Junction, Kimble County, Texas, Friday, June 2, 1922.

Number 6.

JUNCTION HIGH SCHOOL YESTERDAY AND TO-DAY IMPROVEMENTS FOR THE SCHREINER PARK.

The closing exercises of the Junction High School were held in the Hankins-Riley Hall Monday night, May 29. A crowded house greeted the graduates at their commencement program and the graduates did themselves proud in the manner in which they carried out their part. Mrs. Marsh sang "The Arrow and the Song," and Ed. Allen rendered a violin solo, Mrs. Summers playing the piano accompaniment. These two numbers comprised the musical part of the program.

Weaver H. Baker, Ex-Officio County Superintendent, delivered a very optimistic address on the subject, "The Future of the Junction Schools," outlining his plans for the betterment of the Junction School as well as all the schools of the county. He also read the conditions under which Capt. Chas. Schreiner agrees to give \$25,000 as one-half the money he desires to see spent on a school building for Junction to bear his name.

County Attorney Fred E. Knetsch delivered the diplomas to the graduates, making a personal talk to each, and admonishing them to continue their school work in colleges or universities, and telling them that he hoped that the work they had just completed would prove only the beginning of the accomplishments they might attain.

A. W. Birdwell, Dean of the Southwest Texas Normal College, delivered the address of the evening. Dean Birdwell's address on the subject "The Spirit of the Conqueror," was very inspiring. He held the close attention of the graduates and the audience for more than an hour while he showed the numerous advantages of education, both to the one possessing it and to the Nation as well. He also dwelt at length with the future of education in Texas.

Young Man Seriously Injured Tuesday.

Lanan Bissett, fifteen year-old son of Mr. and Mrs. Joe Bissett, living about sixteen miles north of town happened to a very painful accident Tuesday of this week. He was standing on a tree some three or four feet from the ground, cutting wood when he lost his balance and fell. He was standing over a stubby limb about 1-2 or 3-4 inches in diameter that stuck into the right groin penetrating the body four or five inches deep. The limb was pulled out and medical attention was given him as soon as possible. The end of the stick almost came out thru the skin several inches from where it had gone in and blood clot formed there that necessitated opening the wound at that place. Dr. McMahon came from the Bissett home late Tuesday and reported the boy doing as well as could be expected, considering the seriousness of the wound.

The Llano river last Sunday was indeed a pleasure resort for a large crowd of Sonora people. One camp, occupied by Claude Keene, Alvin Keene and Alfred Sykes and families reported a very enjoyable time. Another party was composed of Jas. A. Cope, Felix Vander Stucken, J. A. Leach, Sam Stokes, John Swinburn, Bill Drennan, Paul Cook, Sterling Baker, Bob Murkinson and Bob Stene was with such a crowd a report that a good time was not had would seem absurd. Both parties reported big catches while the latter party reported catching of about a five pound bass.—Devil's River News.

J. R. Cannon of New Castle returned to his home Tuesday after spending several days here on a visit. He is a friend of Miss Helen Jones.

Army Officers Spend Few Days Here.

A party of army officers from Camp Travis, San Antonio, spent Monday, Tuesday and part of Wednesday in Junction and along the river. These gentlemen came here from Medina Lake where they had gone from San Antonio, but failed to find conditions there as inviting as they expected so came on this way. This is the first time any of the party had seen the Hill Country and they were highly pleased with what they found here and expressed the intention of returning at the next opportunity afforded them. Major Cullen stated that he had already made up his mind to bring his family and a larger party than the one he had with him this time and spend the Fourth of July at the Seven Hundred Springs.

The party was composed of Major Cullen, Chief of Staff, 2nd Div., Major Seldon of the Dental Corp., Major Williams, Division Judge Advocate, Capt. Brandon, Q. M. C., Capt. Stafford of the Signal Corp., Capt. Rehan of Division Headquarters Troop and Mr. Bieker, son of Col. G. W. Bieker of the Inspector General's Dept. They had four enlisted men who were driving the trucks, cooking and etc., and were traveling in a Machine Gun Buss and a Speed Truck. A radio set was a part of their equipment but they did not get it in operation when they were here. Captain Stafford said that he was coming back this summer with his wife and that he had a new radio machine that he wanted to bring along and do some experimenting while here next time. They visited the 700 Springs Tuesday afternoon and left for Camp Travis Wednesday about 10:00 o'clock.

Visit Seven Hundred Springs.

