COLORADO CITY RECORD, THURSDAY, SEPTEMBER 30, 1971

10 CENTS (Plus Tax) PER COPY -- \$5.50 (Includes Tax) YEARLY IN COUNTY

2nd Quarter Sales Up City Sales Tax Above '68-70 Periods

Dollar volume of Colorado City retail sales for April, May and June was the highest second quarter since the city's sales tax became effective 4 years ago.

The record level of second quarter sales is reflected in the city's gross sales tax income of which amounted to \$15,169, 79 cash income after deduction of the state's 2 per cent collection fee and other with-

holdings -- this week at City Hall.

It was almost \$2,000 more than the \$13,408.43 the city received for April, May and June of 1970. And it was \$4,000 more than the same period for 1968--the first year of the city's sales tax.

The sales tax, of course, is not collected on all goods sold.

Foods and medical supplies, for instance, are exempt from the tax.

Sadler pointed out that Colorado City sales--based on the measuring stick of the 1 per cent sales tax--has climbed to new high each year since 1968, compared with the previous year's quarter.

However, the April, May and June quarter was down from the

opening three months of 1971 as well as the final 3 months of 1970 which included the Christmas shopping season.

The first quarter of 1971 had set an all-time record with a gross city tax collection of \$16,551.75 and the new check missed that peak by slightly more than \$1,000--or about \$100, 000 in volume sales.

This year's second quarter,

though, was almost on with the previous all-time high recorded for the October-November-December quarter of 1970. This previous record was \$15,361.26 --only \$191.47 more than the new check.

City sales tax collections have been on a record-setting climb for the last two years. And in 1970 each new quarter surpassed every previous quarter by as much as one thousand to three thousand dollars.

This all-time record setting continued, surprisingly so, through the first quarter of this year. Now, the second quarter has interrupted this record trend, but it still reflects heavy gains for second quarter over all other April-May-June periods since the tax has been collected.

Running For Daylight And Six Points

Loraine Bulldogs fullback Robert Darnell scored two touchdowns Friday night against the Colorado City Junior Varsity, one of which came in the third quarter on a seven-yard run. The above picture was made as Darnell turned the corner on that seven-yard run. Loraine won 35-14.

Auto Wrecks Hurt 5

Father In Accident Rushing To Son

Five persons were injured in automobile wrecks inside and outside of Colorado City during the weekend.

A father hurrying to the hospital to his injured son was in another wreck while the driver in a fourth accident escaped unhurt as his small car overturned.

Treated at Root Memorial Hospital were Jimmy Mendoza,

19, 819 Pine, and Jesse Espinoza, 15, 244 West 7th, both hurt in a two-car accident at 2:15 a.m. Sunday.

Both were passengers in a 1951 Ford which careened across West Point, near intersection of Dallas, and overturned. The car was being driven by Jimmy Mendoza, and it was in collision with a 1966 Ford driven by Charlie Aguina Molina, Colorado City.

Donnie Ray Upshaw, 18, was driver of a 1955 Chevrolet which overturned on FM Highway 2836 (west side of Lake Colorado City) Saturday at 5:40 p.m. injuring Upshaw and 2 passengers--Culp Culp, 17, and Judy Hogue, 16, Westbrook.

State highway patrolmen said the car was traveling south when it went out of control and overturned on the east side of the road, landing on its top.

Upshaw said to patrolmen another car "ran him off the road".

Enroute to Root Memorial Hospital where the injured trio had been taken by private car, Herman Upshaw car had mechanical trouble and blew a tire on Interstate 20 two miles west of Colorado City.

The driver lost control and the 1965 Pontiac skidded sideways into the median, struck a guard rail and ripped out 4 sections of guard rail and 15 posts.

Undercarriage of the auto was torn away, according to highway patrolmen, but Upshaw was not hurt.

Monday at 3:10 p.m. Texas Tech student Edwin F. Bane Jr. was driving a 1969 Volkswagen which overturned on State Highway 208 (to Snyder) 4.8 miles north of Colorado City. He was not injured.

DRIVER IN A LATHER

State Highway Patrolman Kent Cearley says it's the truth:

Saturday he halted a speeding car on Interstate 20 at Morgan Creek after a 100-mile an hour chase from east of Colorado City.

