NEGRO TERRORIST, FLEEING, KILLED

Another Black Burned by Mob

DAVID BUNN, FORT WORTH'S WORST CRIMINAL, SHOT DEAD BY OFFICERS NEAR ARLINGTON, AT 5:30 A. M.

Was Being Brought From Dallas for Trial; Officers Heard Autos Following and Negro Attempted to Escape When They Hid in Weeds, They Say.

FORT WORTH, Oct. 11.—David Bunn, confessed negro bandit, who has admitted more crimes than any other negro in the history of Tarrant county, and who last week was snatched from three different mobs and taken to Dallas, was shot to death early this morning between Dallas and Fort Worth while trying to escape. Bunn, whose admitted list of crimes included a number of outrages against white women in Tarrant county recently, was slain by Sheriff Carl Smith and Deputy Tom Snow.

The shooting occurred when four automobiles came up behind the car in which the officers were riding with Bunn. Smith and Snow said they jumped from their machine to hide Bunn in the weeds. Bunn, they declared, tried to run. Both officers fired, and Bunn dropped in the road.

Not a Mob.

The shooting occurred three and one-half miles east of Arlington, about 5:30 a. m. After Bunn was killed, the four cars behind the sheriff's automobile came up, and the sheriff learned they were filled with tourists, not a mob, he said today.

An inquest was held this morning by Justice of the Peace McCain.

The negro was under indictment here for two criminal assaults, one attempted assault, and several highway robberies. He was arrested last Wednesday, and confessed that he raided the "Linger Longer Lodge," a cottage at Lake Worth, near here, Tuesday night, bound and gagged members of the family of J. R. Zuch, robbed them, and attempted to assault Mrs. M. C. Callaway, a friend of the Zuchs.

Two Assaults.

He was indicted for assaulting Mrs. W. B. Simpson at her home on the interurban several weeks ago, and also for assaulting Mrs. Clara Connelly at her home on the Kellar road Aug. 9.

Another sensational charge against him was that he held up William Ketchum and Miss Lillian Multey in Forest park the afternoon of Oct. 3rd, forced them into the shrubbery, and kept them prisoners there for five hours, during which time he abused both of them.

EAST TEXANS NAB HIM 'TWIXT JAIL AND AUTO

Mount Pleasant Sheriff Had Frustrated Mob in First Attempt.

By Associated Press.

MOUNT PLEASANT, Texas, Oct. 11.—Wylie McNealy, negro, was burned to death by a mob near Leesburg, in Camp county, shortly after midnight last night. The black had been arrested and charged with an assault upon a young white girl. He was seized by the mob when he attempted to leap from the jail to an automobile. It was the second time a mob had visited the jail, Sheriff Reese Sunday night having frustrated efforts to lynch McNealy. At that time a mob of several hundred persons, thought to be from Pittsburg and Mount Pleasant, surrounded the Titus county jail and demanded the surrender of a negro said to have attacked a little white girl near Pittsbug late Sunday afternoon.

The negro was captured about midnight and hurried to the Titus county jail. The sheriff informed the mob that the negro had been spirited away to another county before they arrived. He refused to say where the negro was sent.

Members of the mob lingered about the jail and refused to accept the word of the sheriff, demanding admittance to the bastile, but failing to force the issue.

HUNG HEAD DOWNWARD OVER FLAMING PYRE

By United Press.

LEESBURG, Texas, Oct. 11.—The charred body of a negro swung from a steel rail placed over a huge stump on the main street of Leesburg at dawn today, as mute evidence of the vengeance exacted upon the man for an alleged assault last Sunday morning upon 8-year-old Irene King.

More than 500 citizens, working coolly and quietly, last night made an automobile journey to Mount Pleasant, where the negro had been taken for safe keeping. They stormed the jail and dragged Wylie McNealy, the black, from his cell. The string of 100 automobiles returned here at 9 p. m. Men dragged a great stump into the middle of the street. A long steel rail was set up against the stump and a rope fastened at the top to keep the negro suspended several feet above the ground.

As the crowd watched in silence, the negro was strung up to the improvised gallows, hanging head downward. Wood was piled against the stump. One of the mob approached with a can and drenched the swinging body and the ground beneath with kerosene, amid deathly stillness.

"Have you anything to say?" McNealy was asked.

"I did it, I did it," the negro moaned. "I'm sorry; I won't never do it again."

A match flared. The negro's body burst into flame. There were a few terrible shrieks, a few conclusive writhings of the swinging body and it was still. The body was left hanging during the night.

Irene was returning from Sunday school when about half a mile from her father's house, she passed a clump of trees. Suddenly she felt a coat being thrown over her head and then lost consciousness, she told her father afterward. The sheriff declared today that to all appearances the little girl had been kept in the woods about an hour. McNealy was arrested later while sitting in front of a store in Leesburg. He was taken to Pittsburg, the county seat, where charges of attempt to criminally assault and attempt to murder were filed against him. He was then removed to Mount Pleasant jail.

IRISH PEACE CONFERENCE ON IN LONDON

By United Press.

