VOLUME XXXIII

CISCO, TEXAS, SUNDAY, APRIL 19, 1953

NUMBER 97

The Gay Philosopher

By J. W. S.

THERE'S NOTHING like a good cold norther to ruin straw hat day. A norther, accompanied by a high wind, struck Cisco at 11 p. m. Friday night and by morning the temperature was down to an even 40 degrees. Our thermometer registered 87 degrees Thursday afternoon when we went out the street and bought new straw hats. Didn't see many people wearing straw hats Saturday.

THE COLD WEATHER brought discussions of "do you suppose it will freeze?" Some of the old-timers tell us that along about 1937 a 3-day freezing spell hit and just about wrecked the farms and ranching country. Everything was green and the rigid blast even knocked the leaves from the mesquite trees.

RAIN AND WARM weather is what Mr. Rudolph Schaefer would like to see. His stock farm just south of Cisco has wheat once high that won't make any grain unless it rains soon. And his big watermelon patch must have moisture very soon to assure a crop. Mr. Schaefer tells us that the small lake that he built last year now has some 14 feet of water at the deepest point.

FOURTEEN RATTLESNAKES were killed at a farm home four miles south of Cisco on Friday, Mr. Schaefer tells us. Mr. and Mrs. Warren Denton and children live at the place and they had noticed that their small dog was going quite a lot of barking around the back door steps.

After a day or two, Mr. Denton moved the concrete door step and there was a 5-foot rattlesnake. He hit the snake with an axe and the blow cut the snake in half and caved in a hollow place in the ground. The hole was full of snakes and they started crawling. When he was finished, 14 rattlers were dead, including two 6-footers and 12 that were from 14 to 24 inches long. Two got away.

The little dog was kind of a hero to discover the snakes before they had a chance to come out, wouldn't you say?

THE BOYS OUT at the Joy Drive-In Theater are going to try something new in picture shows this week. They're going to show one of the new "3-D" pictures. You will have to have special glasses to see the film properly and same costs 10 cents. Everybody who has seen this type of picture says there's nothing like it.

MR. J. B. F. Wright, the composer, has written an essay on music for us. It will appear in The Press one day this week. . . . Milk prices have dropped a penny a quart hereabouts. . . . We are always forgetting to say "Photo by Osborn" under the fine pictures he makes for The Press. Shy Osborn shot the picture of the Arch Bints that appeared in the paper Friday. The Bints are being honored this Sunday at an open house on the occasion of their 50th wedding anniversary.

THE SPRING FLOWERS took a beating from the weather the last day or two before Saturday's Garden Club Flower Show. High winds were pretty hard on the iris. . . . Our scouts report that you can see a lot of pretty flowers at the home of Mrs. Dee Cobb, 200 West 8th Street, and at the home of Mrs. Ben Parker, 602 West 11th Street. . . . Mrs. Carl Lamb has some attractive iris at their home, 1608 Avenue H.

CISCO AND MR. Ray Judia got a nice writeup in the Pilot Point newspaper last week. Publisher M. L. Ustry and wife met some Big Spring friends here and they stayed at Lake Cisco Courts. In part, the publisher's report on his Cisco stay follows: "Occasionally one meets an unusually interesting person, as did this writer last weekend out near Cisco. His name is Ray Judia. His duties are several and his abilities seemingly unlimited. "He and Mrs. Judia operate the Lake Cisco Courts, owned and built by the city in the WPA days. The Judias sell minnows and rent (Turn to page four)

OVERSEAS COLLEGIATES—A college-type atmosphere pervades the area of USAFI classrooms on Oklawaha, as U. S. servicemen and women study a variety of courses. Left to right are: Cpl. Robert Springer, of Brooklyn; Pfc. Manie Turner, Keego Harbor, Mich.; Cpl. Barbara Crapo, Battle Creek, Mich., and Sgt. Richard C. Walz, of Quincy, Ill. (U. S. Army Photo)

Lone Star Gives Safety Awards To Area Workers

Lone Star Gas Company employees in the Cisco area have earned special recognition for safe driving and safe operations during 1952. The distribution district completed 10,816 man hours without accident during 1952, climaxing a six-year safety period for this group and earning another Accident Prevention Achievement award for their office wall.

L. J. Lambert, district manager, will receive the plaque for his group. He will also receive one of 18 safe driver awards to be presented employees in this area who averaged driving company cars more than 5,000 miles last year without accident.