A most enjoyable day was spent by a jolly crowd from Junction Sunday, who visited the Seven Hundred Springs. Swimming, sightseeing and feasting were the main features of the occasion. Among the members of the party were: Misses Cecil Martin, Lois and Blix Hankins, Emma Pickett, Katty Wilson, Lucy Smith, Clara Fritz, Louise Ragland, Messrs P. J. Dorson, Robert Alexander, of Sulphur Springs, and W. W. Murray, of Wichita Falls, Cleve Stephen, Willie Bissett, Lee J. Corbitt, Earl Maddox, Arthur Wilson, Mrs. V. A. James and Mr. and Mrs. J. D. Motley.

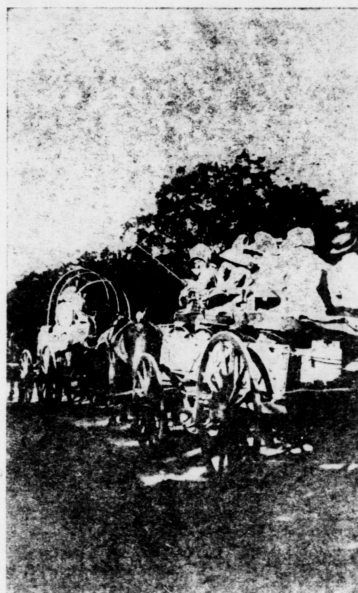

Misses Nan and Mary Swartz left Tuesday for their home at Center Point. These young ladies made very enviable records as members of the local school faculty and made many friends here during the past term that will regret to see them leave, but will be glad to learn that they are to return this fall as they were both elected and have accepted positions in the school for next term.

Mr. and Mrs. Roy Finke and friends of Fort Worth, who have been spending the past ten days fishing on the South Llano, past through Junction Thursday on their way home. They were callers at the Junction State Bank and said that they had a lovely time.

Recital.

Miss Elizabeth Patterson and Mrs. S. F. Marsh will present their pupils in piano recital at the Baptist church next Friday evening, June 2. The public is invited. No admission charges.

Roy Spiller was in from the ranch Tuesday and Wednesday.

Going A Fishing On the Llano 25 Years Ago

Going A Fishing on the Llano Today

GRAMMAR SCHOOL GRADUATES RENDER PROGRAM

On last Friday night the Graduates of the Grammar School of the local high school gave an excellent program at the Hankins-Riley Opera House under the direction of their teacher, Miss Love Quick. A crowded house enjoyed the program rendered by the members of the seventh Grade, the Violin Solo by Miss Lois Hankins, Piano solo by Miss Cecil Martin and the address by Judge by Judge Weaver H. Baker who delivered the Diplomas.

Miss Quick has made an exceptionally fine record here as teacher of the 7th grade and those graduating into high school are well prepared to take up the work that will be assigned them as freshmen of that department of the school.

After the program the class was given a banquet at the Buck Horn Cafe. The Cafe was beautifully decorated with the class colors, crimson and gold and everything that a growing boy or girl's appetite called for was provided. Long streamers, representing the class colors hung from the center of the ceiling to each of the several Buck's heads on the walls. Each chair was separated from the others by paper partitions in the class colors.

Everyone present enjoyed the event to the fullest extent and felt that they had been well paid for the efforts that they had put forth in attaining the desired grades for graduation.

SAN ANTONIO CHIEF POLICE QUITS UNDER SERIOUS CHARGES.

Thomas J. Martin Resigns Immediately After Being Suspended From Office

San Antonio, Texas, May 27.—Thomas J. Martin tendered his resignation as Chief of Police at 4:30 Saturday afternoon. It was accepted by Mayor Black and Commissioner Phil Wright on behalf of the city council. It took effect immediately.

Chief Martin's resignation was tendered after he had been suspended by the Mayor and Police Commissioner, following the charges against him alleging misconduct in office by Captain of Detectives Albert O. Van Riper and City Detective Everett Anglin. These charges were filed with the city clerk shortly after 2 o'clock.

The resignation of Chief Martin came as a distinct surprise, as he had stated only a few hours previous that he did not intend to resign, but expected to stay and "fight it out." The charges filed against him, he asserted were purely "politics." Shortly after 4 o'clock, however, Mayor Black and Commissioner Wright visited Chief Martin in his father's office and notified him that he was suspended from office pending investigation of the charges filed against him. The Chief protested against his suspension without a hearing, calling the attention to the Mayor and police commissioner to the fact that he had been promised a preliminary hearing when an investigation regarding his conduct was started earlier in the week.