LONDON, Oct. 11.—The Irish peace conference met today at No. 10 Downing street, for a brief formal introductory session, and adjourned.

The Sinn Fein delegates, hailed by cheering and flag waving crowds both when they arrived and departed from the conference chambers, were to return at 4 o'clock.

The morning session adjourned at 1 p. m.

EACH TWO-BITS MEANS MILLIONS TO TEE PEE CO.

On a basis of a daily production of 10,000 barrels, the recent 25-cent increase in crude will increase the annual earnings of the Texas Pacific Coal & Oil company by $910,000, or $1.07 a share, according to a recent issue of the Boston Financial News, which rates highly the financial condition of the company.

The gross production of the company, as the fourth largest producer in Texas, is now running about 17,340 barrels daily as compared with a daily production of 12,235 during the first of the year, the account states. The gross production for the first eight months of this year is given as 4,276,600 barrels as compared with 4,637,758 barrels in 1920.

10-DAY ILLNESS COSTS LIFE OF MRS. T. H. NELMS

Mrs. T. H. Nelms, aged 30, died this morning at the Teal hotel, following an illness of ten days. She is survived by her husband, an insurance man of Ranger. Mrs. Nelms has been a resident of the city for some time and formerly lived in Memphis. The body is being held by the Jones-Cox Undertaking company pending the completion of funeral arrangements.

NO MORE TRIANGLE

By United Press

KANSAS CITY, Oct. 11.—While his wife sat outside in an automobile, unsuspecting what was going on, H. H. Slick, salesman for a shoe store, today entered a beauty parlor, shot and probably fatally wounded Hazel Mastin, pretty divorcee, and then killed himself.

The shooting, which took place in the heart of the fashionable residence district, was the culmination of a two-year triangle caused by Slick's infatuation for the girl, the dead man's wife told the police.

R. R. LEADERS READY TO TAKE STRIKE ACTION

By United Press.

CHICAGO, Oct. 11.—Armed with a vote which shows 80 per cent of railroad labor in favor of a strike, railroad union leaders today mobilized against further inroads into the pockets of the workers.

Union leaders, it became known, are ready to go to the mat with railroad executives who meet here Friday, and who, it is believed certain, will announce further wage reductions.

One labor leader today stated that the unions would consider themselves as having won a victory if they maintain wages at the present level. This leader, as all others, would not allow his name to be used.

Conferences between brotherhood chiefs were resumed again today.

Although the strike vote, incomplete tabulation of which today showed 220,150 for a strike and 38,880 against, was taken on the question of accepting the 12 per cent wage reduction which took effect July 1, on orders of the United States railroad labor board, leaders will use it only as a weapon against further cuts, it was thought.

LONE BANDIT GETS $3,000 AT GILMER BANK

By United Press.

GILMER, Texas, Oct. 11—A small, clean shaven man, light complexioned and wearing a blue serge suit and felt hat turned down in front, entered the Ashland State bank this morning at 9 o'clock, locked Cashier Simmons in the vault and went out of the back door with $3,000. Officers and state rangers are in pursuit of the robber.

WAGE CUT IS ISSUE AT UNEMPLOYMENT MEET

By United Press.

WASHINGTON, Oct. 11.—Eight major recommendations to bring permanent relief for unemployment and industrial depression will be submitted to the national unemployment conference today by committees.

Indorsement of the limitation of armament conference and lower railroad rates are the two most important. The recommendations were to be submitted late today.

So far, the conference has been unable to agree on reduction of wages, although a majority are said to favor such a recommendation.

WAS "WRECKLESS," SO CITY PROFITS

It's "agin the law," both natural and municipal, to speed cars over the streets of Ranger and not have a wreck, if the charge against a luckless motorist on the police blotter is to be believed. The driver apparently felt the same way about it for he pleaded guilty to the charge of "speeding and wreckless driving," and paid a fine of $20.70, or to be exact a fine of $10 and costs. Whether the fine would have been lower and only one charge placed against the driver if he wrecked his machine could not be learned from the officers.

Since the first of the month, automobile drivers have contributed a total of $59.90 to the city in fines and costs for violations of the parking and traffic laws. Defendants in every case pleaded guilty to the charge, apparently convinced of their wrong doing.

FARMER DIES AFTER SHOOTING AT EASTLAND

Saturday Night Affair Proves Fatal; Murder Charge Against Officer.

Special to the Times.

EASTLAND, Oct. 11.—W. H. Simmons, farmer, who was shot three times late Saturday night by Policeman Hennessy, died here yesterday afternoon at 4 o'clock, after making a dying statement to Assistant County Attorney McCollough and Dr. Payne. McCollough has refused to divulge the nature of the statement. Hennessy was arrested yesterday afternoon prior to Simmons' death on a charge of attempt to murder and released on bond. Following the death of his victim, the officer was arrested on a murder charge, waived preliminary examination, and was held to the grand jury by Justice of the Peace Horn.

Although Hennessy has so far refused to make a statement regarding the shooting, accounts of others state that the officer was attempting to search Simmons' buggy for liquor, when the owner seized his revolver with his left hand and attempted to draw his own revolver with his right. Hennessy is said to have then fired three times, one of the bullets taking effect in Simmons' stomach, another in his shoulder and a third in one arm. The shooting occurred in the Mexican quarter of the town, about 10:30 o'clock.