J. M. Sauls and F. T. Grist of the distribution office have both driven without accident during the entire nine years in which the Lone Star safe driver awards program has been in operation.

Others with outstanding safe driver records are Pueblo gasoline plant men, L. M. Cawley and R. C. Crawford, both nine years; Arthur Green, seven years, and P. W. Harper, two years; pipe line employees E. L. Smith, B. B. Hitt and J. T. Mathews, all nine years; J. P. Howard, eight years; C. Brown, six years; S. L. Brewster, five; H. W. Brooks, three; T. J. Wharton, one; and Gas Measurement men F. D. Scott, seven years; J. O. Thompson, two years.

SENIOR CLASS PRESENTS ANNUAL SCHOOL PLAY ON FRIDAY NIGHT

"Who's Batty Now," a three-act comedy, will be presented by the Senior Class of Cisco High School in the school auditorium at 8 p. m. Friday. Tickets for the annual senior play were due to go on sale early this week.

The class publicity committee wrote the following article about the coming production: "In this sparkling new farce-comedy, you will have the pleasure of meeting the Hatters who are those mad, merry Hatters who are as lovable and laughable a family of eccentrics as you've ever come across.

"There's Nick Hatter, head of the family, who raises bats as a hobby and keeps them in the attic. You will follow, with shrieks of merriment, the hilarious courtship of Wilbur and Cynthia, two of the bats. There's Googie Hatter, the maiden aunt, who is a believer in Yogi.

"Then, there are the four Hatter children, all named after months of the year — January, who wants to be a magician; ten-year old March, who has memorized an encyclopedia; June, who believes criminals should be reformed instead of punished; and August, the only normal member

LOBO PLAYERS WORKING HARD IN SPRING TRAINING PRACTICE

A light team with little experience but a lot of hustle was in prospect for the Lobos next season, it appeared after the first week of spring football practice.

Coaches Jay Williams and Al Lankford spent the greater part of the first week teaching the boys their assignments in the split T formation. Scrimmage was on the menu at each drill. Fundamentals of blocking and

Meeting Called Monday Night To Discuss College

Matters of importance to Cisco Junior College and to the community will be discussed at a meeting called by college officials at 7 p. m. Monday in the community room of the First National Bank.

Every citizen of Cisco was invited to attend the meeting Monday night, and to have a part in the discussion. The future plans of the school will be outlined, and the prospects for making the school of greater value to the community will be outlined.

College officials were anxious to have as many interested citizens at the meetings as possible, and urged everyone to attend.

Senior Class Presents Annual School Play on Friday Night

"Who's Batty Now," a three-act comedy, will be presented by the Senior Class of Cisco High School in the school auditorium at 8 p. m. Friday. Tickets for the annual senior play were due to go on sale early this week.

FOR GOOD SERVICE on your Olds and Cadillac Osborne Motor Co. — Eastland

High School Choir Gets Good Rating In Area Contests

The Cisco High School Choir, under the direction of Jack Chambliss, receiving a rating of III in the regional contest held in Abilene Friday, March 17. Of the 25 organizations competing, three choirs were awarded the rating of I in concert performance. These were Abilene Mixed, Abilene Girls, and Sweetwater Mixed.

As in other Interscholastic League contests, the choirs are classified according to the enrollment of the school. Having about 260 students enrolled, Cisco is classified "AA". No mixed choir in this classification was graded better than III.

According to the judges' instructions, ratings were explained as follows: I, superior; II, excellent; III, good; IV, Average; and V, below average. Judges for the contest were: Dr. Travis Shelton, S. M. U., Dr. Ira Boles, Southwest Texas State College, and Dr. Hubert Kazynski, T. S. C. W.

Robert Clinton, vocal chairman for Region II, reported that, in an informal gathering of directors following the contest, the opinion was expressed that the judges, two of whom are new to Texas Interscholastic League competition, were unfamiliar with the classifications separating the choirs according to school size. From a study of the ratings listed below it appeared that all schools were competing on an equal basis with the AAAA schools (having enrollments from 1000 up) instead of schools their own size.

Ratings given were as follows: Abilene Mixed, AAAA, I; Abilene Girls, AAAA, I; Sweetwater Mixed, AAA, I; Abilene Boys, AAAA, II; San Angelo Mixed, AAAA, II; San Angelo Girls, AAAA, II; Brownwood Mixed, AAA, II; Brownwood Boys, AAA, II.

