

WAR THEORIES GIVEN

U. S. May Be Asked To Up Defense Fund

WASHINGTON, Jan. 28. (AP)—The nation may be asked to spend as much as \$16,500,000,000 for defense next year if friction with Russia continues, senators disclosed today.

One senator said the reports of new staggering military costs dampened the chances that Congress will approve compulsory military training any time soon.

This was one of the reasons given for having a large reserve of trained men to take over ruined cities and man essential industries.

India, Pakistan Dispute Tossed Back To U. N.

Disagreement Over Kashmir Still Unchanged

LAKE SUCCESS, Jan. 28. (AP) — The India-Pakistan dispute over Kashmir was tossed back to the security council today with the two dominions in disagreement.

Direct talks between the two governments ended last night without accord. The council was called today to receive a report of the fruitless negotiations.

India and Pakistan each made formal proposals, which were rejected by the other. Also turned down was a compromise by Council President Fernand Van Langenhove of Belgium, who directed the parleys.

Van Langenhove expressed hope, however, that the council would be able to come up with a solution. It was understood that the positions taken by the two dominions when India brought the case here two weeks ago remained basically unchanged.

Both sides agree there should be an eventual plebiscite in the princely state of Kashmir to determine whether it accedes to Hindu India or Moslem Pakistan.

Meanwhile, the Jewish agency demanded that the U. N. take appropriate action to halt "Arab aggression" in Palestine, which the U. N. general assembly voted Nov. 29 to partition into Jewish and Arab countries.

Moshe Shertok, head of the agency's political department, told the United Nations Palestine partition commission that the entry of Arab bands from Syria and Lebanon into the Holy Land constituted a "breach of peace."

Abilene Ordinance Against Picketing Is Declared Void

AUSTIN, Jan. 28. (AP)—The court of criminal appeals today ruled an Abilene city ordinance against picketing void as a violation of the 14th amendment to the U. S. Constitution, and ordered J. M. Waltrip discharged from custody.

Waltrip was prosecuted in Abilene city court and charged with violating an ordinance declaring it unlawful for any person in the city of Abilene "to be engaged in what is commonly known as picketing along the streets or sidewalks."

The appellant contended a section of the ordinance making it unlawful for any person "by words, sign or gesture to say or do anything that would tend to hurt or injure a lawful business" was invalid.

The appellate court upheld this argument, declaring: "The trend of thought has been progressively in favor of the contention that no legislative body may forbid peaceful picketing."

Waltrip was arrested for picketing, with other pickets, the Wooten Wholesale grocery company of Abilene, and carrying a banner bearing the words: "Strike. Wooten is unfair to Teamsters Local 583, A. F. of L."

Judge Tom L. Beauchamp, author of the court's opinion, wrote: "We think x x x that the ordinance in question is void as being in violation of the 14th amendment to the Constitution, in that it is an unreasonable restraint on the freedom of speech."

Lawlessness Follows Temperature Trend

Lawlessness in Big Spring has followed the downward trend of the thermometer, city police reported today.

Judge W. E. Greenlees took his place on the bench in corporation court at 9 a. m. today, exactly on schedule, but nothing resembling a trial docket was on hand to claim his attention. The judge remained a few minutes to scan weather reports in morning papers and then the court room was closed for the day.

Hunt Plane

FRANKFURT, Germany, Jan. 2. (AP)—All U. S. Air Force rescue agencies were ordered tonight to hunt a missing C-47 transport plane which had three American women and five children aboard.

Gas Shortage Grips 377 S'west Towns

Mercury Drops To Nine Degree Minimum Here

Area Rounds Out Fourth Day Of Cold

Big Spring and area rounded out the fourth day Wednesday on continuous sub-freezing readings, climaxing the abnormal run of cold weather with a nine-degree minimum, a new record for Jan. 28.

The reading also was low for the year but well above the minus one of January 1947 and the all time record of seven below on Feb. 8, 1933.

Evaporation in the face of frigid temperatures removed most of the ice mantle and restored a greater degree of safety to traffic.

It also influenced school authorities in their decision to carry on classes without interruption. Attendance, which was off about 30 per cent on the whole Tuesday, was up sharply Wednesday although the temperature actually was lower.

While two score West Texas cities experienced great difficulty with gas pressure, the situation here was generally normal. In the face of an almost unprecedented demand, Empire Southern Gas company officials asked Cosden to ease on its take as a stand-by measure until it was apparent what the domestic picture would be.

Pressure was climbing steadily at mid-morning. Only exception to satisfactory pressure was in areas where development was greater than anticipated in the original installation of lines. C. H. Rainwater, manager for Empire, said such sections were being checked closely and were being earmarked for enlargement.

In only one spot did the pressure get unduly low—in the northwest quarter of the city, and here crews made a temporary connection from another loop to relieve the situation. Pressure on lines from the source of supply in Andrews county was constant and normal.

Bus service was restored almost to normalcy. East and west service was restored, but traffic was being routed by Greyhound around by Breckenridge to avoid the impassable condition of the iced-over Ranger hill.

To the north, schedules were going smoothly. American Bus runs to the east were back on U. S. 80 Wednesday morning after going via Breckenridge Tuesday.

Continental, American and Pioneer Air lines all were back on schedule Wednesday, some having operated flights Tuesday evening as skies broke. Trains, weighted with heavy demands, ran slightly behind schedule but were reducing the margin Wednesday.

Evaporation and blowing helped alleviate the livestock situation some, but poorer cattle were still in danger for the forecast, while offering hope of moderation, did not indicate sudden rises.

Negroes Will Try Enrollment At OU

NORMAN, Okla., Jan. 28. (AP)—Five Negroes planned attempts to enroll in various schools of the University of Oklahoma at Norman today in a move to force a showdown on the state's constitutional requirement for racial segregation in education.

A reliable but unofficial source in Langston University, the state's only Negro institution of higher learning, said the five would appear at the registrar's office this afternoon. Langston is 62 miles north of Norman.

There was no indication what immediate effect such a step would have on plans to open a new semester at the university here on Thursday.

Meanwhile, there were reports that some white students might attempt to organize a walkout here in protest against the university's rejection of the enrollment application of Mrs. Ada Lotts Sipuel Fisher, 23 year old Negro.

Concho Highway Projects Approved

AUSTIN, Jan. 28. (AP)—The state highway commission yesterday authorized 27 projects for construction and maintenance of highways.

ICE-BREAKER WORKS TO FREE BOATS — An ice-breaker in front of a tug (foreground) chugs up the Illinois river near Ottawa, Ill., to release coal and oil barges (background), blocked by the heavy ice. The breaker had to keep on a continual move to free the boats and keep river traffic moving. (AP Wirephoto).

REGIME THREATENED

Gold Plan Holds Fate Of Schuman

PARIS, Jan. 28. (AP)—Premier Robert Schuman's government will fall if the national assembly votes down his gold program, a cabinet spokesman said today.

Defeat threatened the gold proposal, an integral part of the government's monetary program devaluating the franc and setting up a free money market.

Schuman pleaded for support from the socialist party to have the program. The socialists, although represented in the cabinet, decided unanimously in a caucus yesterday to free trade in gold in France.

Secretary of State Pierre Abelin told newsmen after a cabinet meeting—the second in 12 hours—the government could not continue if the gold clause met defeat.

Schuman, Foreign Minister Georges Bidault and Finance Minister Rene Mayer went before a meeting of socialist deputies after the cabinet session in an attempt to swing the socialists behind the proposal.

The devaluation and money market measures already have been put into effect by cabinet decree. Parliamentary approval is necessary only for the gold bill.

Socialist Cabinet ministers approved the gold measure before it went to Parliament. Since the deputies of the party have voted to oppose it, there is a possibility Schuman may decline to keep the socialists in his cabinet.

Bolivia Under State Of Martial Law

LA PAZ, Bolivia, Jan. 28. (AP)—Bolivia is under state of martial law today. The government announced it had discovered a "revolutionary plot."

The siege was proclaimed yesterday upon publication of photostatic documents which, the government said indicated a revolt was to have started at 5 p. m. Sunday.

Blizzard Sweeps New Mexico

Cold, Snow And Ice Deal Further Blows Over U.S.

WINTER'S relentless siege of cold, snow and ice dealt further damaging blows to a wide section of the country today.

Industrial Holiday Helps Boost Supply

Severe Cold Spell Causes Emergency

Gas was cut off to industries and schools in 377 Texas and Oklahoma cities and towns today in an emergency move to save fuel for homes in the most severe cold spell in many years.

The Lone Star Gas company, serving 333 Texas and Oklahoma communities, announced in Dallas it was ordering a general curtailment of industrial and school service because of fuel demands "without precedent in the company's 38 years of history."

Earlier, the West Texas Gas company, serving 44 cities and towns in the South Plains area, including Lubbock and Midland clamped on a similar shutdown.

Sub-freezing weather spread over the entire state last night, with the lowest reading six degrees below zero at Dalhart, in the extreme northwest. Snow fell during the night and morning over most of the state, as far south as San Antonio.

Air, rail and highway travel conditions showed a general improvement as snow and cold replaced the freezing rains which laid an ice sheet over much of the state earlier in the week.

In addition to the natural gas emergency, shortages of bottled (butane and propane) gas were causing distress in many suburban and rural sections.

The prolonged cold was beginning to have its effect on livestock. Ranchers in the Midland area of the South Plains were feeding their cattle and reported that they were beginning to draw, or lose weight. Livestock suffering also was reported in the Llano area, where the temperature this morning was 17 degrees, the coldest of the year.

The countryside around Llano was covered with a light coat of snow and light flurries continued.