Memorial Day Observed By American Legion

The Memorial Day Exercises were held in the Baptist church Tuesday night by the local Post of the American Legion. The exercises were carried out according to uniform instructions given to all Posts for conducting their memorial exercises. Special music and a short introductory by Judge Baker preceded Rev. Marsh who made the address of the evening, calling attention to the different classes who played their part in the recent war and emphasizing the necessity of remembering to do honor to those whose lives had been spent for their country as well as to remember those still living who made many sacrifices during the war that were not in the service. The speaker also stressed the importance of the duties that rest with the ex-service man both in upholding the moral standards necessary for good citizenship and the fulfillment of their obligations to the government that will guarantee the continued existence of the principles for which they fought. His address was highly appreciated by the American Legion as well as others present.

SUTTON COUNTY STOCK SALES.

T. L. Benson Commissioner reports the following trades at pvt. For Rudy Davis to H. P. Allison: 890 head of 1, 2, and 3 year old nuns in the wool; for the Bluff Creek Ranch Company of Edwards County to Robert Halbert 1,000 yearling ewes, delivered about June 5th. W. H. Cripe, of Hutchinson, Kansas, purchased thru T. L. Lenson, steers from following parties at pvt. From H. P. Allison 565 yearlings; from Robert Halbert 125 yearlings; from B. M. Halbert 115 yearlings; from Ed Mayfield 29 head of 2's and 4's; from Joe Turner 18 head of 4's from W. R. Weaver, Rock Springs, 231 head of 1's 2's and 3's from Albert Kincaid of Ozona, 80 head of 3's. It is reported that Adwell Brothers of Sonora got the top price for their wool—49 7/8 cents.—Devil's River News.

Mrs. W. H. Wilson and Honan Johnson spent the week end in San Antonio, returning Monday where they were visiting Mrs. D. S. Stone. Wilson Stone returned with them and will remain here with his father, Dr. Stone. Mrs. Wilson says that Mrs. Stone is improving rapidly and it is thought that she will be able to return to Junction within the next two months.

Wilson has been attending Brackenridge High School and has made a splendid record this past term, having made the necessary grade to place him on the "exceptional" list, and a letter from Prof. Marshall Johnson, Principal of the first High School, written to the boy's mother commended his work very highly.

B. W. Weaver, Allen Moody, Walker Ragdale and Brown Epperson were in Junction Wednesday. Messrs Weaver, Epperson and Moody were on their return to Rock Springs from Menard where they had been to deliver 450 head of steer yearlings to fairs. These steers were sold to M. M. Cripe of Hutchinson Kansas. This is the second lot that Mr. Cripe has bought in Edwards County.

Walter Buck recently bought a Jewellers desk and the necessary stock to go with a complete set of Jewellers tools that he has had for some years, and has opened a full fledged watch, clock and Jewellery repair shop in the front of the Fawcett-Motley. Mr. Buck is an experienced Jeweller and repair man having worked at this trade for two years, after graduating from the Bradley Polytechnic Institute at Peoria, Ill. For the present he will only do repairing, but he expects later to add a line of watches, clocks and Jewellery, which will add a new business enterprise to the town.

Some very desirable improvements looking towards the making of Schreiner Park one of the most beautiful parks in this section of the country will be made at once. No better location for a park can be found than this one in the junction of the North and South Llano and shaded by a massive pecan trees.

Three concrete posts, similar in design, but smaller, to those now on main street, used for turning posts, will be placed at the entrance of the park. Between the two on one side will be a gate thru which live stock, wagons, etc., may pass, and on the other side a stock guard will serve for automobiles and trucks to pass over without the necessity of opening a gate. Over these three posts will be placed a new sign board with the name "Schreiner Park" on it. This sign will take the place of the one now over the entrance.

From the gate a nice graded and gravelled road will meander thru the park, going near the river at the bottom, thence back to the main house and to the main street. This road will give every one a chance to drive thru the park on a continuous road. A bath house will be provided near the bath house.

The bath house is to be repaired and put in first class condition and will be inside and out. Also the toilets will be repaired and painted and provision made for keeping them in a sanitary condition.

In short Junction is to have a real playground for the use of the people of the town and for visitors, where the cool shade of the big pecan trees and the fine bathing pool will offer an irresistible invitation to all who could enjoy the afternoon or evening in the best possible way. Very few towns can boast of such a desirable asset as we have here, and it is right in town too.

Those who are situated as we are here with a daily opportunity to enjoy the great outdoors under cool shades and in one running stream, can hardly realize the many advantages we have over many towns and cities where such facilities are impossible.

Schreiner Park, thru the generosity of Capt. Charles Schreiner belongs to the people of this community, and everyone should take special pride of ownership in it, and an interest in its upkeep, and protection from persons who would deface its buildings or otherwise mar its appearance or usefulness to those who enjoy the pleasures it affords.

