

More Survivors Of Quake Found

RABAT, Morocco (AP)—Two more emaciated survivors of the April earthquake were pulled from the ruins early today, brought to 13 the number saved since Tuesday.

One of the rescuers, a French priest, identified those found today as a Moroccan and Mohammed ben Abdallah.

Kallon, a Jew, is the father of three children dug out of the rubble Thursday. He told rescuers his wife had died beside him in their ruined home an hour after the March 1 earthquake. His 2-year-old daughter died 36 hours after the quake.

Four Jewish children, aged 6 to 16, were among the eight persons who emerged weak and dazed from the ruins Thursday. Three

women—two Spaniards and a Moslem—and a Moslem man were the others rescued. The Moroccan state radio said all were found in the Talbourja native quarter, which was leveled.

The cause of the quake was not known. It was registered as a magnitude 5.5 on the Richter scale when the disaster struck. There was a slim possibility that parts of the basement night club of the four-story hotel had not caved in. Of the four Americans still listed as missing, two were staying at the Saada-Andrew Kalapokoff, whose brother lives in Santa Barbara, Calif. George Christe of San Francisco.

Moroccan officials say the death toll in the disaster may never be known but estimates run as high as 12,000.

Characteristics Of Firebug Pegged

By JOE BENHAM

AUSTIN, Tex. (AP)—The typical firebug is a mentally retarded man under 35, often interested in fires since early childhood, a psychiatrist said Thursday.

Dr. C. J. Rullmann, Texas director of mental health and hospitals, told a state arson conference that people who set fires are not normal.

An arson investigator "can make no greater error" than to attempt to understand the behavior of a suspect in terms of the investigator's own life experience, motivations and goals, Rullmann said.

"It is very easy to fall into the trap of assuming that what seems reasonable is reasonable to you," he said.

"Almost half of these offenders are mentally defective and 60 percent fall into the dull-normal range of intelligence or below," he said.

Rullmann said only 17 per cent

of the people he described as pathological fire-setters have average or above intelligence.

He defined pathological fire-setters as those who start fires because of mental illness, rather than those who do so for financial gain.

"In the entire group of individuals who set fires as an outgrowth of some intrapsychic (mental) abnormality, one is struck by the frequency in which preoccupation with fire can be traced back to early childhood," Rullmann said.

Contrary to popular belief, the doctor said, the number of people who set fires for sexual gratification is small "and in a fair percentage of them it is clear that the erotic significance is in the destruction and not in the fire."

The conference ends today.

Protest Is Turned Down

WASHINGTON (AP)—The Federal Communications Commission has turned down a protest against a Columbia Broadcasting System policy of not accepting political broadcasts to be carried at the same time on other networks.

The protest had been registered by Paul M. Butler, Democratic national chairman.

The commission said in a letter to Butler it would be arbitrary for it to direct CBS to change its policy and to broadcast a particular program at a specified time.

The FCC indicated, however, it might reconsider if the facts in particular situation warranted such action.

Butler had protested that under the CBS policy, a White House message which might include political overtones could be presented on so many networks, leaving the public with no choice but to accept a presidential address during a campaign. It would be denied equal opportunity to present its views over CBS if the party also took time on another network.

Gifted Child Case Will Be Reviewed

TRENTON, N.J. (AP)—Mr. and Mrs. Richard Combs' fight to keep their gifted 4-year-old foster child will be reviewed by the state board of child welfare next Thursday.

F. Morse Archer of Camden, board president, said he has been asked to reconsider the decision to shift Alice Marie's temporary home to a permanent one with more emphasis on books and less on television.

"We will go into this very thoroughly and do what is best for the child," Archer said. "These matters are always open for review and discussion."

Edwin Hann Jr., acting director of the state child welfare bureau, said a final decision probably would await the outcome of court action launched by the Combs couple.

But he told a newsman that in view of the 2-year lapse between

the transfer decision and the current force, the Old Bridge court kept their gifted 4-year-old foster child will be reviewed by the state board of child welfare next Thursday.

Hann said he has been getting dozens of telegrams, letters and telephone calls from all over the country, unanimously in favor of the child for what has developed in her environment since then, he said.

But he added that most of the people are acting emotionally and before they heard the state's side of the case—that the couple signed an agreement they could not adopt their foster baby.

Combs said he would ask Gov. Robert B. Meyner to intervene in the case, but Meyner told newsmen Thursday he would not.

John E. Gallagher, 43, of suburban Penn Hills told the judge Thursday he was arrested Aug. 17 shortly after drinking the remains of a broken shipment at a Pennsylvania Liquor Control Board warehouse.