Wire communications continued to be badly disrupted. The Southwestern Bell Telephone company, which yesterday reported about 550 long distance lines out of order, said today that the situation was about the same. While some lines had been restored, others were put out of order by continuing icing conditions in the southeast.

Mayor C. A. Bestwick of Lubbock, one of the largest cities affected by the gas shortage, asked business houses there to remain closed today and all residential users to use as little gas as possible. Temperatures throughout the area were only a few degrees above zero.

An official said the emergency was "due to severe weather making a tremendous pull on our lines."

Snow was general today in West Texas from the Panhandle to El Paso, extending as far south as San Antonio and as far east as Dallas.

The West Texas Gas company earlier had said that all schools in its area would be closed today to save gas for home consumption. Leveland, about 30 miles west of Lubbock, was cut off from gas supplies yesterday from 3:30 p. m. until shortly before 10 p. m.

REFUSED TO BARGAIN?

General Motors Is Charged With Unfair Labor Practice

WASHINGTON, Jan. 28. (AP) — Robert N. Denham, general counsel of the National Labor Relations Board, today charged General Motors corporation with an unfair labor practice under the Taft-Hartley Law. He alleged it refused to bargain with the CIO Auto Workers union on an insurance plan.

Denham's complaint to the NLRB was based on charges brought by the union Jan. 22.

A hearing was set for February 10.

NLRB officials said the formal complaint clears the way to seek a court order for General Motors to stop the alleged unfair labor practice.

Denham charged GM with (1) refusal to bargain on a union proposal for an insurance plan, and (2) attempting to compel GM's 250,000 workers to accept a company-arranged insurance plan.

The complaint said the CIO-UAW has tried for several years to win an agreement on an insurance plan giving workers payments for sickness, accidents, medical or surgical treatment, hospitalization or death.

Thirty Three Believed Dead In Plane Crash

FRESNO, Calif., Jan. 28. (AP) — Thirty-three persons were believed to have perished today as a chartered airliner crashed in the diablo section of the coast range near here. There were no survivors.

The Civil Aeronautics administration at Oakland said the crashed plane left the Oakland airport this morning with 28 Mexican nationals, all agriculture workers, a U. S. immigration department guard, and a crew of four fliers.

By 11:30 a. m. nineteen bodies had been removed from the smoking wreckage.

The plane crashed 20 miles west of Coalinga, and about 75 miles from Fresno.

Med Willmarth, superintendent of the Fresno county industrial road camp, reported the crash. It occurred about two miles from the camp. Willmarth dispatched an ambulance and fire truck.

He said 10 bodies had been removed and others were seen in the crashed plane.

The body of a man, tentatively identified as Willie Scott, probably of Lamesa, was found today in an overturned truck 15 miles west of Lenorah on the Stanton-Andrews highway.

The body was brought here to Eberly Funeral home.

Information immediately available indicated that the man had been crushed when the truck in which he was riding overturned. The body was not discovered until around noon Wednesday, when the sheriff's department at Stanton was notified.

State Files 'Hot Oil' Suit

AUSTIN, Jan. 28. (AP)—Suit to recover penalties for alleged over-production of oil in the Saxet and Saxeit Frio fields of Nueces county has been filed against the Richardson Petroleum company and others in 98th district court here.

Assistant Attorney General Willie E. Gresham, who prepared the suit, said it was the first "sizeable" one of its kind to be filed by the state in many years.

He said it was an "old case" that had been pending for investigation in the attorney general's office for several years, but that this was the first time the state has taken it to court.

Named as defendants in the suit were the Richardson Production Co., the Richardson Petroleum Co., W. A. Richardson, James G. McCarrick, A. C. Erwin, N. Erigan.

The state's petition claims that the alleged over-production of oil and other asserted violations of railroad commission rules began in 1936 and continued through March, 1941, in the amount of 107,000 barrels.

The union's contracts run to April 1949, but provision was made for the wage section to be re-opened by request on April 1, 1948.

'HOW COULD YOU'

Britons Shocked At Actress' Observations Of Their Land

LONDON, Jan. 28. (AP)—Hollywood screen star Loretta Young's observations about her recent trip to London hit the front pages today. The reaction generally was a shocked but restrained: "Loretta, how could you!"

Miss Young was quoted as saying British factory workers faint every day around 11 o'clock for lack of food. She said, according to the published quotes, that Englishmen have beards because there are no razor blades available, that people walk on cardboard patched shoes. She

tromped on a lot of toes when she said that fish—the partner of chips—is fried in paraffin because of lack of fats.

The actress, commenting on London press reaction to her recent remarks about conditions in England, today made this statement: "I have no apologies to make for any accurately interpreted statement I saw in England but I do refuse to accept responsibility for authorship of inaccurate or garbled quotations attributed to

me or quotations emotionally interpreted. "My every expression has reflected my deep respect for the magnificent courage and unity with which England, rich and poor, shares the austerity restrictions of its present postwar situation.

"Specific replies to such garbled, generalized statements as have been reportedly attributed to me in the London papers will be made as soon as I am fully informed as to what I am supposed to have said in the first place."

Wales Resists Woman Worker To Favor Men

AP Newswires. LONDON—The Labor Government's current industrial aim in Wales is to make new industry fit the sex of the unemployed. The preference is for men, the resistance to women. "The problem is now to provide for a number of relatively small pockets of male unemployment," says a report on government action in Wales, "and it is upon these areas that activities aimed at attracting new industry are now mainly concentrated."

Rebekah And IOOF Heads Installed In Knott Lodges

KNOTT, Jan. 28 — Installation of officers has featured the meetings of the Rebekah and the I. O. O. F. lodges here. Those taking office at the hands of the Big Spring Rebekah lodge installation team were Lela Clay, vice-grand; Enna Coker, secretary; Nora Gaskin, treasurer; Pearl Jones, warden; Maurine Hanks, musician; Minnie Unger, right support to noble grand; Lola Myers, left support to noble grand; R. H. Ungger, inside guardian; P. O. Coker, outside guardian. Vera Gross was to have been installed as noble grand but was absent due to illness. Jewel Smith, out-going noble grand, will be installed later as chaplain along with Ruth Taylor as conductor.

Among those attending from Big Spring were Rosalee Gilliland, Evelyn Roger, Lenora Amerson, Nanale Adkins, Alma Crenshaw, Sonora Murphy, Della Herring, Ruth Wilson, Lois Forestry, Maggie Richardson, Billie Parker, Tracy Thomason, L. M. Parker, Eula Pond, and A. F. Gilliland from Big Spring. Mrs. Irene Nichols, Sand Springs; Gertie Hill, Mary Brown, Maurine Hanks, Lela Clay, Jewel Smith, Enna Coker, Pearl Jones, Nora Gaskin, Lola Myers, Minnie Unger, R. H. Ungger, C. O. Jones and P. P. Coker.

Officers heading the I. O. O. F. lodge are: Jimmy Clay, noble grand; P. P. Coker, vice-grand; J. T. Gross, chaplain; Jack Thomas, right support to noble grand; J. J. Kemper, left support to noble grand; Ellis Iden, right support to vice-grand; Jim Pardue, left support to vice-grand. Others attending installation ceremonies were Porter Hanks, R. H. Ungger, F. L. Bass, O. B. Gaskin and Joe Bass.

Mr. and Mrs. J. E. Brown visited with their daughter, Mrs. H. M. Battenfield, and husband at Clovis, N. M. during the weekend. Mr. and Mrs. C. O. Jones and family were visitors Sunday in the home of their son, C. O. Jones, Jr. and family. While there, Mrs. J. H. Henson, mother of Mrs. C. O. Jones, Jr., was honored with a birthday dinner.

City Designates Industrial Area For North Side

City commissioners Tuesday agreed to take necessary steps required to designate an industrial area on a segment of the Lamesa highway. Dr. Lee O. Rogers, member of the zoning adjustment board, presented the proposal, which, if enacted, would permit industrial establishments to occupy property along the highway and on shorter lengths of several intersecting streets. Dr. Rogers said the zoning adjustment board had received numerous requests from property owners in the area involved requesting the industrial designation. In view of the apparent demand, he said it was the opinion of the adjustment board that the original zoning schedule did not provide sufficient industrial space for the north side. Some industrial space already is available, but he pointed out that locations are definitely undesirable for certain types of industry. Commissioners instructed the city manager and the city attorney to prepare the required notices and proceed with plans for making the adjustment. A public hearing on the matter probably will be held on Feb. 24.

Dale Stanaland Has Birthday Anniversary

Mrs. H. B. Stanaland honored her son Dale with a party Saturday afternoon on his seventh birthday anniversary at their home. Refreshments were served to Carol Sue and Roberts Hines, Gayle Wyatt, Sharon Seals, Jane Ronald Bredemeyer, Robert and Guin, Ronald Bredemeyer, Robert and Terry Isbell, Lynn Stanaland, Mrs. Walter Bredemeyer, Mrs. Tom Guin and the hostess and honoree.

Birthday Banquet

The annual birthday banquet of the First Baptist church will be held at the church Thursday evening at 7:30 p. m.

Firemen Ladies To Meet

The Ladies Society of the Brotherhood of Locomotive Firemen and Engineers will have a covered dish luncheon at 12:30 Friday for the purpose of studying the new work. All members are urged to attend.

Silesian Workers Form Opera Company

WROCLAW, Poland (AP) — A workers opera company is being formed in this Lower Silesian city. Fifty singers have been chosen out of 200 voice tests. Six persons are being sent to the Chopin Music School in Warsaw where they will receive free singing lessons.

Choir Will Not Practice

The First Methodist church choir will not meet for rehearsal tonight as was scheduled because of the inclement weather.