Walter Buck Opens Jewlry Shop.

It is not often that a ranchman relinquishes the fascination that goes along with the raising of cattle, sheep and goats to enter a trade or profession in his home town, but that thing has happened here in Junction. Walter Buck recently bought a Jewellers desk and the necessary stock to go with a complete set of Jewellers tools that he has had for some years, and has opened a full fledged watch, clock and Jewellery repair shop in the front of the Fawcett-Motley. Mr. Buck is an experienced Jeweller and repair man having worked at this trade for two years, after graduating from the Bradley Polytechnic Institute at Peoria, Ill. For the present he will only do repairing, but he expects later to add a line of watches, clocks and Jewellery, which will add a new business enterprise to the town.

C. G. Montgomery and wife of the Noxville community was in Menard Tuesday on business. On his return Tuesday night he broke the rear axle of his Ford near the Spiller ranch and was unable to get into Junction until parts could be sent out on the mail car Wednesday morning.

WATSON SCHOOL NOTES

The Closing exercises of the Watson School took place Friday May 26. Out of thirty applicants last fall our efficient school board composed of Messrs Ollie Fleming, Felix Watson and Stanton Bundy secured Mrs. Cora Thompson of San Antonio for our teacher for nine months and she has abundantly proven the wisdom of their choice. We have had a good school.

The term closed with the following program rendered:

Song, America—By Audience.
Welcome Song—By Children.
Recitation, "A Boy's Opinion"—Bernard Ramsay.

Story, The Musicians—Martha Bundy.

Play, "Taking Teacher's Place"—Five Girls.

Song, "Jesus Loves Me"—Bunday Cardwell.

Recitation, "Safrina Jane"—Jane Bundy.

Play, "Imaginary Tommy"—Evalon Nance, Mandie Nunn.

Story, "Greedy Cat"—Earl Thompson.

Pantomime, Rock of Ages—Lillie Ramsay.

Reading, "My Sister's Beau"—Bess Nance.

Play, "Making the First Flag"—Five Children.

Story, "The Race"—T. M. Timberlin.

Song, "Sweet and Low"—Mada Katherine Cardwell.

Play, "Four Celebrated Characters"—Four Little Girls.

Recitation, "Do Your Best"—Mitchell Cardwell.

Seventh Grade Graduation—Song, "Vacation Time"—Class.

Class, Prophecy—Lillie Ramsay.

Recitation, "When Teachers Get Cross"—Evalon Nance.

Valedictory—Mandie Nunn.

Address—Judge Weaver H. Baker.

Presentation of Diplomas—Presentation of Prize for best Record—

Song, "Ho Ho Vacation Days are Here"—Children.

The school picnic at the head springs of San Antonio last Saturday was an enjoyable affair throughout, the one deplorable circumstance being that among the huge number of stuffed eggs brought by the various ladies of the community there were a number of bad ones, and among these aforesaid bad eggs—and at 2 p. m. they were very muchly stuffed, were Will Nance, Felix Watson, Will Ramsay, S. S. Bundy, Orville Cowser, Philip Luthringer, O. W. Cardwell.

Bess Nance and Martha Bundy proved the champion "divers" in the wading contest.

The school "marm" Mrs. Thompson, and Miss Bill D. Nance challenged Mrs. S. S. Bundy and Mrs. O. W. Cardwell to a tennis match, but they had no chance to win against the good right arms of these rolling pin disciples of Maggie.

In the goat roping Charley Bishop was champion, Joe Watson second, Felix Watson winning the "consolation." Jim Middleton did a beautiful cat, heels over, in jumping from the back of the Nance Grey.

One of the neighbors in his new Cadillac Eight proved the superiority of a real wagon to various "divers," to the special envy and chagrin of Felix Watson who was the nearest competitor in the speed contest.

At the races Betty Bundy's sorrel Prince beat the Cardwell ranch wolf horse. Picked sweepstake Class I race, three turlongs, Joe Watson's sorrel won.

In the Shetland race the real event of the day, Billy Cardwell's Bess out ran Betty Bundy's Black Prince, and Mitchell Cardwell's Butterfly, each owner riding his own horse.

The five year old owner and rider of Bess, puffed up over his victory, challenges any age rider to meet him at Junction July 3rd and 4th, promises to be 51 inches or under in height, no no entrance fees, no prizes, no betting. These three rules were observed in all our contests.

And let your correspondent say right here that he hopes Junction will plan and execute a program worthy of her good name, on July 3rd and 4th, clean and full of pep and fun, but allow nothing of which our wives, mothers and sisters will not approve, and in which our boys and girls cannot join. I do not know any of the commit-

GETTING BY

Is Comparatively Easy—Any one can do that.