To keep the glass out, said Gallagher, he strained the liquor through a handkerchief into the cup. He was fined \$150.

NEW DELHI, India (AP)—An Indian government official today extended "unqualified apologies" for the arrest of American artist Fredrick March, his wife and two friends on a prohibition charge.

Raj Bahadur of the Transport Ministry told Parliament the "whole incident was unfortunate and I wish it had not happened."

He expressed hope the U.S. Congress, in which a demand was made for an investigation of the incident, "will accept the apology."

March, his actress wife Florence Eldridge and Dr. and Mrs. Burrill Crohn of New York were arrested last month in South India's Madras State when four ounces of liquor were found in their luggage during a search at a roadblock.

A travel agency representative posted bail and March and his companions continued on a Far Eastern tour. The charges were dropped but the affair aroused criticism in India that tourists were being harassed at a time when the government sought to attract more visitors.

Lunch Counter Discontent Spreads To Arkansas Today

By The Associated Press

Negro discontent over segregated lunch counters has spread to Arkansas, but the situation has eased in Montgomery, Ala., where Negro student leaders called a temporary halt to demonstrations.

The leaders voted Thursday night to suspend their campaign for integrated food service until after spring vacation at Alabama State College, a Negro institution. Their action came on the heels of an order by Gov. John Patterson for a full investigation of the school Police Commissioner L. B. Sullivan recommended to Patterson and the state board of education that it consider closing the school claiming faculty members are unable to control the students.

Thirty-seven Negroes arrested during a student demonstration three days ago face trial in Montgomery County today. Spectators have been barred from the trial.

Meanwhile, a college official said about two-thirds of the 2,300-member student body met Thursday night and agreed to refrain from any further demonstrations.

The official, who asked that his name be withheld, said the students agreed that they should resume their classes and "disassociate themselves from any future aggressive moves."

Faculty members called the meeting to guide the students "out of the recent emotional conflict in which they have been involved," the source said.

Railroader Finds Couple

WINSTON-SALEM, N.C. (AP)—A snowbound couple who said they had all but given up hope were found Thursday—thanks to an eagle-eyed railroad brakeman.

Train No. 55 of the Norfolk and Western Railway was about two miles north of Waketown when brakeman George Weaver spotted a log cabin in a hollow almost covered with snow.

Weaver saw a woman holding a piece of paper out the door. Written on it was the couple's name. When the train arrived in Winston-Salem, 16 miles away, officers were notified and two deputy sheriffs were dispatched.

Deputies L. C. Rivers and H. L. Wood drove as far as they could, then began walking. At the cabin, they found Mr. and Mrs. Schreiber. He is 84 and she is 62.

The Schriebers said they had been without food and heat since Monday and had covered themselves with "everything in the house" to keep from freezing.

John Schreiber said when Weaver passed on his train Saturday, she will hang out another sign reading: "Thank you and God bless you all."

Broken Bottles Lead To Arrest

PITTSBURGH (AP)—A former warehouse clerk on trial for drunken driving says nips from broken liquor bottles made him tipsy.

John E. Gallagher, 43, of suburban Penn Hills told the judge Thursday he was arrested Aug. 17 shortly after drinking the remains of a broken shipment at a Pennsylvania Liquor Control Board warehouse.

To keep the glass out, said Gallagher, he strained the liquor through a handkerchief into the cup. He was fined \$150.

Curb Travel By Soviets

HEIDELBERG, Germany (AP)—The U.S. Army today restricted travel by the Soviet military liaison mission in Frankfurt in retaliation for the Russians' refusal to issue "acceptable travel permits" to the American liaison mission in East Germany.

Gen. C. D. Eide, the Army today for the Midwest Asia, said the Soviet mission that is the Advancement of Colored People.

The Negroes were charged under two Arkansas laws covering disturbances in semi-public places such as stores and restaurants. There was no violence and the demonstration was orderly.

In Columbia, S.C., Negro leaders threatened a planned pilgrimage on the state capital after Gov. Ernest Hollings warned that such a demonstration would not be tolerated.

Hollings cautioned that demonstrators or unruly spectators would be arrested when their actions threatened violence.

The governor said he learned that Negro students of Allen University and Benedict College planned to march on the state capital Saturday.

Sign carrying Negroes marched through the business district of Huntsville, Ala. Thursday and there were brief demonstrations at two white lunch counters at Tallahassee, Fla.

THE MONKEY ON HIS BACK

Comic Quotient Of Campaign Already Hitting New Height

By I. E. ROBB

It is one voter's opinion that the comic quotient of this Presidential election year is already at the flood, not to mention its oratorical asininity.