Nursing Class Dismissed

Red Cross Home Nursing class will not meet Thursday, Jan. 29, due to the weather. However, classes will be resumed Monday evening at 7:30 p. m. at the Red Cross Headquarters.

HD Club Organizes In Centerpoint

A Home Demonstration club was organized in the Centerpoint community Friday evening at a called meeting in the school building.

DIOR... "End-of-the-day" dress in changeable aqua satin with full skirt.

Circle Four Meets With Mrs. Harrell

Circle four of the Women's Missionary Union of the East Fourth Baptist church met in the home of Mrs. C. M. Harrell Monday afternoon.

Mrs. Edna Perkins gave the devotional. Mrs. Harrell led in prayer and plans were made to construct Valentines to take to the hospitals. Those present were Mrs. Doris Reid, Mrs. Edna Perkins, Mrs. Jack Foree, Mrs. E. L. Collier, Mrs. W. F. Harrell, Mrs. W. W. Brockett, Mrs. Buddy Clinton, Mrs. Tommy Malone, Mrs. Lois Whatley and the hostess.

John A. Kee Rebekah Lodge Has Meeting

Members of the John A. Kee Rebekah Lodge discussed plans of attending the school of instruction at the George Knoff Lodge in Odessa on Feb. 11. Ben Miller presented Beatrice Vieregge with the past noble grand pin. Zula Reeves, noble grand, presided. Fourteen members were present.

Century Class Surprises Member

Following the monthly business meeting of the Century class of the Presbyterian Sunday school Monday evening, members adjourned to the new home of Mr. and Mrs. W. S. Talbot for a surprise house warming.

Gifts were opened and displayed and Bunco was played as entertainment. Refreshments were served to Mr. and Mrs. F. H. Talbot, Mr. and Mrs. Russell Hoover, Mr. and Mrs. W. S. Talbot and Blake, Mr. and Mrs. Dale Puckett, Mr. and Mrs. Bill Reinwald, Mr. and Mrs. Pat Stacey, Mr. and Mrs. Johnnie Johansen, Mr. and Mrs. Al Aton, Mr. and Mrs. Paul Seldan and Kathleen, Mr. and Mrs. Ernest Barber and Sharon and Sally Norton.

Legion Auxiliary Postpones Meetings

There will be no meeting of the American Legion Auxiliary Thursday, Jan. 29. Scheduled business meetings of the Auxiliary are on the first and third Thursdays of each month. Also, due to the weather, the Friday night Teen-Ager's dance will be postponed until a later date. Blue whales often exceed 100 feet in length and 100 tons in weight.

ARE YOU DISCOURAGED because you suffer distress from 'periodic' FEMALE COMPLAINTS

which makes you NERVOUS, HIGH-STRUNG on such days? Are you troubled by distress of female functional monthly disturbances which makes you suffer from pain, feel so nervous, cranky, restless, weak—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent medical test it proved remarkably helpful to women troubled this way. Why don't you get smart and try it yourself? Pinkham's Compound is what Doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

NEAR MILLION MARK

Big Spring Pulling Down Bonded Debt

The City of Big Spring gradually and steadily is pulling its bonded debt down to the million dollar mark.

Reports of December operations to the commission Tuesday evening showed retirement of \$2,500 of principal during the month, reducing the total debt to \$1,011,000. Interest and sinking fund balance was \$37,385.

Cooler weather dropped water and sewer receipts, for the amount of water metered during the month was 41,686,000, a decrease of 11,830,000 from November but an increase of 7,440,000 over the previous December. Value of the water was \$15,668.77, a decline of \$2,882 from November. Actual collections in December (on November accounts) showed \$22,663 for water, sewer and garbage service.

General fund balance at the end of December stood at \$91,183. Re-

ceipts for December amounted to \$50,720 (\$19,444 in transfers) and disbursements \$45,292. Other than water, etc. chief sources of revenue were current taxes \$7,134, delinquent taxes \$1,514, fines and court costs \$1,819, gas franchise \$1,789, new taps \$570.

In non-tax revenue funds, the picture was this:

Airport — Receipts \$13,534, expenditures \$16,859 (including \$7,399 transferred to general fund), balance \$26,069.

Cemetery — Receipts \$536, expenditures \$1,314 (to general fund), balance \$7,519.

Swimming pool and park — Receipts \$480, expenditures \$800, balance \$130.

Parking meter—Receipts \$2,787, expenditures \$2,288, balance \$7,217.

Special paving — Receipts \$1,570, expenditures \$731, balance \$19,807.

FIRST STEP MADE

Legal Action May Be Taken To Collect Delinquent Taxes

First step was taken Tuesday evening toward collection of delinquent taxes on city rolls, as commissioners indicated that legal action might be taken to obtain some \$20,000 that has accumulated on the books.

By formal vote, city commissioners requested that the city manager and city attorney confer with other tax collection agencies to determine if joint proceedings can be instituted in the near future.

The city took similar proceedings against several accounts approximately 10 years ago. In comment prior to formal vote on the matter, commissioners expressed belief that delinquents should be cleared from the rolls now in view of high

percentage of collections.

In other action, commissioners agreed to accept a non-interest bearing note from the Big Spring Independent School district for an amount sufficient to cover the school's part of paving costs on Goliad street from Ninth to 11th Place. The school board had agreed at a meeting earlier in the week to issue the note. Payments from all individual property owners, except one, on the street are being held in escrow. City Manager H. W. Whitney said, and acceptance of the school's note will assure the paving.

A petition signed by residents of Park Hill and West Cliff additions requesting street lights in those areas was read to the commission by Mayor G. W. Dabney. Plans for the lights are being developed.

Trans-Texas Airlines Sets Proving Flights

McALLEN, Jan. 28. (P)—Proving up flights to precede regular operations of Trans-Texas Airlines into the tri-cities municipal airport and on to Brownsville are to be flown soon.

Merle Huston, manager of the airport, said yesterday that the tri-cities port, formerly Moore field army air base, already has been approved by CAA inspectors for airline use and that Trans-Texas is now meeting compliance requirements for CAA certification.

The move will extend present Trans-Texas flights from Eagle Pass to tri-cities to Brownsville.

Truman Nominates Texas Postmasters

WASHINGTON, Jan. 28. (P)—President Truman has sent to the Senate these postmaster nominations for Texas:

William R. Ginnings, Frisco; Ernest A. Cryer, Jr., Hamshire; Herschel P. Cown, Kernes; Robert A. White, La Porte; Homer O. Gainer, Melvin; Marvin C. Warncke, Needville; Pearl H. Hardy, Shepherd; Dessie K. Bowden, Whiteface; Richard A. Bowers, Caldwell; Louise I. Lintelman, Crosby; Euna C. Kelly, Freer; Sam S. Devall, Hallettsville; Roy B. Hennington, Caultley.

Frozen Body Is Found At Scene Of Car Mishap

DALLAS, Jan. 28. (P)—The frozen body of a Corsicana telephone company executive was found at the scene of a car crash here at 3 a. m. today, three hours after his car left the road at a curve and overturned five times.

Dead was Fred C. Trower, 54, manager of the Three States Telephone Co. of Texas at Corsicana.

Deputy sheriffs attributed the accident to icy roads. The accident was reported by Mrs. W. O. Anderson, who told deputy sheriffs that she arose at 2 a. m. to care for a sick child in her family and noticed the glowing lights of an automobile which seemed to be parked in her driveway. When it was still there an hour later, she called the sheriff's office.

Officers said that Trower's body apparently was thrown from the car on the first or second time it overturned and then the car rolled across and crushed him. A smashed wrist watch he wore was stopped at 12 midnight, setting the time of the crash. They said that during the three hours of lying there in the sub-freezing weather the body was frozen completely.

Recommendations Made To Improve Texas Prisons

FREEPORT, Jan. 28. (P)—Gov. Beauford H. Jester had at hand today sweeping recommendations for improvement of the Texas prison system as he completed a two-day inspection tour of Texas' penal institutions and inmates.

With prison manager O. B. Ellis as his guide, Jester made a rapid fire dash to dark trip yesterday through the headquarters of the system at Huntsville, Wynne, Goree, and Ramsey No. 1 and 2 prison farms.

Today he plans to visit Retrieve, Clement, Central and Harlan prison farms, returning to Austin tonight.

The governor said Ellis' recommendations for reorganization of the system's financial operations and for general improvement in its facilities and means of handling inmates were "very sound."

Following a tour of the main unit at Huntsville, Ellis told Jester that a sound financial basis, better segregation of prisoners, and more efficient and experienced personnel were the most important problems.

Paris Press Club New Officers

PARIS. (P)—George Slocombe of the Toronto Star and feature writer for the New York Herald Tribune, has taken over the gavel as president of the 48-year-old Anglo-American Press Club of Paris from Henry Cassidy, NBC, retiring president.

Other new officers of the club are British vice president, Michael Wilson of the London Express and American vice president, Geoffrey Parsons, editor of the New York Herald Tribune.

Newly elected to the board of directors are: British—Harold King Reuters, Walter Farr, Daily Mail, Ronald Mathews, Daily Herald; Gerald Norman, the Times.

American—Robert Eunsou, The Associated Press, Joseph Grigg, United Press, Andre Leguerre, Time and Life; Harold Calendar, New York Times.

In modern steam turbines, steam is used at temperatures equal to those which would make iron glow a dull red.

Family Together After 23 Years

VILONIA, Ark. (P)—Mr. and Mrs. E. C. Hooks, who reside two miles east of Vilonia, finally got together several times but each time, at least one child was missing until recently when the oldest, youngest and the intervening three showed up at the same time.