GETTING AHEAD

Is a matter of Qualification. Only a few are willing to prepare.

We can sell you a Scholarship good for a thorough Course in Typewriting, Stenography, bookkeeping etc., in the biggest and best Commercial College in Texas

If you are interested in GETTING AHEAD, let us tell you about it.

If you can't attend the School why not prepare at home. See

H. C. PERRY.

At The Junction Eagle Office.

toemen but I vote one on the proposition that the higher Class, cleaner the show the greater the good in reputation and money returns to Junction. It is a question of which element you are trying to please. Also a question of plain speaking before hand. For instance, "No drinking, no betting, please. Signed, Committee" on your literature and in the Junction Eagle would cause most any man that was even struggling to be a gentleman to check his wild tendencies for at least the 3rd and 4th. I have seen it tried and know that men will play any game according to the rules laid down by the leaders.

Holkins, who won the 30-Mile motorcycle title from Peters, 1921.

Only 11.50. Holkins, Carl "Red" Peters for the state motorcycle championship at 50 miles on the two-mile San Antonio Speedway Saturday afternoon before a good sized crowd. Peters won the title last year and was favored to repeat. Holkins, who was star of Sunday's meet, won by almost a lap in the 30-mile event, his time being 19 minutes, 31.45 seconds. John Banks was third.

Holkins won the time trial of one two-mile lap, with Peters second and Banks third, in 1:15 3-5, and took first in the 12-mile Class A race, with Peters and Banks trailing in the order named, in 8:07 3-5.

Robert Sheppard was first in the 8-mile sidecar race, and Walker Lewis was second.

Mr. Holkins, mentioned in the above article married Miss Lula Jarvis, formerly of Junction, and her friends here will be glad to learn of her happiness.

and success at motor-cycle racing.

Christian Church Notes

The meeting at the Church of Christ closed on Sunday at the seven o'clock service, and at three o'clock p. m. four were baptized in the presence of a large audience. Bro. L. E. Carpenter did the preaching and I was well done, and was well liked. Those who did not greatly appreciate the presence and attention of all who came. Remember our regular preaching on Second and Fourth Sunday, and our regular work on each Sunday at 10 a. m.

J. S. Dursi.

Baptist Church W. M. U.

Every member is earnestly invited to attend the next meeting at 4 p. m. Thursday, June 8th. Subject Christian Education, and a special talk about our coming protracted meeting.

Tired

"I was weak and run-down,"
relates Mrs. Eula Burnett, of
Dalton, Ga. "I was thin and
just felt tired, all the time.
I didn't rest well. I wasn't
ever hungry. I know, by
this, I needed a tonic, and
as there is none better than—

CARDUI

The Woman's Tonic

"... I began using Cardui,"
continues Mrs. Burnett.
"After my first bottle, I slept
better and ate better. I took
four bottles. Now I'm well,
feel just fine, eat and sleep,
my skin is clear and I have
gained and sure feel that
Cardui is the best tonic ever
made."

Thousands of other women
have found Cardui just as
Mrs. Burnett did. It should
help you.

At all druggists.

To Whom It May Concern

Best boil your drinking water.
Best Swat the fly and
clean out stables. Put out
lime in stables and toilets.

Best sterilize all food and
water that is given babies.

Best use tangle foot, fly
poison and fly traps.

Babies will especially be sub-
ject to Dysentery on account
of humidity and from infection
from flies and water. The
humidity and Heat, lowers re-
sistance and your babies and
smaller children will likely be
very sick.

DR. STONE,
County Health Officer.
Baptist Church Notes

We had two pleasant services
under the arbor at Evergreen
with dinner for the crowd.

Mrs. Hicks is the superintend-
ent of the Sunday School which
has been reorganized at Ever-
green.

Arrangements have been
made with pastor J. B. Holt of
Kerrville to hold a meeting at
Evergreen the later part of July.

Rev. W. H. Price, one time
pastor at Junction, will preach
in the meeting which will be-
gin at Gentry July 7.

The Southern Baptist conven-
tion which recently convened in
Jacksonville Florida had more
than four thousand messengers
in attendance. More baptisms
were reported than at any pre-
ceding session. More than
thirty-five million has been col-
lected on the Seventy-five Mil-
lion pledges.

It has been five weeks since
there has been preaching serv-
ices at our church. We are glad
to dismiss our services when
there are other services in town.
Come out next Sunday for a big
get together. It is needed for
prayer and praise in preparation
for the Hornburg meetings
which begin the following Sun-
day.

Seek ye first the Kingdom of
God and his righteousness.