Cisco Mixed, AAA, III; Winters Mixed, AA, IV; Stephenville Mixed, AAA, III; Colorado City Girls, AA, II; Ballinger Girls, AA, III; Comanche Girls, AA, III.

Eastland Mixed, A, III; Albany Mixed, A, IV; Hamlin Mixed, A, III; Roby Mixed, A, IV; Dublin Mixed, A, IV; Dublin Girls, A, IV; Sonora Mixed, A, III; and Throckmorton Girls, B, II.

Boat Safety Is Urged By Agency

AUSTIN, April 18.—Recent boating tragedies prompted the Executive Secretary of the Game and Fish Commission to urge greater caution by fishermen and others using watercraft.

He cited the fact that seven persons perished in two aquatic accidents in one weekend, just as the summer outdoor season was beginning. Four drowned when a boat powered by an outboard motor was upset. Three men died when their launch burned and sank. Two others barely escaped a similar fate when their boat capsized.

"We are just beginning seasonal enjoyment of our unmatched fishing and boating assets," said the Executive Secretary. "It behooves us all to obtain the maximum pleasure but without losing sight of the dangers resulting from thoughtlessness and carelessness."

He said the increasing development of aquatic sports in Texas naturally heightens the hazards, particularly because boats propelled by modern motors often-times deceive the operators.

The Executive Secretary suggested that persons might well make a few exploratory runs with their new equipment before risking the lives of others going along as passengers. He counseled that persons unable to swim should always be equipped with life preservers.

Many boats, according to the Executive Secretary, are considered unsinkable but when burdened with heavy motors might not remain buoyant especially with boat occupants clinging to them. The recent near tragedy involving two fishermen was attributed in part to the fact that the motor was too big for the boat, both as to power and as to buoyancy when the craft upset.

He said most boating tragedies usually develop from some form of carelessness such as faulty maneuvering or overloading or from persons standing in the craft.

Foundation Campaign Workers Called To Meeting Wednesday

OIL NEWS . . .

BANKLINE FIELD GETS ANOTHER TEST; CLARK PROSPECT TESTING

The Bankline oil field, where drilling activities have been few in recent months, had a new project Saturday as E. M. Shirley of Eastland announced location for his No. 1 E. M. Throat. The pool is some six miles northeast of Cisco.

The Shirley test will be a 4,000 foot well 990 feet from the south and 330 feet from the west lines of Section 42, Block 4, H&TC Survey. The location is near production from the Lake Sand.

Activity in the new Mississippi lime pool, seven miles southeast of Cisco, includes the McElroy Ranch Company No. 1-D Wright. It was nearing production horizons. It was understood that an oil show was logged in a Strawn sand section at about 1,835 feet.

McElroy's No. 2 Wright has been abandoned as a dry hole in that area, it was reported. In the same general area, the Nelwyn Oil Company of Eastland plans to drill their No. 1 E. Freyschlag as a wildcard project. Location is 330 feet from the north and west lines of Section 22, Thomas Foster Survey. Plans call for a 3,400-foot test on a 240-acre lease.

In the Carbon area, the James H. Snowden et al No. 1 H. M. Gilbert has been plugged at 1,562 feet as a failure. Location is in Section 6, Block 2, H&TC Survey.

Six miles southwest of Carbon Louis Cohen of Abilene recently staked location to drill his No. 1 Rufus Beene as a 2,995-foot cable tool test. Location is 330 feet from the north and west lines of the J. M. Grigsby Survey. Southwest of Cisco, the KLB Drilling Company No. 1 Dr. F. E.

Little League Group Meeting Set Monday

A meeting of the Little League Baseball committee has been called for 7:30 p. m. Monday at the First National Bank. All members of the committee and team managers were urged to attend as important matters pertaining to getting the program underway will be discussed. The meeting will be held in the lobby of the bank since another meeting will be held in the community room at the same time.

CRUCIFIX LANDMARK—Two young boys stand before this 125-year-old crucifix in Mittenwald, Bavaria, and say their prayers. The historic German landmark is located in the midst of what are known as the Karwendels of the German Alps. Landmarks such as this crucifix are to be frequently found along the narrow, twisting roads that wind through the mountains.

