All teacher posts filled for CISD start

Besides a lengthy budget workshop, personnel matters took up a large part of a called meeting of the Colorado ISD trustees Monday night.

Five positions were filled at Colorado High School as Julie Godfrey will teach Spanish, Cheryl Neeley will be the Alternative Education instructor, Nancy Stuart will teach Theater Arts and Speech, Herman McCoury will be the new Auto Mechanics instructor and Tracy Ellis will teach Horticulture on a part-time basis.

Peggy Westbrook was hired as the librarian at Kelley Elementary and Leslie Jones will teach fifth grade at Hutchinson.

The trustees also met with attorney Zollie Steakley in closed session for some 40 minutes and made one change to the coming school calendar. A bad weather day was changed from May 7 to May 6 and the CHS student handbook was also approved. Superintendent Don Nimmo briefed the board on a Texas Education Agency report regarding alleged discrimination in the school system. A committee including trustees Roxie Strain and Diane Garza will answer findings in the report by September 24 to the TEA.

The 1993-94 budget is expected to be approved by the board within three weeks, according to Nimmo.

County budget gets "OK"

Mitchell County's budget got tentative approval of the Commissioners Court Monday and it reflects only a slight increase in the tax rate. The rate will increase from .4392 to an even .4500.

The total budget is expected to be approved at \$3,440,507 - a drop from the 1993 budget of \$3,509,173.

Expenditures are projected to be \$3,025,882.

The taxable valuation dropped around \$10 million dollars in the county to \$449,039,099 from the 1993 total of some \$459 million.

The budget also reflects an average 2 percent pay raise for all present county employees.

Commissioners' salaries were not increased.

County Auditor George Griffith said some \$51,000 had been cut from the Road and Bridge Fund and some \$10,000 more had been cut in various request in budget workshops last week.

"We were lucky in that our health insurance did not increase as much as it has in some counties," said Mrs. Griffith. "It went up only slightly."

In other business Monday, the court approved the payroll for the period of July 17-30 and accepted a bid from the City of Loraine for a used dump truck from Precinct 4 for \$9,000.

Sims, Junell announce grant

State Senator Bill Sims and State Representative Robert Junell announce the awarding of \$28,662 to the Mitchell County Sheriff's Department to provide Drug Abuse Resistance Education in Mitchell County. The funding is part of more than \$78 million awarded last week by the Texas Commission on Alcohol and Drug Abuse to continue and enhance anti-drug and compulsive gambling services to Texans for the September 1, 1993 through August 31, 1994 fiscal year.

"Drug and alcohol abuse affects every single member of society in one way or another," said Sims, "and costs Americans an estimated \$300 billion a year. In Texas alone, substance abuse costs exceed \$13 billion a year."