The driver lurched quickly out of his car, a towel over his shoulder and lather covering his face.

"You won't believe it," he volunteered, "but you've seen those commercials on TV about shaving with no water."

"I was going to try it."

"You're drunk," said Cearley. And he was.

Wolves Look For Season's 1st Win

The Colorado City Wolves are rated 1.8 points favorite against Odessa Ector by the Harris Rating System.

Kick-off for the game is at 7:30 p.m. Friday at Wolf Stadium.

Neither team has yet scored a point nor won a game in this still young football season. The

Wolves have lost to two top rated teams, Monahans and Coahoma, while Ector has lost three games to Lake View, Lubbock and Caprock.

Odessa was the winner of last year's clash with Colorado by a score of 12-0.

While Ector was playing Lake View last week and losing to the tune of 31-0, the Wolves had the week off.

Brevard also has used the time off to work on new offensive plays. He reports that all the Wolves are healthy and ready for Ector.

Coach Jim Slaughter reported to Brevard this week that for the first time, the Wolves are beginning to look like a team rather than a bunch of individuals. Members of the team are working together well and reacting as needed to existing situations, Brevard said.

Brevard said assistants Slaughter and Mike Farda went to San Angelo to watch the game between Odessa Ector and Lake View Friday and were impressed with Ector's potential.

"Ector is a lot like we are," See WOLVES Page 7

Highway Job Near

Contractor Moves Equipment

Contractor is beginning to move in equipment in preparation for a \$314,953 widening project for State Highway 208.

Jagoe - Public Company of Denton is the low bid contractor for the work, which will improve State 208 from the U. S. 83 East Business Route, (Loop 337) to a point 7.2 miles south of Colorado City.

The widening will provide two

13-foot wide driving lanes with 8-foot wide shoulders on each side.

With the widening, with a strengthened asphalt stabilized base, will come resurfacing with hot mix asphaltic paving.

Jagoe-Public Wednesday was moving in its rock crusher. The hot mix plant will be moved here probably by Oct. 15,

according to Bill Cooper, State Highway Department engineer.

Initial work for widening the highway will begin about the time the hot mix plant is set up.

Contract allows 140 working days for completion of the project.

The State 208 job is one of five highway improvements contracts approved this month for the Abilene district by Texas Highway Commission. The other projects are for Shackelford, Kent, Callahan and Taylor counties.

Outstanding leaders and contributors to the 4-H Club program will be recognized Saturday at the annual Mitchell County 4-H achievement banquet.

County Judge Bill F. Carter will be principal speaker for the event at 6:30 p.m. in Colorado High cafeteria.

Coveted Gold Star awards will be presented as the county's outstanding 4-H boy and girl are named. This award is No. 1 achievement within the club's program.

A senior 4-H member will receive the Texas Plains Key award and another 4-H member will receive the Danforth "I Dare You" award.

Two friends of 4-H will receive engraved plaques for their special interest and support of the program. One will be a business or industrial firm and the other an individual.

Spur Clip Awards will be presented to individuals who have contributed to youth development within the community as well as the 4-H program.

Committees have been at work several weeks planning and preparing for the Saturday banquet.

Seven youths and Mrs. Warren Anderson compose the decorations and theme committee. Members of 4-H in this group are Datha Byrne, Joe Wayne Blackard, Bill Dockrey, Janet Brownfield, Judy Chambers, Julie King, and Tim Oden.

In charge of arrangements and preparation are Kenny Hammond, Pat Barker, Bruce Hill, Larry and Mike McClure, Byron Byrne, Darrell Rich,

Larry Dawson and LeRoy Miller.

Chairman for foods is Mrs. C. N. Stubblefield.

Much of that time has been spent on working on the offense, particularly passing and receiving.

A 38-year-old Colorado City man has been charged with stealing new truck tires, a theft unknown to the owner until the

tires already had been re-sold in another town.

Facing the felony charge, fi-

led in Justice of Peace Leonard Henderson's Precinct 1 Court, is Leon Molina.

He is accused of taking 3 truck tires from Les Fuller Sept. 25. Total value of the tires is listed at \$285 in the complaint.