HARDING SEEKS SUBSIDIES FOR AMERICAN SHIPS

By United Press.

WASHINGTON, Oct. 11.—President Harding is seeking some means by which heavy indirect subsidies may be put into effect to get a huge fleet of American ships on the high seas again, it was learned today.

He and Chairman Lasker of the shipping board are agreed, it is said, that financial aid from the government, largely through indirect subsidies, is necessary to put life into the merchant marine.

ALLEGED DROWNED MAN PLACED UNDER ARREST

BEAUMONT, Oct. 11.—J. J. Keir, believed to have been drowned two years ago when his hat and coat were found on the river bank here, was under arrest Monday.

It is alleged that relatives collected insurance on the strength of his "drowning" and he is being held to explain his actions.

NON-SUIT ASKED IN ROAD CASE ON JURORS' ACT

Alleged Ranger Men Were Allowed to Come Home Without Plaintiff's Knowledge.

Special to the Times.

EASTLAND, Oct. 11.—On the grounds that the jury in the Fleming-Stitzer case had not been kept together Monday night and because of certain alleged actions on the part of three jurors from Ranger, attorneys for the plaintiffs this morning moved to have the jury dismissed by Judge Hill. It was set forth in the allegations that while the jury had been kept together after being empaneled Saturday and not allowed to go to their homes over Sunday, that Judge Hill had allowed the members of the jury to return to their homes Monday without consulting with attorneys for the plaintiff.

It was further set forth that W. R. Kelly, L. Theo Harris and A. R. Gwynne, members of the jury from Ranger, had passed Briggs Owens, one of the plaintiffs, after court convened and in reply to a question that Kelly had declared that they had been offered a ride home, but on account of the source of the offer, had declined it. Other witnesses testified that they had seen the Ranger contingent get into an automobile with J. W. Strode, Ranger attorney, and drive east. The witnesses stated that they had attempted to overtake the party but were outdistanced. The object of the attempted pursuit and the connection of the Ranger jurors' presence in the car with the motion of the plaintiffs, was not made clear.

Jurors Explain.

Kelly, Harris and Gwynne testified that they had been offered a ride home by a Ranger man and had started to get into the car when it occurred to the driver that Mr. Stitzer was an occupant of the car and that in view of this fact, the jurors had better make the trip in another automobile. The witnesses stated they heartily agreed with this opinion and that they had returned to Ranger in Harris' car, which was sent over for them by a Ranger garage. Strode, they stated, was an occupant of the car, but the case was not discussed in any way. No attempt was made by the plaintiffs to connect Strode with the defense. Attorneys for the defense stated this morning that Strode was in no way connected with the suit or associated with any of the defense counsel.

Judge Hill reserved his decision on the motion until after Strode testifies this afternoon.

The most important development Monday was when Judge Hill ruled that no evidence could be introduced in the Citizens' Committee suit against the Fleming-Stitzer company and county commissioners in regard to bond transactions unless it was shown that Judge Starnes or some other member of the court had participated in such transactions. The ruling automatically bars any testimony regarding the hypothecating of the $50,000 bond in Chicago. The morning session of the court today was taken up in arguments for and against the admission of such testimony and in reading parts of the depositions of John R. Gray, of the National City bank of Chicago and of the Davisson deposition. Other depositions obtained by the plaintiffs are expected to be read this afternoon.

DRY OFFICER GOES TO DALLAS AND EL PASO

AUSTIN, Oct. 11.—David H. Morris, federal prohibition director for Texas, will leave tonight for Dallas and El Paso. He will hold conferences with prohibition agents in those cities at which new rules and regulations will be explained and instructions issued to new and old officers. During the last sixty days, thirteen new officers have been appointed by Morris.

DAYTON, Ohio, Oct. 11.—Police today expected to arrest within 24 hours the man who mysteriously murdered Lucian A. Soward, prominent attorney, in his office here.

TONEY AGAIN HAMMERED FROM BOX, BUT GIANT HOMERS EVEN UP SCORE AND BARNES HOLDS YANKS

Ruth Out Remainder of Series; Fewster Hits Homer for Him; Harper and Shawkey Unable to Hold Lead.

By United Press.

POLO GROUNDS, NEW YORK, Oct. 11.—Hammering Lefty Harper from the box with home run wallops, and pounding Shawkey in the same fashion as in the third day's battle, the Giants tied the world series again today at three games each. The final count was 8 to 5, achieved after the Yanks had taken the lead, had it tied, and again gone two to the good, only to have the Giant walloping bee in the fourth salt down the game.

The Yanks played today without the assistance of Ruth's mighty willow, as the doctors said further play might force the Big Bam to have his arm amputated. It is twice its normal size and the big fellow was shaking today with the pain of it. Fewster, however, made good as understudy, by driving out a circuit knock in the second round that momentarily restored the Yanks' lead.