King's Birthday Stays As Holiday

NEW DELHI. (P)—The date of the king's birthday will continue to be a public holiday in the Indian dominion according to the list of gazetted holidays.

It shares this honor with Mahatma Gandhi's birthday on Oct. 2 and the date of the country's independence, Aug. 15.

Just Exercise

BUTTE, Mont. (P)—A Butte city jail prisoner was given permission to use a telephone and walked out while the jailer's back was turned. Picked up a short time later as he strolled near the jail, he explained "I just wanted to get a little exercise before dinner."

PHILLIPS 66 GIVES YOU...
A TIP ON CUTTING YOUR OIL COSTS!

HERE'S THE LOW-DOWN FOR EVERY MOTORIST WHO WANTS TO CUT COSTS!

Yes, it gets more important to save pennies every day. So here's our suggestion to you...

You'll find two fine motor oils on sale at Phillips 66 stations—the regular Phillips 66 Motor Oil and the premium grade Phillips 66 Premium Motor Oil—of course, the regular grade costs less.

Now, if your car is an older model, or if you just use it around town, we recommend that you ask for Phillips 66 Motor Oil—the regular grade. This is a fine oil that has been pleasing Phillips 66 customers for years.

But if you've just bought a car and want to keep it in top-notch condition, if you drive your car long and hard—then ask for Phillips 66 Premium Motor Oil. Care of your engine from the very first is one of the best guarantees against expensive break-downs—and that's real economy!

Economize with Confidence

CUPID IN STATE HOUSE

**Two Governors
Are Newlyweds**

AP Newsfeatures
STATE governors are finding their way into the romance department of national news.

Two governors recently were married. A third apparently has Cupid guessing.

Gov. Thomas J. Herbert of Ohio, 54-year-old widower, and Mildred Helen Stevenson of Indianapolis, 40-year-old divorcee, were married Jan. 3 after a courtship of almost a year.

They had first met in a doctor's office, to which the governor had gone for treatment of a leg wound suffered in the first world war. Miss Stevenson was a nurse there.

And what the governor of South Carolina said to the secretary of the governor of South Carolina also produced romantic news. Last Sept. 13, Gov. J. Strom Thurmond called in his secretary, 22-year-old Jean Crouch, to dictate a letter, starting, "My darling Jean."

Like any other nervous suitor, the governor fumbled the ball for two paragraphs and finally got down to cases in the third wherein he gently suggested that "we should get married before too long."

Two months later, she and the

44-year-old governor were married.

The new first lady of South Carolina first met his excellency at a political meeting six years ago, saw him again in November, 1946, and last April, when the governor was a judge in a beauty contest, she was selected by him as "Miss South Carolina." Two months later, after her graduation from college, she accepted his invitation to become his secretary.

Then, there is "Big Jim" Folsom of Alabama. The 6-foot, 8-inch, 260-pound governor was invited last September to Harlingen, Texas, as guest of honor at a three-day event called "Air Day in Texas." The governor of Alabama accepted on condition that the governor of Texas would arrange a date with the "prettiest girl in Texas." Texas obliged with a date with blond Del Bradford, "Sweetheart of the University of Texas."

Gov. Folsom flew to Harlingen and didn't miss a trick there. He kissed not only the "Sweetheart of the University of Texas," but also "Miss Texas," "Miss Houston," "Miss Brownsville" and other attractive young women who happened to cross his line of vision. Last August there were rumors of a romance between the governor of Alabama and the daughter of Gov. Earl Warren of California. But Gov. Folsom is still a bachelor. At this writing, that is.

Monumental Theft

LONGMONT, Colo. (AP)—The biggest theft in his career is puzzling Deputy Sheriff Doris M. Teagarden.

Missing: a six-foot marble monument. And its absence first was noted by a man making his annual visit to a family plot in Burlington cemetery near Longmont.

**JayCees Hear
Show Report**

Reports on the success of the JayCee-sponsored 4-H club show Jan. 21-22-23 were made at the Tuesday luncheon session of the Junior Chamber of Commerce by Lloyd Wooten, president, who told that total receipts of the sale amounted to \$20,000. The show, first such affair to be sponsored by the JayCees, was cited as the most successful of the 10 previous shows.

Button awards earned in the membership drive during November were given Durward Lewter, whose button boasted 10 stars denoting 10 new members; Lloyd Wooten, five stars; and Rad Ware, five stars.

Lewis Hefner was appointed tail-twister. Wooten announced the district Junior Chamber of Commerce convention to be held in San Angelo Feb. 7-8, and expressed the desire that at least 25 JayCees would attend. The state J.C. meet will be held in El Paso April 15-17 and the local club may delegate five members. Members were reminded of the JayCee-sponsored poll tax dance Wednesday at 9 p. m. at Hotel Settles with Jack Free's orchestra. Introduced as a new member was Jim Harvey, and Vic Alexander was present as a guest.

The first life insurance company in America, organized in 1753, was called "A Corporation for the Relief of Poor and Distressed Presbyterian Ministers and of Poor and Distressed Widows and Children of Presbyterian Ministers."

**Swiss Freeze Wages
And Living Costs**

BERN (AP)—The Swiss government has adopted the principle that there shall be no living costs and salary increases before the end of October, 1948.

The action was intended to arrest an inflationary tendency. Among a series of exceptions was one that permitted wage increases in cases where it was necessary, to re-establish the pre-war real wages in relation to the cost of living.

Although the United States used about six times as much power delivered through public utility plants in 1943 as it did in 1918, it used only about twice as much coal to produce that power.

MEN! GET PEP..

Preserving Our History In Song

John A. Lomax, who spent a lifetime in quest of folk songs, died Monday evening in a Mississippi hospital. He had gone back to Mississippi on a program and because he wanted to appear in his native state with his son.

It is related that years and years ago a university professor told him that the songs he had picked up were cheap and trashy. By some standards, he likely was right, but by the standard of down-to-earth expression many of the ballads were priceless.

Some of them were more than the epitome of flavor, for they had a character and a tune for popularity and endurance. "Home on the Range" is a folk song, but it is vastly more than that today all over the

country. It's sort of a second national anthem in the Southwest; it's an easy, pleasing song elsewhere; it's a piece that even polished singers include in their portfolios.

Who has heard jogging rhythm of "Git Along, Little Dogies" without experiencing a feeling of the cowhand poking along the trail of the herd? Then there's the king pin of most western songs, the plaintive "Bury Me Not On the Lone Prairie."

As musical masterpieces, most of the tunes and lyrics Lomax managed to collect fell as far short as these feeble words would of some talented writer. But in preserving the music of the early West, John A. Lomax has given a great and distinguishing service just as though he had been a meticulous and exacting historian.

The Experience Might Be Helpful

Newspapers go from one state of emergency to another, whether momentous ones or teapot tempests. Of such is much of the news made. Take the cold spell, for instance; it's a case in point. The weather itself has made news, not so much for severity but for persistence. In addition, the host of cancellation notices for various clubs and organizations has furnished more copy. And maybe by the time this plays out, the weather will moderate and everyone will be in a hurry to catch up.

In the meantime, we might utilize the occasion for "Get Acquainted Week" in the home. With nowhere else to go, per-

haps the family can assemble around the fireside for a few quiet evenings. There might even be some dominoes, checkers, or a few hands of hearts, rummy or what have you. And in the course of the evening, Mama might blossom with a heaping bowl of pop corn, a plate of taffy, or a supply of red, mellow apples.

It will be a fine experience to find we won't die of boredom. Actually, generations before us grew up around the fireplace and wood stove and found the atmosphere pretty wholesome and enjoyable.

The Nation Today—James Marlow

ABC On Devaluation Of Franc

WASHINGTON, D.C.—Here's an ABC on why and how France devalued the franc over the weekend.

Devaluing it means only that a dollar is now worth more francs and can buy more French goods than before.

Last week a dollar, worth 119 francs, could buy French goods worth 119 francs. Now it's valued at 214 francs and can buy goods worth that much.

Prices are high in France and France wants us to buy more of her goods by letting us get more for our money.

It has a double reason for that: it wants to keep France prosperous by better trade and it wants to get more dollars into France.

It needs those dollars because it has to buy from us things very important to France, like food.

When we sell to France, we want to be paid in dollars.

Why, since the French want dollars when they sell to us,

don't we want francs when we sell to them?

Because we have more to sell France than France has to sell us. If we took francs, we'd wind up with more francs than we could spend in France.

So France devalued the franc to sell us more of her goods and let more of our dollars to spend here.

This all may look simple. It's not quite so simple when francs and dollars start changing hands.

That's because the French government really has set up two values on the dollar: an "official" value and a "free market" value.

(That free market used to be France's black market. Now that it's recognized by the government, it's called a free market.)

The official value of the dollar is 214 francs. That's fixed by the government. It's unchanging. From now on the government will always pay out 214 francs for a dollar.

The free market is different.

It's not backed by the government. The value of the dollar on the free market can change daily.

If you're an American tourist in France today you can get 360 francs for your dollar on the free market or 214 on the government market.

All this about the free market is what happens inside France to the value of the dollar. Now take dealings in dollars outside France.

Say a French hat exporter wants to sell to an American importer. He'll have to do his outside-of-France trading according to the official value of the dollar.

Say that last week, when a dollar officially was worth 119 francs, a hat sold for 107 francs.

Today, with the dollar worth 214 francs, the American importer can buy two of those 107-franc hats for only one dollar.

That looks like a good deal for the American. But it's not a bad deal for the Frenchman.

Palestine's Future—Max Harrelson

First Big Showdown Due In April

IN IMPLEMENTING the plan to partition Palestine, the United Nations may strike the first snag as early as Feb. 1.

