#### THREE NEGRO BOYS DIE, ANOTHER IS HURT AS TEXAS GIRL PILOT CRASHES

HEARNE, Tex., Dec. 30 (AP)—Three negro boys were dead and another was in a critical condition today as a result of an airplane crashing into a crowd that swarmed over the flying field here yesterday.

Miss Dorothy Stocker, 17, Houston stunt flier, said to have a private pilot's license and considerable flying time to her credit, was alone in the plane when it swooped upon the surging crowd.

"I risked my own life trying to save those boys; an investigation will clear me."

This was the comment today of Miss Stocker, 17-year-old girl aviator and secretary of the Houston Women's Flying club.

The dead youths, two of whom were killed instantly, were Kelsey Hearne, 7, and James Hearne, 9, sons of John Hearne, and Jim Webster, 12, son of John Webster. The boy injured was

(By Associated Press)  
VERNON, Dec. 30.—A verdict of "death by gunshot wounds at the hands of unknown persons" was returned by Justice of the Peace H. C. Justin today at an inquest into the deaths of J. H. Haggard, 56-year-old tenant farmer, and his six children, whose bodies were found yesterday.

The verdict was returned after Justin had conferred with the district attorney, who indicated no arrests were planned, but evidence was not considered sufficient to substantiate any other verdict.

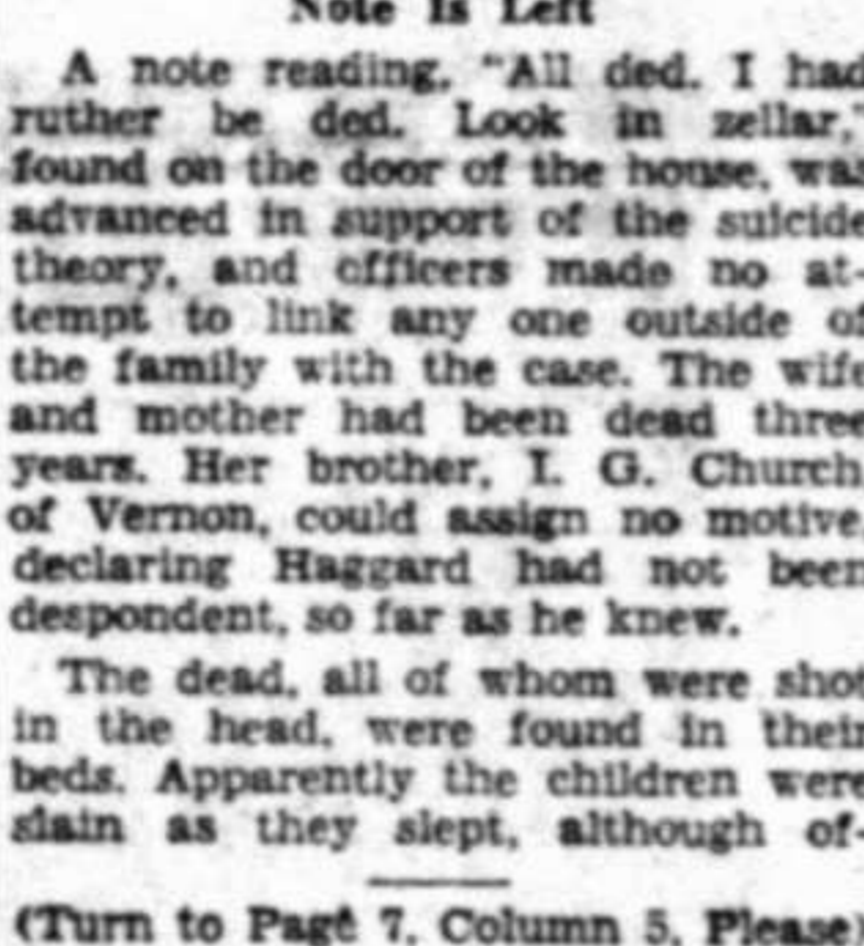

**Burial Today**  
Arrangements were completed for burial of the six this afternoon.

VERNON, Dec. 30.—Officials here today puzzled over the fatal shooting of a family of six discovered in their farm home near Vernon yesterday by a young Mexican. No motive has been assigned immediately for the slaying.

The dead were J. H. Haggard, 56, tenant farmer, and his five children, Simon, 18, John, 10, Alta, 15, Alma, 12, and Dorothy, 6.

**Note Is Left**  
A note reading, "All dead. I had ruther be dead. Look in cellar," found on the door of the house, was advanced in support of the suicide theory, and officers made no attempt to link any one outside of the family with the case. The wife and mother had been dead three years. Her brother, I. G. Church, of Vernon, could assign no motive, declaring Haggard had not been dependent, so far as he knew.

The dead, all of whom were shot in the head, were found in their beds. Apparently the children were slain as they slept, although of-

Most important change was authorization of interstate movement of cotton samples and of compressed and baled lint or linters from regulated areas of Western Texas, New Mexico and Arizona, without investigation, when such samples, lint or linters, have been produced in a county within which, and within five miles of which, no pink boll worm infestation has been found for the two preceding seasons.

#### SCIENTISTS ARE TOLD OF FINDINGS OF TWO EXPERTS

BY HOWARD W. BLAKESLEE  
Science Editor, Associated Press  
DES MOINES, Iowa, Dec. 30 (AP)—Improving radio reception for several years except for a brief period about a year hence was forecast at the American Association for the Advancement of Science convention today by Harlan T. Stetson of Ohio Wesleyan university.