Mystery of Sleeping Sickness

Solved by American Physician

St. Louis, Mo. May 26.—A
serum which, when injected in-
to human beings in the early
stages of sleeping sickness has
produced a cure, has been dis-
covered by Dr. E. C. Rosenow
of Rochester, Minn. he announ-
ced today. Dr. Rosenow is at-
tending the annual convention
of the Medical Association in ses-
sion here.

Dr. Rosenow exhibited motion
picture of experiments he has
made tending to show he has
isolated the heretofore unknown
germ which causes this disease.

Picture exhibited showing the
germ injected into rabbits and
monkeys and producing the
same conditions existing in men
and women suffering from the
disease.

The disease it was explained,
is a disease of the brain which
produces unnatural sleepiness,
or contrarily, unnatural wake-
fulness, or again muscular
spasm such as severe jerking of
the head. The death rate is
about 30 per cent, Dr. Rosenow
stated.

The serum, he amplified has
been used upon patients in ear-
ly stages of the disease and in
several instances has caused the
symptoms to disappear. In
some more advanced cases it
served to check the affliction
but did not but did not effect a
cure, and in still other cases
no effect was noticeable, he ad-
ded.

"Also Ran" Resites His Woes.

Indianapolis—The trials of an
unsuccessful candidate for pub-
lic office were set out in the ex-
pense account of Patrick Dugan,
who "also ran" for Republican
precinct committeeman in the
Republic primary. In this
statement filed with the county
clerk he says:

"I lost 1,349 hours of sleep
thinking about the election.
I lost two front teeth and a
lot of hair in a personal encoun-
ter with an opponent.

"I gave four-cripled shoats to
a kosher butcher.

"I gave away two pairs of
suspenders and one pair of
shoestrings.

"I paid \$1.50 for advertising.

"I gave away thirteen baby
bottles, and kissed 126 babies.

"I kindled fourteen kitchen
fires and put up three stoves.

"I walked two hundred and
seventy-five miles, shook hands
with 4,076 persons, told 10,101
lies, and talked enough to print
sixteen volumes.

"I attended sixteen revival
meetings, one wedding and two
divorces.

"I was baptized once by im-
mersion and three times some
other way.

"I contributed \$2.00 to for-
eign missions.

"I made love to seven grass
widows and three old maids, got
stung by a flapper, hugged 49
other men's wives, got dog bit,
and got bitten by a billy goat.

"I was defeated by an oppon-
ent because I was accused of be-
ing a higherbinder.

"My total expense was \$3.50."

LOCAL BALL TEAM
PLAYS MASON SUNDAY.

The local boys went to Mason
Sunday and crossed bats with
that team. Considering the lim-
ited practice that each team had
been able to get so far, the
game was a good one. At the
end of the 8th inning the score
was one to one.

During the 9th
Mason scored twice and
Junction once leaving the final
score 2 to 3 in favor of Mason.
Junction got six hits while Ma-
son only got three. A game
was matched with that team for
the 14th of July. Both teams
will have considerable practice
between now and that time and
a good game will be played be-
tween those teams on the second
day of the Barbecue.

The line up for Junction was as
follows:

Cliff Hamer
George W. Cousins
Dick Weaver
Turk Kindrick
Shelby Jones
Garland Newby
Carlos Taylor

Simply delicious!
Kellogg's Corn Flakes with strawberries

Such a feast for a warm morning's breakfast—Kellogg's Corn Flakes and strawberries and a big pitcher of cold milk or cream—why, it's a revelation as an appetizer and so satisfying! Just as wonderful for lunch or for between-times nibbles!

And, best of all—Kellogg's Corn Flakes and fruit are exactly the food you should eat for warm weather! You'll feel so much cheerier, so free from drowsiness and headaches if you'll keep away from the heavy foods this summer!

Let the children eat all they want! For, Kellogg's digest easily and rest the stomach and supply nourishment!

United States

Ford Turns Out the Six-

Millionth Motor

Ford Motor Number 6,000,000 was lifted from the assembly line in the Highland Park Ford Plant at 9:14 a. m. May 14th. Just five and one-third seconds later Number 6,000,001 was finished.

The usual heavy demand for Ford Cars and Trucks at the present time has necessitated the building of 5,400 motors daily. The are shipped in car-load lots to the various Ford assembling plants throughout the

United States.

The first model "T" Ford Motor was completed on October 1st, 1908. Number 1,000,000 left the assembly line December 30, 1915, and number 5,000,000 came through May 28th, 1921.

Although the Ford Motor Co. turned out a number of different models prior to 1908, the present numbering system began with the first model "T."

the same rate.