Toney started again for the Giants, this time opposing Harper. He was nicked for three runs and was on his way to the showers before the final out was made in the opening round. Again Jess Barnes relieved him, and after Fewster's blow in the second, held the Yanks in hand at [illegible]

By a coincidence, the Giants their next turn at bat tied the for Barnes, as they had the fi Toney gave the American leag big edge. Homers by Meusel Snyder turned the trick.

KU KLUX HEADS ADMIT GETTING THIRTY MILLION

By United Press

WASHINGTON, Oct. 11.—Officers of the Ku Klux Klan have collected approximately $30,000,000 from their 500,000 fellow workers upon which the government has received no taxes, Congressman Tague of Massachusetts declared today before the house rules committee, before which the Klan's officials are scheduled to appear.

Tague arrived at this figure from information furnished by Ku Klux officials, he said.

MAYOR HEADS COMMITTEE TO AID ARMY DRIVE

Headed by Mayor Gholson, a special committee yesterday afternoon obtained over $1,000 in subscriptions to the Salvation Army maintenance fund here, bringing the total amount secured since the beginning of the Salvation Army appeal to more than $1,700, or a little more than half the amount now sought to carry on the local work during the coming year.

The committee, composed of Mayor Gholson, Jack Jarvis and O. D. Dillingham, spent about two hours in obtaining the donations. The appeal will be continued until the full quota of $3,500 is raised, it is stated. At the outset the sum of $5,600 was sought by the organization here, part of this sum was to have been used in the maintenance of state institutions. In view of the prevailing sentiment in the city, however, against making any donations for outside institutions, authority was obtained from Dallas, eliminating the assistance to state institutions from the budget of the local corps.

All funds raised in Ranger will therefore be spent in carrying on the local work, they say. Last year over $3,500 was used here in relief work alone, it was stated and this amount at least must be collected if the army is to relieve distress cases during the coming year, officials of the organization believe.

TENT REVIVAL OPENS TONIGHT ON EAST MAIN

Evangelistic services by the Garrison-Cohen party opened last night at the East Ranger Baptist church for a three weeks' revival here. Services last night met with great success and tonight the party will move to a large tent erected at 319 Main street, where the services will be held during the remainder of the revival. Rev. I. C. Garrison is accompanied by J. C. Cohen, soloist and choir director, and by Miss Beatrice Estes, pianist. A "city-wide campaign" is to be made by the evangelist.

ICE CREAM APPETITES.

Manufacturers of ice cream in session at Minneapolis tell us that the annual consumption of ice cream has increased about one hundred million gallons since prohibition became effective in this country.

While this must be regarded as a healthy sign, it does not prove, as it might at first appear, that ice cream is preferred to booze.

It merely proves that the American people are the most restless and dissatisfied people on earth. They must be doing something all the time. [illegible] thousands drank liquor back [illegible] D., which interpreted means [illegible]re, Volstead's Day," for no reason in the world than because they had nothing better to do at the moment. They eat ice cream for the same reason.

There is no evidence at hand that the human system needs ice cream any more than it requires alcohol. Ice cream, of course, has the better of the argument, because it is a healthy food.

Most of the ills of life can be traced to something folks do because their minds are not at rest. They crave something, they know not what. "What shall we do tonight?" might well be adopted as a national motto.

The thing about which the American people know the least is rest. Few know how to "possess their souls in patience." They must always have "something to do," and that something is not always beneficial.

So that the figures showing the increased consumption of ice cream since the country became an arid waste only emphasizes the fact that America has an "ice cream appetite."

But if it wasn't ice cream it might be something worse.

with a home run into the left field bleachers, scoring Shawkey ahead of him. Peckinpaugh went out, Frisch to Kelly. Miller rolled out to Kelly, unassisted. Two runs, two hits, no errors.

THIRD INNING.

Giants—Young flew out to Meusel, who made a brilliant catch. Kelly slapped a hot single through McNally. Meusel flew out to Fewster, who held Kelly at first. Rawlings fanned, after fouling two. No runs, one hit no errors.

Yanks—R. Meusel went out, Frisch to Kelly. Pipp singled to center. Pipp stole second a moment before McNally fanned. No runs, one hit, no errors.

FOURTH INNING.

Giants—Snyder opened with a single to left. Barnes hit safely to the same territory. Burns was safe on McNally's error, filling the bases. Bancroft pickled the apple into left, scoring Snyder and Barnes, Burns taking third. Frisch forced Bancroft at second, Peck taking his grounder and stepping on the bag, but Burns scored on the play. Frisch stole second. Young fanned. Kelly's drive bounded over Pipp's head for a single, scoring Frisch. Kelly went out stealing, Schang to Ward. Four runs, four hits, one error.

Yanks—Schang walked. Shawkey fanned. Fewster walked, putting two on, but Barnes steadied and fanned both Peckinpaugh and Miller. No runs, no hits, no errors.

FIFTH INNING.

Giants—E. Meusel walked. Rawlings was safe on Ward's bad throw to Pipp. Snyder popped out to McNally. Barnes lifted a foul which McNally nabbed. Burns forced Rawlings at second, Peckinpaugh making another unassisted out. No runs, no hits, one error.