Drive Completion Will Be Studied

All workers in the Cisco Foundation subscription campaign have been called to a meeting at 10 a. m. Wednesday at the First National Bank's community conference room, according to an announcement Saturday.

The Foundation leaders will canvass results of the campaign and seek to complete the project of raising \$100,000, the announcement said. More than \$70,000 has already been raised.

Chairman D. N. Morrison of the committee in charge of canvassing small firms and individuals reported that his group has had considerable success and should complete that phase of the drive in the next few days.

Purpose of the Foundation program is to create a \$100,000 fund for use in providing buildings for possible use by new payroll industries. The Foundation's charter provides that the corporation can erect buildings for rent or sale to new industries.

Foundation spokesmen have pointed out that "we are seeking through united effort to perfect a working organization that will benefit every business man and property owner through obtaining new industries for our community." The charter provides that the assets of the corporation will be managed by a board of directors and that none of the funds will be given away.

"Foundation stock pledges will not be called in until we have a definite commitment," the spokesman said. "We have everything to gain and nothing to lose in the Foundation program. If we obtain a new industry, the resulting payroll will benefit us all by creating new jobs. If we are unsuccessful in our search for a new payroll, we won't spend any of the funds pledged."

Foundation leaders were confident that the \$100,000 fund would be fully subscribed before the drive ends. All workers have been urged to attend Wednesday morning's meeting.

Hospital News

Dismissed from Graham Hospital recently were Mrs. F. C. Graham, Revis Gregg, Mrs. Sidney Spain and infant son, Mrs. Owen King and infant son, Mrs. C. M. Lilley, Mrs. John Reed, Donald Earl Mims, Mrs. J. L. Northcott and infant son, Mrs. Raymond Smith, Frank Whitten and Ben F. Roland, all of Cisco; Mrs. E. A. Whitesides of Sipe Springs and Sgt. Gerald Taylor of Asbury Park, New Jersey.

Patients at the hospital Saturday were L. U. Jones of Moran, W. B. Eason of Eastland, J. T. Lawrence, Sr., of Baird, Clyde Hogan of Albany and Mrs. Alvin Paul Wende of Cisco.

James V. Murphy Is Promoted To Sergeant

Mrs. W. L. Darr and Mrs. W. W. Shirley have received word that their nephew, James V. Murphy of El Centro, California, was recently promoted to the rank of Sergeant in the U. S. Army.

Sgt. Murphy enlisted in the Army in August of 1950. Following graduation from a specialized school at Aberdeen, Maryland, he served several months in Korea with the 703rd Ordinance Maintenance Co. He has been stationed at Fort Eustis, Virginia, for the past year and is in a Deisel repair shop.

W. E. Shelton, W. L. Shelton, Mr. and Mrs. Leon Kester, Mr. and Mrs. Billy Shelton of Fort Worth; Mrs. Harry L. Edwards, Houston; Mr. and Mrs. Robert Bell, San Marcos; Mr. and Mrs. James Shelton and Gerald Heron of Abilene; Burton Shelton, Odessa; James H. Shelton, Austin; Mr. and Mrs. C. C. Shelton, Mrs. Lilly Mae Yoder, Mrs. Bess Wilson, Kay Wilson and Marion Paschal of San Antonio and Mr. and Mrs. Layden Stroud, Mrs. Lucy Gray Spencer and M. C. Mancill of Dallas have returned to their homes after attending funeral services for Mrs. W. C. Shelton.

TOURISTS SPEND HUGE SUM FOR RECREATION TRAVEL IN TEXAS

A total of \$776,844,000 was spent on all types of recreational travel in Texas last year, D. C. Greer, State Highway Engineer, revealed in an address to the 27th annual convention of the East Texas Chamber of Commerce in College Station recently. This is nearly three times the total income from the cattle industry, Greer said.

Out-of-state tourists spent \$378,844,000 in the state of which \$333 million was spent by 8 1/2 million visitors who traveled by automobile. Greer reminded the Chamber of Commerce officials that tourism was "big business" in Texas, representing one of the larger industries in the state. However, he said that last year there were 8% fewer visitors who left 12% less money in our larders than in 1951. We know that 96% of the tourists in this coun-

try travel by personal conveyances. Therefore, the highway system is the very backbone of the recreational travel industry.