Stetson based his prediction on what he described a "remarkable fulfillment" of a forecast of the effect of sunspots upon radio that he and Dr. Greenleaf W. Pickard "ventured" before the association a year ago. This was that there would be an increase in the number of sunspots this fall interfering with the broadcast band used for programs.

That, he said, was just what happened this fall in October and November.

Dr. Swift appeared here early Sunday, and the taxi-driver telephoned from Alvarado. They said they were captured by a man and a woman, or two men, one dressed as a woman, the latter being reported at Waco by Teague. Their captors were armed with a machine gun and carried a large amount of narcotics in a suitcase, the men said.

**Doctor Tells Story**

Wait your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel the distressing symptoms of your cold fading away. Don't be haphazard for all druggists invite and expect you to try it. # NEW ATTACKS LAUNCHED AGAINST SUBSIDIZING OF ATHLETES

## SPEAKER SAYS PRACTICE NOW IS SUBSIDING

### CARNEGIE MAN CLAIMS 'SHOPPING AROUND' HURTS SPORTS

(By Associated Press) NEW YORK, Dec. 30.—A further attack on subsidizing athletes by colleges and universities was launched by Howard J. Savage of the Carnegie Foundation for the Advancement of Teaching in a speech prepared for delivery at a luncheon of the Sportsmanship Brotherhood today.

Mr. Savage declared that although the practice of recruiting high school and preparatory school athletes probably is diminishing gradually, "the situation still is such that it should engage the attention of every sportsman."

"No Simple Matter." "Recruiting of athletes is no simple matter, and its rights and wrongs are not so immediately obvious as one might wish," said Mr. Savage. "The practice seldom, and probably never, exists without the use of subsidies. As the fisherman baits his hook, so the recruiter dangles the subsidy before the preparatory or high school athlete. So widely recognized are the practices of a complementary practice has developed among schoolboys, known as 'shopping around,' in which the boy may offer by correspondence and even by telegraph his athletic services to the highest bidder among the colleges."

It is a satisfaction to note many colleges not so solicit athletes or respond favorably to their tenders of athletic ability. It is even more gratifying to know recruiting probably is diminishing, although gradually, and that the time will come when "shopping around" will be even more disreputable than it is today.

## Two Injured In Pen Break In Missouri

JEFFERSON CITY, Mo., Dec. 30.—A guard was struck and one convict was shot when two inmates of the Missouri State penitentiary here made an ineffectual attempt to escape today.

John T. Bradley, guard, suffered a lacerated abdomen when he was struck on the head from a blackjack and Virgil Davis, 34, convict, received gunshot wounds about the hips.

## Lions Club Plans Tomorrow's Meet

Tomorrow's luncheon meeting of the Lubbock Lions club will be devoted to a New Year's program and will be in charge of Robert N. Miller and Vernice Ford, according to C. F. Drexel, president.

The meeting will be held at Hotel Lubbock, beginning at 12:15 o'clock. A large attendance is expected as they are some business matters pertaining to the coming year, Drexel announces.

## TERRIFIC STORM REPORTED

FORT LOUIS, Island of Mauritius Dec. 30 (AP)—A terrific storm struck the island of Mauritius today, and some of the heaviest rainfalls ever seen here inundated Port Louis and seriously damaged plantations. Rivers overflowed their banks, bridges were carried away and railway traffic was suspended in the northern portion of the island.

## IN THE REALM OF SPORTS

WITH ALLAN CARNEY, Journal Sports Editor

Two more days of preparation for six football teams and the 1929 football campaign will be over. Three inter-sectional games on New Year's day will ring down the curtain on what has been the most successful grid year in history. Out on the Pacific coast, where the sun was sagging in a much brighter than any other section of the country, approximately 100,000 football fans will witness the two scrimmages on tap. Pittsburgh's Panthers, after a long trip across the continent, are keyed up to the last notch for their battle with the University of Southern California—the main attraction for the Rose Bowl tournament of West. At San Francisco the All-West eleven will again defend the honor of the "Wild and Woolly West" against the cream of the collegiate stars of the East.

Last year the Eastern club walked off with the long end of the stick. The West team this year shapes up like an organization that should gain a little sweet revenge. While these powerful teams are battling out on the coast, two eleven, equally as powerful, will defend the honor of the Mid-West sections of the benefit game at Dallas between the Mid-West all-stars, coached by Jimmy Phelan, and Southwest Conference seniors of Ray Morrison.

Despite the overwhelming defeat handed the Southwest eleven last year by the boys from the Big Six odds in the coming contest are just about even. A wide-open aerial attack is expected from the Southwestern squad, while the invading team from the north will pin its hopes on a hard running attack, featuring the all-American back from Texas, Ralph (Pest) Welch. Morrison's running and passing attack will be aided by Hibcock, Grubbs, Jake Hanna, Buster Mills and a bevy of outstanding stars who are playing their last college football game. Practice during the past few days has seen Hanna, the Centenary sensation, jump into the spotlight, and this streak of lightning may turn out to be the individual star of the battle. The bullet passes of Howard Grubbs, the T. C. U. sparkplug, is likewise to play a leading part in this season's attempt to avenge the 1928 defeat by Blue Howell and company.

Tonight and tomorrow night at the Amarillo high school gymnasium, Jimmy Kite and his national high school championship cagers will make their initial bow of the season in the Panhandle. Coach Davis Hill has been working the Sandies hard for the pair of engagements with the lanky lads from the high school. Championship cagers will make their initial bow of the season in the Panhandle. Coach Davis Hill has been working the Sandies hard for the pair of engagements with the lanky lads from the high school.