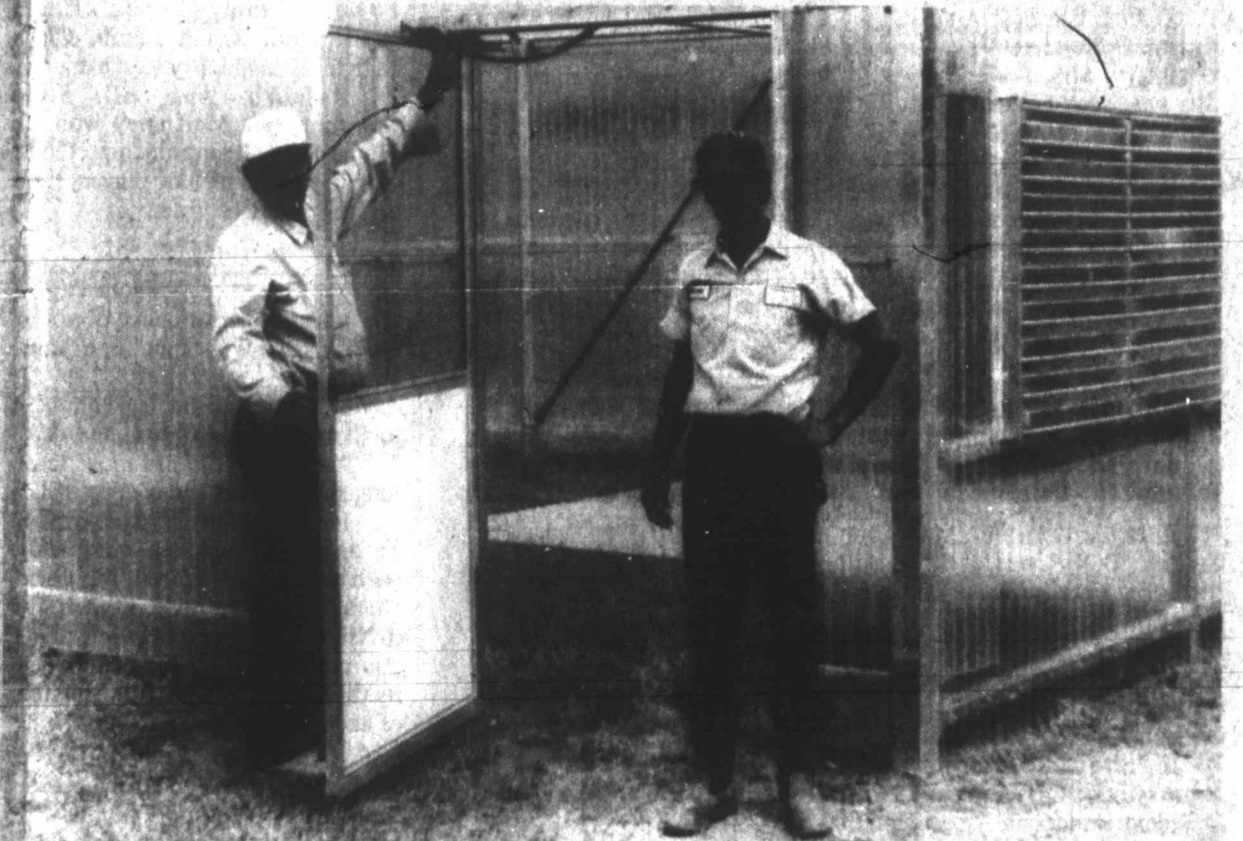

"Our best hope for ending the cycle of addiction rests with

prevention, intervention and treatment programs," added Junell. "We are fortunate that Texas has many excellent community-based programs that have been proven to work."

The Texas Commission on Alcohol and Drug Abuse is the single state agency mandated to plan, develop, implement and coordinate prevention, intervention and treatment programs for chemical dependency and compulsive gambling in Texas. The Commission utilized federal funds, made available through the Substance Abuse Prevention and Treatment Block Grant, and the Drug Free Schools and Communities Act. State General Revenue dollars are also used to fund more than 400 community-based chemical dependency programs throughout the state.

SENATOR SIMS DISCUSSES ISSUES: Senator Bill Sims visited the Colorado City Kiwanis Club last week and reported on the last legislative session. Here he visits with a Kiwanis member from Big Spring. He and Representative Rob Junell announced this week that Mitchell County would receive \$28,662 for the D.A.R.E. Program.

ALMOST FINISHED WITH GREENHOUSE: Colorado ISD employees Renee Garcia and Clarence Freeman put the finishing touches on the greenhouse at Colorado Middle School. Registration at the Middle School is set for August 13.

Lady airs "dirty laundry" Ruddick crossing now open but "wash water" causes problems

The low water crossing at Ruddick Park is back in use as repairs were made by city crews last Friday and Saturday.

Some 13 yards of concrete were poured into portions of the crossing that had been washed out due to heavy rains earlier in the summer. The city had applied for emergency funding from the state to repair it but had been turned down since an "emergency status" could not be justified according to officials from Austin.

Estimates to fix or replace the crossing had been estimated at anywhere from \$80,000 to \$200,000.

Delays in repairing the crossing had drawn the ire of councilman Gary Redwine at the last called meeting of the City Council.

"That is typically the way we operate," said Redwine. "We just ignore something and hope someone else comes up with the money to fix it. This is our baby...our town. We need to fix things ourselves instead of waiting on some other people's money."

Redwine said he inspected the crossing when the cracks were first noticed and thought something should have been done immediately to stop it from getting any worse.

"It was just a small crack when it started but we did nothing to divert the water flow around it," said the councilman. "What started out as a small wash-out turned into a big one. I feel we could have used sandbags to change the flow of water over the area that was not washed out but we did nothing."

Redwine was not the only person in town who was unhappy with city hall this week.

Leora Spann, 1617 Locust, made a special trip to City Hall, the Police Department and the Record office airing her "dirty laundry".

Spann had a laundry basket full of white items including a nursing uniform that was badly stained from water she said was "full of rust" as

a result of the city flushing the fire hydrants in that area of town.

"I've learned to fill the washing machine with water and check it before putting clothes in," said Mrs. Spann. "But they got me on the rinse cycle this time. These clothes are just ruined."

"I know they have to rinse out those fire hydrants but why don't

they give us some warning before they do it," she asked. "They should be able to let us know what areas of town they are going to do so we won't wash."

Mrs. Spann said she'll be at the next city council meeting with her laundry basket full and a bill for a new nursing uniform.

Home buyer program ready

Six homes are currently ready for purchase by first time home buyers in Colorado City thanks to the work of the People for Progress (PPI) in conjunction with the Texas Department of Housing and Community Affairs. This was made possible by PPI receiving a Hope 3-Homeownership of Single Family Homes grant from the Department of Housing and Urban Development (HUD).

First time home buyers are defined as persons who have never owned a home, persons who have not owned a home in the past three years and divorced parents who do not own a home. The HOPE 3 program follows the HUD income eligibility guidelines for low-income people.

PPI will assist eligible home buyers with one-half of the down payment, all of the closing costs and home buyer counseling and training. All buyers are required to maintain HUD housing quality standards and occupy the home as their principal residence for a period of fifteen years or until they sell their home - whichever comes first. The homeowner may sell their home at any time.