These millions of out-of-state vehicles, plus the 3 1/3 million registered in Texas, are fast breaking the back of our highway system. He continued that the economy of travel and the good roads found in Texas were a drawing card for tourists. Greer warned, however, that unless adequate funds were obtained from some source, Texas highways would no longer be an asset in attracting tourists. We are permitting the goose that lays the golden egg to be slowly strangled for lack of adequate revenues.

The total appropriations for the Highway Department is \$120 million a year, which is obtained largely from gasoline taxes and the sale of license plates. However, with the present distribution of the highway dollar, only about 50% of the road user's taxes finds its way into the highway fund. The highway dollar has shrunk until today it is worth only 44c, he added. Greer stated that Texas needs slightly over one and one-half billion dollars to completely renovate its highway system. This program would provide for Texans a modern, safe, and economical trans-

CITY OF CISCO

HAL LAVERY, Secretary

G. C. ROSENTHAL, Mayor

LEGAL WATER RESTRICTIONS ORDINANCE

AN ORDINANCE BY THE CITY OF CISCO, TEXAS, REGULATING AND RESTRICTING THE USE OF WATER WITHIN THE CITY OF CISCO: PROHIBITING THE USE OF WATER FOR THE WASHING OF BUSINESS AND RESIDENTIAL BUILDINGS; HOUSES, OUT-HOUSES, GARAGES, SHEDS, SIDE WALKS AND DRIVEWAYS; PROHIBITING THE USE OF WATER FOR WASHING AUTOMOBILES, TRUCKS, MOTORCYCLES, OR ANY MOTOR VEHICLE OF ANY TYPE; PROHIBITING THE USE OF WATER FOR WATERING ANY GROUND, LAWN, SHRUBS, FLOWERS OR TREE; PROHIBITING THE TAKING OF WATER FROM SOURCES OF CITY WATER SUPPLY; EXEMPTING USES OF WATER ONCE USED BY ANY LAWFUL PURPOSE; DECLARING AN EMERGENCY; AND PROVIDING EFFECTIVE DATE: PROVIDING FINE OF \$10.00 TO \$100.00 FOR VIOLATION.

WHEREAS, the source of water supply for the City of Cisco, Texas, is rapidly dwindling; and

WHEREAS, it is necessary to take conservation and preservation measures to protect the water supply now on hand in order that said water supply not be exhausted; and

WHEREAS, certain nonessential uses of water are rapidly exhausting the supply of water now on hand for the City of Cisco, Texas; and

WHEREAS, the water situation in Cisco, Texas, is deemed critical by the City Commission of said City, necessitating the curtailment of nonessential uses and the conservation of the water of said City;

BE IT ORDAINED BY THE CITY OF CISCO, TEXAS:

Section 1. Definitions — For the purpose of this ordinance and all purposes under this ordinance, the word "person" shall include both the singular and the plural, and shall mean and include any person, individual, firm, partnership, association, corporation, club, society, cooperative, trust, municipal corporation or political subdivision whatsoever.

Section 2. From and after this date it shall be unlawful for any person to use, suffer, cause, permit or allow to be used water drawn or flowing directly or indirectly from the water mains of the City of Cisco, Texas, for the purpose of washing down business and residential buildings, houses, out-houses, garages, sheds, sidewalks, and driveways in the City of Cisco, Texas.

Section 3. From and after this date it shall be unlawful for any person to use, suffer, cause, permit or allow to be used water drawn or flowing directly or indirectly from the water mains of the City of Cisco, Texas, for the purpose of washing automobiles, trucks, motor cycles, or any other motor vehicle or any type.

Section 4. From and after this date it shall be unlawful for any

person to use, suffer, cause, permit or allow to be used water drawn or flowing directly or indirectly from the water mains of the City of Cisco, Texas, for the purpose of watering any ground or lawn, shrub, flower or tree.

Section 5. Provided, that water from whatever source derived, once used for any lawful purpose, may be collected and spread or poured upon anything prohibited to be watered by this ordinance.

Section 6. From and after this date it shall be unlawful for any person to use, suffer, cause, permit or allow to be used water drawn or flowing directly or indirectly from the water mains of the City of Cisco, in any air conditioner or similar device for cooling the temperature of the air; provided, that such water may be used in refrigerators, cold boxes or storage rooms equipped with cooling towers, recirculating pumps or similar devices which return water after use through the cooling system of such refrigerators, cold boxes or storage rooms, for the purpose of preserving food, drugs, medicines and other perishable commodities necessary for the preservation of life and health.