Yanks—Meusel walked. Pipp fanned. Ward also fanned. McNally flew out to Meusek No runs, no hits, no errors.

SIXTH INNING.

Giants—Bancroft singled to left. Frisch walked. Young fanned after getting three balls and two strikes, and Bancroft was doubled trying to steal third on the pitch. Frisch went to second on the play. Kelly singled to left, his third hit of the day, scoring Frisch. Meusel hoisted a fly to Fewster. One run, two hits, no errors.

Yanks—Schang singled to center. Shawkey forced Schang at second. Bancroft to Rawlings. Fewster fanned. Peckinpaugh flew out to Meusel. No runs, no hits, no errors.

SEVENTH INNING.

Giants—Peckinpaugh dragged down Rawling's short fly; Snyder grounded out, Peckinpaugh to Pipp. Barnes grounded to Ward for the third out. No runs, no hits, no errors.

Yanks—Miller flew out to Young on the first pitch, the San Antonio boy making a fine running catch. Meusel fanned. Pipp grounded out, Rawlings to Kelly. No runs, no hits, no errors.

EIGHTH INNING.

Giants—Burns flew out to Fewster. Bancroft popped to Ward. Frisch fanned. No runs, no hits, no errors.

BABE'S ARM PUTS HIM OUT OF FRAY REST OF SERIES

Swollen Twice Natural Size; Further Play Might Cause Amputation of Member.

POLO GROUNDS, NEW YORK, Oct. 11.—With a 3-2 advantage in the series, the New York Yankees were a glum assemblage of athletes today.

The prospect of losing Babe Ruth for the rest of the series took the edge off the hope for victory which was renewed by their triumph over the Giants yesterday.

The big Bambino, the mainspring of the machinery that won the three games from the National league champions, was reported by his physicians to be in a serious condition. He passed a very restless night and his left arm today was swollen to twice its normal size. The doctor told Miller Huggins, manager of the Yankees, that Ruth would run the risk of having his arm amputated if he insisted upon playing.

The sun poured down a comfortable warmth that caused the first shirt-sleeves of the series to appear in the bleachers.

Shortly after noon there were not more than 3,000 in the bleachers and only a few hundred in the front rows of the upper stand. Officials of the Yanks, acting today as the "home team," expected a crowd of 35,000.

Huggins said soon after his arrival that his pitching selection rested between Harry Harper, the southpaw and Bob Shawkey. "I won't know until I look them over."

Hughey Jennings, McGraw's lieutenant, was also doubtful about the Giant hurler. He said that Barnes and Toney were ready. However, Harper and Barnes were expected to be the opposing pitchers.

If Ruth does not play, Huggins said he would shift Bob Meusel to left field and send Chick Fewster to center field. Fewster will bat in eighth place and Schang will move up to third place to bat in Ruth's position.

Ruth, when asked about his condition said that his arm was giving him great pain. That he would be unable to play any more in the series.

After the Giants had worked out in fielding practice for fifteen minutes the Yanks went out. Harry Harper, the Yank southpaw, warmed up with Frank Roth. Big Fred Toney was announced as the pitcher for the Giants. He went out and warmed up with Mike Gonzales. Phil Douglas, Ryan, Shea and Jess Barnes strolled out to the bull pen with Gaston, the young Giant catcher.

The umpires officiating are: Moriarty at the plate, Quigley at first, Chill at second, and Wrigley on third.

FARMER KILLS MAN WHO TRIES TO HOLD HIM UP

POST, Texas, Oct. 11.—Luther Hughes, farmer, was held up by three masked men three miles west of Post last night. He fired at the bandits, mortally wounding one. Officers were immediately notified, but found no trace of the men. This morning they found the body of a man buried by the roadside. Diligent search is being made for the two escaped bandits. The dead man is held at an undertaking parlor, but has not been identified.

Yanks—Ward grounded out, Bancroft to Kelly. McNally popped to Kelly. Schang drew a walk, and there were mild cheers as "Home Run" Baker came striding to the plate in place of Shawkey. He fouled to Kelly for the third out. No runs, no hits, no errors.

NINTH INNING.

Giants—Tiercy pitching for the Yankees. Young singled to left. Kelly fanned, after fouling four balls. Young went out stealing Schang to Ward. Meusel singled to right. Rawlings fanned. No runs, two hits, no errors.

Yanks—Fewster and Peckinpaugh flew out to Rawlings. Miller flew out to Rawlings. No runs, no hits, no errors.

JEWS TO OBSERVE DAY OF ATONEMENT; COLUMBUS DAY AISO

All Jewish stores of Ranger will be closed tomorrow in observation of Yom Kippur, the Jewish Day of Atonement throughout the world, which is spent in fasting. All banks of the city will also be closed during the day, in observation of Columbus Day. The postoffice will remain open.

Yom Kippur, following close behind Rosh Hashona, the Jewish new year commences this afternoon at sundown, or more accurately at 6 o'clock and continues through tomorrow at sundown or until "the blowing of the ram's horn." Neither food or drink passes the lips during the 24 hours of prayer. Services will be held by Cantor Rubin of Dallas in the Odd Fellows hall starting tonight at 6 and continuing until 9 o'clock. Services will start again tomorrow morning and continue through the day.