Molina was charged here after a Sheriff's department investigation which followed a report by Texas Ranger Gene Graves that new truck tires had been sold in the Sweetwater area.

It is believed that the tires, after being stolen here, were delivered to another person before being sold in the Sweetwater area.

Two additional felony complaints have been filed in Justice of Peace Henderson's Court. Both allege subsequent offense driving while intoxicated.

Lofton Pope Luncford, who received a 2-year probation here in 1967 on a similar charge, is charged with subsequent offense DWI Sept. 25 after a previous misdemeanor DWI conviction in Midland in 1955.

Nolan Gaines Rissell is accused of subsequent DWI offense here Sept. 27 after a previous misdemeanor conviction in 1965 in Scurry County.

Senator With School Study

State Senator David Ratliff of Stamford has been named to the Senate Interim Committee on Occupational Education.

Senator Chet Brooks is chairman of the committee which also includes Senators Murray Watson of Mart, Jim Wallace of Houston and Mike McKool of Dallas.

Appointment of the five was made by Lt. Governor Ben Barnes.

The occupational education committee, under Senate Rule 1148, will review the overall

problems of occupational education, including the following:

(1) The effectiveness of the State Advisory Council for Technical-Vocational Education in accomplishing its duties as set forth in SE 261, 61st Legislature, Regular Session.

(2) The funding of occupational education programs; (3) the need for the state to coordinate all programs that relate to the training of manpower.

(4) The need to revise occupational education programs. See STUDY Page 9

Court Revokes DWI Probation

Probation has been revoked in 32nd District Court here for Rudy Luera.

The Colorado City youth, who has a long record of arrest, must serve out a 90-day jail sentence for driving while intoxicated.

His jail term was probated late June 24 when Luera was convicted in the same court of felony driving while in-

toxicated (subsequent offense).

District Attorney Frank Ginzler filed for revocation of probation, claiming that Luera had been arrested for being drunk, and thus, had violated terms of his probation.

Judge Wayland Holt, sitting on the 32nd District Court bench in place of Judge Weldon Kirk, allowed Luera credit for jail time served since Aug. 20,

CONVERSATION CORNER

THIRTY days hath September which means that tomorrow's October, remember. And after that comes November... then December. The year is beginning to grow old. Autumn is sorta like middleage. You don't know it's arrived until the bones feel cold.

Forever ago, when most people sang ballads, there used to be an old song which went "Oh, to think how times have changed since Grandma was a girl." A Colorado City woman named Bennie (Mrs. A. J.) Hooks has proof of the truth of that musical phrase.

She has it in print in a yellow clipping headed "Things Are Really Different at NTSU," her own alma mater. The clipping has a Denton date line and carries a sub-title "Coed Do Nots in 1918."

All college students within reading distance might take notice here of how times have changed since their grandmas in college had about as much freedom as the famous bird in a gilded cage.

HEREWITH are a few of the Do Nots for girls in North Texas State University, formerly

NT Normal College, back in 1918.

Don't indulge in gossip, coarse language, or slang. Don't chew gum in public.

Coeds at NTSU were further told Don't permit any sort of personal liberties from young men. Don't sit in the dark with a young man. Don't receive attentions from young men not properly introduced and vouched for. Don't loiter in front of young men's boarding houses or appear to seek society of young men on the streets or in business houses.

COEDS of the 1918 era were further ordered Don't go to public places or go on picnics or automobile rides unchaperoned.

Don't wear negligee costumes on the street or go downtown in midday blouses or bareheaded, the ominous Do Nots continue. Don't injure your health by failure to wear such clothing as will protect you against the weather.

Don't make yourself conspicuous by use of too much powder and paint or by wearing clothes and jewelry too elaborate for the schoolroom, the restrictions end.

orate for the schoolroom, the restrictions end.

CLIPPING does not say whether girls who went to town bareheaded or sat in the dark with a young man or went riding unchaperoned in a Model T got expelled.

But one thing is certain. The NTSU dean of women in 1918 had to be a highly educated lady of somewhat advanced age.

Things weren't too much better at Baylor University, Waco, in the gay twenties. Well? Would your grandchildren believe all lights in girls' dormitories had to be off at 10 p.m. on week nights and at 10:30 Fridays and Saturdays?