All these homes in Colorado City have been rehabilitated to meet HUD specifications and financing is available for eligible persons through conventional lending institutions. Each application must undergo strict eligibility certification, be reviewed by the Affordable Housing Program Committee and be approved for the loan through the financial institutions.

Interested persons from Mitchell County may get additional information at the New Discoveries Day Care Center at 1010 N. 10th or call 728-2372 or 1-800-592-7433.

Representatives of the program will be at the Day Care Center on Friday, August 6 from 9 a.m. until 3 p.m. Information that will be

needed for application includes the Social Security number of all persons living at home, income verifications of all family members at home over the age of 18 and any other income including assets, public assistance and social security benefits.

1993 PROPERTY TAX RATES IN MITCHELL COUNTY HOSPITAL DISTRICT

THIS NOTICE CONCERNS 1993 PROPERTY TAX RATES FOR MITCHELL COUNTY HOSPITAL DISTRICT. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Last year's tax rate:	
Last year's operating taxes	\$1,531,249.6252
Last year's debt taxes	\$0.0000
Last year's total taxes	\$1,531,249.6252
Last year's tax base	\$469,708,474.0000
Last year's total tax rate	\$0.3260/100

This year's effective tax rate:	
Last year's adjusted taxes	\$1,531,249.6252
This year's adjusted tax base	\$457,250,970.0000
This year's effective tax rate	\$0.3349/100
1.03-maximum rate unless unit publish notices and hold hearing	\$0.3449

This year's rollback tax rate:	
Last year's adjusted operating taxes	\$1,531,249.6252
This year's adjusted tax base	\$457,250,970.0000
This year's effective operating rate	\$0.3349/100
1.08-this year's maximum operating rate	\$0.3617/100
This year's debt rate	\$0.0000/100
This year's rollback rate	\$0.3617/100

Cities that collect additional sales tax:	
Sales tax adjustment rate	\$0.0000/100
Rollback tax rate	\$0.3617/100

SCHEDULE A: UNENCUMBERED FUND BALANCES

The following balances will probably be left in the unit's property-tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balances
Hospital General	\$65,250.0000

SCHEDULE B: 1993 DEBT SERVICE

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
NONE				
Total required for 1993 debt service				
Amount (if any) paid from funds listed in Schedule A				\$0.0000
Total Debt Service Levy				\$0.0000

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at The Mitchell County Hospital Business Office, 1543 Chestnut, Colorado City, TX.

CONVERSATION CORNER

...BY BARBIE LELEK

I tried to call the Pizza Hut the other day, using the '91-'92 phone book and got the wrong number. I wonder how many times a day that poor woman has had to refer "pizza wanting" people to directory assistance. As I was calling information, as usual with my pea brain, I forgot who I was calling, (just in that 10 seconds!). When the man answered I said "Is this the Pizza Hut?" He sounded puzzled. "No, this is information!" HOW EMBARRASSING!! I finally got the Pizza Hut though and boy was it goooooo!! By the way the new number is 728-5282.

I heard Raul Rivera has discovered a new source of protein-rich ants! What he was really doing was trying to give the Colorado City girls' all-star softball team an incentive to play hard and win at the tournament held recently in San Angelo. He told them if they won a particular game, he would eat a red ant! Well they won! It was speculated if he really did eat it or if by sleight of hand he fooled them. Anyway they thought it was pretty cool! One young C-City by-stander thought it was so great that he tried it too, only to be stung on the finger in the process. And then he really DID eat it!!

If you happen to be in the vicinity of Chestnut, take the time to go by 1315 Chestnut. Bass and Honstas Hines has a beautiful garden of zenias. It's worth a look!

The 22nd Street Church of Christ held their vacation Bible School last week. It was different from others as it was held at night. It was also different because they had an adult class. Visiting speakers taught the adult lesson each evening. The theme for the children's classes was "Christ is the King". They enjoyed the Bible teaching and hand crafts that went

along with them. They also enjoyed singing, Bible drills and refreshments. High attendance one evening was 160. 90 year old Jess Pharis especially enjoyed BVS saying it was the first one he attended. Mr. Pharis received a perfect attendance certificate on the last evening!

The Colorado City Rotary Club hosted a supper at the Sportsman's Club last week in honor of a visit from their District Governor, Don and Rita Williams of Odessa are traveling throughout his district visiting approximately 70 clubs in 4 months. C-City was their 17th stop. Other special guests included Soraia Prieth, a Rotary supported Foreign exchange student from Germany, and her parents Luiz Carols and Dilceni Prieth.

CHIEF LONE WOLF

BY JIM BAUM

He didn't want to be mayor. He didn't ask to be mayor and he didn't know why anyone wanted him to run for mayor.

The year was 1948 and 36-year-old Newby Pratt was being asked by friends to serve his city in a most unusual way: run for mayor, then after being elected, resign. Actually, it was a little more involved than that. A charter election was coming up, and if voters approved, Colorado City's form of municipal government would change from mayor to city manager.