DIRECTORS TO DISCUSS ONE CIVIC BODY

A contemplated consolidation of the Chamber of Commerce and the Retail Merchants' association will be discussed tonight at a joint meeting of the boards of directors of the two organizations. The meeting will be held in the Chamber of Commerce rooms.

As the result of the unsettled status of the Retail Merchants' association no action was taken at the meeting of that organization last night in regard to the opening of a trade carnival by the merchants here. Discussion of the subject was postponed until the last of the month, it is stated.

FOOTPRINT ON BED IS UNDOING OF BOY BURGLAR

Special to the Times.

BRECKENRIDGE, Oct. 11.—A half hour after the burglary of a residence in Rosewell addition was reported to officers, Clifford Lusby, a 10-year-old boy, was under arrest at 12:30 a. m. today and had confessed, officers said, to the crime. The residence, part of which was a grocery store, was robbed of $3 in money. The youthful burglar left the print of a bare foot on a bed near the window which offered entrance, according to officers, and this led to his capture . His tracks were followed to his home.

The case is the fifth in the last four days of youthful delinquency.

5,000 BALES OF COTTON GINNED AT ABILENE

ABILENE, Oct. 11.—About 5,000 bales of cotton have been ginned here to date this season, and local cotton men expect the receipts to total well over 6,000. It is generally believed here that the bulk of the crop has been gathered, but picking will continue for some days yet. Much of the cotton has been stored for a higher market. It is not thought Saturday's frost, which was the earliest in the history of the local weather bureau, did any especial damage to the crop.

PIE IS "EFFERVESCING."

GENEVA, N. Y., Oct. 11.—If it exudes an odor or fragrance indicative of more than one-half of one per cent suspicion is aroused. Pie, aged and effervescent—blackberry pie—was found in a laborer's pail here. From the pie and odor was pressing through the partly opened lid of the pail. Mrs. B. Boisvert, police matron here, disclosed the contents to be "effervescing" blackberry pie.

PERSHING TO LONDON

LONDON, Oct. 11.—The British government has invited General Pershing to come here Friday for the purpose of laying the Congressional Medal of Honor upon the body of the unknown soldier in Westminster Abbey, on Friday.

OFFICERS HOPEFUL IVAN DUELISTS' AIM WILL STAY WOBBLY

Special to the Times.

BRECKENRIDGE, Oct. 11.—Officers here were prepared for any trouble which might come up in Ninetieth district court when the cases of Roscoe Bryant and Dick Carlisle, come up for trial. Both are charged with assault with intent to murder in connection with succeeding attempts made by them each to snipe the other. Casualties to date have been very light, but at the last meeting, when the two were called before the grand jury, spectators at the court house had a bad five minutes when Bryant started a barrage in retaliation for one that Carlisle had laid down some days before, at Ivan.

Bryant suffered a flesh wound in the shoulder when Carlisle attacked him. Carlisle's most serious injury was the removal of the heel of his left shoe by one of Bryant's shots.

SOX MAKE IT FIVE STRAIGHT AT CHICAGO

CHICAGO, Oct. 11.—The Chicago White Sox won the city baseball championship by defeating their National league rivals, the Cubs, 9 to 5 in Monday's game. The victory made it five straight for the American leaguers in the scheduled nine-game series, the Cubs not taking a game.

BAYLOR-BOSTON GAME MAY DRAW $30,000 INSURANCE

WACO, Oct. 11.—The business management of Baylor university is considering the feasibility of insuring the Boston college-Baylor game at the Dallas fair against rain. A policy of $30,000, the amount now under consideration, will cost the university a premium of $1,890. This is the first instance where a football or other college athletic event has paid such a high premium for so large an amount of insurance. The Baylor-Rice game of Oct. 8 was insured for a sum of $5,000.

BAR OF SOAP USED TO DISPROVE FALL

CINCINNATI, Oct. 11.—A bar of soap was sued in determining the cause of the death of Jacob Snider, 80, a farmer, near here.

Failing to find a motive for crime, some folk expressed belief that Snider was fatally hurt by reason of an accidental fall.

Dr. Charles W. Eckermeyer, however, did not accept this explanation of the aged man's death.

He said he used a bar of soap in making impressions of the edge of a chair and of a stove rail with a view to deciding whether Snider fell against either the chair or the stove rail and was fatally hurt as the result of an accident.

Dr. Eckermeyer stated that neither impression resembled the wound.

CAR JUMPS CURB, CRUSHES WOMAN AGAINST WALL

Special to the Times.

BRECKENRIDGE, Oct. 11—Holding her 10-months-old baby to her breast, Mrs. Oma Van Zandt, wife of a tool dresser for the Gulf Production company, suffered painful bruises when a runaway automobile crushed her to a brick building, but she saved her baby from injury. The accident happened at 8:30 p. m. yesterday.