Section 6A. From and after this date it shall be unlawful for any person to use, suffer, cause, permit or allow to be used water drawn or flowing directly or indirectly from the water mains of the City of Cisco for any purpose other than domestic, fire, health and sanitation uses.

Section 7. This ordinance shall become effective one day after its second publication, by caption, in the Cisco Daily Press — the official newspaper of the City of Cisco, Texas.

Section 8. Penalty — Any person violating any of the terms of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction of the violation thereof shall be fined not less than \$10.00 (Ten Dollars), nor more than One Hundred (\$100.00) Dollars, and each violation shall constitute a separate offense.

Introduced the 14th, day of April A. D., 1953; Passed first reading the 14th, day of April A. D., 1953.

Grasslands Best Source of Increased Food Supply

Improved grasslands produce more feed per acre at less cost than do fields planted to other crops.

Today, for the first time in history, we should be concerned about food, W. M. Myers of the University of Minnesota, has announced. We are not producing enough, especially of livestock products.

If we are to remain a meat-eating and milk drinking people, we must have greatly increased quantities of meat and milk. If the 200 million people we expect to have in another quarter century are to be fed well, we must have 25 per cent more food.

We must seek increased food and feed supplies through greater yields per acre. Grasslands provide the largest undeveloped potential for increased production. They provide pasture, hay, and silage, the best raw materials for the production of beef, dairy products, mutton and wool.

Pasture and hay now furnish over half the feed consumed by all livestock in the United States. And some classes get much more than half their feed from forage: Dairy cows 67%, beef cattle 75%, and sheep 90%. These percentages can be increased profitably. Dairy cows have been carried through successive lactations on forage alone, and have produced 8,000 to 9,000 pounds of milk annually, which is two-thirds more than the United States average.

In the South, beef steers are being fattened to "good" and "choice" grades on grass alone. Steers fattened on ryegrass win-

For the Men Who Succeed —

...and for those who will some day succeed them, our suggestion is that they invest part of their earnings in real estate. Wise investments in real properties have yielded fortunes to many people. And those who succeed in this venture never gamble on the title. They buy only quality abstracts made by those who have themselves invested wisely — in their plant — in their personnel — and in their responsibility to the public.

George Weatherby Is Honored On Birthday

George Weatherby celebrated his 87th birthday Friday at his home at 708 Bernie Street with a party. Mr. Weatherby, despite his age and the fact that he walks with a cane, has a beautiful garden which he works himself.

Those attending the celebration were Mrs. Mary Alexander, Mrs. Bertie Thackerson, Walter Agnew, Mrs. Henry Whatley, Mrs. J. T. Waddell, Sr., Mrs. J. W. Noble, Mrs. U. N. Whitener, Mr. and Mrs. Joe Whitehead and daughter, Mrs. Allen Burnam and daughter, Mrs. Maggie Whitehead and daughter, Mr. and Mrs. P. W. Weatherby and daughter, Mr. and Mrs. W. D. Hunt, Mr. and Mrs. Belton Whitehead, Mrs. Betty Maynard, and son, Mr. and Mrs. Jimmy Whitehead and son, Mr. and Mrs. L. C. Anderson, and Mrs. Ruth and Jonelle Whitehead.

Those sending gifts and best wishes were Mr. and Mrs. Joe Weatherby of Crane; Mr. and Mrs. Charles Weatherby, Breckenridge; Mrs. Gayle Nunnally and Gayla Sue, Breckenridge; Mr. and Mrs. G. W. Hunt, Mr. and Mrs. Cy Carmichael, Mr. and Mrs. Ben Williams, and Mr. and Mrs. Joe Bailey Hunt of Nimrod; Mrs. Harlin, Woodson; Mr. and Mrs. Lewis, Eastland; Mrs. Alta Drennon, Abilene; Mr. and Mrs. Jess Pugh, Caddo; and Ura and Acie of Breckenridge.

Former Ciscoan Will Wed In Duncan, Okla.

The engagement and approaching marriage of Miss Margaret Cone to Ebb H. Rosser was announced recently in Duncan, Oklahoma.

The wedding is scheduled for April 26 in the First Methodist Church in Duncan, Oklahoma, with the Rev. John Callon officiating.

Miss Cone is the daughter of the late Mr. and Mrs. R. A. Cone of Cisco, and Mrs. Mary E. Rosser of Duncan is the mother of the groom-to-be.