NEWBY PRATT, circa 1948
The Reluctant Mayor

A group of Jaycees, led by Eldon Mahon, Harold Bennett and Willie Landau, called on Pratt and asked him to run in the mayoral election. They only asked one thing: resign if the charter election was approved by voters.

"They wanted to put me in there because they knew I would resign," Pratt explained. In other words, the powers-to-be didn't want to take a chance on an opponent of the city manager form of government being named mayor.

After thinking about the proposal for a day or two, "I told them I would be willing to do whatever I could to help out," Pratt, now 81 years old, told us.

The mayoral opening had developed when Mayor Peter Martin resigned due to ill health. The election to name his replacement for the unexpired term was set for October 11, 1948. (The charter election would be held at a later date). Meanwhile, the Jaycees went to work for Pratt, whose only serious opponent turned out to be J.A. Sadler, former longtime mayor of the town. The vote was a write-in proposition for anyone who wanted to run.

"They (Jaycees) were the ones who took the bull by the horns," Pratt recalls. "It took a lot of campaigning and a lot of work to put me in there."

Fact of the matter was, if Pratt were going to be elected, someone was going to have to hustle votes for him.

"I didn't do any politicking myself," Pratt says. "I didn't ask anybody for one vote. And I didn't want to hurt Mr. Sadler's feelings because he was a good friend of mine."

Pratt moved to Mitchell County in 1936 upon being graduated from McMurry College in Abilene. He settled in Lorraine and when his Bulldog football team defeated Colorado City in his first year at the helm, he was hired to coach the Wolves and was given a \$500 per year raise.

"That was when \$500 was a lot of money," Pratt says looking the interviewer straight in the eye.

By 1948 Pratt had served a stint as principal at Colorado High, served four years in Uncle Sam's Navy (1942-1946) and later managed the Crystal-Plymouth automobile dealership here.

But, back to the big election. Jaycees continued beating the drums for their candidate and the reluctant Pratt let them do all the work. When election day rolled around, it was obvious the Jaycees had done their homework. The outcome was a smashing victory for Pratt. He defeated Sadler 229-68.

Thus began a 92 day reign as mayor for the man who didn't really want the job. His term of office is thought to have been the shortest tenure of any Colorado City mayor.

"I just presided at the meetings," remembers Pratt. "The council made the decisions." The mayor voted only in case of a tie and Pratt says there never were any. Hence, he served his brief term without ever casting a vote!

The only real problem the former mayor remembers while in office, was a woman who called to complain about her neighbors.

"She was really getting on me because the neighbors had dressed a bunch of chickens and they had thrown the entrails in a garbage can right next to her back yard and the odor was terrible. She wanted something done about it."

"And it was just as bad as she said it was. We took care of it," Newby said smiling.

Otherwise, Pratt's term as mayor passed uneventfully, until the charter election was held. The outcome was a foregone conclusion. 449 persons voted for the change with only 133 opposed. Pratt dutifully resigned his office on January 10, 1948. The city council, which elected the mayor under terms of the new charter, selected J.C. Pritchett to succeed Pratt.

Pratt says he never had any desire to run for office again. In almost half a century since his time as mayor, he has served his community in any number of ways.

But he'll always be remembered as the reluctant mayor!

Caution urged to avoid bee and wasp stings

Now that warmer weather is here, many people are enjoying more outdoor activities where they may encounter bees and wasps.

"Many people are afraid of these buzzing insects, but knowing how to prevent stings and what to do if you are stung can ease such fears," said Robert J. Mamlok, M.D., allergist. It is important to understand why bees and wasps sting. Insects sting to protect themselves and their homes. They also may be more prone to sting during unstable weather because they become irritable. Wasps also sting when they hunt and are more aggressive than bees.

Preventing a sting.

It is important to know how to prevent a sting from a bee or a wasp. Follow these precautions to avoid an attack:

*Avoid bright-colored clothing and "nubby knit" fabrics.

*Do not use perfumes, especially floral scents.

*Do not walk barefoot outside, and always watch where you are walking.

*Move slowly if you encounter a nest.

*Wait until you are ready to eat to unpack your picnic and repack quickly.

What to do if stung:

If you are stung by a bee or a wasp, it is important to remove the stinger quickly. Do not pinch it with fingers or tweezers because this could inject more venom into the body. Instead, flick the stinger out with your finger or gently scrape it off with a knife blade. You should then apply ice to the stung area to absorb the venom and to reduce itching and swelling, and you need to wash the area with soap and water. If you experience an unusual amount of itching and swelling, you should see a physician promptly. If other symptoms, such as hives, nausea, cramps, diarrhea, breathing problems or low blood pressure

occur, you should seek emergency medical care as soon as possible.