Solon Burkett, employe of the Humble Oil & Refining company, started the car, which was parked at the curb on Walker street, while it was in second gear. It leaped the curb and crushed the woman to the wall. Her left hip and knee were painfully bruised. Had the car had a bumper, it is probable she would have been more severely injured, is the opinion of bystanders.

The baby was badly frightened, but not scratched.

MISREAD SIGN? NO?

Special to the Times.

BRECKENRIDGE, Oct. 11—While Charlie Taylor held the attention of a large crowd at the big Taylor tabernacle, one or more of the unshriven removed the flivver which C. M. Caldwell, influential Breckenridge citizen and Baptist, had parked outside the religious structure. The car was one of those marked with a erd circle and cross on the headlights, meaning "Take this car to the tabernacle." The symbol offers free rides to those wishing to attend the service. It is possible the thief may have misinterpreted it.

BUNGER FIELD SHOWS ACTIVITY, SAYS OWENS

The new Bunger field South of Graham has already felt the effect of the recent increases in North Texas crude and as a result, drilling is being resumed on what promises to be a large scale, according to J. B. Owens, vice president and general manager of the Ranger Gas company, who returned yesterday from Graham. The new town of Oil City, which a few weeks ago was a town only on paper, has sprung up from a series of vacant lots to quite a community, Owens explained, as the result of developments.

Owens returned to Ranger with seventy-five contracts from domestic users of gas in Graham who are to be supplied from the company's new plant there. The company expects to go after the industrial business at Graham and to shortly be furnishing gas to the electric light, mill and elevator and ice plants of that place. The Ranger Gas company also has distributing plants at Ivan and Eliasville, and from the latter plant are supplying gas for drilling in the South Bend field.

There is no danger of a gas shortage this winter in Ranger, Owens said, and explained that the company's source of gas was unlimited.

Making Extraordinary Mileage a Certainty—

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—

Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records. Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 10, 1921

Firestone Tire & Rubber Co.,
Jacksonville Branch,
Jacksonville, Florida.
Gentlemen:—

I submit herewith the history of a 33x4 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.

Minneapolis.
Gentlemen:—

It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and nad been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

ELECTION NOTICE.

A RESOLUTION ORDERING THAT AN ELECTION BE HELD WITHIN THE CITY OF RANGER, TEXAS, FOR THE PURPOSE OF FILLING VACANCIES IN THE CITY COMMISSION.

WHEREAS, by reason of the resignation of two members of the city commission, namely, finance commissioner S. J. Dean, and street commissioner M. R. Newnham, there now exists vacancies in the board of city commissioners which vacancies must, according to the provisions of the city charter, be filled by a special election to be called for that purpose; now

THEREFORE, BE IT HEREBY RESOLVED BY THE CITY COMMISSION OF THE CITY OF RANGER, that the mayor be instructed to call a special election to be held within the said city of Ranger, on the 22nd day of October, 1921, at which election there shall be elected two commissioners to fill the vacancies now existing and to serve until the next regular city election.

Said election shall be held at Fire Station No. 1, 310 Elm street, and the following named persons are hereby named as managers of said election: E. J. Barnes, presiding; A. F. Hartman, judge; and Karl Jones, Clerk; J. F. Connell, judge; L. H. Hagaman, clerk; J. A. Pitcock, clerk.

Said election shall be held under and in the manner provided by the laws of the state of Texas regulating general city elections and as provided by the charter of the city of Ranger. No person shall vote at said election unless he is a qualified voter under the constitution and laws of this state and a resident of the city of Ranger for the length of time required by law.

Notice of said election shall be posted up at the place designated for holding of said election and at three public places in the city of Ranger thirty days prior to the date of said election, and shall be published in the Ranger Daily Times, a newspaper, published in the city of Ranger, Texas, once each week until the date of said election.

Witness my hand in my official capacity as mayor of the city of Ranger, Texas, this the 17th day of Sept., 1921.

JNO. M. GHOLSON,
Mayor, city of Ranger, Texas.
Attest:
GEO. T. HEMMINGSON,
City Secretary.

FIXED HIS CLOCK.

ST. LOUIS, Oct. 11.—The originator of that old phrase "I'll fix your clock," has been found. He likes whisky. "What! No whisky here?" the originator of the jazz saying queried when Henry Gunther, mixologist at a soft drink bar, told him he had nothing stronger than lemon soda. "I'll fix your clock!" Drawing a brace of pistols, the man shot the barroom clock off the wall.

And Big Comedy, "The Tourist"

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

SMUGGLING LURE DRAWS WOMEN TO RUM RUNNING

That's Why 50,000 Were Involved Last Year, Officers Say.

WASHINGTON, Oct. 11.—Women operating as bootleggers and rum smugglers are challenging the acument of Roy A. Haynes, federal prohibition commissioner, and his agents at frustrating attempts to violate the Volstead law. Women are causing anxiety to the police chiefs of every large city in which state dry laws are effective.

Nearly twenty-five out of every 100 cases of alleged violation of the dry law now involve the presence of women as defendants, and in a smaller percentage of cases as witnesses, it is shown in police court records.

More than 50,000 women were involved in liquor cases last year, according to reports received here.