And while we're on basketball did you know that one of the most successful basketball coaches in the entire country never played the game as a high school or university student, yet S. D. Burton, the cage mentor for the West Texas Tech team of Canyon, has made a record as basketball coach that is believed to be a national record, covering a period of eight years. Out of 170 games, his teams have won 143 games. Three conference championships have been won in second place twice and in third place twice.

Ask any man who has played against a Burton-coached team and he will tell you that the Buffalo is a master of the game's technique. His clubs are always dangerous despite the fact that his material at Canyon has not been the best in the world. The strong support afforded the Canyon quintet has had much to do with the success of Burton. The Bisons play before crowds that would do credit to any Southwest Conference basketball team. Canyon is basketball crazy and the fans are cage minded and the club profits accordingly.

## Special Bed Built For Giant Fighter

NEW YORK, Dec. 30 (AP)—A special bed, eight feet long, was built by the Cupard line on its steamship Berengaria for the accommodation of Primo Carners, giant welterweight, who will arrive in this country tomorrow for several bouts. Carners is six feet 10 inches tall and weighs 285 pounds.

## CASTLE'S FATE A PROBLEM

Can a castle under water be a landmark, is a question puzzling Ayrshire people. When the level of Loch Doon is raised to provide electricity for the Galloway district of Scotland the old fortress will be submerged under the surface of the lake. Under provisions of an ancient charter the castle must be preserved for all time as a landmark. A schoolhouse on the site will be submerged, but Ayrshire officials are arguing the castle question.

## Pets In Hat Brooches

Fashionable London women have a new fad in hat brooches of their pets. Dogs are the most conspicuous, the wearers having had made up a replica of the canine pet at the house. These are picked out in small diamonds, on platinum or white gold. Others who favor a parrot, a rabbit or a tortoise are also wearing models of their pets.

## Scoring Kings Put Punch In Cage Game

### LEADERS BACK TO SEIZE NEW COURT HONORS

#### PITT, OKLAHOMA AND PURDUE STARS ARE READY FOR GONG

(By Jay Veasels, Sports Editor) (Associated Press Feature Service) NEW YORK, Dec. 30.—It probably will be Hyatt, Churchill and Murphy against the field for high scoring honors in their respective basketball conferences this winter.

This seems fairly certain since these ace who finished first in individual scoring last year are showing rare shooting form in the early season scrimmages.

"Chuck" Hyatt, the stocky Pittsburgh forward who topped the nation's players in 1928-29 with the remarkable total of 302 points, is already in top form.

The great little Pitt star who is playing his last year with the Panthers scored 51 points in the first three games of the winter program, picking up 22 points in a single evening.

Murphy is Ready. Second in ranking among this trio is "Stretch" Murphy, Purdue's gangling center, who has been outshooting the boys around the Big Ten for some time. Stretch led the conference with 145 points last season and was second high the year before.

Since Purdue does not play as many games as Pittsburgh, the Hoosier hoopster probably will yield to Hyatt in total points. Stretch is conceding nothing to his conference competitors though, and he should repeat barring a collision with a rafter. Murphy is six feet and still growing.

High man in his own conference, Tom Churchill, Oklahoma's great all-around athlete, is stepping out this year to help the Sooners make it three straight in the Big Six and to keep intact a string of 31 consecutive triumphs within the circuit.

Always Wins. Churchill, a forward, led the loop with 134 points last season and has yet to figure in a losing game in the conference. The Sooners swept through their Big Six schedule without a defeat both last year and the year before.

## SEAT SELL-OUT WILL MARK DALLAS CLASH

DALLAS, Dec. 30. (AP)—With a seat sell-out expected and balmy weather continuing, the Southwest and Midwest football stars here for a New Year's Day benefit clash began tapering off today. Twice daily drills were cut to one today and tomorrow.

They spent yesterday in golfing and other mild diversions and today were reported in excellent shape by Ray Morrison of Southern Methodist university, in charge of the Sooners, and Jimmy Phelan, former Purdue mentor, who is coaching the midwestern players.