SOCIETY AND CLUBS AND NEWS OF INTEREST TO WOMEN

Marriage Plans Announced

MISS BETTY JOE GALLAGHER

Mrs. Joseph I. Gallagher has announced the engagement and approaching marriage of her daughter, Betty Joe, to Donald Ray Kent, son of Mr. and Mrs. M. L. Kent of Cisco.

The wedding is planned for June 2, at the First Baptist Church in Cisco. Miss Sally Gallagher will be her sister's maid of honor and Mrs. R. L. Latson of Cisco, sister of the groom-to-be, will serve as matron of honor. Bridesmaids will be Misses Cindy Gallagher and Mary Hill of Cisco and Miss Donna Bevis of Houston.

Miss Gallagher and Mr. Kent both attended North Texas State College where he received his degree in February. He is now stationed with the United States Marines in Quantico, Virginia.

Child Study Club Has Texas Day Program

A Texas Day program was presented at the regular meeting of the Child Study Club held Friday in the clubhouse with Mrs. Wanda Clinton as hostess.

Miss Marie Winston reviewed the book, "Stephanie." A short business session followed at which time Mrs. Elva Morrison was nominated president for next year and Mrs. Betty Odom nominated for Parliamentarian. Both were unanimously elected.

Refreshments were served at the close of the meeting to the following members and guests: Mesdames D. N. Morrison, A. D. Taylor, J. C. Fletcher, W. H. McAnally, Leak Lane, Harry Gurney, Wilson Smith, J. B. Sifton, Jack Pitzer, O. O. Odom, John Leveridge, Raby Miller, John Shertzer, Miss Louise Snoddy, Miss Marie Winston, and the hostess, Mrs. Clinton.

Word HD Club Holds Meeting On Thursday

The Word Home Demonstration Club met Thursday in the home of Mrs. J. E. Stansell for their regular meeting.

The meeting opened with the club prayer and pledge with Mrs. Jay Warren, president, presiding. The council report was given by Mrs. M. O. Smith after which a demonstration on the cleaning and care of the living room was given by Mrs. F. J. Harrelson. Miss Willie Word was in charge of the recreation.

Those attending the meeting were Mesdames Roy Fenley, F. J. Harrelson, M. O. Smith, J. D. Hall, Ernest Schaefer, Rudolph Schaefer, Jay Warren, W. C. Clements, Mrs. Dennington, Miss Willie Word, and the hostess, Mrs. Stansell.

OES Club Meets At Damron Home Monday

The monthly meeting of the Past Matrons and Patrons Club of the Order of Eastern Star was held Monday in the home of Mrs. Mattie Damron with Mrs. Laila Garrett as co-hostess.

The meeting was called to order by Mrs. Mattie Damron, vice president, and G. C. McGowen led in opening prayer. Routine business was transacted after which the group played games of canasta and "42."

Those attending were Mr. and Mrs. A. B. Clark, Mr. and Mrs. G. C. McGowen, Mrs. Tullios, Mrs. N. A. Brown, Mrs. Irene Britain, Mrs. Weaver, Mrs. A. E. McNeely, and the hostess, Mrs. Damron and Mrs. Garrett.

Hostesses for the next meeting will be Mrs. Ione Fewell and Mrs. Ruby Huffman.

Mr. and Mrs. Bill Carter of Levelland are the weekend guests of his brother and wife, Mr. and Mrs. Truly Carter.

Wesley Class Elects Officers At Meeting

The Keystone Class of the Wesley Methodist Church met for their regular business and social meeting Tuesday evening at the home of Rev. and Mrs. Bob Sanders.

Mrs. Pearl Carson presided over the short business session at which time the following officers were elected: president, Mrs. Charlotte Griffith; vice president, Mrs. Betty Sanders; secretary, treasurer, and sunshine chairman, Mrs. Allene Taylor and Mrs. Hope Stephens; publicity chairman, Mrs. Laverne Slatton; social committee, Maedina Meglasson, Lela Swartz, Wanda Honea, Yvonne Phagan, and Ann Scott. Secret pals were revealed and gifts exchanged.