That is the date fixed by the General Assembly for Britain to make available a major port and a sizeable hinterland for the Jews to begin large-scale immigration.

Britain already has informed the U. N. Palestine Partition Commission that she would not comply with this part of the partition plan. The commission was expected to transmit Britain's declaration to the security council within the next few days without comment.

British representative Sir Alexander Cadogan also told the commission Britain would continue the present immigration quota of 1,500 a month until the mandate is terminated, May 15 or possibly earlier.

While it is generally agreed that the immigration question is a vital issue in the partition

scheme, most delegates feel that failure of the British to meet the U. N. timetable would not provoke a major crisis.

April 1 is the date expected to bring the first major showdown. That date is important for two reasons:

1. The security council must act if the commission has not set up provisional governments of the proposed countries by then.

2. The Palestine commission itself is directed to set up an economic union if the provisional governments have not done so by April 1.

The present Arab attitude makes it possible that the Council and the commission may have to try to put these two phases of the partition plan into effect over Arab defiance.

This situation is complicated further by Britain not terminating her mandate until May 15. She does not want the U. N. commission to arrive until shortly

before that time.

The U. N. timetable, calling for establishment of the two independent countries by Oct. 1, makes it urgent that provisional governments be ready to function April 1.

This would allow a maximum of four months for the establishment of administrative staffs and security forces in the two countries by Aug. 1, the date Britain has set for the completion of her withdrawal. Most officials say even four months is too short to set up and train the necessary forces.

The big question, however, is how can the U. N. set up either a provisional government, an Arab security force or the proposed economic union if the Arabs refuse to cooperate. These are all specific obligations of the Palestine commission and the Security Council. Their main task is to find a way to carry them out

Texas Today—Clayton Hickerson

Blood Needed For Urgent Calls

Two years ago a station wagon with police escort tore through Dallas, over to Fort Worth and on to Weatherford carrying a rare type blood for transfusion to a woman injured in an automobile accident.

The bleeding woman knew she had RH negative blood, found in only 15 per cent of the white population, and refused transfusion until the blood could be brought from Dallas.

Her life was saved because the blood got there in time.

Life hangs in the balance when an urgent call for blood comes. Doctors have no time for peering into microscopes or digging into files.

When the wounded from the Texas City disaster started pouring into Galveston's John Sealy hospital, the first 30 transfusions were RH positive blood, the most common type.

"This was an emergency," said Dr. William Levin of John Sealy. "Those people needed blood immediately and they got it. After that we could take time to check and match blood exactly."

Texas City patients have reported no major reactions from blood transfusions, Dr. Levin said.

Typing of blood into its four major groups began in 1900. The RH negative and positive factor was not developed until 1940. About 85 per cent of the white race, male and female, have the RH factor in their red blood cells and are designated RH positive, the 15 per cent who lack the

factor are said to be RH negative.

"Reactions from blood transfusions occur rarely from wrong typing," said Dr. Joseph M. Hill, director of the Buchanan Hill Center of Dallas. "The major part of reactions depend on the allergy or susceptibility of the patient."

Typing is not a factor in plasma, because it is dried and processed blood.

Albumin, which is taken from plasma, often is used for shock.

FRIENDLY BUT MODEST VINCENNES, Ind. (U.P.)—For 31 years Court Clerk Allie A. Arnold, using the courthouse records, mailed birthday greetings to hundreds of people in Knox County. Efforts of his friends to return the favor hit a snag. He keeps his own birth date secret.

NOBODY BARRED ITHACA, N. Y. (U.P.)—To insure a full house at a student tea at Cornell University, the committee invited "anyone with a birthday in 1948."

SIGN OF RESENTMENT MUNCIE, Ind. (U.P.)—Muncie police are looking for someone they think may not like them. A patrol car discovered a large quantity of shingle nails scattered over the police station parking lot.

"But its cost is prohibitive," explained Dr. John Elliott of Miami. "Only 100 cc of albumin can be gotten from 500 cc of blood."

Dr. Elliott reported also that experiments have been conducted in the use of bovine albumin "but none has proved that it can be used without danger."

Washington Merry-Go-Round—Drew Pearson

Eisenhower's Hint To MacArthur

WASHINGTON — When Gen. Douglas MacArthur failed of reappointment to a second term as chief of staff and sailed to organize the Philippine constabulary, he took with him to Manila one of the bright, up-and-coming men of the Army—Lieut. Col. Dwight Eisenhower.

But after some time in the Philippines, things didn't go well and MacArthur fired Ike. Eisenhower went back to the U. S. A. to climb to fame and the top command of the American Army.

The fact that MacArthur fired Eisenhower has been denied by MacArthur, but it is true. Since then the two men have not been on particularly good terms. In fact they have not seen each other since.

When Eisenhower finally decided to bow out of the presidential race, therefore, friends close to him say that he got a little extra kick out of inserting the admonition that a military man should not nurture the ambition to be President of the United States. For those lines were aimed directly at his old friend

and commander, the only military man who aspires to be president—Douglas MacArthur.

BATTLE INSIDE KKK The split inside the Ku Klux Klan over the Klan campaign to elect Herman Talmadge as governor of Georgia is one of the most significant developments in Klan history. Grand Dragon Green is not at all happy about it—especially since it happened while he was absent from the last two Klan meetings. Here is the inside story.

At the first January meeting of Klavern No. 1, Atlanta, Dr. Richard Eubank, acting cyclops in Dr. Green's place, made a speech urging unanimous Klan support for Herman Talmadge. Eubank said it was the duty of every klanman to get behind Talmadge and make certain he is elected.

This brought a vigorous, unexpected protest from Klansman Wingate employed by the Bell U-Drive-It company, who said: "I'll be damned if I'll support Talmadge."

He reminded fellow klanmen

that the late Gov. Eugene Talmadge, father of Herman, had broken up labor unions and set up labor concentration camps. He also recalled that the late governor had proclaimed that \$1 a day is good enough pay for any man in overalls.

"You yourself told us," Klansman Wingate reminded the excited cyclops, "that Herman will do everything his old man did. I'm not going to vote for him."

Wingate's statement brought considerable support from rank-and-file klanmen. However, the split went over until the next meeting, when Grand Titan Ransom tried to straighten things out. He made a speech pointing out that klanmen should think of their wives and children and the color problem, and therefore all vote for Talmadge. This, however, failed to heal the breach.

"What do you think brother Wingate was thinking about but his wife and children when he opposed Talmadge?" shouted one klanman from the floor.

Judging from the murmurs of approval, the anti-Talmadge klanmen were just as strong as the Talmadge supporters.

Grand Dragon Green has now returned to Atlanta and held a meeting early last week to try to heal the breach.

With the political exit of General Eisenhower, G. O. P. strategists have decided to use Harry Truman's yen for the military as one of their most effective campaign weapons.

To this end they've prepared an impressive list of generals and admirals now serving in civilian jobs, and this will be thrown at Truman when the campaign gets hot.

This strategy was partly behind the Republican decision to block appointment of Maj. Gen. Laurence Kuter as head of the Civil Aeronautics Board. Ordinarily, South Dakota's Sen. Chan Gurney, a strong friend of the military and chairman of the Senate Armed Services committee, would have dashed in to boost this appointment. But in the private session held between the president and the Senate Armed Services committee, it was Gurney who, taking his cue from the G. O. P. leadership, refused to budge.

RICH PRODUCER ARCADIA, Ind. (U.P.)—Xenia Lassie, a dairy cow owned by Joe H. McCarty, has produced more than twice as much butterfat as the average cow. Her record is 7,597 pounds of milk and 492 pounds of butterfat during a 305-day test period.

HAS OWN PROBLEM BOSTON, U.P.—The wife of an antique clock collector, William J. Connors, "isn't bothered" by all the dusting it takes to keep her husband's 40 masterpieces clean. "It takes a lot more time to run a duster over the 350 dolls in my hobby collection," she said.

HEN DOUBLES UP FALLS CITY, Neb. (U.P.)—A complete egg inside another was laid by an Australorp hen owned by the Rev. Harry Walker. The outer egg was as large as a goose egg. It had its own yolk and white, which surrounded the smaller egg inside.

MAGIC IN REVERSE MUNCIE, Ind. (U.P.)—Essea Connell reversed the old magician's trick and pulled hats out of rabbits. The 64-year-old foundry worker started a hobby of making headgear for his friends. He issued a standing offer to fit his friends with new rabbit-skin hats if they furnish the skin.

Hal Boyle's Notebook

Plea For 'Get Up' Pill

NEW YORK (AP)—I will believe a science the day somebody invents a pleasant way to get up in the morning.

Until then all its victories over time and space are mere hollow mockeries, creating new urgencies to force a man out of a warm bed to meet the chaos of the machine age.

For thirty thousand years the most difficult task any human being has had to face is the problem of getting up in the morning.

In the cave days man got up because he was hungry. That is natural and the only real reason ever to crawl out of a bed. The caveman got up, shook the dew off his beard, grabbed up his club and called to his neighbors. Together they went off to the waterhole, bashed an antelope or a buffalo over the noggin and dragged it home.

The wives cooked it, and the menfolk were through for the day.

Today a man rises and has to brush his teeth and shave before his wife will agree to serve breakfast. He also has to comb his hair—if the worry of modern life hasn't removed it all—put on a clean shirt and scuff his shoes along the back of his trousers so they'll look freshly shined (this leaves him enough to buy a package of cigarets).

Not that all this effort has to be expended even before he sets out for the waterhole where he earns his food—his office or workshop.

Morose and wondering why he ever bothered to get up, he spends eight hours earning his share of the antelope, breathing borrowed air traded back and forth with his neighbors.