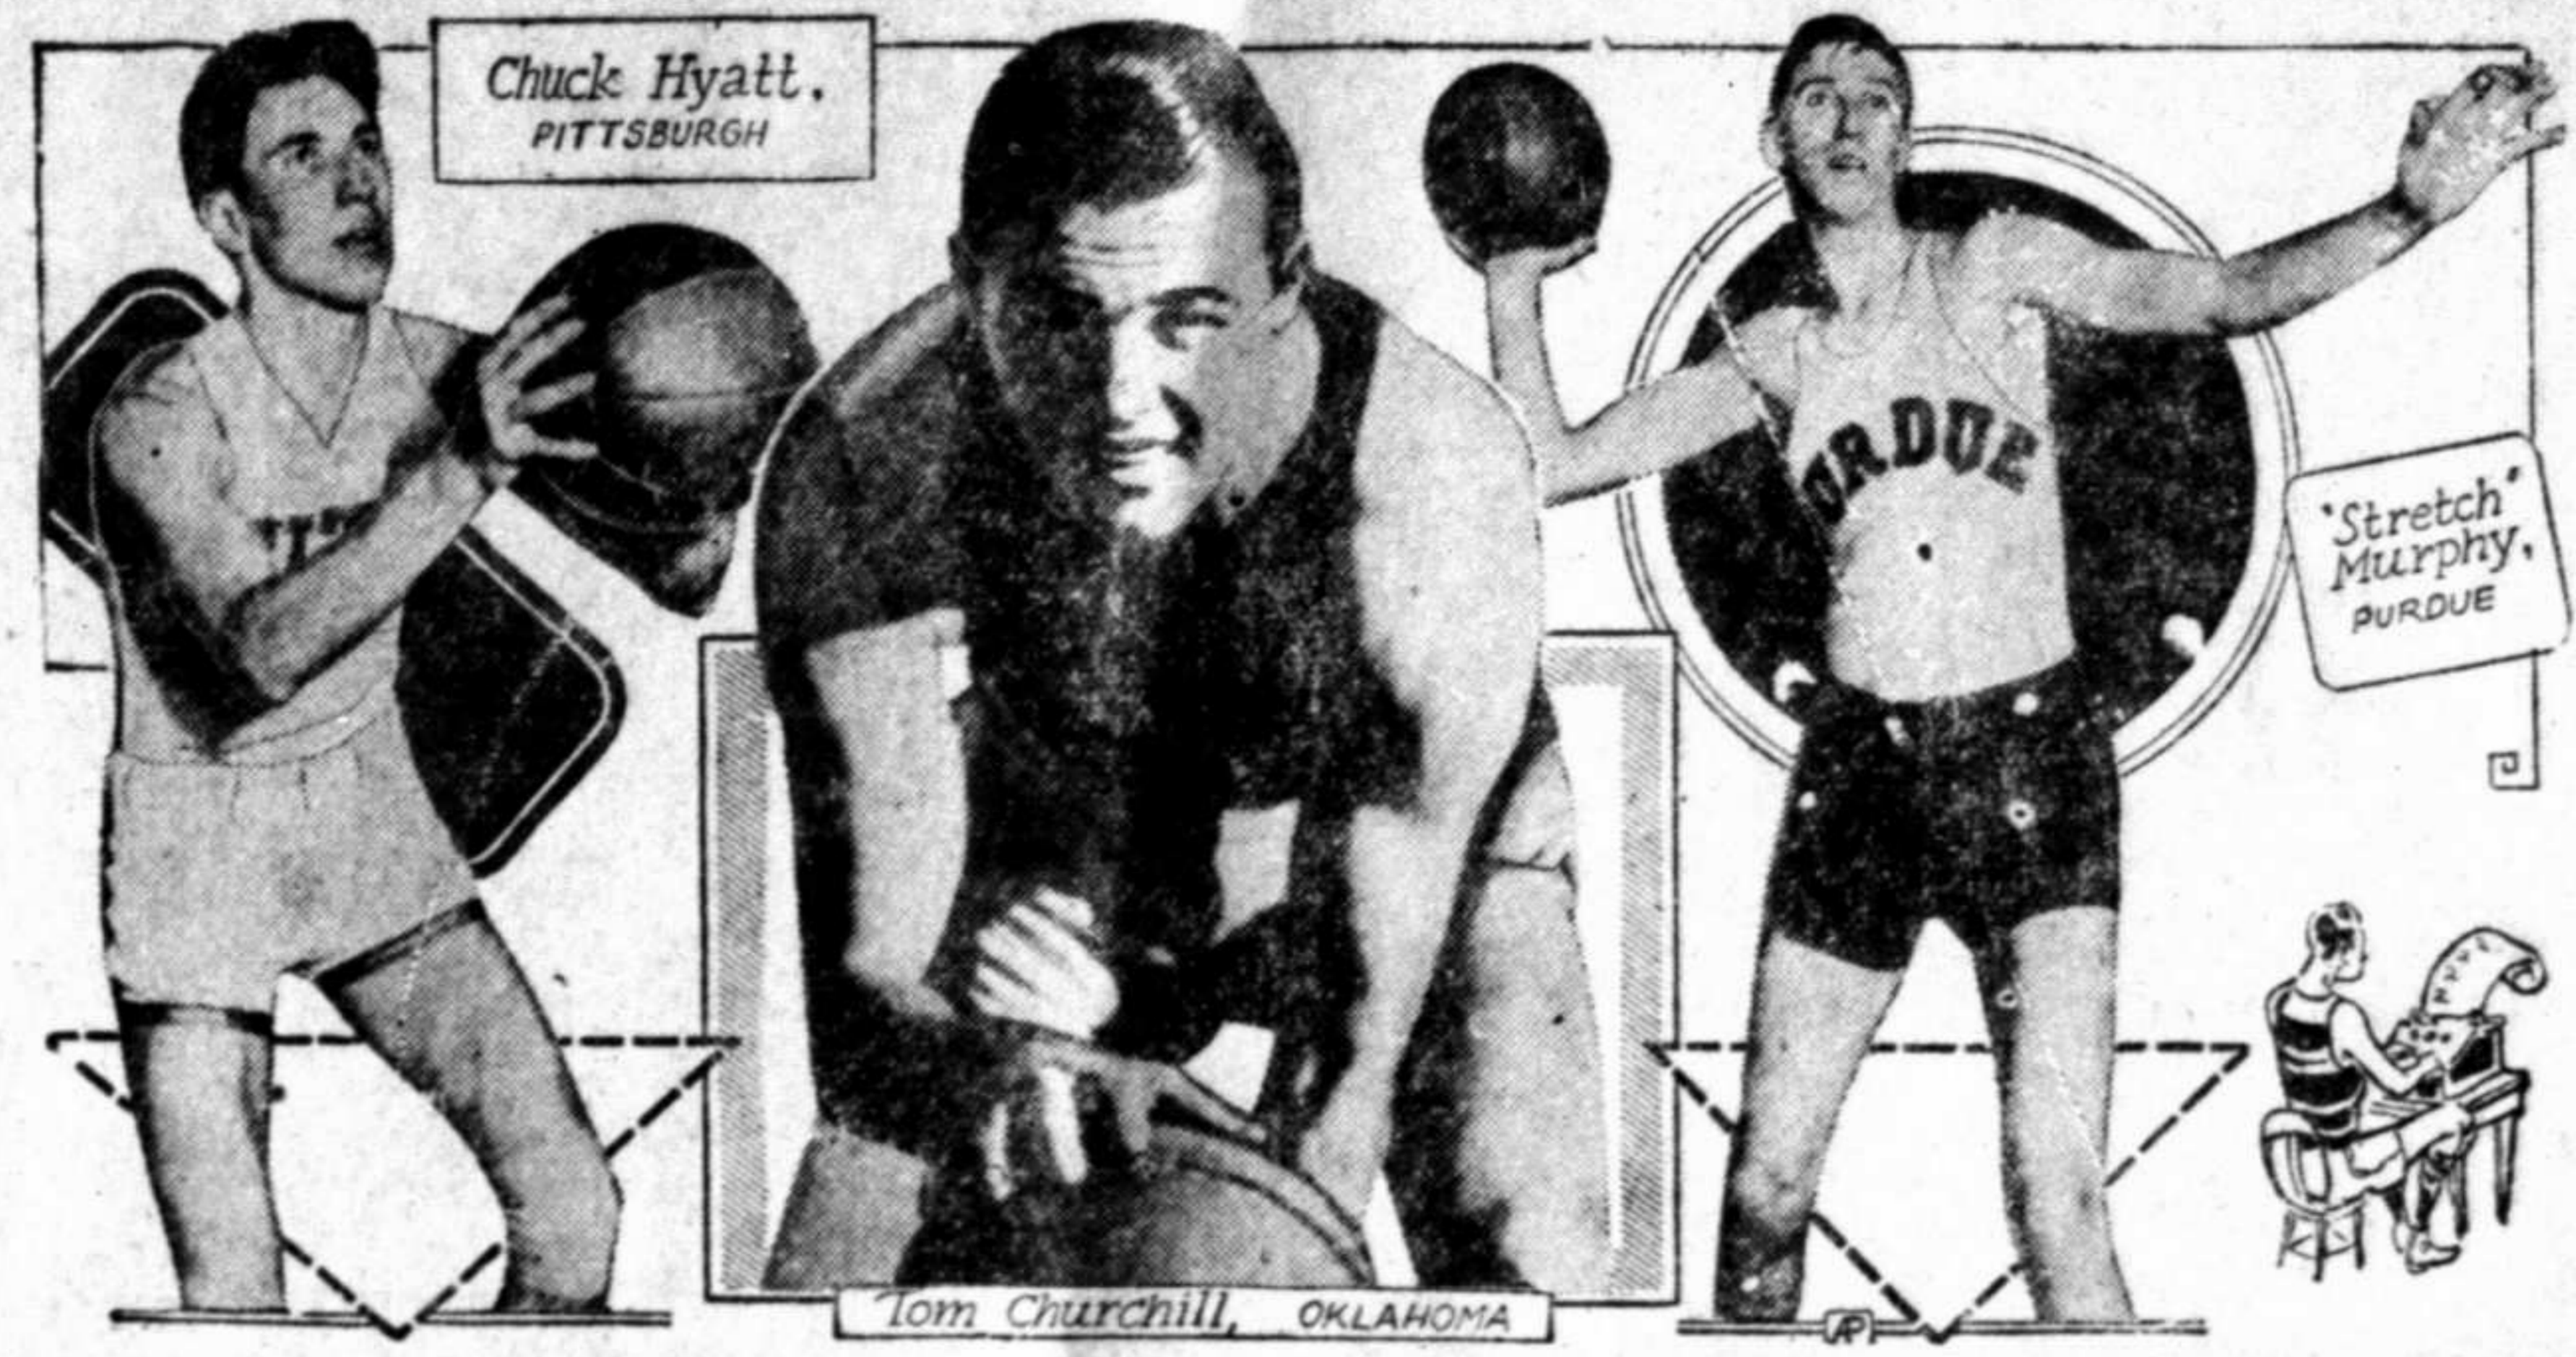

Both planned to supplement the single workout with skill practice. Morrison had not decided on his starting lineup, but indicated he would run his men in relays, keeping intact two sets of backs and two forward walls. One of these walls possess a tonnage that will compare favorably in weight with the opposition, while the other set of linemen is lighter but speedier. Neither backfield has a great amount of weight. Phelan probably will adopt the single substitution plan on their team, instead of using two complete squads.

## COUPLE FETED BY CHURCHMEN

(Special to The Journal) SNYDER, Dec. 30.—Rev. and Mrs. James H. Tate were honored Saturday when friends of a lifetime and members of the Abilene Presbytery gathered at Fluvanna to pay tribute to the couple who have spent the last 26 years in ministerial service at Snyder and Fluvanna. They will leave next week for their new home in Mentone, California.

Rev. Tate has served his entire ministerial career in this section and is the senior ranking pastor.