"The best defense against a sting is avoidance," said Mamlok. If people are allergic to stinging insects, an allergy kit containing prescribed medication, sterilized swabs, antihistamine tablets, a tourniquet and clear, simple instructions on how to use the kit should be carried at all times. It is also important to be aware that some medications increase your health risks if you are stung. Check with your physician about any such hazards. According to Mamlok, venom-allergic patients who have potentially life-threatening reactions to stings may require allergy shots to avoid future problems.

1993 PROPERTY TAX RATES IN MITCHELL COUNTY

THIS NOTICE CONCERNS 1993 PROPERTY TAX RATES FOR MITCHELL COUNTY. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

	General Fund	Farm to Market Road Fund
Last year's tax rate:		
Last year's operating taxes	\$1,495,082.2163	\$463,641.9277
Last year's debt taxes	\$0.0000	\$0.0000
Last year's total taxes	\$1,495,082.2163	\$463,641.9277
Last year's tax base	\$460,592,180.0000	\$445,784,460.0000
Last year's total tax rate	\$0.3246/100	\$0.1016/100
This year's effective tax rate:		
Last year's adjusted taxes	\$1,495,082.2163	\$463,641.9277
This year's adjusted tax base	\$446,728,460.0000	\$443,473,830.0000
This year's effective tax rate for each fund	\$0.3347/100	\$0.1045/100
Total effective tax rate	\$0.4392/100	
1.03-maximum rate unless unit publish notices and hold hearing	\$0.4523	

This year's rollback tax rate:		
Last year's adjusted operating taxes	\$1,495,082.2163	\$462,784.6100
This year's adjusted tax base	\$446,728,460.0000	\$443,473,830.0000
This year's effective operating rate	\$0.3619/100	\$0.1130/100
1.08-this year's maximum operating rate	\$0.3909/100	\$0.1220/100
This year's debt rate	\$0.0000/100	\$0.0000/100
This year's rollback rate for each fund	\$0.3909/100	\$0.1220/100
This year's rollback rate	\$1.5129	

Counties that collect additional sales tax:		
Sales tax adjustment rate	\$0.0365/100	
Rollback tax rate	\$0.4764/100	

SCHEDULE A: UNENCUMBERED FUND BALANCES

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balances
County General	\$168,916.0000
County Road & Bridge	\$2,949,171.0000

SCHEDULE B: 1993 DEBT SERVICE

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
Total required for 1993 debt service				
Amount (if any) paid from funds listed in Schedule A				\$0.0000
Excess collections last year				
Total to be paid from taxes in 1993				
Amount added in-anticipation that the unit will collect only 100% of its taxes in 1993				
Total Debt Service Levy		\$0.0000		\$0.0000

SCHEDULE C: EXPECTED REVENUE FROM ADDITIONAL SALES TAX

(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive \$..... \$159,464.3800 in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the full calculations at the County Judge's Office, Mitchell County Court House, Colorado City, TX.

Fiesta Texas hosts festival

Popular Tejano artists, mariachis and Ballet Folklorico will take center stage as Fiesta Texas celebrates South Texas' Hispanic heritage during Festival Hispano from August 13-15. The three-day festival will feature authentic Mexican music, dancing, costumes and pinata-breaking contests in Los Festivales, the park's brightly decorated Mexican village.

San Antonio is the headquarters for Tejano music, which is fast becoming a favorite all over the world. Fiesta Texas has introduced the "Jalapeno Sound" to tourists through shows by two top-notch Tejano performers, who give daily concerts in Teatro Fiesta, Los Festivales' 600-seat amphitheater. More than 2 million folks visited the park last year, and many of them got a taste of Tejano for the very first time at Teatro Fiesta.

Los Festivales also features the indoor Zaragoza Theater, which has a capacity of 2,000, where the "Festival Folklorico" and "Heart of Texas" shows are performed.

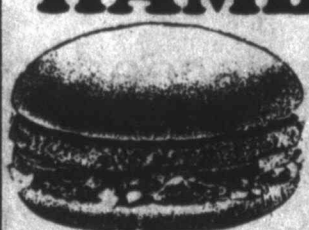

Fiesta Texas has three other themed areas - Rockville, a 1950s rock 'n' roll area, Crackaxle Canyon, a Western area and Spassburg, a German village. Entertainment in each area focuses on its theme.

Can Your Child See Well Enough To Learn??

When your children enter school this fall, about 80% of what they learn will come through sight. Yet 4 out of 10 children have vision problems that can inhibit school achievement. Most vision problems cannot be detected by the familiar eye chart test for 20/20 vision. Help make your child's future crystal clear.

DOES YOUR CHILD...

- * Avoid close work? * Hold reading material too close? * Show excessive head movement while reading? * Lose his place while reading? * Rub eyes frequently? * Make reversals while reading? * Often have headaches? * Uses a finger to maintain his place while reading?

If so, we recommend having your child's vision tested.

LORRAINE PERSONALS

By: Lois Phillips

Rilla Thompson Gage was buried last week after several years of illness. She was the daughter of the late Mr. and Mrs. Charlie and Ann Thompson of Loraine and she lived here all her growing up years. She was an aunt of Annie Bell Jones; and the last of the older Thompson family. Annie Bell we are sorry. Also Dalton Gage is married to the former Kitty Taylor. Rilla graduated from L.H.S. in 1927. She was a telephone operator before she moved to Sweetwater. Jerry Gage is the other son and Clifton Gage was her husband.

