that amount of revenue.

If the proposed rate is more than three percent higher than the effective tax rate, a public hearing on the tax increase must be scheduled and announced either by mail to each property owner in the jurisdiction or as a newspaper advertisement. The newspaper ad must be at least a quarter of a page, printed in large type and appearing in a section of the paper other than classifieds or public notices.

Many governing bodies also choose to publish an adjacent ad explaining the budget or outlining the actual impact of the proposed tax increase on individual property owners.

At the public hearing, officials must announce the date, time and place of the meeting at which they will vote to adopt a tax rate; taxpayers must be given notice of the meeting similar to the notice of the hearing.

If the adopted rate is high enough to permit a rollback election, then taxpayers have 90 days after the rate adoption to submit a valid petition calling for the election. Within the following 20 days, the governing body must determine the petition's validity and order that the election be held; if officials take no action concerning validity, then the petition is automatically considered valid and the election must be ordered. The election must be scheduled 30 to 90 days after the last day on which the governing body could have acted to approve or disapprove the petition.

When a tax rate rollback election is successful in a school district, the rollback is effective in the following year; in any other taxing unit, the rollback is immediate.

Graeber noted that a property owner has opportunities throughout the year to influence the amount he pays in property taxes.

"Open plainning meetings and budget hearings allow a taxpayer to express his opinion about the types of services provided by the taxing jurisdiction," he said. "Rights to receive notice of his property's appraised value and to an appraisal review board hearing allow him to see that the value placed on his property for tax purposes is fair and in line with other values in the jurisdiction. And truth in taxation and the rollback election process then gives him the chance to have his say about tax-rate proposals that may increase his final tax bill."

drought, Hightower said, and it will take years for the ranchers to rebuild the herds.

"Block needs to get out of his air-conditioned office and come out to the real world, where real people are suffering because of his inaction. These ranchers have spent

a lifetime building herds that do well in the West Texas climate, but this drought is wiping them out. When they sell off their livestock because they can't afford to feed them, they're losing more than just a bunch of cows and sheep, and more than

what they've spent years building. If they have to start over, they'll have to start from scratch," Hightower said.

"Block has it in his power to do something about this tragedy, but he doesn't think it's serious enough. I suspect he could tour hell itself and not notice that it's a little hot and dry."

4-H Fashion Show In Jayton

The Rolling Plains District 3 4-H Fashion Show was in Jayton, July 26. Participating in the Fashion Show from Fisher County were Carye Gruben of Rotan, Jan Posey of Rotan and Cindy Gaspar of Rotan.

Gary Gruben, daughter of Mr. & Mrs. Donnie Gruben won a blue ribbon in the 9-11 age group. In addition to her blue ribbon, she won second place in the cotton division of her group.

Jan Posey, daughter of Mrs. Carol Posey won a blue ribbon in the 12-13

age group.

In Senior division which is 14 and above, Cindy Gaspar, daughter of Mr. & Mrs. Epifanio Gaspar, Jr., won a blue ribbon.

All three of these 4-Hers are to be congratulated for the outstanding work they have done in 4-H.

The District Fashion show and luncheon for contestants, parents and special guests was sponsored by West Texas Utilities Company of Abilene.

Parents and guests were treated to a microwave demonstration by West

0 - 290	290 - 412	
0 - 332	332 - 472	
0 - 374	374 - 532	
0 - 416	416 - 592	
\$ 42	\$ 60	

Children from families whose income is at or below the levels shown are eligible for free and reduced-priced meals and free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, unemployment, shelter costs in excess of 30 percent in income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the secretary's office at Hobbs School. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. The office of Hobbs Application may be submitted at any time during the year. In certain cases foster

children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such free milk, meals and milk for them, they should contact the school. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin. Under the provision of the policy, the secretary will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally or in writing to Mr. M.B. Maxwell, Jr., Superintendent, Rt. 2, Hobbs, Texas, 79546 for a hearing to appeal the decision. The policy contains an outline of the hearing procedure. The office of Hobbs Application has a copy of the complete policy which may be reviewed by any interested party.

Tax Planning

by

James Rodgers, CPA

TAX PLANNING

Many taxpayers do their tax "planning at year end in a frenzied attempt to cut their tax bill. Year-end strategies often require cash that you don't have or time that is not available. Real planning of cut taxes is a year-long activity.

Start by comparing your anticipated income and deductions for 1983 with the income and deductions you reported on your 1982 tax return. Use a workpaper and your 1982 return to arrive at an estimate of your 1983 tax liability. If your estimate shows the need for some tax-cutting maneuvers, consider some of the following suggestions.