When he returns at night,

homesick for his lost jungle freedom, he must resolve his family's conflicts with civilization—junior's troubles with algebra, sister's demand to go to a movie, mama's complaint against the high cost of antelope.

The weary man sags into tired slumber—and wanders in dream the old wind-stirred forest paths where nothing more fearsome than a sabre-toothed tiger could waylay him.

It is significant, I think, that the next morning no pleas of wife or children, no stirring of his own conscience, will get him out of bed. He would rather lie there and starve.

No, years ago it was found something else was needed to make a man rise and face the horror of a mechanical world. The solution was a mechanical contrivance—the alarm clock.

Only to still its terrible jangle will the modern man reluctantly get up, paw the gum out of his eyes, and face the lesser noises of the day. But he is a shaken, pitiful thing.

He fears the alarm clock more than he did the sabre-toothed tiger.

If science really wants to help modern man, it should develop a capsule he can swallow at night, knowing that by some dark chemical magic it will make him leap out of bed at daylight, eager to cope with a world of wheels within wheels—that never stop turning.

Research but dawdles if it can't produce a "get up" capsule—in at least four pleasant-tasting flavors.

BELIEVED IN GOOD

ELKHART, Ind. (U.P.)—Police Matron Bessie Kellogg will retire from the Elkhart police department Feb. 1 without having made an arrest in her 30 years of service. "I've spent my time searching for ways to accomplish good," she said, "instead of catching criminals."

LIFE AVERAGES UP FAYETTEVILLE, Ark. (U.P.)—The average age at the University of Arkansas has shown a decided drop, according to a survey by E. Burke Huber, director of the central housing office. Huber found that married veterans living on the campus have a total of 296 children.

AIR AGE BY-PRODUCT Columbus, Ind. (U.P.)—The Columbus City Aviation Commission reported a profit for 1947 of \$4,225—but not from operation of the city airport. The profit was made on the sale of soybeans grown on the little-used Columbus airfield.

Today's Birthday

ARTUR RUBINSTEIN, born Jan. 28, 1889, gave his first concert in Warsaw at the age of six. The Polish pianist played with the Berlin symphony in his early teens, then toured the world many times. His first tour of the United States was in 1906 and he has been popular in this country since. When his music was put into a motion picture, he made his home in California.

Longhorns Play Here Twice This Weekend

LOOKING 'EM OVER

With TOMMY HART
Leo Meyer, the astute TCU football mentor, is given much credit for discovering Sammy Baugh, the great passer who is still a standout in pro circles after a dozen years of play, but the Dutchman paved the way for Sam to enter school because of his ability to play baseball, not football. So says Ben Hawkins, the Internal Revenue man, who should know.

Meyer was baseball coach at TCU at the time Sam was in high school in Sweetwater. Baugh was a good back on one of Ed Hennig's greatest teams but Ney Sheridan was all the rage in Sweetwater at that time. On football ability alone, Meyer would probably have picked Sheridan over Baugh had he had the chance, says Hawkins, a TCU alumnus.

However, Sammy was quite an infielder in baseball — he later got a tryout with the St. Louis Cardinals — Meyer grabbed him in the hope of making his Frogs a contender for the Southwest Conference diamond crown.

GAGE LLOYD PLAYED ON 1923 FORT STOCKTON TEAM
Our Town's Gage Lloyd, the popular parson of the First Presbyterian church, was a regular tackle on the Fort Stockton team during his high school days back in 1923.

Lloyd's team won district honors that year and later lost to an Abilene Eagle club that was headed for the state championship. The preacher started his study for the ministry while at Austin college but found time to run the two-mile event during track season.

One of Lloyd's college friends was Henry Frnka, who later turned to the coaching field. Frnka was at Tulane for several years, where he fielded several bowl teams, and at the present time is dragging down something like \$15,000 a year as head mentor at Tulane.

According to Gage, Frnka some day hopes to return to Austin college as coach and see what can be done toward giving the Presbyterian school a winner. Frnka realizes he would have to work for a lot less than what he is getting now but figures he owes it to his alma mater.

Incidentally, Frnka served as principal speaker at the Midland high school football banquet, which was held Monday evening.

Jimmy Conzelman, who guided the Chicago Cardinals to the National Pro Football league championship last fall, speaks at the National YMCA Sports Achievement Dinner program in Dallas Feb. 14. Conzelman one of the most engaging and entertaining figures to be found anywhere in the sports world.

ARKANSAS NET ACE FORMER COACH AT MIDLAND
Ken Kearns, the University of Arkansas basketball guard who was injured in a recent practice game, coached at Midland high school team a couple of years ago, according to Tanner Laine, the Midland scribe.

Ken has a younger brother named Walter who is starring for the Denton high school team this season. Walt is 6-6 and still growing.

MALISE HAPPY OVER ODESSA HOSPITALITY
Johnny Malaise, the local high school cage mentor, is lavish in his praise of the treatment his charges got during their stay in Odessa last weekend.

Malaise said the Odessa people did everything possible to make the Steers' lot an easy one.

ORTEGA VICTORIOUS
HONOLULU, Jan. 28 (AP)—Manuel Ortega of El Paso, Texas, was awarded a ten round decision over Tsuneshi Maruo of Honolulu last night in a bruising brawl which left both boxers so weary they staggered to their corners.

New Orleans — Steve Brooks, veteran jockey who was beaten by Johnny Longden in the race for most winners in 1947, is off to a good start this winter. He's riding here at the Fair Grounds which ends a 75-day meeting on March 6.

Poles Are Helped By Adventist Aid
KRAKOW, Poland (AP)—The Seventh Day Adventist Church of United States is among the foreign organizations with headquarters here giving relief to needy Poles.

Its operations are under charge of Michael Krietzky, 55, of Takoma Park, D. C.

Krietzky estimated the organization had distributed 50 tons of clothing, 10,000 bottles of cod-liver oil and 10,000 relief packages, and further distributions are planned.

The American Friends Service Committee (Quakers) also is doing relief work under the direction of Miss Emily Bradbury, of Philadelphia.

It is estimated that a modern steamboat will use more power in crossing the Atlantic than was used in the construction of the Great Pyramid in Egypt.

Meet Mustangs, Angelo Felines

Johnny Malaise's Big Spring Steers haven't had a District 3AA basketball test since they defeated Midland the night of Jan. 19 but weather permitting—they play twice within two nights this weekend.

Sweetwater's Mustangs, mired deep in the second division, come to town Friday night for a battle with the Bovines while the San Angelo Bobcats move into the village Saturday evening for the first collision of the season between the two teams.

The Steers will be favored to defeat Sweetwater but Angelo, hot and cold all season, poses a problem. The Cats, coached by capable Johnny Kiick, have won three of five games played to date. Last week they lost out in the quarter-finals of the Reagan County tournament.

New warmup suits are expected to arrive for the Steers this week. That should cheer the boys.

Malaise is in better spirits, too, but not especially because of the new equipment. Two of his regulars, Jim Bill Little and Ike Robb, are coming around after suffering injuries and are due to be on top their game when the going gets rough in the stretch run.

Brissie Ready To Go After 23 Operations

PHILADELPHIA, Jan. 28 (AP)—Twenty-three operations saved a leg doctor wanted to amputate for Leland Victor (Lou) Brissie, Jr., the southpaw Connie Mack predicts will be greater than Bob (Lefty) Grove.

Brissie, 23-years-old, six feet, four inches tall and 213 pounds signed a Philadelphia Athletics contract yesterday thus becoming the club's only portside hurler. The A's went through the 1947 season with all right handed mound corps.

Brissie was wounded in the Apennine mountains of Northern Italy and after doctors were reasonably sure he had a chance to live they decided to amputate his leg.

"You can't," Lou protested. "I'd never be able to play baseball again."

So the medics operated 23 times and saved the limb. The bone and nerves even now are covered by little more than skin around Brissie's ankle. He has to wear a shin guard off as well as on the diamond.

Mack sent the boy to Presbyterian college where he played under Chick Galloway, an old Athletics' infielder. Last year Brissie pitched for the A's Savannah farm club in the South Atlantic league.

He compiled a regular season mark of 23 victories and five defeats leading the league in most complete games, 25; earned run average, 1.91; shutouts, two, and strikeouts, 278. He fanned 17 men in one game—a record equalling performance—and established a new strikeout high for the nine year-old circuit.

Tucker Swapped For Tribe Frosh

CHICAGO, Jan. 28 (AP)—The straight trade of Outfielder Thurman Tucker for the Cleveland Indians' rookie catcher, Ralph Wigel, today was announced by the Chicago White Sox.

Tucker, who is 30, from Gordon, Texas, and resembles Joe E. Brown in appearance, came to the White Sox in 1940 and had his best season in 1946 when he batted .288 in 121 games. Last season, he batted .236 in 89 games.

Hawks To Play ACC Thursday

Howard County Junior college's basketball Jayhawks move into Abilene Thursday night for another try at the Abilene Christian college reserve squad.

The Wildcat B team defeated the Hawks, 58-40, here last week but Coach Harold Davis had the satisfaction of seeing his troops out-play and outscore the Felines in the last half.

He figures if they play that way four full quarters the Abilene gang is in for a licking.

The JayCees play a return game with San Angelo's Rams in Angelo Jan. 31.

GUARDING THE BALL — Ray Corley (17), forward for Georgetown, comes in for some guarding action as Bill Weatherley (left), Texas Wesleyan center, handles the ball in the second quarter in the game between the two schools in Washington, D. C. Georgetown won 48-37. (AP Wirephoto).

Bill Cox Ready To Move To Third Base For Durocher's Brooklynns

HARRISBURG, Jan. 28 (AP)—Billy Cox is ready and willing to play third base for the Brooklyn Dodgers.