Or that two of the cutest freshman girls on campus got sent home for going to a dance? That freshmen and sophomores could not date except in four-somes including upper class students? They'd never believe you.

WHOLE thing brings up a possible solution for the current over-crowding of all our colleges.

All administrators have to

do is put some--or any--of those old Do Nots back into effect.

There would not be any girls at college. There wouldn't be any boys, either.

Girls would stay home wearing hot pants and 149 gold chains, bareheaded if not barefooted. Boys would stay home to take 'em riding unchaperoned.

Oh, to think how times have changed since Grandma was a girl! And all you free as the wondering breeze college kids just better believe it.

SEEN LATELYS included Bim Carlock at a coffee break. Yvonne (Mrs. J.A.) Sadler. Rusty and Amorita Lee at the post office. Pauline (Mrs. Carl) Hammack. Joe Landeros at the refreshment counter.

Toby Sanderson and Willie Landau were in a sidewalk conference. Saw Henry Doss with Bob Shelton of Tyler. Bob and his wife Grace (nee Doss) spent the weekend visiting Grace's mother Nettie (Mrs. Bill) Doss who is a resident in Root Valley Fair Lodge.

Did you know that our Corley Rogers is at the Lodge recuperating from an illness?

Saw Janie Thompson Henderson lunching at Truck Town. Robbie Sickles. Dave Stubbsfield.

FAMILIAR FACES other places belonged to Drew Ballard of KVMC. Anita and Porter Richardson at coffee time. Billie Rosenfeldt, pretty wife of the Rev. Glenn, sharing a booth with their cute second daughter Carla. First daughter Jerene is a freshman at Angelo State College.

Swapped hello's with Judge Bill F. Carter, his wife Doris and Frances Webb. Don Banta. Betty Parker. Tandy and Lovess Curlee. Candy, Curlee first daughter training as a registered nurse in San Antonio, was expected Wednesday for a four-day vacation at home.

Spied Jimmy Harrison. Dick Wistrand. Dan Pfeuffer.

HEAR TELL that Etta (Mrs. W. R. Sr.) Motley is happy over arrival for a visit by daughter Blanche who is Mrs. Roy Kent of Mexico. Motley daughter Mary, Mrs. J. D. Pool of Mexia, was coming, too, but her husband had to be hospitalized in Wortham for a sudden illness the day before the Pools planned to drive to C-City. Bob Motley's wife is recovering from recent surgery at Hendrick Memorial in Abilene and is home now, by the way.

Hear, too, that the seven Mitchell County Home Demonstration Club members who attended that convention encountered the Max Bermans of Dallas while having supper in a cafeteria there.

ELDON SMITHS have just learned of a special award presented their son Sgt. Nelson Wesley Smith for unscheduled extra duty while he was with the Air Force in Vietnam for one year, and was stationed at Tan Son Nhut AFB.

Eastern Star Honors Oyler Kin

Mrs. Margaret Oyler and Mrs. Wilford Oyler were in Cooper recently for a meeting of Cooper Chapter #885, Order of Eastern Star, which honored Mrs. Maude Oyler.

The special service following a stated meeting honored Mrs. Maude Oyler, for 50 years of active service to the Cooper Chapter.

Mrs. Margaret Oyler, the honoree's sister-in-law, and Mrs. Wilford Oyler, her niece, participated in the celebration.

The two local residents escorted Mrs. Oyler to the East where she was presented a 50-year pin and certificate by her son, Melvin Oyler, in behalf of the Order.

She also received a diamond pendant, a gift from the Oyler family. Other gifts from family, chapter members and friends were presented.

Mrs. Margaret Oyler recited an original poem, "Maude" and Mrs. Richard Tatum, accompanied by Mrs. Clyde Robinson, sang "I'll be Loving You Always."

Twenty members of the honoree's family were present for the observance including her sons, Melvin Oyler and Weldon Oyler, a daughter, Mrs. Johnny James, and the local relatives.

Portrait By Mrs. Barry Is Month's Feature For Center

A portrait painting by Mrs. Tom Barry was featured this month in lobby of Mitchell County Community Care Center.

The portrait is a picture of her husband painted on his 70th birthday anniversary.