Services for Margie Fortenberry were at 10 a.m. at Oak Street Baptist Church, burial in the

Colorado City Cemetery, directed by Kiker - Seale. She was the mother of our own Dot Oliver. We extend our condolences to Wayne and Dot and their families at their time of grief. May God Bless each of you.

Homecoming is almost at hand as it is September 11, 1993 which is on Saturday. The meeting will be most of Saturday and continue with the ballgame on Saturday night. Yes Keith Hackfield you have to come as it is your birthday at 7:30 p.m.

Grandpa Antonio Marino has had a heart attack and is in the hospital in at Hendrick Medical Center in Abilene. I do not have a late report on him, just hope he is better. He has been our good friend for years.

Inez Webb is home from the hospital and doing well. She is not on her broken leg yet but given a little time she will get there. Welcome home friend.

Chris and Pam Siebbenhausen and son James of Greenville came to visit her grandmother Elba Evans and Aunt and uncle Jackie and Patsy Walker the first of last week.

Ray and Peggy Harmon also of Greenville came on Thursday. Mike Walker and some of his family of Dallas were here, they are Mike and Zack, Amanda and Jason. They visited Mike's parents, Jackie and Patsy Walker. On Sunday the other son and family Greg, Robin and twins sons of Big Spring came to visit.

We listened to young brother Joel Slack while our pastor was preaching at Champion in a revival. I understand Bro. Joel is our Pastor's brother-in-law and has just been ordained to the ministry. He did a good job and Danny you did well with the choir.

School will start for some people on September 13 and students will be there on August 17 so be ready, all spick and span and ready to go. I hope everyone gets off on the right foot for football practice, then the books come a little later, but you must do the books or you can't do football. I know you all know that, just

wanted to prod you a little. We are looking forward to the season and winning lots of games. We even want to be district repeaters and with the talent we have there can't be much of a doubt September 11 is our homecoming game so lets be ready for it.

Peggy and Maylon Beaty visited in Loraine Sunday with Elba Evans, the Walkers and Earl and Lois.

Just visited with Ann Browning on the phone. She has been gone for two weeks or more visiting two of her daughters and families. They are Bud and Annette Cooper of Savoy and Bob and Della Vickers of Garland, Texas. She is recovering from eye surgery at this time and has picked up another problem in the meantime. Hope she soon feels well from both problems.

The Beights family had a reunion at Royce and Neysa's last weekend. I will try to get a report for you later.

We would like to say "Welcome to Loraine" to our new teachers and employees and hope you have a successful year with our school. We also welcome you to any of our churches. I know that either one will welcome you wholeheartedly.

Looks like we might get a shower today, hope it can be a good one. I think everyone will welcome it. You know it sure is dry.

I was told yesterday that our new prison was going up by leaps and bounds. Maybe before long there will be a profit show for our county.

Well kids I hate to tell you this but its time to put away our swim suits, balls, bats, also gloves and get out the pencils, crayons, scissors, rulers, ink pens and whatever, because we are changing jobs. Sorry, summer has come and gone so now it's school. Study hard and don't get behind. Its hard to catch up. See you next week.

PUBLIC NOTICE

On August 3, 1993, Texas Utilities Electric Company ("TU Electric"), in accordance with Substantive Rule 23.23 (b) of the Public Utility Commission of Texas ("Commission"), filed a Petition with the Commission seeking authority to assess a surcharge on its customers' electric service bills to recover an undercollected balance of fuel cost revenues existing as of June 30, 1993, in the amount of \$144,515,081, inclusive of interest through December 1993 (which assumes the surcharge to be implemented in January 1994, with additional interest being applied if the surcharge is extended past January 1994). All of TU Electric's customers and classes of customers whose electric service rates include charges for fuel costs pursuant to TU Electric's tariffed Rider FC, titled "Fuel Cost Factor", and all territories served by TU Electric are affected by the Petition. These changes will be subject to final review by the Commission in TU Electric's next reconciliation proceeding at the Commission. Persons who wish to intervene in the proceeding or comment upon the action sought should contact the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Austin, Texas 78757, or call the Commission's Public Information Office at (512) 458-0256 or (512) 458-0221 (telecommunications device for the deaf).

CARD OF THANKS

CARD OF THANKS...

We are so fortunate to be the recipients of your love, understanding and kindness. Thank you so very much for the flowers, phone calls, and the visits to San Angelo to see about Wayman. Thanks to Dr. Roach and the emergency room staff for the quick care that he received here at our wonderful hospital. We are so appreciative of our "home town" hospital. You have only to be a patient at another hospital to appreciate our "Mitchell County Hospital" and the staff here. We are at a loss for words, just to say "Thank You" seems so inadequate.