"I only hope all these reports I hear about Manager Durocher planning to use me on third are true," declared the former Pittsburgh shortstop who was traded to the Dodgers in a six man swap that sent Dixie Walker and two pitchers to the Pirates.

"You know I started as a third baseman and always preferred it to shortstop," adds Cox.

It was Lester Bell, former star of the St. Louis Cardinals, who converted Cox from third to short.

Bell was the manager of the Harrisburg Senators in the Interstate League when Cox was signed off the high school diamond at Newport, Pa.

"Les Bell said he needed a shortstop, and I was it," explains Cox. "But I never did like those slow rollers that came down to deep short and made it necessary to throw with a little extra speed in order to nip the runner."

Cox could always hit. He led the Interstate League in batting in 1941 and was sold to the Pirates for \$20,000, reported at that time to be the highest price ever paid for a Class B player.

Shortly after the sale Cox was called into service and before the war was over he fell victim to malaria. He still felt the effects of the disease after he rejoined the Pirates.

"I feel great now," declares Cox, who has put on a lot of weight and plans to gain even more poundage before spring.

When news of his transfer to Brooklyn reached Cox he was out in the hills of Perry County trying to track down some deer.

"The trade was good news to us in more ways than one," says Mrs. Cox. "You see Bill and I have gotten to be fairly good friends with Al Gionfriddo and his wife, and we were disappointed when Al went to Brooklyn. It spoiled our plans for a spring training trip to the mountains."

Now that Gionfriddo and Cox are back on the same team the wives are hoping to be able to go along on the training trip to San Domingo.

Many residents of the Kentucky mountains believe that water taken from an old oak stump will wash off freckles.

KNOWS HIS BUSINESS

Diminutive Frank Medina Boomed For Job As Olympics Trainer

AUSTIN, Jan. 28—Down here in the Southwest those who know athletics think the man for the job of trainer of America's Olympics squad is Frank Medina, a 4-foot-11 authority on how to condition men for all branches of sport.

But Medina is not only adept at bandaging and working out muscle kinks—he's the fellow the University of Texas looks to in the selection of athletic equipment.

Rival high school football stars often meet across the rubbing tables in Medina's training room. He started this program of helping high school coaches and athletes and giving them free treatment when he first arrived on the scene at Texas. An average of 20 to 25 high-school players come to Austin every week to see Medina.

Not only that, physicians from different parts of the state, who are connected with local athletic squads, drop by every game day to watch the speedy Medina wrap weak knees, charlie horses, injured ligaments, weak shoulders, etc.

Frank decided to become a trainer when he went out for football at the Haskell Indian Institute at Lawrence, Kas. He had plenty of grit and determination but didn't pack it around in a big enough frame to make the team.

Medina moved on to Arizona State College at Flagstaff for four years. He majored in physical education for a while but began to get a real glimpse of what could and should be done in the capacity of a trainer. He left Arizona with a bachelor of science, pre-med degree.

A six-year stay at St. Mary's College in California resulted in a bachelor of arts degree, and he also finished two years of graduate work at the University of California.

D. X. Bible, athletic director at the University of Texas, says Medina has brought hydrotherapy and physiotherapy from the doctor's office into the training room.

"Frank has made a fine contribution in every way," declares Bible. "He not only helps the boys but is a valuable morale builder. Our Texas boys who played in San Francisco in the East-West game kept coming back and telling us about the fine job he was doing for the West team. The opportunity for Frank to come down here came and we followed up."

Medina sleeps in Hill Hall, the athletic dormitory at the university, so he will be on hand if any boy should become ill or should need anything during the night. He keeps a close eye on the diets of athletics, particularly trackmen.

Austin plays host to 1,000 athletes each year for the Texas Relays and Medina is available to

take care of any who need attention.

One of Frank's many chores is one that is seldom realized. Whenever the university buys equipment, Frank sits in on the conference, inspects the stitching and other aspects of all equipment under consideration for faulty construction. He also makes suggestions that will bring more comfort and more protection to the athletes.

The results of Medina's efforts are reflected in the fine showing of University of Texas athletic squads—participation in the NCAA basketball and baseball play-offs, a team in the Sugar Bowl, and top competitors in track, swimming, tennis and golf.

Airlines Riding Herd On Deer

BILLINGS, Mont. (AP)—While hunters stalked deer in nearby hills, many of the canny animals invaded the Billings airport which is closed to hunting. At one time, Airport Manager Dick Logan had to shoot the deer from a runway so a passenger liner could come in for a landing.

Medina sleeps in Hill Hall, the athletic dormitory at the university, so he will be on hand if any boy should become ill or should need anything during the night. He keeps a close eye on the diets of athletics, particularly trackmen.

Austin plays host to 1,000 athletes each year for the Texas Relays and Medina is available to

Mexican Baseball Czar Steps Down

MEXICO CITY, Jan. 28 (AP)—Jorge Pasquel, former league president, has tossed the Mexican baseball league back into organizational confusion and threatening deficit with his announcement in New York Sunday that he still runs the show.

Pasquel's blast from abroad promptly forced the resignation here of Alejandro Aguilar Reyes, Mexican baseball commissioner elected last fall by club presidents to reorganize the league, cut expenses, encourage development of less expensive native players, and in general put the circuit back on the profitable business basis of 1942.

Under Jorge Pasquel's presidency the Mexican organization in 1946 raided U. S. diamonds and lured top notch U. S. players away from their contracts. U. S. clubs retaliated by suspending for five years players who jumped south of the border.

Great irrigation works were built in India, Chaldea and Egypt at least 4,000 years before the Christian era.

Blair Cherry Gets New Pact

AUSTIN, Jan. 28 (AP)—Blair Cherry's contract as head football coach at the University of Texas has been extended three years through 1950. Athletic Director Dana D. Bible announced.

He did not reveal financial terms of the contract, which supplants an agreement under which Cherry took over as head football coach on Bible's retirement last year.

H. C. (Bully) Gilstrap, Eck Curtis and Ed Price, assistants to Cherry, were also reappointed for 1948 and Harold (Buddy) Jungmichel was put on full time status as freshman coach effective June 1.

Under J. Edgar Hoover's leadership the Federal Bureau of Investigation has been reorganized to meet the needs of the post-war era.

Under J. Edgar Hoover's leadership the Federal Bureau of Investigation has been reorganized to meet the needs of the post-war era.

"Your Ford is our future!"

Tomorrow's sales depend on how well we service your Ford today...

Frankly, we Ford Dealers are looking ahead. We want to make every Ford owner a Ford owner for years to come.

Our method is simple. We're keeping the Fords we service in the very best condition.

And we're keeping our service prices down! We can do this because of our four Ford service advantages: Ford-trained Mechanics, Genuine Ford Parts, Factory-approved Methods and Special Ford Equipment.

If you're one of the small percentage of Ford owners who hasn't yet discovered this special kind of service you get from Ford Dealers, you'd better come "home" today for real savings of time, money, and trouble.

Your Ford Dealer invites you to listen to the FRED ALLEN SHOW, Sunday Evenings—NBC network. Listen to the Ford Theater, Sunday afternoons—NBC network. See your newspaper for time and station.

1. Factory-approved Methods
2. Ford-trained Mechanics
3. Genuine Ford Parts
4. Special Ford Equipment

We Ford Dealers know Fords best!

Stock Show Supporters Are Thanked

The Big Spring junior chamber of commerce today issued a public statement expressing appreciation to merchants, business men and other individuals who contributed funds used for the 11th annual Howard County 4-H club and FFA Livestock Show which was held last week.

Speaking for the sponsoring organization, Lloyd Wooten, Jaycee president, said the group was anxious to commend all public spirited citizens who gave financial backing to the annual event.

Contributors to the premium and general expense fund were listed as follows: Howard County Sheriff's Posse, Howard County Farm Bureau, Big Spring Chamber of Commerce, Co-Op Gin, O. H. McAllister Hereford farm, Nicholson Feed store, Clark Motor Co., Griffin Nash Co., Jones Motor Co., Marvin Wood Motor Co., Marvin Hull Motor Co., D&G Hudson Co., J. W. Elrod Furniture Co., Cooper Feed store, Burton Lingo Lumber Co., Neel Feed store, Settles Drug store, Phillips Tire Co., J. D. Jones Construction Co., Jesse Bailey Welding Supply Co.