Bag Given Couple. Rev. E. B. Surface, of Abilene, was chairman of the ceremonies at which time a traveling bag was given the pastor and his wife as a testimonial from the Presbytery.

These high scoring champions of last season are back to do their basket shooting stunts this winter. Hyatt led the east, Murphy the big Ten and Churchill the Big Six.

One At Frisco. A picked eastern team battles an all-star Western aggregation in the annual Shrine's charity game at San Francisco.

At Dallas, picked teams from the mid-west and the Southwest struggle for supremacy.

Among those who would enjoy fighting Art Shires is Lionel Conacher, manager of the New York Americans and a veteran hockey star. I'll bet there are 29 hockey players in the league right now who could chase either one of those guys (Shires or Trafion) right out of the ring. Besides hockey, Conacher played Class A baseball, scores below 90 in golf, was one of the best soccer players Canada ever produced, was a swimming champion, a fine lacrosse player and formerly held the amateur heavyweight boxing title in Canada.

## Fluvanna Scene For GATHERING HONORING PRESBYTERIANS

(Special to The Journal) SNYDER, Dec. 30.—Rev. and Mrs. James H. ## JONES' UPSET SHOCK TO GOLFDOM

### DETHRONING OF GEORGIA PEACH MARKS TURN OF LINKS PASTIME DURING CLOSING YEAR

(By Claire Burcky, NEA Sports Writer) No other event of the 1929 golf season came with such startling suddenness and utter surprise as the defeat of Bobby Jones in the first round of the United States Amateur championships at Pebble Beach, Calif., and for that reason no review of the activities on fairway and green during the past year would be quite correct without that upset being chronicled first of all.

True, other championships were won and lost and many sensational scores of well below 70 were recorded, but asking any golf fan to name the outstanding incident during the past season and without so much as a second's hesitation he will say, "Bobby Jones lost his amateur crown."

A youth of but little tournament experience, Johnny Goodman of Omaha, Neb., eliminated the Atlanta in the first round of play at Pebble Beach. The public knew nothing of Goodman prior to the time he dethroned the idol of golfdom. Even today people know only that "Johnny Goodman is the youngster who beat Bobby Jones."

Harrison Johnston of Minneapolis won the championship that had been Jones' for two consecutive years. Johnston has been a splendid player for many years but always in his quest for the championship of the United States. He played a steady game on the treacherous Pebble Beach course to eliminate all in his path, including Dr. O. F. Williams of Seattle in the final match.

For the second consecutive year and the fourth time in his career, Gienna Collett of Providence annexed the National Women's championship and established her right to the title of women's greatest golfer. But for the inspired play of Joyce Wethered of England, who came out of retirement to save the honor, Miss Collett surely must have numbered among her accomplishments the women's championship of Great Britain.

Leo Diegel retained the P. G. A. championship which he won in 1928, successfully fending off the claims of Walter Hagen, Horton Smith, Johnny Farrell, Gene Sarazen, Al Watrous, Johnny Golden and others. Golf fans are wondering what Bobby Jones will do in another year. The Atlanta has announced that he will participate in the Walker Cup matches, the British Amateur and Open and the U. S. Amateur and Open championships in 1930. Bobby scarcely has touched a golf club since his defeat by young Goodman.

## CUBS LEAD PARADE AS AVERAGES FOR 1929 SHOW YEAR FINE FOR SLUGGERS

(Associated Press Sports Writer) NEW YORK, Dec. 30.—As official averages of the National League are released, evidence grows that 1929 was a hitters' year in baseball. The pennant winning Chicago Cubs made a new record for runs batted in when they drove 933 tallies across the plate. This broke the old record of 820 established by the Pittsburgh Pirates in 1925. If the Cubs had not smashed the old high water mark, three other clubs would have done so, for the Phillies, the Pirates themselves and the Giants drove in more runs than the three-year-old record.

Cubs Lead In Pases. The Cubs also received most bases on balls and to square accounts struck out the most, the bases on balls totaling 589 and the strikeouts 567.

The hard hitting Phillies out-slugged their fellows, amassing an average of .497 with total bases of 2,559. The Cubs were legitimate champions for they led the league at home and abroad. The Giants were second on the road, but sixth at home, doing only a little better than an even break at the Polo grounds. The Cubs had a percent of .975 at home and .613 abroad.

Hornsbys Leads Hitters. Rogers Hornsbys headed the sluggers for the second year in a row, his percentage of .381 surpassing by 48 points his winning average of 1928. Hack Wilson, another Cub, made a new league record for runs batted in with 159, beating by seven Hornsbys' record of 152. Wilson also was the most accomplished player in the league at missing third strikes. He struck out 83 times.

Melvin Ott of the Giants led the league in drawing bases on balls, 113, and Jimmy Welsh of the Giants

and Braves was hit the most times, 11. Of the regulars, Pie Traynor, Pirates, proved the most difficult batsman to fool entirely. He struck out only seven times.

Jim Bottomley, Cardinals, for the third consecutive year batted in more than 100 runs.

### DALLAS, FORT WORTH, TO HAVE TEAMS IN ICE LEAGUE

(By Associated Press) DALLAS, Dec. 30.—Benny Leonard, who voluntarily relinquished the lightweight boxing crown, virtually has completed arrangements for a new ice hockey league in the sunny South.

Leonard said he had signed teams in Dallas, Fort Worth and (1) Lubbock City, and was certain of obtaining organization of a club in Tulsa, already represented in the American Association. The former lightweight champion is principal stockholder of the Pittsburgh National League team and intends to use the Southern League to develop players, he said.