Jerry and Wayman Love

OUTDOORS

BY RANDY BULLARD

The Texas Parks and Wildlife Commission have adopted the new hunting season dates, means, methods and limits for 1993-1994. They have also made some significant changes concerning water safety regulations. The upcoming dates are as follows:

Mourning dove: North Zone; 70 consecutive days beginning September 1, (Sept. 1-Nov. 9) 12 dove per day. Central Zone; 61 consecutive days beginning Sept. 1 and 9 consecutive days beginning on December 26. (Sept. 1-Oct. 31; Dec. 26-Jan. 3)

Teal Ducks: (blue-winged, green-winged and cinnamon (Sept. 11-19 with a daily bag limit of 4. Shooting hours are the same as dove, one half hour before sunrise to sunset.

Whitetail Deer: Archery; Oct. 1-31: A \$7 archery stamp is required. Gun; Nov. 6-Jan. 2. Mitchell County still has a 4 deer limit (no more than 2 bucks) and no antlerless permit required. There is a new law concerning deer and turkey tags. The months and date of kill must be CUT OUT. Another law change that is very surprising to me concerns the bag limit in some south Texas counties. Hunters will be able to harvest 5 whitetail deer including 3 bucks.

Ducks: High Plains Mallard management Unit dates are Nov. 20-Jan. 9. The daily bag limit is 3 mallards (only one may be female), 2 wood ducks, 1 mottled duck, 1 pintail, 1 redhead and 1 canvasback.

Sandhill Crane: Zone 1; Nov. 13-Feb. 13 with a daily bag limit of 3. Same as last year.

Quail: Oct. 30-Feb. 27 with a daily bag limit of 15.

The Parks and Wildlife Commission has also authorized management hunts for deer in 14 State Parks. Atlanta, Choke Canyon-North Shore, Colorado Bend, Devil's Sinkhole, Enchanted Rock, Guadalupe River, Honey Creek, Huntsville, Kickapoo Caverns, Lost Maples, Matagorda Island, Perdarnales Falls, Possum Kingdom and Seminole Canyon. Other management hunts are proposed for Big Bend Ranch (exotics) Caprock Canyons (aoudad sheep) and Devil's River (exotics). For dates on these drawn hunts, hunters should contact me or any Parks and Wildlife office. There will be about 1400 drawn hunt positions and possibly as many as 15,000 applicants. Some parks will offer a muzzleloader only hunt and a 10.00 muzzleloader stamp is required.

There are only a few changes concerning fishing in Texas. The flathead catfish minimum length of 24 inches will go into effect Sept. 1 and juglines (5 or less hooks) are now required to be tagged (like the trotline) and marked with a white free-floating device. All persons under the age of 17 are now exempt from needing a fishing license, regardless of what state they are from. (The old law only exempted residents of Texas, Louisiana, Oklahoma and Kansas).

Any member of the U.S. Armed Forces (and his family) are now eligible to purchase a resident Texas hunting or fishing license regardless of where they are stationed. Also, all new fishing licenses bought in August for the upcoming year will immediately become valid upon purchase.

The Commission has also changed the rules on water skiing times. A person may water ski or pull a skier between the hours of 1/2 hour before sunrise to 1/2 hour after sunset. Previous law allowed water skiing 1 hour before sunrise 1 hour after sunset.

There are also some changes on personal watercraft (jet skis). These craft cannot be operated between sunset and sunrise and must now be equipped with a fire extinguisher, flame arrestors, horn, etc. Personal water craft must be designed to carry a minimum of 2 persons on board before you can pull or tow water skis or similar devices.

House bill 1970 requires all sailboats (14 feet and longer) to be registered and titling of all outboard motors, motorboats and sailboats 14 feet and over in length.

For more detailed information on hunting, fishing and water recreation rules and regulations, all persons should review the guides and pamphlets available where licenses are sold.

TxDOT plans opportunity seminar

If you are a minority or woman, own a small business and are interested in working with or selling to the Texas Department of Transportation (TxDOT), there is an important meeting you should attend. TxDOT will be in the Abilene area to recruit women and minority businesses for its disadvantaged business enterprise program on August 4. There will be representatives from the different TxDOT divisions, the area TxDOT districts and the TxDOT DBE Supportive Services Program to discuss business opportunities and help with certification.

The meeting will be held at the Abilene Civic Center, 1100 N. 6th Street. The meeting will be held from 4 to 7 p.m. For more information about the program contact the DBE Supportive Services Program at 800-962-3413.

Colorado City
Record

Unit 2 in operation

Unit 2 of the Comanche Peak nuclear power plant was placed in commercial operation on August 3, having met all requirements of the Public Utility Commission of Texas and the Nuclear Regulatory Commission.

"We are pleased that Unit 2, along with Comanche Peak Unit 1, is available to help meet this summer's record-breaking demand for electricity by TU Electric customers," said TU Electric Chairman Erle Nye. Combined, the two units have 2,300,000 kilowatts of generating capacity, enough to serve a city 80 percent the size of Dallas.