John F. Kramer, former federal prohibition commissioner, was forced to fight the woman bootlegger as Mr. Haynes now is being forced to do.

Mr. Kramer once issued a warning to women not to engage in illegal liquor activities, declaring they would receive no gentler treatment because of their sex than male offenders.

Smuggling Appeals!

Smuggling always has appealed to the fair sex, officials point out. During the world war women who smuggled tobacco, sugar, drugs and other contraband between Holland and Germany numbered thousands. Following the peace between Soviet Russia and the German empire women flocked to the frontier to carry on a smuggling trade in forbidden goods.

Concealing within their clothing thousands of dollars' worth of contraband at the frontier, they hastened to Berlin and other cities to dispose of their goods at enormous profits. A large force of German troops was required to put them out of business.

United States customs officials say women more often than men attempt to smuggle into the United States jewels and valuable silks and other goods.

Smuggling of liquor into the United States by women is attempted frequently on the Canadian border, according to reports. Fancy liquors that represent little bulk but great strength and which are difficult to obtain are specialized in by the women.

A woman crossing the border daily black satchel which contained clothing day after day when the inspectors investigated it. At last they became convinced that the woman was law-abiding. Probably sensing this the woman began to carry liquors in her grip. Finally she was detected.

PRESIDENT'S DOG HAS RELATIVES IN RANGER

Born this morning to Tin Tern Tip Tap and Village Princess, five sons and daughters, at the residence of the Princess in the Lackland Poultry Ranch. Such an announcement in Airedale circles might attract but passing notice, but for the fact that the new arrivals are half brothers and sister of Laddie Boy, companion of President Harding.

Tin Tern Tip Tap of Toledo, an imported sire from England, is the father of Laddie Boy. The Village Princess is a Ranger product who carried off blue ribbons at the shows in Los Angeles and in other California cities.

Colonel Rufus J. Lackland, acting for the father, made the announcement of the arrival of the pups this morning.

SIXTY CENTS PRICE SET FOR MEXIA CRUDE

DALLAS, Oct. 11.—Sixty cents a barrel will be paid for Mexia crude oil by the Magnolia Petroleum company, according to an announcement made by W. C. Proctor, treasurer of that company, effective this morning.

While some buying in the Mexia field on contracts has been reported, the Magnolia is the first company to post a price.

Storage and pipe lines adequate to take care of a considerable have been completed, it is reported.

Operators have been anxious for the beginning of buying in the Mexia district in order that some of the wells may be turned loose which have been held on top of the sands or pinched in, and demonstrate just what volume of production may be expected from the newly developed parts of the field.

While this price is somewhat less than some of the operators had been expecting, it is considerable higher than that looked for before the recent general increase.

CHITWOOD MAY TRY FOR BLANTON'S SEAT

SWEETWATER, Oct. 11.—State representative R. M. Chitwood of Nolan county probably will be a candidate for congress to succeed Thomas L. Blanton. Announcement is expected within the next few weeks.

Chitwood was the author of the original West Texas Agricultural and Mechanical college bill which was passed by the Thirty-seventh legislature. He took an active part in the fight for the redistricting of the state into senatorial districts.

Chitwood also was author of the house rural aid bill, which after having passed the house was made a part of the senate Floyd bill, and which was passed finally and signed by the governor following the last regular session.

COURT DECIDES BOYS MAY LOOK THROUGH PEEKHOLE

By International News Service

NEW YORK, Oct. 11.—In an epoch-making decision, just handed down, Judge Peter Hatting has upheld the constitutional right of every American boy to "peek" into any show which has a peekhole, whether the same be a tear in the canvas or a knothole.

The question arose in the case of the People vs. Albert Duat, a professional "bouncer."

Duat was accused of striking a 9-year-old boy. His defense was that the boy was "peekink" into a tent where Jack Johnson, former prize-fight champion and convict, was exhibiting.

The court held that this did not constitute a criminal defense and fined Duat $50. Not having the money, Duat was sent to [illegible] days.

Skin Diseases Due To Waste Products In The Blood

For Genuine Relief Your Blood Must Be Purified.

For real, downright, harrassing discomfort, very few disorders can approach so-called skin diseases, such as eczema, tetter, boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes and other treatments applied externally to the irritated parts.

To correct the basic trouble—*waste products*—the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure, rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 56 page illustrated booklet, "*Facts About the Blood*"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 743 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

DALLAS GIRL IS HELD ON CHARGE OF STEALING CAR

DALLAS, Oct. 11.—Miss Essie Janet Varm, 19, and pretty, first woman ever arrested in Dallas county on a charge of stealing an automobile, was held Monday to the grand jury on bail of $750, despite her plea that she is innocent.

The girl said she rented the car and that it was stolen by a man whom she gave a lift. The company which rented the auto to Miss Varm filed the charge against her.

CALUMET

HAS RAISED A NEW STANDARD FOR BAKING POWDER

Because it's made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful food.

Because it possesses the greatest leavening power.

Because it is not affected by time or weather—it never loses its strength and never fails.

Because it is more economical—you save when you buy it and you save when you use it.

These are a few of the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.