- *Defer income to 1984 or later. Postpone bonuses and dividend payments. Invest in certificates or notes so that the interest is paid or credited to you in 1984 or later.
- *Accelerate deductions by paying as many deductible expenses as possible before December 31-taxes, interest expense, charitable contributions, and medical expenses.
- *Keep track of deductions so you don't miss any. Businessmen, in particular, overlook deductions for unreimbursed business expenses such as meals, travel, lodging and supplies.
- *If you plan to sell property and purchase new property, talk to your tax advisor about exchange.
- *Reserve funds to make a tax deductible IRA or Keogh contribution.
- *Move your investments from those that are taxable to those that are tax-free, such as municipal bonds.
- *Your tax planning will produce the best results when undertaken early in the year and with the assistance of your advisor.

County Fair Photo Contest

An amateur photography category has been added to the 1983 Fisher County Fair. Approximately one month remains before the August 24th fair date; therefore, time is of the essence for snapping those great shots, choosing your favorites, and having them enlarged for competition. This is the perfect opportunity for all of you weekend shutter-bugs to show your stuff. The rules are basically the same as the West Texas Fair Photography division if you wish to further those great shots on in September.

The rules are as follows:

1. All photographs must be mounted on artists board, matte board, or heavy posterboard no larger than 11" x 14". Framed prints will not be accepted.
2. Prints no smaller than 5" x 7" or larger than 8" x 10" will be accepted.
3. Contest is limited to amateurs only.
4. Entries must be left for the duration of the fair.
5. Please write name, address, and telephone number on the back of each print. All identification on the face of the exhibit, other than the title, must be concealed until after judging.
6. All general rules and regulations of the Fisher Co. Fair Association apply to this division.
7. No more than one print per photographer per category.
8. Chairman reserves the right to exhibit or not exhibit any submissions not in good taste.
9. 1st, 2nd, and 3rd place ribbons will be awarded by merit in all categories, and

a Best of Show. CLASS A - COLOR categories

1. Nature - Animals - Flowers
2. Sunsets - Scenic
3. Children
4. People
5. General

CLASS B - BLACK AND WHITE categories

6. Nature Animals Flowers
7. Sunsets-Scenic
8. Children
9. People
10. General

Chairman for this division is Jaye Neice Clements, and co-chairman is Jim Gruben. Your participation in this competition is greatly urged to help make this year's County Fair a big success. If you have any questions or need further information please call Jaye Neice or Jim at Rotan Gin Co. 735-2217.

THIS IS THE PLAY: New Rotan Head Coach John Smith points out the play chart to Yellowhammer backs and linemen can see running and blocking assignments. The team is "adjusting to the system changes under a new coach and responding real well", said Smith. Smith also indicated that "there are a few players missing from last year and I -feel confident they'll be showing up when they finish summer jobs."

Gruben, Rivers Attend School

Larry Gruben and Kevin Rivers of the Roby Volunteer Fire Department attended the 54th annual Firemen's training school held at Texas A&M University July 24-29.

Over 2,000 students participated in the training activities conducted by the Fire Protection division of the Texas Engineering Extension Service, a part of the Texas A & M University system.

Sponsored by the state fireman's and fire marshalls association of Texas, the school is considered the largest and most comprehensive of its kind in the world.

Brayton firemen training field, site of the annual school, features 120 acres and over \$14 million in buildings, specialized equipment and training aids instruction combines classroom sessions and hands-on training in actual fire fighting under close supervision of experienced fire fighting instructors.

Girl Born

Jimmy and June Wright are proud to announce the birth of their granddaughter, Cortney Lynn Clark. Cortney is the daughter of Gary and Judy Clark of Pecos, Texas. She was born August 5 and weighed 6 pounds 6 ounces.

Her grandparents are Mr. & Mrs. Jimmy Wright of Roby and Mr. and Mrs. Jack Clark of Pecos. Great grandparents are Floyd and Velda Wright of Roby.

Kids Krusade

KIDS KRUSADE

A Kid's Krusade will be held at the Rotan Church of the Nazarene August 15-21 with JoAnn Edgar of De Sota, Texas. JoAnn is a teacher in Dallas and devotes her work. A robot assists her in giving lessons with objects, magic, and puppets. There will also be a time for music and PUPPETS. There will also be a time for music and refreshments.

Children of all ages are welcome to attend. Services will be from 6:30 until 8:30 Monday through Friday evening and Sunday morning at 9:30. There will be no service on Saturday evening.

WTU Oklaunion Power Station Cost Reduced \$127 Million

The estimated cost of West Texas Utilities Co.'s Oklaunion Power Station, now under construction in North Texas, has been reduced by \$127 million. The announcement was made Friday by Durwood

Chalker of Dallas, chairman and chief executive officer of Central and South West Corp., WTU's parent company, at a presentation before the Utility and Telecommunications Securities Club of

Chicago.