A multiple award winner in Mitchell County Fairs and West Texas Art Shows, Mrs. Barry displayed her painting in the Center's lobby in cooperation with a project of Colorado City Brush and Palette Club.

Emily Dulaney Barry is a daughter of Colorado City's first dentist, the late Dr. B. F. Dulaney, and Mrs. Dulaney, the former Lu'u Williams.

That show consisted on mostly portraits of local persons.

THEY PROVE IT ---

You can be sure there will not be a lot of fancy stuff and stiff protocol Saturday evening when Mitchell County 4-H members, their parents and friends crowd into Colorado High Cafeteria for their annual 4-H Achievement Banquet.

That's the way the 4-H "family" likes it. Because they are down-to-earth citizens whose trademark is good, hard work.

It is appropriate that the dinner, not only pays tribute to those 4-H members who excel within their own program and to those citizens who contribute most to 4-H, but also is a kickoff for 4-H Club Week which starts Sunday.

It is a week worth our respect and attention because 4-H members, with their do-it-themselves projects and cooperative efforts in worthwhile programs and education, are proving day-by-day how our youth can meet the severe challenges of the 1970's by developing their own talents and resources.

ABE Graduate

She's Now A Teacher Aide

Mrs. Jose Orona is a new teacher aide in Kelley Elementary School.

Until April of this year, Connie Orona was not qualified for the work, but Adult Basic Education made the difference for this mother of eight.

Prior to her enrollment in the ABE classes offered annually by Colorado Independent School District, Mrs. Orona was a domestic worker.

"I realized that I would have to go to work when all the children were in school," Mrs. Orona said.

"And I knew I had to start somewhere - to get involved in public life."

Her husband, who does construction work in Big Spring, encouraged her to attend adult

education classes and "the kids thought it was a great idea."

"They were a big help, too," Mrs. Orona explained. "I'd never made it through that modern math had it not been for my high school age sons."

She paid tribute to all her family saying "they all contributed a lot - to my studies as well as at home."

Even though she found it hard to get back into the routine of studying, Mrs. Orona took the five main subjects - math, reading, English, spelling and social studies.

And April 15 it paid off...

That's the day she received her Adult Basic Education certificate which is equivalent of a high school diploma.

Mrs. Orona, the former Connie Campos, didn't like much in finishing high school in 1953. She was a senior at Colorado High when she quit to get married.

She is daughter of Mr. and Mrs. Lucas Campos. Her father is a retired candy store operator.

Mr. and Mrs. Orona, who live at 605 Vine Street, have a busy family.

Their oldest son, 16-year-old David, is a junior in Colorado High and works at Root Valley Fair Lodge through the school's Industrial Cooperative Training program.

Sabino, 15-year-old sophomore, works after school and Saturday's at Morgan's Donut Shop.

Helping out with chores at home are Robert, 13-year-old eighth grader; Pete, 12-year-old sixth grader.

Also, Tony, 10-year-old fifth grader; Josie, the Orona's only daughter, 9-years-old and in the fourth grade; Ruben, 7, and Arturo, 6, second and first graders.