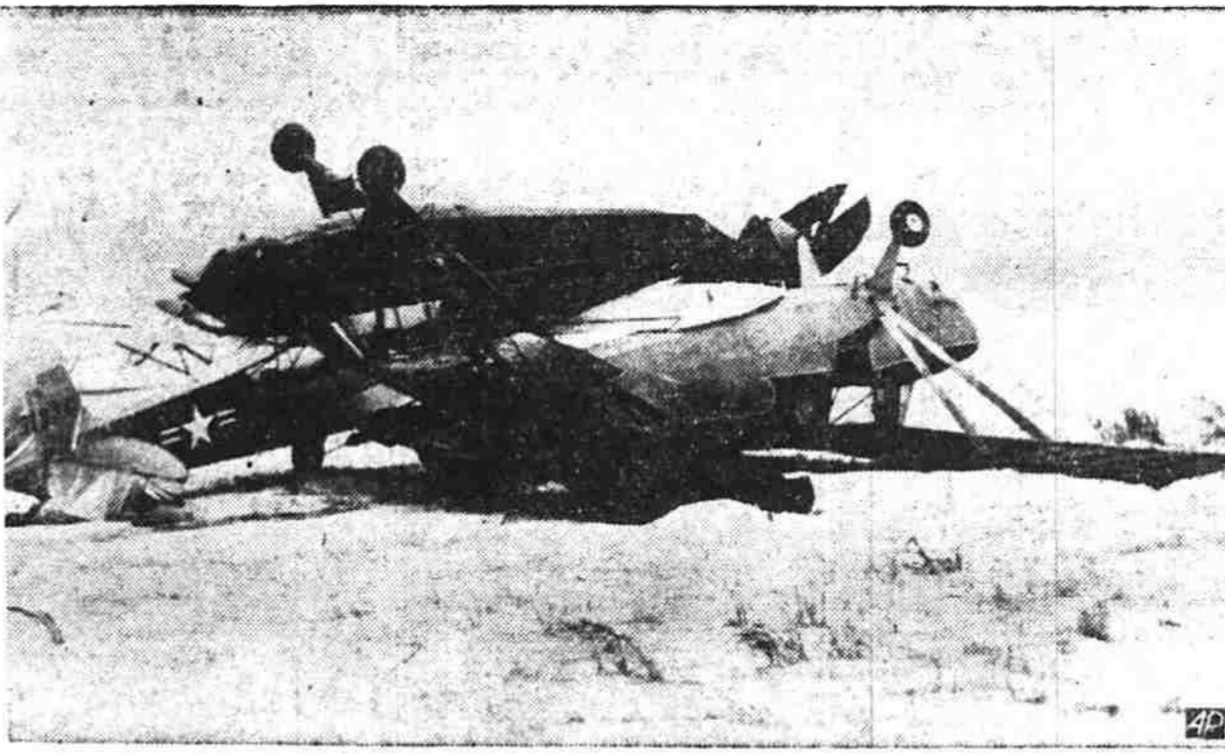

Also, R. B. Reeder Insurance Co., C. R. Anthony Co., McEwen Motor Co., Big Spring Compress Co., Fashion Cleaners, Burr's Dept. store, Von Roder Seed farms, Sam Fisherman, Quick Lunch Cafe, Universal Mills, Wooten Produce Co., Thornton's Food store, George O'Brien grocery, W. N. and L. R. Reed Hereford farm, American Business club.

Vonny C. Thornton Serving in Japan

Pfc. Vonny C. Thornton, son of Mrs. Neil Thornton, of 214 West 8th St., Big Spring, is now serving with the Headquarters & Service Company 240th Engineer Construction Battalion, Osaka Japan, as a cook.

Pfc. Thornton enlisted in the army in August 1946, at San Angelo, and after completing the Engineer basic training, at Ft. Louis, Washington, was shipped for overseas service in November 1946.

WINS BY KAYO
LOS ANGELES, Jan. 28 (AP)—Enrique Bolanos, 134, won his rematch from Julio Jimenez, 136, on a technical knockout in one minute, 20 seconds of the fourth round at Olympic Auditorium last night.

PILED UP BY WIND—Three light planes lie in a pile after they were tossed about by the wind during a freezing sleet and snow storm which swept the Greenville, S. C., airport. (AP Wirephoto).

Martin Stock Show Plans Are Being Made

STANTON, Jan. 28. (Sp)—Martin county's 4-H club livestock show probably will be held on Feb. 21, County Agent James D. Eiland reported today.

Detailed arrangements, which are already underway are being directed toward that date.

Two committees, one representing the Stanton Lions club, sponsor of the show, and one representing the 4-H clubs are cooperating in drafting the plans. Members of the Lions club committee are J. C. Mott, Kyle Shoemaker, Bill Clements and Horace Blocker, while the 4-H club adult committee is composed of J. H. Burrow, R. S. Higgins, Hoyt Britton, M. L. Kounce, Claudie Davie and Cliff Hazelwood.

More than \$400 already has been contributed by Stanton merchants and business men to be used for premiums. Exhibits will include beef steers, lambs, hogs and capons entered by some 75 4-H club members in the county.

W. I. Marshall, San Angelo, will judge calves and lambs, and John H. Baumgardner, professor of animal husbandry at Texas Tech will judge hogs and capons.

Some large steam turbines weigh only one-eighth as much and occupy only one-tenth the space of the steam engines they replace.

Two Are Sentenced In Lovelace Case

Domingo Galavez and Florencio Carrillo, charged with armed robbery in connection with the knifing of Preston Lovelace on the Gall road north of here the night of Oct. 9, were sentenced to ten years each in the state penitentiary Tuesday night by a 70th district court jury which deliberated but 20 minutes on the case.

The jurors retired from the courtroom following the arguments of the attorneys at 9:03 p. m. and returned at 9:23 p. m.

Weather Forecast

Dept. of Commerce Weather Bureau

Students Given Theme Awards

Awards for themes dealing with local, state and national government and philosophies went to six high school students Wednesday at the hands of the Lions club.

Reba Roberts, now a student at North Texas State Teachers college, was awarded the \$25 prize for the best theme submitted on impressions of the Lions club-sponsored series of programs at the high school last year.

Dorothy Loudamy won the \$10 prize for best senior theme, and Melba Preston the \$5 second place; Odell Vinson the best junior theme and \$10 and Donnie Roberts second place and \$5; and Quepha Preston \$10 for the best sophomore theme. Judge Cecil Collings made the presentation.

Emphasis was placed upon the enlistment of new members before the end of January as a part of the international tribute to Melvin Jones, founder of Lions International. Pat Murphy, Maley Chisholm and S. K. Whaley were introduced as cubs (new members). Program dealt with Lions education and Joe Pickle was the speaker.

More Production Of Lamb Studied

SALT LAKE CITY, Jan. 28. (AP)—Increased production and consumption of lamb provided discussion topics today for the 83rd annual convention of the national wool growers association.

Much of the time yesterday was given to the seventh annual meeting of the American Wool Council. Principal speaker was F. E. Ackerman of New York City, the council's executive director.

He urged utilization of coarser wools in U. S. military uniforms and said such wool would detract neither from the protective qualities nor from the appearance of the uniforms.

Two Are Arrested At S'water Request

City police this morning arrested two men and a woman at request of the sheriff's office in Sweetwater where the subjects were wanted on theft charges.

Nolan county officers were to return them to Sweetwater this afternoon.

Dinner Postponed

Mrs. L. B. Wood, extension director for the state library at Austin, who was due to be here for a consultation with county officials and Friends of the Howard County Library, has been delayed. A dinner in her honor, planned for Wednesday evening, has been cancelled.

Jap Freighter Sinks

TOKYO, Jan. 28. (AP)—Military government officials reported 306 Japanese perished today in the sinking of the 400-ton freighter Joo Maru, which struck a floating mine in the inland sea and went down in 20 minutes.

It was not known whether any Americans were aboard the vessel.

Wright III

DAYTON, O., Jan. 28. (AP)—Orville Wright, 76-year-old co-inventor of the airplane, was reported unchanged today by Miami Valley hospital where he was admitted yesterday, following his second heart attack since last October.

Is Given Two Year Sentence

Albert Wilborn, Negro, was sentenced to serve two years in the state penitentiary in 70th district court this morning after he had entered a plea of guilty to the charge of disposing of mortgaged property.

Wilborn was accused of selling two pigs at the time the animals were mortgaged to a local bank. Clarence Pollard, Negro, drew a two year term in the state penitentiary for theft and his alleged accomplice, William Cavitt, drew a two year suspended sentence in another case heard this morning.

The two had entered pleas of guilty to the charge of stealing a quantity of clothes from a car belonging to Alfred Collins.

In Pollard's case, a previous conviction influenced the heavier penalty.

CHARGED WITH TREASON
 Martip James Monti (above), 27-year-old former Air Force Lieutenant from St. Louis, Mo., was arrested by the FBI on treason charges. The bureau said he broadcast for the German propaganda ministry during the war. (AP Wirephoto).

Senate Appears Ready To Back Truman Action

WASHINGTON, Jan. 28. (AP)—The Senate seemed ready today to go along with President Truman's choice of Thomas B. McCabe to replace Marriner Eccles as Federal Reserve board chairman.

There was some grumbling by admirers of Eccles, but an informal poll of the Senate Banking committee showed that eight of the 13 members have no objections to McCabe.

Four said they have definitely decided to vote for him and four others told reporters they see no reason now for refusing.

Chairman Tobey (R-NH) — not one of this eight—promised a formal statement later on what he called Mr. Truman's "rather amazing action" in demoting Eccles to vice chairman.

Senator Taylor (D-Idaho) termed the proposed switch "shocking." But he did not say how he intends to vote. Neither did Senator Fulbright (D-Ark), although he declared to would be a "mistake" to strip Eccles of the chairmanship he has held since Feb. 1, 1936.

The other two members of the committee were not available for comment.

McCabe is a Republican industrialist who has been chairman of the Philadelphia Federal Reserve bank since 1939.

Local Recruiting Station Leads All In This District

In obtaining 112.2 percent of its quota, the Big Spring U. S. Army recruiting station led all offices in the El Paso district in obtaining enlistments for the first 27 days of Jan., it was announced here this morning.

For the same period, the El Paso office realized 111.4 percent of its assigned quota. Santa Fe wound up with 109.8 while Amarillo had 108.9.

All other stations within the area fell short of their objectives.

Appetizers to serve with tomato juice as a first course may be concocted from deviled ham spread on crackers and sprinkled with sieved hard-cooked egg; garnish with a slice of pimento-stuffed olive, a tiny pickled onion or a slice of gherkin.

Spring Bouquet
ARTCRAFT
Stikings of Elegance

If your wardrobe stresses the gentle tints of pastels, blues, lilac or ebony black—of course you'll choose the misty gray-blue of Artcraft's "Bluebell" . . . wrought with just enough depth—and just enough subtlety—to provide the final touch of delicacy.