The reduced cost estimate results primarily from being able to negotiate better contracts in today's market with manufacturers and suppliers for practically all of the equipment needed for

Oklaunion, Chalker said. The cost had been estimated at \$525 million a year ago, but now is estimated at \$398 million. The Oklaunion Power Station will have a net generating capacity of 640 megawatts and will be the first power plant in WTU's system to burn coal as a boiler fuel. The plant is scheduled for completion in December 1986 and will be in full operation before the summer of 1987.

It will be owned jointly by WTU and two other CSW subsidiaries, Public Service Co. of Oklahoma and Central Power and Light Co. WTU will own 55 per cent of the plant and will be the operating partner.

WTCC Emphasises Water Importation

Fourth, the WTCC emphasised water importation. "If the state's population and economic growth is to be sustained, the answer to sufficient water resources will ultimately hinge on water importation," stated Reed. "It is necessary that all options be pursued to achieve this objective."

The fifth area discussed by the West Texas Chamber was Water Law and Regulation. Reed stated, "the WTCC recommended a study be undertaken immediately to objectively address needs for, and problems related to, creation of additional water districts. The WTCC is of the opinion that the services and control provided by water districts are basically good, and needed, but at the same time believes that careful and deliberate study should precede the legislative process prior to action to mandate their creation. Full consideration should be directed toward protecting the concept of local control."

Characteristics differ greatly between various regions of the state that affect optimum water

resource management. We believe that workable state law and regulations governing districts should provide the flexibility necessary to facilitate these differences."

The final area of concern expressed by the WTCC is the need of water resource education. According to chamber officials, "Water education should begin in the public schools at the earliest grade levels and

efforts should be increased to educate the general public."

Since its establishment in 1918, the West Texas Chamber of Commerce has been a leader in water resource development and conservation.

WATER BUG: Brian Lepard, son of Coach and Mrs. Dickie Lepard of Rotan, gets in some last minute swimming before the season is over. Kenneth Vann of City Hall reported that the Rotan Municipal Pool will open for the final time on Sunday, August 14th.

Robin Harris Participates In Citizenship Seminar

More than 400 high school juniors and seniors participated in the 21st annual Texas Farm Bureau Citizenship Seminar, July 18-22, on the campus of Angelo State University at San Angelo.

Attending the seminar from Fisher County was Robin Harris.

Purpose of the seminar is to give students a better understanding of the various forms of government and their responsibilities as citizens, according to Tom Catchings, TFB director of special activities and coordinator for the seminar. Students are sponsored through county Farm Bureaus.

TFB Executive Director Warren Newberry and Dr. L.D. Vincent, president of Angelo State, delivered welcoming addresses to the students. TFB President S.M. True Jr. presided at the program and, along with Newberry, responded to questions from students in the audience.

The students heard inspiring talks about patriotism from six individuals.

The speakers and their topics were:

Dr. Clifton Ganus, president, Harding University, Searcy, Ark., "Understanding and preserving Our American Heritage," "Moral Understanding of Freedom" and "Pyramid of Freedom"; Glenn Kimber, senior vice president, The Freeman Institute, Salt Lake City, Utah

Veterans Outreach Program Reaches Texas Veterans

Thousands of Texas veterans have learned first-hand about the Texas veterans Land Program and the proposed Veterans Housing Assistance Program this summer from representatives of Texas

Land Commissioner Garry Mauro's Veterans Outreach Program. Initiated when Commissioner Mauro took office, the Veterans Outreach Program's mission is to

establish contact with veterans groups and their representatives in every county in Texas and to acquaint Texas veterans with the benefits of the Veterans Land Program and the proposed Veterans