Darned if I can recall another election year in which the leading Presidential contender of one party ever asked his opposite number in "I" party for a certificate of good conduct. And get it!

Who says the age of chivalry is dead when Republican Vice President Nixon, answering the anguished appeal of Democratic Sen. Jack Kennedy, stoutly declares that the Senator is not soft on communism and marks his report card "A" in this subject? But, alas, this knightly scene was occasioned by boogian antics that would make a pitiful bluish, no matter whether Democrat or Republican. If there were a prize for political derangement and the oratorical rabbit punch, judges would have a tough time deciding between the Republican Governor of New Hampshire Wesley Powell, and Paul M. Butler, Democratic national chairman.

It was the Republican Governor, enraged apparently that Senator Kennedy campaigned in his state primary as a Democrat and critic of the present Administration, who waved the old, frayed McCarthy banner, which still feels so cozy to certain elements of the G.O.P. In desperation and extremis, the Governor cried that Senator Kennedy was "soft" on communism. And it was then that Senator Kennedy asked his Republican rival for a character reference, and Mr. Nixon, the parfit, gentli knight, obliged.

But now, back at the Democratic ranch for a moment. There was find Mr. Butler choking on both nine, last night and saved 15 games for the Cubs.

should be to both President Eisenhower and the American public for any implication that the President was somehow to blame for the tragic deaths of 19 Navy bandmen in an air accident over Rio de Janeiro.

This "implication" was the outgrowth of a debate between Sen. Hugh Scott (R., Penn.) and Mr. Butler in Worcester, Mass.

Here we have two performances, Governor Powell's and Mr. Butler's, both inexcusable and both typical of the blather and irresponsibility with which the voter will be assailed until after the election next November.

If ever there was a time for a great debate, it is now and here. Great issues clamor for discussion and decisions for attention and solution. And instead, from both sides, all the voter can expect is mud and name-calling. All we voters can anticipate is political passions in which anything goes—including the speakers' sanity.

It is still the American fashion to call anyone with whom we disagree a Communist, even if the victim is a professing Taft Republican. And we can expect that both parties will spread this cry where it may do the most good, and the innocent victim, as in Senator Kennedy's case, the most harm. And, alas, there will always be Butlers in both parties.

Presidential campaigns are now conducted by smear on both sides. It's a lot easier method than round-up intelligent, mature and responsible arguments.

In recent years, Johnny-Who-Can't Read has been getting his drawers round the clock. But in a Presidential election year, Johnny has it made. Happy is the man, woman or child who can't even spell.

out the campaign oratory. I don't propose so much a pox on both their houses as a tag.

Big Change Noted In Herter Regime

By JAMES MARLOW

WASHINGTON (AP) — Eleven months. No victory, really. No defeat. Nothing settled or solved. And yet in these 11 months there has been a big change.

You couldn't help but feel it this week at the news conference of Christian A. Herter who just a little less than 11 months ago succeeded John Foster Dulles as secretary of state. Dulles was then dying of cancer.

Herter is a friendly, even a genial, kind of man who seems to answer questions directly. He certainly answers simply. He gives an impression of great honesty, but not an impression of great power.

Dulles was different. He talked like a man who had rehearsed—by having his aides ask him the questions newsmen might ask him—his answers beforehand, carefully down to the last phrase.

But you never had any doubt, listening to Dulles and watching him, that he had power to spare. There was never any doubt that he was speaking not only for himself but for President Eisenhower, too, and that Eisenhower approved ahead of time.

The power was there, all right. Between the time he took office in 1953 and the time he went down

with cancer early in 1959 Dulles made foreign policy. No secretary of state probably ever had been so trusted by a president.

Gradually, after Herter took over, Eisenhower began to assert himself and, in time, he became the great traveler. More and more it has become apparent that Eisenhower, not Herter, is making the decisions in foreign policy.

In these past 11 months the war without a war with the Soviet Union has quieted down. There is even some hope that good may come of Eisenhower's summit meeting in May with Premier Nikita Khrushchev.

As a result of Eisenhower's increasing dominance in the foreign field, Herter seems to have retreated more into the background. Nothing has really happened—in the sense of solutions—since Herter took office.

We seem to be in a period of waiting, perhaps waiting to see what happens between Eisenhower and Khrushchev. But just because Herter is a mild and genial man, he gives this impression, too.

Between now and the time he and the Eisenhower administration leave office in January 1961, sensational events or settlements hardly seem expected.

Lunch Time Brings Out Characters

By HAL BOYLE

NEW YORK (AP)—There was a time when only the laboring stiff-blue collar worker carried his lunch to his job. Now that's all changed.