Refreshments of cake and punch were served to Mesdames Joan Mosely, Cleo Rice, Bertha Park, Christine Brown, Agnes Miller, Pearl Carson, Arna Mae Campbell, Hope Stephens, Charlotte Griffith, Allene Taylor, Ann Scott, Maedina Meglasson, Yvonne Phagan, Dot Meglasson, Wanda Honea, Betty Sanders, Peggy Miller, Laverne Slatton, and ten children.

In every State of the 48... TRUCK USERS BUY MORE CHEVROLET TRUCKS than any other make!

**FIRST
IN DEMAND
MIN VALUE
MIN SALES**

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

MORE CHEVROLET TRUCKS IN USE
THAN ANY OTHER MAKE!

Recently published official registration figures for the last full year show that truck users in every single State bought more Chevrolets than any other make!

It is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion:

Chevrolet trucks must be better, must

enjoy solid advantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does—as owners of Chevrolet trucks can testify.

So before you buy any truck, see how much more Chevrolet trucks offer you. Stop in and see us soon. Continuation of standard equipment and trim illustrated is dependent on availability of material.

Come in and have your hearing tested without any obligation and tell him about your hearing troubles. ADV.

Vets Questions And Answers

Q — I am a disabled veteran taking training under Public Law 16. After I finish my course, will VA find me a job?

A — Under the law, VA's primary responsibility is to restore your ability to earn a living, in spite of your handicap. When you are ready, VA will refer you to a State or Federal employment agency which will help you find a job.

AT THE PALACE

RICHARD JAECKEL and TERRY MOORE in a provocative love scene from Paramount's "COME BACK, LITTLE SHEBA."

Q — I want to buy a house with a GI loan. Can you tell me why it's necessary to have the house appraised by VA?

A — The law requires that the purchase price of your house must not be more than the reasonable value, as determined by proper appraisal made by an appraiser designated by VA.

Q — I am a World War II veteran in training under the GI Bill, but I am now in a hospital with a broken leg. Even though the cut-off date has passed, will I be permitted to resume my studies after I get out of the hospital?

A — Yes. But you must resume your training within a reasonable time after your recovery from your injury. You should check with your VA regional office as soon as you can, to learn what would be considered a "reasonable time," in your case.

Q — Is it possible to pay National Service Life Insurance premiums on any other basis than every month? I find it quite a bother to make out a check each month.

A — Yes. Premiums may be paid annually, semi-annually or quarterly. In fact, it's cheaper that way. Your VA insurance office will be glad to supply all details.

IN MEMORY OF MRS. F. M. SHORT

"Oh, not in cruelty; not in wrath, The reaper came that day, T'was an angel visited the green earth, And took our flower away."

Mrs. F. M. Short was born in Franklin, County, Arkansas, March 8, 1875, died Nov. 3, 1952 at 5:15 a. m. at the home of a son, Z. M. Short of Abilene, Texas, making her stay on earth 76 years, 7 months and 26 days.

She was a sweet and lovable character, always ready and willing to do her part. Never was a day too dreary or dark for her to render some deed of kindness. She was devoted to her family. She was a member of the Missionary Baptist Church since early life.

Funeral services were held in the Baptist Church at Putnam, Texas, Nov. 5, 1952, conducted by Rev. Fugitt, Baptist minister from Baird, assisted by Rev. Grantz, pastor of the Baptist Church at Putnam. Interment was made in the Putnam Cemetery by the late F. M. Short.

She leaves to mourn her loss two daughters, Mrs. Burl Reed, Menard, Texas, and Mrs. L. C. Simpson, Cisco, Texas; two sons, O. T. Short, Andrews, Texas, and Z. M. Short, Abilene, Texas; one brother, C. D. Nichols, Ada, Oklahoma, 9 grandchildren, 9 great-grandchildren and a host of other relatives and friends. Among the dead our loved one sleeps, Her life was rounded true and well; And love in bitter sorrow weeps, About her dark and silent cell, So let her sleep that dreamless sleep, Our sorrow clustering around her head, Be comforted, ye loved ones who weep; She lives with God, She is not dead.

— Contributed.

lections of arrowheads. All of these Indian articles were found by Judia in the hill near Cisco. "While we were looking at the items in the den, Judia sits down at the piano and begins playing a pleasant melody. Our surprise that such a rugged outdoorsman possessed the ability to play the piano was heightened when he informed us that he sometimes played the saxophone in an orchestra."

Yep, that's our Mr. Judia.

Mrs. J. E. Coleman has returned from a few days visit in Gorman.