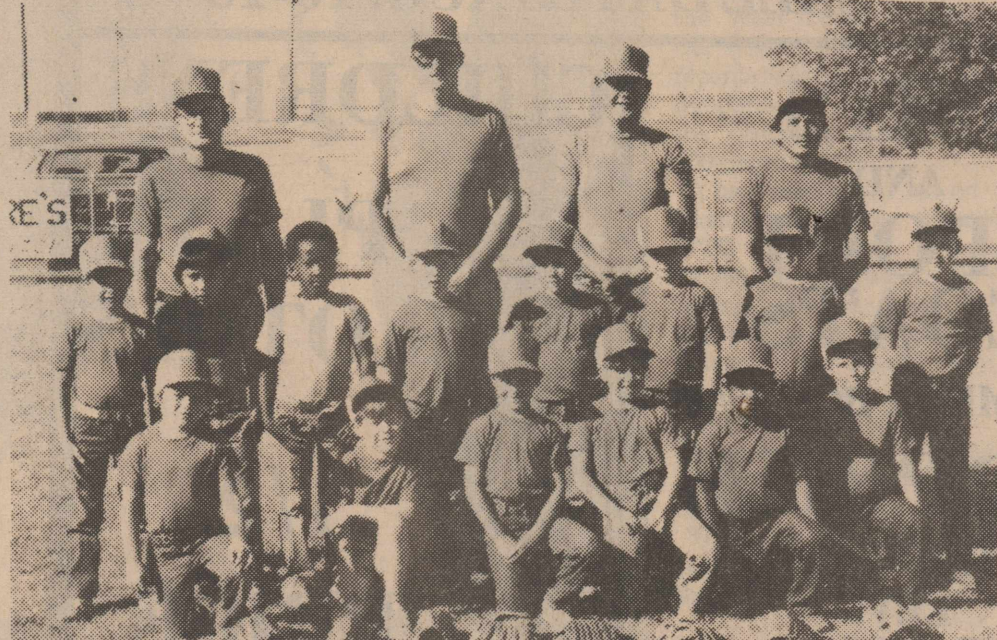

Housing Assistance Program and assist them with questions concerning the loan process. Since the inception of the veterans Land Program in 1949, over 80,000 veterans

have taken advantage of the program which will loan eligible Texas veterans \$20,000 at 8.5 percent over a 40-year term to purchase a minimum of ten acres of land.

Commissioner Mauro's proposed Veterans Housing Assistance Program will be offered for voter approval as a constitutional amendment on November 8. It will allow veterans to borrow up to \$20,000 for the purchase of a home. Existing lending institutions will join with the program in making loans to eligible veterans for home mortgages.

Veterans Outreach field representatives work directly with the county service officers and county committee members in all 254 counties. Each field representative has applications for the land program and can provide the latest information, explain policy changes and eligibility requirements, and assist veterans with completing the loan application.

Felix Arambula, Jr., Veterans Outreach Program director, said, "Please note that if you applied for a loan in the past but never actually purchased land through the Veterans Land Program, you are still eligible to reapply for the program." He reminded veterans that the Veterans Land Board can provide interested veterans with a list of realtors that have expressed interest in working with veterans through the Veterans Land Program. Realtors can also receive lists of veterans in their area who applied for the program. Both lists are available by county or zip code. "Commissioner Mauro's goal is to enable every eligible Texas veteran to fully participate in these programs," Arambula said.

Middle Row: Mark Marshall, Brian Carreon, Temple Daniels, Brian Dickson, Brandon Weaver, Wade Mize, Brian Lepard, Zachary Clark. Top Row: Dr. Jerry Marshall, Elwood Mize, Head Coach, David Clark, coach, Freddy Carreon. Not pictured: Anthony Weise, Michael Porter, and Heath Taylor.

Mize Reunion Held

Dub and Lenora Waldon hosted the second annual Mize Reunion in their new home in Roby on Sunday, July 31st.

H.F. and Claudie Jane Mize came to Fisher County from Comanche County in 1904, and farmed in the Rotan area until retiring.

In addition to Lenora, other surviving children of the couple attending the annual affair, with their spouses

included: Alton and Oleta Parker, Rotan; Lillian Martin, Rotan; Willie Rivera, Rotan; Dorothy and Jim Tolan, Dallas; Colonel and Wilda Mize, Brownwood; and Weldon (Doc) and Wynelle Mize, Slaton.

Grandchildren and great grandchildren of the couple who attended with their families included: Alta Hinson and Brooke Rexroat, Rotan; Byrle June and Eddie Martin,

Rotan; Robyn, J.P. and Candi Anderle, Rotan; Larry and Tina Roberts, Slaton; Marshall, Patsy, Misty, Matt, and Mark Waldon, Kerrville; Mrs. Lillian Messer, (guest), Weatherford; Buddy, Bonnie, Shelton and Joshua Waldon, Roby; Benny and Claudie Mize and sons, of Mexia; Rhonda and Steve Smallwood, Rotan; and a guest, Brent Finnin of Kerrville.

Clegg Award

Roby To Host

Homecoming

Sept. 23-24

The 1983 Roby Homecoming will be Friday and Saturday, Sept. 23 & 24. The Homecoming committee is asking for new address or addresses changes.

Anyone having addresses of Roby Exes not living local in Roby, please mail them to: Betty Joy Vaught Rt. 1, Roby, Texas, 79543 or call 776-2574.

More information will follow at a later date on the Homecoming activities.

Mrs. J.F. (Narcissia) Clegg was awarded a Distinguished Service Award Sunday morning, August 7, at the Church of the Nazarene. This is the highest honor which can be bestowed upon a member by the church. It was awarded for her long years of service as a Sunday School teacher,

her devotion to missions and faithfulness to all departments of the church. The pastor and heads of the church departments presented the award.

All of Mrs. Clegg's brothers and sisters, and most of her children and grandchildren present.