## 1 MINUTE INTERVIEW

SAN FRANCISCO, Dec. 30 (AP)—Last minute practice was held today by the Western All-Star football team for its contest with the East grid eleven on New Year's Day.

The East players were idle, as Coaches Andy Kerr and Dick Haney at Palo Alto figured their stars were in the best possible condition after several days' practice.

Brumbelew Busy. Among Western players who worked out were Richards of Nebraska, at left tackle; Brumbelew, Texas Christian, at right guard; Churchill of Oklahoma, at right end; Clark, Colorado college, left half; Sloan, Nebraska, right half, and Pomeroy, Utah, fullback.

Coach Percy Loevy, in charge of the Western Eleven, also tried Gilmore, Oregon State fullback, at quarter, and he showed up exceptionally well.

Dowler Is Hurt. In the Eastern camp, Tommy Dowler, star Colgate halfback, had a badly wrenched knee, but Coach Kerr said Dowler may play part of the game, although not as much as originally planned.

And Braves was hit the most times, 11. Of the regulars, Pie Traynor, Pirates, proved the most difficult batsman to fool entirely. He struck out only seven times.

Jim Bottomley, Cardinals, for the third consecutive year batted in more than 100 runs.

## YULE RESTING PERIOD ENDED FOR ATHLETES

### COACH PAYNE STARTS TRAINING OFF WITH MORNING SESSION

After a full week of rest during the Christmas holidays, the basketball candidates of Texas Tech and Lubbock High are down to serious business again today with the resumption of training for the impending cage season.

Coach Victor Payne had his Matador dribblers out at 10 o'clock this morning for the first session of the double-daily doses that will be given the squad members for four days. Morning and afternoon sessions will last up through registration day after which the college basketballers will take their regular nightly workouts.

Good Season Expected. Prospects for a strong quiet are in evidence at Tech, and unless the early showing of the squad is misleading, the Matadors will give their opponents plenty to worry about before the 1930 season is over.

A practice game with the Littlefield city team will be played the latter part of this week and on Jan. 7, the Paynemen will take on their first college competition at Plainview against the Wayland Jackrabbits. Three days later the Rabbits will come here for a return engagement.

An even more anxious group of cagers are on hand at Lubbock High school today, ready to take up where Coach Del Morgan left off before the Yuletide season interrupted. The squad of fifty candidates will soon be cut into a working unit and when this begins, a concentrated period of hard work may be expected.

No practice games have been announced for the Western five as yet, but the high school lads intend to take plenty of time before they take on any stiff competition.

## SCHOOL BELLS IN CITY RING AGAIN

Texas Technological college and Lubbock public schools are preparing for re-opening of doors this week, following the Yuletide holidays.

Classes in public schools will be started again tomorrow. The second term opens January 13. Beginners will be admitted at that time, if there is a sufficient number to justify the starting of a new class.

M. H. Duncan, superintendent, announced today, "Pupils who have finished their first term's work may remain out of school until January 13, but those who have not completed the term's requirements had better re-enroll tomorrow."

Grades are being recorded in the registrar's office at Texas Tech in preparation for registration for the second term Thursday.

Imports of golf balls into the United States for the first 10 months of 1929 were 2,499,041, valued at \$789,738.

# THREE ARE SLAIN IN WEEK-END PRO-LAW ENFORCEMENT DRIVE

## THREE OFFICERS INJURED AS RAIDS ARE STAGED; QUANTITY OF ILLICIT BOOZE IS SEIZED

### TWENTY-FOUR OFFICERS IN IDAHO GUILTY, JURORS DECIDE

Week-end drives by prohibition enforcement authorities resulted in the death of three rum smugglers at the hands of the coast guard, the seizure of 5,000 cases of liquor and the critical wounding of three officers in Virginia and California.

In addition, a federal grand jury at Coeur d'Alene, Idaho, returned verdicts of guilty against 24 of 29 officers of Mullen, Idaho, and others who were charged with violations of the liquor law.

#### Tragedy At Newport

The three smugglers were killed in an effort to run a consignment of 500 cases of liquor into Newport in the speedboat "Black Duck" of that city. The coast guard patrol boat CG-290 opened fire, its commanding officer said, after the "Black Duck" had refused to heed an order to stop. A fourth member of the crew of the speedboat, who was wounded, claimed no warning had been given.

The remainder of the contraband liquor was seized by coast guardsmen from two other craft, the crews of which escaped.

#### "They Mean Business"

At Washington, Rear Admiral F. C. Billard, commandant of the coast guard, said that service "means business" and has no use for "gentle words and amiable gestures."

After raiding an illicit still and arresting three men, Bernard Puryear, a deputy sheriff, and Mack E. Tuck, a Clarksville, Virginia, policeman, were seriously wounded by a fourth, who escaped. They were in a critical condition today. The raid took place in Mecklenburg county, Virginia, just across the state line from Oxford, North Carolina.

#### Two In Struggle

Raiding the home of John South, wealthy ranchman near Yountville, California, Robert D. Freeman, San Francisco prohibition agent received wounds in his chest which may prove fatal. The wounded man said South shot him when he attempted to prevent the rancher from destroying a bottle of liquor. South, however, asserted Freeman pulled the trigger of a pistol over which they were struggling.

Harry Jones, another dry agent, who accompanied Freeman, said Mrs. South fired a shotgun at him during the raid but missed and was disarmed before she could shoot again.