Subscription...\$1.50 per year

In the rush last week we mis-
placed the Baptist Notes of Rev.
Marsh and did not find that we
had misplaced them until the
paper was out. We are sorry
this happened, as we are always
glad to have the different de-
nominations represented in our
columns in a manner that proves
of news interest to our readers.
Mistakes happen with every one
and we are not exempt, but we
are always more than glad to
correct our mistakes as far as
is possible.

The article in this issue rela-
tive to the Home Demonstra-
tion School recently conducted at
Sonora is furnished us thru the
courtesy of Mr. O. G. Babcock,
with the U. S. Department of
Agriculture, stationed at Sonora
and co-operating with the Sub-
Experiment Station in Sutton
County. Mr. Babcock is study-
ing animal parasites that effect
live stock industry in this coun-
try and we hope before long to
have another article from him
dealing with the work with
which he is connected. It will
prove of much interest to our
readers who are concerned with
the eradication of diseases af-
fecting sheep and goats.

The Bastrop Advertiser of
April 13th has the following to
say about State Comptroller,
Lon A. Smith:

"The State of Texas has never
had a public official of the
Lon A. Smith type until he was
elected. He is a real Democrat;
it is manifested in every action
of his life. Plain and unassum-
ing, but alert to every need of
this great state. He has al-
ways a good word for his fellow
man and a smile to pass on. He
is making the Sae a very effi-
cient officer and will be elected
for a second term with the big-
gest majority ever given any
man in Texas.

One of the greatest features
in the life of Mr. Smith is his
family. He has reared a large
family, which is the very pride
of his life. He has several
large photographs of the entire
family in his office and he points
to every member in the group
with an affection that endears
him to the real home lovers.

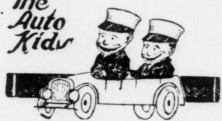

Mr. Smith is a Texan; every
fiber of his being is insympathy
with her welfare. His devotion
to her progress has been proved
by many years of official ser-
vice. He was, for several years,
State Senator from his District,
and while a member of the Leg-
islature did some valuable work
for the progress of the State,
especially for the educational
system.

If this State had more men
in office like Lon A. Smith, Holy
Wrt would be fulfilled when it
says, "When the righteous rule
the people rejoice." The peo-
ple of Texas appreciate Lon A.
Smith and he will be given
their approval in the coming
primaries by electing him with
a great big majority.

Miss Jessye Smith returned
home Saturday from Weather-
ford where she has taught the
past term.

You make no mistake when

THREE DOORS SOUTH OF STATE BANK.

MRS. WOLF ENTERTAINS

MERRY WIVES.

Another party on the banks
of the beautiful Llano was en-
joyed by the Merry Wives Club
when Mrs. Carl M. Wolf was hos-
tess on last Thursday. At 1
o'clock p. m. the guests were
ushered to the woods by Mrs. W.
P. Riley where they found Mrs.
Wolf waiting with a most boun-
tiful and delicious lunch. The
table was spread on a high bluff
overlooking the river. Bas-
kets of flowers was the motif
used for decoration. In the
center was a large basket of
flowers. The cards which
marked the places were decora-
ted with baskets of crysanthe-
mums. The table runner and
napkins had on them paintings
of flowers and butterflies.
Plate favors were miniature
corsages. The menu consist-
ed of cream chicken, in patties,
boiled ham, beveled eggs on let-
tuce, potato salad in mayonnaise,
hot buttered rolls, grape jelly,
iced tea, olives, strawberry ice
cream and cake.

After lunch was over, score
cards, which were also decorated
with baskets of crysanthemums,
were passed and several games
of Five Hundred enjoyed. Mrs.
C. T. Holekamp won the most
games and received the club
prize, a beautiful basket. The
guest prize was a beautiful
basket. Punch was served at
the close of the games.

The prize score cards, favors,
place cards, and decorations
were compliments to the club
of Mrs. Martin of Chicago, sis-
ter of Mrs. Wolf. Mrs. Martin
enjoyed a number of the parties
with the Merry Wives Club
during her visit here last year.

Those present were: Mes-
dames L. L. Skaggs, C. T. Hole-
kamp, J. C. Beddingfield, A. L.
Mudge, U. D. Kendrick, J. D.
Motley, L. F. Bowie, P. Joseph,
W. P. Riley, H. O. Patterson
Sam Joseph, of Lockhart, H. O.
Denman, W. H. Baker, Raymond
Allen, Nannie Summers and Mis-
ses Willie Wright, Dorris
Wright, Gladys Van Clief and
Tottie Martin.