As a result, the lunchroom has become a place where the laboring stiff-blue collar worker can find a place to eat. It's a place where the laboring stiff-blue collar worker can find a place to eat.

So, millions of white collar workers, those who haven't yet managed to climb into the expense account and brooding cockroach, far from his native suburb. Look around your office when the noon whistle blows. Here are a few typical locker room gourmets, you are bound to find assembling at the tables there for a mutual munch.

Snyder Hosts Reef Relays Tomorrow

SPORTS

The Snyder (Texas) Daily News, Fri., March 11, 1960 5

By JERRY JACKSON
Daily News Sports Editor

Snyder's 8th annual Canyon Reef Relays will become reality here in Tiger Stadium beginning at 9 tomorrow morning, with heavily-favored Midland expected to grab off the lion's share of the points.

The formidable Bulldogs, defending Reef champions, rank as hands-down favorites in the year's meet, as they have already swept to wins in the Comanche Relays (Fort Stockton) and Laredo's Border Olympics.

A bulging field of 22 teams is on tap for the yearly circus, including aforementioned Midland, Kott Snyder, Brownfield, Lake View, Sweetwater, Lamesa, Colorado City, San Angelo, Big Spring, Odessa, Odessa Permian, Lubbock, Monterey, Tom S. Lubbock, Levelland, Plainview, Pampa, Borger, Amarillo, Tascosa (Amarillo), Palo Duro (Amarillo), Littlefield and Artesia (New Mexico).

Tigers Are Contenders

Should mighty Midland be outdistanced in the point parade, it will probably be San Angelo, Big Spring or Snyder which will turn the trick. Those teams finished 1-2-3 behind the Bulldogs in last year's Reef Relays, and are thought to be comparable in strength again this season.

There will be only one division of competition in the meet, and the first events are scheduled to begin at 9 a.m. Finals events are slated to be run off starting at 2 in the afternoon.

The Tigers, who can boast of having won the meet only one time since its inception (1958), should make the most static in the hurdle and relay events. Back for another shot at both the low and high barricades is ace speedster Stanley Woolver, who is the defending champ in both of those events. Records in either could conceivably be broken as a strong field will be on hand attempting to stop Woolver, who last year raced to a 15 flat finish in the highs and a 20.3 second romp in the lows in winning both events.

Midland's Doyle A Dandy

The most serious threat to Stan the Man in the lows and highs is J. B. Doyle of Midland, who was runner-up last year in the low hurdle race. Doyle, who is a strong favorite to repeat the effort tomorrow.

A top-flight field is on tap for the 800-yard relay, with Clovis, Snyder, Big Spring, and San Angelo looking to be the strongest. The Snyder team composed of Woolver, Crawford, Jimmy Maroney, and Richard Mahan bolted to a record-setting 1:32.2 finish in the prelims of last year's meet and went on to win the event in the running of the finals.

In what may very well be a photo finish, Brownfield's Don Mason (defending champs), along with John Teagarden of Midland and L. Reed of Borger, are expected to fight for the top spot in the 440-yard dash.

Big Spring is the odds-on choice to nail down top laurels in the 440-yard relay.

880 Dash Top Event

The 880-yard dash, which is taking shape as a duel between E. J. Oebihire of Midland and Tom S. Lubbock's Phillips, might be the best race of the day, as both are record-breaking performers.

Lasater looks like the best bet in the 200-yard dash, but Snyder's Maroney could give him a run for the money.

Glen Petty of Odessa is returning for defense of his mile run title, with a team of competition expected from Midland's Ross Dawkins.

McCray, Fitts Deadlock For Scoring Lead

By The Associated Press

Ernie McCray of Arizona and Milt Fitts of West Texas State wound up in a tie for the Border Conference basketball scoring lead.

Final statistics showed each with a 2.99 points per game average in conference play. McCray, however, led for the season. He averaged 23.9 points in 24 games. Fitts ranked fourth with a 20.1 average.

Fitts was the league's most effective rebounder. He grabbed 147 of the boards in 10 conference games.

Arizona State won three team titles—best scoring average in all games, 83.9 points; best average in conference play, 82.5, and top field goal accuracy, 45.3 per cent.

Tigerettes Drop Pair

SWEETWATER—Snyder's Tigerette volleyball team absorbed their first district loss here tonight, as they fell victim to Sweetwater by 23-15.

The Snyder girls now stand 1-1 in district warfare, as they downed Colorado City in their initial conference outing earlier in the week.

Tigerette high point honors were shared by Donna Taylor, Helen Ivison, and Alma Nell Evans.

Snyder managed to bounce back to partially close a 7-12 halftime scoring disadvantage which proved to be too much to overcome.