The verdict at Coeur d'Alene was returned after twenty-one hours of deliberation. Among those convicted were Mayor Arthur Harwood, of Mullan, and Sheriff R. E. Wentinger, of Shoshone county.

#### Two Others Injured

Two Kansas officers were wounded in a gun fight between two parties of liquor raiders, each group of which believed it was firing on bootleggers. Ora Fulk, deputy sheriff, was shot in the right shoulder, and Constable John Crawford received a bullet wound in the right lung. The two groups of officers, one composed of Crawford and another constable and the other numbering a federal prohibition agent and two deputy sheriffs, had gone to an abandoned coal mine near Columbus, Kas., to raid a still. The still operators were not captured.

#### ACCIDENT REPORTED

GREAT BEND, Kas., Dec. 30. (AP)—Three pullman cars of westbound Santa Fe passenger train No. 5 were derailed last night west of Larned, causing slight injury to several passengers. None of the coaches turned over. After the pullman passengers were placed aboard other coaches the train proceeded.

## SEVEN ARE KILLED, MANY OTHERS INJURED, WHEN HEAVY GALE SWEEPS OVER ENGLAND AND WEST COAST OF FRANCE

(By Associated Press)  
LONDON, Dec. 30. (AP)—At least seven persons were killed and a greater number injured in a gale which swept England, Western France and intervening seas over the week-end. The wind reached 50 miles an hour at Selly Isle.

Although that gale subsided Sunday night, the Weather bureau predicted 1939 probably would pass out equally boisterously. A further atmospheric depression was spotted on the eastern Atlantic.

**House Is Wrecked.**  
A woman and her daughter were killed and four others severely injured in Manchester when a house was wrecked. At Havre France a crane was blown over and the tug Abelle sunk. Three of its crew drowned. A huge elm fell before the wind at Hazebroeck and killed two.

Damage occurred in many towns in South and West Britain and in Normandy. Telegraphic communications were interrupted in coastal districts. The aerial of the broadcasting station at Chelmsford was blown away, preventing proposed transmission to America of the Archbishop of Canterbury's sermon.

**Floods Reported.**  
Rain which accompanied the gale increased floods in some districts, particularly in North Wales where the river Dee swamped a wide area. Many sheep were drowned and roads submerged three feet deep.

Damage was heavy alongshore and practically every port showed innumerable boats which put in to escape the blow. The Margate lifeboat rescued the crew of the small German steamer Hermine in heavy weather at North Foreland. The steamer was abandoned, a derelict.

**FEW ARE INJURED IN GERMAN COAST AREA.**  
BERLIN, Dec. 30. (AP)—Wreckage today strewn the path of a 75-mile an hour hurricane which yesterday tore across Northwestern Germany. A partly-completed church at Dortmund collapsed. Other structures collapsed at Cologne, Dusseldorf and Barmen. A few people were injured. There were abnormally high tides in the Elbe and Weser rivers. Many vessels in port at Hamburg were torn from their moorings.

**FOURTEEN INJURED.**  
PEABODY, Kas., Dec. 30. (AP)—Fourteen persons were injured, none critically, when a Wichita-to-Kansas City bus of the Southern Kansas Stage lines collided with a sedan four miles west of here today. The injured occupants of the bus were brought here for emergency treatment.

Railways of Switzerland have reduced rates to industries and agriculture.

**START DOPE PROBE.**  
NEW YORK, Dec. 30. (AP)—Disclosure by United States Attorney Charles H. Tuttle that the name and telephone number of City Magistrate Albert H. Vitale had been found among papers seized in a narcotic raid heightened interest today in an investigation into Vitale's connections.

**HEARING IS BEGUN.**  
DALLAS, Dec. 30. (AP)—The motor transportation division of the State Railroad commission today arranged to hear testimony in the proposed establishment of two interstate motorbus lines between Dallas and Fort Worth and points in Oklahoma and Arkansas. Mark Marshall, director of the division, was named to preside.

**JUDGE QUITS BENCH.**  
AUSTIN, Dec. 30. (AP)—After fourteen years service as judge of the Seventh Judicial district, Judge J. R. Warren, of Tyler, has submitted his resignation, effective January 20, to Governor Moody. It was learned here. One of the best known jurists in East Texas, Judge Warren will enter the private practice of law with his son, Truman, here.

The Tinymites kept riding round until they'd covered lots of ground. The elf then said, "You're pretty good, but I'm all tired out. You've made me run for near a mile and I suggest you stop a while. I'll teach you next just how to turn your dandy bike about."

He then grabbed hold of the bike real quick. It slid up to a stop right slick. The Tinymites hopped to the ground and shouted, "That was fun. It will be great to ride around until some new, queer land is found." And then the little band swooped out to rest up, one by one.

"Now let me," the kind elf said, "into some new land you'll be led if you just peddle on your bike and keep it going straight. Wherever you travel, far or near, there will not be a thing to fear. And you can travel right along at quite a speedy gait."

When everyone had rested well, the elf then said the kind elf yell, "Come on, hop in your seats again. I'll teach you how to steer. Now this is one thing you must know, 'cause round big corners you may go. Just try it out and do not be so sure. Once more they rode a little while. The elf then broke out in a smile. "Ah, ha," said he, "You learn real fast. I think I'll leave you now. But, Tinymites, before I skip I think I'll start you on your trip. When once this trip is under way, you'll get along somehow."

The bunch then shouted, "Well, so long. We're trusting nothing will go wrong. When Santa Claus comes back tell him that he's been more than fair." And then the elf