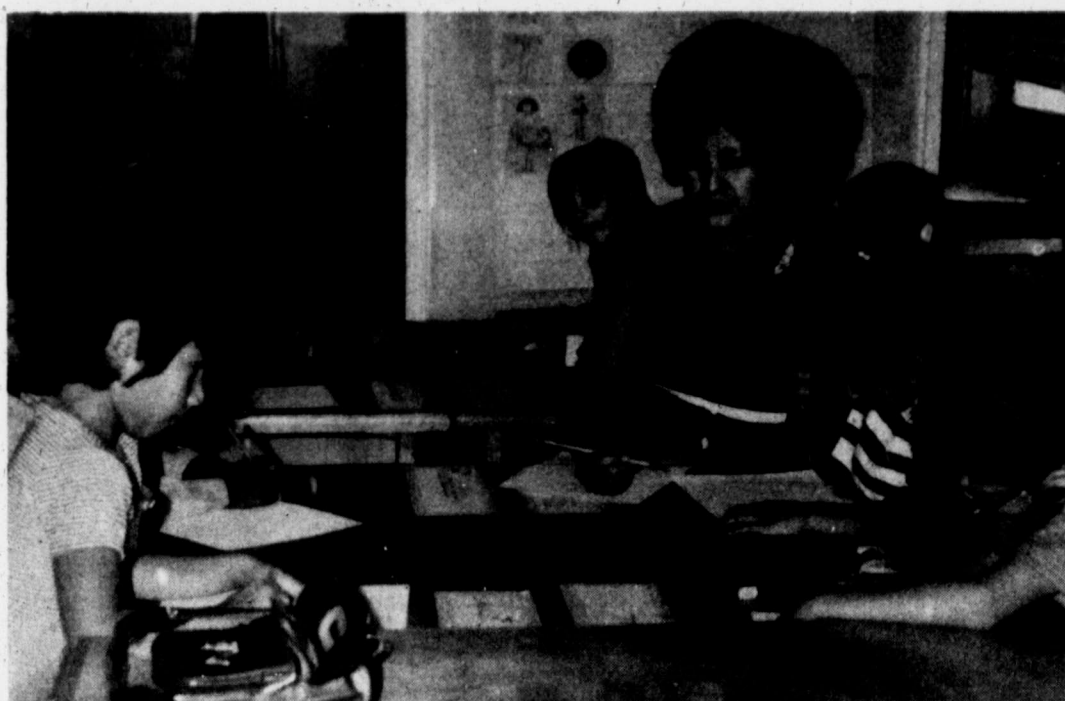

All the children participate in a weekly study class at St. Ann's Catholic Church where the Oronas attend church.

In answering the question of how she and her two little ones get along at school, Mrs. Orona explained that to them she is "just another teacher aide" until we leave school, then she's mother.

Mrs. Orona, who by working at Kelley is fulfilling "a purpose in her life," is grateful for that opportunity.

"When I started ABE classes I didn't know that I'd have the chance to be a teacher aide, but I enjoy being with the children, helping them learn and helping them learn and learning more myself."

"I wouldn't hesitate to urge anyone to attend ABE classes. It's worth the time and effort to have a good education, and there's an advantage to having an ABE certificate."

Work Is "Enjoyable"

Mrs. Jose Orona enjoys her work as teacher aide at Kelley Elementary School. Here she helps Mrs. Paul Owens' first grade students - Christina Franco, Brenda Williams, Daniel Salazar and Mona Molina. At table behind Mrs. Orona are Edwina Ochoa, Alfredo Diaz, Esteban Larez and Rachel Lujan.

At your service: Enough electricity for today... and tomorrow.

Planning and building ahead to provide our customers with enough reliable electric power to meet all their needs is the challenging responsibility being met by Texas Electric Service Company. It's what we mean by being "at your service."

To be sure plenty of electricity always will be on hand at the flip of a switch, we will nearly double our generating capability within the next five years. Additional strength and dependability throughout our system comes from our high-voltage transmission interconnections with

other power sources.

We must continue to plan and build ahead because we serve a growing area of the nation, and because

our customers continue to use more electricity. For example, 25 years ago the average residential customer served by Texas Electric used around 1,000 kilowatt-hours a year. Today, the average residential customer is using about 8,500 kilowatt-hours a year. During this same period, the average selling price per kilowatt-hour has decreased about 43 percent, in spite of continuing inflation.

To us, "at your service" is not only a responsibility and a challenge. It's our commitment to you, our customers.

WOLVES FACE ODESSA ECTOR FRIDAY

KICKOFF AT 7:30 P.M. AT WOLF STADIUM

Good Pass Protection For Guerrero

Colorado City Junior Varsity Quarterback Amador Guerrero (No. 3), protected by blockers Russell Hertenberger (No. 20) and James Light (No. 73), threw this pass as the Wolves tried to score on the stingy Lorraine Bulldog defense Friday night. It was a defensive battle for three quarters before Lorraine broke the game open in the fourth quarter, scoring 20 points. Colorado scored 14 points in

the final period but it wasn't near enough as the powerful Bulldogs won 35-14. The Colorado Junior Varsity plays Coahoma at 7:30 p.m. Thursday in Coahoma while Lorraine travels to Jim Ned Friday night.