In a preliminary "B" game, Snyder went under by a 43-11 count, with Jackie McNabb being high point for the local six.

TIGER DIAMONDMEN—Pictured above are 1960's baseball Tigers who will perform for the hometowners for the first time today at the Towle Park Field. Sitting, left to right, are Jimmy Don Everett, Steve Free, Mike Moffett, Jerry Franks, Spencer Dryer, Mike Morris, Jerry Guthrie, and Bob Smith. Kneeling, l to r, are Pete Green, Barry Walker, Ronnie Wylie, Ronnie Maroney, Keith Moreland, Weldon Ware, Bubba Fleming, Franklin Moore, and Keith Barrett and J. Cranfill of Borger.

Moffett. Standing left, are Sam Casey, manager, Bill Weaver, Tommy Shelburne, Roger McMenamy, Charles Gladson, Norman Gladson, Ronnie Jones, Bennie Greenfield, William Sanders, and Dalton Walton. Seated in front of the group is Stevie Moffett, the team mascot. In their only game of the year to date, the Tigers slipped past Abilene, 3-2, in a contest played there this past Tuesday.

Tigers Play Host Today; Invade Lubbock Tomorrow

Towle Park Field will be the scene this afternoon of the Snyder Tigers' initial home outing, as they tangle with the Big Spring Steers in a non-district baseball encounter.

Following today's game, the team will take a trek to Lubbock tomorrow where they will engage Monterey High of that city in a double header.

Game time for this afternoon's home tilt is 4:15, and the first Lubbock contest is scheduled to begin at 6 o'clock.

Catch Speedy Moffett's charges stepped out on the right side in their opening engagement at Abilene Tuesday, as they squeezed by the ever-dangerous Eagles by a 2-2 score behind the four-hit chunking of hurler Norman Gladson.

Big Spring has also played one game to date, as they fell victim to a whitewashing at the hands of Tom S. Lubbock, 6-0. A trio of Tom S. pitchers held the Roy Baird-coached Steers to one hit in waiting to the victory.

On the hill for the Tigers in today's game will be right-hand-

er Freddy Miller, who will be seeing his first action of the season. The Big Springers are expected to counter with either Jay or Zay LeFevre to attempt to quell the Snyder batting barrage.

The probable Tiger starting lineup and batting order will find veteran shortstop Spencer Dyer leading off, followed by second sacker Steve Free and centerfielder Mike Moffett.

In the clean-up slot will be right fielder Franklin Moore, followed by first baseman Bennie Greenfield, left fielder Jerry Guthrie, third baseman Bubba Fleming, catcher Ronnie Wylie, and Miller.

The lineup will be basically the same for the Monterey twin bill, with the exception of the pitching staff. Right-hander Charles Gladson will get the nod for the first starting assignment, while Ronnie Jones, who delivers from the right side, will start the second. Held in first-line relief is Norman Gladson, who will be reserved for fireman duty following his Tuesday thrashing of Abilene.

Probable Steer starters for today's game include Jimmy Roger,

"catcher, Donnie Everett, first base Coy Mitchell or Rex Appleton, second, Jimmy Kinnman, short; Jerry Dunlap, third; Gene Rzaa, Bob Andrews, and Alf Cobb or Jack Irwin in the outer pastures; and either Jay or Zay LeFevre pitching.

Charles Schmitter, fencing coach at Michigan State, has been a member of the American Federation of Musicians for 30 years. He plays the tuba and the string bass.

... The Golden Rule. And what a world this would be if men would only live it! There would be no more necessity for preaching and the jails could rot down. Observance of the "Golden Rule" would bring in the *Age of Gold*. Hillel, the Jewish lawyer, called it "the whole law." Leo Tolstoy, "discovered those clear simple truths," gave up a most successful profession and spent the rest of his life crusading for the welfare and understanding of his fellows. "Do Unto Others," was made more Golden by the American Indian when in his memorable words, he counsels us to travel "A moon in his moccasins," before we criticize another. The Golden Rule carries the secret of a good society... A Democratic society. But don't forget the man who uttered the rule in the Gospels. That makes it different. His message includes the parable of the Good Samaritan and of the Last Judgment... *feed the hungry, clothe the naked and remember the man in jail*. It all boils down to a most significant question... "Will you keep it in good conscience?" In your home, your business, your social affairs, will you "DO UNTO OTHERS AS YOU WOULD BE DONE BY?"

More on the Golden Rule next week.

Couple Remarried After 13 Years

SAN PEDRO, Calif. (AP)—Ken and Sylvia didn't remarry after 13 years because they divorced him in 1952.