Nye also noted that the nuclear fuel used by Comanche Peak is the least expensive available to generate electricity, costing about one-fifth the price of natural gas. This low-cost nuclear fuel will help stabilize long-term costs to TU Electric's customers, while helping assure future reliability of electric service.

On July 8, TU Electric notified the PUC that it would implement a 15.3 percent increase in revenues, under bond and subject to refund in accordance with state law, when Unit 2 achieved commercial operation.

The increase, which was effective August 3, will mean an additional \$11 per month on the average residential bill.

Nye noted that, even after the increase, the company's rates will remain below the average of the nation's 25 largest cities. "We intend to maintain our competitive rates, which traditionally have compared very favorably with other utilities in the nation," he said.

TU Electric filed an application with the Public Utility Commission requesting the 15.3 percent revenue increase on January 22. The PUC is expected to make a final decision on the request around the end of this year.

The Public Utility Regulatory Act authorizes a utility to place proposed rates into effect under bond if the PUC does not make a final decision in the case within 185 days of the filing. TU Electric was authorized to implement new rates under bond in this case on or after July 27. The bond assures a refund, with interest, to customers if the PUC later approves an amount lower than the company requested.

TU Electric also announced today that it is filing a petition with the Public Utility Commission asking authorization to delay recovery of about \$144.5 million in undercollected fuel costs so as to minimize the impact on customers. The undercollection was caused primarily by increases in the cost of natural gas by as much as 32 percent over the last 12 months.

Under TU Electric's proposal, the additional fuel costs would be recovered through a surcharge on customers' bills for a period not to exceed six months and would begin when rates are implemented as a result of the PUC's final order in TU Electric's current rate case. Because the surcharge might possibly be offset in the event of a refund that might result from the final order in the company's rate case, the effect on customers' bills cannot be determined at this time.

Cook's CORNER

This week in cook's corner, you will meet Juanita Lindsey. Juanita is one of my neighbors I don't get to see very often. She is a Mitchell County native, being born in Loraine and raised in Westbrook. She married Buddy Lindsey January 5, 1968. They lived happily together for 21 years before he passed away in 1988.

She has three children by a previous marriage, Joe David Amezcua of Midland, Vickie Mayfield of Stephenville and Gloria Amezcua of Houston. Her grandkids include Maryann Amezcua 23, Deborah Jean Amezcua 20, Anthony Cuhn 26, Renee Lynn 20 and Christopher Baum 9.

Juanita enjoys going to Midland every week to visit her son. She also likes to sew and crochet. She attends St. Ann's Catholic Church.

She has worked at the State Park for eight years. You'll see her smiling face as you give her your money to enter!

Like most women Juanita learned how to cook from her mom as she was growing up. She says she has never mastered bread or rolls.

Juanita's helpful hint: When making fried chicken, she soaks her chicken pieces in buttermilk and flour them with flour, salt and pepper. To make it crispy she uses an iron skillet and covers it with a lid.

Porcupine Meatballs

1 lb. ground beef
1/4 cup long grain rice (uncooked)
1 slightly beaten egg
1 tablespoon snipped parsley
2 tablespoons finely chopped onion
1/2 tsp. salt, dash black pepper

1 10 3/4 oz. can condensed tomato soup
1/2 c. water
1 tsp. Worcestershire Sauce
Combine meat, rice, egg, parsley, onion, salt, black pepper and 1/4 cup tomato soup. Mix thoroughly, shape into 20 small balls and place in skillet. Mix remaining soup and water and

Worcestershire sauce. Pour over meat balls, bring to boil; reduce heat; cover and simmer stirring often.

Coconut Cake

1 (18.5 oz.) package white cake mix without pudding
1 (3 1/2 oz.) can flaked coconut, divided
1 1/2 c. water
2 egg whites
1 (9 oz.) can cream of coconut
1 (8 oz.) container frozen whipped topping, thawed

Combine cake mix, 1 c. coconut, water and egg whites; beat 2 minutes at high speed of an electric mixer. Reduce speed to low; beat 1 minute. Pour batter into a greased and floured 13x9x2 inch pan. Bake at 350 degrees for 25 to 30 minutes or until a wooden pick inserted in center comes out clean. Cool in pan 10 minutes.

Punch holes in top of cake with a wooden pick. Pour cream of coconut over cake while still warm. Let cake cool completely in pan on a wire rack. Spread whipped topping over cake, sprinkle with remaining coconut, cover and chill at least 4 hours. Cut into squares to serve. Yields 15 servings.

Payne-Seven Wells to hold reunion

Plans are being completed for the third annual Payne-Seven Wells Reunion in Colorado City.

Gathering for the two Mitchell County communities will be August 7 in the C.C. Thompson Room of The City National Bank.

Visiting and registration will get underway at 9:30 a.m. and continue through the afternoon. A brief memorial service and business session will begin at 11 a.m.

No plans will be made for the noon meal but refreshments will be served throughout the day.

All residents, former residents and friends of the Payne-Seven Wells area are invited to attend said Fred Smith, reunion president.