The club is much delighted to
have Mrs. Raymond Allen as a
member again. She resigned
last year on account of illness.

The next meeting will be the
time for the payment of the as-
sessment of dues. Bring yours
with you.

Fishing is Very Good

On The Llanos Now.

Rudolph Becker, Edwin Wahl
and Ed Elgin Deckert had fish-
ermen's luck last Saturday
night. They caught nearly
one hundred pounds; the large-
st single fish was a 35-pound
cat, caught on a trot line baited
with minnows. They were fish-
ing on Mrs. Deckert's place on
Main Llano a few miles below
town.

A party composed of Dr. and
Mrs. E. C. Hindman, W. A.
Bledsoe and wife, J. W. Wil-
liams and J. T. Hardy, all of
Howland, and Weber Williams
and wife and Tom Holt of Paris
spent last week on the Llano
fishing. They expressed them-
selves as highly satisfied with
the country and say they will
be back soon. They camped
on the Y. P. Oliver place and
bought a quantity of Mr. Oli-
ver's fine pecans.

SERVICE

Young Man's Opportunity.

There are from twelve to fourteen million bales of cotton raised annually. Every bale has to be classed from one to four times, seldom by the same man twice. Until the last five years, there have been no training schools in this line, consequently the supply of men for this work is limited. Thousands of warehouses are being erected in this country and every warehouse requires two or three men to handle the cotton. The Commissioner of the Market and Warehouse Departments has appointed a board of examiners to examine applicants for licenses as Public Cotton Classers. To those passing a license is issued to engage in the business of Public Cotton Classing and to charge for his services. These examinations are open to both men and women. Practically every town and village where cotton is sold will employ one or more licenses cotton classers.

Aron Sapiro, Organizer for the National Marketing Association, says that between ten and sixteen per cent of the entire cotton crop is lost to farmers on account of incorrect grading. It is the purpose of the Association to have competent Cotton Classers to grade their cotton for all farmers belonging to the Association. This statement from one who knows shows two things, first that the man who raises cotton should be able to class it, to protect himself from loss, and second, that there is a wide and growing field of employment for the competent cotton man.

Cotton is the leading product of the South and will continue to be. Every young man of the South should know the classification and handling of cotton. More money is lost each year by the farmers on the marketing of this product than all other crops combined. The man raising it often knows nothing about marketing it and is therefore wholly at the mercy of the man buying. The facts are we lost thousands of dollars each year for the lack of trained men.

The young men or women trained in the cotton classing department of our institution, the Tyler Commercial College of Tyler Texas is in a much better position to take one of these many positions that are opening up, or to protect his own interests as a grower, than one who has had no training, or a training by guess. In four week's time we can prepare you to save this year more than double the cost of your learning, or to take a good position with unlimited opportunity. We have been asked, "How do you teach Cotton Classing so successfully?" Believing that the time has come when the South needs to know more about her leading product, when the farmer should know more about marketing the crop which he labors so earnestly to produce and which means meat and bread to his family, we have equipped our department so that the most efficient teaching possible may be done. Our teachers understand classing, stapling, buying and selling from a practical standpoint, and are expert in the training of students. The head of this department is constantly in touch with the Agricultural Department at Washington, D. C. an at Austin, Texas, from whom we get the Government types; besides these we purchase samples in quantity of three to four thousand. For full particulars, fill in and mail coupon for free catalogue.

CARD OF THANKS

Words can't express our love and gratitude to those who so faithfully stood by us and rendered deeds of kindness at the death of our dear little Leroy. The floral offering was received as token of love. The trip from San Antonio would have been unbearable with out those who came with us. Heavens bless you all is the sincere wish of David Goben and family. George Goben and wife. Vinie Hodges and daughter.

Let's Keep It Up

Since the rains we have had several days of fine weather, and right now is a mighty good time to plant the few remaining acres that are idle. Already an excellent start, towards a big feed crop, has been made, and the outlook is very gratifying.

The next feed season will soon roll around and all kinds of late feed crops for people, live stock and fowls should be planted, thus avoiding an expensive feed bill next year.

The tourists are coming in large numbers. They will want large quantities of milk, butter, eggs, chickens, fresh vegetables, etc., we can supply this demand and make good money by doing so. Don't wait until you have a call for something of this kind before you begin arranging to supply it. More and more tourists will come every year. The supply must keep pace with the demand.

Road construction is progressing rapidly and we will soon have an excellent means of transporting surplus produce to a market in the Cities, and excellent returns are in store for those who produce something to sell.

Kimble must become more of a producing and less of a consuming County. We must sell more than we buy.

We've started in that direction—LET'S KEEP IT UP.
